

## From the Editor's Corner

The Chronicle has received its annual quota of official Michigan highway maps from the State Highway Department. They are available at the office free as long as they last.

This year the department has also sent 25 Michigan State Ferry schedules for 1954. These are also available free at the office.

There has been discussion going the rounds in the village of the civic accomplishments in the past eight years vs. the achievements in previous years.

Those advocating the last eight years point with justifiable pride to the Municipal Park, Christmas decorations, Cass City (Industrial) Development Association, Home-coming, new grade school and other civic improvements.

Those taking the other side of the debate point to the old school and gym (best in the Thumb when built), swimming pool, wide streets, zoning ordinance, first state grant pavement in the Thumb and many others.

After listening to both sides, it's hard to point to any period or era as more outstanding than the other in Cass City.

One thing sure, the records prove that the village is, and was, outstanding for progressive action.

## Cass City Receives First Quarter Monies from State

Cass City will receive \$5,133.57 as its share of the \$57,611.92.25 net receipts of State Motor Vehicle Highway Fund for the first quarter of the calendar year 1954.

The money is distributed to the State Highway Department, counties, cities and incorporated villages in Michigan.

Besides the money Cass City receives, disbursements to other area villages include: Caro, \$9,161.76; Gagetown, \$1,730.61; Kingston, \$1,249.11; Uby, \$2,056.21; and Unionville, \$1,736.05.

Tuscola County will receive \$214,793.39 of the money allotted to counties. Huron County receives \$205,562.36 and Sanilac County's share is \$205,707.80.

## Concert Tonight

Ralph L. Powell, Cass City High School Band Director, has issued a reminder to all persons in the area that the annual spring concert given by students at the school will be held tonight (Friday).

The concert will feature the Tonette band of the fourth grade, sixth grade band, fifth grade band and high school band, he said.

## Teen-Age Girls Help To Arrest Prowler

Two teen-age girls who live on a farm in Almer Township hid in a closet while a prowler searched their home Saturday and later helped Tuscola Sheriff George Jeffrey arrest the man.

Norman Dwight Eccles, 22, of Gas City, Ind., who sells magazines for the Union Circulation Company, came to the home where the girls live when it started to rain.

He went to a garage in the back of the house and later knocked on the back door. When he received no answer, he circled to the front of the house and knocked.

After a few moments he lifted a front window and entered the home, the girls reported.

## Committees Appointed

## Chamber of Commerce Plans Home-coming

President Fred Auten appointed committees for the annual Home-coming celebration at Cass City Monday evening at a meeting of the Cass City Chamber of Commerce at the Cass City Municipal Building.

The committees are: parade and bicycle parade, Keith McConkey; entertainment, Don MacLachlan; obstacle course, Cliff Ryan; children's activities, Bernard Freiburger; baseball throw, Leo Ware; concessions, John Haire; dance, Wilfred Jolly; electrical, James King; horse pulling, Arlan Hartwick; junior livestock show, Basil Bigham; rides and calliope, Leonard Smith; and chairman, Fred Auten.

**Fair Payment.**  
Dr. Harry Crandell appeared before the board and explained the procedure necessary to receive one half of prize money awarded from the Michigan Department of Agriculture. It will be necessary to publish a prize list for the event this year to participate in the funds from the department.

After discussion, members of the board decided to act on Dr. Crandell's suggestion and members are now busy complying with the regulations.

In other business before the board, members heard Alden Asher propose that a retail division of the chamber of commerce be formed.

Action on his suggestion was tabled until the local chamber of commerce enters the national organization. At this time, the board hopes to receive suggestions from the national organization on the problem.

The Cass City Chamber of Commerce will join the national organization as soon as bylaws are accepted by the organization. President Fred Auten has compiled a set of bylaws that the board has accepted. Before they become official, however, they must be passed by the members-at-large.

## Coming Auctions

Saturday, May 15 — Mike Grzeszczyn will sell cattle, implements, feed, dairy equipment and chickens at his farm, two miles north and one-quarter mile east of Kingston.

Saturday, May 15 — Mike Schwartz will sell cattle, machinery and miscellaneous items at his farm, four miles east, three miles south, three miles east and 40 rods south of Cass City.

## Cass City to Join Caro Softball Loop

Although it looks as if there will be no organized softball in Cass City this year, Cass City will be represented in the Caro softball league.

A team managed by Al Galvanek is practicing almost nightly, preparing to play ball June 5 when league play starts.

With the amount of talent on the club, the team should rank as one of the favorites in the league when play begins.

## Five Avert Serious Injury in Accident

Five Cass City men narrowly averted a serious accident Saturday, May 1, at 10:30 p. m., when they were forced off the road on a hill near Imlay City.

Bruce Holcomb, driver of the Cass City car, traveling north on M-53, met a car coming south in his lane of traffic when he reached the top of the hill.

To avoid hitting the car, Mr. Holcomb left the pavement. He avoided a head-on collision but the hubcaps of the two cars hit.

## 400 at Stars' 50th Anniversary Celebration Here

An estimated 400 members of the Order of the Eastern Star attended the gala celebration of Echo chapter's 50th anniversary in the afternoon and evening sessions Wednesday, May 5, at the Cass City Arena. The setting in gold and white presented a grand chapter setting in miniature.

Mrs. Clifford Martin, worthy matron, greeted the 200 guests who enjoyed the banquet in the Presbyterian Church between sessions. Mrs. A. J. Knapp gave the invocation and Mrs. Arlington Hoffman, accompanied by Mrs. Raymond McCullough, sang. Table arrangements and decorations were in charge of Mrs. A. N. Bigelow and Mrs. Fowler Hutchinson.

In the evening session, Grand chapter officers conferred the degrees of the Order on Mrs. Leonard Smith and Mrs. Robert Keating.

With Mrs. Earl Douglas as narrator, the history of the chapter was cleverly portrayed through a huge picture frame.

The birthday cake ceremony under the direction of Mrs. Keith McConkey was a colorful and beautiful part of the evening. Young people, daughters and sons of chapter members, lighted the cake which was a beautiful creation. Punch was served with the cake.

Much credit goes to Mrs. D. A. Krug who assumed the responsibility of general chairman six months previous to the meeting.

Gifts of money and other articles were received from many surrounding chapters and from individuals.

