CASS CITY, MICHIGAN THURSDAY, JULY 28, 1959

Several area parents have already begun to wonder when school starts this fall . . . a sure sign that summer is beginning Personality, poise, appearance to wane. The usual erroneous and beauty will be the telling rumors are flying that school factors in this year's Home-comstarts earlier this year.

Supt. Willis Campbell said that ful cedar chest as the grand Cass City Schools will start the prize.

A measure of independence has ineligible. been restored to school districts at least temporarily. The controversial K-12 bill died as it was referred back to the committee last week. Sen. Arthur Dehmel of Unionville was one of the leaders in squashing the bill.

The action means that schools in the Cass City area such as Evergreen Township Unit School and Deford will not be forced to annex to any high school district and can, if they desire, ope rate as they have in past years.

COPPER TOOLING—in the hands of Marshall Sowden is only one of the many crafts learned during his 18-month stay in the Henry Ford Hospital. He also learned leathercraft and ceramics.

Two years ago last Saturday,

driver fell asleep at the wheel of a speeding car and lost control but they appeared anyway. of it. The 1955 Buick hit the gravel shoulder, sideswiped the bridge south of town and then urned over in a ditch. The passenger of the car walked away with only a scratch, but the driver, Marshall Sowden, was never to walk again without braces.

A woman up the road heard the noise and called for help. Between periods of unconsciou~ness, Marshall remembers being put in an ambulance, where he was driven to the Pleasant Home hospital. After only a few hours he was transferred to the Bay City General hospital.

Marshall had broken his back and was paralyzed from the waist down. Shortly after arriving at the

Bay City hospital, he underwent surgery to relieve the pressure of swelling in his spine.

where 97

around 2:30 in the morning, a spine was chipped down to prevent bedsores from forming there He also developed a bladder infection and other complications while at Bay City, the worst be-

nock him out of the chair. City Hospital, Marshall was taken to the Henry Ford Hospital Still in Doubt in Detroit, with so many complications they outweighed his

three years in pre-professional training before entering Wayne State University.

Mr. Little served three years in the Army from 1953-56 as an electronics maintenance specialist in the signal corps and in the ADSEC Honor Guard while in France.

Mr. Little is married and has two sons, Michael and Mark. He is a 1951 graduate of Cass City High School. He will be affiliated with his father at Little's Funeral Home.

Correction

Deford School authorities pointed out an error in the story about the annual meeting held Monday, July 13. The Chronicle's story said that the vote was in favor of investigating consolidation after the K-12 bill passed. Actually, the vote was 54-10 ira favor of investigating annexation at the present time:

Coming Auctions

ONE OF THE 7 BIG BESTS CHEVROLET GIVES YOU OVER

Supt. Huron County Schools

ANY CAR IN ITS FIELD

Take it, not from us, but from official results of this year's Mobilgas Economy Run: Chevy's pennypinching 6 delivers the most miles per gallon in its field. For a pair of these Chevrolet sixes with Powerglide walked away with the first two places in their class, getting the best mpg figure-a whopping 22.38-of any full-size car. And here are more expert, impartial opinions and on-the-record facts backing us up on Chevy's other six bests:

BEST TRADE-IN

Check the figures in any N.A.D.A.* Guide Book. Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two."

BEST STYLE

It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE

magazine, "Chevrolet establishes a new high in daring styling."

BEST BRAKES

In direct competitive tests of repeated stops from highway speeds, conducted by NASCARt, Chevrolet out-stopped both of the other leading low-priced cars-and why not: Chevy brakes are far larger, built with bonded linings, to help lengthen brake life by as much as 66%.

BEST ROOM

Official dimensions reported to A.M.A.[‡] make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.

BEST ENGINE

Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed this device is surely the

PAGE THREE

NEW STATION WAGON EQUIPMENT

I guess it's the same in any business where one is dealing with the public every day - you just naturally get to be something of a Mr. and Mrs. Clayton Root and psychologist. Take the other day, for instance.

> Soon as I saw this chap approach the lot I sized him up to be in the market for a station wagon: Don't ask me why! Semething about his appearance maybe (it's true that car owners do have car personalities) or perhaps it was just plain intuition. But it turned out he was looking for a station wayon all right.

And I'm glad to say that we had a beautiful late-model job on the lot that came up to all his expectations.

Then we got to talking about all the new and comfortable equipment now on the market that can add extra enjoyment to station wagon owners' vacation and week-end jaunts.

These include ventilated sleeping porches, which allow extra room in the rear to accommodate more sleepers ... window screens for additional ventilation and insect protection . . . overnight park curtains to provide privacy for sleeping or change of clothing. This latter is adaptable to all standard station wagons and is installed quickly and easily in a matter of 30 seconds.

