

## Expect Record Home-Coming Crowds

### From the Editor's Corner

Another important election is scheduled Tuesday when voters in the state will decide the nominees for important state, county and congressional offices.

Although a primary election lacks the popular appeal of a regular election, especially in a presidential year, it is important.

Since only about a third as many persons vote in the primary as they do in the general election, your vote now is actually worth three at election time.

Tuscola County residents should be vitally interested in the primary. With competition for the offices of sheriff and prosecuting attorney on the Republican ticket, the primary is vitally important.

In this county's history, the Republican nomination has always resulted in the election of that candidate.

These are just a few more reasons why you should make plans to go to the polls now and vote . . . it's the duty and privilege of each citizen.

### Postal Rates to Increase Friday

A last-minute reminder that new postage rates will go into effect Friday was issued today by Postmaster Steve Orto of Cass City.

Mr. Orto cautioned that regular first-class postage will require four cents postage an ounce; air mail letters seven cents an ounce; air mail postal cards five cents each, and regular postal cards three cents each.

Where mail users still have on hand supplies of three cent stamps, two-cent postal cards, four-cent air mail cards and six-cent air mail stamps, they may be used by the addition of an ordinary one-cent stamp.

### Elect Bauer to Head Village Planning Group

James Bauer was elected chairman of the Cass City Planning Commission at the first meeting of the new group Monday evening at the Cass City Municipal Building. Other officers elected were Herbert Ludlow, vice-chairman,

and Mrs. Wilma Fry, secretary. At the meeting, members set the third Tuesday of each month for their regular meeting date. At the next regular meeting, William Smith of the Detroit Edison Company will tell the group the recommended steps for operating a commission.

## Little Interest in Primary Election

### Group Forms to Promote Interest in Government

Interest in the coming primary election is at a low ebb and a group of interested citizens have formed a nonpartisan "Citizens Action Committee" to work for a greater interest in government and in voting.

The committee will work in the Seventh Congressional District of Huron, Tuscola, Sanilac, Macomb, Lapeer and St. Clair counties. Heading the county organization is Paul W. Olson of Vassar. Fred Auten will spearhead the drive in Cass City.

Mr. Auten asked the cooperation of every person in the village to help make the four-point program of the committee a success. The group lists its objectives as:

- "To revive interest of citizens in government so government will remain the servant of the people and free enterprise maintained.
- "To enlist the support of businessmen and women to support the effort.
- "To develop and carry out a program designed to register every eligible voter within the community.
- "To work on election day for the greatest possible vote."

### Girl Injured in Fall from Horse

Sally Hobart, daughter of Mr. and Mrs. Harlan Hobart of Gagetown, was severely injured Thursday when she fell from a horse at the Brewster Shaw farm, east of Cass City.

She suffered a concussion and head cut and was taken to Pleasant Home Hospital for X-rays and treatment. The cut required 10 stitches. She had been visiting Susan Shaw when the accident occurred.

It was the second misfortune for Miss Hobart this year. She recently recovered from a broken collarbone she sustained in a fall in the yard at her home.

### Wagg Chairman of Tuscola County FHA Committee

Duane D. Sugden of Mayville has been appointed to the Tuscola County Farmers Home Administration committee, replacing Bruce Ruggles, Kingston, whose three-year term expired this year. Robert B. Abbott, FHA county supervisor, announced this week.

Other members of the committee are Roy Wagg of Cass City and Clayton L. George, Watrousville.

At the first meeting of the new board July 14, Mr. Wagg was named committee chairman. The FHA is an agency of the

### Consolidation Approved

## Appoint Board for Gagetown-Owendale

In a very close election, Gagetown voters approved consolidation with Owendale by only four votes, 163 to 158, while voters in Owendale approved the measure by the substantial margin of 193 to 76.

There were seven spoiled ballots in the Gagetown election and two spoiled ballots in Owendale.

The new district will have a state equalized valuation of \$7,480,075. Last year Owendale had an enrollment of 384 and Gagetown, 149.

Freshmen high school students in Gagetown will attend school at Owendale. In previous years the majority of the Gagetown high school students attended Cass City High School.

The consolidation will mean some 10 to 16 fewer pupils in Cass

City this year. Exact figures will not be available until this fall. Several families are seeking to transfer from the district and annex to Cass City.

Board Appointed Monday evening in Gagetown at a joint session of the Huron and Tuscola county school boards a board for the consolidated district was named.

From the former Owendale board, Lloyd Albrecht, Barney Fahrner and Burton Roth were appointed. Representing Gagetown will be W. C. Downing and Thomas Laurie.

The new board will meet Monday evening in Owendale to elect officers and make plans for a special election of members of the board within 45 days as required by law.

Other county candidates for the Republican nomination are: Fred Mathews, county clerk; Arthur M. Willis, treasurer; William J. Proffitt, register of deeds; Fredland Sugden, drain commissioner; and J. Benson Colton and Melvin Weissborn, coroners.

Democratic State Democrats seeking nomination at the state and congressional levels are: William L. Johnson and Gov. Williams, for governor; Michael T. Mohardt and John E. Swanson, lieutenant governor; Philip A. Hart and Homer Martin, United States senator; Mack McAllister, Joseph E. Mihelich, Fred Nicholson and James G. O'Hara, for representative, 7th District; Earl J. Scott, state senator, 20th District, and Frank J. Balcer Sr., representative, Tuscola District.

In the county Democrats seeking nomination are: David N. Andreychuk, prosecuting attorney; Robert Russell, sheriff; Wilbur H. Servis, county clerk; Charles S. Main, treasurer; Duane R. Farnum, register of deeds, and Leon Van Steenhouse, drain commissioner.

### Voters to Decide Fate of Sanilac Medical Facility

An important issue that will appear on the ballot in Sanilac County at the primary election Tuesday will be the authorization by property owners of a one-mill levy (\$1 per \$1,000 of assessed valuation) for a sinking fund for a new county convalescent hospital.

The Sanilac Board of Supervisors and other authorities have endorsed the measure as one urgently needed in the county. They point to the 124-bed hospital nearly completed in Tuscola County, the 90-bed hospital in Huron County and the 60-bed facility in Lapeer County as evidence of what neighboring counties have done to care for the aged and chronically ill.

Sanilac's need is even greater, they say, as there are fewer private nursing homes in the county. The need for a nursing home

50th REUNION—Class reunions are common occurrences in most communities, but not many classes have enough members still alive to hold one 50 years after graduation. The unusual class of 1908 has only two members who have died.

### Class of 1908 Holds Golden Reunion Thursday

Meredith B. Auten and Ernest L. Schwaderer were hosts at the 50th anniversary of the graduation of the Class of 1908 of Cass City High School Thursday afternoon at the Auten summer home near Port Austin. A delicious steak dinner was served at six o'clock, the meat being prepared on an outdoor grill by the two men. They were assisted in the preparation of the meal by Mrs. Frederick Auten, Mrs. E. L. Schwaderer and Mrs. E. B. Schwaderer.

Previous to the trip to the Auten cottage, the class members journeyed to Caro where they visited their former English teacher, Mrs. S. Moore (Helen Hunter), who is a bed patient at the County Hospital. As each person greeted Mrs. Moore, a stem of yellow gladiolus was presented to her and placed in a yellow pitcher vase. Both flowers and vase were gifts of Mr. Auten and Mr. Schwaderer. Red gladioli were placed in the vase for deceased members. Personal notes accompanied the floral gifts.

Remarkably, after 50 years, only two of the original class of 15 members have died. They are Nina Karr-Chaffee and Bert Mead.

Eleven of the class were present at the reunion Thursday. They were: Frances McBurney-Gravatt of Houston, Texas; Cecil Krapp-Allen of Royal Oak; Jennie Ferguson-Doerr of Postoria; Ethel Dodge-Rambo of Marlette; Mae Williamson-Marshall of Gagetown, and the following of Cass City: Mr. Auten, Mr. Schwaderer, Miss Adeline Gallagher, Jennie Leek Hutchinson, Esther Akerman-Benkelman and Mollie Aker.

Send Retelle to Jackson Prison

Frank Retelle Jr., on probation for stealing a car from Bulen Motors, Cass City, was sentenced to three to five years at Jackson Prison Wednesday, July 23, in Tuscola County Circuit Court.

Retelle had been placed on probation for two years for stealing the car by Judge T. C. Quinn, with the first year to be spent at Camp Pugsley.

