

Forty Attend Village Caucus To Nominate New Officers

An estimated 40 persons attended the annual village caucus to nominate a village president and other village officers Tuesday evening at the Cass City Municipal Building.

Although a fairly large representative group attended the caucus, no competition was evidenced in the nominating of the officers.

Only one person was named for each vacant office. Former Trustee James Bauer was named as a candidate for president. He will succeed President Clifford Croft who held the post for three years and indicated that he would not seek re-election. The president is elected for a one-year term.

Two-year councilmen candidates named at the caucus were: M. C. MacLellan, Arlan Hartwick and Warren Wood. Mr. MacLellan and Mr. Hartwick will be seeking re-election, while Mr. Wood will be serving his first term, if elected.

Mrs. Wilma Fry, incumbent clerk and treasurer, was nominated to serve another term in both offices.

The caucus nominated two new members for the library board. Mrs. Chester Graham and Mrs. M. C. MacLellan will be presented to the voters in March in place of Mrs. Doris Fritz and Mrs. Dorothy Hunt.

Harold Jackson was nominated for re-election to the village assessor's post.

Harold Oatley acted chairman of the caucus and Mrs. Fry was the secretary. Harry Little and Mrs. Ernestine Patterson were tellers.

From the Editor's Corner

At the funeral of H. F. Lenzner, Rev. S. R. Wurtz said, "by his actions you knew where he stood."

Probably no other words described the worth of Mr. Lenzner better. Respect for Herb increased with time. In the two short years that we knew him, he became a close friend, as well as a reliable post to lean on for help in running this newspaper.

His assistance to this editor was typical of his acts throughout life. After selling his paper for a needed rest, he spent the majority of two months instructing and working on the paper. He had no obligation to do so—moral or legal—but his efforts made a tough job much easier for your reporter. His efforts didn't end there. On the day he became ill, he turned in another well-written news story for the paper, a part of his continuing help.

If Herb were here today, he would vehemently protest this article. He was quiet, retiring and modest. He will not be forgotten by the Cass City community. We were proud to call him a friend.

Although the non-partisan primary election slated Monday has not received the publicity that general elections usually do, it is the first step in deciding who will run one of the more important posts in state government.

You will be called upon to select a man to head the circuit court for Lapeer and Tuscola Counties. The man you choose will be in charge of the court where all civil and criminal cases first appear, with the exception of minor charges handled by justices of the peace.

It may be that you will be directly concerned with his abilities—the present voting question before Judge Libbers is a good example.

We'd like to see as big a turnout for this primary as there was in the primary last fall. It's almost as important. Vote!

Despite the competition of a Community Club meeting, a gratifying crowd appeared at the village caucus Tuesday evening. Forty were on hand to nominate the slate.

The interest is a step in the right direction. In an effort to keep alive this favorable trend in village government, the Chronicle will, beginning with the next council meeting, publish a short article before each meeting, telling the major issues on the agenda for the month.

It is hoped that the information will induce local citizens to attend the meetings and receive first-hand information on the way their village is run.

Council meetings are open to all and are held on the last Tuesday of each month, starting at 8 p. m.

Sweeney Herd Among Top Eight in State

The 20-cow herd of Dolan Sweeney recently completed a year of testing in the DHIA number one of Huron County with an average of 14,648 pounds of milk, testing 3.7 per cent and 546.5 pounds of butterfat per cow.

This year's record gives Mr. Sweeney's herd an average for the past four years of 519 pounds of fat per cow. This average places the herd among the top eight herds in Michigan for butterfat production on a twice-a-day milking program.

The testing program was supervised by the Michigan State College extension service.

Hawks Closer To Loop Championship After Two Victories

Cass City racked up its 10th straight league victory and 11th decision in 12 starts Friday evening when they topped Yale 64-35 on the Bulldog's home court.

If the Hawks can stop Caro and Bad Axe, scheduled here tonight (Friday) and Tuesday, they will be assured of at least a share of the Thumb B cage title in its first year of operation.

Only Marlette, who trails the Hawks by a full game, has a chance to share or win the title with Cass City. At the present time, they are a full game behind Cass City by virtue of their one-sided defeat when they played the Hawks in Cass City.

What looms as the key game of the schedule will be the return encounter with Marlette Feb. 20.

The Hawks had little trouble staying in front of the pack against Yale. They opened an early lead and coasted in for victory after the intermission.

In the final quarter, Coach Irv Claxman had his regulars on the bench and the varsity reserves took over to complete the contest.

In a slow first quarter, Cass City exactly doubled the score on their league rivals. They tipped in 14 points while Yale was hooping seven.

It was in the second stanza that the Hawks turned the game into a rout. With Tim Burdon, who again led both teams in scoring, netting 13 points in the period, Cass City rolled for 21 points while Yale could find the hoop just twice on a pair of field goals by their lanky center, Bradley. At half-time, Cass City led 35-11.

