Persons who have had to use the old pay phone outside the phone building in Cass City in wet, cold or extremely hot weather will be happy to see that a booth has been constructed for their convenience.

Mrs. DeEtte J. Mellendorf, the Chronicle's Rescue reporter, occasionally takes time off to visit relatives in Port Huron. That's not unusual, but we believe that not many community newspapers have a reporter staying in a large city, miles from home, that sends in local items weekly. How she receives her information we do not know—but for two of the four weeks she has been away, the Chronicle has received her news postmarked Port Huron.

Insiders say that the wide-open circuit court judge's post will probably go to a man from Tuscola County. Four men, incumbent Judge Libbers, who was appointed to finish the term of the late Judge George DesJardins; Kenneth H. Smith, Roland Kern and Timothy Quinn, have all thrown their hats into the ring. Judge Libbers and Smith are from Lapeer County and Kern and Quinn from Tuscola County.

The experts believe that the farm vote in Lapeer County will decide the tale in favor of one of the two Tuscola men. They do not believe that farmers connected with the eviction cases will vote for any man from Lapeer County. In the primaries Feb. 16, that would indicate that Kern and Quinn have the best chance to poll the necessary votes.

This writer believes that persons who subscribe to this theory are overlooking an important consideration—the size of the vote. At the present time, lack of interest seems to be widespread and a small vote could upset all predictions. If the vote is light, the candidates nominated could well be the men who have enough voters' interest in their cause to trudge to the polls.

Then, too, the fact that Judge Libbers is the incumbent will garner him a certain percentage of the votes because of the familiarity of his name.

At this early date, we'd predict that Quinn and Judge Libbers will run one-two in the primary election.

The Cass City Lutheran Church elected officers for 1953 Friday evening at a voters' meeting held at the church.

Fred Iseler was named president; Henry Heck, elder for two years; Otto Neu, elder for one year; Orta Spaid, trustee for three years; John Haire, treasurer, and Wesley Frederick, secretary.

Installation of officers will be held at the regular service Sunday, Feb. 1.

In other activities, Mr. and Mrs. Russell Kullberg were transferred to Flint and Mr. and Mrs. Walter Tacia to Plymouth. Mrs. Elmer Pruff was accepted as a member by transfer.

Hawks' Best Game of Season Smashes Marlette 74-39

Playing their best game of the season, the Cass City Red Hawks took over the top spot in the Thumb "B" conference Friday night by easily defeating Marlette at Cass City, 74-39.

Going into the game, both teams were undefeated in league play and the overflow crowd that packed the Cass City gymnasium expected to see a tight battle for the undisputed leadership of the league.

But Friday night Cass City was not to be denied and they made a runaway of the game in the first period as they netted 24 points while holding Marlette to 11.

One reason for the big Hawk margin was the ability to hit consistently from all over the court. They had what was probably their best shooting percentage of the year, as all members of the team were hitting with regularity not seen in previous games this year.

Although the Hawks slumped a little in their point production in the second period, their defense tightened and they added 11 points to their 13-point first period margin.

Coach Irv. Claseman substituted freely in the latter part of the third quarter and through all of the final period.

In the third period, Cass City continued to pour in the baskets and Marlette had trouble solving the tight Hawk defense. They hit for only three field goals and two

Members of the Cass City High School debate team continue to prepare for the state-wide elimination contests that they won the right to enter this year by winning six of eight debates. Standing, from left to right: Bob Fritz, Otto Ross, instructor, and Joyce Merchant. Seated are: Marilyn McCarthy, left, and Faith Parrott.

Area Banks Elect Officers, Directors at Meetings Tuesday

Cass City area banks held their annual meetings as required by Michigan law Tuesday and elected officers for 1953.

At the Pinney State Bank, Cass City State Bank and the State Savings Bank of Gageton, no changes were made in the officers or members of the board of directors.

Results of the elections at the banks follow: Cass City State Bank: M. E. Auten, president; Gertrude Gray and Irene Stafford, assistant cashiers; C. M. Wallace, vice-president and cashier, and Fred B. Auten, vice-president. Directors of the Cass City Bank are: M. E. Auten, C. M. Wallace, Curtis R. Hunt, Fred B. Auten and John A. Sandham.

Pinney State Bank: Frederick H. Pinney, president; H. F. Lenzer, vice-president; D. W. Benkelman, cashier, and Robert H. Keating, assistant cashier. Directors are: Mrs. Elizabeth E. Pinney, Frederick H. Pinney, Lenzer, Benkelman and Horace M. Bulen.

Gageton Bank: Mrs. Cora O. Purdy, president; F. D. Hemerick, chairman of the board; Donald Wilson, vice-president and cashier, and Mrs. Anna Kehoe, assistant cashier. Directors include: Mrs. Purdy, Hemerick, Wilson, Mrs. Donald Wilson, Mrs. H. D. Moore of Los Angeles and George W. Purdy.

Health Officer Takes Step To Combat Ringworm

Dr. Frank L. Morris, newly appointed village health officer, has made the first step in combating scalp ringworm which has attacked youngsters in the area.

In a letter to the board of education he listed five regulations that he requested should apply to all students in the school.

The first regulation states that all students attending school who are affected with scalp ringworm conditions shall wear skull caps securely tied in such a manner as to not be too readily removable by the wearers or other students.

If, after four weeks, affected persons do not respond to treatment, they will be required to go to a dermatologist.

Examination by the health officer or school nurse will be mandatory if requested by the health department and the final decision as to whether a student will be allowed to attend school will remain with the health officer.

The letter also states that no student will be permitted in school if they fail to follow the regulations outlined by the health department.

The rules have been made, according to the department, for the benefit of the community at large and will be strictly enforced.

Although not listed in the letter to the board of education, the health department said that children suffering from ringworm should not be allowed at any public gatherings.

Judge Libbers Tells Court Experiences

The Hon. John Libbers, circuit judge for Lapeer and Tuscola Counties, was the guest speaker at the Cass City Rotary Club Tuesday noon. The meeting was held at the New Gordon Hotel.

Judge Libbers said that the "court concerns each of us" and "every citizen is a part of the court," as part of his message explaining the place of the judicial system in government.

He told Rotarians of the decisions every judge makes in criminal and domestic cases and said that one of the most trying parts of his work was ruling over custody of children in divorce cases.

Prior to the address, Rotarians decided to sponsor a dance featuring the "Big Barn Frolic" cast that appears over WJR weekly. Bob Quinn, a former Cass City boy, is one of the stars of the show.

Date for the event has been set for Feb. 19 at the high school. Proceeds from the event will go to help selected Boy Scouts make a trip to the west coast this summer.

At the meeting it was announced that Allison Stone of Caro has been named district governor of Rotary.

Annual Election to Board of Chamber Of Commerce Slated

Twelve members of the Chamber of Commerce have been selected by the nominating committee of the organization to be presented to the membership-at-large for selection to posts on the board of directors.

Four of the twelve will be elected for three-year terms. They will replace Andrew Bigelow, Warren Wood, Russell Leeson and Howard Ellis, whose tenures of office end this year.

The names selected by the committee include: John West, Lewis Bishop, Patricia Murphy, Stanley Asher, Wilford Jolly, Henry Tate, Eldon Hall, Frank Alward, Don MacLachlan, John Haire, Gerald Dupuis and Frank Fort.

The nominating committee, which includes the Chamber secretary and a board appointed by President Herb Ludlow, met at the Detroit Edison office Tuesday evening to make their selection.

Members of the committee were: Glenn McCullough, Dr. Delbert Rawson, Cliff Croft, Fred Auten and Lloyd Bryant. President Ludlow presided.

This year's election will mark the first time that the membership has voted for four members for three-year terms. In 1952, the board of directors was expanded to 12 men and Mr. Leeson was elected for a one-year term to make the entire board rotate within three years.

This election, as well as following elections, will put four new men in office annually for three years.

Records Show Birth Increase in Village

Mrs. Wilma Fry, Cass City village clerk, reports that the population of the village has increased this year, according to the birth and death records.

A total of 316 births were recorded in 1952. The death toll reached 74 during the year.

In 1951, 301 births were recorded and 70 persons died.

Elect Mrs. H. Ludlow President of WSC

The Woman's Study Club met Tuesday afternoon at the home of Mrs. M. C. McLellan for election of officers.