Retelle was sentenced for parole violation when he caused trouble at the camp.

Friday, State Farm Mutual Insurance Company was granted a judgment of \$571.29 and costs of \$57.75 from Donald Jeakle and Donald Swain.

In another Wednesday, July 23, case, Clinton LeValley was ordered to pay temporary alimony and attorney fees of \$100.

### Plan to Up Fines On Village Tickets

Traffic tickets will cost area residents more money in the near future when a plan under discussion by the village council and Marshall Bill Wood is adopted.

At the council's regular meeting Tuesday night at the Cass City Municipal Building, Marshall Wood requested that pre-determined fines be substantially increased "to a level comparable with other communities." The present fines are not enough for good traffic control, Wood explained.

The police commission will study the marshal's recommendations before amending the present ordinance.

Suggested increases include: parking, from \$1 to \$3; failing to stop at light or stop signs, \$3 to \$5; overtime parking, \$1 to \$2; parking at fire hydrant or station, \$1 to \$5; U-turn, \$1 to \$3; excessive noise, \$3 to \$5, and several others.

Other Business Charles Goff requested a building permit for an apartment building in Gowen subdivision. The council tabled the request for more study.

A discussion of mowing of vacant lots to control weeds was held. Trustees C. R. Hunt and Cliff Ryan were appointed to find someone to do the work at a fee to be established and charged to the lot owner.

Insurance of \$10,000 on the village water tower for five years was authorized at a cost of \$70.

At the request of Bill Schram, the council authorized the purchase of a machine used for detecting the location of water lines in the village at a cost of \$260.

Refuses to Pay Morton Orr notified the village treasurer that he refuses to pay a sewer charge of \$2.50 each three months. The charge is based on the amount of water used and charged on a water bill. Mr. Orr does not use village water. Trustees said that his method of billing will be changed and that the charge will be assessed.

## Free Events, Rodeo Feature Attractions

The ninth annual free Cass City Home-coming sponsored by the Cass City Chamber of Commerce is expected to draw record crowds for the largest feature-packed event in the history of the home-coming here. This year the home-coming will be staged all day Thursday, Aug. 7, with a rodeo slated for Thursday and Friday nights, Aug. 7-8.

Starting with the livestock show at 9 a. m. and continuing throughout the day, visitors will be entertained with a complete program planned to suit the tastes of everyone attending.

A feature of the home-coming is that with the exception of the rides, eating booths and rodeo, everything is free. There is no admission charge and no charge for any event other than those listed. It is possible for an entire family to spend the day without spending a cent—yet be royally entertained every minute of the time.

In the Junior Livestock Show there will be awards for swine, sheep, dairy cattle and beef cattle. First place in the swine division is worth \$35. Second wins \$25; third, \$20; fourth, \$15; fifth, \$10, and all others, \$5.

All dairy cattle will be awarded \$3 for "A" ratings; \$2.50 for "B" placings, and \$2.00 for "C" placings.

Each class of sheep will also be judged by "A," "B" and "C" placings. They will be worth \$2.50, \$2.00 and \$1.50 respectively. In addition there will be championship ribbons in each division for grand champion and reserve grand champion animals.

Many special awards are being donated by area businesses. Each champion will receive a rope halter from Bigelow Hardware. The grand champion dairy animal will receive a trophy from Elkland Roller Mills. Other trophies awarded will be: grand champion beef, from Farm Produce Co.;

grand champion sheep, from Frutchey Bean Co., and grand champion swine, from Eria Food Center.

A \$10 showmanship award will be presented by Parrott's Ice Cream Co. and all dairy champions will receive a Curtiss select mating service by Don Koepfgen. Each 4-H and FFA member will receive one free service from Michigan Artificial Breeders.

Grand Parade The feature of the day for many is the annual parade that starts at noon. Beginning at the west end of Cass City, the route of march will be down Main Street to Ale Street and on Ale to the Cass City Recreational Park.

Many businesses and organizations have reported floats ready for the parade and area girls competing in the queen contest will ride many of the floats.

Horse-Pulling Contest One feature of the program that annually pulls the largest share of the crowd is the horse-pulling contest. Slated to start at 2 p. m., it annually features some of the best teams in the Thumb weighing 3,200 pounds or less.

Prizes include \$35 for first and \$25 for second. Third is worth \$20; fourth, \$15, and fifth, \$10. All entries will receive \$5.

Kids' Games While the horse-pulling contest is in progress, area children will compete for a host of cash prizes in the annual "kids' games." There will be events for all-age groups.

All-Star Game The Church Softball League has attracted a great amount of spectator interest this year, so the Chamber board has arranged for the best players under 18 in the league to play Thursday afternoon. The game starts immediately after the horse-pulling contest.

Rodeo The all-professional rodeo, slated for the first time in this area, at the home-coming, will be the feature of the evening Thursday and Friday. Starting at 7:30 p. m., it will have a host of top flight attractions.

### Parallel Parking Draws Nearer In Cass City

Village Engineer William Schram told the village council Tuesday night that he will be ready to start repainting Main Street next week for parallel parking.

The signs for the new parking have arrived and it is expected that the change will be in effect in a few weeks.

The reduced parking space on Main Street that parallel parking will bring brought another discussion of a parking lot for the village.

Again, several locations were discussed but no action taken.

### Gohsman Helps Save Life of Buddy Stricken by Heat

The quick thinking and knowledge of Dave Gohsman, 1958 graduate of Cass City High School, was responsible for saving the life of a fellow trainee at Lackland Air Force Base, San Antonio, Tex., according to an article printed in the camp newspaper.

Mr. Gohsman and Richard Brooks found Edward Gibson in a semiconscious state in his bunk after a running trip to the PX in the afternoon of a very hot day. Brooks breathed life into the

mouth of the victim and Mr. Gohsman used the barrel-type artificial respiration.

A private car was commandeered for a trip to the heat stroke ward.

The whole incident took just eight minutes. Mr. Gohsman credited heat cards given to men when they first arrived in helping them diagnose the symptoms of heat stroke. Training in military school and the Scouts helped the two airmen keep their friend alive. They were praised for their cooperation and quick work by their team leader.

Mr. Gohsman left for Lackland the day before graduation and is scheduled for duty in Washington, D. C., in seven weeks.

Driving Students Pick McCormick As Driver of Month

The Driver Training Class of Cass City High School selected John McCormick Sr. as the driver of the month in Cass City.

Students first noticed Mr. McCormick's courteous driving habits when he stopped after the light turned green to allow pedestrians to cross the street.

After that time they watched him carefully and noted that he was always careful and courteous when driving.

For this reason, they said, he was the first to be honored in Cass City.

## WOMAN'S WORLD

### With New Fashions, Try New Lipstick For Matching Beauty

IN a recent survey made by a cosmetic firm, it was noted that seven out of ten women would rather be safe than sorry. They owned only one or two lipsticks and that was medium red.

There's nothing wrong with this boundless passion for medium red because it does go rather well with everything, it lives in placid harmony with any color to be worn and it's not too light, too dark, too orange or too blue.

However, there may be other shades that can do more for you, so it's not necessary to stop at medium red for all time to come. The pastel shades now being shown in clothing look better with more pastel lipstick, for example.

There's a violet-shaded delicate pink that makes it's wearer's skin look as lovely as alabaster, and there's even a shade or two darker of this that's even better on brunettes' complexions. Why not give yourself a treat and try one of the new lipsticks? It may well agree with you!

**How to Choose**  
An olive-skinned brunette has the widest range of lipsticks from which to find several that go well with her. This is because the skin has enough color not to be washed out when the lipstick is light or overwhelmed when it's dark and bright. She should avoid brilliant orange or rust tints that point up the yellow tendencies in an olive complexion.

Fair-complexioned brunettes look best in medium blue reds, medium and pale shades of coral and coral pink. Dark lipsticks are perhaps too heavy for the fair skin unless it's tanned while the orange tints conflict with blue shadows usually found on her face.

### Vary Seasonings For Vegetables

With fresh vegetables from your own garden or from someone else, it's fun to see how good you can really make them taste. For real interest, vary the style of preparation as well as the seasonings and see if you can't spark new interest in them amongst the family. Here's a perfectly wonderful way to do asparagus, similar to the hollandaise treatment but much simpler:

**Asparagus Daffodil**  
(Serves 6)  
8 ounces cream cheese  
2 egg yolks  
2 tablespoons lemon juice  
1/2 teaspoon salt  
2 pounds hot cooked asparagus  
Soften cream cheese. Add egg yolks one at a time, beating thoroughly after each addition. Add lemon juice and salt; mix thoroughly. Place in covered saucepan and heat very slowly. Cook 1 minute, stirring constantly. Serve over hot asparagus.