Yale continued to yield to Hawk pressure in the third period and Cass City moved seven points.

Air Force Band Slated to Appear In Cass City

The 691st Air Force Band, stationed at Selfridge Field, will appear in concert at the Cass City High School at 11 a. m. on Tuesday, February 17. The concert is one in a series of assemblies for the high school students, but others in the community interested in good music are invited to attend.

The band is composed of approximately 40 men and includes, in addition to the concert band, a sixteen-man glee club, a woodwind quintet and various instrumental soloists and ensembles. Twenty-one of the men either have music education degrees or have done work toward such degrees.

Band Leader Norris J. Cop is a graduate of Baldwin Wallace College and of Western Reserve University and was for seven years instructor in instrumental music in Ohio schools.

The homemaking department of the local high school will be host to the band personnel at a luncheon immediately following their program here.

Your Blood Helps

Mrs. Eunice Catton, daughter of Mrs. Mae Schell, Cass City, receives a blood bank from 1st Lt. William C. Weeks at Hickam Field.

Mrs. Catton was formerly director of home service in the Lansing Chapter of Red Cross and also worked in the Kalamazoo Chapter of the organization.

Mrs. Catton went overseas with the Red Cross in August, 1952. The Red Cross Blood Mobile is scheduled to appear at the Presbyterian Church in Cass City Wednesday, Feb. 18.

Community Club Hears Steel Tell Values of Sports Program

Athletes from Cass City High School were feted by the Cass City Community Club Tuesday night at the school gymnasium.

The boys heard Archie Steel, backfield coach at Michigan State Normal College, Ypsilanti, tell of the importance of a strong athletic policy in developing the youth of the nation and combating juvenile delinquency.

"We do not have too much organized sports activity," Mr. Steel said, "we have too little." He pointed out that sports builds character and develops desirable traits in boys that produces good citizens.

"Coaching is a matter of human relations," Mr. Steel asserted, "to be a successful coach, you must understand the boys you are working with—and if you understand them, you are able to help them with their problems."

Spencer Injured in Head-on Collision

Jack L. Spencer, Cass City, was treated for head and right leg injuries Saturday evening, when he collided with Michael Fleischmann of Munger, one and a quarter miles east of Wisner on M-25.

According to George Jeffrey, Tuscola County sheriff, the two cars hit head-on. Mr. Fleischmann was also injured in the collision. He was taken to General Hospital, Bay City, for treatment of lip lacerations and knee injuries.

They Seek Nomination as Circuit Judge Monday

Kenneth H. Smith

Roland O. Kern

Timothy C. Quinn

John G. Libbers

A light vote has been forecast for the non-partisan election Monday, Feb. 16, when voters in Tuscola and Lapeer Counties will name two men to compete in the spring election for the post of Circuit Judge.

On the ballot to be presented to the voters will be Kenneth H. Smith and Judge John G. Libbers of Lapeer and Roland O. Kern and Timothy C. Quinn of Caro.

Incumbent Judge Libbers was appointed to his post by Gov. G. Mennen Williams to replace the late Judge George DesJardins. All candidates for the office are completing a vigorous campaign in what many observers have termed a wide open race.

Republicans Name State Delegates Monday Evening

One Cass City man, Willis Campbell, was named a delegate to the state convention at the Tuscola County Republican Convention held at the courthouse in Caro Monday evening.

Other delegates named included: Ward Parsell, Caro; Roy LaFave, Gageton; Irl Baguley, Caro; Joe Liddicoat, Caro; Curtis Hall, Fairgrove; Margaret Willis, Vassar; Lee Fowler, Fostoria; Bruce Ruggles, Kingston; Gilbert Smith, Caro; Alice Cummins, Caro, and Freeland Sugden, Mayville.

Alternate delegates named are: Harry Beatenhead, Unionville; Fred Findlay, Vassar; Allison Green, Kingston; George Bieth, Caro; William Russell, Unionville; L. C. Draper, Millington; Harvey Manley, Reese; Charles Woodcock, Vassar; Audley Rawson, Cass City; Carl Monteil, Caro, and Keith Brody, Unionville.

Karl Kinsey of Caro was chairman and Carl Monteil, recording secretary of the convention.

The following appointments were made by the chairman: William Profit, Cass City; chairman on resolutions, Bruce White, Caro, and chairman on nominations of delegates to state convention, Art Dehmel, Unionville.

After the business meeting, Kenneth Baur reported on the activities of the Young Republican Club of Tuscola County and Gilbert Smith was given a standing vote of appreciation for his work as chairman of the Tuscola Republican Party in 1952.

