

Expect Record Crowd at Home-coming

From the Editor's Corner

Less than a day's travel away, in rugged Ontario, is a country that is untouched by civilization... the same today as it was thousands of years ago.

In a trip 90 miles north of Sault Ste. Marie, Canada, by rail last week end to the Montreal River Falls, we saw forest wilderness that excited the imagination.

Getting off the train at the dam, workers are busily engaged in adding to the already monstrous structure to get more power. It is little different than any river back home.

But after you are around the first turn in the river from the dam, the country reverts to the way it must have looked before the first settlers arrived.

Mountains of sheer rock 600 feet high with only about a foot of earth on top captures your attention. Trees with roots exposed are in a continual fight to penetrate the rock everywhere and only the drone of your motorboat breaks the seemingly endless silence.

Despite the fact that Canada has a huge gas tax, roads are nonexistent and populating the country is a never-ending problem.

According to Mike Nordenholt, our picturesque Canadian host, populating the country is a never-ending struggle. Canada gives \$5 monthly to the mother for each child in an effort to increase the population... but still the majority of Ontario is without a settlement of any kind.

Supplies of all kinds must be transported by rail and supplies of fresh milk, produce and meat are at a premium.

About the only means of making a living are trapping and hundreds of tourist camps built along the railroad. This year, much of the tourist business has been lost due to the extreme dry spell which has forced the government to ban all travel into the forest. The country has had no general rain since May and 12 forest fires are raging in the area.

We failed to find the fabulous fishing that the country is noted for, but heartily recommend the trip for persons who like to leave the beaten track for outings in a primitive setting.

Auten's Loses Two; Snarks Softball Race

A sudden reversal in form by Auten's has thrown the Carls Softball League title up for grabs in the final days of the regular season.

Auten's, which had been undefeated going into the final two games of the year, needed just one victory in two games to wrap up the championship. But Reese, the door mat of the league, and Booth's, which Auten's defeated earlier in the season, came up with surprise victories to send Auten's down to a tie for the lead with the Lions.

If the Lions win a protested game in which they have a 5-1 lead with two innings left to play and then down Booth's, they will tie for the championship. Both games were to have been played Thursday, July 28.

In the game against Reese, the league cellar-dwellers pounded Joe Kilbourn for 10 hits while the best heavy hitting Auten's could muster was five safeties. Kilbourn pounded out a home run in his own behalf but it was not enough to win as Reese took a 4-3 victory.

Booth's victory came on only four hits which they combined with errors to turn into five runs. All of Auten's counters were recorded on the three-run round-trip blast by Carl Kolb.

For Reserve Water Supply

Discuss Adding Third Well in Cass City

Little action was recorded in the regular monthly meeting of the Cass City Village Council Tuesday night at the Municipal Building.

With four members of the council attending, the group discussed the water supply of the village. At the present time, there are two wells in the village. During hot dry weather, such as the area is now experiencing, both pumps are running almost steadily.

If one of the pumps should break down, a serious water shortage could result. Because of this, trustees are asking Mr. Hubble of Hubble, Roth and Clark to survey the situation and find the estimated cost of a third well to augment the present supply.

In the June meeting of the council, trustees instructed C. R. Hunt to investigate the possibility of buying a used sprinkler for the recreation park.

Mr. Hunt reported the cost of the sprinkler and said that if it were erected it would have to be placed permanently on the field. Because of this, trustees decided not to buy the unit.

Lawn sprinklers are now in use constantly at the park, but do not spread enough water to satisfy the needs of the area in extremely dry weather.

The council expected a representative from Wright Construction Company at the meeting Tuesday to discuss the cost of resurfacing Seeger Street. However, he failed to report to the meeting.

Wright Construction has already been awarded the contract to resurface Main Street and trustees want to find what the cost would be for Seeger, if the work is done in conjunction with Main Street work.

In other business, the council voted to raise liability insurance on the water tower from \$10,000 to \$15,000 and okayed three building permits.

A permit was granted to Brinker Lumber Co. for a house on North Seeger. Cliff Croft was granted a permit for a house on Woodland Street. Brinker Lumber Co. was also granted a permit to build a tool shed on land they lease from Grand Truck Railroad. The land is situated south of the depot.

Heart Attack Fatal For Francis Doyen

Francis Merlin Doyen, 48, of Novesta Township died unexpectedly of a heart attack early Wednesday at his farm home. He had worked as a salesman on Tuesday.

Son of the late Mr. and Mrs. Francis M. and Mary Ratajczak Doyen, he was born in Bay County June 10, 1907. He married Eunice Pruett at Toledo, Ohio, April 5, 1929.