**Green Beans and Scallions**  
(Serves 6)  
1 bunch scallions or green onions  
1 1/2 pounds green beans  
1/2 teaspoon salt  
1/2 teaspoon monosodium glutamate  
3 tablespoons butter  
Cut stems off scallions or onions; leave scallions whole and finely chop 2 inches of stems. Place all ingredients in 2-quart buttered casserole and bake in a moderate oven for 35 to 40 minutes or until beans are tender.

**Baked Tomatoes**  
(Serves 6)  
6 medium-sized tomatoes  
2 teaspoons prepared mustard  
2 tablespoons grated onion  
1 tablespoon sugar  
Salt, pepper  
Wash tomatoes; remove blossom ends and place in a greased baking dish. Sprinkle each tomato with mustard, onion, sugar, salt and pepper. Bake in a hot (400° F.) oven for 15 to 20 minutes.

Michigan farmers can expect prices paid for hogs and cattle to slip downward later this summer and into fall. Wheat and poultry and egg prices, on the other hand, will probably climb a little by fall, say Michigan State University farm economists.

## Down Memory Lane

FROM THE FILES OF THE CHRONICLE

**Five Years Ago**  
The Most Rev. Stephen S. Woznicki, bishop of the diocese of Saginaw, will officially dedicate the new St. Michael Church at Wilmet Monday. The Rev. Sigmond J. Haremski, pastor of the church, will celebrate the dedication mass.

The Elkland Township Fire Department was called to put out a fire in the wheat field of Audley Rawson, north of Cass City. Damage was estimated at between 25 and 30 bushels of wheat.

Earl M. Crane of the Cass City Church of the Nazarene was ordained to the ministry last week at the Eastern Michigan District assembly of the denomination.

A White Rock pullet owned by Hammond Nichols of Decker laid an egg six and a half inches in circumference and eight and one-sixteenth inches around end-for-end. The egg is on display at the Chronicle office.

Commander Ralph Rawson of the U. S. Navy, son of Mr. and Mrs. Audley Rawson, addressed the Rotary Club Tuesday on the subject of guided missiles. Commander Rawson has been with the Navy since graduating from Annapolis Naval Academy in 1939.

**Ten Years Ago**  
The proposition to consolidate the Cass City school district with seven rural districts was defeated in a special election Tuesday. The vote was 35 yes and 41 no in the rural districts and 49 yes and 189 no in the village.

A flower show and benefit tea will be held in the Methodist Church parlors Tuesday under the auspices of the Woman's Study Club. Mrs. Audley Kinaird and Mrs. B. A. Schwegler are co-chairmen.

Bruce Brown sold a 1,580-pound beef cow at the Caro Livestock Yards Tuesday which brought him \$375.25 at the rate of \$23.75. The auctioneer reported that the figure was the highest for which he had ever sold a cow of that type.

Donald Ellwanger, home service chairman of the Tuscola County chapter of the American Red Cross, announced this week the appointment of Harry L. Little as home service worker for the Cass City area.

**Twenty-five Years Ago**  
A bucket brigade formed by Andrew Schmidt and other passers-by saved two barns on the Henry Paul farm from being destroyed by fire. Mr. Schmidt noticed the fire, which started in a straw stack, as he passed the Paul farm Friday.

Twenty relatives surprised Mr.

and Mrs. Richard Bayley Sunday at their home in honor of their 25th wedding anniversary. It was also the 21st birthday of their daughter, Lucille.

Arthur Little, Ellington Township farmer, has been appointed acting postmaster at Cass City. He succeeds Mrs. E. Hunter, who has served as postmaster for 8 1/2 years.

Cass City horseshoe pitchers defeated Elkton players in two tournaments within a week. Members of the winning team are Ezra Kelley, Ivan Vader, Alex Tyo and John May.

Mrs. Ossie Ennis (Annabel Tibbals) and Miss Marion Agar, both former residents of Cass City, are in Highland Park Hospital following an automobile accident at Highland Park Tuesday.

**Thirty-five Years Ago**  
Little Howard Taylor suffered a cut lip and scalp Monday night when he was thrown against the windshield of the car driven by his father, Roy Taylor. Mr. Taylor was leaving the fairgrounds and attempted to cross over the trench that was recently filled in after the installation of city water at the fairgrounds. The dirt had been softened by the rain and the left wheel of the car sunk to the fender.

Rev. Spafford Kelsey, who recently returned from Siam, will be the speaker at the Presbyterian Missionary Society meeting Thursday.

Parking of motor vehicles on the paved surface or beaten track of any highway outside the limits of cities or villages is prohibited by a statute effective Aug. 29 enacted by the last session of the state legislature.

George Adams, 22, of Detroit was instantly killed and Homer Wells, 27, was seriously injured Thursday when an airplane piloted by Adams crashed 150 feet to the ground at Wells' home near Deckerville.

**HOW MUCH FOR MY OLD CAR?**  
A young man came into our showroom the other day. He showed a lot of interest in a 1938 Buick Buick we had on display. I let him look it over for a while, then went over to talk to him. His first question was "How much for my old car?"

After we had tried out his car and checked it over, I went back and gave him a figure that was fair. He said "Oh, but I can get \$200. more in Detroit." Well one thing led to another until we got down to cases. In the end, it came out that he actually saved \$50.00 by buying his new car from us. How come? Well, let me explain.

When you are in the market for a new car, the difference you have to pay is the important thing . . . not the amount of money a dealer will give you for your old car. In this particular case, the city dealer was allowing \$200. more for the used car . . . but his price for the new car was \$250.00 more than ours.

Whether you are trading for a new car or a used one, you should be interested in the difference you have to pay in cash. That is the important part to you. So when you are ready to trade . . . shop around. Ask how much cash on your car . . . then come and see us . . . you'll find you can make as good or a better deal when you trade at Buleen Motors.

## the new electric water heater way

GET IT HOT . . . GET A LOT every time. A new electric water heater provides plenty of hot, hot water for showers and all the family's needs. Detroit Edison has a new Super Supply Plan which makes heaters even more efficient and economical.

Here's the convenient, modern way to GET IT HOT . . . GET A LOT for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- ☒ Efficient—the heat goes into the water
- ☒ Fast—new, more efficient heating units
- ☒ Install anywhere—need not be near a chimney
- ☒ Outer shell—cool to the touch all over
- ☒ Long life—meet Edison's rigid standards
- ☒ Edison maintains electrical parts without charge
- ☒ Automatic—all the time
- ☒ Safe—clean—quiet—modern

## Judges for County Fair Announced

Heads of the various departments of the Tuscola County Fair report an impressive list of judges have been secured to judge livestock, crops, 4-H and many other exhibits at the 1953 annual Tuscola County Fair, said Harry Rohlf, Akron, fair board chairman.

Glen Casey of Williamston, a noted dairy cattle judge, will again be on hand to place the 4-H and FFA and open class entries at the fair. Entries in the dairy division exceed all other livestock divisions of the fair.

For the crops division will be Stuart Hildebrand, Extension Crops Specialist of Michigan State University.

Judges for other divisions are: horses, Dale Whitmore, Ithaca; sheep, Lee Bell, Animal Husbandry Department, Michigan State University; beef and swine, Lee Warchefsky, Huron County Agricultural Agent; vegetables, Del Bierlein, County Extension Agent in Agriculture, Saginaw.

## Ancient Antlers

Evidence of Michigan's native elk herd of long ago is studied by Otto Failing (left), Conservation Department district game supervisor at Gaylord, and Dr. S. C. Whitlock, assistant chief of the Department's game division. Tests show the antlers, recovered a few years ago in Ogemaw county, are 6,000-8,000 years old. Native elk disappeared from the state about 1870, but releases have re-established the species in several northern counties.

**WHEN'S THE TIME TO BUY A CAR?**

"WHEN I CAN AFFORD IT!"  
Tsk, tsk! Too bad he hasn't checked up on car prices lately. He'd find that Ford is the lowest priced\* of the best-selling three!

"WHEN THEY INVENT A CAR THAT DOESN'T NEED GAS!"  
Gracious! The gentleman obviously hasn't heard about Ford's Mileage Maker Six—the modern short-stroke Six that delivered the most miles per gallon in Class A in the last two Mobilgas Economy Runs!