Rep. Allison Green spoke on reappointment and discussed a proposal of a Canadian refinery for the right to run a 30-inch pipeline from Sault Ste. Marie to Port Huron and into Windsor.

The line would go through Tuscola, Sanilac and Huron counties and Rep. Green said that, in his opinion, the line would be of no benefit to Michigan and could easily disrupt tilled farm land.

The pipeline would be built to transport crude oil from the Canadian Northwest for refinement in Windsor.

High School Honors Wayne LaPeer at Memorial Service

Wayne LaPeer, who was the victim of a tragic hunting accident that took his life in November, 1952, was honored by his classmates at Cass City High School Thursday, Feb. 5, when his picture, together with a bronze plaque inscribed "In Memory of Wayne LaPeer, 1935-1952," was dedicated.

The picture was presented by Arleon Kelley, president of the Student Council, in behalf of the students. Ronald Bukowski, a close friend of Wayne, received the token of recognition.

In presenting the picture, Mr. Kelley said that Wayne was a friend to all who knew him. He was a quiet, unassuming and industrious boy—highly regarded by both his teachers and fellow students. He was always ready to lend a helping hand to anyone and his character was beyond reproach.

Superintendent Willis Campbell said it was not uncommon for an argument among a group to be quietly stopped when Wayne stepped in in his friendly manner.

Name Three Area Men Directors of Breeders' Association

Three men from Cass City were named directors for Tuscola County in the reorganization of the Thumb Hereford Breeders' Association.

The three men are: C. F. Bigelow, M. C. MacLellan and John Esau.

The reorganization covered six counties: Huron, Lapeer, Macomb, Sanilac, St. Clair and Tuscola.

Directors from Huron County are: William J. McCarty and Murdock McLellan, both of Bad Axe, and Glenn Wakefield, Kinde.

From Sanilac County the following directors were selected: S. W. Soule, Tyre; Alger Glover, Marlette, and James Curry, Sandusky.

Plans are under way for a cattle sale in October at Bad Axe.

Telephone Pole Breaks; Injures Clarence Miller

Clarence Miller was injured while taking a "busman's holiday" Monday, when he fell from the top of a 26-foot telephone pole which broke while he was repairing some wires.

Mr. Miller, who is a lineman for General Telephone Company of Michigan, was working on privately owned lines near Shabbona when the accident occurred.

He suffered a concussion and fracture of a bone in his right cheek. He was taken to the Pleasant Home Hospital for treatment.

He was released Wednesday morning and will spend the rest of the week recuperating from the fall.

When asked about the accident, Mr. Miller said, "it was just one of those things."

Reilly Speaks to Farm Bureau Groups

An estimated 95 persons attended the regular monthly meeting of the Elkland Farm Bureau Monday evening at the Bird Schoolhouse, when the group entertained members from Kingesta, Elmwood, Ellington and Cass River Valley Farm Bureau groups.

In place of the regular discussion meeting, the evening was devoted to James Reilly of Brown City, an Ifye student, who recently returned from a trip to Switzerland.

Mr. Reilly showed colored pictures and told many of his personal experiences living as one of the family in three different Swiss farm homes. He was in the country six months.

He stressed the fact that people

Coming Auction

One auction is listed in the Chronicle this week. Nelson and Sadie Walrod will hold an auction of their personal property on their farm, three-quarters of a mile east of Gageton.

The sale starts at 1 p. m., Thursday, Feb. 19.

Continuing effort by authorities and members of the Elkland Township Fire Department has made the department a Class B department. The new classification is expected to reduce fire insurance rates for farmers in Elkland Township within a 10-mile radius of the village, the effective distance of the department, according to the new classification.

A bulletin received by authorities said: "Due to the existence of a township fire department, and the installation of required minor equipment on the rural fire apparatus, we hereby certify the Elkland Township Fire Department as a rural Class B department under the Farm Schedule and farm property is entitled to credit under the Farm Schedule if within ten miles (measured over public highways) from the Cass City fire station and if located in Elkland Township."

According to Chief Grant Patterson, some of the equipment added to bring the department up to the required standards included: foam extinguisher, 100 feet of three-quarter inch hose, 12 buckets and other items of a similar nature.

Cass City is one of the few Class B departments in the Thumb area. No departments in surrounding villages have the necessary equipment to meet the requirements for the rating.

H. F. Lenzner Dies Saturday after Short Illness

Herbert F. Lenzner, editor and publisher of the Cass City Chronicle for 47 years and an admired and respected member of the Cass City community, died Saturday afternoon at the Pleasant Home Hospital.

According to physician's report, Mr. Lenzner died from the effects of coronary occlusion, suffered Monday afternoon while returning from a business trip to Saginaw.

He was prominent in civic activities throughout his long career in Cass City. He served as village clerk in 1906-07 and was active in

H. F. Lenzner

the Tuscola County Republican Party.

