

Hawks Register Easy Wins Against Pioneers, Midgets

The high-flying Red Hawks of Cass City High School walked off with a pair of easy victories in road games played during the week at Vassar and Saginaw, S. S. Peter and Paul.

The Cass City quintet won the league encounter with Vassar, 77-54, and walked through Saginaw, 78-57.

Playing Vassar, the Hawks jumped into a lead in the opening period and kept adding to their margin throughout the game. Tim Burdon, who garnered 25 points, helped send the Hawks out to their first period lead when he netted 10 of Cass City's 18 points. Vassar had 12 when the opening period ended.

The Hawks almost duplicated their first period advantage in the second period. They added five points to their lead to leave the floor with an 11-point bulge at intermission.

The net results of the third period was identical to the action in the opening quarter. Cass City scored 18 points and Vassar netted 12. In the third quarter, however, it was Burdon's teammates who supplied the scoring punch. Tim netted only two points while Stan Gunther rung up a pair of buckets and a free toss and Russ Foy helped his team's cause by hitting three times from the field.

At the end of the third quarter, Cass City had clinched the game with a 52-35 lead. The final quarter provided the fans with the most scoring. Cass City rung up 25 points and Vassar 19. But all the scoring did was add a little life to a game that the Hawks had salted away by half time.

Against S. S. Peter and Paul, a team that reports indicated would be very hard to beat, Cass City just about cinched a victory in the opening quarter when they registered 24 points while the Midgets were able to hit for just seven

points. By the end of the second period, the outcome of the game was no longer in doubt. Cass City outscored the Saginaw parochials, 23-15, and had a half-time advantage of 25 points.

Cass City's victory was impressive because they piled up their one-sided victory against a team much taller than their comparatively small squad. One of the players measured six feet, four inches and several others stood six feet or over.

In the final two periods, the Midgets more than held their own. They outscored the Hawks by three points in the third quarter and by one point in the last period. But all their efforts did was make the final score a little closer.

Tim Burdon, for the second time this year, registered 30 points or over in a single contest. Oddly enough, both times his biggest scoring nights were on foreign courts. Against Mt. Pleasant, he racked up 30 points and against S. S. Peter and Paul, he hit his high total for the year with 35 points. In his scoring spree, he netted 15 field goals and five charity heaves.

The busy Cass City team will travel to Sandusky tonight for a league encounter before returning home for a game Tuesday with Crosswell-Lexington.

Promoted

Lt. Don C. Anker.

Lt. Don C. Anker, now stationed in Alaska at Lead Air Force Base, was recently promoted to the rank of First Lieutenant. He is the son of Mr. and Mrs. William Anker. Lt. Anker is a graduate of the Cass City High School and the United States Military Academy at West Point.

WSCS to Meet

The W. S. C. S. will meet February 2 for a 6:30 supper served by Group I, Mrs. Fred Maier and Mrs. Ed Baker, co-chairmen. The program, "Unto the Perfect Day," will be presented by Mrs. Howard Rexin and Mrs. Howard Woolley will lead devotions.

Republican Party Slates Convention To Choose Delegates

The Republican Party will hold a Tuscola County convention for the purpose of electing 12 delegates to attend the state convention of the Republican Party Saturday, Feb. 21.

Delegates to the county convention will be those persons elected in the primary election.

MSC County Alumni Meeting Draws 60 To Caro Monday

Dr. Conrad Posz of the communications department of Michigan State College addressed 60 alumni of MSC from Tuscola County Monday evening at the American Legion Hall in Caro.

Using as the topic for his discussion, "Why Do We Say These Things?" Mr. Posz entertained the group by explaining the origin of everyday expressions.

Following his address, Mr. Posz showed movies of the Purdue-Michigan State football game and provided a running commentary on each play.

In the business meeting, John McGoff, from the MSC alumni office, explained the various scholarships offered and asserted that Feb. 28 was the last opportunity to make applications for scholarships. He pointed out that last year only about a third of the scholarships were used. Six hundred and fifty were available and only an estimated 250 applied for.

New directors for the alumni association will be elected at the May meeting. Time and place of the meeting will be announced later.

Wilson Kirk and Miss Jean Gillies of Caro was the committee for dinner arrangements and a ham dinner was served by the Legion Auxillary in Caro.

Slate Organizational Meeting For Civil Air Patrol in Village

Plans for a Civil Air Patrol took a step forward this week when plans were completed for an organizational meeting in the rooms above the fire hall Thursday evening, Feb. 5.

Major Carl Nye is scheduled to be on hand to address interested persons and answer questions concerning the organization that is already active in many Thumb areas.

The Civil Air Patrol is an official auxiliary of the U. S. Air Force. During World War II, the organization trained thousands of young men and women for service with the armed forces. In addition, it flew border patrol, courier and transport missions and flew more than 24 million miles.

Now the organization trains boy and girl cadets in pre-flight subjects and in military subjects in a well prescribed training course. It operates a nation-wide radio communications system, conducts air marking programs, conducts real and simulated search and patrol missions and takes part in any

activity which will promote an interest in aviation or render a service to the country or the community in which it is located.

However, CAP does not teach flying. Cadets are given orientation flights with the permission of parents, but no actual flight instruction is given.

The organization is open to anyone over 18 years of age and to youth, 15 to 18 years, whose parents or guardians give consent.

Enlistment in CAP is for one year, but members can resign any time they indicate to authorities they wish to do so.

To form a CAP unit here, a minimum of seven senior members for staff duties and ten or more cadets is required.

Registration Notice.

I will be in my office in the Municipal Building from 9 a. m. to 4 p. m. to register voters in the Village of Cass City. The last day for registration is February 9th. Wilma S. Fry, Village Clerk. —Adv. 1-30-2

Set Village Caucus For February 10 at Municipal Building

Trustees of the village of Cass City set Tuesday, Feb. 10, as the date for the annual village caucus to nominate a slate of village officers to be voted for in the spring election.

Citizens will be called upon to select candidates for three trustee posts for two-year terms and the offices of clerk, treasurer and assessor.

Again this year, the caucus will be held in the Municipal Building at the Cass City Recreational Park. At the 1952 caucus, only nine voters were present to select the officers of the village.

In the past, nomination to a village office at the caucus has usually resulted in elections, as most offices have been unopposed at the regular election.

Old Guns Hobby of Gagetown Farmer

Ezra F. Mosher, Gagetown farmer, has an outstanding collection of old muzzle-loading guns. At his farm home, he has collected over 100 fowling pieces, muskets, flintlocks and ancient pistols.