"WHEN THE OLD CAR'S HAD IT!"  
But it has... and so has his budget. If he could only have back all the money he's been paying out (and is going to pay out) in repair bills... he could be the proud owner of a 58 Ford!

"WHEN MY PRESENT CAR IS WORTH MORE!"  
Poor man. He's not only missing out on summer driving in a Thunderbird-inspired Ford... he's missing out on money! Doesn't he know that his present car will NEVER be worth more in trade than right NOW!

"WHEN FORD DEALERS ARE GIVING THE YEAR'S BEST DEALS DURING FORD'S SUMMER TRADING PICNIC!"

Smart fellow! He's buying NOW while Ford Dealers are holding their Summer Trading Picnic and giving the longest deals and the highest trades ever... and while the selection of models and colors is best. ## 4-H Judging Schools Held Tuesday

The 4-H Home Improvement and Clothing Judging Schools were held on Tuesday, July 22, at the Wilber Memorial 4-H Building, in Caro, reports Betty Lou King, Summer 4-H Club Agent.

The top scoring individuals in each contest were selected to represent Tuscola County at District Judging Eliminations at Michigan State University on August 11 and 12.

High individuals in the Home Improvement were: Sue Black, Akron, and Grace Bennett, Mayville.

The team selected to represent the county in clothing competition consists of: Betty Schenpp, Mayville; Marie Kraus, Unionville; Judy Ruppert, Akron; Judy Ewald, Unionville, and Barbara Kraus, Unionville. Alternates: Marilyn Ruppert, Akron, Alice Bradley, Fairgrove, and Karen Causley, Akron.

Failure demonstrates the fact that there is also plenty of room at the bottom.

## ORDER FOR PUBLICATION

Final Account. State of Michigan, The Probate Court for the County of Tuscola.

In the Matter of the Estate of Charles Tanner, Deceased.

At a session of said Court, held on July 21st, 1958.

Present, Honorable Henderson Graham, Judge of Probate.

Notice is hereby given, That the petition of Leslie Hewitt, the administrator of said estate, praying that his final account be allowed and the residue of said estate assigned to the persons entitled thereon, will be heard at the Probate Court on August 18th, 1958, at ten a. m.

It is Ordered, That notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Cass City Chronicle, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by registered mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

Michigan's Upper Peninsula is receiving unprecedented attention from tourists.

Requests for touring information have increased 50 per cent since the opening of the Mackinac Bridge, authorities say. Among the attractions most asked about are a group which many call the 10 top tourist spots in the Upper Peninsula. The top 10 are:

1. Big Springs or Kitch-iti-kipi as the Indians called it, is situated in Palms Book State Park near Manistiquie. Its crystal clear water enables visitors to see the spring's bottom 40 feet below where fish and other marine life exist.

2. Brockway Mountain Drive in the Copper Country combines vistas of woods, highlands and Lake Superior shoreline with attractions like Fort Wilkins, a restored military installation steeped in historic lore.

3. Fayette overlooking Bay De Noc is a lumber-era ghost town in the midst of outstanding woodlands and waterways. Rumors of a nearby buried treasure add spice to the ruined town.

4. Isle Royale, Michigan's only national park, is one of America's last true wilderness areas. It is reached by boat from Houghton, Hancock or Copper Harbor.

5. Mackinac Island in the Straits is geographically part of the Upper Peninsula. It's old fort, exclusive horse and carriage transportation and other attractions have made it world famous.

6. Mather Mine between Ishpeming and Negaunee is the world's longest underground iron mine. Arcadian Mines near Copper Harbor has tours during which visitors can actually dig their own copper.

7. Pictured Rocks stretching 15 miles on Lake Superior near Munising are fantastically shaped and colored and may be viewed on frequent boat trips.

8. Porcupine Mountains are Michigan's tallest and are set in a primitive and beautiful landscape including the Lake of the Clouds. This area in the extreme western portion of the peninsula has recently become the center of controversy over a private firm's trying to obtain mining rights in the area.

9. The Sault Locks are the world's busiest, carrying more annual tonnage than the Suez, Panama and Kiel canals combined. Visitors can enjoy a summer-long parade of lake freighters or may ride through the locks on cruise ships.

10. Tahquamenon Falls, in picture, near Newberry are the second largest cataracts east of the Mississippi River. Standing 40 feet high they flow into a root-beer colored river toward the equally scenic lower Tahquamenon Falls.

Karl-McCarty Hold Family Reunion

The annual Karl-McCarty family reunion was held Sunday, July 20, in the Argyle parish hall with 109 members attending.

Following a potluck dinner, officers were elected in the business meeting. Harold McCarty was named president and Jerry McCarty, vice-president. Oakley Best is secretary-treasurer and Allan McCarty, recreation leader.

Games were played in the afternoon and prizes awarded. The 1959 reunion will be held at the same location the fourth Sunday in July. Mr. and Mrs. Clem Schiestel will be hosts.

Relatives attended from Decatur, Ga., Gary, Ind., Bad Axe, Tyre, Argyle, Sandusky, Carsonville, Port Huron, Utica, Detroit, Saginaw, Essexville and Uby.

PATIENTS IN THE HOSPITAL

Born July 24 to Mr. and Mrs. John Hunter of Mayville, a son, Thomas John.

Born July 26 to Mr. and Mrs. Milton Mellendorf of Elkton, a daughter, Brenda Kay.

Born July 26 to Mr. and Mrs. Paulino Sanchez of Bay Port, a daughter, Yolanda.

Patients in the hospital Tuesday forenoon included: Sally Hobart of Gagetown and Geraldine Murray of Elkton, scheduled to be discharged later in the day; Mrs. Maxwell Kohn and Mrs. John Wain of Snover; Twilton Heron and Robert Dunn of Gagetown; Mrs. Lester Hilton of Caro, and Mrs. Harvey Pelton of Deford.

Patients recently discharged included: Howard Randall Sr. and Byron Neff of Caro; Mrs. Dell Klady of Carsonville; Emory Mileski, Robert Green and Loretta Spear of Kingston; Mrs. Willis Thane and baby Brenda Sue and Cheryl McQueen of Cass City, and Arthur Guigar and baby of Tyre.

## Family Fun in State Parks

Hot weather means Michigan's state parks and recreation areas are jammed with persons seeking fun and sunshine. At present attendance rates, new records for state park use are likely to be established this year. During recent years, parks have hosted a total attendance of 15,000,000 to 18,000,000 annually.

## Mrs. Sharrard Dies After Long Illness

Mrs. Anna Mae Sharrard died Monday at Cass City Hospital, where she had been a patient 22 days. She had been in poor health for the last year.

Mrs. Sharrard was born in Austin Township, Sanilac County, May 23, 1898. Her parents were the late Mr. and Mrs. Samuel Robinson. She was married to Joshua Sharrard Dec. 20, 1918, in Sandusky. Following their marriage they lived on a farm in Evergreen Township, where she lived until her death.

Mrs. Sharrard attended the Shabbona Methodist Church. She is survived by her husband; two daughters, Mrs. John (Margie) Hartley, Pontiac, and Mrs. Lawrence (Helen) Bartle, Cass City; two sons, Norman of Ortonville and Eldon of Pontiac; four sisters, Mrs. Ben Watson of Decker, Mrs. Hazen Patterson of Caro, Mrs. Robert McConkey of Durand and Mrs. David Robertson of Indian River, and 11 grandchildren.

Funeral services were to be held today (Thursday) at two p. m. at the Shabbona Methodist Church, Rev. Joseph Shaw and Rev. George Marshall officiating. Burial will be in Elkland Cemetery.

## Tell Sermon Topics For Local Church

Rev. Ernest E. Robinson, minister of the Cass City Methodist Church, announced this week topics for five sermons scheduled during the month of August.

The sermons are: Aug. 3—"I Bet on the White Horse"; Aug. 10—"Who Calls the Signals?"; Aug. 17—"The New True You"; Aug. 24—"How to be Great"; and Aug. 31—"Jesus Parries with a Woman."

Notice is hereby given, That the petition of Leslie Hewitt, the administrator of said estate, praying that his final account be allowed and the residue of said estate assigned to the persons entitled thereon, will be heard at the Probate Court on August 18th, 1958, at ten a. m.

Egg holding room temperature is the most important factor in keeping egg quality high on the farm. A 55 to 60 degrees F. temperature must be maintained, say poultry specialists at Michigan State University.

