Gavel Club Fetes School Grid Squad

Members of the Cass City High School football team and their coaches were feted Tuesday night at Parrott's Dairy Bar by the Cass City Gavel Club.

Highlighting the affair was a talk by Dr. E. E. Beck of Central Michigan College. Dr. Beck, in an entertaining speech, told the boys that they should have learned how to win and how to lose, cooperation and how to condition themselves from football.

Director Seeks More Men for Pageant Choir

Plans for the Christmas pageant in Cass City took another step forward this week when chairmen of the various parts of the program discussed progress and future plans at a meeting held at Cass City High School Monday evening.

One of the problems facing the group is finding enough male voices for the choir. To secure a proper balance, Ralph Powell, music director at the school, says that more men are needed.

He has asked anyone in the area who will be willing to help on Dec. 19 and 22, the dates of the show, to call him at the school and leave their name.

Members of the Junior Women's Club reported collection of the needed clothing has been progressing very well and the club is now busy applying dyes to have the right color combinations.

The board of the Chamber of Commerce reports that the response for the free painting of Christmas trees for outdoor displays has been slow.

If persons in the village are planning to dress their yards, the Chamber would appreciate them notifying Fred Auten at the Cass City State Bank or Cliff Ryan at his implement store.

Fire Razes Home Of Ottis Wehl Wednesday Eve

A fire of undetermined origin completely destroyed the home of Ottis Wehl Wednesday evening. The alarm was sounded around 10:30 p. m.

According to a relative of the Wehl family, Mr. and Mrs. Wehl were visiting with a daughter east of Cass City and were not home for several hours before the fire was discovered.

The flames devoured all of the furniture, clothing and personal items in the house and left the building in impossible shape to repair.

Strangely enough, the outside front of the home shows little damage. A "for sale" sign tacked to this portion of the house was not even scorched.

Directly behind the sign on the inside of the building, the wall is burned black.

Amount of the damage and the amount of insurance carried was not available at press time Thursday morning.

Elton Willis Family In Auto Accident

Mr. and Mrs. Elton Willis and family escaped serious injury when their car was struck by another car about one mile west of Deckerville, Sunday, Oct. 31. Mr. and Mrs. Willis were driving west on the Deckerville Road, when a car going south hit them broadside, turning their car over. Their car was demolished and all were shaken up and bruised. Mrs. Willis is suffering from shock and a slight concussion.

School Districts Slate Election At Deford

Officers of the six school districts in the Deford area that voted to consolidate recently agreed to hold an organization election for the reorganized district, at a meeting held Wednesday evening, Nov. 3, according to an announcement made by Joseph Liddicoat, Tuscola County superintendent of schools.

The election is scheduled to be held at 8 p. m. December 16 at the Novesta Township hall. Petitions are now being circulated in the district and names will be on a printed ballot, if the petitions are in the county superintendent's office on or before Nov. 26.

Petitions and instructions can be secured from all school officers, Mr. Liddicoat said, or are available at the Deford and Crawford schools.

Mr. Liddicoat said that it was important for any person circulating petitions to designate whether the term of office will be for one, two or three years.

There will be five members on the board of education. One member will be elected for one year, two for two years and two for three years.

After the first election, all members will be elected for three years, Liddicoat said. Within 15 days after the members of the board are elected, they will choose officers from among their members.

Letter Designation On License Plates Changed For 1955

Tuscola County car owners will have new letters on their license plates in 1955, Owen J. Cleary, secretary of state, announced today.

The change was made necessary because of the increased automobile registrations. Letters for Tuscola County are PT-PU. Huron County will be designated by TT-TU and Sanilac County's letters will be TE-TF.

The shift in letters will be the first major change in the system in 15 years, Cleary said. Every county, with the exception of Wayne, will be affected by the change.

4-H Achievement Program Held

The annual fall 4-H achievement was held Friday evening at Murray Hall on the grounds of the Caro State Hospital. The evening was opened by Charles Schnell, Vassar, and Mary Jane Young, Reese, leading the pledges to the American and 4-H flags, respectively. Quentin Ostrander, assistant county agricultural agent, led community singing. This was followed by the presentation of home economics, agriculture and related awards by Miss Jean Gillies, county home demonstration agent, Quentin Ostrander, and George C. MacQueen, county 4-H club agent.

Douglas Fleming, local representative of the Master Mix Feed Company, presented the junior farmer awards made available by his company.

The highlight of the evening was a full hour illustrated talk given by Melvin Thompson, Muskegon, Kent County, on his experiences as an international farm youth exchange delegate to Turkey in 1953. The crowd of about 200 persons were intensely interested in his colored slides and commentaries about rural Turkey.

Those who received the county medals and the awards were: Continued on page 12.

AT WALBRO—When visitors visit the Walbro Corporation Saturday from 10 a. m. to 3 p. m., they will see this scene repeated many times. These ladies are working on one of the assembly lines for the carburetors manufactured for Clinton Motors. The steadily expanding plant now has 70 employees. W. E. Walpole, president of the concern, has designated Saturday as "Family Day" and has issued an invitation to everyone in the area, including children accompanied by their parents, to see the plant. A display of the products made by the company will be on display at Danm's Implement Sales today and Saturday. From left to right: Mrs. Helen Jzewski, Miss Nancy Wichert and Mrs. Joan Nickens. Standing in the rear is the shop foreman, Howard Bacon.

Hawks Upset Caro In Final Grid Game

Underdog Cass City refused to be beaten Friday night and registered a spine tingling 20-13 victory over Caro in a game that was not decided until the final whistle blew.

Caro looked as if they were going to settle the issue early when they took the opening kickoff and scored without losing the ball. Straight power covered the distance. Dave Corradi went for 14 yards and Bill Campbell covered 29 yards in the longest runs in the march. The try for point was missed.

Cass City failed to get a drive going until the Tigers fumbled on the Hawk 47. A pass from Don Simmons to Jack Clara covered 20 yards in a drive that moved to Caro's 14 from where Clara slanted through the line to score. Bill Tuckey plunged over for the extra point and Cass City led at the end of the first quarter, 7-6.

Cass City moved farther into the lead in the second period. The Hawks moved from their own 28-yard line to the 45-yard line on a series of short runs.

