

## Annual Free Home-coming Thursday

### Lloyd A. Wilson Takes Reins at Nazarene Church

Rev. Lloyd A. Wilson, 57, will conduct his first services as the new pastor of the Cass City Church of the Nazarene Sunday. He replaces Rev. Earl Crans who will be the pastor of the Nazarene Church in Ypsilanti.

Rev. Wilson comes to Cass City from Ypsilanti where he served for seven years. The new pastor here has been a pastor in various Nazarene Churches since 1922. His first pastorate was at the Cherry Grove Church of the Nazarene, 10 miles southwest of Cadillac.

Rev. Wilson is married and has four children and 12 grandchildren. One of his three sons, Stanley, is also a minister in Saginaw. He is on general appointment to the mission field and is expected to leave in about a year.

There are 51 members of the church in Cass City and some 71 members in Ypsilanti. While Rev. Crans was in Cass City a building program increased the value of church property from \$8,500 to its present estimated \$40,500.

### Little Chance for Ferry Service at Port Austin

There is little chance of establishing ferry service between Port Austin and Tawas City across Saginaw Bay after the Mackinac Bridge is completed, according to State Rep. George Dunn of Pigeon, a member of an interim study committee for the project.

James Goulette, chairman of the committee, said that the plan has been abandoned although service from Menominee to Frankfort or Menominee to Manitowish are still under consideration.

Experts have informed the committee that it would cost some 11 million dollars for wharves and conversion of the ferries for lake travel.

The boats of the fleet cannot be operated in competition with the bridge, under state law.

Mr. Dunn said the Defense Department may be asked to subsidize the fleet as a defense measure, either in operation or in "mothballs" so that it will be available for use if the bridge is damaged or destroyed.

### Teams Fight for Church Loop Lead

Action in the church league through Friday saw the race tighten with no less than three teams in contention for the crown.

The Cass City Methodists, which have led the league all season, slipped into a tie for first with the Baptists as they lost their first game of the season to Shabbona Friday, 11-6.

In another game played Friday the Baptists moved into their tie for the top with a 26-7 victory over the Lutherans, who have yet to win in six tries.

Still in contention for the crown is the EUB nine. They have played a game less than the leaders and their 10-5 victory over Church of Christ Tuesday, July 16, gave them a 3-1 record. They still have games carded with the two top teams in the league and these games may well

### Aim for \$5,000 for Hospital

### Rotary Slates Seven Projects for Funds

A ways and means committee Tuesday noon outlined preliminary steps to raise funds so that the Cass City Rotary Club can donate a room (\$5,000 or more) to the hospital fund. The discussion was held in Rotary's weekly meeting at the New Gordon Hotel.

James Bauer, committee chairman, presented seven projects that were accepted by club members.

The first to be inaugurated will be the placing of canisters for donations of change to the fund by interested persons in the Cass City area. The canisters will be in all stores in Cass City and the surrounding area.

A locally written musical show will be held in the fall and the club will sponsor the square dancing lessons at the school.

All proceeds from Rotary's annual pancake supper and Spring Swing will go into the fund and a beef feeding project is planned at a later date.

To pay for current expenses for the club, a canister will be passed each week and members will be asked to donate any amount up to a quarter.

**Program**  
Earl Dean of the Tuscola County Bureau of Social Welfare explained how payments are made to persons who seek assistance.

Payments are made for four categories: old age, aid to dependent children, aid to blind and aid to disabled. Each applicant must show that he is unable to support himself, according to rules established by the bureau before he is eligible for aid payments, Dean said.

### Sanilac, Tuscola Named Disaster Areas by State FHA

Sanilac and Tuscola counties were named disaster areas Tuesday by the State Farm Home Administration.

The two counties make a total of 14 submitted to the Secretary of Agriculture to be declared eligible for low-interest production emergency loans. Approval is expected within 10 days.

Damage to the bean crop was estimated at 25 per cent in Tuscola County and 10 per cent in Sanilac County. Damage was also reported to wheat and sugar beets in the counties.

Counties designated last week were: Clinton, Shiawassee, Midland, Isabella, Saginaw, Genesee, Gratiot, Livingston, Oakland, Bay, Ingham and Huron.

Principal damage to the crops has been caused by excessive rains. Tuscola and Sanilac counties have not been as hard hit as some of the other counties in the disaster area.

### Committee to Investigate Caro State Hospital

A committee has been formed to investigate the cost of treating patients at Caro State Hospital.

The investigation is the result of what the resolution, establishing the committee, calls the "tremendous increases in operating costs of our state institutions."

Present costs at the hospital are \$5.20 per day per patient. Medical Supt. W. W. Dickerson of the hospital said that he was well aware that the costs per patient at the hospital are the highest of any state mental hospital in Michigan.

Dr. Dickerson said that he could justify costs at the hospital on the basis of results achieved. He said that he would welcome a visit from the committee.

He pointed out that many patients have been successfully treated at Caro Hospital after they have been treated at other hospitals without results.

### Babe Ruth Nine To Play for Title

A repeat of last year's play-off schedule in the Thumb Babe Ruth League between Cass City and Bad Axe was to have been played Thursday afternoon at Bad Axe.

Last year Cass City defeated the junior Hatchets for the league title. Bad Axe has been in the play-off for three straight years and was defeated for the first time last year by Cass City.

This year Cass City has a 5-0 record as the team won a forfeit victory over Bay Port who used three over-age players. Babe Ruth players must be between 13 and 15 years old.

Bad Axe has won four and lost one in winning the eastern division title.

### Slate Rehearsal for Cass City Band

Band Director Ronald Phillips announced this week that there will be a band rehearsal Thursday, Aug. 1, at 10:30 a. m. in the band room.

At the time, final preparations for the home-coming parade will be completed. Band uniforms will be distributed from 8 to 10:15 a. m. on the rehearsal day, Mr. Phillips said.

**CONGRATULATIONS**—Lester Apple of Marlette accepts the trophy he earned in the judging contest held as part of the fourth annual Red Dane Breeders Field Day at the Edward Golding farm, west of Cass City, Friday. Presenting the award is Dr. Clinton Meadows of Michigan State University's department of breeders' research. Watching the presentation is the board of directors of the association. From left to right: Kenneth Perkins, Howell; Thurston Powers, Ceresco; Clifford Schantz, Fairview; Fred Halbert, Battle Creek; Al Handrich, Fairview; Harry Prowse and President Basil Redmond, both of Marlette, and Mr. Golding of Cass City.

An estimated 60 persons attended the affair which included a potluck dinner at noon. Featured speakers for the field day included George Parsons, MSU extension dairyman. He told the group of the introduction of the Red Dane breed and pointed out that the progress of the breed depended on the interest of the breeders themselves. Other guests were: Dr. Ned Bayley, of the Beltsville research farm in Maryland, and Dr. Truman Martin, in charge of the Red Dane herd at the University of Purdue. Mr. Golding's herd was used for the judging.

