

Record for Tuscola County

Jury Awards Estate Damages of \$10,125

A Tuscola County jury awarded the estate of Viola Berlin Hornel \$10,125 in damages Friday, the largest settlement ever made in Tuscola County, according to veteran court observers. The case was held in Tuscola County Circuit Court before Judge T. C. Quinn.

The jury deliberated from 5 p. m. to 7:50 p. m. before returning the verdict against Lloyd M. Harris, the defendant.

The money was awarded to the Hornel estate because of the death of Mrs. Hornel in an accident on M-15, just south of M-46.

According to the testimony delivered in the case, Harris claimed to have been driving north on M-15 and swerved into the left hand lane to try and avoid hitting Mrs. Hornel and her brother on a motorcycle as they came out of a driveway leading to Fritz' Tavern.

The Hornel case was that they had left the driveway and were heading south when Harris went into their lane and forced a head-on collision.

The accident occurred Aug. 8, 1952.

Arraign Two
Frederick LaBlanc and Clarence Spencer, Jr., stood mute on charges of rape and indecent liberties Saturday before Judge Quinn.

The court ordered a plea of not guilty be entered for the men and set bail at \$1,000 each. Date of the trial will be set.

Tuesday, Mrs. Beverly Olds was awarded temporary alimony of \$30 weekly. Mr. Cleo Olds was ordered to pay \$100 attorney's fees.

In the final case of the week Wednesday, Mrs. Caroline Burkel was awarded \$10 weekly temporary alimony and Bert Burkel was ordered to pay \$100 attorney's fees.

Cass City Loses Extra Inning Game Sunday

The Cass City Independent baseball nine lost an extra-inning decision to Millington Sunday, 6-5, in the opening game of the year in the 3-Star League.

The game, played at the Cass City Recreational Park, marked the return of baseball to the area after an absence of many years. Team members and sponsors were pleased by the very fine crowd on hand for the opener.

As predicted by Irv Claseman, team manager, poor defense cost Cass City a chance to whip Millington, the league's defending champions.

Six errors were charged to the Cass City defense. Jerry Whitaker started on the mound and after turning in a credible performance was lifted in the eighth for a pinch hitter. Claseman finished the game and was charged with the loss when Millington scored twice. A hit batter, walk, hit and error produced the runs.

Cass City fought back in their half of the tenth and just missed tying the game. Ron Geiger walked and so did Eli Holes after two men were out. Lee Hartel singled to score Geiger, but Kolb, one of the hitting stars of the game, fanned to end the game.

Millington collected six runs, 11 hits and committed two errors, while Cass City had five runs, 11 hits and six errors.

Millington had run up a 4-1 lead by the fifth inning. They scored in the first and fourth and twice in the fifth.

The Independents countered with a run in the third on a single by Holes and a hit by Kolb.

In the bottom of the fifth, the Independents pulled to within one run of Millington with a pair of markers on hits by Hartel, Kolb and Joe Kilbourn.

The Independents sent the game into extra innings by scoring after two men were out in the ninth. Kilbourn tripled and Pete Martin doubled to chase Kilbourn across.

Sunday, Cass City will play their first road game when they play at Otisville.

Area Farmers Pledge Support In MMPA Fight

Another chapter in the fight for control of the Michigan Milk Producers Association was enacted Thursday evening, May 19, when an estimated 100 farmers gathered at the town hall in Decker.

Highlight of the meeting was a reading of a court declaration filed in Wayne Circuit Court in April by Harold Fritz, president of the Romeo local.

The order lists alleged grievances against the present management of the MMPA . . . Howard Simmons, secretary-manager, and 14 directors of the association.

Mr. Fritz and his farm followers are making the following claims in the declaration:

That the delegate system of electing directors is unconstitutional. Delegates must be elected by direct vote or by absentee ballot of members and shall be elected annually instead of for three years.

That the 400 delegates who

Miss Marie Sontag, 18, daughter of Mr. and Mrs. Elery Sontag of Gagetown, has been awarded a four-year 4-H scholarship to Michigan State University.

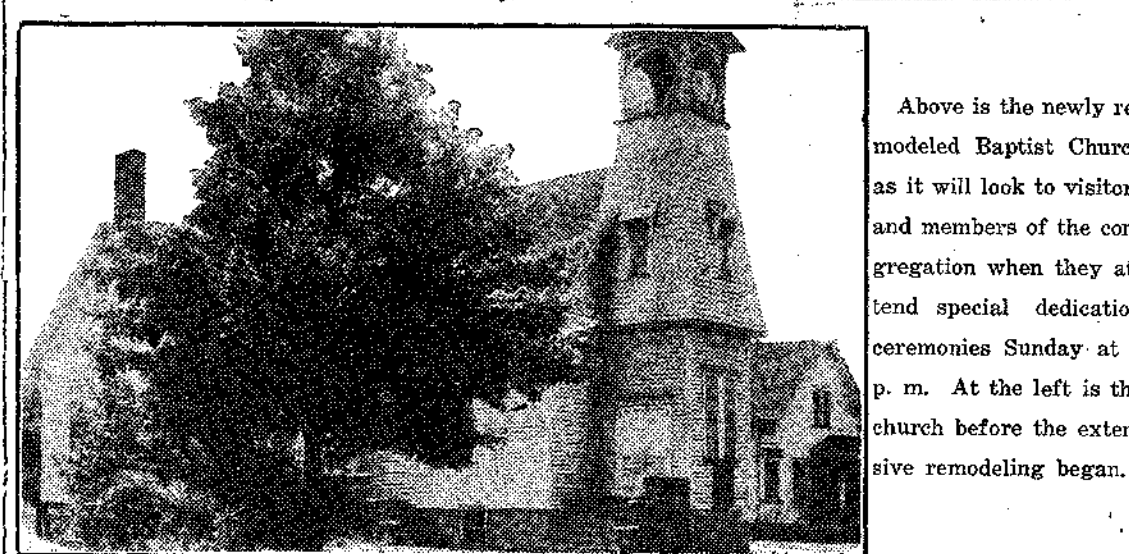

The scholarships are awarded on the basis of 4-H work successfully completed and a satisfactory scholastic record in high school.

Miss Sontag has been active in 4-H work for eight years, both in Gagetown and St. Agatha Church clubs. Her 4-H work includes: clothing, five years; knitting, five years; food preparation, eight years; canning, five years, and

she now serves as secretary of the Tuscola County 4-H Service Club. Her 4-H leaders have been Mrs. Leota Ashmore, Mrs. Preston Karr and Mrs. Floyd Werderman.

At Otisville High School, Miss Sontag has been active in basketball, glee club, cheer leading and the school band. She has been a member of the music and social clubs and served this year as editor of the school annual and assistant editor of the school paper.