Plenty of fresh water available to cows while on pasture this summer will help keep milk production up, say dairy specialists at Michigan State University.

If your cattle herd has tested brucellosis-free, keep it that way, urge dairy specialists at Michigan State University. Play it safe; keep your cattle safe; use calf-hood vaccination.

## News from Deford

Mr. and Mrs. Grant Pringle went to Wayne last Wednesday evening and brought back Mrs. Pringle's sister, Mrs. Tony Pintar, and three children. Mr. Pintar came Saturday and they all returned home Sunday.

Mr. and Mrs. Norman Tibbets of Pontiac visited the latter's sister, Mrs. Roy Sullivan, Friday.

The WCTU, scheduled to meet Thursday, Aug. 7, will meet instead on Wednesday, Aug. 6, at the home of Mrs. Fern Thomas. Election of officers will be conducted by the president, Mrs. Edna Malcolm, and Mrs. Gladys Hicks will be in charge of devotions.

Mrs. Cora Slingland and granddaughter Stella are visiting this week at the Roy Slingland home in Merrill.

Miss Marlene Ricketts and her father, Ross Ricketts, of Deford left Saturday morning for Savannah, N. Y., to attend the Ricketts reunion. They will spend a few days visiting relatives at Dalton, Danville and Hunt, N. Y., before returning home.

Mrs. Joseph Babich Jr. and son of Manton and Miss Cherry Tallman of Durand were week-end guests of Mr. and Mrs. Louis Babich and family. Mr. and Mrs. Walter Reynolds Jr. and children and Mrs. Walter Reynolds Sr., all of Flint, were Sunday callers at the Babich home.

Mr. and Mrs. John Yates and son Robert of Roseville were

week-end visitors at the Kenneth Churchill home.

Mr. and Mrs. Henry Rock were Sunday dinner guests of Mr. and Mrs. Edson Templeton of Flint at the Templeton Cottage at Barnes Lake.

Mr. and Mrs. George McArthur and children of Rochester visited the former's mother, Mrs. Amanda McArthur, Sunday. Jean McArthur is spending the week at the McArthur home.

Mr. and Mrs. Melvin Phillips, accompanied by Mr. and Mrs. Hallie Holmes and children of Caro, are vacationing this week at their cabin near Clear Lake.

Mr. and Mrs. Arnold Rayl and children of Almont visited the Earl Rayl Sr. home Sunday evening.

Miss Belle Spencer spent Sunday at the home of Mr. and Mrs. Harry Chard at Marlette.

### New Process Can Make Cotton Clothes Washable

Soon your local dry cleaner may be able to apply wash-wear finishes to your cotton clothes, points out Mrs. Frances T. Clark, county extension agent in home economics.

Recent reports from the U. S. Department of Agriculture announce the development of several crease-holding, wrinkle-resisting resin finishes. They're inexpensive and may be applied by standard dry cleaning equipment, adds Mrs. Clark.

Cotton wash-wear garments you've been getting have the finish applied to the fabric before it's made into clothing. This has made it difficult to get flat seams, hems or pockets, or to press flat pleats. The new process should be especially helpful in setting permanent pleats in women's cotton skirts.

The most promising of the new finishes appears to hold pressed-in creases well, yet resist wrinkles. Cotton prints, denim, sateen, cord, broadcloth, gingham, corduroy, and suiting materials have all been tested—results have been highly satisfactory.

The process for dry cleaners consists of wetting the garment in a special resin solution, then shaping, pressing, drying and heat-setting the finish in a single operation, followed by treatment to complete setting of the finish. The garment is then washed and tumble dried before delivery to the owner.

The process is not a job to do at home. Just the right amount of resin solution must be used in the garment. Pressing equipment must hold a uniform temperature and the garment must be held on the press just the right length of time. The same care must be used on the aftercare.

Although the finish will not last the life of the garment, cost studies indicate it should be inexpensive enough to justify renewal, concludes Mrs. Clark.

Everyone hopes for the best, but only a few expect to get it.

## Uncle Tim From Tyre Says:

Dear Mister Editor:

Them Congressmen has been arguing fer six months over a bill to keep billboards off them new Federal highways they is fixing to build. The fellers at the country store Saturday night decided they'd put the subject on the barrel-head fer one evening. Farmers can often decide things better in one evening than congressmen can in six months.

Ed Doolittle allowed as how it would set education back 20 year to do away with billboards. He says the magazines is all talking about Johnny can't read much no more on account of this new progressive education system we got in the schools. Ed's magazine information ain't too up to date on account of the only magazines he ever sees is the ones his old lady fetches home from the beauty parlor. But he claims the only reason Johnny can read the stop sign at a railroad crossing is from what he picks up from them billboards while he's riding the school bus back and forth. He's in favor of billboards 100 per cent as a education measure.

Jim Clodhopper didn't agree with Ed. He says everything else has gone scientific and he can't see no reason why Johnny can't git a education without learning how to read and write. He thinks Johnny peeping at them billboards is bad fer education under the new system we got now of educating a kid without learning him nothing.

I sided with Ed in the argument. I've lived a full life, Mister Editor, a long span of years,

from the days when folks had a plain cabin to now when they got a cabin plane, and things is git-ting too scientific. What little schooling I got was when they supervised a kid while he worked and turned him loose when he played. Now they supervise him while he plays and if he does any work I ain't heard about it. I ain't belittling science in general. It can do a heap of things. Fer instant, I know we're living twice as fast as we did 50 year ago but it takes a woman twice as long to git to be a old maid. That's science. It's mighty hard these days to tell how old a woman is if she uses these beauty things, paint and lipstick, just right. Personally I feel about the same toward 'em as I do a used car. I git mighty suspicious if the paint job looks too good. Yes, I know beauty parlors has got a lot to do with holding up the old maid situation. I don't know what's holding up the billboard situation in Washington.

I see by the papers where Senator Talmadge from Georgia says those hidden taxes is eating people up. It'll be plenty of time fer me to worry about them hidden taxes after I can git them out-in-the-open taxes paid.

Yours truly,  
Uncle Tim

A Canada goose warns Conservation Department photographer Robert Harrington not to come any closer to this nest of newly-hatched goslings at a southeastern Michigan recreation area. The young birds had just emerged from their eggs when the photo was taken. Canada geese are raised at the Derwent game farm and released in suitable areas in order to establish resident breeding populations.

MICHIGAN MIRROR NEWS BRIEFS

By Elmer E. White

Michigan Press Association

Republicans have an energetic candidate running for governor at a time when voters have become used to energy, sparkle and action.

He is Paul D. Bagwell, who won one national election with crazy hats and flashy vests and slogans.

Bagwell learned the technique worked when he was elected national president of the Junior Chamber of Commerce a few years ago.

He proved it again in the years in which he served as state March of Dimes chairman. Bagwell has some professionals in his camp, and they are growing with the job.

Campaigners have been tacking up small signs in every cranny. "Bagwell was here," on the chance he will become as well known as Kilroy, of World War II fame.

They paid \$1,700 for a 1908 Oldsmobile to carry him on his campaign, to dramatize the age of the 1908 state constitution and hint that Democrats have held the office long enough.

Bagwell's speeches are full of the old college zip, but laced with tough facts dug up by dedicated researchers.

Brashness comes unnaturally to Bagwell, who lived the polite life of a college professor and,

though never a snob, counted top business executives among his friends.

One report quoted an aide as saying "Bagwell had to talk himself into coming uninvited" to a legislative party at Cheboygan where he went on a handshaking tour of the hall.

Though he was eyed with misgivings by some Republicans when he tackled Williams, Bagwell has been advised to avoid mistakes of his predecessors.

So now, he will seek out legislators in their districts and ask their advice— which he can use, and offer his help— which most legislators can use.

Other Republican candidates have encountered wide schisms in the party, which he hopes to circumvent.

The contrast of the Bagwell effort with the highly-tuned Democratic machine is startling.

From Gov. Williams down to the newest precinct worker, the party is organized. It is the workmanship of State Chairman Neil Staebler and the result of dedication to a cause.

Staebler enjoys phenomenal success in keeping the party interested and fighting during the dull off-years between campaigns.

He has organized contests, coffee hours, style shows. No one who ever worked for the Democrats has ever been forgotten—

unless he strayed from party principles.

Another maneuver is the "promotion-appointment" system Williams uses.

When an important vacancy occurs, Williams names a worker in a lesser post to fill it. This creates two appointments where only one vacancy existed.

