

Costs Rise But School in Black

# Record School Vote Names Four to Board

A record 396 votes were cast in the annual school election Monday at Cass City High School and some 75 persons attended the annual meeting that followed at 8 p.m.

In close balloting two candidates were named for four-year terms and two for three-year terms.

William Ruhl led all candidates at the polls with 306 votes for one of the four-year terms and James Milligan also won a spot on the board with 217 votes. Other four-year candidates were

Charles Bond, 154 votes, and Grant Ball, 90 votes.

John Esau led the candidates for a three-year term by a large margin with 232 votes. The remainder of the candidates were bunched. Donald Reid won a narrow victory for the second three-year term with 145 votes.

The results for the remainder were: J. William Parrott, 139 votes; Mrs. Dorothy Ballard, 133 votes, and Mrs. Elizabeth Walpole, 115 votes.

Because of the number of votes cast, the tabulation of the ballots

was not completed until 10 p.m. and the annual organizational meeting of the board, normally held after the annual meeting, was delayed. Board officers must be named within three days of the election.

**Financial Report**  
Mrs. W. E. Walpole presented the financial report. It showed that Cass City was again in the black although costs rose some \$24,000 over the preceding year.

In 1958-59 total current operating expenses were \$332,844.66. For the year ending June 30, 1960, the operating costs were \$357,331.20.

Teachers' salaries and supplies jumped some \$20,000 from \$229,227.77 to \$250,212.13 and administrative expenses also increased from \$18,171.88 last year to \$21,656.70 this year.

**Tax Rate**  
Taxes for the school will increase next year. Presently property owners are paying eight mills for operating and two and a half mills for debt.

Next year the millage will be eight or eight and a half mills for operating and four and a quarter mills for debt. The extra 1.75 mills will be for the bonds authorized for the addition to the grade school.

Cass City School was allotted eight mills for operating expenses by the county tax allocation board. They had asked for eight and a half, the amount that all other county high school districts, except Vassar, were allotted.

They are appealing the grant of eight mills to the State Tax Commission in Lansing. An answer is expected Monday.

Regardless of whether the extra half mill is allowed, school taxes will take a hefty jump through the increase in the state's equalized valuation. Because of the addition of the school property from the Owengage district and the increase in valuation, the assessed valuation of the district jumped from \$9,331,695 to \$11,360,666, an increase of 21.7 per cent.

**Other Business**  
Voters approved the transportation of all pupils who live at least a mile from the school again this year. The state pays transportation charges for students who live a mile and a half or more from the school.

The board expressed its appreciation to Luke Tuckey for his six years of service on the board. Mr. Tuckey did not seek re-election.

**Cancer Drive Over Quota in County**  
Mrs. T. K. Schmidt, acting chairman of the Tuscola County cancer drive, said this week that the drive had exceeded its quota.

The quota was set at \$6,050 and a total of \$6,180.37 was collected. Residents of Elkland and Novesta townships contributed \$750.

Top township in the county was Millington which gave \$854.60. Richard Kirm is president of the Tuscola Chapter of the American Cancer Society.

**Name Three to Owengage Board**  
Voters named three men to the board of Owengage-Gagetown School Monday in an uncontested election.

Incumbent Burton Roth and Fred W. Cooley were named for four years. Leo Seurynek was elected for a three-year term.

## CMU to Give Grad Courses in Cass City

Undergraduate-graduate credit courses will be offered for the first time in Cass City by Central Michigan University beginning in September. The classes are open to teachers in Huron and Tuscola counties.

Registration for these classes will be held in the Cass City High School 7:30 p.m. Wednesday, September 14.

Under present plans a minimum of four courses will be available in both the fall and spring semesters. Two courses will be offered Monday nights, while the remaining will be taught Wednesday nights.

The plan calls for one course to be taught from 5 to 7:30 p.m. and the second from 8 to 10:30 p.m.

Education, psychology, speech and industrial arts will be offered during the fall semester.

The spring semester tentatively includes courses in biology, geography, history and education.

Those desiring graduate credit can get applications from Dr. George Nelson, dean of Graduate Studies at Central.

Granting of resident credit will be announced later.

To be given in the fall semester are Speech 430 (2 hours), Principles of Speech Correction; Industrial Arts 403 (2 hours); Industrial Arts in the Elementary School; Psychology 470 (2 hours); The Deviant Individual and Education 483 (2 hours); Principles of Guidance.

Also fall term, Michigan State University will offer Education 815A (3 term hours), Guidance Practices in the Schools.

**Coming Auctions**

Saturday, July 16—Eldon Field and Donald Kaatz will sell dairy cattle and farm machinery at the farm, four and a half miles east of Cass City.

Saturday, July 23—Henry Roth will sell cattle and machinery at the farm, eight miles south and three-quarters of a mile east of Cass City.

## From the Editor's Corner

The condition is getting critical, M. B. Auten said. With the hospital due to open sometime around the middle of August more and more money is needed to pay the bills for construction as they become due.

He asks that everyone who has pledged to the hospital send in the money they have promised at once. All of these funds are needed to keep construction rolling.

Noble Jump of Cass City burned a little midnight oil early this week to bring water back to the village of Kingston.

Monday afternoon authorities of the village brought an engine that runs the water pump into his shop to be repaired. The engine needed special bearings available only in Detroit. It was expected by bus Monday but failed to arrive.

Responsible persons in Kingston, afraid of a fire with no water pressure, drove to Detroit for the bearings.

They arrived at Jump's at 4:15 o'clock Tuesday morning and the motor was repaired in a little over an hour.

Cass City is fortunate to be better prepared for a pump failure than Kingston. The village has two pumps and one could carry the load until both were back in service.

We were reminded of our younger days this week when we observed a car of ancient vintage pull up to the curb at the corner of Seeger and Main and unload (we counted them) 13 kids who promptly took off for the park.

Although the vote for membership on the board of Cass City Schools was the largest on record, it still is a pathetic percentage of the total available. With an estimated 2,900 voters, the 396 who cast ballots represent less than 14 per cent of the electors in the district.

Louis Bartz received a gavel Tuesday for his work as president of the Rotary Club last year. The presentation marks the end of his career as a Rotarian and as a member of the community.

Lou, who became widely known in the area when he ran the bowling alley and herded turkeys with Fred Iseler, will make his home in Florida where he has purchased an apartment building in Miami Beach.

