

Presbyterians Call John Hall Fish to Pastorate Here

Members of the Presbyterian Church of Cass City called John Hall Fish of Erie, Penn., as pastor of the church here. The action was taken after Rev. Fish received a unanimous vote at a congregational meeting Sunday.

Mr. Fish delivered the morning message Sunday and met the congregation of the church at a coffee hour in the church basement following the service.

Rev. John Meyer of Fairgrove served as moderator at the business meeting.

The new pastor is a graduate of Princeton University and will graduate late this month from Union Seminary in New York. He is the president of his class.

Mr. Fish will be ordained in July and, together with his wife and two small children, will come to the Presbyterian manse to live in July.

The Cass City church has been without a minister since November when Rev. Melvin R. Vender resigned to assume a position as assistant pastor at Marietta, Ohio.

Since that time, visiting pastors and laymen have occupied the pulpit.

Kindergartners who haven't enrolled for the next school year are requested to do so Thursday or Friday afternoon at Mrs. Murray's office in the elementary school. It was announced this week.

Cassland Farm Bureau Indorses Area Planning

The Cassland Farm Bureau met Monday evening at the home of Mrs. Walter Schell to discuss vital problems affecting the township.

To aid in the discussion were village president B. F. Benkelman Jr., Township Supervisor Edward Rawson and Herbert Ludlow, representing the Cass City Development Corp.

Each explained the developing of a planning commission which would start preparation of a comprehensive plan to guide future growth in the community and the advantage of the commission.

Because of the growing population of the area the need for a zoning ordinance was favored by the group and full support was offered to the township officials.

In the business meeting, a report on the Tuscola County Farm Bureau Women's meeting held in Caro April 25 was given by Mrs. Clara Carpenter.

Edward Golding Sr., assisted by Alfred Golding, led the discussion on "A New Price Support Plan for Feed Grains."

Because the old formula of "parity" based on 1910-14 conditions helps create surpluses a more modern price standard is needed that will more nearly balance support level among the different crops, it was disclosed.

The meeting closed with a pot-luck lunch.

ENTERTAINS AT BANQUET—Wally Weber, freshman coach at the University of Michigan, kept parents and others interested in Cass City High School's athletic program entertained and informed

as he addressed local athletes at the first annual all-sports banquet Monday evening at Cass City High School.

All Athletes Feted

Weber Entertains At Sports Banquet

Wally Weber, freshman coach at the University of Michigan, told athletes at Cass City High School that sports builds citizenship and that athletes today must put as much effort in the classroom as they do on the athletic field.

Speaking Monday evening at the first annual all-sports banquet, Mr. Weber entertained persons present with humorous anecdotes, interspersed with serious remarks.

He said that sportsmanship is the golden rule in action and that to play on teams today, the athlete must obey the rules of the game and control personal feelings. That's what makes good citizens out of athletes, he declared. He said that with today's crowded college conditions, potential college players must concentrate in the classrooms or they will not be admitted to schools.

Proceeding Mr. Weber's address, Cass City's three coaches, Irv Clasen, Mike Yedinak and Wayne Wilson, spoke briefly.

Mr. Clasen said that this year's teams were the most coachable that he has ever had. He saluted the parents for rearing the boys so well that the job of all coaches was made easy.

Mr. Clasen said that he received a tremendous satisfaction from coaching the boys on this year's team.

Mr. Yedinak said that he felt that athletes as a group were better than the average student. Only in athletics must a student maintain a passing grade in every subject to be eligible to play. He said that Cass City strives to win every game, but not at any cost and that the winning and losing helps to build character in the boys.

He called for players on each of the athletic squads to stand and be recognized. Also introduced as a group were this year's freshmen.

Mr. Wilson told how he had enjoyed working with the freshman team and thanked his two coaching associates for their help during the year.

W. E. Walpole was the toastmaster. He commented about the fine spirit shown by each of the

teams and introduced the various speakers of the evening.

At the conclusion of the program, a film of the Michigan-Minnesota football game was shown.

Schedule Annual Rotary Ann Night

The annual Rotary Ann meeting of the Cass City Rotary Club will be held Tuesday evening at 7 o'clock at the Methodist Church. It was announced at the club's regular meeting Tuesday at the New Gordon Hotel.

In other business, plans for a chicken barbecue supper and the club's annual Spring Swing dance were discussed.

Almer Krueger was program chairman and he called on several club members for comments.

Speaking on attendance were Cliff Croft and Leonard Damm. Willis Campbell discussed the athletic banquet Monday evening and the difficulties of a Little League program were pointed out by James Bauer and other club members.

Vatters Lose Possessions in Fire Saturday

The Eugene Vatter family of Shabons lost all of their possessions when a fire broke out in the home they were living in Saturday morning at about 8 o'clock. The house is owned by Milton Erard.

The fire was discovered by one of the Vatter children. Both are under five years old.

Mrs. Vatter was able to remove the children before the flames devoured the personal belongings, which were not covered by insurance.

Plan for Science Club in Village

The Russian Sputniks have challenged the free world to place increased emphasis on scientific learning. As a partial answer to this, Cass City is inaugurating a Science Club. Its main objective will be to educate and interest youth in science.

Any boy or girl between the ages of 10 and 14 who is interested in science may take advantage of this program which will commence this summer with the study of nature.

William Muller, Tuscola County 4-H agent, will oversee the project and interested members may receive 4-H credit.

This summer's program will consist primarily of the study of trees, plants, insects, birds, rocks. Continued on page 12.