Clara was handed the ball on a delayed buck and he covered the remaining distance to score. The point was missed and the half ended with Cass City ahead 13-6.

Neither team could score in the third period. Caro moved to the Cass City 17-yard line after a beautiful 65-yard run by Bruce Weiland, but the Hawk line dug in to repulse the threat.

Caro bounced back in the final quarter and started a drive that was good for a touchdown and when the try for point was good, the Tigers had tied the score.

With just four minutes to go, it looked as if Cass City would have to settle for the tie. But with Tuckey and Dick Hanby picking up valuable yardage and a 22-yard run by Clara, the Hawks whipped both Caro and

Mrs. R. Taylor Hostess to Seventeen at WSC

Seventeen members were present at the meeting of the WSC held in the home of Mrs. Roy Taylor Tuesday, Nov. 9.

Miss Muriel Addison gave a very interesting report of the meeting of the East Central District held in Caro Oct. 27-28.

Mrs. A. J. Knapp gave a report on parliamentary law.

An interesting part of the meeting was a petition shown by Mrs. A. J. Knapp to the club members. It was signed in the year 1912 by the club members and presented to the merchants of the village, asking that the stores be closed Monday, Wednesday and Friday evenings at six o'clock.

The meeting adjourned to meet Nov. 23 in the home of Mrs. Frank Reid.

Holiness Association Elects New Officers

The Huron-Tuscola Holiness Association elected officers Friday, Nov. 5, in a meeting held at the Evangelical United Brethren Church in Owendale.

The association, which is formed by about 40 congregations in the two-county area, named Rev. M. S. Krake, pastor of the Bad Axe and Colfax United Methodist churches, president for 1954-55.

Other officers elected were: Rev. Otto Hood, pastor of the Kilmanagh EUB Church, vice-president; Rev. Harold Parker, pastor of the Federated Church of Port Austin, second vice-president; Rev. Roy Dettwiler, pastor of the Elkton EUB Church, secretary, and Mr. Irwin Cootle, from the Pinnebog Methodist Church, treasurer.

Dr. C. W. Butler, Methodist minister from Detroit, was the guest speaker for the day.

Correction

The Chronicle erroneously stated that a liquor by the glass vote was defeated in Evergreen Township at the Nov. 2 election. The article should have read Greenleaf Township, where the special referendum election was held.

Lion Bowlers Top Bay City Team

The Cass City Lions Club bowling team defeated Berdan's Bakery Saturday night at the Cass City Bowling Alley 2,582 to 2,840.

Al Galvanek led bowlers from both teams with a three-game total of 560. Other Cass City bowlers' scores were: Pete Riestra, 461; Carl Kolb, 532; Alden Asher, 489, and Ron Geiger, 546.

Voters Approve Bond Issue Tuesday, 115-4

Cass City voters responded to a plea by the village council and civic organizations by passing the \$185,000 bond issue for an addition to the village sewage plant by a resounding 115-4 margin.

The 119 persons who cast their ballots represented approximately half of the registered taxpayers eligible to vote.

The approval registered Tuesday in the special election will enable village officials to report progress to the Water Resources Commission and avert a court order forcing the issue.

The council is slated to meet with the commission sometime this month. At that time they will be given a completion date for the project.

The village is now making plans to advertise for bids for the bonds after which contracts will be let.

Plans for the addition are in the hands of the village engineers. They are expected to be completed and turned over to the village near the end of December.

Work on the project will probably start in the early spring of 1955.

Deer Hunting Army to Enter Woods Monday

Deer hunters from Cass City and the Thumb area will join some 350,000 to 400,000 persons who will flock to the north woods Monday, Nov. 15, for the opening day of Michigan's 1954 general buck season.

Field checks made by the conservation department in the spring, summer and fall indicate that the northern lower peninsula will be as good as it was last fall when hunters took 41,000 bucks.

Cass City nimrods who plan to hunt in the upper peninsula are expected to have a better chance to bag a buck this year. Observers report seeing more deer this year and apparently the herd is coming back somewhat from the heavy winter starvation loss of 1950-51. A buck kill of 26,000 in the upper peninsula is regarded as likely.

December 1, the last day of the season, has been declared open for "any deer" shooting and about 70,000 special season permits have been issued. About two-thirds of the hunters with the licenses are expected to take part in the hunt. An additional 10 to 15 thousand deer will be killed on the last day.

Post Office Asks for Early Yule Mailing

A banner year is expected for volume in letters, packages and cards and members of the post office department are advising persons in the area to mail early to avoid disappointing delays because of swamped mail service.

To help you mail your parcels and letters quickly and efficiently, the post office has come up with a few suggestions for saving time and assuring delivery.

Next time you're in the post office, stop and buy all the stamps you think you'll need in advance. When you sit down to write, be sure to place the complete address in ink and place your return address in the upper left hand corner of the envelope.

If you plan to send packages this Christmas, don't forget that the government has special rules for mailing. Don't seal your packages unless you wish the statement "Contents Merchandise May be Opened for Postal Inspection."

If you tie your package, the statement is not necessary. Don't enclose a letter in the package unless you want Uncle Sam coming around asking questions. Any form of address besides "Do not open 'til Christmas" and "Merry Christmas," etc., are forbidden in third and fourth-class mailings.

One of the greatest helps to the post office department is the way you handle your greeting cards.

After the majority of the work is done and your list is complete, if you have a bundle of cards, place them with the addresses facing one way and tie them.

Then, instead of dropping them in the regular slot, hand them to a clerk. Workers at the post office say that cuts the handling time of letters way down and assures prompt mailing of your cards.

The government also has three types of special services for mail users. Besides special delivery and air mail, there is special handling.

The special handling service is provided for fourth-class (parcel post) mail only and provides for the most expeditious handling and transportation practicable, but does not include special delivery service.

Christmas Club Members Receive \$8,000 in Area

About \$8,000 will be distributed to Cass City residents by the Piney State Bank to members of the first Christmas Club savings program held in the village.

Cass City members and members of the 6,500 clubs in the nation will be receiving their checks for Christmas spending between now and Dec. 1.

Nationally, this year's distribution is the largest in the 44-year history of Christmas Club operations. The average check to members will be slightly over \$88.