He was a life member of Tyler Lodge F. & A. M., receiving his certificate Sept. 5, 1943. He was a charter member of the Cass City Rotary Club and served as its president in 1929 and held various other responsible positions in the club.

He was one of the original members of the board of directors when the Pinney State Bank was organized as a state bank in 1921 and served as vice-president of the organization from 1925 until the time of his death.

He spent his entire life in printing and newspaper work. As a young man he worked in a printing office in Cass City and later spent a short time working in the Detroit Times composing room.

He returned to Cass City and purchased the Tri-County Chronicle in February, 1904, from Frederick Klump. Two years later he bought the Cass City Enterprise from A. A. P. McDowell and consolidated the two papers under the name of the Cass City Chronicle.

He served on the local school board at the time when the new school building was erected.

He was a member of the EUB Church from early manhood and served on the board of directors for over 25 years.

Mr. Lenzner was born Dec. 13, 1879, in Cass City, the son of the late C. O. Lenzner and Sophia Ahr.

Herd Management More Important Than Medicine in Fighting Mastitis

Management is more important than medication in fighting mastitis in the dairy herd according to Alfred P. Ballweg, Tuscola County agricultural agent. This will be stressed Feb. 24 at a Better Milking Clinic at Caro.

Mastitis—germ caused—is discouraged by good management practices. Machine milking can be done daily so as to bat down "bugs." How the cows are housed makes a big difference, particularly how they are bedded. Feeding counts in the battle. Even back in the kindergarten, in calfhood, management plays a part.

For that matter, mastitis can be combated even before the future milker is born! Breeding stock from which come the cows of tomorrow should be selected to transmit good strong well attached udders that don't get bruised easily. There is evidence that some families of cows are resistant to the germ infection that causes mastitis.

The calf whose natural teat-seals are not broken by being sucked by another calf is literally sealed against germ infection. Management enters here—calves that are being fed milk should be stabled in separate pens. Or if they have to share a common pen, they should be stanchioned or tied after being fed milk till the sucking urge abates.

Feeding counts. Cows fed rations good for milk production should be in top health for such rations will be built of good quality roughage high in vitamins and energy-giving grains. The properly fed cow has udder-resistance to mastitis. The properly fed cow is not overfed, so the udder is not overworked. The properly fed cow is brought slowly to full feed after freshening; congestion is kept down.

Housing helps fight mastitis germs. Ample bedding is the big boost. Udders do not lose vitality from contacting cold damp concrete. The "loose-handling" system of housing makes for less mas-

titis. Maybe most important—good milking management prevents the mastitis germs from invading udders. Wiping udders before milking with a cloth dampened with a disinfecting solution kills germs hanging around the teats. The strip cup, by revealing abnormal milk, shows up any quarter where mastitis is starting to get a foothold. Fast milking and machine stripping encourage emptying the udder of the food that germs like—milk! Getting the teat cups off as soon as milk flow stops prevents tissue irritation favorable to germ infection. Sterilizing teat cups between cows by dipping in sanitizing solution prevents the spread of germs from cow to cow.

And, finally, management plays a part in operating the milking machine itself. Constant watch is needed to know that the amount of vacuum and the pulsation rate is held just where the manufacturer designed his machine to best operate.

On the job management makes life miserable for mastitis bacteria.

Neighbors Endorse PATERSON

It is with a deep sense of pride and admiration that we, his neighbors, look at Leonard J. Paterson, who has grown up in our midst and won our respect and our hearts with his cheery greetings and friendly interest in our problems as ordinary, hard-working citizens of a small community. His willing, unstinted cooperation in the handling of civic problems and his enthusiastic interests in every progressive, forward-looking project has led us to put confidence in him that has not been violated.

Only in United States of America, where men are free, can a youth set his eyes on a goal at the top of the ladder of attainment, and by persistent effort rise from a humble tiller of the soil through the successive steps of a successful Attorney, an outstanding County Prosecutor and a State Senator, who in deed and truth had the cause of his constituents at heart. We congratulate him on his decision to seek the Office of Circuit Judge, knowing full well that in order to protect our liberties, and to meet our unqualified justice to offenders, we must have men of integrity and character with a compassionate regard for their fellowmen.

We salute him and wish him every success for the future.

Ford sets the style for '53

It's lower-looking, longer-looking, wider-looking... and Ford's Crestmark Bodies are the most beautiful

in any low-priced car—best-built, too! It's hard to believe that Ford is one of America's lowest-priced cars when you see that huge, curved one-piece windshield... and those smartly styled interiors blended with outside colors! It's even harder to believe when you take a Test Drive and feel the road-ruling "Go" of Ford's great V-8 or Six engines... and feel the comfort of Ford's amazing new Wonder Ride.

