

From the Editor's Corner

It was news to us when we learned this week that the Tuscola County Board of Supervisors allotted money for bee inspection.

Surprisingly enough, there is quite a story about this allotment. The inspectors look for disease in apiaries. At one time a man from outside the area was responsible for the job. Over a decade ago these inspectors were condemning the hives of many Tuscola County farmers.

Naturally, the persons affected were up in arms. They took the matter before the board and a supervisor on duty at the time reported that the meeting became so hectic that the chairman adjourned the meeting for the day.

Protesting farmers took the matter before the State Board of Agriculture and changes were made. Today all Tuscola hives are inspected by a local, qualified man—since then there has been no more trouble.

Tuscola County Sheriff George Jeffrey has asked your editor to donate space this week to alert car owners to the dangers of leaving keys in unattended automobiles.

This week, Jeffrey said, three cars were stolen in Tuscola County—one in Kingston, one in Millington and one in Caro. All three have been recovered, but with a considerable amount of expense to taxpayers. All three cars were parked with keys in the ignition.

One of the cars stolen was taken by a man on trial for assaulting a minor girl in the county, Jeffrey said. In all probability, he continued, none of these cars would have been taken if owners hadn't made it convenient for the thieves.

We've printed the coupon for the addresses for Christmas displays again this week. We'd like to point out that the Chamber of Commerce wants everyone with a display—individuals, organizations, business places and home owners, to fill out the coupon. Your cooperation is needed to make this Christmas project the most successful since the idea originated here. No matter how little your efforts, the Chamber of Commerce wants to show it to visitors. So fill in the coupon now. Remember, the deadline is Saturday, Oct. 24.

Hawks Drop Another Close Game Friday at Vassar, 12-9

The Cass City Red Hawks dropped another heartbreaking decision Friday night when they were edged by Vassar, 12-9.

In five games this year, the Hawks have won once, tied once and lost three times. But a glance at the won-lost record does not reveal the caliber of ball that Cass City has been playing.

In their three defeats, the Hawks have been outscored by a total of just 17 points. No team in the conference to date has been able to score more than a single touchdown more than the battling Cass City eleven.

In many of the games, Cass City has lost in a last half rally. It was a fourth quarter touchdown that defeated them at Vassar Friday.

The Hawks went into an early lead as Russell Foy slanted off tackle and scampered 49 yards to score. He then kicked the extra point—the first successful conversion of the year for Cass City.

Two intercepted passes eventually spelled defeat for Cass City. The first, in the second period, was nabbed by Wayne Withers who ran it back to the Cass City 44.

A series of line plays netted four first downs and a touchdown. Withers received credit for the marker. Vassar missed the point and Cass City led at the half, 7-6.

To Choose Queen and Court

Plans Completed for Home-coming Game

Cass City High School students are busy this week with plans for their annual home-coming game which, this year, will be the final home game of the season on Friday, October 30. Caro will furnish the gridiron competition for this game and a large crowd is expected.

The student council is conducting an election for the naming of the home-coming queen and her court. The queen is to be chosen from the junior or senior class, while the attendants may be from any grade in the high school.

This year the council voted to omit the floats prepared by all classes and use only one float for the queen and her court. In addition, the band and the entire student body will be invited to participate in the parade scheduled for Friday afternoon.

The annual home-coming dance will follow the game and will be held in the high school gym. The arrangements for the dance are in charge of the seniors who have engaged Jerry Innes and his orchestra to furnish the music. The dance begins at ten o'clock and is open to the general public.

Announces Candidacy

D. Hale Brake, state treasurer, and well-known political campaigner in the Cass City area, threw his hat into the ring as a candidate for governor in the 1954 primary election.

Brake is the first Republican in the state to become an announced candidate for the governor's post.

Cub Scouts Schedule First Fall Meeting

Cub Scout authorities have announced that the first meeting of the organization will be held Wednesday, Oct. 28, at the Cass City High School.

The meeting will be open to all boys 8-11 and their parents. It will be an organizational meeting for the group.

Authorities pointed out that parents are welcome and desired at every meeting of the group throughout the year.

One Injured

Many Hunters Bag Limit on Opening Day of Season

Hunters in the Cass City area reported the best success in several years on opening day, Tuesday, as temperatures in the high 70's greeted nimrods as they took to the field at 10 a. m.

Unofficial reports indicated that hunting pressure in the area was about the same as last year, although hunters were in the fields longer due to the fine weather and the abundance of birds.

A spot check Tuesday evening indicated that nearly all hunters bagged at least one bird, while many reported bringing home their limit of two birds.

Patricia Crawford, 14, of Deford was admitted to Pleasant Home Hospital the opening day of the season with gunshot wounds in her foot.

Junior Grid Squad Remains Unbeaten With Two Victories

The Cass City Junior High football team remained undefeated for the season by winning a pair of games during the week. They posted wins over Caro, 26-7, and Vassar, 33-2.

In the game at Caro, Tom Hulien, Johnnie Donahue, Jack Hartwick and J. D. Alexander scored the touchdowns. All the markers were the result of fine execution of plays and good blocking by the forward wall.

Alexander scored after catching a beautiful pass from Jim Johnson, Cass City fullback. Extra points were notched by Hulien and Johnson.

