TOES TRAMPLED

When you consider how big the

There's been a lot of talk recently about the auto industry . . . workers laid off, people just aren't buying cars. The auto makers are making cars too big, too long, too wide . . . more and more small foreign cars on the market.

I'm not going to try to make any prediction about the car market. Whether cars will get bigger or smaller, I don't know. But I can tell you one thing and that is that cars have been a good buy for the past few years . . . and they're

likely to keep on being a good car for the money for a good long

You know, cars really change very little from year to year . . . that's why a good used car is such a good buy. When you buy a latemodel car, you can be sure of a machine that will not be out of style in a year or even three or four years. And when you buy from a reliable dealer you are doubly sure that you get good value

Right now, we've got a good selection of cars on the lot . a model to suit your taste. They're all in good shape .. the choice cars from our trades on new car sales. And all have been tuned up, ready and waiting to give you miles of driving satisfaction.

Drop in today, Look them over. Try out the one that suits your fancy. Remember, you get more miles of trouble free driving and more economical driving when you drive a Bulen Motors Used Car.

NEW CARS. Now is the economical time to buy the '58 Chevrolet, the most wanted car of the year by far. Everyone knows in October the '59s will come out. We must clean out the '58s and wehave a good selection. These cars will go just as far as a '59, carry the full New Car Guarantee. Come in and see how little it will cost.

Ask about our 35,000 Mile Guarantee on new cars. No additional

Already, Illinois' DuPage is a "complicated problem." County water commission has given indications it intends to ties, said Adams. And then, in- natural resources.

rumblings that some communities Arguments on the matter were in Ohio were planning to dig heard in June and July. Since canals or pipelines from Lake then, Michigan State University Several years ago there were officials they will not "countenance any such diversion."

Adams said the day may come when it will be impossible to halt all of the demands on Great Lakes' water--"unless the Great Lakes states insist at all times that there be no invasion of the Great Lakes Basin by areas and by persons who form no part of that basin."

"In its avid and insatiable desire to literally steal the water from the Great Lakes Basin so that it may cheapen the cost of sewage disposal, Chicago is seemingly blind to the great injuries its efforts cause to the millions of people in the other Great Lakes states," Adams said.

Another Michigan waterways problem has been occupying

ALMOST ONE MILLION 4-H CLUB MEMBERS are aiming for safer living on highways and farms, in homes and communities. Their efforts are focused on the national 4-H Safety program directed by the Cooperative Extension Service and arranged by the National Committee on Boys and Girls Club Work.

Farm boys and girls enrolled in the program—and their city cousins as well—can take their share of credit for helping to decrease traffic deaths last year. Proof that they're on the job is the record high enrollment reached in 1957

when 815,000 club members between the ages of 10 and 21 took part in some form of safety acti-vity, according to the National Committee. And hard work does not go unrewarded. At the

national level eight top ranking 4-H'ers will receive \$400 college scholarships and an alleggense trip to the National 4-H Club Congress in Chicago next December. The state winner also will attend the Congress with all-expenses paid, and it is estimated that nearly 4,000 youngsters will merit the county safety medal. All awards are provided by General Motors which has supported the 4-H Safety program since 1944.

The Good Old Summertime Is Hard On Your Clothes

Frequent Dry Cleaning Will Cut Down Your Clothing Bills!

This is a proven fact. Perspiration, dust, dirt and more active summer fun cuts down the life of all garments. The sharp edges of dust particles, body acids, etc. tend to wear the threads of a soiled garment. Frequent dry cleanings remove these wearing factors, and gives your clothing longer life.

Accidents Decrease

Again in July July was the seventh consecu-

tive month this year to show a reduction in traffic deaths under FOR SALE-About 4 acres secmonth of last year, according to provisional figures reported by the State Police.

duction of 16 or 12.5 per cent under 128 in July of 1957.

For the first seven months the year the total now stands at 687 deaths as compared with 831 in the same period of 1957, a saving of 144 lives, or 17.3 per cent. There have been reductions in deaths in 26 of the last 28 months on the same comparative basis.

Previously reported as the sixth consecutive month in which deaths were below 100, June lost that position when delayed figures brought the total to 110, which was eight per cent below June last year. The provisional report was 99 deaths.

Final figures for June also show 4,778 persons injured in 13,-114 accidents, reductions of 13 per cent in both injuries and acci-

For the first six months of the year, the latest figures available there were 24,962 persons injured USED BIG REFRIGERATORin 80,173 accidents, reductions of nine and 16 per cent respectively.