Miss Sontag is a senior and plans to enter MSU in the fall, majoring in commercial work.

Above is the newly remodeled Baptist Church as it will look to visitors and members of the congregation when they attend special dedication ceremonies Sunday at 3 p. m. At the left is the church before the extensive remodeling began.

Remodeling Completed Dedication Sunday For Baptist Church

The congregation of the First Baptist Church in Cass City will culminate two years of work Sunday when they hold a special dedication ceremony for their newly remodeled church.

Under the direction of a six-man building committee, the members have nearly doubled the size of the church with a new addition and made extensive inside and outside repairs to bring the building up to the grading congregation. On the building committee are: C. U. Brown, chairman; Clarence Ewald, Charles Cook, Otto Goertsen, Max Eskelson and Gail Parrott.

Total cost of the work was \$14,000, most of which was spent for materials as the church members did 90 per cent of the work on the building, Rev. R. G. Weckle, pastor, pointed out.

The cost of the work was paid by free-will offerings and the building is nearly paid for now. The congregation borrowed \$3,000. One thousand dollars has already been repaid and the remainder should be liquidated by the end of the year.

Visitors to the church notice the change in the building as soon as they prepare to enter. A freshly painted front and gleaming new doors lead into the newly finished annex that features tile floors which were placed throughout the church, including the basement.

A visitor stepping into the church auditorium notices at

once the enlarged space that increased the seating capacity from 200 to 300 persons.

Helping with the general appearance is the new church glass and when the visitor examines the two rooms that lead off the rear of the auditorium, he sees an up-to-date church library and nursery room that features a large picture window for mothers to view the pastor as he speaks.

The mothers have no trouble hearing the pastor. A newly installed public address system makes all of the service as clearly heard in the nursery as it is in the main auditorium.

A door to the side of the pulpit leads to the offices of Rev. Weckle. The two rooms are in the final stages of remodeling and are receiving the same treatment as the rest of the church, including repainting, remodeling and a tile floor.

In the basement, new Sunday School recreation facilities and three new classrooms are features of the work accomplished.

The added space in the church necessitated increasing the heating facilities in the church. Other work done included remodeling the wash room and lighting system.

The dedication ceremony Sunday will start at 3 p. m. Dr. C. B. Hayden of Bay City and Rev. A. P. Olsen of Lapeer will be guest speakers.

Varied Program at WWSW Meeting

A mother-daughter theme characterized the program of the Woman's Society of World Service of the Evangelical United Brethren Church at the home of Mrs. Harve Streeter Thursday afternoon, May 19. Mrs. Charles Wendt was co-hostess.

Mrs. Maurice Joos, program chairman, was assisted by Miss Muriel Addison, Mrs. Harry Young and Mrs. R. Fry when the subject, "Christian Homes Are Telling Me" was under consideration.

Appropriate music was rendered by Mrs. Stanley Kirn and Mrs. Arnold Copeland who sang "My Mother's Prayers Have Followed Me" as a duet.

During the business session, conducted by Mrs. B. A. Schwieger, president, Mrs. Walter Anthes was chosen as the delegate.

Seniors Start Final Activities

Classroom Work Ends for Largest Graduating Class

Cass City High School's largest graduating class entered the final round of the year's activities as the seniors joined in the traditional Swing-Out ceremonies this week. Wet weather preventing the usual march through the downtown area, the seniors donned their silver and maroon caps and gowns and marched into the auditorium to music furnished by the band.

In the assembly following, Bonnie Pine, newly elected council president for next year, received the gavel from Bob Zinnecker, retiring president, and then served as conductor of the program. Speaking for the juniors, Jerry Perry, class president, commended the seniors on their approaching graduation. Responding for the seniors was Janet Spencer, while felicitations from the faculty were presented by Mr. Ralph Powell, who also directed the bands in additional musical numbers. On the lighter side, a quartet of juniors composed of Ruth Seuryneck, Colleen McNamara, Jim McCarthy and Jim Ellis handed each senior a suitable, if often ludicrous, parting gift.

This week completes the seniors' classroom activities. Next Monday, 76 of the class will entrain for New York on a five day excursion. Special trains carrying only seniors will transport the students to and from the big city. While there they will be guests at the New Yorker Hotel in the heart of Manhattan. On the agenda for the days in New York will be bus and boat sight-seeing tours, the United

Nations building, Radio City Music Hall, Hayden Planetarium and several other attractions. Two mornings will be free for shopping or side trips to individual points of interest. Four sponsors will accompany the seniors, Mrs. Lois Binder and Miss Thelma Hunt with the girls and Dave Helsner and Arthur Holmberg with the boys.

Baccalaureate services for the class of 1955 have been scheduled for Sunday, June 5, with Rev. R. G. Weckle of the Baptist Church preaching the sermon. Tuesday, June 7, is the date of the commencement exercises. Mr. Donald Kilbourn, alumnus of Cass City High School and now of the Central Michigan College staff, will be the speaker. Details of the graduation exercises will be announced next week.

Insurance Partially Covers Loss

Fire Razes Holzwart Home Near Gagetown

Plans Set for Annual Memorial Day Program

Plans are completed for the annual Memorial Day observance for Elkland Township and Cass City Monday, May 30.

Authorities announced that the program will start promptly at 10:30 a. m. Preceding the program will be a parade that will form at the town hall and march to Elkland Cemetery.

Included in the parade will be the American Legion, Veterans of Foreign Wars, Boy Scouts, Girl Scouts, Brownies and Cass City School bands.

Edward Golding, Sr., will be the chairman for the day. Rev. M. R. Vender, pastor of the Cass City Presbyterian Church, will present the feature address.

Also on the program will be a message from a spokesman for the American Legion, as well as two selections from the bands.

Telephone Company Tells of Progress

A series of related projects for the Cass City exchange has been under way since October, 1954, H. F. Janson, Cass City district manager for the General Telephone Company of Michigan, announced today. The improved service will be accomplished by the installation of a common battery type switchboard and the resulting elimination of the magneto type telephones on all company-owned lines.

The first phase in the overall \$120,000 project, which provides for the rehabilitation and extension of lines throughout the exchange, has been under way since the latter part of last year, Mr. Janson stated. It is now in its final stages.

Other phases of the overall project include the remodeling of the present telephone building to accommodate the new type switchboard and the actual installation of the switchboard, Mr. Janson stated.

Temporary quarters for the company while the new system is being installed will be at 6439 Main Street.

Miss Anna MacRae Selected as Detroit 'Nurse of Year'

Miss Anna Marjorie MacRae, daughter of Mr. and Mrs. Kenneth MacRae of Greenleaf Township, was selected "nurse of the year for 1955" recently by her nursing associates in Detroit.

