

## Community Chest Fund Falls. \$1,000 Short of \$6,000. Goal

This year's Community Chest drive will net approximately the same amount this year as it did in 1951, Mrs. Edward Golding, treasurer of the fund here, reported to the Chronicle.

At this writing, with two solicitors left to report, \$4,700 has been collected. Last year a little less than \$5,000 was also collected.

The fund will fall short of its quota in the township by nearly \$1,000, according to present collection figures.

However, the figure is expected to increase slightly by donations from persons who were away when solicitors called and by persons who have not yet fulfilled their pledges.

The drive this year was under the direction of Miss Laura Bigelow and Herb Maharg. Miss Bigelow had charge of Cass City and Mr. Maharg supervised the work in the surrounding area.

The Community Chest money supports a variety of worthy organizations on a percentage basis. This year the Red Cross is one of the organizations to receive part of the money. In previous years, the Red Cross conducted their own campaign here.

## Council Briefs

Frank Alward and Mr. and Mrs. Kenneth Cumper have signed agreements with the village, turning over 25 feet of their property for a 50-foot parking lot off the alley in the back of their buildings. Work on the off-street parking site will start as soon as possible.

The council granted just one building permit Tuesday. Carroll Howarth was granted the right to move a building from the Art Clara farm to Houghton Street.

Pumps for the filter plant at Nestle's have been ordered and acknowledged. Bruce Shaw is reported to be preparing to start work as soon as necessary equipment arrives. Hubbel, Roth and Clark, village consulting engineers, have advised that they will have an engineer on the job when it is started.

The council agreed to a request from Nestle's concerning the billing of the power for the filter system. The company asked that the village pay the bill and rebill them for the cost, so that they could keep the cost of running the plant free from other expenses.

Cass City now has a permanent auxiliary police force. Phil Brock and Bill McKinley appeared before the council and said that the Cass City Gun Club had agreed to act as an auxiliary force for Cass City. The full membership of 31 members will be subject to call. Mr. McKinley is in charge of the project of the club. The council will buy arm bands for the group to use while on duty.

To facilitate budgeting for his department, the council asked Bud Burt to set up an inventory of village equipment and parts. A card system is planned that will give all the facts needed at a glance.

## Mrs. Frank Reid Hostess to WSC

The Woman's Study Club met Tuesday, November 18, with Mrs. Frank Reid.

Roll call was answered by a favorite seasoning.

Mrs. R. A. Gross gave "History and Use of Herbs" and Mrs. Fred Maier talked on "Old-Fashioned Remedies," while the rest of the club gave recipes of remedies they remembered.

## Three Hawk Gridders Named To Conference All-Star Squad

Three Cass City gridders were named to the first all-star team of the Thumb "B" football loop at a meeting of the coaches Monday evening.

The three from Cass City to be honored were Bob Wallace, Tim Burdon and Don Tuckey.

All of the boys are seniors. In fact, every member of the 15-man, all-star squad are in their last year at high school.

Bad Axe, the league champions, also placed four men on the mythical honor squad—the most places won by any school.

Three of the selections were backs. O. Lemanski, M. Stanton and L. Sommerfield, all were honored by the selectors. In addition, B. Rapson, a lineman, was picked from the Huron school.

Sandusky and Yale placed two men on the squad.

## Open House to Mark Silver Anniversary

Mr. and Mrs. William Wagner, Cass City, will celebrate their silver wedding Saturday, Nov. 29, with an open house celebration at their home from 2 to 5 and 7 to 10 p. m.

The Wagners have lived in Cass City all of their married life with the exception of five years when they were in Detroit.

Mrs. Wagner is the former Orpha McCool. She and Mr. Wagner were married at the McCool farm near Cass City. They have no children.

Mr. Wagner is employed at the Nestle's Company in Cass City.

## Many at Charter Night Services

Over 125 persons were at the Greenleaf - Fraser Presbyterian Church Sunday evening for charter night services held under the direction of the men of the council.

Arthur Battel was in charge of the service and Rayford Thorpe gave the welcome. The scripture reading was presented by Peter Rienstra and James Mudge gave the prayer.

Mr. A. E. Hanna of Cass City sang "Thanks Be To God," accompanied by Mrs. Calvin MacRae. Introductions were made by Calvin W. MacRae.

Louis A. Komjathy, Detroit attorney, presented the feature address of the evening, "Fisher of Men."

The charter was presented by Bruce Hodgkinson of Marquette. Rev. Melvin R. Vender, Cass City, installed the officers. They are: President, Rayford Thorpe; vice-president, Maurice Taylor; secretary, Arthur Battel; treasurer, Bruce MacRae, and keyman, George Fisher.

The benediction was given by John McLellan. Refreshments were served to all in the church basement following the service.

## Rotarians Entertain Safety Patrol Boys

An estimated 20 members of the safety patrol of Cass City High School were guests of the Cass City Rotary Club Tuesday noon at the New Gordon Hotel.

The group heard Floyd Webb from the Automobile Club of Michigan, Saginaw branch, tell what the duties of a person belonging to a safety patrol are.

He said that it was the students' duty to always wear a belt, be on time and working, not playing, while on duty.

He told the group of youngsters the dangers of riding bicycles improperly. Always ride on the right side of the road, Webb said, and never ride after dark or with two persons on the bike.

"I never talked to anyone who was hit head on by a car while riding a bike," Webb said, "almost invariably, they are killed when hit."

Before the address, the group enjoyed a Thanksgiving dinner of turkey, complete with all the trimmings.

## Still Time to Enter Decoration Contest

It's not too late to decorate your home and be eligible for some of the \$120 in prizes offered by the Cass City Chamber of Commerce in their home decoration contest.

# Thanksgiving 1952

Thanksgiving means many things to many people. To some, it simply means a holiday with a big meal that breaks a little into a monotonous week.

Others regard it as an occasion for prayer and thanksgiving. Those who solemnize the occasion are following in the footsteps of our forefathers who used the day to count their meager blessings 331 years ago when the Plymouth colonists set aside the day for "feasting and prayer."

Despite high costs and inflation, Americans today have a great deal more to give thanks for than those early colonists who were thankful to be alive and have enough to eat.

We hope that you have observed this Thanksgiving in the spirit for which the day was intended when it was originated in early colonial times.

## Budget Confab Reveals Council's Plans for 1953

An informal discussion by the village trustees at the regular monthly council meeting Tuesday evening revealed what may be expected when the budget is set for 1953 at the December meeting of the governing body.

In 1952, the village resurfaced over two miles of streets and the council will probably make provision to do the same next year.

A big slice of the money will be set aside again in 1953 for the resurfacing of Main Street. The council has \$5,000 earmarked for the project in a local bank now and expect to double the amount from next year's money. Total cost of the project to the city is estimated around \$15,000.

Also, on the tentative docket is an extensive sidewalk repair project. The streets and sidewalks committee pointed out that nearly every sidewalk in the village is in need of work.

Special equipment for the village maintenance department was discussed, but tabled for further study.

It was tentatively decided not to purchase a new truck this year. Plans are underway to repair the truck the village now has and make it do the work awhile longer.

Regular budget items will be discussed and voted on in the next meeting.

## County Farm Bureau Membership Drive Starts December 1

Tuscola County Organizational Director Clark Montague announced today that plans for the annual membership drive for the Tuscola County Farm Bureau was about completed.

