

## Special Service to Honor New Version of Holy Bible

Cass City's service in honor of the new authorized version of the Holy Bible at the Presbyterian Church, Tuesday, Sept. 30, at 8 p. m., will be one of more than 3,000 observances in the United States and Canada, announced Rev. Floyd W. Porter of the Methodist Church, general chairman of the event which is open to persons of all denominations.

The program will include reading a portion of the new revised standard version of the Bible, along with similar readings from some of the ancient languages and from the major English translations.

Five special copies of the new Bible will be presented to persons representing homes, church, government and other parts of our community life. Hymns of thanksgiving and dedication will be offered.

The major address, "The Word of Life in Living Language," will be given by the Rev. Dr. E. H. Longman of Flint, director of leadership training for Flint Council of Churches and a member of the staff of Flint Social Service Center.

The revised standard version of the Bible is the work of 32 of America's outstanding Bible scholars for the past 22 years. "It will be," Rev. Porter stated, "an event in the religious life of the English speaking peoples like the publication of the King James version in 1611."

The new version, intended for public and private worship and study, is authorized by the National Council of the Churches of Christ, representing more than 80% of the protestant churches of America.

It is based upon manuscripts much older and nearer to the original than the King James version.

Persons interested in joining the group are invited to attend the meeting.

## Republicans' Club To Meet in Caro

The Tuscola County Young Republicans' Club has slated a meeting to be held in the courtroom of the courthouse Tuesday, Sept. 30.

At the meeting, the purpose of the club will be explained and several speakers are scheduled to address the group.

Allison Green will tell of the percentage of persons who voted in the past four years; Senator A. P. Decker will show slides and discuss reapportionment; Art Dehmel will speak on county, state and national committee organizations, and Fred Mathews, county clerk, will explain voting procedure.

Persons interested in joining the group are invited to attend the meeting.

## Six Criminal Cases Listed in October Court Calendar

## Final Rites Today for John James Doerr

John James Doerr, 61, well-known Elkland Township farmer, died unexpectedly at his farm home Tuesday afternoon after suffering a heart attack.

Funeral services will be held today (Friday) at 2 p. m. at the Methodist Church where he was a member. The Rev. Floyd W. Porter will officiate and burial will be in Elkland Cemetery under the auspices of the Acme Masonic Lodge of Gagetown.

The body will be taken at noon Friday from the Douglas Funeral Home to the church.

Mr. Doerr was the son of the late Joseph and Alice Doerr. He was born April 16, 1891, in Grant Township. He married the former Hazel Wright May 22, 1913.

Surviving, besides his widow, are: Three daughters, Mrs. Kenneth Butler (Evelyn) of Cass City, Mrs. Lorena Lemke of Bay City, and Mrs. Lorelei Gwizdala of Bay City; three sons, Maynard of Berkley, Leslie of Pontiac and Donald at home; one sister, Mrs. Margaret Warrick of Homer; two brothers, Fred of Lakewood, Ohio, and Clayton of Dearborn, and 10 grandchildren.

**Big Party**

**Parsch's Store**  
will be open Thursday afternoons.—Adv. 1t.

## Fifteen to Leave For Army From Tuscola County

Fifteen men from Tuscola County have received their induction notices and are scheduled to report to the VFW hall in Caro at 6:30 a. m. Monday, Oct. 6, for entry into the armed forces.

Five Cass City men are among the men scheduled to report. They are: Joseph Windy, Robert Nowland, Thomas Hendrick, George Wald and Leroy Damm.

Other inductees include: Raymond Kazmerski, Vassar; Richard Werner, Mayville; Marvin Rich, Silverwood; Robert Cypher, Milington; Clayton Colosky, Vassar; Virgil Vandemark, Kingston; Edward Elberts, Jr., Reese; Bob Germain, Vassar; Robert Wood, Vassar, and William Klatt, Akron.

## Oatley, Campbell at Steering Committee Fall Meeting

Harold Oatley, assistant principal of the high school, and Willis Campbell, school superintendent, attended the first fall meeting of the Steering Committee for the East Central Association of College Agreement Schools in Flint Thursday, Sept. 18.

Oatley was appointed general chairman for the fall workshop of the association, scheduled for Nov. 7-8 at a camp near Lapeer.

From 20 to 100 school administrators and interested parents are expected to attend the overnight session.

The general theme for this year will be "What preparation (knowledge, skills, personality) does the high school graduate need for life?"

The East Central Association includes 28 high schools and three colleges. Its program is arranged by an elected steering committee, which, besides Oatley, includes Ben Leyrer, principal of Lansing Everett; Phil Vercoe, principal of Flint Central; Paul Briggs, principal of Bay City Central; Fred Totten, president of Flint Junior College; Clyde Vroman, admissions director at the University of Michigan; Herbert Stoutenburg, assistant registrar of Michigan State College; Clarence Carlson, principal at Sandusky, and administrators from several other high schools outside the Thumb.

It is hoped, Oatley and Campbell stated, that several teachers, school board members and parents can represent Cass City at the workshop.

**Liddicoat Speaks at First PTC Meeting**  
The Gagetown Parent-Teachers' Club held its first fall meeting in the Gagetown Public School Thursday, Sept. 18.

At the meeting, teachers reported school progress and said that enrollment in the school has reached 150 persons.

Joseph Liddicoat, county school commissioner, was the guest speaker of the evening. Besides his address, the program included a waltz lesson by Miss Marie Magyar of Bay City, prospective dancing teacher for the school.

Principal Charles Mayer announced that the canning bees staged for the benefit of the school lunches have been very successful and said that more bees will be scheduled when fruits and vegetables arrive.

The evening program was in charge of the officers of the PTA. The lunch committee for the first meeting included: Mrs. Arthur Fischer, Mrs. Lawrence Cummings and Mrs. Charles Mayer.