## Hawks Fourth in Thumb Meet Held At Crosswell

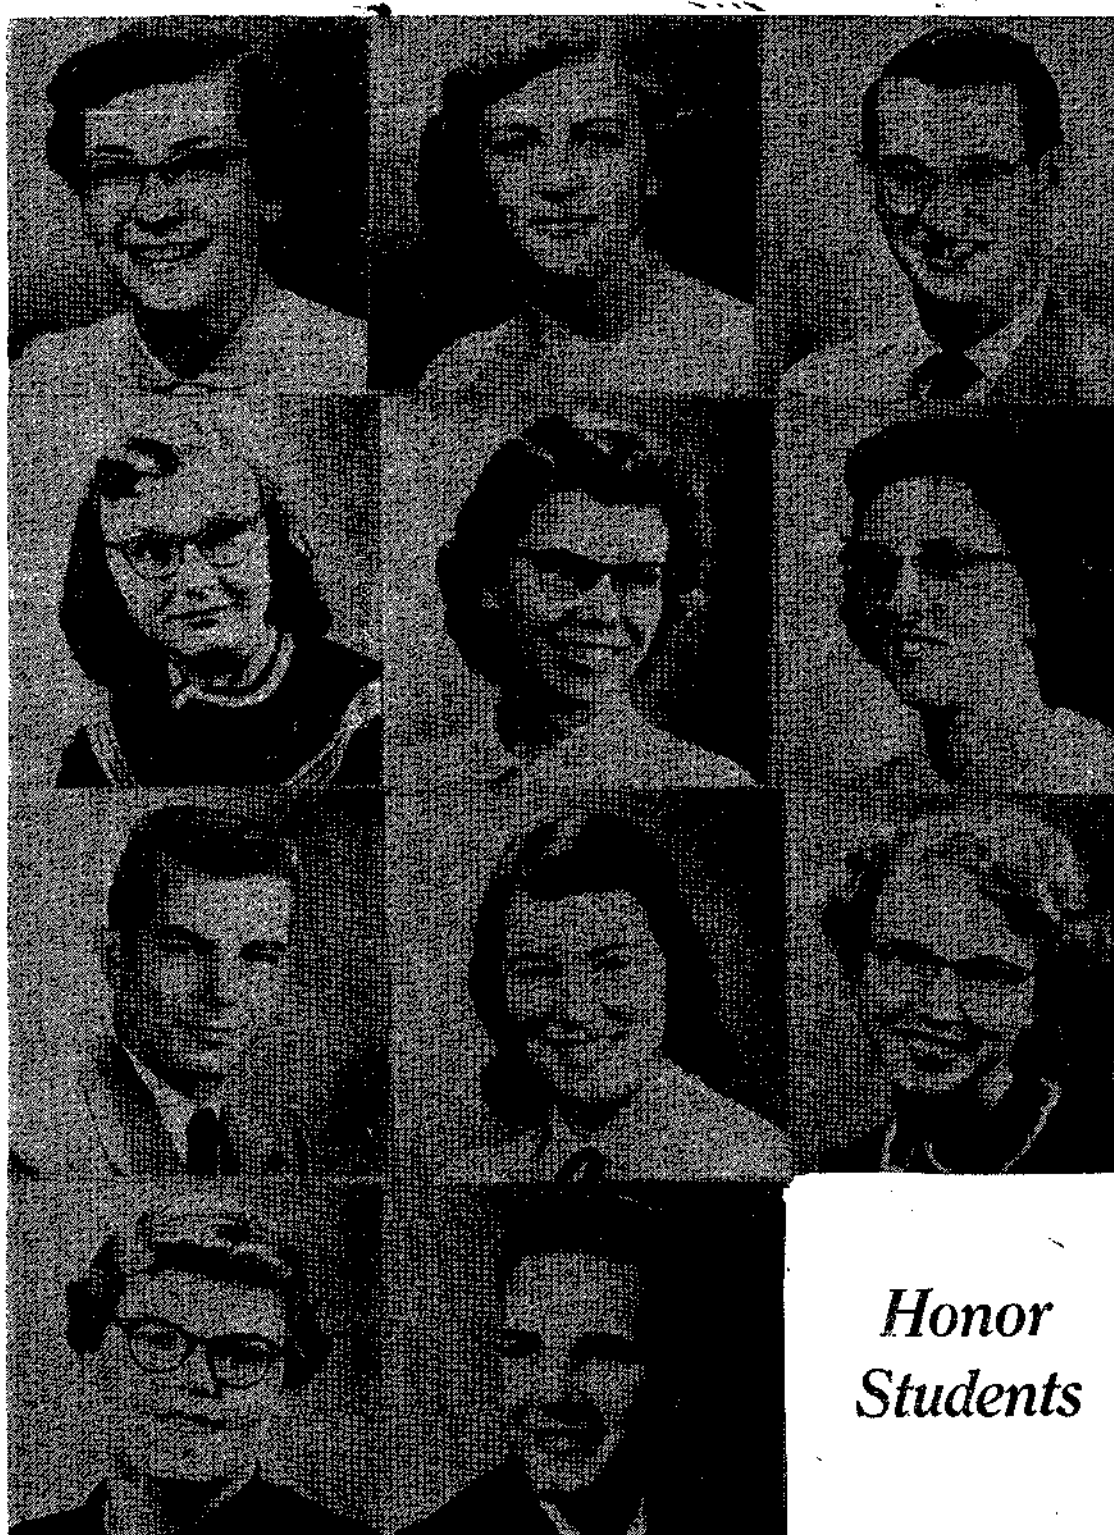

Despite Bob McEachern's winning efforts in the 100-yard dash and the 220-yard dash, Cass City ended fourth in the Thumb B Conference track meet held at Crosswell Wednesday, May 5.

Paced by Tom Lick, who won 18 1/2 points, Marlette won the meet with 56 1/2 points. Caro was second with 54 1/2 points and Crosswell-Lexington a close third with 53 1/2 points.

Following Cass City, which won 37 points, came the following teams: Sandusky, 26 1/2 points; Bad Axe, 23 points; and Vassar and Yale, 10 points each. Cass City won points for finishing in the following positions in the various events: shot-put, Russ Foy, tied for fourth. Won by Gale Erbe, Bad Axe.

Pole vault: Foy, third, Dick Donahue and Bill Tucker tied for fourth with Dave Corradi of Caro. Tie for first between Bob Benko and Bill Elliott, both of Crosswell.

Broad jump: Won by Lambert. Concluded on page eight.

Honor Students

Here are the senior members of the Honor Society. From left to right, top row: Gail Penfold, Nellie Graham and Jack Cook; second row: Phyllis Copeland, Emma Jane Sicker and Joyce Little; third row: Russell Foy, Donna O'Dell and Janet Patterson, and fourth row: Mary Jean Martus and Klaus Schulze.

## Choose Students for Eleventh Honor Society Induction

In ceremonies marking the 11th Honor Society induction in Cass City High School, 29 students in grades eight through 12 were named to the national honors group in an assembly held Thursday morning.

An impressive candlelight procession brought the new members to the stage where Russell Foy led older members of the society in the induction ceremony.

Short talks were given by Donna O'Dell, Emma Jane Sicker, Jack Cook, Carol Hulien and Klaus Schulze. The Honor Society pledge was administered by Marjorie Kelley while other students participating in the program included Sharon Ackerman, Sharon Brown, Sally Hunt and Barbara Gross. Faculty Sponsor, Dave Ackerman called the roll of the inductees and Assistant Principal Harold Oatley presented the membership cards and certificates.

Including those inducted this week, 11 of this year's graduating class have been granted membership in the National Honor Society. Those among the class of 1954 whose character, scholarship, leadership and service were considered by their classmates and faculty members to merit election to the society are reviewed briefly here.

Jack Cook, this year's student council president, has had a busy high school career. Three times treasurer of his class and once president, his activities have included a generous helping of

speech and dramatics as well as athletics. He has been a mainstay in the Miracle Book Club and is active in the youth work of his church. Jack is genuinely interested in farming but has also shown considerable aptitude in the mechanical field.

Phyllis Copeland, treasurer of her senior class, led the group in the big job of raising almost \$3,000 towards their Washington trip next month. A member of the band since junior high days, Phyllis has been a frequent participant in music festivals. She was earlier a junior Honor Society member and ranks near the top of her class. Phyllis has been granted a scholarship to Central Michigan where she plans to prepare for high school teaching.

Considered one of Cass City's all-time best athletes, Russ Foy has made his mark in every sport through the years. He has the unique distinction of being selected three times as class president, including his senior year. An outstanding scholar, he was first named to the junior Honor Society. Foy will study engineering at Michigan State College on an alumni scholarship.

Huntington College, Huntington, Indiana, will be Nellie Graham's address come next September. There she will prepare for elementary teaching and will likely continue the fine scholarship record she has maintained at Cass City where she carried an extra load of subjects and finished in the top ten per cent of her class. Active in band and student religious work, Nellie has been an Honor Society member since the eighth grade.

Salutatory honors for 1954 are ably carried on the shoulders of Joyce Little whose goal lies in the business world. She will likely attend business college. With an almost perfect scholarship and citizenship record, Joyce found time for 4-H club work, student teaching, office work and numerous class activities.

The class of 1954 will apparently do its part to alleviate the national teacher shortage. Among those who will prepare for work in this much needed profession is Mary Jean Martus who will study at Central Michigan. Teachers here who have known her efficient help will predict a successful career for her. She has been a consistent hard worker in all the projects of her class through the years.