### Urged On By Sheriff

### Gypsies Have Short Stay in Local Area

Gypsies have come and gone in the Cass City area with an assist from the Tuscola County Sheriff's Department. The gypsies have gone modern and arrived in a group of 11 house-trailers, late model cars and pickups to camp at property owned by Ed Miotke at the grocery store at Elmwood Corners.

The camp was inspected Monday and it was found that some of the trailers were on the State right-of-way. The occupants were told that they must move off the road.

Sheriff William Tomlinson notified the Miotkes that if they were going to allow a trailer camp on their property they would have to provide water and sanitary facilities and buy a trailer park license.

The land was said to be rented to the gypsies for \$15 a day. Meanwhile, the gypsies had scoured the area looking for work on farms.

Tuesday afternoon the gypsies left their Elmwood headquarters and drove to Sanilac County where they headed towards Marlette.

### Final Feature of Park Program Slated Friday

A water carnival tonight (Friday) at 7 o'clock will be the final special event of the season sponsored by the Cass City Recreation staff, it was announced this week.

Feature of the event will be a water ballet routine presented by a group from the playground.

Another feature of the evening will be the dive for pennies. The contest is open to all children under 16.

Many different contests are scheduled for all-age groups at the carnival.

For children under eight years old there will be a speed race the width of the pool, impertube race the width of the pool and an underwater endurance contest.

Children eight through 10 will compete in a speed race, impertube race, underwater endurance contest and block gathering race.

The age 11 and 12 group will have a speed race, demonstration of four basic strokes, underwater race and hat race.

Children 13 and over will have a speed race, underwater race, knee press race with balloon between legs and egg and spoon race. Diving competition will be open for all-age groups and will

### Sowden Recovering After Accident

Marshall Sowden of Cass City, who was severely injured in an automobile accident at the Cass River bridge, a half mile south of Cass City, Thursday morning, July 18, is recovering in a Bay City hospital.

Attending physicians at first believed that Mr. Sowden suffered a broken back and might be paralyzed. However, it was reported Friday that he would recover.

A passenger in the car, Garry Hill, was uninjured. Marshal Steve Orto said that the car hit the extreme north end of the bridge and turned over several times before landing in a roadside ditch. Both men were thrown from the car.

### Fire Damages Cook Tractor Saturday

Fire damaged a tractor owned by Ernie Cook, a mile west and two and a half miles north of Cass City, Saturday morning.

The tractor burst into flames while Mr. Cook was working with it in a corn field.

The Elkland Township Fire Department was called to extinguish the blaze.

### Cass City Oil and Gas Pays 10 Per Cent Dividend

For the 29th consecutive year the Cass City Oil & Gas Company has paid a 10 per cent dividend to stockholders, Stanley Asher, manager, announced at the annual meeting.

The company reported that gross sales were up for the year and that net profit was slightly less than in 1956 due to increased operating expenses.

At the annual meeting, Thursday, Aug. 1, 1957.

### Milk Groups Threaten Strikes

Two milk groups in Michigan this week threatened to strike if demands for a higher milk price are not met by Detroit dairies when present contracts expire, according to announcements of spokesmen for the organizations.

The Michigan Milk Producers Association, the cooperative that includes most dairy farmers shipping to the Detroit market, is demanding \$5 per hundred for class I drinking milk. The present price is \$4.65 per hundred.

Glenn Lake, MMPA president, has declared that the \$5 price is more than justified and further stated that "we have no intention

### From the Editor's Corner

The need for cooperation with such organizations as the Cass City Chamber of Commerce in its drive to make itinerant peddlers and solicitors register before going to area homes would not be denied in at least one section of Michigan.

We read in a daily paper last week where a group of roofers swindled several persons of more than \$1,000 in recent weeks.

The swindlers promised to waterproof roofs and barns, State Police said, but "the substance smeared on the buildings washed off after a hard rain." The roofers were operating near Reed City and police said they received 15 to 20 complaints.

Incidents like this are the ones that the Chamber in Cass City is trying to prevent. If every person would insist on seeing proper authorization from all strangers, swindlers of this type could not operate in the area.

In case you've wondered just how near the new hospital is in Cass City, we'll outline present plans for work on the building.

Drawings for the building have started. First drawings are to be submitted Jan. 1, 1958. Bids will be advertised for Feb. 1, 1958, and contracts for the building are to be awarded Mar. 15, 1958, if present plans are followed.

At the present time, the fund is a little over \$100,000 short of its goal. Plans call for the remainder of the \$401,000 of Cass City's share to be raised in a drive scheduled for this fall. Pledges will be accepted over a three-year period and a house-to-house canvass of the entire area will be made.

### Appoint Committees For Zonta Club

The board of directors of the newly organized Zonta Club in Cass City this week announced standing committee chairmen for the year.

Mrs. Harry Little is in charge

### Expect Record Crowd At Cass City Park

The eighth annual free home-coming sponsored by the Cass City Chamber of Commerce will be presented Thursday, Aug. 1, and members of the Chamber board have announced that final details have been completed for the largest feature-packed event ever to be presented in the community.

Starting with the livestock show at 9 a. m. and continuing throughout the day, visitors will be entertained with a complete program planned to suit the tastes of everyone attending.

As always, one of the features of the event is that any visitor can come to Cass City in the morning and stay all day without spending a penny. The Chamber of Commerce has maintained the tradition of no admission charge and no charge to see any of the features crammed into the day-long show.

Only at the locally sponsored refreshment and novelty stands and at the rides for the kiddies will persons attending be able to spend any money.

In the Junior Livestock Show there will be divisions for all breeds dairy and beef cattle. Cash awards in the dairy and beef divisions will be \$2 for "A" group placings, \$1.50 for "B" group placings and \$1 for "C" group placings. Ribbons will be awarded through eighth place in individual placings.

In the sheep competition, group "A" will earn \$1.50, group "B" \$1 and group "C" 50 cents. Awards in the swine competition will be the same as in the sheep competition.

Special awards will also be given. Each champion will receive a rope halter from N. Bigelow & Son Hardware. A grand champion dairy trophy will be donated by Elkland Roller Mills while the trophy for the grand champion beef animal will be contributed by Farm Produce Company, Frutchey Bean Co. is

### Merchants Drop Close Decision at Frankenmuth

The Cass City Merchants dropped another game by a single run Wednesday night when they lost to Frankenmuth Fire Insurance, 6-5 at Frankenmuth.

Cass City trailed throughout the game after Frankenmuth staged a four-run rally in the fourth inning. The home team added what proved to be the winning runs in the fifth on a walk and a single that were cashed for two markers.

Cass City had been held to a lone hit and no runs through the first five innings but in the sixth and seventh they made a valiant attempt to pull the game out of the fire.

A free pass to first to Carl Kolb coupled by a double by Tom Schwaderer and a single by Frank Creason netted the Merchants three runs in the sixth.