The '53 Ford Crestline V-8 Victoria

It will stay young for years

Years from today, your '53 Ford will still command admiring glances. For it's styled ahead... and built for keeps. Your eyes will tell you the quality of the beautiful

Baked Enamel finishes. Your fingertips will tell you that there is seamless construction where many other cars have seams. Ford Crestmark Bodies are hull-tight.

It Behaves Beautifully, too!

Ford's new Wonder Ride practically "paves" its own way. More responsive spring and shock absorber action... and Ford's wide front tread take bounce out of bumps, tilt out of turns. Front end road shock is actually reduced as much as 80%!

MICHIGAN MIRROR NEWS BRIEFS

The weight of a financial crisis and the more than normal press of business hasn't deterred the legislature from one of its favorite hobbies—tinkering with Michigan's 140 million dollar a year liquor industry.

George Burke, Jr., chairman of the three-man commission since 1950, has been recognized by many as a bright young man quite capable of handling the many-faceted liquor business.

By that they meant that if he wanted to show how he was piling up money in the general fund, he merely cut down the inventory. Or, vice-versa, he could show good figures if necessary that Republicans had muffed the ball by ordering the inventory increased and draining off excess money.

Such charges never were proved—or even very seriously considered by most, but the G. O. P. tried to boost through a bill which would put a ceiling on the inventory.

But they couldn't manage it. And so they went to Burke and asked in a gentlemanly manner to try to keep the liquor stock down to \$12 million. And Mr. Burke allowed as how he would try.

He finally got the legislature to allow him to carry up to \$15 million. Look as they might, the inquiring legislators could find nothing to criticize Mr. Burke for.

The legislature now is planning to build a \$2 million warehouse in Detroit—although this doesn't exactly come under the heading of "tinkering."

This warehouse would replace three wholesale storage places and one retail warehouse, all of which now are being rented. Burke figures the state can save \$200,000

in rentals and another \$100,000 in savings on transportation and the normal drop in expenses for a more unified command.

Burke also has been holding off on election of a site for the building—power given him by the senate liquor controls committee—until they investigate the possibility of putting up a building on some obscure corner of the state fair ground in Detroit.

There is also a proposal in the mill to expand the liquor control commission from a three-man to a five-man group and eliminate the present two hearing examiners. Present complaint is that after the examiners hear a case, the licensee immediately appeals to the commission and the commissioners must hear it anyway.

It would at least save a lot of time on appeals.

Now Senator Blundy has introduced a resolution asking that no new liquor licenses be issued until a replacement for Commissioner Kozarn is appointed and approved. Says it would "just open the door to blackmail."

Incidentally, there are 400 SDD licenses open in the state. Also, there are 460 applicants.

But the issuance of the liquor take-out permits won't be as simple as just weeding out 60 applicants. The legislature will get into the act.

With the liquor control commission they always do.

Laughs at Thief

Charles Jackson, a retired Baltimore attorney, laughs at auto thieves who tamper with his machine. Recently he discovered a strange youth in the car making futile efforts to start it. Jackson offered to help. He got into the car, shoved a few jack-plugs into the proper holes in the instrument panel, stepped on the starter, and the engine hummed. He laughed at the astonished youth and advised him to mend his ways. Jackson has patented his device.

Apt Names

In Medicine Hat, Alberta, Postmaster Sam Goldie announced that his office is trying to speed up mail service by putting on two new men: M. V. Quick and C. R. Fast.

In Detroit, Patrolman Philip Kolhoff was suspended and charged with conduct unbecoming an officer after he turned in a report admitting that a woman he met in a bar had made off with his revolver.

A liberal is the kind of a person who is willing to spend your money until it hurts.

Artificial Breeders Add New Bulls

Four Brown Swiss bulls are now on sire duty at the Michigan Artificial Breeders Co-operative, which has handled Brown Swiss calls in the past mainly with semen from out-of-state. The expansion resulted from field requests for the service, according to A. C. Baltzer, co-operative secretary-treasurer and extension dairyman at Michigan State College.

The first Brown Swiss bull acquired was V. B. Tex-Jane Collegian. Collegian is a proved bull, with average records by his daughters of 465 pounds of butterfat and 12,000 pounds of milk.

Two others are half-brothers and are sons of the nationally-recognized Colonel Harry of J. E., classified "excellent." Colonel Harry has been used by the Northern Ohio Artificial Breeders Co-operative. One of the sons, a 10-year-old from the Al Richards farm at Rankin, is also classified as "excellent." The other has been proved through daughters in Indiana.

A third younger bull, obtained from August Heisler of Albion, is being proved. It has a proved sire and its dam—who has seven records and a "very good" classification—is a daughter of a proved sire.