He began collecting the guns over 43 years ago and continued to add to his collection despite a gun accident which destroyed his right arm.

One of Mr. Mosher's guns dates back to the Revolutionary War. It is a flintlock pistol. Other guns in the collection include arms from all of the major wars fought by the United States.

The gun Mr. Mosher values most, cost his grandfather something over \$5,000 at today's values. It was secured when 40 acres of farm land was traded for the piece. Today the land is worth \$5,000, the gun \$15.

One of the guns that is very unusual is a three-barrel gun that has two shot barrels and one rifle barrel.

Most of the guns in the collection were gathered by trades or as gifts. Many of the items that are outstanding in the collection were presented to Mr. Mosher because they were considered junk or badly outmoded.

Mr. Mosher said that he owned his first gun when he was 12 and concluded on Page 12.

Two Deford Soldiers Meet in Korea

Lamotte Church to Hold Note Burning Ceremony Sunday

A note burning ceremony is scheduled at the Lamotte United Missionary Church, eight miles north of Marlette, Sunday, February 1, according to Rev. E. H. Surbrook, pastor of the church.

The church building was remodeled in 1947, when the Rev. George D. Murphy, now of Pontiac, was the pastor at the church.

The remodeling of the church involved an untold amount of work contributed by members and friends of the church and helped to reduce the cost of renovating the building.

Despite the assistance, it cost the church approximately \$6,200 for the work. The last payment on the note was made this month.

The ceremony Sunday is planned for 10:45 a. m. and will be conducted by Rev. Surbrook, assisted by the present official board, Mr. John Hicks, Mr. Jason Atkins and Mr. John D'Arcy.

In addition to the present board members, Rev. Surbrook pointed out that much credit for the project is due to members of the board who worked during the period of remodeling, but whose terms of office have since expired.

Two Area Students Slated for Degrees

According to information received from college authorities, two persons from the Cass City area will be among the midwinter graduates from Wayne University and Central Michigan College of Education.

The graduate from CMC is Laverne Battel and the area student to receive a degree from Wayne is Francis Majeske.

Mr. Battel will receive a BS degree and Mr. Majeske an AB degree.

Official graduation ceremonies for the graduating students at Wayne were to have been held Thursday, Jan. 29, in the Masonic Temple auditorium. Graduating students at CMC will not hold a formal midyear graduating ceremony. Graduating students are expected to participate in the annual June graduation program.

Concluded on page 12.

From the Editor's Corner

As yet, this department has heard no rumors of competition in the coming village election. However, in case some citizens may want to nominate a slate to oppose the one named at the regular village caucus, we checked the legal requirements with Village Attorney A. J. Stevens.

If you're interested in nominating a slate, there is one thing you must remember. In order to be legal, the names of your candidates, as chosen in a convention or caucus, must be on file with the village clerk 25 days before election.

We had the pleasure last week end of listening to some noted speakers at the annual Michigan Press Conference held at East Lansing.

Among them was a panel of legislators who were quizzed by veteran state capitol reporters.

One of the topics that interested the group of newspapermen there the most—and one that we believe will be of interest to you—was the discussion on taxes.

After listening to the pros and cons of the arguments, your editor is of the opinion that either the Corporations' Profit Tax, as advocated by Gov. Williams, will be passed or the state will plunge deeper into debt in 1953.

As far as we can ascertain, there are only three ways to raise the necessary funds to alleviate the shortage in the general fund. By the afore-mentioned corporation tax, an increase in the sales tax or a state income tax.

This corner believes that it will be impossible to sell the people of Michigan either the sales or income tax and that leaves only the corporation tax to get the desperately needed money.

Judging by the sentiments expressed by the members of the panel, it may well be that no tax law will be passed this year. Both Democrats and Republicans stayed firm to the "party line" on the question throughout the discussion.

Notice is hereby given that a regular village caucus will be held at the council room in the Municipal Building on the 10th day of February, 1953, at 8 o'clock p. m. for the purpose of nominating candidates for the several village offices to be filled, and for the transaction of such other business as may properly come before it. By order of the Village Council. Wilma S. Fry, Clerk of the Village of Cass City.—Adv. 1-30-2

One Area Man Among 10 Tuscola County Inductees

One Cass City man, Orval J. Simmons, is among 10 Tuscola County young men who are scheduled to report to the VFW Hall in Caro for induction into the armed services Friday, Feb. 6.

The complete list includes: Lyle C. Hall, Fairgrove; Richard J. TerBush, Mayville; Clarence H. Roth, Reese; Raymond E. Beutler, Richard H. Taylor and David F. Robbins, all of Caro; Gerald E. Joly, Kingston; David K. Wark, Akron, and Vivial Wesley, Vassar.

The selective service board also released the names of 13 men who have recently been separated from the armed forces. Included in the list are two men from Gagetown and one from Cass City. They are: Andrew Lapak and William Stapleton of Gagetown and Thomas Jackson of Cass City.

Others separated in the county are: Franklin Piske, Caro; James Patterson, Fostoria; Kenneth J. Green, Caro; Harold Franko, Vassar; Cleo D. Allen, Vassar; Dave Fell, Jr., Caro; Jack McShane, Unionville; Richard Butterfield, Unionville; Ted Pelica, Akron, and Richard Johnson, Millington.

Former Cass Cityite Dies in Alexandria

Funeral services for Truman L. Tibbals, 81, retired jeweler, were held Thursday at the Marsh Funeral Home in Marlette.

Mr. Tibbals operated a jewelry store in Cass City from 1902 to 1924, when he left to live in Ann Arbor. He lived there until last November, when he went to Alexandria, W. Virginia, to live.

Mr. Tibbals operated his own jewelry business in the Wuerth Arcade from 1945 to 1946. Prior to that, he had been optometrist and jeweler with Haller's Jewelers since 1924.

He was born Jan. 25, 1872, in Lapeer County. He married the former Josephine Foster of Brown City in September, 1902. She died in August, 1927, in Ann Arbor.

Surviving are two sons, Lawrence of Alexandria and Truman A. of Ann Arbor; two daughters, Mrs. Oswald F. Ehnis and Mrs. Belva Lyons, both of Ann Arbor, and nine grandchildren.

Also surviving are a brother, Robert Tibbals of Flint, and two sisters, Mrs. Gilbert Ramsey and Mrs. Henry Lambert, both of Marlette.