In the seventh, Dan Erla singled, Kolb singled and Creason and Schwaderer walked. With the potential tying and winning runs on base, Don Erla was retired for the final out and Cass City was one run short of tying the game.

With the season nearly over, the class of the league is Sebe-waing which was undefeated with seven victories in as many games through Wednesday, July 17. Frankenmuth Carlings was second with a 4-3 record. Cass City stands 3-5 for the year and Mayville was 3-4. Frankenmuth Fire Insurance had a 2-4 record. Marlette trails the league with a 1-5 record.

Cass City will play its next-to-last game at Marlette next Wednesday, Wednesday, Aug. 7, the regular season will be concluded when Mayville plays at the Cass City Recreational Park.

giving the trophy for the grand champion sheep and Erla Food Center is contributing a trophy for the grand champion swine. A \$10 showmanship award will be presented through the courtesy of Parrott's Ice Cream Co.

**Giant Parade**  
The feature of the day for many persons is the annual parade that starts at noon. Beginning at the west end of Cass City, the route of march will be down Main Street to Ale Street and down Ale Street to the Cass City Recreation Park.

Many businesses and organizations have reported that they will have floats in the parade and area girls competing in the queen contest will ride on many of the floats.

**Horse-Pulling Contest**  
The one feature of the program that annually pulls the largest share of the crowd is the horse-pulling contest. Slated to start at 1:30 p. m. some of the best teams in the Thumb, weighing 3,200 pounds or less, will compete.

Prizes offered have been increased this year. First place is worth \$35. Second place wins \$25

### Local Artists Plan "Clothesline" Show

The Cass City Artists Association will hold an outdoor "clothesline" show as a feature of the home-coming, Thursday, Aug. 1.

The showing is open to all area artists and will include the following divisions: oil, water-color and pastel and sketch or crafts.

An entry fee of \$1 will be charged and will entitle artists to enter as many pieces in each division as they care to.

Proceeds from the show will be used to pay expenses of Thursday's and future showings. All pieces offered for sale should be marked by the artist. Money received for pictures will be given the artist.

Rules for entering are simple and can be obtained by calling Mrs. James Wallace or John Sommers, both of Cass City.

### Gagetown Youths Uninjured in Crash

Three Gagetown youths were involved in a three-car accident Sunday about 9 p. m. on US-26, two miles south of Cassville. No one was injured in the accident, but the cars were damaged.

A car driven by Richard Gerosus, 18, slowed for a car ahead to turn. His car was hit from the rear by an auto driven by Donald F. Stein, 17. The Stein car was hit by one driven by Duane L. Hurd, 17.

Mr. Stein and Mr. Hurd were ticketed for failure to have their cars under control.

### Wicker Dies in Plane Crash Near Colwood Friday

Elzie Lee Wicker, 34, of Dearborn was fatally injured Friday when a plane he was flying struck utility wires and crashed into an oat field on the corner of Colwood and Cass City Roads, eight miles west of Cass City.

The plane caught fire after the crash and was nearly completely devoured by the flames. Mr. Wicker was pulled from beneath a burning wing of the plane by three persons who were in the area of the crashed plane.

Dr. H. T. Donahue said that Mr. Wicker died from third degree burns on the body and legs and internal injuries. He died at 11 p. m. Friday in Pleasant Home Hospital.

The plane crashed on a farm owned by Carl Smith in Elmwood Township.

The remains were taken to Boyne City, Mr. Wicker's former home, where final rites were held.

Mr. Wicker was a structural steel worker and was visiting the Norman Pines.

**Don't Blame Bombs For Bad Weather** Nuclear bomb explosions are not responsible for recent bad weather, and fallout from tests at the present rate is not a serious danger, a noted nuclear scientist has reported at Michigan State University.

Scientists "are not even in the same ballpark" when it comes to matching nature in energy production, said Dr. Ralph T. Overman, chairman of the special training division of the Oak Ridge Institute of Nuclear Studies.

Hurricanes in one second use up energy equal to five hydrogen bombs, and the only weather effect from a bomb test is strictly "local," or confined to the general test area, he stated.

Dr. Overman said atomic tests could continue at the present rate until the year 2011 and the increased hazard still would be "insignificant."

The average person, the scientist explained, has been exposed to about four roentgens of natural radiation by the time he is 30 years old and receives about three additional roentgens from such things as dental and medical X rays.

Additional radiation from all bombs exploded so far amounts to only one-tenth of a roentgen, according to Dr. Overman. Continued bomb testing at the present rate would increase radiation from fallout to four times the present level by 1986 and to six times the present amount by the year 2011. "But the increased hazard still would be negligible," he declared.

In reference to the so-called "clean bomb," Dr. Overman said the fallout is due not to hydrogen type material but to surrounding materials such as the casing or the bomb tower.

A man has to learn from the mistakes of others—he won't live long enough to make them all himself.

Some people spend their lives trying to get something for nothing and insist on kicking about the quality.

The present generation pays the debts of the last generation by issuing bonds for the next generation to pay.

MODERN AGE Americans have more time-saving devices and less time than any other group of people in the world.

## Final Rites Held for Former Resident

Funeral services for Harvey L. Brock, 65, former resident of Cass City, were held at the Doll Funeral Home in Rose City Tuesday, July 16. Mr. Brock had been in poor health for several years. Rev. Samuel Coulter officiated and burial was in Rose City Cemetery under the auspices of the American Legion of West Branch, of which he was a member.

He was born near Caro Feb. 10, 1892, and married Luella Holshoe in 1922. A World War I veteran, he had lived in Ogemaw County for the last 22 years. He was a member of the Episcopal Church.

Survivors include his widow; a son, Albert of Flint; a sister, Mrs. Elsie Southworth of Cass City, and two brothers, Howard of Marlette and Harold of Caro.

## ELMWOOD

Mr. and Mrs. Frank Guilds and sons of Detroit spent Friday night and Saturday with Mrs. Charles Seekings and Mrs. Goldie Burgess.

Mrs. Elton Willis of Cass City called on Mrs. Charles Seekings and Mrs. Goldie Burgess Friday afternoon.

Mrs. Tella Hunter and Miss Rosalia Mall of Gagetown visited Thursday afternoon with Mrs. Charles Seekings and Mrs. Goldie Burgess.

Mr. and Mrs. Boyd Bingham of Muskegon spent last week visiting Mrs. Fred Palmer.

Miss Edith Miller of Gagetown was a Sunday dinner guest of Miss Florence Smith.

Mrs. Anna Armitage, Miss Rosalia Mall and Mrs. Tella Hunter of Gagetown spent Friday afternoon with Miss Mary Wald and Mrs. Vincent Wald.

Mr. and Mrs. Vincent Wald and Michael and Miss Mary Wald visited Sunday evening at the Kenneth Maharg home.

Mr. and Mrs. Kenneth Baur and family attended the Goebel family reunion in Sebawaing Sunday.

Car fenders are far more vulnerable in Fender, Georgia, than in many other parts of the country, one of those nation-wide surveys has discovered. And Boy! in Dent, Minnesota, the dents are so dense they could be removed only by dint of a great dent in the pocketbook.