Directors of the club expect the enrollment to top all previous highs this year. The organization has shown a steady growth in the county in recent years. In 1948, 818 members belonged. In 1951, 1,326 were signed to the membership rolls and this year the figure stands at an unprecedented 1,600.

This year's drive starts Monday, Dec. 1. Workers are expected to call on every farm in the area during the period of the campaign.

There are 20 discussion groups in Tuscola County which meet monthly to discuss timely topics of general interest to farmers.

## Season's Opener to Pit Former League Cage Champions

When Cass City opens its basketball season against Sandusky Friday, Dec. 5, two champions from disbanded leagues will be meeting for the first time in recent years.

## Announce Holiday Schedule at Cass City Post Office

Postmaster Alice M. Bigelow has announced that the Cass City Post Office will be open on Thursday afternoons, Dec. 11 and 18, and Saturday afternoons, Dec. 18 and 20, to handle the expected Christmas rush of packages and mail.

She reports that area residents have not, in some instances, been tying packages with heavy enough paper and twine to stand the wear and tear of delivery.

She suggests that persons be extra careful when wrapping packages so that quick, safe delivery can be made.

Cooperation by citizens will lighten the load for employees of the post office department and facilitate delivery of Christmas mail.

Authorities have again issued a warning to persons mailing Christmas greetings. To be sure of prompt delivery, send your cards first class. Such messages may be sealed and contain written messages.

## 4-H Club Will Compete for 16th Livestock Title

When the Detroit Junior Livestock Show opens Tuesday, Dec. 9, the Cass City 4-H Club will be trying for its eighth grand champion steer and seventh grand champion lamb since 1930—a total of 15 titles.

This record is unequalled by any other county in the state. In fact, no other area has half as many winners as the Cass City Club.

The runners-up in steer competition are Calhoun and Monroe Counties with three champions each and the next best in the lamb competition is Lapeer and Monroe Counties, also with three champions apiece.

Last year Cass City copped the grand champion in both classes. Dale Leslie's 1100-pound Aberdeen Angus "Blackboy" topped the steer and Bill Zinnecker won the sheep championship with his Southdown wether lamb.

Persons connected with the program here say that the 4-H Club has an excellent chance to bring home the grand championship lamb award this year. Several youths have excellent specimens that they plan to take to the show.

Chances for a repeat victory in the fat steer competition are not as bright as those in the lamb competition.

Last year Cass City had many fine steers and was predicted to be in the run for the championship. This year, persons in the know are shaking their heads and saying that the area will be out of the running for the championship.

## Two New Members Join WSWs at Annual Meeting

The annual thank-offering meeting of the Women's Society of World Service of the Evangelical United Brethren Church was held Thursday afternoon, Nov. 20, in the social rooms of the church.

Mrs. C. J. Striffler was program leader and was assisted by various members who gave appropriate readings for the occasion. Special music consisted of a vocal solo by Mrs. Arnold Copeland, accompanied by Mrs. Maurice Joos at the piano. As the roll was called, each woman deposited her thank-offering box in a large communique, covered with tin foil.

During the business session, two new members, Mrs. Wilma Fry and Mrs. Maurice Joos, were received into the society.

Following the program, the executive committee served pumpkin pie with whipped cream, Ritz crackers and tea.

A Christmas meeting will be held Dec. 18 at the home of Mrs. A. Seeger with Miss Helen Hower, leader.

## WSCS to Meet

The W. S. C. S. of the Methodist Church will meet Monday night, December 1, at 8:15, in the home of Mrs. H. M. Bolen.

Mrs. Leslie Profit, Mrs. Grant Hutchinson and Mrs. Gilbert Albee is the committee in charge.

Each member is requested to bring a gift or money for a child to be sent to the Ethel Harpist Home.

## Write to Santa

Everybody knows that Santa Claus will be extra busy this year. With loads of gifts and more boys and girls to take care of than ever before, the jolly old man will be hard pressed to get around to everyone in time for Christmas.

So, again this year, the Chronicle is sending a copy of the paper direct to Santa's headquarters at the North Pole between now and Christmas.

So sit right down and write a letter to Saint Nick and send it to the paper. We'll publish it sometime before Christmas and Santa will know just what you want for Christmas.

Be sure to sign your name and tell just how old you are so Santa will have all the dope when he comes winging around this Christmas.

The Methodist W. S. C. S. Christmas sale will be held at Ella Vance's Store Saturday, Nov. 29. —Adv. 1t.

Parsch's Store will be open Thursday afternoons. —Adv. 1f.

## Trustees Vote for Two-Man Police Force in Cass City

### LaPeer Slayer Faces Manslaughter Charge

Ronald Fredrickson, 16, of Pontiac has been charged with involuntary manslaughter for fatally shooting Wayne LaPeer Sunday morning, Nov. 16, near Atlanta.

The charge carries no minimum sentence, but has a maximum sentence of 10 years' imprisonment.

He is currently free on bail while awaiting trial. According to investigating officers, he was killed by a bullet from a .32 special rifle. The slug entered Wayne's body in the right shoulder and went diagonally through his body and emerged just above the left hip.

Investigating officers said the area where Wayne was killed was nearly free from brush. Mr. LaPeer reported that he could see his son when he was over a block away.

## Hold Second Meeting Of Junior Study Club

The second organizational meeting of the Junior Study Club of Cass City attracted 16 women to the home of Chairman Mrs. Leonard Smith.

At the meeting, the aims and purposes of the new organization were discussed and Mrs. Ivan MacRae led a discussion on a new constitution.

The group decided that they would hold their meeting the second Thursday of each month.

Leaders of the new group are anxious to have as many young women between the ages of 21-40 join the organization as possible.

Dues for the club are only \$2 a year. Women who would like to look over the club before joining are invited to attend the next meeting Thursday, Dec. 11, at the home of Mrs. Robert Schuckert.

## Gavel Club Slates Grid Squad Banquet

Arrangements have been completed to entertain the Cass City High School football squad at a banquet Tuesday evening at the high school, it was announced at the regular meeting of the Gavel Club Tuesday at the New Gordon Hotel.

Sports Editor Fred Vinson of the Port Huron Times Herald will be the guest speaker for the event. Program chairman for the evening was President Jack Esau. He told members about the customs and language of the people in New Zealand, where he was stationed while in service.

In the business meeting, the club voted to accept Larry Roberts into membership and Glen McCullough reported that work on the Christmas display would be completed in time for the Dec. 6 opening date in the village.

After the meeting, many of the club members worked on the display.

## Coming Auction

On Saturday, December 6, at 1 o'clock, cattle, feed and milking equipment will be auctioned for the estate of Fowler Stanley Hutchinson, located one and three-quarters miles west and one-quarter of a mile north of Cass City.

## Curfew Law to be Passed as Council Revamps Ordinances

Two new ordinances to be published and become law in the near future are expected to curb annoyances in Cass City and help the Cass City Police Department to more efficiently discharge its duties.

The first, to be published next week, will rescind obsolete ordinance number five and put teeth into the enforcement of minor charges.

The law contains provision against loitering, indecent literature, enticing animals to fight, drinking alcoholic beverages on the street or in public places (city property) and other similar misdemeanors.

The ordinance was passed for two purposes, according to members of the council. It will eliminate the necessity for local officers to go to Caro for a warrant for minor offenses and abolish the old, confusing ordinance.

The second ordinance to be passed will establish a curfew in Cass City for children 16 years old and younger.

