

State Says County Hospital Inadequate

Mrs. Osburn to Observe 100th Birthday March 5

Marking her 100th birthday on March 5 will be Mrs. Martha Osburn, formerly of Kingston Township, a patient for several years in the Stevens Nursing Home in Cass City. Relatives will be visiting her on Sunday to extend congratulations. Included in the group will be Wayne Rexin of Cass City, a great-grandson who will be 12 Monday.

The former Martha Dickson, she was born March 5, 1856, in Strathroy, Ont. Her husband, the late Andrew Osburn who was born in Ireland, came with his parents to Ontario and they were married there in 1879. He came to Kingston Township before his wife and built a house on the 40 acres of land prior to her arrival. To them were born nine children, two girls and seven boys. Mr. Osburn died in 1913.

Mrs. Osburn's three living children are Wm. Osburn of Perry, James of Deford and Lloyd of Marlette. She has 15 grandchildren, 23 great-grandchildren and a great-great-grandchild.

Mrs. Osburn is not confined to a bed and expects to be able to be up to celebrate her 100th birthday.

Methodists Take Steps to Remodel Church Building

Cass City Methodist Church took official steps to inaugurate a remodeling of the building at a special Quarterly Conference, Sunday, under the leadership of Rev. Arthur E. Smith, Port Huron District Superintendent, the Conference voted unanimously to obtain plans for presentation to the congregation which would involve building a new main entrance and narthex, converting the present entrance area into a study and office and possibly creating church school assembly and classrooms and a parlor out of the area now known as the "league" room. Some changes would also be involved on the basement level.

Dr. Delbert E. Rawson was named chairman of the Building Committee and Audrey Kinnaird chairman of the Finance Committee.

Demonstration Team Wins Second Place

The Cass City demonstration team, Bob Langmaid and Jim Johnson, won second place for their demonstration of construction of a pole-type barn. The boys were competing in the FFA regional contest at Mayville, Wednesday night.

Five teams from the Thumb area were entered, according to Lyle Clark, agricultural instructor. For winning second place the team received a silver award.

First place in the demonstration contest was won by Uby.

Hunt Company Low Bidder on Road Job

The C. R. Hunt Co. of Cass City has been awarded a contract from the State Highway Department for 6.7 miles of grading and drainage structures, stabilized aggregate surfacing and bituminous surfacing on M-33 in Montmorency County.

The work is a major base repair project on M-33 from M-32 south to Lewiston Road.

The bid price for the work is \$122,494.34 and the completion date is Aug. 31.

According to a letter received by the Tuscola County Department of Social Welfare recently, approval of the proposed new county hospital by voters in Tuscola County in the November election is urgently needed.

W. J. Maxey, director of the State Department of Social Welfare, has informed the Welfare Board that the present building is not suitable for use of patients receiving old-age assistance and aid to the disabled from the state.

Printed here are the important parts of the letter from Mr. Maxey.

"For some time this department has called your social welfare board's attention to the poor structure and physical condition of the infirmary buildings and has questioned the continued approval of the medical unit. In the past year, the State fire marshal has notified the county of the fire hazard and pointed out that a fire could be tragic due to the age and condition of the building. At our request, an inspection was made by the engineering consultant of the State Health Department. He was also critical of the conditions of the buildings and of the sanitary conditions due to the age of the building.

"Since your present building does not meet the state standards for a medical care facility, this department must take final action. Withdrawal of approval of the unit will mean that in accordance with federal and state statutes patients receiving old-age assistance and aid to disabled can no longer be considered eligible for a grant. However, since your Board of Supervisors is cognizant of the situation and has authorized the placement on the November 1956 ballot of a request for approval to build a new medical care facility, tentative approval will be continued pending the outcome of the vote of the electorate.

"We hope that the proposal will receive action because the need is tremendous."

Share of League Title Lost as Caro Tops Hawks

Cass City's hopes for a share of the Thumb B Conference title were smashed Friday by big Marv Turner and an aggressive Caro quintet, 67-57.

Turner scored 32 points for the winning Tigers and helped his team control both the offensive and defensive backboards.

The loss was the second in the last three games for Cass City.

The game was marked by numerous errors by the Hawks who lost the ball many times on bad passes, steps and other infractions or playing errors. The 57-point total was the lowest recorded by Cass City this season.

Cass City looked very good in the first quarter of the game. Passing well, the team hit the bucket with consistency. Gordon Drouillard connected for eight points on short shots from the pivot and Bob Martus and Jack Clara also added six and five points, respectively, to help the Hawks move into a 23-14 lead at the end of the opening quarter.

After this brief flurry, the Hawks were never in contention as Caro took over the game. They scored 13 points in the second quarter.

CAGE SQUAD—After losing the Thumb B Conference title to Marlette by one game, this Cass City Red Hawk basketball team is setting its sights on the district championship in games starting Wednesday. The squad finished with a 13-8 record this year.

From the Editor's Corner

It is possible that Cass City can have home delivery of mail within the village limits, if it is desired by local residents.

Your editor talked with an inspector of the post office department a few weeks ago and he said that the requirements for the service are a population of 2,000 and a certain gross amount of business done by the post office in the community.

A check with Clerk Wilma Fry indicated that the town now has a population of 2,000.

Another requirement is that all streets be plainly marked and every home have a street number. Cass City has the marked streets, but would have to erect a lot of house numbers before home delivery can be established.

According to post office authorities, a petition from citizens is needed to inaugurate the service. After the petition is received and an investigation made, it takes about two weeks to set up the routes and have home delivery started.

The Chronicle will welcome signed letters from interested persons giving opinions either for or against home mail service. Names will be withheld on request, but all must be signed to receive consideration.

A petition was circulated to send to the State Athletic Department giving Cass City's view of the recent protest in the Crosswell-Lex-Cass City basketball game.

One reason for the move by local citizens is to protect Coach Irv Claxman. A letter received by the coach implies that there were no grounds for the protest. Persons viewing the game believe there was and want the State Athletic Department to know it.

signers of the petition want authorities to know that the protest was not merely "sour grapes" over losing a close game.

We're not going to review the facts again brought out at the milk meeting held in Sandusky, Monday. They have been reiterated many times. What deserves comment, in our opinion, is the fact that 800 farmers, many from the Cass City area, attended and passed the hat to collect \$615 for Harold Fritz of Romeo in his court fight with MMPA. Now we don't claim to know the answers, in the controversy, but it seems to us that it is significant that the threat of a strike by the Fair Share group has resulted in a hearing that may increase prices paid for milk to farmers. The collection indicates that many farmers are behind the rebel groups.