Trip to Start Final Activities for Seniors

Body of Charles Wright Found in Car Saturday

The body of Charles A. Wright, 49, of Deford was found Saturday morning after he had been reported missing since Monday. Bad Axe State Police who investigated said that the body was found in a car behind an abandoned cabin, three-quarters of a mile east of M-58 on Seeger Road in Sanilac County.

A report by the Sanilac County coroner ruled that death was caused by carbon monoxide poisoning and that Mr. Wright was a suicide victim. He died some time Wednesday.

Police said that he ran a radiator hose from the exhaust into a vacuum cleaner hose which was placed through a back window into the car.

Surviving besides his wife, age 13 children: Delbert, John, Darlene, Katherine, Carol and Phillip, at home; Robert of Kingston; Richard of Wilmet; Mrs. Harold Mills, Deford; Mrs. Roger Guinther, Cass City, and James, Charles and Mrs. John Mannarino, all of Deford.

Funeral services were held Monday at 2 p. m. at Little's Funeral Home. Rev. R. G. Weckle, pastor of the Baptist Church, Cass City, officiated.

Burial was in Elkland Cemetery.

Rev. Wurtz to Serve Ninth Year As EUB Pastor

Rev. S. R. Wurtz was reassigned to Salem EUB Church to serve as pastor for another year when the appointments were read at the close of the annual church conference Sunday at St. Joseph.

Rev. Wurtz will be starting his ninth year here.

Rev. S. P. Kim, who has been pastor at Mt. Pleasant for eight years, was assigned to the Oregon church near Columbiaville. Rev. Kim served as pastor of the local church for many years and has many friends in Cass City.

WSC Holds Final Meeting of Year

The final meeting of the year of the Woman's Study Club of Cass City was a potluck luncheon held at the home of Mrs. E. L. Schwaderer Tuesday afternoon. Twenty-eight persons attended, only one short of perfect attendance.

The tables were decorated with spring flowers. Roll call was answered by members telling summer vacation plans.

Annual reports were read and Mrs. Arthur Moore, retiring president, thanked committees for their cooperation through the year.

Serving on the reception committee were Mrs. Herbert Ludlow, Mrs. John Sandham, Mrs. G. W. Landon and Mrs. J. D. Turner.

Garety's to Observe Silver Wedding

Mr. and Mrs. John J. Garety of Three Rivers, formerly of Cass City, will celebrate their silver wedding anniversary Sunday June 1, when a High Mass will be sung at 11 a. m. at St. Columbkille Church in Uby.

There will be a family dinner in the parish hall and an open house reception will follow from 2 to 5 p. m.

Mr. Garety and the former Gertrude Frances Walker were married June 1, 1933, in St. Columbkille Church by Rev. Father William X. Fitzpatrick. Bridesmaid was Mrs. Merlin Valley (Luella Walker) of Pinconning and the late Peter Garety was best man.

The couple has three children: Mrs. Roger B. (Rosemary) Sams of Mt. Clemens, Edwin of Mt. Pleasant and Raymond, with the Navy at Norfolk, Va.

Mr. Garety is employed by the Michigan State Highway Department.

The busy round of graduation activities will get under way for Cass City High School's 1958 seniors this week end when they will leave on a five-day combined boat and train trip. The cruise portion of the trip will take them aboard the Georgian Bay S. S. South American at Detroit Sunday afternoon. A stopover will be made at Mackinac Island Monday and the ship will dock in Chicago Tuesday after lunch. Arrangements have been made for a two-day stay in the windy city where the seniors will be guests at the Palmer House. Their visit there will include a daytime excursion by bus to many points of interest, a night tour of the city, plus some free time when seniors may attend shows they may wish to see or select other activities of their choice. The return home will be by Grand Trunk Railway Thursday, May 29, with arrival in Inlay City slated for five p. m. School buses will transport the students to and from the points of departure and arrival.

Accompanying the seniors as sponsors will be Mr. and Mrs. Richard Carroll, Miss Patricia Hall and Mr. Harold Erickson. Arrangements for the trip were made through Youth Travel of Ann Arbor. A pleasant feature of the cruise will be the services of Miss Mary McIntyre, of Cass City, as social director.

Unlike other years, the seniors this year will return to a week of classes and final examinations June 2-6. Swing-out is planned for Tuesday, June 3, at nine o'clock.

Baccalaureate services will be held Sunday evening, June 8, with Rev. L. A. Wilson, of the Nazarene Church, giving the sermon.

Commencement exercises are scheduled for Tuesday evening, June 10. James E. Lewis, vice-president of the University of Michigan in charge of Student Affairs, will be the commencement speaker. Mr. Lewis was at one time a member of the Cass City School faculty and athletic coach here. Full details of the commencement week programs will appear in later issues.

Slate Junior Band Concert at School

The final concert of the year by the instrumental music department of Cass City Schools will be presented Thursday, May 22, when the combined junior high school bands of Cass City and Caro and Cass City beginners will perform at Cass City High School Auditorium. The concert will start at 8 p. m.

The two bands have been rehearsing Saturdays for two weeks, each session lasting two hours. The combined bands will play six numbers. Three will be directed by Charles Stout, director from Caro, and three by Ronald Phillips, Cass City's band director.

The junior bands include students in the sixth, seventh and eighth grades.

The program will be opened with selections from 34 members of the beginners' band. These students have been playing since October.

Members of the beginners' band are: flute, Mary Ann Barriger and Penny Howell; clarinet, Linda McConkey, Jane Richards, Joyce Irwin, Ruth Weckle, Chris McCullough, Bonnie Butler and Jill Wagner; alto saxophone, Charles Iseler, Ruth Freeman and Arlene O'Dell; tenor saxophone, Jerry Krohn, and cornet, Carol Lapp. Concluded on page 12.

