200 Persons See Gavel-Sponsored Rose Bowl Film

The Cass City Gavel Club royally entertained athletes from Cass City High School Tuesday evening with the official Rose Bowl film and an address by John Morris, assistant athletic director at Michigan State College.

At a dinner at Parrott's Dairy Bar, the boys were entertained by five members from the Cass City band before James Gross introduced Mr. Morris as speaker for the evening.

Mr. Morris told the youths to shoot for a goal in life to be successful.

After the address, the boys and members saw the film at the high school.

The film portion of the program was open to the public and an estimated 200 persons were on hand to see the official movies.

Coach Biggie Munn was the narrator of the sound, full-color film.

Girl Scout Leaders Meet in Cass City

About forty members of the Tuscola County Girl Scout Association spent an interesting and informative evening Wednesday, Feb. 17, in Cass City's Girl Scout rooms in observance of International Friendship Day.

Mrs. Benjamin Benkelman, Jr., program chairman, spoke briefly to the group about the international aspects of scouting and congratulated the leaders on their troops' fine cooperation in making "Kits for Korea," a county-wide project. The leaders brought the "Kits" to Cass City where a committee will be in charge of mailing them. There were 238 "Kits" made by Tuscola County Girl Scouts and Brownies.

The main speaker of the evening was a German exchange student, Klaus Schulze, introduced by Mrs. Benkelman, who told the group about teen-agers in Germany and their activities.

Klaus explained the exchange program which started in 1947. At the time he was applying for an exchange, there were 18,000 applications, but only 450 students qualified.

In explaining the educational system in Germany, Klaus said that they have no kindergarten. Children spend four years in the elementary school which is tuition free, then they enter high school, by examination, and must pay tuition. Their high school program is for six years to graduate, but nine years to enter college. They carry from ten to twelve subjects and have no electives. Klaus said that about twenty-one subjects were listed on his report card in Germany.

Cass City High School's basketball team clinched a share of the Thumb "B" conference title with a 53-45 decision over Bad Axe Friday and is preparing for a showdown battle tonight (Friday) with second place Marlette.

The game will decide whether the Hawks share the conference title with the Red Raiders or win another outright championship to go with last year's title.

Coach Tommy Thompson is expected to have his charges at full strength for the game. Cass City will string along with the team that has brought them to the top of the heap again this year.

Doors at the gym will open at 6 p. m. and authorities expect a capacity, turn-away crowd for the event.

The Hawks were extended to the limit to win from Bad Axe.

They started the game as if they were going to post an easy victory. They produced a 15-9 lead in the opening stanza, but were edged by one point in the second quarter as the Hatchets outscored the Hawks, 17-16.

The third period bugaboo caught up with Cass City again Friday. They scored only three points in the period while Bad Axe netted nine. The Hatchets led at the three-quarter mark, 35-34.

In most of the Hawks' close games this season, they have slumped in the third period. Their over-all season's average in the period is about three points under average production for each quarter. In the third period, Cass City has averaged 12.1 points against an average quarterly production of 15.8 points.

Cass City showed the class of championship teams by rallying when the pressure was on in the final quarter to win from the Hatchets.

They went ahead five points with about four minutes to play and then controlled the ball in the back court until they found a sure shot.

The Hawks' last quarter surge was sparked by Clare Comment, who picked up nine of his 13 points in the period.

The Cass City reserves won the preliminary contest with ease. They ran up an 80-42 victory and Coach Jerry Raymond used every player on his squad. In the final quarter, he fielded an all-freshman team that outscored the Bad Axe seconds.

Gilbert Smith Guest Speaker at Rotary Club

Gilbert Smith, manager of the Caro sugar beet factory, was the guest speaker at the Tuesday luncheon meeting of the Rotary Club held at the New Gordon Hotel.

Mr. Smith showed slides that depicted the history of the sugar beet industry and stressed the advancements in techniques that have reduced much of the hand labor in beet growing.

He told members that all the sugar raised in Michigan is used within its borders and pointed out the advantages the industry has to the state.

In the business meeting, members discussed the advisability of sponsoring a western-style show at the school.