The next meeting will be held Thursday, Oct. 9.

**Home, School Council Meets Monday**  
The first meeting of the Home and School Council will be at the Cass City Public School Monday, Sept. 29, at 8 p. m.

The meeting has been set aside as a get-acquainted gathering and parents are urged to attend.

Mrs. Leone Shaw will be in charge.

**The Woman's Society**  
of Christian Service of Holbrook Methodist Church will sponsor chicken supper Oct. 2 from 6 p. m. until all are served, at Holbrook Community Hall, 5 east, 2 north of Cass City.—Adv. 9-19-2

**Church of Christ Ladies' Aid**  
will hold monthly meeting and dinner at Mrs. Hugh Connolly's, south and west of town, Wednesday, Oct. 1.

## Claseman, Raymond Speak at Gavel Club

Athletic Director Irv Claseman and football coach Jerry Raymond were guest speakers at the Cass City Gavel Club Tuesday evening.

Introduced by program director Dr. B. H. Starmann, Mr. Claseman told members of the club about the athletic policy of the school. He explained that teams were started when in the seventh grade so that there would be a never ending supply of experienced talent flowing to the high school at all times.

He pointed out that it was essential to have cooperation between players and coaches and coaches and school and the support of the student body to make a program successful.

Mr. Raymond explained the split T offense and showed movies of a half of the football game between Michigan Normal and Western State last year.

Prior to the addresses, President Jack Esau presented a gavel to Dr. B. H. Starmann, the award that annually goes to the retiring club president.

After the meeting, 10 members of the club worked on the Christmas decorations for the village.

**Civil Defense Lags In Cass City Due To Lack of Help**  
R. M. Hunter, director of civil defense in Cass City, reports that little interest has been shown in the program in the village.

After an extensive conversation with the state coordinator Tuesday, Mr. Hunter announced that it would be necessary to have a nucleus of eight persons to act as chief spotters and observers.

To make the work function will require the aid of an estimated 150 persons who are willing to work two hours a week spotting planes and calling them into the central office at Grand Rapids.

Mr. Hunter pointed out that a station is vital here—the radar screen at Port Austin is unable to detect planes that fly below 5,000 feet. A fast plane is able to be over Detroit in less than 10 minutes after passing Cass City.

Interested persons are asked to contact Mr. Hunter at the Western Auto Store in Cass City.

**Two Local Women Attend District Farm Bureau Meeting**  
Mrs. Edward Golding and Mrs. Clare Carpenter represented the Elkland Farm Bureau Sept. 19-20 at the Sixth District Farm Bureau Women's Camp held at Skinner Lake at Lapeer.

The program, "Keeping Our American Heritage," started with noon lunch with Mrs. Wesley Mahaffy, Marlette, as district chairman.

Speakers included Mrs. Bernice Woodbeck from the Detroit Public Health Department and Harold Webster, director of the Michigan Society of Mental Health, Mrs. Marjorie Karkar, Lansing, state director of Farm Bureau women, spoke on the Farm Bureau women's program for the coming year.

Mr. Eldon Smith of Caro, sixth district representative, spoke on "Our District."

Ninety-three Farm Bureau women from the Sixth District attended the camp from Huron, Sanilac, Lapeer, St. Clair and Tuscola counties.

**Elect New Officers At Evergreen Farm Bureau Meeting**  
Twenty-two members were present for the September meeting of the Evergreen Farm Bureau held at the home of G. M. Davis.

At the meeting, the annual election of officers was held. Harold Fallot was elected discussion leader and Lynn Spencer, assistant discussion leader.

Other officers elected included: Bruce Kritzman, action committee; Elwyn McNaughton, chairman; Milford Robinson, vice-chairman; Mrs. Arlington Gray, secretary; Mrs. Elwyn McNaughton, Blue Cross, and Arlington Gray, roll call captain.

Also elected were: Mrs. Wilford Robinson, member of county women's committee; Marie Meredith, recreation leader; Mrs. Fred Emigh, publicity chairman, and song leader, Mrs. Lloyd Bader.

Discussion at the meeting was led by Harold Fallot and a lunch was served. The next meeting will be at the Bruce Kritzman home.

## Wolcott Claims Socialism Creeping Into Government

Jesse P. Wolcott, United States representative from the seventh district, told members of the Rotary and Gavel Clubs of Cass City that the most important issue before the American people in the coming election was whether or not the voters are going to allow socialism to take over control of the government.

Speaking at the New Gordon Hotel Tuesday noon, Rep. Wolcott went on to point out how the government was creeping towards socialism—and eventually dictatorship.

He said that no government was ever able to preserve itself when the tax load reached 35 per cent of the earnings of the people and pointed out that the tax load the American people are carrying now amounts to 33 per cent.

Rep. Wolcott, Republican, following the battle cry of most Republican candidates, said that Phil Murray, labor leader, has more power than the president of the United States and that the present studied policy of the government is creating inflation.

In the business meeting preceding the speech, the Rotary Club heard R. M. Hunter tell of plans to take the boy scouts to a football game at Central Michigan College of Education at Mt. Pleasant.

**First Meeting**  
The Huron-Tuscola Holiness Association will hold its first meeting of the season Friday, October 3, at the Pigeon Evangelical United Brethren Church. Services are at 10:30 a. m. and 2:00 p. m. The Rev. George Stoddard will be the speaker and Mr. and Mrs. Laurence Cox will provide special music.

The Rev. Stoddard is pastor of the Wesleyan Methodist Church of Bay City and president of the Association of Evangelicals of that city. Mr. and Mrs. Cox are from the Cass City Church of the Nazarene.

**Coming Auctions**  
Three farm auctions are listed in the Chronicle this week.

The first is scheduled for Saturday, Sept. 27, at the farm of E. J. Anderson, four miles south and three miles west of Marlette. It will include cattle, machinery, poultry and household goods.

