

63 at Opening Cass City Cage Practice

Sixty-three cage hopefuls reported for the first practice of the season for Cass City High School's basketball squad. The group includes freshmen, Athletic Director Irv Claseman said. This year's varsity squad is small with only 33 players reporting.

Coach Claseman will have five lettermen to build his team around when the season opens Nov. 30. Two of the boys were regulars and two alternated with Jim Ellis and Gordon Drouillard, who graduated along with Jack Clara, veteran guard.

John Meininger at six feet, two inches, the tallest man on the squad, and Bob Martus are the regulars returning. Both showed flashes of brilliance last season but were not able to come up with consistently outstanding performances. A year's experience should help them.

Dick Hanby and Jim Johnson are the other two candidates with varsity experience. Hanby showed an ability to score in many games last year but was not a polished floorman. Johnson played on the first team as a sophomore and in his second year of competition with the varsity should be improved.

Chuck Gunther, a senior guard, earned a letter last year but saw relatively little action.

To round out his second team and provide adequate bench strength, Claseman is looking to last year's reserve squad.

It is possible that from these nine boys will come the remainder of the varsity squad.

Forward candidates are Mike Fritz and Dick Hillaker. Hillaker is a senior who was out of competition last year with an injury.

Laurence Hyatt, a junior, is a candidate at center along with lanky Jack Hartwick. Tom Hulien, Clayton Neiman, Forrest Walpole, Fred Leeson and Bob Walpole, if he recovers from a football injury, are candidates for guard.

As usual, the Hawks will try to substitute speed for height, Claseman said.

Chest Drive Zooms Over Quota After Slow Start

It took Cass City residents less than a week to push the annual Elkland Township Community Chest drive over its quota after reading that the drive had bogged down with just a little over half of the necessary money collected.

Chairman Willis Campbell and the rest of the Chest board were all smiles this week as they reported that the drive is definitely over the required \$6,000 figure.

Generous contributions from employees and management of local industries and the help of the remainder of the citizens were responsible, Campbell said.

A complete report on the success of the drive will be made next week when the board expects to have final figures tabulated.

Since returning to Germany after his first visit here, Mr. Schulze has spoken innumerable times to organizations in Germany about the United States.

In addition, he has kept Cass City Rotarians posted of his activities since returning home.

Lake, who as president last year guided the MMPA through one of the stormiest years in its history, was re-elected to the board of directors at the Association's annual meeting on Nov. 1 by an overwhelming delegate vote of 48-3 to 27.

Committee Plans To Enlarge Scout Program in County

An effort to expand scouting in Tuscola County will be made this year, according to plans laid at a meeting of the Tuscola District Committee held at Caro Monday, Nov. 12.

In the coming scouting year, the committee hopes to establish units in Fairgrove, Akron, Gagetown and Kingston. Plans for additional units in Unionville, Reese and Vassar are on the docket and work is already under way for revitalizing the program in the Mayville area.

District Finance Chairman Fred Auten indicated that the district would reach its 1956 goal of \$7,500, although a few hundred dollars are still needed.

Progress on the 1957 goal of \$10,995 will not be known until local Community Chest reports are completed.

Other items discussed were the sale of "Boys' Life" magazine, available to scouts at half price, and the fourth national jamboree at Valley Forge July 12-18.

Already three reservations from the Tuscola District have been made and the entire Council is allotted only 64 boys. The Tuscola district hopes to have more signed for the jamboree before the council's quota is filled.

Quinn to Start Macomb County Probe Today

Judge T. C. Quinn was to have opened his investigation today (Friday) as a one-man grand jury to determine the facts in a petition filed by Atty. Gen. Thomas M. Kavanagh Oct. 22.

Judge Quinn was assigned by State Court Administrator Meredith H. Doyle after Macomb County Circuit Judge Alton H. Noe requested an "outside" judge be put in charge of the probe.

Gavelites Work On Three Projects

The Cass City Gavel Club dispensed with a regular program Tuesday at their meeting at Parrott's Dairy Bar when members divided into three-groups to work on projects.

The third group was assigned to spray Christmas trees for the club's use at the park.

Hospital Vote Okayed Recount for Sunday Sale of Beer Due

The Tuscola County Table-toppers Association has petitioned for a recount of the vote in the referendum for the Sunday sale of beer and wine in the county.

