

## Total School Tax Unchanged

## Elect E. Walpole, L. Tuckey to Board

A total of 184 votes was cast in the annual school election for Cass City School District Monday when Luke Tuckey and Mrs. W. E. Walpole were elected trustees to the school board.

There were three candidates for the open posts. Mr. Tuckey, incumbent member of the board, led all candidates with 166 votes. Mrs. Walpole received 116 votes and Kenneth Maharg received 85 votes.

Mrs. Walpole will replace Mrs. H. T. Donahue on the board. Mrs. Donahue did not seek re-election. The board members elected officers after the election. Lester Ross will again be president and Dr. D. E. Rawson will serve another term as secretary. Mrs. Walpole is the new treasurer. Trustees on the board are Mr. Tuckey and James Gross.

**Annual Meeting**  
The annual meeting for the district was held an hour after the polls closed Monday.

About 50 persons attended the meeting and plans of the proposed shop addition were displayed and discussed.

Bidders on the addition can receive a copy of the plans from Glenn Beach, architect, at 711 Adams Street in Saginaw.

Members voted to pick up all students who live a mile or more from the school despite the fact that the state will pay transportation charges for only those students who live a mile and a half or more from the school.

Permission was given to dispose of six schools absorbed in the recent consolidation. The schools are: Remington, Sand Valley, Sunshine, Holbrook, McConnell and Dickout.

Supt. Willis Campbell reported on the hot lunch program and the treasurer's report was read and accepted.

**Set Tax Rate**  
School taxes will be the same for the new consolidated district as they were last year, it was revealed at the meeting. Operating expense was set at 7.2 mills and debt service at 2.7 mills. Last year Cass City District taxpayers paid 6.6 mills operating and 3.3 mills for debt.

## Phone Company, Union Agree on New Contract

General Telephone Company of Michigan and the International Brotherhood of Electrical Workers, AFL-CIO, this week jointly announced signing of a new labor contract. The pact covers utility employees who are IBEW members.

The new contract is unique since it represents an amalgamation of two separate company contracts. With the merger of the former Union Telephone Company into General last March 1, the differences existing between the two contracts had to be resolved. Chief points of consideration were the pension plan, a paid sick leave plan, premium pay and wage differentials. Following trends within the telephone industry, wage increases for the plant employees range from four to 11 cents, traffic employees will receive increases up to seven cents, with the clerical group scheduled for hourly jumps within a range of two to seven cents. Total cost of the wage increases will cost the company in excess of \$300,000 annually.

## Munro Re-elected To Gagetown Board

About 15 voters attended the annual school meeting held for Gagetown School Monday evening.

Leslie Munro was re-elected as a trustee of the board. He was unopposed.

In other business, the financial report of the district was read and other routine business transacted.

## Former Defordite Granted \$1,843.22 In Land Dispute

Mrs. Caroline Dybbie of Detroit won a decree of recision for land she owns near Deford in Tuscola County Circuit Court Friday. In addition she was awarded damages of \$1,843.22 from Mr. and Mrs. George VanSickle who used the property for some two years.

The dispute hinged over whether or not the VanSickles had paid William Zemke, Deford realtor, a down payment for the land.

The VanSickles claimed to have paid Mr. Zemke but produced no written records in court to substantiate the claim.

Meanwhile, taxes and insurance on the land had been paid by Mrs. Dybbie, testimony revealed.

## Rotarians Tell How To Improve Village

An informal program under the direction of Willis Campbell highlighted the Tuesday meeting of the Cass City Rotary Club at the New Gordon Hotel.

Mr. Campbell called on Keith McConkey, Leonard Damm, Rev. M. R. Vender, Neil Hurry and Dr. D. E. Rawson to tell what they thought could be done to improve Cass City.

Mr. Damm said that he would like to see curb and gutter on Seeger Street and Mr. McConkey urged more cooperation with the Cass City Chamber of Commerce to eliminate unauthorized solicitation in the community.

Rev. Vender said that he would like to see trash receptacles placed on Seeger Street so that students would not litter the streets during the noon hour.

Mr. Hurry suggested a park on the Cass River, allowing U-turns in the middle of the block on Main Street, an air strip and a golf course as projects that could profitably occupy the attention of the community.

Dr. Rawson explained the improvements to be added to the school.

## McConnell Receives 35-Year Pin

Members of Tri-County Post No. 507 American Legion and their wives attended a bimonthly meeting of the post in the Legion hall Tuesday evening. At the opening of the meeting, Commander Luis Salas presented to Vernon McConnell a 35-year continuous membership card and pin.

David O'Dell, who had been sent by the post to attend Wolverine Boys State held in Lansing, gave his report. The 20th annual gathering saw 1,056 boys in attendance from all over Michigan. Upon their arrival June 20 at Boys State, each boy was assigned to a county and a political party. David was a delegate to the state convention and was elected state representative. Mock political conventions and election of state officers are a part of the training in government which is given. Highlights of the week were addresses by Gov. Williams and Rev. Robert Richards, who spoke on Americanism. At the close of David's interesting report, coffee and donuts were served.

## Coming Auction

Saturday, July 20—Howard Gregg will sell household goods at the house located across the street from the Deford School.

## Slate New Events For Home-coming

Plans for the eighth annual home-coming are nearly completed and several new features have been added this year for the crowds that are expected to flock to Cass City Recreational Park, Chamber of Commerce President Bernard Ross announced this week.

A shooting gallery, art exhibit and a decorated park entrance will be among the new features of this year's event.

The art exhibit will display the work of artists from the Cass City area.

Returning will be many of the established features of the event since it started. High on the list are the horse-pulling contest,

TYPICAL ACTION in the church league formed this year is this shot of Tuesday's game between Shabbona and Cass City Lutherans. Each of the teams in the league has its own fans and the games are played to the hilt with free scoring the rule. The games are played at twilight and each player on every team must have attended his church at least three of the five preceding Sundays to be eligible for a position on the team.

## Hernandez Sent to Jackson

## Three Sentenced in Court Wednesday

Judge T. C. Quinn sentenced Sam Hernandez Jr. to one to 15 years at Jackson Prison Wednesday in Tuscola County Circuit Court.

Hernandez and Jesse Palacios had pleaded guilty to breaking and entering the Ford garage at Reese and attempting to steal a car.

Palacios was placed on probation and ordered to pay costs of \$55 and make restitution of \$45. He was placed in the custody of the sheriff until the money is paid.

Palacios' record was much better than Hernandez'. Hernandez was on probation in Texas for a similar offense and his probation record was poor, John Humm, Friend of the Court, said.

Blaz Jiminez, a migrant worker who was found guilty June 19 by a Tuscola County jury of breaking and entering an auto in Vassar, was sentenced to two years' probation.

In addition, he was fined \$50 and costs of \$200 payable at \$10 per month.

**Domestic Cases**  
Several domestic cases were also heard Wednesday.

Joanne Carlisle was granted a divorce from Edward Darrell Carlisle of Vassar. Mr. Carlisle was ordered to pay \$100 attorney's fees and the family car was returned to him.

Another Vassar couple also received a divorce decree. Ida Mae Pretzer was divorced from John W. Pretzer. Custody of two minor children was granted to Mrs. Pretzer and alimony was set at \$25 weekly. A property settlement was approved.

Lewis Kosha was granted a divorce from Mrs. Anna Mae Kosha of Vassar. A minor child was placed in the custody of the mother and alimony set at \$12 weekly.

