

Industry Pledged to Enter Cass City

From the Editor's Corner

We are going to try to explain this week why we urge persons with news or advertising to place their copy early each week.

A newspaper is printed on type and placed in a steel chase to be printed on the press. The press that the Chronicle has can print either two or four pages at one time.

In an average Chronicle there are 10 or 12 pages. To publish the paper, it is necessary to put the first pages to be printed on the press no later than Tuesday afternoon.

Once the first pages are on the press, it is impossible to change the number of pages to be printed that week.

Just how much news will "break" after we have decided the number of pages for the week is impossible to tell. We can only judge by what we have already in the office and what might reasonably be expected to come in after Tuesday afternoon.

For this reason, and because it is impossible for a small crew to produce the entire paper in a day, we urge that you turn in all your copy at the earliest possible moment.

If all the news were reported as soon after the event as possible, it would never be necessary to omit copy through lack of space. The editor and staff will appreciate your cooperation.

Glenn Bixby at Joint Meeting of Gavel and Rotary

Glenn Bixby, a former Cass City resident who rose through the ranks to the presidency of the multi-million dollar Ex-Cell-O Corporation, was the honored guest at a joint meeting of the Cass City Gavel and Rotary clubs Tuesday night at Parrott's Dairy Bar.

Mr. Bixby reminisced briefly about his early life in Cass City and mentioned several concerns he worked for in the village before attending the University of Michigan and joining Ex-Cell-O.

After his brief remarks, he introduced George Scott, vice-president of Ex-Cell-O, who told the audience of the company's struggles in putting Pure Pak (paper milk containers) on the market.

To establish the business, the company was forced to have state and local laws changed and spent years and several hundreds of thousands of dollars in the courts before Pure Pak was accepted in the nation.

After the struggle for establishment was over, Mr. Scott said, the new containers spread rapidly across the nation and into foreign countries.

Last year the company did about 17 millions of dollars worth of business in Pure Pak alone—more than in all the previous years combined.

Mr. Scott pointed out that Ex-Cell-O does not sell a single milk container. They manufacture the machines that make the containers and lease them to distributors all over the country, he said.

Increase Will Net County \$6,592.40 Supervisors Approve Valuation for County

The equalized assessed valuation for Tuscola County as approved by the Tuscola Board of Supervisors Monday is \$878,987 higher this year than it was in 1953. Total assessed valuation is \$46,615,408. Last year the total was \$45,736,416.

The increase in valuation will net the county \$6,592.40 in additional tax money, with corresponding increases in other local taxes.

Despite the over-all increase in the county, Elkland Township's valuation shows a slight decrease over 1953. This year the township's tax valuation is \$3,799,060 and in 1953 it was \$3,860,860.

Other area townships' assessed valuation are: Ellington, \$628,090 in 1954 and \$618,415 in 1953; Elmwood, \$1,592,250 in 1954 and \$1,584,200 in 1953; Novesta, \$1,082,100 in 1954 and \$1,099,800 in 1953; Kingston, \$1,228,925 in 1954 and \$1,225,840 in 1953.

In other business before the board, Evard Rawson, Grover Laurie and Irl Baguley were appointed to a committee to form a manual of rules and regulations for the assessment of real estate.

Expense Money.
Supervisors approved expense money for meals for county officers and members of the agricultural extension department when traveling outside of Tuscola County. They also granted a request for \$100 per quarter expense money for full time deputies working in the county.

They okayed expenditure of up to \$1,000 by the County Road Commission for work in Vanderbilt Park near Quanicassee.

Stars Planning For Anniversary Celebration Here

Plans for the 50th anniversary celebration of Echo Chapter number 337, Order of the Eastern Star, are rapidly nearing completion.

Present plans call for afternoon and evening sessions to be held May 5 at the Cass City Arena with a banquet to be served between sessions at the Presbyterian Church.

Mrs. D. A. Krug assumed duties as general chairman last fall—serving with Mrs. Arthur Little as co-chairman.

Working closely with them is Mrs. Clifford Martin, worthy matron, and Mrs. Don Seeger, junior past matron.

This group, together with other members of the organization, has spent long hours in preparation for the memorable event.

The memorial part of the program is under the direction of Mrs. Erwin Binder. Mrs. Harry Falkenhagen heads the history committee and much work has been done on that committee by Mrs. Earl Douglas, Mrs. A. J. Knapp and Mrs. Don Seeger. John West is in charge of marches and formations and Mrs. Keith McConkey is chairman of the birthday cake ceremony committee.

Hawks' Track Team Hosts to Sandusky

A change in the Cass City High School track schedule pits the Hawks against Sandusky at the Cass City Recreational Park Friday afternoon.

The game was originally slated to be played in Sandusky but was switched at the last minute to Cass City.

The full schedule for the team is:

- April 28, Bad Axe.
- April 30, Central Michigan Relays at Mt. Pleasant.
- May 5, Thumb "B" at Crosswell-Lexington.
- May 12, at Caro.
- May 15, Regional meet at Mt. Pleasant.
- May 22, State track finals.

Piano Repair A Family Affair for Three Brothers

Fixing pianos is a family affair for the Gingrichs. Dale Gingrich, who has been in the business since 1947 in Bay City, is now working in Cass City.

Dale has two brothers and, you guessed it, they also repair pianos for a living. Raymond Gingrich works at his trade in Bay City, while Harold Gingrich is employed in a similar capacity with Wurlitzer Piano Company in Detroit.

The three boys learned the trade from their father, the late Edward Gingrich, who was in the business for 50 years.

Highway Dept. Denies Petition of Elkland Township

Representatives from the State Highway Department denied a petition from the Elkland Township Board to extend the speed control zone past the Elkland Township Cemetery or to post "no parking" signs on the south side of M-81, at a meeting held here recently.

The highway representatives told the board that they did not believe that either of the measures were necessary at this time.