This year Michigan ranks ninth among states in the nation receiving Christmas Club funds, the total reaching almost \$30,000,000.

The funds are expected to give stores and shops in Cass City and the nation a definite boost in sales as these funds become available for Christmas spending.

Appoint McConkey To Welfare Board

Maynard McConkey of Elkland Township was named to the Tuscola County Welfare Board by the board of supervisors at their regular monthly meeting at Caro.

He will replace Fred Purdy of Caro who died in a fire at his home last week.

Mr. McConkey was unanimously elected by the board.

Hear Three Cases In Justice Court

Three cases were tried in Justice Court in Caro before Judge Ruth Tennant this week. William E. Bennett, 18, of Ionia was sentenced to 30 days in jail and ordered to pay costs of \$4.30 for contributing to the delinquency of a minor child.

Edward Eimers, 23, was sentenced to 10 days in jail and costs of \$5.65 on a charge of being drunk and disorderly.

Maurice Deming, 43, of Caro was arrested for alleged indecent exposure. He entered a plea of not guilty and a trial date is to be set.

From the Editor's Corner

The Girl Scouts of Cass City are searching for chairs for the Girl Scout Rooms. They have asked the Chronicle to issue a request for area residents to check their attics for old chairs that could be used by the organization.

Persons who have unwanted chairs are asked to bring them to the John Deere Sales or notify Mrs. Cliff Ryan.

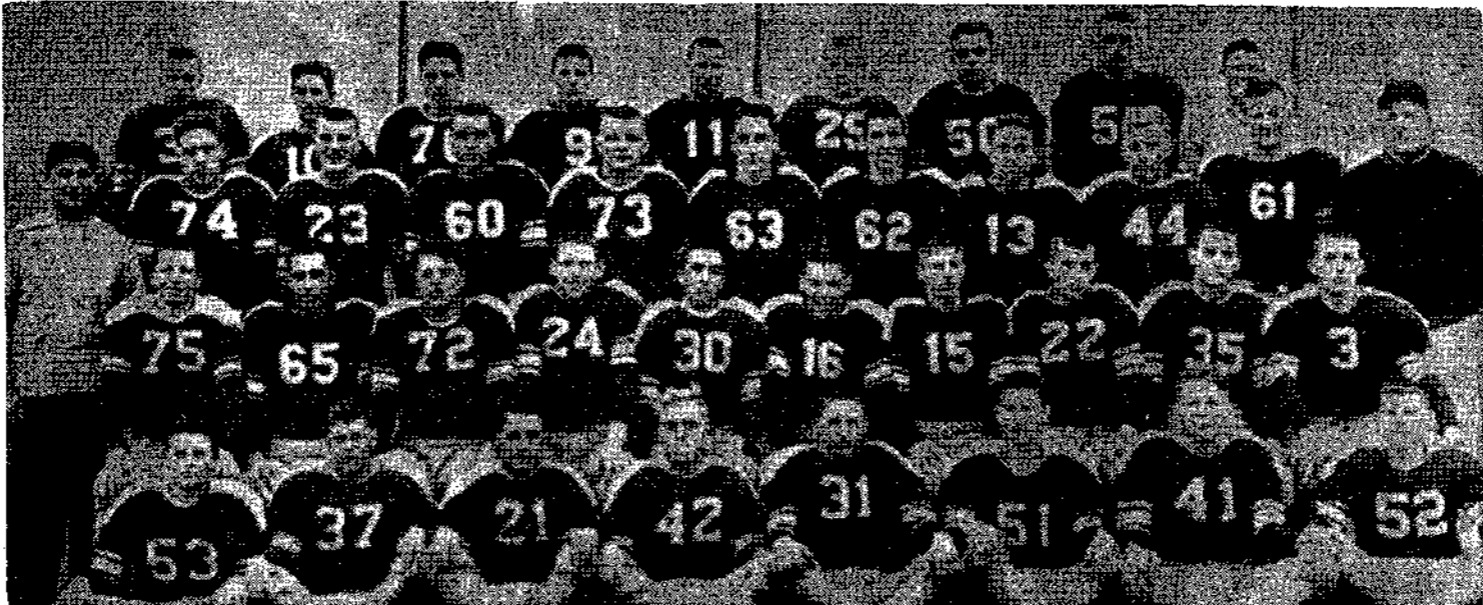

When this reporter went to the Walbro Corporation this week to snap a picture of the activities, we were pleasantly surprised by the amount of activity in the shop. We had visited the company when the shop was in operation shortly after it moved to Cass City.

At that time, activity was limited to one line of girls and a few men. Tuesday, it seemed to us, that about every inch of space was occupied and in strong production.

We believe that you will be surprised, too, if you take advantage of W. E. Walpole's invitation to attend his open house Saturday and see the activities of the concern.

Although Gov. G. Mennen Williams was a convincing victor in the recent elections, he is still a hard campaigner. He ate his lunch in a Caro restaurant Monday while in the area hunting. Before sitting down to eat, he personally visited each occupied table in the restaurant and shook hands with every person in the building. It's this type of year-around campaigning that has enabled him to be governor of Michigan for four terms.

ORVILLE HUTCHINSON

The world's greatest builder of V-8's presents

THE TOTALLY NEW '55 FORD!

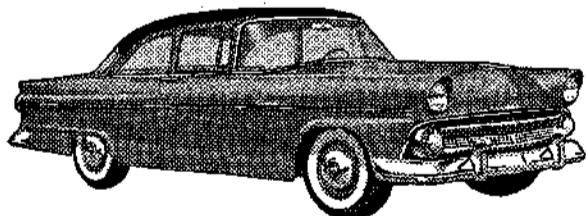

ON DISPLAY TODAY!

with styling inspired by the Ford THUNDERBIRD

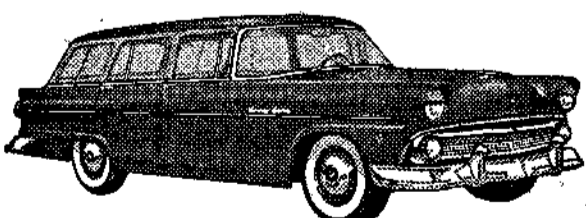

New FAIRLANE Series... The new Club Sedan, like all six models in Ford's new Fairlane Series, features the new wrap-around windshield, new luxurious interiors and wide choice of stunningly new, single and two-tone exterior colors.