Richard LaPratt of Caro was ordered to pay \$10 weekly temporary alimony to Mrs. Doris LaPratt. Temporary custody of a minor child was given to Mrs. LaPratt and Mr. LaPratt was ordered to pay \$100 attorney's fees.

Phyllis J. Alcorn of Caro will receive temporary alimony of \$20 weekly from Ronald L. Alcorn. He was ordered to pay \$100 attorney's fees.

Twenty dollars temporary alimony and \$100 attorney's fees will also be paid by Bill Crawford Baird of Vassar to Dorothy Baird, the court decreed.

In the final case Wednesday, Universal CIT was granted a judgment for repossession of a car and court costs of \$54.68.

Friday Vern Hack of Caro was

brought into court for failure to pay alimony. He was ordered to pay arrears as soon as he found steady employment.

Two domestic cases were also heard Wednesday, July 3. Betty L. Hurst of Akron will receive temporary alimony of \$20 weekly from Thomas Hurst. He was ordered to pay \$100 attorney's fees.

Lewis W. Stier will pay temporary alimony of \$30 weekly for support of three minor children to Mrs. Farol W. Stier. He was also ordered to pay \$100 attorney's fees.

## Report Shows Polio Danger Lessening

Polio cases are continuing to drop this year, figures released by the Public Health Service indicated this week.

Cases reported in the first two weeks in June this year are nearly 50 per cent less than they were last year when an all-time low was recorded.

There were 1,408 cases reported in the period and 2,654 cases in the same period last year.

The "median" figure for the years 1952-56 was 3,706 cases, spokesmen said.

On the basis of past studies, the service has concluded that the possibility of an attack of paralytic polio is five times greater in a person who has not had a Salk shot than one who has.

The difference is less marked in nonparalytic cases, authorities at the service said.

Peak polio season comes in late July, August and September and the health service recommends the following steps for prevention:

Get vaccinated.  
Keep up general health and avoid getting overly tired.

Avoid overcrowded places and unnecessary travel.

Consult your doctor if any member of the family develops a fever with headache, sore throat, muscle pains or weakness or a stiff neck or back.

## Install Officers at Legion Auxiliary

Twenty-five were present Monday evening when the American Legion Auxiliary met at the Legion Hall. Vice-president Mrs. Doris Klinkman presided over the meeting in the absence of the president. At the close of the business session, Mrs. William Anker, a past unit president, in-

Concluded on page 12.

## Parking Lanes Widened in Cass City This Week

The village maintenance crew this week is busy repainting the parking stalls on Main Street.

After checking the amount of space needed for ample parking, each parking space was enlarged.

Formerly, the lines were placed 11 feet apart at a 45 degree angle. The new lanes will be between 15 1/2 and 16 feet apart and will be at a 30 degree angle.

The new distance leaves ample room to get in and out of cars even though other cars are parked in each of the adjoining lanes.

## From the Editor's Corner

Residents of the Cass City area may find it more expensive to use their phones in the future, according to a release from authorities of General Telephone Company of Michigan.

With a raise for employees, company officials have intimated that they may file an application for increased rates with the Michigan Public Service Commission "sometime in the future."

The last raise for the company was opposed by members of this and surrounding communities who protested before the Commission when the raise was requested.

On Dec. 5, 1952, a partial raise was granted the company by the Commission and at a later period the entire rate raise was granted.

At the time, one of the biggest objections to the raise was the lack of service from the company. Since that time, lines have been revamped and service much improved.

About the only complaint that most residents have at this time is the installation of dial phones... much promised, but long delayed.

Of all the donations to the hospital fund, perhaps the most unusual occurred last week when young Mike Fritz walked into the Cass City State Bank and paid \$2 to Treasurer M. B. Auten for a donation in memory of his dog that died Sunday. This may well be an untouched field for exploitation for the hospital fund, C. M. Wallace, bank cashier, said after the money was deposited.

## Methodists on Top In Church League

The Cass City Methodists stepped into the league lead this week in the church softball league as they maintained their perfect record with a lopsided victory over the Lutherans, 21-4, Tuesday, July 2. The Baptists remained in contention with a 14-12 victory over Deford for a two win, one loss record.

Two other teams also stand at two wins and a single loss. The teams are Kingston and EUB. The EUB nine defeated Kingston, 15-7, to move into the three-way tie for second place.

Church of Christ squared its season's record at 2-2 for the year with a 9-3 decision over Shabbona. Shabbona's record is one win and three losses. They are ahead of the Lutherans who have not won a game in their first four tries.

With the heightened interest in building in the area, the Chronicle this week presents its second annual builders' section on pages eight, nine and 10. Featured are floor plans of homes, tips on building and remodeling and advertisements from area merchants.

## Driver Training To Start Monday

Robert Stickle, driver training instructor at Cass City High School, announced this week that the second summer class in driver education will start Monday, July 15, at 8:30 a. m.

All persons who have signed for the course are asked to be present. Others interested in enrolling should also be present and will be accepted if the number doesn't exceed the class limit. The meeting will be held in room 24 at Cass City High School, Mr. Stickle said.

## Wagner Placed on Probation Tuesday

Harry Wagner of Cass City was placed on two years' probation Tuesday after he pleaded guilty of embezzlement in Probate Court. He was charged with selling his mother's property.

In addition to the probation term he was fined \$100 and costs of \$12.90.

## Postmaster Lists Rules For Village Mail Delivery

### Turn Away Campers At Sleeper Park

Campers overflowed Sleeper State Park over the holiday week end and authorities were forced to refuse admittance after 411 permits were issued, it was revealed this week by park authorities.

Many of the would-be campers were sent to the state park at Port Crescent, west of Port Austin, although camping facilities have not yet been installed.

Port Crescent park has been slower to develop than at first anticipated because of lack of funds of the Michigan Department of Conservation.

A \$2 use tax for state parks was vetoed by Gov. G. Mennen Williams when it was learned that most of the money was to have been deducted from the parks' annual appropriation.

With the decrease in revenue has come an upsurge in the number of persons using the parks. A report issued June 2 showed that camping in state parks has doubled over last year and the attendance was up 18 per cent.

### Colleen McNamara Receives Diploma

Miss Colleen McNamara became a registered medical assistant Sunday, June 30, when she received her diploma from Carnegie Institute of Technology in Detroit in commencement ceremonies held at the auditorium of Central Methodist Church.

Miss McNamara was one of 60 graduates to hear the graduation address by Dr. Nathan H. Goldberg of the Wayne County Medical Society.

Master of ceremonies was James F. McEachern, director of Carnegie Institute, and the invocation and benediction were said by Rev. John Haney, pastor of St. Mary's Church in Wayne.

Presentation of diplomas was made by E. Koenemann, founder and executive director of the Institute.

Graduates were capped at a kneeling bench after receiving diplomas.

The medical assistant code of ethics was recited by the class and a reception was held at the school for graduates and guests.

Mrs. Gertrude Bringardner and family, Mr. and Mrs. Richard Reinelt and Charles Erla attended the ceremonies.

Miss McNamara is now employed at Hubbard Memorial Hospital in Bad Axe.

In addition to the probation term he was fined \$100 and costs of \$12.90.

### Four Farmers Lose Edison Damage Suit

Judge T. C. Quinn dismissed a

damage suit of four area farmers against Detroit Edison Wednesday after nearly a week of testimony had been heard. He also dismissed a crossbill by the Edison Company against the farmers.