The Junior Hawks had a field day against Vassar. Playing at the Cass City Recreational Park Tuesday night, they rolled with comparative ease on offense and presented a stout defense that held the Vulcans to short yardage.

Johnson was credited with two touchdowns. Others were scored by Mike Fritz, on a pass from Johnson, Jack Hartwick and Hulien.

Johnson's two touchdowns came on a 46-yard punt return and a 60-yard run.

Long Illness Fatal To Gagetown Woman

Mrs. Henrietta Hemerick, 78, of Gagetown died Saturday at her home after a long illness.

Funeral services were held at 1:30 o'clock Monday afternoon. The Rev. Geo. Burlew officiated.

Mrs. Hemerick was born in Ontario May 24, 1875, and came to Gagetown when very young.

On December 27, 1898, she married Fred Hemerick in Caro. She was a member of the Gagetown Methodist Church, the Woman's Study Club and Gifford Chapter 869, OES.

Surviving, besides her husband, are a son, Dr. Frederick Hemerick of Florida, and three grandchildren.

Entombment was in Oakwood Memorial Mausoleum, Saginaw.

Two Members of Putnam Family in Area Hospitals

The Harold Putnam family of Brown City, formerly of Cass City, are dividing their attention between hospitals at Marlette and here. Mrs. Putnam was admitted to Pleasant Home Hospital here Monday and underwent surgery. Friday evening at Marlette, in the football game between Marlette and Caro, Eugene, 16, the eldest boy in the family and a senior in high school, suffered a fracture of both bones in his left leg between the knee and ankle.

He will be hospitalized at least three weeks. Friends may write to him in care of Marlette hospital.

American Legion to Present 3-Act Comedy

Miss Jaunita Williams has arrived in Cass City to assist the American Legion Post 507 in presenting the hilarious three-act comedy, "Flying High." The all local talent play will be staged in Cass City High School auditorium Oct. 28, 29, 31 at 8 p. m. for the building fund.

Miss Williams met with Mr. and Mrs. Jack Howell, Rosella Osborn, Mr. and Mrs. Art Little, Mrs. Wise, John Peterson, Alex. Tyo and Mr. and Mrs. Charles Holm. Rehearsals and other scheduled plans will get under way at once.

The entire action of "Flying High" takes place in the lobby of a small hotel, "Purdy's Last Resort," owned and operated by a lovable old rascal, Jeb T. Purdy, who also is town constable.

Guests at the hotel include Mrs. Augusta VanSneerington and her son, Robert VanSneerington III, and Professor Boomer K. Barnsmiller, on a government mission so secret even he hasn't learned what it is all about.

Beulah Potts is the outspoken colored maid at the hotel and Gaby Hawkins, the nosey neighbor who knows everything that goes on in town—and tells it.

Love interest is supplied by Jeb's granddaughter, Mary Lou Milford, and Ted Sterling, young inventor, while Titus Pincham, who is trying to cheat Jeb and Mary Lou out of the hotel, is the villain.

Betty Green is Mary Lou's breezy, wisecracking young friend.

Drillers Strike Oil On Farm Near Cass City Tuesday

The Gordon Drilling Company struck oil at 3,540 feet Tuesday afternoon on a farm three miles west and one mile south of Cass City.

Oil rights to the property belong to Emory Lounsbury and the property is under lease to Don Rayborn.

Tuesday afternoon the oil crew started to lay pipe to tap the oil. Whether or not the amount of oil will be commercially profitable to tap is not yet known.

The well is the first of three that has been scheduled to be drilled in the area. The next well will be drilled one-half mile south of the present location.

Many Hear Mrs. Champion Speak at Presbyterian Church

More than 375 persons crowded into the Cass City Presbyterian Church Sunday night to hear Mrs. Lucile Champion talk of her recent trip through the Holy Land and show colored slides and relics brought back from the trip.

One of the highlights of the program was the dressing of Stuart Little in the garb of a shepherd and Barbara Gross as the woman at the well.

Among the relics brought back and displayed Sunday were earthen water jugs, incense burners, headpieces, shepherd's crook and other items of interest.

The colored slides presented a complete picture of the trip. Slides showed the Holy Land, the River Jordan, the Presbyterian mission in Lebanon, famous art gallery scenes in Italy and a host of others pertaining to the trip.

Mrs. Maurice Joos played organ music during the evening and members of the Youth Fellowship completed the scene dressed in native costume.

Proceeds from the program went to the Presbyterian Guild.

Remington, Public Administrator of the State of Michigan, duly filed in this Court, in each of the above entitled and combined estates of the above named persons who have disappeared and have not been heard from for a continuous period of more than seven years.

Notice is further given that all creditors, or other persons having any claim against any of the said estates are requested to present such claim, in writing and under oath, to said court at the probate office in said county, and to serve a copy thereof upon the above named public administrator at his office in the Village of Cass City, Michigan, on or before the 21st day of December, A. D. 1953; and that such claims will be heard at this Court on the said day at ten o'clock in the forenoon, at the Probate Courtroom in said County.

This notice is given pursuant to the provisions of Act 329, Public Acts of 1947, being the Michigan Code of Decedents.

It is ordered that this notice be published once in each week for three successive weeks in the Cass City Chronicle, a newspaper printed, published and circulated in said County.

