

From the Editor's Corner

Letters have been sent to many persons who have pledged to the Cass City Community Hospital asking that they give as much of their pledge as possible now.

The reason for the letter is that \$14,000 more of the outstanding pledges must be collected before the \$25,000 donation of the Kresge Foundation can be secured and construction started on the hospital this fall.

Persons who did not receive a letter and who are able to pay more of their pledge at this time than originally planned will be helping to cut the amount needed for quick action.

Who gets the credit often is the biggest single deterrent to achievement by any group.

We read that there is a squabble by groups in the Arthritis Foundation over the proposed amalgamation with the National Foundation for Infantile Paralysis.

Reason given by the protesting group is that the 50-million dollar polio group will swallow the smaller three-million arthritis organization.

No mention is made of whether or not it will benefit the thousands suffering from the disease for which donations of the country's citizens have gone for years.

Evidently, some of the members have forgotten why the arthritis association was formed in their squabble for authority and credit.

Three Injured In Head-on Crash Friday

Joseph P. Schmidt, 22, of Cass City was among the injured in a two-car collision on Bay City-Forestville Road, near Riche Road, Friday.

Mr. Schmidt received chest injuries, cuts on lips and right arm and bruises of the face and knees in the head-on collision with a car driven by Miss Connie Ann Reid, 19, of Bad Axe.

Miss Reid suffered bruised knees, a cut nose and three chipped teeth. A passenger in the car she was driving, Mrs. Ruth O. Johnson, 44, of Bay City sustained chest injuries and a cut on the forehead.

Both of the automobiles were demolished. Bad Axe State Police investigated.

BIRTHDAY IN BED—Cheerful John Eifert is unable to move any part of his body except his head and right arm which is mobile only below the elbow and can be raised about as high as his waist.

Bedridden 12 Years—Still Cheerful

Eifert Suffers From Tragic Spine Injury

John Eifert, who has been a patient in Stevens Nursing Home for eight years, observed his 44th birthday Friday in bed . . . the same way that he has been forced to observe them for 12 years.

For Mr. Eifert is suffering from a spinal injury that has defied diagnosis of the leading medical specialists in the nation. His search for a cure has taken him to Arkansas, Detroit, University of Michigan Hospital at Ann Arbor, osteopathic surgeons, and many other specialists without results.

Even Mr. Eifert is not sure how his spine was injured. He speculates that it may have happened when he was 12 years old and fell from a milk truck . . . but he isn't at all positive that's the way it happened.

The cheerful patient at the nursing home reports that he felt a pain in his back long before he became bedridden.

He was in and out of bed from 1940 to 1946 before being forced to bed to stay. The ailment has steadily affected his mobility each year so that he now can move only his right arm, slightly, and his head.

Despite his condition, Mr. Eifert is described as one of the most cheerful patients at the nursing home and is a favorite of Mrs. Helen Stevens and her staff who care for him each day. Friends of Mr. Eifert showered him with birthday cards Friday. He was formerly a resident of the Bad Axe area.

Wright Fined for Reckless Driving

James Wright of Detroit was arrested Friday evening by Marshal Bill Wood for reckless driving on Leach Street in Cass City. He paid a fine of \$25. No costs were assessed.

Little Interest in School Meeting

Just 25 votes were cast in the annual school election Monday at Cass City High School when James Gross and Dr. D. E. Rawson, unopposed candidates, were unanimously re-elected to office. After the polls closed Monday the annual meeting of the district was held with 12 electors present, including the school board. The financial report was read by Mrs. W. E. Walpole.

Cass City operated in the black last year, but increased costs will raise the school tax .6 of a mill next year. Last year the total tax was 9.9 mills. This year eight mills will be used for operating and 2.5 mills for debt retirement for a total of 10.5 mills.

The school has made steady progress on its debt reduction. The district is currently paying two bond issues. A \$200,000 issue has been reduced to \$152,000 and a \$125,000 issue is down to \$54,000. In addition, there is \$33,542.94 in a debt retirement fund.

During the year, the district sold five former country school buildings and sites for a total of \$9,390 which was transferred into the building and site fund. The school still owns one building.

Elect Officers

Following the election, officers for the school board were named. All officers were re-elected. President is Lester Ross. Dr. Rawson is secretary and Mrs. Walpole, treasurer. Trustees are Mr. Gross and Luke Tuckey.

In the Black

The financial report indicated that the school operated in the black during the 1957-58 year although expenses increased over the previous year. The report indicated that there was a net balance of \$18,901.92 as of June 30. Biggest increase in cost was for salaries. Salaries of the superintendent and assistants jumped from a total of \$7,300 to \$9,800, while principals received \$17,958 this year, as compared to \$17,265 the previous year.

Seurynck Injured In Tractor Accident

Leo Seurynck of Gagetown suffered a broken right ankle Thursday, July 10, in a tractor accident.

Mr. Seurynck was spraying near the side of the road when his tractor slipped into a ditch and overturned on its legs.

He was taken to Cass City Hospital for treatment. His ankle is in a cast.

Elect Mrs. Field To Deford School Board Monday

Sixty-two electors voted Monday at the annual Deford Community School meeting held at the school to elect a trustee and decide several matters of school policy.

Mrs. Everett Field defeated Arthur Hartwick in a close vote for the trustee position. Mrs. Field received 33 votes and Mr. Hartwick 26 votes.

Dancing at the Deford School had been prohibited and the electors voted to allow dances at the school by a vote of 38 to 24.

Last season several groups used the school's gym for basketball without charge. A motion was passed that a charge, not yet determined, will be made for the use of the facilities and that each group must have a manager in charge of the team when it plays at the school.

Officers of the board were also named.

Claud Peasley was re-elected president and Mrs. Marjorie Pringle was re-elected secretary. Louis Babich replaces Mr. Hartwick as treasurer. Trustees on the board are Mrs. Field and Glen Tousey.