Commencement night will find the valedictory spotlight falling on Donna O'Dell who leads her class of 66 in scholarship. Donna's report card has been deservedly decorated with almost nothing but A's and yet she found time to engage in a wide variety of extra-curricular func-

tions. She has been an outstanding band student for six years. Student government has found her council member and secretary to that group as a senior. She first joined the Honor Society in the eighth grade. During her twelfth year in school, she was a member of the annual staff and represented Cass City at the Model U. N. Assembly at Hillsdale College.

When the seniors balloted to name the one among them having the best personality, the majority chose Janet Patterson, a commerce major. Her life plans call for secretarial work where her employers will find her personal and her excellent commercial skills a real asset.

Another would be secretary is Gail Penfold whose goal has been set throughout her high school career. Secretaries find neatness a real asset and her classmates voted Gail the neatest member of the class. Home room officers, class and school activities have helped fill her high school days.

## MEA to Hold Spring Meeting in Village

The spring meeting of the Tuscola District of the Michigan Education Association will be held at Cass City Tuesday, May 18, according to an announcement made today by Orion Cardew, president.

The meeting will begin when the estimated 165 teachers expected will visit the Cass City Schools.

A dinner will be served by the Presbyterian Ladies' Aid and a musical interlude will be presented under the direction of Ralph Powell and Clara Boone of the Cass City School faculty.

Mr. Cardew will present service awards and scroll to retiring teachers before Klaus Schulze tells of his impressions of educational systems in the United States and Germany.

Steve Glaza, superintendent of Millington School, and Paul Koeltzow, principal at Kingston. Concluded on page eight.

## 378 X-rayed

The Saginaw Valley Mobile X-ray Unit, which stopped in Cass City Monday and Tuesday for free X-rays to area adults, announced that it gave 378 X-rays while in the community.

A representative of the unit said that the 378 persons who availed themselves of the service was a better-than-average turnout.

## Record Crowds Expected

## Merchants Cut Prices For Value Days Sale

Want to buy nationally advertised coffee for 50 cents a pound, buy paint for less than half price or save from 10 to 50 per cent at nearly every store in Cass City? If so, plan on shopping in the village Friday and Saturday when the Cass City Chamber of Commerce presents the fourth annual Cass City Value Days.

On pages two, three, six and seven, section two of this issue, you will find 32 different ads from various merchants in the community announcing the sale items at their stores.

The chamber of commerce suggests that you take your pencil and check the items you need at the tremendous savings.

You'll find items for the home and automobile, food, clothing and hundreds of other items—every one at a special low price.

Merchants cooperating with the chamber of commerce point out that the items on sale for value days are only in effect Friday and Saturday. It will be impossible to take advantage of the bargains at any other time.

The sale has continued for four years in answer to popular acceptance of the idea of value shopping in nearly all the stores once each year.

As in the past, record crowds are expected for the event.

## Bulletin

Mrs. Arthur Frost, longtime resident of the Cass City area, died Wednesday at the home of her daughter, Mrs. Elmer Chapman, after a long illness.

Funeral arrangements are incomplete at this writing.

## Hawks Split Pair Of League Games

The Cass City High School baseball team split a pair of games played in Thumb "B" competition when they won from Marlette 5-1 Friday and dropped an overtime decision to Caro 6-5 Monday.

The Hawks played their first game of the season in the sunshine Monday and Jim Evans pitched brilliantly to rack up his third win of the season.

He limited the Marlette nine to two hits. One of the blows was a bloop hit. Only Evans' wildness cost him a shutout. He walked six and fanned nine. The run charged against him was unearned.

Russ Foy paced the Hawk attack with two hits and Dean and LeRoy Hoag each connected for a safety.

The team played fine defensive ball and was charged with only one boot.

**Caro Game.**  
Cass City fought back with four runs in the last inning to tie Caro Monday only to lose the game in overtime in the ninth, 6-5.

The fatal inning started with an infield hit by the Caro team. A pair of errors loaded the sacks with nobody out.

It looked as if Cass City might escape as the next batter hit into a force out at the plate and Evans whiffed the next batter for the second out. But LeRoy Hoag threw wildly to first on an easy hopper and the winning run dashed across for Caro.

Caro jumped off to an early lead in the first inning when they scored four times.

An infield hit, a lusty triple, walk, hit batsman, error and a bloop double accounted for the Caro markers.

Cass City was held scoreless until the sixth when LeRoy Hoag walked and later scored.

The defeat makes the championship trial very difficult for Cass City, although they still have an outside chance of coping the toga.

## DAV to Honor Dr. I. D. McCoy Soon

Dr. I. D. McCoy of Bad Axe, a former resident of Cass City, will be honored by the Disabled American Veterans of Michigan and of the nation when the two groups will fete him at the Port Austin High School auditorium at 8 p. m., May 20.

The Michigan DAV group will present Dr. McCoy with a citation and the National DAV will announce Dr. McCoy as the man of the month for his outstanding work in veterans' affairs.

Gov. G. Mennen Williams will be guest speaker at the presentation which is open to the public.

## Parsch's Store

will be open Thursday afternoons

## Bowlers Receive Awards at Joint Banquet Tuesday

Members of the Cass City Community Club and their wives and bowlers in the City League and their wives were entertained Tuesday evening by a group of men from the Packard Motor Company who presented numbers in pantomime.

The group presented their numbers in costumes and, besides an expert job of pantomiming, regaled their audience with their humorous interpretation of the numbers.

Prior to the entertainment, awards were given to various winners in the City League.

Trophies were given to the Dillman team, champions of the league. Runner-up awards went to the Asher team, second, and the Zmierski team, third.

The Kritzman team won both the team high game and three-game series.

Lion's share of the individual honors went to Nelson Gremel. He was the individual champion of the year, defeating Alden Asher by three pins. Gremel also posted the high single game and the high three-game series.

Irv Parsch posted a three-game series of 622 but failed to bowl enough games to make his record count. He will receive a gold belt buckle from the American Bowling Congress.

Other awards went to Lee Tracey, Noah Parmer, Louis O'Connor, Gremel and Robert Profit for perfect attendance during the season.

Triplicate game awards went to Earl Douglas and Tommy Gruber.

Asher's was the tournament team winner.

## Drew to Represent Farm Bureau in Thumb Region

Marlie Drew of St. Joseph, Michigan, arrived in Caro this week where he will take over his new duties as representative of the Farm Bureau organization in the Thumb region. He is replacing Eldon Smith, who has been in the area for the past seven years and who will go to the state office of the Farm Bureau at Lansing, where he will join the staff.

Mr. Drew will officially take over his duties within the next week or so and in the meantime will travel throughout the area with Smith, meeting members of the various county Farm Bureaus.

Mr. Drew served the St. Joseph County Farm Bureau as president for the past three

years and has served on all committees of the state organization. He has been a member of the active county advisory council for agricultural extension groups. He has owned and operated a farm in St. Joseph County on which he has specialized in the breeding of beef and hogs.

The district Mr. Drew will serve includes Huron, Tuscola, Sanilac, Leapeer, St. Clair, Oakland and Macomb counties.

At the present time, he is seeking a home in Caro and will be joined by his wife and daughter when he is able to find a suitable location.

## Grain Storage Plans Available

If you're going to build a storage for your 1954 wheat crop soon, why not construct a building that can be used for other purposes, too.

That's a suggestion from Tuscola County assistant agricultural agent Quentin R. Osterlander. He reports that plans for these kinds of storages are available through his office at the courthouse in Caro.

Farmers can find the plan which will suit their needs by looking at a catalog published by the Midwest Planning Service, an organization of agricultural engineers from midwest agricultural colleges. The plan which a farmer selects can be ordered by the county agricultural agent at a nominal cost.

The catalog contains a large number of drawings of buildings designed for grain storages. It lists plans available for buildings that can be used for car garages, truck garages, machinery sheds, cattle feeders and hog feeders after the structures no longer are needed for grain storage.