Miss MacRae received her award at the Detroit District Nurses' Association annual dinner meeting Wednesday at the Rackham Building in Detroit.

An article in the Detroit Free Press describes Miss MacRae: "The words 'health and happiness' which are almost invariably linked together are an excellent description of silver-haired Miss MacRae. She both radiates it personally and brings it to her patients in her nursing area from Alexandria to Palmer, Woodward to Trumbull.

"Though she had two years of general duty in Harper Hospital after graduation, public-health nursing is her true love."

Fire completely destroyed the home of Mr. and Mrs. Alex Holzwart Saturday morning when lack of water prevented fire departments from Owendale and Gagetown from quelling the blaze. The Holzwarts live a mile north and two miles west of Gagetown.

The fire was discovered by Roy Wildman, who works the land on the farm, and an unidentified passer-by. They saw smoke pouring from the house.

Mrs. Holzwart was ill and lying down when the blaze was discovered.

Mr. Wildman and neighbors succeeded in saving part of the contents of the home. The Gagetown Fire Department was well on the way to controlling the fire when their water supply ran out. When water again became available, the fire was out of control and the departments concentrated on saving other buildings on the farm.

Mr. Holzwart said that he could not definitely determine the cause of the fire. He and his wife are staying at their daughter's home near Sebawaing. He said they planned to build a new home at the farm.

The loss was partially covered by insurance.

Hawks Fail in Bid for Thumb B Championship

Inability to hit and to field cost the Cass City Red Hawks a chance for a tie for the championship of the Thumb B League and resulted in a loss to Elkton in a non-league encounter, in the final two games of the year for the high school nine.

The Hawks bowed to Caro 2-0 and to Elkton 5-0.

Caro clinched the league championship with a two-run rally in the fifth inning as they knicked Jim Evans for two scratch hits and capitalized on two errors.

The action occurred after one man was out. Predmore tapped a weak ground ball to Jerry Little, Hawks' third sacker, and Jerry was a little too deliberate in his throw to first and Predmore beat the throw for an infield single.

Liddicoat then sacrificed, but Evans threw wild to first and the runners advanced to second and third. Bruce Wieland then hit a ground ball that went off the glove of Dick Hillaker, Cass City shortstop, for a hit and scored the only two runs of the game.

Keith Putnam, Caro pitcher, was almost the complete master of the Hawk batters. He allowed but two hits, one each by Max Stoutenberg and Fred . . . Stoutenberg and Putnam . . . allowed runners to get as far as third only in the fourth inning.

Elkton hit Evans harder than any team in the Thumb B League. Although wildness and errors were responsible for most of the Elkton runs, Glenn Waterworth slammed a home run off Evans' right handed slants. It was the only round tripper of the year against the Hawks.

Elkton scored three times in the fourth on an error, a hit batter, a squeeze play, two wild pitches and a hit.

Mickey Walker, Elkton hurler, handled the Hawk batters with ease. Only Stoutenberg with two hits and Jerry Little with one safety solved his delivery.

Robinson Shows Reserve Champion At Saginaw Show

Milford Robinson of Decker added to a long series of championships Saturday when his Polled Hereford was judged first in its class at the Saginaw show.

Mr. Robinson, who showed the grand champion junior bull in the same show last year, won the reserve senior championship this year with his bull, RR Victor Domino.

At the sale, Rinerd Knoblet purchased an outstanding herd sire.

Vassar Foundry To Close Doors

An unconfirmed report from a worker at the Eaton Manufacturing Company at Vassar this week said that the company will close its branch in that city at the end of June.

The plant has been a source of major employment in Vassar and drew men from the Cass City area to work for the excellent wages offered.

New Factory Buys Land; to Build By September 1

The Solcum Land Co., a holding company for a Detroit manufacturing company, this week placed a \$500 deposit on seven and a half acres of land belonging to the Cass City Development Association.

The company will purchase the remainder of the land as soon as the abstract is ready and then start erecting a building about 60 by 100 feet.

Present plans call for the plant to be in operation by Sept. 1. The concern will hire about 45 persons, 90 per cent or more of which will be men.

The plant will be a branch of a concern with home offices in Detroit. The board of the Development Association said that the company asked that their name not be released at this time.

Present plans call for the entire expense of the factory to be paid for by the company.

Mary E. Goodall Graduates from School of Nursing

Miss Mary E. Goodall, daughter of Mr. and Mrs. William Goodall, will be graduated from Hurley Hospital School of Nursing, Flint, at the forty-ninth commencement exercises of the School of Nursing at 8:00 p. m. Thursday, May 26, in the First Presbyterian Church, Flint.

Mr. Earl A. Talberg, president of the board of hospital managers, will present diplomas to 36 young women who have completed the three-year course in professional nursing. Dr. W. Fred Totten, Ph.D., president of Flint Junior College, will give the commencement address. A reception for the graduates, their families and friends will be held in the nurses' residence after the exercises.

Officers Elected at Church of Nazarene

The annual meeting of the NFMCS of the Cass City Church of the Nazarene Wednesday, May 18, officers were elected to serve for the year beginning July 24, Earl M. Crane, pastor, announced. The newly-elected officers are: president, Mrs. A. Cross; vice-president, Mrs. W. Jackson; secretary-treasurer, Mrs. G. Webber; superintendent of study, Mrs. E. Crane, and box work, Mrs. L. Cox.

In a special church meeting Sunday, May 22, Stanton March was elected Sunday School superintendent to serve for the next year.

The NYPSS also held its annual meeting Sunday and elected the following officers: president, Beverly Wagner; vice-president, Mrs. H. Guinther, and secretary-treasurer, Mrs. E. Crane.

The remaining officers of the church will be elected June 1 at the regular annual meeting of the church.

New Field Man

The Valley Trails Council, Boy Scouts of America, announced this week that Bernard C. Toland has been hired as a new field man for this area. He began his duties as district executive to the Tuscola district May 15.

Mr. Toland will be the first field man to be assigned to Tuscola County in several years.

He is well trained for scouting work. He has been in the scouting program since he was 12 years old. He has an AB degree in psychology from the University of Michigan and studied for a year and a half in the graduate school at Michigan State University, majoring in sociology and anthropology. He spent two summers at a special camp working with delinquent and emotionally disturbed children.

Mr. Toland and his wife will live in Caro as soon as housing arrangements can be secured.

Son of Kingston Publisher Buried

LaRoy Morgan Steele, 29, died at his home in Kingston Monday, May 16. For several years he has been associated with his father, Morgan L. Steele, in the publishing of the Kingston Enterprise. He leaves his wife, Marguerite, two sons, a daughter, his father and four sisters. Funeral services were held Thursday, May 19, from the Methodist Church. Burial was in Kingston Cemetery. The reputations of some men are based upon the things they intend to do later. People whose nerves are on edge seldom cut much of a figure.

