

Sonja Henie Show to Swell
Cass City's Hospital Fund

The Cass City Community Hospital Committee announced early this week that the Sonja Henie Ice Revue, slated at the coliseum in Detroit Nov. 14-30, will help swell the total of the hospital fund in the village.

The committee has rented the building from the state and will receive five per cent of the gross of the show in its appearance in Detroit.

The arrangement is expected to help the fund substantially, as the show this year is hailed as one of the best ever arranged by the internationally known skater.

There will be 19 numbers and 200 skaters in the show. Skaters from three to 70 years old are part of the show. More than \$350,000 has been invested in costumes. Comic, variety and novelty acts are among the hits of the show.

According to the committee, there will be a night set aside as Cass City night during one of the 17 performances given in Detroit.

Sonja will appear in five of the 19 numbers of the show. Her performance, and that of her cast, has been hailed by capacity crowds in cities such as Chicago, Indianapolis, Raleigh and Washington, D. C., where she has appeared.

Tuckeys To Celebrate
Silver Anniversary

Mr. and Mrs. Luke Tuckey will celebrate their silver wedding anniversary Sunday with an open house from 2 to 4 p. m. for their close friends and relatives.

All arrangements and plans for the anniversary celebration were made by the children of the Tuckeys, who are in charge of the event.

Mr. Tuckey married the former Evelyn Doerr, Nov. 9, 1927. Attendees were Thelma (Henderson) Pratt and Rev. John Tuckey, brother of the groom. They have spent their entire married life in Tuscola County.

The couple have eight children, six sons and two daughters. The children are: Sons, J. D., Korea; Charles, Okinawa, and Donald, Bill, Bob and Roy, all of Cass City, and daughters, Miss Eunice Tuckey, at Central Michigan College of Education, and Mrs. Carl (Dorothy) Mantey of Fairgrove.

Hawks Turn Home-coming
Tilt Into 56-0 Rout Friday

After Cass City's impressive 56-0 victory over Croswell-Lexington Friday night at the Cass City Recreational Park, a familiar refrain heard from all Hawk supporters was "I wish we had the Bad Axe game to play over again."

For it looks more and more as if the Huron County seat gridiron will remain undefeated this season and edge the Hawks, for the championship.

You would have had a hard time finding anyone who believed that Cass City wouldn't have beaten nearly any team in their class Friday. Before a disappointingly small home-coming crowd, the Hawks did everything right and ran almost at will against the weak Cros-Lex team.

Stanley Beach started the scoring for Cass City when he dashed 32 yards off tackle for the opening score. It was the first of many long runs for Cass City.

After Beach made his TD jaunt, Bob Wallace scored the second marker on an even longer run. He dashed around end for 64 yards and the score.

The third touchdown was credited to Wallace, but was set up by Beach who dashed to the one-yard line to set up the six points.

Russ Foy, who plays fullback behind Beach, was credited with the next scoring gallop. He dashed through the line for 45 yards for the score.

To Light Village
Christmas Displays
December Sixth

The Cass City Chamber of Commerce has announced that the Christmas displays and decorations will be lighted with appropriate ceremonies December 6.

That means, authorities pointed out, that it will be necessary for persons and businesses that plan decorations to start work on their projects immediately.

To be truly effective, the village should have its display ready to light up together.

The attractive and original displays made by the Chamber of Commerce will be completed by the Dec. 6 date, authorities said.

In addition, displays will be erected by Lloyd Vyse, Mrs. Lucile Champion and the Rotary Club.

Many home owners are expected to decorate this year in hopes of winning one of the many prizes in the home decoration contest.

Residents will be competing for 14 prizes totaling \$120. First prize will be \$25. The second place winner will receive \$10.

Tuscola County cast a record vote at Tuesday's election, as the Chronicle's unofficial tally taken from township records indicated a total vote of 15,382 persons.

The county followed the national trend in the election to give Dwight D. Eisenhower an overwhelming majority in the balloting. Following a familiar trend, Tuscola County went solidly Republican.

As was expected, all of the Republican county officers had little trouble gaining re-election. In most instances, there was only token opposition to the Republican candidates.

Amendments. As expected, proposals number one and three passed with a crushing majority, while proposal number two was defeated by a large margin.

