John Metiva Quits  
Road CommissionFind One of Cars  
Embezzled from  
Paul Company

One of the two cars sold by the H. O. Paul Company of Cass City to a man who issued a bad check for \$3,025 for the automobile has been found in St. Louis, Mo., Harold Paul, Jr., announced Wednesday.

Mr. Paul said that he sold the cars to a man that he had dealt with for three years as a representative of a used car dealer.

The man offered the check in payment for a 1956 Pontiac and a 1954 Chevrolet. After the check had cleared the banks, it was found to be no good on Wednesday, April 11.

Mr. Paul notified the authorities and a warrant was issued for the man's arrest on a charge of procuring money under false pretenses.

The bogus used car dealer had sold the car to a buyer in St. Louis, but the check had not cleared the bank. A stop payment was issued on the check, Mr. Paul said, but he had not been notified late Wednesday that he could pick up the vehicle.

Second Beet  
Payment of \$1.25  
Due Monday

Gilbert Smith, manager of the Michigan Sugar Company in Caro, announced this week that the second payment on the 1956 sugar beet crop will be distributed Monday.

The payment of \$1.25 a ton will bring the total cash payment to \$131,942.50, Mr. Smith said.

The first payment, Dec. 1, was \$9.25. A government payment of \$24.08 has been made. The second payment by the sugar company will bring total revenue per ton to \$129.08 with a final payment to be made Oct. 15.

Last year, beets brought a total of \$12.10 per ton, Mr. Smith said. The Caro manager also reported that 60 acres have already been planted this year in the area served by the Caro plant.

Physical Education  
Class for Girls  
Proves Successful

This year, a girls' physical education class was organized at Cass City High School. The girls meet for one hour each day to participate in a varied program of athletics and group activities.

The most recent event for the girls was a basketball game with Kingston High School. The Cass City sextet defeated Kingston by a score of 38-34. An earlier two game series with Owendale gave the CHS girls one win and one loss. The first game was played at Owendale in March where our girls were defeated by one point, 26-27. At the return game at Cass City's gymnasium, the Owendale girls were defeated, 26-10.

Leading scorer for the Cass City team has been Beverly Czeszewski, who has averaged about 20 points per game. Others who saw considerable action in the games were Janet Auslander.

Nicholas Van Petten of Gilford Township resigned as chairman of the Tuscola County Board of Supervisors just one week after he had been elected to the post by the board.

He resigned to take over a position on the Tuscola County Road Commission to fill a vacancy caused by the surprise resignation of John Metiva.

Fred Mathews, Tuscola County clerk, read Mr. Metiva's notice of resignation to the board Tuesday. He had served a little less than a year. He was appointed by the supervisors last summer to replace the late Carl Keimath.

Mr. Metiva gave no reason for his resignation in his letter to the board.

The resignation of Mr. Metiva set off a chain reaction of appointments.

Elected by a unanimous vote to replace Mr. VanPetten as new chairman of the board of supervisors was Earl Lindsay of Watertown Township. Mr. Lindsay lives in Postoria.

His appointment as chairman created a vacancy on the hospital board and Milton Bedore of Columbia Township was named to this post.

Glass Jail Door  
Proves Hazard in  
Sanilac County

If Tuscola County ever builds the new jail for which they have established a sinking fund, they probably will take a lesson from Sanilac County and not install a glass door.

Saturday night the door in the new Sanilac County Jail was broken for the fourth time this winter.

Irving Claty of Sandusky broke it Saturday when he walked through the glass while on his way to visit a prisoner.

He said that he was looking through the windows at the side to see who was in the office and failed to see the glass.

His head, arm and leg crashed against the glass and he suffered a cut on his left wrist and minor scratches on his head.

Three times previously guests of wind have pulled open the door and shattered the quarter-inch plate glass.

A new pane of glass is about \$86 installed.

Favor Eisenhower  
In Straw Vote  
At Gavel Club

Gavel Club members favor the retention of President Dwight D. Eisenhower as president for another four years by an overwhelming majority, according to informal ballots conducted Tuesday at the club's meeting at Parrott's Dairy Bar.

The ballot listed Averill Harriman, Adlai Stevenson, Estes Kefauver and Mr. Eisenhower. The president received all but two of the votes.

The program was conducted by Jim Seals who lead a discussion of the various candidates and the political situation, in addition to the straw vote.

Harry Little, vice-president, conducted the meeting in the absence of President Arlan Hartwick.

FINE SHOW—General opinion of Cass City area persons who flocked to the annual Lions Club Minstrel Show, Wednesday and Thursday, April 11-12, was that this year's show was better than the first in 1955. One of the acts that was well received had B. A. "Curly" Calka, center, dressed in women's clothing for a "Sophie Tucker and Friend" routine. The friend, standing at left, is Wayne "Buck" Rabideau. Proceeds from the show are expected to be enough to finance the Lions sight conservation program in the Cass City area for another year. The club aims to have every child have a yearly sight examination.

From the  
Editor's Corner

We applaud the decision of local doctors to arrange a schedule so that a doctor will be available in the community any day when they are needed.

Their decision to have a member on call each Thursday is another example of the cooperation in Cass City that has always been present.