Agricultural economists at Michigan State College assert that a farmer may be able to pay for his new storage in one year by not having to take the market price offered for wheat at harvest time. And a farmer can get a loan to finance up to 80 per cent of the cost of new storage facilities. He also is allowed a federal income tax deduction for amortization of the structure over a five-year period.

More people could live within their income if they didn't let the luxuries slip in before their ship came in.

## Proctor School Holds Reunion May 1

The Proctor School Reunion was held May 1st in the new Evergreen Township schoolhouse at Shabbona.

Two former teachers of the Proctor school were present, Mrs. Mary Wheeler Leslie, who taught in 1890, and Mrs. Ella LePla Lubker, who taught the last term in 1899 before the district was divided.

Mrs. Lubker, now of Seattle, Washington, has corresponded regularly since leaving this area with Mrs. Sarah Petteplace, with whom she boarded while teaching here. Many of Mrs. Lubker's former pupils were present at the reunion.

Mrs. Mary Leslie, president of the group, presided over the meeting, during which they voted to hold another reunion on the first Saturday in May, 1955. Following a program of music and readings, cookies and coffee were served.

There were 60 in attendance from Detroit, Flint, Alma, Oxford, Rochester, Marlette, Sandusky, Snover, Deckerville and Cass City.

Tip to motorists: Be a wise driver—not a wise guy.

## New driver comfort! New driving ease!

## New Chevrolet Trucks...

do more work per day... more work per dollar!

**You save time in traffic.** New truck Hydra-Matic transmission gets you off to smooth, time-saving starts without shifting or clutching. Imagine how easy this makes driving in traffic and on delivery routes! It's optional at extra cost on 1/2-, 3/4- and 1-ton models.

**You save time on the highway.** New high-compression power gets you up to highway speeds from a standing start in less time, and saves you time on hills, too. You make trips faster—and the new Comfortmaster cab makes them seem shorter. It's got everything!

**You save extra trips, too.** That's because of the extra load space you get in the new Advance-Design bodies. New pickup bodies are deeper... new stake and platform bodies are wider and longer. Also, they're set lower to the ground for easier loading.

**You save on operating costs.** High-compression power saves you money! The "Thriftmaster 235" engine,

the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

**You save with lower upkeep.** New Chevrolet trucks are built stronger to last longer and save you money on maintenance. There are heavier axle shafts in two-ton models... bigger clutches in light- and heavy-duty models... stronger frames in all models.

**And your savings start the day you buy.** In fact, they start with the low price you pay—and they never stop. Chevrolet, you know, is America's lowest-priced line of trucks. And it's also the truck that has a traditionally high trade-in value.

**Come in and see how much you're ahead with America's number one truck.** You'll like the way we're talking business!

## Cass City Group Meets at School

When the Home Demonstration Group met in the high school building Thursday evening, May 6, the subject of study was "Fact, Fad and Fraud About Food" and was presented by Mrs. Lyle Koepfgen and Mrs. Roswell Avery. They stressed the fact that following food fads may be very dangerous especially if peculiar diets and special nostrums take the place of proper medical treatment. Most food fads are expensive, and downright food frauds are even more so.

Preceding the lesson study, a dinner was served at 6:30 by Mrs. Mason Wilson, Mrs. F. L. Morris, Mrs. Robt. Fry, Mrs. M. C. McLellan and Mrs. Leslie Townsend. The tables were tastefully decorated with spring flowers, arranged in unique containers.

During the business meeting, the following officers were elected for the ensuing year: Chairman, Mrs. Otto Goertsen; vice-chairman, Mrs. Harold Greenleaf; secretary-treasurer, Mrs. G. W. Landon; council member, Mrs. Morris.

May 20 is the date for the next meeting of the group, for which a dinner at a restaurant is being planned. Mrs. Ray Boughton and Mrs. Harry Falkenhagen will serve as a program committee for the occasion.

The response to roll call at Thursday's meeting was, "My planned flower garden or new flowers I'm going to plant."

Out-of-town guests were Mrs. Roy Lofft and Miss Caroline Keating, both of Detroit.

You never Know 'til you look inside

Like all farm equipment, silos are subject to severe use, therefore need proper maintenance. And that's why a LOOK INSIDE is so important. It's the ONLY way to know if the inside feels soft when you scratch it with a knife. . . or if particles of aggregate are loose. It's time for 4-Y-1 Silo-Saver! Easy to apply with brush or spray it penetrates into every crevice and restores silo walls to original hardness. . . mends acid and frost damage. . . protects the future of your silo. ## Reese Dairyman Leads DHIA Tests

Leading the parade of 52 herds producing an average of 30 pounds or more of butterfat for April in the dairy herd improvement association, according to Alfred P. Ballweg, county agricultural agent, is the 14-cow registered Holstein herd of Peter Kern of Reese with a herd average of 1,292 lbs. milk and 48.9 lbs. fat.

A close second is the 16-cow registered Holstein herd of Elmer Kern, also of Reese, with 1,429 lbs. milk and 48.7 lbs. fat.

In third place is the 20-cow registered Holstein herd of Dolan Sweeney of Uby with 1,228 lbs. milk and 48.5 lbs. fat. In fourth place is the Red Dane herd of Edw. Golding of Cass City with 1,197 lbs. milk and 46.5 lbs. fat. The Quick Brothers' herd of registered Holstein of Caro stand fifth with a herd average of 44.3 lbs. fat. The grade Holstein herd of Ruben Rohloff of Reese with an average of 42.0 lbs. fat stands in sixth place. In seventh place is the registered Holstein herd of Lavern Engelhard of Unionville with 41.9 lbs. fat. Tying for eighth place are the herds of Ross and Clair Russell of Caro and Ben Loeffler of Reese with 41.2 lbs. fat. The herds of V. J. Carpenter and Son of Cass City and Floyd Churchill of Caro tie for ninth place with 41.0 lbs. fat. Tying for tenth place are the herds of Sam and Marvin McCreedy of Unionville and Harry Russell and Son of Gagetown with a herd average of 40.7 lbs. fat.

In the 305-day records class, a registered Holstein, age 4, owned by Dolan Sweeney of Uby produced 19,980 lbs. milk and 620 lbs. fat to stand in first place for the month of April. Other dairy

herd improvement association members with cows in the top ten of this class are John Horst, Akron, a registered Holstein with 571 lbs. fat; Herman Kern, Reese, a registered Holstein, 557 lbs. fat; Dolan Sweeney, Uby, a registered Holstein with 543 lbs. fat; Norman and Wallace Koepfendorfer of Vassar, a grade Holstein with 493 lbs. fat; Rufus Wark of Akron, two registered Holsteins with 466 lbs. fat; Arthur and Harvey Reinhardt of Reese, a grade Brown Swiss with 465 lbs. fat; John Horst of Akron, a grade Holstein with 458 lbs. fat; and again Arthur and

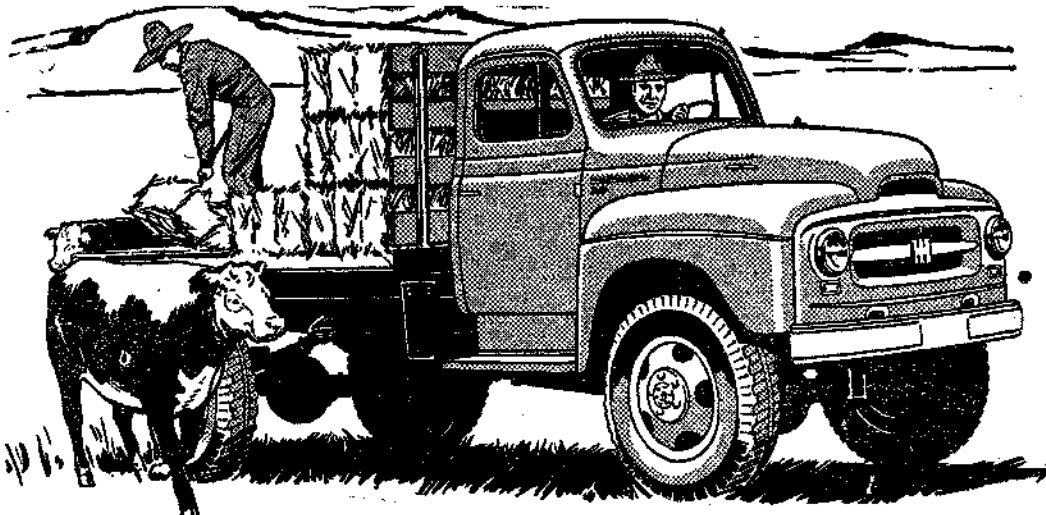

Harvey Reinhardt of Reese, grade Brown Swiss with 451 lbs. fat in 280 days.