From the Editor's Corner

One of the areas that a planning commission in the village could be of great assistance in devising an over-all plan for parking in Cass City.

We believe, from observation, on Friday and Saturday that a definite parking problem is developing. It seems to us that it is getting harder and harder to find convenient parking during busy periods on these days.

What steps to take have been discussed by merchants and the village council, but no definite plan has been forthcoming.

It seems likely that adequate off-street parking will prove expensive, but will probably get no cheaper in future years. If this situation had been anticipated 10 years ago, the area would have been available at a fraction of today's prices. It is to anticipate growth situations such as this, both in the village and surrounding townships, that the Cass City Development Corporation and other interested persons are pushing for a planning commission.

It is our firm belief that action now at comparatively small cost will prove to be as good as an investment as zoning was for the village when it was placed into effect here.

Slate Underclass Track Meet at Park Tuesday

An underclassmen's conference track meet, no seniors participating, will be held Tuesday, May 27, at the Cass City Recreation Park. Sponsored by the Gavel Club, money collected will be used to help complete work on the track by the organization.

All teams in the conference will participate. They are: Bad Axe, Caro, Cass City, Cross-Lex, Frankenthuth, Marietta, Sandusky, Vassar and Yale. Finals will start at 7 p. m.

Cass City Nine Undeclared in League Play

Cass City experienced little trouble in finishing the year undefeated in Thumb B Conference baseball competition as they defeated Sandusky 15-2 Monday at Sandusky High School.

Paul Burdon won his seventh game without defeat. He fanned 11 in five innings and ran his season's total to 77 in 46 innings. Burdon was ably backed by his teammates who batted out 12 hits including a round tripper by Jim Johnson and three singles in four trips by Perry Hoag, Dave Wilson also collected two singles in as many trips to the plate.

In three years, Cass City has now won 21 straight conference games.

The line score:

	R	H	E
CC	303	522	0
S	110	000	0

Cass City will end its season with two non-conference games at Cass City Recreation Park.

Thursday (today) the team will play Elkton and Friday afternoon the final game of the year will be against Flint St. John. It will be the first game between the two schools.

Second Attempt

A second attempt will be made by the Gavel Club to canvass for items to be sold at their annual auction sale. Originally scheduled May 8, rain cancelled the attempt.

Next try will be Thursday, May 29. Members of the track team will assist in the collection.

Proceeds from this project will be used to help pay for improvements on the track at Cass City Recreation Park.

Mrs. Vere Griffen Dies In Florida

Funeral services for Mrs. Vere Griffen, 66, resident of this area for 25 years before she moved to Florida with her husband in April, were held May 14 in a Toledo, Ohio, funeral home. Rev. Gerald Johnson, pastor of the Westminster Presbyterian Church in Toledo, officiated and burial was in Toledo Memorial Park Cemetery.

Mrs. Griffen suffered a heart attack and was taken to a Key West hospital April 26. She later developed pneumonia and died May 9. She was the former Miss Jeanette Jacobs and was a native of Toledo.

Surviving are her husband; a son, Albert, of Cass City; two sisters, and a brother.

From new Safety-Twin headlights to new sculptured rear deck, every gleaming line of this Fairlane Club Victoria says "fine car!"

Every Ford Has SAFETY GLASS In Every Window

Look what you've been missing if you haven't driven a 58 FORD

You just can't appreciate all the wonderful things that have been done to make driving more fun . . . until you've checked out in a shiny 58 Ford!

The fun begins with the simple act of getting into the car. Only "yesterday" it was stoop down or knock off your hat. Now that has been changed. There's room for you and your hat inside the 58 Ford.

Even before you start the engine, notice how much more you can see. Full-Circle visibility lets you see where you're going . . . see what's coming . . . see to park!

Now touch the starter. Observe how smoothly your engine idles. That's because each Ford engine is built with painstaking care. Each V-8 is electronically balanced while operating under its own power. No other car in Ford's field goes to such lengths to bring you an engine that will operate smoothly . . . dependably . . . efficiently. (If your pick is a thrifty Six, you can't buy a more powerful, more modern 6-cylinder passenger-car engine than Ford's 145-horsepower Mileage Maker Six.)

Ease down now on the throttle and you'll take off with all the dash and verve of a Thunderbird! For after all, the 58 Ford offers you the Thunderbird's own transmission and engine! Team Ford's Cruise-O-Matic Drive with a Thunderbird-powered V-8 engine, and save up to 15% on gasoline. It's like getting back 15¢ on every gas dollar!

Next hunt up the roughest roads you can find. Notice how bumps lose their bounce with Ford's softer-riding suspension system. Notice how Ford's exclusive Automatic Ride Control combines Angle-Poised Ball-joint front suspension with long, tailored-to-weight rear springs so that you ride level . . . corner level . . . enjoy a "big car feel."

And Ford gives you more—much more in the way of riding comfort. Ford seats are wide—sofa-wide. You sit in a relaxed, natural position with Ford's Automatic Posture Control.

Always a leader in safety, Ford again has pioneered new features to protect you. New Safety-Twin taillights, for example, keep you safer because they give better warning to cars behind you. And only Ford offers you famous Lifeguard Design—the whole family of safety features designed to protect you should an accident occur.

Then there are the hidden values that are yours when you choose Ford. The car is put together with fine-car precision. The finish is durable enamel—baked enamel that helps Fords keep that new-car shine. On the inside, too, Ford cars give you more insulation than any other cars in Ford's field.