President Robert Schuckert appointed a committee to investigate and report to members at the next meeting.

All-Family Night At Local Church

Monday evening, a new program is scheduled for the first time at the First Presbyterian Church at Cass City, according to Rev. Melvin R. Vender, pastor.

The meeting will be informal, all-family fun night for members of the church. A potluck supper will be served at 7:15 and will be followed by group singing. Members of the church attending will divide into various age groups for games. The evening will be concluded with a devotional period.

The program is sponsored by the young adults' committee. In charge of the supper are Mrs. Harold Perry, Mrs. Harold Hulbert, Mrs. K. I. MacRae, Robert Schuckert and Glenn Meiser.

Other committees are: games, Mrs. Elmer Fuester, Miss Elizabeth Agar and James Milligan, and songs and fellowship, Mrs. E. G. Golding, Jr., and Arthur Holmberg.

Parsch's Store will be open Thursday afternoons

Compile Outstanding Record at Festival

These are the students who compiled an outstanding record for Cass City High School and themselves at the District Three Solo and Ensemble Festival Saturday at Davison. They won 37 first place medals and 16 firsts in 25 events.

First row, left to right: Kathy Wood, Theresa Werdeman, Ruth Ann Agar, Don Lorentzen, David O'Dell, Sharon Brown and Judy Perry.

Second row, left to right: Nancy Alexander, Donna O'Dell, Emma Jane Sickler, Florence Butler, Phyllis Copeland, Catherine Patterson, Janice Bartle, Doris Matthews and Connie Bartle.

Back row, left to right: Mike Fritz, Tom Hulien, Patrick Beckett, Dick Joos, Keith O'Dell, George Fisher, Fred McConkey, Fred Tyo and Jim Jezewski.

Local Students Take Sixteen Firsts in Twenty-five Events

Cass City High School's music department compiled an outstanding record at the District Three Solo and Ensemble Festival Saturday when students captured 16 first places in 25 events.

The Cass City musicians were awarded more division one ratings than any other school in this district. They topped entries from Saginaw and Bay City who were among schools which competed in the festival.

The students won 37 medals for first place and seven medals for second place (division two) at the festival. This record was compiled, despite the fact that judging was more rigid than in previous years.

Judging was more exacting this year because of the absence of a state festival that has been held in the past.

The district festival will be the only one of its kind held. Director Ralph Powell said that 28 persons from Cass City's 59-piece band participated at Davison.

Division one ratings were won by Cass City for the following solos:

Senior high solos: cornet, Emma Jane Sickler; cornet, Donna O'Dell; bass clarinet, Dick Joos; clarinet, Phyllis Copeland, and clarinet, Janice Bartle.

Junior high solos: baritone,

Fred Tyo, and saxophone, Ruth Agar.

Division two ratings for solos included:

Senior high: clarinet, Theresa Werdeman, and French horn, Jeanette Neal.

Junior high: clarinet, Jim Jezewski; French horn, Judy Huff, and baritone, Marilyn McConkey.

Many division one ratings were earned by Cass City ensemble groups. A first place went to the senior high saxophone quintet of Florence Butler, Nancy Alexander, Connie Bartle, Ruth Ann Agar and Judy Perry.

The clarinet sextet of Phyllis Copeland, Theresa Werdeman, Janice Bartle, Patrick Beckett, Catherine Patterson and Sharon Brown won a division one rating.

Coming Auctions

Two auctions are listed in this issue of the Chronicle.

Saturday, Feb. 27, J. D. Sugden will hold an auction at the premises, four miles east, two miles south and two miles east of Cass City. Sale includes cattle, feed and machinery.

Thursday, Mar. 4, Francis Doyler will hold a sale of cattle, machinery and feed at the farm, four miles south and one and one-half miles west of Cass City.

From the Editor's Corner

Because Cass City is interested in industrial development, we call the attention of our readers to the Michigan Mirror column on page eight of this issue.

The writer, Gene Alleman, secretary-manager of the Michigan Press Association, presents some interesting figures of industries in Michigan and its benefits to communities.