During the business meeting, it was voted to sponsor a girl scout group and to donate \$30.00 to the community chest.

New officers for the coming year were as follows: Mrs. Herb Ludlow, president; Miss Hollis McBurney, first vice-president; Mrs. Arthur Moore, second vice-president; Mrs. Roy Taylor, treasurer; Mrs. Otto Goertsen, recording secretary; Mrs. Harry Young, corresponding secretary; Mrs. Herb Lenzner, reporter; Mrs. William Wetters, delegate to state convention; Mrs. M. C. McLellan.

Mrs. C. Patterson Paces Bowlers at State Tournament

Two more sponsored teams were sent to the Michigan State Bowling Tournament in Saginaw last week end.

Charlotte Patterson, an unheralded 139 average bowler, found the troublesome Recreation Center alleys in Saginaw to be her liking last week end. She zoomed into the lead of the all events with a 1856 total, helped along with her healthy handicap of 324 pins. She was part of a two-team contingent at the Michigan State Bowling Tourney in Saginaw.

Rolling over her average in all nine games in the three events, Charlotte, who is a member of the Rusch Contracting Team, enjoyed her greatest success in the singles where she took over fifth place with a 646 series with 108 spot. She had a 538 actual series on games of 177, 149 and 212.

With her 531 actual in the team event and a 506 in the doubles, she supplanted Peggy Kelly of Detroit as the all-events leader. Mrs. Kelly dropped into third place with her total of 1813.

Doris Klinkman of the Pinney State Bank Team rolled a 1767 (315) to tie for tenth place in the all events.

Betty Carmer and Charlotte Patterson rolled a 1133 for doubles. Betty represented the Pinney State Bank Team.

Alice McComb came up with an even 400 score which won her a chicken or steak dinner at Frankemuth. Two dinners were also won last week.

Eighty teams were scheduled to bowl in the last week end contest, with only one team turning back on account of icy roads, although many teams arrived late.

Home and School Council to Hold Parents "Classes"

The regular meeting of the Home and School Council is slated for Monday, Jan. 28, when parents of students in junior and senior high school will attend "classes" that their children are taking in their regular curriculum.

Each student will bring a card with their classes listed to his or her parents and Monday, the parents will attend 10-minute classes, so that they can observe the instruction their children are receiving.

After the classes, those attending will meet in the home economics room for a social meeting when refreshments will be served.

Cass City Debaters In State Eliminations for Third Time

Clare Bullis Injured In Detroit Factory

When Clare Bullis received a severe cut and broken and chipped bone in his left hand while working in Detroit, it marked the third member of the family to receive medical attention within the last few months.

Mr. Bullis was spending his first week at a machine shop in Detroit when he suffered the accident.

Shortly after Christmas, Harold Bullis, the youngest son of the family underwent an operation for appendicitis.

Mrs. Bullis was hospitalized last fall in the Saginaw General and Ann Arbor hospitals for treatment and observation.

Carl Nye Speaks At Gavel Club

Major Carl Nye, group commander of the Thumb Civil Air Patrol, was the guest speaker at the Cass City Gavel Club Tuesday evening at the New Gordon Hotel.

He explained the duties of his organization and showed a film that illustrated his talk.

Major Nye said that he was going to try to organize a squadron of cadets in Cass City. He said that similar squadrons are now functioning in most Thumb communities, including Caro, Bad Axe and Sandusky.

Next week's program will be under the direction of C. M. Wallace, program chairman, for the week. He said that Arthur Holmberg, principal at the Cass City High School, would be the guest speaker.

Principal Speaker at MSC Alumni Banquet

Charles E. Irvin, assistant professor of communication skills at Michigan State College, will be the principal speaker at the annual alumni banquet for Tuscola County scheduled Monday, Jan. 26, at the American Legion Hall in Caro.

Mr. Irvin will center his talk around the theme, "What Is An Alumnus?" for the benefit of the old grads of Michigan State.

For the third time in the four years debating has been held at the Cass City High School, the debating team has won the right to compete in the Michigan elimination contest held at the conclusion of the regular debating season.

Sponsored by the Michigan High School Forensic Association and the Detroit Free Press, competing schools must win six of eight debates to be eligible to enter the eliminations.

This year's squad will be the third that has received the coveted University of Michigan award plaque for excellence in debating.

Members of the team who won the award this year are: Negative, Joyce Merchant and Marilyn McCarthy; affirmative, Bob Fritz and Faith Parrott.

This group has won six of eight contests. At each debate, each school takes both the negative and affirmative sides of the question and receives a point for each match won.

The subject for the debate is: Resolved that the Atlantic Pact Nations Should Form a Federal Union.

Cass City has debated against Sandusky, Caro, Mt. Morris and Bay City Handy. Against Sandusky, they won both negative and affirmative; against Caro, they won both negative and affirmative; against Mt. Morris, they won both affirmative and negative, and against Bay City Handy, they won the negative and lost the affirmative.

They split with Handy assured the team of a spot in the eliminations. It was the final debate of the regular season for the school, held Jan. 14.

Otto O. Ross is the debating coach. No time or date has been set for the first round of the eliminations.

TO ALL INTERESTED IN EDUCATION:

As your State Senator, I received the following commendation:
"I want to thank you for the splendid part you played in assisting in the passage of H. B. 92—the School Aid Bill for this year.
"For the first time all the schools in Michigan have gotten a fair break in the matter of distribution of state aid and it was due largely to your active interest and support that the outstate schools finally were given an equal share of state aid.
"I want you to know that the school people of the state appreciate your interest and action in this matter and we hope that there will be ways in which we may show our appreciation in a more tangible way when you become a candidate for renomination and re-election for the next Legislature.

Very cordially yours,
Steve S Nisbet, Superintendent,
Fremont Public Schools"

If elected to the Office of Circuit Judge, I pledge continued diligence in the administration of this very important and honorable position.

LEONARD J. PATERSON.

Mrs. Maude Geister Dies In Florida

Mrs. Maude Geister died suddenly in Elfers, Florida, Tuesday afternoon, January 13, where she was spending the winter months. Mrs. Geister was born in Argyle Township July 23, 1885, the daughter of the late Mr. and Mrs. Albert Wheeler.

She married Mr. Peter D. Kritzman in 1901 in Argyle, where they made their home on a farm following their marriage. They later moved to Evergreen Township where they lived about forty years. Mr. Kritzman died August 3, 1945.

In January of 1952, Mrs. Kritzman married Mr. Frank Geister in Florida, where they made their home during the winter months.

She had been a member of the Shabbona Methodist Church for many years.

Surviving, besides her husband, are four sons, Mr. Bruce Kritzman, Mr. Norman Kritzman and Mr. Hazen Kritzman, all of Decker, and Mr. Merle Kritzman of Detroit; one daughter, Mrs. Herbert (Marian) Fuller of New York; two brothers, Mr. Alex Wheeler of Snomish, Washington, and Mr.

MABC Issues Cattle Record Calendars

Guesswork has been taken out of the job of keeping track of dairy cattle breeding and calving periods for the more than 31,000 members of the Michigan Artificial Breedings Cooperative. The members—in 69 counties of Michigan—are receiving 1953 MABC calendars worked out in cooperation with Michigan State College.

The calendar, incorporating reproductive and freshening records for 30 cows and a "Timing Guide" by heat period hours, has been developed over a period of years by MSC Extension Dairyman A. C. Baltzer, who is MABC secretary. Aiding in the 1953 calendar were Fred Dombroske, plant manager; John Hecker and Byron Carpenter, fieldmen, and Richard Green, research assistant. Dairywomen will have a chance to inspect the calendars during open house at the MABC, south edge of the MSC campus, in Farmers' Week, January 26-31.

One section of the calendar record is for information by dairywomen on individual cows and for MABC inseminators to fill in data. This gives farmers a chance for a complete and accurate record and provides better breeding results. The information includes cow's name, dates of last calf and three heats, dates of four services with names of bulls, dates when dry, due and fresh and calf sex and inventory number, plus remarks such as "calved on pasture, O. K."

The calendar proper is "blocked" by weeks so it is easy to check the repeat date of a heat period—normally at 21-day intervals. Above each date—when a cow might be bred—is the date the calf should be due.

Use of this information by thousands of Michigan farmers is keeping pace with growing MABC activity and shows that dairywomen prefer to keep records.