Why not discover all you've been missing if you haven't driven a 58 Ford? See your Ford Dealer and find out firsthand all the wonderful things that have happened to Fords. And remember: a comparison of manufacturers' suggested retail delivered prices shows that Ford is lowest priced of the "low-price three" in 17 out of 19 comparable models!

So why not make tomorrow your day to drive a Ford? The keys are waiting for you at your Ford Dealer's. See him and discover all the fun a Ford can be!

Homemakers' camp will be held at Camp Shaw, Chatham, from June 16 to 20. The program for the week consists of the following outstanding leaders: Dr. Edward O. Moe, professor, sociology and anthropology at Michigan State University; Arden Peterson, recreation specialist, 4-H club department, M. S. U.; Rev. Paul Sabel of Iron Mountain, and Bob

Rust, animal husbandry department, M. S. U. Mr. Rust will supervise the outdoor cooking of a portion of each evening meal. A picnic and candlelighting service on the shores of Lake Superior is planned for Thursday evening.

There will be a choice of crafts, such as creation of designs, cutting of stencils for printing on paper or material. In another craft, you might wish to express your originality through the use of ceramic tile, or to make a footstool, or bench, weaving the seat with a special grass.

As an added attraction, each county is requested to bring their best Christmas suggestion and direction for copying. These will be displayed in the camp lounge. The cost of the camp is \$14.50.

\$1.00 is due by June 10. With the "new bridge," it will be possible for you to leave home Monday morning, and still arrive at Camp Shaw in time for the first meal. Any woman interested in attending Camp Shaw can write or telephone me, Caro 330. I will also see about transportation for a group.

How Price Spread Affects You, the Homemaker

Price spread may be just dull words to you, but what would you do without it? You would be milling your own flour, cutting your own steaks and making your own cottage cheese. Price spread is the difference between the price the farmer receives for raw material and the price you pay for the finished product. This price spread pays for those important food processes, such as research, manufacturing, wholesaling, retailing and transportation.

In the good old days, a farmer raised only enough food to feed his family. Nowadays, a farmer raises enough food for himself and 10 to 20 other people. This change is possible because of research, mechanized operation and price spread which enables other organizations to take over the duties of transportation, processing and selling.

Price spread pays for research which constantly finds more convenient forms and packages for foods that "help with the housework." A few years ago a homemaker spent 5 1/2 hours preparing a meal for four people. Today, a homemaker spends about 1 1/2 hours preparing a meal for four people. This four hours of labor saving is because of many canned foods, frozen foods, mixes and meats that are ready to cook when they come to the kitchen.

So-price spread is a payment for value added to raw materials by processing, packaging and distributing. When the cost of these processes increases, the price spread may increase also. However, think of the situation without price spread.

Without price spread, your hamburger would still be in the feedlot, your huckleberry jam would stay in the bag, perch and herring for your fish fry would still be in the Great Lakes.

Special Group Activities
The Brookston group were hostesses to the following groups: Columbia Corners, South Unionville, Unionville and Wisner at the Lutheran Church in Columbia Corners.

Usually there's no need to buy extra vitamins for the dairy cow. Michigan State University dairy specialists say only vitamins A and D are not produced by the cow. Good roughage supplies enough of these two vitamins. Vitamin D also comes from sunlight.

Uncle Tim From Tyre Says:

Dear Mister Editor:
I heard about a feller onct who always put a dollar and a dime in the church envelope for foreign missions, with this note: "The dime is fer them heathens, and the dollar is fer the missionaries to git it to 'em."

I want to pitch part of my sermon today around that thought. The reason we got such high federal taxes is because all the states in the Union is always running to Washington to git something. They demand "States Rights" but spend half their time in Washington begging. And like the feller on foreign missions, we send a dollar up there to fetch back a dime.

And what disturbs me is that we seem so grateful fer the dime.

It reminds me of the story about the Indian and his dog. The Indian give his dog as a reward fer faithful service a piece of the dog's own tail. The Indian started feeding the front end of his dog by cutting off a piece of the tail end. He kept this up till the dog had eat hisself up. The story goes that ever time the Indian give the dog a bite the dog licked his chops fer more.

That's us, Mister Editor, on this federal aid business. Ever time we git that dime back we lick our chops fer more. We've been feeding the front end from the back end so long that it's beginning to hurt us at both ends.

The tail has been wagging the dog in this Federal business so long that we're running out of tail to wag with.

It's a sight in this world, fer instant, how much the taxpayers must have to pay fer all this lit-

erature the Government sends out to farmers. I got a pamphlet the other day explaining that a person in middle age is a feller that has "survived infancy, childhood, and youth." I appreciate their artistic use of that word "survive." In this day and time if a feller can weather them three stages of life he ought to live to be a hundred. But I don't appreciate them using my money to print and mail out such junk.

Well, Mister Editor, I better knock off fer this time. I see the mailman coming, and he's shore to have another communication from Washington. I reckon it's gitting about time to make another survey of my patches so's I can rotate my crops. You can't git no adjustment checks unless you "rotate," and the mailman probably has something telling me all about it.

Yours truly,
Uncle Tim

Plan Potato Chip Bar for Servicemen

Servicemen will soon be munching on potato-chip bars. Potato-chips have long been chow line favorites, but too perishable and bulky to be issued as a military ration, explains Mrs. Frances T. Clark, county extension agent in home economics.

Even though the bars were developed for military use, they may become a popular civilian snack food, says Mrs. Clark. It may be some time before they are manufactured, however.