On Thursday, Oct. 2, Wm. Jos. Wnuk will hold a sale of cattle, equipment and feed at his farm, two miles east and two and three-quarter miles north of Kingston.

On Saturday, Oct. 4, Norman Crawford will hold a sale on his farm, six miles south, two miles east and 40 rods north of Cass City. The sale includes cattle, machinery and feed.

**Girl Scout Leaders Plan for New Year**  
Members of the girl scout troop committee, leaders and representatives from each sponsoring organization gathered at the home of Mrs. B. H. Starmann Wednesday afternoon, Sept. 17, to reorganize for the new scout year.

Mrs. Ralph Youngs, Mrs. B. F. Benkelman, Jr., and Mrs. Bernard Ross, members of the nominating committee, will present a slate of officers to serve for the coming year.

Authorities expect six or seven groups of girl scouts this year. Leading the groups will be leaders from last year. Among them are Mrs. Arnold Copeland and Mrs. Don McLachlan. Miss Alma Popp will serve as an assistant leader.

Two new leaders have been added to the staff. They are Mrs. Ted Musser and Mrs. Kermit Hartwick.

In connection with the program, all Brownie scouts are asked to register at the girl scout rooms Tuesday, Sept. 30, after school.

**Two From Decker Injured in Accident**  
Two Decker residents were injured Tuesday when their car skidded into the ditch near Marlette on M-52.

Alex Tezar, 67, the driver of the car, suffered a broken shoulder and Mrs. Mary Tezar suffered bruises and abrasions.

The pair was treated in the Cass City Hospital.

Mr. Tezar said he lost control of his car on the wet pavement.

**Bake Sale**  
Saturday, October 4, at Boag and Churchill's, 1:00 p. m. Lutheran Ladies' Aid.—Adv. 9-26-2

## Hawks Swamp Elkton 45-0; Meet Bad Axe Here Friday

### Local Church Slates First Family Night

A potluck supper and a sound movie commemorating the sesquicentennial of the Presbyterian Board of National Missions will be the features of the opening family night program at the Presbyterian Church Thursday evening, Oct. 2, Rev. Melvin R. Vender announced this week.

The supper will start at 7:15 p. m. and persons attending have been asked to bring their own table service.

A brief business item will be acted upon at a corporation meeting at 8 p. m. and the feature movie will follow, Rev. Vender said.

## Local Boy Scouts Choose Leaders for New Program Year

Boy Scouts of troop 194 have chosen their leaders for the new program year that started with the opening of school in Cass City.

First in the troop will be Dick Hanby, senior patrol leader. Besides the senior patrol leader, other leaders have been named in the troop. The Panthers elected Jack Perry leader of their patrol. He will be assisted by Don Root. The Wolf Patrol selected Edward Freeman and Billy Freeman as leader and assistant and the Beavers named Jerry Perry, leader, with Tom Hullen helping. The Arrow Patrol chose Ron Fleener leader, with Brent Connell assisting.

Douglas Gingrich will serve the troop as scribe. Other troop officers are: Stuart Little, quartermaster, and Fred Tyo, troop bugler.

The troop invested three new members with Tenderfoot rank in September. Honors were conferred on Michael Fritz, Glen Guilds, Jr., and Jimmy Hutchinson.

Saturday and Sunday, Sept. 27-28, a group of the boys will camp at Caro as part of the Tuscola district fall camporee. They will sleep in tents, prepare their own meals and practice other outdoor skills.

The troop has 30 active members and eight candidates were at the last meeting.

In addition, plans are being studied for a special program for the older boy members, called Explorers.

The troop is guided by a troop committee chosen by the Cass City Rotary Club, which sponsors scouting in Cass City. Ray Fleener is chairman of the committee, Fred B. Auten, treasurer, with Robert M. Hunter, George Clara and A. E. Hanna. Harold Oatley is beginning his tenth year as scoutmaster. Keith McConkey, G. S. Albee, James R. Champion and Daniel De-

### The Cass City Red Hawks served notice to the rest of the teams in the newly formed Thumb "B" Conference that they would be one of the eleven to be reckoned with when the championship of the new loop is decided this year. In their first game of the season and their first trial under the direction of football coach Jerry Raymond and Athletic Director Irv Claseman, the Hawks pulverized Elkton 45-0.

Although Cass City won easily, in the first quarter they failed to look like a team with possible championship aspirations.

They scored only once in the quarter and their offense failed to function well enough to put on a concentrated scoring drive.

The Hawks' lone first period marker came on an Elkton fumble on the opening kickoff. Russ Foy recovered behind Elkton's goal line for the score. Bob Wallace plunged over the line for the extra point.

After that touchdown, neither team could put forth a concentrated drive as penalties slowed the contest until the end of the period.

In the second quarter, the Hawks found themselves and started pushing outclassed Elkton all over the field.

They scored twice on two drives that carried half the length of the field.

Bob Wallace tallied the first score of the period with a 15-yard jaunt on a nifty reverse play. In the sprint for the goal, Stan Beach went 19 yards and Wallace picked up the rest of the yardage to pay dirt.

The next scoring drive started at mid-field. Tearing off huge hunks of yardage on nearly every play, Cass City moved to the Elkton 21 from where Beach galloped over for the six points. The score at half-time was 20-0 and Elkton was a defeated team.

In the third period, Stan Guinther, little seat halfback for Cass City, went 40 yards on a reverse for the fourth Hawk marker. The drive started on the Cass City 20-yard line. Beach and Wallace ate up most of the distance to the Elkton 40 to set up the scoring play.

The second touchdown came in the third quarter covered just 36 yards. Wallace plunged over from the two for the score.

When Graydon Agar kicked the extra point, Cass City was in the lead 33-0.

It appears as if Cass City has a strong bench this year. Dean Hoag, Concluded on page 12.

