Woman Awarded \$2,500 for Injuries

Beverly J. Brown, Bad Axe, was awarded \$2,500 in Tuscola County Circuit Court Friday before Judge T. C. Quinn in compensation for injuries suffered in an accident involving Anthony L. Repshinska of Gageton.

Testimony indicated that Mrs. Brown was driving on the Bay City-Forrestville Road, two and one half miles west of Gageton, when her car approached that of Repshinska. She sounded her horn that she was going to pass and when she started to do so, Repshinska turned left without giving the proper signals.

Mrs. Brown suffered a broken nose, which is permanently impaired, numerous abrasions and contusions around the head and face. She was hospitalized for three days.

She had asked for \$10,000 plus court and attorney fees.

One criminal case was brought before the court July 1. Alfred Creason stood mute when accused of embezzlement.

Creason was accused of disposing of 24 cows that went with a farm owned by Lester Marquardt and leased to Creason.

A nolle prosequi was entered after Creason paid Marquardt \$4,000 for the cattle. A plea of not guilty was entered.

Other Cases Wednesday

The Palace Market received a default judgment for \$365.15 and costs of \$27.20 on a grocery bill owed by Albert Holdburg, Caro.

Two domestic cases were recorded. Dorothy J. Haslocker was awarded custody of two children and alimony of \$12.50 a week per child in the case of Dorothy J. Haslocker vs. Richard Haslocker. Property settlement was ordered by Judge Quinn.

In the case of Dorothy McElDowney vs. Russell M. McElDowney, Mrs. McElDowney was awarded temporary alimony of \$15.00 a week and \$100 attorney fees.

Musall Will Leave Hospital This Week

Robert Musall, motorcycle accident victim, had the cast removed from his badly damaged arm Tuesday and hospital authorities say the arm is healing as well as can be expected.

There is no infection and there is some finger movement, although reconstructive surgery will be necessary if more use of the arm is to be regained. It is doubtful if full mobility of the arm will be recovered.

Musall will be leaving the hospital sometime this week but will return for regular examinations.

Rotarians Hear Migrant Labor Problems Told

The problems facing the migrant workers in Michigan and in the Thumb were outlined Tuesday noon for Cass City Rotarians at the New Gordon Hotel by Manuel Figueroa, a native of Honduras, Central America, and a student at the University of Kentucky.

Mr. Figueroa, who has charge of the Migrant Mission in this area, said that possibly the biggest problem facing the Texan who works the fields in the Thumb is health.

He said that Mexican Nationals who are brought to Michigan by sugar companies have health protection provided by the companies, but both groups have other similar problems.

Actually, Mr. Figueroa pointed out, the migrant problem should concern area residents... the workers perform a service to farmers at a cost that local residents will not work for and provide added business for area businessmen.

Some of the problems that should be solved, the guest speaker said, include: inadequate housing that throws families of 10 or more persons in one-room shacks; no acceptance of migrant people; language barrier; uncertainty of work due to weather conditions, and lack of proper clothing for Michigan's cooler climate.

Officers Installed
In the business meeting, officers elected in the spring assumed their new duties. New president is Louis Bartz, secretary is William Profit. Other officers elected were: Cliff Croft, vice-president; Bob Keating, secretary; and Arthur Atwell, treasurer.

President Bartz appointed Walker Matlack as sergeant-at-arms.

Complete Plans For Annual Bean Queen Contest

Plans have been completed for the 13th annual Tuscola County Bean Queen contest to be staged at the Tuscola County Fair in Caro in August.

County Farm Bureau, Grange and farmers' clubs are encouraging qualified young girls to participate by sponsoring contestants, Alfred Ballweg, county extension director, said.

Contestants must be unmarried, be a farmer's daughter who has grown or is growing beans. Girls 17 to 25 are eligible. Girls who were named county queen in previous years are not eligible. The winner at the fair will compete in the state contest at Fairgrove on Labor Day.

Applications should be made through local farm groups and it is important that entries be made on or before July 15 if possible, Ballweg said, so that adequate publicity can be given the contest.

Deford Youth in Motorcycle Accident

David Allen, 15, son of Mr. and Mrs. Burton Allen of Deford, sustained cuts, bruises and an injury to his left ankle when the motorcycle he was riding struck the back of a car July 2.

He was taken to Cass City Hospital where a cast was put on his ankle. He was kept there for several days.

Allen struck the back of a car driven by Miss Judith Hudson, Cass City, as she turned into the driveway in front of Sherman's Restaurant. William Schram, deputy sheriff, investigated the accident.