I guess the reason for so many improved camping accessories for lovers of the great outdoors - who incidentally, are usually Eleanor Morris and Mrs. Doris station wagon owners - is because last year station wagon sales Mudge were Mrs. Jeannette See set an all time high. and Mrs. Louise Backus from

Pontiac. Saturday evening the four ladies called on Mrs. Backus' Whether you're a station wagon, convertible, sports car or conventional 'car personality' be sure to drop around and see us for brother, Mr. and Mrs. Ira Herron, the best buys in dependable used cars you'll find. at Port Sanilac and Miss Sarah

STEEL STRIKE!!! Its effects. Today I called for cars. Of the 4 I requested I managed to get L. The rest have been allotted and there will be no more. We have a good stock as of NOW, but can't replace them. So, if you have planned to buy this summer I suggest you do it soon or you may be disappointed. This holds for competitive makes also.

a better job of removing lint and **Home Extension** dirt - food for moth larvae than does a dust mop. It also removes **Agent's Corner** any deposits of insects and eggs that might be hidden under the Frances T. Clark County Home Demonstration baseboards. After the thorough cleaning, I would like to suggest you burn the contents of the Agent

vacuum bag. This is the time of the year when clothes moths and carpet thoroughly cleaned, spray the beetles are busy. Most of us can areas with a 3 per cent to 5 per recognize a clothes moth, but can cent DDT solution; be sure to you recognize a carpet beetle follow directions on the package. when you see one? Cover all cracks and openings in

Carpet beetles can do as much damage as moths, and their work is often blamed on moths. They on woolen fabrics, furs, feathers, down, bristles, mohair, or anything that contains wool or ther animal fibers.

The carpet beetle is attracted to ight and you may find them around the window sill. That is one sign of an infestation in the house. The beetles are small in size, measuring not more than one-eighth inch long and the color may be all black, or a mottled red, black and white.

The adult beetle does not do damage; the small larvae or grubs are the ones that do damage to carpets and clothing. The grubs have a hairy appearance

with blackish or brownish bristles at the small end of the body. The control of carpet beetles

begins with good housekeeping. Regular use of the vacuum cleaner, especially under heavy pieces of furniture, removes lint on which larvae feed.

Fred and Mrs. Stocking of Cadil-Insecticides are needed to elimlac spent the week end here and inate an infestation of carpet in Clifford. beetles, and you can find good Mr. and Mrs. Dean Boyne and

Attorneys Seek New Constitution By Elmer E. White Administrative Board members | minutes were saved in traveling | Freedom of Information legisla-

Michigan Press Association o help Michigan get a new cons-

Michigan Mirror

A number of prominent at-

torneys want the Supreme Court to in effect order the State Board of Canvassers to rule enough votes were cast in November to call a constitutional convention.

In November, 821,282 voters favored calling a constitutional convention to rewrite the present Michigan charter, adopted in 1908. Only 608,365 opposed the

proposal. But, because of a 1949 ruling. the majority vote in November was not enough to call a convention. The State Board of Canvas-

short trip to the good clothes in your bedroom closet. Here's for sers ruled that year a majority of summer free from carpet beet. | all "those voting in the election," not just a majority of those vot

ing on the question itself, was necessary to call the convention. The Supreme Court upheld the board's ruling.

Two figures in the 1949 case nave new roles in the 1959 case. Both are from Port Huron. Attorney General Eugene F. Black, now a State Supreme Court

to the high court in 1949, with

James E. Haggerty, Michigan State Bar president, was among

eration.

1949 opinion, John R. Dethmers and Leland W. Carr, are still on the court.

The petition they will consider argues the present constitution leaves Michigan in "government-

al and economic helplessness." One of the latest amendents to

the constitution allows the Legislature to make provisions for continuity of government in event

of enemy attack. The Legislature, at the urging of Civil Defense officials, took advantage of the amendment and passed two continuity of government bills, one for state govern-

ment and one for local government. The governor would be required

to appoint three "emergency interim successors" who would assume the governor's duties if the governor and the Administrative Board are "unavailable" because of enemy attack.

and officers of local government over the new route," he said. A new drive opened in Lansing would appoint five interim successors.

**** Sponsors of the legislation issued this statement: "While we pray that it will

never be necessary to function under these bills, if we do have to, then these bills may be the most important measures before the

legislature this session. "World tensions are mounting; more powerful; the means of delivering paralyzing destruc-

tion throughout the world are multiplying. There is no reason to panic or to became frightened. We do need, however, to plan and prepare insofar as human ingenuity permits for enemy attack and resultant disaster."

\$1,500,000 equals three minutes saved for thousands of drivers. The name of Sen. John Stahlin (R-Belding) was not included in all of the advance publicity put

out by the State Highway Department before ribbon-cutting ceremonies early in July for the new US-16 expressway that bypasses Portland, a community in

justice, carried the board's ruling Stahlin's district. But what Stahlin said at the an assist from his deputy, Peter ceremonies made the department

are needed if the insecticide is to be most effective. If there are places where it is difficult to spray, you might prefer to use a dust. Look for preparations containing a 5 per cent chlordane or a 1 per cent dieldrin dust. Again, this is used only around the edges of a room, or in cracks under the rug. Good housekeeping again is the best way to beat the clothes

> LET'S BAG SOMETHING BIG

In our town's efforts to build prosperity for its citizens, what is the biggest thing we can bag?

It is a good name — a good name for our town as a good place for industry to succeed and a good place for people to live.

As industry looks for places to locate plants and payrolls, its eye is out for towns that have such assets as:

Strong community spirit and leadership . . . fine schools . . . outstanding public services ... pleasant residential areas and attractive

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

business districts . . . sound planning and zoning . . . a good chamber of commerce . . . developed industrial sites . . . adequate plant financing . . . appreciation of present industry . . . productivity everywhere around.

Industry not only has its eye out but has its ear cocked. A good name travels far and a town with a good name goes far.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.