Slate Mission at Catholic Church

A one-week mission will be held at St. Pancratius Catholic Church April 25 to May 2 at 8 p. m. for all Catholics and non-Catholics, according to an announcement by Rev. John J. Bozek, pastor.

Rev. Stanley Kusman, S. M., will conduct the mission. He is a professor of philosophy at the University of San Antonio, Texas.

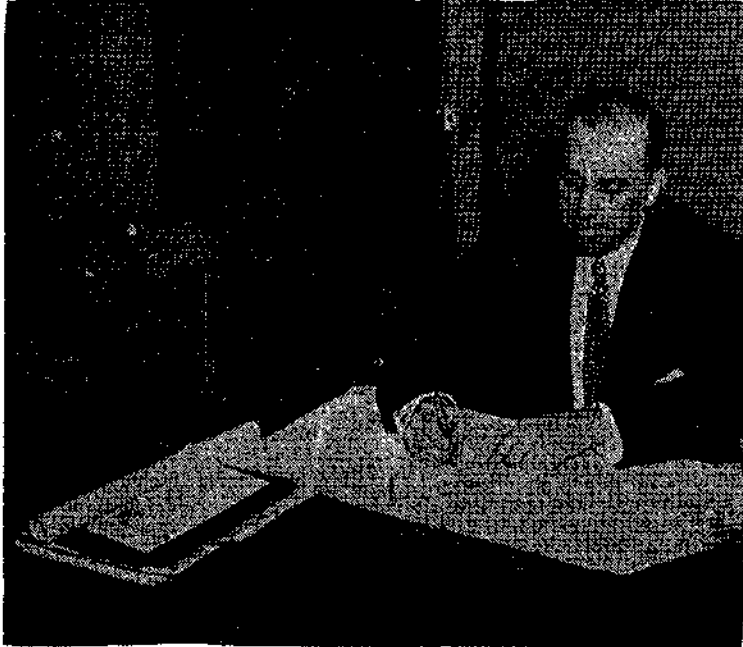

He studied in Switzerland, Paris and Rome for six years. He volunteered for army duty and spent six years in service, four years overseas.

Rev. Kusman saw action in Africa, England, Sicily, Italy, Germany and Austria.

During the last three years, he has been primarily concerned with preaching missions and retreats.

A special three-day retreat will be conducted for students of junior and senior high school on Tuesday, Wednesday and Thursday from 4 to 5 p. m.

Annual Clean-up Campaign Starts In Village Monday

Residents of the Cass City community are gearing for the annual clean-up, clean-up, fix-up drive in the village Monday and Tuesday.

The village is cooperating with members of the community by offering free pick-up service during the annual drive.

Members of the village street department have stated that all trash, except brush, must be placed in containers and placed at the curb or alley to be carried away.

The Cass City Chamber of Commerce has urged all members of the village to help so the campaign can be the most successful in the history of the community.

Members of the Cass City School are making posters to help along the drive. Business places have been asked to give their windows a thorough washing by 11 a. m. Monday, by the Chamber of Commerce, to get the drive off to a rousing start.

Moore Telephone Company to Pay \$428.60 to Gilmore

R. J. Gilmore, 19, was awarded \$428.60 by a Tuscola County jury from the Moore Telephone Company of Caro Wednesday in circuit court.

The money was given Gilmore for the damages to his car in an accident Oct. 10, 1953, on East Dayton Road. Gilmore alleged that the Moore truck turned into his lane of traffic without giving a signal.

The jury deliberated for about one half hour before awarding Gilmore \$428.60 of the \$1,000 he asked for.

Members of the jury were: George Grainger, Ollie Dennis, Chester Kinney, Bertram Partlo, Phillip Bauer, Walter Freeman, Neita Black, Florence McIntyre, Howard Sackdier, Claud Cole, James Woodward and Clifford Ackenback.

In the only other case in circuit court during the week a divorce was granted to Emily Luck from Frank Luck and the maiden name of Emily Hunter restored.

Two Caro Youths Injured in Accident

Two nine-year-old boys from Caro, Donald Rickwalt and Allen Barrigar were injured Friday when they were struck by Edward T. Sensabaugh of route two, Gagetown.

The boys were hit when they darted out onto the road from behind a truck two miles north-east of Caro.

Donald suffered a fractured right leg and Allen received cuts and bruises.

Tells All About Cass City Industrial Booklet Published Recently

Ever stop to wonder just how many churches there are in Cass City—how many manufacturers, how many homes for rent, details about mail service or any other answers to thousands of questions concerning the village? If so, you'll be able to find the answer in a new brochure recently printed by the Detroit Edision Company.

Liberaly illustrated with 35 pictures and drawings of the Cass City community, within its 22 pages, the booklet tells just about all there is to know about the village.

Starting with the population of Cass City and the surrounding area, it shows how many persons are available for work in this area (1,000 men, 200 women) and shows that 75 per cent of the labor force now employed is skilled or semiskilled.

It explains in detail the transportation services of the area... train, bus and plane.

It gives all the facts about water, electricity, telephone and telegraph service and the local sewer system. It shows pictures of many of Cass City's business places and facilities and has

Village to Erect New Building for Company

Walter E. Walpole, president of Walbro Corporation of Fenton, and representatives of the Cass City Development Corporation signed papers Tuesday afternoon agreeing to move the factory to Cass City.

The agreement was signed after months of negotiations and conferences that began shortly after the first of this year.

The corporation agreed to come here after the Cass City Development Corporation indicated in writing that they would erect a building to house the plant.

Plans for the building are in the drawing stage. It is expected that it will have floor space of about 60 x 108 feet with 14-ft. ceilings.

The building will be of cement block construction and will be built on land owned by the Development Corporation in southwest Cass City.

Included with the building will be four acres of the approximately 21 acres owned by residents in the village.

The Walbro Corporation will lease the building and land for one per cent of the total cost of the project, with an option to buy in later years.

Amount paid on the building will be applied to the purchase price of the land and building with taxes, upkeep, insurance, and other expenses deducted from the amount paid.