Survivors include his widow; four sons, Thomas of Wisner, Patrick of Akron, Ralph, serving in the air corps and currently stationed in Washington state, and Donald of Cleveland, Ohio; four grandchildren; three sisters, Mrs. Violet Schaller of Munger, Concluded on page ten

District Governor Here Tuesday

Hewens Points Out Rotary's Objectives

Rotary Clubs in 92 countries and geographical regions throughout the world are united in an endeavor to promote international understanding, good will and peace. That was the message of Clare J. Hewens of Bad Axe, governor of District 220 of Rotary International, in addressing the Cass City Rotary Club on Tuesday, following a conference with local Rotary officers and committee chairmen.

In addition to the activities of Rotary's 8,700 clubs within their own communities to promote this objective, Mr. Hewens explained, Rotary International has spent more than \$1,750,000 in recent years through its program of student fellowships, which enable outstanding college graduates to study for one year in countries other than their own, as ambassadors of good will. Since 1947, when this program was established, 709 Rotary fellowships have been awarded to students in 57 countries. Miss Mary Nevins, formerly of Clare, but now

Proper Rear Lights On All Vehicles Aim Of State Police

Sgt. John C. Carstensen of the Bad Axe State Police Post said today that his post would rigidly enforce the law requiring proper rear lighting equipment on all vehicles.

The Bad Axe police, who serve the Cass City area, said that the law requires every trailer and motor vehicle to have a rear red light that is plainly visible for a distance of 500 feet.

It also requires a light that will make the rear license plate plainly visible for a distance of 50 feet. Sgt. Carstensen said that every trailer or farm wagon weighing 3,000 pounds or less is required to have two reflectors. Concluded on page 10.

Slate Band Practice For Home-coming

Roger Parrish announced this week that there will be a band rehearsal at Cass City High School Tuesday evening, Aug. 2, at 8 p. m. to prepare for the home-coming parade Thursday, Aug. 4.

All former band members are urged to attend. Mr. Parrish said.

Delivering Mail at Tyre Family Affair

Delivering the mail at Tyre will become a family affair in the near future. Mrs. Mary Spencer has been notified that she has been appointed postmaster in the Sanilac community. Effective date of her appointment was not revealed.

Mrs. Spencer's son, Lynn, is the rural mail carrier out of the same community.

Largest Volume In History for Local Company

At the annual stockholders' meeting of the Cass City Oil & Gas Co., Manager Stanley Asher revealed that sales for the company were the largest in history.

With this report, the board declared a 10 per cent dividend on stock. The dividend marked the 27th straight year that the company has declared dividends of 10 per cent.

In other business, all officers of the company were re-elected. Henry Smith is president; Bruce Brown, vice-president, and M. B. Auten, secretary-treasurer. Directors on the board are: Roy Severance, Arthur Atwell and Gillies Brown.

Bad Axe Wins Thumb Babe Ruth League Crown

Bad Axe's entry in the Thumb Babe Ruth League won the official championship Thursday, July 21, when they defeated Cass City 4-3 in a fine closely fought ball game at Bad Axe.

Nervousness of Cass City players was responsible for the defeat as the Huron County seat nine jumped off to a three-run lead in the first inning. All of the runs scored by Bad Axe were unearned.

The runs in the first came as a result of two errors, two walks and two scratch hits.

Cass City rallied to get back into the ball game in the third and fourth innings. In the third, they scored their first counter. After two were out, Art Severance walked and Clint Neiman singled him to third. He scored moments later on J. D. Alexander's single. When the center fielder fumbled the ball, Neiman tried to score but was nipped at the plate to end the rally.

In the fourth, Cass City tied the score with two runs. Perry Hoagg walked, McKee singled and Brent Connell was safe on an error as Hoagg scored. Ray Fox tapped a ball to the pitcher who trapped McKee trying to score from third. Johnson then grounded a single through the box to score the final run of the game for Cass City.

Bad Axe scored the winning run in the fourth. Tageson singled and was sacrificed to second. He moved to third on an infield out and scored on a passed ball.

Bad Axe collected five hits and committed one error. Cass City scored their runs on four hits and committed three misplays.

Both Fox for Cass City and Pangborn for Bad Axe pitched excellent baseball.

Coach Irv Clasen said that one of the reasons for Bad Axe's superiority was the fact that they have Little League baseball and the boys playing in the Babe Ruth League for Bad Axe have the advantage of several years' organized baseball experience before playing in the league for older boys.

Little League baseball was discussed for Cass City two years ago, but plans never were brought out of the speculative stage.

Circumstances permitting, Mr. Clasen said, Cass City will field a team in the Babe Ruth League next year.

Appin School Holds Reunion Sunday

The Appin school reunion was held Sunday, July 24, at Soldier's Field 4-H building in Bad Axe with an estimated 150 persons attending.

A potluck dinner was followed by a short business meeting and group singing.

In the business meeting, officers in charge of the next reunion were named. They are: president, Wilford Depcinski; vice-president, Gerald Willis; secretary, Mrs. Blanche Ross; and treasurer, Mrs. Leila Robinson.

