

VOLUME 51, NUMBER 19.

CASS CITY, MICHIGAN, FRIDAY, AUGUST 31, 1956.

TWELVE PAGES.

**From the
Editor's Corner**

One of the major dairies that is fighting the proposed increase in milk prices by the Michigan Milk Producers' Association accused the organization of using strike tactics to get the price hike.

That this is true is unquestioned. The statement implies that it is wrong for the farmers to do so. With this sentiment we cannot agree.

We believe the farmer has as much right to bargain collectively for his products as does labor and as much right to insist on a fair return for their products as does business when it sets sales prices based on a realistic cost structure.

Glenn Lake, president of MMPA, made a statement which said in part, "While the rest of the economy is riding the crest of the greatest prosperity boom this country has ever seen, the farmer cannot and will not accept prices that put him in a perilous condition. The USDA (United States Department of Agriculture) states that the average dairy farmer earns 68 cents per hour."

The impending strike, if called, will test the strength of the MMPA. If the organization has enough influence to keep farmers from shipping milk, its strength and influence will probably be accepted by most farmers without question.

If the proposed strike program fails, it is likely that MMPA's practical value to farmers will greatly diminish with a strengthening of insurgent groups within the organization.

**Cleveland Spooner
Found by Local
Explorer Scout**

Cleveland Spooner, 11, of Cass City, was an object of an intensive search Friday by Cass City Boy Scouts and Explorers after he ran away from his foster parents on Main Street in the village.

He was found in an abandoned shack on the outskirts of the village by David Ware. He had a bridle and reins that did not belong to him.

Two weeks ago Cleveland was given a palomino yearling colt by Sheriff M. R. McBride after he was found walking one of the sheriff's horses away from the Huron County Fair.

A ward of Sanilac County probate court, the youngster had "borrowed" four horses in the past year without the knowledge of their owners.

He was given the horse by Sheriff McBride on the condition that if he did anymore "borrowing" the horse would be returned to the sheriff.

**Farm Forum Slated
In Cass City Sept. 6**

Roger Fleming of the American Farm Bureau Federation will represent Michigan Farm Bureau; William Brake, State Master, will represent Michigan Grange; and John Spaelman, president, will represent the Michigan Farmers' Union on a panel at the tri-county farm forum to be held at the Cass City High School gym Thursday evening, Sept. 6, at 8 p. m., according to Alfred Ballweg, Tuscola County agricultural agent.

The meeting will center around a discussion on "Farm policy" at which time the farm organization heads will present the respective views of their organizations regarding farm programs.

This meeting is sponsored through the cooperation of county and state cooperative extension offices and county and state heads of farm organizations, said Ballweg.

The meeting will be open to farmers, businessmen and ladies.

**Honor 4-H Club
Leaders at MSU**

Ten Tuscola County 4-H Club leaders were to be honored Thursday, Aug. 30, during the State 4-H Club Show at Michigan State University for 10 to 35 years service as local leaders.

After a special honor banquet, Tuscola County 4-H Club agent, Bill Muller, announced that the leaders will receive their awards during the Thursday evening program at the university auditorium. A total of 272 leaders throughout the state were to be honored.

Tuscola County is represented by: Mrs. Harry Rohlf, Akron Community 4-H Club; Mr. and Mrs. Bruce Ruggles, Kingston 4-H Club; Mrs. Wesley Karpovich, Caro, Needle and Nail 4-H Club; Mr. Leon Colman, Vassar, Townline Livestock 4-H Club; Mrs. W. **Ladies' Golf Club
Elects New Officers**

The annual meeting of the ladies division of the Scenic Golf Club, Pigeon, was held Tuesday when officers were elected and tournaments conducted.

President of the organization for the new year will be Harriett Collins of Pigeon. Vice-president is Mrs. Fritz Neitzel of Cass City and secretary-treasurer, Clara Schuerer, Pigeon.

Mrs. Neitzel was the champion of the championship tournament. Second was Fern Schaffer of Caseville. Velda Neitzel of Caseville won first flight honors.

In the 18-hole handicap tournament, the champion was Wanda Smith of Elkton and the runner-up, Clara Schuerer of Pigeon.

The nine-hole handicap tournament was won by Alice Luedtke of Pigeon. Runner-up was Marge Heckman of Pigeon.

**New Books Arrive
At Public Library**

New books which arrived at the Cass City and Elkland Township Public Library this week included: one science fiction, "Tomorrow's World" by Hunt Collins; a western, "Two Trails to Bannack" by Peter Brady; one mystery, "A Night for Treason" by John Jakes; one for the youth, "Kay Rogers, Copywriter" by Jane Scott; and two pieces of light fiction, "Rainbow's End" by Joan Sargent and "New England Nurse" by Adelaide Humphries.

There were about 75 persons enrolled in the one-week course. Instruction included signaling, strutting, directing of band, charting band shows and all other phases of drum majoring.

**Fine Elkton Man
For Drunk Driving**

Omar Proper, 31, of Elkton was arrested at 1 a. m. August 25 by village marshal, Steve Orto, for drunk driving in the village of Cass City. Proper was arraigned before Justice Avon Boag and pleaded guilty. He paid a fine of \$50.00 and costs of \$4.30.

His operator's license was suspended.

**Tuscola County Fair
Draws Record Crowd**

The 75th anniversary "Diamond Jubilee" Tuscola County Fair closed in Caro Saturday, Aug. 25, with one of the most outstanding records of attendance in its three-quarters of a century history. Despite cool weather and one day of rain, new records were made both at the gate and in the grandstand.

Closing day of the fair, highlighted by modified stock car races in the afternoon and the Tommy Bartlett "Welcome Travelers" stage show in the evening, drew one of the largest single-day crowds in the 75-year history of the fair. Gate attendants ran out of general admission tickets shortly after noon and had to send out for fresh supplies, grandstand ticket sellers exhausted their supply three times and parking space on the grounds was completely filled

shortly after 1:00 p. m. Mr. and Mrs. Christ Engelhardt, Bay City farm couple, became the 3,000,000th guests to visit the Tuscola Fair during its 75-year existence. The week-long search for the 3,000,000th guest reached its climax at 2:18 p. m. Friday, Aug. 24, when the Engelhardts, who were in Caro on business, impulsively decided to visit the Tuscola Fair before returning to their Bay County farm home.

Unofficial estimates placed this year's attendance above the 60,000 mark, greatest number ever in the entire history of the annual Tuscola County Fair.

**Soil District
Slates Air Tour
Of Tuscola County**

The Tuscola Soil Conservation District will hold their first public air tour of the district Thursday, Sept. 6, from the Caro Airport, R. L. Hill, chairman of the board of directors, announced today.

Two routes of flight are being worked out which will permit each farmer to view his home area insofar as possible.

Each flight will be about 30 minutes long and will cover approximately 55 miles. The cost will be three dollars per person for the flight.