Without the action by Fritz and Fair Share, it is probable that the MMPA would not have been moved to stage the stiff fight for better prices that it is now doing.

Pair Fined for Shooting Pheasant

Harold Easton of Cass City and Franklin Beutler of Flint pleaded guilty before Justice Ruth Tennant in Caro last week for shooting and transporting a pheasant out of season.

They each paid fines of \$75 and costs of \$8. They were arrested by Henry Predmore, conservation officer of Caro.

Gavel Club Honors Gridders at Banquet

The Cass City High School grid squad was honored by the Gavel Club Tuesday evening at Parrott's Dairy Bar at the organization's annual banquet for the players.

Feature of the evening was an address by Bill Kelly, coach at Central Michigan College. Mr. Kelly, who was a mentor at Cass City, reminisced about his coaching days in the village and showed a film of the CMC grid team in action.

Mr. Kelly was introduced by C. R. Hunt, toastmaster.

Besides the football team, cheerleaders, coaches, faculty members and Dan DeLong, bus driver, were guests of the club Tuesday.

Supt. Willis Campbell made a few remarks on the basketball season and Principal Arthur Holmberg told the audience of the high quality of children attending Cass City schools.

Athletic Director Irv Claxman presented a brief discussion of the protest in the Crosswell-Lex game and Mike Yedinak, football coach, introduced each athlete present.

Seven From County To Enter Service

Seven men will form the March draft quota for Tuscola County, it was announced this week by the Selective Service Board at Caro.

Included in the seven was George A. Bogner of Gagetown. Others are: Glenn L. Mossner, Frankemuth; John M. Lawe, Fairgrove; Carl L. Hiser, Caro; R. J. Gilmore, Kingston; Kenneth A. Rich, Silverwood, and Paul J. Lacko, Marlette.

The men will report to the American Legion Hall in Caro at 8:30 a. m. Tuesday, Mar. 6, to be transported to the Detroit Induction Station for induction in the Armed Forces.

Cass City Draws Vassar in First District Game

Pairings for district tournament play at Cass City were made at a drawing held at Cass City High School Tuesday afternoon.

Cass City will meet Vassar Wednesday, Mar. 7, at 8 p. m. and Caro will meet Bad Axe Thursday, Mar. 8. The winners of the games Wednesday and Thursday will meet Saturday for the championship.

Although Cass City holds two victories over Vassar in regular season play, neither were easy wins. At Vassar they won 62-51 and at Cass City they registered a 72-61 victory. In both games the Hawks were forced to come from behind to win.

Caro will reign as the favorite to defeat Bad Axe. On the basis of recent games, Caro must be given an even chance to cop the tourney.

The Tigers hold victories over three of the toughest teams in the league. At home they dropped Crosswell-Lex, Marlette and Cass City. Many observers feel that they may not be as effective when playing on a court larger than their home floor.

Awards Presented At Scout Banquet

An estimated 240 scouts and parents attended the annual scout banquet at Cass City High School, Wednesday, Feb. 22, to see local scouts receive awards earned during the year. The banquet also marked the 46th anniversary of scouting in America.

Earning awards were Cub scouts and scouts. Cubmaster Harry Miller presented his charges with 16 Bear badges, eight Wolf badges and a Lion badge.

Also presented were 16 Bobcat pins, 13 Gold Arrow points and eight Silver Arrow points.

Cub scouting in Cass City has been a very active program, a study of the Cub roster revealed. Fifty-nine cubs and six den mothers are listed as active in the organization.

After the Cub awards, Scoutmaster Keith McConkey and Assistant Scoutmaster Robert Stickle presented awards earned by scouts.

David Binder and Jim Profit received Second Class badges and Dick Albee, Jim Ross, Paul Holmberg and Delbert Law were given First Class awards.

Registration cards were received by four new scouts, Dean Hutchinson, Roger Parker, Billy Bliss and Robert Farmer.

A total of 27 attendance pins was given to scouts who have been in scouting for a year or more.

Scouts Paul Holmberg, Jim Ross and Marvin McCormick were honored as den chiefs and Tom Maleck and Irvin Schram received recruiter badges.

After scout awards had been presented, Chuck Reid, in charge of explorers, presented several awards and medals to boys under his direction.

A short program followed the presentation. One of the highlights was the display of birdhouses built by Scout Ed Mark. Building the birdhouses is a hobby of Scout Mark.

The meeting was closed with all scouts assembled on stage to give the scout sign of reverence while taps were played by Scout McCormick.

WSWS Meets with Mrs. Stanley Kirm

Mrs. Stanley Kirm was hostess at the February meeting of the Woman's Society of World Service of the Evangelical United Brethren Church when 21 members assembled in the Kirm home Thursday afternoon.

Mrs. C. J. Striffler was program chairman and reviewed the lesson chapter which was based on "What Does It Mean to Be Hungry?" Music was provided by Mrs. Maurice Joos and Mrs. Arnold Copeland who sang a duet, accompanied at the piano by Mrs. Kirm. Mrs. B. A. Schwegler, president, conducted the business meeting during which department secretaries submitted reports and a nominating committee consisting of Mrs. S. R. Wurtz, Mrs. O. W. Nique and Mrs. A. Seeger was appointed.

Following the program, the hostess served cherry pie, topped with miniature pastry hatchets, ice cream and tea.

Mrs. Schwegler will entertain the society in March and Mrs. Hollis Seeley will be the leader.

Farmers Feted By Rotarians Tuesday Noon

Dr. Grant W. Sharpe, assistant professor of Forestry at the University of Michigan, entertained members of the Cass City Rotary Club and their farmer guests Tuesday noon at the New Gordon Hotel.

The special guest speaker was the feature of the annual farmers' day program of the Cass City Rotarians. Dr. Sharpe served as a Ranger Naturalist at Glacier National Park and as Park Naturalist at Olympic National Park.

He showed a film taken in Olympic National Park that featured the giant trees that the park is noted for and explained why the Rain Forest exists.

In his film he showed the trees from small seedlings through various periods of growth to the mature trees. He said that it takes about 1,000 years for a tree to reach maturity.

Though these trees reach 300 feet in the air and are 16 feet in diameter at the base, the roots are only about two feet underground. They sometimes grow as much as 30 feet long, he said, but always two feet or less underground.