However, friends will be happy to know that the genial Dutchman will be back in Cass City.

## Gagetown May Stop Fire Runs To Elmwood Twp.

The long smoldering controversy between the Village of Gagetown and Elmwood Township came alive again Monday when the Gagetown village council threatened to cut off service to the township unless its demands for a change in the program are met.

The board voted unanimously to have the village clerk notify township residents that the Gagetown Fire Department will not make any further runs outside the village limits after Sept. 15 unless the township board meets with the village council to solve the problem.

A letter to this effect will be sent to the Elmwood Township board.

The Gagetown council wants Elmwood Township to take over the entire cost of maintaining, equipping and housing the fire department. The village would furnish the personnel for the department under this plan.

The village of Gagetown bases its request on the fact that village taxpayers would be paying their share of the cost of fire protection when residents pay township taxes.

The issue has been under discussion for over a year.

## "We'll Run Our Own"

# Deford Brushes Aside Annexation Talk Monday

Residents of the Deford school district rejected discussion of annexation to Cass City Monday night at the annual meeting following the school board election.

"We're going to try to run our own school," said Mrs. Marjorie Pringle, secretary of the Deford school board.

Mrs. Pringle and Glen Tousey were re-elected to the board for three-year terms.

The board has been discussing annexation for over a year, without any outcome.

In 1959, some residents of Deford were waiting to see if K-12, a bill in the state legislature providing for the annexation of all eighth grade schools to larger districts within three years, would pass.

The bill died in committee.

However, at the time of the general meeting last year, the vote was 54-10 in favor of looking into annexation without waiting for K-12 to be passed.

No action was taken at this time, because Cass City was in the process of annexing the Cedar Run district and Deford

**OLD AND THE NEW**—Behind the rubble of the old Deford School built in 1913 is the six-classroom structure which was built in 1955 to accommodate Deford's increasing school enrollment. The debris will soon be cleared away and the last traces of the third school in the community's history obliterated.

The second school, pictured at the left, was of durable brick. This is the building that served as Deford's school house prior to 1913. We have the picture through the courtesy of Miss Belle Spencer of Deford.

## Log Cabin First School in Deford

Forty-seven years ago Deford residents were pointing with pride to their recently completed two-story brick schoolhouse.

Just this month that building was torn down. Behind it is the six-room brick structure for which the Deford school district approved a \$125,000 bond issue March 14, 1955.

The old school, No. 4 Novesta township, had as its first teachers Miss May Bruce and Miss Joyce Retherford. The school officers were William Parks, director; E. Bruce, moderator, and George Spencer, assessor. There were 109 pupils in the school district at that time.

The building was 33 by 44 feet with one large room on each story and a basement "which can be equipped for playrooms or for recitation rooms should additional room be needed in the future," the September 17, 1913, issue of the Chronicle said. The two large rooms were later partitioned to make four.

The present school is Deford's fourth, said Miss Belle Spencer, who has served on the Deford school board as did both her parents. The first school, according to Miss Spencer, was a log cabin; the second was a frame building later covered with brick. Both were one-room structures.

## Mom and Grandma

Mrs. Earl Schenk became a grandmother and a mother within three and a half hours when her daughter gave birth to an eight-pound, four-ounce son at 6 a.m. and Mrs. Schenk's six-pound, seven-ounce son was born at 9:35 a.m. at Bad Axe General Hospital.

Dr. E. C. Holdship was the attending physician. Mrs. Schenk and son, Randy Howard, came home from the hospital last week.

## List 34 Cases For Aug. Circuit Court Term

Thirty-four cases are listed on the court docket for the August term of Circuit Court at Caro. Included are six criminal, two civil cases, jury, and four civil cases, non-jury, four chancery cases and 18 cases in which no progress has been made for more than one year.

The complete docket:

### Criminal Cases

The people vs. Manley Martin, appeal from justice court.

The people vs. Ada A. Graves, unlawful sale of liquor by one not possessing a license.

The people vs. James D. Smith, breaking and entering in the nighttime.

The people vs. Robert L. Jones, removing and concealing chattel mortgage property.

The people vs. Edward Robinson, rape.

The people vs. Geraldine Antoinette Hart, breaking and entering in the daytime.

### Civil Cases—Jury

Carl M. Varnum and Helen R. Varnum vs. Mary Brainerd, ejectment.

Carl H. Liebertz vs. North Branch Products, Inc. a Michigan Corporation, assumpsit.

### Civil Cases—Non Jury

Edward E. Whalen d/b/a Whalen Lime and Trucking vs. Hampton J. Curry d/b/a H. J. Curry, Oldsmobile G. M. C. Truck, writ of replevin.

Dorothy Houghtaling vs. Floyd Marcey and Norma Marcey, appeal from Justice Court.

Concluded on page 10.

# New School Delayed

The addition to the Cass City Elementary building has been delayed for several weeks by a backlog of work in the Municipal Finance Commission, President Lester Ross told voters at the annual school meeting Monday.

The finance organization must rule on all bond issues before they are sold. In Cass City's case, approval is regarded as a formality.

However, each case is numbered on arrival and the commission will not consider the case until its turn arrives.

The delay means that there will be no new facilities available for the first semester this year.

Supt. Willis Campbell said that he thought that the addition would be operating by the time the second semester starts.

Originally, it was believed that the addition would be ready early in December.

The bond issue for the addition is for \$125,000. Other school debt includes \$36,000 of a 1950 issue and \$134,000 for a 1954 issue.

There is a reserve fund of \$14,020 for the 1950 issue and \$15,860 for the 1954 issue.

## Hospital Opening

Hills and Deles General Hospital will be formally opened for inspection Aug. 11 and 12, Thursday and Friday, from 1 to 8 p.m. The Ladies Auxiliary will conduct guided tours through Cass City's million-dollar hospital.

## Three Sentenced In Circuit Court

Three persons appeared before Circuit Court Judge Timothy C. Quinn Wednesday for sentencing.

James D. Smith of Vassar was put on two-year probation for breaking and entering the Clark Steele Laundry in Vassar. He was ordered to pay a fine of \$100, court costs of \$50 and \$33-13 restitution at the rate of \$7.50 a month.

Robert L. Jones of W. Palma Beach, Florida, who was charged with intent to injure and defraud, was put on five years probation. He was ordered to pay \$2,352.21 in restitution and court costs of \$50, payable at \$40 a month. He was arrested for taking a car out of the county on which there was a chattel mortgage.