In the 50-pound butterfat class for April, are 254 cows producing 50 lbs. butterfat or more. The top ten in this class include Dolan Sweeney, Uby, a registered Holstein with 96 lbs. fat; Harry Russell and Son, Gagetown, a registered Holstein with 95 lbs. fat; Dolan Sweeney, a second registered Holstein with 91 lbs. fat; Sam and Marvin McCreedy, Unionville, a registered Holstein, 91 lbs. fat; Peter Kern, Reese, a registered Holstein, 90 lbs. fat; Werner List, Vassar, a

registered Holstein, 88 lbs. fat; Otto Bauer, Fairgrove, registered Holstein, 85 lbs. fat; Floyd Churchill, Caro, grade Holstein, 85 lbs. fat; George Dunham, Caro, grade Holstein, 84 lbs. fat, and Clayton Rohlf, Fairgrove, registered Holstein, 84 lbs. fat.

There were 1,452 cows under test during April in 74 dairy herds enrolled in dairy herd improvement association testing, said Ballweg.

## HOW DO YOU WASH DISHES?

Research on family health protection shows that to get dishes and glasses REALLY clean after each meal, the steps listed below should be observed.

Rate yourself and then check your score.

BY HAND

Wash hands vigorously with strong soap and hot water.

Scrape dishes and then rinse thoroughly with HOT water.

Scrub each dish in hot soapy water. Dishes should be boiled after each meal to kill germs. Change water in dishpan at least once for average dishwashing job.

Rinse each dish thoroughly with hot running water. (Water in rinse pans quickly cools and collects bacteria from hands and other dishes.)

After rinsing, scald each dish inside and out with boiling water.

Let dishes air dry or dry with dish-towels that are soaked in boiling water after each use. Air-dried dishes will collect some dust and air-borne bacteria.

Store dishes, glasses, silver, pots and pans in cabinets with doors to keep out dust and germs carried by air.

BY MACHINE

Scrape food scraps off and load dishes in machine.

Add detergent.

Turn control dial to "ON" position.

## "Best Seller" for 3 good reasons

CAN YOU SEE • STEER • STOP SAFELY?  
CHECK YOUR CAR—CHECK ACCIDENTS

Buick now outsells all other cars in its price class and above

YOU'VE probably noticed it right in your own neighborhood.

Bright new Buicks appearing here, there, everywhere. And more and more of them in recent weeks.

Know what's happening?

Folks in growing numbers—(and maybe you'll be joining them soon!)—are finding Buick styling, performance and value far too wonderful to pass up.

So Buick is selling at a record pace—outselling all other cars in its price class and above.

Matter of fact, latest figures for the first quarter of 1954 show that, in total national volume, Buick is out-selling every other car in America except two of the so-called "low-price three."

A look and a ride and a peek at the price tag will be all you'll need to know what's back of this best-selling success.

There's styling in Buick that's the greatest beauty advance in years—the very look of tomorrow—and with the spectacular panoramic windshield that's part and parcel of this dream-car look.

There's performance in Buick as never before—with record-high V8 power, with the sensationally smooth

whip of Twin-Turbine Dynaflo,\* with the buoyant ride of all-coil-springing, with a new precision of control and handling.

And there's value in Buick that's hard to match—with prices starting near the "low-price three"—prices that buy more Buick beauty and power and thrill and sheer automobile than smart money ever bought before.

How about you?

Are you ready, willing and waiting to be shown that this best seller called Buick is the buy of the year for you, too? Drop in this week, or give us a call, and we'll arrange a demonstration.

HONOR SOCIETY

Continued from page one.

It would be hard to believe that anyone could come into a school during the last year of his high school work and make himself as important a part of school life as has Klaus Schulze. He came to the school from Germany in September, 1953. An exceptional student in his native land, he has maintained a perfect record here, too, and contributed much to both school and community life. Perhaps no Cass City student has ever carried the school's name farther than has he. In addition to being a pillar of strength on the debate team, Klaus has spoken before clubs, school assemblies and other groups, not only in and around Cass City, but all over this part of Michigan. When August comes and he returns to Germany, we will all miss him and wish him much success in his future work in his chosen field of engineering.

Third rank in scholarship for this year's class was earned by Emma Jane Sickler, another aspirant to the teaching profession. Her numerous offices include class president in the eighth and tenth grades and leadership in the M. B. C. for many years. As a senior, Emma Jane served as hall guide commissioner. She, too, has been one of the most active among the band members. Her Honor Society qualities were first recognized when she was in the eighth grade.

In addition to the seniors, the following were included among this week's Honor Society elections:

11th Grade.  
Marybelle Bruce, Ed Fox, Marjorie Langmaid, Margarita Lopez, Judy McCormick, Sally McGrath, Sheldon Peck, Sharon Seeger, Theresa Werdeman and Kathy Wood.

10th Grade.  
Janet Caister, Caren Cummings, Mary Donnelly and Ruth Seurynek.

9th Grade.  
Douglas Gingrich, Carol Hofmeister, Walter Kloc, Bob Maruts, Catherine Patterson and Wayne Scharich.

8th Grade.  
Raymond Fox, Ed McConkey, Sharon Farmer, Sherry Seely and Mary Woodward.

CATCH PROWLER

Continued from page one.

Meanwhile, the girls ran upstairs and hid in the closet.

The prowler searched the downstairs and then looked in the rooms upstairs. He failed to look in the closet where the 13 and 15-year-old girls were hidden.

After he left, the girls called their father, who was working about two miles down the road. He called the police.

Eccles was picked up about 80 rods from the house. He has been bound over to circuit court on a charge of breaking and entering in the daytime.

Revival Speaker

Rev. B. H. Surbrook of Marlette is conducting special revival services at the New Greenleaf United Missionary Church.

SHORT STORY

\$100  
Laugh  
By Norman Disher

JAKE ROSS walked quietly beside the Mad River toward the pool where he knew the Old Fighter would be feeding. He hoped he'd get there before Willie Johnson. Willie and Jake were the only ones who knew that the Old Fighter made it his home. The two of them had named the mammoth trout the Old Fighter because they had both hooked and lost him time after time. So they'd bet a hundred dollars on who would be the first one to land the fish. The condition of the bet being that they both could only use flies regardless of the time of day, feeding, or season. No eggs, worms or such would be allowed. Nevertheless each suspected the other of cheating.

Jake approached the pool from downstream, looked carefully around the bend and cursed. Willie

"Watch where you're throwing your line," Willie shouted.

was perched on top of the big overhanging rock that projected over the ripples that ran into the pool where Old Fighter lived.

Jake crept around the rock until he could see the end of Willie's line. There was a small white object on the end of it and it certainly didn't look like a fly.

"Hey!" Jake shouted, "what are you using on that line?"

Willie moved back startled but composed. "Do you have to sneak up on a guy and scare the wits out of him?"

"What are you using?" Jake repeated.

"Ostrich plume," Willie announced.