M. B. Auten welcomed the farmers saying "the welfare of the community depends on the welfare of the farmer."

Each Rotarian introduced his farmer friend before Dr. Sharpe's address.

Mrs. C. Schember Averts Accident by Hitting Snowbank

Mrs. Clarence Schember narrowly averted a serious accident Tuesday noon at a railroad crossing, two miles south and a quarter of a mile west of Cass City.

As she drove over the hill on the road, she saw a train coming from the north. Because of icy road conditions, she was unable to stop and started to slide down the hill towards the train.

Mrs. Schember avoided a collision with the train by turning the car into a snowbank on the side of the road. She reports that no one was injured and the car was undamaged.

45 Head of Cattle Lost

Extensive Loss in Two Farm Fires

One of the worst farm fires in recent years destroyed 45 head of cattle and razed a large basement barn belonging to Earl Grigg, four miles south and a half mile west of Cass City, Thursday, Feb. 23.

The Elkland Township Fire Department answered the alarm at 3:30 p. m. but were unable to save the building. Besides the cattle, a quantity of hay, grain and straw was destroyed in the blaze.

Saved were 26 head of cattle. Cattle which perished were Shorthorns, some of which were registered. Only a portion of the loss was covered by insurance.

Summer Road-Sewer Plan Aired by Council

A discussion of the work to be done this summer on streets and sewers occupied the attention of the Cass City Village Council Tuesday evening at the Municipal Building.

The council is still undecided about a plan for curb and gutter for the year. The budget calls for \$20,000 to be spent for this purpose.

However, curb and gutter is much less costly to install if a large stretch is completed at one time. The council may hold over construction work for another year to build up the money available for this work.

Last year the council passed a resolution that curb and gutter will cost property owners \$1.75 per foot, with the village assuming the remainder of the cost.

Receiving top priority this spring will be sewer work on West Main Street. The village plans to install catch basins on the east and west corners of Downing and Main and run a new line west to Brooker Street and north to connect with the sewer at Church Street.

Each year the village is required to designate major and minor streets for use of money from the State weight and gas tax.

This year the village has changed Garfield Street and Ale Street to major streets. Garfield is the street running by Walbro Corporation and Cass City Manufacturing Co. Ale runs to Main Street on the east end of Cass City and both are used by trucks servicing the factories, President James Bauer said.

Placing the streets in the major category will place more funds available for use on the two streets.

Fire Department
The council discussed the burning of trash in the village. Trustees said that some business places are allowing flames to become so high in incinerators as to be dangerous.

The council said that they thought a reminder of the danger would be sufficient to correct the difficulty.

The Elkland Township Fire Department is talking about acquiring a tank wagon for more water supply for fires in rural communities. Trustees discussed a possible place to house the new equipment, if it is purchased. Trustees could not think of any available site in the village now.

Two Announce Candidacies for Representative

Two St. Clair County men have announced their intentions of seeking the Republican nomination for Representative in Congress for the Seventh District.

The two are Frank C. Lawson, 42, of St. Clair Shores and Robert J. McIntosh, 33, of Port Huron.

The Seventh District includes five counties: Macomb, St. Clair, Tuscola, Sanilac and Huron. Present representative is Jesse P. Wolcott who has announced that he will not seek re-election after 25 years in office.

His retirement is expected to bring about a wide-open race with numerous candidates for the Republican nomination. Representatives receive \$22,500 a year salary.

The two candidates are known as Eisenhower Republicans.

Both Mr. McIntosh and Mr. Lawson are lawyers. Mr. McIntosh received his degree from the University of Michigan and Mr. Lawson is a graduate of the Detroit College of Law.

Mr. Lawson served with General Wedemeyer's staff in World War II, receiving the Bronze Star among other medals.

Council Accepts Rabideau's Bid for New Police Car

Trustees for the village of Cass City voted to accept the bid of Rabideau Motor Sales for a new police car for the village.

Rabideau's bid for taking the present 1954 Ford police car in trade for a new Plymouth was \$868.55. Bids were received by the council from Auten Motor Sales who quoted a difference of \$845 for a Ford and Bolen Motors which bid \$974 for a new Chevrolet.

Specifications called for a 200 horsepower motor with several special accessories to adapt the vehicle for police work.

The village is able to trade cars cheaper than citizens because the car is sold almost tax free. Only a small portion of the federal tax has to be paid. All other taxes are exempt to the village.

Donahue Shares Lead in DHIA January Report

H. T. Donahue of Cass City and Herman Kern of Reese are the owners of registered Holstein cows tying for first place in the 50 pound fat or more class for the month of January, according to Alfred Ballweg, county agricultural agent. The cow owned by Dr. Donahue produced 98 pounds fat and 2650 pounds milk, age 3 years; the one owned by Mr. Kern produced 98 pounds fat and 1840 pounds milk, age 5 years. In second place is a registered cow owned by Mr. Ballweg.

Two Ladies Thwart Robbery Attempt

Mrs. Florence Morey and Mrs. Maude Schenck were accosted Monday evening in front of their home by an unidentified youth who attempted to steal Mrs. Morey's pocketbook.

The two ladies were returning home from the theater when they saw a car stop and let out a youth near the Cass City Oil & Gas Co.

The youth started to run towards the couple who paid little attention, thinking that it was a boy running home. But the youth snatched at the pocketbook as he approached the ladies. Mrs. Morey belted the would-be thief and he slipped on the ice and fell. The boy got up and ran off. Local police are investigating. It was the first attempted theft of this type reported in Cass City in recent years.

Appoint Two Men to New Village Posts

William Schram, who has been acting as the chief of the village maintenance department since the death of C. L. Burt last year, was officially designated as Superintendent of Public Works by the Village Council Tuesday.

Trustees said that the appointment would revert to Feb. 1. After the death of Mr. Burt, Mr. Schram took over his duties on a temporary basis and when the council found that he could handle the work, the job was made permanent.

Brown Appointed
C. U. Brown has accepted an advisory post with the village. According to law, a licensed inspector must be in charge of the sewage disposal and water works. Mr. Brown is a licensed water operator and is studying now to take the state tests for sewage disposal work.

Mr. Brown's title will be Superintendent of the Village Water Works and Sewage Disposal.

Mr. Brown will act in an advisory capacity. Actual tests and other work at the sewage disposal plant will be handled by Nelson Willy and daily work at the water works is handled by William Trescott.

Both Mr. Trescott and Mr. Willy are studying and will take the tests to become licensed operators as soon as possible.