Geraldine Hart of Vassar, arrested for breaking and entering Al's Coffee and Bake Shop, was sent to the Detroit House of Correction for a two to five year term. The court recommended a two year term.

John Wilczak of Caro, who is accused of the June 27 murder of his wife, Irene, will have counsel appointed by the court to defend him. He is also to have a sanity test.

## Roof Burns

The fire damage done to the roof of the Milton Fox home on Argyle road has not been determined yet. The fire, started by faulty wiring in the attic, was noticed by Morris Adair of Argyle who was driving by the Fox home about midnight Saturday. No one was injured.

## License Suspended

Drodeo Balderas, 30, of Vassar had his license suspended last week because of an unsatisfied judgment, according to Secretary of State James M. Hare.

## Plan Horseshoe Tourney Here

Recreation Director Mike Yedinak announced this week that the department will sponsor a horseshoe pitching tourney, if enough persons are interested.

Interested men are asked to contact him as soon as possible, Mr. Yedinak said.

Another change in the program has been announced. Adult swimming has been changed from Thursday night to Tuesday night from 7 to 9 o'clock, the director said.

The man who stands for nothing will fall for most anything.

# BULEN TALKS Cars

A KIND WORD FOR POLICEMEN

Now that the income tax season is over we can all go back to beefing about traffic tickets instead of the money the government takes out of our pockets.

I'm fooling of course, but only fifty per cent. The sad truth is that our police departments are on the receiving end of more resentment than they deserve. About 95 per cent more.

Almost everybody, at one time or another, has been caught in a speed trap and received a ticket he thought was unjustified. Mostly in areas where the limit was set too low in the first place. It is just such a place of course, where a policeman makes his most numerous "catches".

In the main, though, I think we'll have to admit if we've received a ticket on the open highway, or in a congested region, we probably deserved it. It can't be all coincidence that whenever the police crack down on speeding and other violations, accidents go down too!

Next time you're stopped by a patrolman try and remember it's probably just as unpleasant for him as it is for you. He's only doing the job OUR government paid and instructed him to do. And he may be helping to save your life.

It's very easy to slip into the habit of driving just a little over the limit. Then quite a bit more as we get used to the increase. Same goes for crossing the double line. And only slowing down when the sign says STOP.

Police departments are putting on a drive now to build more goodwill with the public. Let's give them their due. I hate to think of what we'd do without them.

# Insurance Problems May Give State Big Headache

By Elmer E. White  
Michigan Press Association  
As every homeowner or car owner knows, insurance problems -- obtaining it or the lack of it -- can be a headache.

The state, with its vast complex of property, institutions, vehicles, operations and services, might have a king-sized insurance headache. Right now, the only liability insurance the state buys is for its motor vehicles and airplanes.

Acts of the Legislature waived immunity from liability for claims arising out of accidents involving cars, trucks or planes.

The doctrine of "government immunity" is well established by custom and the courts. Under it, the state -- and probably in most cases local units of government -- is immune to liability arising out of purely governmental activity. The courts have found local units liable for accidents involving a proprietary function -- that is, an activity which brings in money.

Indications are the state would be liable if an accident occurred in one of its money-making enterprises, such as the athletic events at state institutions, state fairs or even state parks under the park fee provisions in a bill which becomes effective this year.

The Attorney General and the Legislature are both concerned about just how much liability the state should face.

One chief cause for the concern is a tendency of judges to speak out against the doctrine of "governmental immunity" while at the same time upholding precedent by ruling against claimants who say the state owes them money for injuries.

Six cases brought against the state -- and dismissed -- in the Court of Claims this year are expected to go to the Supreme Court.

In these six and one other, the presiding Circuit Judge granted the state's motion for dismissal but said the "government immunity" doctrine was obsolete.

Attorney General Paul L. Adams has notified Rep. Thomas J. Whitney (R-Grand Rapids), chairman of the House Judiciary Committee, that legislation is in order to:

(1) Establish the exact limits and boundaries of the state's liability, and (2) provide for obtaining insurance on facilities and activities where it is needed.

As Adams said: "This matter deserves serious consideration at an early date by the Legislature."

Michigan State University has put out a handbook for pros and amateurs in the grand American game of politics.

Written by political scientist Joseph La Palombara, and published by the Bureau of Social and Political Research, the Guide to Michigan Politics is a revised edition of a pamphlet first published in 1955.

The easy-to-read book tells all from how to register to vote to how to get elected to office. It sells for \$1 from the Bureau.

Gov. G. Memmen Williams has asked state departments to estimate how much money they will need to operate during the next five years.

And he also asked them to tell how they plan to spend it.

The influence of population growth, demand for increased services and refinements of long standing operations were among the things the governor asked departments to consider in making an estimate of what they think operations will amount to in 1965.

It was a broad, general picture that the governor was after.

He said growth of state population is the main factor.

ORDER FOR PUBLICATION

State of Michigan, The Probate Court for the County of Tuscola. In the Matter of the Estate of Jessie Cliff, also known as Jesse Cliff, Deceased.

At a session of said Court, held on June 23, 1960. Present: Honorable Henderson Graham, Judge of Probate.

Notice is hereby given that the petition of Richard Cliff praying that the Order of Distribution in said estate, issued on the 25th day of February, 1947, be amended, and that the Court determine the persons who were entitled to an assignment of remainder interest in lands contained in said estate, and that an Order be entered assigning said interest in said lands will be heard at the Probate Court on July 25, 1960, at 10 a.m.

It is ordered, that notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Cass City Chronicle, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by registered mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

Henderson Graham, Judge of Probate. Donald E. McElmer, Attorney for Petitioner. Cass City, Michigan 7-7-3

sums over the past 10 years and continued population expansion and demand for services seem certain to produce new demands on state government.

Apparently he wants to provide some sort of blueprint for his successor in office.

Loss of life and property from fire jumped considerably during 1959 over the previous year.

Some 262 lives were lost and \$44,222,790 worth of property damage was done although there were 4,580 fewer actual fires. The dead included 160 adults and 92 minor children.

The State Police fire marshal division said in its annual report that carelessness caused one quarter of the fires.

Figures for 1958 showed 198 deaths and almost \$4 million less property damage.

Lightning -- which no human controls -- caused just 813 of the blazes.