The body was in Muehlig Chapel in Ann Arbor before being brought to Marlette for burial services.

Little Action in Quiet Council Meeting Tuesday Evening

Polio Strikes Miss Christine Ackerman

It was not until three weeks after polio had struck Miss Christine Ackerman, 22, daughter of Mr. and Mrs. Archie Ackerman of Gagetown, that doctors diagnosed her case and sent her to a Bay City hospital.

Miss Ackerman, who is employed in Owendale, had complained of a lame leg for three weeks, but it was not until she entered the Bad Axe General Hospital that polio was discovered.

Miss Ackerman was expected home from the Bay City hospital some time this week.

Serious Injury Averted When Car Hits Tree Tuesday

A pair of Cass City High School students narrowly escaped serious injury when an automobile they were riding in skidded on slippery roads and crashed into a tree on Oak Street Tuesday afternoon.

Both the driver, Bob Wallace, and his companion, Roy Wagg, were thrown to the ground by the wreck. Mr. Wallace was shaken up and Mr. Wagg suffered a minor concussion that was discovered when he reported to Pleasant Home Hospital later in the day after complaining of a headache.

Policeman Steve Orto reports that Mr. Wallace was exceeding the speed limit when the accident occurred.

Telephone Company Floats Two Million First Mortgage Bonds

Despite its claim that it has trouble interesting private investing capital, General Telephone Company of Michigan, a subsidiary operating company within the General Telephone System, with headquarters at Muskegon, Michigan, announced through its president, Mr. F. E. Norris, that it had placed privately \$2,000,000 of 3-5/8% first mortgage bonds with four insurance companies and had issued and sold \$1,481,600 of its common stock to General Telephone Corporation.

The funds realized from the new bonds and the sale to General Telephone Corporation of additional common stock will enable the company to reduce its \$3,000,000 short term bank loans by \$2,500,000 and retire its notes of \$1,000,000 to the parent company.

McAllister Speaks To Local Rotarians

Tom McAllister, well-known attorney from Bad Axe, was the guest speaker at the Cass City Rotary Club Tuesday noon. Mr. McAllister told members of various cases he had tried in circuit court.

He preceded his remarks by praising the village of Cass City and the co-operation shown as

Mobile Blood Unit Scheduled In Cass City February 18

Area residents will have an opportunity to help increase the supply of blood available in Michigan and nationally when the Red Cross blood bank makes its scheduled appearance here Wednesday, Feb. 18.

Persons capable of donating will be asked to sign a card available at either Cass City bank or the Chronicle office and appear at the Presbyterian Church sometime between 1 and 7 p. m., where the mobile blood procurement unit will be located.

Only about 25 per cent of the population of Michigan is eligible to give blood. One of the largest barriers to giving blood is age. Only persons between 18 and 59 years are allowed to donate blood.

Many sicknesses also prevent willing donors from giving blood. The following diseases and conditions bar citizens from contributing: Yellow jaundice, tuberculosis, cancer, during pregnancy or six months after birth, within two weeks after receiving penicillin or other similar drugs, acute cold, malaria or allergic condition.

Authorities pointed out that 50

Village trustees found little to discuss at their regular monthly meeting held at the Cass City Municipal Building Tuesday night and quickly disposed of routine business in one of the quietest meetings in months.

Clerk Wilma Fry read a report from the retiring health officer, Evelyn Wells, that stated 18 children missed school because of scald ringworm and one case of active TB was handled.

In other business, trustees voted to spend \$156.45 for two metal awnings to be erected over the doors of the municipal building and turned down a request for a stop sign on Garfield Avenue at the corner of West Street.

Accept Bid. The council accepted a bid from Hubbel, Roth and Clark to submit plans and supervise construction of the enlarging of the village's sewer disposal plant.

The engineering firm's charge will be three per cent of the estimated cost of construction for the specifications and three per cent of the actual cost of construction for the supervision of the construction.

The letting of the contract by the village is the result of over a year's preliminary work to get the work for the enlarged disposal system under motion.

Other details, disposed of in the meeting, included the granting of a building permit to William Simmons for a house on Huron Street and reading a letter from the new Secretary of State Owen J. Cleary, asking for suggestions to improve voting procedure in Michigan.

Green Named to Four Standing House Committees

Allison Green, state representative from this district, has been appointed to four standing committees by Wade VanValkenburg, speaker of the house.

Rep. Green is the chairman of the apportionment committee this year, one of the most important committees in the house due to the

adoption of the reapportionment amendment by voters in the November election.

Besides his duties as chairman of the apportionment committee, Rep. Green has also been appointed to the education, retirement and revision and amendment of the statutes committees.

4 powerful reasons why you get more of what you want...

1953 Chevrolet Advance-Design Trucks deliver more value!

more engine power!
108-h.p. Loadmaster engine—standard on 5000 and 6000 Series heavy-duty and forward-control models, optional on 4000 Series heavy-duty trucks.

more staying power!
Heavier, stronger, more durable frames increase rigidity, add to ruggedness and stamina of 1953 Chevrolet trucks.

more braking power!
Chevrolet trucks up to 4000 Series heavy-duty models have big, powerful "Torque-Action" brakes. Series 4000 and above use "Torque-Action" brakes in front, "Twin-Action" in rear.

more economy!
New stamina plus extra gasoline economy in heavy-duty models with Loadmaster engine, reduces hauling costs per ton-mile.

Now—even more for your money with Chevrolet!
Chevrolet trucks for 1953 bring you new stamina and new safety with heavier, more rigid construction. Heavy-duty models provide increased horsepower, higher compression ratio in an advanced Loadmaster engine with power and performance never before available in a Chevrolet truck.

Model for model, feature for feature, these 1953 trucks are the greatest Chevrolet trucks ever built. And with all their solid superiority, they list for less than any other trucks of comparable specifications.
Drop in at our showroom and talk over your needs. Let us show you how Chevrolet trucks give you more of what you want—and show you how little you need pay.

Final Rites Held for Robert Roy Ferguson

Robert Roy Ferguson, 65, of Snover died Thursday in Cass City Hospital, where he had been a patient for sixteen days. He was the son of the late Mr. and Mrs. George M. Ferguson and was born at Yale Dec. 21, 1887. He served in World War I and was never married. He was a member of the American Legion Post at Sandusky. Surviving are one sister, Mrs. Wm. Waun of Snover, and two brothers, Herbert Ferguson of Argyle and Osborne Ferguson of Cass City. Two brothers and a sister preceded him in death. Funeral services were held Sunday at 2:00 p. m. in the Douglas Funeral Home under the auspices of Sandusky V. F. W. Post No. 2945. Alex Lindsay, Sr., of Shabona, officiated, and burial was in Elkland Cemetery.