Soil and water conservation practices will be pointed out along the route. In addition many other features of Tuscola County will be seen.

The first flight will leave the Caro Airport at 8:30 a. m.

The tour is open to the public. Anyone wishing to make the flight should contact the Soil Conservation Service office in the County Courthouse, Caro, or call 509 for reservations.

The Caro Airport is located on the Caro State Hospital grounds on M-81, about two miles west of Caro.

It may be possible to take a limited number of passengers without reservation if they go directly to the airport.

**Old Timers to
Meet in Caro
Wednesday**

Frank Baker, Vassar, is calling all residents of Tuscola County who were alive at the time of the fire of 1881 to attend a reception at the VFW Hall, Caro, Wednesday, Sept. 5, at 4:30 p. m.

This is the 75th birthday of the American National Red Cross and this reception is being sponsored by the Tuscola County Chapter of the American Red Cross, the Ladies Auxiliary to the Veterans of Foreign Wars Post 4164, Caro, and the Wixon Club of Caro.

Mr. Baker urges all who were alive in 1881 to come and meet the old-timers. Families are invited.

**Jezewski Completes
Drum Major Course**

Jim Jezewski of Cass City recently completed a drum major course at Smith-Walbridge camp in Syracuse, Ind., it was announced this week.

There were about 75 persons enrolled in the one-week course. Instruction included signaling, strutting, directing of band, charting band shows and all other phases of drum majoring.

**Fine Elkton Man
For Drunk Driving**

Omar Proper, 31, of Elkton was arrested at 1 a. m. August 25 by village marshal, Steve Orto, for drunk driving in the village of Cass City. Proper was arraigned before Justice Avon Boag and pleaded guilty. He paid a fine of \$50.00 and costs of \$4.30.

His operator's license was suspended.

NEW HONORS—Miss Jean Martin, 17, daughter of Mr. and Mrs. Clifford Martin of Cass City, was selected Tuscola County Queen Friday at the Tuscola County Fair in Caro. Miss Martin was also the Cass City homecoming queen. She was selected Friday from 18 contestants and was crowned by Robert J. McIntosh, Republican nominee for congress from the seventh district.

Miss Martin will compete with other county queens at the 10th annual Michigan Bean Festival to be held Labor Day at Fairgrove.

The lovely Cass City senior has also been entered in the 1956 Michigan State Fair beauty contest. The contest is open only to girls who have been named queens in previous contests. Gov. Williams will crown the queen winning the title, "Miss Michigan State Fair-1956," Wednesday, Sept. 5.

**Robinson Barn Razed
By Fire Tuesday**

A barn, small tool shed and granary owned by George Robinson, nine and a half miles east of Cass City, were destroyed early Tuesday afternoon by fire caused by a bolt of lightning.

Mrs. Robinson saw the bolt hit the barn from her home at about 1:30 p. m. The Uby Fire Department was called but was unable to save the burning buildings. Lack of water hindered the fire fighters.

Destroyed in the fire were about 125 tons of hay, a wagon, a quantity of oats and a manure spreader.

Mr. Robinson was in the farmyard approaching his home and was jolted when the lightning struck the barn.

The loss was partially covered by insurance.

**Presbyterians to
Resume Services**

Rev. and Mrs. M. R. Vender have returned from their vacation from Gun Lake at Mr. Vender's brother's summer home and a trip into Tennessee and Kentucky.

Rev. Vender will be in his pulpit again on Sunday, Sept. 2, at 11:00 a. m. Sunday School classes will resume as usual at 10:15 a. m. and 11:00 a. m.

FIVE GENERATIONS—Five generations of the William Simmons family recently posed for this picture. The oldest member of the family is Mrs. C. S. Hutchinson of Caro, 89, pictured on the right front. Little Terry Lynn Rose, five months old, is sitting with her great-grandmother, Mrs. William Simmons of Cass City. Mrs. James Rose of Clio and Elmer A. Simmons of Cass City are in the back row.

**Deford School
Set to Open
September 4**

Authorities announced this week that final arrangements for housing pupils in the Deford Community School have been completed and said that school will open for a half day Tuesday, Sept. 4.

For the opening weeks of the season, classes will be held in the old Deford School and at Crawford School.

Present plans call for the third grade and part of the fourth grade to be taught by Mrs. Nellie Gregg at Crawford School.

At the Deford School, the kindergarten and first grade will be taught by Mrs. Miles Coleman. Miss Harriet Warner will teach some of the first grade and the second grade. Mrs. Hattie Klea will teach part of the fourth and fifth grades, while Mrs. William Goodall will be in charge of the sixth grade. Principal Howard Gregg will teach the seventh and eighth grades.

Crawford School is expected to be used only for about a month or less. Progress on the new Deford School is progressing rapidly and as soon as two rooms are completed, students will move from the Crawford School to the new school.

Work on the roof will be completed this week. Authorities expect the building to be completed this fall.

**Police Ready for
Expected Holiday
Traffic Jam**

The Michigan State Police are crossing their fingers and fervently hoping that the improved traffic record since April 1 will continue over the Labor Day week end and have made preparations to keep it that way.

They will have 922 officers on duty assisted by 217 National Guardsmen. Another 122 Guardsmen will be assigned to sheriffs.

Because the use of Guardsmen has become the practice on holidays, they have been receiving training in traffic work at schools conducted at their armories by State Police officers.

Each has also been provided with a training manual compiled from courses taught at the State Police recruit school. Included are such subjects as traffic patrol procedures, accident investigation, law of arrest and courtesy. The Guardsmen, however, do not have the power of arrest, but may assist a State Police officer in making one.

Pass days of all State Police officers have been cancelled from noon Friday until midnight Monday. The Guardsmen will work with them during this period as the second man in a patrol car or on point control. The department will use seven airplanes and two helicopters for traffic observation. The Guard

**Hospital Patient
Drowns in River**

Geraldine Hudson, 27, a patient at the Caro State Hospital at Wahjamega, drowned Sunday afternoon when she waded into the Cass River at the hospital grounds.

An employee at the hospital reported she had seen Miss Hudson climb a fence and go wading in the river.

The body was recovered by Tuscola County Sheriff William Tomlinson.

Mrs. John Arnold of White Cloud, foster mother of the drowned woman, was listed as the only survivor.

Tuscola County Circuit Court**No Cause for Action
In Damage Suit**

On a motion by the defense, Judge T. C. Quinn gave a directed verdict of no cause for action Tuesday in the damage suit of Joseph Kyles of Vassar.

Mr. Kyles was asking damages of \$75,000 for injuries suffered in an automobile accident on M-15 in Richville two years ago. When asking for the directed verdict, the defense said that Mr. Kyles had shown no negligence on the part of Mr. McNally, the driver of the other car.

Wednesday Frank Sinclair and three other farmers in the Cass City area appeared in court in a right of way dispute with the Detroit Edison Co.

The Edison Co. is building a power line that is scheduled to go through the farms of the four persons involved.