Deep-Water Harvest in Winter

Smelt by the ton swell the commercial fisherman's nets in many Great Lakes waters of Michigan during winter months. These boxes of the tasty little fish were taken recently from Big Bay de Noc off Escanaba and will add to the annual 4,500,000 pounds taken from Michigan waters.

Vegetables Good Crop for State

Michigan's vegetable processing industry could expand four to six times in the next 10 to 15 years. This expansion is possible if consumer income remains high and processors and growers work together.

That's the belief of R. L. Carolus, horticulture specialist at Michigan State University, according to assistant county agricultural agent, Don R. Keblor. This expansion would be both possible and successful economically.

Carolus says that Michigan has the most suitable temperature pattern for quality production in the Midwest. Rainfall is sometimes lacking but can be overcome by proper soil management, or irrigation, in some cases. An established processing industry and large markets nearby are other points in favor of expansion.

Carolus has suggested these crops for possible expansion in production for processing. In the Thumb area, asparagus, sweet corn, peas, tomatoes, lima beans and broccoli plus newer varieties of snap beans could be areas for expansion.

Here are a few growing hints: The grower of tomatoes and snap beans may have trouble with lack of moisture and shallowness of soil.

Peas and sweet corn need plenty of moisture. The kind of soil tilth and poor drainage are limiting factors for peas, while sweet corn needs a fairly long growing season.

Shallowness of soil limits the effectiveness of asparagus and lima beans. Asparagus is susceptible to spring frost, while lima beans prefer a warm temperature during the growing season.

Broccoli is limited by heat and drought after mid-August and is not adapted to shallow soils.

Plant Yule Trees On Idle Land

There are many idle or unproductive acres in Tuscola County that are unfit for general farming, comments assistant county agricultural agent, Don Keblor.

Mr. Edward Cole, vocational agriculture teacher at Mayville, the Mayville agricultural council, and the county agent's office have been investigating the possibilities of raising Christmas trees on idle land. It is believed that there is a good market for Michigan grown trees in the larger cities, and can be a big source of farm revenue.

In order to have a solid program, it may be necessary to develop a county marketing association. A program of planting, shaping, spraying will be heavily stressed so that nothing but high quality trees are sold. Once the Christmas tree dealers know that high quality trees are available in the county, the market is established.

Lester Bell, Michigan State University forester, will give a talk on the possibilities of growing Christmas trees. He will present the pros and cons of this program.

The meeting will be held at the Mayville Community School on March 7, at 1:30 p.m. The public is invited to attend.

News from Deford Area

The Deford Farm Bureau will meet with Mr. and Mrs. Newell Hubbard, Sr., Thursday evening, March 8, at 8 o'clock. John Ostriker, seed demonstrator for this area, will show slides and talk on seeds.

Mr. and Mrs. Louis Babish went to Houghton Lake Sunday to be guests of Rev. and Mrs. Dale Reynolds. From there they went on to Cheboygan for a short visit and returned home Wednesday. Their daughter, Ila Belle stayed with her aunt, Mrs. Henry Rock, while her parents were gone.

Mr. and Mrs. Mason Cook and son, Stevie, of Caro, have moved into the house of Joe Babish, Sr., in Wells Township.

Father and Chum Supper—

Feb. 24 being the regular family fellowship of the Novesta Baptists, the Father and Chums were served a supper by the ladies in the parsonage.

At the supper hour, Mr. Kenneth Monteil said grace. For the program, Pastor Shattuck, in the absence of Mr. Elmer Sherman, gave the invocation. A few choruses were enjoyed by all, then Pastor and Mrs. Shattuck sang a duet, "Raise Me Jesus." Miss Geraldine Warner gave the toast to the fathers and in part stated, "We are glad for the work of our forefathers down through the years, thankful for our fathers of today, and above all thankful for our Heavenly Father who cares for all who will live His way." Then Mr. Clark Montague gave the toast to the chums, portraying very vividly that the "Scripture says 'Honor thy Father' etc., whether there has been an allowance of \$3 per week, or whether there has been chastisements for disobedience."

Following these talks, Mr. and Mrs. Harold Rayl sang "I'd Rather Have Jesus."

The address of the evening was to have been given by Mr. Shattuck, Sr., of Shepherd, but due to the weather he was unable to come and Pastor Shattuck brought us a message on "Being Friends to Our Children, and challenged parents to take time to be interested in those whom the Lord has entrusted to their care." At the close of the evening's program, Mr. Hazen Warner gave the benediction.

The Missionary Society is planning to honor all birthdays of each month, and as Mrs. Hazen Warner, Mrs. Kenneth Monteil and Ruth Ann Rayl, all had birthdays in February, the group sang "Happy Birthday" to them while candles were burning on a birthday cake, baked for them by Mrs. Harold Rayl. The meeting then adjourned at a late hour.

Mr. and Mrs. Rolland Roberts of Sebawing, Mr. and Mrs. Harold Ropp and family of Bay City, and Mr. and Mrs. LaBarge of Pinconning were Sunday afternoon visitors at the George Jacoby home.

Mr. and Mrs. Gerald Hicks and

children were Sunday dinner guests of Mr. and Mrs. Warren Kelley and family.

Mr. and Mrs. Ray McCaslin, sons, Tommy and Jimmy, and Mrs. Amanda McArthur of Rochester visited Mr. and Mrs. Robert McArthur and children Sunday afternoon.

Mr. and Mrs. Dan Templeton and son of Flint were Sunday visitors at the Henry Rock home.

The film, "Seconds to Midnight," produced by the Evangelical Films on Portland, Oregon, will be shown in the Novesta Baptist Church on Friday, March 2, at 8 p. m. Rev. Pratt is scheduled to show the film. Everyone is welcome to come and see this picture.

Mrs. Florence Sherwood is at home again after spending the past eight weeks with her children, Mr. and Mrs. Ray Hamlette and family of Pontiac.

CARS ARE MOVING

By H. M. Bules

Everyone wants a car—everyone in the world, I suppose.

You can see it in the way the Russians are letting up on some of their production campaigns and putting on the pressure to get as many little Pobedas and Moskvitches as they can into the hands of the peasants.

They got some help, although unwillingly, from Germany. After the war, the Russians relieved an American-owned auto factory at Russelsheim of most of the dies and jigs which had been used to make a popular German car called the Opel Cadet. They called it war reparations.

So now the Opel turns up on the streets of Russia, looking a little forlorn and pre-war, as the Moskvitch, which means "Son of Moscow."

