At the present time, doctors would not wish to come only one is held to a community without better Authorities want to expand the hospital facilities; that patients program to include at least a had to go long distances for fall sale as well. proper hospitalization.

It was the thought at that time that the hospital would be Hospital Auxiliary one of 25 rooms and that it would cost about a hundred thousand dollars. It was also believed that, if a fund was started, those with high income taxes would donate from year to year and that when the next depression came along, we would be in position to take advantage of low costs and build.

A committee met with the Village Council and an ordinance was passed in 1944, setting up a hospital commission, creating a nonprofit organization for the collection of funds, construction and operation of a community hospital, the commission consis-

elected chairman; Wesley Downing, vice-chairman; M. B. Auten, music by Ted Johnson, and will secretary and treasurer. The other members were Father John Bozek, Doris Fritz, Isabelle Schwaderer, Archie McLachlan, Pair Fined for John McLellan and Naaman Karr.

In 1947 a drive for money was put on, everybody was contacted. There were 18 subscriptions of one thousand dollars each and City paid fines of \$25 and costs the following Monday, weekly raised in smaller amounts,

Funeral services for Eugene McKee, 66, resident of Ever-green Township for 65 years, were held Sunday afternoon in McKee died Thursday in his attack. Rev. Leon Bovee, pastor of the Snover Free Methodist

n Elkland Cemetery.

married in Evergreen Township

Oct. 14, 1924. He is survived by his widow; two daughters, Mrs. Kenneth (Lucille) Crittenden of Snover

Elmer of Imlay City, Frank of Columbus, Ohio, John, serving in the Navy and currently stationed in California, and Grant, Alvin and George, at home; six grandchildren; a sister, Mrs. Elmer (Phoebe) Cain of Phoenix, Ariz., and a brother, Gilbert McKee of Hillsdale,

A great many people would be speechless if they were required to know what they were talking about.

CLEAN OIL IS A CAR'S BEST FRIEND

One of the rules every car owner knows is that oil should be changed regularly and often. It's one of the easiest and most effective ways of keeping up a car, yet every once in a while we hear of an "economy minded" motorist who thinks oil doesn't need to be changed.

The exacting job assigned to motor oil helps explain why it has to be up to par. When the gasoline vapor in an automobile cylinder is firing, the oil between the moving piston and the cylinder wall is exposed to flame of more than 3,000 degrees Fahrenheit and pressure of more than 700 pounds per square inch.

TALKS

Yet one drop of oil will lubricate an engine for 600 of these explosions.

The bottom piston ring does the job of scraping excess oil off the cylinder before it can get

into the combustion chamber (and cause that telltale blue smoke from the exhaust). The motorist who runs on old oil soon finds plugged oil holes or stuck piston rings.

You can expect to use a quart of oil every 600 to 1200 miles in a new passenger car, but poor driving can make a good car eat up oil like a youngster with a bowl of ice cream. High speeds in low or second gears for example, throw a lot of oil on to engine parts and some cars will use 6 to 8 times more oil at 70 as at 40.

The best way to cut down oil problems, and all problems of car ownership, is to make sure you're buying a sound car in the first place. This is our job, bringing reliable cars on to our lot, cars that the Douglas Funeral Home. Mr. have served another owner well and have been spruced up to tiptop shape before they're ever displayed. You buy a car whose name you home when he suffered a heart know for reliability; buying from a dealer who has a reputation to maintain is good sense too,

NOW is a good time to buy a New car. You get the most for Church, officiated, and burial was your dollar because; 1958 Models will be materially higher in price. He was the son of the late Mr. Your Trade-In will be worth less, for on the day the new model apand Mrs. George H. McKee and pears all cars have a birthday. Then too, we have been building '57's was born in Burnside Township, and the "Bugs" are all out. And, most important of all, dealers are Lapeer County, Feb. 8, 1891. He anxious to clean out present models and will give longer deals. So and Miss Lila Chapman were you get more for your dollar.

And, with Chevrolet and Oldsmobile you still get the most liberal guarantee in the industry, 12 months or 12,000 miles, whichever comes first, whether you buy in November or October.

Come in and try one. All our pencils are very sharp at this time

GASS CITT CHRONICLE - FRIDAY, AUGUST 23, 1957.

Parasites Plague Cattle Industry Are Responsible

For Heavy Losses You may think that an out-ofwork "in-law" is the greatest "parasite" in the world. But the

weight.

be strong.

Monday, Aug. 28. In addition to nothing compared with the paradustry. Dr. R. E. Bradley of the Univer-

sity of Illinois College of Veterinary Medicine says that the nation's livestock industry suffers a multimillion-dollar loss from parasites each year. The loss in cattle alone is close to \$30 million. Yet cattle are believed to suffer less from parasites than some of the other farm animals.

Until a few years ago most livestock health officials felt that parasites in cattle were relatively rare and not too important. Now they know that heavy losses occur in

stomach and lung worms, coccidia,

ers from paraskes among animals, but the yearly loss is outstanding.

But Dr. Bradley says that news

up with some answers to the prob-

poultry, hogs and horses.

itself with parasites.