ALMON C. PIERCE, Judge of Probate.

Check Vetch Seed

If you're planning to plant vetch this fall, better check the seed for holes. The reason, say entomologists at Michigan State College, is that a vetch weevil has appeared for the first time in Michigan this year, and it's damaging to seed.

Ray Hutson, head of the M.S.C. entomology department, reports that farmers in Van Buren, Kent

and Allegan counties are having trouble with the pest. Examine your seed, he advises, and if you find holes, be sure to fumigate. The same procedure and same chemicals for fumigating grain in storage can be used for vetch seed.

Farmers Aided in Hessian Fly Battle

Farmers get a big assist from nature each year in combating the Hessian fly in wheat, but nature needs all the cooperation it can get.

Entomologists at Michigan State College point out that more than half the battle has been carried by tiny wasp-like parasites that keep alive by killing Hessian flies.

Parasites in southern Michigan carry on about four-fifths of the battle, the entomologists figure.

Researchers have found that most of the wasp-like parasites do their good work by laying eggs in the bodies of maggots of Hessian flies. The eggs hatch into parasit-

ic larvae and devour their hosts.

But in spite of this assist, plus farmers following cultural practices that interfere with the natural life cycle of the pest, Hessian flies manage to do as much as \$80 million worth of damage a year to wheat in the United States.

That's why Michigan farmers should follow recommended practices and pay attention to the fly-free date for planting wheat, stress the entomologists.

Dairymen gain an extra \$40 to \$65 per cow return over feed costs if they use high-quality roughage, report Michigan State College dairymen.

Safety pays during corn-picking season, stress Michigan State College safety specialists.

Check for Moisture When Fall Painting

If you're still planning to paint this fall, be sure to take precautions that you won't have moisture trouble later on. That's advice from J.S. Boyd of Michigan State College's agricultural engineering department.

Just because the surface you intend to paint appears dry, that's no sign the wood is free of moisture, says Boyd. Check the weather of several days previous, he suggests, and if it has been warm and dry, the possibility of moisture trouble is not too great.

But if heavy dew or rains have fallen in the previous few days, the paint will trap moisture which will cause blisters and paint peeling.

Keep Cows in Barn On Cold Fall Nights

Although they don't like the chores involved in keeping cows inside these fall nights, good dairymen do appreciate the money that comes from steady production, reminds Quentin R. Ostrander, assistant county agricultural agent for Tuscola County.

Good dairy farmers are scared of bloat, bugs and lowered production if they don't keep cows in at night, Ostrander says.

Extension dairyman J. C. Hays of Michigan State College points out that frost-nipped alfalfa isn't any worse for bloating cows at night than in the daytime. But in the dark hours a baled bossy goes unnoticed. If she is in the barn nights and on dry feed, the cow is safe, no matter how many pounds of tricky pasture she has engulfed, Hays emphasizes. And when she is loaded with hay before being turned out in the morning, she can withstand daytime gas attacks better.

The bugs the dairymen fear are the bacteria of mastitis. Such bugs work around the clock to cause trouble. The bugs are happier when a cow's udder gets congested from being parked on the cold, perhaps wet, ground at night. Dry, well bedded stalls help keep udders healthy.

So the good dairyman lets his cows ramble the fields in the daytime, but barns them at night and feeds them on a winter schedule—hay silage, grain.

You'll get more than you expect

In feature after feature, Ford matches the finest . . .

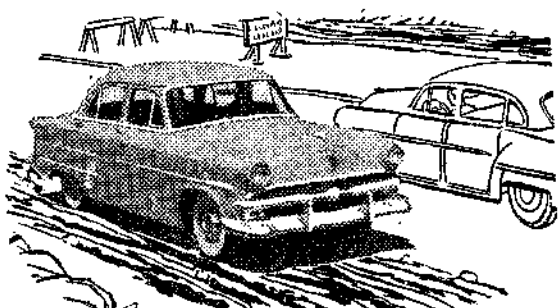

with fine car ride . . . fine-car build . . . and fine-car V-8 GO!

Check these fine car features that are yours when you buy a Ford, the one fine car in the low-price field. You get glass area galore . . . the most in Ford's field. You get more usable inside space than in any other low-priced car. Seats are foam-rubber-cushioned both front and rear. You get such Ford advances as convenient Center-Fill Fueling and suspended clutch and brake pedals. But here are the big reasons why Ford is worth more when you buy it and when you sell it, too!

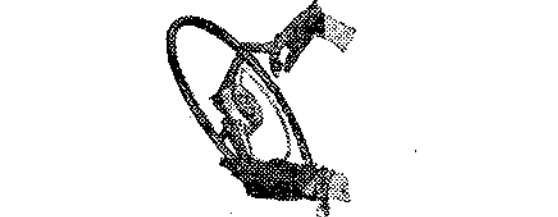

V-8 or Six power

Only Ford in its field offers you a fine-car high-compression V-8 engine . . . the result of Ford's experience building more V-8's than all other makers combined. And Ford's high-compression, low-friction Six is the most modern Six in the industry. Both engines have Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gasoline.

