After attending the Homecoming and dedication of the scoreboard in his honor, Larry MacPhail wrote M. B. Auten a letter praising Cass City and its people. Following are some excerpts from his letter.

"I am very glad I was born in Cass City. I don't know that I have ever visited a town with finer people or with a saner outlook on life. Just good American folks with a very friendly spirit and imbued with a great sense of hospitality.

"I think of Cass City as one of the most progressive small cities I have ever visited. .. . I couldn't help contrasting the faces of the people who were at the Recreation Field . . . and the people who might gather in many typical American cities for occasions of this sort. The people were intelligent, they

were genuine. .. "I am frank to say that the midwest atmosphere of Michigas, Tuspla County and Cas City is refreshing compared with sections of the country I have lived most of the years of my life. The philosophy of life is cleaner and better,

BUICK'S POWER STEERING? It's the big NEWS of the year

PHERE is a host of things that endear a ROADMASTER to anyone who loves to drive.

There's the might of its Fireball 8 Engine most powerful ever put in a Buick.

There's the thrift of its Airpower carburetor -a four-barrel automatic that literally brings increased power right out of thin air.

There's its hushed and luxurious silence - its poised and level ride that cost a million dollars to develop—and the infinite smoothness of its Dynaflow Drive.

But the thing that has brought the most cheers for this big and obedient beauty is Buick's version of Power Steering.*

Gone is the tug of turning, parking, maneuvering in small space.

Power Steering takes over the effort of turning the front wheels-makes it a one-hand operation.

Do you have to learn to drive all over again if you have this new Buick feature?

You definitely do not. On the open road, you have that same sure sense of command that you've always had. Coming out of a curve, you can loosen your grip, and the front wheels right themselves just as they do on every Buick.

But you'll notice this: When you suddenly hit loose dirt or sand-or a stretch of rough road-Power Steering smoothly goes into action helps take up the jerk - makes control of the wheel easier and driving safer.

Wouldn't you like to try out this newest wonder -on a ROADMASTER or a SUPER? You say the word, and we'll do the rest.

Equipment, accessories, trim and models are subject to change without notice. *Optional at extra cost on Roadmaster and Super only.

Skunks are absolutely fearless. They have been endowed with nature's most potent weapon. Perhaps that's the reason so many are killed on our highways.

We named our little guest "Flower." The children remembered the story of Bambi and his little scented companion. cats refused to recognize his presence. They still ignore him. Giving him a wide berth, would be a better choice of words.

Problems

When we went on our vacation, we took Flower along. He grew very rapidly and we knew that we were entering the dangerous stage. When we returned home, we set about trying to find a veterinarian who would make our pet acceptable to society. After many refusals, we finally succeeded.

with an ELECTRIC farm freezer

Mr. and Mrs. Desmond Walters farm about 90 acres in St. Clair County. They are general farmers with a milking herd of 12 cows. They also keep 200 to 500 laying hens, and raise 500 broilers a year.

The Walters keep their farm freezer packed with meats, fruits and vegetables, either home-grown or purchased. Mrs. Walters says she doesn't know how they would get along without it. She finds freezing easier than canning, and loves the convenience of always having tasty food at her finger tips.

You, too, can enjoy better meals and extra convenience the year round with a farm freezer. For full information see your Edison Home