The agreement calls for the building to be ready for the plant to move in Aug. 1, 1954. When the plant begins operation here, a minimum of 20 persons will be hired.

Present plans call for mixed employment of men and women with women predominating the staff.

Walbro Corporation manufactures carburetors and allied lines. When the plant moves to Cass City, its complete organization will be located here.

Key personnel of the company, together with the president, will make their homes in this community.

Lions Schedule Charter Night at Cass City School

Dr. George C. Carrick, chairman, announced today that plans for the Charter Night program for the Lions Club in Cass City have been completed.

The event, scheduled Tuesday, April 27, at Cass City High School will feature outstanding speakers from Lions Clubs in Michigan.

Senator Frank D. Beadle, Lions international counselor, will act as toastmaster for the evening.

Featured speaker for the event is the Hon. Edward E. Sharpe, Michigan Supreme Court judge, who is expected to present an informative and entertaining address.

Dr. Carrick announced that persons who wish to attend may purchase tickets from local Lions Club members or arrive early at the school.

At the Charter Night meeting, members of the Cass City Gavel and Rotary clubs are expected to attend.

Many members of other Lions Clubs are expected for the evening and authorities expect an estimated 400 persons Tuesday.

Achievement Day Speaker Scheduled

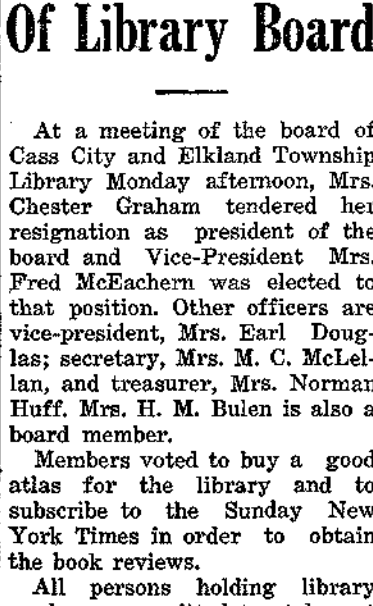

Mrs. George Francis will speak at the Tuscola County Home Demonstration Achievement Day in Fairgrove High School, Thursday, April 29. "Talking Through My Hats," by Lily Dache, is the theme of her talk.

Elect New Prexy Of Library Board

At a meeting of the board of Cass City and Elkland Township Library Monday afternoon, Mrs. Chester Graham tendered her resignation as president of the board and Vice-President Mrs. Fred McEachern was elected to that position. Other officers are vice-president, Mrs. Earl Douglas; secretary, Mrs. M. C. McLellan; and treasurer, Mrs. Norman Huff. Mrs. H. M. Bulen is also a board member.

Members voted to buy a good atlas for the library and to subscribe to the Sunday New York Times in order to obtain the book reviews.

All persons holding library cards are permitted to take out six books at a time. Penal fines on overdue books are a cent a day. Persons living outside Elkland Township may use the library by paying the small fee of \$1.00 a year.

Mrs. Francis is a present member of the Saginaw City Council. She is a member of Zonta International, Saginaw Reading Club, Girl Scout Council, Martha Washington Chapter OES and the Saginaw County Hospital Auxiliary. She is also superintendent of the antique department of the Saginaw County Fair. Mrs. Francis is a member of the Jefferson Avenue Methodist Church and is past president of the Saginaw-Bay district of the Methodist Women's Society of Christian Service.

Her hobbies are young people, miniature lamps and telling stories to those who like to listen. She collects stories of persons who have lived or who are still living at the present time and tells their stories with the necessary costumes and backgrounds to make them real personalities.

The achievement day program will begin at 10 a. m.

Green Pastures for Green Dollars

The following is the first of a series of articles devoted to the Tuscola County Pasture Improvement program. These articles will be found each week in the Chronicle.

You can boost the carry capacity of your legume and grass pasture by a third to a half and increase its quality by applying commercial fertilizer now. And your livestock will do a lot better, not only because there is more forage, but also more protein and minerals.

You'll get some boost in quantity of pasture by putting on 200 pounds of a phosphate and potash mixture but quality improvement comes with higher rates of fertilizing. That was shown by experiments on Michigan farms.

About 1100 farmers each applied 620 pounds of a fertilizer strong in phosphate per acre and on the average they measured 55 per cent more grass and legume growth.

Experiments on 105 Michigan farms showed that 750 pounds of 20 per cent superphosphate increased legume and grass growth by 35 per cent in 90 days. But when an 0-20-20 analysis was used, the increased growth was 55 per cent in that same time. That means more animal feed per acre—and better quality feed.

Extension Soils Specialist Paul J. Rood of Michigan State College says that phosphate-potash fertilizers are best for getting the most out of legumes, but nitrogen is the best shot in the arm for grass alone. And, he points out, now is the time to put 40 pounds of actual nitrogen per acre on the grass. That'll cost you about \$7 per acre—if you buy that much nitrogen in the form of 120 pounds of ammonium nitrate or 200 pounds of ammonium sulfate.

But what about your plans for hay and pasture in 1955?

When you make your hay and pasture seedings at the time you plant oats, Rood advises, be generous with commercial fertilizer. "Make it 500 pounds per acre."

The best way to apply the fertilizer when you're planting a

"FLYING SAUCERS from OUTER SPACE?"

Pastor Weckle's sermon Sunday evening, 8 p. m. three questions will be considered:

- (1) Are flying saucers from outer space?
- (2) If so, how will this affect faith in the Bible? and John 3:16?
- (3) What has the Bible to say about such present day happenings?

This is the 1954 Chevrolet Bel Air 2-Door Sedan. With 3 series, Chevrolet offers a model to meet every individual and family need.

These facts about the New Chevrolet can help you make an important decision

Don't you agree that buying a new car calls for careful consideration? Regardless of make, it involves a substantial amount of money and a lot of future satisfaction. This information can give you a better idea of comparative value and help you decide which make to buy.