The case was tried in Tuscola County Circuit Court. The four farmers, Frank Sinclair, Grover Laurie, Floyd Werdeman and Joe Lang, sued over the amount received for a right of way over their property for Detroit Edison's utility lines.

Edison in the crossbill was seeking damages for the delay in the work that the dispute cost.

### Merchants Split In Two Thumb League Games

Sebewaing, champions of the first half in the Thumb All-Star League, continued to dominate play in the first game of the second round when they defeated Cass City Wednesday on their home diamond, 3-0.

Principal reason for the Huron city's undefeated record is the outstanding hurling of Don Loeffler. Wednesday he allowed Cass City just one hit, a double by Jack Hool and only three men reached base all night.

Carl Kolb walked and Ron Geiger was safe on an error. Meanwhile, Loeffler whiffed nine men in his seven-innings stint.

Jack Hool pitched well enough to win most games. He suffered a rocky start in the first two innings when Sebewaing picked up all of its runs. Big blow was a circuit clout by Wally Riemann leading off in the second.

**Mayville Game**  
Cass City Merchants upset Mayville 4-1 Wednesday, July 3, for their third victory in a row.

The Merchants were held to two hits while Mayville pounded out eight safeties. Because Jack Hool, Merchant hurler, was bothered by a sore knee, several of the Mayville safeties were made with bunts.

The Merchants scored twice in the first inning and once in the fifth without making a hit. The first two men in the first inning reached first on errors and scored while the next three players were being thrown out.

Cass City registered its only earned run and only hits in the last inning. Don Erla doubled and rode home on Frank Creason's triple. Frank was thrown out at the plate while trying to score a moment later.

**At Home Wednesday**  
Next Wednesday the Merchants will be hosts to Frankmunth at the Cass City Recreational Park. It will be the next to the last chance for local fans to see the team in action and players are hoping for a good turnout. There will be no admission charge but a collection will be taken from persons attending on a volunteer basis.

The board approved the purchase of \$75,000 worth of insurance on the Tuscola County Health Facility now under construction. Fifty per cent of the insurance will be written by Clare Osgerby of Caro and the remainder divided among agents in Vassar, Cass City, Millington, Mayville, Unionville, Tuscola and Kingston.

The committee on insurance was also instructed to investigate liability insurance for county property controlled by the board.

**Other Business**  
An appropriation of \$825 for the Saginaw Valley Community Health Center was approved.

The annual supervisors' picnic will be held at Indianfields Township Park Aug. 14. A committee was appointed to make arrangements for the annual event.

Supervisors will hold their next meeting Aug. 5 at the courthouse.

While no definite date for the conversion to home delivery of mail has been received, Postmaster Ray Lapp has received official notice of the impending change. He released this week some of the changes that home owners must complete before service starts.

Patrons must provide suitable mail receptacles or door slots and see that their mail is addressed to them by street numbers within six months.

**One Delivery**  
Since the survey recently conducted indicates that about 90 per cent of the mail to Cass City comes in the morning, there will be only one delivery a day to homes and to businesses. Original plans called for two deliveries daily to businesses.

Business places are not required to provide mailboxes if they are open when the carrier calls. Patrons outside city delivery limits will be given service if they erect boxes on the carrier's regular line of travel.

Special delivery, parcel post, COD and registered mail will be delivered to the house if not more than three blocks from carrier's line of travel.

Regulations also require that all houses in the village be numbered.

Mail will be delivered on second floors to doctors, dentists and lawyers only. All apartments must have mailboxes at one place on the ground floor, Mr. Lapp reports.

**Soon As Possible**  
The service will be started as soon as possible. Actual dates hinges on the receipt of equipment necessary to provide service.

## Pringle, Tousley Named to Deford School Board

Forty-two voters attended the annual school meeting for Deford Community School Monday evening when two trustees were named to the board.

Two incumbent members of the board were re-elected. They were Mrs. Marjorie Pringle and Glenn Tousley.

Mrs. Pringle was unopposed for office and Mr. Tousley defeated Stanley VanVleet in close balloting, 23-18.

After the election, officers of the board were named. Claude Pearsley is president and Arthur Hartwick, treasurer. Mrs. Pringle is board secretary. Trustees are Mr. Tousley and Louis Babich.

A motion to install kitchen equipment at the school carried by a substantial majority of 36-6 while a proposition to allow dancing in the school was defeated 28-14.

## Park Staff Plans For Bicycle Rodeo

An estimated 50 children attended a "Mummers Parade" held Wednesday evening, July 3, under the direction of the Cass City Recreation Department.

Dressed as ghosts and goblins, the children paraded through the community and back to the park where they gathered around a bonfire to sing and enjoy planned entertainment.

Mrs. Fritz Neitzel told a story and Ron Fleenor demonstrated an Indian dance. The group went through a "house of horrors" built by the recreation department and were given candy.

**Bicycle Rodeo**  
Next special event planned by the department will be a bicycle rodeo. It is slated Tuesday, July 16, at the playground. Featured will be speed races, obstacle course, balance board, bicycle maintenance and stunts. Prizes will be awarded and anyone is eligible to participate. The rodeo will start at 7 p. m.

Teenage dances are held every Thursday evening at 8 o'clock. Mr. and Mrs. John West will feature square dancing at 9 p. m. If interest lags this week, the square dancing will be discontinued.

Swimming for adults only is scheduled every Thursday at 8 p. m. Admission is 25 cents.

## Charles Wright, 48, Uninjured in Crash

Charles A. Wright, 48, of Deford escaped injury Wednesday forenoon when the '54 station wagon he was driving struck a road barricade at the intersection of Deckerville and Plain roads, west of Deford, as Mr. Wright was traveling east. The car was badly smashed.

# MICHIGAN MIRROR NEWS BRIEFS

By Elmer E. White  
Michigan Press Association  
Republicans have departed from their last two top elective posts in state government.  
The party is already working to win back the highway department and the department of public instruction from the Democrats but, for now, they are on the outside looking in.  
Highway Commissioner Charles M. Ziegler, in office for 13 years, said he was going fishing, far from the scenes of some of the bitterest political battles in state history.  
Dr. Clair L. Taylor, superintendent of public instruction, on July 1 became director of the summer school and the evening college at Michigan State University.

Ziegler's farewell was a veiled

challenge to his Democratic suc-  
cessor, Highway Commissioner  
John C. Mackie.  
He hinted broadly that Mackie  
could not take the credit for the  
\$88,800,000 in trunkline construc-  
tion contracts awarded before  
June 30 for completion later this  
year.  
Ziegler said another \$64,000-  
000 in highway building has been  
planned.  
Major projects are being  
worked out for US31, US131,  
M20, US12, US27, US2, US23,  
US10, US16, US112, M53, US24  
and the Detroit expressways.  
"I am proud of the condition of  
the highway department as I  
turn it over to the incoming ad-  
ministration," Ziegler said.

Democrats also are proud of  
their new highway commissioner  
and the start he is making to  
reorganize the department.  
They claim a good adminis-  
trator can do as well or better as  
commissioner than an engineer—  
though a state law requires an  
engineer. Mackie is a graduate  
engineer, but not a member of  
certain engineering groups which  
demand their standards be met.