Loot Bad Axe Implement Sales

The W. H. Thompson Implement Sales, Bad Axe, was recently burglarized to the tune of \$787.70 in merchandise and cash.

Thompson's building was broken into sometime between closing at 5:30 p.m. Thursday and opening at 8:00 a.m. Friday, reports Robert Swackhamer, undersheriff. The thieves forced both outer and inner rear doors to gain entrance.

Taken were one used chain saw valued at \$125, three new chain saws valued at \$638.50, a saw file guide at \$15.95, a gasoline can at \$3.25 and approximately \$5 in change from the till.

Race Tightens in Local Little League

The Yankees suffered their second straight defeat Monday, June 29, as they fell to the Pirates, 6-3. Dean Frakes was the winning pitcher as he allowed the Yanks only four hits and struck out nine batters.

Emery Orto was the losing pitcher as he gave up five hits, two by Al Wallace, the league's leading hitter. Jerry King and Robert Fischer slammed out doubles for the losers.

Line score:
Yankees R H E 3 4 7
Pirates R H E 6 5 1

The Pirates picked up their second win in as many days by defeating the Giants in the last inning by a score of 4-3. The victory enabled the Pirates to move into a first place tie with

Two-team Race in Merchants' Loop

It looks more and more as if the race for the championship in the Merchants' League will be a two-team affair between undefeated Bush's and Leonard which has lost one game in four starts.

Both of the leaders posted wins Thursday. Bush's topped Walbro Carbs 9-4 in a game closer than the final score indicates and Leonard had little trouble taking the measure of Walbro Fuel Pumps 9-2.

Although Bush's topped the Carbs by five runs, there was only one run difference between the two teams until the last of the sixth when the winners scored four times.

The Carbs scored three times in the third. The key blow was a four-base knock by Maynard Helwig.

Leonard scored in every inning but the sixth and seventh as the team ran up an early lead and coasted to victory. The winners posted only four hits as did the losers but sloppy fielding by the Fuel Pumps cost them a chance for victory.

The standings:
Team W L
Bush's 4 0
Leonard 3 1
Walbro Carbs 1 3
Walbro F. P. 0 4

DIRECTOR AND FAMILY—Busy familiarizing himself with Cass City and the surrounding area is Oran Hudson, new administrator of the Cass City Community Hospital. Mr. Hudson will assume his new post July 15. From left: John, Mr. Hudson, Mrs. Hudson and Gussie. (Chronicle photo.)

"Organization Main Problem" Says New Hospital Director

Cass City now has five new residents: a wife, Ruth; two boys, John, 13, and Gussie, 11; a dog, Storm, 5, and a father, Oran Hudson, the new hospital director.

The Hudson family arrived very early Wednesday morning and, at the time of the interview, were still in the process of collecting their belongings and wits.

Oran Hudson is one of the few persons in the country who, without a degree, is a member of the American Chemical Society, but he seems well qualified for the honor. He started his career by attending government schools and studying serology on Staten Island. After three years of directing the government laboratory at Jackson, Mississippi, for the Veterans Administration and the laboratory at Alpena General Hospital for two years, he ran the Mariette Community Hospital for five years, at the same time organizing the Community hospital at Yale.

His last stop was Keesler Air Force Base in Mississippi, where, until June 24, he was teaching biochemistry.

But these are not his only achievements. Hudson did tuberculosis research while at Jackson, Mississippi, and was one of a special team of specialists drawn from the allied countries after World War I to investigate the scientific advancements the Germans had made while occupying various countries. He specialized in the work they did in the gas research centers. Also, so far, our new hospital director has designed and organized about 8 or 9 laboratories for the government.

If added information is desired about his achievements, the inquirer should look in the Who's Who for the Middle West. He is listed there.

When questioned about the tabling motion of the village council to allow all licensed physicians in the State of Michigan to practice in the new hospital, Hudson explained that there are two main kinds of hospital medical staffs - open and closed. The open staff allows any licensed

physician to practice in the hospital while the closed has a select group of doctors drawn from the surrounding area. They have voting power in the hospital administration and are the only doctors practicing there.

"In a community of this size and considering the size of the hospital, the Cass City Community Hospital will probably be a compromise of the two," said Hudson.