One of the most bitterly contested and closest races of the campaign was the proposal to prohibit the sale of beer on Sunday in the county. The measure passed, but only by a narrow margin.

The Chronicle's tally showed 7,602 votes favoring the change and 7,332 voters who cast their ballots in favor of staying open.

General Eisenhower proved to be the best vote getter in Tuscola County, as well as the nation. He received over 300 more votes than any other member of his party here.

For a complete breakdown of the county votes by townships, see the tabulated results at the bottom of page one.

From the
Editor's Corner

The Cass City Community Hospital is a big step closer to reality now, thanks primarily to the efforts of the Cass City Community Hospital Committee who secured the right to rent the coliseum at the fairgrounds in Detroit from the state of Michigan.

Through a tip received, it became known here that the building could be leased from the state and in turn leased to commercial companies who wanted the use of the premises—however, the deal is only open for use to raise money for a fund similar to the hospital fund here.

The estimated amount of money from the renting of the coliseum is now regarded as confidential information—but we will go on record as saying that it is more than substantial.

One thing we can tell you about the financial arrangements is that the Cass City Hospital Fund will receive a portion of every ticket that is sold at the show—the rent figure is 5% of the total gross of the show.

Tickets for the show are \$3.60, \$3.00, \$2.40 and \$1.80. A self-addressed envelope to the Sonja Henie Ice Revue, P. O. Box 3646, Detroit 3, will get your tickets for the show.

We urge everyone who can arrange to go (show dates are Nov. 14-30) to see the show. It's reputed to be one of the best and part of the profits will certainly go to one of the best of all causes.

Most persons in the area were pleased by the Republican sweep of the national and state election. However, if a depression comes under the new administration, it will spell the death knell for the Republican party. They will never

Lewis - Hendrick Wed
In Double Ring Rites

At the Colling Church of the Nazarene, decorated with white streamers, bells, cedar and candles Saturday evening, October 25, Doris Yvonne Lewis, daughter of Mr. and Mrs. William Lewis of Unionville, and Earl Owen Hendrick, Jr., son of Mr. and Mrs. Earl Hendrick of Decker, were married in a double ring ceremony.
The vows were read by the Rev. Alvin D. Richards and scripture and prayer by the groom's aunt, Rev. Doris Hendrick of Bad Axe. Mrs. Alvin Richards sang "At Dawning" and "O Perfect Love," with Mrs. Elmer Colling, accompanist.
To "Lohengrin's Wedding March," the bride and her father were preceded down the aisle by Eldon Evans, Caro, niece of the groom, bridesmaid; Geraldine Lewis, sister of the bride, maid of honor, and Carol Ann Lewis, niece of the bride, flower girl, who strewn rose petals from a white crocheted basket.
The bride was gowned in white bridal satin and lace, styled with a fitted jacket of lace over satin with a Queen Anne collar, buttoned with tiny satin buttons and fitted wristpoint sleeves. Under a partial lace overskirt was a full skirt of satin, ending in a cathedral train. Her illusion veil of nylon tulle fell from a sweetheart bonnet of pleated satin. The bride carried a lace covered white Bible, gift of the groom, topped with a corsage of red rosebuds, white mums and white satin streamers knotted with button mums.
The attendants were all dressed in identical gowns of open blue taffeta with short jackets of lace over taffeta, featuring Peter Pan collars, short sleeves and tiny buttons down the front with full length skirts. They wore sweetheart heart bonnets, styled like the bride's, and carried colonial bouquets of blue carnations and white mums. All gowns were designed by the bride and made by her and her sisters.
Assisting his cousin as best man were William Bullock of Pontiac and John Lewis, cousin of the bride. Ushers were Floyd and Elmer Lewis, brothers of the bride.
The bride's mother wore dark lavender with black accessories and the groom's mother wore navy and white with black accessories. Both had corsages of red rosebuds and white mums.

The wedding table was decorated with blue and white candles and cedar and centered with a five-tier wedding cake, made by Mrs. Henderson Graham of Caro. Jerry Libby of Pontiac played several selections on the piano and accompanied his uncle, Wayne Evans, who played the bones. Michigan is still catching its breath today after the excitement of Tuesday's election.