The national average for dents, this survey reported without a trace of a smirk, is two for every three cars. But Fender, Ga., had 2.05 dents for every car at the time the national dent detectives were around. Dent, Minn., a town of 200, scored heavily with 2.5 dents per car.

All of this was reported in the automotive trade recently to promote the idea that it's sound business to get the dents, bumps and scrapes out of your car while they're still that and no more. Just as a cold can become pneumonia, a little dent can become a big headache.

Particularly vulnerable on the outside of a car is the right rear fender. Small stones and rough materials thrown up by the wheels wear away the finish and expose the metal on almost any part of the car. Water and road chemicals splash up and have a field day. And since these materials tend to wash towards the curb, it's the right rear fender that suffers most.

Having these minor items of good car-keeping attended to faithfully has obvious benefits. The major expense of a whole new fender or other costly work can be saved, the life of the car can be lengthened and, most important, it will be worth a lot more when you trade it in.

Our bump shop is fully equipped to handle any body repair—large or small, and our "body men" take great pride in their work. Look your car over this week end and drive around for an estimate of repair costs. You'll be pleasantly surprised and particularly pleased with the finished job.

## Bingham 4-H Club At Butler Home

The fourth meeting of the Bingham 4-H Club was held at the home of Bonnie and Kaye Butler Tuesday, July 23, when Ruth Karr told members of her trip to East Lansing and 4-H Club Week.

Pat Finkbeiner and Beverly Hurd demonstrated the proper way to set a table for lunch and the way to arrange a centerpiece on the table.

The next meeting will be Tuesday, July 30, at the home of Bill and Pat Finkbeiner. After the meeting, the group will gather at the Cass City Recreation Park for a swim and picnic.

Principle is an opinion that has stood the test of time. Even the bill collector has trouble keeping up with the Joneses.

## WOMAN'S WORLD

### Soft Tailoring Gives Femininity To Fashions

If a woman likes to be truly feminine, she'll love the fashions of the season because they're really pretty. Flowered prints and billowing skirts are with us this Spring; suits are softly tailored and hats abound in flowers.

Blouses are an important aspect of the fashion picture too, and they come in elegant fabrics such as silk and chiffon as well as the new synthetics which are so easily laundered and require a minimum of pressing.

Bows, soft and large, are part of the appeal of many blouses. Many of them are intended to be on blouses which will show for a good many of the suits are designed to be worn with jackets open. If you have a navy blue or black silk or soft wool in your wardrobe, team it with a stunning white silk blouse to be in step with the latest.

Sparkling Jewelry

As long as fashion is so feminine, the jewelry designed to go with it

Black silk and wool tussah are featured in Zuckerman's suit for this season. The skirt is graceful with unpressed pleats and the short dressmaker jacket is marked with roses at the self-belted waist.

must match the mood. Colored necklaces in choker styles are becoming prominent. These come with matching earrings. And all in the lighter shades such as light blue, pink, yellow and green.

There are darker shades which look wonderful with white and beige and these include a smoky gray and navy blue. If you wear sweaters, necklaces such as these will be perfect for them.

Any jewelry bought now can be worn with summer things because the mood is light, gay and feminine. With all the flowered prints being shown for warmer weather, you'll want to select a single colored piece of costume jewelry to look best.

### Graceful Hats

Hats with deep crown art part of the fashion picture this year, most of these made with a turned up brim and many with a profile look about them. White felt hats are destined to hold the center of the stage, too.

## Use Early Rhubarb For Real Treats

Strawberry pink and wonderfully tender, that's early rhubarb! Whether you buy it from the store or get it from your garden, you'll enjoy this early Spring crop to the utmost as a sauce, sherbet, stewed with perhaps a few strawberries in a luscious pie.

Here's an old-fashioned type pie, the kind mother made these early days of Spring:

**Rhubarb Deep Dish Pie (Serves 6)**  
4 cups fresh rhubarb  
1 1/2 cups sugar  
1/2 cup flour  
2 tablespoons lemon juice  
1/2 teaspoon cinnamon

**Dash of nutmeg**  
1 tablespoon melted butter  
**Plain pastry for 1 crust**  
Wash rhubarb and cut into 1-inch pieces. Combine with all ingredients except pastry. Mix thoroughly and place in deep baking dish (a pie pan, or casserole). Roll pastry to fit top of dish, allowing 1/4-inch to extend beyond edge. Place over dish, fold overhanging crust under and press double edge against rim of dish. Prick crust with tines of fork to allow steam to escape. Bake in a hot (450° F.) oven for 10 minutes. Reduce temperature to moderate (350° F.) and bake 25 to 30 minutes longer.

You can prolong the rhubarb season if you have some jars of jam tucked away to enjoy later:

**Rhubarb Jam (Makes 6 6-ounce glasses)**  
2 1/2 pounds rhubarb  
1 1/2 pounds sugar  
1/2 cup water  
2 oranges (rind and juice)

Wash rhubarb and cut into pieces; add sugar, cold water, grated rind and juice. Cook 30 minutes, stirring occasionally. Fill sterile glasses and seal. To make marmalade, use above recipe, but add 1 cup raisins, 1/4 teaspoon cloves and 1/2 teaspoon cinnamon.

## Name G. Elleson IAPES President

George B. Elleson of Cass City, manager for Michigan Employment Security Commission, is the first state man elected to the presidency of the International Association of Personnel in Employment Security.

He stepped up from vice-president in the recent Miami Beach, Fla., sessions, attended by more than 1,500 delegates from seven continents.

Elleson is the group's 44th president. This year's convention had the theme, "Employment Security—Plans for Tomorrow."

Elleson has been with the Michigan Employment Security Commission for 19 years and an IAPES member for 14 years. He is a former president of the association's Michigan chapter. He has held many elective and appointive posts in the state chapter as well as in the international organization which has membership in 26 countries outside the iron curtain.

## WSWS Hears of EUB Missionaries

The Woman's Society of World Service met in the social rooms of the Evangelical United Brethren Church Thursday afternoon.

Mrs. S. C. Striffler was program chairman. She gave a brief resume of the state convention of the missionary society held recently at Riverside Park near Brighton and a number of local members reviewed the lives of EUB missionaries whose birthdays occurred in June and July.

Music for the afternoon was furnished by Donald Joos, seven-year-old son of Mr. and Mrs. Maurice Joos, who played a piano solo very efficiently. He also read the life story of a missionary.

At the close the hostess, Mrs. Andrew Seeger, served refreshments to the 19 women present.

The next meeting will be held at the Nique Cottage at Forester on Aug. 22. Mrs. Walter Anthes will be the leader.

And many a man has rushed in and won while the efficiency expert was investigating.

Mrs. Stanton, who has been visiting at the Rice and LaFave homes for the past three weeks, left Willow Run Wednesday mid-night by plane for Arizona. The Rice family spent Wednesday night with Mr. and Mrs. Ted Theoford at Belleville.

