It isn't the low price that makes Chevrolet the most popular car going. It's the looks and quality—the ride and roadability—the championship power and performance.

Sure Chevrolet's low price is important. It saves you plenty, when you consider what most other cars cost.

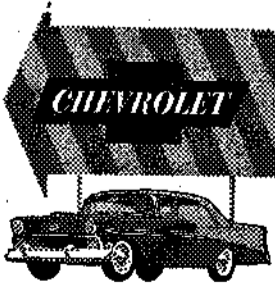

But even more important to you are the qualities you get in a new Chevrolet. Like its record-breaking performance (up to 225 h.p.) and nailed-down stability.

These are just two of the things that go to make driving more satisfying—and safer—in a Chevy. Driven one yet? We'll be happy to arrange it.

FROM THE FILES OF THE CHRONICLE

Five Years Ago.
Miss Rosalia Mall is retiring after seventeen years as clerk in the Gagetown post office. Members and friends of the Evangelical United Brethren Church endorsed the candidacy of Wilbur Silvernail, son of Mr. and Mrs. Ray Silvernail, for the ministry when they affixed their signatures to papers expressing that action at the Sunday morning service.
Mr. and Mrs. Don Borg are buying the Seed home on North Seeger St. and expect to move about May 1.
Nineteen athletes are expected to attend the first annual Upper Thumb Conference—all sports banquet at the Lutheran Church in Sebawaing.

Ten Years Ago.
Elkland Township again went over the top in its Red Cross contributions. Assigned \$1000 as its quota by officers of the Tuscola County chapter, the contributions were \$500 over that amount totalling \$1500 to date.
Eleanor Josephine Byrnes, 12, daughter of Mr. and Mrs. Patrick Byrnes of Deford, died Wednesday night, March 20, in Morris Hospital here of injuries suffered when she fell under the wheels of a wagon loaded with hay.

Edsel Kinney has purchased the oil station in Gagetown located in the west end of the village from Dr. L. D. MacRae and is handling Standard Oil Co.'s products.
The 40-acre farm, five miles west of town, owned by Mrs. Dan Coie and son, Malcolm, of Detroit has been sold to Mr. and Mrs. Lloyd Finkbeiner.
Arnold Copeland has purchased the 120-acre farm of Mrs. Clara Spaven in Ellington Township which he has rented to George Kitchen.
Twenty-five Years Ago.
Of the thirty who attended the annual meeting of the Cass City Fair Monday night and voted on the proposition of whether to continue the fair or not for the coming year, 21 expressed themselves in favor of having a 1931 fair and nine were opposed to continuing the fair.
L. I. Wood and Co. have just installed in their drug store a Knight mechanical refrigerated soda fountain and will begin serving ice cream and other refreshments of the season.
The names of four Cass City young ladies are among those on the honor roll of Michigan State College students for the year 1929-1930 which has just been published. They are Pauline Knight, home economics; and Virginia J. Day, Pauline A. Sandham, and Harriet E. Tindale, liberal art students.

Michigan Mirror News In Brief

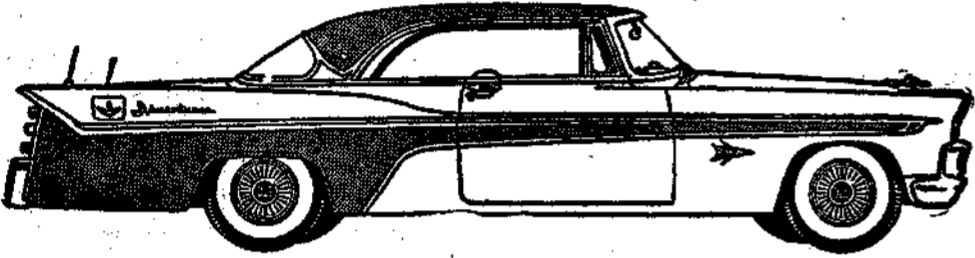

It will take \$325,000,000 to meet the general fund budget for state government next year, and that isn't all.
Restricted funds for 1956-57—like the automatic two-thirds of the sales tax which goes to schools—will run the total figure up to something like \$750,000,000.
The smaller figure is the state's "working capital" which pays for the work-a-day services the state provides for its citizens.
Governor Williams asked for \$369,000,000, and Republican finance leaders in the legislature first figured they could cut the governor's requests to \$310,000,000.
As the session heads into the last stages, the budget is being bloated by last-minute necessities and it is pointing toward the \$325,000,000 figure.
Republicans, with that size of budget, will be releasing a record amount to run state government, despite the cuts in requests submitted by Williams.
"We will continue to pay for government, but without frills," said Senator Elmer R. Porter (R-Blissfield).
The \$2,000,000 for purchase of Salk vaccine inoculations in the state's anti-polio program is still intact.
Governor Williams has signed a legislative bill extending the deadline for spending the money from Feb. 29 of this year to June 30, 1957.