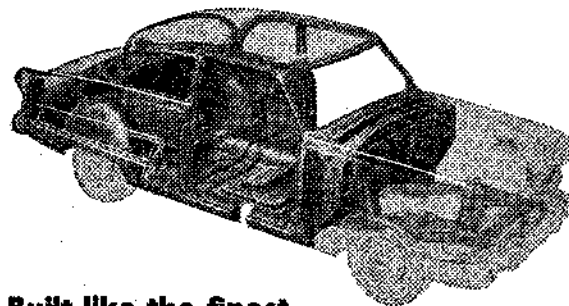

Up to 80% less road shock

Ford has reduced front end road shock (the kind you notice most) up to 80%. And by a perfect teaming-up of rear springs, diagonally-mounted rear shock absorbers and tailored-to-weight front springs, Ford has proved that a car can ride smooth as silk without gas-eating extra weight.

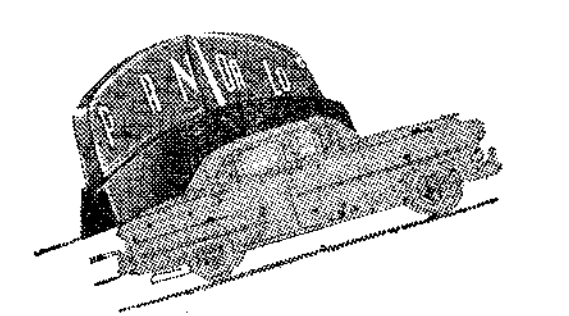

Master-Guide power steering

Ford Master-Guide is the last word in power steering. It does up to 75% of the steering work for you when you need it . . . yet it leaves you with a natural feel of steering on the straight-away. And it helps you control the car on rough, rutted roads. Available on all V-8 models.

Built like the finest

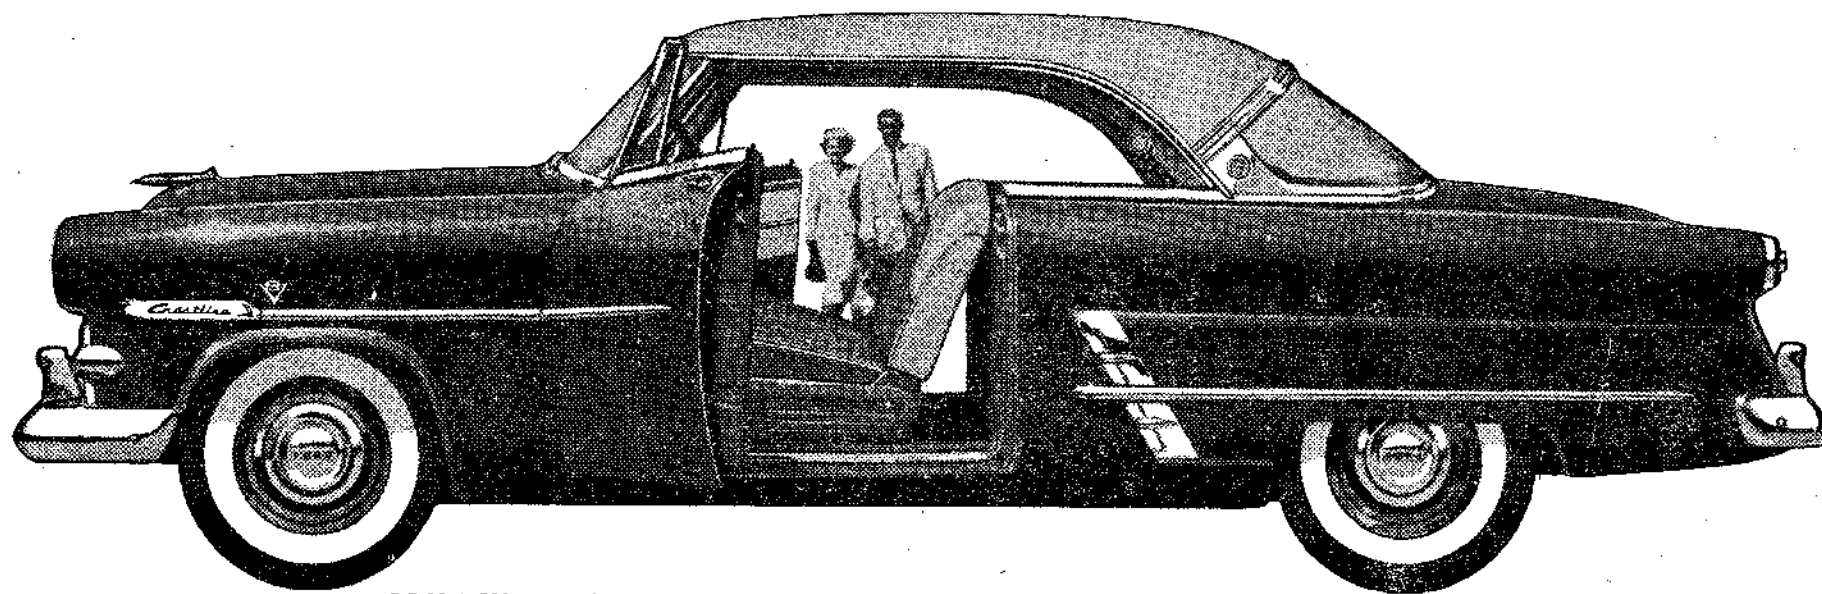

Ford's hull-tight body is sealed against water, dust and draft. Body panels are made of steel of the same quality and thickness as that used in the costliest cars. Ford's rugged box-section frame has five strong cross members including a special K-bar member which adds extra twist resistance . . . gives longer car life.

