CASS CITY, MICHIGAN THURSDAY, MARCH 30, 1961

FOURTEEN PAGES

Raise Village Wages Five %

Village employees were granted a five per cent wage increase Tuesday night at the regular session of the Cass City Village Council.

The increase amounts to eight cents per hour and will increase the hourly rate of the village crew to \$1.68.

The measure was passed after considerable discussion and pushed through on the insistence of Trustee B. A. Calka.

Buy New Signs for Village

New street signs have been assured for Main and Seeger streets in Cass City following action by the village council Tuesday night at the Municipal Building.

Twenty-three signs are needed and the estimated cost is \$18 each installed for a total expenditure of \$414.

The signs will be ordered to arrive sometime after July 1 when village taxes will start to be paid and the village, now financially strapped, will have the money to pay for them.

Also pending, when funds are available, will be the reconditioning of present signs on side roads at a cost of \$1.75 each.

The new signs will be erected on metal posts, set in concrete, and will be visible from any direction.

Rabideau Appointed

Lee Rabideau agreed to represent Cass City at Berrien Springs on mayors' exchange day during Michigan Week. B. A. Calka was named chairman for preparations for the visiting mayor.

Decision Upheld

A previous decision by the council that no water or sewer would be extended outside the village limits was renewed at the meeting in answer to a query about the policy at the present time.

Hamilton May Succeed Humm as Friend of Court

John Humm, friend of the court for Tuscola County, will end his career of public service Friday. Expected to replace him in his dual role as friend of the court and probation officer is Clayton Hamilton of Caro.

However, no official notice of the approval of his appointment has been announced. The position of friend of the court is appointed by the governor on the recommendation of the circuit court judge. The position of the probation officer is appointed by the State Department of Corrections, also on the recommendation of the circuit court judge. In Tuscola County the person responsible for the recommendations is Judge T. C. Quinn.

Although Mr. Hamilton has not been officially appointed, he has been accompanying Mr. Humm on investigations of domestic cases and probationers.

Mr. Humm has served the county for 17 years.

Greenleaf Township
Notice is hereby given that the annual Greenleaf township meeting will be held Saturday, April 1, at 1:30 p.m. Signed, Anson Karr, clerk. 3-23-2

Notice
I am a candidate for re-election for Novesta township clerk. Your votes will be appreciated. Henry Rock. 3-23-2

BIG BUSINESS both locally and nationally is the annual cookie sale of Girl Scouts and Brownies. In Cass City the youthful salesgirls peddled 2,892 boxes of cookies... more than a box for each of the 1,939 residents of the community. The sales netted the Cass City Girl Scouts some \$260.28.

The million-odd salesgirls nationally compiled even more impressive sales. Expected sales this year are 900 million mac-

aroon, mint, sandwich and shortbread cookies. Expected net is \$12 million on sales of \$23 million.

Lynn Haire, left, led the local Brownies in sales with 77 boxes and Sharon Eberline was tops among the Girl Scouts with 62 boxes.

Acting leader for Lynn is Mrs. Charles Auten, left. Sharon's leader is Mrs. Donald Mance. (Chronicle photo)

Annual Chamber Meeting Tuesday

The annual meeting of the Cass City Chamber of Commerce, Tuesday, April 4, at 7 p.m. will feature a slide presentation by Jack Esau of Cass City.

Mr. Esau will tell of the "Rejuvenation of the Business Area."

Other highlights of the meeting will be the introduction of new officers and new members of the board of directors and the presentation of the Chamber's financial statement.

The meeting will be held at Cass City High School gymnasium and the dinner will be served by the Church of Christ.

Members of the board are now selling tickets to the event. Persons desiring to attend who have not been contacted are asked to call a member of the board or Gerald Priekorn, new president of the organization.

Kindergarteners to Enroll April 6

Mrs. Marie Murray, grade principal, announced this week that kindergartener enrollment for Cass City School is scheduled for Thursday, April 6, at 8 p.m. at the elementary cafeteria.

Mrs. Murray reminds parents that children must be five years old by Dec. 1 to enter.

Pupils are required by law to bring birth certificates and immunization records.

Important Annual Town Meetings Slated Saturday

Annual township meetings will be held Saturday afternoon at selected sites throughout the area. The town meetings are not usually well attended, although in many respects they are as important or more important than the election.