Mackie already is getting  
started on a five-year plan of  
highway construction. Michigan  
Society of Professional Engineers  
announced they will file with the  
State Supreme Court to deter-  
mine if Mackie is legally qual-  
ified to hold the job he won in the  
election.

Taylor pointed to the problems  
that will face his Democratic

successor, Dr. Lynn C. Bartlett.  
Since Taylor joined the de-  
partment 20 years ago, he said  
Michigan's public school enroll-  
ment has increased from 959,147  
to 1,451,832.  
The state's share of the cost  
of public schools has increased  
from \$37,400,000 to \$256,501,592.  
The need for education has  
grown tremendously in an in-  
creasingly complex society, Tay-  
lor said, adding that Michigan's  
educators are faced with the  
problem of keeping pace.  
"I extend my greetings to my  
successor, and I am confident you  
will accord him the same fine  
cooperation which I have en-  
joyed," Taylor said.  
Bartlett, too, has been in  
Lansing for weeks since the  
April 1 election, conferring, read-  
ing, checking and getting ready  
to take the state's top education-  
al post.

Prisons need space.  
More than 10,000 now populate  
the state's penal institutions and,  
with the growth of the general  
population, the need for room to  
hold prisoners is growing.

The problem is more than one  
of space and cells.  
Modern penology is moving to-  
ward specialized institutions that  
concentrate more on rehabilita-  
tion than sheer punishment.

Part of Michigan's program  
calls for a \$20,000,000 prison  
medical center to treat the  
psychotic, the mentally disturbed,  
sex deviates and those with  
physical illnesses.

Because of a shortage of  
money at the state level and a  
quiet rebellion against increased  
taxes, the program may have to  
wait for years, but this is the  
direction in which the prisons  
are going.

Religion is beginning to play  
an important part in the lives of  
prisoners.

Officials frankly concur that  
the lack of guidance in the fam-  
ily, the failure to find a church  
home have led many young men  
astray. They sometimes wind up  
in prison.

The situation has developed  
to the point that prisoners are  
contributing and working to  
furnish it at Southern Michigan  
prison at Jackson.

The building itself will be con-  
structed by the state on the pris-  
on grounds—on the site of the  
greenhouse which was destroyed  
in the 1952 prison riots.  
Inmates have earned their  
privileges since then, prison of-  
ficials say. They are serious  
about the chapel now.

With outside help the inmates  
have raised more than \$8,000 to-  
ward the estimated \$32,000  
needed for furnishings. The cam-  
paign will last until the goal is  
reached.

Don't knock your church—it  
may have improved since the  
last time you were there.

Trouble defies the law of gravi-  
ty—it's much easier to pick up  
than to drop.

## Oats Can Make Top Quality Silage

Oat harvest time is nearly  
here if you want to get the most  
feed value out of your crop and  
boost income with more livestock,  
says Alfred Ballweg, Tuscola  
County agricultural agent.  
By harvesting oats as silage  
instead of waiting for it to ripen  
for grain, a farmer can produce  
nearly twice as much feed  
nutrients per acre. An oat crop  
that would yield 35 bushels per  
acre of grain will produce four to  
five tons of top quality silage.  
Some farmers who are short of  
forage have tried to make use of  
oats by pasturing it; however,  
making silage from the crop will  
yield far more. When cows graze  
oats they eat only the heads and  
much of the crop is trampled.  
The best time to harvest oats  
as silage is when it is in the late  
milk and early dough stage. At  
this point it will produce feed  
about equal in value to corn sil-  
age.  
Ballweg warns that it can be  
tricky to hit oats at just the  
right stage. In some years the  
best harvest time for silage lasts  
only two to three days. So be  
ready to move fast once the crop  
is ready to start.

If you're using a bunker or  
trench silo start a little earlier  
than you would for an upright  
silo in order to have more mois-  
ture available. Packing oats may  
be a little harder than other  
crops. The hollow stems of this  
grain crop need to be crushed to  
get a good pack.

In July, 31 different fresh  
fruits and vegetables are in their  
peak seasons—more than in any  
other month.

## Golding Host for Red Dane Field Day

The National Red Dane Field Day will be held Friday, July 19, at the Ed Golding farm, located 1½ miles west of Cass City, according to Alfred Ballweg, county agricultural agent.

The program will begin at 10 a. m. with a get-acquainted period and ring judging of Red Dane cattle. This will be followed by a potluck lunch at noon.

Dr. Martin, in charge of the Red Dane herd at Purdue University, will be the principle speaker. George Parsons, extension dairyman, Michigan State University, will also appear on the program. Trophies will be awarded for judging and door prizes given for attendance. The meeting is open to the public.

### FROM THE FILES OF THE CHRONICLE

**Five Years Ago.**  
Fred M. Alger, Secretary of State and Republican candidate for governor, will be in Cass City at noon Friday as part of a swing through the Thumb area in his campaign for the nomination Aug. 5.

The Cass City Methodist Church Choirs will present a concert at the church Sunday under the direction of Don Borg, senior choir director, and Mrs. Arlington Hoffman, junior choir director.

Clerk Charles Patterson reported this week that the total number of registered voters in Elkland Township has reached an all time high of approximately 1125.

Superintendent Willis Campbell has announced the appointment of Ralph Powell as the new music instructor at the school for 1957-58. He will replace Don Borg, who accepted a position in the Saginaw school system early this summer.

**Ten Years Ago.**  
The C & D softball team won the first half championship of the Cass City Recreational Softball League. They clinched the title with a 5-1 victory over the Beulah team in the best played game to date.

Voters at the annual school meeting Monday night will decide whether or not the land east of the school building extending to Cass City Park shall be purchased as an addition to the present school site. The property can be purchased for \$2,500.

Forty-two young folks of Cass City and the surrounding area

registered for the Red Cross swimming classes Monday morning despite the chilly weather.

The annual reunion of the Michigan and Canadian Tuckers was held at Bright's Grove, Sarnia, Ont., Saturday with about 80 persons attending.

**Twenty-five Years Ago.**  
The school tax this year, according to the budget presented by the board of education, will be elected as trustees in the election approximately one-third less than that of 1931.

Frank E. Hutchinson was elected and J. A. Sandham re-elected at the annual school meeting Monday night.

Raymond McCullough was notified Monday that he has passed his recent examination by the state board and is now a registered pharmacist. He has accepted a position in the drug store of G. H. Burke.

Faulty brakes sent Keith McConkey's coupe into the ditch as he was turning a corner 2½ miles north of Cass City Tuesday. The car turned over and caught fire and was destroyed by the flames.

**Thirty-five Years Ago.**

A car driven by Bruce Kritzman plunged over the embankment 2½ miles south of Snover Friday night and turned completely over. Other occupants of the car were Charles Hamilton, Oakley Phetteplace and Hazen and Irvan Kritzman. All escaped with slight injuries.

The condition of every crop except spring wheat is above the 10-year average in Michigan, according to the July report of John A. Doelle, Commissioner of Agriculture, and Verne H. Church, statistician with the U. S. Bureau of Agricultural Economics.

An estimated damage of \$50,000 in the vicinity of Sandusky and uncounted losses throughout Sanilac County resulted when a rain and wind storm swept a narrow strip through the county about 6:30 p. m. Monday.

John Striffler, who settled in Elkland Township 62 years ago and was prominent in the early history of the Cass City Community, died July 12.

To bake potatoes quickly, first put them in boiling salted water for 10 minutes; then take them out and place them in the oven, suggest MSU food specialists.