Canvassers completed checking the vote Tuesday and confirmed the unofficial total of a 59-vote margin for continued Sunday closing.

Meanwhile, after hearing the opinion of the Tuscola County Prosecuting Attorney, Douglas Williams, and the opinion of lawyers connected with the bond issue, County Clerk Fred Mathews said that the county nursing home proposals carried.

The outcome was in doubt because of an error by the Kingston election board which reversed the correct procedure by allowing everyone to vote on a bond issue and only taxpayers to vote to raise the mill rate.

However, it was decided that the vote would stand when a count showed that the 82 persons who voted that were ineligible could not change the results even if they all voted against the hospital issue.

The recount of the Sunday sale of beer and wine will be the second in the two times the issue has been presented to county voters.

Name Officers for Hospital Board

Members of the board of the Cass City Community Hospital elected officers Tuesday evening at the Cass City Municipal Building.

The officers are: John Haire, president; Mrs. Edwin Fritz, vice-president; Mrs. James Champion, secretary, and M. B. Auten, treasurer.

After the meeting, the group heard Village President James Bauer and Trustees B. F. Benkelman and Andrew Bigelow discuss various hospital sites.

The group told the board that it felt that a three-man committee was not large enough to make recommendations for the site. They said that the committee was to be enlarged to include other interested persons in the area.

The group will make its recommendation to the hospital board and the final decision will rest with the board, they explained.

Early Copy Please

Because of the Thanksgiving holiday, Thursday, Nov. 23, deadline for copy will be one day earlier. The cooperation of all correspondents, advertisers and contributors will be appreciated.

1957 License Plates Now on Sale

Harold Jackson, manager of the Cass City branch of the Secretary of State's office, reported this week that 1957 license plates went on sale Wednesday.

The new plates have a maroon background with white letters.

Mr. Jackson said that a new regulation requires all commercial vehicles, farm trucks and trailers to be reweighed this year. Owners must present the new weigh slips when applying for licenses.

Mr. Jackson reminded vehicle owners that they must have titles when buying licenses and said that waiting in line can be avoided if licenses are bought early.

\$125 in Prizes Offered to Boost Home Decorations

Prizes for the annual home decoration contest sponsored by the Chamber of Commerce were announced this week after the board met Monday night at the Cass City Municipal Building.

A total of \$125 in prizes will be offered. First prize is \$25. Second prize is \$20; third, \$15; fourth, \$10, and 11 prizes of \$5 will be awarded to the decorations judged next best.

Members of the board said that they regarded the home decorations as the "backbone" of Cass City's Christmas. They pointed out that no display is too large or too small to qualify and urge every home owner to participate if he possibly can.

The board also set Sunday, Dec. 2, as the annual workday for the community.

This year there will be less work for the volunteers. All of the displays owned and erected by the Chamber have been given to individuals who have pledged to see that they are erected and maintained.

Workers will only have to see that Main Street is properly decorated. Several additions to the decorative scheme started last year are planned, board members said.

Sentence Dates Set for Five County Men

Four Tuscola County men were arraigned in Tuscola Circuit Court Friday before Judge T. C. Quinn.

Robert Roigsonce of Bay City pleaded guilty to breaking and entering the Bossee Hardware and the Atkins Hardware in Vassar in September.

He admitted taking two guns from the Bossee store and a gun, watches and change from the Atkins store. Judge Quinn ordered a pre-sentence investigation and will pass sentence Nov. 21.

Three Mayville men, Earl Congdon, Harold Congdon and Arnold Pastor, pleaded guilty to breaking and entering the Harold Foster barn in Fairgrove and stealing a calf.

According to the trio's statement, they butchered the calf and placed the meat in a deep freeze. A pre-sentence investigation was ordered and the men will be sentenced Nov. 21.

A jury case was heard Friday. After lawyers spent the day presenting the facts to the jury, the case was dismissed when a settlement was reached out of court.

Jose Noguera of Tuscola has been seeking damages from Hilbert Schiefer of Millington for injuries suffered in an automobile accident a mile and a half west of Millington. The amount of the settlement was not disclosed.

Wednesday before Judge Arthur M. Bach of Bad Axe, Gerald Endert pleaded guilty of breaking and entering the Gamble store in Caro. He was arrested inside the store and admitted thefts of money on three other occasions.

A pre-sentence investigation was ordered and sentencing will be Nov. 27.