For instance, at the last Elkland township meeting, over \$2,000 was voted for Hills and Dales General Hospital and the location of township road work decided.

Business of this type is transacted in all the meetings, sometimes with as little as six to 10 persons attending to decide the issues.

Area meetings will be held at the various town halls. Evergreen township's meeting is at Shabbona Community Hall.

Area Churches to Hold Traditional Observances

Plan Special Easter Services

Special services on Maundy Thursday and Good Friday and traditional sunrise and regular services Easter Sunday will mark the special observances that commemorate Christ's death on the cross and His resurrection.

Several churches have combined for a Union Good Friday service while others are holding separate observances. The services of local churches are:

Salem EUB Church

The children's department will present a short program at the morning worship at 11 o'clock. Its theme will be "The Challenge of the Resurrection."

Sunrise Service

A community sunrise service will be held this year at the Cass City Methodist Church at 6:30 o'clock, sponsored by the Council of Churches and in charge of the youth of the church. It will be followed by a breakfast, by appointment, at the church. William Dobbs is the chairman for the service. Song leader is Tom Jones. James Bowen of Grinlstone City will be the guest speaker.

Lutheran Church

Holy Communion will be celebrated at the Lutheran Church at 8 p.m. Thursday. The sermon title will be "Thoughts on the Holy Supper."

A Good Friday devotional service will be held at 1:30 p.m. The sermon will be "He Gave Up the Ghost."

The Easter service at 9:30 will feature a song by the Sunday School children and Pastor Paul Heitmann's topic will be "The

Risen Christ."

Holbrook Baptist Church

A special musical program will be featured Easter Sunday evening at 7:30 o'clock at the Holbrook Baptist Church. A reading of the Easter story, "He Is Risen," is scheduled. A young men's quartet will sing and other special numbers will be presented.

Mizpah-Riverside Churches

A special Sunday School program at the close of Sunday School Classes, "Tell Me the Story of Jesus," will be presented at the Mizpah United Missionary Church.

RLDS Church

The Shabbona RLDS Church special services will start with the communion service Thursday morning a service will be held at 7:30 a.m. followed by a breakfast and fellowship service in the church annex. At 10:30 a.m. an Easter program will be held during the regular church hour.

Elder Dean Smith will be speaker for the 11 a.m. worship service.

Presbyterian Church

Maundy Thursday communion will be held at 8 p.m. The Easter service will be at 11 a.m. and church members will participate in Union Good Friday and Sunrise services.

First Baptist Church

The First Baptist Church of Cass City will hold a united Good Friday service in conjunction with the Baptist Church in North

WSC Hears of Floral Decorations

Mrs. Warren Kelley told members of the Woman's Study Club that making floral arrangements requires only a very few tools, Tuesday afternoon at the home of Mrs. Adolph Woelfle.

Good vases, a sharp knife, tape, clay, wire and imagination are the basic ingredients for outstanding floral arrangements, she said.

Mrs. Kelley illustrated her talk with different designs for five table settings used by the club.

In the business meeting, Mrs. Sadie Rolison told of issues in the spring election.

Each of the 23 persons attending was presented a favor from Mrs. Woelfle.

The program committee, Mrs. Margaret Haire, Mrs. Ella Croft and Mrs. Woelfle, served a luncheon to conclude the meeting.

Stores to Observe Good Friday Hours

As usual, Cass City stores will be closed from 12 noon to 3 p.m. Good Friday to allow employees to attend the Good Friday services of their choice. Shoppers are asked to arrange their schedule to coincide with the closing hours.

Township Tickets Fail to Interest Area Voters

Little interest has been shown in area township elections slated Monday.

Most township candidates are without opposition only in Elkland and Novesta townships has there been announced opposition.

In Elkland township, two persons are actively seeking the office of justice of peace on the Republican ticket. The post was left open because of the death of Calvin J. Striffler, whose name appears on the ballot.

All other candidates are without opposition.

In Novesta Township, the interest centers around the campaign for clerk. Henry Rock, the GOP standard bearer, is opposed by Francis Smentek on the Democratic ticket. Mr. Smentek is the only nominee by the Democrats.

Offices to be filled in the township spring elections are: supervisor, clerk, treasurer, trustee, justice of the peace, board of review, constables and highway commissioner.

Some townships will also name health officers.