Top Dollar Goes for Well-finished Steers

The top sale dollars always go for the well-finished animal—no matter what the beef market trend, advises George A. Branaman, in charge of beef cattle at Michigan State College. Feeders rushing steers to market without proper finish are cheating themselves. If they sell for fear of a market drop, they lose money by forcing their steers into a lower grade, he explains, and at the same time they help depress the market. He cautions, however, that it does not pay to hold steers from sale when they are finished for their grade. A downward trend in the beef market generally makes a bigger difference between high-grade and low-grade steers and recent cuts have hit the lower grades hardest. This situation probably will continue until the end of the big movement of grass-fed animals and then lower grades should pick up. From now until spring, there doubtless will be the usual lowering in prices for the higher grades—with more winter-fed beef cattle, with more finish, arriving. When the supply of cattle without finish is up, the feeder who puts a finish on his animals will get a better price. When the supply of finished cattle increases, the feeder needs that finish on his steers to compete.

Expert Tells Value of Streamlined Poultry

Today's chickens, just like today's automobiles, are lower, heavier and, most important, more efficient. The reason? According to Philip J. Schaible, poultry specialist at Michigan State College, it's all because of new developments that this "streamlined" chicken has come about. Schaible, speaking to a Farmers' Week audience at MSC Wednesday on "New Developments in Poultry Feeding," said some of the recent discoveries have been high energy feeds, new vitamins, antibiotics and hormones. One of the most important factors in making the poultry business more efficient has been production of poultry meat, not as a side line, but as a regular part of the business. Heavier, meatier and tenderer birds, with bigger drumsticks and more flesh around the breastbone, have allowed poultrymen to expect meat as well as egg production, Schaible said. Developments which have brought about these changes include the discovery of vitamin B-12 and the production of low-cost protein rations which followed, use of antibiotics in feeds for more rapid growth, and the use of hormones which "chemically caponize" broilers. "To sum up," Schaible said, "great strides have been made in recent years in the more efficient production of poultry meat. Today's scientifically bred and fed chicken costs less to produce and tastes better. Now it is possible for the housewife to buy a large bird that's tender. Age rather than size determines tenderness and meat birds are grown rapidly." The result, he concluded, is a better deal for both producer and consumer.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Five Years Ago. Dr. H. T. Donahue has installed in his offices in Pleasant Home Hospital a Ricker X-ray last week end, which was put into practical use for the first time Monday. Mr. L. I. Wood, 77, died suddenly Monday at Mackinaw City, while en route with Mr. M. E. Auten to Sault Ste Marie. Mr. Frank A. White, a resident of this community for 75 years, died at his home on Houghton St., after several months of illness. Mrs. Arthur Holmberg and Mrs. James Milligan have been called in to fill vacancies in the teaching staff caused by the resignation of Mrs. Wm. Miller and Mrs. Eugene Orban. Miss Elfreda Bess of Heidelberg, Germany, and Lawrence Englehart of Novesta were married Monday evening at the parsonage of the Church of Christ. Herbert Watkins, pastor, officiated.

Ten Years Ago. Early this week, the Pinney State Bank installed 260 safe deposit boxes in the bank's fireproof vault. Mr. and Mrs. Hugh McBurney lost their residence, on the west side of Cass City, by fire Wednesday morning. About fifty friends, neighbors and relatives came Sunday, Jan. 17, to help Mr. and Mrs. Patrick Mullin near Gagetown celebrate their golden wedding anniversary. Mr. and Mrs. John Robinson celebrated their fiftieth wedding anniversary Sunday and Monday, Jan. 17 and 18, near Uby, with open house from one to five o'clock both days. About 150 friends called at their home Sunday.

Twenty-five Years Ago. Leroy Trudeau, eldest child of Mrs. Mary Trudeau, east of Gagetown, was fatally injured when he fell off the sleigh while enjoying a sleigh ride with several of his schoolmates. James McMahon, living on South Seeger St., was overcome in his car in the garage by gas when Mrs. McMahon found him and help was summoned. A musical comedy, "The Flapper Grandmother," will be given at the high school auditorium Friday evening under the auspices of the Cass City Community Club. Those having a part in the comedy are: Miss Elynore Bigelow, M. B. Auten, Mrs. R. Edgerton, Miss Barton, Miss Harriett Tindale, G. W. Landon, Frederick Pinney, Cameron Wallace, Bruce Hoadley, James Lewis, D. C. McIntyre, G. A. Tindale and Miss Virginia Day.

Thirty-five Years Ago. Day service in electric lighting and power service will be discontinued the first of next week by the municipal plant and the service confined to the evening run, unless coal arrives before that time. At the school, pupils of the lower grades were housed in the smaller building and only the main building will be heated until the situation is bettered. The grain elevator of the Bad Axe Grain Co. was destroyed by fire Monday night, together with between 5,000 and 6,000 bushels of grain. I. K. Reid, while shifting a belt on a pulley on a drive shaft Wednesday, had both bones in his left arm broken above the wrist. A. N. Freeman, father of Alfred Freeman, died at his home near Rescue Jan. 29. Tip to motorists: A policy of good motoring manners is the best life insurance you can get.

Galloway. "Buz" now leads in the individual average scores with a healthy 182. Even with this high three games, his team could only gather one-half point from the Galloway team, as they tied one game. His other four teammates were so interested in the pin spilling show that Wallace was putting on that they forgot all about their own scoring efforts. Buz, one man can't win these games all alone. You will have to talk to your boys. You need a little help.

As you will note, from the standings below, the winner of this second round will be determined next week, and anything can happen among the first three or four teams. It is a close race to the finish. The Landon team had the opportunity of "sewing up" the race last night, but could only put together one scoring effort to win one point while losing three. The Bartz team, close contenders, lost all three games, but could only put 24 points which they had gained the week before. The Lapp team came roaring back to take three big points and eased into second place, just two points behind the leaders. Next Monday night the "heat" will be on for that top spot and winner of the second round. Team standings and scores as of Jan. 26:

Herefords Achieve Registration Mark 548,418 Calves Set New World's Record

Purebred Hereford breeders over the nation set a new world's record for registrations during the fiscal year ending August 31.