A good customer of ours was telling us the other day how he sizes up a new car. Because he's bought a number of them over the years, we were interested in what he had to say. We think you will be, too.

Actually, what he does is to ask about seven basic questions. The answers give a pretty complete picture of the car and its comparative value. Here's what he wants to know.

How well do I like its looks?

That's one question, of course, that only you can answer. You're the one who buys the car and you, above anybody else, should be proud of its appearance.

All we can tell you is that we hear a lot of nice things about Chevrolet's new styling. People seem to like the new front-end and rear-end designs, and the way the bumpers curve even farther around the fenders. They like the new styling touches all around the car and the wide choice of bright new colors and two-tone combinations. A good many tell us that Chevrolet has a decided edge over the other cars in its field for smooth and graceful lines.

Who makes the body?

This question takes in much more territory than the appearance of the car. It involves the quality of the

interior as well as the strength and safety of the body construction. That's why we think it worth your consideration that Chevrolet has the only Body by Fisher in the low-price field.

You can see the difference outside and inside. We'd especially like you to look over the new interiors. Just sit in the car, if you will. Feel the quality of the fabrics and notice the more generous use of vinyl trim.

In all these ways, you'll find evidence of superior quality and workmanship. And after all, isn't that what you would expect in Body by Fisher? As you know, Fisher is the largest and most famous manufacturer of automobile bodies in the world. Doesn't it stand to reason that Fisher can build extra quality into the Chevrolet body? It's there and you can see it.

What's under the hood?

You hear a great deal of talk these days about engine power. The truth is that the number of horsepower isn't nearly as important as what the horsepower does for you.

In this year's Chevrolet, you get increased power in two finer engines. There's the "Blue-Flame 125" engine teamed with Powerglide automatic

transmission and optional on all models at extra cost. In gearshift models, you get the more powerful "Blue-Flame 115" engine.

But, actually, the increase in horsepower is only a sort of by-product of design changes made for other reasons. Chevrolet engineers were after greater engine efficiency, not just greater power. So, you get improved acceleration, with greater and safer passing ability. You get quieter, smoother operation. You climb the steep hills with new ease.

How hungry is it for gasoline?

A car's reputation for, and record of, economy of operation is certainly an important consideration to most people. We'd be glad to have you compare Chevrolet in this respect with any car at any price.

And, in the case of this new Chevrolet, you do not have to sacrifice economy for finer performance and more horsepower. That's because the Chevrolet engines are high-compression engines. Their compression ratio of 7.5 to 1 is the highest in any of the leading low-priced cars.

This means simply that the engine compresses, or squeezes, the fuel mixture to a greater degree in order to wring more work out of it. That's how Chevrolet is able to give you an important gain in performance along with money-saving gasoline mileage—and on regular gas, of course.

Is it up to date in features?

We can't think of a new feature or development you might want that you can't have on the new Chevrolet.

Now you can have Chevrolet's zippy and thrifty Powerglide automatic transmission on any model. You can have Power Steering on all models and at a new, lower price. You can have Automatic Window and Seat Controls on any Bel Air or "Two-Ten" model, and you can have Power Brakes on any model equipped with Powerglide. All are, of course, optional features at extra cost.

How popular a car is it?

When you come right down to it, there's no better way to judge the satisfaction a car gives its owners than by its popularity. How many people buy it and keep on buying it?

Well, as you may know, Chevrolet is by far the most popular car in this country. That's true today and it's been true for a good many years now. But it couldn't be true—or wouldn't be true—unless Chevrolet gave its owners an extra measure of satisfaction and value.

How much does it cost?

There's a short, sweet answer to that one: Chevrolet is priced below all other lines of cars. This lower cost is made possible by the greater production facilities and purchasing power of the world's largest manufacturer of automobiles. That is why Chevrolet can offer you all the advantages we've told you about here—and many more, too.

We'd be more than glad to have you see all these things for yourself and to try out this new Chevrolet on the road. We'll be happy to see you at any time.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Accomplishments, or lack of them provide an excellent "hole and doughnut" argument for anyone who undertakes to criticize the recent session of the Legislature. Natural battlelines fall between Republicans, who dominate both chambers, and Democrats, who control the executive arm of the government. The GOP says, "We did a grand job!" Their opponents say, "Look at the important things you left undone!" References to the record will be heard often between now and the fall election.

Republicans are proudest of the "labor legislation" they produced. The new unemployment compensation law gives higher weekly payments and for a longer period. Rates are raised from \$27 to \$30 per week for a single man; from \$35 to \$42 for a man with four children. This is paid over a 26 week rather than a 20 week period. Workman's compensation payments were increased \$4 per week. "This is a step in the right direction," say Democrats, "but it is nowhere near the benefit level urged by the Republican President of the United States."

Balancing the budget is another GOP claim to glory. This was no small feat when it is remembered that the solons were faced with the need for an additional \$6 million when the civil service commission unexpectedly increased salaries.

Figures show that during the next fiscal year the state will expend \$366 million and receive \$369 million in revenue, thus allowing a \$3 million "profit" that can be used to reduce the deficit.

A fine farm program was provided this year. The Legislature made one grant of \$294,000 to Michigan State College—\$150,000 for the ag experiment station and \$144,000 for agricultural extension service.

Another \$255,000 was appropriated to MSC and will be matched by a similar amount from the federal government under the Hope-Flannigan bill; a total of \$510,000.

In addition to this money, which will be spent on research for agricultural processing and marketing, \$20,000 was allocated the department of agriculture to promote sales of farm products.

Old people are guaranteed a monthly income of \$70 by a law passed this year. The state agreed to increase to this amount a portion of payment under the old age assistance program, should the federal government reduce the present payment plan.

Other accomplishments of the session are a program to aid counties build homes for the senile; a law which forces patients suffering from active tuberculosis to stay under a doctor's care; the submitting of the Korean veteran bonus and the Conlin tax plans to the public

for referendum at the next election.