It has the tendency to keep young men working in state government, and for the party.

Williams chooses his appointees carefully. Few have fallen short of the intelligence, diligence and stamina demanded of important public jobs.

It is safe to assume that none will vote for Bagwell and, maybe, they will even distribute Williams' bumper stickers and help fill a hall occasionally for one of his speeches.

One observer put it cynically: "For a Republican candidate to win now, he has to beat a popular Williams, and most of state government, in addition to getting his own people behind him."

Officials are worried about a new threat to the state's safety record: the 100 mile-an-hour speeders.

Secretary of State James M. Hare predicted his driver record files would have more than 400 cases by the end of the summer.

He has asked for a combined radio network to link State Police and Sheriff's cars to trap speeders who can outrun even the fastest law enforcement vehicles.

"None of our police cars can go 130 miles an hour and we're being outclassed," he said.

There's a lot of good milk in sugar beet top silage. According to tests at the Michigan Agricultural Experiment Station cows getting sugar beet top silage can outproduce cows getting only medium quality hay.

Hay production in Michigan this year will be the smallest since the drought of 1934. The favorable grain price situation this year makes it more profitable to buy grain than to buy additional hay.

A really honest person never had to advertise the fact.

It may be mighty hard to economize, but it's easier than getting out of debt.

Things are shaping up for Tuscola County Certified Seed Growers to have one of the outstanding exhibits of recent years at the annual Tuscola County Fair, according to Alfred Ballweg, County Extension Director.

The Certified Seed Growers exhibit has been a part of the crops show at the fair for many years and has done much to focus attention on the importance of Certified Seed Production and use to the agricultural economy of the county. Certified seeds grown in Tuscola County are not only used by many of our own farmers but are sold in agricultural areas all over Michigan, as well as in other states and Canada.

The Tuscola County Association of Certified Seed Growers is taking an active part to promote the interests of local growers by providing a "Sweepstakes" trophy to the exhibitor of the best overall exhibit of either wheat, corn, oats, barley, beans or potatoes entered in the group exhibit at the fair. In addition to the sweepstakes trophy the Association is providing funds for a re-design of the Certified Seed Growers booth in which the exhibits will be displayed.

The Association is also providing a "Bean Trophy" for the Junior Exhibitor of the outstanding exhibit of beans at the Michigan Bean Festival, at Fairgrove on Labor Day.

Membership in the County Association is nearly 100 per cent for 1958, according to Alan Kirk of Fairgrove, Association President.

Tuscola County had 52 farmers growing Certified Seed during 1957. Two of these farmers grew corn, 44 grew beans, 18 grew wheat, 18 grew oats, 18 grew barley, and 2 grew potatoes.

Tuscola County leads all other counties in Michigan in the number of acres devoted to the production of Certified Seed. During 1956 there were 3,235 acres in the county which passed field inspection.

Home Extension Agent's Corner

Frances T. Clark

County Home Demonstration Agent

Are you the Homemaker that is tired of having to use your kitchen range during this hot weather to make desserts?

Grocery stores have a cure for summer heat, plenty of watermelons. The melons are coming from Florida and Georgia and the supply is really large; 15 per cent larger than last year. Larger supplies of watermelons means that you can eat all you can hold for 3, 4 or 5 cents a pound. When you get tired of eating watermelon, you can drink it. Just make watermelon punch. Squeeze the juice from the watermelon pulp and mix the juice with cherry and pineapple juice.

Watermelons come in different shapes, usually they are long or round. Colors are different, too. Some watermelons have dark green skins and others are gray-green or almost white. Shape and skin color do not count when you are choosing a good watermelon; what is inside counts.

There are other summer fruits that help give you that "Cool and Rested" feeling.

Georgia and South Carolina are shipping abundant supplies of peaches to us. Fresh peach shortcake and sundae season will be a long one this year, from right now until the end of the Michigan peach season in mid-September.

The "good ole summer time" is even better when you combine it with lemonade.

The juiciest lemons have smooth skins and are heavy for their size. Do you know how to make juicing easy and to be certain you will get all of the juice when you squeeze a lemon? Just roll each lemon between the palms of your hands before you cut it.

Perhaps you are a homemaker who buys frozen concentrated lemonade and fresh lemons also, because you like a little extra tartness. Maybe your family even likes lemonade for breakfast. That is fine, for lemonade contains vitamin C, and it is a good day starter.

Lemonade is not just for drinking, it is for eating—in a cake. Use frozen concentrated lemonade for lemonade cake-custard. Bake the cake and serve it warm or cold. Here is my favorite recipe for lemonade cake-custard:

1 6-oz. can frozen concentrated lemonade, ¼ cup sifted all-purpose flour, ¼ cup sugar, ¼ teaspoon salt, 1 cup milk, 3 egg yolks, 3 tablespoons melted butter or vegetable oil and 3 egg whites.

Heat the oven to 325 degrees F. (low), grease 8 custard cups thoroughly. Place unopened lemonade in a bowl of warm water to thaw. Sift flour, sugar and salt together. Scald milk by

beating over hot water. Beat egg yolks until fluffy and light-colored, then slowly pour the scalded milk into the eggs, stirring constantly. Stir thawed frozen concentrated lemonade (without water added) and melted shortening into egg and milk mixture. Then stir in flour and sugar mixture, stirring until free from lumps (mixture appears thin). Then fold in beaten egg whites until completely combined (mixture will appear curdled). Pour batter into greased custard cups to within 1½ inch of the top. Set in a pan of hot water and bake 45 minutes. While baking cake forms over a layer of custard sauce. Serve right in the custard cups either warm or chilled. This recipe will make 8 servings.

Another "cool" idea for a dessert is ice cream sodas. They make a nourishing dessert or beverage, and there are endless possibilities for soda combinations. For a starter, you might make your sodas by using the different soft drinks such as root beer, gingerale, cherry or orange sodas and adding a scoop of ice cream or sherbet to the soft drinks.

Sodas can make a remarkable cooling and nourishing refreshment for a gathering or a dessert for the family meal.

TOO BUSY

Courtesy yields large dividends, but it is an investment that is too often overlooked.

Artificial Breeding Still on Increase

Nearly 275,000 Michigan dairy cows were bred artificially last year, reports Don Keblor, County Extension Agent in Agriculture.

This figure represents about one-third of all dairy cows in Michigan and a slight increase over last year. Of this number Tuscola County had nearly 8,000 head or about 40 per cent of the cows and heifers were artificially bred.

Michigan ranks seventh in the number of cows artificially bred, while Wisconsin ranks first with a sixth of the total six million United States cows bred artificially. Other states leading Michigan are Minnesota, New York, Ohio, Iowa, and California.

Dairymen are turning to artificial breeding for many reasons. Two important ones are to improve their herds, and get away from caring for a herd sire on their farms.

Through artificial breeding, dairymen can use the services of the better bulls at a moderate cost, and have nearly a 70 per cent chance of their animals conceiving from the first service.

A new potato, called Tawa, will be available to Michigan growers next year. It was developed by the Michigan and Iowa Agricultural Experiment Stations and the U. S. Department of Agriculture.

FLOWERS are blooming and hearts are gay especially at this romantic time of year that abounds with bridal showers. If you're hostessing for a bride-to-be, have at least one heart-shaped item to serve, be this a cake or pie.

Here are two good suggestions which might be used for a bridal shower:

**Cherry Coconut-Cream Pie** (Makes 1 9-inch pie)

¼ cup cornstarch

¼ cup sugar

1½ cups milk

2 tablespoons maraschino cherry juice

2 eggs, well beaten

1 teaspoon vanilla

¼ cup maraschino cherries, halved

½ cup toasted shredded coconut

1 9-inch graham cracker pie shell

Combine cornstarch and sugar. Gradually add milk, cherry juice and cook over low heat, stirring constantly until thickened. Add small amount of mixture to eggs, then blend with remaining hot mixture. Cook until thickened. Add vanilla and cool. Arrange cherries and ½ cup coconut in pie shell, top with custard mixture and remaining coconut. Chill until firm. Garnish with additional cherries, if desired.