A compromise, according to Hudson, would consist of an active medical staff and a courtesy staff. The active staff would be drawn from the doctors practicing in this area who would be using the hospital regularly. Since this group would have the most interest and responsibility toward the hospital, they would have a voting power in the hospital policy decisions. The courtesy staff would consist of doctors who use the hospital less often and they would not have a voting power. A doctor on the courtesy staff could become a member of the active staff by increasing his use of, and interest in, the hospital. He would then be eligible to be voted a member of the active staff.

The main idea of the two staff system is to leave the hospital medical practices flexible to meet the changing needs. "A hospital has to be flexible to adapt to changes that come up, especially the first year," said Hudson.

"The organization of the hospital itself will utilize all the local people who are eligible and they will be the nucleus of the hospital," claims Hudson. "The hospital will not open with full capacity but will add to the nucleus as it goes along."

The biggest problem he will have to tackle is that of organization. The medical staff and non-professional staff must be set up, over 15 various licenses to be obtained for the hospital and, of course, the hospital itself has to be licensed. Insurance has to be secured covering everything from boiler insurance to malpractice insurance, and all equipment and supplies bought.

Purchases are grouped into three categories. Group one includes the fixed items such as boilers, sterilizers, and other such "heavy" equipment. Group two includes the small but permanent items as pots, pans, sheets, towels, and instruments. Last but not least are the disposable items: paper, bandages, medicines and food. Once the list is made, it is let out for bids. The whole process is answerable to the Office of Hospital Surveying and Construction in Lansing.

"The basic organization of a small hospital is about the same as in a big hospital but the administration of the smaller is not so complicated once the hospital gets going," said Hudson.

The hospital, when functioning, touches every business in the community as it has to have some knowledge of all trades and interact with them, e.g. plumbing.

As the hospital progresses in size and organization, it will join such organizations as the American Hospital Association and the American College of Surgeons. Once this is accomplished, Hudson himself can join the American Hospital Association and the Michigan Hospital Association, but the hospital must be a member before the administrator can join.

The new director has many hobbies. They include astronomy, photography and most of the sciences. One of his favorites is geology and he refers to himself as a "Rockhound". Archery is also one of his likes. He has bagged three deer using a bow and arrow. He even makes his own equipment.

Coming Auctions

Saturday, July 11—Alvin Smith will sell farm machinery at the farm, seven and a half miles northeast of Caro on M-81, then a half mile east to 8478 Akron Road.

Tuesday, July 14, 1959 registered Herefords will be sold at the Rae Mar Ranch dispersal sale, northwest of Clare.

Slate Area School Meetings Monday

Annual district school meetings and elections will be held at four area school districts Monday with several important measures to be decided by district electors.

Cass City will vote for a trustee for the board. The only candidate is incumbent Lester Ross and his election is regarded as a formality.

Another measure on the ballot is the approval of the sale of various schoolhouses and property that were used by districts that consolidated to Cass City District. The buildings have been sold and the vote is to avoid any possible legal question in the future.

Owendale-Gagetown
Because of the consolidation last year, no trustees will be elected at Gagetown-Owendale this year. Only proposition facing the electors will be to increase the millage for operating from eight to 10 mills. Tuscola County has allotted eight mills for operating and Huron County, 10 mills. Owendale is in Huron County and Gagetown in Tuscola County.

The school uses the entire 10 mills in Huron and needs the extra two mills on Tuscola County valuations. To get it, a special vote is needed.

Deford School
The Deford Community School will hold its annual meeting July 13 at 8 p.m. at the school.

Two trustees will be elected as the terms of Claud Peasley and Louis Babich are expiring.

Another major question will be that of consolidation with Cass City. Since there is a bill in Congress to have all eighth grade schools consolidate with larger schools in three years, the Deford board plans to put the question to the voters whether to consolidate now or wait the three years.

Also, the question of dancing in the school building will be decided upon. A close vote is expected as last year the vote was yes while the year before it was no.

Authorities announced that all the teachers are returning this year.

Evergreen School
The Evergreen Township School will hold its meeting on July 13 at the school.

The election of two trustees will be the main business. The terms of Bruce Kritzman and Mrs. Grant Brown have expired.

Rotary Club Host To District Governor

Mr. F. Harry McKay, governor of the 631st district of Rotary International, will visit the Cass City Rotary Club July 14 while making his annual official visit to each of the 32 Rotary Clubs in this district.

He will address the local club

and confer with Louis Bartz, president; Robert Keating, secretary, and committee chairmen about Rotary administration and service activities.