### Gardening Discussed At WSC Meeting

The second meeting of the Woman's Study Club of Cass City was held at the home of Mrs. Fred Maier, Tuesday afternoon.

Mrs. Dorus Benkelman and Mrs. Raymond McCullough spoke to the group about fall gardening technique. They explained which bulbs and seeds should be sown and discussed transplanting.

Two new members have joined the club. They are Mrs. Lawrence Roberts and Mrs. Harold Perry.

## Students Choose Home Room Officers for New School Year

At Cass City High School the basic unit for administration and guidance is the home room. Two parallel sets of home rooms are provided, one serving grades seven through nine, the other, grades ten through twelve. Of the fifteen home rooms now existing, eight are made up of the older students and seven, the younger ones.

Three years of residence in one home room gives the student a chance to know a small group of fellow students very well and also affords the teacher an opportunity to learn more about the student than the casual contacts of classroom work will allow. It is through the home rooms, too, that the students have their most direct representation in the student council. Student personnel records are secured and filed in the home rooms. Twenty minutes of each day, and occasionally more when activities require it, are set aside for the home room program.

Officers recently elected to serve the home rooms for this year, as well as the home room teachers, are given below:

**Grades 7-9**  
**Home Room 22, Miss Helen Yaeger**  
President, Sharon Ackerman; vice-president, Janice Bartle; secretary, Connie Bartle; treasurer, Caren Cummings.

**Home Room 30a, Mrs. Alex Tyo**  
President, Eugene Finkbeiner; vice-president, Jerry Downing; secretary, Dick Dillman; treasurer, John Donahue.

**Home Room 39, Mr. Harold Oatley**  
President, Ann Marie Hutchinson; vice-president, Charles Guinther; secretary, Dick Hanby; treasurer, Bob Hunter.

**Home Room 30**  
**Mr. Jerry Raymond**  
President, Gaynell Kendall; vice-president, Marjorie Kelley; secretary, Colleen MacNamara; treasurer, Beverly McComb.

**Home Room 32, Miss Beverly Myas**  
President, Jean Martin; vice-president, Doris Matthews; secretary-treasurer, Carol O'Neil.

**Home Room 36, Miss Thelma Hunt**  
President, Don Root; vice-president, Jerry Perry; secretary, Mary Shaw; treasurer, Jack Perry.

**Home Room 31**  
**Mr. Raymond Whalin**  
President, Fred Tyo; vice-president, Janice Youngs; secretary, Tom Tyo; treasurer, Wayne Whitaker.

**Grades 10-12**  
**Home Room 34**  
**Mr. Dave Ackerman**  
President, Audrey Behr; vice-president, Gerald Auten; secretary, Mary Ellen Baker; treasurer, Florence Butler.

**Home Room 16, Miss Jane Safford**  
President, Jack Connell; vice-president, Clinton Eeckilsen; secretary, Joan Copeland; treasurer, Wilda Copeland.

**Home Room 33**  
**Mr. Frank Weatherhead**  
President, Stanley Guinther; vice-president, Dean Hoag; secretary, Concluded on page 12.

## From the Editor's Corner

I am sure that the soldiers in Korea who receive the magazines the persons in the Cass City area are sending them will give a vote of thanks to the community.

In response to a request made last week, the Chronicle was flooded with magazines, books and pocket books of all kinds and description. We estimate that 500 different pieces of reading material will find its way to Korea.

We failed to record the names of the donors as they came in, but we have on hand western stories, mysteries, romances, Lifes, Looks, Saturday Evening Posts, farm magazines and nearly all of the popular digest magazines. One person brought in Reader's Digest saved for 10 years.

The importance of voting, regardless of your political affiliation, was brought sharply to our attention by Charles M. Potter, Republican nominee for United States senator, when he visited here Friday.

He said that he planned on losing Wayne County by 200,000 votes and said that he expects to make up the margin out state—if the voters turn out at the polls. So your vote here, either for or against, may be one of the deciding factors in the race.

However, you can't voice your opinion at the polls unless you have registered. You have until Oct. 6 to sign with the clerk in the township you live in.

We add our congratulations to Mr. and Mrs. Donald Buchanan, who are the proud parents of twin boys born at Pleasant Home Hospital. Mrs. Buchanan is expected to receive a host of gifts for giving birth to the twins. We'll have a picture of the babies, together with their mother, in next week's edition, along with details of the story.

Proper Minerals for Fall Brood Sows

Minerals are needed by fall brood sows, reminds Alfred P. Ballweg, county agricultural agent. Calcium and phosphorus needed for unborn pigs' cause poor bone structure in sows if not replaced by mineral feeding, he explains. Iodine lack causes many abortions, stillborn pigs and hairless pigs in Michigan, report Michigan State College swine specialists. The agricultural agent recommends a mixture of two parts steamed bone meal, two parts finely ground limestone and one part iodized salt to protect sows and litters.

## Down Memory Lane

FROM THE FILES OF THE CHRONICLE

**Five Years Ago.**  
Mr. and Mrs. C. L. Stoner of Novesta Township will celebrate their golden wedding Sunday, Sept. 28, with open house at the home of Mrs. Stoner's cousin, Mrs. Mary Holcomb, in Cass City.

Clayton R. Kendall, 24, of Greenleaf Township was instantly killed Sunday, when the car he was driving rolled over on a curve near Bay Port. John Schwartz, 21, of Gagetown, a passenger, suffered injuries.

Lester Battel had the misfortune to have a foot badly crushed when it was caught between a tractor and attached corn loader.

Cass City won the first game played on the town's new lighted diamond last Thursday night, defeating Elkton, 8-7.

The following are planning auction sales in the near future: Harold Chard, Ray Franklin, Keith Russell, John E. Hicks, Willard Spencer, Leonard Prowse and John B. Nowak.

**Ten Years Ago.**  
Angus MacPhail, funeral director in Cass City for 22 years, died at his home here Saturday, September 19.