May Draw Voters to Polls

Con-Con Top Issue Monday

Headlining the issues in the spring election Monday is the question of the constitutional convention. The controversial Con-Con is expected to bring more Tuscola county voters to the polls than is normally seen in a spring election.

Predictions are that the total of the slightly over 5,000 county votes cast in the last spring election will be surpassed.

Besides the Con-Con issue several other important posts will be filled and issues decided, but they traditionally draw little interest among voters.

Two University of Michigan regents, a superintendent of public instruction, a member of the state board of education, two members of the board of trustees of Michigan State, a state highway commissioner and two members of the board of Wayne State University will be elected.

For U. of M. regents, Theodore Sachs and Allan R. Sorenson, Democrats, will face Paul G. Goebel and James C. Zeder, Republicans.

Lynn M. Bartlett seeks reelection as superintendent of public instruction on the Democratic ticket. He is opposed by Hugh H. Holloway, Republican.

Of wide interest throughout the state is the election of the state highway commissioner. John C. Mackie, incumbent Democrat, seeks re-election over Charles R. Bedwell, Republican nominee.

Other nominees on the spring ballot are: member of state board of education, Frank Hartman, Dem, against Charles A. Rogers, GOP; members of the board at MSU, C. Allen Harlan and Connor D. Smith, Dems, against Fred England Jr. and John S. Pingel, GOP, and members of the board at Wayne, Dewitt T. Burton and Ralph E. Richmond, Dems, against Thomas B. Adams and Charles E. Brake, Republicans.

Non-Partisan Ballot

Also to be named Monday are two men as justices of the supreme court. Up for re-election are present justices John R. Dethmers and Harry F. Kelly. Both are endorsed by the Republican party.

They will be opposed by James H. McLaughlin and Ernest C. Boehm. These candidates are endorsed by the Democratic party.

Besides the Con-Con issue, one other referendum will be placed before the voters. The legislature authorized an amendment to permit state aid in financing industrial, manufacturing and municipal development projects.

It was a last second affair actually passed after the ballots were to have been printed and in the hands of township clerks. It would allow up to \$5,000,000 as an aid to industries and municipal development.

The referendum was authorized because of competition with other states.

Pass Top Tests at Festival

Five members of the Cass City High School Band participated in the State Solo and Ensemble Festival at Jackson, Saturday. Two students, Thomas Jones and William Dobbs, entered the relatively new category of proficiency. In order to enter proficiency, a student must have earned a first division with a solo in the district festival. The examination at the state festival includes scales, sight reading and a prepared solo.

Students are given percentage grades and must attain 85 per cent to pass the exam and enter the following year in a higher level of proficiency. Tom Jones passed the second level of tuba proficiency with an 85 per cent, and William Dobbs earned a 93 per cent in trombone proficiency. Only about a third of the students taking the test receive a passing score.

Karen Nemeth and Betty Spaulding were awarded a second division for a cornet duet and James Fritz and William Dobbs received a first division with a baritone-trombone duet. Over 1,200 events from all over Michigan were heard by 25 adjudicators in the festival. The Cass City students were accompanied by School Music Directors Roger Parrish and Donald Gillette.

Other nominees on the spring ballot are: member of state board of education, Frank Hartman, Dem, against Charles A. Rogers, GOP; members of the board at MSU, C. Allen Harlan and Connor D. Smith, Dems, against Fred England Jr. and John S. Pingel, GOP, and members of the board at Wayne, Dewitt T. Burton and Ralph E. Richmond, Dems, against Thomas B. Adams and Charles E. Brake, Republicans.

11 Apply Tuesday For Citizenship

Petitions for naturalization were received Tuesday in Tuscola County Circuit Court for 11 residents of Tuscola and Lapeer counties.

Applying were: Gertrude Wagner, Lapeer; John Zabinski, Cass City; Louise McLean Theakston, Otter Lake; Garnet Bruce Theakston, Otter Lake; Jeannine Josephine Forbes, Clifford; Hong-In Chiu Lue Chou; Kikuko Sutton, Combsville; Annie Conolly, Cass City; Maria Aurora Parada-Lara, Caro; Albert Lara, Caro, and Edith Achenbach, Unionville.

Stuart Little Accepted in Honor Society

Stuart Little, son of Mr. and Mrs. Harry Little, has been honored by full membership in Beta Beta Beta, a national biological honor society, at a formal invitation this month. This honor society is for those students who have achieved academic excellence in the field of biological science.