On a civil case Wednesday, the court ordered William Rice to pay \$100 attorney fees.

Mrs. Ella Croft and Mrs. Floyd Reid reviewed the book, "Don't Grow Old, Grow Up!" written by Dorothy Carnegie. Members answered roll call by telling the joys of later years.

During the business meeting the club voted to send a CARE package overseas.

The next meeting will be held in the Methodist Church and will start with a 1 p. m. luncheon. The Cass City Club will entertain the neighboring clubs.

Miss Helen Harris, president of the Michigan Federation of Women's Clubs, will be the speaker. Each member may bring a guest. Members are asked to call Mrs. C. L. Graham before Nov. 20 for reservations.

Expect Tornado Drills at School

The November meeting of the Schoolmasters' Club was held at Cass City High School Wednesday evening when a member of the state civil defense organization was expected to explain tornado precautions.

Before superintendents, principals and English and debate teachers, who were guests of the club, the speaker was to tell how to set up tornado drills and what to do in case of a disaster.

Supt. Willis Campbell said that Cass City School will soon have a tornado drill.

The Schoolmasters' Club is composed of superintendents and principals from Tuscola County.

I Would Like to thank all who supported me in the general election. I realize the responsibility you have entrusted me with and I will humbly strive to carry out the duties of the office efficiently and sincerely. Thank you all. Henderson Graham.—Adv. 11.

From the Editor's Corner

With the cooperation of area hunters we'll try to print all of the names of the successful ninerds again this season. The names of the hunters together with as much detail as available about the bucks will be printed in the Chronicle's annual hunting column, Buck Luck.

State reports indicate that the total hunting population this year will be considerably less than took to the woods last year. Be that as it may, you'd never know it by checking in Cass City. We believe the annual exodus to the north is as great or greater than in past years.

Polio Vaccine Now Available to All

Dr. D. E. Gilbert of Mayville, in charge of the Tuscola County polio vaccine program, announced this week that Salk vaccine is now available to everyone.

The Salk injections positively prevent paralytic poliomyelitis, Dr. Gilbert said.

The physician pointed out that injections should be started at once so that all three injections can be made before the 1957 polio season.

The second injection is taken a month after the first and the third six months later. There are no severe reactions to the vaccine, Dr. Gilbert said.

Cost for immunization is small. For children under 15, the fee is two dollars. For families who cannot afford the \$2, doctors of the Tuscola County Medical Society will administer the injections without charge.

For children over 15 and adults the county society has set a minimum charge of \$3.

RECEIVES PIN—Arthur Little, right, was awarded a pin commemorating 35 years as a member of the American Legion, Tuesday night at the regular meeting of the Tri-County Post in Cass City.

Mr. Little can trace the history of Legion activity in Cass City, as he was a member of the first post ever organized in the community.

Some 38 years ago the former Adam Seeger Post was established in the basement of the Cass City State Bank. Mr. Little was a member of the club until it disbanded, turning over all the funds in the treasury to Cass City School for the purchase of lockers.

Mr. Little was one of the organizers of the present post in Cass City. He served as commander of the former Adam Seeger Post and commander of the Tri-County Post for three terms.

He said that all veterans should be members of the Legion because it is the only way that veterans can know and have their rights protected. At the present time the club has 45 members. Louis Salas, commander, presented the pin to Mr. Little.

 He Will Make The Bible A New Book To You

It's that new V8 in the '57 Chevrolet. It's as quiet as a contented cat and as smooth as cream . . . and it's cat-quick in response when you call for action!

No household tabby sitting in a sunny window ever purred more softly than Chevy's new V8 engine. It's so kitten-quiet and cream-smooth that you can scarcely even tell when it's idling.

But when you nudge the accelerator, you know it's there, all right! Its right-now response keeps

you out of highway emergencies. It overpowers steep hills with such ease they seem like level landscape.

