Two Injured in Three-Car Crash Near Cass City

Two persons were injured Friday afternoon when three automobiles collided at the corner of M-53 and M-81, four miles east of Cass City.

Injured were Algar Williamson, 70, of Carsonville and John Edward Getz of Detroit. Mr. Williamson suffered a slight concussion and cut over the left eye. Getz was treated for a cut over the left eye.

Clare Morris Brown, 26, of Tyre escaped injury in the accident. According to reports by Mr. Brown and Mr. Getz, Williamson stopped and then pulled in front of the Getz car on M-58. State Police charged Williamson with failure to yield the right of way.

Two Films Form **Rotary Program**

Two films featured the regular noonday luncheon meeting of the Cass City Rotary Club Tuesday at the New Gordon Hotel.

The first described the needs for more and better roads in the nation. It traced the increase in automobiles and told how roads had been neglected during the

war years to bring the nation to its present road plight. The film toured some of the

cities of the nation which are building new expressways to show what can be done if funds are made available to engineers. The second film traced the progress and development of the automobile from its infancy to the present.

The State Highway Department announced this week the

Why people who used to buy higher priced cars are changing to Chevrolet

More and more buyers are deciding that* they prefer a sweet handling Chevrolet to a big, unwieldy high-priced car!

When you consider Chevy's reputation for performance and roadability, you wonder why anyone would pay hundreds of dollars more for a higher priced car. Well, a lot of people have been wondering the same thing, and the result has been a big switch from high-priced cars to Chevrolet. Of course you save plenty, too. Come in and sample the fun and get the facts!

A few years ago when new cars were hard to get some pretty grim jokes were told at the expense of car dealers. Some of the cynicism involved in the jokes were probably deserved. No garden is completely free of pests.

"Sure, I'll sell you a car at list price," a dealer would be quoted as saying. "Of course, I'll have to charge you for the extras-\$500 for an engine and \$200 if you want a front seat."

Today, with the shoe on the other foot, there are still some jokes around. Or perhaps I should say jokers.

Friend of mine brought this to my attention the other day with a story of his experience. He had seen a newspaper ad in one of the big-city papers full of bold type and bold statements offering cars at fantastically low prices.

He went in to see what it was all about; he felt he couldn't afford to do otherwise. He had a fairly new car to trade in and he had wisely put aside a little money every month so he could pay for a new car.

To his surprise, the dealer offered him a not-so-bad trade-in on his old car, a little less than he had expected but that old trick of juggling trade in prices works only on the most gullible nowadays.

But then came the joker. The dealer wouldn't take my friend's noney. The dealer insisted that he finance the car over a long period of time although he was willing and able to write out a cheque on the spot. That, of course, was how the dealer could advertise his fantastically low prices; he made it up on the finance charges.

So my friend came sadly home and told me: "I guess there's only so much pie and everybody has to get his slice somehow. But I do think, he added, "that it would be a lot better if people were straightforward and didn't try to confuse the issue with all that bold tripe, [mean type."

Rest assured-you may buy a new or used car here on any terms-cash or finance basis and YOU ALONE select the terms most suitable. Regardless of the terms on new or used car purchase-all our customers share the same high regard and are offered the utmost in service and friendship. May we see you soon?

All three-Genesee, Cornell 595 and Yorkwin-are adapted to around Rescue are working at the Tuscola County and have consistently out-performed all other varieties, Ballweg says.

Stuart C. Hildebrand, extension farm crops specialist at Michigan State University, indicates that each of the varieties have advantages over the others.

Genesee yields slightly more than the other two, while Cornell 595 has the stiffest straw, and Yorkwin has the plumpest kernels. Both Genesee and Cornell 595 have excellent loose smut resistance and they are superior

to Yorkwin in that trait. A Canadian white wheat, Dawbul, being offered for sale in Tuscola County, has not proved superior to the top three Michigan wheats, according to Ballweg. He says that not enough tests have been run to determine its value under Michigan conditions.

And Dawbul shouldn't be worth any more per bushel than the varieties recommended for Michigan, he insists.

コンックマリルトラン It doesn't cost a cent to Take a Ford Test Drive ... and you may save hundreds!

Would you trade 20 minutes of your time for a saving of hundreds?

Why put off the fun of a Ford Test Drive for a single day? As you know, it puts you under absolutely no obligation. And it may save you literally hundreds of dollarswe'll get to that a little further on.

By a Test Drive we mean more than a once-around-the-block "spin."

We want you to test the power that rocketed Ford to a 500-mile stock car record at Indianapolis . . . the GO that won the grand prize at NASCAR's Daytona Championships. We want you to feel how this Ford cat pays off in your kind of driving: in traffic, passing on the highway, getting going at traffic lights. We'll put either a Ford Six or a mighty V-8 with up to 225 h.p. at your disposal.

We want you to drive and listen-drive and feel.

That fine-car quiet results from sound

insulation under the hood, under the roof, in door and body panels-the most insulation in any car at anywhere near Ford's low price.

Some other things that contribute to that smooth, silent, luxury-car ride are things which Ford's leading competitor certainly can't boast: Ball-Joint suspension with wide base control arms for better steering, more stabilized wheel alignment ... shock absorbers that are mounted to the frame rather than the body.

"Sure," you'll say as you drive along the road. "Feels pretty good-but after all, this car is new."

Well sir, when you come in from your drive we'll show you why Ford will stay like new for a long, long time.

We'll show you how Ford has five crossmembers (including a "K" member) in its frame. Ford's leading competitor only has

at your Ford Dealer's. Bag a deal while he clears his decks for the '57 models.

Now-what you've been waiting for. How can you save hundreds of dollars by taking a Ford Test Drive?

Simply by proving to yourself that there really is a fine car in the low-price field.

You see, the reason a Ford does not cost hundreds of dollars more than it does, is Ford's huge production and the huge volume which we Ford Dealers sell.

But enough of this talk. Come in. And you do the driving and the talking. Bring the family, too.