McKay was the former owner of the Pigeon Lumber and Supply Company and is a member and past president of the Rotary Club of Pigeon. He was elected as a district governor of Rotary International for the 1959-60 fiscal year at Rotary's 50th annual convention in New York City.

Deford Man Fined For Reckless Driving

Glen Dale May, Deford, was sentenced Monday night in Justice Court to pay a fine of \$50.00 and costs of \$4.90 plus spend two days in the county jail or spend six days in jail.

May pleaded guilty to reckless driving. He was stopped by Officer Edward Anthes and later tried to escape.

Varied Evening Program Slated At Home-coming

The regular meeting of the board of the Cass City Chamber of Commerce slated Monday should result in final arrangements for the 1959 Cass City Home-coming.

It is possible that the program this year will feature the most varied evening entertainment in the history of the event.

Highlighted by a free ox-roast, other free events that may be secured include demonstrations by the Detroit Police Drill Team, the State Police Skin Diving Team and the State Police Disaster Unit.

Also included will be the stand-by events that have proved popular, in preceding years, including the Livestock Show, Little League All-Star game and the various booths for food and entertainment.

Another added attraction in the evening will be a home talent show which will feature some 10 acts of local talent. Authorities said that the show is not a contest, but simply a show featuring some of the best local talent available.

Tyre Youth Tries To Take Own Life

Marvin Guigar, 19, Tyre, is recovering in Bad Axe General Hospital after shooting himself in an attempted suicide 2 a.m. July 4 at the home of his uncle.

Guigar had been drinking heavily and riding with friends when he went to the residence of his uncle, De Witt Hunt, awakened him and told him he was going to kill himself. Hunt, thinking the youth was joking, made a light remark and remained in bed. Minutes later, he heard a shot and the screams of Guigar.

Police were summoned and Guigar was found in the yard moaning, losing blood rapidly and still conscious. He had taken an old 12 gauge shotgun and inflicted a wound on himself below the left ribs.

He was taken to the hospital and treated by Dr. Harold Laidlaw. His condition is described as good.

Lawrence Miller and John Herbstreit, state troopers, questioned Guigar and reported he cannot explain his behavior. "I guess I thought I'd scare my uncle," he said.

Guigar's employer at Elkton and relatives state he has never shown any previous suicidal tendencies. He has not been involved in any situations which might tend to depress him nor is he known to have made any threats of self-destruction.

From the Editor's Corner

The worst of a trying week for downtown merchants and apartment dwellers was concluded Wednesday morning when the street department of Cass City started to sweep the remainder of the fine stone spread on Main Street.

The stone, part of a seal coat process, was spread over all of the road and resulted in huge clouds of dust whenever cars went by... it was hard to breathe when a heavily loaded truck came grinding through town.

Every merchant found it impossible to keep stocks clean even though they cleaned every day. Many said that the dust settled again about as fast as it was wiped clean.

Most merchants took the hardship good naturally as they realized that the situation would be corrected as soon as possible and that the seal coat will add years to the life of the street and save thousands in tax dollars in years to come.

We appreciate the many fine comments we received about our fourth annual builders section last week... however, in the rush of last minute work the Chronicle failed to insert an advertisement for Tuckey Block Co. as ordered.

"We like people to know we're in business here, too," Luke Tuckey reported. So, better late than never, we're publishing the ad that should have been in the building section last week on page 10 of this week's issue.

Cass City Teacher Attends Convention

Mrs. Lila Phipps, a teacher at Cass City Elementary School, attended the 97th annual convention of the National Education Association in St. Louis, Missouri. Mrs. Phipps is one of 200 Michigan Education Association members who attended the speeches, workshops, demonstrations and exhibits which were designed to help teachers improve instructional techniques and professional qualifications.

Expensive Fire Works

Scenes such as this one are menacingly familiar during the traditional light rainfall months of July and August when outdoor recreation hits its peak throughout Michigan. Under these conditions, even a small fire can blaze out of control and spread quickly over a large area, destroying valuable wildlife, forests and property in its path. Conservation Department officials estimate that 95 percent of all fires can be traced to human carelessness with smokers and camp fires ranking as two of the major causes. They urge everyone to observe fire preventive measures when afield.