Stuart is one of three men at Alma College to be asked into full membership. Four students became provisional members.

Candidates are chosen by a student faculty committee on the basis of high scholarship, outstanding character, good citizenship and an evaluation of future promise in the field of biological science.

Tri Beta is an affiliated society of the American Association for the advancement of science and has chapters located in over 125 colleges and universities throughout the United States. The Alma chapter is Gamma Beta.

Stuart was also recently chosen to become a charter student affiliate member of the Midland chapter of the American Chemical Society. This society is the largest organization in the world devoted to a single science. Mr. Little is a chemistry major with biology as a related minor and is a senior at Alma College.

Special Speaker For Union Good Friday Service

The Rev. David Ernberger, pastor of the Countryside Presbyterian Church in Saginaw, will be the featured speaker at the Union Good Friday service from 1:30 to

Rev. David Ernberger 2:45 p.m. at the Presbyterian Church.

Five area churches will participate in this service. They are: Methodist, Church of the Nazarene, EUB, Church of Christ and Presbyterian.

Special music by the Presbyterian choir and a women's trio, Mrs. Roger Little, Mrs. Edward Golding Jr. and Mrs. Gerald Stroupe, will be presented.

Mr. Ernberger is the author of a book, "A Philosophy of Adult Christian Education." He graduated from Wesleyan University and Yale Divinity School, and in 1957 received the degree of STM from Union Theological Seminary.

He organized the Countryside church in the northwest suburbs of Saginaw.

Pastors of the various participating denominations will assist in the service.

From the Editor's Corner

The Chronicle has been the happy hunting grounds for car dealers this year. Shop Foreman Jim Moore started a trend when he purchased a new Chevrolet a month or so ago. We followed suit last week. Linotype Operator Mrs. Betty Ball became the third new car buyer at the Chronicle when she drove to work this week in a new Plymouth.

Dickering now for either a new Ford or Chevrolet is our proof-reader, Mrs. Hazel Jones.

Incidentally, all of these cars were bought right here in Cass City from local dealers.

Speaking of shopping at home, we'd like to call your attention to today's final advertisement in the current series, sponsored by local merchants, telling why you should shop at home. We hope that you've read them and can see that it's to your advantage to check local merchants first.

It's been quite awhile since we've heard the United States called a melting pot of nations, but, at least to a limited extent, the process is still going on.

Of the 11 persons who applied for citizenship Tuesday in Tuscola County two were Chinese and one Japanese.

What's more, according to persons attending, the Japanese girl was the sharpest person at the hearing in answering questions about the United States pertinent to good citizenship.

The grass fire at the Casper Kolacz farm Monday gives weight to a warning by the Michigan Department of Conservation. The relatively light snowfall this year will allow the ground to dry up quicker than usual. The department expects one of the most dangerous spring burning seasons in many years.

Cass City folk are reminded that they need burning permits from the Conservation Department at Caro or the Elkland Township Fire Department before starting open fires, regardless of where they plan to burn. Permits are free.

We remind you that it's not only important to vote Monday, but to know what you are voting about. There's still time to be brought up to date on the candidates and the issues before election.

Better hop to it.

Coming Auctions

Tuesday, April 4—Loren Trathen will hold a farm auction on the premises, five miles east and two and a half miles north of Cass City.

Wednesday, April 5—Burton Morrison will sell cattle and machinery at the farm, two miles southeast of Mayville.

Friday, April 7—Ray Franklin will sell cattle and machinery at the place located 10 miles south and a half mile east of Cass City.

Saturday, April 8—Wager Clunis will hold a machinery auction on the premises, one and a half miles east of Elkton on M-142.

Saturday, April 8—John Sobczak will sell cattle and machinery at the farm, one mile east, one and a half miles south and a half mile east of Verona.

PRESENTED THURSDAY evening to Mort Orr by members of the Elkland Township Fire Department was an illuminated picture depicting the great Chicago and London, England, fires. The gift was given to Mr. Orr to commemorate his 50 years as a member of the Elkland Township Fire Department at the regular meeting of the department at the village fire hall. Presentation was made by Al Avery. (Chronicle photo)

Expert to Tell How Adults Affect Teenagers

Dr. Alice Thorpe, professor and head of the Home Management and Child Development department at Michigan State University will speak in the Caro High School Cafeteria, Wednesday, April 5, at 8 p.m. Dr. Thorpe's appearance has been arranged by the cooperative extension staff. Because of the nature of Dr. Thorpe's subject, the public is invited to attend this meeting. Dr. Thorpe will be speaking on the subject of how adults affect teenagers.