Will Ask Sanilac Voters for One Mill For New Facility

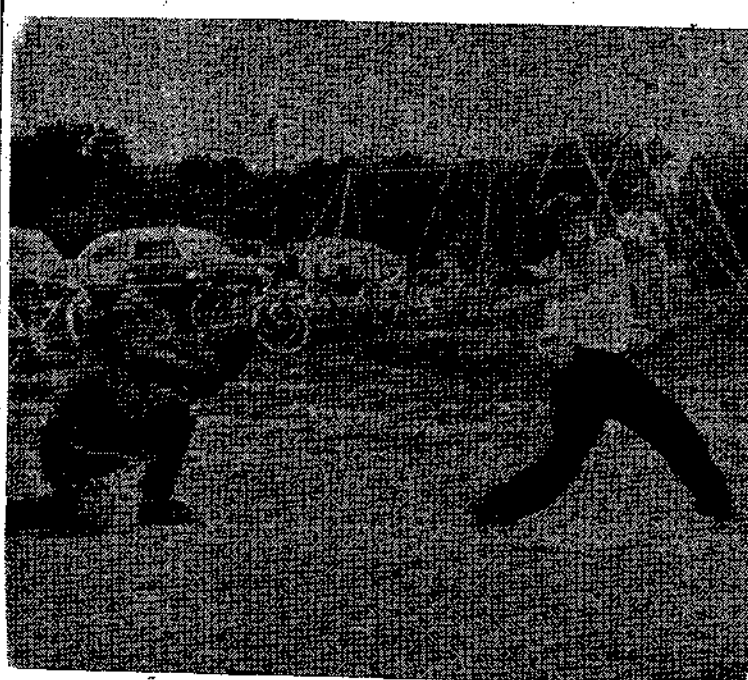

With the proposed vote Tuesday, Aug. 5, for a fund for a Sanilac County Medical Care Facility drawing closer, authorities this week released details of the size and cost of the building, together with the type of care that will be offered.

The facility is not a hospital and no special equipment for treatment or diagnosis is needed. No surgery will be performed and the facility is not an infirmary.

The facility is the place where care can be given to persons suffering from chronic illnesses and for convalescence.

The architect's plan for the building calls for 62 beds. Several years ago cost was estimated at \$420,000 for the building and another \$100,000 for the furnishings and equipment. The costs since

New Stamps Arrive

Post Office Ready For Rate Increase

Cass City Postmaster Steve Orto said today he expects plenty of stamps and postal cards to be on hand for sale August 1, to meet new postage rates which become effective then.

Mr. Orto explained the Post Office Department has been issuing new stamps, stamped envelopes and postal cards to post offices for several weeks in anticipation of the new rate changes.

Large additional supplies of the regular 4c stamp, bearing the likeness of Abraham Lincoln, are being received here to meet the new first-class letter rate of 4c an ounce. In addition, issues of special stamps and commemorative stamps will be available at the local post office in 4c denominations.

A new "Champion of Liberty" stamp, honoring Simon Bolivar, the late great South American liberator, will be on sale at the local post office on July 25, in 4c and 8c denominations. (The 8c stamp is used in international mail.)

Adequate supplies also are expected in other stamps, cards and envelopes, including new 7c air mail stamps replacing the 6c air mail stamps; 3c postal cards replacing the 2c cards; 5c air mail postal cards replacing the 4c air mail postal cards and 4c and 7c stamped envelopes to be used in place of 3c and 6c stamped envelopes.

"Picture" post cards will require 8c stamps for surface transportation and 5c stamps for air transportation. Ample supplies of 3c and 5c stamps are expected to meet anticipated demand for these stamps.

Old supplies of 3 and 6c stamps, 2 and 4c postal cards and 3 and 6c envelopes may be used after August 1, by adding the necessary postage.

To Let Bid for County Road Work

Road work in Tuscola County will be included in 39 construction projects to be let July 28 in Lansing, Highway Commissioner John C. Mackie announced this week.

To be let is 6.4 miles of bituminous aggregate surfacing on FAS route 116 from east of M-188 at Unionville, easterly; on FAS route 127 through the village of Fostoria, and on FAS route 724 from M-15 westerly. Completion date is Nov. 1.

Slate Final Preconsolidation Meeting

Elect Laurie, Fischer To Gagetown Board

Tom Laurie was elected to the Gagetown School Board Monday in the annual meeting of the district, replacing Harry Russell, who resigned.

Mr. Russell had served for 27 years on the board. Arthur Fischer, incumbent, was re-elected to the board by the 35 persons present.

The board also re-elected officers. Wesley Downing is president. Art Fischer is treasurer and Leslie Munro, secretary. Trustees are Mr. Laurie and James Milligan.

The proposed consolidation of the Owendale-Gagetown districts was discussed at the meeting.

In another activity concerning the district, it was announced that the last of a series of meetings prior to the vote to decide whether Gagetown and Owendale

Hear Domestic Cases In Circuit Court

Judge Timothy C. Quinn presided over several domestic cases in Tuscola County Circuit Court last week, marking his return to the bench in Caro after serving in Saginaw.

Thursday, July 10, he ordered the provisional release of Edward D. Carlisle who had been in the county jail for contempt of court for failure to pay alimony. He instructed Friend of the Court John Humm to investigate Mr. Carlisle's claim that he had a job and if his statement to the court was true, to have him released.

Wednesday, July 9, three cases were heard by Judge Quinn.

A divorce decree to Mrs. Marilyn Hobson was amended to include alimony of \$25 a week for a year and \$30 a week thereafter.

Mrs. A. Hollingsworth was granted temporary alimony of \$100 a week from Joseph Hollingsworth.

Clarence Best was allowed to reduce alimony payments to his former wife, Dorothy Best, during the time he is unemployed. Payments will be \$20 weekly retroactive to April 22. The balance is to be paid when he is again employed.