Longest, Lowest, Roomiest...most Powerful ever built!

New CUSTOMLINE Series... The Tudor Sedan (above) and Fordor offer a wide selection of new color and upholstery combinations. Like all '55 Fords, they have a new wider grille, new visored headlights and sturdier, extra-narrow pillar-posts for better visibility.

New STATION WAGON Series... The new 5-passenger, 4-door Country Sedan (above) is one of five new do-it-all beauties. There's also an 8-passenger Country Sedan, an 8-passenger Country Squire and a 2-door, 6-passenger Ranch Wagon and Custom Ranch Wagon.

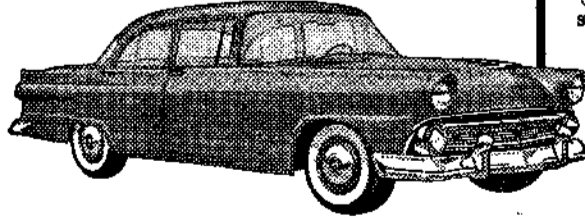

We invite you to see for yourself. And we tell you in advance you'll be amazed. For this new Ford is totally new—outside, inside, and in thrillingly different performance.

The long, low lines of the Thunderbird were its styling inspiration. Inside, you'll be greeted by rich, roomy luxury... by fabrics never before offered in a motorcar.

Mighty engines, mightier than in any Ford before—supply its exciting power. And each of Ford's three new engines offers the safe, split-second response of Trigger-Torque Power.

Your ride will be up to 15% smoother. Best of all, you'll find your kind of car, for there are 16 body styles in four fresh new lines.

When you come in, don't be surprised if you tell yourself: why look farther—why delay—you just can't buy better than Ford.

New MAINLINE Series... Each of the three Mainline beauties offers the same engineering advancements, the same graceful contours and clean lines that distinguish all '55 Fords. Fordor Sedan is illustrated above.

EXCLUSIVE TRIGGER-TORQUE POWER IN 3 MIGHTY ENGINES

1. 162-h.p. Y-block V-8
2. 182-h.p. Y-block Special V-8
3. 120-h.p. I-block Six

(1) The new 162-h.p. Y-block V-8 has a higher (7.6 to 1) compression ratio, greater displacement. And, like all '55 Ford engines, it has Ford's famous deep-block build... short-stroke design.

(2) The new 182-h.p. Y-block Special V-8 (offered in combination with Speed-Trigger Fordomatic on Fairlane and Station Wagon models) features 4-barrel carburetion, dual exhausts and extra-high (8.5 to 1) compression ratio.

(3) The new 120-h.p. I-block Six has a new higher (7.5 to 1) compression ratio. It's the most advanced six-cylinder power plant in the industry.

ALL WITH TRADITIONAL FORD ECONOMY

- PLUS ALL THESE OTHER BRAND-NEW WORTH-MORE FEATURES**
- ★ New Speed-Trigger Fordomatic Drive
 - ★ New Turbo-Action Spark Plugs
 - ★ New 10% Larger Brakes
 - ★ New Tubeless Tires
 - ★ New Angle-Poised Ball-Joint Suspension (Fordomatic Drive optional).

Thinking About Central Heating? Forced Air Furnace Is Compact Unit

For any farmer planning to install a central heating system in his farmhouse for the coming winter, the forced warm air system bears investigation.

The modern forced warm air furnace is a compact unit and presents a minimum of problems for location and installation in an existing building. The lack of necessity for a centrally located furnace allows the unit to be installed in an out-of-the-way corner of the basement, in the attic, in a crawl space under the house, or even in a closet on the first floor. Forced circulation of heat insures even temperature levels throughout the house no matter where the furnace is located.

The forced warm air furnace makes possible the control of temperature, air movement, humidity, and cleanliness of the air, factors which affect winter com-

Basement-located forced warm air furnace doesn't take up much room. Photo shows filters being changed, a job easily accomplished by owner.

fort in the home. Fiberglass filters, usually placed near the return air duct in the furnace, do the job of cleaning the air. A humidifier in the forced air furnace adds to the needed moisture to the air as it is being circulated through the furnace.

One feature of the modern forced warm air system which has contributed greatly to its popularity in recent years is its adaptability to summer air conditioning. If there is a modern forced air system in the home, the way is prepared for the addition of a blower-equipped summer cooling unit at any time in the future. Adding a separate cooling unit that will use the same distribution system as the furnace represents the least expensive method of obtaining year 'round air conditioning in a home with an existing heating plant.

No man should have reason to complain if he is measured by his own yardstick.

The man who continually boasts about his principles usually means his prejudices.

The man who lives only for himself runs a very small business.

cars ARE MY Line

By H. M. Bulen

As anybody who's been up to our lot knows, we have a range of cars from the practical to the posh. Our place is like an automobile supermarket, you can find just about anything you want in a used car.

Sometimes, for the fun of it, I like to plan what a used car lot would look like if it offered every make of car that's been on the market. There would be some strange shapes; most of us can remember the Auburn, the Moon, Franklin, Pierce-Arrow and have heard of the Stanley Steamer and the Detroit Electric. We'd also have to make room for some of the noble experiments that flopped, such as the Cord and the Tucker.

But if we really wanted to do a job of it, our historical used car lot would have to have more than 4,000 different makes of cars on it.

In years past I've won a few bets on which country the oldest car would be from. The first practical self-propelled motor car with an internal combustion engine came not from the States, or England, but from France and it snorted and popped its way along the street in 1868.

Since then, more than 1,550 kinds of cars have been made in the United States, 610 in Great Britain and 480 in France. Even Belgium has had 70 different makes of cars.

Of the American makes, only about 20 or so of the best have survived, and of those best, we think only the cream of the bunch come to our lot. Before a car can make the grade to be displayed at our place, we put it through all the tests to find out the things you'll want to know when, later on, you're looking it over. Buying a car should never be a hasty decision. You want sound advice on what kind of car suits you best. Because we know our cars, that's the kind of sound advice we can give you.