The four farmers secured an

**MMPA Prepares for
Milk Strike Saturday**

The Detroit milk situation entered a crucial stage this week as Detroit dairies reacted to the Michigan Milk Producers' Association ultimatum demanding \$5.35 for drinking milk.

By Tuesday afternoon, six dairies had agreed to pay the price termed "fair and reasonable" by the MMPA. While the major Detroit dairies have not officially rejected the ultimatum, several have indicated that \$5.35 per hundred is too high and more than they are willing to pay.

One dairy representative called the MMPA ultimatum "union" tactics.

The six dairies which have agreed to pay \$5.35 are: Trenton Dairy in Trenton; Washtenaw Dairy in Ann Arbor; Brown Bros. Dairy in Center Line; Ypsilanti Dairy in Ypsilanti; Johnson Milk Co. in Detroit; and the Huron Valley Dairy in Belleville. H. F. Simmons, secretary-manager of the MMPA, said these dairies will continue to receive their regular supply of milk on September 1.

Meanwhile, more than 10,000 dairy farmers who supply Detroit with milk continue to make plans to withhold their milk on September 1, the deadline set for dairies to meet the demand for \$5.35 for drinking milk.

County-wide and local meetings of the Michigan Milk Producers' Association were in progress in a score of country towns and villages throughout the milk shed where Association officials and member delegates outlined strategy for a non-violent strike.

MMPA has made arrangements with the Detroit Health Department to supply approximately 240,000 quarts of emergency milk per day during the strike.

The Association manufacturing plants have been readied to process as much milk as possible into butter and dry milk powder.

**Col. Kercher New
AIB Commander**

Lieut. Col. Ferris A. Kercher assumed command of the 4th Armored Division's 512th Armored Infantry Battalion at Fort Hood, Texas.

Col. Kercher, a 1938 graduate of Michigan State University, came to Fort Hood from Headquarters, Military Army Advisory Group in Japan where he was Infantry Advisor to the Japanese Army.

A holder of the Bronze Star Medal with V Device and Oak Leaf Cluster, the Combat Infantryman's Badge, the European, African, and Middle East Ribbon with five campaign stars, and the American Defense Ribbon with Star, Colonel Kercher served as company commander and battalion executive officer with the 5th Infantry Division from Iceland in 1941 through the European Campaign, July 1944 to April 1945.

A native of Cass City, Colonel Kercher resides with his wife, Eleanor, and their two sons, William, 9, and James, 6, at 109 Smith Drive, Walker Village, Killen, Texas.

**Cass City Youths
On Canoe Trip**

Four Cass City youths are taking a canoe trip down the beautiful Pere Marquette River this week. Bob Baker, Jack Clara, Fred McConkey and Donald Nye will travel about 100 miles down the river in two canoes.

The boys started near Baldwin and expect to travel the river to Ludington. They will be gone about a week.

**No Opposition
To Change in
Zoning Area**

The Cass City Village Council had little business to transact in its regular monthly meeting Tuesday evening at the Cass City Municipal Building.

The hearing for the change in the zoning ordinance on Main Street was scheduled for the evening, but no citizen appeared to protest. Trustees will proceed with the process of changing the zoning so that Main Street will be classified as a business district from where the present industrial section is on West Main Street to the east village limits.

Trustees made plans to meet with the Tuscola County Road Commission to work out an arrangement for draining the south end of Seeger Street.

Storm sewer is necessary both inside and outside the village limits and the council hopes to make an arrangement where the cost is equally divided between the county and the village.

The council okayed the removal of two trees in front of King's Cleaners and Cass City Floral on Main Street.

President James Bauer appointed Trustees Warren Wood, Andrew Bigelow and E. F. Benkelman on a committee to study group insurance for village employees. Earl Harris presented trustees with an insurance plan at the council Tuesday.

**Sunday Sale of
Beer and Wine
Due for Vote**

The Tuscola County Tabletop Association this week filed petitions calling for a vote asking for the Sunday sale of beer and wine in Tuscola County.

The petitions were signed by 5,112 persons living in the county.

Sunday sale of beer and wine in the county was prohibited by a narrow vote margin in 1952. At that time the Tabletoppers took a legal question of certification of the vote to the supreme court before the issue was finally settled.

**Junior Woman's
Club Plans for
Calendar Sale**

The Cass City Junior Woman's Club will sponsor birthday calendars in the community for the third straight year, club spokesmen announced this week.

Members of the club will call on residents of the community for listings of birthdays and anniversaries on the calendar.

Meeting dates of local organizations will also be listed again. Calendars are sold to homes and businesses at cost and proceeds from listings are used by the club for community service projects.

**Holbrook 4-H Club
Entries Win at Fair**

The Holbrook Helpers 4-H Club exhibited seven picnic baskets, one miniature campfire, two vegetable baskets, seven floral arrangements, eight food preparation exhibits and two forest ranger exhibits at the Sandusky Fair.

Yvonne Lowe's picnic basket was selected to go to the state show at Lansing. There were several blue ribbon winners in each project.

The children and leaders decorated a float which depicted each phase of the club work and also the Indian Rocks at Holbrook.

Even the cost of getting even is mighty high and is hardly ever worth the price.

The man with the most courage admits he is wrong—the bluffer insists he is right.

The man who holds a hand full of trumps never suspects the deal isn't on the square.

Many people think they are entitled to a lot of credit for just performing their duty.

Some people spend so much time looking out for number one they get narrow-minded and near-sighted.

LOVES OF A CAR SALESMAN

When Elgin Greenlee, one of our salesmen, was a young buck, he really knew how to tackle a problem.

It was early February one year and Elgin was looking at the display of valentine cards in the drug store. At long, long last he picked one that was draped with fancy lace and said: "To my one, my only, true love."

"Fine," said Elgin, "I'll take seven of these." Whoops... Elgin just tried to hang a gasket on my head.

Of course, Elgin has changed since then as far as women are concerned. But, you know, he still has the same problem in a different way (in common with our other salesmen).

I see him out on our lot these fine days walking around patting cars affectionately on the fender. And there's a look in his eye that says "My one, my only, true love."

Yes, Elgin has a hard time deciding which car on the lot he likes best.

There's that well-groomed and sleek convertible. Those smooth, new-looking sedans that purr like a kitten (or a blonde.) Or a long, serviceable station wagon.

Elgin has known most of the owners of these cars personally. He's checked the service records in our shop and he knows the thorough overhaul they got before being placed on the lot.

He knows there's not a finer bevy of beauties anywhere around here. He likes those cars, he's proud of them, and he tries to get to know them real well before showing them to customers.

I think you'll find on our lot, right now, your one, your only, true love.

Consider our used car lot as the headquarters with all the answers and "Advice to the Lovelorn." Your own, private, special love awaits you. See you at the lot!