Former teachers present were: Mrs. Hazel (Lake) Henderson, Uby; Mrs. Katie (Frank) Edwards, Harbor Beach; Mrs. Fannie (Baskin) Morrison, Uby, and the present teacher, Mrs. Hazel Jurgess, Bad Axe.

Gifts were presented to the two oldest pupils present, Mrs. Belle (Morrison) Fuester and George Lewis, both of Bad Axe. They both attended the school in 1888 and are over 80 years old.

A history of the school written by Mrs. Elsie (Frank) Herrington of Akron was placed in book form by Warren Slack and will be presented to each family attending the reunion.

Mrs. Gertrude Walker Garety came dressed in the garb of ladies of 75 years ago. Her shawl and hat were the original garments of her grandmother, Mrs. Catherine Walker, wife of Colin Walker, who was among one of the first settlers in the Appin School District.

The group sang "Happy Birthday" to A. L. Davis who was 66 years old on the date of the reunion.

Miss Rebecca Chisholm, 91, was the oldest visiting guest. The program ended with the group reminiscing of school days and visiting.

Phone Change-over Nears Completion

General Telephone Company of Michigan announced that final stages of the conversion from magneto to common battery service are now taking place.

This project was started in October of 1954 and when completed will represent an expenditure by the telephone company in excess of \$120,000. In the final phases of completion, installation of the common battery switchboard has been started and a major portion of the station re-habilitation work is done.

New telephones are being installed and subscribers will receive an instruction card. These cards will explain the use of the special equipment which is being installed along with the new telephones.

Most of the telephone numbers in the Cass City local area will be changed as a result of the conversion. Prior to the change-over, each subscriber will receive a new directory which, among other things, will list all of the new numbers.

Many Winners in Water Carnival at Pool Friday

The supervised playground program at the Cass City Recreation Park ends this week and the last big event of the season was to have been held Thursday, July 28, when a field day was scheduled.

Highlight of the program was a greased pig chase. Also on the docket was a father-son ball game, three-legged race, bag race, greased pole climb and free swimming.

Festivities were to have started at 6 p. m. with picnic lunch. The program was to last until 10 p. m.

Friday night a water carnival was staged with races for all classes of swimmers.

In the beginners' group race Marty Yedinak was first, Emery Orto, second and Jim Ballard and Alex Seibert tied for third.

An under water endurance contest for beginners was won by Sharon Wright. Susan Marks and Jim Ballard finished second and third.

The final contest for beginners was an inner tube race. It was won by Sheryl Law. Susan Marks was second and Alex Seibert, third.

In the intermediate class three contests were held: Louie Horner and Connie Hartwick tied for first in the wash tub race. Jim Ross finished second and Tim Schaible was third.

Louie Horner won the length of the pool race. Second place went to David Binder and Jim Ross was third. In the four basic strokes event, Dick Albee was judged the winner. Jim Ross was second and Connie Hartwick, third.

Advanced swimmers also competed in three events. Mike Fritz finished first in a feet tide race. Fred Leeson was second and Clayton Neiman won the third place award.

In a straight race, Fred Leeson was first, Mike Fritz, second and Fred Tyo, third.

Fred Tyo was the winner of the under water race. Clayton Neiman was second and Bob Holcomb finished third.

Three open events were held. Ken Matthews was the champion in the penny dive. Becky Champion was second and Jim Champion and John Smith finished in a tie for third.

Alex Seibert won the funny dive event. Clayton Neiman was judged second best and Tom Harber, third.

Fred Leeson's diving won first place. He was followed by Schaible for second and Don Smith and Bob Holcomb who tied for third.

Mr. and Mrs. Mike Yedinak expressed appreciation for the cooperation they received from both the adults and children while the recreation program was in progress. "It was through this friendly spirit that the program was able to operate successfully," they said.

Hack - Huffman Reunion Held

Call Eight from Tuscola County to Army Service

Eight county men are slated to be inducted into the armed forces Wednesday, Aug. 3, to form the August quota of men from Tuscola County, the Selective Service Board at Caro announced this week.

Included in the list is William S. Kolacz of route three, Cass City. Others are: Donald Elmer Weber, Vassar; Roger J. Frank, Fairgrove; Lloyd W. Bierlein and Richard C. Andrus, both of Reese; Roy G. Middleton, Mayville; Floyd E. McNally, Silverwood, and Clifford R. Stockmeyer, Reese.

These men will report to the VFW Hall in Caro at 6:30 a. m. from where they will be transported to the induction center at Detroit.

Accompanying the inductees will be 17 registrants who will go to Detroit for pre-induction physical examinations.

North Branch Tops Cass City Saturday

League-leading North Branch defeated the Cass City Merchants Saturday night under the lights in a loosely played game at North Branch, 18-8.

It was the second loss for Cass City under the lights and the second time that the club has played poor defensive ball. Saturday they allowed nine unearned runs.

As in their previous defeat under the lights, one bad inning spelled disaster for the team. The Branchers collected seven unearned runs in the frame.