Bruce Wheeler of Snover; one sister, Mrs. Daniel Leslie of Decker; twelve grandchildren; two great-grandchildren; two stepsons, Mr. Dwain Geister of Decker and Mr. Grant Geister of Brown City; one stepdaughter, Mrs. Erna Brant of Brown City; eight step-grandchildren, and six step-great-grandchildren. One son, two brothers and one sister preceded her in death.

Funeral services were held at the Shabbona Methodist Church at 2:00 p. m. Sunday. Rev. Floyd Porter, pastor of the Cass City Methodist Church, officiated and burial was in Elkland Cemetery.

Early Oil Workers
The first "roustabouts" in Burma's oil fields along the Irrawaddy River were captives of an ancient king, and the first wells were plank-lined shafts dug by hand to depths up to 400 feet. As late as the 19th century, scantily clothed diggers were lowered by rope into the gaseous atmosphere at the bottom of these wells, where for 30 painful seconds they frantically shoveled oil-soaked earth into pots. Then they were hauled up to recover from near suffocation.

Shellac Chalky Wall
If you have trouble applying wallpaper to plaster that is very chalky try coating the wall first with a thin coat of fresh shellac. Shellac dries quickly and will allow the wallpaper to be applied on it in the usual way.

NEWS from RESCUE

John Cooley, youngest son of Mr. and Mrs. Arthur Cooley, Sr., left last Saturday from Selfridge Air Force Base for a Pittsburgh air base.

Watch for "Sheep Scab" in Area Flocks

Appearance of "sheep scab" in one Michigan area has caused Graydon Blank, Michigan State College sheep specialist, to remind sheepmen of urgent need to be on the lookout for further cases. Due to vigilance by sheep raisers and officials, Michigan has been kept scab-free since 1946.

Scab, not to be confused with the virus disease "scrapie" which caused a federal quarantine in California, has similar symptoms. Both cause sheep to be restless and have an itchy condition, but scab comes from a parasite. The yellowish-white eight-legged mites can be barely seen with unaided eyes and they cause scabiness and loose patches of wool.

Sheepmen should check scab indications with their local veterinarian, who will report these conditions to Dr. Lee Davison, state veterinarian. Aid will be given owners in dipping infested sheep. Buyers of out-state sheep should insist on a clean health certificate.

Rubber Pads

Use rubber pads in the sink which is used as a wash basin for the dishes to make the work quiet as well as to prevent chipping.

Complete Educational, Entertaining Program Scheduled for Farmers at East Lansing

Agriculture is facing a growing challenge—turning less land and labor supply into fuller food and fibre production—and Michigan farmers will seek answers to many problems next week in East Lansing. Some will drive for the day; others will stay in college or private housing.

The most complete educational, yet entertaining, program for farm folks that can be covered in one week has been planned at Michigan State College for its 38th annual Farmers' Week, January 26-31. From Monday morning until Saturday afternoon, every day and evening will be filled. Parking lots are available at the stadium and on the south campus.

Macklin Field Stadium will be a bigger exhibit area this year—with the west concourse, under the stadium, also enclosed and heated. Exhibits in the east concourse, enclosed two years ago, will include insects, soils, landscaping, farm economics, museum and art displays, farming and nursing education, short courses, crops, forest products, wildlife, zoology, conservation, plant pathology, engineering, 4-H Club, Michigan State Police and Flying Farmers. Among west concourse features will be "Animal Industries" exhibits of beef and dairy cattle, hogs, sheep and poultry.

"Exhibits will be placed at noon on Monday, and will remain on display until Friday noon," announces Ernest L. Anthony, longtime MSC agriculture dean

and Farmers' Week general chairman. "Those at the stadium will be open for inspection until 7 p. m. on Tuesday and Thursday."

Farmers can find something of interest every day with programs featuring everything from apiculture to zoologists.

Monday is "Dairy Day" with Ayrshire, Brown Swiss, Guernsey, Holstein, Jersey, Red Dane and other dairymen joining in programs and it will also feature labor-saving and life-saving programs in agricultural engineering. Visitors to the new Giltner hall, veterinary medicine headquarters, will find exhibits of parasites, diseases, tests, surgery and bacteria, from 10 a. m. until noon and from 1 to 3 p. m. all week long.

Tuesday will open the various agricultural economics meetings, will be "Farm Machinery Day," "Horse Day," "Sheep Judging Day," "Sugar Beet Day," "Egg Marketing Day" and opening day for an expanded horticulture program covering fruits, vegetables, nuts and ornamentals.

Tuesday afternoon, in the auditorium, Herbert Philbrick will report "I Was a Counter-Spy for the FBI" and Tuesday night Irving Johnson will show color movies on his 18-months Yankee Clipper trip.

Wednesday afternoon, visitors will "Meet the Students of MSC" with the band, football team, glee club and other activity groups and Wednesday night there will be three major banquets, followed by conservation movies. Dr. Tenneyson Guyer, humorist from Findlay, Ohio, will speak to short course alumni. Dr. H. E. Kildee, dean-emeritus of Iowa State College division of agriculture, will talk to livestock men. C. W. "Bill" Otto of Lansing Chamber of Commerce will talk to the crops-soils group. Beekeeping, drainage, beef cattle, swine, maple syrup, grass silage, muck farming and community and labor problems are other items Wednesday.

One highlight Thursday will be an afternoon message by Dr. Milton S. Eisenhower, president of Pennsylvania State College. In the evening, 4-H youth will present a talent show. A farm management banquet and a fat stock sale are other Thursday features. Soil conservation and muck farmer meetings will continue Friday and Saturday. Dairy breeding will be a big Friday feature, with open house at Michigan Artificial Breeders Cooperative.

Feathered Firebug
In the official records of the Blackman, Mich., township fire department, a blaze which was doused in a tree was attributed to "a bird playing with matches."

Throw Away Old Dishes
It is not thrifty to keep old dishes. Fall cleaning time is an opportunity to get rid of chipped and cracked dishes—especially cups. When the glaze is worn or chipped from dishes they simply cannot be sterilized and hence they may be a health hazard.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Five Years Ago.

Frank Hall, for 37 years a rural letter carrier on Route No. two, Cass City, died at his home here Wednesday, after a long illness. James Pethers, while wintering in Mississippi, caught a fish in the Gulf of Mexico, weighing 45 lbs. and was 40 inches long and 35 inches around.

Elmer Simmons was owner of the high cow for December, a seven-year-old grade Holstein which produced 1,680 lbs. milk with a 5.7 test, netting 95.8 lbs. butterfat.

Six members of the Cass City Livestock Club were guests at the Detroit Farmers' Club luncheon at the Statler Hotel Thursday. They were: Lota Little, Billy Zinnecker, Ed Karr, Marilyn Loney, Carl Buehly and Alex Murray.

Ten Years Ago.

Because of ill health, Allan Garbutt will have an auction sale Tuesday, Jan. 26, and Joseph Paesko also advertises an auction to be held Jan. 27. Both auctions will be sold by Arnold Copeland.

Miss Loretta Jackson, daughter of Mr. and Mrs. Edgar M. Jackson of Cass City, became the bride of Mr. Willis Brown, son of Mr. and Mrs. John Brown of Cass City. Rev. Frank B. Smith read the service.

A campaign for silk and nylon hosiery salvage has been inaugurated in Cass City, and women are asked to leave discarded hose at the Pinney Dry Goods Co., Prieskorn's or the Smith Store.

Twenty-five Years Ago.

Bad Axe High School defeated Cass City here Tuesday night with a 19-16 score. The players for Cass City were: Flint, McKenzie, Brown, Edgerton, Bailey and McCullough as sub.

Word has been received from

A. W. Thompson, assistant state director of interscholastic athletics, that Cass City had been selected as the school to entertain the 1928 district tournament No. 10. It will be held March 1, 2 and 3 and possibly 20 schools of Tuscola, Huron and Sanilac Counties will participate.

Wm. W. Zinnecker, son of William Zinnecker of Cass City, and Miss Helen Bernice Bradford of Pontiac were married January 14. Installation of private lighting plants in Grant Township have been made in the homes of Herbert Maharg, John Day, S. H. Heron, Twilton Heron and Audley Rawson. The plant at the Rawson farm will also furnish lights for the James Day home.

Thirty-five Years Ago.

Mr. E. H. Pinney, who started a banking business in Cass City in 1886, died very suddenly Saturday morning.