Couple Speaks Vows In Detroit Saturday

Noreen Colton, daughter of Mr. and Mrs. Basil Colton of Roseville, and granddaughter of Mr. and Mrs. Clarence Quick of Cass City, became the bride of Joseph Andrews Saturday in Eastown Church of Christ, Detroit. Gerald Montgomery, pastor, performed the double-ring ceremony. Joseph is the son of Mr. and Mrs. W. R. Andrews, of Eugene, Ore.

Given in marriage by her father, Noreen wore a blue-grey imported English woolen suit, fashioned by the bride herself, with which she wore navy and white accessories. Her corsage was of white carnations.

Soloists included Donald Worthen, Genele Gunter and Mr. and Mrs. Warren Jones, singing "Because," "Lohengrin's Wedding March" and "Be With Me Lord."

Bouquets of white gladioli and sweet peas adorned the church altar for the service.

Mrs. Marcella Sims served as matron of honor and she wore a softly tailored grey suit with pink accessories. Her corsage was of pink and white carnations.

Best man was Winston H. Sims and ushers were Nathan Gray and Frank Boynton.

All members of the bridal party were former classmates at Harding College, Searcy, Ark., with the exception of Mr. Boynton.

For her daughter's wedding, Mrs. Colton was dressed in navy blue with pink accessories, while Mrs. Andrews chose a brown frock with black accessories. Their corsages were of pink carnations with white mums and yellow carnations and white mums respectively.

A wedding reception was held for 90 guests in the church parlors following the service.

The young couple left this week for Milwaukee, where they plan to make their home at 3422 S. Burrell Street. The bride is a dietitian at the YWCA and her husband is employed by United Air Lines.

Noreen was graduated from Roseville High School and from Harding College. Her husband was graduated from Pleasant Hill High School, Pleasant Hill, Ore., and Pepperridge College, Los Angeles, Calif.

Out-of-town guests included Mr. and Mrs. Robert Andrews of Eugene, Ore., and others from Kingston, Marlette, Brighton and Cass City.

Slate Soil Meeting In Sanilac County

The soil is the most important asset a farmer has. How he uses that soil will determine what he gets from it. Some Sanilac County farmers have found new methods which pay off well in dollars and cents according to Albert T. Hall, Sanilac County Agricultural Agent.

To help farmers in the northwest section of the county become more familiar with new methods of soil management, a meeting has been set up in cooperation with Gib Smith, field manager of the Caro Sugar Plant. This meeting will be held in the Masonic Hall in Decker on Thursday, February 19, at 2:00 p. m.

Sugar beet growers and all farmers are invited and urged to attend this meeting. Speakers will be Paul Rood, soils specialist from Michigan State College; Maurice Frakes, Michigan Sugar Company Agriculturalist and others.

This is your opportunity to learn more about making the soil on your farm more productive and therefore more profitable.

Watch your marketing and make sure you are not paying for inedible foods such as the waste on some vegetables and the excessive bone and fat in some meats, Michigan State College home economists remind you.

A brushed fabric catches fire easily, warn Michigan State College textile researchers. Loosely woven and sheer fabrics are also extremely hazardous around open flames.

Have your curtains either short or long—not in between, recommend specialists at Michigan State College. The in-between length that ends half-way between floor and sill looks like you ran out of material, they say.

HOUSEHOLD MEMOS... by Lynn Chambers

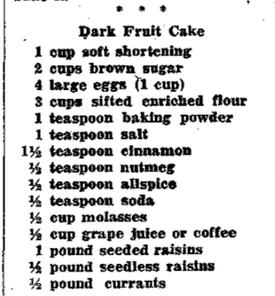

Blend Proper Amounts of Batter with Fruit

IT REALLY isn't too long a time until the season will be in full swing. Why not take a few days off now to make those delicious fruit cakes and puddings which will be so satisfying within a short time?

Fruit cake making is not an arduous task if the work is spread over two days, one to get the candied fruits cut into jewel-like bits, and the other to blend the fruity mixture with the batter and bake it.

Dark Fruit Cake
 1 cup soft shortening
 2 cups brown sugar
 4 large eggs (1 cup)
 3 cups sifted enriched flour
 1 teaspoon salt
 1 1/2 teaspoon cinnamon
 1/2 teaspoon nutmeg
 1/2 teaspoon allspice
 1/2 teaspoon soda
 1/2 cup molasses
 1/2 cup grape juice or coffee
 1 pound seeded raisins
 1/2 pound seedless raisins
 1/2 pound currants

Fruit Cake Glaze
 1/2 cup light corn syrup
 1/4 cup water
 Combine syrup and water and bring mixture just to a rolling boil. Remove from heat. Cool to lukewarm. Pour over cold cake before or after storing. Fruit cakes are usually decorated after storing.