Crop Price Support Rates Established

Price support or loan rates to be in effect in Tuscola County in 1958 have been established for all crops except corn, it was reported recently by Charles B. Eckfeld, ASC county office manager.

The crop rate this year is lower for barley, oats, rye and wheat. Barley is set at .93 as compared to .95 in 1957; oats at .62 this year, .61 last year; rye \$1.13 in 1958, \$1.18 last year, and wheat \$1.32 in 1958 and \$2.01 in 1957.

Price support will be available on 1958 crops in the form of loans and purchase agreements as it has in past years, Eckfeld said.

On the basis of announced national average support rates, the county rates for 1958 corn and soybeans are expected to be about the same as those in effect in 1957.

Schwaderer Sells 720-Acre Farm to Reinhold Bros.

Announcement was made this week of the sale of the E. B. Schwaderer farm in Almer Township, four miles north of Caro, to Erwin and Harold Reinhold of Reese.

Land sold included 720 acres of brookston loam, considered by many to be the finest type farm land in the state. The farm includes all of section 16 of Almer Township.

Part of the purchase price for the property included 353 acres of land east of Saginaw, formerly owned by the Reinholds.

The sale will mark only the third different owner of the land in nearly a century.

Records show that the farm was purchased by Horace N. Montague in 1877. At that time there was "200 of the 640 acres in section 16 under cultivation with no more than 50 stumps on the cleared portion of the land."

The productive land was a source of comment even before the turn of the century. A history of Tuscola County says that in 1882 the land produced the astounding total of 35 bushels of wheat to the acre . . . outstanding for the period.

Mr. Schwaderer purchased the farm from Bob and Robert Montague, heirs of Horace Montague, in 1944.

Although the transaction has been completed, the new owners will not take possession until Dec. 1. Mr. Schwaderer still owns 400 acres in the area that was not included in the sale.

Talent Show and Bike Rodeo Next On Park Program

The playground schedule for next week calls for two special events that should be of top interest to the area's youth.

Tuesday, July 22, at 7 p. m. the annual Bicycle Rodeo will be staged near the stadium at Cass City Recreational Park. Prizes will be awarded winners of a variety of contests including races, comedy routines, balance tests, maintenance, mounting and dismounting and safety.

Friday night, July 25, a talent show will be held at the Cass City Elementary School gym at 8 p. m. Persons wishing to enter should contact Mrs. Mike Yedinak or Eli Holes. No phone calls will be accepted.

At the talent show decathlon prizes will be awarded.

The Mummer's Parade, highlight of last week's program, was successful. After the parade, children gathered around a large bonfire to sing, roast marshmallows and see an Indian dance staged by Ron Fleenor and Jim Hutchinson.

Auto Victim Taken to Ontario For Final Rites

Elijah Watson Jr. of Decker, who was killed in an automobile accident Friday, was buried Sunday in Hagersville, Ont.

Mr. Watson ran off the end of Kingston Road into a deep ditch at 2:30 a. m. when he apparently fell asleep while driving. He died from a crushed chest and head injuries.

His wife and two children, passengers in the car, were also injured.

Mrs. Watson, 41, sustained injuries to her left ankle. A son, Kenneth, 6, suffered a fractured right leg and face abrasions. A daughter, Karen Ann, 4, received a head injury.

The body of Mr. Watson was taken to Little's Funeral Home in Cass City and then transported to Hagersville for funeral services and burial.

The mother and children were treated at Pleasant Home Hospital.

Besides the immediate family, other survivors include: his father, Elijah Watson Sr. of Decker; his mother, Mrs. Irene Underhill Watson of Hagersville; a brother, Raymond of Decker, and a sister, Mrs. William Pratt of Kingston.

Coming Friday, July 25, Crazy Daze in Cass City. Watch for it in next week's Chronicle.

ACTION GALORE—An authentic wild west rodeo featuring all professional riders will be one of the top attractions of the Home-coming this year. The rodeo is slated two nights, Thursday and Friday, Aug. 7-8, and authorities promise that this scene will be repeated many times during the year.

State-wide Tiling Demonstration

A state-wide tiling demonstration has been scheduled for July 30 in Sanilac County. The William Scouten farm near Snover is the site for the event, according to Willard A. Cutler, extension agricultural engineer at Michigan State University.

Coupled with the demonstration is an air tour of the demonstration itself and of nearby areas to show conservation practices from the air. Starting time is 10 a.m. Six different types of trenching machines will be demonstrated along with four pieces of back-filling equipment. As a special feature one trenching machine will be equipped with special devices for laying glass fiber filter material over the tile and a stabilizing material under the tile in the same operation. The filter material is used for filtering sand out of the tile under sandy conditions. The stabilizing material is used for laying tile across quicksand pockets where the tile are apt to settle out of line.

Drainage equipment, farm machinery displays, tile displays and an exhibit of engineering instruments will also be available for inspection by visitors. Sponsors of the event are the Michigan Farm Trenchers Association, the Snover Lions Club, the Michigan State University Cooperative Extension Service and the Sanilac Soil Conservation District.

Farmers, contractors and others interested in farm drainage are invited to attend, according to Cutler. Speaker at the noon program is Kenyon Payne, head of the farm crops department at Michigan State University.
A landing strip will be available for those who wish to fly in. In case of rain the event will be held on July 31.

WOMAN'S WORLD

Fashion Emphasizes Easy Living, Casual Styles for Summer

NO MATTER what fashion you wear this summer, you're going to be comfortable as well as colorful. Whether it's a chemise style, a blouse silhouette or one of the full-skirted classics, the style will be designed for casual, easy grace.

Colors, too, are very appealing whether they're among the cool greens and blues, or very soft pastel tones or flowery prints. They

The blouse silhouette as interpreted by Suzy Perette uses navy silk shantung with elbow-length sleeves and a large collar of white waffle pique and lace. Both collar and narrow lace sleeve edging are attached by hand to make removal easy for laundry. The shirt is slim.

reflect a delicate air with the casual floral patterns or greenery from which they're inspired.