A representative of the Barnes Book Concern of Chicago Monday was in conference with President B. J. Dailey, Secretary S. C. Champion and Treasurer J. C. Farrell to decide what attractions would be most suitable for the Cass City Fair this fall. The Cass City Lumber and Coal Co. has recently purchased a double surfacer and matcher which will handle a timber 8x26 inches in size, and also a 36-inch circular resaw.

Geo. Davenport died at his home, northwest of Cass City, early Wednesday morning.

Plenty of Fish

Prime commercial fish of the United States is the menhaden, used mainly for fertilizer. This fish, the supply of which appears inexhaustible, is also called bughead, bugfish, oldwife, alewife, greentail, and chebog.

Michigan Mirror

Michigan's perpetual jitters are not being helped by speculation as to the intentions of the state's number one vote-getter, G. Mennen Williams.

Both parties are on edge, trying to figure out what he has in his mind. Will he run for re-election as governor in 1954 or will he turn his hounds loose on the senate chair of Sen. Homer Ferguson?

Ferguson, and his fellow Republicans, is hopping around like a cat on the stove. He is nervous—

The Democrats also are on the griddle. If Soapy decides to go for the senate, they will have to groom some strong hopeful for the 1954 gubernatorial campaign. They want to know what the tall man with the cowlick is going to do.

Williams isn't talking—yet. If he runs for a fourth term, he'll be bucking the odds. No governor yet has made it. Only Grobeck has tried. He lost. Owen Cleary, new secretary of state, has made it clear he considers his job only a stepping stone to better fields. State Treasurer D. Hale Brake, a consistent vote-getter,

is tops in experience and qualifications and may try for the governorship in 1954.

If Williams takes a crack at the senate, he'll be risking all the political prestige he has garnered in the last four and one-half years. Should he lose—and there are those who feel he would have trouble in such a race—he would forfeit his gain unless a Democratic administration goes back to Washington in four years.

There's no question about it, the governor is looking at the White House. After knocking off Alger in 1952, he has a right to gaze at Washington.

But it must be remembered that a junior senator—which is what he would be if elected—is assigned to only the minor committees and rarely makes news.

If he runs for a fourth time and is elected, he will be making national history. Every voter in the country will know who Soapy Williams is.

Slate Seed Show

The fortieth annual state seed show will be held in connection with Farmers' Week, Michigan State College, January 26-30, according to Alfred P. Ballweg, county agricultural agent. The crops show is sponsored by the Michigan Crop Improvement Association. In the grain and small seed section, entries must represent seed offered for sale except in the case of beans and open pollinated corn. Exhibits must reach the College not later than January 22. Shipments should be addressed to S. C. Hildebrand, superintendent of exhibits, East Lansing, Michigan, advises Ballweg.

Protective Measure

Ladders of wood should be shielacked, varnished or given at least two coats of linseed oil as a protective coating. Paint is satisfactory for metal ladders, but not for wooden ones, as it may conceal defects which are easily seen through the transparent coatings. Additional protection can be added by first treating the wood with a rot-preventive, such as copper naphthenate or chlorinated phenol.

Causes of Frostbite

Chilling, wetting, hunger, exhaustion, anxiety, blood loss, smoking and body immobility are some of the factors which may contribute to the freezing of limbs, according to a study made of a group of American soldiers in Korea returned for treatment of frostbite.

Appetizing Fruit Salads Spell Refreshment

(See Recipes Below)

Flavor-Bright Salads
WHAT'S MORE enticing to the appetite than a glorious fruit salad? You can develop many favorites in your kitchen from seasonal fruits as well as canned ones.

Like all clever cooks, you'll want to keep a supply of flavor-rich canned fruits and fresh ones chilling in the refrigerator. With these, you're always prepared to make delicious salads. Some of the salads may be made on individual plates while others can be made on big platters for a colorful help-yourself salad for bridge luncheons, leisurely Sunday night suppers and evening parties too!

Pineapple-Pear Salad Platter

(Serves 8)
1 No. 2 1/2 can pear halves
1 No. 2 1/2 can sliced pineapple
Salad greens
Pecan halves
Cream cheese
Chill and drain fruit. Place a salad dressing "boat" or bowl of salad dressing at the back of a large serving plate. On a bed of crisp salad greens overlap pear

halves at the front of the bowl, slanting them toward the center of the plate. Fill pear centers with "cheese-nut pits" (put 2 pecan halves together with cream cheese). Overlap pineapple slices forming a half circle at the front of the plate. Garnish with water-cress.

Fruity Pineapple Fruit Dressing

(Makes 1 1/2 cups)
1/4 cup sugar
1/2 teaspoon salt
1 1/2 tablespoons flour
1 egg, slightly beaten
3/4 cup syrup drained from pineapple slices
2 tablespoons lemon juice
1 teaspoon grated lemon peel
1/2 cup whipping cream
Combine sugar, salt and flour. Blend in egg and syrup. Cook, stirring constantly, until thick. Remove from heat and cool slightly. Blend in lemon juice and peel. Chill. Whip cream stiff and fold into pineapple mixture.

When pan-broiling meats, brown on both sides in own fat or just enough added fat to keep from sticking. Use a high or medium heat. Length of cooking time depends upon tenderness and thickness of meat.

Tomato-Ham Buffet Salad

(Serves 6-8)
2 envelopes unflavored gelatine
1 1/4 cups water
1 can (1 1/4 cups) condensed tomato soup
1/2 cup cottage cheese
2 tablespoons lemon juice
1 tablespoon grated onion
1/2 cup mayonnaise
2 teaspoons prepared mustard
2 cups ground cooked ham

Soften gelatine in 1/4 cup water; set aside. Heat 1/4 can soup; add gelatine and dissolve. Stir dissolved gelatine into remaining soup and 1 cup water. Add cheese and mix until smooth. Chill until slightly thick; add

lemon juice, onion, mayonnaise, mustard and ham. Rinse an 8-inch mold with cold water; pour in mixture and chill until firm. Unmold and serve on crisp salad greens.

Red and White Salad

(Serves 4)
1 envelope unflavored gelatine
1/2 cup water
1 can (1 1/4 cups) condensed tomato soup
1 teaspoon grated onion
Lettuce
1 cup creamy cottage cheese
Soften gelatine in cold water. Heat soup; mix in softened gelatine and grated onion. Pour into 1 large or 4 individual molds that have been rinsed with cold water. Chill until firm. Unmold on lettuce; serve with a top-knot of cottage cheese.

Lynn Says:

Refresh dried vegetables until plump in water to cover, before cooking. Peas and beans must be soaked for several hours. Some dehydrated vegetables can be refreshed in thirty minutes to one hour and some, like greens, require no soaking. Leave oven door ajar after food has been removed and heat turned off. This permits oven to cool without condensation of moisture on various parts. Cool oven thoroughly before washing to prevent crazing of porcelain finish.

Lovely Platter Makes Main Dish

Here's a lovely platter which makes a perfect main dish for luncheon or Sunday night supper. All the fruits, with the exception of the prunes, may be canned to cut down preparation time.

Fruit Cottage Cheese Salad

Cottage cheese
Salad greens
Peach halves
Pear halves
Pineapple slices
Kadota figs
Grapefruit sections
Dried cooked prunes
Maraschino cherries
Arrange cottage cheese on lettuce in the center of a chop plate. Arrange chilled peaches, pears, pineapple and figs around the cheese. Place grapefruit sections in split and pitted prunes. Place on top of peaches. Garnish pears with a maraschino cherry. Water cress and romaine may be used as additional garnishes.

Jellied Turkey-Pineapple Loaf

(Serves 8-10)
Pineapple Layer:
1 package lemon gelatine
3/4 cup hot water
1 cup pineapple juice, drained from a No. 2 can crushed pineapple (2 1/4 cups)
1 1/4 cups well-drained crushed pineapple
1/2 cup grated carrot
Turkey Layer:
1 package lemon gelatine
1 chicken bouillon cube
3/4 cup hot water
1 cup cold water
Grated rind of 1 lemon
2 tablespoons lemon juice
1 cup finely chopped cooked turkey
1 cup finely diced celery
1/2 cup sliced stuffed green olives
1/2 teaspoon salt, or more
Pineapple Layer: Pour hot water over lemon gelatine. Stir until gelatine is dissolved. Stir in pineapple juice, pineapple and carrot. Blend and cool until mixture is thickened. Pour into a 1 1/2-quart mold. Chill until set. Pour turkey layer on top.