The second annual Michigan Highway Safety Seminar, held in January, has done an outstanding job in analyzing the traffic problem in the state.

They have made 35 recommendations to the state legislature and told the reasons for each suggestion. Ten of the recommendations, they strongly stress the need for immediate action.

Top on their list is a request for more state police. Typical of their approach is the reason they give for demanding a large police budget.

This is their explanation for demanding more protection: "Because in seven years Michigan traffic accidents have increased 66 per cent, traffic deaths went up 53 per cent in rural areas; further, in the same seven-year period (1946-1953), motor vehicle registrations increased 1,200,000 and the number of licensed drivers increased 900,000. More highway patrolling is obviously necessary."

For Curb and Gutter Work

Council Sets Regulations

Acting on an inquiry from residents of Seed Street in Cass City, the village council formulated a curb and gutter policy for Cass City Tuesday evening at their regular meeting at the Municipal building.

After finding the method used to charge for service in other communities, the council decided to charge all of the actual cost of construction of curb and gutter to property owners.

To compensate for charging the total cost to owners, the village will stand the entire cost of resurfacing the street from curb to curb.

Village Engineer Clarence Burt and Trustee C. R. Hunt estimated that the cost of resurfacing the shoulders would be about as much as the cost of the curb and gutter work.

The system, as worked out by the council, would be about the same as a 50-50 split of the cost of the total work usually shared by owners and municipalities.

The council decided to have property owners pay the entire cost of curb and gutter rather than half of the total work because money received from the highway fund for street work is not allowed to be spent on curb and gutters. By charging on the present basis, more funds will be available for the work.

The council said that curb and gutter work would be done on petition of more than 50 per cent of the landowners in any block.

However, they stressed the fact that work on curbs and gutters would only be done as it fitted into their street program for the year.

Members said that proper drainage of streets would be handled and paid by the village. They formulated a payment policy for work on curbs and gutters.

Landowners will be allowed three years to pay for work done on their frontage. Interest at five per cent will be charged.

Sewer Extension. Trustee Hunt brought the results of a survey made to extend sewer to the Tekeli subdivision. After discussion, the council instructed Mr. Hunt to see Mr. Tekeli and explain his findings.

Deposit Required. The council also decided to charge a \$5 deposit to all renters for use of water meters. When the renter leaves the property, he can have his money refunded.

The measure was adopted so that water service could be discontinued to the property and money collected for water service.

At several properties in the village, tenants have moved and left the village stuck with a water bill.

Gas Leakage. The council instructed Mr. Burt to cap a pipe leading to gas tanks of the Cass City Oil and Gas Co. Gas has been leaking into the basement of Don Lorentzen and members thought that a pipe sheared when the village was working might be responsible.

Hub Cap Thieves to Make Restitution

Two Tuscola County youths, Earl Filkins and Charles Shannon, pled guilty to a charge of larceny in circuit court at Caro Thursday, Feb. 18, and were sentenced to one year's probation by Judge Timothy C. Quinn.

In addition, the pair was ordered to make restitution of \$49 and pay costs of \$100.

The pair was arrested for stealing hub caps off cars in Mayville and other Tuscola communities.

Kingston Student Receives MA Degree

Gerald S. DeGrow, Kingston, has received a Master of Arts degree from the University of Michigan, after completing requirements for the advanced degree at the end of the fall semester in February.

Mr. DeGrow will receive a hand lettered diploma in the near future.

College authorities said that 1,929 students have graduated from the school during the 1953-54 school year. Of these, 940 graduated in February and 989 graduated at the end of the summer session at U of M.

Hawks Face North Branch in District Tournament Here

The luck of the draw has pitted Cass City against North Branch in the second game of the opening night of play in the district class "B" basketball tournament to be held at Cass City Wednesday, Friday and Saturday nights.

Opening game of the tourney will be between Bad Axe and Vassar. The winner of this game will play Sandusky which drew an opening round bye.

The winner of the Cass City-North Branch contest will play Caro which also received a first round Annie Oakley.

Winners of the second round will play Saturday night to determine the champion.