"Ostrich plume!" Jake laughed, "you'll never catch him with that. It don't look like anything I've ever seen."

"It caught these," Willie indicated opening his creel to show Jake several large trout.

"Well, well," Jake mused, "these aren't bad."

"Stop being coy," Willie laughed, "I've got one here you can borrow just to show you I'm not cheap."

"That's mighty nice of you considering the Fighter hangs out under the deep side of this rock you're sitting on," Jake growled.

He moved upstream a few yards and waded across a shallow neck and ambled slowly back to the pool sitting down across the water from Willie. He put his pole together, attached the new white fly, flicked the line a couple of times, and set the fly down on the surface as close to Willie's fly as he could get it.

"Watch where you're throwing your line," Willie shouted.

"Quiet," Jake answered.

"Go further downstream —" Willie started to insist when a rapid movement in the water stopped him. The two flies had drifted together and now a flash of speckled silver hit both of them simultaneously, dragging both lines under the water.

"I got 'em, I got 'em!" Willie exclaimed.

"He's mine, he's mine!" Jake screamed.

Both men reeled in their lines as fast as they could turn the reels. The old trout dashed from side to side not knowing which pressure to fight. Finally the water broke near Jake and Old Fighter made a mighty leap high into the air. Jake couldn't stand it any longer; he dropped his pole, grabbed his net and made a lunge for the fish when he came down. Jake caught it just as it hit the water almost losing the frantic trout.

This was too much for Willie. He ran down the rock, leaped into the pool and reached Jake just as he was taking the two hooks out of Old Fighter's mouth.

"My hook was in that fish too!" he shouted.

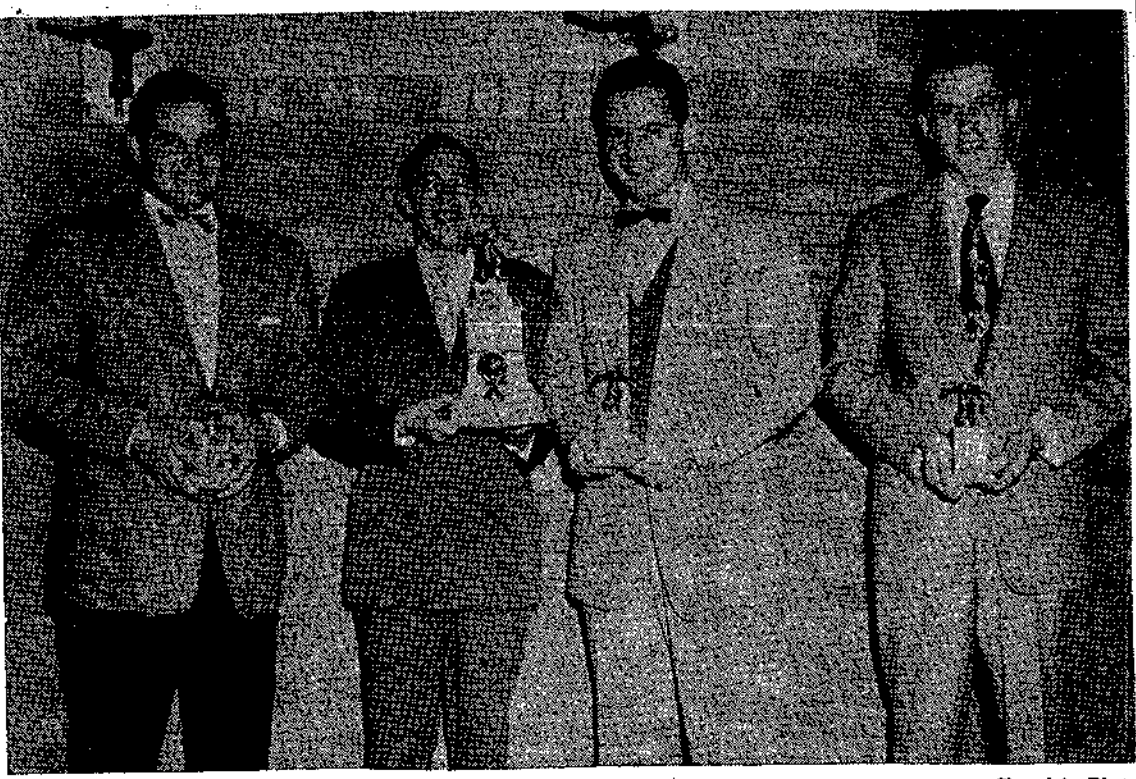

"I landed him so he's mine and you owe me a hundred bucks!" Jake snarled.

Willie reached out and grabbed Old Fighter from Jake who stood there a moment then flung himself upon Willie. They both sank to the bottom struggling. When they came up for air, Old Fighter was no longer in Willie's grasp. In fact he was resting at that moment far back in the recess of the pool, deep under the rock, vowing: as fish will sometimes do, never to strike again at odd looking objects.

ABA Film Shows Use Of Frozen Semen

Monday evening, May 10, a veterans' class and a few invited dairymen saw a movie at Ubbly High School shown by Jack Van Hoven, Jenison, fieldman for American Breeders' Service in Michigan. The film depicted the development of frozen bull semen for use in artificial breeding.

Most of the picture was filmed in England and showed methods of handling and problems which have to be solved before frozen semen can be used practically.

Some of the calves born in this country were shown.

Mr. Van Hoven explained that frozen semen is still not widely used because of a lower conception rate. It is expected this problem may be solved in the near future.

The American Breeders' annual report shows 749,082 cows bred to ABS sires in 1953. This was 15% of all cows in the United States bred artificially in 1953.

ABA uses only proven sires of the highest quality.

Dreaming of past possibilities leaves none for the future.

A car that won't start is bad enough, but one that won't stop is many times worse.

The man of the hour learned early in life how to get the most out of every minute.

# IT'S AMERICA'S "BEST SELLER"

## Because it's America's Best Buy

Ford has pioneered in bringing the most worth-while things to the most people . . . and more and more people are now buying Fords

FOR A LONG TIME, people have recognized that Ford is the "Worth More" car. And they have been expressing their preference in a great and growing volume of purchases.

The reason is simple. More and more people have found in Ford everything they want and need. They have found that Ford offers exterior beauty that has set the trend for the industry . . . interiors that are so colorful and in such good taste that just sitting in a Ford is fun.

If you're in the market for any new car, you'll be missing something if you don't come in and value-check a Ford point by point. And when you Test Drive a Ford and find out what a brilliant performer it is, you'll really understand why Ford is America's Best Seller and America's Best Buy.

In the first place, Ford offers the two most modern engines in the entire industry: the completely new 130-h.p. Y-block V-8 and

the outstanding new 115-h.p. I-block Six.

As for comfort—Ford is the only car in its field with Ball-Joint Front Suspension. This amazing new principle provides a degree of handling and riding ease that cannot be equalled in any car without this new suspension system.

Choice, too, is a department where Ford excels. You'll find just exactly the car for you among the 14 body styles and more than 100 body color and upholstery combinations in Ford's three great lines.

And consider these facts, too. Ford is a completely modern car. The advanced fine-car features that make it "Worth More" when you buy it, will also make it "Worth More" to someone else when you sell it.

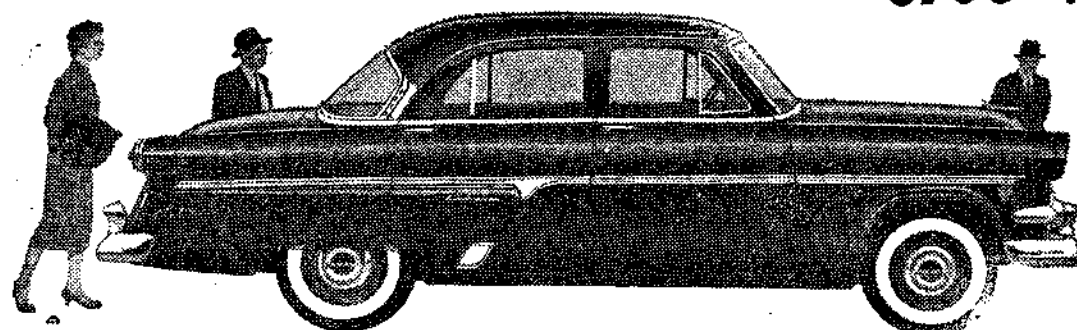

Why not accept our invitation to Test Drive a '54 Ford. We believe that you've never driven a car in Ford's field that is in any way comparable.