After the ordinance is written

After deliberating for nearly an hour, the Cass City village council voted to install a two-man police force in Cass City at an additional cost to the village of an estimated \$2,500 a year.

The move was made by the trustees to give the village both day and night protection. The passing of the resolution ended a discussion and planning period that stretched over two months.

While talking over the merits of the case, Trustee Curt Hunt said, "The question is whether or not we need two men on the police force—I believe that a way can be found to pay for the added service."

Trustee R. M. MacLellan said that the cost might be more than the village could stand at this time. The new police force will take an estimated \$8,000 a year to run. The total budget for 1953 is expected to be around \$65,000.

Trustee James Bauer advanced a solution to the problem that will be adopted when the new man is hired.

To cut some of the cost to the police budget, the new man will be expected to help in the village maintenance department when additional help is needed in the winter.

It was pointed out during the discussion that a man is needed more in the summer months than in the winter months.

At the present time, Steve Orto is the only full-time policeman hired by the village. He has been working at night to give the village needed protection.

But increasing traffic violations, increased population and an increase in the number of automobiles have, in the opinion of the council, made necessary the proposed increase.

At the present time, the village of Cass City does not own a police car. Policeman Orto uses his own vehicle and is paid on a mileage basis of six cents per mile. The trustees discussed the advisability of purchasing a police car for both officers while on duty.

The decision was tabled pending a trial arrangement of three months to see how the new plan will operate.

## From the Editor's Corner

For the first time in our experience with newspapers, we have no report from a group of hunters who compiled an outstanding record in the north woods.

Usually by this time there has been a group that bagged four or five deer and are home telling the unlucky ones about their good fortune.

This year, we have failed to hear of a group who have snagged more than one buck—and those lucky individuals are few and far between.

Although a few minor details have yet to be completed, the off-street parking lots are available for Cass City shoppers. The lots are close to the shopping area and will relieve traffic congestion on busy week ends. If you plan to shop for any length of time, you will be helping the village and yourself by using the lots.

Although no official word has been received, the grapevine story

## News Items From Gagetown Area

Mr. and Mrs. Leonard Karr had as dinner guests on Sunday, Mr. and Mrs. Alex Milligan, Mr. and Mrs. James A. Milligan and two boys, Mr. and Mrs. Harold Ostley and family, all of Cass City, and Miss Lucille Knight of Detroit.

Mr. and Mrs. Mose Karr and Mrs. Leonard Sparks were Sunday callers at the home of Mrs. Charles Evans in Cass City.

The Gagetown Farm Bureau met at the home of Mr. and Mrs. Harlan Hobart last Wednesday evening. The discussion on "What Can We Do To Make a Stronger Farm Bureau Organization" was given by Leader Richard Burdon. Guests for the evening were Mr. and Mrs. Kenneth Baur. Potluck lunch was served.

Gifford Chapter 369, O. E. S., enjoyed a potluck supper before the business meeting last Tuesday evening. The new matron, Mrs. Cecil Loomis, and her staff of officers conducted their first regular

meeting. A special practice meeting was held the evening preceding. Mrs. Loomis named her standing committees for the ensuing year; also announced the school of instruction to be held Tuesday, Dec. 2, at 8 o'clock.

Mrs. Richard Burdon was hostess to her bridge club Thursday afternoon, serving a delectable luncheon before playing. Prizes were won by Mrs. Harry Comment and Mrs. Tella Hunter.

Betty, daughter of Mr. and Mrs. Willard Burdon, entertained 13 girls Saturday afternoon to celebrate her seventh birthday. Games, followed by a lunch, were enjoyed. Betty received many lovely gifts.

Mr. and Mrs. Leslie Munro entertained for Thanksgiving Miss Elizabeth McDonald of Plymouth, Mr. and Mrs. Fred Nelson of Owendale and Mr. and Mrs. James O'Rourke and son, Danny.

Several friends of Judy Sontag were guests at her home Sunday

afternoon to celebrate her 10th birthday.

Mr. and Mrs. Frank McKinnon and daughter, Kathy, of Monroe and Mr. and Mrs. Archie Mark and family of Vassar were guests Sunday of Mr. and Mrs. Edward Kehoe and Mr. and Mrs. Neal McKinnon.

Michael Walsh celebrated his eighth birthday Saturday afternoon with six of his chums, which included Jimmy Johnston, Buff Murray, Ron Burdon, Joe Rocheleau, Johnny and Rickie Hunter.

Monday, Nov. 24, was the 52nd wedding anniversary of Mr. and Mrs. George Miklovich. They served Thanksgiving dinner to Mr. and Mrs. L. K. LeBar and family, Mrs. Mary Hook, all of Flint, Mr. and Mrs. Frank Enderle of Owendale, Mr. and Mrs. John Miklovich of Reese and Mr. and Mrs. Joe Miklovich and family.

Miss Maxine Loney of Snover, Mrs. Ted Morgan, daughter, Ellen Kay, of Sandusky were recent guests of Mr. and Mrs. Leonard Karr.

Grover Laurie was fortunate to get a bear on his hunting trip. To date, nine hunters brought home deer.

### Offset '53 Costs By Big Crop Yield

All-out crop production not only will be good business in 1953 but the farmer who makes a go of it will be the one who has high crop yields to offset higher expenses, advise Michigan State College economists.

Production must be consistent with good farm practices and practices must help boost the crop yield, they point out. Needed drainage should be put in. If land needs lime, it is a must. Then, the farmer can afford to buy more fertilizer and good seed and do the job right—and get paid for it.

Government estimates are for feed grains to be at a six-year low ebb by next October and that may mean higher 1953 feeding season feed prices. Crop prices are expected to reach about support level between January and May and to react to new crop prospects from June through August. Farmers needing cash can be sure of the support price for corn, small grain, beans and seed for hay, pasture and cover-crops with a government loan. Insurance against selling below support prices can be obtained on a government purchase agreement.

Applications for all loans or purchase agreements on all crops except corn must be obtained by January 31, 1953, and by May 31, 1953, for corn.

Corn production, where it fits, should be in farm plans for 1953, with stress on both acreage and yields. Farm crops specialists advise planting after legumes or using nitrogen side dressing, increasing planting rate, planting on time, using proper methods and the right seed.

The 1953 wheat prices will be supported at 90 per cent of parity, probably close to \$2.20 per bushel, and the supply is expected to be the third largest in history. The July, 1953, carry-over is expected to be twice that of 1952. Wheat is in the ground but manuring this winter and top-dressing in the spring with nitrogen will pay well. The cash price promises to be quite different than the government loan price and below the 1952 cash price. Planning ahead for storage will help in obtaining a loan or purchase agreement as protection.

Price prospects for beans and sugar beets next year are higher but potato prices are expected to be off by next fall. Price trends offer some farmers, especially those on good land, an opportunity to emphasize crop production and then carry the livestock they can handle without extra help.

Michigan State College horticulturists are continuing the search for a cucumber variety that will resist both scab and mosaic, as the two diseases overlap in many areas.

### 4-H Girls Schedule Achievement Trip

Four Tuscola County 4-H Club girls are busily making preparations to leave on a five-day achievement trip to Chicago, awarded them as a result of having the outstanding achievement booths at the 1952 county fair. George C. MacQueen, county 4-H club agent, related. The trip winners are Marilyn Seddon, Millington, daughter of Mr. and Mrs. John Seddon; Joanne Davis, Vassar, daughter of Mr. and Mrs. Dayton Davis; Meta Trisch, Caro, daughter of Mr. and Mrs. Louis Trisch, and Marcelene Jaques, Caro, daughter of Mr. and Mrs. Jerome Jaques.