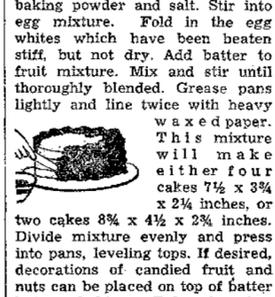

Fruit Cake Makes Delicious Dessert

This recipe for light fruit cake is a marvelous blend of fruits and nuts with just the right amount of rich batter.

Light Fruit Cake
 (Makes 6 pounds fruit cake)
 1 pound candied cherries
 1/2 pound candied pineapple
 1/2 pound citron
 2 ounces candied lemon peel
 2 ounces candied orange peel
 1 pound pecans or English walnuts
 2 1/2 cups sifted flour
 1 cup butter or shortening
 1 teaspoon grated lemon rind
 1 1/2 cups sugar
 4 eggs, separated
 1 cup evaporated milk
 1 tablespoon lemon juice
 2 teaspoons baking powder
 1/2 teaspoon salt

Cut cherries in quarters. Slice pineapple thin. Cut citron and peels very fine. Break or coarsely chop nuts. Mix fruit and nuts in a large bowl. Add 1 cup of the flour, and mix until fruit and nuts are well coated. Cream butter until smooth and plastic. Add grated lemon rind, then sugar gradually, creaming until mixture is light and fluffy. Beat in egg yolks. Stir lemon juice into milk. Add to egg mixture. Sift the remaining 1 1/2 cups flour with the baking powder and salt. Stir into egg mixture. Fold in the egg whites which have been beaten stiff, but not dry. Add batter to fruit mixture. Mix and stir until thoroughly blended. Grease pans lightly and line twice with heavy waxed paper. This mixture will make either four cakes 7 1/2 x 3 3/4 x 2 1/4 inches, or two cakes 8 1/2 x 4 1/2 x 2 3/4 inches. Divide mixture evenly and press into pans, leveling tops. If desired, decorations of candied fruit and nuts can be placed on top of batter before baking. Bake in slow (275°F.) oven until done, about 2 1/2 hours for the small cakes, or about 2 3/4 hours for the larger cakes. (When cakes are done, they are lightly browned and tiny cracks begin to appear in the top. These cracks close when cakes cool. Cool cakes in pans about 10 minutes, then turn out on racks and place right side up again to finish cooling. When ready to store cakes to ripen, remove waxed paper from cakes and rewrap either in clean waxed paper or aluminum foil. Keep in cool place until ready to use.

Lynn Says:

Close oven doors gently so there is no chance of breaking hinges. Avoid placing heavy roasting pans or baking utensils on the open door.

Adjust oven racks at proper heights before turning on the current. Avoid long preheating before placing foods in the oven.

It's smart to keep the oven clean to get the maximum radiation of heat.

On electric ranges place saucepans on surface units before turning on the switch. Turn off the heat on all units a few minutes before food is done, thus utilizing stored heat.

Ginger Beef Pie
 (Serves 8)
 3 pounds economy cut beef
 2 tablespoons suet
 1 cup consommé
 6 small onions, washed skinned, chopped
 4 small carrots, diced
 1/2 pound sliced mushrooms or button mushrooms
 1 teaspoon black pepper
 1/4 teaspoon dried tarragon
 1/4 teaspoon ground ginger
 1/4 teaspoon ground cinnamon
 1/2 cup tomato juice
 Pastry for 1-crust pie
 Butter or substitute

Wipe meat with clean, damp cloth; cube. Sauté in suet until light brown, then cook slowly with consommé for 1 hour. Add onions, carrots, mushrooms, seasonings; cook slowly additional 1/2 hour. Pour into baking dish. Add tomato juice; top with pastry; crimp rim; slash top decoratively to let the steam out. Brush top with butter or substitute. Bake in hot (425°F.) oven 20 to 30 minutes.

Final Rites Held for Grant Area Resident

Funeral services for Mrs. Charlotte Turner, 82, widow of Enoch Turner, who had lived most of her married life in Grant Township, were held Wednesday at 2 p. m. in the Douglas Funeral Home. Rev. J. P. Holloper of Elkton officiated and burial was in Elkland Cemetery.

Mrs. Turner, in failing health for some time, died Sunday in her home.

Daughter of the late Mr. and Mrs. James Williamson, she was born Aug. 6, 1870, in Ontario. Mr. Turner, whom she married March 28, 1887, at Deckerville, died Jan. 28, 1946.

Surviving are two daughters, Mrs. A. P. Stirtion of Grant Township and Mrs. Manley Fay of Gageton; nine grandchildren; two brothers, Wm. Williamson of Deckerville and Robert Williamson of Shrewsbury, N. J., and one sister, Mrs. Mary Dagg of St. Petersburg, Florida.

A son, Gordon Turner, died at the age of 21 years.