A total of 548,418 calves were given names and numbers and entered in the official registry of this breed of beef cattle. The total represents an increase of 42,337 registrations over the previous world's record established last year.

Applications for registration poured into association headquarters at the average rate of about 2,180 for each working day. The year's volume amounted to nearly three times the total of registrations for other major beef breeds combined during the last fiscal year reported.

Underlining the steady progress made by the Hereford breed, registrations for the year were 22 times

Multiply the calves shown through this gate by 50,000 and you will have an idea of the record number of Hereford registrations issued during the fiscal year. The total 548,418 registrations set another new world's record.

greater than during the fiscal period 40 years ago, over five times greater than 30 years ago, six times greater than 20 years ago, and more than twice the recordings 10 years ago.

It took nearly 30 years from the time the first certificate was issued in 1870 to reach the total number of registrations issued during the last 12 months alone, officials reported. The new recordings boost the Association's total registry to over 7 million Herefords.

4-H Junior Chicken Contest Dates Set

All 4-H club members interested in entering the junior chicken-of-tomorrow contest must have their chicks on hand by February 11. This is a fine program for the teaching of broiler production. The contest will last for 11 weeks at which time birds will be dressed and county winners chosen. Last year, Richard Andrus of Reese named state winner and received a trip to the Delmarva broiler producing area. Straight run chicks are to be started. This allows for some strong pullets to come in to laying when prices are good in the fall. Further details can be secured from the County 4-H Club Agent, courthouse, Caro. All entries should be made at the 4-H office also.

4-H Mothers Meet

The Tuscola County 4-H Mothers' Club will hold their annual parents' night meeting at the Wilber Memorial 4-H Building on Monday evening, February 2, at 6:30. All 4-H parents are urged to attend and learn of the fine program this group is sponsoring. A dish to pass and utensils are requested from all who attend.

Flint Couple Wed In Baptist Church

The Central General Baptist Church in Flint was the scene of the beautiful wedding when Miss Leontine O'Harris became the bride of James Elbert Reynolds of Flint on January 24 at 7:00 p. m. Rev. Robbins performed the ceremony.

Mrs. Mabel O'Harris of Flint is the bride's mother and the parents of the groom are Mr. and Mrs. James Reynolds, also of Flint.

The bride, given in marriage by her brother, Lyle O'Harris, chose a winter white, street-length gown of Shaw tweed with blue accessories and she wore a corsage of pink carnations and pink rosebuds.

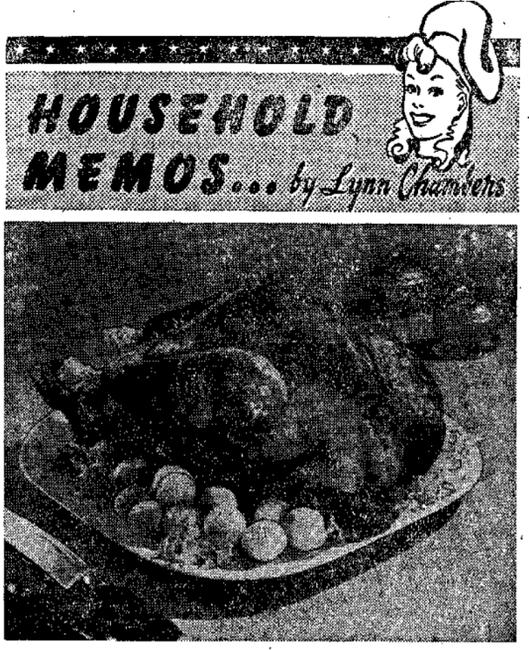

The bridesmaid, Mrs. Lyle O'Harris of Flint, wore a blue taffeta dress with tan accessories and her flowers were white carnations and pink rosebuds.

Mr. James Reynolds was groomsman for his son.

Mrs. O'Harris and Mrs. James Reynolds both wore corsages of white carnations.

A reception was held in the fireplace room at the Y. W. C. A. in Flint after the ceremony, when guests were present from Flint, Davison and Holbrook.

The couple plan to live in Flint.

ROAST TURKEY SLOWLY FOR BEST RESULTS (See Recipes Below)

Thanksgiving Time
ONE OF THE BIG occasions of the year, Thanksgiving, calls for traditional foods. Whether you plan to have a small gathering of friends or a large reunion of the family, good planning is essential.

To have the preparation of this important meal run smoothly, clean the turkey, prepare the stuffing, salad and pie in the menu the day before Thanksgiving. On Thanksgiving morning stuff the turkey and start the roasting. Plan to have the turkey done 30 or 40 minutes ahead of schedule to avoid delay should the turkey take longer to cook than estimated. This also allows time for making gravy, removing trussing cords and arranging the bird on the platter.

- 1 1/2 to 2 cups broth, milk or water**
- 1/2 cup finely chopped parsley**
- Cook onion and celery in fat over low heat until onion is soft but not browned, stirring occasionally. Meanwhile blend seasonings and parsley with bread cubes. Add the onion, celery and fat. Blend. Pour the broth gradually over surface, stirring lightly. Add more seasoning as desired.
- Roast Turkey**
- Rinse bird in cold water and pat dry. Stuff just before roasting. Place stuffing in wishbone cavity lightly and skewer neck skin to back. Place wing tips onto back. Rub cavity with salt. Spoon stuffing into cavity, shaking to settle, being careful not to pack it. Skewer and lace opening with cord. Tie drumsticks to tail. Grease skin thoroughly with fat. Roast all turkeys in a slow (325°F.) oven. Do not add water or cover pan.
- A bird weighing 4 to 8 pounds requires 3 to 4 hours; a bird 8 to 12 pounds requires 4 to 4 1/2 hours. Turkeys weighing 12 to 16 pounds take 4 1/2 to 5 hours; those from 16 to 20 pounds need 5 1/2 to 7 hours. Birds weighing 20 to 24 pounds will need 7 to 8 1/2 hours.
- Parsley Stuffing**
- (For a 14 to 18-pound turkey)
- 1 cup fat
- 1 cup minced onion
- 1 quart diced celery
- 4 quarts small bread cubes, firmly packed (2 to 4 day-old bread, 1 1/2-pound loaf)
- 1 tablespoon salt
- 1/2 teaspoon pepper
- 2 teaspoons poultry seasoning

Tone Up Turkey With Meat Gravy

Turkey Gravy
(Serves 6—1/2 cup per serving)

3 tablespoons pan drippings
3 tablespoons flour
2 cups water, broth or milk
Salt and pepper

Pour the pan drippings (the fat and meat juice in the roasting pan) into a bowl leaving the brown residue in the pan. Let the fat rise to the top. Skim off the fat and set aside. The meat juice under the fat should be used as part of the liquid. Measure three tablespoons of the fat back into the roasting pan. Add flour. Blend thoroughly. Then set over low heat and cook until frothy, stirring constantly. If desired, brown the fat and flour slightly to give additional color and flavor. Add water all at once. Cook stirring constantly until uniformly thickened. While stirring scrape bottom and sides of pan to blend the brown residue into the gravy. Simmer about five minutes. Season to taste. Serve hot.