Bloop hits that fell in front of and behind outfielders, wild throws, walks and four errors were responsible for the runs.

Cass City had jumped off to a 5-0 lead in the first two innings as a result of timely hitting by Carl Kolb, Lee Hartel and Joe Kilbourn. When North Branch ended their big second inning rally, the score was 7-5 in favor of the league leaders.

North Branch scored an unearned run in the third and an earned run in the fourth to bring their margin to 9-5.

Cass City closed the gap with single runs in the fifth, sixth and seventh to make the score 9-8 going into the last of the eighth, when North Branch iced the game. They scored four runs on hits and fielding errors to bring the score to 13-8.

Cass City players were visibly bothered by the lighting system that made it difficult to field even routine fly balls.

Gerald Whitaker pitched a fine game for Cass City but poor fielding support ruined his chance for victory.

The game was characteristic of the games played by the club this year. They showed good offensive ability and poor defensive play. Three of the club's four defeats were caused by defensive lapses.

North Branch's threat to make a runaway of the league was halted as they lost their second game of the year to Richville to scramble the title picture in the 3-Star League again.

Next Sunday the club will play Reese at Cass City Recreation Park. They will play the same club Thursday, Aug. 4, as part of the annual home-coming celebration.

Coming Auction

Saturday, July 30—Mrs. Earl Waun will sell livestock and farm machinery at auction at the premises, one and a half miles north of Snover.

After 50 Years In Business

Fred Maier Retires; Sells Share in Market

Fred Maier, a partner in a local meat market for 50 years, this week announced his retirement from business.

His share in Gross & Maier Meat Market has been purchased by James Gross who now is the sole owner of the concern.

Mr. Maier began his career with the concern when 18 years old. He worked for the late Harry Young for 19 years before becoming a partner in the business with his employer.

He remained Mr. Young's partner for 17 years. He was a

New Free Features Added to Program

Members of committees of the Cass City Chamber of Commerce reported this week that final details for the sixth annual all free home-coming in Cass City Thursday, Aug. 4, have been completed in readiness for the largest feature-packed day ever to be presented in the community.

Starting with the enlarged livestock show in the morning, through the free dance that concludes the day's long activity in the evening, special events have been prepared.

Best of all, persons attending can enjoy all of the features without spending a penny... a rule that has been followed since the home-coming was originated six years ago.

Visitors will be able to spend money only at the locally sponsored refreshment and novelty booths and for the various rides provided for the kiddies. The charge for the rides has been held down to just cover the expenses of bringing them to the community.

Livestock Show

The Junior Livestock show that gets under way at 9 a. m. will open the show. This year there will be divisions for all breeds dairy cattle, beef cattle and all breeds sheep. Cash awards in the dairy and beef divisions of \$2 will be given to "A" group placings and \$1.50 to "B" group placings. Group "C" placings will be worth \$1.00.

In the sheep division, "A" groupings will receive \$1.50; "B" groupings, \$1.00, and "C" groupings, \$.50.

In addition, a brush and comb will be given champions in the dairy, beef breeding and steer divisions. Reserve champions in the dairy and beef divisions will be awarded halters, while the reserve champions in the steer division will receive dressing.

Champion awards in the sheep division will be sheep shears. Reserve champions will be given a sheep brush. Ribbons will also be awarded champions in each division.

Special awards include a show halter from Bigelow Hardware for the champion Hereford; trophy from Eklund Roller Mills for grand champion dairy animal; trophy from Farm Produce Co. for the grand champion beef animal, and trophy from Frutchey Bean Co. for grand champion sheep.

A new feature at the home-coming livestock show this year will be the 4-H judging contest under the direction of Jim Milligan. Parrott's Ice Cream Co. is offering special prize money for this event.

Judges at the livestock show will be Gleason Rohlfis, Huron County agricultural agent, for dairy cattle; Reid Kirk, Oxford sheep breeder from Fairgrove, for sheep; and Lynn Spencer, former 4-H steer feeder from Tyre, for beef cattle.

Giant Parade

The feature of the day for many visitors is the annual parade that follows the livestock show at 12 noon.

Through the cooperation of businesses and civic groups who are providing floats, the parade will be the largest in history.

From the parade, a lucky area girl will be selected, along with two other young ladies, as home-coming queen and court. She will reign throughout the day and be crowned just prior to the free evening show. The parade will start at the west end of Cass City and proceed down Main Street to the Cass City Recreation Park.

Horse-pulling Contest

One of the features that always attracts the interest of nearly all who attend the home-coming is the horse-pulling contest. The event is limited to one class for horses 3,200 pounds

and under. Teams will start competing for the prize money at 1:30 p. m. First place will be worth \$30. Other prizes are: second, \$25; third, \$20; fourth, \$15; fifth, \$10, and \$5 prizes to all others who compete.

While the horse-pulling is in progress, kids will gather at the stage at 2:30 p. m. to compete in the variety of events scheduled for all ages. Prizes will be awarded for every contest winner.