Legume Pastures Carry More Steers Weight Differences Are Shown in Tests

Yearling steers averaging about 600 pounds in weight gained at strikingly different rates on legume pasture and grass pasture from mid-May to mid-June last year at the Dixon-Springs Experiment Station of the University of Illinois.

George F. Cmarik, first assistant in beef research at the Station, reported that the legume pastures were able to carry four steers to the acre during the period, while the grass pastures could carry only about two head to the acre.

Steer gains on legumes varied from 200 to 340 pounds to the acre with an average of 263 pounds. Average daily gain for six legume pastures were about one and three-fourths pounds per steer. The legume pastures were seeded mainly to alfalfa, red clover and Ladino, and the alfalfa was just

Strikingly different weight gains were registered on legumes and grass.

about right for making a good hay crop when the steers were turned out these fields.

On the other hand, the grass pastures were seven-year-old seedlings of various grasses. Originally these fields all contained good stands of Ladino clover, but since the dry years recently it has almost disappeared.

Gains on the grass pastures varied from 36 to 88 pounds and averaged 63 pounds per acre during the month. Average daily gain per steer for six grass pastures was about nine-tenths of a pound.

Cmarik said the grass fields that contained the highest percentages of Kentucky bluegrass, orchard grass and brome grass produced the highest animal gains. A field of mostly wild grasses produced low gains, but they were still better than gains on good fescue pasture.

Red Clover Pollination Aided by Honey Bees

University of Minnesota entomologists have found honey bees important for good red clover pollination. Best results came when honey bee colonies were placed near the field and when red clover did not have to "compete" with white sweetclover for bees.

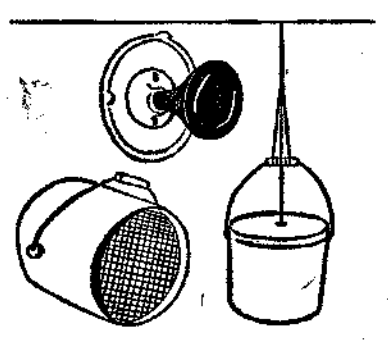

These facts came from a Farm and Home Week session on the campus.

There were more honey bees in Minnesota test fields nearest an apiary. But two fields—one two and one four miles from an apiary—had almost none.

Red clover seeds yields in fields within a mile from honey bee colonies ranged from 220 to 270 pounds per acre. The two fields yielded only 30 and 40 bushels of seed an acre. Last year, with better moisture, yields were up to 500 pounds per acre.

In studies near Roseau, most important competitor of red clover seemed to be white sweetclover—honey bee population on red clover stayed very low until the white sweetclover went out of bloom. Then there was a sudden increase of honey bee activity in red clover.

Heat Bulb Guards

Used bucket or pail can be utilized as heat bulb guards. In the above illustration, socket is mounted on lid and gravel screen bottom on pail used to make guard. Using similar arrangement, heat bulb may be hung from the ceiling.

Couple Wed In Candlelight Service

In a candlelight service Saturday evening, Aug. 11, in the First Baptist Church, Miss Velda Jean Hill became the bride of Harold Pettinger. Rev. R. G. Weckle officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Emerson Hill of Cass City and the groom is the son of Mrs. Verna Pettinger and the late George Pettinger of Tyre.

Given in marriage by her father, the bride was attired in a gown of nylon tulle over white satin fashioned with a modified train and fitted bodice featuring long sleeves and a Peter Pan collar. A jeweled Juliet cap secured her veil and she carried an orchid with stephanotis and streamers atop a white Bible.

Mrs. Leonard Spencer, sister of the bride, was matron of honor. Her gown was emerald green. Miss Ardis Pettinger, sister of the groom, and Miss Luella Spencer were bridesmaids. Their gowns were orchid and aqua respectively. All wore white gloves and velvet headpieces and carried colonial bouquets of white carnations and streamers to match their gowns.

Ronald Pettinger acted as best man for his brother. Ushers were Lyle Holik, cousin of the bride, and Evans Gibbard.

Mrs. Stanley McArthur, organist, played the traditional wedding march and accompanied Mrs. John Ross as she sang "I Love You Truly" and "Because."

For her daughter's wedding Mrs. Hill chose a navy blue dress with white accessories. Mrs. Pettinger, mother of the groom, wore a light blue gown and white accessories. Both mothers wore corsages of white carnations.

Following the ceremony a reception was held in the church parlors.

Slate Annual Horse Show at Marlette

The fifth annual Labor Day horse show at Marlette will begin at 9:00 a. m. Monday with the halter classes, and with the Grand entry, exhibitions, and action competition starting at 1:00 p. m. The location this year will be a mile north and half mile east of Marlette.

About 2,000 people and well over 100 horses have attended the Marlette horse show annually in recent years. The intense competition has provided thrills for spectators and contestants alike. This year's show gives every indication of being at least as good.

Horses may be entered at any time, up to the moment of the event. Entry blanks are available from Mrs. Margie Ross, Marlette, who is secretary of the Marlette Saddle Club, the sponsors of this horse show. The show is point approved by the Michigan Association of Western Horse Clubs. Ribbons, trophies and cash will be awarded.

The program of the afternoon, starting at one o'clock, is as follows:

Grand Entry and Drill Team Exhibition. Two pony classes, one for under 46 inches and one for under 56 inches. A children's horsemanship class, for children under 15 years.

Then there will be an exhibition, followed by a Pick-Up Race, a Ladies Speed and Action class, a Harness Pony class and another exhibition.

Then a Men's Western Pleasure class will be followed by a Bending Race (team of four) and an amateur jumping class.

After another exhibition, a Men's Speed and Action class and a Working Stock Horse class will conclude the show.

Nine halter classes in the morning will include ponies, yearling colt, two-year-old colt, AQHA mares and geldings, grade gelding, grade mare, mare and colt palomino halter and reg. mares and geldings.

Keep Safety Shields On Farm Machinery
There is no adequate excuse for not keeping safety shields in place on machinery, says farm specialists, since the best shield made gives no protection if it isn't used. Records show that unguarded power take-off shafts cause hundreds of accidents each year. If clothing merely touches a revolving shaft or coupling, it may catch, causing the operator to be mangled instantly. In spite of repeated warnings, many farmers still fail to keep shields in place. Too often, safety shields that might have saved a life, wind up in the machine shed or in the fence corner. Manufacturers have recently been equipping power-driven implements with nonremovable power take-off shields that help to protect the operators from their own carelessness. For most equipment, however, removable shields are still the principal means of protection. Farmers who do not have standard power take-off hitches or shields should consult their local implement dealers. Hitches and adapter packages for power-driven implements may be obtained from dealers representing the manufacturer of the machine.

Good Mixer
You can speed up the task of mixing large quantities of chemicals (in powder or crystal form) by using a plunger in a barrel. Cut a row of holes around the lower part. When "churning" move plunger up and down, thus increasing circulation of water with the chemicals, dissolving them quickly.