Two hot election issues are likely in the November election. Now being circulated in Tuscola County is a petition for another vote on the Sunday sale of beer and wine in the county. At the last election, prohibition was carried by a narrow margin. Also being circulated is a petition legalizing bingo for charitable organizations. The measure was also defeated when first proposed in the last election. If on the ballot, the two measures will guarantee a large vote in Tuscola County in November.

Magazines Added  
To Public Library

For the first time in the history of the Cass City and Elkland Township Public Library, the financial status is such that members of the board could vote to order a selection of magazines for the use of patrons. Board members selected the following list of magazines: Sports Illustrated, Sports Afield, Outdoor Life, Popular Mechanics, House Beautiful, Seventeen, Life, Parents, Time, Calling All Girls, Travel and House and Garden.

Some magazines are already being received and the rest will appear on the magazine rack in the near future.

In addition to those listed above, National Geographic and Woman's Home Companion are given to the library each month and several other magazines are donated at various times. Since the first of the year, Facts Forum and World Tennis are also being sent as a gift from the publishers.

The librarian also reports the arrival in the library of Pearl Buck's newest novel, "Imperial Woman," one new western, "Arizona Justice" by Gordon Donalds; two new novels, "Charlotte and Dr. James" by Guy McCrone and "A Doctor for Blue-Jay Cove" by Elizabeth Seifert. Four new mysteries are also available: "Suddenly a Widow" by George Harmon Cox, "Unhappy Hooligan" by Stuart Palmer, "Murder in Mink" by Bert Iles and "A Noose of Emeralds" by Bevis Winter.

Slated at Lapeer, May 2, is a district meeting for librarians and trustees and it is expected that several from Cass City will attend.

The Fair Share Bargaining Association in Cass City Saturday night turned out to be a bitter internal fight for control before an estimated 300 persons.

Homer Martin, fired Friday night as an advisor to the FSBA in a meeting held at the home of Rolland Brengle, president, refused to quit, saying he would remain at his post unless the farmers want him to leave.

"If the farmers want me to go I will gladly go but I will never leave a job half done unless the farmers want me to," he said.

Martin termed the recent milk strike the most successful in the history of agriculture. He said he was fired at a "secret" meeting when three directors who support him, Arnold Wyss, Sam Ballo and Paul Deering, were not notified of the meeting.

Martin advocates being friendly with organized labor, but wants to avoid dictation from labor. He said the association

Cass City's track team placed eighth in a field of 20 schools at the Mt. Pleasant indoor relays Saturday. The meet was won by Mt. Pleasant.

Cass City boys who received points were Jack Clara, Jim Ellis and Ed Freeman. Freeman tied for second in the pole vault with a jump of 11 feet, eight inches. Clara was fifth in the 100-yard dash and tied with Ellis for fifth in the high jump.

Caro placed seventh in the meet.

Free Rubbish  
Collection for  
Clean-up Week

President James Bauer this week issued a reminder to residents in the village that next week is the annual clean-up week in the village.

To help home owners clean yards and attics, the village will make free pick up of rubbish on Monday and Tuesday, April 23-24.

Rubbish must be in covered containers and cannot include garbage, village authorities said.

Insurance companies have lauded clean-up days as one of the best ways to avoid needless fires.

Leading the discussion was a six-member team from various communities. At the institute, 14 cities and villages were represented. Included were members from five different denominations and 22 churches.

At Cass City Meeting

Fight for Control  
Of FSBA Saturday

What had been expected to be a rally for more organizational strength by the Fair Share Bargaining Association in Cass City Saturday night turned out to be a bitter internal fight for control before an estimated 300 persons.

Homer Martin, fired Friday night as an advisor to the FSBA in a meeting held at the home of Rolland Brengle, president, refused to quit, saying he would remain at his post unless the farmers want him to leave.

"If the farmers want me to go I will gladly go but I will never leave a job half done unless the farmers want me to," he said.

Martin termed the recent milk strike the most successful in the history of agriculture. He said he was fired at a "secret" meeting when three directors who support him, Arnold Wyss, Sam Ballo and Paul Deering, were not notified of the meeting.

Martin advocates being friendly with organized labor, but wants to avoid dictation from labor. He said the association

should be non-political.

He said that his record as a labor leader in the thirties of rigid observance of contracts with management and removal of Communists from unions is still being followed.

Brengle told the group that the help of organized labor in shutting down the creameries is essential, but denied selling out to the CIO or following CIO policies.

Arthur Heslip, FSBA treasurer, received some blows when he said that the \$6,500 collected for FSBA was in the bank and that all legitimate bills have been paid.

The split in FSBA ranks was illustrated when Brengle and his followers walked off the stage when their portion of the program was finished and left the Cass City High School auditorium without waiting to hear Martin speak.

Supervisors Ask for  
5.85-Mill County Tax

Supervisors asked for a 5.85-mill tax rate on the state's equalized valuation for 1956 in their April meeting at the courthouse in Caro. The mill-rate is the same as was granted this year. However, a slight increase in revenue may result because of an increase in the state valuation.