Presently Marilyn and Joanne are attending Central Michigan College and Michigan State College, respectively, and Meta is attending Northwest Business College, Bay City.

The trip award program on the basis of 4-H achievement booths was instigated in 1950 by Loren S. Armbruster, then county agricultural agent. It has grown in popularity among older 4-H members and has been a great factor in keeping their interest in 4-H. The applicants are required to construct a booth and be interviewed by a disinterested person. The interview deals mainly with the ways and means the opportunities of 4-H club work have been used by the contestants in developing themselves as more useful citizens.

The trip winners will be accompanied by Miss Jean Gillies, county home demonstration agent. The

party will leave Friday, November 28, and return Wednesday, December 3. While in Chicago, the group will visit such interesting places as the Chicago Board of Trade Grain Pit, Museum of Science and Industry, International Livestock Show, Shedd Aquarium, Adler Planetarium, Chicago Field Museum and other points of interest.

The 4-H man concluded by saying that the 4-H club members of Tuscola County are grateful to sponsors who are interested in helping them accomplish goals they are striving for.

### Name Caro Man to Board of Trustees

A Tuscola County man, Maurice Ransford of Caro, has been elected to the Board of Trustees of Michigan Hospital Service.

Ransford was chosen at the regular monthly meeting of the board at the Hotel Statler in Detroit, Thursday evening, November 20. He replaces Ralph Hutchins, assistant superintendent of Hurley Hospital at Flint, and will serve as a hospital representative on the board through 1955.

Ransford, who is 49, is a well-known Caro attorney, and has

been in practice since he received his LL.B. degree from Wayne University in 1929.

He has been a member of the board of trustees of the 16-bed Caro Community Hospital since 1947 and has been chairman of the board since 1951.

Ransford is considered one of the best-informed men in the state on the operations and problems of the small community hospital.

Farming expenses will go up 4 or 5 per cent in the coming year, Michigan State College farm economists predict.

## BASKETBALL TEAM

Concluded from page 1.

Sandusky was the champion of the Mid-Thumb League and Cass City reigned in the Upper Thumb Conference.

They were expected to battle for supremacy in the district tournament held in Cass City, but both were defeated by other schools and the expected battle failed to materialize.

Both clubs have veteran squads this year and are rated as two of the stronger teams in the "Thumb" Conference which will be holding its initial basketball competition.

With only about a week to get ready for the season's opener, the Hawk cagers have a Thanksgiving holiday, but will be back on the court Friday morning even though school has been dismissed for the day.

With a smaller squad this year and crowded study halls it is likely that there will be no cuts made on the squad. Boys who wish to try for the team will be able to stay out all year.

Coach Irv. Clasen said that after a very slow start, the team has been catching the court tempo and have looked better in recent practices than they did when the initial call for cagers was issued.

**Salad Specialties**  
REFRESHING and inviting salads are welcomed by both family and guests, and you can add welcome variety to your menus in this easy way.

Vary your salads, too, by using not only exciting vegetable combinations on one day, then fruit salads on the next and then some molded types using at one time vegetables, and at another fruits.

Remember that you can add both color and texture contrast to your menus with salads. Here are some brand new recipes which may be used with a family dinner, when you're entertaining, or as a main dish with sandwiches for luncheon.

This novel frozen salad can be made in advance since it's frozen:  
**Frozen Fruit Salad**  
(Serves 6)  
2 cups creamed cottage cheese  
1/2 cup mayonnaise  
2 tablespoons sugar  
1 cup diced pineapple  
1 cup diced, peeled orange  
1/2 cup maraschino cherries, chopped  
2 tablespoons cherry juice  
1/2 cup chopped pecans  
Sieve cottage cheese. Combine mayonnaise and sugar and stir until well blended. Fold in fruit, cherry juice and nuts. Freeze in refrigerator tray at coldest temperature until solid. Slice and serve on lettuce.

Here's a nice salad for luncheon or supper when you serve with toasted tuna fish salad sandwiches, potato chips and a chocolate milk shake:  
**\* Sour Cream Cole Slaw**  
(Serves 6)  
1/2 cup sour cream  
1/2 teaspoon dry mustard  
3 tablespoons sugar  
1/2 teaspoon salt  
Dash of pepper  
3 tablespoons vinegar  
4 1/2 cups shredded cabbage  
2 tablespoons minced onion  
Lettuce cups  
Blend sour cream, seasonings and vinegar. Pour over cabbage and onion and mix well. Serve in lettuce cups.

Here's an old favorite in salads, made slightly unusual and tart with lemon juice, then enriched with whipped cream:  
**Crushed Pineapple-Carrot Mold**  
(Serves 8)  
1 No. 2 can crushed pineapple  
1 package lemon-flavored gelatin  
1/2 cup sugar  
1/2 teaspoon salt  
2 tablespoons lemon juice  
1 cup finely grated carrots  
1 pint whipping cream  
Drain pineapple. Add enough water to pineapple sirup to make 1 1/2 cups. Heat to boiling point. Add gelatin and stir until dissolved. Add sugar, salt and lemon juice. Chill until slightly thickened. Add drained pineapple and grated carrots. Whip cream stiff and fold into gelatin mixture. Pour into an 8-inch ring mold (1 1/2 quarts) and chill until firm. If desired, mold in individual ring molds. It's best to make this salad a day before serving, so that it will be thoroughly set before unmolding. Unmold and garnish with water.

Cross or greens. Serve with cheese straws.

**Cheese Straws**  
Roll 1/2 recipe of plain pastry 1/4-inch thick. Sprinkle 1/2 cup grated American cheese over half; fold over other half. Sprinkle another 1/2 cup grated cheese on half the folded surface and fold over again. Roll 1/4-inch thick; cut in 1/2x5-inch strips with pastry wheel or sharp knife. Place on ungreased cookie sheet. Bake in a hot oven (425°F.) about 10 minutes. This will make approximately 30 5-inch strips.

Here's another ring mold salad which will go nicely with either family or company dinners:

**Cottage Cheese Ring Mold**  
(Serves 6)  
1 1/2 envelopes (1 1/2 tablespoons) gelatin  
1/2 cup cold water  
3 cups cottage cheese, sieved  
1 1/2 teaspoons salt  
1/2 teaspoon paprika  
Dash of cayenne  
3 tablespoons lemon juice  
1/2 cup light cream  
3 cups mixed, diced fruits (bananas, oranges, unpeeled red apples)  
1/2 cup mayonnaise or salad dressing  
Sprinkle gelatin on cold water; dissolve over hot water. Combine cheese, seasonings, lemon juice, cream and dissolved gelatin. Mix well. Turn into 1-quart ring mold which has been rinsed in cold water. Chill until set. Unmold on salad greens. Fill center with diced fruits. Serve with mayonnaise or salad dressing.