To Expand Farm Soil Sampling

The results of a soil test are no better than the sample of soil from which the test was made. The soil sample which should be representative of the field from which it was taken is no better than the job done in gathering the soil sample, said Alfred Ballweg, county extension director. Tuscola county farmers are spending in the neighborhood of \$2,000,000.00 annually on fertilizer. A survey made in Denmark township two years ago revealed that fertilizer cost per tillable acre varies from \$7.25 to \$25.30 or an average of \$14.81 per acre. With the high investment in fertilizer, more farmers are interested in soil testing and especially in securing a good representative test of their fields. Any Tuscola county farm owner or operator may apply for the expanded soil sampling and testing service by contacting the Cooperative Extension Service office, Courthouse, Caro. When the farmer applies he designates the location of the farm and the fields to be sampled and tested. Starting on or after September 1, 1959, a trained person will be sent out to his farm to gather the samples. To make up the composite sample for the field, the soil sampler will walk each field and secure a probe from each acre in the field. Samples will then be brought to the soils laboratory in Caro for testing by a soil testing technician. Once the soil tests results are available farmers are encouraged to come into the office for consultation on recommendations, said Ballweg. The cost of this service to farmers will be a minimum of \$15.00 per farm or 20c per acre. Actual soil sampling will not get under way until September 1; however, interested farmers may make applications at any time from now on for the service, Ballweg said. A soil testing service has been available to Tuscola county farmers since 1950. The state approved laboratory is located in conjunction with the County Farm Bureau office and the Caro Farmers' Cooperative Elevator. Sponsoring this new approach to soil testing in Tuscola county is the county Agricultural Extension Advisory Board in cooperation with the Cooperative Extension Office located in the Courthouse, Caro. The present officers of the council are Clarence Keinath, Caro, chairman; Grover Laurie, Cass City, vice-chairman, and Jim Milligan, Cass City, secretary.

BUY POPULARITY

Best Room!

JUST ONE OF 7 Big Bests Chevrolet OFFERS you over any other car in its field!

Take a tip from the experts... in their own words... and from on-record facts and figures: More than ever, Chevrolet gives you more than any other of the leading low-priced three! More room to relax in, for instance. A sampling of official dimensions reported to A.M.A.* makes this clear. Chevy front seat hip room, for one thing, is up to 5.9 inches wider than comparable cars. And Chevy even offers more front seat head room than all but one of the high-priced cars!

Best Brakes Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR-conducted test of repeated stops from highway speeds.

Best Style It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

Best Engine Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "... surely the most wonderfully responsive engine available today at any price."

Best Ride MOTOR TREND magazine calls Chevy "... the smoothest, most quiet, softest riding car in its price class." You'll be able to tell this yourself instantly, once you take the wheel.

Best Economy No doubt about this: two Chevrolet 6's won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car, 22.38 miles per gallon—with Powerglide.

Best Trade-In Check in any N.A.D.A.† Guide Book. Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BULEN TALKS CARS

GROWTH OF THE HORSELESS CARRIAGE

Delving into an early history of the automotive industry it was interesting to note that the pioneers had quite a different conception of how an automobile should be constructed . . . that is from the cars we know today.

They naturally thought of automobiles patterned after the horse drawn vehicles of their day . . . with a motor instead of a horse. Even as late as 1900 this idea still survived!

However, it was during this year that the main features of the modern machine began to emerge. For instance, this was the year the engine appeared in front of the driver on top of the frame. Wheels were lower and pneumatic tires became universal. The dashboards fashioned after the old horse-driven carriages also began to disappear.

The engine, however, was still geared to the driving axle through a chain. But this soon gave way to the modern direct drive . . . and the many improvements and refinements that have made the automobile so reliable and easy to handle soon began to appear in rapid succession.

Yes, the story of the automobile is one of constant progress. And we have many fine examples of modern engineering design on our used car lot right now. These are well cared for, late model cars that we have taken in on trade on our new models.

So if you're in the market for a good dependable used car drop around and see us now. They have been thoroughly reconditioned and tested to assure you of miles and miles of economical and trouble-free driving.

WE'LL BUY YOUR CAR! Yes, you read it right. We need good Used Cars and Trucks (particularly Pickups) and will pay CASH. If you have a car or truck you're not using, don't let it sit around and depreciate. Bring it in, let us try to buy it.

Wright-Griffen Are Wed In Candlelight

Miss Shirley Ann Wright, daughter of Mr. and Mrs. Louis Wright, Cass City, was wed in a candlelight service to Mr. Albert D. Griffen, son of Mr. and Mrs. Vere Griffen, Key West, Florida, in the Novesta Church of Christ at 7 p.m. June 27.

The church was decorated with white gladioli, mums and palms. The Rev. Howard Woodard officiated.