**Sweetheart Cake** (Serves 6)

4 eggs, separated

¼ teaspoon cream of tartar

1½ cups sugar

½ cup finely chopped walnuts

¼ cup sugar

¼ cup lemon juice

2 teaspoon grated lemon rind

1 teaspoon salt

½ cup maraschino cherries, drained

1 cup heavy cream, whipped

Beat egg whites until frothy; add cream of tartar. Gradually add 1½ cups sugar, beating constantly until very stiff. Line baking sheets with well buttered brown paper. Spread egg white mixture into four heart shapes on paper. Sprinkle with walnuts. Bake in very slow (275°F.) oven for an hour. Remove carefully from paper and cool thoroughly.

Meanwhile beat egg yolks until thick. Gradually add ¼ cup sugar, lemon juice and salt. Cook over boiling water, stirring, until thick. Cool, then spread filling over heart cases and top with chopped cherries. Put layers together and top with remaining layer, garnished with whipped cream.

**Know Floor Type Before Cleaning**

Before you can take care of floors properly, know whether it's a hard wood or soft wood floor. Then decide what type of finish you like before you try one method and then another in an attempt to get a high polish or a soft one.

There are many types of surface preparations on the market now, but some are easier to apply and keep so you should read the directions and you know exactly what to expect.

Cleaning the floor daily is important as nothing dulls finish more readily than day to day dust and grime that's tracked in by several pairs of feet. On hardwood floors used in the living areas, use a broom and dust mop. On linoleum, use a broom.

**Remove Old Wax**

It's necessary to remove old wax only when an inferior grade of wax was used originally and the floor surface is gummy. If the floors have been badly neglected and need redoing, then too, remove old wax. If the wax coating has become badly stained, it will then need to be removed.

To remove old wax, use a special wax remover which is usually a thick liquid to be mixed with fairly warm water. Follow manufacturers' directions.

Make certain the floor is thoroughly rinsed, then refinish with a new wax coating.

**Type of Wax**

Paste wax gives a high mirror like polish and needs a special polishing, usually with an electric attachment to give it a professional finish. It's applied with a lamb's wool brush or several thicknesses of cheesecloth.

Machinery and unsafe climbing devices are the two most common areas of farm work injury.

About 12,800 lives of farm residents are taken each year by accidents. More than a million farm residents are injured.

## 125 Attend Annual Sheep Field Day

An estimated 125 sheep raisers and members of their families from Huron, Sanilac, Tuscola, LaPeere, Macomb and St. Clair counties attended the Thumb Sheep Breeders Field Day Wednesday, July 23, at the Arthur Carr farm, northwest of Bad Axe.

Walter Goodall of Cass City conducted a fitting and showing demonstration as one of the features of the field day.

Speakers included Dr. John Trumbull of the state veterinarian's office; Sheldon Harvey, manager of the Michigan Wool Co-op of Jackson, and Graydon Blank, sheep specialist at Michigan State University.

Sheep were brought by several breeders for the demonstration. Breeds shown were Oxford, Hampshire, Corriedale, Suffolk, Cheviot, Southdown and several crosses of mutton breeds with western ewes.

MYSTERY TOUR—Ladies of the Greenleaf Extension Club were on a mystery tour Wednesday afternoon and visited several points of interest in the Thumb. They toured the Sebawing Brewery, Caro State Hospital and the Cass City Chronicle. This picture was snapped as they saw last week's paper published Wednesday and were told of the work required to produce a paper.

## Dodgers' Lead Cut In Little Majors

The Giants slugged their way to a 13-7 victory over the Indians Thursday, July 17, Emory Orto and Dave Stine, the one-two punch of the Giants, again led the attack with three safeties apiece. Orto's hits included a pair of doubles, Orto was the winning pitcher. Leading hitter for the Indians was Tom Ellis who had 3 for 3.

The last-place Tigers pulled the upset of the season Monday, July 21, when they downed the unbeaten Dodgers 13-3. Bill Hutchinson in his first pitching start scattered 6 hits and struck out 11 batters. Jim Ballard led the Tiger attack with two hits. Leading hitter for the Dodgers was Jim Champion who slammed out two hits including a double.

The Dodgers were handed their second straight loss Wednesday, July 23, by the second-place Indians, 11-3. The once potent hitting attack of the Dodgers was no match for the fastball pitching of Gary Kelley. Kelley fanned 16 batters for his second victory of the season. Leading hitters for the Indians were Sam Wells, 3-5, and Dan Robinson, 3 for 4. Mike Cook solved Kelley for two doubles in the losing Dodger game.

The Tigers edged the Giants in a 15-13 overtime slugfest Saturday to drop the Giants into the league cellar. The Tigers scored two unearned runs in the seventh inning to seal the verdict. Marty Yedinak led the winners with four hits, including a double. Stine and Orto picked up two hits apiece for the Giants. Outstanding player of the game was Jimmy Ballard who got 3 hits, scored 3 runs and batted across four more runs for the Tigers.

## Cass City Loses Championship Tilt To Uby, 5-3

Cass City lost its Babe Ruth League championship to Uby Thursday at the Cass City Recreational Park in a close 5-3 game between the divisional champions.

Uby jumped off to a 2-0 lead in the first inning and was never behind, although Cass City rallied to tie the score in the fourth. Uby picked up four scratch hits in the first inning to score a pair of runs after two were out. A pop fly fell for a single. An infield tap and a hit off Tim Anthes' glove went for singles to load the bases. An infield single to third scored the first run and the second came home on a wild pitch before the side was retired. Cass City closed the gap in its half of the inning. Anthes singled and took second as the fielder bobbled the ball. Robinson singled to score Anthes. Hutchinson and McCormick reached first on errors to load the sacks with one away. Uby stopped the rally as Hnatuk and Terbusch whiffed.

Cass City threatened in the second when Binder walked and Retherford singled with no one away, but Uby tightened to prevent a run. Neither team threatened until the fourth when Cass City tied the score. Terbusch singled. Binder also singled, but Terbusch was out trying to go to third on the hit. Retherford fanned and Goodall walked. Anthes singled to score Binder and when the Uby centerfielder let the ball go through him, Goodall scored the tying run.

Both teams threatened in the fifth. A great throw by Hutchinson to Binder at the plate nailed the Uby runner in the top half of the frame and a neat double play aided Uby in the bottom of the inning. Uby scored the winning runs in the sixth. With one away, Holdship tripped. Kowalski singled, scoring Holdship. Kowalski then stole second and Peruski singled to drive him home. Cass City threatened to pull the game out of the fire in the last inning as they did to win the divisional crown from Pigeon. Finkbeiner opened with a single. Anthes lined a drive to right but the Uby first sacker leaped high into the air to pull it down and step on first for a quick double play. Robinson walked and Hutchinson ended Cass City's hopes by grounding out.

will be greater in future years. At the beginning of the 20th century there were three million persons 65 or older. In 1950 the total had increased to more than 13 million and by 1975 is expected to top 20 million persons.

These people must be cared for and records prove that the cheapest and best way for counties to take care of the obligation is with modern, adequate medical care facilities.

Michigan raises 3 1/2 million bushels of peaches annually.

Many lawns are ruined by too frequent and too close mowing. Keep lawn grasses such as Merion and Kentucky bluegrass and red fescue at a height of 1 1/2 to 2 inches in open, sunny areas. Keep red fescue and rough bluegrass grown in shade at 2 to 2 1/2 inches, suggest Michigan State University turf specialists.

The present village dump south of Cass City is rapidly becoming full, President B. F. Benkelman Jr. told trustees. Several sites were discussed for another dump ground and Mr. Hunt and Andrew Bigelow were appointed to investigate and report at the next meeting.

## GOLDEN REUNION

Concluded from page one. man-Lenzner, Joseph Benkelman, Charles Doerr and Frank Hutchinson were guests. Two members were absent, Leon Lauderbach of Justin, Cal., and Lloyd Armstrong, who could not be located. Following the dinner, letters were read from Roy Houghton of Detroit, who was a member of the class during their junior year, and from Leon Lauderbach who sent gifts of jars of paprika and chili powder for each member as souvenirs of the factory which he owns in California.

As a climax to the party Thursday Mr. Auten and Mr. Schwaderer presented the "girls" with lavish gifts which included casseroles, plaques, planters, salad sets, etc., all beautifully gift wrapped in yellow and white.

## Time to Decide Whether to Reseal Stored Corn

It is time for area farmers who have 1957-crop corn on the farm under a price-support loan to make their decision on resealing. Chas. B. Eckfeld, county manager of the Tuscola County ASC Committee, suggested today.

He said that 1957 corn which is under Commodity Credit Corporation loan and stored on the farm may be resealed and the loan extended for another year. Purchase agreements on 1957 corn may be converted into resealed loans. Extended resealed loans are also available to farmers who have 1955 or 1956 corn under resealed.