Total equalized valuation for the county is greater than it was last year. County equalized valuation this year is \$48,143,523 and last year was \$47,494,980, the report shows.

Elkland Township's valuation increased from \$3,839,310 to \$3,912,360. Elmwood Township also increased slightly from \$1,640,000 to \$1,651,750. Three other area townships showed a slight decrease. Novesta dropped from \$1,090,000 last year to \$1,086,500 this year.

Ellington was \$831,165 and is now \$830,265 and Kingston Township's valuation last year was \$1,229,800 and this year is \$1,229,080.

Social Aid Report  
Earl R. Dean, director for the Tuscola County Bureau of Social Aid, reported that his department spent a total of \$687,482. In 1954 the total was \$671,985. Administrative costs for the department were \$33,304.12.

A total of \$546,617 was spent for old age assistance, while aid to dependent children cost the county \$121,285. Aid to the blind totaled \$14,355 and aid to the disabled, \$5,225.

Hire Zoning Expert  
Lewis Woolfang of Michigan State University was hired by the board to assist with county zoning problems.

An attempt will be made to have him meet with the board at the next session.

Primary interest in the zoning now is by residents of Almer Township where a home building project is planned.

Road Commission  
According to report by the Tuscola County Road Commission, a total of \$776,855.68 was spent on county roads last year.

Of this amount, \$424,240.60 was spent on primary roads. \$241,405.62 was spent on construction and \$7,209.11 on maintenance. Administrative costs on primary roads totaled \$15,545.87.

Spent on local roads was a total of \$352,615.08.

More of the local road money was spent on repair than on construction. A total of \$229,019.76 went for maintenance, while \$110,458.77 was spent for construction. Administrative costs for local roads totaled \$13,186.55.

Park Money  
The supervisors voted an additional \$300 to be spent with \$900 in the park fund for the removal of brush and stumps and the repair of bathhouses and rest rooms at the Tuscola County Park at Quanicasee.

Other Business  
The board heard Earl J. Laur, Jr. discuss the advisability of every community establishing a blood bank. The matter was referred to the health committee for study.

The board again voted \$200 as the county's share of maintaining the Saginaw Valley Child Guidance Clinic for 1956.

At a recent meeting, the doctors arranged the following schedule: first Thursday of every month, Dr. H. T. Donahue; second Thursday, Dr. James Ballard; third Thursday, Dr. F. L. Morris; fourth Thursday, Dr. K. L. MacRae, and fifth Thursday, Dr. Donahue.

Doctors said that the schedule is for emergencies when the family physician is not available.

In case the doctor cannot take his Thursday emergency calls, he will make arrangements with another local doctor to take his place.

UN Discussed by  
Mrs. Earl Douglas

"The United Nations means different things to different people," said Mrs. Earl Douglas as she made a return speaking engagement at the Cass City Rotary Club, Tuesday noon.

To a boy in a backward country suffering from yaws, it is an organization that cures this dread disease. Over two and a half million persons have been cured, Mrs. Douglas said, through the simple use of penicillin.

To backward countries, its technical assistance division is the UN it has relieved suffering and raised standards of living for millions of persons.

The UN is such a vast organization, Mrs. Douglas noted, that hours could be spent talking on any of its many divisions.

She traced briefly the organization of the UN and discussed its accomplishments and its weaknesses with the help of a detailed chart.

### Slate Demonstration Of Tree Planting

Now is the best time to plant  
pine trees, either for Christmas  
tree production or good soil con-  
servation practices.