The bride wore a street length gown of white lace and a fingertip veil. She carried a white Bible trimmed with an orchid, white mums and lilies of the valley.

The bride's aunt, Mrs. Stanley Koch, Caro, was the matron of honor and Mrs. Dale Stevens, Cass City, the bride's cousin, was the bridesmaid. They wore street length dresses of blue and pink, respectively.

Dale Stevens and Stanley Koch were the groom's attendants.

A reception was held immediately following the wedding in the church basement. Over 75 attended.

The couple went on a trip to Isle Royale National Park for a week.

The groom resides at Walbro's and the couple works in Cass City.

School Systems Hot Issue

By Elmer E. White
 Michigan Press Association
 If the 1959 legislature had not had a tax squabble this year, by far the hottest issue of the session would have been schools—especially the Little Red School-house.

The question of providing a school aid formula for Michigan's more than 2,800 school districts was debated in party caucus sessions, in committees and on the floor of both houses.

It was put aside temporarily in the Senate to become a final order of business before adjournment.

The Senate, however, made quick work of a controversial House-approved bill to force consolidation of districts not having high schools. The bill was shelved in the Senate Education Committee.

Michigan has a basic pattern of school district organization that Lynn M. Bartlett, state superintendent of public instruction, said was "established in the middle of the 19th century to meet the needs of a pioneer society and a frontier economy."

Bartlett was primary backer of the bill to require all districts to operate kindergarten through 12th grade programs by July 1, 1962. The districts not now having a K-12 program would have a choice of annexation or consolidation if they did not choose to run their own high school.

Opponents of the measure said it would give Bartlett's office powers of a "dictatorship."

The K-12 bill prompted the largest public hearing of the 1959 session March 18. It passed the House by a 66-36 vote late in May.

One-room schoolhouses are fast fading from Michigan.

In the 11-year period ending in 1957, the total number of school districts had been cut in half, according to a study by the Citizens Research Council of Michigan.

"It appears that those districts which are too small to offer a desirable range of educational opportunities are gradually disappearing from the Michigan scene, but far too many of them still exist," the council said.

Figures supplied by the Citizens Research Council of Michigan show Michigan 10th among 48 states in combined state and local expenditures per pupil for local schools.

The Michigan expenditure of \$403 was \$42 or 11.6 more per pupil than the 48-state average. The council also noted Michigan spent \$36.63 per \$1,000 of personal income on combined state-local expenditures for local schools.

The \$36.63 figure was \$4.23 or 35.5 per cent more per \$1,000 of personal income than the 48-state average.

Other figures supplied by the Research Council showed that the University of Michigan and Michigan State University had higher undergraduate tuitions for resident students in the 1958-59 academic year than all other publicly controlled Big Ten Universities except Ohio State.

MSU charged \$225 and the U of M \$250, compared with the next highest, Purdue, at \$225. Ohio State was high with \$270.

Michigan's one-man grand jury system won its fight for life in the legislature this year.

The Senate Judiciary committee tabled a House-approved bill to repeal the one-man jury system.

When Gov. G. Mennen Williams signed the present grand jury system into law in 1951 he said he felt the Legislature had made an "apparently substantially effective effort to remedy the defects of the one-man grand jury system and to prevent further abuses which brought the institution into disrepute in the past."

Michigan's present law is a modification of the statute used in the famous Carr-Sigler grand jury investigation in Lansing involving legislators and lobbyists.

The juror was Circuit Judge Leland W. Carr, now a state supreme court justice. The late Kim Sigler, who later became governor, was the prosecutor.

Price Support Set For Barley Crop

The basic county price support rate for 1959 crop barley in Tuscola county will be 76 cents per bushel, according to Charles Eckfeld, office manager of the Tuscola County ASC.

The rate applies to barley grading No. 2 or better and discounts are the same as under the 1958 program. Terminal rates reflect freight and handling charges involved in moving the grain for farmers who wish to store their grain in a terminal elevator.

Price support will be carried out, as in previous years, through farm and warehouse stored loans and purchase agreements. Support will be available from harvest time through January 31, 1960.

Home Extension Agent's Corner

Frances T. Clark
County Home Demonstration Agent

The women attending Homemakers' Conference from July 21-24 can sign up for one class which will meet Wednesday, Thursday and Friday from 8:45 to 10 a.m. There are 18 classes to choose from.