Here's a two-layered salad loaf that's ideal for a buffet type of dinner at which you may be entertaining:  
**Two-Tone Salad Loaf**  
(Serves 10)  
**Chicken Salad Layer:**  
1 envelope unflavored gelatin  
1/2 cup cold chicken stock or bouillon  
1/2 teaspoon salt  
1 tablespoon lemon juice  
1 cup mayonnaise and salad dressing  
1 cup diced, cooked chicken  
3 tablespoons minced green pepper  
1/2 cup diced celery  
**Tomato Aspic Layer:**  
1 envelope unflavored gelatin  
1/2 cup cold tomato juice  
1 1/2 cups hot tomato juice  
1/2 teaspoon salt  
1/2 teaspoon pepper  
1 tablespoon lemon juice  
To make Chicken Salad Layer, soften gelatin in cold chicken stock. Place over boiling water until gelatin is dissolved. Cool; add salt and lemon juice. Gradually stir in chicken, green pepper and celery. Turn into a 5-cup mold; chill until almost firm.

To make Aspic Layer, soften gelatin in cold tomato juice. Dissolve very thoroughly in hot tomato juice, stirring well. Season and flavor with salt, pepper and lemon juice. Chill until the consistency of unbeaten egg whites. Spoon on top of chicken layer and chill until firm. Unmold on salad greens; garnish with stuffed olives and celery curls.

**LYNN SAYS:**  
Before broiling fillets of fish, blend together some mustard and butter and spread the fillets. This makes fish a real treat.

Bake your hominy in tomato sauce for a change and then serve with sizzling, pan-fried pork sausage links or patties.

## Engaged

Mr. and Mrs. Leo J. Kehoe, Sr., announce the approaching marriage of their daughter, Jean Elizabeth, to Mr. Ernest Hewitt, son of Mrs. Beatrice Hewitt of Elkton. A November 29 wedding is planned at St. Agatha's Church, Gagetown.

## Couple Married In Quiet Ceremony

Rev. S. R. Wurtz officiated at the ceremony at eight o'clock Tuesday evening in the Evangelical Church parsonage when Phoebe May Roach became the bride of Norman Lester Greenleaf.

The couple were attended by Mrs. Roach's son and wife, Mr. and Mrs. Lyle Roach of Deford.

Also present for the ceremony were Gladys, Charles, Kenneth and Theron Roach, grandchildren, of Mrs. Roach.

Mr. and Mrs. Greenleaf will be at home at 6444 Houghton Street.

Oranges should be firm and heavy if you want them for juice, and the skin should not be too rough. Color is no guide to quality, however, for harmless vegetable dyes are often added, according to Michigan State College nutritionists.

More manure is returned to the farm from the loose housing barn than from the stanchion barn, according to Michigan State College specialists.

**The Reason**  
When an old rabbi was asked why God made only two people, Adam and Eve, he replied: "So that nobody can say 'I came from better stock than you do.'"

## Officers Elected for Youth Organization

Officers were elected to lead the Christian Youth on the March program at a business meeting held after the first monthly meeting of the organization at Caro Saturday evening, Nov. 22.

Jerry Hicks of Deford was named treasurer of the group. Other officers include: Rev. Kenneth Beilby, Vassar, director; Eldon Smith, Colwood, assistant director; and Rev. Rex Leitner, Caro, secretary.

Chairmen of various committees were also named. They are: Robert Temple, Vassar, program chairman; Lester Kauffman, Caro, publicity chairman; Elaine Francis, Wahjamega, personal workers chairman; and Albert Harmon, Caro, finance chairman.

At the first meeting, young persons were present from Vassar, Millington, Reese, Kingston, Deford, Cass City, Unionville, Fairgrove, Akron, Mayville, Gilford, Fostoria and Watrousville.

Group singing was led by Rev. Alvin Mattison of Fenton and a quartet from Flint presented vocal selections.

Rev. John Brooks of Detroit presented the message.

## Home Demonstration Officers Elected

Election of officers took place at the Tuscola County Home Demonstration Council meeting held at the Wilber Memorial 4-H Building, Caro, on Friday, November 21, according to Miss Jean E. Gillies, Caro, county home demonstration agent. New officers are Mrs. Charles Morgan, Akron, vice-chairman; Mrs. Moward Reetz, Caro, treasurer; and Mrs. Kenneth Lassiter, Caro, community chairman.

Mrs. Charles Witkovsky, Caro, county chairman, reported that home demonstration groups in the county had contributed one hundred pounds of children's clothing to be distributed by the National Council of Churches.

A schedule was made of groups who will furnish cookies and serve at the Saginaw Veterans' Hospital. This project is done in cooperation with the Red Cross.

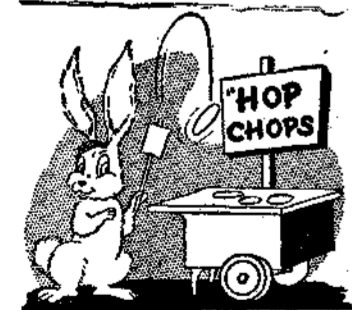

## 4-H Tractor Rally Set for December 15

The Tuscola County 4-H Club Agent George C. MacQueen relates that the 4-H tractor maintenance program will start off this year with a rally at the Wilber Memorial 4-H Building Monday evening, December 15. All former tractor club members, all those of 4-H club age wishing to be in a tractor club, their parents and past and present leaders, along with various implement dealers in the county are invited to attend. The 4-H man disclosed that Harry Crawford of Cass City and Caro was the tractor school delegate this year and will be responsible for organizing the county program and local clubs.

The theme of the project is "Care and Not Repair." The 4500 tractors in Tuscola County are in need of primary care or maintenance to insure an available source of power to operate the farm and produce the food and fiber. 4-H club members have a great opportunity in learning what makes their tractor "tick" so that overhauls and breakdowns may be prevented, MacQueen said.

The project is a fine winter project and is one that has some fine competition in the form of plowing contests and tractor operators contests. The Standard Oil Company is the awards sponsor on the state and national basis and supports the state delegate to the National 4-H Club Congress in Chicago each year.

The rally program will consist of project information, how to organize clubs and like subjects. Refreshments will be served.

sells its product under the trade name of "Hop Chop," is capable of processing 40,000 rabbits weekly.

Rabbit breeders report they are able to produce a "fryer" rabbit for the American table cheaper than the average broiler chicken, that is, on less feed and in less time.

The natural result is more meat for the American table at less cost.

September is the time to reseed those bare spots appearing in your lawn, Michigan State College specialists suggest.

DDT Residual Effect In Soil Is Proved

Recent research by the U.S. Department of Agriculture shows that a single application of DDT to the soil will kill some species of bugs and grubs for at least a five-year period.

Tests conducted in several locations in the northeastern states show an average DDT carryover in turf of 92 per cent after two years, of 43 per cent after four years, 36 per cent after six years, and 29 per cent after seven years' time.

Bug experts also found that the rate of application had little influence on the percent of toxic residue in the soil. Soil samples treated at the rate of 25 to 50 pounds of DDT per acre, show the percentage carryover after eight years of testing was about the same in either case. The difference was minimum.

Tests with different soil types prove that DDT lasts longer in poor soils; a shorter time in soils high in organic matter. Results of experiments with samples of 85 different soil types from seven states showed that persistence of DDT was about the same in sandy, silt, or clay loams, but much greater in soils heavy in sand content.

After analyzing 223,000 Japanese beetle grubs it was found that DDT began losing its killing power only in the fifth year after application. A single DDT treatment at 25 pounds per acre produced a 98 per cent grub kill within four weeks after the grubs were put in the soil, during the first four years. It required slightly more than five weeks for the same kill the fifth year.