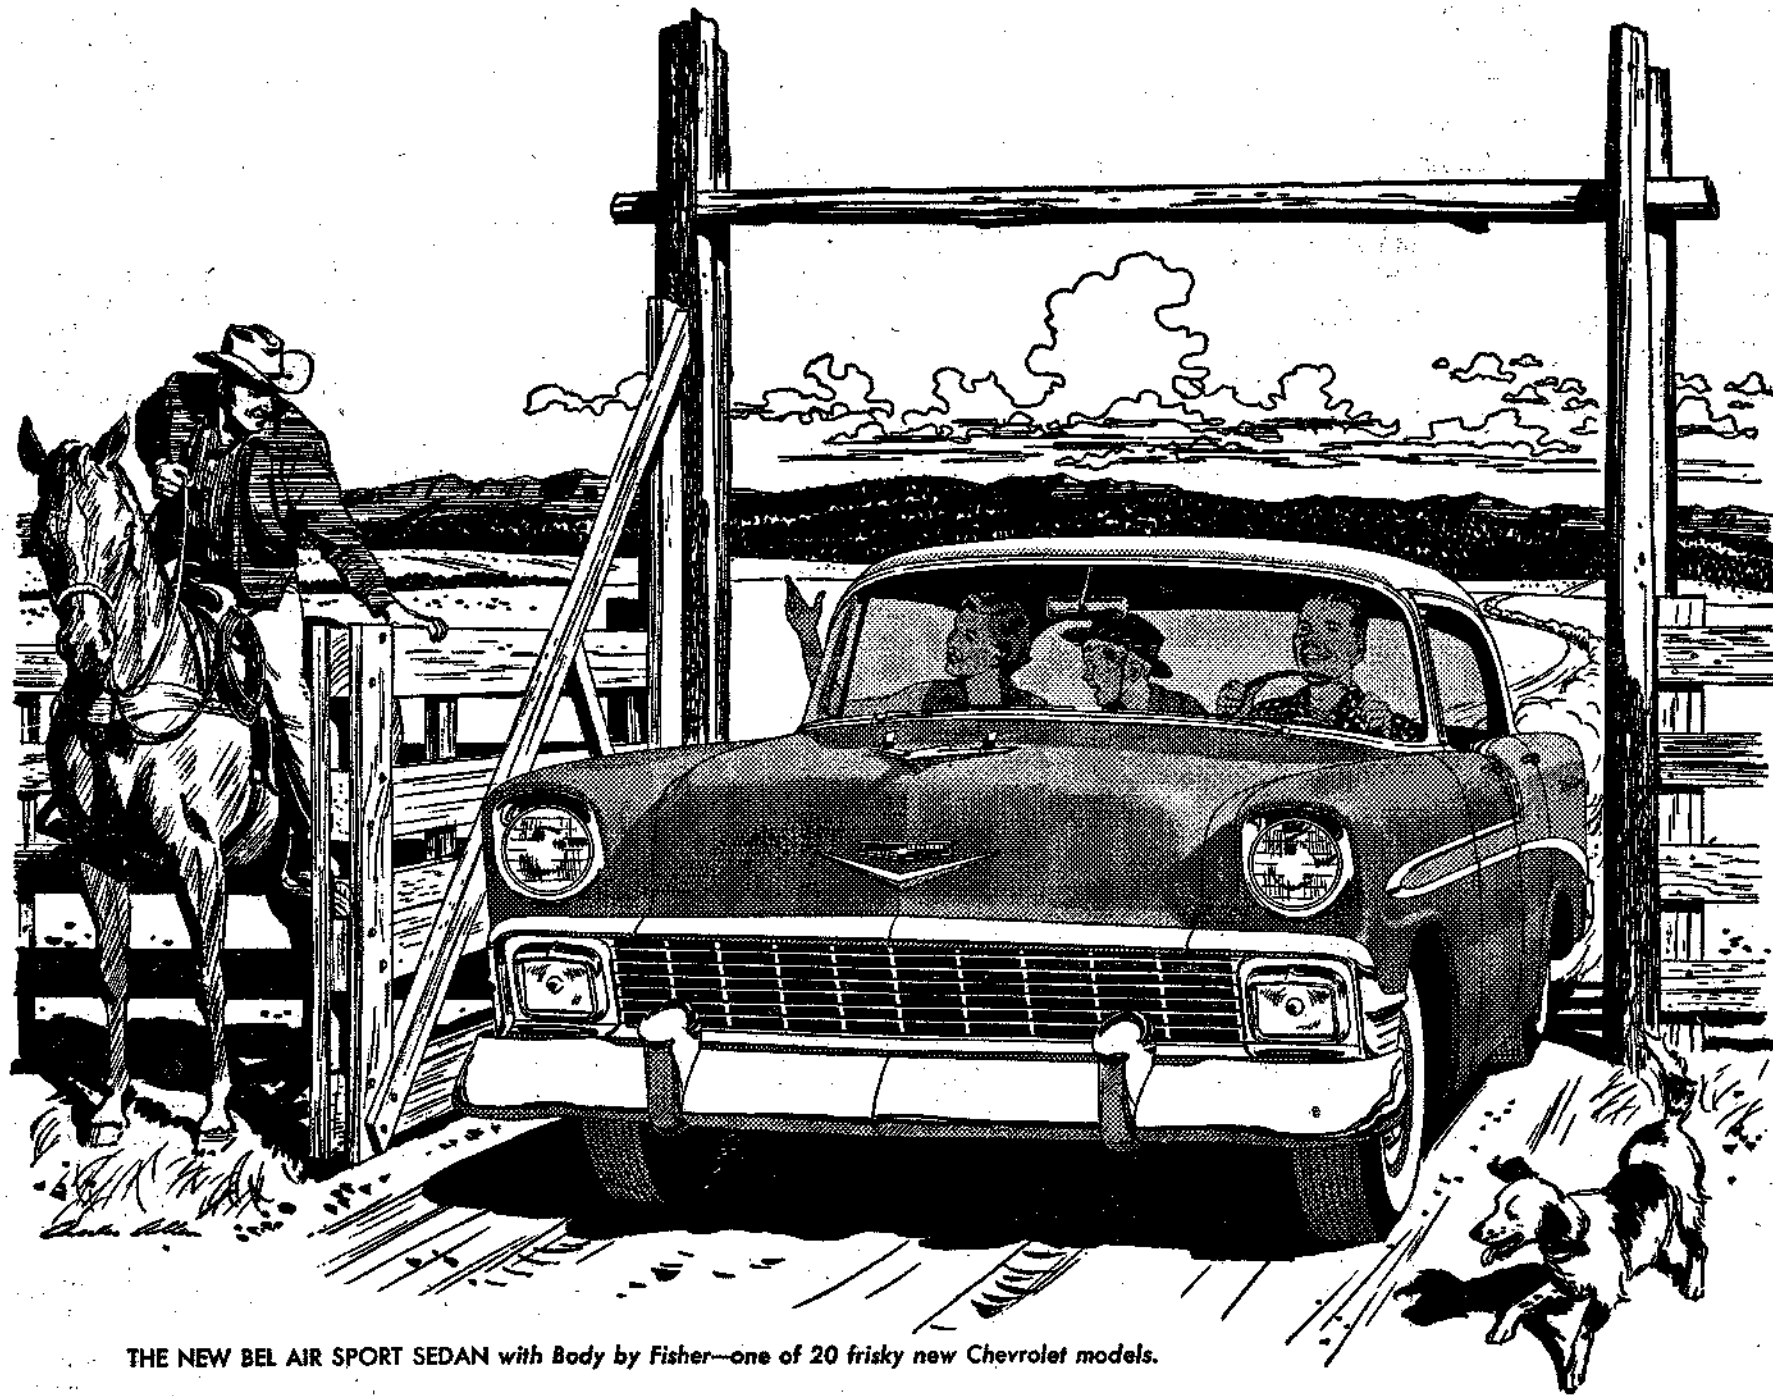

As there has been much inter-  
est shown toward pine tree  
planting, the county agricultural  
agent's office, Ed Cole, Mayville  
Vo-Ag Instructor, and the Soil  
Conservation Service have set up  
this demonstration.

The correct mechanical and  
hand planting methods will be  
shown and questions answered,  
relates assistant county agricul-  
tural agent, Don Keblor. The  
demonstration time is 2:00 to  
3:30 p. m. on Thursday, April 26.  
It will be held at the corner of  
Leix and Snover roads.

The public is invited to attend  
this educational demonstration  
and see the correct tree planting  
methods used in Tuscola County.  
Further information can be  
obtained by contacting the above  
mentioned persons or services.

A bold front never holds out  
for the evening service this Sun-long without good backing.

# CARS Line

By H. M. Buley

How would you like to have a fire gong fastened underneath your car and be forced by law to ring it—and keep ringing it—within 50 feet of every intersection?

That's the kind of crazy law that once existed on this continent, within the memory of many people who are racing around in jaunty sports cars today.

The early motorists, brave and hardy souls that they were, put up with some silly laws on their Sunday drives, and they put up with a lot more.

Farmers were their particular enemies, although there were lots of townfolk who had crippling laws passed, too. The dust fairly obliterated the sky on back country roads and there was the old suspicion that the snorting autos turned the milk of cows sour.

A farmer's fad that caught on almost nation-wide was to bury old rakes, barbed wire and, Lord help us, even cross cut saws into the roads. They did a dandy job of slashing tires.

There were defeat-the-cars organizations formed. The Farmers' Anti-Automobile Association of Pennsylvania publicly urged its members in 1904 to patrol the roads on Sundays and threaten motorists with arrest, or shoot them if necessary!

It was Urbana, Ohio, that had the law about sounding a bell 50 feet on either side of an intersection. If the cars alone didn't frighten horses, all those gongs certainly must have.

These are the kind of silly little stories that you pick up from being around automobiles, a lot of things stick to you and it's fun to share both the useful and the useless.