Opening games on Wednesday and Friday will start at 7 p. m. The single game Saturday will start at 8 p. m.

Beck to Speak at Sodbusters' Dinner

Speaker for the annual Sodbusters' dinner meeting to be held at the Caro High School Monday evening, March 1, is Dr. E. C. Beck, better known in Caro and other sections of the state as "Doc" Beck. Head of the English department at Central Michigan College at Mt. Pleasant, the genial Dr. Beck is not a newcomer to Tuscola County, having met with and talked to various groups in this area during the past several years.

Each talk given by Beck is a new talk, as he is an authority on the lore of Michigan. He has written three popular books on the Great Lakes lumberjacks: "The Lure of the Lumber Camp," "Songs of the Lumberjacks," and "The Legends of Paul Bunyan." He has entertained audiences from platforms in twenty-odd states and three provinces.

Police Investigate Bad Checks in Two Local Gas Stations

State police from Bad Axe were investigating bad checks passed in two gas stations in Cass City recently.

According to the state police, Mac and Leo Service and the ST&H Service were holding bad checks.

Authorities at the post are withholding the name of the individual involved, pending a decision by Prosecutor Bruce White over the advisability of prosecuting the case.

Two Girls Earn Scholastic Honors At Owendale

Authorities at the Owendale Community Schools announced that two girls have won valedictorian and salutatorian honors at the school.

Valedictorian of the class is Miss Elizabeth Lorencz with a point average of 3.5276 out of a possible four.

Salutatorian is Miss Marilyn Osborn, who compiled a 3.1387 point average.

Miss Lorencz is the daughter of Mr. and Mrs. Joseph Lorencz of Owendale. She has held many class and extracurricular offices while in high school. She expects to enter business school after graduation.

Miss Osborn is the daughter of Mr. and Mrs. Robert Osborn of Owendale. Besides holding many class offices, she was active in music and was president of the band club. Miss Osborn plans to attend Central Michigan College next fall.

Junior Hawks Set Good Example for Varsity

These boys won the Thumb Junior High championship when they defeated Crosswell-Lexington, Bad Axe and Caro at Marlette last week in the annual tournament for the small fry.

They defeated Crosswell-Lexington and Caro decisively, but were extended to the limit to win from Bad Axe, 39-36.

Back row, left to right: Jack Wallace, manager; Mike Fritz, Clayton Neiman, Jim Johnson, Jack Hartwick, Bob Tuckey, David O'Dell, manager; Jerry Raymond, coach.

Front row, left to right: Ray Fox, Leroy Copeland, Tom Hulien, Brent Connell, John Donahue, Gordon Peters.

The most modern SIX

The new 115-h.p. I-block Six

is the only completely modern six-cylinder engine in the industry . . .

the only low-priced Six with all these features!

FREE-TURNING OVERHEAD VALVES make possible greater high-compression power, longer valve life.

SHORT STROKE, LOW-FRICTION DESIGN gives you more usable horsepower, with less engine wear.

HIGH-TURBULENCE COMBUSTION CHAMBERS thoroughly mix fuel and air for faster, more efficient combustion.

FOUR-PORT INTAKE MANIFOLD feeds fuel fast and uniformly for quick starts and smooth "GO."

FOUR-BEARING CRANKSHAFT is cast rather than forged for more precise balance and smoother operation.

DEEP-CAST I-BLOCK with skirt that extends below the crankshaft, provides the great strength and rigidity needed for smooth, quiet engine performance and extra long engine life.

The savingest SIX

No other six in America offers the short-stroke, low-friction economy designed into this new Ford engine!

Ford's new Overhead-Valve I-block Six, with its completely modern high-compression, low-friction design, brings you even better gas economy than last year's Ford Six . . . the Six (with Overdrive) that beat all other cars, regardless of size and make, in the 1953 Mobilgas Economy Run Sweepstakes. And this year's Six also gives you a dividend of 14% more horsepower!

Ford Overdrive optional at extra cost.

Come in and Test Drive the new 115-h.p.

MICHIGAN MIRROR NEWS BRIEFS

If you want to make money, Michigan is a good place to seek your fortune.