Quick Cinnamon Rolls
(Makes 12)

2 cups sifted all-purpose flour
3 teaspoons baking powder
3/4 teaspoon salt
1/2 cup shortening
1/2 cup milk
4 tablespoons butter
1/2 cup brown sugar
1 teaspoon cinnamon
1/2 cup nuts, chopped
1/2 cup seeded raisins, finely cut

Sift together flour, baking powder and salt. Cut in shortening until mixture is as fine as meal. Add milk, mixing to a soft dough. Knead lightly on floured board for 20 seconds. Roll dough into a rectangle about 1/4 inch thick. Cream butter with sugar and cinnamon and spread on dough. Sprinkle with nuts and raisins. Roll like a jelly roll, cut into 1 1/2-inch pieces, and place, cut side down, in greased muffin pan. Bake in hot (425°F.) oven 15 to 20 minutes.

Sweet Cherry Salad
(Serves 8)

1 package frozen sweet cherries
Liquid from cherries plus enough water to make 1 1/4 cups

1 package cherry-flavored gelatin
1 tablespoon lemon juice
1 cup diced celery
1/2 cup sliced, stuffed olives
1/2 cup blanched, slivered almonds, toasted

Thaw cherries, in package, in warm water (about 1 hour). Heat 1 1/4 cups liquid to near boiling. Pour over gelatin and stir to dissolve. Add lemon juice and let cool. Place in refrigerator to chill. When partially set, stir in remaining ingredients. Spoon into individual 1/2-cup molds and place in refrigerator to set (about 2 hours).

Waldorf Salad
(Serves 5-6)

3 large, tart eating apples (3 cups diced)

1 tablespoon lemon juice
1 cup celery, coarsely chopped
1/2 cup walnuts, coarsely chopped
1 cup mayonnaise
2 tablespoons thin cream
1/2 teaspoon salt
Lettuce

Peel apples (leave unpeeled if skins are tender and attractively colored), cut in quarters, remove cores. Cut into 1/2-inch cubes, place in a bowl and sprinkle with lemon juice.

Add celery, mix lightly. Cover, marinate in refrigerator 10 minutes. Add nuts, mayonnaise combined with cream and salt. Toss lightly. Pile lightly into crisp lettuce cups on individual plates; serve immediately.

Cranberry-Tangerine Relish
(Makes 1 1/2 pints)

3 cups fresh cranberries
2 tangerines, peel and segments
1 cup sugar

Put cranberries, tangerine peel and segments through food chopper. Add sugar; mix well. Chill in refrigerator before serving.

Dig Up Early Remains in Missouri Valley

Remains dating from earliest contacts between Indian and white men in the Missouri valley are being excavated this season by archeologists of the River Basin Surveys—an interagency cooperative project of the Smithsonian Institution, the National Parks Service, the Bureau of Reclamation, and the Corps of Engineers.

The area concerned is that of some of the bloodiest of the Indian wars. At the start, however, these were not between whites and Indians. Up to about the middle of the eighteenth century, at least, the Indians along the Missouri were relatively peaceful people—small farmers living in unprotected earth-lodge villages.

Other excavations were made by the site of the old Whetstone Agency on the west side of the Missouri a few miles north of Bonesteel, S.D.

MARSHALL WELLS FARM DIGEST This week I had the opportunity to read over one of the contracts signed by sugar beet growers with the sugar beet factories. It is perhaps the most unusual agreement I've ever seen; one certainly that is unique in American agriculture in the advantages it gives to the growers. The Michigan sugar beet industry, I am told, was the very first to put such a contract into effect. It is, as I see it, a participating type of contract. Under its terms, the beet grower in effect becomes a partner with the factory. The grower agrees to prepare the land, plant the seed, cultivate the beets, harvest them and deliver them to the factory. The factory, in turn, agrees to process the beets into sugar, beet pulp and molasses. But here now is the unusual thing about a sugar beet contract. The company doesn't buy the beets from the grower. All the sugar, the beet pulp and the molasses are sold at joint expense and the proceeds are divided. Under the terms of the contract, the company and its growers share 50/50 in the net proceeds from sugar pulp and molasses. In the case of the sugar, the growers and the company share 50/50 except that through the range between \$6.70 and \$9.00 per hundred weight, the growers receive 65% of the net returns of the sugar and the company receives 35%. Over \$9.00 per hundred weight, they again participate on a 50/50 basis. That sounds like real agricultural progress to me and no doubt helps to explain why so many sugar beet growers are prosperous farmers. When Michigan Made Pure Sugar is sold, approximately 52% of every dollar of the net return, or about 52% of the net selling price—goes to the farmer. When you compare that kind of return with the share the farmer gets from a great many other crops he grows, it makes sugar beets look mighty attractive. It makes the factories look very efficient, too, when you remember that processing sugar from beets is a very complicated operation and requires machinery and equipment costing many millions of dollars. Yet they are able to perform their part of the contract, pay a better than 50% return to the grower and still sell sugar in Michigan Stores at a price equal to and quite often less than the price of cane sugar. Thus every man, woman and child in Michigan benefits. This unusual sugar beet contract certainly is one reason why the farmer who gets an average yield of beets or better usually makes a greater profit on sugar beets than any other crop he grows. The contract now is recognized as the best working basis ever devised for assuring fair, honest and profitable relationships between grower and factory. Later on, in this column, I want to tell you some of the reasons why the average yield of sugar beets is increasing in Michigan year by year, how the industry is making spectacular progress, and why more and more growers are looking with high favor on this profitable crop. A Public Service of the BEET PROCESSORS OF MICHIGAN who also bring you MARSHALL WELLS—WJR—1230 p.m. Each Saturday

News from Greenleaf

Sunday was Youth Day at Greenleaf-Fraser Church and the young people had charge of the services. Betsy Thorpe presided; George Fisher, Jr., led the responsive reading, and Maxine Root read the scripture lesson. Mr. Morton, the pastor, being absent, Raymond Thorpe read a sermon from the book, "A Man Called Peter," by Catherine Marshall.