"Our main responsibilities in this session," said Rep. William S. Bromfield, "were to keep government on an even keel during rather uncertain economic weather. Despite many would-be boat rockers, the Republican majority came out of the session with a solid, well laid program broadening state services to the public, improvements in health and education programs, and without new taxes."

"Failures" of the session will get some attention from Democrats. Sources close to Gov. Williams report that the chief executive may have more than a little to say about the fact that no FEPC legislation was passed, this despite recommendations for such action from President Eisenhower.

The school situation they say, still constitutes a serious problem untouched by the Legislature. The governor is expected to ask what the Legislature intends to do with the annual increase of 60,000 students the state faces since facilities are already overcrowded. He is also said to be disgusted that something wasn't done about consolidating school districts, many of which are known to be operating on an uneconomical basis.

Election reform as submitted by the Republicans is reported not to have pleased the governor. He considers the remodification changed only a few things and left standing most of the provisions that made the former law undesirable.

Most significant thing about this session, according to Democrat critics, was the development of a new group of Republican Representatives who are much more progressive than previously. "This hard core of liberalism joined with us for the first time to support some fine legislation," said a Democratic spokesman. He was referring to the "Young Turk" group headed by Willard Bowerman, Lansing; Thomas M. Burns, Saginaw; Gerald Graves, Alpena; Kenneth O. Trucks, Baldwin; John McCune, East Lansing.

About 800 bills were submitted for consideration this session. This is more than can be studied thoroughly, and a number large enough to cause some concern among lawmakers. They are considering a move to limit the even year sessions to taxation, appropriation and emergency matters.

Long ago the legislature met at two year intervals. With the advent of the sales tax, it became necessary to meet annually in order to appropriate sales tax returns. The "off year" sessions grew longer and longer, encompassing more and more subjects, until there is now little difference between them and the "regular sessions".

WHAT IS BELIEVED to be the oldest building in Cass City was razed by flames. The building, generally believed to be about 100 years old, stretches back beyond the memory of some of the village's oldest residents. Some straw in the barn was the only damage recorded besides the building itself.

4-H Crops Club Program Set

George C. MacQueen, county 4-H club agent, reports that 4-H members who enroll in the various crops projects this summer will find a host of interesting activity. Probably the most recent is the 4-H one acre corn contest which is based on the number of bushels of dry shelled corn per acre. This program was organized with the help of several of the hybrid corn producers and dealers of the county. It is designed mainly to teach members the proper adapted corn to their own farm conditions and to teach appreciation of the worth of dry weights as compared to wet field weights. Application cards for this contest can be secured from the 4-H club office, courthouse, Caro.

Requirements are: (1) must be an actively enrolled 4-H club crops member, (2) not less than one acre will be considered for the contest, (3) application must be made by July 1 of current year, (4) keep complete and accurate field record, (5) exhibit either a 10-ear sample or a peck of shelled corn at the fall crops carnival, (6) help check field for yields in the fall.

Awards have been set up for the winners and consist of a trophy for first place and plaques for second and third places. All who produce more than 100 bushels of dry shelled corn per acre will receive a certificate. Awards will be based on the information from the project record sheet and field data card.

Cooperating thus far are George and Ellis Aldrich, Fairgrove; Fritz Mantey and Sons, Fairgrove; W. R. Kirk, Caro; John Hadaway, Fairgrove; Farmers' Cooperative Elevator, Caro; Clare Turner, Cass City, and Charles Seddon, Kingston. Any other hybrid seed corn dealer who has club members in his territory would be welcome to secure application cards.

What this country needs isn't more freedom, but less freedom for those who would destroy our freedom.

A day's experience is worth more than a year of advice.

Drainage Important For Trench Silo

Drainage is a number one item to consider in answering the question whether a horizontal silo will be successful. Alfred P. Ballweg, county agricultural agent, advises farmers to build silos with at least one foot fall per 50 feet of length.

There are two types of drainage to care for—drainage from the silage itself and from the

rain and snow. With many silos being constructed entirely above-ground, it is not difficult to build the slope.

Silos can be built cheaply, but a little extra cost is worth it in the long run, advises Robert L. Maddex, extension agricultural engineer at Michigan State College. Some farmers use home-grown wall lumber or use dirt walls and floors. This type is all right with certain types of housing and where wagons will be used to carry feed out. It is not

advisable to self-feed on a dirt floor, however, says Maddex.

Another silo uses good lumber and concrete on the walls with a proper sloping floor for self-feeding. Much labor can be saved by letting the cattle help themselves. But, adds Maddex, about a foot of silage across the face of the silo should be fed per week to prevent excessive spoilage.

The man who runs from responsibilities won't go very far.

My recipe for
CORN CASSEROLE...

always successful in my

ELECTRIC RANGE

CORN CASSEROLE

- Temp: 350°F. Time: 30 Min.
- 2 cups cooked whole kernel corn
 - 2 tablespoons butter
 - 1 cup milk
 - 2 cups soft breadcrumbs
 - 1/2 cup chopped celery
 - 1 cup diced cheese
 - 1/2 cup chopped green pepper
 - 1 teaspoon salt
 - 1/2 cup grated onion, if desired
 - 1/2 teaspoon pepper

Melt butter in saucepan. Add corn, celery, green pepper and onion. Saute until tender. Add remaining ingredients. Mix well. Pour into greased casserole dish. Bake.

Ask for other interesting recipes at your Edison office.

General Telephone Announces Changes

Jule M. Stimson, former Imlay City district manager for General Telephone Company of Michigan, has been appointed Eastern Division manager with headquarters at Imlay City, President F. N. Norris has announced.

He succeeds T. G. Sowers, who has been transferred to Coldwater as Southern Division manager. The former Southern Division manager, H. H. Randall, has been promoted to general commercial superintendent and transferred to the general office in Muskegon, Michigan, Mr. Norris announced.

A new Imlay City District manager will be announced later, Mr. Norris said.