The rest, including 2,837 fires caused by spontaneous ignition, had a human element involved. Inadequate safeguards, improper use of inflammable material, incendiary and children playing with fire caused most of the blazes which could not be traced directly to carelessness.

## Eugene Finkbeiner Takes Bride July 2

White snapdragons and yellow carnations graced the candlelight wedding of Miss Barbara Weippert and Mr. Eugene Fred Finkbeiner at the First Baptist Church, July 2.

The couple was married by the Rev. Milton Gelatt at a seven o'clock ceremony.

They are the children of Mr. and Mrs. Carl Weippert and Mr. and Mrs. Walter Finkbeiner, all of Cass City.

The bride chose a waltz-length gown of imported Chantilly lace, which featured a scalloped neckline and gathered three-quarter length sleeves. The bouffant skirt was caught up at the sides with roses and the hemline was ruffled tulle. A jeweled crown of pearls and sequins secured her hand-rolled veil of bridal illusion.

Miss Mary Ann Weippert was the maid of honor. The bridesmaids were Margaret Weippert and Donna Weippert. They wore nylon sheer ballerina dresses with white lace trim. The dresses had scoop necklines, short sleeves and full circular skirts. Matching bow and leaf headpieces completed their ensembles.

Best man was Don Finkbeiner. A reception was held at eight o'clock in the church parlors with 170 attending.

Mr. and Mrs. Finkbeiner will make their home in Cass City.

## 4-H Club Week

Twenty-two outstanding 4-H club members left Tuesday for the Michigan 4-H Club Week at Michigan State University, according to Ed Schrader, County Extension Agent in 4-H club work.

While at Michigan State, these club members will have the opportunity to explore career opportunities, tour the State Capital and the Oldsmobile Plant

and live on Michigan State University Campus.

At 4-H Club Week, there will be the State Dress Revue elimination, where Judy Reif and Judy Ruppert will represent Tuscola County.

Accompanying the group are Mrs. Frances T. Clark, County Extension Agent in Home Economics, and Miss Mary Ann Hobart, summer 4-H Agent.

Courtesy will never become old-fashioned or out of style.

If you are a beginner at this outdoor grilling business on a spit or rotisserie then here is a tip worth remembering. If you decide to roast a chicken or a small size turkey on the spit, remember to tie or skewer the wings and legs close to the bird's body. Any kind of clean strong string will do. You may not tie the chicken or turkey wings and legs like a professional the first time; but the important thing is to do some tying the best you can. If you do not tie, you will have a funny looking bird traveling around and around on the spit; because as the bird begins to roast the wings and legs will pop or spread away from the body of the bird. This not only looks funny, but the grilling becomes more difficult. Metal skewers can be purchased in most any houseware, department stores, dime or hardware store.

One more thing about roasting outdoors on a spit, the book might say to allow 1 1/4 to 1 1/2 hours for roasting a 3 pound broiler chicken. If you use charcoal sparingly, you may find that this is not quite long enough time for roasting the broiler.

Some other meats that are popular cooked on the rotisserie are lamb, ham, Boston butt, or beef rib eye roast.

The lamb rolled shoulder roast is a thrifty buy. Ask your retailer to bone the lamb shoulder then roll and tie it. Or you may choose a smoked boneless rolled ham. During the last part of the heating, brush with a sweet glaze. The boneless Boston Butt can be boned, rolled and tied. The beef rib eye roast should also be boned and it makes the perfect rotisserie cut.

Make sure the meat on the spit or rotisserie is evenly balanced on the rod. Use a roast meat thermometer inserted so the tip is in the center of the roast, but not touching fat or metal rod. Then let the roast rotate over the hot coals for wonderful eating.

**North Boasts of New Tourist Attractions**

By Elmer E. White  
Michigan Press Association  
There's much new under the sun in northern Michigan for the traveler to enjoy. One of the most fabulous of summer resorts, for example, just opened its door near Sault Ste. Marie. Not far from the Soo is the rapidly expanding Kincheloe Air Base.

At the Straits of Mackinac where looms the "Mighty Mac" bridge, still new to many Michigan tourists, is the newly opened Fort Michilimackinac.

Along every road and highway appear new motels and tourist attractions. A new air of friendliness is soon sensed in Upper Michigan residents by the visitor.

The famous established attractions of the north country are still there and thriving. They pleased millions of tourists in past years and serve as a foundation for the expanding resorting industry in that part of the state.

Chief among these is the Soo Locks. A ferry ride through 22 feet of elevation in the St. Mary's River is worth the trip from anywhere in the state. There is Grand Hotel at Mackinac Island and the island's colorful museums and quaint horse and buggies. There's the wilderness of Copper Harbor, the beauty of Porcupine Mountains near Ontonagon and the Pictured Rocks of Munising.

The only bridge in the world which is lower than the river it "crosses" is located on Route 2 in Manistique. Near this little city is Big Spring with a raft to float on water so clear a visitor can easily see it bubble through white sands at the bottom or watch big fish swim lazily.

Tongue twisting Tahquamenon Falls near Newberry offers a grand sight of ice tea colored water spilling rapidly in its 41 foot drop as it rushes to Lake Superior.

These and many other attractions beckon the tourist who has never visited the Upper Peninsula. But the newer features give cause for another trip north for those who have been there before.

Local businessmen at Sault Ste. Marie financed a new resort some 24 miles into the wilder-

ness, along the Lake Superior shore. It is designed to operate as a ski lodge in winter and a summer resort in warmer months. Mission Hill Lodge leaves nothing lacking in luxury, but is moderately priced.

Complete with latest French imported chair lift, swimming pool, stables, nature walks, spacious dining rooms, fireplaces, and even specially woven carpets which depict summer and winter sports against a map of Michigan, the lodge is new and modern in every respect.

Mission Hill backers are interested in using their investment to attract more people to the Soo area than in direct financial return.

At the tip of the lower peninsula in the shadow of Michigan's proud bridge stands recently reconstructed Fort Michilimackinac very much as it looked some 200 years ago.

Inside one sees human-like figures posed to resemble activities carried on by inhabitants in days when the fort played a lively part in Indian warfare. Murals, reproductions and displays tell the fort's story, including the famous massacre when Indians entertained the soldiers with a lacrosse game until the ball was tossed into the fort. Then warriors grabbed weapons hidden by squaws and killed or captured all British inhabitants.

Fort Michilimackinac was abandoned by the British in 1781 when they moved to Fort Mackinac on the island which offered better natural defense.