## Seedmen Meet at MSC in December

Better seeds for better crops will bring seed producers and dealers and Michigan State College and other specialists into conference Tuesday, December 9, and Wednesday, December 10, at MSC's Kellogg Center, East Lansing.

Annual meetings of Michigan Crop Improvement Association and Michigan Foundation Seed Association and meetings of Michigan seed dealers and Farm Bureau seedmen are scheduled at 3:45 p. m., and the annual banquet will be at 6 p. m. Tuesday, December 9.

Foundation seed, elevator operator training, alfalfa and red clover variety results, forage improvement, seed law revisions and other items will be on the first day's program. K. T. Payne, new head of the MSC farm crops department, will be moving chairman and C. M. Harrison, farm crops department, afternoon chairman. Speakers will include Assistant Extension Director H. A. Berg, welcoming the group; George F. Wenner, MFSA manager; A. E. Oliver, short courses; S. T. Dexter and M. B. Tesar, farm crops department; E. A. Hollowell, principal agronomist, USDA division of forage crops and diseases, and Seed Analyst Charles Stahl of Michigan Department of Agriculture.

Drainage ditches with sloping sides can be mowed; that's easier than chopping out brush and weeds that clog them, suggest agricultural engineers at Michigan State College.

## Corn Insect Damage Often Exaggerated

### Blame Nutrients Deficiency in Soil

Insect damage is often blamed for poor corn yields and weak, floppy stalks, whereas the real cause may be a lack of plant nutrient balance in the soil, reports P. E. Johnson, University of Illinois soils specialist.

For corn yields and excessive lodging are particularly pronounced where soil potash levels are low, according to Johnson.

In soils that are tight and where clay pans come close to the surface, says Johnson, the potash is quickly pumped out.

He reports that this potash starvation is only aggravated by side dressings of nitrogen or applications of phosphate. But when a complete soil treatment including nitrogen, phosphate and potash is added, invariably the corn plants show large clumps of healthy roots and stalks stand up stiff and straight.

If a corn plant is starved for potash some time in its life, says Johnson, damage occurs to the

When plant nutrient supply is well balanced corn plants develop strong, healthy root systems, well matured ears, and high yields.

node where the leaf comes out on the stalk. This causes a clogging of the corn plant's interior network of pipe lines. Plant food can't move up and down the stock. Root development is slowed down.

## Hybrid Pig Litter Sets New Record

### Synthetic Sow's Milk Credited With Gain

A litter of 18 hybrid pigs farrowed last January set a new world record for six months weight—4,992 pounds—at an official weighing held on the farm of Lawrence Meyer, near Spring Grove, Minnesota.

The litter was raised on a synthetic sow's milk.

The litter also set another world record—840 pounds weaning weight. At that age, the average weight was 46.66 pounds, with the

heaviest weighing 56 pounds. The average weight at six months was 277.33 pounds, with the heaviest pig topping the scales at 342 pounds, and the lightest weighing 226 pounds.

The official weight of 4,992 pounds broke the old record of 4,419 pounds, set in 1951 by another out-sized litter.

Hybrid hogs have been bred especially for the ability to make fast gains, to get the most out of feeds, and to farrow large litters—from 12 to 14 pigs at each farrowing.

One trouble with big litters, a breeder points out, has been that even if sows farrowed whopping big litters, they couldn't feed them. Many believe that synthetic sow's milk has now solved that problem.

The champion litter was purchased for exhibition purposes and was shown to thousands of admiring hog-raisers around the state.

Game meats as a rule require more attention when cooking—but the result will be worthwhile. Young wild game will be tender and require less care, say Michigan State College home economists, while older wild animals will take additional time.

Here's a way to use wholesome honey so plentiful on the market this season. Drizzle warmed honey over ice cream and cover with rice krispies or other crunchy cereal.

## MICHIGAN MIRROR NEWS BRIEFS

In the midst of every deer season, there is a group of Michiganders who decry the annual migration into the northland.

While they have a valid criticism of the needless human deaths that occur from carelessness or accident, they seem to devote most of their denunciation to the "cruelty" of killing poor dumb animals.

Now rises George A. Petrides of the department of fisheries and wild life at Michigan State College.

"Wild game is a crop," he contends; "it should be harvested."

In fact, he makes a strong case for the humanitarian aspects of hunting. "Every spring the breeding pheasants, quail, grouse, turkeys, ducks, geese, rabbits, squirrels and deer begin to raise families," he points out. "These young animals grow up during the warm months when food and weather are kind.

"By the time autumn comes, the original spring population of wild game has increased manifold.

"But what is to happen to these animals? Are they to live happily through the winter and in turn all raise more families in the spring. In order to protect the species, only the hardiest are chosen to live to spring. The surplus animals are lost to starvation, freezing, predators or disease."

This is a wasteful process, charges Petrides. "Thousands of animals die every year," he points out, "and death by starvation or freezing is a cruel death."

There is nothing cruel about hunting, he contends. "As grains and fruits, timber and beef are harvested as gifts of nature, so the harvest of game is given us. Man lives by nature's laws; he lives or he dies according to whether he wisely uses the gifts, the resources, given him.

"The wise use of the game crop definitely includes the understanding that it should be harvested. As a renewable resource under proper management, the wild life of America can always be with us and our children and their offspring."

Just how valuable a resource Michigan game is is illustrated by some figures made up by Charles Shick of MSC's department of conservation.

The value of Michigan's fur crop last year was greater than \$2 million. Rye crops that year were worth \$1.38 million.

Seventy-six hundred tons of wild meat went on Michigan tables in '51. Its value was more than \$10 million (sugar beets in '51 totalled \$7 million) and it would provide food for a whole year for over 21,000 families of four persons each.

The cash value of fur and meat taken from Michigan woods last year was \$12 million, enough to purchase a thousand average-sized homes at today's prices.

Hunting provides another great economic factor in Michigan life—the money spent by hunters and their parties.

There were 700,000 small game hunters, 400,000 deer hunters and 20,000 trappers. To that can be added the great army of tourists, picnickers, naturalists and photographers who simply enjoy seeing wild birds and animals.

Michigan farms can be mighty dangerous.

In the first eight months of this year, 85 people were killed in farm accidents. There were 605 serious mishaps and four persons were permanently disabled by them.

A hundred eighty-two were using unsafe methods; 39 didn't use safety devices which were available; 191 were hurrying so they grew careless and 33 were too tired to take proper care.

Farm homes aren't the havens we dream of them as. A hundred fifty-eight serious accidents occurred in rural homes; 270 at farm work.

While Houston and New Orleans have been waging a Deep South battle for the honor of being America's second largest port, Michigan just quietly ups and walks away with the title for the third straight month.

It was Detroit that brought the honor to our state. It handled dollar volume of imports and exports second only to New York City.

During the first six months of this year, imports entering this country through the Motor City port were 1,438% greater than in 1938. Export trade in that same period increased 1,132%.

It's probably no accident that the 21 largest cities in the United States are located on navigable waters.

More Michiganders vacation in Florida than in any other state—except their own. It's been estimated that over 200,000 from Michigan visited Florida last year.

Look for demands upon the Michigan Legislature to revise that law which whacks up the cost of railroad grade separation. Typical is a Detroit case where 12 such grade separations are proposed. The five railroads involved would be assessed a total of \$2.94 million compared to the public's cost of \$16.66 million.