There are several excellent reasons why the state's economic condition can be expected to boom. Very important in this rosy picture are three factors: Extensive industrial expansion, the Mackinac Straits Bridge, the St. Lawrence Seaway.

Kicked around politically for more than 20 years, the St. Lawrence Waterway seems finally within grasp. Best indications are that the United States Congress will approve the project this year. If they should not,

the Canadian government, which has already served notice that she will dig the channel herself, can be expected to begin operations.

Main impact of seaway will be felt in transportation and by industries which ship or use ore, grain, coal, etc.

Michigan with its good port cities and expanding industry is certain to benefit greatly.

Giant increases have been predicted for the tourist trade when the Mackinac Bridge is completed. The tourist industry already ranks among the state's

top three. Substantial boosts in the business resorts, gas stations, restaurants, motels, transportation and communication offices mean more money and jobs for Michigan residents.

Plant expansion in Michigan promises even more! Biggest plan announced is that of General Motors, which expects to spend three quarters of a billion dollars within borders of the Wolverine state.

Other programs by other factories are already underway or have been announced recently. Included are: Ford Motor, \$500 million of expansion; Packard Motor, \$47 million plant near Utica; Dow Chemical, \$300 million, mostly at Midland; Continental Motors, \$200 million power plant at Muskegon.

Montague, a small city about 20 miles north of Muskegon, is the site of a new Hooker Electro Chemical plant, costing \$12 million, a DuPont neoprene plant for \$15 million and a "smaller" factory for Union Carbide Company, which will cost nearly \$2 million.

Smaller plants will soon join communities in every part of the state. Mueller Brass invested \$500,000 in an operation to make plastic pipe at Port Huron. Michigan Tool bought Manistee Iron Works to produce gears. Standard Cotton Products is spending half a million near Flint for a new site. White Products plans a quarter million dollar addition at Middleville.

"About 80% of Michigan's growth is from 'within,'" says John Beukema, former secretary of the Muskegon Chamber of Commerce and an authority of industrial expansion. This is considered a healthy situation, but the movement of plants outside Michigan into the state is not to be overlooked.

Data from the Michigan Department of Economic Development lists 20 firms which moved into the state during 1953. They are:

American Bitumals & Asphalt, Howell; Bliss & Laughlin, Macomb; CBS-Hytrom, a division of Columbia Broadcasting System, making television tubes, Kalamazoo; Clinton Machine, Clinton; Guedon Co., Chelsea; Gunn Co., Grand Rapids; Photographic Industries, Harbor Springs; Truck Equipment, Norway; Stream Eze Tackle Co., Charlevoix; Alma Plastics, Alma; Dog Life Corp., Hamilton; American Colortype, Decatur; Frankfort Manufacturing, Frankfort; Negaunee Needlecraft Co., Negaunee; Bryan Manufacturing, Reading; Tesser Printers and Binders, Stevensville; Jolly Kids Togs, Onaway; Superior Plating, Howell; General Electric, Holland; Bridgeport Press, Adrian.

Industrial expansion in Michigan is expected to be greater in Michigan than in any other state during 1954.

Since 1951 Michigan has ranked high. In that year only two states saw more money for new industry; Ohio and Pennsylvania. Those two states and Illinois exceeded the \$608 million spent in Michigan in 1952. In 1953 Michigan was second only to Ohio.

Michigan continues to gain while other states expect an average of 15% less capital for expansion during 1954.

To the "average" citizen, all this invested money means opportunity. Opportunity for new jobs, for bigger purchasing power, for a higher standard of living.

A new factory in a community means a new source of taxes for the local government where it is located, and for the state. Added income from taxes paid by large industries in small communities has the advantage of reducing the amount each individual must pay. It supplies a source of money that can be used for local improvements.

The sizable capital investment made recently in Michigan makes it possible for a resident to watch first hand the working of the American economic system—and to share in its benefits.

A man who gets boiling mad usually gets roasted.

Take Soil Samples To Lab Now

More and more farmers are going after top yields by correcting soil fertility—putting soil nutrients back in balance, advises Quentin R. Ostrander, assistant Tuscola County agricultural agent.