Estimated mileage traveled for the first five months, also the latest information, was 11.6 billion, a reduction of less than one per cent under the same period a year ago. The death rate of four per 100 million miles of travel was down 20 per cent.

State Police warned, however that August will offer a real challenge to drivers. It has the highest travel mileage of any month, and is one of the highest death months, with a total last year of 151, second only to December with 157. Each week end in August last year averaged more than 20 deaths.

"Despite the increased hazards, we know deaths can be reduced but it means that drivers must be on the alert and take no chances, said Commissioner Joseph Childs. "The one chance that is taken may be the last one. Travel will be heavy with greater exposure 1956 FORD Victoria, very sharp to accidents. It's up to the driver to keep out of trouble by following the rules of the road and watching out for what the other

driver may do."

IN JUST 15 MINUTES
IF YOU HAVE TO
SCRATCH YOUR ITCH—

WE WISH to take this opportunity to thank our friends, relatives and neighbors for their kind expression of sympathy during the illness and at the death of our beloved wife and mother. We especially would like to thank Mrs. Bertha Hildinger and her staff of nurses for their loving care, Dr. Ballard for his care, Mr. Little for his efficient services, Rev. Marshall and Rev. Shaw for their comforting words. We would like to thank Janet Auslander, the organist, and Roy Severance and Alex Lindsay Jr. for their lovely message in song. We would like to give a special thanks to the ladies who prepared our meals and to all those who brought food. Your kindness will never be forgotten. The Josh Sharrard family.

During the summer heat, are you still good natured and energetic; or are you often tired and jumpy?" It is very possible that the amount of B vitamins in your meals may have something to do with your disposition. Thiamine (Vitamin B1) is one of those important vitamins that helps everyone to have that optimistic outlook. It also helps prevent fatigue and nervous irritability as well as to promote good appetite, digestion and elimination. In other words, thiamine is the "spark" that releases energy from food to the body machine.

Do you realize that few foods contain large amounts of thiamine; but well-chosen meals, providing a variety of foods, will add up to the day's thiamine requirement. One of the best ways to make sure of a steady supply is to use whole grain or enriched bread, flour and cereals. Your body does not store thiamine, so you must plan every day's menu to include

The Chronicle

During spring and summer months, young rabbits, deer and other game animals present a temptation for well-meaning persons who wish to "adopt" wildlife youngsters as pets. However, that "helpless" wildlife baby will grow up rapidly and, if kept in captivity, can be troublesome and dangerous. Best advice is: Obey the law; leave wild animals alone.

Top Teams Win In City League

City Softball League after they p. m. came from behind to overcome a six-run Fuelgas lead and win in

Fuelgas counted in the first inning and then splurged for five Davison were week-end guests big markers in the fourth for a 6-0 advantage,

Baldy's started back in the fifth with three runs and scored twice in each of the next three innings for the victory.

Nelson Willy went the distance for Baldy's. Bob Wallace started soon discovers that it has come for Fuelgas and was relieved by Jack Hool, who was charged with the loss.

The line score: Baldy's 000 032 22 Fuelgas 100 501 00 Walbro Wins

Walbro had little trouble staying within a game of the league 12-5 decision over cellar dwelling hoeing. Mobil.

Walbro scored in every inning in the rout. They were ahead 7-0 before Mobil scored its first runs in the fourth, Buehrly and Stoutenburg each went the distance on will join the tour. the mound.

A pessimist spends a lot of time dodging the opportunities that

come his way, ORDER APPOINTING TIME FOR HEARING CLAIMS State of Michigan. The Probate Court or the County of Tuscola. In the Matter of the Estate of Mabel

Cramer, Deceased.
At a session of said Court, held or M. Cramer, Deceased.

At a session of said Court, held on July 29th, 1958.

Present, Honorable Henderson Graham, judge of Probate.

Notice is Hereby Given, That all creditors of said deceased are required to present their claims in writing and under oath, to said Court, and to serve a copy thereof upon Viola Ferol Meiser of Cass City, Michigan, fiduciary of said estate, and that such claims will be heard by said Court at the Probate Office on October 9th, 1958, at ten a. m. It is Ordered, That notice thereof be given by publication of a capy hereof for three weeks consecutively previous to said day of hearing, in the Cass City Chronicle, and that the fiduciary cause a copy of this notice to be served upon each known party in interest at his last known address by registered or certified mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing. Henderson Graham, Judge of Probate.

A true copy: Beatrice P. Berry, Register of Probate.