Turkey Layer: Dissolve the gelatine and the bouillon cube in the hot water. Add cold water stirring constantly. Cool until mixture is thickened. Add remaining ingredients. Season to taste with salt. Pour mixture over top of set pineapple layer. Chill until firm. Turn out of mold onto lettuce or other greens. Serve with salad dressing.

Ewes Need Shelter

Ewes need a dry ventilated shelter for winter, stress Michigan State College livestock specialists. Ewes with dry fleeces and dry bedding will keep warm. Overheated pens cause ewes to perspire and catch cold; ventilation removes moisture, but drafts must be avoided.

Two Michigan counties are among the 100 top U. S. counties in chicken raising—Allegan being 27th and Ottawa 81st. Allegan was 25th in egg sales and Ottawa was 85th in U. S. census figures.

**Dunham Holstein
 Tops DHIA Tests**

George Dunham of Caro is the owner of a grade Holstein, age 5, and producing 1880 lbs. milk with a test of 7.5 and 141 lbs. fat. She leads the parade of 263 cows producing 50 lbs. of fat or more in dairy herd improvement testing during December, according to Tuscola County extension agent, Alfred P. Ballweg. In second place is a registered Holstein, also age 5, producing 2560 lbs. milk, 4.6 test and 117 lbs. fat owned by H. T. Donahue, Cass City. Paul and Orin Titworth, Millington, are the owners of a grade Holstein, age 7, producing 108 lbs. fat and to stand in third place. 102 lbs. fat is the record made by a registered Holstein, age 8, owned by Otto Bauer of Fairgrove. In fifth place is another registered Holstein, age 4, owned by Harry Russell & Sons, Gageton, producing 99 lbs. fat. L. S. Gussell & Son of Caro are owners of a grade Holstein, age 6, with 95 lbs. fat and placing sixth. Owners of dairy cows placing from seventh to tenth are again Otto Bauer of Fairgrove; George Foster, Fostoria; Ben Loeffler, Reese, and Norman and Wallace Koepfendorfer, Vassar. The number of cows producing 50 lbs. fat or more in December was exceeded only by the month of May when 280 cows stood in this class.

To lead the parade of cows in the 305-day records is "Pontiac," a registered Holstein, age 6, producing 17,800 lbs. milk and 664 lbs. fat, owned by Ben Loeffler of Reese. Alton Reavey of Akron is the owner of a registered Holstein, age 5, with 17,000 lbs. milk and 682 lbs. fat in 289 days to place second. "Dewdrop," a grade Holstein, age 3, owned by Henry Opperman & Sons of Millington, placed third with 15,500 lbs. milk and 624 lbs. fat. In fourth place is a grade Holstein, age 10, with 14,700 lbs. milk and 617 lbs. fat, owned by Ruben Rohloff of Reese. A registered Holstein, age 4, owned by H. T. Donahue, Cass City, stands fifth in the 305-day records with 14,915 lbs. milk and 548 lbs. fat. Other D. H. I. A. members with cows placing from fifth to tenth are: John Horst, Akron; Floyd Churchill, Caro; Ross and Clair Russell, Caro; H. T. Donahue, Cass City, and Rufus Wark of Akron. A total of 58 animals are in the 305-day records class and producing 371 lbs. fat or more.

Leading the parade of 50 herds producing 80 lbs. fat or over is that of Dean Robinson of Caro with 11 cows with an average of 1490 lbs. milk and 51.3 lbs. fat. The herd of Emil Engelhard of Unionville is a close second with 1318 lbs. milk and 47.9 lbs. fat. In third place is the registered Holstein herd of Sam and Marvin McCree of Unionville with 18 cows producing 1188 lbs. milk and 44.0 lbs. fat. Other dairymen with herds placing from fourth to tenth are: Alton Reavey, Akron; Ben Loeffler, Reese; Rufus Wark, Akron; A. B. Quick, Caro; John Horst, Akron; Grover Laurie, Cass City, and Edward Krohn, Cass City.

There were 82 herds under test during December 1952, representing 1609 dairy animals, reports Ballweg.

**Merle Hoag Joins
 Social Fraternity**

Merle Hoag, son of Mr. and Mrs. Andrew Hoag, became a member of the Delta Sigma Phi Fraternity recently when he was initiated into the national social organization. Merle, a former athlete at Cass City High School, was initiated into the Gamma Tau Chapter of the fraternity at Michigan State Normal College Jan. 11.

Attending the initiation was the Alpha Theta Chapter of the University of Michigan.

Merle is a member of the varsity baseball team and chairman of campus forums at Normal.

**Christian Missionary
 At Methodist Church**

One of the last Christian missionaries to leave the area of China controlled by the communists will speak on Wednesday, January 23, at 8 p. m. at the Cass City Methodist Church. The Rev. Perry O. Hanson, missionary of the Methodist Church, who left China for America in December 1951, after 43 years of service in that nation, now makes his home in Iola, Kansas, but is active as an unofficial ambassador from the Christians of China to their brethren in the churches in America.

Mr. Hanson's 43 years of ministry were all spent in Shantung Province, in the "holy land" that includes Mount TaiShan, the oldest sacred mountain in the world, and also the birth-towns of both Confucius and Buddha. The area is now completely in communist hands.

He will speak on the current situation in China and the Far East Wednesday.

Farm records are tools for better management, reminds Everett M. Elwood, Michigan State College farm economist. They are both financial and production tools.

MYSTERY DISEASE

Puzzling Polio

Poliomyelitis, which has been running its usual vicious summer course through the U. S. again this year, continues to rank as one of mankind's most puzzling diseases despite the avid research during the past two decades.

Its bizarre pattern, its unpredictability, its predilection for children, its tragic after-effects have posed questions medical men still are unable to answer with certainty.

Dr. J. J. Condon, a member of the medical department of Lumbermen Mutual Casualty company, one of the world's largest casualty organizations and writers of polio insurance, calls polio "a mystery disease about which much is known, but far more still is unknown."

Writing in an insurance publication, the physician says some of the mysteries surrounding polio include how the disease is transmitted and exactly what causes it.

For example, one transmittal theory blames the fly. Another says it's passed on by foodstuffs, especially fruits and vegetables. Another says contaminated water is the villain, while still another blames direct contact with an infected person.

Dr. Condon reports, however, that polio has occurred in sub-Arctic zones and in other areas where the fly, overpopulation, vegetation and water supply are no problems.

It also is not unusual for polio to break out in isolated areas some 50 to 100 miles from epidemic zones that have entirely different food and water supplies.

Further complicating the search for answers is the fact that frequently polio appears on isolated farms which no one has left or visited for weeks.

A theory that has aroused considerable interest holds that polio is transmitted by migratory birds in flight. The physician says this theory may have merit because the bird population shows a remarkably high death rate in areas where polio epidemics occur among humans.

There also are numerous theories as to the cause of polio, such as the belief the disease may come from chemical poisoning probably found in vegetables or other food products, or can be caused by alkaloids found in weeds and other plants eaten by animals later slaughtered for human consumption.

The theory held by most learned medical men, however, is the virus theory. Dr. Condon says three definite types of polio virus have been identified so far.

"Old Dobbin" isn't gone yet—working horses, colts and saddle horses will be put through paces at Michigan State College's Farmers' Week.

Roy Anthes, who is vacationing in Florida, writes that they are "having good hay weather here." He visited the Adams and Snow Crop packing plants, where truck loads of fruit are processed every day. He adds, "some loads of oranges are over 200 bushels, like a meat packing plant, nothing is wasted—after the acid is extracted from the peel, it is processed into dairy mineral for cow feed."

A large group of teen-age boys gathered at the home of Mr. and Mrs. Ezra Hutchinson Thursday evening for a farewell party in honor of Alvin who left Monday morning for Fort Wayne. Games were played and roller skating at the arena were enjoyed, after which all returned to the home, where a tasty lunch was served by Mrs. Hutchinson, assisted by Mrs. Wm. Patch and Mrs. James Parker.

Mrs. Milton Hoffman received word Friday of the arrival in Honolulu of Mr. and Mrs. T. Gilmore Andrews of Northridge, Cal. Mr. and Mrs. Andrews plan to spend several weeks in the Hawaiian Islands. They went to Florida last winter, planning to spend the winter, but were called back to protect their home from the floods. Mrs. Andrews is a sister of Mrs. Hoffman and a former resident of Cass City.