Before canning season gets under way, check the working order of your pressure canner by putting water in it and bringing it up to pressure in the usual way.

## BULEN TALKS Cars

IT TAKES ALL KINDS

You've heard about the truth, the whole truth and nothing but the truth.

We in the automobile business have witnessed in the last few years an outbreak of wild advertising from, sadly enough, car dealers in larger towns. The advertising is certainly the truth but, as many friends have told us, not quite the whole truth.

We heard of a man once (no one around here of course) who told his wife "What are you mad about; haven't I always turned my pay check over to you on the first of every month?"

"Sure," said his wife, "but I found out you get paid on the 15th too."

Many of our friends have found that at the big, flossy car supermarkets they can get \$500 reductions on a new car. But, surprisingly enough (or really not so surprising) they find their old car is suddenly worth \$500, or even \$800, less than a fair trade-in value.

Or, what is more usual, their old car is valued for trade-in by a persuasive salesman at several hundred dollars more than they thought possible—always a very flattering thing. And then they find the price of the new car isn't quite as cheap as they had thought, and they have to buy a lot of extras and the whole deal is out the window unless they finance the car through the dealer.

Well, I like to sell cars too. But I'm old fashioned enough to think you can make money and make friends at the same time. Our philosophy here has always been to make a deal with a customer so that he'll be pleased enough to come back the next time.

That costs us money but it's worth it all round.

In my position I've been able to analyze some of the super-wonderful car deals offered lately. I've found our deals beat any terms I've ever seen. It's just that we use a little smaller type to tell you about them.

The Want Ads are Newsy Too.

Rev. and Mrs. Howard Woodard and Mary Helen are spending this week at Vestaburg where Rev. Woodard is teaching in the Rock Lake Junior Christian Camp. Attending camp this week also are Donald Englehart and Joan Connolly.

Mr. and Mrs. Robert Campbell went Monday afternoon to visit Mr. and Mrs. Stanley Warner near Oscoda and returned home Tuesday. Mr. Warner has had two severe heart attacks and only recently came home from a hospital. He is able to be up part of the time.

Nancy Phyllis is the name of the daughter born June 30 to Mr. and Mrs. Don Koepfgen. Mother and baby went to their home Friday from the hospital. Janet and Susan Koepfgen are spending a few weeks with Mrs. Koepfgen's parents, Mr. and Mrs. Fred Welsh, at Grayling.

Seventy-seven members and friends of the Mizpah and Riverside United Missionary Churches met at the parsonage last Wednesday night to help celebrate the 44th wedding anniversary of Mr. and Mrs. Jason Kitchen and the 15th anniversary of Mr. and Mrs. Ernest Bullock. Both couples received lovely gifts.

Garfield Leishman and his sister, Miss Eliza Leishman of Caro, took Mr. Leishman's cousin, Mrs. Olive Overend, who had spent two months here, to Godrich, Ont., Friday where she visited a sister. She will go from there to spend some time with relatives at a lake before returning to her home at Dunville, Ont.

Mr. and Mrs. Roy Martin (Jean Tate) of Owendale, who are the parents of three daughters, announce the birth of a son, Charles LeRoy, July 1 in a Pigeon hospital. The baby weighed eight pounds, eight and a half ounces. Mrs. Henry Tate of Traverse City spent a week in the Martin home and also visited at the Clyde Wells home here the first of this week.

Mr. and Mrs. Arthur Little received a telephone call Sunday afternoon from their son, Grant Little of Garden City, telling them of the birth that day in Mt. Carmel Mercy Hospital of a son. They also have two daughters, Lynne and Rebecca. The Little family is living in the Meyers summer home in Ontario and Mr. Little is enrolled in classes at Wayne University. The new baby weighed nine pounds and 11 ounces and has been named Arthur George.

Mrs. Nora Brown of Caro is staying at the Virgil Spitzer home while her son, Maurice Shafer, and wife are taking a vacation trip to Rapid City, S. D.

Mr. and Mrs. William McKenzie and Mr. and Mrs. Jack Essau and children were Sunday guests of Mr. and Mrs. Frank Striffler and Leonard Striffler at Lexington.

Mr. and Mrs. Jake Hiller have with them this week two granddaughters, Shirley and Janet Turner of Clio. The girls will turn home Sunday when the Hillers attend the Hiller family reunion in the Brown home at Warren, Mich.

Clare Turner, who has been a patient in Pleasant Home Hospital since June 25, went by ambulance to his home Wednesday. He will be confined to bed for another four weeks.

The Novesta Farmers' Club will meet Friday evening, July 19. Mr. and Mrs. Claud Peasley will be hosts and the meeting will be held at the municipal park here. In case of rain the meeting will be in the Church of Christ basement.

Mrs. Walter Finkbeiner went to Detroit Wednesday to meet her son, Eugene, serving in the Marines, arriving home to spend a furlough. They will visit the Sherwell Kellys at Romulus and Mrs. Ray O'Dell and family at Dearborn before returning home.

Mr. and Mrs. Joseph Clement, who had been in Port Huron where their son Kenneth had recently returned home from the hospital after undergoing surgery, spent from Saturday until Monday with Mr. and Mrs. Stanley McArthur and Mrs. Lydia Starr and left to spend some time with a daughter in California.

Kathy Starr, six-year-old daughter of Mr. and Mrs. Dean Starr of Cass City, and John Zawilinski Jr., son of Mr. and Mrs. John Zawilinski, have been transferred to Saginaw General Hospital for skin grafting. Kathy had an ankle injury June 13 when she was hit by a truck while riding a tricycle. John Zawilinski, 5, was badly burned about the abdomen and legs June 24 when his clothing caught fire when trash was being burned at his home.

It isn't the kind of a habit that matters so much—it's the fact that any habit makes you a slave.

The man who says he will meet you half-way is planning on getting the best half of the bargain.

## Engaged

Colleen McNamara

Mrs. Gertrude Bringardner of Cass City announces the engagement of her daughter, Colleen, to Charles Erla, son of Mr. and Mrs. John Erla of Cass City. No date has been set for the wedding.

## Dickinson - East Vows Exchanged

The First Methodist Church of Richmond was the scene of the wedding Saturday of Miss Marjorie Alice East and Curtis Harlan Dickinson, son of Harold Dickinson of Cass City, Rev. Rex Reid, pastor, officiated.

The bride, daughter of Mrs. Merle East of Richmond and the late Mr. East, was given in marriage by her brother, Daniel East.

Her gown was of white embroidered nylon featuring a V-neckline, bridal sleeves and a bouffant skirt.

A white lace headpiece trimmed with seed pearls secured her fingertip veil of illusion and she carried a bouquet of roses and daisies. She wore pearl earrings and a single strand of pearls.

Matron of honor Mrs. Carl Talk of Detroit and bridesmaid Kathleen Claggett of Ann Arbor wore gowns of frosted nylon over taffeta in green and onmid, respectively, with matching headpieces. They carried bouquets of daisies.

Patrick Rabideau of Cass City was best man. Richard Holcomb, Philip Robinson and Murray Evans, ushers.

A reception was held after the ceremony.

When they left for a week's trip to northern Michigan, the bride wore a rose dress with tan accessories. Upon returning, the newlyweds will live in Cass City.

People who get ahead in the world are those who make hay whether the sun shines or not.

**WRONG APPROACH**  
A man can't make progress by wearing last year's suit, driving this year's car, and living on next year's income.