The Pobeda, which is pronounced Po-vee-ah, is, like the Moskvitch, a little four-cylinder car which, the experts tell me, is quite sturdily made. Its performance is uninspiring, for the Pobeda takes 34 seconds to accelerate to 60 miles an hour. A four-cylinder American car of similar price will do it in 18 seconds.

But millions of Russians are still waiting for their little Pobeda, a wait which no one has to go through here. A good used car, if you don't feel quite up to a new one, can be found for every income. And when you buy from a franchised new car dealer like ourselves, you know your future expenses on repairs will be kept down to a minimum.

You know what you're buying because we know, and know thoroughly, the car we're selling. One of our foremost competitors says "The most important thing about a Used Car is the Dealer you buy it from." We agree, and feel our reputation will stand investigation. We guarantee every Used Car or Truck (over \$300.), and are most pleased when someone says "I've bought two or three Used Cars from you, and they were just what you said, I've come back for another."

If you want a really NICE CAR, come in and see Nelson Gremel's 1954 Chevrolet 2 Door Sedan. We haven't seen a "cleaner car" this year. Mileage in the twenties. Equipped with Fresh Air Heater and Defroster, Undercoat, good tires. Not a bump or spot on it. We'll give you a good deal on this or any of our other "57 Varieties."

Michigan Mirror News In Brief

How to supply better medical attention for lower cost to Michigan's citizens is a serious public problem. It is due for closer study by state leaders.

The need for more doctors is felt in virtually every community—Michigan, as well as the nation. Spiraling cost for hospital services has created an equally widespread economic problem.

High cost for service affects the public as a whole because of the vast participation in health insurance. Premiums on policies have been increasing steadily for years.

Blue Cross insurance, which is carried by more than three and one half million Michigan people, is receiving much attention from the State Insurance Commission and legislators at present. The non-profit company announced a 15% rate increase, effective March 1.

These increases are facing severe objection from the UAW-CIO whose members make up more than half the Blue Cross insured in this state.

Other health insurance companies have also raised their rates in an effort to keep them in line with increasing medical costs.

One solution to the cost problem is a new concept regarding hospital service. Ideas along this line have been advanced by a group of Michigan doctors, among them Lansing's Dr. Frederick Swartz.

They advocate hospital organization so that patients will receive and be charged for only the service and overhead cost that they need.

Medical authorities attribute an important part of the high cost for hospital service to the expense of emergency equipment which is maintained. Dr. Swartz's idea is that many patients never need such equipment; can get along fine on much less service than is provided. So he wants parts of hospitals designed with this in mind.

A new medical school is also under consideration as a means to provide better medical care. Whether such a project should be undertaken, and where it might be located, make for interesting discussions.

Most obvious answers to the search for more doctors lies at Wayne University. This school could easily be expanded to turn out 25% more graduates. At present Wayne accepts 75 freshman students per year. By spending only the money necessary for instructors, according to Dean Gordon H. Scott, this number could be increased to 100 or even 125.

The Wayne administration has its hands full at present in its efforts to become accepted as a full fledged state university. No doubt officials feel this is a poor time to become enmeshed in the medical school tangle.

Flint, Grand Rapids and Lansing have been suggested as sites for such an institution. There are advocates for a plan to make the school a "branch" of the U-M college of medicine. Others would like to see MSU add a medical school to its facilities. Still others support the idea that the new institution needs separate leadership.

MSU officials are not exactly enthusiastic about taking on a medical school unless they can be assured that the legislature is

solidly behind them. MSU has plans for development, which would by necessity receive less emphasis if they added a medical school project.

Among MSU aims are an enlarged engineering school, an improved set up for communication arts (journalism, radio, speech, dramatic training).

Attention by study committees and legislative groups is bound to bring the entire subject of medical aid to the public. If the public takes sufficient interest in it, a solution may soon be forthcoming.

"Reflectorized" licenses for Michigan automobiles will not come into existence in 1957. The legislature had under consideration the idea that cars should henceforth carry both front and back plates, and they should be processed so as to reflect light.

But the idea was dropped last week when it was learned that the steel needed for 1957 was already ordered and the reflectorizing process was impractical under the circumstances. The proposition was returned to committee with the understanding that, finances permitting, vehi-

cles in 1957 will carry two "ordinary" steel plates.

Community level "Whitehouse" conferences on education will be held in many Michigan areas. They are a result, in part, of the 17th annual Citizens' Conference on Education at Lansing last week, which had this subject as its theme. Almost 600 interested people from all over the state gathered at the Olds Hotel to discuss ways to bring schools and community more closely together. About two thirds present were lay people; the rest "professional." Thirty attended from the Upper Peninsula.

These conferences have been very successful in the past. They instill a confidence and a sense of responsibility on the local citizenry, and provide an excellent sounding board for school administrators and educators for their practices and ideas.

Last Year's National Whitehouse Conference on Education, which included people from the entire nation, is said to have been patterned after the Michigan meetings, held here in 1956 for the 17th year.

Corn Institute To Feature Panel

On Thursday, March 8, all farmers interested in the production and marketing of corn will have an opportunity to hear one of the most comprehensive discussions on corn production and marketing held in this area of the state during recent years, according to Alfred Ballweg, Tuscola County agricultural agent.

A special feature of the program will be a panel of three farmer-corn growers, Grover Laurie, Cass City; Ellis Aldrich, Fairgrove; Ted Keinath of Millington; and Charles Eckfeld, county office manager for the agricultural stabilization and conservation program.

The program, in addition to the panel, will include growing the crop, harvesting the crop, corn government programs and your farm business and handling, drying and storage. Appearing on the program will be Paul Rood, Milton Erdman, Robert White, Robert Maddex, all extension specialists from Michigan State University. Dan Sturt, specialist on farm policy also of MSU, will discuss the part on government programs.

The meeting will start at 10:00 a. m. and run through to 4:00 p. m., said Ballweg. Lunch will be available at the hall.

Two Editorials on Michigan Blue Cross

Featured below are the full texts of two editorials which appeared in The DETROIT TIMES on February 26, 1956 and in The DETROIT FREE PRESS on February 27, 1956. Because they present the considered editorial judgment of two of Michigan's great newspapers, we are reprinting them in full as a public service for the information of our 3,600,000 Blue Cross members and all the people of Michigan.

From The Detroit Times, February 26

BLUE CROSS FUSS

We didn't suspect a week ago today, when we started a series of articles on Blue Cross, that the fuss over hospital prepayment would attain the intensity it has now reached.