Fordomatic Drive

It's the finest, most versatile of all automatic drives . . . combines the smoothness of a fluid torque converter and the "Go" of automatic mechanical gears. Ford also offers you Overdrive and Conventional drive.

NEWS from RESCUE

Mr. and Mrs. Norris E. Mellen-dorf were supper guests last Tuesday at the home of her brother and wife, Mr. and Mrs. Lester Quinn, near Brown City.

Mrs. Ephraim Knight and children, Janice and Edward, accompanied by her mother, Mrs. Ida Nugent of Uby, were supper guests last Friday of her sister and husband, Mr. and Mrs. Irvin Marquardt of Bad Axe.

Arnold Schweitzer of Grant was chosen one of the directors of the Huron County Holstein-Friesian Association recently.

Mr. and Mrs. Frederick Becker of Farmington were week-end guests of Mr. and Mrs. Thomas Quinn, Sr.

Rev. and Mrs. Jason Holloper and children will move soon to Central Park, New York, where he has accepted a pastorate. He has been pastor of the Grant and Elkton Methodist Churches since June, 1952.

Richard McDonald, who is employed in Pontiac, spent the week end at his farm home in Grant.

Pvt. Robert Jamieson left recently for Camp Kilmer, New Jersey, after spending his furlough with his parents, Mr. and Mrs. Alex Jamieson, and other relatives.

Wedding bells will soon be ringing around Rescue as Miss Ilene Ellis of Rescue and Mr. Kenneth Nutt are to be married soon.

The annual turkey supper of the Grant Methodist Church was held on Thursday evening, October 22. Master Milton Mellen-dorf stayed with his grandparents, Mr. and Mrs. Thomas Quinn, last Tuesday while his parents, Mr. and Mrs. Norris E. Mellen-dorf, took his mother, Mrs. DeEtte J. Mellen-dorf, to Port Huron to help care for her son's children at the home of her daughter, Mrs. Richard Loos.

Remember church services are held every Sunday at the Grant Methodist Church. Sunday School at 10:30 with Martin Moore as superintendent and preaching services at 11:30 with Rev. Jason Holloper conducting the services. Choir practice every Friday night under the supervision of Mrs. Clair Profit. Family night will be held at the church basement on Friday evening, October 30. All are invited to attend all of these services.

Wayne Mellen-dorf left on Thursday afternoon to return to Norfolk, Virginia, after spending his 30-day leave with his wife and baby at the homes of her parents, Mr. and Mrs. Glenn Churchill, Cass City, and his mother, Mrs. Stanley Mellen-dorf, and children at Rescue and other relatives.

The many friends around here will be pleased to learn that the

Rescue correspondent, Mrs. DeEtte J. Mellen-dorf's, grandson, Alden Loos, and daughter-in-law, Mrs. Perry E. Mellen-dorf, who are polio patients in the Margaret Jenks Unit of the Port Huron Hospital in Port Huron, are getting along nicely. Alden has been in the hospital two-weeks and Mrs. Mellen-dorf one week. They both appreciate all the lovely cards they have received from relatives and friends around Grant and Cass City.

Remember services every Sunday at the Canboro Latter Day Saint Church. Sunday School at 10 o'clock with Clayton Gemmell as superintendent. Church services at 11 o'clock Sunday and 8 o'clock in the evening with Elder John Abbe conducting the services. Mid-week prayer meeting held on Wednesday evening at 8 o'clock. All are welcome to attend all of these.

Livestock Feeders to Meet in Caro Tonight

Tuscola County farmers interested in livestock feeding and beef and swine production will have an opportunity to take a look at future trends in the business when they meet with Michigan State College specialists, Bill Finley and Don Stark, at a livestock feeders' outlook meeting today (Friday). The meeting will be held in the supervisors' room, courthouse, Caro, beginning at 8 p. m., according to Alfred P. Ballweg, county agricultural agent.

The sale of livestock and livestock products, according to U. S. census in 1950, represented a total value of \$1,737,513.00 or 11% of the total agricultural income of the county, said Ballweg.

Any interested farmer or businessman is encouraged to attend the meeting.

SHABBONA

Rev. Hugh Townley of the Ames Methodist Church of Saginaw will show pictures of his world tour and the Holy Land at Shabbona Methodist Church Monday, October 26, at 8:00 p. m. for the week of prayer and the family night. Everyone welcome.

Hoping without planning is about as futile as waiting for a ship to come in that never sailed.

Barn Ventilation Tips Slated at Caro Clinic

Tuscola County farmers will get a chance to get pointers on dairy barn ventilation at a meeting Tuesday evening, November 3, in the Caro High School auditorium, according to County Agent Alfred P. Ballweg. The meeting is sponsored by the Detroit Edison Company in cooperation with the Coun-

ty Extension Service and is being set up to give farmers more information on ventilating systems and how they affect herd health and sanitation.