The bill would cost the state up to \$200,000 a year until the pension system was actuarially sound. Republicans in the senate turned thumbs down on the idea.
"We just can't abuse taxpayers this way," said Senator Lewis G. Christian (R-Ann Arbor).
Pressure for pay raises and pension systems started after 1949 when voters approved a proposition on the ballot to empower legislators to fix their own salaries. They were getting \$3 a day then.
Now the pay is \$4,000 a year in addition to a \$1,000 a year expense account.
In addition to the proposed pension plan, there was a bill in the House to raise the salary to \$5,000. With expenses, this would give legislators \$6,000 a year. That proposal is dead.
Legislators are still discussing whether to restore discretionary powers over the deer herd to the state department of conservation.
Only now the controversy is in a conference committee of House and Senate members—the last stages of legislative battle.

controversy to three members of each chamber.
Senator Charles T. Prescott (R-Prescott) said it was all right with him. He believes that "some sort of compromise" can come out of the conference committee.
So, whether the conservation department gets its powers back is still a major legislative question.
It will be decided in the last week of the session, and—it may not be decided at all this session.
A man's deficiency in dollars can usually be traced to a deficiency in sense.
Some people are not satisfied to tell all they know—they just keep on talking.

Thirty-five Years Ago.
The S. Champion Poster Advertising Co., Inc., received incorporation papers from the state Wednesday. Wm. Day is president of the company; A. B. Champion, vice-president; John H. Barnes, treasurer; and S. Champion secretary and general manager.
Dr. J. T. Redwine sold his residence property on Seeger St. to Lewis Law last week.
The thirty-first annual meeting of the Woman's Missionary Societies of Flint Presbytery was held in the Cass City Presbyterian Church Tuesday and Wednesday, March 29 and 30. About 18 churches of the district were represented. Mrs. Fred Kelley of Caro was again elected president at the Wednesday business meeting and Mrs. A. D. Gillies of Cass City was elected second vice-president.
Mr. and Mrs. N. Bigelow are celebrating their 50th wedding anniversary.
Take the average man at his own valuation and you are pretty sure to get stuck.

CARS Line

By H. M. Bulen

As the warmer days return and a lot of us head outside for the week end sport of washing and waxing the car, I often remind people of an old saying (which I just changed) that goes: "All that glitters is not chrome."
Actually, the shiny metal trim on cars is more often stainless steel than chrome. And the difference is important for they need two distinct kinds of care.
Stainless steel is a boon to motorists. It's sold all the way through, so it won't peel or chip, and you can use a mild kitchen cleaner like Bon Ami on it. With chrome, you should use only the cleaners designed for chrome.
The most important difference is this: On chrome, it's a good idea to apply a thin coat of wax, or light oil or vaseline to protect it from salts and acids. But stainless steel is at its best when it is completely bare. Waxing can be harmful to it for a flow of fresh air over stainless steel helps to keep its bright appearance like you see in restaurant kitchens.
On newer cars it may be hard to tell which is the chrome-plated steel and which is the stainless steel. On older cars it's not so hard—the stainless steel may get dirty, but it will never, never rust.
It's good to see people out waxing and polishing their cars. It's one of my favorite forms of relaxation and nothing does more to preserve a car's trade-in value.
Cars that have had good home care, and regular mechanical care at our shop, are the kind we like to get as trade-ins at our lot. Featuring these well-cared-for cars has given us our reputation as the lot where extra-value cars are found. And with the fun-season for driving coming up, we've got some real honeys in right now.
Come In. Have a "Coke" on Jim Neblett. Let us show you our fine stock of "OK Used Cars and Trucks."
The Roads are starting to dry up, the Birds are singing and Spring will soon be here. Now is the time to settle your transportation needs before the Spring rush. You're sure to find one you like in our too large collection.
We'll look for you.

Slate 4-H Spring Achievement at Cass City April 2

Seven hundred and fifty 4-H club boys and girls from 35 winter clubs in Tuscola county will participate in the annual spring achievement program on April 2, 3 and 4.

Girls will be exhibiting clothing, knitting and other home economics projects while for the boys the main emphasis will be on electrical and handicraft projects.

Other exhibits will include junior leadership, 4-H club girl, 4-H club boy, conservation, photography and food preparation to mention a few.

Club members will be setting up their exhibits in the forenoon and judging will start about 10 a. m.