Christian Schwaderer, 88, retired cattle buyer and meat dealer of Cass City, died Sunday, Sept. 20, at his home in Cass City.

George McArthur, first rural mail carrier out of Deford in 1903, died at his home near Deford Sept. 17.

Miss Pauline Livingston, recently became the bride of Lieutenant Robert M. Joiner.

The Republicans of Tuscola County chose 14 delegates who will go to State Convention and Audley Rawson of Cass City heads the group.

Advanced first aid courses will be started in Unionville, Caro, Vassar and Cass City. Dr. B. H. Starman will conduct the classes in the Cass City area.

**Twenty-five Years Ago.**  
Rev. Ira W. Cargo, who has served as minister of the M. E. Church at Cass City for five years, has been appointed pastor of the Fenton M. E. Church and Rev. Geo. Hill, who has been at North Branch for seven years, will suc-

ceed Mr. Cargo at Cass City. The Cass City State Bank has done some remodeling in order to give more space and two desks for customers' use and a bank counter with five wickets will be placed in the bank within a month. Edwin R. Andrews, Greenleaf Township, was fatally injured Saturday when he was forced against a fence post while leading a team down a steep barn bridge with a heavy load of hay. Nearly 200 neighbors and friends gathered at the home of Mr. and Mrs. O. E. Niles Sunday, Sept. 8, to help them celebrate their golden wedding.

**Thirty-five Years Ago.**  
Field demonstrations of seed corn selections will be given at the C. J. Striffler farm and at the Dorr Perry farm on Tuesday, October 2, under the direction of County Agricultural Agent A. MacVittie.

George Kitchen of Novesta had his legs badly injured while standing in front of a mower when the horses became frightened and drew the center bar on his legs.

One hundred young men will leave Caro for Camp Custer Friday instead of Wednesday as had been planned.

Governor Albert E. Sleeper, while visiting Cass City Tuesday afternoon, made a hurried inspection of the Hires Condensed Milk Co.'s plant and expressed the opinion that it was the finest and most up-to-date plant of its kind that he had ever visited.

Funeral services were held Tuesday for Clark Maharg who died Sept. 23. Rev. E. L. Morrison of Saginaw officiated, assisted by W. C. Helmbold of Gagetown.

The herd consists of six artificially-bred daughters. They have completed 10 lactations in the past two years and have averaged 14,581 pounds of milk and 512 pounds of fat.

**Flowers**  
Flowers form the inspiration for many of the casual full-skirted cottons for warm weather. The shades are delicate and are further accented with a touch of velvet at the waist.

## Make Use of DHIA Records for Profit

Many farmers aren't making full use of the profit-making opportunities provided by dairy herd improvement association records. There are three methods of improving the efficiency of Michigan dairy herds through information provided in DHIA records, says George E. Parsons, Michigan State College extension dairy specialist.

For one thing, DHIA records provide a reliable record from which a dairyman can retain or cull animals from his herd. "There are two kinds of cows," Parsons explains, "those which keep the dairyman and those which the dairyman keeps." These records will help put the non-profitable animals in the slaughter house

where they belong.

The DHIA records also provide a basis for a sensible feeding program. In addition, the yearly records provide the basis for a sound breeding program. This third value of DHIA records is a big one.

Parsons explains that by reporting all of the lactation records, a proof will be assembled and reported on the herd sire. To further make use of these records, the dairyman should refer to the back section of the DHIA book for instructions on how to make a herd analysis.

A herd analysis will show in an easy-to-read graphic form what has been happening in the herd during the years while it was on test, Parsons says it will show certain families of cows within the herd which have been consistently good. From such a family you will want to save heifer and bull calves.

### FITTING CLIMAX

When Lord Halifax was a young man, he traveled one day from London to Bath, seated between two sober-faced spinners. No one spoke during the long journey.

Just before reaching Bath the train entered a tunnel and young Halifax put the back of his hand to his lips and made loud kissing noises. As the train emerged into daylight he looked from one to the other of the startled old ladies, rose, tipped his hat and said with a mischievous twinkle, "To which of you two charming ladies am I indebted for that most delightful interlude?"

Then he stepped out, leaving the two oldsters glaring suspiciously at each other.

### WHAT ABOUT CALF PARASITES?

Q: Are parasites a very serious problem in young calves?

A: Yes. They are considerably more of a problem in calves than in older animals.

Q: Which internal parasites cause the most trouble?

A: Nodular or stomach worms, coccidia, threadworm, lungworms, and hookworms.

Q: How can owners tell if calves have such parasites?

A: The calves look unthrifty in spite of good rations. Scouring, anemia and loss of weight are other symptoms.

Q: What can farmers do to protect young stock against internal parasites?

A: The main steps are: Drain or fence off low wet areas, where parasites are commonly found. Provide clean, fresh drinking water. Avoid overstocking pastures. Practice pasture rotation to break the life cycle of parasites. Keep young animals away from older stock and contaminated pastures. Follow sanitation and good feeding practices.

Q: Is there any medical treatment?

A: Yes, but it depends on the type of infestation and the condition of the affected animals. A veterinarian can best advise what to do.

Q: What external parasites affect young calves?

A: Insects such as mites, ticks, flies, lice and fleas all give trouble. They can best be controlled by cleaning up and treating infested premises, and by using proper insecticides on the animals.

### WHAT ABOUT RABIES?

Q: How is rabies spread?

A: It is spread by the bite of an animal that has the disease. It can also be spread if saliva from a rabies victim comes in contact with open scratches or with surface of the eye. Rabid dogs are the most common sources of infection.

Q: Is this disease dangerous to both human beings and animals?

A: Yes. It can kill people, as well as any type of animal. Wolves, foxes, coyotes, squirrels and skunks are spreaders of the disease in some areas.

Q: Is rabies fatal?