The amount of hullabaloo, frankly, is getting out of hand.

Rep. Allison Green has a bill for the Legislature, which he fondly hopes will solve everything. It won't. Insurance Commissioner Joseph A. Navarre has been quoted with some remarks which we suspect he will regret when he begins to realize what he has said.

A group of unions in Detroit and Flint is proposing to set up a rival "Blue Cross plan," which is entirely within their rights, even though we doubt it will look as simple to them once they have gotten into what is a very complicated problem.

Of the three—Rep. Allison, Commissioner Navarre, and the unions—we think the unions are behaving most reasonably. We differ with them only in our opinion as to whether they CAN produce what they think they can.

But of the whole lot, we think Blue Cross and its present managers are the most capable of providing what we want. We think Blue Cross is getting a vicious and needless pushing around.

In our news stories we have tried to tell what was happening without letting our opinions sway us.

But this is the editorial page, and this is our opinion, and we are saying what we think.

First of all, a series of articles which began concurrently in another Detroit paper is, for all we know at this moment, still running. We don't have any quarrel with the facts in it.

We do believe it has placed too much emphasis on "over-utilization"—that is, the complaint that some people either stay too long in the hospital, or get in under Blue Cross when they shouldn't—when they aren't really sick.

The Times reported that. We can take you back in the files a couple of years and show we were the first newspaper to report there was some of this chiseling going on. It should be halted. We think it is being halted.

From The Detroit Free Press, February 27

Hospital Insurance Costs

TRYING TO SPOT THE REAL VILLAIN

Old melodramas had their advantages. It was easy to identify the villain. This is not so in the current uproar about hospitalization insurance. Rates have skyrocketed. Many think Blue Cross has thrust its hand too deeply into the pockets of its 3,600,000 Michigan subscribers. Investigations are being made, bills are being submitted to the legislature, and the air is blue with charges.

Much is still being learned, but we think some observations can be made now.

The public's demand in the last decade for better medical and hospital care has been great. Therefore, on top of inflation must be added the cost of this improved care. An increase in Blue Cross rates might, then, be considered automatic.

The question is: Do the allegedly excessive rates reflect only inflation and improved care?

Ample proof to the contrary appears in surveys of hospital cases covered by hospitalization insurance. The studies indicate clearly that alarming abuses have cropped up. These take the form of unnecessary hospitalization, prolonged stays for convenience or comfort and excessive use of drugs and laboratory facilities.

The problem remains the same. Whom do we blame and how?

But it makes a rather sensational subject to write about—and some people talk too much about it. This "over-utilization" while it does happen, is not occurring to the extent that it makes any vast difference in premium payments.

And that is the most important issue in this whole problem.

Why do we think "over-utilization" is not as great as some people try to suggest?

First, because a Blue Cross study group itself was the first to dig into the matter. No attempt to hide anything. Just an effort to correct the situation, since chiseling by one subscriber is paid for by all the honest ones.

Second, Blue Cross, by subsequent and continuous inquiry, thinks that this evil is under good control, even though there is still an occasional violation.

Third, because Michigan isn't the only Blue Cross plan. The same general plan exists in all the states, each under its own laws and its own management.

If the plan here happened to be at fault, in some way, it is hardly possible that all the states would be at fault in the same way.

Somewhere in the country we would find that Blue Cross rates were markedly lower—we would find it, that is, if Michigan's Blue Cross were letting the customers get away with murder.

Somewhere would have found a solution, and would be bragging about it. But no, rates are pretty comparable anywhere you go.

Therefore, we suspect this "over-utilization" has been publicized into a bigger fault than it really is. We don't think very many people get much fun out of going to, or staying in, a hospital.

Now Rep. Green thinks he could bring about lower rates, and thwart all the chiselers (such as there are—most people are honest) by a law making Blue Cross change its policy.

He would make everyone who uses Blue Cross pay the whole cost of the first day in the hospital (the most expensive day, because then you have all the tests, and usually the operation if you need one) and also pay 15 per cent of the cost after the seventh day.

Of course that would reduce the premium you pay for Blue Cross—but you'd soon find it didn't save any money. Furthermore, it would put the biggest burden

on the people who are most seriously ill. Who wants that?

Rep. Green, with the best of intentions, has oversimplified the situation. Besides, he wants to make this compulsory for everybody—doesn't even want to give subscribers a choice of which way they'd rather do it.

Commissioner Navarre, for reasons which escape us, has endorsed Rep. Green's notion. We suspect some politics somewhere, because we think Navarre ought to know better.

We wonder, too, why Navarre has questioned the sincerity of the Blue Cross in offering a so-called "deductible" policy.

People have been able, if they chose, to buy such a policy from Blue Cross for upwards of the last year.

Blue Cross made no secret of the fact that such a policy was being offered. People could have it, at a lower price, if they wanted it. They didn't want it.

To get back to the unions, now. They'd like a policy which gives more benefits at lower cost. Who doesn't like the idea? Who doesn't want the good five-cent cigar back, or the \$700 automobile, or the three-cent newspaper, for that matter? We'd like them all back.

But you can't slap economics in the face. You can't legislate Utopia.

And so far as we are concerned, you can't say that Blue Cross hasn't been doing a good job.

Its prices haven't gone up any faster than factory wages. It has been so good that it now has 3,600,000 people, or half of the whole state, using Blue Cross and liking it.

Trying to make out, all of a sudden, that something is "wrong," or that some simple little bill in the Legislature can turn time backward and make things cost less—that's nonsense.

We don't think this union group can do it, either, but we'll concede their right to try. At least they aren't trying to tell everybody else how to do it. They're undertaking to show how to do it.

We think, flatly, that Blue Cross is a fine thing, and we hope all the noise won't fool the people and unduly alarm them.

Blue Cross is merely a victim of our rising economy just as everybody else is.

the remainder of the hospital stay. The saving of but 16 per cent in premiums does not seem adequate, considering that the average stay is seven days. Blue Cross also is readying a "catastrophe" policy, but if the saving is no greater than offered under the year-old deductible plan it too probably will not be widely popular.

One additional thought stands out prominently. Physicians, through their dealings with patients and because they control both the hospitals and the Blue Cross organization, have failed, in our estimation, to take an active public stand on the abuses under the voluntary hospitalization insurance plans.

Because they are so closely involved in the abuses and because voluntary plans were their answer in a period when socialized medicine appeared around the corner, they should be available to counsel the public. The public wholeheartedly accepted the voluntary plans and should have the wise advice of doctors.