Now comes a period when the crestfallen experts explain why their predictions were wrong, why the vote went the way it did. Other experts, who were more fortunate on their soothsaying, will devote equal time and energy to explaining their success.

The public will be looking back on Tuesday's nationwide drama—but the winners in the great poll are looking ahead to January.

The public has been overfed on political speechmaking with the drums being thumped late into Monday night. John Q. and his Missus are glad to give their ears a rest for a while.

The politicians are equally happy for a period of rostrum silence. The defeated ones are licking their wounds and are in no mood for public speaking. The victorious ones have a lot of planning to do before taking over their elective offices next year.

Even newspapermen want a change in pace.

It's good to give newspapermen and ink emphasis to the prospects for deer season instead of the Gallup pool. It's refreshing to concentrate on the Wolverines and the Spartans instead of the Dems and the GOPs.

So this column today is a breather, a compendium of miscellaneous Michiganiana absolutely guaranteed not to have any vital bearing upon the destiny of our nation.

Keweenaw County, Michigan's northernmost area, had a total of only 70 sales tax returns filed for August this year. Wayne County, down in the opposite corner of the state, had 38,145.

Lowest number of returns filed by a Lower Peninsula County was the 123 out of Kalkaska.

All told, 117,339 retailers paid sales tax in August for a total of \$19,295 million.

If you found it confusing to choose between Proposals 2 and 3 in the polling booth Tuesday, just hang onto your hats.

Things will be much more confusing if and when Michigan has a Constitutional convention.

Governmental theory is, at best, never a simple issue. It's bad enough when administered in a dose as small as we took Tuesday. When a whole Constitution is up for debate—there will be plenty a Michiganander who'll seriously consider giving the two peninsulas back to the Chippewas.

Don't Let Muddy
When mud gets on your youngsters' or your own shoes, don't let it dry on before brushing it off. Although dry mud comes off more easily than wet, experts advise that mud stains leather, and the longer it stays on, the worse the stain may be.

Chicago Teams Have Close Battle
Chicago, Ill., Oct. 7.—The meeting of the Monarch Beer team and the King Louie Shirts resulted in a nip 'n tuck battle. Both teams scored 1009 in the opening game for a split point. Monarch came back to win the last two, however, 1011 to 1009 and 1093 to 1090. It was 3114 to 3109 for totals.

If any of you bowlers are thinking about getting together and forming a team to go to ABC Tournament in Chicago this 1952-53 season, call your association secretary for details. Don't forget about the State Tournament to be held in Detroit this season. Let's have a good Cass City representation. This is a handicap affair. Every team has an equal chance.

Ed Vallender, Farm Editor
WBCN - Bay City
All Over

This column being written three or four days before the election—don't know who won, but good luck to the winner. Got to be kind of confusing the last few weeks of the campaign. The issues got kind of foggy, what with all the mud being tossed about. Good many voters were of the opinion that the two principals ought to be left alone to do their own talking—and everybody else get out. Well, anyway—we've made our decision. Now we can get back to being Americans and backing the new President.

No Difference

In spite of all the confusion, there was actually very little difference in the farm platform of either party. It all revolved around a thing called parity. PARITY is the thermometer measuring agriculture's position in the national economy. Whether the farmer is making a living, based on his costs.

New Development

The last report shows that prices paid to farmers for the period ending October 15th dropped two per cent. His costs dropped only half that much. The result—the parity ratio for October 15th stands at 100—the point at which agriculture is theoretically in even balance with the

rest of the economy.

This is based on a comparison of the buying power farmers held in the period from 1909 to 1914. When the ratio is above 100, farmers are considered to be better off than they were in the base period. When the ratio falls under 100, they are considered to be falling behind.

In 1950, the ratio averaged an even 100. In 1951, it was up to 107, but it's been declining ever since. The figure dipped to 100 early this year, then bounced up several points, and then began heading down again. Last month, the ratio was 101.

Democratic and Republican politicians had a special interest in the October price report. Many political experts believe the farm vote was influenced heavily by farm prices at election time.

Some experts claim, however, the prices affecting farm votes are not included in the report. This group says the prices farmers received in the last two weeks of October are more important than the levels for the month ending October 15th.