Specialists from Michigan State College will be on hand to discuss problems of ventilating and give pointers on how to do the job better. Equipment manufacturers will be represented to show farmers what is available on the market in ventilating equipment. Exhibits are also being planned. At the

same time, for the ladies there will be a home workshop. Program details will appear in next week's issue of this paper.

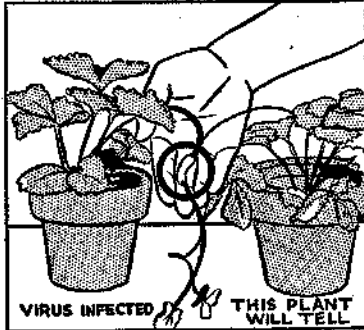

In 1952, the meat and fur provided by Michigan's wild animals was estimated to be worth more than 15 million dollars, or enough to buy 1,300 average-sized homes. Michigan State College game specialists say the 9,989 tons of meat would feed 28,500 four-person families for a year.

Strawberry Virus Research Reported Virus-Free Plants to Be Offered Next Year

The U. S. Department of Agriculture reports a virus-free strawberry plant will be offered the nation's growers for the first time next year.

Most people haven't paid much attention to strawberry virus because there is nothing to see on the infected plant. However, virus cuts strawberry production by weakening the plants, cuts runner formation and holds down berry yield. The plants never recover.

Agriculture Department research has now produced virus-free plants of 34 varieties. The department estimates there should be 15 to 20 million plants by next spring ready for distribution. Varieties include Klondike, Klonmore, Ten-

Virus test of a plant is made by grafting it to a virus-free plant. If the plant at left is infected it will be distinguished in the other plant within a few days.

nessee Beauty, Tennessee Shipper, Marshall, Blakemore, Howard 17, Massey, Sparkle, Tennesseean and Catskill.

Growers are cautioned to keep virus out of the new plants. It can be accomplished by setting new plants as far away from other berries as possible, and dusting new plants in the spring and fall with parathion.

Researchers believe this care will be a low price to pay for up to two or three times as many runner plants and bigger crops of better quality strawberries.

Personal News and Notes from Deford

October WCTU—

A goodly number of members and one visitor gathered at the home of Mrs. Gladys Hicks on Tuesday afternoon for a regular meeting.

The president, Mrs. Edna Warner, conducted the business session and delegates were appointed to attend the district convention at Elkton on November 10 and 11. The president also asked for an official board meeting to be held at her place on October 27 to make a schedule of the year's activities and appoint directors.

In the absence of the devotional leader, Mrs. Thomas and Mrs. Gerald Hicks acted. The lesson was given by Mrs. Harriet Rayl, presenting statistics concerning the liquor bills as given in the Union Signals and challenged mothers to a greater prayer life, lest some of our youth be lost in this traffic.

The November meeting will be held at the home of Mrs. Edna Warner.

The Arleon Retherfords and family went to Detroit Sunday to hear Evangelist Billy Graham speak at the fairgrounds. Mrs. Carrie Retherford accompanied them to Dryden where she spent the day with Mr. and Mrs. Burton Harrington.

Mr. and Mrs. Burton Allen and children returned home Sunday after a 10-day trip to Missouri. They visited Mrs. Allen's mother, Mrs. Bertha Reeves, at Eldorado Springs and also friends and relatives at Eldon, Mo., which is near the Lake of the Ozarks.

Mr. and Mrs. Louis Sherwood and Miss Shirley Novak spent Sunday with Mr. and Mrs. Ray Hamlett and children of Pontiac.

Mrs. George Gee and James Moore of Caro were Sunday dinner guests of Mrs. Carrie Lewis.

Mr. and Mrs. Forest Jones of

It Pays to Feed Supplement to Hogs

Does it pay to feed supplement when you're hogging down your cornfield?

Dr. J. A. Hoefer, livestock nutrition researcher at Michigan State College, contends that it does. And 13 corn belt feeding tests back up the assertion.

The tests show these results: Hogs in the cornfield that were fed supplement each gained one-half point more per day than those eating just what the cornfield afforded.

Each bushel of corn produced four and a half pounds more pork when supplement was fed.

Each pound of supplement saved 6.4 pounds of corn.

And, says Dr. Hoefer, you can figure it another way. If corn were worth \$1.25 a bushel, you can afford to pay as much as 12 cents a pound for supplement.

Clarkston and Mr. and Mrs. George Roblin called at the Charles Roblin home in Greenleaf Wednesday afternoon.

Fraser Churchmen Conduct Service

In conjunction with the National Council of Presbyterian Men, of which the laymen of the Fraser Presbyterian Church are members, the men of the church conducted the worship service Oct. 18.

The theme of the annual observance was "Christ Calls Men" and was presented by Peter Rienstra. Assisting him were: Bruce MacRae, Maurice Taylor, Paul O'Harris, George Fisher, Sr., George Fisher, Jr., Arthur Batte, Harold Ballagh, Myron Fisher and Raymond Thorpe.

A man is never a failure until he delights in naming the men who made their mark after sixty.

Akron 4-H Leader to Be Honored on Radio

Mrs. Bertha Achenbach, Akron, leader of the Akron-Santee 4-H Club for the past seventeen years, has been chosen to appear on the 4-H Leader-of-the-Month program on Saturday, October 24, says George C. MacQueen, county 4-H club agent. This program will be broadcast over Radio Station WJR Saturday morning at 6:30 a. m.

