CASS CITY, MICHIGAN FRIDAY, SEPTEMBER 17, 1954.

SPECIAL SESSION—After over two years of investigation and planning, the council met in special session Tuesday night to make plans for a \$165,000 bond issue to be presented to the voters Nov. 9. The money asked for is to be used to enlarge the present sewage disposal plant. From left to right: Ben Benkelman, Leonard Damm, Arian H artwick, Village Attorney A. J. Stevens, President James Bauer, Clerk Wilma Fry, Warren Wood, M. C. McLellan and C. R. Hunt.

At a special meeting of the Cass City Village Council held Tuesday night at the municipal building, the council voted to hold a special election Tuesday, Nov. 9, to ask it was in 1953 when more than one million ringnecks were voters to approve a \$165,000 bond issue. bagged. Birds will be most plentiful, the department says, in the

The money will be used to enlarge the village sewage system to make it adequate to handle the sewage in the village without polluting the Cass River.

Missouri.

As most people around here know, writing a newspaper column isn't my line. As it says at the top, Cars Are My Line. In handling anything as important as cars, though, you get to know something about them. You get to know how the sweet purr of a good engine should sound, you hear stories about old cars and you get to know how to look after a car.

You get to know a good car from a lemon because, if Mr. and Mrs. George Codling | you think about it a minute, you'll see that we have to BUY cars as well as sell them. So we have to know what a good car is. And while we're about it, we pick up a lot of interesting stories we think are worth passing along.

> It's our shop talk ... just like the talk of the railroad men who remember the record set way back by Old No. 580, or sailors who remember the Big Storm, or army buddies who remember the Big War which is, of course, the

DON'T LET THIS HAPPEN TO YOUR ENGINE! TRI-PRO ... available in INTERNATIONAL HARVESTER ALL-WINTER ANTIFREEZE ... PROTECTS AGAINST CORROSIVE RUST!

When you buy antifreeze this winter, be sure you buy all the protection your engine needs. Many antifreeze formulas only protect you against a frozen engine. A really good antifreeze should do far more. International Harvester All-Winter Antifreeze contains TRI-PRO[®], a special ingredient that will give you excellent freeze-up protection but also will guard against: (1) **RUST**-the killer which clogs your cooling system, impairs operating efficiency and may eventually ruin your engine.

(2) SEEPING-penetration of anti-

freeze into the combustion chamber may result in a dangerous coating of "varnish" on cylinder walls.

(3) FOAMING-foaming of antifreeze in the cooling system reduces engine cooling efficiency and may push the antifreeze out the overflow pipe. Don't be satisfied with cold-weather protection that leaves your engine unfit for summer driving. Get International Harvester All-Winter Antifreeze with TRI-PRO and enjoy safe winter driving that will leave your engine in perfect shape when it's drained in the spring.