Promptly at 3:30 p. m., the attention of visitors will be drawn to the riding demonstration given by the Tuscola County Boots and Saddle Club. The outstanding show presents riding at its best. The concluding act features all of the riders cutting a figure eight on the dead run. Like the rest of the attractions, the show is free.

Baseball Game

Immediately following the riding demonstration, a 3-Star League baseball game will be played. The Cass City Merchants will meet Reese. The game will count in the official standings, as it is a regularly scheduled game that was rained out when originally scheduled.

Evening Entertainment

The evening show will open when Chamber of Commerce President Bill Jolly crowns the girl selected as queen of the home-coming.

The amateur show will present acts that have been signed to compete from Saginaw, Shepherd, Elkton and the Cass City area. Included will be pantomime acts, novelty numbers, piano solo, singing and tap and ballet dance numbers. Prizes totaling \$200 will be awarded to lucky contestants.

Just prior to the amateur show, at 8:10 p. m., students will give a demonstration of tumbling under the direction of Ray Whalin.

Completing the evening show will be a demonstration from the crack drill squad from the Naval Reserve Station at Bay City.

Open Bids for New School at Deford Tuesday

Mrs. Marjorie Pringle announced this week that bids will be opened for the erection of the elementary school in the new Deford Consolidated District Tuesday, Aug. 2, at 2 p. m.

Bids will be opened and read at the Deford School.

Copies of the plans for prospective bidders are available from the architect at Ypsilanti. Present plans call for the school to be completed by the start of the 1956 school year.

Because the new school will not be ready this year, it is possible that several country schools will be reopened this year to handle pupils. Quick School, which voted to annex to the Deford district, will be one which will have to find a place for pupils for the year.

Complete details of bidding procedure for the school will be found in an advertisement in this

MICHIGAN MIRROR NEWS BRIEFS

School bond money raised in desperation last spring may go virtually untapped for a year. Voters approved a \$100 million bond issue for the state to back up loans for hard-pressed school districts flooded with new students.

The idea was to finance everything a school district could not handle in the way of building projects above the 13-mill ceiling imposed by the constitutional amendment.

Then the districts would levy the 13 mills until the money was repaid over a 25-year span.

It was whisked through the legislature and onto the spring ballot. Legislators envisioned long lines of administrators using the money within weeks. The first district, in Garden City, qualified for a \$1,250,000 bond issue but its officials appeared disinclined to ask for a loan. Others are in the same position.

Atty. Gen. Thomas M. Kavanagh said he doubted whether any state bonds would be needed for another year, though he admitted the important consideration was that the fund is available.

"It becomes increasingly clear that loans to school districts will be fewer than expected," he said. Another bit of irony: The fund was designed to help districts mushrooming with higher populations. Kavanagh pointed out that the more people, the more taxes can be collected at 13 mills. "Some of the districts may find that they can finance their emergency building programs without state help," he said.

Legislators seeking answers to pressing problems of the state are fanning out into 32 summer investigations financed by \$181,000.

The results will be ready for the 1956 session when many of the inquiries will give birth to bills.

Some of the investigative committees are old, like the group studying Michigan's draining and flood control, highways, higher education and debt management.

But others are tapping new fields for the first time, including juvenile delinquency, the plight of caring for mentally retarded persons.

The list includes a study of the retirement systems for public employees, the problem of migrant workers, school aid and teacher salaries and labor-management relations.

This year marks a sharp change in the "Little Hoover" commission, formally known as the joint legislative committee on state government reorganization.

For the past five years, it has been a research and planning group, offering its reforms to the legislature with varying degrees of success.

With the research in 31 areas completed, and the bills drafted, the function is changing.

"We need a group to actively promote the proposals in the legislature," said Senator Frank Andrews (R-Hillman), chairman of the retiring group.

The legislature went along with the idea. The new Little Hoover committee will stay with the findings and recommendations of its parent group, concentrating on putting them into state laws.

Major reforms never adopted but proposed and debated in sessions since 1950, include abolishing the auditor general's office and creating a legislative auditor, making the post of superintendent of public instruction appointive instead of elective.

"I feel the groups have made important contributions to the welfare of the state," Andrews said. "Now we should get as many as possible into effect."

Republicans have created a party promotional scheme to fight off Democratic inroads in the legislature.

A special five-member committee of Republican senators has been appointed to help out in 1956 campaigns in districts where Democratic nominees are threatening.

The committee was named in the face of fresh attempts by liberals to change the apportionment of legislative seats.

Under the present system, the Senate is elected according to areas of land and the House on a qualified basis of population. In theory, outstate Republicans will hold the Senate, the city

Democrats the House. Democrats have always maintained that the entire legislature should be apportioned on the basis of population, a situation that would give urban areas control. Republicans figure districts—areas plus people—is the fair-est.

The Republican committee will work in marginal districts. "We plan to get money to help from the Republican State Central Committee," said Senator Creighton R. Coleman (R-Battle Creek).