These same experts say it was farm prices in the last two weeks of October that gained vital mid-western farm votes for President Truman in 1948.

With that note of caution, we can compare the latest report with the price situation as of October 15th, 1948.

The latest report, as we mentioned a moment ago, shows the parity level in mid-October, 1952, at an even 100. On October 15th, 1948, the parity level was 111—farmers were theoretically in a better economic position on that October day four years ago.

Cash prices for most farm products today are above the levels of four years ago. But we can't compare cash prices directly, because the entire economy is operating on a higher price level than it was four years ago.

We can compare farm returns another way—in percentage of parity.

Corn in October, '48, was bringing eighty-two per cent of parity. Four years later, in mid-October of 1952, it was bringing eighty-six per cent of parity.

Wheat was bringing 90 per cent of parity four years ago. This month, it's been selling at 84 per cent of parity.

Beef, back in that campaign month four years ago was high—going at 164 per cent of parity on the open market. The latest price report shows beef at 106 per cent—down from the 143 level of one year ago.

Did all this affect the outcome of the election? Now that it's all over—what do you think?

Farm Accidents

Farm Bureau reports to David G. Steinicke, safety specialist at Michigan State College, show 603 Michigan farm folks were in accidents and 35 died between January 1 and August 31, 1952. Bruises were most common, with 192. Cuts follow with 175 and 157 broken bones were reported. Hurrying and unsafe methods were the chief causes.

Worthless Prize

In Springfield, Ill., Mel Kampe won the big drawing at a local picnic, commented breathlessly: "Man! I never won anything in my life," wondered what to do with his 12 tons of stone.

Start Chicks Early For Bigger Profits

Laying flocks should provide more profit in the 12 months starting December 1 than in the previous 12 months. Egg prices will be about 3 cents a dozen higher and feed only slightly higher, claims Henry E. Larzelere, Michigan State College poultry marketing specialist. This will stimulate pullet raising and bring more eggs to market next December. Poultrymen who start chicks early and have pullets laying for market in late summer will reap profits.

Production Key to Good '53 Farming

Farmers will have a good year if they watch their costs and strive for "full production" in 1953, is the optimistic annual outlook of Michigan State College agricultural economists.

Demand for farm products—with exception of exports—will continue strong during 1953 with consumer dollars in good supply, report the economists. They may be followed by a slight business and farm recession, probably in 1954. Farm prices in 1953 will depend on the crop volume. A nationwide bumper crop will drop farm prices where government supports are not effective. A short crop would add at inflation.

Costs of farm operations will continue to rise and should be watched closely, cautions the economists. Increased wages of industrial workers and costs of services will add to the rising farm costs.

Marketing charges will continue to take a larger share of the consumer's food dollar, leaving less for the farmer. The farm share, which has been about 50 cents, dropped to 48 cents the past year.

Farm prices generally will remain around the 100 per cent of parity level, according to the MSC outlook. Net farm incomes will be about the same as in 1952. It will buy less because of higher prices of consumer goods.

Dollar shortages in foreign countries may hurt exports, especially foreign agricultural sales; foreign nations will give priority to buying industrial equipment and military goods.

No new tax increases are anticipated by the economists but stretched out defense work will put more money in the consumer's pocket and boost prices. Any downturn in 1953 will be offset by an earlier price rise.

Braising Pork
When you're braising pork steaks add some allspice to the liquid for braising along with lemon and orange juice. Sliced oranges and raisins may also be added to the meat while cooking.

Answer Questions on Urea in Feed

Questions about urea in livestock feeds came thick and fast at a recent feed dealers and manufacturers conference at Michigan State College.

Dr. C. F. Huffman, dairy researcher at MSC, pointed out that too heavy urea feeding was wasted on dairy cattle. Urea got better results in low-protein rations and that chemists are working on urea that will break down more slowly in digestion and be better for milk cows.

Dr. J. A. Hofer, animal husbandryman at MSC, said beef cattle could get as much value from a pound of urea as from six or seven pounds of soybean oil, that urea is best fed with corn or other carbohydrates, including molasses.

Michigan State College short courses are popular with young farmers.