Loss of balance may depend on original soil conditions, cultural practices or the fertilizer program, he explains.

Increasing numbers of farmers are sending soil samples in to the county soil testing laboratory for analysis. This takes the guess work out of fertilizer application. The Tuscola County soil testing laboratory is located in the Farm Bureau office at the Caro Farmers' Cooperative Elevator. A soil sample information sheet should accompany the soil samples to be tested. This sheet should tell the cropping history of the field as well as the crop to be grown in 1954. It should also tell the kind of soil and amount of fertilizer applied in the past years.

Ostrander emphasizes that though a soil may be in a well-balanced condition to start with, the good fertility may be impaired by faulty soil management practices, over-cultivation and use of fertilizer not adapted to the soil.

Soil samples should be taken now so that farmers can get their test results and fertilizer recommendations in plenty of time to order their spring fertilizer, Ostrander stated.

According to Michigan State College soil scientists, a good soil sample should represent the soil found in the top six inches of ground. Where there is no major soil differences in a field a composite sample made up of samples, taken from several places in the field will give the most accurate test of the fertility condition of the field.

Ostrander also suggests that farmers put their soil samples in clean paper sacks or containers.

ANNOUNCES THE OPENING OF THEIR NEW SLAUGHTERHOUSE

Featuring The Only LOCAL KILLED INSPECTED MEATS IN THE THUMB OF MICHIGAN

Here's What Our New Policy Means To You!

All the livestock we slaughter for our use is given a rigid health inspection, both before and after they are killed. The meat is stamped by a licensed meat inspector. With these precautions, you know we are serving you top quality—just look for the stamp on every critter we sell. Farmers who desire custom slaughtering for their own use do not need to have the meat inspected. All stock is bought from local stockyards and local farmers, creating a better market and more prosperity for farmers in the community. We invite you to inspect our facilities.

News from Gagetown Area

Mr. and Mrs. Lawrence Salgat were hosts to the Farm Bureau last Wednesday evening. President Floyd Werderman called the meeting to order; Leo Seurnyck led the discussion on the subject, "A State Plan to Regulate the Financing of Drainage Project Within and Between Counties." A "tote-your-share" luncheon was served.

The Woman's Study Club held their meeting Thursday evening, postponed from Monday evening, at the home of Roy LaFave with Mrs. Sherwood Rice, Jr., as hostess. Seventeen members were present. Mrs. Gladys Wiltzie of Caro, member of the county well-

fare board, spoke on "Social Welfare." A Valentine verse was given by the members for roll call. Cookies and tea were served. The next meeting will be held at the home of Miss Edith Miller Monday, March 1.

A dessert bridge party was held at the home of Mrs. Richard Burdon Friday afternoon. Three tables were at play. The first prize went to Mrs. C. P. Hunter and Mrs. Genevieve Blodin won the consolation award.

Mr. and Mrs. Harlan Hobart and family were Sunday dinner guests of Mr. and Mrs. Kenneth Hobart of Unionville. Ben Hobart, son of Mr. and Mrs. Harlan Hobart, will leave March 10 to join the armed forces.

Mr. and Mrs. Norman Carpenter of Detroit were week-end guests of her parents, Mr. and Mrs. Joseph Quinn.

Mrs. Paul Seurnyck of Detroit was a week-end guest of her daughter and family, Mr. and Mrs. Martin Bartholomew.

Mr. and Mrs. Angus McEachin and family spent the week end with her mother, Mrs. William Comment.

Mrs. Julia Sutton of Flint spent the week end with her mother, Mrs. William Comment.

Mrs. Julia Sutton of Flint spent Saturday and Sunday with Miss Louise Meyer and Donna and Raymond Sutton.

Miss Veronica Mullin spent the week end in Detroit visiting relatives.

Mr. and Mrs. William Holbrook and family of Detroit spent the week end with Rev. and Mrs. Franklin Holbrook and Linda.

Mr. and Mrs. Paul LaFave have moved to the farm home of

Mr. and Mrs. Harry Russell. Mrs. Victor Rocheleau submitted to surgery at the Cass City Hospital Tuesday and was brought to her home Monday.