Prepare Now for Fall Pasture Seeding

Now is the time to start turning under weedy, legume-lacking pastures and get set for re-seeding, especially if you have sudangrass ready to take over on the job of pasturing livestock, says Don Keblor, assistant county agricultural agent.

Legume or legume-grass pastures, where the legume stands have thinned out and weeds have come in, should be re-seeded, agree Michigan State University specialists. Field locations or erosion hazards may make it advisable to seed without other crops in between. In these cases, points out Soil Scientist James Porter, August seedings are the best. Now is the time to prepare the soil.

Plow or re-work the field once or twice a week, more or less, for control with a disk, spring-tooth harrow, field cultivator or even a corn cultivator with sweep shovels. If erosion is a hazard, a system of soil preparation which leaves trash on top will offer wind protection and slow the run-off from rain. Field cultivators or disk-type implements can be used in these cases for both the first and additional operations.

Lime and fertilizer should be used as needed; now is the time to take soil samples and get them tested at your county laboratory. If lime is needed, it should be applied soon enough for it to be thoroughly mixed with the soil during tillage operations. Fertilizer, the full amount called for in soil test recommendations, is best applied with the grain drill at seeding time, in mid-August generally.

The band seeding method which places the legume seed directly above the fertilizer band is good insurance that the re-seeding effort and expense will be rewarded, suggests Porter. The regular grain-fertilizer drill can be adapted to band seeding quickly and with little expense. Instructions are available at your county agricultural agent's office.

A good seeding combination is 6 to 8 pounds of bromegrass per acre. This seeding is intended for several years of pasture—or hay and pasture—before re-seeding. Ranger variety of alfalfa is

recommended. It has resistance to wilt.

The alfalfa and ladino seed should be mixed thoroughly and band seeded. A good way to sow the bromegrass is to mix it with oats, about a bushel of oats per acre. The oats also give the alfalfa some protection and, in favorable years, may provide some fall pasture.

Sudangrass is ready to pasture when it is about 18 inches high, reminds Nelson. The sudan fields planted between May 20 and June 1 usually are ready to turn in livestock soon after July 1.

The possibility of prussic acid poisoning from grazing new short growths of sudan is slight in Michigan but Nelson says it is a wise precaution to avoid pasturing short plants. This is regardless of the cause of the short growth. He offers this advice: The "low prussic acid producing ability" of Piper sudan grass is one of the advantages of using this fairly new variety.

Grange Members Take Mystery Ride

The annual "Mystery Ride" sponsored by Tuscola County Pomona Grange was held Saturday evening. Some 80 grange members in 20 cars left the fairgrounds at Caro. The Veterans' Memorial Building at Unionville proved to be the predetermined place of meeting. Each subordinate grange represented contributed a number to the miscellaneous program. Outside guests were Mr. and Mrs. Emil Hildebrandt of Saginaw. Mr. Hildebrandt is a state grange deputy. A collection was taken and the purse of money will be presented to a member of the Millington Grange, Arthur York, who recently lost a foot due to an injury received at auto races in Flint.

Attending the Saturday evening affair were Mr. and Mrs. Herbert Maharg, Mr. and Mrs. Richard Bayley, Mr. and Mrs. Ernest Beardsley, Mr. and Mrs. Theo Hendrick and their week-end guests, Mr. and Mrs. Hugh Hendrick of Kingston.

Faults that people do not know about themselves are generally the most important.

CARS ARE MY LINE

By H. M. Bulen

Any time is a good time to have a holiday by car, chasing the cooler spots in the summer and the warmer spots in the winter.

When you've been on a few holiday trips by car, you soon learn a few tricks for happy and easier motoring.

Many people I know keep a first aid kit always in the car, because holidays can so often be the time the youngsters choose to skin an ankle or bruise an arm. But one place never, never to keep the first aid kit is on the shelf behind the rear seat.

A sudden stop can send anything left on that shelf flying out like a shrapnel blast.

For the same reason, and for another reason too, the back shelf is a bad place to carry your camera. A camera should be kept away from a hot spot like that, where the direct rays of the sun can hit it. Don't put the camera in the glove compartment, either, that's another hot spot.

Nothing spoils a holiday more than trouble on the road. It's so much simpler to bring your car in before you leave and have us give it a thorough highway-travel checkover.

Ask us to do the little, but important, things that can give you peace of mind on the road: lubricate, change the oil, tune up the engine. Have the wheel alignment checked and the chassis and body bolts tightened. We'll check the battery, brakes and tires, including the spare.

Ask Yourself These Questions

If you are approached by an unknown company offering a "bargain" on a new roof for your home, or an insulation, siding, painting or repair job, ask yourself these important questions.