Fashions for the season will also wash well and travel nicely because most of them are easy care fabrics. Wrinkles, if they should appear, drop out easily on hanging, whether you unpack them from a bag or swish out of the laundry tub.

Sheer Cotton
Sheer cottons are being used for every occasion. In red, white and blue you'll find a seafaring ensemble that features a satin striped swim suit with boy shorts, topped with a sheer chiffon jacket.

You'll find these sheer cottons perfectly at home for every sports and daytime activity because they have an airy feeling about them. They are perfect for short-sleeved dresses that stay at home during the chores or go shopping before the sun reaches its height.

For the very young, Eloise Curtis has designed a peppermint white striped frock in pink and white sheer and topped it with an organdy apron that's tiered and embroidered.

Party Cottons
For evenings when you're going out or entertaining at home, you'll be wearing dropped necklines, gracefully falling skirts and pastel or misty colors.

Oleg Cassini selects delicate leaf green printed chiffon for a draped and molded bodice and a gracefully full skirt.

Adele Simpson captures a party mood with a fluid silhouette in an amber toned chiffon with a pailletted bodice and slender skirt.

Summer's the Time To Clean Bedding

Warm, wonderful days, gentle breezes and the energetic spirit that pervades before hot weather sets in is a perfect time to give bedding a thorough cleaning and airing.

These are no longer the times when one hauls mattresses outside for a sun-up until sun-down airing, but much can be done to freshen them, as well as the other bedding.

Select one of those days not too warm when you feel like working. Strip the bed of all its trappings, and hang them outside while you clean frame and air the mattress.

Thorough Dusting Needed
Open the bedroom windows wide and use a fan if it's needed to get good circulation for the mattress. If possible, move the bed near a window where the mattress can be sunned.

Using an attachment on the vacuum cleaner, go over the entire mattress, turning to get on the reverse side.

Sponge off any stains or use a good spot remover with a sponge after it's dusted. Overlap the areas to be cleaned so there is no ring left. If the bed has been covered, it is hardly likely there will be any spotting as a cover is a good protector.

Use the vacuum cleaner attachment on springs, too or on the box spring to get out all dust which has lodged. Polish the bed frame and legs with your regular furniture polish if it's wood, or wash if it's enameled.

Blanket Laundry
The same kind of day that's good for airing bedding is also perfect for laundry on blankets, if you want them dried out-doors. The sun should not be too warm nor the breeze too sharp for best results.

Those who expect great things of us are a tower of strength in helping us do great things.

Men who make a god of wealth are usually as crooked as the dollar mark they worship.

Make a noise like a dollar and some men answer the call of duty.

Uncle Tim From Tyre Says:

Dear Mister Editor:
The fellers up at the country store Saturday night was bragging about what fine gardens they got this year. I had to just set and listen on account of me not having no garden this year.

My garden tools stay over at Ed Doolittle's house anyhow and I just figured I'd let Ed plant my garden for me this year. Fer one thing, it'll save his chickens a heap of extra walking. His chickens sleep pretty sound between 11 p.m. and 1 a.m. and last year I tried to get my seeds in the ground while they was asleep but it didn't work so good. They had insomnia that night.

It's a funny thing about Ed's chickens, they got a good high school education, at least they can read, which is better'n Johnny can do. I used to stick the empty seed package on a pole to show what kind of seed was planted in each row. Them chickens would pick out the best seed for eating and leave the rest of 'em alone. One year I stuck a spinach package up on ever pole and it was two weeks afore Ed's chickens got hungry enough to bother my garden.

Well, from what I read in the papers, things is still mighty complicated, especially in Washington. Some Congressman from Georgia said yesterday that the country was in such a bad fix we couldn't even give it back to the Indians. He says they wouldn't have it.

He might be right. There's a big difference between going out and shooting a buffalo for your meat and taking a five dollar bill to town and getting a pork chop. And when a Indian squaw wanted to go some place she just put a little red mud on her face, stuck a feather in her hair and strapped her papoose on her back and took off. Now she's got to put red paint on her face and also on her toenails, get a queer looking contraption on her head and a baby sitter fer her papoose. And when the Indians got tired of their Chief they just granted a few times and got a new one. They didn't have to wear no buttons in their coat lapel and listen to no campaign speeches. I reckon that Georgia feller was right, the Indians would make a bad deal to trade them heads back fer the country.

But taking it year after year I reckon we still got the greatest country on earth. If we could get prices down a bit there wouldn't be no doubt about it. I went to town Saturday to do a little shopping and when I got home my pocketbook had been washed in the blood of the lamb. I bought me a pair of shoes and I want to tell you one thing. The old lady that lived in a shoe

It's an unwritten law that a man must either make a way for himself or get out of the way of others.

The man who measures his happiness in dollars and cents is bound to be a failure in this life.

Even when money talks in a whisper nobody seems to be the least bit hard of hearing.

Mr. and Mrs. J. D. Gibbard

Mr. and Mrs. J. D. Evans Gibbard are living at Tyre following their marriage June 21 at St. Pancratius Church.

Rev. I. J. Mikulski officiated at the 11 o'clock ceremony.

The bride is the former Lillian Anne Otulakowski, daughter of Mrs. Lillian Otulakowski of Cass City and William Otulakowski of Detroit. Mr. and Mrs. Thomas Gibbard of Tyre are the groom's parents.

The bride wore a ballerina-length gown of white lace over a cummerbund. The full skirt was accented by a large bow on the bustle. She carried a cascade bouquet of white carnations with coral streamers.

Joseph Walsh of Tyre, the bride's brother-in-law, was best man.

A wedding breakfast for the immediate families was served at the groom's home and a reception was held in the evening at Austin Center. About 300 guests attended from Detroit, Cass City, Uby, Argyle, Tyre, St. Clair Shores, Snover, Marietta, Pontiac and Waterford.