Check Cribbed Corn Now for Spoilage

Inspect cribbed ear corn for heating and mold growth now that warm weather is here. This job is especially important if corn went into storage last fall carrying a lot of water, reminds Don Kehler, county extension agent in agriculture.

There's usually little trouble from spoilage in high moisture corn in winter; the cold weather keeps spoilage down; but as the moist corn warms up, it makes an ideal spot for molds to grow. Check particularly cribs that are wider than normal. Because of the width, it's hard for drying air to circulate through the crib. Spoilage will start in the center where the very moist corn is.

Here are some suggestions from Kehler on possible ways to handle the wet corn this spring. Move corn to narrower cribs to give air a chance to circulate. Or, spread the corn out on the barn or other building floor to allow natural air movements.

Considerable drying can be done by blowing air through cribs with fans. Ear corn can be shelled and dried. It's usually a little cheaper to dry the grain only.

Small amounts of wet corn can be ground and mixed with feed. But grind only a few days' supply at a time. Ground moist corn spoils faster than whole corn in the crib.

Whatever is done to handle the moist corn, do it at once. As molds start to grow, the feed value can drop as much as 20 per cent. And livestock doesn't care for the taste of moldy feed.

A buffet meal has the food offered from one table which is used only for serving. Guests are seated elsewhere.

BULEN TALKS Cars

TIRES TELL TALES

In 21 years in the car business, I've watched hundreds, or maybe even thousands of people on the lot. They take a kick at the tires of one car after another. Never could figure out what they learn by kicking tires, but it is true that tires can tell a lot about a car.

First of all, even wear on tires usually means that the car has been pretty well cared for . . . that the owner has not been in the habit of driving roughly.

If wear is uneven, you can be sure something is not quite right. Excessive wear on the left front tire may mean incorrect toeing or it might mean a bent steering arm. Uneven wear on both front tires often indicates that there is an alignment problem. Cuts and bruises are usually the result of rough treatment . . . a driver that bumps curbs and generally handles his car roughly often causes damage to the steering gear and linkage.

There are other tales that tires can tell about the treatment a car has had. That's just one of the places we look for clues about a car. It's one place you, too, should look when you are shopping for a good used car.

Good used cars are what you can expect when you come to see us. You'll find that your dollar will buy as much or MORE real driving satisfaction at Bulen than you can get anywhere.

If you've driven by our lot lately I'm sure you've noticed the fine looking cars. In the market? Come in, you're sure to find one which strikes your fancy. Drive it. Make us an offer. We'll do our best to get together with you. Remember, we guarantee every car sold for over \$300.00.

WANTED - USED CARS. No, you read it right though I never thought I would be buying them. So, if you want to sell bring your car, truck or pickup in. We'll try to buy it.

News from Deford

About 30 were present Tuesday evening, May 13, when the Deford WSCS entertained the Shabbona WSCS. Margaret Wilcox was in charge of the program. Lunch was served.

Carrie Retherford came home last Wednesday from Bay City General Hospital and is convalescing at the home of Mr. and Mrs. Norris Boyne. Her daughter, Mrs. Mark Smith, returned to her home in Kalamazoo Monday.

Henry Rock returned to his home from Pleasant Home Hospital Friday.

Fred Kilbourn, who has been a patient at Bay City General Hospital, came home Saturday.

The eighth grade graduation program will be held Monday evening at 8 p.m. at the school. The students will present a program and William Scott, county superintendent, will speak.

The PTA sponsored an eighth grade banquet Tuesday evening. Parents, faculty members, bus drivers and members of the school board were guests. Rev. J. L. Rich of Ohio gave a short talk and the principal address was given by Arthur Holmberg, principal at Cass City Schools.

Thirty-two seventh and eighth grade students and two teachers, Mrs. Norma Kelley and Harry Volz, made a trip to Lansing Thursday and toured the capitol building and museum. They met Rep. Allison Green, who introduced the group to the legislature. They also witnessed the dedication program by Webster High School, Saginaw, in which a plaque was presented honoring the pine tree as Michigan's state tree.

Mr. and Mrs. Ed Templeton and Mrs. Walter Reynolds Sr. of Flint and Mr. and Mrs. Lyle Reynolds of Owosso were Sunday afternoon callers at the Henry Rock home.

Mr. and Mrs. Arthur Warner and two children of Saginaw called Sunday afternoon on Mr. and Mrs. John Fringle.

Mrs. Olive Kelley and son Grant of Caro visited Mrs. Iris Hicks Friday evening.

Mr. and Mrs. Lewis Babich, Illa Belle and Bernard were Sunday evening visitors at the Warren Kelley home in Cass City.

Mrs. Melvin Phillips, accompanied by her grandchildren, Susan and Timmie Holmes of Caro, spent the week end at the Phillips cabin at Clear Lake.

Miss Jean Lentner of Cass City, Illa Belle Babich and David Gahler were Sunday dinner guests of the Burton Allen family.

Mr. and Mrs. Richard Craun of Pontiac visited Mr. and Mrs. William Zemke Jr. and family Sunday.

Ray McCaslin of Rochester was a week-end visitor at the Amanda

McArthur home.

Mr. and Mrs. Norman Kritzman spent the week end at their cabin near Lewiston.

Mr. and Mrs. Basil Conquest and family of Clio were Monday evening visitors at the Lewis Babich home.

Iron Dextran for New-Born Pigs Proving Effective

Iron dextran, a new preparation for preventing anemia in new-born pigs, is proving superior to older methods, reports Don Kebler, county extension agent in agriculture. The material is also a big help in preventing baby pig scours.