Lumber supplies will be adequate for farm building in 1953 and most prices will be about the same, forecast Michigan State College economists. Prices will be higher in the better grades of lumber.

Inflation is easy—you just rob the guy who saved money to help the guy who lived too high.

Dies In Brown City

Mrs. Susan Parker, 88, widow of Matthew Parker, died suddenly early Sunday in her home near her daughter at Brown City.

A resident of Cass City for many years, she moved to be near her daughter after selling her home west of town a short time ago.

Daughter of the late Mr. and Mrs. Abraham Matthews, she was born May 28, 1864, at Park Hill, Ont. On Dec. 15, 1884, at Caro, she was married to Mr. Parker who died Dec. 23, 1948.

Surviving are two daughters, Mrs. Cora Harrington of Pontiac and Mrs. Mildred DeLong of Brown City, and two grandchildren.

Funeral services were held Wednesday at 2 p. m. in the Douglas Funeral Home. Rev. G. E. Hutches of Lansing, a Seventh Day Adventist minister, officiated and burial was in Elkland Cemetery.

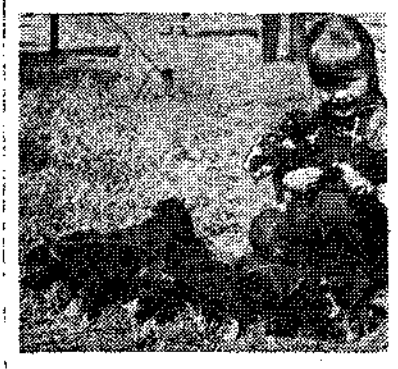

Slate Youth Sunday At Local Church

In cooperation with National Youth Sunday observance in the Presbyterian Church, youth in the local church will participate in the service of worship at 10.30 a. m., January 25.

The following young persons of the Senior and Junior High Westminster Fellowship groups will take part in the order of service: Fred Martin, presiding as leader of worship; Richard Donahue, leader of the responsive reading; the scripture lesson will be read by Ruth Merchant; prayer will be offered by Jack Perry, and the announcements will be made by Robt. McEachern.

There will be an anthem by a girls' chorus. The Rev. M. E. Vender will speak on a subject of special interest to young persons.

Baby Swine Beauties

Pigtailed Shirley Couch, 3, of Trenton, N. J., proudly shows off her Poland China piglets which she entered in the baby swine beauty contest at the New Jersey state fair in Trenton in September. This oldest fair in the country and the largest in the East marked its 207th birthday this year. The piglets, incidentally, were only nine hours old when this picture was taken.

City League, Mon., Jan. 19
The Knoblet team rolled the highest team single game of the season as they hit 964 actual pins. Team member scores were Asher 230, Kolb 192, Nickerson 145, Parker 154 and Knoblet 243. Captain rolled high single game of the evening, 243. Captain Guy Landon rolled the high three game series as he rolled a tripartite score of 198 for each game. To our knowledge, that is the highest tripartite score rolled on our City Association since being sanctioned. Our records show that Guy is the fourth sanctioned member to accomplish this scoring effort. He will receive an A. B. C. chevron. Guy was 36 pins per game short of Jim McKenna of Albany, California, who hit 234 in each of his three games on October 6th of this season. The A. B. C. tripartite record is held by Therman Gibson, Detroit, who scored three 268 games in 1936 in his home town of Grand Rapids.

The leaders in various scoring departments of the City League as of Jan. 19 are recorded as follows: Team high three game series, Knoblet with 2549. High single game, Knoblet 964. High individual three game series, Galloway with 610, high single game, Murray 246.

Use Caution When Feeding Cattle Urea

"Take it easy with urea," advises Alfred P. Ballweg, Tuscola County agricultural agent, explaining that urea—sold now as "Two Sixty Two"—should be fed to dairy cows with caution. Urea may be wasted, he explains, as rumen bacteria may not be able to convert the nitrogen from urea into protein fast enough to use it all. Over-feeding of urea can cause death of cows. The safest source of urea for dairymen is in commercial concentrates with not more than 5 per cent urea and they should suspect higher urea percentage where crude protein is 50 per cent or more of the concentrate. Money is wasted feeding high-protein concentrates—urea or not—to cows that have a liberal feeding of hay that is at least one-fourth legumes, notes the agricultural agent. Good legume hay and farm cereals usually are adequate feed.

NOW WE CAN MAKE YOUR GRAIN WORTH MORE!

We can grind and mix it into Purina Approved Rations

YES, we are equipped and approved as a Purina Custom Mixing Station. We grind your grain and mix it into balanced rations that do a much better feeding job for your chickens, turkeys, cows, hogs or steers. Your grain goes much farther, and your feeding cost is greatly reduced.

In all your rations, we can use Purina Concentrates, and mix them according to Approved Purina formulas. These are farm-proved for getting best possible results from your grain.

Come see our equipment, or bring a load of grain and let us show you the first-class job we do.

World's newest

V8

with a million miles behind it

HERE, in literal fact, is the most advanced V8 engine ever placed in a standard-production American automobile.

It is the first such V8 to reach an 8.5 to 1 compression ratio, and the first with a dynamic flow muffler that cuts power loss to zero.

It is the first V8 to utilize vertical valves together with a 12-volt electrical system instead of the usual 6. It is also the first designed with new "T" type intake manifold to replace the "Y" type conventionally used in V8s.

It is, quite simply, the first V8 Fireball Engine—the engine that brings electrifying performance to the greatest Buicks in fifty great years—the engine that powers the 1953 Buick ROADMASTER with 188 hp., and the 1953 Buick SUPER with up to 170.

Naturally, this spectacular new V8 has been proved—by eight years of developing, testing, improving, perfecting—