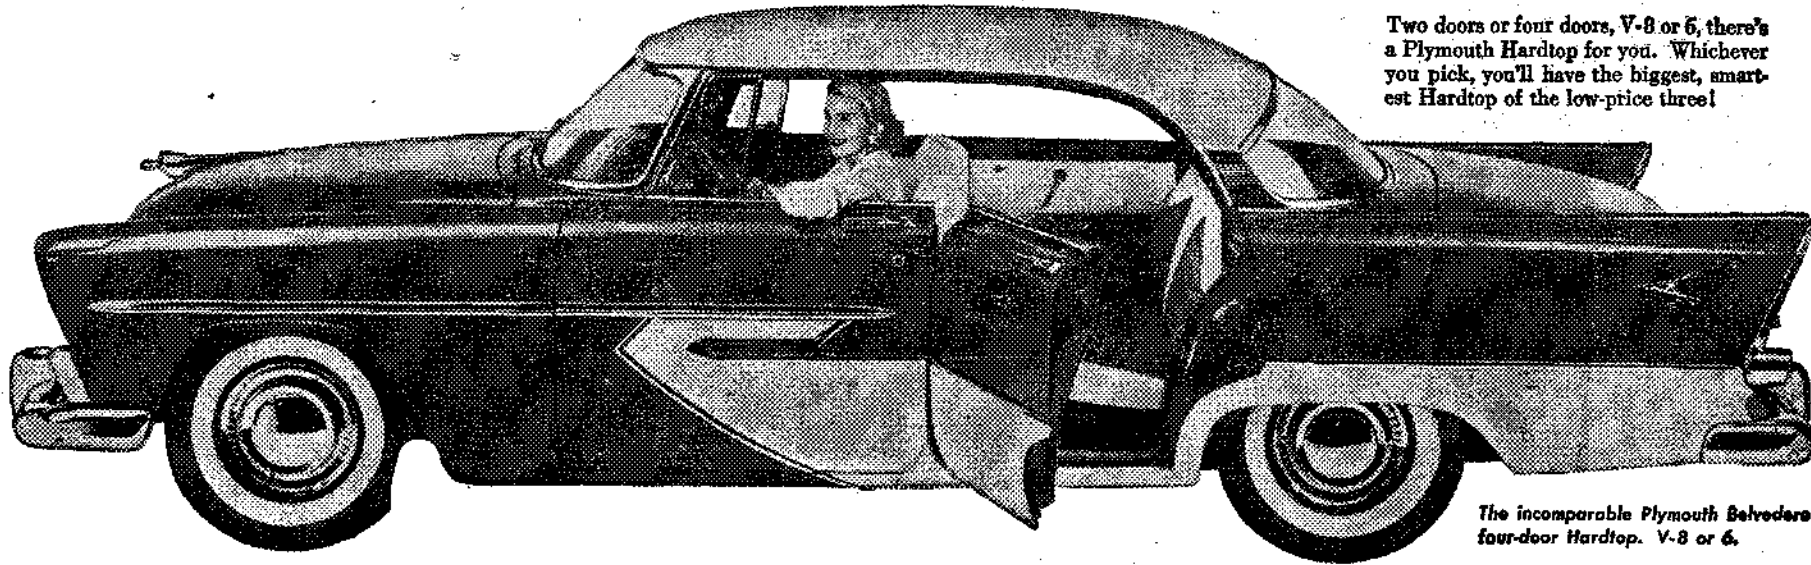

Our mechanics are much the same way: men who have the "feel" of cars as well as sound training, mechanics who love to hear an old bus purr and are here to share their knowledge with you.

Perhaps you have been hearing some "strange" noises about your car now that there is no longer any ice and snow to muffle the sounds, or perhaps a tune-up is in order. Our parts department is well stocked to supply the needs of your car, and our mechanics are well trained to take all corrective measures necessary to putting your car in top notch performance and condition. We invite you to drop in and have your car serviced for the spring and summer driving ahead before the "song of the open road" beckons you.

Some \$111 million worth of budget for 1956-57 will be checked over by Legislators when they come back to Lansing for final adjournment May 10-11.

They were deadlocked on so many issues during the regular session that they spent much less time on budget detail than they planned.

Most of the trouble on the budget will concern the \$35 million capital outlay building program, mental health, public health and other non-money issues.

But the \$230 million budget estimate is going to cause further trouble next year, lawmakers fear.

"We've got to find more revenue, but everybody's sick of taxation," said Senator Carlton H. Morris (R-Kalamazoo). "Maybe we'll have to start something new in the way of economy."

The budget—\$41 million more than last year and \$10 million less than Gov. Williams' requests—is \$15 million beyond revenues expected from taxes during the year.

Thus, it will dip into the \$25 million surplus from last year to balance the columns at the end of the fiscal year.

House members fear that the state won't be able to pay the next year for the government they bought with tax money for 1956-57.

The biggest chunks of the budget will go for higher education and mental health, though the exact amounts are not as yet settled. They will have to be in May before Legislators go home for good.

A proposal to limit even-year sessions to budget and tax bills was defeated despite the issue of the Legislature running overtime this session when the doors were wide open for all bills.

More state police troopers are now patrolling Michigan highways.

Commissioner Joseph A. Childs along with Governor Williams presided at the graduation of 114. These men are the first of two groups to be trained.

Two hundred new troopers were authorized by the Legislature under the traffic safety campaign during the special sessions last winter.

Childs said the remainder would be graduated in six weeks in time to be on the highway for the start of the summer traffic boom.

Workmen in Michigan factories will receive increases in benefits

if they are disabled on the job.

The proposal passed by the Legislature increases from \$33 to \$34 the maximum for single men and from \$42 to \$57 the maximum for workers with five dependents.

"This is the best plan in the country," said Rep. Richard C. VanDusen (R-Birmingham).

It erases the 800-week limitation on benefits for men totally and permanently disabled, giving them an income for the rest of their lives. It adds to this category those who "lose the use" of arms, legs, eyes or any combination.

Politicians are heading into the home stretch for the primaries.

Republicans are still looking for a candidate for governor after Mayor Albert E. Cobo, of Detroit apparently bowed out. He left room for a draft movement; then left for a vacation in Arizona.

Both Rep. Alvin Bentley and Rep. Gerald Ford have said they would seek to return to Congress. Dr. John A. Hannah, of Michigan State University, continues to say, "No."

The only Republican energetically plowing the campaign field is Donald S. Leonard, former state and Detroit Police Commissioner, who was decisively beaten two years ago by Gov. Williams.

Democrats, it was noted at the capitol, have candidates to burn, but they probably won't.

There's much guessing about what Gov. Williams will do. He will probably try for a fifth term as governor.

Some expect him to try for the U. S. Senate against Senator Forster in 1958, then for the Democratic nomination for president in 1960. Others think he'll make a direct play for president or vice-president.

Standing in the second rank behind Williams is Lt. Gov. Philip A. Hart, the popular executive who came in with Williams two years ago.