Marshall Wells, well-known farm editor of that station, will inter-

view Mrs. Achenbach. This is an award given to one of nearly 8,000 volunteer leaders in Michigan each month.

Mrs. Achenbach has been instrumental in fostering the 4-H program in Tuscola County as well as starting the 4-H Service Club. Her faithful service has contributed a great deal towards the betterment of the community around Akron. This was accomplished through 4-H club work and the development of better community citizens.

Michigan Mirror

If disaster struck, your community could count on organized help from many Michigan young men who daily go quietly about their work.

These are the men in the Michigan National Guard. They undergo a continuous training program so they can be ready to answer any emergency, local or national.

"Healthy growth" is taking place in the National Guard today, says Major Versal Case, of the Guard staff in Lansing. Since reorganization took place after World War II, the Guard has reached a strength of nearly 10,000. National Guard officers are happy to note an intense interest in several communities for their organization. They hope to see this sentiment expanded in future years.

"We like to impress upon people's minds that the National Guard is primarily a local unit," says Brigadier General George C. Moran, adjutant general in Michigan. "We want people to know that local units really belong to local communities."

First new armory since 1926 was recently constructed and was dedicated in Alma on Monday, Oct. 26. Other armories are planned for Cadillac and Ironwood. Construction will begin next April and be completed by the following year. Still others are under consideration for Cheboygan, Midland, Detroit, Kingsford and Marquette.

Local Guard units are under administration of local people; members of the Guard in its own community. And new armories are erected in areas where people show active interest and support.

In the case of Alma, Cadillac and Ironwood, the municipalities made substantial contributions to the cost of the armories. Local areas provided the land, utility services and various amounts of cash. Of the cost, which approximates \$225,000, the federal government paid \$150,000 and the state \$50,000.

Present organization of Michigan's National Guard consists of 144 units in 52 communities. General Moran believes 95 per cent of the men live within 50 miles of a unit where they could enlist. He says that in several sections of the state many unit members drive that far to meetings.

Purposes of the Guard, says the General, are two fold: to be ready for service as a unit in case of national emergency and to aid civil authorities in civil disaster.

"We have an obligation," he states, "to all our members—but particularly young men in the 17-18½ year group." The General was referring to present draft law

which exempts a man in this range if he has enlisted in a National Guard unit. Such youths are not drafted unless they miss five drill sessions in one year, or are discharged from the Guard for some other reason. "But it is our job to see that these Guardsmen receive training of a high caliber so they will be well prepared if they are called to active duty," General explains.

Serious need exists, says Guard officials, for more armories. At present there are 30 state-owned buildings and 27 armories under rental.

There are economic as well as morale values to the local control aspect of the Guard. Col. Herbert F. Layle, Quartermaster General for Michigan, uses cost of rations as an outstanding example. "The regular army spends \$1.10 per day, per man," he claims. "But during the Flint disaster, we were able to supply rations of equal quality for 70c per man and pay prevailing local prices."

Developing local interest is a principle aim of Guard officers in state headquarters. They consider their office one to give advice or support when requested. They are anxious to leave as much of the administration of each unit as possible to people in each community. And they emphasize that they are glad to work with anyone from areas interested in organizing new units or improving those already in existence.

Over-grazing of dried-out fall pastures may cause winter killing and a loss in forage yields next year, warns Carter M. Harrison, Michigan State College forage specialist.

Brucellosis germs thrive in cold weather, notes Dr. Glen W. Reed, Michigan State College extension veterinarian. Winter is no time to start taking chances—aborted calves should be buried deep in quicklime.

ABA Tour Planned On Three Area Farms

A special dairy tour is being planned for dairymen in Tuscola County, says Quentin R. Ostrander, assistant county agricultural agent for Tuscola County. The tour will be November 4.

The tour will pay special attention to results obtained in the way of herd improvement through use of artificial insemination.

Three stops are planned for the tour, the agent said. At each stop comparisons of the production records of daughters and dams will be made. In addition to production records, there will be discussion of how to improve conception rate and discussion of raising better calves.

The tour will start at 1:30 p. m. at the Lloyd Karr farm on the Gagetown Road, two and one-half miles east of Gagetown. The second stop will be at 2:15 p. m. at the Ellwood Eastman farm on Schwegler Road, one mile east and one three-quarter miles north of Cass City. The third stop will be at 3:30 p. m. at the Charles Seddon farm on Cemetery Road, one mile east and three-quarters north of Kingston.

Present to discuss ABA service will be Byron Carpenter, former assistant county agent in Tuscola County, who is now fieldman for the Michigan Artificial Breeders' Cooperative.

Methodists Slate Free Film Sunday

"It's A Wonderful Life." So says the film to be shown at the Cass City Methodist Church this coming Sunday evening at 8:00. The story is built around the life of Henry Wood, the helpful kind of Christian who is such an asset to the life of his church and community.

Produced by the Protestant Film Commission and taking 45 minutes to run, the picture has been highly appreciated by audiences over the nation. The public is cordially invited.

SUPERVISORS

Concluded from page one.
Timothy C. Quinn, circuit judge, for an increase in salary from the county was denied until the time when the county will be in a better financial condition.