A: Yes, it is one of the most dreaded of all diseases. However, it can generally be prevented by protective vaccination.

Q: How successful is vaccination?

A: Very dependable. Authorities now recommend this control program: All dogs in an area should be vaccinated. Stray dogs should be impounded. Any dogs being shipped from one area to another should be required to have a rabies vaccination certificate. This plan has brought rabies under effective control in many communities.

Q: How does one recognize rabies?

A: Suspect rabies when dogs or livestock behave abnormally. Generally animals become nervous and irritable. Dogs may have dumb rabies, in which their jaws are paralyzed and their mouths hang open; or the furious type where they want to bite anything within reach.

Q: If rabies is suspected, what should one do?

A: Contact a veterinarian immediately. Confine any suspect dog or farm animal. Do not kill the animal. If a person is bitten, call a physician immediately.

## Soil Bulletin Free To County Farmers

Anyone seeking information on soil types anywhere in Michigan will be interested in an announcement just received from Michigan State College by Alfred P. Ballweg, county agricultural agent.

The bulletin, "Agricultural Land Classification and Land Types in Michigan," has now been placed on the free list by the Michigan Agricultural Experiment Station. The bulletin, which includes a map showing land divided into four value categories, also has tables of soil types, with descriptions and values.

The bulletin was prepared by J. O. Veatch, soil scientist and professor emeritus of the college. Demand for the original supply was exhaustive and the bulletin was revised and reissued.

The bulletin has proved of value to farmers, land use planners, real estate developers and others.

A copy may be obtained at the county agricultural agent's office or by writing to the Bulletin Office, Department of Information Services, Michigan State College, East Lansing.

many votes in the 1952 primaries as they did in the last presidential year, '48.

But at least one observer, isn't handing out any laurels for that record.

He's closely identified with a major political party and so he doesn't want to be named. In this close-fought campaign, one observation such as this might lose the race.

Governor Stevenson's remark about "the mess in Washington" has certainly been thrown back at him enough and Eisenhower was quick to seize upon the levity with which the Illinois governor spoke of Korea in an unguarded moment.

So this political expert stays anonymous—but not silent.

"Everybody is getting all excited because 58% of the registered voters went to the polls.

"But they completely overlooked the fact that only 81% of our eligibles in Michigan are even registered. Take 58% of 81% and you get a measly total of people above 21 who exercised their privilege—and duty—of the ballot. "And to that the fact that an awfully lot of the primary voters were practically hog-tied and dragged to the polls by service clubs and civic organizations that have 'Get Out The Vote' campaigns.

"Put them all together and you get a picture of a state that doesn't care a whooping darn about the most crucial election we've had in a generation. I say crucial and I don't care what party you lean toward."

In 1948, the total votes in the gubernatorial primary, in both parties, was 715,894. In August this year, there were 1,436,675 votes cast on the Republican ballot where competition was keen and on the Democratic one where Governor Williams was doing a solo act.

The same increase held in the senatorial primary. In '48 the total was 637,576 and in '52 it rose to 1,340,858.

The upswing this year isn't due entirely—or even in greater part—to a population growth. Something has kindled a fire in the voters. Whether it's the fresh personalities on the national scene, the issues of corruption that have aroused citizens in both parties, or the reawakening of public interest due to campaigns staged by Michigan newspapers, great and small, to get people to the polls, no one can say with finality.

One thing is sure. Not only Michigan but the whole nation can well better their previous records.

In 1940, two out of three persons of voting age went to the polls. Four years ago, barely one out of two voted. While, from '40 to '48, over 14 million more people became eligible to vote, the number of votes actually cast decreased by more than 3 million.

Only 16% of the total population elected Harry Truman president. Whether his election was good or bad depends, of course, on the political affiliation of the assayer. But no patriotic American, Demo-

crat or Republican, will be happy all records come November, it won't be for a lack of the wooing. Campaign plans on both sides of the fence call for the most concerted onslaught on the electorate in history.

Michigan is a key state in both national campaigns and neither the GOP nor the Democrats can count it in the bag. That's why both Ike and Adlai have, and will, make major speeches here.

The Moody-Potter senatorial campaign will be watched closely by the whole nation. That result may play a dominant part in the makeup of the new Congress.

Potter's scorching attacks on Communism may be another indication of just how much the American public is aroused and alarmed by Red infiltration. Many Michigan observers believe that Sen. McCarthy's victory in Wisconsin was less an endorsement of his methods than approval of his vigor in fighting domestic Communism.

Potter is playing that theme for all it's worth.

One Congressional election will have more of an effect on Michigan than it customarily does. That's the one in the Eleventh District, bordering the Straits.

Potter left its Congressional seat to seek a place in the Senate. In the Republican primary, Victor A. Knox of the Soo was chosen to carry the GOP standard and is expected to be a shoe-in come November.

That leaves Knox's old job of Speaker of the House vacant. Who succeeds him will have a big bearing on Michigan's internal affairs.

The shutdown of Great Lakes freighter runs during the steel strike should cause no coal shortage in Michigan this winter.

The idled ships were those that hauled ore down from Lake Superior and carried coal back up on their return. Most of their loads are dumped in the Duluth area for trans-shipment westward.

Michigan gets its coal in the main from Toledo and only a very slight deficit resulted from the steel strike—well under 200,000 tons.

Of course, John L. Lewis can change the picture in the flick of one of his king-size eyebrows. A coal strike—possibly to regain personal political power Lewis has lost—would play hob with more than Michigan.

Michigan lost one popular insurance policy against John L.'s whims.

The last working mine in Saginaw County—and in the whole Central Michigan area—closed this summer at St. Charles. Owned co-operatively by the men who worked it, the mine was granted special dispensation by Lewis to stay open during strikes.

Many a Saginaw Valley home stayed warm during mine shutdowns, thanks to the St. Charles mine.