Self-Feeder
Here is a simple self-feeder made by wrapping a short bale of woven wire around the bale of hay and hanging it to the side of a barn. It works best when tightly bound bales are broken up for easier feeding.

LISTEN TO THIS! A new pair free if Wolverine pigskin work shoes ever dry out stiff under normal drying conditions! But, let me caution you—don't buy a pair expecting to trade 'em in and get a new pair free the first time they get soaked. The guarantee? Oh, yes—that's as good as gold. But those Wolverine Pigskins just insist on drying out as soft as old house slippers. So, they never lose their original foot-easy comfort. And do you know something? They won't wear out, either, until they've given you an entirely new idea of how long work shoes really can wear—how little they really can cost by the month or mile of wear. See 'em—try 'em on at Hulen's. That's Hulen's, Home of Fine Shoes and Clothing. 8-31-1

Borrowing Money Can Pay Dividends

Production Items Can Increase Profit

Borrowing money to buy fertilizer and other profit-building production items can be good business in some cases in the present cost-price squeeze, according to Michigan State University agricultural economists.

John Doneth, of the Michigan State University farm economics staff, cites the case of one farmer who has greatly increased his profits in the past several years by going into debt to buy fertilizer.

Borrowing money can pay dividends if the money is used to purchase materials or equipment that will insure greater operational profits.

Three years ago, says Doneth, this farmer spent only \$500 for fertilizer on 250 acres of crop land. Soil tests showed this was not enough.

The farmer doubled his use of plant food the following year. Then last year, he spent \$2,000 of borrowed money for fertilizer. This investment not only paid for itself but gave extra returns per acre.

Doneth says that some farmers are too conservative about the use of credit. Some farmers are using makeshift operations when they are actually in position to get a loan and go on to bigger or more efficient operations, he says. The Michigan farm economists suggest these precautions, however:

- 1—Don't over-estimate your future income;
- 2—Don't under-estimate your expenses;
- 3—Make sure you allow enough leeway for poor crop years and low prices.

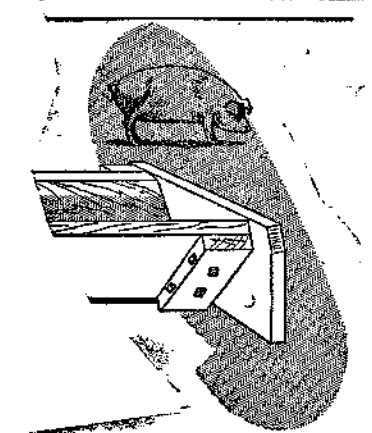

Weeds Expensive Pests, Tests Show

Weeds can be an expensive pest, even in so-called clean cultivated row crops, according to results of cooperative research conducted since 1951 by Iowa State College and the USDA. This work has demonstrated that in-the-row growth can reduce bean yields in soybeans by about 10 per cent.

The experiments involved such typical plants as yellow foxtail, a grassy weed; velvet leaf and Pennsylvania smartweed, both broad-leaved weeds; and the Hawkeye variety of soybeans. The weeds were planted singly and in combination in the row with soybeans, and then were thinned to strands of 3, 6, and 12 weeds per foot of row. Weeds were removed at a half-dozen specific intervals during the growth of the soybeans.

In general, the research program demonstrated that soybean yield reductions are proportional to the amount of weed growth, and that the combined above-ground growth of soybeans and weeds is approximately the same as the above-ground growth of weed-free soybeans. The tests showed also that the presence of weeds delayed maturity of beans about one day, decreased the height of soybean plants about 2 inches, and increased lodging of soybean plants about 2 to 6 per cent.

Extra Strength

Hardwood blocks at each end of this hog trough give it double strength. Short lengths of 2x4 are bolted to the trough boards and to the end boards. Carriage bolts are best for trough boards, the heads being placed on the inside of the trough to prevent injury while hogs are feeding.

WOMAN'S WORLD

Applesauce Makes Interesting Crust For Cheese Cake

THOSE who like cheese cake will be pleasantly intrigued with a delightful innovation for this treat: apple sauce and raisins in the bottom crust. This addition offers refreshing contrast to the fluffy richness of the cake itself and it will come from the oven the way you like, high, round and brown.

Cheese cake is an ideal dessert to have when your meal has been light such as soup or salad for the main course. It's wonderful, too, for those cake and cake times when friends drop in for the evening.

Apple Sauce Cheese Cake (Serves 12)

Crust:
1 6-ounce package zwieback
1/2 cup sugar
1 teaspoon cinnamon
1/2 cup melted butter
2 cups canned apple sauce
1/2 cup sugar
1/2 cup raisins
1 teaspoon grated lemon rind
1 tablespoon lemon juice
Filling:
1 pound cream cheese
1/2 cup fine granulated sugar
2 tablespoons flour
1/2 teaspoon salt
4 eggs, separated
1 tablespoon lemon juice
1 teaspoon grated lemon rind
1/2 cup milk
1/2 cup evaporated milk or rich cream
To make crust, roll zwieback into fine crumbs; add 1/2 cup sugar

Apple sauce and raisins nestle close to the bottom of this creamy cheese cake which has the traditional crumbly topping. It's a perfect dessert for a light meal or a welcome invitation to get together for an evening with friends.

and cinnamon. Blend in butter. Reserve 1/2 cup crumbs for top. Press remaining crumbs on bottom and sides of greased 9-inch form pan. Combine apple sauce and 1/2 cup sugar; bring to a boil. Simmer 5 minutes. Add raisins, rind and apple sauce. Pour onto bottom of crumb-lined pan.

To make filling, mash cream cheese; beat until light and fluffy. Sift together sugar, flour and salt; mix with cheese. Beat egg yolks until thick and lemon-colored; add lemon juice and rind. Blend in milk and evaporated milk slowly and mix well. Beat egg whites stiff. Fold in. Pour into crumb and sauce-lined pan; sprinkle top with reserved crumbs. Bake in a moderate (350°F.) oven for 1 1/2 hours. Cool one hour in oven.

Do get your rooms ready for painting to save work. Remove the furniture and use plastic drop cloths to cover the floor. Plastic is lightweight and inexpensive.

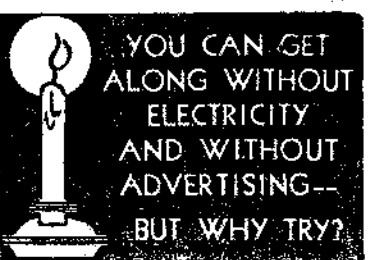

Going to paint the ceiling? Loosen the light fixtures, and cover them with newspaper so paint won't spatter on them.

Mask your windows with newspaper cut to size. Wet the newspapers and place on windows. When paint is dry, simply peel off the newspapers and you won't have to scrape off the window.

Masking tape can be used in other places like the window sash, around woodwork or around borders so you can prevent paint from getting on woodwork or for making straight edges on borders and strips. This, too, will peel off easily when you're finished.