Besides turning down this request, the Board revoked a privilege that had formerly been granted to county officers and deputies. Because the privilege had been abused, they said, no allowance for means will in the future be granted these officers without special authorization from the Board.

The supervisors also okayed minor repairs and painting over the back entrance and around windows in the general office of the Probate Judge.

Church Group Slates Meeting Wednesday

The young adults of the Presbyterian Church will begin their fall and winter program with a potluck supper at 7:30 p. m. Wednesday, Oct. 28.

Committees have been formed for the group. On the dinner committee are Mrs. Harold Perry, Mrs. Ivan MacRae, Miss Elizabeth Agar and Mrs. Don MacLachlan.

The invitation and hospitality committee will include James A. Milligan, Mrs. Arthur Holmberg and Dr. Ivan MacRae.

Mr. and Mrs. Robert Schuckert, Mrs. Elmer Fuester and Mrs. Harold Hulbert will form the program committee.

The pastor, Rev. M. R. Vender, will have a devotional theme, "Food, Fun, Fellowship and Faith," prior to the recreation period.

HOLBROOK

Mr. and Mrs. Steven Decker entertained on Sunday Mr. and Mrs. Ted Strieter of St. Clair; Mr. and Mrs. Clifford Jackson and son, Robert, Chas. Guinther of Cass City; Chas. Bond, Jerry Decker, Mr. and Mrs. Wm. Simkins, Frank and Francis Decker.

Mr. and Mrs. Glen Shagena of Royal Oak visited at the Gordon Jackson home on Sunday and took their mother, Mrs. Ada Walker, home with them for the winter.

Mr. and Mrs. Joe Crawford and Larry Cornell and Mr. and Mrs. Cecil Brown of Cass City had Sunday dinner at the home of Mrs. Chas. Bond, Sr.

Ziehm-Sageman Rites Told in Owendale

Miss Donna Marie Ziehm, daughter of Mr. and Mrs. Floyd Ziehm of Owendale, became the bride of Frank Sageman, son of Mrs. Robert Sageman of Bad Axe, Saturday afternoon. The three o'clock rites at the RLDS Church, Owendale, decorated with palms and gladioli, was solemnized by Elder Silas Parker.

A waltz-length gown of imported lace and net was chosen by the bride. The shirred strapless bodice was covered by a lace jacket, fashioned with a Peter Pan collar and three-quarter-length sleeves. She wore a finger-tip veil and carried a cascade of white roses. She was given in marriage by her father.

Mrs. Clarence Sageman, Bad Axe, sister-in-law of the groom, was matron of honor. Her ballerina-length gown was coralberry and yellow roses were her flowers. Bridesmaids were Miss Marguerite May Ziehm, Owendale, sister of the bride, and Miss Georgia Ziehm, Gagetown, cousin of the bride. Their gowns were in teal blue and aquamarine, respectively. They also carried yellow roses.

Leona Ziehm, sister of the bride, had a pink taffeta gown for her duties as flower girl. She had a floral headpiece, as did the other attendants. Ring bearer was Barry Lee Ziehm, brother of the bride.

John Pfaff, Bad Axe, attended the bridegroom as best man and ushers were Robert McDonald, Horace Croft, Leland Noble and Stuart Noble.

Miss Wilda Arnott was the vocalist and Miss Marilyn Osborn, the accompanist.

Immediately following the ceremony, a reception was held in the church basement. A wedding dance in the Bad Axe American Legion Hall was held Saturday night for 300 guests.

For her wedding trip to Northern Michigan, the bride wore a green wool suit with black accessories and a white rose corsage.

The bride is a graduate of Central Michigan College where she was a member of Alpha Mu Chapter of Delta Sigma Epsilon Sorority. She is Home Economics teacher in Uby High School.

Guests were from Detroit, Owendale, Bad Axe, Gagetown, Bad Sebewaing, East Lansing and Auburn Heights.

The couple will live near Bad Axe.

New Standard Premium

does what no other

gasoline will do!

Prevents stalling with a remarkable **DE-ICER** additive.
Prove it with one tankful!

A THIN FILM OF ICE—

a major cause of engine stalling

Even when outside temperatures are from 58° to 28° rapid evaporation of gasoline can cause a thin film of ice to form on the carburetor throttle plate. Ice shuts off the flow of fuel during idling. Then, when you make a stop, your fuel-starved engine sputters and dies. DE-ICER additive in New Standard White Crown Premium Gasoline prevents carburetor ice.

Believe it or not, when your engine quits in traffic at this time of the year, chances are that ice does it. Yes, ice causes cold-motor stalling even on Indian Summer mornings! Carburetor ice! And this amazing fast-freeze is likely to occur when the temperature registers between 58° and 28° above zero!

For years motorists have mistakenly blamed their cars for this cold-motor stalling. But now Standard scientists have solved it.

New Standard White Crown Premium Gasoline contains a costly DE-ICER additive. This DE-ICER additive is a built-in anti-freeze that prevents the formation of a thin ice film. Ice that can cripple the action of your carburetor!

And remember... you can't buy a more powerful gasoline. Stop in today and get the gasoline that does what no other gas will do—PREVENTS STALLING due to carburetor ice.

You expect more from **STANDARD** and get it!