37 County Women At Color Clinic

Thirty-seven home demonstration members boarded a charter bus Thursday, May 12, at 7 a. m. on their way to the Northland shopping center in Detroit. They had tickets to attend a color clinic, a program on home furnishings sponsored by the J. L. Hudson Company and the home furnishings editor of the Farm Journal magazine. The morning program featured current trends in fashions for the home. Shopping and sight-seeing were on the agenda for the afternoon. After dinner the bus left for Caro at 7:30 p. m., carrying ladies who agreed they had a full day. The ladies were from Kinston, Cass City, Fairgrove, Mayville and Caro areas. In all about 100 Tuscola home demonstration members journeyed to Detroit to attend the color clinic at Northland.

Farm Kitchens Mostly Outmoded Gradual Plan For Modernization Best

If you're like most farm homemakers, the one room in your home you'd most like to bring up to date is the kitchen. According to the United States Census, chances are one out of two that your kitchen—the hub of so much family activity—was built in 1919 or earlier, has no running water, no mechanical refrigerator, not even a sink. But, if you are like hundreds of farm families across the nation, you are making plans to bring your kitchen up to the sparkling, modern style found in city and suburban homes. Today the push-button, all-electric kitchen is easily within the reach of most farm families. Those whose budget won't allow complete modernization at once can use a carefully laid plan to streamline step by step. Because electricity is generally available to farm homes at low rates, the appliances in the mod-

ern farm kitchen are electric. They include the "basics"—refrigerator—freezer and range—plus two important new appliances needed more on the farm than in the city—an electric dishwasher and a sink disposal unit for garbage.

In planning a new kitchen, the best method is to draw a floor plan showing the kitchen as it will be when it is completed. If you don't plan to buy everything in the way of appliances at one time, you can get them individually and place them where the floor plan indicates.

X-Disease in Cattle Almost Eliminated

Hyperkeratosis, more commonly called X-disease, in cattle has been practically eliminated during the past year. No new cases were reported to the United States Department of Agriculture during 1954 and the American Foundation for Animal Health says this indicates the disease has been reduced to such an extent that it is of little importance in the animal health field. Successful control of this costly animal health problem came through veterinary research which isolated the cause as a highly chlorinated naphthalene, a chemical frequently used in lubricating oils and greases to give them body. Following the research, the U.S.D.A. issued a request to manufacturers of petroleum products, feed manufacturers and oil companies that they cease using chlorinated naphthalene in oil and grease designed for use on farms or in food processing plants. Whole-hearted cooperation by these groups is given credit for eliminating X-disease as a livestock health threat.

Horseproof Latch

You can fool the horse or mule who habitually nuzzles open the gate or barn door with this simple latch. Moving part is a long link made by bending and welding 3/4-in. steel rod, the radius at the ends being about 1 1/4-in. Handle and catch attached to gatepost are bent from 1/2 x 1 1/4 in. flat steel. Before bolting handle to the gate, slip one end through the link. When in locked position, link drops below the offset bend in the catch and can be raised only by pulling link outward and upward simultaneously.

No person is tall enough to be above neighborly criticism. A man who will not listen to reason soon becomes a crank. GO SLOW Some men can be forced to eat their words—others would rather fight than eat.

Here's why PONTIAC WINS BUYERS FROM EVERY OTHER MAKE

It's a king-size luxury car—Biggest at its price!
 Pontiac is a big, roomy car. Here it is: A car with 122" or 124" wheelbase—longest in its price field, even longer than some models in the top price range—and with true big-car stability to match. Luxury is in key. For quality of fabrics, conveniences and appointments, Pontiac compares with the costliest cars.

It's America's topmost value—Greatest buy of any year!
 Pontiac is selling at the fastest rate of all time for this simple reason: America agrees—when you can get the size, power, beauty and luxury you want at Pontiac's easy price, that's the place to put your money. Come in and get all the facts.

It's a 200-horsepower performer—Most powerful at its price!
 As the only car with the Strato-Streak V-8, Pontiac has a big performance advantage. This newest and most efficient V-8 enables Pontiac to provide more power than any car has ever delivered at Pontiac's price—a full 200 horsepower with the four-barrel carburetor, an extra cost option; 180 H.P. is standard.

It's a future-fashioned beauty—Most distinctive at any price!
 Style-conscious motorists turn to Pontiac for true mode-of-tomorrow design, beautifully different from any other car on the road. Exclusive Vogue Two-Tone styling, Twin-Streaked hood and low, rakish lines give you a car that you know will remain a prideful possession for many years to come.

You can buy a big, 200-horsepower Strato-Streak V-8 Pontiac for less than many models of the lowest-priced cars and for much less than stripped economy models of higher-priced makes—none of which equal Pontiac in combined power, size and future-fashioned beauty.

CAN YOU SEE, STEER, STOP SAFELY? CHECK YOUR CAR—CHECK ACCIDENTS.

MICHIGAN MIRROR NEWS BRIEFS

Tourists are returning to Michigan this summer to bring the industry back to its \$500,000,000 a year heritage.

Dollar volume slipped eight per cent last year when other states developed elaborate programs to compete more strongly for the vacationer's dollar.

Robert J. Furlong, executive secretary of the Michigan Tourist Council, is seeking additional funds to advertise the state as costs continue an upward spiral.

"But it's encouraging, the number of out-of-state people have inquired through our office about facilities here," he said.

Each inquiry gets back pamphlets extolling the vacation spots in Michigan, developed cooperatively by the four regional tourist associations.

Furlong said the inquiries have increased over last year, a harbinger of a dollar volume comeback, because a large percentage of those who take the trouble to check Michigan come here for their vacations.

Another item that will help is the new legislative act which enables an out-of-state car buyer to pick up his new car here and drive it back home without paying Michigan sales and use taxes. A special 30-day license is sold the buyer—with lawmakers figuring he will spend part of the extra time in the state.

Republicans, young and old, are making plans for 1956 as the end of the legislative session ends.

A group of younger House members are working for a fresh revival of the party following near-disastrous defeats in 1954 and the 1955 spring election.

Rep. Richard Smith, of Bay City, and Rep. Tom Burns, of Saginaw, are key figures in the group.

They already sounded out Rep. Gerald R. Ford, of Grand Rapids, as a possibility to leave Congress and run for governor as a standard-bearer against Gov. Williams or his successor Democrat.

Ford, remembering the primary fights which split the party in the past is reluctant to mix it up. He said he would get into the state picture if the party would unite behind one man.

Those are conditions that may tell the story in 1956.