Paint should be strained through a fine wire screen or plastic screening to remove lumps. This is especially true if it has been standing before use.

How to Paint
Armed with a good paint and a paint roller you can cover large areas in no time at all. A good paint will not show brush strokes or roller strokes and will spread evenly with little effort on your part.

YOU CAN GET ALONG WITHOUT ELECTRICITY AND WITHOUT ADVERTISING— BUT WHY TRY?

Dodge Reunion at R. Johnson Home

The fifth annual Dodge reunion was held at the home of Mr. and Mrs. Russell Johnson Sunday with Mr. and Mrs. Steven Dodge as hosts.

A bountiful chicken dinner was served at two o'clock. The president, Russell Johnson, presided at a brief business meeting when the following officers were elected for 1957: president, Clarence Dodge of Pontiac, and secretary-treasurer, Mrs. Edwin Dodge of Caro. Vern Dodge of Oxford and Russell Johnson were appointed to make table arrangements for the next reunion which will be held the last Sunday in July at a state park between Inlay City and Lapeer.

Gifts were presented to Frank E. Hall of Cass City, the oldest member present, and to the youngest present, the little grandson of Vern Dodge of Oxford.

Games, particularly horseshoe pitching, were enjoyed by young and old and many prizes were won.

Ice cream, cake and pie were enjoyed in the late afternoon.

Those attending were from Oxford, Pontiac, Bad Axe, Caro and Cass City.

GAGETOWN

Continued from page two.
Mr. and Mrs. Martin Bartholomy and family of North Branch returned to their home Monday after spending the week end with his parents, Mr. and Mrs. Leo Bartholomy, and Misses Bridget and Susan Phelan.

The monthly meeting of members of the Altar Society of St. Agathas Church was held Monday evening with about 60 members present. The president, Mrs. Norman Pine, called the meeting to order and asked Fr. Cronkite to lead the opening prayer.

Definite and last minute plans were under discussion and made for the home-coming, Labor Day. A chicken and ham dinner was planned. Fr. Cronkite talked on various subjects including the consolidation of schools for this district. Division No. 6, of which Mrs. Francis Proulx and Mrs. George Goka are co-captains, served the lunch.

Mr. and Mrs. Zeffery LaClair spent from Saturday until Monday in Metamora with his son and family, Mr. and Mrs. Harold LaClair. On Sunday, they went to Drayton Plains where they visited Mrs. Carrie Montreuil and Mrs. Gertrude Giroux.

To be popular anyone must be willing to pay the price.

The fellow who gets something for nothing always thinks it should have been more.

Down Memory Lane

FROM THE FILES OF THE CHRONICLE

Five Years Ago.

A new, modern machine for repairing shoes has been installed at the Shoe Hospital that enables the company to process shoes faster and better than ever before, according to Joe Riley, owner of the store on Main St. Mr. Riley has also redecorated his store and put in new shelving this summer.

The Elkland Township Fire Department was called to 12 fires outside the village limits since Jan. 1, according to Treasurer Fritz Neitzel. The most frequent cause of alarms has been grass fires.

The village of Cass City has completed three-quarters of a mile of resurfacing of streets in Cass City, with the help of the giant Moto-Power, belonging to contractor Curt Hunt.

Dr. B. H. Starnann was elected president of the Gavel Club for the coming year at their meeting Tuesday. Other officers elected were: C. M. Wallace, vice-president; Harold Oatley, secretary; Arlan Hartwick, treasurer.

Ten Years Ago.

Teachers in rural schools in the area are: Mrs. J. D. Turner, Ferguson school; Miss Betty Wood, Ellington school; Mrs. Harry Habicht, Cedar Run school; Mrs. Albert Quick, the Almer Center school; Mrs. Harold Greenleaf, Dillman school; Miss Irene Hall, the Bingham school, and Mrs. Maud Blades, Sand Valley school.

Because the football field at the city park will be graded sometime in September or early October, all games of the Cass City High School will be away from home during the autumn season.

The public and parochial schools at Gagetown will open Wednesday with the same staff of teachers as last year with one replacement. Sr. Agnes Louise will replace Sr. Marie Dennis.

At the annual election of officers of the Holbrook Community Farm Bureau Tuesday, Chas. Simkins was chosen chairman; Ivan Tracy, vice-chairman; Marjorie Simkins, secretary; Stanley Willis, discussion leader; Lynn Spencer, recreation leader; Marian Spencer, publicity agent; Chas. Simkins, song leader; Mrs. Ivan Tracy, associated women's representative, and Arthur Schneider, treasurer.

Twenty-five Years Ago.

The total enrollment in the Cass City Public Schools on Wednesday showed an increase of 29 over that of last year. The total is 531. There are 155 non-resident pupils.

Tuscola County's school census for 1931 shows an increase of 383

children of school age over the number counted by the school enumerators in 1930. This increase in the school census should indicate that the population of Tuscola County has increased about 1000 in the past year.

Three farmers residing north and northeast of Gagetown lost barns and other buildings Saturday afternoon by fire in which the loss will total more than \$17,000. The fire started from a burning straw stack on the farm of Richard McDonald and the strong wind carried burning brands to the farm of Chas. Williamson over a mile away. Brands from this fire set fire to buildings on the John Williamson farm about one-half mile east.

The M. D. Hartt grocery has been given the attention of a designer of store interiors and the arrangement of the store has been subject to a complete transformation which adds greatly to the convenience of the sales force and the customers of the store.

Thirty-five Years Ago.

The Thumb Oil and Gas Development Company was organized Monday. The officers elected were Joel C. Merriman of Deckerville, president; Dr. John E. Campbell of Brown City, secretary, and Howard Foster of Peck, finance trustee.

Miss Beryl Koepfgen and Miss Elsie Barnes commenced their work as superintendent and principal of the Gagetown schools Monday.

Frank Wilnot has traded his 120-acre farm in Greenleaf Township on a 160-acre farm in Ellington belonging to John Sugden and F. L. Clark.

Two Bargains in used cars—one 1920 Dord \$600; one 1920 Ford with starter \$325.

The barn of Edward Philpot, two and a half miles north and one mile east of Decker, was destroyed by fire caused by lightning during the storm last Wednesday night.

TRAFFIC PLANS

will furnish the helicopters and two planes. The other five planes will include two from the department of aeronautics, one from the conservation department and the two State Police ships.

Traffic is expected to reach its peak for the year. This will be the first and only long week end holiday of the year and the last summer vacation trip for many persons. Thousands of others will be returning from vacation in time for the start of school.

"Contrary to the rising death toll throughout the nation, Michigan has reduced deaths in each of the last four months and so far in August as compared to the same months in 1955," said Commissioner Joseph A. Childs. "We are certainly hoping this continues."

"Up to August 19 there were 1,081 persons killed. In the same period last year the total was 1,164. The decrease of 83 deaths is despite the fact that during January, February and March of this year there were 65 more persons killed than in the same months of 1955."