Adam Untereiner of Bay City visited his cousins, the George Fisher family, over the week end. The Fraser-Greenleaf Men's Council met Wednesday night at the church.

Mr. and Mrs. I. L. Mudge, Mr. and Mrs. Arthur Mudge and Fred Mudge, all of Owosso, had Saturday dinner with Mrs. Jas. Mudge.

Mr. and Mrs. Harry Stine entertained Fraser Church Choir Friday evening.

The Ladies' Aid of Fraser Church met Wednesday in the church parlors for dinner and quilting. About thirty-five were present. The next meeting will be February 4. The committee in charge of the dinner were: Mrs. Don Seeger, Mrs. Ronald Fox and Mrs. Clayton Root.

Mrs. Robert Hoadley and daughter, Patty, attended the birthday

party Saturday afternoon of Patty's cousin, Diane Cardew, in Cass City.

Little Neil MacCallum, son of Mr. and Mrs. Malcolm MacCallum, celebrated his second birthday Sunday with a birthday dinner, having his grandmother, Mrs. Meadie MacCallum, and uncle, Angus MacCallum, as guests.

Many Elements in Sea Water

One authoritative work lists 44 elements that have been detected in sea water, some in extremely small amounts. Chlorine is most abundant, with about 19,000 parts per million by weight, while sodium is second, about 10,800 parts per million. Next in order come magnesium, sulfur, calcium, potassium, bromine, carbon and strontium, all more than 10 parts per million. Among the least abundant are gold, with about six parts per trillion, and radium, which is present to the extent of about one part in ten quadrillion parts of sea water.

Success no Accident
Success is never an accident—it comes to the fellow who does his work a little better than it needs to be done.

WILMOT

Ernie Williamson of Fairbanks, Alaska, and Harry Randall of Vassar were Sunday evening callers of Mr. and Mrs. Cleo Evans.

Mrs. Edith Schrader of Marlette was a Friday caller at the Wayne Schrader home.

Mr. and Mrs. Albert Evans of Pontiac was a Friday visitor at their brother's home, E. V. Evans. Mrs. Cleo Evans had the misfortune to burn her right arm quite badly Sunday.

Mr. and Mrs. Wayne Schrader took their brother to Ann Arbor Tuesday.

Mr. and Mrs. Jerry Hurshburger had supper in Frankenmuth Sunday evening.

St. Michael's Parrish had a party Sunday evening. It was well attended.

Fast Ball

Approximate data furnished by the research department of one of the large manufacturers of sporting goods indicate that a golf club head must be moving at a speed of about 135 feet per second to drive the ball 200 yards. With the club head moving at 175 feet per second (two miles per minute) the ball would carry about 250 yards, while a speed of 200 feet per second would drive it some 275 yards.

ELMWOOD

Mr. and Mrs. Earl Russell called on Mr. and Mrs. Fred Palmer Sunday.

Miss Pat Evans of Detroit spent the week end with her parents, Mr. and Mrs. Harold Evans.

Mr. and Mrs. Lorne Evans and daughters and the Misses Nancy and Helen Rubick were dinner guests at the Harold Evans home on Sunday.

'Uncle Tom's Cabin' Still Doing Service

"So this is the little woman who wrote the book that made this big war."

Those were Abraham Lincoln's words to Harriet Beecher Stowe in 1862 when he met her for the first time. Lincoln was speaking of Mrs. Stowe's famous book, "Uncle Tom's Cabin," written ten years before the beginning of the Civil War. It is a book which is considered juvenile today but which played an important part in shaping the abolitionist movement and, ultimately, the Civil War.

The book was received in different ways. Strong abolitionists thought the story was too easy on the slaveowners. Some Southerners looked on it with favor because two of the three slave owners in the story were characterized as kindly individuals. However, most of the South denounced it as untrue.

The book is still doing an interesting service. A copy of the volume was seen recently in the window of a Czechoslovakian book shop. With it was a sign which read, "This book is forbidden reading in capitalistic America."

 he secured it in exchange for working on a neighbor's farm. It was this gun which shot off Mr. Mosher's arm while he was duck hunting many years later. The accident failed to deter the Gageton farmer from hunting and after considerable practice, he learned to shoot left-handed and continued his hunting trips. In recent years, hunting has given way to ice fishing as Mr. Mosher's predominate sport—although he still goes after an occasional pheasant in the fall.

Local Church Slates Two Special Services

A special feature of Sunday services at the Presbyterian Church will be the ordination and installation of newly elected officers by Rev. Melvin R. Vender. Officers to be ordained are Elders Norman Crawford and Lloyd Finkbeiner. To be installed are Elders Dr. Ivan MacRae and James Milligan, who will serve the session. Trustees to be installed are James Gross, Curtis Hunt and Arnold Fischer, who were re-elected to the post, and new officers on the board, Harold Perry and Floyd Reid. Wednesday, Feb. 4, church family night and a potluck supper will be held in the social rooms at 7:15 p. m. Leaders from the Presbytery and Synod will present a "Know Your Church" program. It always pays to put a finish on steers.

WOMAN'S WORLD

Make All Tables Real Decorative Assets to Rooms

By ERTTA HALEY

TAKE A LONG and critical look at all the table tops you have in your home. Do they really do something for the room, in the sense of decoration, or have they become mere catch-alls for all the small accessories that you've just put there?

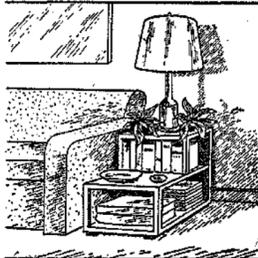

Careful as well as imaginative thought should be given to all tables because they can do so much for the style and harmony of the room. Table size doesn't matter, because small as well as large tables can be assets when they're treated properly.

Naturally the size of the tables should be in keeping with the room or they will violate principles of harmony and balance, but even smaller tables may be used in large rooms provided they're part of a unit in that room, say in a grouping with chairs.

This brings up another very important point in regard to tables. Never treat the table top as just a thing in itself, any more than you would another piece of furniture. Tie the table together with the room and, most particularly, with whatever it's near.