The Detroit Times puts the argument in a nutshell: "The taxpayer can't understand why he should pay huge amounts to keep out of the trains' way. It would seem more logical that the railroads pay the cost of keeping out of the taxpayers' way."

Concluded on page 10.

## OWENDALE

### Adult Class—

The Adult Class, witnesses for Christ, of the R. L. D. S. Church held their class party Friday evening at the home of Mr. and Mrs. Harry Walker with 20 guests present.

Call to worship, devotional and the lesson were by Alma Davis. Roll call was answered by naming just one thing for which you are thankful. A hymn, "Praise Ye the Lord," was sung and a biographical sketch of D. F. Williams by Marguerite Walker. Prayer by Jay Dickerson. Business and offering, birthday recognition and recreation by Mrs. Duncan Walker. Potluck lunch was served.

The next meeting will be at the home of Mrs. Iva Arnott.

Mr. and Mrs. Ervin Andrews will celebrate their tenth wedding anniversary and the birthday of Mr. Les Sheufelt, Detroit, Sunday at their home by having the following as dinner guests: The two mothers, Mrs. May Sheufelt and Mrs. Lizzie Andrews, two aunts and uncles, Mr. and Mrs. Silas Parker and two sons, Wesley and Kenneth, and Mr. and Mrs. Israel Good and son, Albert. Mrs. Iva Arnott and two sons, Gary and Don, and Mr. and Mrs. Elmer Andrews and sons, Jimmie and Roger, will also be dinner guests.

Mr. and Mrs. Floyd Zeihms were in Flint Wednesday, visiting an uncle of Mr. Zeihms, who is on the sick list.

Mrs. May Sheufelt was a guest of Mr. and Mrs. Gerald Hagle Tuesday evening, at a venison supper. Mr. Hagle and daughter, Nancy, and husband were the first from these parts to return home with their deer.

Mrs. Vera Sherwood and Mrs. Oscar Young were callers of Mrs. May Sheufelt Friday.

Mrs. Don McPhail, Sr., had a card from a cousin, Mrs. Barbara Pinet, in Los Angeles, California, saying she is 105 years old. She lives alone, is in good health and doing her own work.

Mr. and Mrs. Cecil O'Connell of Detroit and three boys and the Misses Sarah and Anna O'Connell of Uby were week-end guests of Mr. and Mrs. Dave O'Connell.

Nowadays some of the most prettily varnished heads seem to have the worst inside fittin'.

# LET'S TALK IT OVER

Ed Vallendar - Farm Editor  
WBCM - Bay City  
Strange Month  
November, 1952, will be a month long to be remembered. How different from last year. First, the end of a two months' drought—an extended period of Indian Summer with most of the land too dry for fall fitting. A period which saw the winter wheat crop stopped abruptly in growth—in some cases a complete lack of germination. The same conditions prevailed

over most of the country. At election time—many sections of the nation were imperiled by forest fires. Critical drought areas developed for the second time in six months.  
The strange weather played many tricks in northeastern Michigan. Quite unlike the cold and snow of the 1951 November, Mother Nature played her sympathy on the other end of the piano. Sugar beets came out of the ground in record haste. Last year, many

acres were abandoned, frozen in the ground.  
The 1951 corn crop wasn't considered a howling success. Lots of soft corn, fit only for quick feeding. This year most all matured—came out of the fields early with a lot left scattered on the ground for profitable gleaning if the farmer wished to pick it up.

In The Nick of Time  
Just about the time the wheat was about to be written off—the rains came—not just for us here in Michigan, but over almost all of the parched grain belt. Warm days that followed worked wonders in growth. The tender shoots doubled in size in 72 hours. The sparse, sickly-looking fields became green with a promise of recovery.

There's an old adage with farmers that wheat planted after the first of October won't do much as a crop. The present winter wheat crop here is six weeks behind in growth. It will be interesting to follow this crop—to note how it comes through the winter—what kind of progress it makes next spring.

There is just the faintest suggestion that Mother Nature has a way of making amends for her various lapses during any season. In a two-months period—we were four inches short of normal rainfall. This at a time when rain can normally be counted on.

There's a happy ending to the story. A little late, but the heavens finally opened. Two days later, farmers were plowing—late in November, yet.

## Farmer's Question Corner

PREPARED BY  
American Foundation  
For Animal Health

### WHAT ABOUT BLOAT LOSSES?

Q: Which farm animals are most susceptible to bloating?

A: Cattle and sheep, especially when on early pasture.

Q: What causes bloat?

A: All forage and feed taken in by cattle or sheep goes through a process of fermentation in the rumen or storage pouch with formation of various types of gas. Under certain conditions, as yet not fully understood, excess amounts of gas become trapped in the pouch and cause bloating.

Q: What happens then?

A: The cow's rumen swells up like a balloon. These gasses will make the cow very sick and may even cause death if they are not released.

Q: How can bloat be prevented?

A: Pastures may be sown with a mixture of half grass and half legumes. This combination will usually give the cow enough roughage to help prevent bloating.

Q: What other preventive measures are there?

A: If pasturing legumes only, farmers should feed their cattle hay before putting them on pasture. This rougher feed will help forestall bloating. Otherwise, animals should be kept off pasture until the legumes reach the bloom stage. There should also be a gradual change-over from barn feeding to pasture feeding. Keep free-choice salt and other minerals before animals at all times.

Q: If a cow bloats, what should the owner do?

A: If the animal is to be saved a veterinarian should be called immediately. There are several emergency measures, but none are of value if too much time has elapsed.

NOTE—Due to space limitations, general questions cannot be handled by this column.

### Too Thick

Why are sauces and gravies thicker after they've stood for a day or so? Some of the liquid in them evaporates. For this reason they should not be overcooked either. Water evaporation in them causes them to be thick and pasty.

Evergreens need water this fall to grow this winter and be enjoyed next spring, remind Michigan State College foresters.

# HOUSEHOLD MEMOS... by Lynn Chambers

Nourishing Puddings Are Kind to Budgets (See Recipes Below)

**Pudding Favorites**  
IT'S GOOD TACTICS for the homemaker to use fruits, milk and eggs to produce a variety of appetizing puddings and avoid meal-time monotony.

You can be certain of getting these vital foods into the diet in an easy way if you'll plan to serve puddings several times a week. Many of them may be made ahead of time, while others can be baked with meat and vegetables for an oven dinner.

Puddings can be a budget treat because they use the dietary essentials already mentioned.

Here's a delicious tapioca cream pudding which may be served plain or a light cream which is easily whipped if granulated gelatin is added.

**Honey Tapioca Cream**  
(Serves 7-8)  
1 or 2 egg yolks  
4 cups milk  
1/2 cup quick-cooking tapioca  
1/2 to 1/4 cup honey  
1/4 teaspoon salt  
1 or 2 egg whites

## Orange Consomme

Easy to Prepare

**Orange Consomme**  
(Serves 6)  
2 tablespoons quick-cooking tapioca  
1/2 cup sugar  
Dash of salt  
1 egg, separated  
1 No. 2 can sweetened orange juice  
2 cups water  
1 teaspoon lemon juice  
2 tablespoons sugar (for meringue)

Combine tapioca, sugar, salt, egg yolk, orange juice, water and lemon juice in medium-sized saucepan; beat until well blended. Bring to boiling; simmer 5 minutes, stirring occasionally. Beat egg white until stiff but not dry; gradually beat in sugar (for meringue). Serve consommé hot or cold, with spoonfuls of meringue on top.