Restoration of the old fort began in 1959 under direction of the Mackinac Island State Park Commission and will continue for some years. A great deal is now complete and the fort was opened to the public late in June.

The most modern of military defense stations is only a few miles from the early forts at the Straits. Kincheloe Air Force Base, a short way east of Kinross and some 18 miles south of the Soo, is a rapidly expanding, permanent defense point.

Seven support squadrons are assigned as components of the 507th Fighter group stationed there. They fly F106 Delta Darts

in their defense missions. Known as Kinross Air Base from 1941 until 1959 when it was redesignated in honor of a Cassopolis war hero, Iven C. Kincheloe Jr., the field will soon be a base for B52 jet bombers and KC135 jet tankers of Strategic Air Command.

By 1961 the Air Force expects to have 8,800 military personnel and dependents on the base.

The "little city" which is being hacked out of the forest has its own schools, hospitals and recreational facilities. It will have a monthly payroll of \$98,000 next year, an asset welcome to nearly any community.

More than \$40 million has been appropriated by Congress for

expansion of this base. Already completed are runways up to 12,000 feet in length, many dormitory-type barracks and hangars.

Nobody wants to live permanently in an atom-bomb-proof air raid shelter.

But one would be nice to have in event of an attack. The State Civil Defense Office says money for such shelters is easier to borrow under liberalized rules adopted at the federal level.

Assistance is offered through loans, loan guarantees or mortgage insurance.

"It is logical and practical for fallout shelters to be built in homes or apartments," the Michigan office said.

### DOWN MEMORY LANE FROM THE FILES OF THE CHRONICLE

**Five Years Ago**  
The Cass City Manufacturing Company, a concern that will manufacture stampings and assemblies for the automotive and refrigeration industries, will begin operation in the village in the middle of October. The company has purchased eight acres in the development area.

One hundred and seventeen votes were cast in the first annual school election by ballot for Cass City Schools Monday. Dr. D. E. Rawson and James Gross were elected to fill the vacancies on the school board.

Chester Szarupski and Eugene Kloc, both of Cass City, and Jack Downing of Gagstown were recently discharged from the armed forces.

Jim Hutchinson of Cass City was one of seven scouts to receive honor camper awards at Camp Rotary this week.

Monday night, members of the Sunshine School district voted by a 10 to one majority to transport students to Cass City Schools. In previous years the school was one of the few rural schools in the area still operating.

**Ten Years Ago**  
Members of the board of education met with the architect Thursday and approved, with some minor changes, the plans for the new elementary school.

Otto Prieskorn, who sold his clothing and shoe business to Jack Hullen two years ago, has announced that he will open a Ben Franklin 5c to \$1.00 store in the building which has been used as temporary quarters for the Pinney State Bank. The store is expected to open within two weeks.

Mr. and Mrs. George Emanuel Krapp will be honored at an open house Sunday afternoon at the EUB church in observance of their 60th wedding anniversary.

Seventeen persons attended the annual school meeting of District No. 5, Elkland township, Monday night. Lester Ross was elected to succeed himself as trustee for a three-year term. C. M. Wallace was elected as trustee for a one-year term.

The Junior Legion baseball team sponsored by the Ford Motor Company became champions of the Upper Thumb Wednesday when they defeated Bad Axe 7-1. The Cass City team won all eight games played.

**Twenty-five Years Ago**  
The official opening of the new ST & H Oil Company Service Station on the corner of Main and Seeger streets will be held Saturday night.

Bates Wills, who began his duties as prosecuting attorney of Tuscola county Jan 1, 1935, has filed his first semiannual report

with the attorney general. The report shows 68 prosecutions, of which 50 were convicted, 14 dismissed on payment of costs, one discharged on examination and three cases turned over to the federal court.

Mr. and Mrs. L. I. Wood visited the site of a famous Confederate state military prison at Andersonville, Ga., while spending several months in the South. Mr. Wood's father had been a prisoner there for nine months during the Civil War.

A meeting in the interest of the improvement of State Highway M-150 has been arranged for Tuesday night in the council room at Cass City. M-150 has been accepted as far north as Campbell's Corners, six miles north of Rochester, and efforts will be made to continue the improvement to Cass City and perhaps farther north.

An octette from the Men's Glee Club of North Central College, Naperville, Ill., will present a concert at the Evangelical Church Friday night.

**Thirty-five Years Ago**  
Mrs. Dora Ashcroft of Wilmet and Mrs. David Franklin of Kingston township died early this week from injuries received in an automobile accident early Sunday evening in Wells township. Mr. Franklin, driver of the car, received minor injuries and his granddaughter escaped unhurt.

Thirty-eight persons voted at the annual school meeting and re-elected John McLarty and A. A. Ricker as trustees. The taxpayers also voted unanimously to raise \$18,000 by direct tax.

The old boiler house at the Cass City Grain Company plant is being completely remodeled and will become a modern office building for the company. The present office building is being converted to a warehouse.

The Auto Club has put up 600 road signs in northeastern Michigan to help guide motorists to their destinations.

The average person in the United States consumes 1,500 pounds of food a year. Grocery advertisers last year invested over \$147,000,000 in daily newspaper advertising to tell consumers about their products.

### New Sheep Book at Extension Office

Tuscola County Extension Office now offers a complete book of plans for constructing sheep equipment, announces Don R. Kebler, County Extension Agent in Agriculture.

The book has 67 plans covering such items as feed racks, salt boxes, and cutting chutes. It's part of the Midwest Plan Service — a series that also includes books on beef, dairy and swine equipment.

Agricultural engineers and sheep specialists from 13 colleges and universities did the designing. Sheep farmers provided many of the basic ideas.

"As flocks get larger, efficient sorting and handling of sheep becomes more important," states Kebler. Lambs often get hurt when not handled carefully. Also, they get lost about as easily as kids in a large department store.

Despite the need for care, even big sheep flocks require a smaller equipment investment than most other livestock enterprises. In fact, farmers can make many items in the book with little or no help.

Some of the plans are designed for owners of larger flocks. Others will be useful to the farmer with only a few head.

### Uncle Tim From Tyre Sez:

Dear Mister Editor:

Well, it looks like them Democrats is having theirself a ball at Los Angeles. Television has got my old lady all confused about how the country is run. She wants to know if somebody ain't satisfied with the count in November, can a feller demand that the vote be polled. I ain't got time right now to educate her in these matters, so I just got rid of her by saying yes.