Today not even a tippie remains to mark the last stronghold of the once-mighty coal mining industry of Lower Michigan.

## Fall Pig Pointers Given to Farmers

Giving fall pigs a good start before weaning and before cold winter weather sets in is very important, according to H. F. Moxley, Michigan State College animal husbandman.

When possible, late summer and early fall pigs should be farrowed on clean pasture. Every precaution should be practiced to keep their quarters clean and the pigs should be kept off grounds where other hogs have run. Otherwise small pigs are most susceptible to heavy infestation of round worms.

Creep feeding should be started at about three weeks of age to hasten their growth. Supplements or feeds fortified with antibiotics usually increase the rapidity of growth and rate of gain. The weaning weight of the pig has the most important bearing on his ability to go ahead after weaning, Moxley points out.

## LET'S TALK IT OVER

Ed Vallender - Farm Director  
WBCN - Bay City  
Rarity.

It doesn't mean too much—except to farmers who know the percentages—but it's worth a word or two.

There is the possibility, right now, of harvesting a mature corn crop and then putting the same land into winter wheat. To explain the percentage angle; this could only happen about one in ten years in this climate.

The chances of even getting mature corn any year in Northeastern Michigan are about 50-50. To have a fully ripened crop and still have the opportunity to fit for winter wheat is indeed—"one for the books."

### The Ruptured Potato.

If you've purchased mis-shaped potatoes at the store, cursed a little and wondered "how come?"—let me tell the story of how a spud gets that way.

The farmers call them crooks

and knobs. When the grower sells them, there is a dollar or more discount. The potato that assumes a variety of peculiar shapes has been the victim of hard ground—and thus, little room to grow in. That incidentally, is why light sandy loam makes the best potato soil.

To return to our mis-shaped tuber. During a dry spell, the soil will pack tightly around the small potato. When enough moisture does penetrate the ground to allow growth, the little potato finds normal, even growth impossible. All of the energy goes to one spot and the result is a badly shaped spud.

### Knobby Potatoes.

The farmer is told to fertilize heavily at planting time. He is advised to spray for blight and bugs and even side-dress with more fertilizer during the growing season. In any normal year, this is good advice. But the whole idea can backfire—as it did this year. During the summer drought,

which lasted some six weeks—the fertilizer never got a chance to work evenly. When the two inch rain of late July got to that fertilizer, the little potato couldn't stand all that prosperity and erupted into a knobby second growth that ruined forever the chances of making a premium spud.

Tile irrigating also helped to ruin the crop this year. Just before the big rains, some growers pumped water into the tile systems—The ground was thoroughly soaked from underneath when the deluge came from above.

It's hard to beat mother nature.

## You Must Be Registered to Defeat Sunday Prohibition

The Dries are counting on their guess that the people of this county have a short memory. They believe the voters will not remember the blind pigs, the bootlegging and lawbreaking which prevailed here during the Prohibition Era.

The voters of this county will be asked to decide whether the sale of beer and wine shall be prohibited on Sunday. This is the Dries first step to bring about total Prohibition in this county.

Let us relate to you a few facts concerning how Prohibition works in a State where some counties are wet and others dry.

The booklet called "A report to the people of Tennessee" reveals the following facts: This state is a good example of what can be expected because seven counties are wet and the balance dry. This allows comparison in an area where the conditions are the same except for the law.

"Last year 1,804 moonshine stills were seized and destroyed in the state. No less than 86.3% of them—1,557—were operating in the DRY counties. Only 247 of them were seized in the legal-sale counties.

It was pointed out that the moonshiners and bootleggers, by evading the tax, cheated the people of the state of approximately \$10,000,000.00.

So much for the economic side . . . .

The social picture is equally startling . . . .

A survey of the state showed the law enforcement officers in the dry counties spend 46 per cent of their time tackling moonshine problems. Time that otherwise could be spent in curbing other types of crime. During 1951, arrests for drunkenness and disorderly conduct in the dry counties were at the rate of 21 per 1,000 persons—in the legal counties only 13 per 1,000 persons, sheriffs and other enforcement agents reported.

The conditions prevailing in the State of Tennessee, as shown in this booklet, we hope will not be duplicated here.

You can readily see that Prohibition does not prohibit.

Remember that Sunday prohibition is always the FIRST step towards total Prohibition in this county.

Be Sure to Register Before

## Bowling News and Views

George A. Dillman, Sec.

City League Bowlers, after three weeks of bowling, appear to have quit fooling around and have settled down to the chore of producing results from their bowling efforts. Higher scores are being posted, averages are going up and interest is mounting. Monday night, Sept. 15, 60 men (full squad) took the alleys. This Monday night only one member was absent, as 59 men were present. One absentee in two weeks of bowling is a good record. The first 600 series of the young season was

posted Monday night, Sept. 22, by Galloway, as he scattered the pins for games of 200, 222, 188 for a total of 610. Withey was close as he hit games of 172, 209, 199 for 580. We think that Withey's big score was the direct result of his record produced in the Merchants' League last week while subbing on the Bankers' team. Fred had the misfortune of "being stuck" three games in a row with "111 in the seventh frame." Does Mrs. Withey know that the Bankers (of all teams) collected \$1.20 as a result of this record? Fred, we can't find an award that the A. B. C. gives for this sort of triplicate. But we won't forget.

Other three game "500" series were rolled by Musall 561, Rusch 550, Kritzman 538, Schwaderer 537, C. Auten 519, Wallace 516, Reid 509, Dillman 504.

Team actual pin fall for three games over 2300 was posted by Huff with 2380, Musall 2364, Hunt 2348, Hubbard 2334. The Landon team, with the benefit of a 294 pin handicap, posted the high score of the evening with a three-game total of 2414.