**Note:** If unsweetened orange juice is used, stir additional 2 tablespoons sugar into orange juice mixture. Or use 1 1/2-ounce can frozen concentrated orange juice, 2 1/2 cups additional water and 2 more tablespoons sugar.

**Clam and Lentil Soup**  
1 1/2 cups dried lentils  
6 cups cold water  
1/2 teaspoon salt  
1 clove garlic, halved  
2 tablespoons bacon drippings  
2 onions, chopped  
1/2 teaspoon pepper  
1/4 teaspoon celery salt  
1/4 teaspoon poultry seasoning  
1 basket (3 to 4 pounds) steamer clams  
1 tablespoon flour  
Soak lentils overnight in cold water, add salt, cover and simmer

Looking for a refreshing lift for meals? Here is a special orange consommé, airy light, delightfully tempting and nourishing, too. It's a fruit soup, quick to make, full of flavor, wonderful to serve piping hot or icy cold. Top with dabs of fluffy meringue, it's a good meal starter.

**Saucepan Method:** Mix egg yolk with 1/2 cup milk in saucepan. Add quick-cooking tapioca, honey, salt, and remaining milk. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin. Do not overcook.) Beat egg white until just stiff enough to hold shape. Fold hot tapioca mixture gradually into egg white. Chill. Garnish with whipped cream, if desired.

To make half this recipe, use 3 tablespoons quick-cooking tapioca and 1/2 other ingredients. Bring to a full boil over direct heat, or cook 8 to 10 minutes in double boiler.

**Pineapple Pudding**  
(Serves 6)

1/2 cup butter  
1/2 cup sugar  
2 eggs, separated  
1 cup bread crumbs  
1 cup crushed pineapple  
Cream butter, add sugar. Add beaten egg yolks, then bread crumbs and fruit. Fold in stiffly beaten egg whites. Turn into a buttered dish and bake in a moderate (325°F.) oven for about 35 minutes.

ing tapioca and liquid in saucepan and mix well. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin. Do not overcook.) Add lemon juice. Cool, stirring occasionally—mixture thickens as it cools. Chill. Fill chilled apples to overflowing with tapioca mixture.

**Apple Souffle**  
(Serves 6)  
8 macaroons, finely crumbled  
1 cup apple sauce  
2 cups milk  
4 eggs, separated  
6 tablespoons sugar

Combine macaroons and apple sauce. Cook milk, egg yolks and sugar in the top part of double boiler until the consistency of thick custard. Beat egg whites until very stiff, fold in the custard then the macaroon and applesauce mixture. Turn into ramekins. Bake in pan of hot water in a moderate (350°F.) oven for about 45 minutes or until mixture will not adhere to the finger. Serve immediately.

**Ozark Pudding**  
1 egg  
1/2 cup sugar  
3 heaping tablespoons flour (1/2 cup)  
1 1/2 teaspoons baking powder  
1/2 teaspoon salt  
1/2 cup chopped apples  
1/2 cup chopped nuts  
1 teaspoon vanilla

Beat egg well and add sugar, beating until light and creamy. Sift flour, baking powder and salt, and add to egg mixture; blend well. Fold in apples, and nuts and add vanilla. Pour into greased paper-lined baking dish and bake in a slow (325°F.) oven for 30 minutes. Serve with vanilla-flavored whipped cream.

### Lynn Says:

It saves work to line the barbage can with paper or paper bags or moisture-proof linings especially designed for this purpose. Drain all refuse well before placing in can. To bake 1/2 to 1-pound of bacon, place slices of bacon on a wire rack set in a dripping pan. Bake in a hot (400°F.) oven about 10 minutes. Monel metal is simple wiped with a damp cloth wrung out of warm suds. Wipe dry and polish lightly with dry cloth.

### COLUMN

Concluded from page 1. is that Cass City will be awarded the contract to keep Main Street clear this winter. If so, it will bring extra revenue into the village with little added effort. In your reporter's opinion, the deal is one of the best made this year by the village council.

Remember, it is not necessary to add nonfat dry milk solids (powdered milk) to water to other dry ingredients and add the water as you would milk.

A Michigan survey shows that the average allowance for high school youngsters is \$2 to \$3 per week. It also shows that inflation-day rates for baby sitting and other teenage chores bring an average income of almost \$10.

Michigan's Isle Royale is the only national park which cannot be reached by automobile. The National Parks Service of the U. S. Department of Interior has just announced that 96.5% of all visitors to national parks travel there by auto.

Isle Royale's 2,370 visitors in 1951 came by boat or plane. That number is the smallest of any national park; even Alaska's Mt. McKinley had 8,634. They come Big Bend in Texas with 82,956 and after that all parks number visitors in six figures.

You could drive the distance around the world four times and more without getting off a Michigan road or backtracking as much as a city block. Michigan has a total of 106,896 miles of roads and streets.

Of this, 92,756 is rural; 14,137 urban and 80,892 miles are surfaced.

The average Michigan farmer drives six miles to his favorite shopping center.

## Iowa Leads Poultry Production in '51-'52

Iowa continued its domination of the U.S. poultry picture in 1951, according to newly-released estimates from the U.S. Department of Agriculture's bureau of economics.

The Hawkeye state was first in egg production and the value of eggs sold. Iowa hens laid nearly five million eggs last year, more than 8 per cent of the nation's production. Nearly \$158 million was realized from the state's egg production.

Chicken production was another area in which Iowa excelled. The state produced four million more chickens than Pennsylvania, its nearest rival, and ranked second in value of chickens sold.

Though Iowa ranked fifth in the number of turkeys produced, their value placed Iowa third among the 48 states and the average weight per bird was an even 20 pounds, making the average Iowa turkey the largest in the nation.

## DECORATION CONTEST

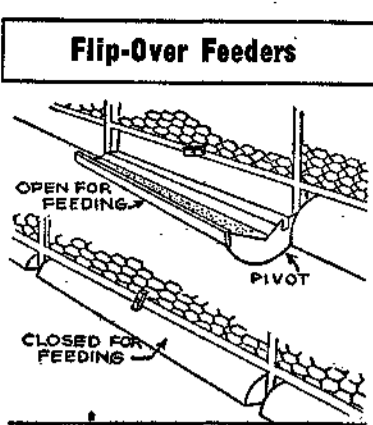

Concluded from page 1.

pointed out this week that the official opening of the Christmas display program in the village is slated for Dec. 6. That's more than a week away and should give persons ample time to have their displays well on the road to completion.

The Chamber of Commerce reminds area residents that the home decoration contest is open only to individuals in their home.

Civic organizations, clubs and businesses are ineligible to compete for the prize money.

First prize this year will be \$25. The second and third place winners will receive \$20 and \$15, respectively. Fourth prize will be \$10 and there will be 10 prizes of \$5 each.

## POST OFFICE HOURS

Concluded from page 1.

For your extra penny, your card will be forwarded or returned to you if undelivered, providing you have a return address on the envelope.

To facilitate handling, mail users are requested to tie cards together with addresses facing one way. The post office reminds you that second class mail cannot contain any written messages, no matter how brief.

However, if you have been in the habit of putting a personal touch on your cards, such as "Merry Christmas" or "Happy New Year," you are still within postal regulations for second class mail.

Perishable articles likely to spoil within the time reasonably required for transportation are not acceptable for mailing.