Let Hall Tables Add Interest Plus Utility

Most homes have an entrance hall which brings together the outside door with the living room. It's the most common thing in the world to have a table in the en-

Select proportioned lamps . . .

trance, but it should never just be there taking space.

A table in the hall is there for a definite purpose. It should add a subtle note of welcome to the room to which it's an entrance. In that case you might want a picture above the table or even a rack for letters.

Branches at this season of the year, or flowers when they're in season, arranged thoughtfully in a long vase, reaching to the picture on the wall tie the table and picture together. This, then, is very definitely an asset to the hall, for the picture and branches add warmth and welcome.

The practical motive of the table in the hall is the fact that it may be used for gloves, keys and mail. For this reason it's best to leave the top clear, except for the vase.

You say you need the table top for books? It just isn't suitable for that. One doesn't sit in the entrance hall for reading purposes. Books should be in living room, library or bedroom where there are comfortable chairs and good lighting for reading.

Living Room Tables Have Many Uses

Since the living room is really designed for "living" or family or social life, there are many different kinds of tables which may be used. The accessories on them depend to a large degree on just what your own personal interests are.

Let's think for a moment about those tables which are placed next to couches or chairs. This is done mainly for convenience as well as

Arrangements for table.

decoration. Here again, it's important that the table be tied or coordinated to couch or chair, whatever it's placed near.

Is the chair primarily there for comfortable relaxing and reading? First of all you'll need light, and the table is an ideal way to get it. The lamp should be fairly tall as this kind will offer a wide circle of light at the reading level. The same applies to lamps on tables placed next to sofas or couches.

Now, what other accessories should be used? Ashtrays, of course, because they're used, if not by the family, usually by guests. Refreshments in the form of candies or nuts might also be placed in small containers.

Despotism may rule without faith—but freedom cannot.

Nubby Woven Yarns

The appearance of fine needlepoint is a characteristic of some of the new rugs as the one used here. Nubby yarns combined with a special weaving skill combine to capture the charm of a handcrafted carpet with the beauty of contemporary colors. The ground of this wool carpet is a light beige with a flowing spray in tones of green accented with autumn colors in a berry design.

There are several kinds of end tables from which to choose. If members of the family are to spend much time reading, a step end table might be best as it will house more magazines and papers than just a table top. Another kind of end table has a shelf below the table top. Either of these is a good choice if you want to have reading matter handy.

Coffee tables are another important living room table. These are decorative, too, and they are often used to tie together two or three chairs, a sofa and chairs or something of that type. This is called a conversational grouping which will take care of several people and bring them together.

For this reason coffee tables should be attractive. They do not hold lamps, but they may hold fresh flowers in attractive containers, or a potted plant.

Place two or three ash trays and a cigarette box on the coffee table, or place some refreshment dishes

Could be Right
 It isn't the fear of criticism that bothers most of us—it's the fear that our critics may be right.

With conventional draperies and glass curtains the light admitted through a window may be cut by as much as a third, warn Michigan State College home economists. Solve the light-cutting problem by extending the draperies over the wall, rather than the window, they suggest.

such as a nut container or a candy box. Here again neatness is important. Avoid clutter.

Occasional Tables Show Interests

Most occasional tables in the living room have a lamp because they're near a chair or a group of chairs and light from the lamp makes them seem more intimate. Choose a lamp which goes with the table as well as the room. It should be in proportion to the table top under consideration.

If you have an interesting collection of pottery or figurines, the larger tables might be used for displaying these. Don't forget, too, that plant or flower arrangements are good on them.

Tilt top tables and those half circle shapes are found in the larger living rooms and these might very well be used for china collections. It's important not to use too much on any one table, of course, and those used should look well against the wall, as well as with the other furniture.

Glass, pewter, pottery and silver also look well on tables of this type. Larger pieces in your collection might be placed on wall brackets or shelf arrangements above the table, and this would make an attractive coordinated unit.

Check These Tips For Other Table Tops

Your dining room, whether it's a separate unit or a combined one will have a great deal of opportunity for decorative table tops. The dining table itself has an opportunity for many different kinds of accessories.

One of the simplest dining table arrangements is a plant or seasonal flowers which may be kept on for the centerpiece during meals. Keep plant or centerpiece in a low, shallow type bowl, for during dining it's important not to have anything too high which might prevent people from seeing each other to talk comfortably.

Period dining rooms have opportunity for other dining table arrangements. An Early American dining table might for example have a quaint china piece in the center, flanked on either side with hurricane lamps. This same type of thing might be used on buffet or sideboard.

Sideboards or buffets might have a center arrangement of fruit, plants or flowers. Candelabra which may or may not go on the dining table during mealtime might be used, too, to give a balanced arrangement.

Colorful dishes, pottery, silverware or other dining accessories might be displayed on the wall above the buffet.

Debatable Question
 Whether high speed causes accidents may be debatable, but that it makes them worse isn't.

One fair test of a patriot is whether he'll do as much for his country as his country has done for him.

Silence may be the only argument that can't be answered, but most people would rather talk than win an argument.

Dick Wallace Pens Unusual Letter of Application Here

Editor's note: The Chronicle doesn't recommend this type of letter of application for ambitious young men—but it is, to say the least, so unusual a letter that it's news. Unusual or not, it looks as if Dick will get the job.

Wednesday, January 21, 1953

Dear Bud,
 The time has come when I've got to start thinking of a summer job. I would like to submit my name for consideration, that is if you'd overlook those very few small errors like backing into your pick-up, knocking the valve apart and off the brine truck (at a very small cost—say a week's pay check) and the zebra style paint job on the firehouse stairs. I might add though, that my English professor says that my writings are excellent and that any added heavy labor on my writing arm, such as further ditch digging (or storm sewers) might prove disastrous. Seriously though, if there is an opening next summer, I would surely appreciate your considering my application for the job.
 Sincerely,
 Dick Wallace.

Minor Injuries in Gagetown Collision

Two persons suffered minor injuries in an automobile wreck in Gagetown Tuesday.

Rev. Frederick J. Maynard, pastor of St. Edward's Catholic Church of Kinde, suffered facial cuts and bruises and Mrs. Mabel Hiser received a slight bruise.

According to Trooper Glen Daffoe, who investigated, Father Maynard, driving west, and Calvin Hiser of Caro, driving east, collided when Father Maynard attempted a left turn into a private drive.

Both cars were wrecked. Maintaining a private opinion in Soviet Russia makes one a public enemy.