According to State Police records, a total of 129 persons were killed during the last five Labor Day week ends. The lowest number was in 1951 with 14, the highest in 1952 and 1953, when 32 died each week end. Last year 25 were killed.

Six persons were killed on Memorial Day this year and nine on the Fourth of July. Both holidays fell on Wednesday, and the traffic toll was computed beginning with 6:00 p. m. Tuesday, a 30-hour period.

"Drivers should try hard to keep up the present trend," Childs said. "They should take a little longer to get there, observe the rules of the road and watch out for other drivers. As the record shows, safety does save lives."

4-H AWARDS

Continued from page one.

The awards were to have been made by John B. Hanks of the New York Central Railroad, donor of the pins. Gold 4-H clover pins were to have been presented to those leaders with 10 years of service. Leaders for 15 years receive pearl-set pins; 20 years, diamond, and emerald denotes 25 years of leadership.

Ruby pins were to have been given to two leaders for 30 years service and this year for the first time, a sapphire pin denoting 35 years leadership will go to Mrs. Hazel Wildermuth, R. I. Richland.

The State 4-H Club Show is a four-day event, Aug. 28-31. More than 2,000 4-H'ers are expected to enter the competition.

Sandwich Loaf For Hot Weather

Cucumber Sour Cream Frosting is the perfect summertime topping for a sandwich loaf made with a combination of your favorite sandwich fillings. Prepared in advance and stored in your refrigerator it is easy to serve to family or friends. Garnished with cucumber rings with crispy carrot sticks and served with potato chips, dill pickles, iced tea or coffee and something sweet for dessert, a complete meal is on the table in a matter of seconds.

Preparing a sandwich loaf is simple indeed, even though when finished it looks like a picture! All you have to do is make up two or three of your favorite sandwich fillings. About 1 cup each is the right amount. Chicken salad seasoned with a dash of sage—egg salad with ripe olives and seasoned with savory—baked beans with finely chopped dill pickles are always appealing. Also, any of your favorite cheese spreads may be used. Remove crusts from 1 loaf of unaltered bread. With sharp knife slice the bread lengthwise into 4 or 5 even slices. Place bottom slice of bread on serving platter. Spread lightly with softened butter. (This prevents the filling from soaking into the bread). Cover with sandwich filling spreading it evenly over entire slice of bread. Butter second slice of bread and place it, buttered side down on filling. Repeat, using a different sandwich filling for each layer, until all slices of bread are used. Frost with cucumber sour cream frosting and store in your refrigerator until ready to serve.

Cucumber Sour Cream Frosting

- 1 tablespoon unflavored gelatine
- 1/2 cup cold water
- 1 tablespoon sugar
- 2 tablespoons vinegar
- 1/2 to 1 teaspoon seasoned salt or 1/4 teaspoon salt, dash of pepper
- 1/2 teaspoon paprika
- 1 cup of sour cream
- 1/2 cup top milk
- 1 cup finely chopped cucumbers

Soak gelatine in cold water 5 minutes. Dissolve over hot water. Blend together all ingredients except cucumbers. Add dissolved gelatine. Chill until firm. Beat until light and fluffy. Fold in finely chopped cucumbers.

Slight Change in Waterfowl Laws

Michigan's 1956 waterfowl hunting regulations will be changed only slightly from last year. As in 1955, hunters will have a 70-day season, from October 1 through December 9.

Changes in regulations this year include an October 1-30 season on Wilson's snipe or jacksnipe. Last year the season was 15 days shorter, October 1-15. Another change closes the season on wood ducks. Last year, hunters could include one wood duck in the daily bag and possession limits. Under federal regulations just released, wood ducks will be illegal this year in Michigan and other states in the Mississippi flyway.

The federal government again authorized up to 70 days of hunting and the same bag limits as last year on ducks, geese and coots. Michigan accepted the maximum seasons allowed.

Bag limits will be: ducks, four per day and eight in possession; geese, five per day and five in possession, including not more than two Canada geese; coots, 10 per day and 10 in possession; rails (except sora) and gallinules, 15 per day and 15 in possession; sora rails, 25 per day and 25 in possession; Wilson's snipe, or jacksnipe, eight per day and in possession; and woodcock, four per day and eight in possession.

Shooting hours are unchanged, from a half hour before sunrise to a half hour before sunset, except woodcock may be hunted until sunset.

Seasons on rails and gallinules also were set for October 1-December 9. This is a 10-day extension of the 1955 seasons. Bag and possession limits on these species remain unchanged.

Woodcock seasons are the same as last year, namely, October 1-November 1 in the upper peninsula; October 1-November 9 in the northern lower peninsula, and October 20-November 9 in the southern lower peninsula.

WOMAN'S WORLD

Pink Lipsticks

Help Brighten Eyes, Make Teeth Whiter

YOUR mouth is the outstanding feature of your face and lipstick can do a great deal toward accenting its beauty. Did you know that the proper shade of lipstick brings brilliance to the eyes, makes the teeth appear whiter and the complexion warmer and clearer?

If you don't believe it, apply some lip color to one side of the face and leave the other side without. Look in the mirror and be convinced.

In addition to these attributes, many women find lipstick essential in the hot weather for still another reason. It's helpful in shielding and protecting the lips from exposure to sun and wind which can make the lips feel parched and thick.

Above all, you need lipstick to give you that feminine, well-groomed look for which we all

To give yourself a well-groomed and colorful appearance, use a vivid pink lipstick which stays on without constant retouching. The lipstick will make the eyes seem deeper and brilliant and gives warm tones to the skin as well.

strive when temperatures are doing their best to take all the starch out of us.

Select Color Well
It's important to select a color that goes with the season and most women are wearing the new vivid pinks with good effect. The tone is rich but not heavy and it blends well with the complexion.

Your wardrobe, too, determines the color of the lipstick. For this time of year, select a shade of pink which will go well with neutrals and pastels from the soft yellow-rose to rose pink shades.

You'll be wise to choose a lipstick which has a long-lasting quality to avoid constant retouching. Don't forget that you'll be sipping more beverages and you don't want to make up the mouth after each lemonade.

How to Apply

Lips should be clean and dry when you apply the lipstick. The best way to achieve this is "to do" your face first, cleansing with soap and water or cream or both. Apply a freshener or dash with cold water to act as astringent.

When the face is gently dried, apply your base or your powder-base combination. The lips should be dry after this, but if they aren't, blot them on tissue.

Cool Yourself Off With Frosty Drinks

Those long, cooling summer beverages are bound to add a refreshing note to any warm afternoon or evening. Here are several suggestions for different varieties which may offer a welcome change from those you've been using.

All of these drinks are easy to prepare and may be refrigerated in a pitcher or bottle until serving time.

Mint Sparkle

(Serves 6)

1 can quick-frozen lemonade
½ teaspoon mint extract
Green Food coloring
1 quart gingerale

Do not dilute lemonade. Add enough food coloring to tint a delicate green and blend in mint flavoring. Pour into ice-filled glasses and add gingerale just before serving. Garnish with mint sprigs, if desired.