Iron dextran differs from older methods in that it is injected into the muscle of the ham when pigs are three to five days old. If pigs start to eat an iron-containing creep ration by three weeks of age, one injection of 2 c. c. is usually enough. Otherwise, a second shot of 1 c. c. may be needed.

Kebler reminds that the job must be done before pigs are more than five days old. He explains that the little porkers are born with a very small supply of iron in their systems and do not get any extra from the sow's milk.

Pigs need the iron for good growth. When the supply gets too low, anemia sets in. Anemia is the forerunner of several swine diseases.

Other methods of treating pigs for anemia can be used. They include swabbing the sow's udder daily with a ferris sulfate solution, putting sod in the pen, and giving pigs iron pills. The disadvantage of the iron pills is that pigs can throw them up fairly easily and it's hard to tell which pig is without the iron, Kebler says.

It costs about 30 cents per pig for the first treatment of iron dextran. Experimental tests also show that the iron dextran compounds are more effective than iron citrate in preventing baby pig anemia.

Furnish to Suit Man of the House

The man of the house is important, too, when it comes to furnishing the rooms. It's amazing how very definite male ideas can be, too, although some women have never bothered to find them out.

Did you know, for example, that he likes hangers of his own which no one else will usurp? Warm, vivid colors rather than pastels? Solid furniture that looks as though it would hold him? Overhead lights when he eats?

These are but a few of his wants and needs, but you might just go through the rooms with an eye to his tastes and comfort and make the necessary changes wherever possible.

Living Rooms

Living rooms should be livable. The rugs should be large and sturdy, not slipping underfoot. They should be a good color which don't show spots.

Every man really likes his own comfortable chair. Let him pick it out after trying for size and seating comfort if you're thinking of buying one. Let it rest in its place and don't move it after he decides he likes the location.

A foot rest to go with the chair is a good idea, and so are lights which won't topple. Large ash trays and smoking needs, as well as book and magazine shelves should be accessible easily.

He needs a quiet place to work and read, this furnished with a good sized desk, file space, wastebasket and any of his other equipment.

Handsome Bedrooms

Bedrooms should be tailored and handsome rather than ruffled and pretty if they're shared by husband and wife. Make use of color rather than frills and let comfort set the scene: a bed that has a good mattress and is large enough if the husband is above average in size, a dresser with narrow drawers for shirts, good bedside lighting with a bedside table for ashtrays, books and periodicals for easy reach.

All Purpose Spray Helps Fight Bugs

Home fruit gardeners now have a simple, easy-to-use tool for waging their annual tussle with insects and diseases.

The tool is an all purpose spray tested and recommended by entomology, horticulture and plant pathology workers at Michigan State University. Application needs only be done once a week, making the job a week end project, points out Alfred C. Dowdy, extension entomologist at M.S.U.

The spray, which contains captan, malathion and methoxychlor, gives the home gardener a control measure that is not as complicated and extensive as that used by commercial growers, yet gives good control of the major insects and diseases.

When only a few trees are involved, growers will probably find it more economical to purchase one of the commercial mixtures that are available.

But if the grower has several trees, he may find it more appropriate to prepare the spray using separate ingredients.

Here is Dowdy's recommendation for preparing the mixture:

To each gallon of water, add 2 tablespoons of 25 per cent wettable malathion powder, 3 tablespoons of 50 per cent wettable methoxychlor powder and 2 tablespoons of 50 per cent wettable captan powder.

Applications should begin soon after the emergence of the first foliage but can be started any time later and still help control insects and diseases. Dowdy warns that applications should be stopped during bloom and again seven days before the fruit is picked.

Thorough coverage is extremely important to the success of this all-purpose spray program. Growers should have equipment that will cover all parts of the tree. A fresh mixture of spray should be prepared every time an application is made. Directions for preparation will be listed on the spray containers.

Children often like to help mother in the kitchen. With some of the mixes on the market you may be able to let them do some baking by themselves.

Train 4-H Officers At School Monday

Nearly 175 Tuscola County 4-H Club Officers and Leaders received officers training last Monday, relates Shirley Stevens, 4-H Service Club reporter.