Demonstration Club Meets Thursday

Arrangements of Easter emblems, forsythia and pussy willows enhanced the tables in the homemaking rooms of the high school building Thursday evening, Apr. 8, when the Home Demonstration Group met for their regular meeting. Mrs. John West, assisted by Mrs. Albert Gallagher, Mrs. Leslie Townsend, Mrs. E. A. Livingston and Mrs. John A. Sandham, served the dinner.

During the business meeting which followed, Mrs. Jas. Colbert was welcomed as a new member and Mrs. C. L. Graham, Mrs. Sandham and Mrs. A. Kimaird were appointed as a nominating committee by the chairman, Mrs. R. A. Avery. Eight dollars and

eighty-nine cents was donated for migrant work.

The lesson, "Planning for the Later Years," was presented by Mrs. E. Croft and Mrs. Albert Whitfield. They gave many helpful suggestions to the women who are growing old. Mrs. Ray Boughton and Mrs. Harry Falkenhagen will be the leaders for the next meeting.

Canning Company to Award Trip to 4-H Club Member

Harold Downing, local plant manager of the W. N. Clark Canning Company, announced recently that his company will sponsor a trip award for the most qualified 4-H garden club member to the annual meeting of the National Junior Vegetable Growers' Association, reports George C. MacQueen, county 4-H club agent. This new program will be handled jointly by the Clark Canning Company and the 4-H club office. Mr. Downing expressed his interest in seeing garden club members participate in a contracted crops program and will offer his and other help at his disposal to see the participants get off to a good start. The contest will be set up on the following considerations: (1) participants must be actively enrolled in a 4-H club as a vegetable garden club member; (2) be enrolled in the production and marketing section of the National Junior Vegetable Growers' Association; (3) have a contract with the W. N. Clark Canning Company in his own name; (4) grow at least five acres of peas or lima beans, or a fraction of an acre of green or wax string beans; (5) keep complete and accurate records on his crop on forms provided by the 4-H club office. The trip winner will be selected at the close of the crop harvest season on the basis of size of project, fertilizer and cultural practices, yield and a 200 word story on how canning crops fit into the home or farm program. The annual meeting of the National Junior Vegetable Growers' Association is held during December of each year and the trip lasts for one week. Further details and application blanks can be secured from the 4-H club office, courthouse, Caro.

An Invitation To THE MISSION AND RETREAT To Be Given At St. Pancratius Catholic Church Cass City, Michigan By the Rev. Stanley J. Kusman, S. M. April 27 to May 2 8 p.m. Masses Daily: 7:30 and 9:00 a. m. Confessions nightly after devotions. JUNIOR HIGH AND HIGH SCHOOL STUDENTS' RETREAT Tuesday, Wednesday, Thursday—4 to 5 p. m.

THE CALL OF CHRIST

The call of Christ during this mission is to all—young and old: to good, bad, and indifferent. To the soul that would make every day count for eternity. To the soul too busy with this world to think about eternity. To the soul grown careless about God, religion, and conscience. To the soul afflicted with doubts and misgivings about faith. To the soul that has lost courage in the battle against sin. To the soul enslaved by sin and in search for the great secret of self-control.

THE CALL OF CHRIST

during the mission is as all-embracing as the Arms of His Mercy out-flung upon the cross to save the world. "Go out into the highways and the hedges and compel them to come in that my house may be filled." Luke xiv. 23

THE MISSION

A mission is a course of spiritual exercises conducted by specially trained missionaries. During these exercises, prayerful consideration is given to the great truths of eternity, to the duties and obligations of those who would be followers of Christ.

OBJECT OF THE MISSION

The object of the mission is to bring back souls to God—to help the weak, to raise the fallen, to convert the sinner—in a word, to strengthen all in virtue and to bring down upon all the blessings of God.

THE CONCLUSION

The conclusion to be drawn from the above, then, is—the mission is a time during which God pours out on all who will, the abundance of His grace; a time we need to set ourselves right with God; a time we need to prepare for eternity; a time the like of which may never again be ours. "Behold," says the Savior, "I stand at the gate and knock." Will we open to receive Him? or, will we lock the door and bid Him go about His way?

News from Rescue Area

Mrs. DeEtte J. Mellendorf received a phone call from her son, Perry E. Mellendorf of Smiths Creek, Tuesday evening, April 13, telling her that they had a new baby girl. The baby was born Tuesday morning in St. Clair Hospital, weighing seven pounds, one and one-quarter ounces, and will answer to the name of Donna Lee. Mrs. Mellendorf now has 27 grandchildren, 16 boys and 11 girls; also one great-grandson and one great-granddaughter.

Services are held every Sunday at the Canboro Latter Day Saint Church. Sunday School is at 10:00 o'clock with Clayton Gemmell as superintendent, and preaching services are conducted by Elder John Abbe of Owendale at 11:00 and 8:00 o'clock. Midweek prayer meeting is held Wednesday evening at 8:00 o'clock. Everyone is welcome to attend these services.

Mr. and Mrs. Ellis Gardner and daughter moved recently to their new home in South Oliver, and Mr. and Mrs. Leo Parker and daughters have moved into the Gardners' former home. Pfc. James Stinger of Fort Knox, Kentucky, spent his furlough with his parents, Mr. and Mrs. Ottomar Stinger, of Grant. He completed his basic training at Fort Bliss, Texas, for further training. Mr. and Mrs. Norris E. Mellendorf and children, Arlene and Milton, attended a birthday party last Tuesday evening for her niece, Miss Charlotte Creuger, daughter of Mr. and Mrs. Elwood Creuger, at Filion. William Parker of Detroit spent the week end at the home of his parents, Mr. and Mrs. George Parker, and other relatives. The Woman's Society of the Grant Methodist Church will meet this week with Mrs. Martin Moore for dinner, business meeting and program.