Small Fry Favorite

(Serves 6)

½ cup cream-style peanut butter
¼ cup sugar
¼ teaspoon vanilla
2 cups milk
1 pint vanilla ice cream
Ginger ale

Combine peanut butter, sugar and vanilla. Slowly stir in milk and heat until smooth. Divide among 6 tall glasses. To each add one scoop of ice cream and fill with ginger ale.

Pink Lady Punch

(Serves 6)

1 cup cranberry juice
½ cup sugar
1 cup grapefruit juice
3 cups ginger ale

Add sugar to cranberry juice; stir until dissolved. Add grapefruit juice. Chill. Add gingerale just before serving.

MICHIGAN MIRROR NEWS BRIEFS

A long battle seemed nearly over when the Michigan Turnpike Authority conceded at its August meeting that it has no buyers for revenue bonds and that there is little likelihood for state toll roads in the near future.

The Authority announced decisions to cut its staff to a skeleton crew, and adjourned without fixing a date for another session. These moves greatly reduce the group's ability to continue its fight for "pay as you drive" roads.

A climax came to the conflict between the Authority and its opponents, which include State Highway Commissioner Charles M. Ziegler. The decision also ends a policy fight that cut across party lines.

The argument between the two groups started with the organization of the Authority on a bipartisan basis in 1953. Ziegler and his supporters claimed that the State Highway Department could build the same roads as the Turnpike Authority with existing funds.

Charges of obstruction were leveled at Ziegler in return by the Authority. They contended that the major block in issuing revenue bonds was Ziegler's refusal to cancel plans for highways parallel to proposed toll roads.

No bonding firm was willing to risk the needed capital against revenue bond security when it feared that a free road might be constructed along the same general route as a toll highway, even though the roads were many miles apart.

Meanwhile, it could be many years before the Highway Department would have enough funds to complete such a task, they contended.

New state and federal highway programs boosted Ziegler's arguments recently.

"The biggest factor in the decline of the Turnpike Authority's power is the great increase in money available for regular highway construction," says Gerald Graves, executive director of the Michigan Good Roads Federation.

Prior to 1951 the largest amount available for highways never exceeded \$28 million in any year. In 1955, Michigan increased gasoline taxes to finance specific routes, giving priority to the interstate system. The Federal-Aid Highway Act of 1956 greatly increased federal aid to states for interstate trunkline construction.

"With these two programs Michigan will have more than \$304 million available during the calendar years 1956-57 for highways. We anticipate that funds from federal sources alone will

be \$1½ billion for the next 18 years," Graves states.

"Under these circumstances it is extremely unlikely that any bonding company will ever provide capital secured only by the anticipated revenue that a toll road will collect," he concludes.

What is the purpose of maintaining the Authority and its reduced staff?

"We will be here on a stand-by basis until the highways on the Highway Department's program are either built or we see they cannot be built, Authority Chairman George N. Higgins says.

A new state park is in the making at Laughing Whitefish Falls, located in Alger County in the Upper Peninsula.

O. S. Mansell, president of Celotex Corporation, which recently acquired 240,000 acres for lumbering purposes, says he will recommend to the company's directors that the falls and 100 surrounding acres be given to Michigan.

Governor Williams first broached the idea of ownership for the falls a few weeks ago. After meeting with Mansell, Williams praised the company's "generous attitude."

"It is evident that Michigan has acquired a good and useful citizen," Williams says.

Eventually the state hopes to acquire 800 acres for park and recreational purposes. Negotiations are underway for a possible swap of 700 additional acres around the falls for 700 acres of state owned land adjoining Celotex property.

Modern Isaac Waltons know the importance of their bait when going after the "big one."

It seems that minnows are becoming scarce in Michigan, and the Conservation officials aren't sure of the cause.

Dr. Ralph Hile, biologist of the U. S. Fish and Wildlife Service, says that the shortage could be due to one of several of three factors: a poor hatch of minnow eggs, unusual weather conditions, or a long-term downward trend in minnow population.

A gradual depletion of minnow population could be the cause, says Dr. Gerald P. Cooper, director of the fisheries institute of the Department of Conservation.

All admit there are not many records on minnow habits to indicate a trend, and too little is known about the little fish.

A "minnow-reciprocity" bill, allowing an exchange of minnows between Michigan and Ohio was considered as a partial solution. However it was discarded when officials in the Department of

Conservation expressed their disapproval.

Such a step would open the uncontrolled introduction of carp, suckers and other rough fish into inland lakes.

Meanwhile, the "minnow mystery" continues to plague most bait dealers as they scramble to supply the demands of their customers.

Insects Share Farmer's Fortune But Soil Insecticide Use Is Increasing

Every farmer in the world is share-cropping with insects, but the average farmer has no idea how much the insects are getting, according to Dr. George C. Decker, well-known entomologist of the Illinois Agricultural Experiment Station. Dr. Decker says that the least understood and most insidious of these pests live below the surface and attack the roots of plants.

To fight these destructive pests, the use of soil insecticides on Iowa farms has risen from application to 25,000 acres in 1952 to 600,000 acres in 1954, said Dr. J. H. Lilly, Professor of Entomology at Iowa State College, who foresees widespread use of this new type insecticide in the near future.

"Soil insecticides have been tested and proven for the control of rootworms," he said, "and some early tests indicate they may give control for two years."

Soil insecticides were also cited by Dr. Oscar N. Allen, Professor of Agricultural Entomology at the University of Wisconsin, for their "high degree of efficiency in controlling soil insect populations."

Chas. Anscomb Dies In Home at Clio

Charles O. Anscomb, 29, 5374 N. Center Rd., Saginaw, died at the home of his sister, Mrs. Grace Bloomfield, 13193 Center Rd., Clio, on Sunday, Aug. 19. Funeral services were held from the Chappell and Stout Funeral Home on Aug. 22, with Rev. Bob Ingersoll officiating. Burial was in Thornville Cemetery.

Mr. Anscomb was born in Oscoda Co. Jan. 8, 1927, the son of Mr. and Mrs. William Anscomb. He had lived in or near Saginaw for most of his life. He was married to Earlene Hubel (formerly of Cass City) in 1948 in Saginaw.

Surviving are his wife; two sons, Rocky and Earle; two daughters, Carlene and Diana, all at home; three brothers, George, Alonzo and William of Saginaw; eight sisters, Mrs. Grace Bloomfield, Clio, Mrs. Elizabeth McDonald, Mrs. Leona Edwards, both of Flint, Mrs. Gladys Lester of Birch Run, Mrs. Lottie Woods of Saginaw, Mrs. Nettie Rood of Omer, Mrs. Marion Eastman of Standish and Mrs. Louise Nichols, Turner; several aunts, uncles, nieces, nephews and cousins.