The homemakers can also sign up for two sections which meet from 10:30 to 11:30 a.m. The following sections are available: (1) Pottery, talk and demonstration, lead by Louis Raynor. (2) Mrs. Consumer - Being in the Know, lead by R. C. Flanders. (3) Microwave cooking—it's like magic, lead by Mrs. Frances Rajkovich. (4) Do you want a parent-oriented home?, lead by Conrad Nathan. (5) Fashion on a budget, lead by Dolores Carroll.

Day visitors will have a registration fee of \$1.25 and can attend the class lead by Edward Prophet, who will interpret today's news in relation to geography. They can choose the section of their choice. There will be walking tours to the Museum, Kresge Art Center, Memorial Chapel, Home Equipment Laboratories and Horticulture Gardens.

There will be two bus tours, one of the campus and the other one to the capitol.

I have programs and registration blanks in my office for those that are interested in Homemakers' Conference. Be sure to remember, you will have good food and no dishes to wash.

I hope that every Tuscola county homemaker keeps plastic film bags away from her children. Plastic film is a helpful item for protecting food and clothing in stores and in the home. However, if you misuse it, plastic film at home can be dangerous, especially where there are children. Plastic film is not a plaything. Just as you keep pills and medicines away from youngsters, you should keep plastic film out of reach of your children.

A child likes to pull a bag over his head in play, and he is delighted with plastic because he can see through it. However, the film may cling to his face and cause him to suffocate.

Make a rule to burn any plastic film that is no longer in use. Do not leave those vegetable bags or dry cleaning covers where children can handle them.

Also, be careful how you yourself use plastic film. For instance, you should not make a mattress cover of this thin material. A child could pull it loose from the bed. To save heartaches, it is safer to purchase approved mattress covers which are available in the local stores.

WHAT'S LEFT
 The things that come to those who wait are seldom the things they have been waiting for.

Happiness is where man finds it—never where he seeks it.

DOWN MEMORY LANE
FROM THE FILES OF THE CHRONICLE

Five Years Ago
 Flames, clearly visible in Cass City, devoured four buildings of the Bad Axe Grain Company Tuesday night at 11 o'clock. Damages were unofficially estimated at \$250,000.

Ira Leitch of Cass City has been drafted for duty with the armed forces. Recently discharged were Robert Karr of Cass City and Paul Carolan of Gagetown.

Mr. and Mrs. Russell A. Langworthy were honored at a surprise party Sunday in observance of their 40th wedding anniversary.

The Farm Bureau women through local community organizations and the Tuscola County women's committee have sent \$120 to the Save the Children Foundation for the sponsorship of a Korean boy, Il Wong Im.

Stuart Little will receive the "God and Country" award at the Presbyterian church Sunday. He has completed 168 hours of service to the church.

Ten Years Ago
 The project of building a grandstand at the recreation park is being sponsored by the Rotary Club. Work is scheduled to begin next week and should be completed by football season.

Barbara Howarth has been selected to receive a \$50 U. S. bond by WLS, Chicago, in recognition of her junior leadership activities in 4-H Club work.

Peter Kessler and his father, Alex Kessler, were slightly injured Saturday when the motorcycle on which they were riding collided with a car driven by Mrs. Kenneth McRae at the corner of Leach and Main.

Dr. Delbert Rawson was elected president of the Cass City Chamber of Commerce. Other officers are: vice-president, J. V. Riley; secretary, Fritz Neitzel, and treasurer, Frederick Pinney.

Henry Doerr sustained a broken back when he fell 15 feet while working in Traverse City.

Twenty-five Years Ago
 The Tuscola County board of supervisors voted last week to hire a clerk in the poor commissioner's office at a salary of \$50 a month. They also appropriated \$125 to assist beekeepers of the county in the eradication of foul brood.

Fifty persons attended the annual Cumber School reunion July 4. Officers elected were: E. Hawksworth, president; Mrs. J. C. Hawksworth, secretary, and Ross Brown, treasurer.

Six from Cass City have recently received notary public commissions. They are: E. G. Golding, John Sandham, William Miller, C. M. Wallace, C. S. Champion and G. A. Tindale.

Mrs. David Tjo had six grandchildren among 28 boys and girls who took their first Holy Communion at St. Pancratius church Sunday.