Interested in a good OK Used Car? Come in and try Art Schott's '53 Chevrolet. This car has the new improved Power Glide Transmission, Air Conditioned Heater and Defroster, genuine Chevrolet radio. Blue Flame Engine with 115 Horsepower Engine. Very good tires on this car. Painted a beautiful green.

We guarantee in writing every used car sold for over \$300.00. Our business is based on the theory that a satisfied customer is our best advertisement. Like Ivory Soap, we feel we satisfy 99 44/100%.

Any time one of our customers feels he is not getting his due, I will greatly appreciate hearing the story personally. With sixteen people working here it is impossible for me to know everything that goes on. So, please, tell me first, then if I don't right the matter, SCREAM!!

Extension Club—
The Greenleaf Extension Club met Thursday, November 4, at the home of Mrs. Charles Bond, Sr. Nineteen members and guests were present. Roll call was answered by giving "My Definition of a Successful Woman." After a short business meeting, the speaker, Mrs. Earl Douglas of Cass City, was introduced by Mrs. Elmer Fuester. Mrs. Douglas gave an interesting and instructive talk on the "United Nations Assembly," illustrated with pictures and maps. Following the main speaker, Miss Elizabeth Jukes, home demonstration leader from Sandusky, gave a short talk on the formation of new clubs in Sanilac County, and the work of the clubs. At the close of the meeting, Mrs. Douglas was presented with a gift from the club. The hostess, assisted by Mrs. Charles Bond, Jr., and Mrs. Elmer Fuester, served a delightful tea.

Fraser Ladies Aid met Wednesday at the church for dinner and quilting. The next meeting will be November 17 when the committee in charge will be Mrs. Rayford Thorpe, Mrs. Ronald Fox and Mrs. Pete Rienstra.

Neil MacCallum, small son of Mr. and Mrs. Malcolm MacCallum, has been very ill with a throat infection. He is better at present.

Mrs. Eleanor Morris and Mrs. Doris Mudge visited their sister and family, Mr. and Mrs. L. J. Pelmler, near Rochester, on Friday. In the evening they attended a dinner given by the nurses club of Pontiac State Hospital, in Steven's Hall on Pike St. in Pontiac.

Fraser Church choir met Thursday night for practice with Mrs. George Fisher.

Mrs. Frank of Rochester has been visiting the past week at the home of Mr. and Mrs. Clayton Root.

Mr. and Mrs. Keith Karr and children of Grosse Pointe Woods visited relatives in Greenleaf over the week end.

Rev. Charles Johnson of Harbor Beach conducted services on Sunday at Fraser Church, in the absence of Mr. Morton.

Fall Fertilizing Tests Favorable

Also Gives Farmer More Time in Spring

Adding fertilizer in the fall will give a good crop results as putting on the plant food in the spring, says John M. McGregor, University of Minnesota agronomist.

By adding in the fall, you have more time for other work next spring when every minute counts. Also, the ground is firmer in the fall and fields are easier to get on with heavy machinery.

McGregor says small grain yields can be increased about as much from fall as from spring fertilization. And the same holds true for corn, where a farmer

Fertilizer broadcast and worked into the soil in the fall produced this high yielding corn growth the following summer, in Wisconsin tests.

broadcasts and plows under fertilizer, in addition to applying it with his planter attachment in the spring.

Tests in Minnesota and other Midwestern states bear this out. Back in 1950, fertilizer was put on some Minnesota hay fields in the summer; also on neighboring fields in the fall and on other hay fields the following spring. Three treatments were used; phosphate alone; phosphate-potash; and nitrogen, phosphate and potash.

The soils men spread the same fertilizer on oats and corn plowing in the fall. Then they repeated the job on other fields next spring. At harvest the next autumn, yield increases were about the same on all fields.

Minnesota agronomists repeated the process in the summer of 1952 and the spring of 1953. Altogether, they had seven fields of hay, seven of oats and seven of corn. And in the 1953 harvest, says McGregor, "it didn't seem to make any difference in yields whether we had put on the fertilizer in the fall or in the spring.

Vaccine Available Against Bluetongue

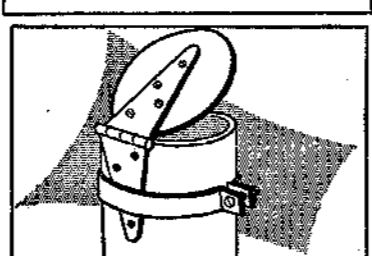

American veterinarians now have available an effective new vaccine for combating bluetongue, a disease principally of sheep.

The vaccine was developed co-operatively by the Agricultural Research Service, the State of California, and private industry. Started on the basis of earlier work in South Africa, the vaccine was tested for ability to immunize and for innocuity, approved, and licensed by A.R.S. Four laboratories are making and distributing the vaccine commercially.

Bluetongue was first identified in Africa, where it has probably existed as long as sheep farming has been carried on there. It was first diagnosed in the United States early in 1953 by tests conducted in South Africa on material collected from diseased United States sheep.

Probably present here for a number of years, bluetongue has been officially diagnosed in Arizona, California, and Texas and reported in New Mexico and Utah. It probably has been present in some other western states.

Rainproof Exhaust

It's easy to keep rain out of your tractor exhaust with this attachment. Circular metal disc is fastened to one leaf of a strap hinge, and other leaf attached to exhaust stack with a hose clamp. It takes only a second to flip over the outlet to protect against rain. Pressure of exhaust gases flips the lid off when the tractor is started.

As soon as a woman discovers she can't reform her husband she turns her attention to the neighbors.

Management Pays Farmers

Farmers who have to buy most of the grain for their livestock and poultry may find the going rough in 1955—rougher than usual.

The reason: Returns per dollar of feed cost are going to be lower than usual. Alfred P. Ballweg, county agricultural agent, warns that some farmers are going to have to drop by the wayside.

The first ones that may find the competition too rough he says, will be those doing a poor job of management. They will have to shift to something else that promises better pay.

John Doneth, Michigan State agricultural economist, points out, however, that the only needs on some farms are a few changes. Better managers will make these adjustments without faltering, he insists.

One change will be to handle more livestock, still using the same amount of labor. Other farmers will cut down on labor and other costs but still keep the same output.

Doneth commented that many farms in Michigan are too small and some of those operators may meet the cost challenge by obtaining more good land. Renting, buying, clearing or draining additional land may be the answer.