With the Democrats now in session and the Republicans getting ready, the high brass of both parties is whooping it up about "deserving Democrats" and "deserving Republicans." This is bad stuff right at this stage of the campaign on account of so many people thinking that a heap of them deserve to be shot.

I don't think, Mister Editor, we'll ever have a third party in this country. Two national political conventions ever four years is about all the American people can stand. Not to mention them that loses their health setting up all night watching the performance on television.

Incidental, if the income tax agent asks you how, based on my tax report, I ever managed to get a television set, tell him I borrowed it fer this special occasion from Clem Webster. If he wants to know how Clem got it, tell him his old lady won it at a church raffle.

Gitting to more important things, I see where they caught a policeman in Brooklyn making

a speech in a empty church at 4 o'clock in the morning. I hope they raise his pay instead of firing him.

He said he climbed in the church window looking fer prowlers and didn't find nobody, got carried away with the sight of the pulpit and all them rows of empty seats, and just decided to try making a speech. He didn't know the pulpit was wired fer loudspeakers outside and that he woke up the whole neighborhood.

I believe the pore feller was telling the truth. I'll bet half the people in this world wonders if they could make a speech, and this policeman just decided to try it. This thing could happen to anybody, and if I was in a empty church at 4 o'clock in the morning I think I'd try it. And the folks that was listening said he was making a pritty good speech too. The only trouble was he was in a strong Republican ward and he announced the subject of his speech would be, "Down With Nixon." He just picked the wrong candidate fer that particular ward and fer that hour of the day. I reckon it'll git him fired, but I got a lot of sympathy fer him.

Anyhow, Mister Editor, fer them that likes a crazy world, this is the life.

Yours truly,  
Uncle Tim

Dear John:  
Just for the record . . . I hope you will present the census story in Gageton correctly.

Ten years ago, according to the census, the population was 401 (Not 410 as reported in this week's issue) and we believe that it declined for several years. The 1960 census gave us 374, subject to some adjustment later by the census bureau. Our private Gageton census gives us 403, an increase which will, as you say, make a difference money-wise to Gageton.

In any event, your article as written gives our "astute critics" something to work on . . . while the actual figures as I gave them to us, support the statement that our population has increased.

## Legion Auxiliary Heads Announced

Twenty-six were present Monday night for the July meeting of the American Legion Auxiliary which was held in the Legion hall. In the business meeting, over which Mrs. Doris Klinkman presided, the proposal to buy new flags was tabled and the question of raising dues was discussed and tabled.

Mrs. Albert Keller Jr. of Caro reported on the Seventh District meeting which was held in Otter Lake. The local unit ranked sixth place in the district in membership this past year. The district has 38 units.

Officers for the coming year were installed by Mrs. Henry Cherry, past president, and Mrs. Klinkman, who will serve as president for a second year, was presented with her past-president's pin. Mrs. Arthur Little presented Mrs. Klinkman with a scrapbook as a record of the past year's work.

Chairmen for the coming year

were announced as follows:  
Membership, Mrs. Cora Klinkman; Americanism, Mrs. John Guinther; Girls' State, Mrs. Henry Cherry; child welfare, Mrs. William Robin; constitution and bylaws, Mrs. Luis Salas; legislation, Mrs. Edward Schwartz; national security, Mrs. Ross Brown; parliamentarian, Mrs. Robert MacKay, and memorial scholarships, Mrs. Alfred Fort.

Others are: Pan-American, Mrs. Richard Eria; community service, Mrs. Jack Doerr; rehabilitation, Mrs. William Donnelly; Civil Defense, Mrs. David Mathews; aid to war orphans, Mrs. Wilbur Morrison; junior activities, Mrs. Hazen Guinther; radio and TV, Mrs. Jake Wise; birthday cards, Mrs. Philip McComb, and Christmas cards and gift chairman, Mrs. Arthur Kelley.

The poppy chairman has not been announced.  
The door prize for the evening went to Mrs. Schwartz.

## Lead Little League

The cubs took over the top spot in the Cass City Little Major League this week when they swamped the Yanks, 20-0, while the Giants took the measure of the Pirates, 8-7.

Wednesday, July 6, Jim Ballard led the attack for the Giants with four for four including a double and three runs batted in. Morris Brown was the winning pitcher as he allowed seven hits.

Phil Gray, Rich Ruhl and Al Wallace banded out two hits each for the Pirates.

The Cubs pounded out 15 hits and 20 runs while Jerry Knoblet was blanking the Yanks on just three hits. Gary Holik was the losing pitcher.

It was a team victory for the Cubs as the entire team shared in the hitting attack.

The three hits for the Yanks were garnered by David VanAllen, Kenny Hayes and John Mulrath.

## Caseville Bows To Cass City Babe Ruth Nine

Cass City won its second game in the Thumb Babe Ruth League Friday when they topped Caseville in a well played game, 9-5, at Caseville.

Norm Sawicki pitched one of his best games for Cass City. For five innings he blanked Caseville without a hit. In the sixth, he suddenly lost control and walked five men, gave up a hit and allowed four runs that tied the game.

In the top of the seventh, Cass City rallied to score five times and put away the game.

Rod Karr slammed out three hits and played an outstanding game at short for Cass City. Sawicki also banded out a pair of hits. Hillaker, Randall, Ellis and Rienstra also collected safeties.

Today (Thursday) Cass City plays at Sebawaing.

## Wheat Vote Polls Named

Oliver Implement Store has been designated the polling place for Elkland and Novesta Townships for wheat growers who will vote in a marketing quota referendum, Thursday, July 21.

The wheat quota ballots may be cast from 8 a.m. to 6 p.m. in Ellington and Elmwood Townships, the polling place will be Ellington town hall.

Growers in Dayton, Koylton and Kingston Townships will go to the Kingston Fire Hall.

Growers eligible to vote in the referendum are those who will have more than 15 acres of wheat for harvest as grain in 1961. Growers taking part in the feed wheat program are an exception.

At least two-thirds of the growers voting in the referendum must approve the quotas if they are to become effective.

## Local Red Cross Swim Classes Open to All

There is still time to enroll for the annual Red Cross swimming lessons, Roger Parrish, certified Red Cross Swimming and Life-saving instructor at the Cass City pool, announced this week.

The swimming and lifesaving lessons began last week and will continue each Monday, Wednesday and Friday for six weeks.