Mr. and Mrs. Gibbard enjoyed a week's honeymoon trip in Upper Michigan, Wisconsin, Illinois and Indiana.

Patricia Walsh of Tyre, the bride's sister, was matron of honor. She wore a ballerina-length gown of coral nylon chiffon with a Sabrina neckline and a cummerbund. The full skirt was accented by a large bow on the bustle. She carried a cascade bouquet of white carnations with coral streamers.

Cleanup Prevents Hardware Disease

A good cleanup around the barnyard on most farms can help eliminate one of the chief causes of "hardware disease" in cattle, according to a suggestion offered today by the American Foundation

A clean barnyard is best way to prevent hardware disease in cattle.

Cows have peculiar trait which sometimes causes them to develop "hardware" trouble. Foundation authorities say. It seems that cattle cannot separate from their feed the bits of metal, nails, wire, fence staples, and such items which may have been left in barnyards or pastures.

These pieces of metal collect in the fore stomach, and may then work their way through the wall, piercing such vital organs as the heart or liver, and causing death. The best way to prevent this problem is to make a systematic cleanup of lots and pastures, collecting all such items. The Foundation suggests that now, before the heavy work season, is the time to do it.

If an animal shows signs that "hardware disease" is developing, a veterinarian can sometimes remove the harmful metal surgically. Symptoms of the onset of the disease include loss of appetite, a sharp drop in milk production, a variable fever, and the animal may make grunting noises, and walk with an arched back.

Where owners wish to guard valuable animals against this condition, veterinarians generally insert a special magnet in the fore stomach.

Test Gibberellin As Soybean Check

Soybean research workers in five states, Canada and Sweden will carry out tests this summer to see if gibberellin will make it possible to save more soybeans at harvest.

R. W. Howell, plant physiologist at the U. S. Regional Soybean Laboratory at the University of Illinois, reports that tests were made with gibberellin on soybeans in 1957. The Illinois scientists found only minor yield differences. But where soybean seed was treated with three grams of this plant hormone per acre, the distance from the ground to the first node of the plant was 2 1/4 inches greater. This distance might be enough to save many more beans from the lower part of the plant that are now often lost in combining.

Observations have shown that in harvested bean fields as much as three bushels of beans and two bushels of uncombined pod are left scattered on the ground or on the stubble of the plants. Saving the beans from just one more pod per plant would add up to two bushels or more an acre.

Gibberellin treated seed will be planted in Illinois, North Carolina, South Carolina, Mississippi, Minnesota, Manitoba (Canada) and Sweden this spring. Soil treatments at planting will also be tried in Illinois. All plots will be large enough so that they can be harvested with a regular combine. Normal varieties grown at these locations will be used in the tests.

Carcase Study

The above diagram hereof shows points of a carcass study recently conducted on the Chicago market. Prime Herefords showed a greater percentage of loin, rib and found cuts, and less percentage than other breeds in the low-priced cuts in the brisket and plate.

The key to success is made to fit any schoolhouse door.

Be sure you are right and then proceed—but don't expect everyone to follow you.

You can't expect to live in a sunny world if you're wearing a cloud on your brow.

News from Greenleaf

Rev. William Hopper conducted services at Fraser Church the past two Sundays, in the absence of Rev. George Gillette, who is on vacation. Next Sunday, July 20, Rev. Henderson will be the minister.

Mrs. Eleanor Morris, Mrs. Rayford Thorpe and Mrs. Doris Mudge made a short trip around Tuscola County Friday and called on Mrs. Hazel Watkins near Caro.

Mrs. Rodney Karr entertained at a pink and blue shower Friday evening in honor of Mrs. Wayne Rabideau. The honored guest received many nice gifts.

The Hill reunion was held at Oak Beach Sunday. Those attending from this locality were Mr. and Mrs. Pete Riestra and sons, Melbourne, Dennis and Dean, and Mr. and Mrs. Rodney Karr and sons, Roger, Myron and Timmy.

Mr. and Mrs. Clayton Root had as Sunday dinner guests, Mr. and Mrs. Erwin Binder and son David of Cass City. The occasion was the wedding anniversary of the Binders.

Dennis Stine has been visiting in Flint the past week.

A group from Fraser Church went to Uby Sunday to see slides shown by Rev. William Hopper at the Presbyterian Church. The pictures were of different places in the Far East, where the Rev. Hopper served as

missionary. Mr. and Mrs. Henry McLellan and Jimmy attended the Wagg family reunion at Forester State Park Sunday afternoon. They took Mr. and Mrs. Fred Searborough of near Sandusky with them.

Free Pest Control Guide Available

Home fruit gardeners in Tuscola County can now get a pest control guide in the form of a newly published folder from the Michigan Cooperative Extension Service.

The Tuscola County extension office located at Caro has copies of the folder, F-117, "Pest Control Program for Home Grown Fruit." A copy is free for the asking. Information on sprays, equipment and time of spraying is included. The authors have also included some tips on handling special insect and disease problems.

Most home gardeners can get an abundance of unblemished fruit if they follow recommended insect and disease control measures, believes Don Keblor, county extension agent in agriculture.

The world is filled with people coming and going, but very few are arriving.

News from Gagetown Area

Williamson Farm Bureau—The Williamson Farm Bureau met Wednesday evening in the school with 35 members present. Vice-president Clarence Shantz opened the meeting. Mrs. Leonard Karr read the newsletter and Mrs. William Ashmore led the topic for discussion, "Michigan Problems About Water Are Growing."

Miss Lucile Taschner, daughter of Mr. and Mrs. Charles Taschner, was sponsored for bean queen. Stated officers for election in November are Howard Irer, James Welborn and Charles Taschner.

Cooperative lunch was served. Co-hosts were Mr. and Mrs. Chris Gayari and Mr. and Mrs. Fred Winebarger.