Mr. and Mrs. Elmer Simmons spent the week end with their daughter, Dolores, at Clawson.

Mr. and Mrs. Frank Wilson of Otter Lake and Mr. and Mrs. Britt Wilson of Onaway were Sunday dinner guests of Mr. and Mrs. Robert Wilson, Sr.

Richard Downing returned to his home from Harper Hospital Monday where he submitted to surgery.

Mrs. Robert Wilson, Sr., received word Monday morning of the death of her mother, Mrs. John Denstead, at Pigeon.

Friday dinner guests of Mr. and Mrs. Arthur Carolan were their daughter, Mrs. Phyllis Watersworth of Elkton, and cousins, Mrs. William Stanton and Mrs. Sherwood Rice, Jr. Danny and Terry Watersworth spent the week end with their grandparents, Mr. and Mrs. Carolan.

Mrs. Arletta Poole accompanied Mr. and Mrs. James Van Sickle of Snover Saturday evening to the Michigan Milk Producers' banquet at Sandusky.

Mr. and Mrs. Harold Johnston and family entertained Mr. and Mrs. James Burke and son of Detroit Sunday.

Mr. and Mrs. Henry LaFave are spending a few days in Detroit with relatives and friends.

Mr. and Mrs. Edward Kehoe spent the week end with their daughter and family, Mr. and Mrs. Archie Mark and sons of Vassar. Mr. and Mrs. William Kivel and family spent the week end with Mr. and Mrs. Neil McKinnon.

Mrs. Richard Downing, Miss Valerie Deering and William Downing attended the Hollywood Ice Revue in Detroit Sunday.

Mr. and Mrs. George Rieck and David of Vassar visited Mr. and Mrs. Frank Lenhard Sunday.

Mr. and Mrs. George Lenhard of Caro, Mrs. Agnes Hayes and Mrs. Florence Hayes of Detroit were Sunday guests of Mr. and Mrs. Martin Walsh.

Mr. and Mrs. Wesley Downing spent Sunday and Monday in Detroit visiting relatives.

The Frances Belle Watson Past Matrons' Club of Gagetown will meet with Mr. and Mrs. William Profit Wednesday, March 3, for a potluck supper.

The way to a man's heart may be through the stomach—but the way to a woman's is through her ears.

Hard work at a chosen trade or profession acts as a fuel for keeping the fires of ambition burning.

Bernard Koepf Visits Hollywood

Marine Cpl. Bernard J. Koepf, son of Mr. and Mrs. John Koepf of Route 8, Cass City, is serving as a parachute rigger with Marine Transport Squadron 352 at the El Toro Marine Corps Air Station at Santa Ana, Calif.

Koepf recently attended a party sponsored by the Junior and Senior Chambers of Commerce of North Hollywood, Calif. He also toured a movie studio and danced with movie starlets at a ball given by the Chamber of Commerce.

Prior to entering the Marine Corps, Koepf was graduated from Unionville High School.

Four Poultry Meetings Scheduled

Four poultry meetings are scheduled for Tuscola County poultry producers on March 2 and 3, announced Quentin R. Ostrander, assistant county agricultural agent.

Topics for discussion will be feeding, management and disease control in the farm poultry flock.

Don Miller, poultry specialist from Michigan State College, will be present to lead the discussion and answer questions on individual flock problems, Ostrander stated.

The schedule of the four meetings is as follows: March 2, 1:30 p. m.—Cass City High School, Vocational Agriculture room; March 2, 8:00 p. m.—Supervisors' room in the courthouse in Caro; March 3, 1:30 p. m.—Vassar High School; March 3, 8:00 p. m.—Reese High School.

A smile is always a good reference and introduction.

Check Habits to Reduce Work Load

Dairymen should take a close look at their daily chores and

habits to find out where to reduce the work load, points out Alfred P. Ballweg, county agricultural agent. Often the location of a labor saving device is the first step toward so-called push-button farming.

After figuring out where work loads can be reduced, Ballweg suggests, look at the plans for elevators, feed carts and other devices at the county agricultural agent's office.