## MICHIGAN MIRROR NEWS BRIEFS

Like two fighters in the opening rounds of a slugging match, Democrat and Republican brass are probing and sparring in a search of each others defense. Both are anxious to discover any weakness of the opponent; each is striving to cover his most vulnerable points.

Campaign machinery has been readied for action and already has started to function. Most people expect campaigning to be rugged. Michigan is considered one of the crucial and key states. What happens here is of national political importance. Neither side will lose the election for lack of aggressive effort.

Certain similarities exist in the hopes and fears of both Republicans and Democrats. Each hopes for dissension within the other party. Each claims that it will be campaigning on a shoe string; that the other has huge financial supports from "vested interests."

Both the Republican spokesmen and Gov. G. Mennen Williams claim credit for all good recent legislation; each claims the other was prodded into constructive action by pressures of the moment.

An element of truth, as is usually the case in politics, is present in all these claims. But

it is hard to separate from fabrication.

John Feikens, chairman of the Republican State Chairman Committee, says the CIO will "try to buy an election in Michigan with a million and a half dollar war chest." John Murray, publicity director for the Democratic State Central Committee, pooh-poos this, saying, "We are always hearing about gigantic sums of money unions are pouring into our campaigns, but we never see any of it. I wish someone would tell me where we can get our hands on it."

The five GOP candidates for governor is considered the most potential source of trouble for Republicans. It is agreed by political observers that bitterness within the party after previous political campaigns cost the Republicans many, many votes; probably the governor's chair last election.

Republicans are hopeful that the "second" man in the Democrat primary might cause party dissension for their opponents. Blair Moody was no surprise as a senatorial candidate. Patrick V. McNamara, who also wants the job, has been more than a little pointed about charging Williams with "boss rule." He provides a warm issue that could turn into a hot one.

Extreme care is being taken by both parties to reduce chance of a split within their own ranks.

Republican leaders have secured tacit agreement from candidates that they will campaign against Democrats and not each other. All candidates will be treated the same at the GOP convention in Grand Rapids Aug. 20-21, no matter who won the primary Aug. 3. All will be accorded equal time June 15 at a gigantic political rally.

Sweet words have been forthcoming from Gov. Williams regarding McNamara. He referred to him as "an honorable gentleman who has every right to become a candidate in the senator's race."

The governor has said he will not campaign for either McNamara or Moody in the primary. But he also takes the stand that he appointed Moody to the Senate and cannot do anything that could be interpreted as a withdrawal of support. "The governor and the party will bend over backwards trying to be neutral," said a Democratic official.

"A decision may be made within 30 days about the location of America's West Point of the Air," said R. B. Miller, chairman of the Battle Creek Air Academy Committee and publisher of the Battle Creek Enquirer & News.

Civic leaders in this area have conducted a rigorous campaign for location of the U. S. Air Academy at Fort Custer, a former army camp now standing idle.

Michigan's bid in behalf of Fort Custer was presented to the Site Selection Commission which visited the fort on April 28.

Miller welcomes all support from anyone for the location of the Air Academy at Fort Custer. Sources in touch with the Site Selection Commission state that while any "pressure tactics" would be sharply resented, its members are interested in public reaction to the location of the site.

"After all," stated the Battle Creek publisher, "Anybody feels happier about coming to a place where he's appreciated and wanted." Miller said that any material sent to him would be immediately forwarded to the Academy Site Selection Commission as further evidence of Michigan's unity in inviting the Academy to come to this state.

Warning to careless drivers—State Police officers have been directed to maintain a more rigid enforcement of traffic laws on Michigan's highways. Commissioner Joseph A. Childs, alarmed by the 14% increase in accidents, mostly rural, wants lawbreakers arrested whenever possible.

"Violations are the cause of most accidents, so we are going to redouble our efforts to discourage drivers from violating," said the Commissioner.

The accident increase noted was for the first three months of 1954 as compared with the previous year. Part of the increase is attributed to improved reporting systems and more travel. "Fatalities are down, slightly but injuries are higher," said the Commissioner, "but we want to reduce accidents, themselves as much as possible."

CAREFREE VACATION  
Vacations are easy for the average man—the boss tells him when he can go, his wife where, and the finance company how much he can spend.

The want ads are newsworthy too.

## NEWS from RESCUE

Mr. and Mrs. Norris E. Mellen-dorf and children, Arlene and Milton, were supper guests Tuesday at the home of his sister and husband, Mr. and Mrs. Levi J. Helwig, near Cass City.

Miss Mary Helen Ashmore, daughter of Samuel Ashmore of Detroit, who stays with her grandparents, Mr. and Mrs. Claude Martin of Grant, underwent an operation for appendicitis at Pleasant Home Hospital in Cass City last Sunday evening.

Mr. and Mrs. Vernon Caryl and daughter, Miss Shirley, and Joseph Shoelack, all of St. Clair, spent last Sunday with her mother, Mrs. Charles Cummings, and brother, Earl.

Little Miss JoAnn Ellicott, daughter of Mr. and Mrs. Willard Ellicott, and Master Michael Ellicott, son of Mr. and Mrs. LaVerne Ellicott, have had the measles the past few days.

William Parker, who is employed in Detroit, spent the week end at the home of his parents, Mr. and Mrs. George Parker, and other relatives.

Mr. and Mrs. Norris E. Mellen-dorf and children, Arlene and Milton, were callers in Cass City to see their niece and baby, Mrs. Wayne Mellen-dorf and son, Jeffery, recently. She had received a telephone call from her husband, Wayne Mellen-dorf, at Norfolk, Va., saying he had just returned after being in Cuba since December.

Richard and Larry Hartwick, sons of Mr. and Mrs. Lawrence Hartwick, have been ill the past few days with scarlet fever.

The Misses Marilyn MacCallum, Lois Kreh and Marilyn Os-

borne, Bruce Mellen-dorf and Garry Arnott will graduate from Brookfield Community School next month. Donald Gemmell and James Metzger will graduate from Elkton Community School. All are residents of Grant.

Don't forget church services every Sunday at the Grant Methodist Church. Sunday School at 10:30 with Martin Moore as the superintendent, and preaching services at 11:30 conducted by the pastor, Rev. Emmett Coons. Youth Fellowship Sunday evening at 8 o'clock. Choir practice every other Monday evening under the supervision of Mrs. Clare Profit.

Don't forget about the services every Sunday at the Canboro Latter Day Saint Church. Sunday School at 10 o'clock with Clayton Gemmell as the superintendent. Preaching services at 11 and 8 p. m. conducted by Elder John Abbe of Owendale. Midweek prayer meeting on Wednesday evening at 8 o'clock.

Mrs. DeEtte J. Mellen-dorf (Rescue correspondent) expects to return to her home on Saturday, May 15, from visiting relatives in Port Huron the past four weeks. She would appreciate any news from her area for next week's publication.

As a rule the man with push soon overtakes the man with a pull.

## Two 4-H Meetings Slated in Caro

The week of May 16 shows that there are two important 4-H meetings on schedule, reports George C. MacQueen, county 4-H club agent. One concerns all summer 4-H club leaders. They are requested to be present at a meeting Wednesday evening, May 19, at the Wilber Memorial 4-H Building at 8:00 p. m. At this time they will receive help

and materials to better equip them for the coming summer program. Special emphasis will be given to the livestock, crops, food preparation and food preservation projects.