In addition, Democrats have Secretary of State James M. Hare as a potential.

A new list of books about Michigan was published by the Michigan State Library, and is available by contacting the state library office at 125 E. Shiawassee Street, Lansing.

Chosen primarily to meet the needs of boys and girls in elementary and high school, the books are nonetheless expected to tickle the fancy of anyone who enjoys reading about Michigan.

In fact, Mrs. Loleta D. Fyan, state librarian, expects teachers and community leaders to be especially interested in the books as source material for Michigan Week activities.

NOT FOR THE RIDE!

Next time you see a truck on the road, remember—it's not there just for the ride. It's loaded with cargo bound for some important destination—and ultimately that destination is you.

Yes, the economy of Michigan—and of every other state, in fact—is geared to motor transport. Trucks are the key to our great achievements in production. They have made possible new products and new marketing methods. They've enabled us to go out into the rural and suburban areas and build homes and business projects.

It's no wonder that trucks have increased in number in Michigan from 150,190 in 1941 to 351,337 in 1954. Their popularity has grown because they've done such a magnificent job—for manufacturers, farmers, retailers, the public—everyone!

# LICENSED REPRESENTATIVES TO ENROLL CASS CITY FAMILIES IN THIS HOSPITAL PLAN WEEK OF APRIL 23-28

## READ EVERY WORD OF THIS IMPORTANT ANNOUNCEMENT!

Help is on its way . . . help in the fight against frightening expense due to sickness, accident and disease

The Federal Life and Casualty Company, with a history of 50 years of Integrity and Fair Play, offers a Hospital Plan with broad benefits, protection for individuals and families.

You do not have to be a member of a Group to qualify!

**LIBERAL COVERAGE PAYS AT THE RATE OF \$150 A WEEK! FOR HUSBAND AND WIFE AND UNMARRIED CHILDREN TO THE AGE OF 19!**

This is good news for Cass City families. Imagine what it means in peace of mind to have provided for an income of \$150 a week while in the hospital. Money to pay bills, family cared for. In truth, no longer need you or any member of your family, insured under this plan, worry about being caught short when sickness or accident strikes. We take pleasure in announcing this great Hospital Insurance Plan of the Federal Life and Casualty Company, with features that we sincerely believe make it the finest protection for the money, available anywhere.

**LOOK AT THESE BENEFITS.** Up to \$150 a week when you or any member of your family, insured under this plan, needs hospital care. Up to 18 weeks of protection for each sickness or acci-

dent and it pays, even though you are protected under Workmen's Compensation or any other insurance benefits. Why saddle yourself with debt, along with the inconvenience that accompanies hospital care? Why drain precious family savings to cover those unexpected and unwanted expenses? You don't have to. Not when you can have this wonderful Federal Hospital Insurance coverage. All next week, during the special enrollment activities in the Cass City area, you'll have the opportunity to prove to yourself how you can enjoy peace of mind with the knowledge that, when sickness or accident strikes, you'll have up to \$150 a week to depend on. Read each word of this important message and then plan to be ready for Cass City's Enrollment Week.

**OVER 20,000,000 AMERICANS WILL BE HOSPITALIZED THIS YEAR\***

\*Based on actual records for the year 1954 and estimates on the years 1955 and 1956. Don't say to yourself, "It can't happen to ME." Averages prove that it can happen to you and to the members of your family. That's why it's only logical to be prepared, to insure, at a small cost, against the possibility of being faced later with terrific hospital bills. Today, the fast pace of modern living seems to add to the sever-

ity of common illnesses. One bad automobile accident could easily place an entire family in the hospital. Actually we're all alike in one respect. We don't like to think about these things happening to us or to our families. Nonetheless, accidents and sickness DO happen. When YOU are caught, you'll be mighty glad that you are protected by adequate insurance.

**Here Is Why Federal Offers This Broad \$150.00 Per Week Hospital Insurance Plan.**

Since it is almost impossible to determine in advance of a sickness or accident requiring hospitalization, just how much money will be required to cover the expenses incurred, or whether Workmen's Compensation and Disability benefits will be collected, Federal has designed this wonderful policy. Paying up to \$150 a week, for periods up to 18 weeks of hospitalization for each sickness or accident, Federal's

policy provides benefits, REGARDLESS OF WHAT- EVER OTHER BENEFITS YOU MAY RECEIVE FROM OTHER SOURCES. Now, you determine what use you put the \$150 to. FOR ROOM AND BOARD IN HOSPITAL, FOR HOSPITAL EXTRAS, AMBULANCE, NURSES, DOCTOR'S BILLS OR TO REPLACE THE INCOME THAT YOU LOSE WHILE HOSPITALIZED.

**This You Should Do Now! Compare Our Plan With Any Plan You Now Have!**

Some folks in Cass City will say to themselves: "That's all very well, but I have hospitalization protection." To these folks we suggest that they check right now, this week, to find out if the coverage they have would be adequate in time

of serious emergency. Check the points of coverage against those published on this page, compare and see how your present protection compares with that offered by the Federal Life and Casualty Company, of Battle Creek, Michigan.