Mr. and Mrs. Arnold Herron and daughter Jean of Flint and Mrs. Donald MacLeod and family of Washington, D. C., were recent guests of Mr. and Mrs. Jeffrey LaClair.

Robert Dunn, son of Mr. and Mrs. James Dunn, received bruises and shock Sunday afternoon when the V-8 car he was driving in the hot rod races near Owendale was struck by another racing car causing the Dunn car to roll over three times. He was taken to Scheurer Hospital in Pigeon and was brought home Monday. He received no serious injuries although the car was a total wreck.

Scotty Wilson, son of Mr. and Mrs. Don Wilson, is spending the week at a camp at Boyne Lake.

Elvie Wicker, 34, of Dearborn, who was injured in a plane accident Friday and died in Pleasant Home Hospital that evening, was taken to the Hunter Funeral Home and later taken to Boyne City for funeral services and burial.

This year's pear crop in Michigan should be back to about average after an excellent harvest last season.

## Saving the Big Ones

Conservation Department fish workers revive a largemouth bass netted during chemical treatment of a southern Michigan lake. The chemical treatment is designed to improve fish populations in overcrowded lakes by killing off excess panfish, allowing survivors to attain normal growth rates. When these "stunted fish lakes" are treated, many bass and other large gamefish are revived for replanting in the lake.

## SHORT STORY

Coffee

For Two

By Don Wood

JIM BLANFORD, ace correspondent of the Evening Chronicle, tossed his hat at a wastebasket and slumped to his chair.

Flipping a sheet of copy paper into his typewriter, he eyed the page accusingly and informed it, "Women should be in the home."

To clarify his statement, he glared at the page again and said, "Particularly women feature writers."

Ignoring the clutter of the Chronicle's City Room, he tried to analyze the day's activity. It had not been one of his best.

Early this morning the City Ed had called him in. "Jim," he had been told "we are giving you an assistant on the city hall beat. We want some human interest stories for the women readers. This is Sue Baker. Show her around and get her started right."

Sue Baker, Jim now told himself, was not interested in being shown around. This gal had ideas of her own.

He had needed an assistant at city hall like he needed a case of typewriter cramp. And of all the assistants he did not need, Sue Baker, who appeared not to know

When she began to admire the coffee cups, he walked out in disgust.

a judge from a jury, topped his list.

His worst fears were realized even before they reached the city hall. He had tried to brief Sue on the protocol of the offices. Instead of listening, she had exclaimed over flowers along the way. Flowers, he had told his fledgling reporter, were for folks with nothing to do but putter.

The rounds of the offices took too long. Sue insisted on stopping to chat with the officials on non-official matters. When she began to admire the coffee cups on the file cabinet in the Clerk's office, Jim had walked out in disgust.

You don't get stories by looking at old coffee crocks, he told himself. Neither do you get stories by talking about home life with a circuit judge. That had consumed half an hour of Sue's time, too.

It was late when they got back to the Chronicle. Jim jabbed brutally at the white sheet, hammering out the day's grist. Same old stuff. Court actions. Budget changes. A new clerk in the Treasurer's office. Right on deadline he threw his copy on the city desk and went for his hat.

"Wait a minute, Jim. I want you to see the feature that Sue filed on that antique china in the Clerk's office. Boy, this is what we want!"

Jim turned back to the city editor and took the copy of Sue's story. As he read the blood rushed up his neck, and he mentally tried to keep it below his collar.

"You bushwhacking woman reporter," he raged. "Why didn't you tell me those were antiques. I thought they were something the office had picked up at a rummage sale."

Sue patted a last curl into place, carefully topped it with her hat, and turned to him. "Why didn't you ask me?"

"Now you listen to me," Jim shouted. "I've spent years building up my prestige at this city hall, and I won't stand for..."

"Oh come on, a cup of hot coffee will cool you off," smiled Sue.

"O.K. O.K. So you pulled a fast one. Now maybe you'll settle down and learn what city hall is all about."

Sue gave him a grave smile, with mischief just beneath the surface. "Oh yes, Jim, I want to learn all about city hall. But first, I'll have to run now. I have an appointment to talk to Judge Smith. He is going to show me his rose garden. That ought to be a good story... judge works on roses to forget the thorny side of life."

Jim rose from his chair as if the electricity had just been turned on. His face froze into a furious growl. Sue quickly added, "Of course, maybe you should come along and help me. I'm sort of new at this sort of thing."

In 1956, 11 Michigan people were killed in highway tractor accidents. Keep tractors under control and at safe speeds on the highway.

As a tractor's speed is increased from 3 to 6 miles per hour, the hazard of its tipping over is four times as great.

## Announce Support Price for Grain

Announcement was made this week by Charles E. Eckfeld, of the Tuscola ASC Committee, of small grain loan rates in effect this year.

Oats will be 61 cents per bushel, wheat \$2.01 per bushel, barley 94 cents per bushel and rye \$1.18 per bushel.

The 1957 rate for choice hand-picked Navy beans will be \$7.23 per hundred and red kidney beans will be \$8.20 per hundred.

The price support will be available to producers from harvest time to next Jan. 31. Applications must be filed at the county ASC office and the grains must meet quality requirements. Wheat must also have been produced in compliance with acreage allotments and marketing quota rules.

The Department of Agriculture has announced national average support rates of \$1.36 per bushel for 1957 corn and \$2.09 for soybeans. County-by-county rates have not yet been established but will be a few cents lower than last year, since the national average for corn is 14 cents lower than 1956 and six cents under last year's price for soybeans.

## Invite Band Heads To MSU Clinic

High school band directors are invited to participate in the annual Marching Band Clinic at Michigan State University Aug. 2-3.

Student drum majors also are urged to attend.

The sponsoring MSU department of music points out that the event will be especially valuable to the small band. The Portland High School band will serve as the special clinic band.

Lectures, workshops and demonstrations will cover the various styles of marching, methods of charting, ideas for the band show and other problems.

## Offer \$15,000 to Exhibitors at Fair

Approximately \$15,000 in premiums will be offered exhibitors at the 76th Annual Tuscola County Fair, Caro, to be held August 19-24.

Carl Mantey, fair secretary, announced today that Premium Books have been mailed to previous exhibitors. He said new requests for books should be sent to him in care of the Tuscola County Fair.

A new department appears in the Premium Book this year. It is Fine Arts and Hobbies and is headed by Gerald DeBoer as the superintendent. The new department will include exhibits of Collectible Hobbies such as coins, stamps, dolls, etc.—Creative Hobbies such as woodwork, metalwork, carving, jewelry, fishing flies and plugs and others—and Art including oils, water color, drawings, photography and gift wrapping.

"The decision to open the new department of Fine Arts and Hobbies is a good one," commented Mr. Mantey. "It broadens the exhibition field and gives more people an opportunity to directly participate in this phase," he added. Mr. Mantey said the new department is certain to create much interest among prospective exhibitors and fair visitors alike.