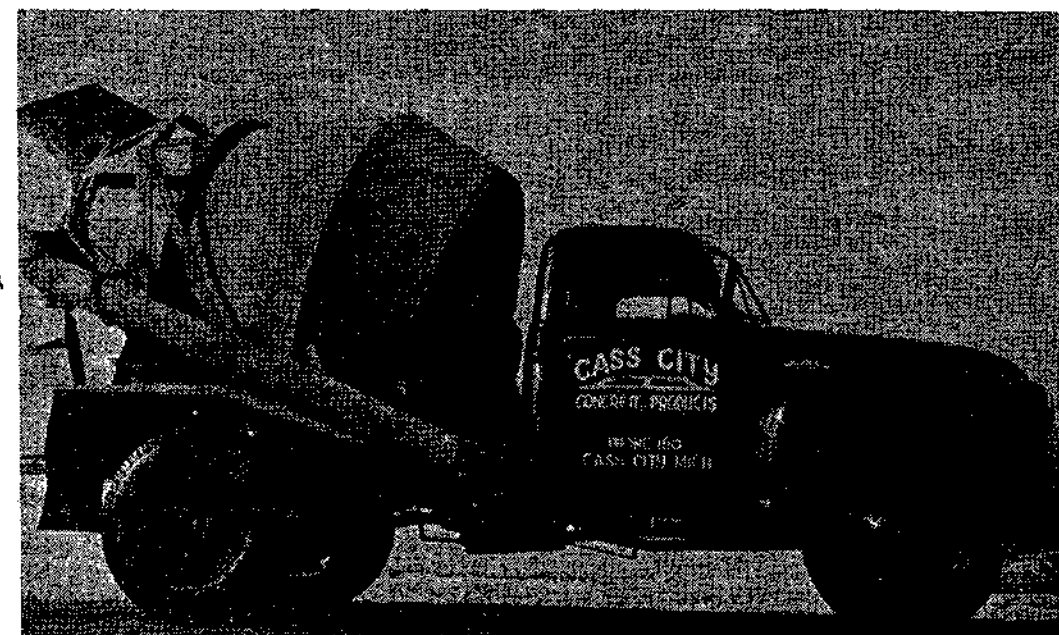

Host for the training school was the Tuscola County 4-H Service Club, and the school was held at Murray Hall, Wahjamega. James White directed the program in which all club officers met in a group respective of the office held. The groups were president, vice-president, treasurer, secretary, reporter, recreation, and health and safety.

Clubs having a complete set of regular officers present were, Richville Community; Wisner; Progressive Four; Gilford Community; Kingston, Hill & Gully; Columbia Corners, and Graham. These clubs will be presented an engraved gavel as a prize.

Recreation leader was Jeanette Sharp and refreshments were served by Roy Wightman, Jack Laurie, Ruth Ann Rowley and Janet Albrecht.

PLYMOUTH SAVES YOU MONEY ON GAS... MOBILGAS ECONOMY RUN VICTORY PROVES IT!

New "Fuel-Saver" Choke that helped clinch title
is standard equipment on all Plymouth V-8s

Pound for pound, Plymouth uses less gasoline than either of the "other two" cars in the low-price "3"! This was proved beyond doubt when a 1958 Plymouth V-8 was officially declared winner of the low-price car competition in the 1958 Mobilgas Economy Run. Plymouth's competitors also entered cars with 6-cylinder engines (supposedly more economical) but Plymouth beat every car in its class—V-8s and 6s alike!

This title-winning Plymouth is exactly the same Belvedere V-8 with TorqueFlite Automatic Transmission that you can buy right off your Plymouth dealer's floor.

These tests prove that every Plymouth has built-in economy features not found in the "other two". For instance—one of the most important factors in Plymouth's

smashing win is the new "Fuel-Saver" Choke that you get at no extra cost on all Plymouth V-8s. This ingenious device employs a triple-stage vacuum piston and a new thermostatic element to reduce the amount of fuel you use in warming up the engine. So it can save you even more on short-distance drives—the kind most people make.

Among the many other savings Plymouth gives you is the \$140 you save on standard-equipment Torsion-Aire Ride. The "other two" charge up to that much extra for their best suspension systems.

So if you are dollar-conscious, better hustle over and talk terms and trade with your Plymouth dealer. He wants your business, and he'll go all out to get it!

Michigan Mirror News In Brief

By Elmer E. White

Michigan Press Association

A state income tax is being pushed by economists and government leaders. The new levy is expected to be the key point of the search for more money during the 1959 legislative session, hard on the heels

of a heated election year.

Income tax, long thought to be the fairest levy possible, remained as a theory for Michigan until the legislative tax study committee came up with a tentative report a week ago. "Even as a flat rate tax, it is

the most equitable and progressing levy," said the report. Experts working with the committee said that the heaviest tax burden now falls on low-income groups, while the income tax is spread with equal impact over all income groups.

Other sections of the report, however, said that low-income groups, which now pay a disproportionate share of the state's revenue, benefit most from the services the state offers.

The report pointed to welfare and other items aimed directly for the benefit of the indigent. In Michigan, the constitution requires uniform taxation rather than allowing a graduated tax schedule, similar to that used in computing the brackets of the federal income tax.

The way around that, lawmakers of the committee said, is to levy a uniform tax rate and provide exemption, either \$600 a year like the Federal government or \$1,000 a year, like some states. Republicans, cognizant of the state's financial crisis, appropriated extra money for the legislative budget because they anticipate a longer session in 1959.

Milk to grow on ... and go on

Children, of course, need milk to build strong bones and bodies. Adults, too, need milk to keep heart muscles and nerves functioning properly, and to rebuild body cells and tissues which are continuously wearing out. Milk also gives the body better tone so you feel more vigorous and alert, more cheerful and relaxed.

Milk is important to the community, too, as well as the individual. Much farm income, for example, depends on milk. Local business, in turn, is largely dependent on farm buying power.

A sound and stable market for milk, therefore, is important to everyone. It assures the producer a fair price and the consumer an adequate supply of America's best food value—milk. That is the objective of the 15,500 dairy farmers united in the Michigan Milk Producers Association.

TRUCKS HELP MAKE IT SO

Whether it's Michigan's wonderful water resources or her great education facilities — twin themes of this year's Michigan Week — the benefits to the people are more far-reaching because of motor transport. For trucks are indeed Michigan's supply lines, transporting everything we eat, wear, or use to every corner of the State — enabling her people to live, shop, do business wherever they please, opening new horizons to new generations. . . Next time you see a truck on the road, remember — it's working for you, serving you, too, so you can say, "It's great to live in Michigan!"

Twenty at Grant WSCS Meeting

Twenty attended the dinner and meeting of the Grant WSCS at the home of Mrs. Claude Martin recently.

The meeting was opened by Mrs. Clair Profit and a short business meeting conducted. Two new books, "White Witch" and "Farmers Almanac Sampler," were presented to the church library.

An announcement of the conference in Midland, held Tuesday, was made.