Others are taking a close look at Rep. Alvin M. Bentley, of Owosso, the young millionaire congressman, whose popularity and financial independence are attractive to some. His injury from guns of fanatics in the Capitol attack makes him even better known.

A third group is reviving the campaign to get Detroit's Mayor Cobo as the Republican candidate.

They know him as a top-flight organizer and a man who gets things done, but they're wondering about his pull at the polls after years of non-partisan municipal leadership.

"Success in a city election doesn't always mean success in a statewide election," said one Republican Senator.

Republicans in the legislature are pulling in different directions though the splits appear to be minor at present.

In the Senate, there have been a number of defeats on the floor for the leadership of Senator Creighton R. Coleman, of Rosette Creek, and his lieutenants, Senators Carlton H. Morris, of Kalamazoo and Edward Hutchinson, of Fennville.

The 11-member Democratic delegation sits quietly feeding whatever flames of dissension that may arise.

When it looks like a wide enough split, the Democrats toss their votes where they will do the most good.

The Coleman group lost on a fight to raise the salary of Dr. Albert E. Heustis, state health commissioner, from \$12,500 to only \$16,500 a year. After a fight, the figure was fixed at \$18,000.

Whether the accumulation of minor setbacks means new leadership in the future will have to wait until next year, but it appears that Coleman's group has lost important majority votes.

A man cannot succeed if he spends the present regretting the past or planning for the future.

The businessman who tells his trade secrets gives his competitors a mortgage on his peace of mind.

News Items from Greenleaf Area

The Greenleaf Extension Club met Thursday at the home of Mrs. Robert Spencer. Eight members and three visitors were present. Roll call was answered by giving one's favorite TV or radio program. The lesson on "Children's Clothing" was given by Mrs. Lynn Spencer and Mrs. Fred Linderman. This was the last regular meeting until September. At the close of the meeting the hostess served a delicious dessert lunch.

Patty Hoadley was sick with a cold last week and stayed with her grandmother, Mrs. Tom Flint, in Cass City.

Mrs. Eleanor Morris and Mrs. Jane Gregg, the latter of Agnew, California, returned Tuesday from a three-weeks' trip through several eastern states. Mrs. Morris spent a week in Baltimore,

visiting friends. She met Mrs. Gregg in New York City, and after a four-day sight-seeing tour, they went to Coe Hill, Ontario, to see an old friend there. On Thursday evening, Mrs. Gregg left for Denver by train from Imlay City.

Miss Evangeline MacRae of Saginaw was a week-end visitor at her home here.

Mrs. Hazel Watkins, sons, Bill and Robert, Donna Sommers, and Helen Little, were Sunday evening callers at the home of Mrs. Doris Mudge and Mrs. Eleanor Morris. Robert Watkins expected to leave Monday morning for pre-enlistment examination at Fort Wayne.

Robert Hoadley's gas station on M-53 and Bay City-Forestville Road was robbed a week ago Sunday evening. The cash register was broken and considerable money was taken, several inner tubes and cigars and cigarettes. The state police are working on the case.

Mr. Frank Dodge of Bad Axe conducted services at Fraser Church on Sunday. A car load of men from the church attended a district meeting of the Men's Council of Presbyterian men in Flint. Those going to Flint were Arthur Battel, Joseph Crawford, Harry Stine, George Fisher, Sr., Myron Fisher, Henry McLellan and Rayford Thorpe.

Miss Catherine MacGillvary and Miss Annie McLeod entertained cousins from Canada from Saturday until Monday. Wm. MacGillvary of Detroit was also a guest.

Fraser church choir met Thursday evening with Mr. and Mrs. Harry Stine for practice.

Mrs. Pete Rienstra is recovering at home from minor surgery in Bad Axe General Hospital last week.

The last day of school for District No. 2, Greenleaf Township, teacher, Mrs. Robert Hoadley, was celebrated Thursday with a delicious potluck dinner at noon served by the mothers, and ice cream furnished by the teacher.

The Ladies' Aid of Fraser Church met Wednesday for dinner and quilting. The next meeting will be June 1 when the committee in charge of the dinner will be Mrs. Ronald Fox, Mrs. Glen Profit and Mrs. Anson Karr.

Frank Decker, who was injured several weeks ago in a farm accident, returned home from the hospital on Thursday and is slowly improving.

More Electric Power For Farms

400 Per Cent Increase Predicted by 1965

By 1965 the average American dairy farmer will be using 400 per cent more electric power than he now uses, says a General Electric executive.

Karl H. Runkle, manager of industry sales for G. E. recently told a conference on farm electrification that the \$2,000 kilowatt-hours the dairy farmer will use annually in 1965 will cost only about \$60 a month.

Runkle believes that all farmers who want to keep their heads above water during the next few years must "learn to streamline their operations and increase efficiency by continually increasing use of electrically operated labor and time-saving devices, otherwise they won't survive."

By 1965, it is predicted, electric power use will be increased by 400 per cent on American dairy farms. Electric machinery, certain to be less complicated than this artist's drawing, will wash, grade and store eggs within a matter of seconds.

"By 1975, eggs will be gathered seconds after they are laid, then washed and graded automatically, and conveyed to the storage room where they will be rapidly cooled," he said.

He predicted that in the southern and central areas of the nation, electrically-operated heat pumps maintaining a 50 to 60 degree temperature range in poultry laying houses will assure maximum production, better quality eggs, and eggs with higher hatchability.

Direct-Consumption Sugar Now Developed

A new grade of sugar for direct consumption has been produced experimentally from sugar cane by U. S. Department of Agriculture scientists. The sugar is made by a process using resin materials (ion exchangers) to purify the cane juice. The quality of this new grade of sugar makes it suitable for use without refining in many food products, particularly candy and confections.

Yields of cane sugar obtained in the laboratory by the new process are higher than those of conventional processes. Under Louisiana conditions, for example, the increase in yield would amount to about 12 to 15 pounds of sugar per ton of cane of average sucrose content. Similar savings presumably would result with cane from Florida, Puerto Rico, and Hawaii.

One of the most pressing problems of the candy industry is to obtain sugars of adequate quality at minimum cost. Experience has shown that many types of candies of excellent quality can be produced with less expensive grades of sugar; an example is turbinado sugar, which has been used for many years in substantial quantities for caramels, certain types of coatings, and other candies.

New Herbicide

Dr. Stephen Raleigh, Pennsylvania State University agronomist, stands at the boundary line between rows of corn treated with Amsel, new herbicide, and an untreated section of the field. Rank growth of grass shown in corn at left of picture was prevented when Dr. Raleigh applied herbicide to corn rows on the right.