The 1957 edition of this old and famous County Fair is titled "The Spirited 76th." During its six-day run at the Caro Fairgrounds there will be many features and attractions including the appearance of Minnie Pearl of "Grand Ole Opry" and "This Is Your Life" fame on Monday, August 19.

Continued from page one.

and third place makes \$20. The fourth place finisher will receive \$15 and the owner of the fifth place team will receive \$10. Awards of \$5 will be given to every team entered that does not win one of the major prizes.

### Kids' Games

While the horse-pulling is in progress, area children will be vying for cash awards in the host of kids' games annually scheduled for all-age groups.

The Tuscola County Boots and Saddle Club is scheduled to make its third appearance at the home-coming in the afternoon and a free baseball game is planned. Cass City Babe Ruthers will play Uby at the park baseball diamond. The Cass City team is undefeated in league play.

The evening's festivities will start at 8:10 p. m. when Bernard Ross, president of the Chamber of Commerce, will crown the queen.

Keith McConkey, chairman of the committee in charge of events, pointed out this week that it is not necessary for a queen to make her own arrangements for a float. Simply by registering at McConkey's Jewelry, girls become eligible to enter and vie for a chest full of gifts now on display at the Federated Store.

Following the crowning, the amateur show will be held and the Cass City Community Choir will sing to conclude the evening show.

Following these events, the day's activities will end with free dancing on the tennis court to the music of Fred Gunsel and his orchestra.

## Tell New Plan for Handling Dressings

A new plan for handling sterile dressings in Tuscola by the American Cancer Society chapter has been inaugurated, according to Richard Kern, chairman.

Under the plan there will be four centers in the county for the exchange of dressings. Classes will be organized early in the fall for the purpose of rolling dressings and to see that they are made practical.

## To Query Residents For Medical Wants

Tuscola County residents soon will be receiving medical survey questionnaires mailed this week from Lansing by the Michigan Health Council.

The mail survey will seek public opinion regarding the cost and extent of medical-surgical coverage to be offered by prepayment plans and health insurance policies.

The Michigan Health Council, a voluntary health educational organization, is conducting the survey for the Michigan State Medical Society.

## Area Church Slates Revival Meetings

Rev. Warren A. Rogers of Detroit will be the featured speaker at a series of revival meetings scheduled nightly at the Riverside United Missionary Church Aug. 1-11, Rev. Leland

Sherrard announced this week.

Rev. Rogers is noted in church circles for his musical ability and his revival work. He is credited with originating two gospel songs, "I Will Mind God" and "Praise God for Full Salvation."

The meetings start at 8 p. m. and are open to the public.

## SHORT STORY

### 2nd-Story Phantom

By Allen Wishert

ED CRANFIELD was a rookie policeman. He was assigned to his first beat in a quiet neighborhood, whose inhabitants had always respected and upheld the law. His duties were routine.

The first month he was given a day patrol, and each day consisted of what happened the day before, nothing.

During that month only one minor misdemeanor occurred, and it came at night, thereby, preventing him from going into action. His main object in joining the force was to be placed in hazardous conflicts as he doted on excitement.

The Chief called him into his office that evening when he came in to sign off.

"Ed, your day patrol have terminated," said the Chief. "Report tomorrow evening at five. I will furnish you with instructions for night duty."

"Thanks, Chief," replied Ed, beaming. "Maybe it will afford action."

"Oh, I understand," smiled the Chief. "You aspire to become a hero."

"No, sir, only to do my duty as I shall see it."

"Well spoken," complimented the

He took a momentary view toward the rear, then froze.

Chief. "I'll try to meet your desire."

In the swanky part of the city, a second-story man had been getting away with everything except murder. Police traps of every conceivable sort were put into effect, without avail. Not one living soul had ever caught sight of the prowler. His technique was uncanny, and he was dubbed; "Second Story Phantom."

Reporting for duty the following afternoon, Ed Cranfield went into the Chief's office for his assignment.

"Ed," said the Chief. "The old heads have failed to bring anything forward, would you like to take a whack at it? I am referring, of course, to the Phantom."

"It would be a pleasure, sir," replied Ed. "I fully realize the importance of his capture to the force, and to the citizens, as well."

"Also," grinned the Chief. "It would mean quite a large feather in your cap."

"I hope it conforms with my completion."

Ed was given explicit instructions, also informed that two prowlers in the immediate vicinity would be casing the neighborhood. If he ran onto anything suspicious, he was to seek their aid.

It was the same old routine, a fellow had to walk, now and then swiping at an imaginary something with his night stick to keep awake.

The hours dragged on. The night was damp with fog blowing in from the ocean. Ed glanced at his wrist watch; two A. M.

Then it happened! He was passing a pretentious two story home. He took a momentary view toward the rear, then froze.

A silent, dim object was moving stealthily below a window where a ladder had been placed. The Phantom was ascending the ladder. Ed crouched, approached the scene of action. Stationing himself below the window, he would apprehend the culprit with his swag, thereby, making the capture clean-cut.

The Phantom was descending with his ill-gotten gains under an arm. As he set foot on terra-firma, Ed nabbed him. The mystery prowler dropped his bundle, the bundle arose and shook herself.

"I see," said Ed. "You've got a mull working with you."

Ed saw two feathers in cap, both waving and dipping.

Excitedly, the young man, assisted by the young lady, explained the situation. Their explanation informed and convinced Ed that he had merely seized a couple of youngsters who were eloping. He realized, without a complaint, that a law restraining an eloping couple, wasn't written in his book. He allowed them to proceed on their way without further ado.

## Vassar Man Named to County FHA Committee

Mr. Clayton L. George of Vassar, R. No. 1, is the new member of the Tuscola County Committee for the Farmers Home Administration. His appointment became effective July 1, the agency's county supervisor announced.

Mr. George succeeds Harry Russell whose term on the 3-member committee expired this year.

Mr. George operates 160 acres of land and is engaged in dairy and cash crop farming. His farm is located north of Vassar.

The other two members of the committee are Bruce Rungles of Kingston and Roy Wagg of Cass City. Both of these members own and operate 120-acre farms.

There is a Farmers Home Administration county committee in every agricultural county in the country. The committee determines the eligibility of applicants and helps the county supervisor adapt the agency's loan policies and services to local conditions. Each member is named for a 3-year term, and one appointment expires each year. A member completing his 3-year term cannot succeed himself. At least two of the members must be farmers.

The agency makes emergency loans, but only in areas designated by the Secretary of Agriculture as being in need of emergency loans due to some calamity.

Before the agency can make any loan, the applicant must have the approval of the county committee. In the case of a farm ownership loan, the farm to be purchased, enlarged or improved must also be approved by the committee, Mr. Abbott explained.

The agency does not make a loan of any type to an applicant whose credit needs can be handled by other credit sources.

The man who keeps everlastingly at it is apt to accomplish a lot of things that are not worth the effort.