Since Blue Cross is a \$100,000,000-a-year business, the entire problem should be thoroughly examined, calmly, circumspectly and publicly.

Groups to Study Home Pictures

Project leaders from Tuscola County home demonstration groups will meet Tuesday, March 6, and Wednesday, March 7, in the courthouse at Caro, according to Alfred Ballweg, county agricultural agent, who has made arrangements for the meeting.
The subject for discussion, "Pictures for the Home," will be presented by Jessie Marion, extension specialist in home furnishing, from Michigan State University. Pictures play an important role in a home and often make lasting impressions on members of the family. Pictures are no longer considered as stop-gaps for bare walls or mere decorative accessories.
A study of pictures is of interest to every member of the family. Good pictures are available at prices to suit any purse. The selection of pictures for the home is a subject worthy of consideration.

National 4-H Club Week March 3-11

Tuscola County 4-H youths will join in a nation-wide event March 3-11 to celebrate National 4-H Club Week, announced Bill Muller, Tuscola County 4-H club agent. During National 4-H Club week, groups review their accomplishments of the past year and make plans for the year to come.

Michigan 4-H has set a record this year by having the highest total enrollment it has ever attained—61,000 boys and girls with more than 9,000 local leaders and 2,300 junior leaders. Muller continued that Michigan had also completed a high percentage of projects. Eighty-nine and a half per cent of all projects begun were carried through to the finish.

Comparing Tuscola County to the state figures, Muller states that 505 boys and 556 girls were enrolled; 145 local leaders are directing these youths with the help of 110 junior leaders.

Last year Michigan youngsters took care of 6,200 dairy animals; 2,300 beef animals; 2,600 sheep; 2,700 swine; and 124,000 chickens and turkeys. They also prepared 277,000 dishes of food for the table; served 100,000 meals; preserved 136,000 quarts of food; made 53,000 articles of clothing; made 27,000 articles as handicraft projects; and raised 1,300 acres of vegetables.

FROM THE FILES OF THE CHRONICLE

Five Years Ago.

After 47 years publishing the Chronicle, Mr. and Mrs. H. F. Lenzner have sold the paper to E. J. LaPorte and John C. Haire. The March 2 issue is the first under the new management.

Fire demolished the home of Harry Hartwick, 5 1/2 miles south of Cass City, early Thursday morning.

Three members of the Cass City High School basketball team were honored with first place berths on the Upper Thumb Conference basketball team at the special meeting of the Upper Thumb Athletic Association Monday night at the Home Restaurant. Honored were: Tom Schwander, Lee Hartel and Eugene Kloc.

Fourteen members of the Cass City High School Band won four first division and three second division ratings in the seven events at the district three instrumental Solo and Ensemble Festival at Elkton, Thursday, Feb. 22.

The Hunter Funeral Home at the opening which was held last Sunday was visited by around 500 persons. Each visiting lady was presented with a carnation and each gentleman with a cigar.

Ten Years Ago.

The Gordon Hotel was sold March 5 by the Misses Ann and Elizabeth Kleinschmidt to Kenneth Cumper of Sandusky.

Harry L. Little of Detroit this week purchased the funeral home of Hugh Munro on West Main St. together with its equipment to which he has added a new Henney-Olds ambulance.

R. M. Hunter of Detroit has leased the business block of John Doerr on East Main St. now occupied by the C. E. Patterson grocery and expects to open an automobile accessories business.

When Cass City voters call for the ballots to elect village officers, they will notice that there are no candidates' names appearing on the ticket for clerk and assessor. Both men who were nominated notified Village Clerk Otto Prieskorn that they wanted their names withdrawn.

Monday evening, March 4, the Tuscola County 4-H council held a dinner meeting at Caro when the following officers were elected: Chairman, Reid Kirk of Fairgrove; vice-president, Keith Crawford, Caro; recording secretary, Mrs. Irma Hicks, Deford; secretary-treasurer, Wm. Newland.

Twenty-five Years Ago. Miss Margaret Barthel, eight-year-old daughter of Mr. and Mrs. Wm. Barthel, formerly of Deford, entertained an audience of 508 persons at an hour-long piano recital at the First Methodist Church in Royal Oak last week. Mrs. Howard Retherford of Deford attended the recital.

The Sebewaing plant of the Michigan Sugar Co., one of eight branches, has been chosen to operate during the coming season. The remaining seven, due to reverses last year will not open. Price per ton for beets has been slashed from \$8 to \$6, with the

usual 75 cents paid for plant delivery. Field labor has been cut \$5 per acre, paying \$18 per acre instead of the previous \$23.

James Osburn of Deford reports the theft of alfalfa seed from his home Monday night, valued at \$200.

Miss Madeline Burse has contracted to teach the Brown school for the coming year.

Thirty-five Years Ago.

Rev. Beynon is the new minister at the Deford Methodist Church. He conducted the services for the first time on Sunday.

Howell Bros. of Sebewaing are opening up a Willard Battery Service station in the cement building west of West & Son's blacksmith shop. John Willy, who has been in their Sebewaing garage for the past year, will have charge of the Cass City station.

The pleasant farm home of Archie McCallum, secretary of the Greenleaf Creamery Co., was destroyed by fire Saturday morning. The residence was situated about a quarter mile west of Old Greenleaf. The loss is estimated at \$5000.

N. J. McGilvray, a registered pharmacist of Burke's Drug Store, and W. H. Ruhl, for many years proprietor of a tailoring establishment in Cass City, have purchased the Rexall Drug Store of Norton Bros. at Bad Axe and took possession Saturday.

Eli Patterson underwent an operation at Pleasant Home Hospital Feb. 21 and at the hour he was on the operating table his home at Argyle was destroyed by fire.

Time to Start 4-H Beef Project

Soon it will be time for 4-H club beef cattle projects to start, according to County 4-H Club Agent Muller.

Boys and girls between the ages of 10 and 20 are eligible for beef projects with market steers and breeding heifers.

The 4-Her must select, feed, and care for his animal in addition to keeping detailed cost records for at least six months. Steer calves must be purchased not later than March 1 for the State 4-H Club Show, while a breeding heifer can be obtained between April 1 and June 15.

A particular challenge to the young 4-Her is the training of his animal for the show ring. When fair time comes around, the steer or heifer that has not been taught to lead properly can cause a great deal of trouble in addition to counting off points for the exhibitor.

Fifty boys and girls from Tuscola County had 4-H beef projects last year, according to Agent Muller. This and many other projects of interest to boys and girls from both town and city are featured in 4-H Club work, he points out.