Mrs. Ben Hobart entertained several ladies at a bridge party Thursday afternoon. Mrs. George Purdy held high score and Mrs. Sheppard Rice Sr. won the consolation prize. Refreshments were served.

Mr. and Mrs. John Mackay, Charles Mackay and Miss Louisa Meyer were Sunday dinner guests of Mrs. Julia Sutton in Flint. Miss Pamela Mackay of Detroit came home with them for two weeks' visit.

Mrs. Thomas Carroll, principal of Stephens School, and her daughter Joyce of Grosse Pointe were guests of Miss Helen High Tuesday and Wednesday.

The survivors of Mrs. Leo Bartholomy, whose obituary was in the Chronicle last week, should have included her sister, Mrs. Edward Hennessey of Detroit. Mrs. Helen E. Dillon and Har-

land E. Stock, both of Unionville, were married in St. Agatha's Church Saturday morning. Rev. Glenn William Cronkite officiated at the ceremony. After a short wedding trip to Mackinac, they will live on Mrs. Stock's farm. Mr. and Mrs. L. J. Dillon of Unionville were the attendants.

Leo Bartholomy is spending the week in North Branch with his son and family, Mr. and Mrs. Martin Bartholomy.

Mrs. Fred Stewart, two nieces and a nephew of Pontiac were Saturday overnight guests of her parents, Mr. and Mrs. Adolph Thiel.

Mr. and Mrs. Albert Elke of Detroit called on friends in this vicinity Wednesday.

Rev. and Mrs. Leo Burch of Elkton were visitors recently at the home of Mr. and Mrs. Lloyd Karr.

Mrs. Mose Karr and Mr. and Mrs. Leonard Karr spent Sunday in Pontiac at the home of Mr. and Mrs. John MacKichan.

Mr. and Mrs. Jerry Beach of Detroit were Friday guests of Mr. and Mrs. Lawrence Salgar.

Sunday dinner guests of Mr. and Mrs. Clarence Shantz were Mr. and Mrs. Leonard Burzynski and family of Bay City, Mrs. Floyd Urban and family of Cass City and Mr. and Mrs. Norman Emmons and family.

Honor Mrs. Decker

Mrs. Peter Decker was honored Sunday when 70 persons attended a birthday picnic dinner at the home of her son, Charles W. Wright. Among the guests were 48 of Mrs. Decker's eight children, 27 grandchildren and 27 great-grandchildren.

All of the children were present except Mrs. Myron of Palermo, Maine, who called to congratulate her mother.

Huge beautifully decorated cakes centered the tables, baked by Mrs. George French and Mrs. Dick McKinley.

Guests included: Mr. Decker, Mr. and Mrs. George French, Mr. and Mrs. Paul Zimmerman and children, Mr. and Mrs. Derald McKinley and children of Plymouth, Mr. and Mrs. Keith Ebersole and daughter, Mr. and Mrs. Oliver Stilson, Mr. M. L. Coleman, Connie, Karen and Brenda.

SANILAC FACILITY

Concluded from page one.

that time have increased and the facility will be somewhat higher now, authorities feel.

Supervisors point to the record of neighboring counties to illustrate the savings a new facility will bring to taxpayers.

Cost per day for care in Tuscola County is \$2.39 per patient. Lapeer County pays \$4.22 per day and Huron County, \$2.50 per day.

Cost for convalescent care in a general hospital is estimated at \$25 to \$30 a day.

Each patient can receive a maximum of \$120 a month. Old Age Assistance pays \$90, \$27 comes from county funds and \$9 is reimbursed.

Sanilac voters will be asked to approve a one-mill levy for five years for a medical facility. A mill is \$1 for each \$100 worth of assessed valuation. If approved, it will provide \$46,000 a year towards the cost of a new facility.

Babe Ruthers in Tie for Loop Title

Following Cass City's one-sided victory, 27-5, over Elkton last week at the Cass City Recreation Park, the stage was set for a showdown battle for the championship of the western division of the Thumb Babe Ruth League.

Both Cass City and Pigeon finished the season with 4-1 records. Pigeon is the only club to hold a decision over Cass City. The winner of the Cass City-Pigeon game will play Uby for the league title.

Cass City pounded out 18 hits to defeat Elkton. Marvin McCormick was the winning pitcher. He allowed five hits in the four innings he worked. Bill Finkbeiner and Larry Robinson completed the game.

Gary Hutchinson was the leading Cass City hitter as he banged out four hits in as many times at bat, including a triple. Grant Hutchinson slammed out four hits in five times to the plate.

Cass City was helped by the wildness of Elkton pitchers. They issued 15 walks. Elkton committed seven errors.

Final Rites Monday

Fred Ritchie died at his home in Cass City Friday, July 11. He had been in poor health for two years.

Rosary devotions were held at Little's Funeral Home Sunday evening and Requiem High Mass was sung at St. Pancratius Church at 10 a.m. Monday. Rev. I. J. Mikulski officiated. Burial was in Novesta Cemetery.

Mr. Ritchie was born in Bay City Jan. 1, 1880, the son of the late Mr. and Mrs. Joseph Ritchie. He married Miss Freda Cooley Sept. 1, 1908, in Pinconning, where they lived following their marriage. They came to Cass City nine years ago.

He leaves his wife, three daughters, Mrs. Millard Knuckles

For Fred Ritchie

of Sarasota, Fla., Mrs. Louis Yaroch of Kinde and Mrs. James Robbins of Detroit; one son, Loren Ritchie of Dearborn; two sisters, Mrs. William Urban of Pinconning and Mrs. Thresa Miller of Bay City; 11 grandchildren, and four great-grandchildren.

Think of the number of laws it takes in our civilized world just trying to enforce the Ten Commandments.

Men who borrow trouble find the interest eats up the principal.

It's a good idea to remember that life is a game of chance and the cards are usually stacked against you.