Long are Assistant Scoutmasters. It is hoped soon to announce the names of an Explorer Advisor and of a Chaplain.  
At the three meetings in September, special features were the exhibit of historic guns by Mr. Champion, a showing of colored slides of camping by the scoutmaster and a demonstration of a new safety method of splitting wood by Mr. McConkey.  
Next week, Oct. 1, the troop will be host to visiting scouts from Sebawaing. The following evening the second round table session of Tuscola County scout leaders will meet here.  
As a service to the school, selected teams of scouts are directing parking of cars at football games, attempting to provide an orderly arrangement which will permit any driver to leave when he wishes without being blocked by a later arrival.

**Check Your Grain Says County Agent**  
Is your grain heating in storage?  
Better check to be sure, cautions Alfred P. Ballweg, county agricultural agent. Frequently grain which looks and feels dry at the time it goes into the bin may start to heat several weeks after harvest, he explains.  
Grain should be down to 14 per cent moisture or less for safe storage, reminds Arthur R. Wolcott of the Michigan State College Upper Peninsula Experiment Station at Chatham. Take samples from several points in the bin to get representative grain, he advises, and have it checked at your local elevator for moisture.  
Green weed seed and trash often cause heating in directly combined grain, according to Wolcott. These may be removed by running grain over a fanning mill. The same operation will cool off any grain that may have started to heat.  
Moderate heating, undetected in the bin, can impair germination, advises the Michigan State College specialist. He recommends checking germination of any home grown seed grain before spring planting.  
Weevils multiply rapidly in warm grain and can destroy large quantities of feed, Wolcott warns. If a check shows more than one weevil per quart of grain, farmers should obtain full fumigation instructions from the county agricultural agent, located in the courthouse, Caro.

who understudies Wallace, came off the bench and sparked two more payoff drives.  
His 35-yard run climaxed a 50 yard drive for a touchdown midway in the third period. After breaking through the line, Hoag shook off several tacklers to score.  
In the fourth period, the Hawks went to the air to help cover the distance in a 50-yard drive. Hoag passed to Guinther for 18 yards to put the ball on the sixth from where Hoag scored on an end run.  
As expected, Elkton failed to provide a real test for the ability of the Cass City gridlers. Coaches and fans expect to get a better line on the squad tonight when they open conference competition against Bad Axe. Last year the Hatchets extended Cass City to the limit before bowing 13-7.

**Hormones Help in Growth of Lambs**  
Two hormones—stilbestrol and progesterone—have proven their worth for increasing growth and carcass quality of lambs in research conducted at the Michigan Agricultural Experiment Station.  
The two substances, previously used to induce milk flow in sterile cows, produced marked gains and efficiency of feeding when implanted in the necks of spring lambs from the Michigan State College flock.  
Recent tests showed that hormone-treated lambs required about 20 per cent less feed to grow to market weight than untreated lambs. The carcasses from the treated lambs graded higher. No difference in fat quality was found.  
Two groups of animals were used in the tests. Twenty animals were selected at random and divided into two groups nearly equal in weight, sex type and breeding. One group was treated with the hormones, stilbestrol and progesterone, and the other group was retained as a control group and not treated.  
J. H. Galloway, L. J. Bratzler and Dr. L. H. Blakeslee of the M. S. C. animal husbandry department and Dr. Joseph Meites of the department of physiology and pharmacology conducted the experiments. Each lamb was weighed individually at the start of the experiment and every seven days. The feeding test continued for 89 days.  
Feed for both groups consisted of cracked corn and alfalfa hay. A salt mixture and fresh water were also provided.  
Efficiency of gains of the treated animals is shown by the fact that they consumed only 254 pounds of cracked corn and 502 pounds of hay for 100 pounds of gain as compared to 332 pounds of cracked corn and 623 pounds of hay for the untreated lambs.  
The lambs were unshorn and periods of unseasonal hot weather caused the untreated lambs to go off feed twice during the experiment. Treated lambs were more easily kept on feed.  
The treated lambs averaged 10 pounds heavier than the untreated ones at the end of the 89-day experimental period, researchers report.  
The animal research scientists advise that it will be some time before hormone implantation will be a practical operation for the average farmer.  
A long scale experiment on lambs will be conducted this fall to get further data on hormone benefits in lamb production.

**Final Rites Told for Howard Retherford**  
Funeral services for Howard Retherford, 31, of Deford were held Tuesday at 2 p. m. in the Deford Methodist Church of which he was a member. Rev. E. L. Carless of Lake Orion, former pastor at Deford, officiated and burial was in Novesta Cemetery.  
Mr. Retherford died Saturday in his home in Deford following a long illness. Son of the late Mr. and Mrs. Harvey Retherford, he was born March 4, 1871, in Imlay City. At Kingston, on Dec. 26, 1898, he married Miss Carrie Cooper, who survives.  
He also leaves a daughter, Mrs. Mark Smith (Joyce) of Kalamazoo; a son, Arleon, of Deford; five grandchildren and five great-grandchildren; one brother, John Retherford, of Zephyr Hills, Fla.; and one sister, Mrs. Josie Brooks, of Cass City. A daughter, Vera, and a son, Keith, preceded him in death.  
The remains were at Earl W. Douglas Funeral Home until Monday, when they were removed to the family residence in Deford.  
Mr. and Mrs. Retherford moved into Deford from their farm in Novesta Township in 1941.

**Basic Training Over For Gerald Hartwick**  
Private Gerald L. Hartwick, 20, son of Mrs. Ed. E. Hartwick, route one, Cass City, has completed Army basic training conducted by the 3rd Armored Division at Fort Knox, Kentucky.  
During his sixteen weeks of intensive training, he attended classes on general military subjects and had practical work in the many combat skills. He also learned to fire the basic Army weapons—the M-1 rifle, carbine, mortar, 45 pistol and light machine gun.  
As a prospective infantry rifleman, he received special training in scouting and patrolling and squad, platoon and rifle company tactics.