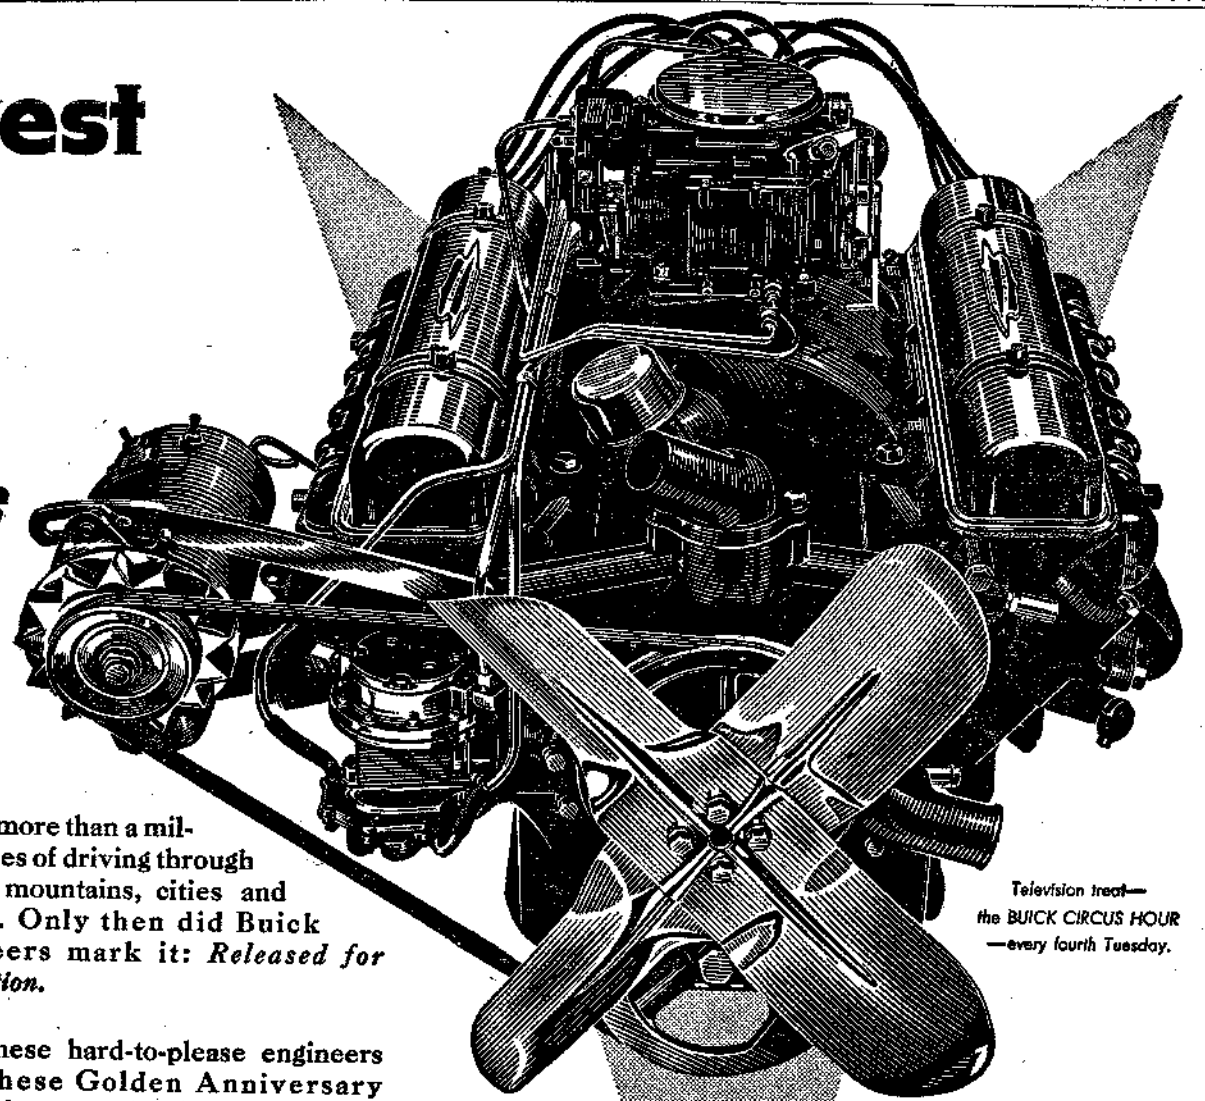

and by more than a million miles of driving through desert, mountains, cities and plains. Only then did Buick engineers mark it: Released for Production.

But these hard-to-please engineers gave these Golden Anniversary Buicks far more than new power.

They gave them, too, a still finer ride, more superb comfort, new braking power and handling ease—and a sensational new Twin-Turbine Dynaflo Drive* that adds new quiet and whip-fast getaway to absolute smoothness.

Nothing, we believe, will do more justice to your automobile dollars—or to your love of magnificent motoring—than a visit to us right now.

Practically all seed corn is treated before Michigan farmers get it, notes E. C. Rossman, farm crops specialist at Michigan State College.

Michigan was one of five Midwestern states where U. S. Department of Agriculture veterinarians reported anthrax, especially among hogs, on the increase in the latter part of 1952.

Dry poultry litter is a wintertime must for healthy birds, advise Michigan State College poultrymen.

To Stress Poultry At Farmers' Week

Activities of interest to every poultryman will be included in the Farmers' Week program at Michigan State College, reminds Tuscola County agricultural agent, Alfred P. Ballweg. Farmers' Week will be the last week of January. Egg marketing day will be Tuesday, January 27. Wednesday will be poultry management day and Thursday will be turkey day.

Poultry activity this year will be divided between formal programs in the poultry building, on South MSC Campus, and exhibits under the football stadium, Ballweg has been informed. Most of the formal program will be January 27, 28 and 29.

Tuesday morning's program will include talks by Mel Flock of DeKalb Hybrid Seed Company; Casper Blumer, Alcona-Oscoda agricultural agent; Al Silk, a southern Michigan egg buyer, and J. W. Stacey of Kroger Baking Company, Detroit. An afternoon panel discussion will be led by J. A. Davidson, poultry husbandryman at MSC. Panel members will include Warren Mueller, Dansville farmer; Ralph Sheppard, manager of Napoleon Egg Cooperative; Mahlon Sweet, former Ohio extension poultryman and now a marketing magazine editor; Bill Cato, Michigan egg grading supervisor; Miles Nelson, chief of the State Department of Agriculture's bureau of marketing and enforcement, and Mary Bodwell, MSC home economist.

Egg-washing, labor-saving in the laying house and better poultry housing will be discussed and demonstrated Wednesday morning and poultry breeds and profits will be covered in the afternoon.

Turkey problems, on Thursday, will be followed in the afternoon by the annual meeting of the Michigan Turkey Growers Association.

The Poultry Science Club will stage its annual chick and egg show.

Michigan's outbreak of anthrax among hogs was in late 1951 and early 1952 and was blamed on contaminated feed. Troubles in the fall of 1952 with vesicular exanthema were blamed on feeding uncooked garbage. It will pay to give hogs clean, quality feed in 1953.

Local Church Sends Two to Presbytery

Elder Leonard McLean and Rev. M. R. Vender attended a meeting of the Flint Presbytery in the Presbyterian Church at Sandusky on Tuesday. Thirty-six of the 42 Presbyterian Churches comprising the Presbytery were represented.

Pastoral calls were extended (and approved by Presbytery) from the Lapeer Church to Rev. Steve Crowell at a salary of \$4800.00; from the Fleming Road Mission Church in Flint to Rev. Shoemaker, graduate of McCormick Seminary, salary \$3600.00; from the Harbor Beach-Bloomfield Parish to Rev. Charles Johnson of St. Marys, Ohio, at a salary of \$4600.00. Five other churches announced increases in pastoral salaries, including the Cass City Church.

Rev. John Meyer, pastor of Fairgrove and chairman of the Pastoral Relation's Committee of Presbytery, announced that the churches still without pastors are Akron, Second of Marlette and Elk.

The Rev. Robert Yolton of Crosswell, chairman of the committee on United Promotion, outlined plans for a national observance of "Presbyterian Day," with a program in each church. In the itinerary for Flint Presbytery, two Presbytery leaders and a Synod representative will visit the Cass City Church on February 4. A potluck supper is planned to open the meeting. The Rev. M. R. Vender is a member of Team Four on the Visitation Staff.

The next meeting of Presbytery will be a special Layman's Day in First Church, Port Huron, on Sunday afternoon and evening, February 8.

The Committee on Christian Education presented a young man from the Deckerville Church as a candidate for the ministry. He was taken under the care of Presbytery. An officer training school was announced, following Easter.

Dr. David E. Molyneaut, minister of First Church, Flint, was elected moderator for 1938.

The Price Is Right
In Pulaski, N. Y., a committee to raise funds for dredging the channel between Big Sandy Pond and Lake Ontario learned from U. S. Army engineers that the job would cost about \$250,000, decided to accept a local contractor's bid of \$3,500.

Presbyterian Guild Meets Monday

About 25 were present Monday evening when Mrs. James Champion was hostess to the Young Women's Guild of the Presbyterian Church.

Mrs. A. J. Knapp conducted devotions. For the program, Mrs. Edward Pinney gave a chronological report of the Ladies' Aid Society from its beginning. Rev. Vender spoke on the new revised version of the Holy Bible. The Misses Janice Bartle and Phyllis Copeland played two clarinet duets.

Mrs. Edw. Pinney and Mrs. A. J. Knapp presided at either end of the table when refreshments were served by the hostess, assisted by Mrs. Chas. Auten and Mrs. C. M. Wallace.

The February meeting will be with Mrs. Robert Schuckert.

Final Rites Held For Mrs. Melzar Thane

Funeral services for Mrs. Melzar Thane, 40, Caro, the former Vera Rohrbach of Cass City, were held Wednesday afternoon in Sunshine Methodist Church. Rev. Dr. E. Ray Willson of Port Huron officiated, assisted by the pastor, Ted Hastings, and burial was in Elkland Cemetery.

Mrs. Thane, who was employed at Caro State Hospital, went to work Monday and suffered a cerebral hemorrhage, from which she died five hours later. She was born June 22, 1912, in Evergreen Township and was married to Mr. Thane August 25, 1928.

Besides her husband, she leaves two daughters, Mrs. Louis Cheek, Jr., of Vassar and Dorothy at home; a granddaughter; one brother, Emanuel Rohrbach of Flint, and two stepbrothers, Ray Fleanor of Cass City and Dr. Wayne Fleanor of Albion. She was the daughter-in-law of Mr. and Mrs. Delbert Thane of Cass City.