## McCaslin Reunion Held Saturday

The McCaslin family reunion was held at McCaslin Lake Saturday, July 20, when some 65 members attended a potluck dinner and program following.

Charles and Frank McCaslin received prizes for coming the longest distance. Frank was also the oldest person present. Youngest member was Muriel Hibbard.

Eddie Hyde was re-elected president and Ray McCaslin is vice-president. Secretary-treasurer is Adele Kirkman.

Next year's reunion will be held at Byron Lake, July 20.

## Final Hebert Rites Told in Bay City

Funeral services were held Wednesday morning at the Trahan Funeral Home and at St. Joseph Church in Bay City for Alfred Hebert of Cass City.

Mr. Hebert died Sunday at Saginaw County Tuberculosis hospital after a two-year illness. He was born in Canada April 12, 1872.

Surviving are: three sons, Napoleon and George of Bay City and Floyd of Lansing; two daughters, Mrs. Madeline Ball of Tawas City and Mrs. Helen Mundy of Bay City; 14 grandchildren, and 16 great-grandchildren.

## MICHIGAN MIRROR NEWS BRIEFS

By Elmer E. White  
Michigan Press Association

It was easier to enjoy ill health until the "system" that paid the bills got sick itself.

The system got its start as a prepaid medical insurance plan to help those who needed the services pay doctor and hospital bills.

Logically, the doctors and hospitals then would be paid, the sick would be made well again and the economy of the whole operation would remain sound.

In recent years, the rates of Blue Cross and Blue Shield hospitalization policies have climbed—

### ORDER APPOINTING TIME FOR HEARING CLAIMS.

State of Michigan, The Probate Court for the County of Tuscola.

In the Matter of the Estate of Frank O. Alexander, Deceased.

At a session of said Court, held on July 26, 1957.

Present, Honorable Henderson Graham, Judge of Probate.

Notice is hereby given that all creditors of said deceased are required to present their claims in writing and under oath, to said Court, and to serve a copy thereof upon Arthur Knott of 1818 E. Hamilton St., Flint, Michigan, fiduciary of said estate, and that such claims will be heard by said Court at the Probate Office on September 16th, 1957, at ten a. m.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Cass City Chronicle, and that the fiduciary cause a copy of this notice to be served upon each known party in interest at his last known address by registered mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

to pay for "overuses," and some abuses of the system. Even the financial experts are puzzled now.

The latest rate increase—averaging 12 per cent, came July 5 and touched off another series of investigations.

At present, the University of Michigan, a special commission named by Gov. Williams, a legislative committee and the Michigan State Medical Society—all are investigating.

"In order to maintain solvency of the hospital plan and to assure sufficient income to provide for increased hospital costs..." Insurance Commissioner Joseph A. Navarre approved the rates.

He added that the "rates proposed are commensurate with the benefits provided by the medical plan."

Evidence of abuse by patients and by doctors and the hospitals has been developed by a legislative committee which reported last year, then threw up its hands.

Doctors and hospitals complained that patients were misusing the services, making needless demands on doctors and hospitals.

Patients grumbled that they received "the works," x-rays, special care and diets for relatively minor ills—after officials determined they were covered by Blue Cross and Blue Shield policies.

Navarre said that the number of Blue Cross members going to

the hospital increased from 146 per each 1,000 members to 151 since 1956.

Hospital care costs rose from \$25.96 in 1956 to \$28.60. As a result, Blue Cross paid out \$1,800,000 more than it received in the first five months of 1957.

Navarre said that Blue Cross and Blue Shield "is caught in the price spiral like other commodities which are sought and provided through social and economic instrumentalities."

The system, he said, is starting an experiment to apply insurance to out-patient care—apparently to reduce the number and extent of the abuses caused by patients going to hospitals for expensive treatment.

The Michigan Medical Society, whose members have a direct stake in the system, is launching the latest investigation. The Michigan Health Council, a voluntary health education organization, is conducting the survey.

It is designed "to find out what people want from Blue Cross and what it is expected to do," said one spokesman.

The Society will pay more than \$30,000 for the survey, using its own resources for a direct-mail poll of thousands of citizens.

The Richard Oudersluis research organization in Detroit has been engaged to make a person-to-person interview survey.

The findings will be interesting, as they have been in the past. But the Society and others feel that they will be of more than academic interest this time.

Citizens can be expected to want more, and more expensive services, more elaborate hospital care for less money. Doctors and hospital administrators—human though scientific—are expected to want what the patients want, but can be expected to be far apart on the money phase.

Hospital and medical care are expensive, but all sides are eager to find a practical solution.

Reports will be made in the fall to the Society, which in turn, promises to make public the findings.

Then Michigan will have a clearer idea how much it costs to be sick, who benefits most, and how much.

And perhaps then there will be some indications regarding the logical paths to follow if the state's citizens are to receive proper medical care at a cost they can afford and at a price which permits hospitals and doctors to function economically.

In the meantime, thousands of mail survey blanks and hundreds of face-to-face interviews will supply millions of answers which must be tabulated by electronic business machines.

This greatest research undertaking yet in the field of medical service will provide a starting point at least in the search for a solution to the problem.

You can see the world in an automobile—the way you drive decides which world.

## Clean Home Freezer Once A Year

How long has it been since your home food freezer was cleaned and oiled? A dusty condenser, a motor that needs oiling, a heavy blanket of ice in the food compartment, and you're all set for trouble when summer temperatures climb and peak loads of food are added for freezing, warns Mrs. Frances T. Clark, county home demonstration agent.

At least once a year a home freezer should be completely defrosted and cleaned. The condenser should be brushed or blown free of accumulated lint and dust. And, if the motor is not sealed in, as it is in some late models, the oil cups on either end should be filled with oil. On older belt-driven types, the belt should be inspected for breaks and the tension adjusted for smooth running.

Now is a good time to take care of these chores, suggests Mrs. Clark. Then your freezer will enter its heavy season in tip-top condition.

Follow the manufacturer's instructions for cleaning and servicing your home freezer, advises Mrs. Clark. A good deal of time and expense goes into preparing these instructions and use of them can prevent a high percentage of trouble encountered with home appliances. If you have misplaced your instruction leaflet, contact a sales agent or write to the manufacturer for a new one.

A normally operating freezer should run about 18 hours out of 24. A dirty condenser can cause it to run 20 hours; a thick coat of ice crystals on the inside, 22 hours; and a new load of warm food to be frozen may make the total of 24 hours. Any additional strain can make the freezer incapable of maintaining a zero temperature.

Even if your motor doesn't break down under this load, the quality of the food in the freezer will quickly decline as the inside temperature rises. Inefficient operation also runs up your electric bill.

Defrosting time can be shortened by using an ordinary room fan to blow warm air down into the freezer box. As soon as the ice is loosened from the walls, it should be lifted out and the compartment cleaned with soda and water.