EDITOR'S CORNER

Continued from page one.

Despite the comprehensive, detailed study and the excellent conclusions drawn, we believe that there will be very little, if any, action by the legislature this year. The reason? Public apathy to the problem.

The lack of concern by citizens is widespread in Tuscola County where the 27 deaths recorded in 1953 represented an all-time high for the area.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Five Years Ago.

Carpenters and electricians have been busy for several days making extensive alterations in the interior of Wood's Drug Store.

a. m. to 1 p. m., including Saturdays. Their afternoons are spent doing homework, two hours are spent on just written assignments.

Out of five high schools in his home town of about 100,000, near Cologne, only two are coeducational.

Because only one hour a week is given to sports in the German schools, the teen agers belong to sport clubs or gymnastic clubs. Many other youth groups form clubs for religious groups, square dancing, films and swimming. Also youth hosteling is very popular.

Klaus closed his interesting talk by expressing his enthusiasm for the Girl Scout work on the "Kits for Korea," telling how much his own country appreciated the many CARE packages sent by the people of the United States.

Miss Margit Tordai, a native of Hungary, in full costume, danced two of her country's folk dances, followed by a brief talk by Miss Muriel Addison of England. Miss Addison has been in Cass City for the past six years. During this time she has returned to England twice. She told of the work of England's Girl Guides, Sea Scouts and Sea Rangers. She also spoke of the continued enthusiasm for scouting shown by Queen Elizabeth.

The program closed with an impressive investiture ceremony for three Cass City leaders, under the direction of Mrs. B. H. Starmann.

Refreshments were served at the close of the evening, following a short business meeting conducted by County President Mrs. Tim Sellers of Akron.

The next county meeting will be held at Akron in the cafeteria on Wednesday, April 7, at 8 p. m.

SOBBUSTERS

Continued from page one.

Sobusters, is the fact that Beck is familiar with the problems of farmers, in that he owns and operates a thousand-acre farm in his home state of Nebraska. While a part of the farm is range land, the crops raised primarily are corn and wheat. Dr. Beck has degrees from Nebraska, Peabody and Harvard. He has managed the "Michigan Lumberjacks" in most of the large cities from St. Louis to New York.

The Sobbusters, a farmer businessmen's organization, has members in all communities of Tuscola County and hold a meeting once yearly. Last year's speaker was Oklahoma's congressman, Page Belcher, whose topic dealt mainly with farm problems. Dr. Beck's talk will be diversified and entertaining for both branches of the organization.

The dinner which will be held in the school auditorium at 7 o'clock will be served by the ladies of the Sutton Church and is under the general chairmanship of Alfred Ballweg, county agricultural agent, and a committee of businessmen and farmers.

Just to prove how little it costs to run this tractor for 6 months...

WE'LL BUY HALF YOUR FUEL OURSELVES

Yes, you read it right! Trade in your old tractor on a new Oliver Diesel wheel tractor, and we'll pay half your new tractor's fuel bill for 6 months straight. We mean any 6 months' work on your farm, even your six heaviest work months, for the longest hours you want to work. Just bring in your fuel bills to show what you spent, and we'll give you a check for half.

why we're making you this offer

We figure if we offer to pay half your fuel, you'll keep track of your costs. That's all we want: for you to see how low they'll be. You'll find that you're burning only 6 gallons of fuel where your gasoline tractor burned 10—and buying your diesel fuel for a whole lot less!

We're betting you'll say you'd never go back to gasoline. Especially when you find that your upkeep is as low as your fuel cost. Your Oliver Diesel has the simplest engine ever put in a farm tractor—no carburetor, no plugs, fewer moving parts—very easy to keep in top working order.

no starting engine, no starting fuel

Oliver Diesels start and run on diesel fuel. They give you instant starts even in freezing weather. They withstand a longer lay-up than any spark ignition tractor. Best of all, Oliver makes a diesel in any size you want—two-plow, three-plow, four-plow—whatever size is best for your operations.

BUY AN OLIVER DIESEL AND WE'LL BUY HALF YOUR FUEL!