## Slate Free Film At Baptist Church

A feature-length gospel film will be shown at the First Baptist Church in Cass City Monday, July 15, at 8 p. m., it was announced this week by R. G. Weckle, pastor.

The film depicts the conversion of Jim Vaus and portrays the underworld vividly. In the film a message is presented by Billy Graham, noted evangelist.

Admission is free and the church doors open at 7 p. m., Pastor Weckle said.

## Churchill Reunion Held in Deford

The annual Churchill reunion was held at the home of Kenneth Churchill Sunday, June 30, when some 80 guests attended.

The oldest member present was Clark Churchill, 80, of Burnside. The youngest present was LaAnn Louise Stover, five months, daughter of Mr. and Mrs. Charles Stover of Cass City.

John Yates was the master of ceremonies for the program, dinner and games that highlighted the reunion.

In the business meeting, Glenn Churchill was re-elected president and Wayne Churchill was named secretary-treasurer of the group.

Guests attended from Cass City, Fort Huron, Detroit, Roseville, Caro, Marlette, Imlay City, Lapeer, Mount Clemens, Snover, Gagetown, Manaloma and Mayville.

The next reunion will be held the last Sunday in June at the Kenneth Churchill home in Deford.

## Come in and "TRACTION TEST" a new Golden Anniversary INTERNATIONAL

Golden Anniversary INTERNATIONAL off-wheel-drive models range from 7,000 to 33,000 lbs. GVW. Other INTERNATIONALs, to 56,000 lbs. GVW, round out world's most complete line.

Here's the truck that makes its own roads—a new Golden Anniversary INTERNATIONAL with four-wheel-drive!

But seeing is believing. We want you to find out for yourself just how much extra pull those INTERNATIONAL-powered front driving wheels give you.

Come in for our "Traction Test." Take a Golden Anniversary INTERNATIONAL four-wheel-drive truck to the grades you know are tough—to places you've never been able to get through with your rear-wheel-drive truck. And as the INTERNATIONAL carries you on through, remember this:

Over the years, INTERNATIONAL Trucks cost least to own—cost records prove it!

### FHA Loans for Building, Remodeling

Loans may be obtained to construct or improve a house or other buildings essential to operating the farm, according to FHA authorities. To be eligible a farmer must own a farm which will produce a substantial part of the operator's annual income and be large enough to be considered a farm. He must have the ability to repay the loan over and above other farm and family needs and to be unable to obtain satisfactory credit locally. Interest rate on such loans is four per cent per year and loans are scheduled for repayment within the shortest terms consistent with borrowers' ability to repay. In no case will the repayment period exceed 35 years. Applications or inquiries may be made at the Farmers Home Administration office serving the area.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. B-410

Design B-410. The rooms in this house are all spacious, with a small hall leading to them.

Living and dining rooms are combined into one large open room with windows from three sides. The picture windows are built out to form a window ledge. The two corner bedrooms have good wall space and large wardrobe closets. Other closet space includes towel and linen cabinets, housekeeping closet and two coat closets.

Exterior finish consists of bevel siding, asphalt shingles on a hip roof, covered entrance and shutters.

Floor area is 1164 sq. ft. with cubage of 22,116 cu. ft., including a full basement. For further information about Design B-410, write the Small House Planning Bureau, St. Cloud, Minn. In Canada, the Small House Planning Bureau of Canada, St. John, New Brunswick.

### Check Wiring for More Comfort

Outdated Wiring

Homes built 20 years ago were wired for lights chiefly, plus two or three small appliances.

Today the average home has at least 11 appliances and twice the number of lamps and fixtures. In most cases the wiring is too small to supply sufficient current for the expanded electrical loads.

Result: sluggish, inefficient and costly operation of electrical equipment.

Beauty or Strength

When lumber is manufactured it is graded for beauty and appearance or for length and structural qualities. Framing lumber needs to be strong to give a home

stiffness, so may have some knots as in the case of the widely used Douglas fir, dimension. But, when lumber is intended to be used for exterior siding and trim and for interior panelling, sash and doors and trim, it must be attractive with lovely texture and grain such as red cedar. Be sure you buy the right grade and kind of lumber for each job; it will save you money.

Mirror Magic

Here's a spacesaving idea for small bedrooms where wall and floor space are at a premium. Put a plate glass mirror on the inside of the closet door and for toilet articles attach a shelf on brackets below.

### Emergency Measure

Few people would think of attempting a repair job on a rattling door in the middle of a windy night. But it doesn't take long to wedge a strip of cloth between the door and the jamb, tying the ends around the door knobs. Then you can go back to sleep and wait until the week end to get at the real seat of the trouble.

The more experience a man has in making good resolutions the poorer the quality.

Some people expect their rights to give them special privileges.

Be content with what you have—but never with what you are.

Even the peacemaker is sometimes accused of butting in.

It's impossible to make a mark in this world with ditto marks.

## Tips For Better Oak Floors

Nearly everyone knows that oak floors are famed for long life and trouble free performance. But improper installation will cause cupping and cracking of the floor.

Among the most common practices at variance with approved procedures is the use of subfloor boards 10 to 12 inches wide. Correct subfloor boards should be no more than six inches wide, experts say.

Larger boards are subject to excessive expansion and contraction due to absorption of moisture in warm weather and subsequent drying during the heating season. The movement causes oak flooring to buckle.

Other causes for difficulty with oak flooring include: houses of the crawl space type not placed on sties properly graded and

drained; the builder not covering the ground beneath the crawl space ventilation and the channeling of water and moisture too close to the crawl space.

All of these conditions lead to excessive moisture and trouble with flooring.

Some flooring difficulties may not be traceable to any of the above conditions. They may well be due, however, to neglect in observing these cardinal rules prior to installation:

1. Trucking oak flooring in rain, snow or excessively humid conditions.

2. Storing in damp or leaking enclosure.

3. Storing lumber on floors less than 18 inches from the ground and without good air circulation underneath.

4. A storage building that has

no protected ventilation and no weather-proofed windows to admit sunshine.

5. The flooring should not be installed immediately after delivery. The building should be heated to 70 degrees and the flooring piled loosely for four or five days.

6. All plaster and cement work in the house should be dry before the oak flooring is installed.

For further information consult your lumber dealer or builder before attempting to lay the floor.

Ice cream is a morale booster when used moderately in weight reduction diets. It contributes more needed nutrients per calorie than many other desserts. Serve it, but don't forget to include it in the total calorie count.

Proper lighting can bring out the full beauty of your home by dramatizing your furniture and furnishings. Recessed light fixtures and accent "spots" glamorize this dining area; the versatile accent fixtures also can be swiveled to provide special lighting effects for the living area of the room. Guests in your home will notice the attractive light fixtures, as well as the interesting effects they create.

### Services Wednesday For Herbert Bigham

Funeral services were held Wednesday afternoon at Little's Funeral Home for Herbert N. Bigham, who died Sunday at his home in Cass City after having been in ill health for four years.

Rev. S. R. Wurtz officiated at the rites and burial was in Elkland Cemetery.

Mr. Bigham was born in Woodstock, Ont., June 3, 1878, the son of the late Mr. and Mrs. Edward Bigham. He came to this country when a boy and settled at Tyre with his parents. In 1901, he married Miss Celia McCool. They settled on a farm in Sanilac County and later moved to Cass City. Mrs. Bigham died in September 1943.