Frozen food can be packed in cardboard cartons during the defrosting process. The food can be returned to the freezer shortly after it is back in operation. But the box should be thoroughly cooled and the freezer cycling normally at zero temperature, says Mrs. Clark, before adding any warm food to be frozen.

## Tractors Dangerous For Children

One of the most hazardous places on the farm for children under 14 is the tractor!

In Michigan last year, 10 children under 14 were killed in tractor accidents, according to Richard Pfister, extension farm safety specialist in the department of agricultural engineering at Michigan State University.

This week, National Farm Safety Week, may be just the time for your family to talk over some of the hazards around your farm and home. Maybe you should take another look at some of the jobs that you are asking your children to do.

A family conference may also

be a good time to look at each other's jobs. You know, it's easier to see the dangerous work habits of someone else than it is your own. Why not spend a few minutes pointing out these hazards?

"Safety Makes Sense," the theme of Farm Safety Week, brings out an important point—if you can understand just what the main hazards or causes of farm accidents are, you're in a better position to do something about them.

And let this week be a springboard to a full year's efforts to develop safe working and living habits around your farm and home.

Group Activities

Mrs. William Haske, secretary of the Northwest Gilford group, reported that 12 women from their group toured the Dow Chemical Company and the churches in Midland. This tour has proved a very popular one for many of the home demonstration groups.

I was talking to Mrs. Fonce Houthoofd of the Wisner group and she was telling me about the wonderful tour the women from the Wisner group had. Their first stop was at Battle Creek, where they visited the Lella Arboretum and Kindman museums. From Battle Creek they drove to Albion, where they visited the Starr Commonwealth home for boys. The women next drove to Marshall where they visited the Stour's registered Jersey farm. At Jackson, the women visited the state prison. (They had secured a letter permit from Mr. William Tomlinson, Tuscola County sheriff.) Their last stop was the Jackson Cascades. The women wanted to see the Cascades under the colored lights, so stayed until dark. They left home at 6:30 a. m., drove 380 miles and returned home very late—tired, but happy and pleased with the tour.

Mrs. Howard Berry of the Wells group also reported on the Wells group's tour. They visited local flower gardens. Their first stop was at Mrs. William Bennett's garden; then on to Mrs. Roy Riley's garden and ended up at Mrs. Lee Spencer's garden. Mrs. Spencer is from the Wells-

### Cherry Time

When you have a quart of red tart Michigan cherries in one hand, your favorite cherry recipe in the other, you are in business every July. Red tart cherry season means plenty of fresh cherry pie a-la-mode. Jams also make a hit with most every family. To make my favorite uncooked cherry jam, follow these directions:

2 cups pureed sour cherries (measure after grinding)  
4 cups sugar  
1 package powdered pectin  
1 cup water

The puree should be as nearly uniform as possible. Grind the cherries with the fine blade of a food chopper or use an electric blender. Stir the sugar into the cherries. Let stand about 20 minutes, stirring occasionally. Stir the pectin into the water, bring to boiling point and boil rapidly for one minute, stirring constantly. Remove from the range and add the cherries and stir for two minutes. Pour into jelly glasses. Cover with a clean cloth and let stand at room temperature 48 hours or until jelled. Seal with paraffin and store in a freezer. If stored in a refrigerator, it will keep several weeks. This recipe makes around six glasses of jam.

I have other uncooked jam recipes in my office for distribution to any interested person.

### Prenatal Classes

Two prenatal classes are to be held in Tuscola County. These classes are approved by the Tuscola County Medical Society and are being sponsored by Tuscola County public health nurses. The Cass City classes started July 17 and the Caro classes started July 19. Your Home Agent will be teaching the nutrition section of these classes. The classes consist of six meetings, from 1 to 3 p. m., and are open to all mothers-to-be free of charge. If any of the extension women know of a mother-to-be that would benefit from these worthwhile classes, contact the public health nurses or my office.

### Agent Offers Tips to Reduce Grain Loss When Combining

Lodged wheat is making it hard for Tuscola County farmers to do a good clean job of combining, reports Alfred Ballweg, county agricultural agent. But he says, there are a number of things a farmer can do to keep losses of grain at the combine to a minimum.

According to Robert White, extension agricultural engineer at Michigan State University, the greatest losses occur at the cutter-bar. They can run as high as several bushels per acre in grain that is down.

White recommends adjusting the reel to move grain on to the platform in a uniform manner. Strips of canvas attached to each reel slat will help by wiping grain across the cutter-bar. He points out that special equipment such as reels and guards, designed for lodged grain, will also prove very helpful this year.

Another trouble spot, according to White, is overloading by driving too fast or setting the cutter-bar too low. He warns, "Be particularly careful about speed when you are working in wheat that is down and are forced to cut low. Give your machine plenty of time to clear itself of excess straw."

It may also be a good idea to check yourself on how high your losses are running, says Ballweg. He points out that for every 18 to 20 kernels of wheat lost per square foot you are losing a bushel of wheat per acre. Average losses run from one to four per cent of the crop.

Most operators' manuals give many more details on the proper adjustment of combines.

### William Ward Dies After Long Illness

Funeral services were held Sunday afternoon at Little's Funeral Home for William H. Ward, who died Friday at his home in Flint after being ill for four years. Rev. Frank Purdy of Kingston officiated and burial was in Elkland Cemetery.

Mr. Ward, who was well-known in Cass City, was born Jan. 8, 1903, in Hartford City, Ind., son of the late Mr. and Mrs. John R. Ward.

He married Miss Anna Williams in Detroit Mar. 28, 1925. They settled in Evergreen Township. In 1952 they moved to Flint, where he was employed with General Motors Chevrolet Division.

He leaves his wife; one daughter, Miss Caroline Ward of Flint; his mother, Mrs. Cordelia Ward of Flint; six sisters, Mrs. Orval Proctor, Mrs. Edward Lawrence, Mrs. Clarence Miller, Mrs. Leonard Kums and Mrs. Douglas Godby, all of Flint, and Mrs. Walter Fox of Largo, Fla., and four brothers, James and Elwood of Grand Rapids, Charles of Sears and Russell of South Bend, Ind.

### Agent Tells How to Make A Cherry Pie

Every fresh cherry pie deserves a brown and well-baked crust. So, your pie pan should be a material that will absorb heat readily and evenly, tells Mrs. Frances T. Clark, county home demonstration agent.

Aluminum with a special dull finish for absorbing heat is popular and satisfactory. The metal distributes the heat evenly and gives uniform browning. If the aluminum is brightly polished, it will reflect heat so that food browns very lightly.

Glass pans absorb heat fast and hold it well. However, glass gives a rather heavily browned crust. If you do not want such heavy browning, Mrs. Clark suggests using an oven temperature 25 degrees lower than for baking in metal pans.

Tinware, when bright and new, also reflects the oven heat and so browns food lightly. With use, this metal darkens and gives more satisfactory browning.

Enameled ware, which is glass fused onto a steel base, is not generally recommended for baking pies because it, like glass, gives too much browning.