Mr. and Mrs. Norris E. Mellendorf and children, Arlene and Milton, and Mrs. DeEtte J. Mellendorf went to Port Huron Saturday to the home of their sister and daughter and family, Mr. and Mrs. Richard O. Loos and children, and spent Easter Sunday with them. They also visited his brother and wife, Mr. and Mrs. Perry E. Mellendorf, and they returned home Monday. Mrs. DeEtte J. Mellendorf remained to visit a few weeks with her daughter and son and families.

Remember church services every Sunday at the Grant Methodist Church, Sunday School at 10:30 with Martin Moore as the superintendent, and preaching services at 11:30 conducted by the pastor, Rev. Emmett Coons. Youth Fellowship meeting every Sunday night at 8:00 o'clock. Everyone is invited to attend.

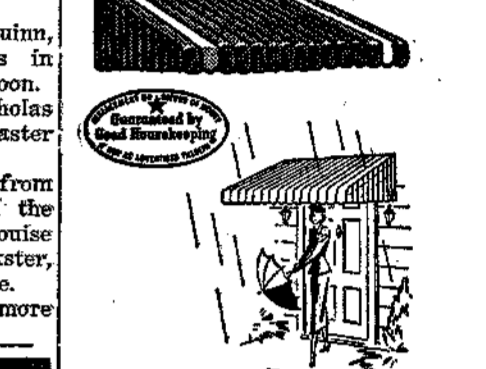

The pupils of Grant who attend the Brookfield Community School in Owendale had Easter vacation from Thursday noon until Tuesday morning. Mr. and Mrs. Alton Putman and children recently moved from Grant to Owendale. Raymond Roberts was one of the first farmers to sow oats last week.

Final Rites Held for Henry W. Brink

Funeral services for Henry W. Brink, 63, were held Wednesday, April 21, at 2 p. m. at the Methodist Church in Gageton.

Mr. Brink, a farmer, had been living with his son, Raymond, near Gageton. He was taken Saturday evening to Cass City Hospital where he died Sunday, April 18.

Surviving are one son, Raymond Brink of Gageton; two brothers, John of Gaylord and Alfred of Akron; two sisters, Mrs. Bertha Fox of Wisner and Mrs. Bernice Tebo of Flint.

Funeral arrangements were in charge of the Hunter Funeral Home, Rev. George Burlew officiated, and burial was in Caro Cemetery.

BOWLING NEWS

The City League closed their season of bowling last Monday night with the Zmierski Team winning the third round by the close margin of 1 1/2 points. To determine a City League Champion, a roll-off will take place between first, second and third round winners, the teams involved being Dillman's, Asher's and Zmierski's. The date has not been set at this writing, but it promises to be a real battle.

Speaking of battles, one was fought last Sunday afternoon as two teams from the Merchant's League fought it out for second place honors. It was a battle of the "Gases" as Shellane and Fuelgas teams pounded the maples with determination. After the first game, Shellane was in the lead by 42 sticks. Upon completion of the second game, they led by 92 pins, and it appeared that Shellane was the hotter gas with the greater flame.

The effect of a "pep-talk" by Sponsor Ulrey took shape soon after the third game began and before Shellane, (possibly a little overconfident), could get the gas turned on, Fuelgas had them submerged by nine marks at the half-way mark. It was just a question if they could keep up the pace and gain the pin advantage that Shellane piled up in the first two games. But head man Guinther came through with a 187 total along with Ulrey's big game of 201, and end man Asher with a 212 game.

These three games helped by Tyo's 175 and Stevens' 137 were enough to win the big game, 912 actual pins to Shellane's 786. As mentioned last week, Rusch's Team is the champion of the Merchant's League with Fuelgas as "runner-up" team.

The City Association Tournament closed last Sunday as the last of the minor events were rolled. Champions of the various events will be honored when their respective leagues hold their annual banquet. Checks are being handed out as the opportunity arises and those who have not received their prize checks may have same by calling at the H. O. Paul Company Store.

Tournament entries were about 50% less this year than the tournament of 1953, the result of which shows in the amount of your prize check.

Following is the result of tournament competition:

Five man team event: 1st,

Ashers, City League; 2nd, Hartwicks, Merchants League; 3rd, Strohs, Merchants League; 4th, Zmierski, City League; 5th, Brinkers, Merchants League; 6th, Alwars, Merchants League; 7th, Bankers, Merchants League; 8th, Champions, Merchants League; 9th, Dillmans, City League; 10th, Bowling Alley, Merchants League.

Doubles Event: 1st, Wallace and Gremel; 2nd, M. B. Auten and Fred Auten; 3rd, Bishop and Kolb; 4th, Karr and Leitch; 5th, Novak and Coleman; 6th, Bohnsack and Rusch; 7th, Zawilinski and Zmierski.

Singles Event: 1st, A. Asher; 2nd, A. Allen; 3rd, M. Coleman; 4th, E. Copeland; 5th, C. Kolb; 6th, H. Hartwick; 7th, L. Bartz.

All-Events total: 1st, A. Asher; 2nd, I. Parsch; 3rd, A. Allen; 4th, H. Hartwick; 5th, M. Coleman; 6th, D. Kettlewell.

Final City League Standings:

Team	Pts.
Zmierski	29 1/2
Landon	28
Asher	27
Damm	22
Bigman	22
Reid	22
Kritzman	22
Wallace	20 1/2
Gremel	19
Huff	17
Bartz	16
Dillman	16

Individual high three games Monday night: Kolb, sub. 585, Landon 546, Asher 542, Geiger 535.

Individual high single game: Kolb 215, Geiger 201.

At a meeting of the City League officers and team representatives on Tuesday evening, April 13, George Dillman was elected to the office of secretary-treasurer for the 1954-55 season. Nelson Gremel was elected to the board of directors to fill vacancy of retiring Director Stevens.

Through the system of rotating officers of the league, except the office of secretary-treasurer, Frank Reid becomes the president of the league for next year, Jack Hubbard is vice-president and Robert Profit, retiring president, becomes a director for one more term.

The officers named above, together with men who will represent the City League teams for the 1954-55 season, will meet later in the year to plan operation of the City League for next season.