Meeting Scheduled For Wood Handlers

All sawmill operators, wood using industries and others involved in handling Saginaw Valley hardwoods will be interested in this June third Special Harvesting and Marketing meeting. It is to be held at the Saginaw Fair Grounds, from 10 a. m. to 4 p. m.

Don R. Kehler, assistant county agricultural agent, states that many interesting discussions, covering marketing, supply and processing will be held by at least ten representatives of organizations associated with Michigan State College, Wood Products Department, U. S. Department of Commerce, Department of Conservation, Gibson's, the Furniture Manufacturer's Association, Walker Metal Products.

Like many things, long-distance motor races had a pretty outlandish start. The car race some experts have called the toughest sports contest of all time began at New York City in 1908.

Six cars started out on a race over 13,000 miles of land and 8,000 miles of water (this part of it on ships). They were in a race westward from New York to Paris.

This was, don't forget, 1908 and you can imagine the kind of roads they had to use. They drove across the U. S., Japan, Manchuria, Siberia, Russia, Poland, Germany and France, fighting blizzards, failures, fallen bridges, deserts and tundra.

The three French cars never did finish. More than five months after it set out, the German car reached Paris. Four days later, the American car arrived, and the Italians came in six weeks after that.

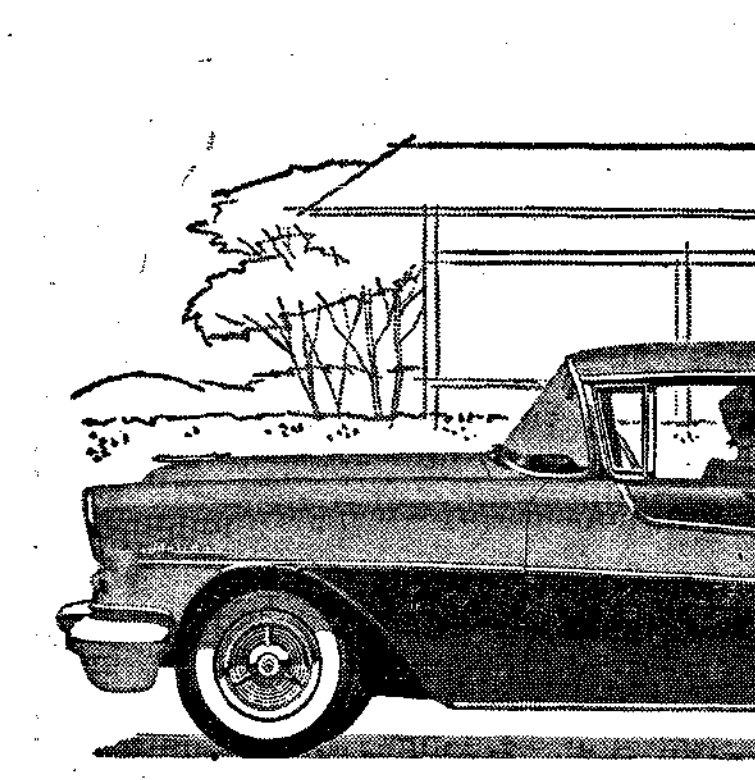

But the Germans had been given a 15-day penalty for breaking the rules, and the Americans a 15-day credit for observing them, so the Americans were declared the winners. The toughest of all races had taken them 168 days.

Such toughness was unusual in those days, but toughness is a byword of today's highly competitive car manufacturing. Durability is built into today's cars and you'll find the merit of them set out on our lot. That's the secret of buying a used car, to get the quality the maker first put into it, at a knock-down price. And that, you'll find, is what we have.

Good Example: A 1953 Mercury Deluxe Two Door Sedan formerly owned by Ronald Schiestel of Tyre, Michigan. This car is extra nice. Painted a very unusual Metallic Copper. Has good tires, radio, air conditioning heater and defroster. Priced to sell.

State's Dairy Foods in Spotlight

With Michigan ranking 7th nationally in milk production, Gov. G. Mennen Williams signs a proclamation designating June as dairy month. Watching him sign is Michigan's dairy queen, Joanne Barrett, 17, Lapeer senior. Joanne presented the governor with cheese and ice cream, two of the state's fine dairy products. Last year Michigan farmers received \$195 million from milk sales.

The recipient of free advice should shake it well before taking. The Social Welfare Commission appeared before the Board. Chairman Jones called upon Mrs. Gladys Wilkes, chairman of the Commission, who presented their annual report for the year 1954.

Death claimed one of Cass City's older residents Sunday when Mrs. Alice Nettleton, 84, died in her home after being confined to her bed for a week. Funeral services were held in the home of her daughter, Mrs. Ernest Schwaderer, Tuesday at 2 p. m. Rev. M. R. Vender of the Presbyterian Church officiated and interment was made in the Oakwood Memorial Mausoleum at Saginaw.

Daughter of the late Mr. and Mrs. Amuel and Lydia Ettiner Frutchey, she was born at Mt. Bethel, Penn., April 6, 1871.

Mrs. Nettleton was an honorary member of the Woman's Study Club here and served as treasurer of the Presbyterian Ladies' Aid for 25 years. She also served for a number of years as treasurer of the local library board.

Surviving are her daughter, Thelma, Mrs. Schwaderer; three grandchildren and four great-grandchildren.

Jesse Timmens, 16, grandson of Mrs. John Walmsley, was seriously injured Friday afternoon

when he was kicked by a horse in the barn of his employer, Ben Kirton.
The Gavel Club pledged \$300 towards the air strip project for Cass City at the Haley restaurant Tuesday evening.
Twenty-five Years Ago.
Luverne Battel and Hazel Hower of Cass City were among the 29 students to graduate from Tuscola County Normal School.
At a meeting of the board of directors of the Cass City Fair held Tuesday evening, the following officers were elected for the year: president, John May; vice-president, Andrew N. Bigelow; secretary, Samuel Champion, and treasurer, Harry L. Hunt.
Chris Seeger, one of Cass City's early pioneers celebrated his 75th birthday Thursday. A surprise birthday party was held at his farm home near Cass City.
A large crowd was expected for the annual Memorial Day parade in Cass City. Rev. William R. Curtis and Mrs. A. A. Ricker are members of the general committee. On special committees are the following: parade, M. B. Anten; flowers, Mrs. J. A. Sandham; Mrs. Alice Nettleton, Mrs. Harriett Dodge and Mrs. Anna Patterson; music, R. A. McNamee, and grave decorations, C. M. Wallace and Dorus Benkelman.