Making money on purchased feeds won't be impossible, but many farmers will have to find more ways to cut costs to do it, Doneth believes.

The man who expects to build fame and fortune out of the ashes of his ancestors is more to be pitied than praised.

When a politician gets in the hands of his friends the next move is to get their hands out of his pockets.

Serve Turkey Golden Brown and Juicy!
(See Recipes Below)

Thanksgiving Tips

As the days bring with them that cooler-than-fall feeling, as the frost gales lightly on the pumpkin, we instinctively know it's time to talk of turkey and Thanksgiving.

If families gather at this season, as is the time-honored custom, you'll want a regal bird that's done to fork-tenderness, besides being golden brown and juicy. Around the bird, you'll want to assemble those foods that complement it best—snow-white onions with a bland cream sauce to mask their sharpness, crisp green brussels sprouts, savory with stock and bread crumbs, and sweet potatoes, of course!

To prepare the bird, follow these three steps to achieving the feast: Stuffing, trussing and roasting.

*Prune Dressing.

- (For 10-pound turkey)
- 3 cups cooked prunes
- 1 small grated onion
- 1 cup finely chopped celery
- 2 1/2 cups fried bread crumbs
- 1 cup prune juice
- 1/2 cup chopped pecans, if desired
- 1 teaspoon nutmeg
- Salt and pepper

Wash and soak the prunes. Cook them in water in which they were soaked, until tender. Cool, remove pits and chop. Fry onion and celery in two tablespoons of fat until soft. Mix thoroughly with fried bread crumbs, prunes, prune juice, pecans and seasonings.

Season the neck and body cavity of the bird lightly. Fill neck with dressing and skewer the neck skin to the back. Bring wing tips onto back. Fill body cavity with dressing, but do not pack it tightly. Skewer or fasten opening to hold in the dressing. Tie leg ends down to the tail.

To roast the bird first grease the skin with melted or softened fat.

Place the bird on a rack, breast down, in a shallow pan which is open. If the bird does not have a generous layer of fat, cover with a fat-moistened cloth that is large enough to go over the top and sides.

Roast in preheated oven set at proper temperature.

An 8 to 10 pound bird is set in a 325 degree oven for 3 to 3 1/2 hours.

A turkey four pounds heavier requires the same temperature oven but is allowed four hours longer to cook. For birds larger than 14 pounds use a 300 degree oven and add 1/2 hour of cooking time for each four pounds. A 20-pound bird, for example, will take five to six hours to roast.

Do not add water or cover pan while roasting. If drippings burn, the oven is too hot. If the cloth covering the bird dries during cooking, remoisten from fat at bottom of pan. Turn bird breast up when about 3/4 done. Remove cloth if more browning is desired.

Test for doneness when meat feels soft. This is done by pressing the thickest part of the drumstick with fingers. The leg joint also should move readily when turkey is done.

LYNN SAYS:
Try These Tips for Cold Weather Cooking

Ever use gingerbread as bread? It makes the perfect bread for dried fruit sandwiches. Try cream cheese for the spread in place of butter if you want a special treat.

Those apple pies you can't resist will be more so if you roll some cheese into the crust. And don't forget to brush the tops of the crust with milk if you want that special golden brown color.

Drop a few cubes or slices of carrots into fish chowder. It adds color as well as flavor.

Watermelon rind, spiced, of course, is a nice appetizer when wrapped in bacon and broiled.

Cook your cereals with a bit of molasses for extra special flavor. This also helps add iron to the diet.

Have you ever tried creamed dried beef on fluffy baked potatoes? It makes a nice supper on busy wash days. Add a few peas for color if you're so inclined.

Patterson - Muntz Exchange Vows in Gegetown Church

In a candle-light double ring ceremony Miss Janet Mae Patterson, daughter of Mr. and Mrs. Mark Patterson, of Decker, and Howard A. Muntz, son of Mr. and Mrs. Stanley Muntz, of Cass City were married Saturday afternoon Oct. 23.

At the Gegetown Methodist Church, Rev. George Burlow, pastor of the Gegetown Methodist Church, performed the rites before 200 guests.

The bride was escorted by her father to an altar decorated with vases of white carnations and white baby mums, seven-branched candelabra and palms. She wore a white floor-length gown of lace and nylon tulle over satin fashioned with a fitted lace bodice, complemented by a Peter Pan collar. Long fitted sleeves formed points over the wrists. The bouffant skirt featured lace points down into the skirt of nylon tulle. Her finger-tip veil of imported silk illusion edged with lace was secured by a band of nylon tulle leaves adorned with rhinestones and she carried a cascade bouquet of white carnations centered with a white orchid.

The maid of honor, Miss Joan Patterson, and bridesmaids, Miss Gail Panfold of Wilmot and Miss Mary Margaret Patterson, wore identically styled gowns in shades of coral and aqua. They carried cascade bouquets of coral and aqua carnations and wore head-dresses of a band of nylon tulle leaves ornamented with rhinestones.

The flower girl, Janice Sharrard of Pontiac, wore a dress of yellow lace and nylon tulle over taffeta. Her hat was of nylon adorned with flowers and matching ribbon. She carried a basket of yellow baby mums from which she dropped petals. The ring bearer was Dennis Spaeth of Bad Axe.

Music for the service was provided by Roger Parrish of Cass City, who sang "Because", "Oh Promise Me" and the "Lords Prayer", with piano accompaniment by Miss Harriet Russell of Gegetown.

Performing best man duties was George Wilson of Gegetown. Groomsman were Donald Krapp of Gegetown, and seating the guests were Richard Hillaker of Tyre and Gary Cummings of Gegetown.

Dinner was served in the church parlors for 200 guests followed by a reception at Shabbona Community Hall.

Mrs. Patterson chose a dress of navy faille and lace with navy accessories and the bride groom's mother wore a beige suit with brown accessories. Their corsages

were of lavender orchids. When leaving on an extended trip to northern Michigan, Canada and Niagara Falls, the new Mrs. Muntz wore an ice blue suit with gray accessories.

The couple will live on the groom's farm near Cass City. Both young people are graduates of Cass City high school.