Prowler

After stalking him for a week, police in Oberhessen, Germany, closed in on a second-story thief whose skilled night-time prowling had kept them alert but baffled. The prowler was a hungry rhesus monkey searching for food.

Mexican Livestock Freed From Ban Foot-Mouth Disease Menace Is Defeated

Mexico is free of foot-and-mouth disease. The announcement means that prohibitions against the importation from Mexico of cattle, sheep, other domestic ruminants and swine, and fresh, chilled, or frozen beef, veal, mutton, lamb, and pork are removed for the first time since December, 1946.

At the same time, quarantine lines within the country of Mexico, established between the quarantined zone and the free zones, are abolished.

The Mexican-United States Commission for the Eradication of Foot-and-Mouth Disease has been abolished. Secretary of Agriculture Charles Brannan stated. However,

These cattle, raised on a ranch in the Sierra Madre mountains of northern Mexico, were among the many that moved across the border when the U. S. government removed its eight-year quarantine on Mexican cattle.

A small group of workers from the United States and Mexico will continue greatly reduced activities under the direction of a newly formed Mexican-United States Commission for the Prevention of Foot-and-Mouth Disease. These workers will be available to inspect animals and diagnose symptoms that resemble foot-and-mouth disease.

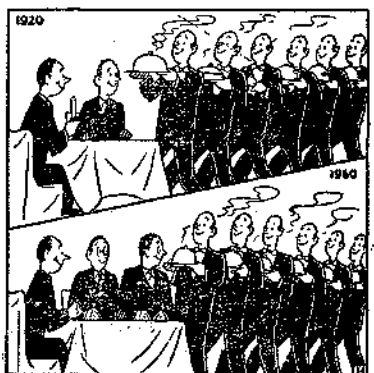

Livestock importation from Mexico will be governed by slightly more stringent regulations than applied before foot-and-mouth disease was identified there.

Utilize Farm Soils More Wisely, Warning

Better use must be made of farm soils already under cultivation, if America is to avoid running out of land in the years ahead, farm economists declare.

Research specialists in the U. S. Department of Agriculture estimate that the nation may be short about 70 million acres of farm land by 1970, if the population growth continues to boost the demand for food and fibers.

They point out that the population is increasing at the rate of 2 1/2 million a year, while all our good farm land is already in crop. These specialists estimate that today there are only 2 1/2 acres of crop land per person, compared with

3 1/2 acres at the close of World War I. By 1960 there will be less than two acres and this ration will get smaller as time goes on.

All this means that any future increases in farm production must come from acres already under cultivation.

Dr. Byron Shaw, administrator of the Agricultural Research administration points out that our greatest opportunity for boosting production "is in better use of the land we already have."

"Recent experimental findings," he added, "suggest hundreds of new opportunities for increasing crop yields through the greater and better use of fertilizer. Usually the opportunities are greatest when fertilizer is used in adequate quantities in combination with several other improved practices."

Farm Notes

Check on Herd Health
Only a healthy, high-producing dairy herd should be stable for winter milk production. Check on the health of all animals, including heifers added to the herd.

Clean Air Cleaner
Working in dusty fields is hard on the tractor. Cleaning the air cleaner will aid efficient operation.

Farm Bureau Meets

The Evergreen Farm Bureau met Tuesday, January 18, at the Shabbona Hall, with a good number present.

The meeting was opened by Elwyn McNaughton with group singing, and the minutes were read by Mrs. Alan Gray, secretary. Don Caister gave a short talk on insurance and Harold Falloot held the discussion. Mrs. Elwyn McNaughton collected Blue Cross dues. Games were played for entertainment and a lunch was served.

The next meeting will be held at the Shabbona Hall with an oyster supper prepared by the men of the organization, assisted by the ladies.

Grant Farm Bureau Hears Arthur Bach

The Grant Farm Bureau met at the Williamson Schoolhouse Wednesday evening, Jan. 14, when 45 members answered roll call.

The meeting was opened by the chairman, Howard Martin. In the absence of Mrs. Howard Martin, who is recuperating at her home following an operation, Mrs. Willard Ellicott read the minutes and newsletter and called the roll.

Mrs. Wm. Ashmore led an interesting discussion on state farm regulations and rural school districts.

Prosecuting Attorney Arthur Bach and Mrs. Bach of Bad Axe were guests. Mr. Bach was guest speaker.

Ten new members have joined the club.

After the business meeting, euchre was played with prizes won by Mrs. Kenneth Auten, Mrs. Willard Ellicott, Mrs. Mike Pisarek, Claud Martin, Kenneth Auten and Arnold Schweitzer. Mrs. Willard Ellicott won the traveling prize.

Potluck lunch was served by Mr. and Mrs. Chas. Taschner and Mr. and Mrs. Dudley Andrus.

The next meeting will be at the same place Wednesday evening, Feb. 11.

Schedule Clinics

The first of a series of immunization and vaccination clinics will be held at the Snover School Friday, Jan. 30, from 9 to 11 a. m., according to a report from the Sanilac County Health Department.

Evergreen, Moore and Lamotte Townships are scheduled for the Snover clinic.

The health department said that the clinic will be held for school-age children only.

On Friday afternoon, Jan. 30, the clinic will be at the Starr School in Argyle Township. Greenleaf, Austin and Argyle Townships are slated to be handled at this clinic.

Girl Scout Leaders Meet in Caro

Tuscola County Girl Scout Association met at Hotel Montague, Caro, on Wednesday evening, January 14. Members from Millington, Vassar, Mayville, Akron, Caro and Cass City attended the dinner followed by a business meeting and election of officers.

Officers elected for the ensuing year were: Chairman, Mrs. Robert Colladay, Vassar; vice chairman, Mrs. Tim Sellars, Akron; secretary, Mrs. Luther Berry, Caro; treasurer, Mrs. B. H. Starmann, Cass City, and registrar, Mrs. Clare McPhearson, Akron.

Activities of the past year were reviewed, including the Mitten Tree project of the Christmas season. The project was well received and carried out in communities with Girl Scout Troops. It was the first time for such a venture in most places, more interest is expected another year. Anywhere from 50 to over 100 pairs of mittens were distributed by service clubs or through the schools.

The County Girl Scout Organization now owns a fine movie projector that shows either slides or filmstrips. It should prove most helpful in showing local councils, adult workers or sponsoring organizations what is done or what can be done in Girl Scouting.

A volunteer workers' training course has been started by Mrs. Tom Lewis of Vassar. The classes will be divided according to the experience of the workers. Evening classes will be conducted if there are enough who are interested. Leaders may take advantage of this training program, preparing them for work next fall.

The next meeting of the County Leaders and Adult Workers' Group will be held at the Fairgrove School Building, February 4. A most helpful program has been planned, including a "Fly-up Ceremony" and round-table discussion.

Kennedys Attend Sherman Funeral

Mr. and Mrs. Emerson Kennedy left Thursday, Jan. 8, to attend the funeral of Mrs. Kennedy's brother, Lt. Harry Sherman, formerly of Lansing.

Lt. Sherman was killed when the C-119 cargo ship on which he was serving was accidentally shot down by allied artillery June 3, 1951.

Lt. Sherman parachuted from the plane, but it was flying so low that his chute failed to open. Lt. Sherman was killed on his 21st voluntary mission, according to information received from his commanding officer.

While on the trip, the Kennedy's visited Niagara Falls, New York's Finger Lakes, New York City and other points of interest.

While in New York they were forced to travel via the Holland Tunnel as the George Washington bridge was closed to traffic. A heavy sleet storm formed icicles which were falling and breaking windshields while cars were passing on the bridge.

Young Billy Hubble shows how easy it is to unload a silo electrically. Automatically controlled, the blades work silage to the center, where it is picked up by the blower and dropped down the chute.

ELECTRIC SILO UNLOADER saves one hour's hard work a day

Every farmer knows that it's hard, disagreeable work to climb into a silo every day and throw down silage. Charles Hubble, Lapeer County farmer, has done something about it with a new electric silo unloader that does the job for him and saves at least an hour of work every day.

He finds these advantages, too. (1) The cows eat more because the silage

is shredded finer. (2) The revolving blades keep the top of the silage leveled off, with less surface exposed to freezing. (3) Less waste from spoilage.

For more complete information on this new time-saving electric farmhand, see your dealer or your Edison Farm Service Advisor.

Good wiring is always important. So always ask your Farm Service Advisor for his recommendations.