Uncle Tim From Tyre Says:

Dear Mister Editor:

We had a right interesting session at the country store Saturday night. Things as a rule start off on the light side, with some of the fellers trying to tell the biggest lie. We had a few Saturday night that was pretty good. Maybe you've heard 'em and maybe you ain't. One feller said when he was a boy they had a windstorm that blowed all the lettering off'n the tombstones and turned the north and south streets east and west. That reminded another feller of the time the wind blowed all the center markers off'n the highway and turned the family washpot inside out. Ed Doolittle allowed as how he hadn't had much experience with windstorms, but he said he recalled once when he was a boy it rained so much one winter that he caught four fish in his rabbit holler.

The next thing we took up was toothpicks. It was voted unanimous that to get a license, all eating places should furnish a good supply of toothpicks. A feller can do some of his best thinking while picking his teeth, it was allowed by one and all.

Naturally, the talk got around to wimmen, and they took a poll fer ever feller to state if he had ever thought of divorcing his wife. One feller said he'd been

married 31 year and had never thought onct of divorcing his old lady, but he'd thought a few times about shooting her. Another feller said he'd took a survey and found his old lady had used on'ly 8 percent of the 796 recipes she's stuck in ever crack in the house fer the last 20 year. I recollect a few year ago a movie actress couldn't git a divorce because she couldn't prove she was married. Us farmers and ranchers don't have no trouble knowing and remembering we're married. Just ask the fellers at the country store.

Another thing we figgered out Saturday night, Mister Editor. We figgered that the brain power of a car owner was in exact opposite ratio to the number of rabbit tails and gadgets he had hanging on his car.

See by the papers where the price of pigs is uncertain. In the same paper I see where a cafe in Atlanta, Georgia, is selling pig-ear sandwiches fer 30 cent. The future of pigs looks good to me.

Yours truly,
Uncle Tim

Variety—Spice of Recreation

Michigan's 58 state parks and recreation areas vary greatly in size, kind and quality of their natural features and attractions. Their types run the scale from the vast wilderness setting of Porcupine Mountains state park, above, to the historical bearing of Fort Wilkins. Representatives of the Conservation Department, National Park Service and Michigan State University are formulating an interpretive program aimed at familiarizing the public with the distinctive educational, recreational and other related values of each site.

WE DON'T MISS WATER TILL THE WELL RUNS DRY

We take water for granted. But let the well run dry, and we're in trouble. It's like that with the industries that provide work for our people. We take them for granted. But let one of these industries close and we realize how much it has meant to us.

Industries already present are the community's greatest potential for economic growth. Help your local industries to expand and you will share in the rewards that follow bigger payrolls, more retail sales, and greater community prosperity. Become familiar with the needs of industries in your community. Show that you are interested in helping them find ways to meet their needs.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

Babe Ruthers Cop First Loop Game

Cass City won its first game in two starts in the Thumb Babe Ruth League Thursday with a 10-5 victory over Pigeon at Cass City Recreational Park.

After two scoreless innings, Cass City pounded out seven markers in the third to salt away the game.

Wayne Brown and Wayne Dillon walked. Binder was safe on an error as the pitcher fumbled his punt. Marvin McCormick then slapped out his first hit of the season. It was a ground ball through the infield. The ball al-

so got by the outfielders and McCormick was credited with a home run and four runs batted in.

The next two hitters were retired before Rienstra and LaRoche walked. Ron Dillon singled to drive in Rienstra and the runners took second and third on the throw to the plate. Wayne Dillon then singled to drive home both runners to end the hectic inning.

Pigeon scored once in the fourth and three times in the fifth to close the gap to 7-4. Three errors and a hit produced the three-run rally.

A walk, an infield out and a hit netted the visitors another run in the sixth. With their commanding lead threatened, Cass City rallied for three more runs in their half of the inning.

A walk, triple by Binder, single by McCormick and three straight walks accounted for the markers. Cass City will play at Sebewaing this afternoon (Thursday) in an attempt to make it two games in a row.

RESOLUTIONS OF RESPECT

"There is only a curtain between us. Between the beyond and the here, They whom we call dead have not left us, Nay, they were never so near?"

In memory of Brother John Muntz who died June 30, 1959

Once again a Brother Mason, having completed the designs written for him on life's trestle board, has passed through the portals of Eternity and entered the Grand Lodge of the New Jerusalem and hath received as his reward, the White Stone with the new name written thereon.

And Whereas, the All-wise and merciful Master of the universe has called from labor to refreshments our beloved and respected Brother, and

He having been a true and faithful member of our Beloved Order, therefore be it

Resolved, that Tyler Lodge, No. 317 F. & A. M. of Cass City in testimony of her loss, be draped in mourning for thirty days, and that we tender to the family of our deceased Brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family.