Classes include: beginners 9 to 9:30 a.m., intermediates 9:30 to 10 a.m., swimmers and advanced swimmers 10 to 10:30 a.m. and junior and senior lifesaving 10:30 to 11 a.m.

The classes are offered free and are sponsored by the Tuscola County chapter of the American Red Cross.

Students who complete requirements will receive Red Cross certificates.

## Methodists Start Summer Hours

Starting Sunday, July 17, the Methodist Church goes on a summer schedule for its Sunday activities. Morning worship will start at 10:00 a.m. with church school at the same time. This schedule will hold until rally day and is designed to avoid the heat of the day and provide a longer family time on Sunday. During the vacation absence of the minister, Robert J. Searls, two guest preachers will fill the pulpit.

July 17 the Reverend Abe Sabah will preach. He is well-known locally and has filled the pulpit before.

## Steam Pageant

The days of the steam engine will be recalled July 22-24 at the Cork Pine Fairgrounds in Vassar where the Saginaw Valley Live Steam Association will hold its fifth annual convention.

A pageant, "When Steam Was King," will feature threshing, lumber sawing, grinding and a parade of old steam-driven tractors and cars. The boilers are state-inspected.

Associate membership for admittance will be \$1., with women and children admitted free.

## Leaders Meet in Merchants League

A battle for the top spot in the Merchants' Softball League is scheduled tonight (Thursday) at Cass City Recreation Park as league leading Sherman's faces second place Erla's.

The feature game will start at about 9 p.m. immediately following the contest between Mayville and Walbro at 7:30 p.m.

Sherman's are undefeated in four games while Erla's have lost only once in four tries.

Last Week's Games  
In games last week, Sherman's won a surprisingly close game from Mayville, 2-1. It was the closest that winless Mayville has been to victory since the season started. Erla's rolled over Walbro with comparative ease, 6-2.

Wrong directions sent the Cass City Fire Department off on a wild goose chase, but not to have their labor in vain. They spotted another fire at the Harold Campbell farm one and three-quarter miles southeast of Elmwood and gave their assistance. According to Al Avery, the department had been asked by the Caro department to bring water to a fire three miles west of Deford, a mile north and a mile west. "There's no such road," Avery reports.

I am always pleased when a home economics extension group fulfills their community obligation when a call comes for help.

Mrs. Theron Bush of the welfare department reported to me that there was an emergency call for cancer bandages in the Reese area. Mrs. Walter Moderow of Reese home economics extension group responded at once to the call. Her group will see that there will be enough cancer bandages to fill this need. I would like to give the Reese home economics group a big "thank you."

Now that it is getting nearer the time when we will have our peak supplies of home-grown fruits and vegetables, we need to check our freezers.

Do you really know how long frozen foods will stay safe and keep their quality in your frozen food storage compartment or freezer? Have you attempted to freeze some foods without much success, or wondered just what your freezer-storage compartment will do satisfactorily? It depends, of course, on the temperature your storing unit maintains, plus the humidity and the amount of air that can get to the food.

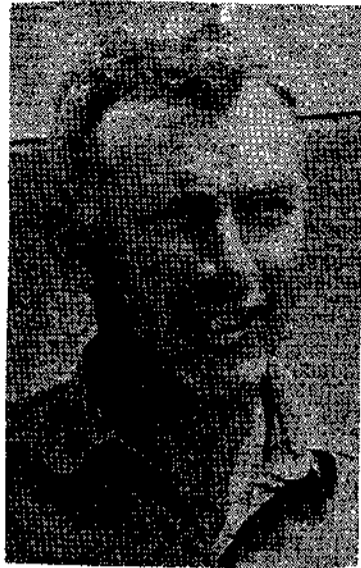

Do you have a refrigerator frozen-food storage compartment, an ice cube section, a freezer-storage compartment or a freezer? These may sound alike, but there are definite differences in storage temperatures. First, check the instruction book, as this will give the temperature the frozen food storage unit should maintain.

The cool storage or regular refrigerator will hold unfrozen foods in a cool state with temperatures from 40 degrees to 50 degrees F. An ice cube section ranges from 20 degrees to 30 degrees F. Many refrigerators have a one to two cubic foot frozen-food storage compartment. It may be one of two types; one has a temperature of around 15 degrees F, the other has a temperature of around 0 degrees F. In this latter dual purpose unit, the cool storage and frozen storage compartments are physically separated by an insulated partition and have separate thermostat controls and separate coils and refrigerator systems.

Frozen foods held at 15 degrees F. more than two to four weeks will show signs of loss of quality. Frozen foods held in the 0 degrees F. frozen-food storage compartments can be held somewhat longer.

Frozen foods held in the freezer at 0 degrees F. and below, depending upon the food, can be held from three to nine months. Some refrigerator-freezer combinations, in an attempt to satisfy two needs, do neither properly. Others are very satisfactory as frozen-food storage for already frozen foods, but will not freeze any quantity of food. An overall note might be, as for the freezing of foods, any major quantity should be done in a freezer holding temperatures of 0 degrees F. to 10 degrees F.

## Vassar Dairyman Tops DHIA Tests

For the May dairy herd improvement association report, Ronald Opperman, of Vassar, five cows led the list of cows producing 65 pounds or more of butterfat during the month, reports Alfred Ballweg, county extension director. The five high cows produced 109, 106, 104, 103 and 102 pounds of butterfat, respectively. A cow owned by Quibro farm, Caro, produced 102 pounds of butterfat in this class. Other herd owners having cows which produced 85 pounds or more butterfat in this class are Clayton Rohlfis and Sons, Fairgrove; Ronald Hampshire, Deford; Roy Brown, Fostoria; Maynard McConkey, Cass City; Dolan Sweeney, Ubyly; Don Koepfen, Cass City; Jay Marr, Mayville; George Foster, Fostoria; Blaylock and Rupprecht, Vassar, and John Graham, Caro.