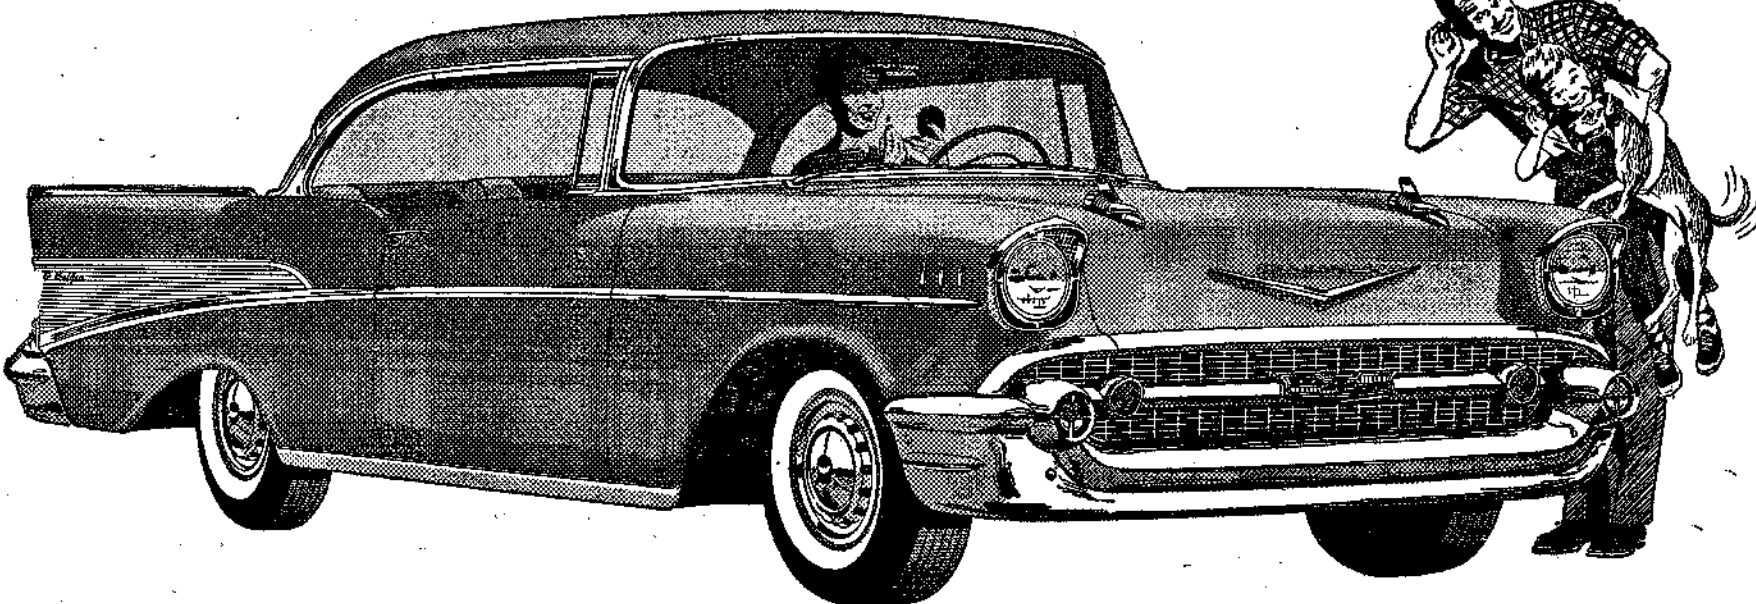

This new Chevrolet V8 puts up to 245 high-compression horsepower* under your command! It's sassy, sure—but as tame to your touch as a purring pussycat.

Come try the smoothest V8 you ever put a toe to, and all the good things that go with it. Like new Turboglide—the first and only triple-turbine automatic drive (an extra-cost option). And Chevy's own special sweet and solid way of going.

*270-h.p. V8 also available at extra cost. Also Ramjet fuel injection engines with up to 283 h.p.

that purr you hear is
 no pussycat!

Sweet, smooth and sassy! The Bel Air Sport Coupe. Body by Fisher, of course, with all that means in extra fineness of construction, materials and details.

Curtiss Candy Bull Silver Medal Sire

Curtiss Candy Dandy Curtiss, sire of many Holstein calves in this area, has been recognized as a Silver Medal production sire by the Holstein-Friesian Association of America, Don Koepfgen, local area representative of the Curtiss artificial breeding program, was informed recently.

"This recognition is accorded only a select few of the 'many bulls in the Holstein breed," Mr. Koepfgen points out.

Still in service, Dandy George has several thousand artificially bred daughters throughout the United States. Records on 111 of his tested daughters show an average production of 12,071 lbs. milk and 453 lbs. fat, or an increase of 485 lbs. milk and 30 lbs. fat over the breed average.

The world is mighty cold-hearted to the man who tries to live on its generosity.