Police Open Ranks For Shorter Men

The minimum height requirement of Michigan State Police officers has been reduced one inch to five feet, nine inches, which will open up the ranks to many more young men who want to become members, according to Sergeant John C. Carstensen, commanding officer of the Bad Axe post.
Sgt. Carstensen commented on the change in connection with a current recruiting program to fill 65 anticipated positions.
"The change was decided upon only after long and careful research established that it would not affect the present physical standards of the department," Sgt. Carstensen said. "Many very desirable men were being barred because they could not quite meet the previous five foot, 10 inch minimum."
Weight and build must be in proportion to height.
Other requirements are that a recruit must be between the ages of 21 and 29, inclusive, in good health and of excellent character. He must have a high school education or its equivalent. Married men as well as single are accepted.
Full information may be obtained at any State Police post or by writing to the State Civil Service Commission or the Michigan State Police at Lansing.

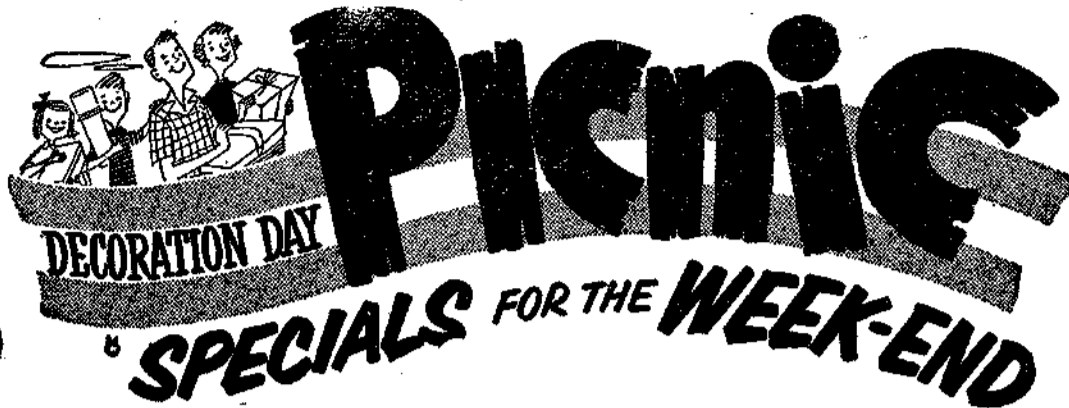

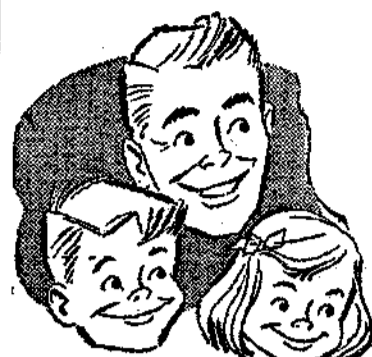

KINGSTON

Thirty-five Years Ago.
Nestle's Company to hold big reception and field day for all milk producers in the area. It will be the second annual event staged by the company. Included will be a picnic and games of all kinds.
Mrs. Genie Martin was re-elected president of the WCTU at the 88th annual convention of that organization held at Caro Tuesday.
Mrs. A. J. Knapp was elected president of the Thumb Association of the Order of the Eastern Star. The meeting was held in Cass City and 20 chapters were represented.
One of the shortest liners in the history of the paper appeared in this issue. It read "Eggs wanted at Jones."
While working on a scaffold 12 feet high at the rail road agent's home, the scaffold fell with R. D. Lewis and S. Sherk. Mr. Sherk escaped with small bruises but Mr. Lewis was badly injured. His left ankle is in serious condition, broken or severely strained.
The only way to follow the races is to keep ahead of them.
Ability to cope with changing circumstances is an essential characteristic of all great men.

Funeral services for Mrs. Rhea Henderson, 62, were held Wednesday afternoon in the Methodist Church with Rev. Edith Smith officiating. Besides her husband, she leaves two sons, three daughters, her mother, one sister and 12 grandchildren. Burial was in Kingston cemetery. She had been postmistress here for several years.

SHORT STORY

Final Test

By Vesta M. Kelly

I WANTED that part so bad I could almost taste it! A chance to travel with the Donner Players! And, here we sat, waiting—sweating it out—not knowing... The applicants had thinned down one by one until only three remained. I was one of the lucky three. Then Mr. Donner said, "If you gentlemen will sit down, I'll let you know in a few minutes which one has been selected."

Just like that! The other fellows sat together talking, laughing easily. I stayed alone, as jumpy as a cat, my palms sweating.

I wanted that part. It was, for me, a chance that I'd worked and waited for—especially waited—such a long time.

I'd been almost through dramatic school when I'd gone to Korea with the Air Force and I'd graduated from Korea into an Army hospital.

I looked at my companions. They were big fellows, almost as big as I am, but they were both as dark as I am fair. Tall, dark and handsome, I told myself. And they were good. I knew. I had watched their tryouts. I wondered

how I would choose one of them. The door at the end of the aisle pushed open, letting in a sharp wedge of light. We all looked around. It was a little girl. Disappointed the others turned away.

I watched the girl. She was a skinny kid of twelve or thirteen, wearing dark-rimmed glasses. She came groping down the aisle. I thought she was coming over to where we sat. She changed her mind and made for a door with a small white light over it. (She struggled with the door, but couldn't open it.) I thought I heard her breath in a stifled sob.

She struggled with the door, but couldn't open it.

I glanced at the others. They weren't paying any attention. "Well," I thought, "You might as well go see if you can help the kid. You can't get shot for that." I went over. She was still twisting on the door handle crying a little, very softly.

"What's the matter, kid?" I asked.

"Mr. Donner... I was supposed to see Mr. Donner." "You have an appointment?" "Yes. Then mama got sick..." "Well, his office is this way. Come on, I'll show you."

I didn't look at her in the hall. When we came to Donner's office door, I said, "Knock on there and you'll be all set."

Quickly, she put her hand on my arm and said as though she was going to cry again, "I'm scared..."

I knocked, and when Mr. Donner's voice boomed, "Come in," I pushed the door open.

Mr. Donner came around the end of his desk, a big smile on his face. He took me by the shoulders and said, "So, you're the one!"

He gave my shoulders a friendly little shake and called back to his secretary, "Joan, tell the others they needn't wait."

The little girl tossed her hat on the desk took off the glasses and folded them up. She laughed up at me out of the corners of big green eyes. She was little and cute and about my own age. The kind of girl that just fits in a watch pocket.

"But..." I sputtered. Chuckling, Mr. Donner said, "This is Linda Scott. Fine actress. Be with us this season."

He waved me into a chair. "You three were all good," he said. "There wasn't a one among you couldn't handle the part all right. Hard to choose. All things being equal, I try to let something else choose."

"We're a small group. Together constantly. Rehearsals, traveling, all the time. Little things make a big difference. The fellow who is considerate, even when he has things on his mind, makes the best companion. So, we played the little trick on you. Let you choose for yourselves. Glad you'll be with us."