The second meeting concerns all 4-H club officers. At Murray Hall on the Caro State Hospital grounds, training sessions will be held on Thursday evening, May 20, at 8:00 p. m. This school is designed to teach the various officers their duties and how to execute them. Sessions will be

held for presidents and vice-presidents, secretaries and treasurers, reports, song leaders and reporters. The clubs having the most complete turn-out of officers will receive some small awards.

## Veterans Visited On Mother's Day

Fathers and sons were also remembered on Mother's Day as folks from Tuscola County motored to the Saginaw Veterans' Hospital to serve coffee and cookies last Sunday. Strong in numbers was the Fairgrove-Akron home demonstration group. Representatives included Mr. and Mrs. John Hughes, Mr. Robert Adams, Mr. and Mrs. Clyde Otto, and Mr. and Mrs. Everett Starkey, all of Fairgrove.

Other workers were Miss Lucille Craig and Miss Leona Binder, Caro, representing the VFW Auxiliary; Mrs. Hazel Hill, Caro, and Mrs. Lilia DeBoer, Red Cross supervisor in Tuscola County.

Forty dozen cookies were baked by four home demonstration groups—Fairgrove-Akron, Wisner, Southeast Fairgrove and Ellington.

It costs less to keep well than it does to get well.

WHAT'S THE USE? The man who buys nothing on the installment plan lives without worry—and a lot of other things.

## Reese Dairymen Use Frozen Semen

Two Reese dairymen, Elmer Kern and Frank Overton, are among the first dairymen to make use of frozen semen, announced Quentin R. Ostrander, assistant county agricultural agent. This service has just been made available to farmers in Tuscola County by the Michigan Artificial Breeders Cooperative, Ostrander said, and offers breeders semen from top quality sires for selective matings.

Kern and Overton used semen from Keendale Lockinvar, a Canadian bred sire purchased by MABC in 1951.

The USDA proof on this bull, based on a comparison of 14 daughters with their dams shows an average increase of 1,864 lbs. of milk and 82 lbs. of fat on a 305 day, two-time a day milking, mature equivalent basis, Ostrander said.

The dam of this bull has a seven-year average production of 17,686 lbs. of milk and 617 lbs. of fat on a 305-day, two-time a day milk, mature equivalent basis.

Kern and Overton are members of the Vassar Artificial Breeders Association and Telford Proffer of Vassar is their inseminator, Ostrander stated.

Other dairymen interested in using the frozen semen program for selective breeding are urged to contact their local ABA inseminator or the County Agricultural Agent's office.

## Green Pastures For Green Dollars

By Quentin R. Ostrander, Assistant County Agricultural Agent

Hogs need pasture too. Many of us are inclined to think of pastures only for cattle and sheep and forget that pigs also make very profitable use of pasture.

Here are some good swine pasture tips from Harry Moxley, extension livestock specialist at Michigan State College:

Hogs should be put on pasture as soon as there is growth to graze, and pasture should be used by swine as much as possible all season long.

Good swine pastures not only give faster gains, notes Moxley, but they save up to 15 per cent in grain feeding and from 15 to 50 per cent in the feeding of higher priced protein supplements.

Clean pastures also help hold roundworm trouble to a minimum and good pastures cut the dangers of Necro (Necrotic enteritis) and little pig anemia.

Fewer runt pigs are found where pigs have access to good pastures.

Pastures furnish extra nutrients and vitamins and help farmers save on labor and costly equipment. They also head more desirable meat hogs for the market.

A good pasture, for early season use, must have a good sod if it is to be used when the ground is wet. All hogs should be run before they go to pasture as nose rings root damage.

Farmers should plan for a grazing area with green succulent growth over the long outdoor season. An acre of good pasture will carry 20 or more hogs from weaning time until market time—when they are on a fattening ration that is available in self-feeding.

Alfalfa and clover make satisfactory Michigan swine pastures and alfalfa-brome is popular for a permanent pasture.

Ladino clover on good soil can't be beat for swine looking for an abundance of green succulent growth, advises Moxley. Ladino is high in nutrients and hogs like it.

Rape or a mixture of oats and rape make excellent temporary hog grazing; planted in early spring, it is available in early June and lasts until late fall.

Pasture should be kept down to keep a steady supply of new growth. If hogs cannot keep it down, other livestock should be turned in to do the job, or the surplus can be clipped. Excessive growth usually becomes woody and unpalatable to hogs. If rape is allowed to become big and rank, it contributes to sun scald of light-colored hogs—especially in wet, hot seasons. Clipping pasture and providing shade for hogs cuts down on the sun scald dangers.

Trees make the best shade for hogs; if trees are not available, temporary shade structures should be provided.

Hogs should have fresh water available all the time if they are to do well, the MSC animal husbandman notes. Water should be close to the feeders and water should be close to shade—if it is not possible to have them in the shade.

Do you like to experiment? Here's a good one to try. Put out a few test strips in your pasture and hay fields with some high rates of fertilizer application. Try going as high as 500 lbs. of 0-20-20 on two or three drill widths and then let the animals show you where the best pasture is located.

If you have a particular pasture problem, let me know and I'll be happy to call on you.

It often costs a man more to prove he is right than his opinion is worth.

## Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Five Years Ago.

Mr. and Mrs. Jay Hartley and daughter, Mildred, have recently returned from a two weeks' tour through the South.

Mr. and Mrs. Frank Kreuger of Mt. Clemens have leased the building on East Main St. formerly occupied by Streeters' Restaurant, and will open a restaurant to be known as Kreuger's Cafe.

The 1949 junior-senior prom was held Friday evening, May 6. The theme was centered around the 49th's gold rush of a century ago.

Miss Della Hicks, formerly of Deford, and Robert D. Grieve were united in marriage Saturday night in Flint.

Ten Years Ago.

Mrs. Joseph Fruthey was hostess at a dinner Wednesday evening at the Home Restaurant honoring the silver wedding anniversary of Mr. and Mrs. Arthur C. Atwell.

The congregation of the First Baptist Church extended a call Sunday night to Rev. Arnold Olsen of Howard City to serve as pastor here. Rev. Olsen has accepted and, with his wife and small son, will take over duties here about the middle of June.

Mrs. Henry Hulbert, who had been a resident of Cass City for 58 years, died Friday, May 5, at the home of her daughter in Wayne.

Saturday evening, May 6, Miss Isabel Bradshaw became the bride of Lt. Patrick R. Whelan in a ceremony at Camp Grant, Ill., in the post chapel.

Twenty-five Years Ago.

Grover H. Burke, local druggist, was robbed of \$10 Monday night when two supposed customers held him up in his store. They relieved Mr. Burke of his wallet but were unable to open the cash register, which contained about \$100.

Mr. and Mrs. Jacob Joos celebrated their golden wedding anniversary Saturday evening at a family dinner at the home of Mr. and Mrs. W. F. Joos, where they reside.

A Holstein cow owned by Herbert J. Maharg and Son has made a very good record by averaging about a ton of milk a

month. It shows promise of being the first 20,000 pound cow in this community.

Mrs. O. C. Wood died Saturday, May 11, at the home of her daughter-in-law at Caro.

Thirty-five Years Ago.

Guy Cleland found his horse and buggy missing Monday when he finished shopping. Not until late in the afternoon was the outfit found. Two young boys, aged about five and seven years, had "borrowed" it and taken a joy ride to Gagetown, where they had disposed of Mr. Cleland's groceries, lap robe and other property in the vehicle. An expensive pair of spectacles were still missing at last reports.

The 37th annual convention of the Tuscola County WCTU will meet at the Cass City Methodist Church May 22 and 23. Those taking part in the program from Cass City include: Mrs. A. J. Knapp, Mrs. A. D. Gillies, Mrs. H. F. Lenzner, Miss Belva Tibbals, Mrs. A. A. Ricker and Misses Hazel and Edith Mead.