A good many people have no use for an opportunity that demands too much elbow grease.

The man who finds real pleasure in his chosen work never has to ask for a raise in wages.

A CAR THAT NEVER BURNS FUEL

While the Second World War was on, I remember hearing about a lady in Detroit, Mich., who had the problem of gasoline rationing completely licked. She drove as much as she wanted, but without the worry of running out of gas. And do you remember how people used to raise their eyebrows during the war if they thought you were using your car more than an "A" sticker on the windshield would allow? She didn't have ANY sticker on the windshield and the looks she got were envy, not suspicion.

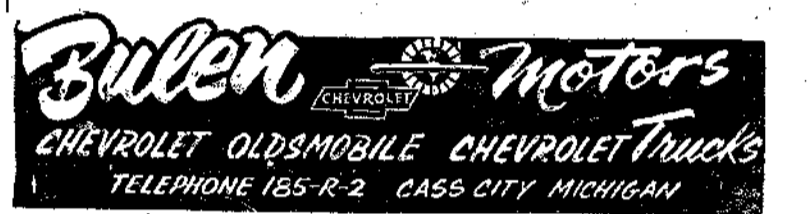

Her name was Mrs. Robert Gray, and she was the widow of a pioneer automobile manufacturer. The car she drove was a pioneer, too, the 1919 Detroit Electric. If you remember the First World War, you probably remember the fling electric cars had. Another model about the same time was the Anderson Electric.

Mrs. Gray's Detroit Electric was the last battery-driven car running in the U. S. It was powered by 42 batteries, each of two volts, that she recharged once a week at home. She had no radiator, no clutch, no muffler and could go about 30 miles an hour.

Maybe someday someone will design a new electric car that will give the kind of service we want today. Mrs. Gray, for instance, never went on any long trips and the batteries alone weighed 1400 pounds.

There's just one main reason why the gasoline engine beat out the electric car: one pound of gas will deliver more than 20 times the power one pound of the best storage battery can. As I say, maybe someday we'll get a good, powerful electric car, but actually I doubt it. On our used car lot we've got a "lot-full" of reasons why most everybody wants to own one of today's cars. Good reliable cars that gave somebody else good service before they decided it was time to move up a notch to a newer car. There's electricity in these cars too—in the ignition system that's the "brains" of the car. We've checked it—and everything else in the car—before we even put in on our lot.

We are rapidly replenishing our stock of good used cars, and it got pretty low, from trade-ins on new Chevrolets and Oldsmobiles. Example: Bill Profit's 1955 Chevrolet Pickup with only 6,000 actual miles on it. This one is complete with Heater and Defroster, Chrome Grille and has the side mount for the spare tire. It's as near a new Pickup as a used one can be, and you save better than \$800.00. I'll bet it doesn't stay on the lot a week.

MICHIGAN MIRROR

A \$50 million headache confronts state officials and all Michigan taxpayers.

This is money the state might be forced to refund to several out-of-state corporations. Furthermore, future revenue may also be reduced by \$20 million a year.

Trouble stems from a recent State Supreme Court decision that Panhandle Eastern Pipe Line Co. cannot be considered to be operating in Michigan and subject to the state franchise tax.

Now the United States Supreme Court refuses to review the finding, an action which in effect upholds the State Court decision.

The specific case decided by the Michigan Supreme Court held that Panhandle is not required to pay a franchise tax on gas produced elsewhere and then piped into Michigan. According to the court, such a levy is an "arbitrary and unjust" burden on interstate commerce.

Panhandle is a Delaware corporation and most of its gas is produced in Texas.

Big concern of state officials is that the decision establishes a precedent. It might apply to other firms. Future decisions could cover Michigan's business receipts tax. Estimates of the \$50 million loss are based on this interpretation.

Some capitalist spokesmen believe the decision may touch off a rash of claims against the state, requiring considerable litigation.

A Michigan income tax is mentioned as an alternative if considerable revenue is lost by the state through the Supreme Court decision.

State fiscal experts told the United States Supreme Court that if the decision is allowed to stand, it would give impetus to passage of an income tax act to regain lost revenue.

Michigan officials watched the problem develop slowly, but relentlessly, through the courts. Now they can only wait while time answers the question of what effect the decision will have on the state's finances.

A strong non-unionization resolution faced the annual meeting of the Michigan Milk Producers association held recently in East Lansing. Some 490 delegates representing 60,500 farmers throughout the state, unanimously passed a resolution opposing "all efforts of organized labor to gain control

of farm groups for any purpose."