Check Poor Beans For Root Rot

Bean growers in Tuscola County have noticed their beans are stunted, yellowing, and growing poorly, reports Don Kebler, county extension agent in agriculture.

At first glance these beans appear to be starving -- and they are. However, it may not be due to a shortage of nutrients in the soil but to bean root rot. Bean root rot destroys the root tissue and prevents the intake of plant food into the plant. And regardless of the amount of fertilizer in the soil, the plants are not able to take it up.

These root rot organisms seem to be more prevalent this year than during some other years because they have had good growing conditions which occur any time the weather and soil conditions are unfavorable for bean growth. After the dry spell this spring, it turned wet and cool, and the root rot organisms thrived vigorously while the beans stood still. Warm weather, good soil moisture and fertility would have helped to prevent the rot.

It is simple enough to see if beans are affected by root rot. Examine the roots of stunted yellow bean plants. If the top root has a dry pithy appearance below the ground, along with a black,

gray-brown or red color, it's root rot. The rootlets are dead or rotted off too. If these symptoms are not present, something else is affecting the plants.

Once beans have root rot, nothing can be done to control it this season. There are no artificial control measures for root rot, and no bean varieties are resistant either. Of the several kinds of fungi organisms causing root rot, all but one will live on other crops. Clover, alfalfa and cereals are least affected. So the best preventative control is to follow a 4 or 5 year rotation, including these crops in it between bean years.

Also any measures which will produce favorable growing conditions for beans will be unfavorable for root rot. Among these favorable bean growing conditions are proper drainage, fertility and soil reaction or pH. If the weather warms up and the soil drains soon enough the infected beans could still produce a crop, as new roots will develop in time to feed the plants.

Kebler suggests that every farmer having an infestation of bean root rot this year should keep beans out of that infected field for at least four years.

Are you one of many who go for fad diets? There are 10-day diets to lose weight, wonder diets to add muscle and special-formula diets to keep young. But there is one diet that scientists believe is best for all. It is based on a very simple rule: for good nutrition and eating pleasure, be sure you get a variety of the right kind of ordinary foods; because good eating habits pay off over the years. The condition of your skin, teeth, hair and body tissues is directly affected by the food you eat.

There are many ways to a balanced diet that provide all the things your body needs. Some diets recommend specialty items such as sauerkraut juice, yogurt and wheat germ. These are all good foods, but the same vitamin C found in sauerkraut juice is supplied more generously by fresh raw cabbage and many other fruits and vegetables. Like other dairy products, yogurt is a good source of calcium, but it furnishes no more than the milk from which it is made. And the B vitamins of wheat germ are found also in whole wheat and enriched breads and cereals. If you are tempted to memorize a

special diet you will use for a short time, it is a better idea to memorize the foods in a well-balanced diet -- one you can use and will need all of your life.

Let us concentrate a moment on the dairy foods. Sip it, spoon it, slice it: "it" is a dairy food, milk, ice cream and cheese. Maybe you prefer a milk shake, cottage cheese or sour cream. There are reasons and reasons why people use dairy foods, but reason enough is because they all taste so good and are so very good for you. Where else can you find the relaxing refreshment of a tall glass of cold milk, or the "celebrating" flavor of a dish of ice cream? What food, other than cheddar cheese, improves with age?

Questions could go on and on, but if you like dairy foods, you help yourself to convenience and nutrition. Each sip, spoonful or slice points out the convenience. It is no trouble at all to open a carton. Then, with a glass and a straw, a spoon and a dish or a knife and a slice of bread, good eating is all yours.

Flavor and convenience of dairy foods make them a happy way to nutrition. You know of course that you need the calcium in two cups of milk every day so that your teeth and bones will be sturdy and strong. For children and teenagers they need four cups of milk every day.

Maybe you don't get two glasses of milk every day, but drinking milk is not the only way. You might drink one glass of milk and get the rest of the calcium from 1/2 cup serving of ice cream, plus a 1 1/2 ounce serving of cheddar cheese. Perhaps you "eat" 1/2 cup of milk with your morning cereal, 1/2 cup in a creamed casserole and finish off by drinking some and having a serving of ice cream or cottage cheese.

However, you get your pint of milk, sip it, spoon it, slice it; congratulate yourself on getting health from dairy foods.

Slate Sheep Field Day at Carr Farm

Sheep raisers in the Thumb area will gather at the Art Carr farm in Huron County on Wednesday, July 23, for a field day program and picnic. The Carr farm is located five miles west of Bad Axe on M-142 and one-half mile north. Mr. Carr raises purebred Oxford, Hampshires and Corriedales in addition to a commercial flock. The program will begin at 10:30 a.m. with a discussion of purebred, western ewes and crossbreeding programs using representative animals from flocks in the Thumb area.

A potluck picnic will be held at noon with barbecue lamb sandwiches and ice cream furnished by the Thumb Sheep Breeders' Association. The afternoon program will include demonstrations and discussions on sheep management, parasite and disease control, and a fitting and showing demonstration for 4-H and FFA members.

Animal Husbandry staff members from Michigan State University, local county extension agents, and sheep raisers are assisting with the program. You are invited to attend this program.

For Weed Control Healthy Turf Best

A dense, healthy, vigorously growing turf is the most effective weed control measure for lawns.

But in many lawns broadleaved weeds and weed grasses become established. In such lawns, you must first destroy the weed plants, then provide seed, fertilizer, water and care needed to produce a good turf, points out Alfred Ballweg, county extension director.

Weed plants in your turf can often be destroyed with one of the chemical weed killers now available.

Complete information on lawn weed control is now available in a new Michigan Cooperative Extension Service folder just received in the county extension office. A copy is free for the asking at the office located at the courthouse. Ask for F-261, "Lawn

Weed Control." Buford H. Grigsby, of the Michigan State University department of botany and plant pathology, is the author of the folder. It contains information about the control of nearly 40 different lawn weeds.