1. Do I know anything about the salesman or his company?
2. Have I asked the salesman or his company for references?
3. Have I reason to believe that the company will be in existence and financially able to fulfill its guarantees five or ten years from now?
4. Have I obtained a price on this job on exactly the same specifications from my own dealer?
5. Does the company provide liability and compensation insurance to protect me in case of an accident?
6. Do I know the brand and grade or quality of material I am getting?
7. In the event I pay for the job on the installment basis, do I know what finance company will have my note?

If the answer to any of these questions is "no"—be careful. Watch out for misrepresentation and watch out for "tricky" contracts. Play safe. Before you purchase material or enter into a contract with an unknown firm, consult your Lumber and Building Material Dealer who is Reliable and Responsible.

FROM THE FILES OF THE CHRONICLE

Five Years Ago.

Rate of population increase in Cass City during the past 10 years was nearly double that of the nation. The rate of growth in the U. S. was 14.9 per cent since 1940, and in Cass City it was almost 30 per cent.

Dr. Eugene C. Keyes will be the main speaker for the Shabbona home-coming Saturday, Aug. 19. Alex Lindsay, Jr., is general chairman.

At a meeting of officers of the Presbyterian Church Wednesday evening, James Gross was elected president of the board of trustees and Mrs. E. S. Croft was appointed Sunday school superintendent.

Kathleen Phelan, daughter of Mr. and Mrs. Emmet Phelan of Gagetown, was badly burned Saturday evening while playing around the fire at a wienie roasting.

Miss Grace Chisholm, who has been teaching in St. Louis, Mich., and Cass City, has accepted a position to teach in Venezuela, S. A., next year.

Ten Years Ago.

At the stockholders' meeting of the Cass City Oil & Gas Co., C. E. Hartsell, W. B. Hicks, Sr., M. B. Anten, Bruce Brown, Henry Smith and Charles Severance were elected to succeed themselves as members of the board of directors.

Friday awards were given 61 pupils at the Daily Vacation Bible school sponsored by the Presbyterian, Methodist and Evangelical churches.

Fifty-five business and professional men of Cass City have contributed funds for premium money for the first annual beef cattle show which will be held in Cass City Friday, Aug. 3.

The Shell Oil Co. has sent 92 oil lease renewals for the coming year. The original leases, were taken two years ago.

Twenty-five Years Ago.

Guy W. Landon of Cass City was again honored by being re-

elected president of the Michigan Rural Letter Carriers Association at their annual convention at Holland last week.

Jay Calley of Colwood was very seriously injured while cranking his car.

The bursting of the boiler of a threshing engine on the farm of Stephen Dodge Monday morning severely injured John Beebehyser, the engineer.

On Wednesday morning, a large barn on the farm of Albert Nintz, one mile north of Bach, was burned to the ground together with 500 bushels of wheat threshed the day before. This is the second fire which has destroyed farm property of Mr. Nintz within the past year.

Thirty-five Years Ago.

The census bureau gives Cass City and Sandusky, the county seat of Sanilac, exactly the same figures as to population. Both towns are credited with 1228.

After having all they wanted and giving away many quarts, the C. J. Malcolm family of Deford sold \$215 worth of strawberries from a plot of land 37 feet wide and 85 feet long.

Harry Vickers, who left Cass City this spring to commence farming 1/2 mile east of Snover had the misfortune to break his leg while at work on the farm.

H. D. Schiedel will be the general manager of the Farm Produce Co. for the coming year. He will be assisted in the grain department by Clarence Kercher of Elkton.

Display Kitchens At Centennial

If you could choose the most often used room in your house, chances are it would be the kitchen.

Because homemakers and their families spend so much time in the kitchen, it should be full of the most practical equipment arranged most conveniently, says Jean E. Gillies, Tuscola County home demonstration agent. And, she adds, the color scheme and the friendliness of the kitchen do a lot to brighten family relations and conversation.

For the latest ideas in kitchen and kitchen equipment, Miss Gillies suggests the Centennial of Farm Mechanization to be held on the Michigan State University campus, August 15-20. Five complete modern kitchens will be on display in the University auditorium. They will include a kitchen typical for a newly married couple, one for a family with small children, one for a family with teenage youngsters, one for a retired couple and one for a family living in a trailer.

Most deluxe of these kitchens will be the room for the family with teen and college-age children. With a color scheme of aqua and blue, it will have living, dining and working areas. Equipment will include refrigerator, freezer, washer and dryer. Besides dining space for six, the kitchen has an open fireplace, a television set, a meal planning area and a sewing center. The last word in everything goes into this kitchen which keynotes family hospitality.

Marriage Licenses

Marriage applications received in Tuscola County this week were:
Howard Edward Bodeis, 31, of Mayville and Frances Ann Katzinger, 23, of Unionville.
Chester Allen Kinney, Jr., 30, of Millington and Betty Joan McCollum, 21, of Caro.
Ward Cary Glasser, 19, of Akron and Connie Elaine Dutcher, 18, of Sebewaing.