A direct rebuff of the Fair Share Bargaining Association which had vigorously attempted to unite farmers in the ranks of labor, the MMPA action declared that many of the goals of union organizations are directly opposed to the interest of the farmer.

In a further purge of FSEA influence group the delegates voted that agitators and men with opinions contrary to the best interests of MMPA, could not serve in any official capacity.

Compared to past years when meetings were torn apart by dissension over low milk prices, this year's meeting was relatively peaceful. Howard F. Simmons, secretary-manager of the MMPA, credited the new price of \$5.35 per hundredweight for raw milk as the basic cause for the harmony.

Annual reports presented by Simmons noted that an all time high was reached this year. Farmers received \$89 million for milk, an increase of \$7 million over 1955.

If an apple a day keeps the doctor away, business may drop off considerably in the medical profession during the months ahead.

A bumper crop, some 10,500,000 bushels of Michigan apples, is reported by Holland F. Patterson, executive secretary of the Michigan State Apple Commission. The yield is valued between \$20 and \$21 million.

"The crop would reach halfway to the moon if laid end to end," Patterson reported as growers in the state harvested more than one and one-half billion apples.

The Michigan crop is the third largest in the nation. Only Washington and New York produce more.

While such favorites as Jonathan, McIntosh, Northern Spy, Red Delicious and Wealthy continue to be the most prominent Michigan apples, there are 40 varieties marketed from our state.

"Because this year's apple crop is superior in quality, flavor and color and because nationwide apple production is down, Michigan growers are in a favorable spot," Patterson concluded.

What puts the Mark of Tomorrow in the new kind of FORD?

Here's what puts the Mark of Tomorrow in the new kind of Ford!

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong... anywhere.

It's the long, lean lines. There's a greyhound grace to the new Ford. No useless "fat," no showy "padding." Ford is as trim as a jet fighter.

It's the hardtop styling. Fairlane sedans have the hardtop look of Victorias! Superthin center pillars are smartly concealed to give hardtop beauty when doors are closed.

It's the freedom of choice. Colors? Fabrics? Accessories? Far more! Ford gives you a choice of two new, bigger sizes... longer, lower, roomier!