Personal News and Notes from Gagetown

Miss Martha Martinek of Bay City spent Sunday with her mother in Gagetown, concluding a two-weeks' vacation. Miss Martinek and four friends had spent three days in New York City where they attended Ed Sullivan's "Teast of the Town" and also "What's My Line?" Leaving New York, they flew to Bermuda, where they spent eight days touring the island on bicycles. They returned to New York via the Queen of Bermuda.

The St. Agatha May crowning of the statue of the Virgin Mary was held out of doors in front of the school Thursday evening with the pupils forming a living rosary. Phyllis Schwartz carried the crown on a satin pillow and Donna Jean Seuryneck placed the crown on the statue. She was attended by Rose Leyva. The eighth grade graduates wore their green caps and gowns. The Rev. Fr. Glenn Cronkite was celebrant at the benediction.

A dessert bridge party was held at the home of Mrs. Patrick Kehoe with three tables at play. The high score was held by Mrs. Jack Purdy and the house prize was drawn by Mrs. Alvin Freeman.

Several from this vicinity attended the K. C. initiation in Caro Sunday.

Tim Burdon, who is attending college at Mt. Pleasant, will visit at the home of his parents, Mr. and Mrs. Richard Burdon, this week end.

The Past Matrons of the Eastern Star lodge entertained their husbands at a cooperative dinner in the lodge rooms Monday evening. Cards were played and prizes awarded. The hostess was Mrs. Stella Crawford.

Mr. and Mrs. Earl Hurd, Mr. and Mrs. Leslie Hurd and family, and Mr. and Mrs. Elmore Hurd and family attended the wedding and reception of Mrs. Earl Hurd's nephew, John Novess of Drayton Plains, to Miss Margaret Levegood in St. Michael's Church in Pontiac Saturday morning. The wedding breakfast and afternoon reception were held at the home of the bride's parents on Norton Avenue, Pontiac.

The Gagetown Public School closed Friday by having a short

program and a dinner with ice cream and cake served the parents.

Miss Patricia Huhler and friend, Miss Helen Grace Sullivan of Monroe, spent from Wednesday until Sunday with Mr. and Mrs. Alvin Freeman. Saturday afternoon visitors at the Freeman home were her sister and husband, Mr. and Mrs. Al Watson of St. Clair Shores.

Mr. and Mrs. John Mackay left Friday for Walled Lake and Detroit to visit their families until Tuesday. Then they will go to Long Branch, New Jersey, to visit their son and family, Mr. and Mrs. Lester Mackay and Charles. They expect to be gone a month.

Mr. and Mrs. Roman Glaza and family of Peck spent the week end with her parents, Mr. and Mrs. Frank Schwartz.

St. Agatha school closed Wednesday. On the previous Friday, ice cream was served the pupils.

Mrs. Richard Burdon spent Sunday with her mother, Mrs. Charles Bauer, in Sebawaing.

Jack Downing, son of Mr. and Mrs. Westley Downing, received his discharge from the army April 29 at Selfridge Field after four years of service. He was inducted May 3, 1951, and received his basic training at Sampson Air Base, New York, and went to college at Kirksville, Mo. He was stationed at Anchorage, Alaska, for 34 months and for the last few weeks has been at Selfridge Air Field. He is now employed at the Cities Service oil station.

The meeting of the Carolan 4-H Club was held at the Birmingham school Wednesday, May 11, with an enrollment of twenty members. Summer projects are gardening, food preparation, crops and cattle. Election of officers was held and the following were elected: president, Mary Ann Hobart; vice-president, Ross Beach; secretary, Sharon Walsh; and treasurer, Jack Laurie. Several standing committees were appointed. The leaders for this group are Mrs. Frank Sinclair, Mrs. Ray Toohy, Mrs. Lawrence Salgot, and Mrs. Clifford O'Connell. The past president, Sharon O'Connell, presided at the meeting.

The Elmwood Bureau meeting was held Tuesday evening, May 17, at the home of Mr. and Mrs. Thomas Seuryneck. The president, Thomas Seuryneck, opened the meeting and important topics for next year's discussion were led by the discussion leader, Kenneth Bauer. A co-operative lunch was served. The June meeting will be held at the home of Mr. and Mrs. Lawrence Salgot.

Mr. and Mrs. Marvin Goyette and children of St. Helen, Mr. and Mrs. Noble Benson and son, Lloyd, of Detroit, Mr. and Mrs. Dale Jamieson and family, Mr. and Mrs. Lee Jamieson and family, all of Owendale, and Mr. and Mrs. Fred Carson visited Mr. and Mrs. Alex Jamieson and son, Robert, on Sunday. Robert recently returned home from Germany. He received his discharge from the army after serving two years.

Sunday afternoon visitors of Mr. and Mrs. Elery Sontag were Mr. and Mrs. George Richards and Miss Edna Jacques of Sarnaw. Mr. and Mrs. Arthur King and Robert of Flint, and Mrs. William King of Owendale.

Hottest news in Hardtops is the 4-Door Riviera

Why take anything less than the sensation of the year?

WHEN you learn what's been done in the automobile pictured here, you can easily see why this beauty is winning rave notices coast to coast.

Buick engineers took the hardtop body design that has been growing tremendously in popularity over the past six years—and gave it four doors instead of two.

Simple? Sure—to all outward appearances.

But it took a brand-new kind of body with wholly new structural principles to do it—to bring this long-awaited new kind of automobile to the public in volume numbers and at popular prices.

For this is a true hardtop—with the sleek and racy look of a Convertible, because there are no center posts in the window areas on either side.

And now it has front doors for the front-seat passengers—and rear doors for the rear-seat passengers—plus room increased to the size of a full Sedan.

(It took some special kind of engineering magic, you can be sure, to hinge all four doors at their forward edges for greater safety, and more ease of entering and exiting.)

HOTTEST NEWS IN AUTOMATIC DRIVES IS VARIABLE PITCH DYNAFLOW

It's the world's first transmission with the switch-pitch principle of the modern airplane's variable pitch propeller. You get better gas mileage in cruising. You switch the pitch just by pressing the gas pedal—and get lightning-like response for getaway, or for a sudden safety-surge of accelerating power. It's the performance thrill of the year. Standard on ROADMASTER, optional on other Series at no more extra cost than earlier versions of this wonder drive.

So it looks like Buick has scooped the industry again—and come up with the hottest news in hardtops since Buick originated the first two-door hardtop six years ago.

And you can have it now—in the low-price SPECIAL or the supremely-powered CENTURY—and either one at the modest extra cost of a 4-door model over a 2-door.

Drop in on us today—this week, for sure—and see how easily and how quickly you can be yours.