Highlighting the achievement days will be an evening program starting at 8 p. m. The public is cordially invited to attend.

The achievement days will start in Cass City at the high school on April 2, then at the Vassar high school on April 3, and finish up at Murray Hall on the grounds of the Caro State Hospital on April 4.

Adversity never builds character—it merely places it on exhibition.

Makes me fill my OATS

Oats grow like sixty when they are well-fed with nitrogen-rich, balanced ARCADIAN® 12-12-12 fertilizer. Many growers get yields of 60, 70 or up to 100 bushels per acre when they feed their oat crop plenty of this easy-spreading, complete plant food. Even with thinner seedlings used as a nurse crop, they get big, profitable yields of plump grain with stiff straw that resists lodging.

Full-feed your grain and grass and legume seedlings the low-cost, profitable way with ARCADIAN 12-12-12 in the drill at seeding time. It takes fewer bags of concentrated ARCADIAN 12-12-12 to feed your crops well. Use enough to make your oats pay—and to get a good "catch" of grass and legumes. For a real big crop of hay and pasture, top-dress your year-old seedlings with plenty of ARCADIAN 12-12-12. Get ARCADIAN 12-12-12 now before the rush season.

5 big reasons why the really new Plymouth gives you more for your money than any other low-price car

- 1 You get exclusive Push-Button Driving**
Touch a button—off you go! This positive mechanical control is the safest, easiest ever. Only Plymouth has it among low-price cars.
- 2 You get the biggest car in the low-price three**
Inside and out, Plymouth is the "big boy" in its field. 17 feet long. Outmeasures the others in every important way. More room for all!
- 3 You get the only really new styling of the year**
Don't let other low-price cars fool you with warmed-over '53, '54 and '55 models. Get the really new car—the all-new '56 Plymouth.
- 4 You get the greatest array of safety features**
The "other 2" can't match Plymouth for safety. Only Plymouth offers Safety-Rim wheels, electric windshield wipers, 2-cylinder brakes.
- 5 You get the biggest deals around**
Plymouth's value lead has sent sales soaring, enabling dealers to give you amazing deals. Come see how easy it is to own a big Plymouth.

PLYMOUTH costs less

From the day you buy it... through all the years you own it... you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

Catholic Women Meet at Gagetown

The spring open meeting of the Thumb Deaneary Council of Catholic Women was held Wednesday in St. Agatha's parish hall with Rev. Glenn Wm. Cronkite, spiritual director of the deaneary, opening the meeting with prayer. Greetings were extended to the guests by Fr. Cronkite. Some 100 members representing 21 of the affiliated units of the deaneary were present for the meeting which was presided over by the president, Mrs. Alex Liberacki of Unionville. The secretaries' and treasurers' reports were given. Mrs. Liberacki gave a talk on the board meeting recently held in Marlette. A report on the various activities of the different units was given.

The following appointments were made: spiritual development; Mrs. Floyd Dominic of Tyre; youth; Mrs. Harold Flannigan, Marlette; co-op with Catholic charities, Mrs. Otto Eisenbruber, Sebawing; home and school, Mrs. Howard Ellis, Cass City; study clubs, Mrs. Eleanor Stinson, Kinde; Catholic Fraternity, Mrs. Milton Bedore, Unionville; rural life, Mrs. Norman Pine, Unionville; historian, Miss Helda Herdell, Argyle; parliamentarian, Mrs. Paul Woodworth, Bad Axe.

The nominating committee reported that the same officers had consented to act in their same capacity for 1956. They are: president, Mrs. Alex Liberacki of Unionville; first vice-president, Mrs. Edward Kresae of Port Austin; second vice-president, Mrs. Mark Herdell of Argyle; third vice-president, Mrs. Kenneth Maharg of Gagetown; secretary, Mrs. James McNamara of Uby; and treasurer, Mrs. Harry Bryson, Harbor Beach. Rosary and Benediction followed after which lunch was served by the ladies of St. Agatha parish.

The afternoon meeting opened at 1:30 with a talk by Fr. Cronkite on "What We Get Out of This Organization, the Council of Catholic Women." Rev. Joseph Roach of Reese gave a talk on migrant labor in this community and what should be done to meet this problem. He said that less laborers are needed on account of labor saving machinery and that 7,000 migrant laborers were contacted during the year and that Reese had a regular school for workers and children which was an immense success. He said many of the migrants were very conscientious about their work and others were here for what

they considered a vacation. In the Saginaw Valley, he said, 3,000 families have settled, many having a business of their own established and many are attending college.