Marriage licenses granted were:
Robert Eugene McPherson, 20, of Akron and Kay Frances Kintner, 18, of Akron.
Patrick James Basset, 18, of Millington and Leah Jean Revesz, 17, of Vassar.
Vernon Charles Dove, 49, of Reese and Laura Lane, 45, of Fairgrove.
James Francis Althoff, 26, of Detroit and Marian Kathleen Croft, 26, of Cass City.

CASS CITY HOSPITAL

Births:
July 27 to Mr. and Mrs. Sanford Powell of Gageton, a son.
July 23 to Mr. and Mrs. Harold Francis of Deford, a daughter, Vera Mabel. Mother and baby and the following other patients were recently discharged: Mrs. James Mallory and baby and Mrs. Mildred Howey of Kingston; Mrs. Clara Berry of Caro; Mrs. John Walsh of Tyre, and Freda Langmaid and Mrs. Dave Matthews of Decker.
Patients in the hospital Wednesday forenoon included: Mrs. Sylvester Abraham, Fred Hebert and Earl Spencer of Cass City, and Phin Miles of Caro.

Soil Conservation Field Day Slated

The 4-H club department and soil conservation district of Tuscola County has scheduled a conservation field day for August 3.

All 4-H club members and FFA chapter members and their parents are invited to attend. The field day will take place on the Dean Robinson farm, two miles east, one mile north, and one-fourth mile east of Watrousville, starting at 10 a. m. Those attending should plan on bringing a sack lunch with them. The Tuscola soil conservation district will furnish milk and ice cream during lunch.

Wilbur Kellogg, soil conservationist of the U. S. Soil Conservation Service, assisting the Tuscola soil conservation district, has designated areas on the Robinson farm for attending groups to observe. They include wildlife, woodland management, reforestation, pasture improvement and crop rotation systems. Alan Bolder, district forester from the Michigan Department of Conservation, will be on hand to discuss forestry problems. This event offers 4-H and FFA members and their parents an excellent opportunity to learn to work out soil and water management problems as they exist on a typical Tuscola County farm. In event of rain, the conservation day will be held over until Friday, August 5.

Haley Baby Run Over by Tractor

Ennis Haley, 18-month-old son of Mr. and Mrs. Aaron Haley of Grant Township, was injured last Thursday morning when he was run over by the front wheels of a tractor operated by his brother, Ivan, 13.

He was rushed to Hubbard Memorial Hospital by his parents. They were met four miles west of Bad Axe by Deputy Sheriff Henry Eppenbrock, who provided an escort to the hospital.

At last report he was still in serious condition and under an oxygen tent. He sustained some fractured ribs.

Honor Coopers on Silver Anniversary

Mr. and Mrs. E. J. Cooper, Deford, were honored on their silver wedding anniversary, July 16, when between 80 and 100 friends and relatives gathered to celebrate the occasion.

Their four married daughters, Mrs. Melvin Fox of Deford, Mrs. Glen Young and Mrs. James Godwin, both of Pontiac, and Mrs. Jack LaPeer of Cass City, arranged the party.

A four-tiered wedding cake was baked by Mrs. Fox and decorated by Mrs. Godwin for the occasion.

Guests attended from Cass City, Deford, Kingston, Decker, Pontiac, Lansing and Drayton Plains.

The couple received many beautiful gifts.

Tuscola County Fair Is Still Growing

The annual Tuscola County Fair has been growing "to beat the band" in the 74 years of its staging at the big fairgrounds in Caro. One of the big reasons for this drum beating growth in popularity is the traditional presentation of "Music In The Air," to be featured again this year at the Caro Fairgrounds, August 22 to 27. Under the general direction of Gerald Bartlett, music director of the Caro High School, the "Music In The Air" will be provided during Fair week by area high school bands.

Michigan is famous for the musical excellence of its high school bands and the Caro Fair is known throughout the Thumb area for this popular feature which has annually brought a festive spirit to the general gaiety of Fair time.

Two band concerts will be presented each day on the wide stage in front of the grandstand. Mr. Bartlett has scheduled daily concerts at 1:30 and at 6:30 with the Millington High School Band performing on Tuesday; Mayville High School on Wednesday; Caro High School on Thursday; and Fairgrove High School on Friday.

Tuscola County Fair officials expect the largest crowd ever in the nearly three-quarters-of-a-century history of the Thumb's greatest annual fair. Expanded facilities and new sections for exhibitors promise to make this year's Tuscola County Fair the best ever staged at the Caro Fairgrounds, August 22-27. Premium books are now out and have been distributed. Free copies may be obtained by writing: The Secretary, Tuscola County Fair, Caro, Michigan.

All Band Boosters and Friends of The Community

This is your opportunity to give the high school junior and senior bands your collective support.

WE NEED PIES

and more pies to sell at our stand on Home-Coming Day, Aug. 4.

So, ladies, won't you please send or bring us a pie at the recreation park. Your good will in this venture will be greatly appreciated. Apple and cherry pies are preferred, all others will be gratefully accepted.

THANK YOU