He leaves four sons, Clarence and Lloyd, both of Pontiac, and Vernon and Basil, both of Cass City; four brothers, Harry of Royal Oak, James of Berkeley, Roy of Sandusky and Stanley of Detroit; two sisters, Mrs. Burton Lanway of Clifford and Mrs. Edward Evers of Detroit; 10 grandchildren, and three great-grandchildren.

One daughter, one son and a sister preceded him in death.

To make "topside stickies" make three deep cuts in the tops of brown 'n' serve dinner rolls. Stuff with raisins, drizzle with equal parts butter and brown sugar which have been melted together. Bake at 400 degrees for 10 minutes or until glazed and golden.

### Pick Right Green Forage for Profit

Pasture systems such as green chopping, strip grazing and storage feeding can pay off for Tuscola County farmers by making it possible for them to carry more cows per acre. But it takes careful planning to pick the right system, says assistant county agricultural agent Don Kebler.

Strip grazing can add 15 to 25 per cent to the carrying capacity of a well managed pasture. This system works well on almost every farm because it takes very little extra labor or equipment.

The system of chopping and hauling green forage to cows daily will increase pasture output by 25 to 35 per cent, but it requires the largest investment and the most labor. It may take a 30-cow herd to cover the extra cost of green chopping and still leave a profit. This system could be profitable with a smaller 20-cow herd if they are high producers—10,000 pounds of milk per year or more.

Another system called storage feeding can add 20 to 30 per cent to the number of cows a pasture will handle. With this system most of the pasture crop is harvested as silage and used to feed cows in dry lot or to supplement other pasture.

This storage or silage feeding system is one a farmer could still make good use of this year. Grass silage put up now when forage is plentiful will come in mighty handy later in the season when pastures start getting short.

Both the storage feeding and the green chopping pasture systems work out well where the pasture fields are a long way from the buildings or where cows need to cross a busy highway.

Agent Kebler adds, "Now that the pasture season is in full swing, it may be a good time to see how these systems are working out on your neighbors' farms. Then you can plan how one of them could fit into your operation."

The average American eats about five pounds of potato chips each year, including about two pounds of vegetable oil in which chips are fried.

### Carpeting Adds Beauty to Homes; Increases Value

Just as a well-dressed woman chooses a hat of the right size to look well on her, a rug or wall-to-wall carpet should be chosen to enhance the shape of the room. Here are a few tips to help reach the right decision.

If the house or room is small, as in many contemporary homes, wall-to-wall carpet seems to push back the walls and make the floor space look larger. It also helps to unify an open plan, linking the hall, dining and living areas.

When remodeling, the upbroken floor line of wall-to-wall carpet minimizes any architectural jogs

that tend to chop up a room. It also covers worn floors effectively from baseboard to baseboard.

If building new, remember that carpet can be installed as finished flooring over a subfloor or concrete slab. There is no need to finish a floor twice, if economy of construction is important.

Thinking to the future, should there ever be the possibility of moving from the present house, remember that a ready-installed carpet increases the value of a property, and thus the resale price. Wall-to-wall carpet can be moved, too, if desired, particularly when installed the "tackless" way.

Finally, carpet from wall-to-

wall delivers the most in warmth and quiet, as there is more carpet to give these extra benefits.

# Trees Add to Home Privacy

Is your picture window stealing precious privacy from you? You can overcome this by framing the window with trees which are somewhat low-branched," says Harlow O. Whittemore, professor of landscape architecture in the University of Michigan College of Architecture and Design.

The landscape architect advised planting a few shrubs near the window, possibly with their branches slightly extended across the window. "This will not restrict your view and will tend to filter somewhat the view looking in," he says.

Here are some tips on selecting

just the right shrubs for your problem. Some low-branched shrubs which will yield pleasant color contrasts near your window are Mock orange, which is particularly lovely against a red brick house, and Chinese wigwilla with pink or red flowers against a white house.

"These shrubs," he says, "will not grow large enough to obscure the view and will do well if they receive a fair amount of sunlight. The Japanese yew will do better in shade. Taller shrubs can be tied to the ground on the sunny side by low-spreading junipers."

Offering some further sug-

gestions, Professor Whittemore says, "If yours is a rather small house, you might use the taller crabapple trees near the window. For a larger house, you could use the European small-leaved linden or the scarlet oak."

He continues, "If you want a year-round tree, why not plant near the window a pine tree which will grow to medium height, such as a Scotch pine, and cut its head to make it spread more."

"Trees should be planted not nearer than 10 feet from your window to give you the advantage of shadow on the ground. You may plant the shrubs within

four or five feet away," Professor Whittemore concludes.

## Slate Several 4-H Events in County

The week of July 15 has several activities scheduled for 4-H members in Tuscola County. Betty Lou King, summer 4-H Club agent, indicates that on July 15 there will be a clothing judging school at the Wilber Memorial 4-H Building and on July 16 a foods and home improvement judging school will take place at the 4-H building. The judging starts at 10 a. m. and will last throughout the afternoon. Those participating in the contests should plan to bring a sack lunch. Practice demonstration day is scheduled for July 18 from 9:30 a. m. until 3 p. m. at the 4-H building. 4-H members interested in participating in state judging and demonstration events in August should plan to attend.

## Slate Homemakers' Conference at MSU

"Leave the kitchen and return to the classroom," urges Mrs. Frances T. Clark, county home demonstration agent. She is inviting all Tuscola County homemakers to attend the 30th annual Homemakers' Conference at Michigan State University July 23-26.

Many avenues of study will be open to you as you spend four days on the campus of Michigan State University. Classes will be held on such topics as flower gardening, food marketing, savings and investments, school-family relationships, taking part in community affairs, the Bible and 16 others.

A special report will be given by Mrs. Frank Minnick and Mrs. Benjamin Mukkala who represented Michigan in Ceylon at the triennial conference of the Associated Country Women of the World.

Noted speakers include: Frank Teuton, agricultural research service with the U. S. Department of Agriculture who will discuss "Research on Parade;" and Paul A. Miller, director of the Michigan Cooperative Extension Service, who will give "The Human Side of Tomorrow's Blueprint."

Get in on the good time and the good talk now. Contact Mrs. Clark at her office in the courthouse to make arrangements to attend the Homemakers' Conference. Cost for the four days is \$22.00.

A reckless driver is one who passes you on the highway in spite of all you can do.

A SMALL HOUSE PLANNING BUREAU DESIGN NO. C-361

Design C-361. Here is a house with an exterior of the Rambler type. A combination kitchen-dinette, living room, service entrance and attached garage all face the street, leaving three bedrooms on the rear.

There is plenty of closet space, consisting of hall closets, linen closet, coat closets and bedroom wardrobes. The exterior finish is a combination of wide siding and face brick, a wide chimney, over-

hanging eaves, picture window and flower box. Floor area is 1236 sq. ft.; cubage is 23,484 cu. ft.

The Chronicle has arranged for further information on Design C-361, by writing the Small House Planning Bureau, St. Cloud, Minn. In Canada, the Small House Planning Bureau of Canada, St. John, New Brunswick.

### Homemakers' Conference

Some of you have been asking about Homemakers' Conference. I have program books and registration-blanks in my office. These blanks are to be returned to my office by July 12. If you come in, you can fill out our half and leave it. If we mail the blanks out, you can mail the half to me; the other half is to be mailed to Michigan State University.