The registered Holstein herd owned by Ben Loeffler, Reese, leads the list of 43 herds which produced over 30 pounds of butterfat, with a herd average of 52 pounds. Tied for second place are the herds owned by Dolan Sweeney, Ubyly, and Don Koepfen, Cass City, with an average of 51 pounds butterfat each. Tied for third place are the herds of V. J. and Clare Carpenter, Cass City, and George Foster, Fostoria, with an average of 50 pounds butterfat each. Other dairymen whose herds produced an average of 40 pounds or more butterfat for the month are Ronald Opperman, Vassar; Donald Keene, Millington; Earl Koch, Millington; Charles Seddon, Kingston; Quibro Farm, Caro; Clarence Merchant, Cass City; Edward Golding, Cass City; Blaylock and Rupprecht, Vassar; Carl Bauer, Reese; Jackson

Brothers, Caro; Lawrence Bublitz, Fairgrove; Charles Crittenden, Kingston; Ronald Hampshire, Deford, and Roy Brown, Fostoria.

In the 305-day records class a registered Holstein cow owned by Dolan Sweeney stands in first place with a production of 710 pounds butterfat. Ronald Opperman is the owner of cows taking second and third place in this class, with a production of 669 pounds and 625 pounds butterfat, respectively. In fourth place is a cow owned by Tom Laurie, Cass City, which produced 612 pounds butterfat. Other dairymen who had cows producing over 500 pounds butterfat in this class are: Lawrence Bublitz, Fairgrove; Werner List, Vassar; Clarence Merchant, Cass City; Quibro Farm, Caro; Charles Seddon, Kingston; Ben Loeffler, Reese; Alvin Frahm, Frankenthum; Carl Bauer, Reese; H. G. Reinhardt and Sons, Reese, and Jensen and Weinzierl, Millington.

## Thumb Area Sheep Day Scheduled

Sheep raisers in the Thumb area will have an excellent chance to be brought up-to-date on latest sheep management recommendations on Thursday, July 14, at a sheep day at the Edsel Clemon's farm, five miles east of Deckerville, according to Alfred Ballweg, County Extension Director.

Edsel handles about 450 breeding ewes making his one of the largest flocks in the Thumb area. The flock consists of western type black and white face ewes and purebred Suffolks and Montadales.

The program will begin at 10:30 a.m. and will include displays of several breeds of sheep and several types of crossbreeding programs, sheep equipment, discussions on sheep diseases, parasite control, and marketing of lambs and wool. Graydon Blank, Extension Specialist in Animal Husbandry at Michigan State University, will be in charge of the program.

## Mrs. Schnell Passes

Mrs. Paul (Anna) Schnell died Friday, July 8, at the Pleasant Home Hospital after a short illness. Mrs. Schnell was at the Hunter Funeral Home in Gagetown until 11 a.m. Sunday when she was removed to St. Peter's Lutheran Church in Bach. Funeral services were held at two o'clock with Rev. Elmer W. Scheck officiating. Mrs. Schnell was buried in Silvertown cemetery at Sebewaing.

Mrs. Schnell was born October 7, 1884, in Austria-Hungary where she met her late husband. They were married in 1905 and came to the United States two years later. They lived in the Gagetown area since 1911.

Mr. Schnell died in 1949. Surviving are: a son, George, of rural Gagetown; three grandchildren; four great-grandchildren and several brothers and sisters in Europe.

## ELECTRIC WATER HEATER

**INSTALL ONE WHERE YOU LIKE—EVEN IN AN AIR-TIGHT CLOSET.** When it's an electric water heater, there's no flame, so no air is needed to support combustion. There are no fumes to be vented. An electric water heater is completely safe.

**BUILT-IN QUALITY MAKES A BIG DIFFERENCE.** Every electric water heater installed on Detroit Edison lines must meet Edison's exacting specifications. Result: long life, high performance for every water heater.

**HAVE YOU SEEN THE TABLE TOP MODELS?** They're compact, go beneath counters or alongside laundry equipment. Other possibilities—in the kitchen next to sink or dishwasher or in that hard-to-use corner. Upright or table top model, put an electric water heater where you want it.

**HOTTER WATER—PLENTY OF IT!** An electric water heater is capable of going on and on, delivering really hot water—160° hot—without burning out. And heavy insulation all around keeps the outside shell of the water heater cool to the touch from top to bottom. There's no hot metal anywhere.

**8 OUT OF 10 FAMILIES USE THE 50-GALLON SIZE.** For less than 15¢ a day (estimated operating cost for this size) you can have hot water for all the family's needs. There are also 80- and 110-gallon sizes for the few families who use more water and may require greater capacity.

**County Has Spray Regulation Data**

The latest information on food and drug regulations about fruit and vegetable chemicals is now available in the Tuscola county extension office, said Don R. Keblor, county extension agent in agriculture.

The new supplemental informational sheet, released by the Michigan State University Cooperative Extension Service, lists the tolerances and limitations for pesticides and other chemicals suggested for use on Michigan fruits and vegetables.

Farmers with any spraying questions should check with the extension office. Information on recommendations or suggestions for the most effective pest control is available also.

An item of interest to apple growers is that Cyprax now is cleared for use on apples up to 7 days before harvest.

The chemical, used to control scab, had been cleared only for use through first cover. Tests in Michigan have shown that one-quarter pound to 100 gallons of spray is sufficient for the summer sprays — well under the maximum allowed.

Cyprax should not be used on green or yellow skinned varieties, and apple pomice from Cyprax sprayed trees cannot be used for animal feeds, Keblor cautioned.

**Judging Workshop Held in Caro**

Tuscola County 4-H Demonstration and Judging workshop was held at the Wilber Memorial Building, Thursday, July 7. Ed Schrader, County Extension Agent in 4-H, welcomed 35 leaders and members. Marie Krauss, of the Unionville Whiz Kids, and Kay Scott of the Akron Community Club gave demonstrations, using correct and incorrect methods of presenting a demonstration. Mary Ann Hobart, summer 4-H club agent, led a group discussion of constructive criticism on the demonstrations and gave the group an outline for choosing demonstration topics, for arranging materials for using visual aids, and for presenting an interesting demonstration.

According to Miss Hobart, all home economics judging on the state level has been eliminated. Tuscola County will have a program combining judging and educational discussions geared to help members in making wise decisions in selecting commercial products. All other judging will remain as it has been in previous years.

The Egyptians gave the inch, which they called the ynce. It was the distance from the end of the little finger to the first joint.

The Amazon Valley produces 19,619 of the 22,760 classified species of plant life, 8,000 varieties of trees, 700 of butterflies, and 1,800 varieties of fish.

Some workers have lots of "get-up-and-go" when it's time to get up and go home. Yes, sir, they're the ones who get "fired with enthusiasm."

Rest areas will be located 40 to 60 miles apart on Michigan's new freeways.