The officers of the Cass City Association wish to take this opportunity to thank the officers of both the City and Merchant's leagues for their fine co-operation throughout the season just closed. We also compliment the bowling members of both leagues for fine sportsmanship and interest shown in conducting the activities of the leagues during 1953-54. May the 1954-55 season bring all of us together again, along with many new members, to compete in the world's largest sporting event, bowling.

Council Proceedings

Meeting called to order by the president with all trustees present, on March 30, 1954.

Minutes of the last meeting were read and approved as read.

Assessor reported the following assessed valuations: Real estate, \$1,477,000 and Personal property, \$311,500. Total is \$1,788,500. Motion by Benkelman and Hunt the report be accepted and the tax rate be kept at 15 mills. Carried.

STANDARD OIL LABORATORIES
now have created a great new motor oil

SUPER Permalube MOTOR OIL

Change now—start saving gas today!

NEW SUPER PERMALUBE CAN SAVE YOU UP TO 2 GALLONS OF GAS IN A TANKFUL!

New Super PERMALUBE gives you the most complete lubrication and protection that money can buy. Now with an amazing new feature—multi-grade viscosity—it cuts engine drag and friction so much that in average stop-and-go driving you can actually save up to 2 gallons of gas in a tankful.

New Super PERMALUBE not only saves gasoline but does everything the finest lubricating oil can do and gives you all these other advantages: • Cuts oil consumption an average of 36.3% • Prevents valve-lifter rusting trouble • Reduces combustion chamber deposits • Greatly increases engine power. Costs only a little more and it will actually pay for itself.

Slate Beet Program For Second Year

The 4-H premier grower sugar beet program is in its second year. Gilbert Smith, manager of the Caro plant of the Michigan Sugar Company, urges all 4-H members interested to secure their contracts right away. The program is based on raising one acre of sugar beets and from this and the field score card and interviews, the club factory district, area and state 4-H premier sugar beet growers are determined. All state winners receive a four-day out-of-state trip sponsored jointly by the growers' association and the factory.

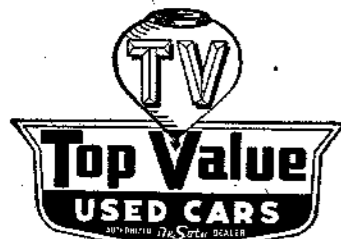

These three Cass City members of the Chamber of Commerce spent long hours compiling facts and figures for a new brochure depicting the industrial advantages of Cass City. From left to right: Joe Riley, Clifford Croft and Herbert Lidlow. A member of the committee, not pictured, is John Haire.

Farm Bureau At E. G. Golding Home

"What should farmers do with Diverted Acres?" This was the subject discussed at the Elkland Farm Bureau meeting Monday evening, April 12, at the home of Mr. and Mrs. Ed Golding. Mr. Golding, chairman, had charge of the meeting and the discussion was led by Mrs. Clare Carpenter. There were 18 members and three guests present. An interesting talk was given by a young farmer from Northern England who is in the United States and Canada for a six-month visit to study the methods of farming here. He stated he was greatly interested in our discussion as they are having the same problem in England at the present time. Other guests were Mr. Quinton Ostrander, assistant county agricultural agent and Mr. Clark Montague, county organizational director. At the conclusion of the evening the hostess served a cooperative lunch.

Langs Purchase Brown Swiss Bull

Joseph and Sylvina Lang, Cass City, recently purchased the registered Brown Swiss bull, Dan's Dale Jr., from Mr. and Mrs. Lyle Roach, Deford, according to a report from Fred S. Idtse, secretary of the Brown Swiss Cattle Breeders' Association, Beloit, Wisconsin.

The 4-H bean program is continuing in the same line as last year. Cooperating elevators are furnishing one acre's certified seed at market price to bean club members. This is especially important from the standpoint of off-color beans, disease resistance and uniformity. Some elevators are remitting the cost of the seed if the crop raised is returned to that elevator. This gives a good experience in marketing. Cooperating elevators are Fairgrove Elevator, Gilford Elevator, Akron Elevator, Bradleyville Elevator, Unionville Milling Company, Gageton Elevator, Michigan Bean Company, Caro; Farmers' Cooperative Elevator, Caro, and Hart Brothers, Vassar.

All crops club leaders and members are urged to consider these programs and take action on them soon, the 4-H agent concluded.

Marriage Licenses

One marriage application received in Tuscola County during the week was Melvin Ernest Petzold, 23, of Millington and Lorraine Mae Schluckebier, 20, of Richville.

Marriage licenses were granted to:

Theodore Jacob Schad, 20, of Cass City and Violet Marie Jacob, 17, of Caro.

Frederick Joseph Ross, 22, of Cass City and Shirley Ann Patnaude, 21, of Gageton.

Norman August Nickel, 18, of Mung and Elizabeth Ann Cartwright, 17, of Fairgrove.

Tony Pezo, 30, of Mayville and Lois Mae Plumb, 24, of Mayville.

Realty Transfers

Among the realty transfers recorded in the Register of Deed's office at Caro was one from the Cass City area.

Joseph C. Karner of Gageton to John J. Karner of Gageton, the SE 1/4 of the SE 1/4 of section 7, Elkland Township, 40 acres.

The USDA's list of plentiful foods for April includes fresh and processed oranges and grapefruit, cabbage, onions, beef, eggs, potatoes, dairy foods and broilers and fryers.

The approach to Easy Street can be recognized by the groups of friends discarded along the way.

Many At Annual 4-H Tractor Tour

A motorcade of eight station wagons and cars left Caro last Friday, April 9, with 63 4-H tractor club members, leaders and drivers for a tour of Detroit, reports George C. MacQueen, county 4-H club agent. They returned early Friday evening.

They stopped first and organized the tour at the Ford Rotunda Building, ate lunch at the Ford Administration Building, visited the Greenfield Village Museum and the Highland Park Tractor Plant.

A good idea is only the beginning—you must stick to it until it proves to be one.