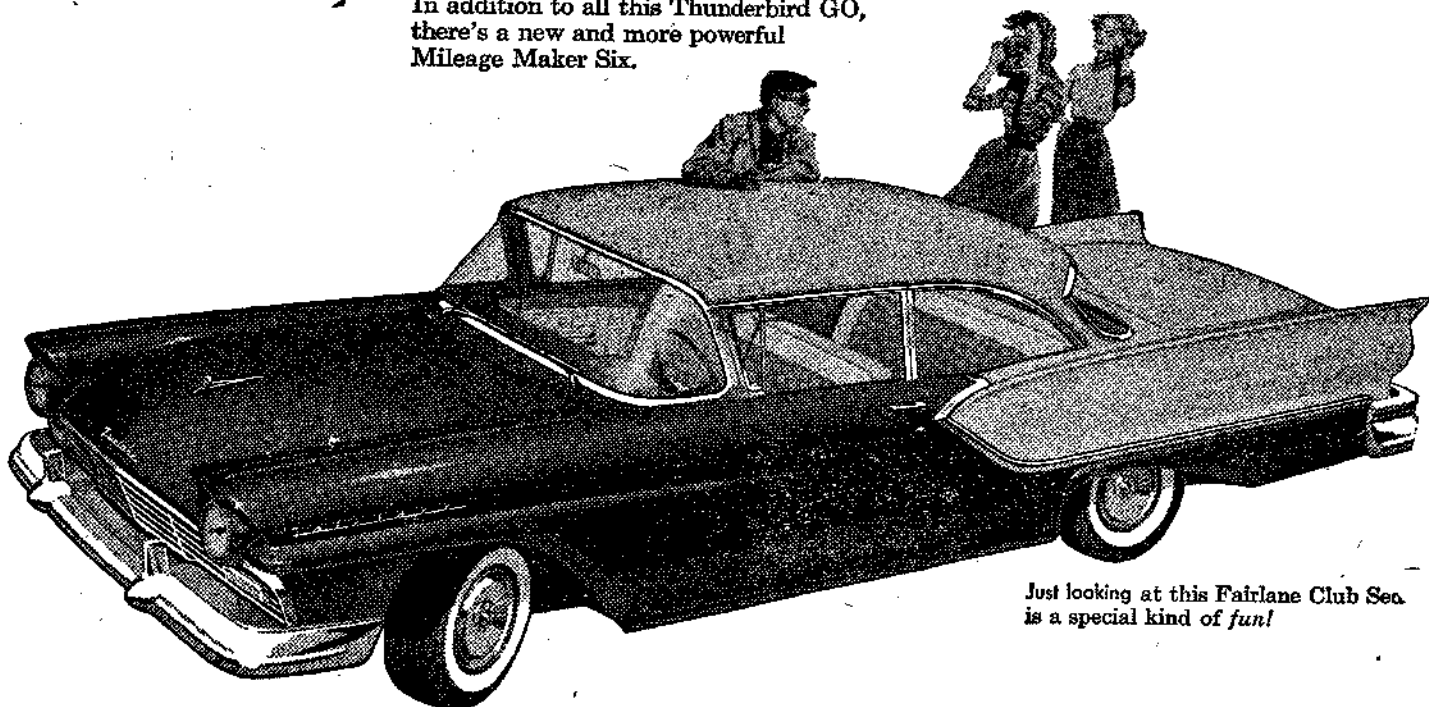

It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the roughest roads can't ruffle the poise of the new Ford.

It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history.*

In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

"Six or V-8, the going is great!"

Just looking at this Fairlane Club Sedan is a special kind of fun!

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days... an average speed of 108.16 mph, including all pit stops! Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

*Included is a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

Problems Posed by Self-feeding Cows

Thinking about self-feeding corn silage to dairy cattle this winter? Better be sure you have enough, advises Alfred Ballweg, county agricultural agent.

You can't ration the amount of silage consumed when you're self-feeding, points out Frank Gendron, Michigan State University extension dairyman. Cows may eat a lot of silage and very little hay, especially if the hay is of poor quality. A 30-cow herd, for instance, may consume as much as a ton of silage per day when self fed.

Cows may also waste a lot of silage by dragging it out and trampling it.

The self-feeding will save labor but it makes it difficult to balance the cows' ration, because the dairyman has no way of knowing how much each cow consumes. She may eat up to 60 pounds of silage per day.

She will need extra protein supplement to balance her ration if she eats large amounts of silage. Corn silage is lower in protein content than hay.

Gendron says that under a self-feeding program, high producers tend to be underfed, and low producers overfed.

Winter Projects Selected by 4-H'ers

The West Elkland 4-H Club met Monday evening at the Leslie Lounsbury home when winter enrollments were completed with 11 members taking 30 projects. These included: electricity, handicraft, clothing, knitting, home improvement, junior leadership, food preparation, baking and hobby craft, a new project in Tuscola County.

Names were drawn for the Christmas party which will be held at the home of Heather and Alan Milligan in December. Four members of the West Elkland Club received county medals at the achievement program Saturday evening: achievement, Joyce Donnelly; entomology, Gordon Goodall and Grace Donnelly, and home grounds, beautification, Mary Donnelly.

After the business meeting, some of the members worked on copper enameling and Mrs. Lounsbury served refreshments.

The Want Ads Are Newsworthy!

"ONE OF THE FIRST PICTURE ACCOUNTS OF AN INCIDENT THAT SHOCKED THE WORLD" will be shown Monday night, Nov. 19, 8 p. m. in the First Baptist Church, Cass City, when the gospel film, "MARTYRED MEN" is shown.

Did five missionaries die in vain as they attempted to reach the pagan Auca Indians of the Ecuadorian jungles? This question will be answered.

The color spectacular is essentially a means of communication in which these two people, Marilou McCully, wife, and T. E. McCully, father, of martyred Ed McCully lay bare their hearts concerning the Auca incident. Included are official color photographs taken by the martyred men of the three Auca Indians who came to visit them on the jungle beach. There is also a song from winsome little Stevie, son of Marilou and Ed.

This is no mere sentimentalism, no plea for sympathy, as two people who know from the experience the power of a risen Christ radiantly attest to the fact that God makes no mistakes. Every Christian will be interested in this film.

Doors of the church will be open at 7 p. m. and since seating is limited, the seats are on a "first come, first served basis." No charge of admission. Free will offering taken.—Adv.