In Memory of 'Tim'

Our beloved son and brother who was taken from us with such staggering suddenness just a year ago, and who was laid away to rest on Armistice Day.

The passing of a year has dulled the sharp edge of our grief and sorrow, but time has failed to dim the countless memories of the 20 years he spent with us.

It is hard for us, and his many friends, to realize, even after a year, that we will never again enjoy his cheerful smile and his ever friendly manner.

We have become reconciled to our loss thru the belief that we will perhaps meet him again in a better land some day.

3-Way Castorbean Hybrid Ready Soon

Production of three-way castorbean hybrid seed for planting by farmers has become a commercial possibility of the near future as a result of new advances in the breeding of this crop by U.S. Department of Agriculture and cooperating State agricultural experiment station plant scientists.

Three-way hybrid seed production, say the scientists, would eliminate much of the hand work in seed fields that now comes with the production of single-cross hybrid castorbeans. The key to the process is in the development of plants that have only female flowers. This eliminates much of the undesirable pollen bearing plants from the mother rows.

The basis for the three-way hybrids is the discovery by scientists of the Agricultural Research Service and the Oklahoma and California Agricultural Experiment Stations that crossing of the male-sterile variety Nebraska 145-4 with certain other selected pollinator varieties will yield plants bearing 100 per cent female flowers. The seed from this cross is used to produce the mother plants in three-way hybrid seed fields.

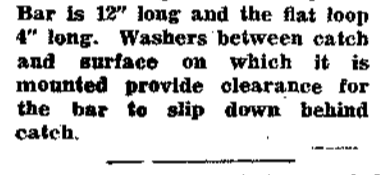

One of the advantages in the castorbean hybrids that farmers now plant is their high yields as compared with the yields of open-pollinated varieties, but there is the disadvantage of the hand labor necessary in hybrid seed production. Use of the three-way hybrid technique would materially reduce this labor.

Bowling

"Quote of the week": "We have always been of the opinion that the prize fund should be reserved for the bowlers who have contributed. Then if they feel that their league secretary has had a hard year and could use a week or two in Florida or Mexico (or a couple of days at Santa Anita), they should vote the hardworked soul a tidy sum from the funds to take care of his expenses while away." (Taken from ABC News Letter Nov. 2, 1954.)

First "800" single game series reported to ABC for the 1954-55 season was rolled by Frank Katalis of Chicago. He hit 800 on the nose on Oct. 18. Included in this score was a "300" game. Frank is a member of the M&M

Pizza Pie team. Along with this item of scores, Alden Asher, captain, City League team, rolled the first "600" series of this league for this season as he put together games of 181-214-211 for a total of 606. Quite an improvement over last week as he blasted out a single game of "967" in his three-game series. Budweiser Beer topped a 3516 three-game series on the evening of Nov. 1 for the highest reported team mark in the nation. Members of the team rolled three game series of 742-666-715-703 and 690. Last Wednesday evening in the Merchants' League of Cass City, Strohs again topped all teams with a three-game series of 2647 with a high single game of 933, keeping them close to the top, 1/2 point out of first place.

On record to date with the ABC is the name of George Billick of Old Forge, Pa., with a total of 12 perfect games during his bowling career. He is employed as a railroad crossing gatender, is 5-8 1/2 and 192 pounds. He has competed in the last 15 ABC tournaments, posting an average of 192.59. Billick is 44 and has won seven diamond rings, three diamond wrist watches, a clock and a medal from the ABC. So much for news items from here and there, now for the results of our City League and Merchants' League.

Craft and Study Club Meets at School Monday

Miss Muriel Addison spoke in an interesting and informative way to eighteen members of the Craft and Study Club at their November 8 meeting in the home economics rooms at the high school. She talked about the making of Christmas decorations and gifts, and had patterns and samples to show. Mrs. Ben Benkelman, Jr., chairman of the program committee, introduced Miss Addison.

A short business meeting in charge of the president, Miss Caroline Gargy, preceded Miss Addison's demonstration.

Dessert was served to the club members by the refreshment committee, consisting of Mrs. Arnold Copeland, Mrs. George Dillman, Mrs. Ivan MacRae, Miss Betty Jo Agar and Miss Caroline Gargy.

of your friends and neighbors will be receiving their Christmas Club checks two weeks from now in amounts ranging from \$25.00 up to \$250.00.

As 1954 is the first year we have made the Christmas Club idea available here in Cass City, the total of all accounts is not a huge amount, but we are sure that all of the 1954 members are going to derive a lot of satisfaction in achieving their goal. In addition, it will be a nice feeling to face the Christmas season with that extra cash.

(No payments on 1954 club accounts can be accepted after Nov. 17th, as checks have to be prepared for mailing on November 26th.)

If you would like to meet the 1955 Christmas season with full confidence, why not join now in the new club which will begin in early December. Stop in at the bank and choose the goal you want to reach in 1955. Then start saving that weekly amount for the coming 50 weeks.

Michigan farm leaders issued a warning to reduce rural worry over the coming of the St. Lawrence Seaway.

They agreed that untold wealth will accompany the widening and deepening of the channel from the Atlantic to the Great Lakes bringing more people, industry and world markets.

"But we'll still need land for farming to feed all these people," said George S. McIntyre, state director of agriculture.

He said that the expansion of industry and residential suburbs possible with the Seaway boom threaten to overrun some of the better farm lands near the border lakes.

and also to take advantage of the world markets.

"We'll need the land we have now and more probably," McIntyre said.

Michigan State College is going to test the effectiveness of flu shots it has been providing free for several years.

Each fall when the students flock to the campus, they are offered the shots free when they complete registration. Doctors believe they do the trick and keep more students in classes instead of the infirmary, but they are going to make certain in tests this winter.

People will disagree over toll highways until they are completed and paid for, a period of time which may out-distance the life

span of those who are building them.

The toll theory is that those who use the roads pay for them. Free roads are financed from tax money, which often forces payment from people who never receive direct benefit.

After years of controversy, the new Michigan Turnpike Authority is getting started on a toll road between Detroit and the Saginaw-Bay City area.

It is the second try. Monroe residents objected so strongly to the Authority taking over the Detroit-Toledo expressway, a free road now under construction, that plans were abandoned to make it a toll highway.