Cass City Group Meets at School

The Cass City Home Demonstration group met Thursday evening at the Cass City High School with 34 members present.

After a meal served by the committee, Mrs. B. Kirton, Mrs. Wm. Patch, Mrs. C. Brown, Mrs. E. Baker, Mrs. C. Graham and Mrs. Wm. Ruhl, the business meeting was conducted under the direction of the chairman, Mrs. O. Goertzen. The Extension Woman's Creed was read by the members. Miss Muriel Addison acted as secretary-treasurer in the absence of Mrs. Guy Landon. Five dollars was voted to the Girl Scouts.

An interesting lesson was presented on "Getting Your Calories" by Mrs. Avon Boag and Mrs. Harold Greenleaf. Roll call was answered by "A Short Cut in Planning My Meals."

A dirty dollar does little permanent good for the man who soils his hands by taking it.

Many so-called progressive people spend their time looking for an opportunity to butt in.

Conscience tells a man he is doing wrong—fortunately it doesn't inform his neighbors.

Personal News from Greenleaf

Mr. and Mrs. Rayford Thorpe are the grandparents of a daughter born to Mr. and Mrs. Morris Sowden in Pleasant Home Hospital February 21. Mrs. Pete Rienstra is caring for the new baby and its mother at their home in Vassar.

Fraser Ladies Aid met Wednesday at the church for dinner and quilting. A ham dinner was served to 45. The next meeting will be March 7 when the committee in charge of the dinner will be Mrs. Ronald Fox, Mrs. John Battel and Mrs. Fred Linderman.

Rodney Karr returned home Wednesday from a week in Bad Axe General Hospital. He is improved in health, but not able to work. Melbourne Rienstra is helping with the chores.

Mrs. Henry McLellan and Mrs. Eleanor Morris went to Saginaw Wednesday of last week to bring home Mrs. McLellan's father, James Dew, who had spent a day and night in a Saginaw hospital for the removal of a growth on his ear.

The family night at Fraser church Wednesday evening was sponsored by the Men's Council. A number of the young people of the church gave a musical program and the chairman, Bruce MacRae, gave a short talk on the Navaho and Pima Indians in Arizona which was followed with pictures showing the country and the Indians. A delicious lunch was served by the men of the church after the program.

Patty Hoadley was ill with a bad cold Thursday, and spent the day with her aunts at Old Greenleaf.

Miss Hila Wills and Miss Anna

Marjorie MacRae, both of Detroit, visited for the week end with relatives here.

Mrs. Romig of Uby was a guest of her daughter and family, Mr. and Mrs. Harrison Stine, from Thursday through Sunday.

Mr. and Mrs. Henry McLellan, son, Jimmy, and James Dew had Sunday dinner with Mr. and Mrs. Malcolm McCallum.

Mr. and Mrs. Clayton Root had as Sunday dinner guests, her sister and family, Mr. and Mrs. Irvin Binder and son, David, of Cass City.

Wm. MacGilvray of Detroit spent the week end at his home at Old Greenleaf.

Angus Campbell and Miss Anna McLeod are both ill with a bad cold.

James Dew, Mrs. Henry McLellan and Mrs. Eleanor Morris were in Saginaw Monday. Little Jimmy McLellan spent the afternoon with Mrs. Rayford Thorpe.

BASKETBALL

Continued from page one.

quarter while Cass City was held to only 10. At the half they had moved to within a point of the Hawks.

Caro went into the lead shortly after the start of the third quarter and were never behind from that point on.

After they lost their lead, the Hawks started to press and the Tigers took advantage of their mistakes to sew up the victory.

In the third period, Cass City scored only 11 points and in the final quarter were held to only 13 points.

Aggressive play by Turner and the remainder of the Caro team on the backboards gave them control of the ball for the majority of the last three quarters.

Despite their defeats in recent games, Cass City ended the season with a respectable 13 won, three lost record.

High scorer for Cass City against Caro was Martins who picked up 16 points on six field goals and four of nine free shots. Drouillard scored 13 for second place honors.

This season the Hawks scored 1,117 points in 16 games... for an average of just under 70 points a game. What kept the Hawks from winning the title this year was the defensive record. Teams hooped 970 points against Cass City... an average of a little over 60 points a game.

The points against average were increased in the last three games when two of the Hawks' opponents scored better than 70 points and Caro netted 67.

Reserves Win
The Hawk reserves won a 55-46 tilt from the Caro reserves. In an earlier meeting, Cass City's seconds lost to the Caro squad.

CANDIDATES
Continued from page one.

Mr. McIntosh was a fighter pilot with the Eighth Air Force and received the Air Medal with two Oak Leaf clusters, the Purple Heart and various theater ribbons, battle stars and service ribbons.

Mr. McIntosh's background includes an interest in education. He served as an instructor in adult education courses conducted by Port Huron Schools and was a delegate to the White House Conference on Education at Lansing.

In 1954 he was campaign chairman of the Citizens' Committee for Better Schools.

Mr. Lawson has served as secretary of the Macomb County Republican Committee, later becoming chairman. He was an elected delegate to the 1952 Republican National Convention in Chicago.

95 Brave Weather
To Attend Institute
The Training Institute held in the Presbyterian Church last Sunday evening was attended by 95 leaders despite bad roads and weather.

Rev. Vender reported that 11 of the 13 churches of District III of Flint Presbytery were represented. There were eight pastors and 37 laymen in attendance.

The Rev. Marion Hostetler, PhD, pastor of the Kinde-Chandler churches, was chairman of the Institute, assisted by the host pastor.

Following the Institute refreshments were served by hostesses, Mrs. Harold Perry, Mrs. James King and Mrs. Donald MacLachlan.

GET SUPER CHICK GROWTH ON PURINA SUPER STARTENA

Super Growth. Your chicks should grow up to 5.6% faster on 7.4% less feed per pound of gain than ever before on Purina Startena! That's the kind of results they've been getting on many thousands of chicks in Purina Research tests.

Super Safe. You can order Startena with a built-in coccidiosis control. It's the best control ever tested by Purina Laboratories.

Super Vigor. You can actually see the brighter yellow shanks, perkier red combs, and fast, smooth feathering.

Super Economy. It takes only 2 pounds of Super Startena per light breed chick, 3 pounds per heavy. This is a real saving, because most feeds recommend 3 to 4 pounds of Starter—or more—before the chicks are ready for a growing ration.