Mrs. Haskett Blair led the devotionals, reading the 96th Psalm. Mrs. Burch led the prayer.

The next meeting will be at the church.

Girl Scout Leaders Meet in Caro

Fifty-four members of the Tuscola County Girl Scout Council planned for summer events, discussed council activities and saw a film, "Let's Go Troop Camping," Wednesday evening at the Caro Presbyterian Church.

Day Camp is scheduled daily July 7-11 at the Girl Scout cabin. Permission slips, doctor's slips and letters to parents were distributed to various leaders. Each neighborhood will be required to furnish troop consultants for the camp. The nurse will be supplied by Caro.

Several reports were heard. It was disclosed that 27 ladies finished the spring training course. Another class is planned for fall.

Mrs. E. H. Merrill of Caro and Mrs. Arthur Kelley of Cass City told of the president's conference they attended in Chicago in April.

Mrs. Luther Berry invested 17 leaders and troop committee members at the close of the meeting.

Clean-up days for the Girl Scout cabin are slated June 18 and 21. Each worker is asked to bring pruning shears, rakes and other equipment. A sack lunch will be held at noon.

Refreshments were served by Mrs. Leonard Wilson, Mrs. Berry, Mrs. Frank Chamberlain, Mrs. E. J. Riley, Mrs. John Gee and Mrs. Wilson Kirk.

Church Women Meet at Home Of Wilfred Turner

The Women's Department of the Shabbona Branch of the Reorganized Church of Jesus Christ met Thursday afternoon, May 15, at the home of Mrs. Wilfred Turner. There were 12 members and five visitors present.

The theme for this month's meeting was "Our Heritage of Prophetic Ministry." Mrs. Don Smith, in charge of devotionals, read of the vision of Joseph Smith. Mrs. Maude Holcomb offered prayer. Roll call was "Who is your favorite prophet and why?" The lesson, conducted by Mrs. Bruce Kritzman, stressed the challenge to each one of this heritage of prophetic ministry.

Plans were formulated for a small father and son dinner to be given Friday evening, June 13, in the Shabbona Community Hall.

Following adjournment, luncheon was served by the hostess.

The next meeting will be June 19 at the home of Miss Lillian Dunlap. Visitors are welcome.

Club Meets

Fifteen women from Cass City were among an estimated 100 attending the first card party of the season at the Scenic Country Club at Pigeon Tuesday, May 13. A dessert luncheon was served. Hostesses from Cass City were Mrs. H. T. Donahue and Mrs. Fritz Neitzel.

Let Contracts for Road Work in 3 Area Counties

Repair and resurfacing work was let recently in Lansing for roads in Tuscola, Sanilac and Huron Counties.

In Tuscola County a mile of work will be completed from Reese to Watrousville by the Midland Contracting Co. Bid price was \$53,191.

In Sanilac County, work will be completed on US-25 from the south county line to Lexington at a cost of \$5,925. Other work includes a tenth of a mile on M-46 from Port Sanilac westerly; 1.8 miles on US-25, from M-46 northwesterly for six miles, and 1.9 miles on US-25 from Lexington north to M-46. Price for the entire work is \$57,841.

In Huron County, 7 of a mile on M-142 from the village limits of Pigeon southwest to three miles east of Elkton and 4 of a mile on M-53 from Port Austin southerly is scheduled. Cost for the project is \$21,727.

Mrs. Proulx Dies At Home Monday

Mrs. Mamie Proulx of Elmwood Township died Monday, May 19, at her home after suffering a heart attack.

Mrs. Proulx was a member of St. Agatha Church and Altar Society. Born in Elmwood Township, she was the former Mary Agatha Dunn. She married Francis Proulx Sept. 19, 1919.

Surviving, besides her husband are: two sons, Francis of Saginaw and William of Caro; two daughters, Mrs. Clifford (Shirley) Wood of Caro and Mrs. Jack (Jean) Hendrickson of Calumet; two brothers, James and Patrick Dunn, both of Gagetown, and nine grandchildren.

Rosary devotions were to have been held Wednesday evening at 8 p. m. at the Hunter Funeral Home in Gagetown.

Final rites are Thursday at 9:30 a. m. at St. Agatha Church. Rev. Glenn William Cronkite, pastor, will officiate. Burial will be in St. Agatha Cemetery.

Sgt. Chester Reed In Army Maneuver

Sergeant First Class Chester Reed, 23, son of Mr. and Mrs. Ivan Reed, Cass City, recently participated in "Exercise Strong Arm," a Continental Army Command maneuver conducted near Fort Polk, La.

Sergeant Reed, a section chief in Battery C of the 6th Artillery, entered the Army in September 1952 and has served in the Far East.

The sergeant attended St. Clair High School. His wife, Irene, is with him at Fort Polk.

Church Group Elects New Officers

in home after home after home...

there's always plenty of hot water

the new electric water heater way

In home after home there's a new electric water heater. And the families in these homes enjoy all the hot water they want.

You can be confident that an electric water heater, plus Edison's new Super Supply Plan, will provide round-the-clock hot water for all your family's needs, too. Then you can plan your day more efficiently—do the laundry, wash dishes, schedule showers when you want to.

Here's the convenient, modern way to GET IT HOT... GET A LOT for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- ☒ Efficient—the heat goes into the water
- ☒ Fast—new, more efficient heating units
- ☒ Install anywhere—need not be near a chimney
- ☒ Outer shell—cool to the touch all over
- ☒ Long life—meet Edison's rigid standards
- ☒ Edison maintains electrical parts without charge
- ☒ Automatic—all the time
- ☒ Safe—clean—quiet—modern