He said to extend to them a welcoming hand for which they are very appreciative. Rev. Cornelius McEachin of Crosswell gave a brief talk on how migrants can be helped by contacting them and offering them used clothing and bedding where needed. The president then spoke of the board meeting of the Council of Catholic Women to be held in Saginaw, April 24, and thanked the ladies of Gagetown for entertaining the Deaneary Council.

Famous bulletin from Mobilgas Economy Run

FORD WINS IN ECONOMY TOO!

V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic, was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

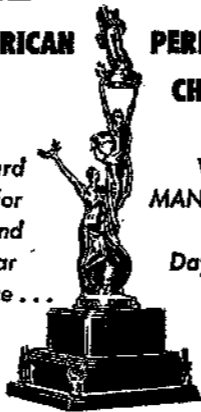

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. Through the heat of Death Valley and over chilling mountain heights . . . through gas-eating city traffic and over the straight-

line open road . . . Ford proved anew its traditional reputation for economical performance.

The winning Ford was a regular-production model taken right from the assembly line. It was no different than thousands of '56 Fords you see on the road and in dealer's showrooms. This proves that Ford, the Performance, Style and Safety leader, leads in Economy, too! That adds up to four big reasons why the '56 Ford is worth more when you buy it, while you drive it, and when you sell it, too!

BE READY AHEAD OF HAYING

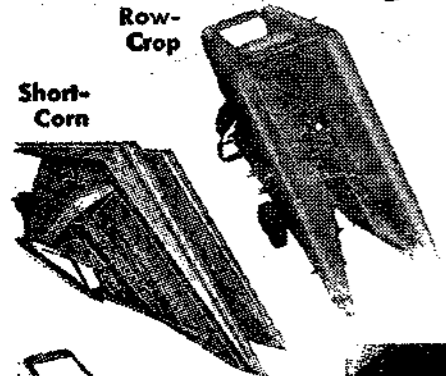

Rips out young weeds without damaging crop—kills weeds before crop comes up—breaks crusted soil—far faster and cheaper than is possible with a cultivator. With a 2-plow tractor like Case "VAC" (above) and 4-section Case Rotary Hoe you can eradicate up to 80 acres of weeds a day. Used in the Southwest to roughen fields of young grain to help control blowing. Pulled in reverse, it makes an ideal sub-surface packer. Scientifically curved steel fingers are self-sharpening. No levers needed. Weight boxes are built in. Four-section model folds narrow for transport. Case strength and quality throughout. Come in and see.

Eagle Hitch Rotary Hoes takes but a minute to hook up right from seat of any Case Eagle Hitch Tractor. Lifts for easy transport, works fast in the field. Each section of both pull-type and mounted models handles one standard row. Come in for a demonstration.

CASE

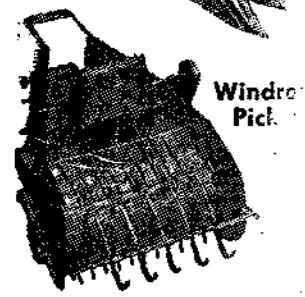

America's Lightest Running Chopper

With a new "200" series Case Forage Harvester and your present tractor, you can chop heavy grass or tall corn faster because less power is required. Case Choppers save power because of simple design, few moving parts, light weight with great strength, oil-bath gears, anti-friction bearings. You save more power, get still greater capacity at low wheel speeds with Case six-knife models, especially at longer cuts for which they can be set.

Why take chances with your valuable hay crop? Be ready to put it up at the peak of protein and palatability . . . not depending on hired help or borrowed baler. Buy today's most popular farm-size, one-man baler . . . the new automatic twine-tie Case "130." It's so simple to operate, so easy to adjust . . . and so low in cost you can well afford it. You don't have to wait until you have the cash on hand, either. The new, sensible Case Income Payment Plan lets you get it in time for hay harvest . . . pay on a schedule that fits your farm income. Drop in and see the "130" . . . and how easy it is to own.

Chops Forage Any Way You Want it

Today's Widest Choice of Attachments

One man alone can easily put on or take off the Case quick-change units—today's widest choice of attachments for forage harvesters. The regular and "short-corn" row-crop units chop corn, sorghum and other crops for silage or green feed. Windrow pick-up handles wilted hay for barn finishing, or fully cured hay. The 60-inch "green-chop" cutterbar is adapted to daily feeding and short hay stands. Draper cutterbar cuts heavy stands for grass silage or dehydrating. The corn harvester picks corn and chops stalks for silage, bedding, or mulch.

Six-knife models—"220" for PTO operation and "225" with engine—chop full range from extra-short for silage to extra-long for hay or green feed. Economy Model "210" has 4-knife wheel and regular range of cut. Drop in and see us—get the full details.