Registration will be Tuesday a. m., July 23, and the conference will end with lunch on Friday, the 26th. The earlier you register the more likely you are to get the class and sections of your choice.

Each day begins with devotions at 8 a. m. You will have a choice of sections from the following list:

1. Homemaking is Here to Stay, Dr. and Mrs. C. Arthur Bratton, professors at Cornell University.

2. Home Interiors, with Skill and Imagination, Helen Ludwig, related arts professor from Uni-

versity of Minnesota.

3. For a Welcome Treat—Lamb's Your Meat, Mrs. Marguerite Haque, home economist with American Sheep Producers' Council.

4. The News in Wool, Thelma Thompson from Wool Bureau of New York.

5. Learn to be Creative, Mrs. Ruby Mackenzie, related arts department, Michigan State University.

Below are the classes from which you may choose. They will each meet three times—Wednesday, Thursday and Friday morning: (1) Agriculture's Technological Explosion, (2) The Bible, (3) Choral Work, (4) Easy Ways with Housework, (5) Effective Speaking, (6) Flower Marketing, (7) Food Marketing, (8) Good Design in Crafts, (9) Parliamentary Procedure, (10) Perfecting Home Landscapes, (11) Photography for Beginners, (12) Photography, Advanced, (13) Putting Your Money to Work, (14) Reading Skills for Adults, (15) School and Family Relationships, (16) What and How of Recreation, (17) Women in Today's Family Life, (18) Writing for Mass Media, (19) Your part in your Community, (20) Geography in the News, (21) Leadership Training for County Chairmen, (22) Special Class for County Safety Chairmen. The tea will be held first afternoon, July 23. There will be tours on Wednesday only at 3:15 and 4:15. It looks like a week crammed with good things. If you've been wondering about clothes, wash dresses plus a sweater for evening or cool days, a rain coat or umbrella, comfortable shoes. You will want to be a little dressed up for the tea the first afternoon.

Come prepared to relax and have a week of education, recreation and inspiration. You will get to know a lot of wonderful people—the "salt of the earth"—just like yourselves.

A good way to start the day—eat strawberries and cream; a good way to end the day—eat strawberries and ice cream. This year the strawberry crop is one of the finest ever.

The modern trend in preparing most vegetables is using as little water as possible and cooking rapidly.

If liver doesn't head your list of "best-liked" foods, try cooking it this way! Dip the slices in seasoned flour and fry over moderate heat in a little hot lard until the liver is well browned but still tender and juicy. Remove to a hot plate. Heat a few tablespoons of butter in a small saucepan until it turns a light brown. Pour butter over liver, sprinkle with a little lemon juice and some finely chopped parsley. Serve at once!

## ELMWOOD

The Elmwood Missionary Circle will meet today (Friday) July 12 at the home of Mrs. Arlington Grey of Snover.

## GREENLEAF

The family dinner at Fraser Church was well attended, about 60 being present. After the supper, there was a report by Rayford Thorpe, Mrs. Henry McLellan and Mrs. Arthur Battel on the plans and purpose of the church work. Mr. Gillette showed slides.

Mrs. Eleanor Morris and Mrs. Doris Mudge spent July 4th with their sister, Mrs. Hazel Watkins, near Caro.

Mr. and Mrs. Pete Rienstra and family visited relatives in Detroit July 4th.

Mr. and Mrs. Harold Ballagh returned Saturday night from a 10-day stay in New York City and places in that vicinity.

The Pete Rienstra family enjoyed Sunday at the lake.

Rev. and Mrs. George Gillette and family will be on vacation through the rest of July until August 8. The services at Fraser Church will be at the usual time, 11 a. m., with the Rev. Benjamin Heideman as minister.

Truth may be stronger than fiction, but rumor is a good deal more exciting than fact.

If cloudy iced tea is your summertime menu problem, try using warm water and letting the tea stand from 3 to 6 hours. Use two teaspoons tea for each cup of water. Pour lukewarm water over the tea and let it stand a few hours. The hotter the water, the more tannin that goes into solution; the more tannin in solution, the cloudier the tea.

The man with plenty of pull can get along with little push.

Slice tomatoes vertically—from stem to bottom, instead of making the usual horizontal slices. This way you get neater, firmer slices.

## Treating a nerve disorder in 1889

This early engraving from the Culver Collection shows how inadequate hospital treatment was for nerve disorders in 1889. How fortunate we are to have the care our modern Blue Cross participating hospitals can give us.

..thank goodness times have changed!

In the long history of nerve disorders, one of the most unusual treatments of all was the suspensory treatment.

The unfortunate patient was virtually "hanged from the rafters" in an attempt to stretch his nerves back to normal and thereby relieve his condition.

While the suspensory treatment was not a success... it did serve a purpose. It was among the countless experimental treatments that over the years have given our doctors the knowledge and means to relieve so many nerve disorders today.

In neurology, our surgeons now perform sensitive operations that were thought to be impossible even a short ten years ago. Remarkable new miracle drugs are proving to be highly successful. And through physical therapy—now a wonderfully advanced science—many a patient who once might have been considered hopeless can lead a useful life.

Medical progress like this means better hospital care for all of us. The larger hospital staffs... the costly drugs and equipment... the skilled hands it takes to administer this care mean higher hospital bills, too.

But isn't the cost of living worth it?

If you are a member of Michigan Blue Cross, you need never worry about higher hospital bills at the time of your illness. For Michigan Blue Cross pays the full cost of basic hospital services. And Michigan Blue Shield—the companion plan—helps pay for the finest doctor care in the world today.

**Ford wins the battle of the builds**

• Sure! Many people buy Fords because of their long, low, whistle-collecting looks. Do you blame them? But beauty alone isn't enough to earn for a car the No. 1 spot in America's heart. And that's just what Ford has earned. The real secrets of Ford's success are the extra values that go into building a Ford. Let's look at a few of these features. Ford shares them only with a select number of America's most expensive cars. But you get them at low Ford prices.

This Fairlane 500 Club Victoria, with Ford Air Conditioning, costs less than many medium-priced cars without air conditioning. \*Cool Test an Air-Conditioned Ford car at your Ford Dealer's!

1. Only Ford in its field offers a frame design that lets you ride within the frame side members for greater roominess, more smoothness and increased safety.
2. Only Ford in its field gives you a modern V-8 engine with rigid, deep-block design for smoother, quieter, longer-lived operation.
3. Only Ford in its field offers automatic variable-rate rear springs that automatically adjust to give a smoother ride no matter how rough the road conditions.
4. Only Ford in its field offers new swivel-back ball-joint front suspension that "rolls with the punch" on rough, bumpy roads.
5. Only Ford in its field offers as many as five strengthening roof cross members for a more rigid roof... greater quiet and safety.
6. Only Ford offers such a savingful car. A Ford Six beat all other cars in the 1957 Mobilgas Economy Run in the miles-per-gallon department.
7. Only Ford in its field offers a frame with 3 tubular cross members. There are 5 cross members in all... enabling the frame to withstand stress from all directions.
8. Only Ford, among all makes, electronically balances every V-8 engine while it's operating under its own power.
9. Only Ford in its field offers so much soundproofing for a quieter ride under all road and weather conditions.
10. Only Ford in its field offers such a well sealed body for greater freedom from dust and weather wherever you travel.
11. Only Ford in its field offers rear door assist springs and two-position front door checks for easier entrance and exit.