Robert J. Fuester Dies Saturday

Funeral services were held Tuesday at the MacAlpine Funeral Home, Bad Axe, for Robert John Fuester, who died Saturday night in his home after a long illness.

Rev. Joseph D. Ryan, pastor of the First Presbyterian Church at Bad Axe, officiated. Ugly lodge conducted Masonic burial services in Colfax Cemetery.

A prominent retired farmer of Sheridan Township, Huron County, Mr. Fuester was born Nov. 23, 1876, in Austin Township, Sanilac County and was a lifelong resident of the Thumb. He lived the last 38 years in Sheridan Township. He was a member of Ugly lodge No. 324, F & AM, and was an officer of Appin rural school board in Sheridan Township many years.

He and Isabella Ann Morrison were married Oct. 22, 1902, at Cass City.

Surviving are his wife; two sons, Lynn and Elmer, both of Cass City; two daughters, Mrs. Kathleen Hess, Detroit, and Mrs. Fay Kula, Bad Axe; 10 grandchildren, and five great-grandchildren.

The man who diligently saves his pennies will have dollars to blow on the other fellow's scheme.

Sympathy helps, but it never brings the underdog to the top.

WOMAN'S WORLD

Warm Summer Days Call for Coolers To Quench Thirst

THE first warm summer days call for cool, tempting refreshers to quench the thirst as well as to add nourishment to a diet during times when appetites wane.

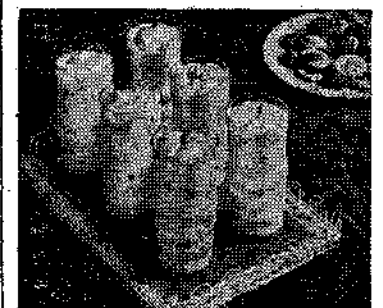

Make light fruit beverages for the afternoon snacks but reserve the milk and ice cream drinks as a dessert for luncheon and supper.

Maple Cooler
(Serves 1)

2 tablespoons maple-flavored syrup
¼ teaspoon vanilla
1 cup milk
Few grains of salt
Combine ingredients and beat for one minute. Top with whipped cream and pecans, if desired.

Brown Booster
(Serves 4)

4 teaspoons dark brown sugar
1 quart milk
2 teaspoons molasses
Grated nutmeg

Swirls of whipped cream make simple milk beverages festive enough for a party. Maple flavoring or molasses and brown sugar give taste to the milk for special occasions, while beating or shaking fluffs the beverage.

Add brown sugar and molasses to milk; stir until well blended. Sprinkle nutmeg on top before serving.

Orange Cooler
(Serves 5-6)

2 cups orange juice
¼ cup lemon juice
¼ cup maraschino cherry juice
1 cup ginger ale
2 tablespoons honey
1 pint vanilla ice cream
Mix fruit juices and ginger ale. Add honey and mix well. Chill thoroughly. Add ice cream and serve in chilled glasses topped with fresh orange slices.

Fru-ana au Lait
(Serves 7)

1 ripe bananas
1 quart milk
1 cup prune juice
Peel bananas, break in pieces and beat with rotary beater in deep bowl. Add milk and prune juice and beat until well blended.

Grill for Fun, Tastier Food

Many a backyard and picnic ground blossoms with at least one chef, and it's no wonder. The simplest food is so much tastier when it's cooked over charcoal. Plain frankfurters and hamburgers become a real delight heated in this fashion while steak is truly elegant.

Charcoal Steak
Ask the butcher to cut steaks evenly, trimming away excess fat from the Porterhouse or T-bone cuts as the fat smokes very readily on a open grill. When the coals have a gray film and have burned down to a glow, start broiling the steak, turning with tongs when nicely browned. For one-inch steaks allow 20 minutes total cooking time for medium rare.

Season meat with salt and pepper and rub with garlic if desired. Another good way is to spread with creamed butter which has been mixed with chopped chives when the steak is broiled so butter melts and seasons the meat.

Here are burgers baked in a can before you leave home.

Circle Burgers
(Makes 12 sandwiches)
1½ pounds ground beef
1 cup quick or rolled oats
2 eggs, beaten
¼ cup chopped onion
2 teaspoons salt
¼ teaspoon pepper
¼ cup pickle relish
1 cup tomato juice
Heat oven to moderate (350°F.). Combine all ingredients thoroughly and pack firmly into two No. 2 cans. Bake for 1½ hours. Refrigerate meat in cans until ready to serve. Slice and serve on hamburger buns.

Here's a quick delectable sweet for any kind of picnic:

Chocolate Balls
(Makes 3½ dozen)
5 cups puffed rice
¼ cup butter
2 ounces unsweetened chocolate
½ pound fresh marshmallows
Heat puffed rice in shallow pan in moderate (350°F.) oven for about 10 minutes. Pour into large greased bowl. Melt butter, chocolate and marshmallows over low heat or in double boiler. Stir until smooth. Pour over puffed rice and stir until evenly coated. Grease hands and form each ball by shaping.

It's surprising how many odd things people do to get even.

Courtesy costs nothing, yet it buys things that are priceless.

Honesty is still the best policy—it has even been discovered that it's the truthful man who catches the most fish.

It's much easier to borrow trouble than it is to give it away.

WHY You Get More For Your Food Dollar With IGA TABLERITE HAMS

1. The "Tablerite Way" removes the shank which is sold at a lower retail.
2. Excess fat and skin are removed from the shank half.
3. The meaty portion remains on the shank half which results in more meat to the percentage of bone and produces more edible meat for the consumer's meat dollar.

4. All this extra meat remains on the butt half as compared to the ham where this extra meat is removed when the slices are cut from the ham on a bias or slant to remove as many extra slices as possible. Leaving this extra meat on the butt half produces extra fine slices for the consumer. Again, the "Table-Rite Way" produces more for your meat dollar.