Tubeless Tire

A recent innovation is this tubeless tire, designed to improve the farmer's efficiency in planting corn and cotton.

The new tire, developed by B. F. Goodrich engineers, is the first successful application of the tubeless tire principle for farm implements. It has a smooth V-shaped tread and is constructed with high shoulders and a low center—similar in appearance to the contour type planter tire introduced by the company several years ago to replace steel press wheels in corn and cotton planters.

Designed to press the earth uniformly around the seed, the tubeless planter tire has been successfully tested on farms whose soil conditions are typical of those throughout the country, the manufacturer says.

Farmers who tested the tire report uniform planting depth in all soil conditions. The contour shape, they said, allows planting in wet soil and reduces slippage on hillside planting. Quicker germination and a more uniform stand results from the tire's consistent pressing action of the earth against the seed, they added.

LEONARD J. PATERSON

Candidate for

CIRCUIT JUDGE

Huron & Sanilac Counties

* A State Senator 4 Years

* A Prosecuting Attorney 6 Years

* A Farmer until 28 Years Old

* A Veteran of World War II
Served 34 Months

As An Experienced Farmer:

Much of the litigation in Huron and Sanilac Counties involves cases where farm problems must be solved. He has basic knowledge of these problems. He was instrumental in holding the First 4-H Club Meeting in the Thumb of Michigan.

As A Prosecuting Attorney:

He was fearless and courageous in the prosecution of crime and in the protection of the interests of his County. His Board of Supervisors commended him for his untiring efforts. After serving six years as a Prosecutor, the Supervisors recommended him for the promotion to the OFFICE OF STATE SENATOR.

As A State Senator:

His work in the Senate was outstanding. He served on the important committees, such as: Finance, Agriculture, Highways, Education, Conservation, Judiciary, etc. He gained recognition and commendation from Farm Groups, Business Organizations, the Medical Professions and Educators.

As A Soldier:

When his work in the Senate was finished, he gave up his fine practice as a lawyer, his honorary positions and his opportunity for financial gain, and volunteered in the United States Army as a Private.

Mr. Paterson is 55 years old, born in Sanilac County. He has been a practicing attorney for 24 years. He was president of the Sanilac County Bar Association for 2 years. He served 2 years as Vice-President of the Michigan Prosecutors Association. He is a member and one of the founders of Sandusky Lions Club. He was one of the organizers, and was a member for several years of the Grievance Committee of the State Bar of Michigan for the 7th Congressional District.

Mr. Paterson kept faith with the people as a Prosecutor. He fulfilled his pledges to the 20th District as a Senator. He gave his BEST when his Country was in danger. Such a record will create in the people of Huron and Sanilac Counties the realization that he is one who could be trusted with this VERY IMPORTANT OFFICE OF CIRCUIT JUDGE.

Let us not forget this soldier who offered his all in the dark days of 1942. His record of performance justifies his promotion.

Start 4-H Foundation Fund

Officials of the newly formed Michigan 4-H Club Foundation look happily at the first contribution to the fund to expand the 4-H Club program in Michigan which was presented by four Michigan racing associations. It was a check for \$25,000, the first of ten annual installments of a like amount to total \$250,000. Officials of the foundation are, left to right: F. H. Coward, Lapeer banker and treasurer; George A. Haggarty, Detroit attorney and foundation chairman; and A. G. Kettunen, state 4-H Club leader at Michigan State College and secretary. The foundation hopes to raise more than two million dollars to expand the 4-H Club program in many ways. Initial goals include funds to build a 4-H Club Center in northern Michigan to provide camping facilities; promotion of 4-H Club programs for urban boys and girls and an exchange of living experiences between rural and urban youth in Michigan.

Letter to Editor

To the voters of Elkland Twp.:
This is in explanation of the recount on Sunday closing.
As chairman of the election board it was my responsibility to see that each election inspector took the constitutional oath of office. The oath was taken by each worker, but I neglected to have them sign the oath. I also failed to have the one who administered the oath sign in the space provided for his signature.
At the time of the recount I was called upon to give testimony and I swore that all election workers had been sworn in. As one of those conducting the recount, Mr. Timothy Quinn contended that the voters of Elkland Twp. should not be disenfranchised because of the negligence of an election official. As a result your ballots were counted.
Mr. Quinn is now a candidate for circuit judge and I feel that in all fairness this should be told.

and settled the issue.
The award presented Thursday was made possible by the many friends and neighbors of Wayne who contributed toward the memorial for the boy.
So many persons helped in the project that the memorial fund oversubscribed by \$22. The money has been turned over to the junior class to help defray expenses for their senior trip—Wayne would have been a member of that class.
On hand to see the students pay tribute to Wayne were his parents, who were guests at the ceremony.
The memorial was concluded with a prayer by Arleon Kelley.