Already complaints are being heard about the proposed Detroit to Saginaw-Bay City toll road. Farmers do not want to eliminate farm-to-market roads; resort people want exit points nearby; gasoline dealers want stations on the superhighway.

The law is quite clear on most points, giving the Authority power to make contracts for gasoline service on the highways, to build the roads and sell revenue bonds to pay for them.

Public policy is expected to make certain in the legislature that farmers and resort owners, vacationists and "average" motorists are protected.

For instance, one clause in the law requires that free highways come close to paralleling the toll roads.

Michigan will get \$551,000 in Federal money to improve airports in the state.

Beneficiaries will be Willow Run airport near Ann Arbor, Detroit-Wayne County airport, Capital City airport at Lansing, Bishop Field at Flint, Kent County airport at Grand Rapids, and Muskegon County airport at

Muskegon.

This is the first year that southwestern Michigan fruit growers and other businessmen have received "an adequate share" for their air terminals at Muskegon and Grand Rapids.

"Many of them use the air for shipment and personal travel," said Brig. Gen. Lester J. Maitland, state aeronautics chief.

Another point in the increased Federal aid for the airports: employment which, especially around Muskegon and Detroit, has been at the crisis point for months.

Work is underway on two major prison buildings which are part of an emergency housing program. The inmate population is creeping toward an all-time record of 10,000.

Corrections Director Gus Harrison said that the new \$250,000 dormitory at Ionia Reformatory for 230 more men and the \$500,000 man farm housing unit at Southern Michigan Prison at Jackson will ease the situation for another two years.

"In addition we can shift around and get room for 270 more, which should ease the situation considerably," he said.

To make the picture even brighter, a new 600-man prison will be built at Ionia. It is expected to be ready within two years when the population reaches a desperation point again.

Prepare for Annual Livestock Show

4-H boys and girls from Tuscola County are about to put the finishing touches on their animals for the annual junior livestock show at the state fairgrounds in Detroit. The event is slated for December 7-9, according to George C. MacQueen, county 4-H club agent. It's the 25th anniversary of the show.

Premium lists are printed in booklets with a silver-colored cover and they can be picked up at the local county extension office. C. E. Scott of the Detroit Stockyards Company and his committee who planned the event have indicated that the 25th show will be one of the best, MacQueen says.

The 4-H club sheep, hogs and cattle will be at the fairgrounds at 2 p. m. on the first day. They will be placed on exhibit by their youthful owners on the second day. And the animals will be sold at auction the third day.

Detroit merchants and livestock interests are furnishing a banquet for the 4-H club exhibitors and leaders on the evening of December 8.

Those who plan to exhibit at this show are as follows: Steers—Norma Bauer, Reese; Rex Colman, Vassar; Gordon Goodall, Larry Goodall and Lois Goodall, Cass City; Jack Humpert, Reese; James Guisbert, Cass City; Mary Leslie and David Matthews of Decker; Hugh Milligan, Arthur Randall, Lyle and Bienert Schember, all of Cass City; Jerry Taylor, Millington, and Carl

Vollmar, Caro. Group of three steers—Norma Bauer, Reese, and Hugh Milligan, Cass City. Lambs—Coulson Blair, Bad Axe; Jeanne O'Rourke, Jack Perry, Janet Perry, Jerry Perry, Judy Perry and Virginia Perry, all of Cass City; Arthur Severance and Leslie Severance of Decker, and John Blair, Bad Axe. Swine—Dean and Lee Bush, Unionville; Lyle Higgins, Akron; Dick Luther, Fairgrove; Henry Morton, Bonnie Turner and Larry Vollmar, all of Akron; Bill and Tom Zimmer of Unionville, and Mark Culbert, Caro.

The question of the Supervisors' picnic was brought up and Supervisor VanPetten extended an invitation to the Board to hold their picnic in the Gifford Township park. The invitation was accepted and moved by Supervisor Lindsay, supported by Supervisor Henderson, that the picnic be held at the Gifford Township Park on Wednesday, August 11th, and that the Chairman appoint a Committee of three to take care of the picnic. Motion carried. Chairman Jones appointed Supervisors VanPetten, Metiva and Shufford Kirk as the committee on picnic. Clerk read a communication from Prosecuting Attorney Bruce D. White, requesting three air circulators for his office. Moved by Supervisor Bagley, supported by Supervisor Graham, that this request be referred to the Committee on County Buildings for recommendations. Motion carried.
Moved by Supervisor VanPetten, supported by Supervisor Laurie, that we adjourn until 1:30. Motion carried.

AFTERNOON SESSION
Meeting called to order by Chairman Jones with quorum present. Chairman Jones called upon Mr. Frank Lawson of McComb county, who is a candidate for Congress from this District. Mr. Lawson gave a short talk on problems confronting the people in this District. Supervisor Shufford Kirk, Chairman of the Committee on County Buildings and Grounds, presented the following report and recommendations:

Aldrich Wins 4-H
Acre Corn Contest

Ronnie Aldrich, 14, Akron, son of Mr. and Mrs. Ward Aldrich, was declared winner of the new 4-H one acre corn contest, reveals George C. MacQueen, county 4-H club agent. This new contest, based on what all corn growers should know, the yield in dry shelled corn, proved to have many interesting stories to tell. Young Aldrich, using the new Michigan 570 hybrid produced 138.6 bushels of dry shelled corn per acre. He did this by planting an average of 15,750 plants per acre in 40-inch rows. In addition 300 pounds per acre of 0-20-20 was plowed under and 200 pounds per acre of 3-12-12 was applied in the row at planting time. During the growing season Ronnie applied 2-4D weed spray as well as 60 pounds per acre of liquid fertilizer to his crop. The moisture test on October 18 was 23.9 per cent. For his fine job Ronnie received a plaque and pump be purchased through the Tuscola County Road Commission and installed on property owned by County Jail.

We further recommend that the gas and oil for the Tuscola County Road Commission as wholesale plus a small delivery charge. We further recommend that the above provisions be fulfilled by Sept. 1, 1954, or as near thereafter as possible.

Supervisor Slatter, supported by Supervisor Metiva, that the report be accepted and placed on file. Motion carried.
Moved by Supervisor Graham, supported by Supervisor Kirk, that the report be accepted and placed on file. Motion carried.