Mr. Eckfeld pointed out that Tuscola County farmers who resealed and hold their corn on the farm will receive a payment of 16 cents per bushel for the additional year of storage. This will be paid on July 31, 1959, at the end of the resealed year.

Storage on the farm for another year also allows the farmer to have his corn close at hand so he can pay off the loan and use or sell the corn any time he needs it or can market it at a profit.

## Complete Plans for Holstein Show

Tuscola County Registered Breeders will compete for nineteen trophies and awards during the August 16 annual Black and White Show at the Caro Fairgrounds. Judging will begin at 1:00 p.m. sharp, by Mr. Everett Miller of Williamston, Michigan. So all entries must be in by this time.

Each breeder must present the registration papers, or proof that papers are being applied for. A State Department of Health record for each animal (Form 170) and one bale of straw for each entry.

All persons owning registered dairy animals are eligible to enter the show and besides the open classes there will be four classes just for 4-H and FFA entries.

Foster Hickey, President of the County Holstein Breeders Association believes that this year's show can be the best yet. He also urges all breeders to enter their animals and make this year's show again one of the biggest in the state.

The association has invited all sponsors to be on hand to present their trophy or award to the respective winners.

The sponsors of this year's Black and White Show are: Elkland Roller Mills, Cass City; R. E. Johnson Hardware Co., Deford; Caro Farmers' Cooperative Elevator, Caro and Akron; Floyd Ducker Surge Service, Mayville; W. A. Forbes, Caro; Akron State Bank, Akron; Clayton Rohlfis & Sons, Fairgrove; Foster Hickey & Son, Fairgrove; Tuscola County ABA's; Wallace & Morley Elevator Company, Fairgrove; State Savings Bank, Gagetown; Farm Produce Company, Cass City; Frutcher Bean Company, Cass City; Brinker Lumber Company, Cass City; Binder's Service Station, Caro; Dale Kelley Standard Oil Products, Kingston, and Jeffrey International Harvester, Kingston.

Accident studies show that the highest percentage of farm accidents occur during late morning and mid-afternoon hours. Take a "break" at those times to cut accident chances.

## Special Treats Make Open Air Picnics Welcome Events

TIME for a picnic supper? The food should be smacking good but very simple. Have plenty of it on hand, but make it easy to eat out of hand, too.

Sandwiches, of the special variety, are always welcome. Your salad can be crisp relishes such as carrot and celery sticks, cucumber chunks, small tomatoes, green onions and green pepper strips. If desired, bring along a Thousand Island dressing for dunking the vegetables. Fruit and cookies are perfect sweets while milk, lemonade, coffee or tea take care of the beverages.

Here's a sandwich that can be prepared in the kitchen and served on the back porch as an early season picnic idea.

Frankfurter pieces, dill pickles and white onions make a kabob to go into these pieces of French bread for perfect warm weather sandwiches. Complete the main course with deviled eggs, cucumber and tomato slices.

Dill Kabob Sandwiches  
(Makes 6 sandwiches)  
1 1/2-inch loaf French bread  
1/4 cup grated, processed Cheddar cheese  
2 frankfurters, cut in fourths  
4 dill pickles, cut in thirds  
8 small canned white onions  
Melted butter

Make a lengthwise cut in bread without cutting all the way through. Sprinkle surfaces with cheese. Alternate frankfurters, pickles and onion on skewers; brush with butter. Broil 3 to 4 inches from source of heat for 5 to 10 minutes or until frankfurters are browned. Place kabobs on cheese bread and remove skewers. Here's a skillet supper which can be cooked at the picnic site or in the kitchen, to be kept warm in a covered skillet.

## Cheeseburger Skillet

(Serves 4)  
1 pound ground beef chuck  
1/2 cup chopped onion  
1 teaspoon salt  
1/4 cup grated Cheddar cheese  
1/4 cup butter  
1 medium onion, sliced  
1 8-ounce can tomato sauce  
1 8-ounce prepared mustard  
2 tablespoons vinegar  
1/4 cup sliced dill pickles  
Salt and pepper  
Hamburger buns  
Combine beef, chopped onion, salt and cheese; mix well and shape into 4 patties. Brown patties in 2 tablespoons butter on both sides. Melt remaining 2 tablespoons butter, add sliced onion and cook until tender. Add tomato sauce, mustard, vinegar and pickles; mix well, season to taste with salt and pepper then pour over patties and cook 15 minutes. Serve on hamburger rolls.

## Kitchen is Place For First Aid Kit

Whether the big game hunter in your family consists of a tow-head with a trusty six shooter or a husband with a spray gun, chances are that Mother had better set her sights on a well-stocked medicine cabinet to be ready for summer's toll of cuts, scratches and bruises.

If the family medicine chest serves as a shaving cabinet, cosmetic case and large bottle catch-all, it's mighty hard to maintain an adequate first aid station. It's best then to leave the bathroom cabinet for grooming essentials and move the first aid supplies into the kitchen.

It's into the kitchen they come whether hungry or in need of first aid. If there's a space near the kitchen sink or the utility room sink, this is a good site for the first aid kit since most sores, cuts, scratches and bruises should be washed first.

Keep It Stocked

It's a good idea to stock the first aid kit for summer and then again for winter. You may now want to substitute a sun burn lotion for the chapped lip stick, and you'll undoubtedly need more bandages with children scraping knees on sidewalks and husbands getting scratches from rose bushes.

Have on hand some sterile white cotton balls for cleaning wounds, applying antiseptic or lotion to tender burns and all sorts of myriad uses. There should be some first aid cream or lotion for soothing purposes as well as for alleviating pain.

Easy-to-use plastic dressings come in several different types for whatever the wound to make bandaging easy. Choose strips, patches and spots for small hurts.

Berrien County has one of the greatest concentrations of fruit and vegetable production in America.

Sanilac County has more cattle than humans, indicating that dairying is big business in many areas of Michigan.

## Award Hunt Co. Sanilac Road Job

The Michigan State Highway Department announced this week that three road jobs in Tuscola and Sanilac counties were let or are slated for letting in competitive bidding.

C. R. Hunt Company of Cass City was low bidder at \$224,089 for 5.7 miles of aggregate base course and bituminous aggregate surfacing on M-61, from 2,000 feet south of the north limits of Applegate, northerly to the south limits of Carsonville. Completion date is Oct. 31, 1953.

Low bidder will be determined Aug. 20 in Lansing for 1.8 miles of grading, drainage and aggregate surfacing on FAS Route 284 in Tuscola County from four miles west of the east county line, westerly. Completion date is July 1, 1953.

Frank Strausberg and Son of Saginaw was low bidder at \$89,880 for 6.4 miles of bituminous aggregate surfacing on FAS Route 116 from east of M-138 at Unionville, easterly; on FAS Route 127 through the village of Fostoria, and on FAS Route 724, from M-15 westerly. Completion date is Nov. 1, 1953.

## 5 Grant Ladies at Annual Conference

Five members of the Grant Center Extension Club were among 1,756 women from Michigan who had registered Thursday noon for the annual Homemakers Conference held at Michigan State University. The five were: Mrs. Raymond Roberts, Mrs. Donald Glann, Mrs. Thomas Quinn Sr., Mrs. Claude Martin and Mrs. Oscar Nixon.

Thursday the ladies enjoyed a varied program. Miss Janet Westell, MSU teacher, talked on fitness in an address titled "Lady Be Fit."

Ann Landers of Chicago, syndicated advice columnist, spoke in the afternoon. A chorus of 35 businessmen "who like to sing" and a folk singer furnished entertainment in the evening.

Dr. Clyde Cairry from MSU concluded the entertainment with his "Mental Wizardry" program.

## 3 Major Changes In Reserve Program

Three major changes for the 1959 Conservation Reserve program have been enacted and farmers will be able to receive full information about the program in a few weeks, Charles B. Eckfeld, ASC office manager, said this week.

One of the changes calls for a higher average level of rental payments adjusted to the value of the land involved.

Another calls for a higher rate when a farmer places all eligible cropland in the reserve. The third establishes a priority system for accepting contracts giving preference to farmers offering land at the lowest cost per unit of productivity.

The Conservation Reserve program will open early this year because the acreage reserve program will not be in effect in 1959. Farmers will be notified as soon as the county office is ready to receive Conservation Reserve applications.

The self-satisfied man has reached the jumping off place.