**Over \$25,000,000.00 In Claims Paid Since 1906!**

When you deal with Federal you deal with an old-time company that enjoys a fine reputation for integrity, honesty and fair dealing. Protecting Americans in 46 states and the District of Columbia, Federal's history of leader-

ship in the field of Accident and Health and Hospitalization Insurance dates back to 1906, 50 years of alert, progressive planning for the security of our policyholders, with policies designed to keep pace with the changing costs of living.

### QUICK RUN DOWN OF BENEFITS AND EXCEPTIONS UNDER THIS PLAN

- \* Pays up to a maximum of \$150 weekly for hospitalization up to 18 weeks for each confining accident or sickness for any member of a family, covered by this plan, while under the care and attendance of a duly licensed physician, surgeon or osteopath. Maximum \$2700.00.
- \* Pays up to 20 weeks each confinement after the first year, increasing two weeks each succeeding year, up to five years. Example: After the fifth year, pays \$150 weekly up to 28 weeks each confinement. Maximum Benefits \$4200.00.
- \* Proceeds may be used for Hospital Room and Board, Hospital Extras, Doctor's Bills, Surgeon's Bills, Private Nurse's Care or to Replace Lost Income.

Due to so many activities on the same day, only a few gathered at the home of Mr. and Mrs. Hazen Warner on Thursday evening, April 12.

Potluck refreshments were served by the hostess and the Churchills invited the group to meet with them in May.

Mr. and Mrs. Floyd Collins of Auburn Heights, Mr. and Mrs. Harold Rayl and children of Cass City, and Mr. and Mrs. Arthur Warner and baby, and Mr. and Mrs. Wilmer Warner and daughters of Saginaw were Sunday dinner guests of Mr. and Mrs. Hazen Warner.

## April Is Rural Clean-up Month

A lot of rubbish around the farm and in buildings is not only unsightly—it's dangerous, asserts Alfred Ballweg, county agricultural agent.

Calling attention to April as rural clean-up month, Ballweg urges farmers to consider these questions:

Q—What happens if you drop a burning cigarette or match on a clean bare floor? A—Don't be careless and drop a burning match or a cigarette anywhere, but in this instance, the embers are likely to burn out harmlessly because the floor is clean; otherwise, the house or building may burn down.

Q—You start a tractor in the machine shed. It backfires. What happens? A—Nothing if the floor is clean, but if shavings, hay, oil rags or other litter is present, the chances are good you'll have a fire to fight. Don't take chances and you won't burn.

Q—You keep electric motors clean, lubricated, and free of dust and dirt—you don't allow combustible materials to pile up near the motor. There's a short circuit and a spark. What happens? A—Nothing. Congratulate yourself on being a fire-safe housekeeper.

Q—I've cleaned up. What do I do with the rubbish... burn it? A—Turn useable material in for salvage. Burn the balance in covered metal containers at a safe distance from buildings. Choose a wind-free day following a rain as fresh spring winds can carry sparks long distances and set fire to tinder-dry woodlots and flammable shingled roofs.

The fellow who always bets on a sure thing sometimes wishes he had taken a chance.

Contest Introduces New Feed at Frutchey Bean Co.

A complete new line of poultry feeds for broiler, layer and breeder flocks, and for turkeys, is now being distributed to farmers in the area by the Frutchey Bean Co.

The new feeds are being marketed under the usual Master Mix trade name, but carry the additional name of "Calorized."

Basically, the Calorized feeds are high protein, high energy and low fiber formulas. They take their name from the formula balance between the calories, proteins and all other ingredients in the feed. They are being marketed after nearly two years of development and tests on nearly a quarter-million birds.

Frutchey Bean Co. is offering 16 feeds in the new line. Three Calorized feeds are available for broilers. Calorized feeds for the laying flock include three ready-to-feed rations and one concentrate feed. For breeder flocks, there are two ready-mixed and one concentrate Calorized feed. The turkey feeds include two ready-to-feed and one concentrate Calorized feed, and three additional feeds acting as teammates to the Calorized turkey feeds.

To introduce the new feeds, Greenleaf, Deford and Cass City divisions of Frutchey Bean Co. will give prizes at a weekly drawing. Prizes include several electrical appliances now on display at the various elevators.

CAP WEEK

Continued from page one.

This fact was reviewed by members on the eve of Civil Air Patrol Week in Michigan, set aside by Gov. G. Mennen Williams for April 22-28.

The Michigan group has grown rapidly in recent years. During the first six months of 1955, the group totaled 10,962 hours on Air Force ordered search missions—a total greater than the entire year of 1954 when 10,971 hours were recorded.

The group points with pride to the 75 missions they completed in six months, including 18 which the group flew alone.

Savings to the taxpayers has been considerable, they said, when the difference in fuel consumption between their planes and the jets and bombers of the Air Force is considered.

The basketball team was chosen from the 32 members of the physical education class. Before basketball season the girls played volleyball. Calisthenics drill was a part of each class during the winter months and the girls also enjoyed a unit consisting of various types of dancing. In addition to these activities, considerable time was spent practicing good habits of posture.

The class is now practicing softball and it is planned that a team will be selected to play the girls from Caro High School sometime in May.