Dr. Thorpe received her B. S. degree in 1931, her M. S. degree in 1949, and her Ph.D. in 1955, all from Michigan State University. Before coming to M. S. U. she was a teacher in the public schools in Lansing, Stephenson, and Haslett. From 1943-45 Mrs.

Dr. Alice Thorpe
Thorpe was with the Michigan Department of Labor Statistics. She is a member of Omicron Nu, Phi, the American Home Economics association, the Michigan Council on Family Relations and Alpha Kappa Delta. Mrs. Thorpe has written many bulletins on money management in the home.

Dr. Thorpe joined MSU staff in 1946, and became head of the Home Management and Child Development department in 1955. Dr. Thorpe attended the White House Conference on youth in 1950. She has appropriately named her lecture "World from White Canvas Shoes." Dr. Thorpe will speak on the pressure placed on teenagers by teachers, parents and youth organiza-
tions.

According to Ed Schrader and Mrs. Frances T. Clark, members of the Tuscola County Cooperative Extension Staff, every teacher, parent and youth worker should attend this meeting.

Serving Cass City For Fifteen Years

As March, our anniversary month, draws to a close we will have completed fifteen years of service to this community. As we start our sixteenth year we again pledge ourselves to the same high principles which have been our guide since we came to Cass City; to make every memorial service a full expression of devotion to the departed, with sympathetic personal guidance; by quiet efficiency and good taste, and facilities of classic dignity with expense only a matter of your desire.

We appreciate the confidence that so many families have placed in us in their time of bereavement.

AIR FILTERS AND GAS MILEAGE

A few drivers will be spending some wise money on needed engine tune-ups this Spring and then throwing away most of the benefits by balking at the few dollars for the cost of a clean carburetor air filter.

Manufacturers' studies show 18 pounds of air to 1 pound of gasoline is required at summer temperature if the carburetor mixture is to get the most energy possible out of the fuel. This is approximately 2,000 cubic feet (enough to fill a 20' x 10' x 10') for every gallon of gas in a 6 cylinder engine at 60 MPH.

When your air filter becomes clogged from road grime, it means simply that your carburetor is not getting the required air it was designed to get. The result is that the gasoline-air mixture becomes unnecessarily rich in fuel. This in turn reduces power and economy.

Recent engineering tests in two V-8 engines in a 1959 Mercury and a 1957 Plymouth with clean and clogged air filters showed a miles-per-gallon gain of 3.6 MPG for the Mercury and 2.4 MPG for the Plymouth with a clean filter over a clogged one.

Recommended changes for air filters vary from model to model - usually every ten to twenty thousand miles - but these figures can be altered drastically if you drive frequently over dusty roads.

If you have your car serviced regularly at our shop, your air cleaner will be inspected as a matter of course. If it needs changing, we will recommend it to you.

WANDERING WITH WARREN

I Spied My First Robin Last Week

By Ilene Warren

Last Thursday (my day off for housecleaning, column-writing, etcetera) it was necessary for me to go gallivanting to attend a Chevrolet Business and Service Management meeting - and that kinda put the kibosh on getting my column written.

However, I should like to tell you about the interesting place where our meeting was held; we met at the Bavarian Inn in Frankenmuth. It's a picturesque place as those of you who have been there will readily agree. The waitresses were gaily clad in colorful costumes. Bavaria is located in the southern part of Germany and sheltered by surrounding mountains; the Inn in Frankenmuth attempts to recreate some of the charm of this old-world country.

GAGETOWN

Mrs. J. C. Armitage entertained at a cooperative dinner Tuesday. Mrs. Francis McDonald and Mrs. Edward Schwaderer of Cass City, Mrs. C. P. Hunter, Mrs. Floyd Werdeman, Mrs. William C. Hunter, Mrs. Vincent Wald and Miss Mary Wald. The occasion was Miss Rosalia Mall's birthday. She received many nice gifts.

Mr. and Mrs. Archie Marks of Flushing were week-end guests of her parents, Mr. and Mrs. Edward Kehoe.

Patients in the hospital at this time are: Mrs. Sylvester Pinkowski, Caro Community; Mrs. George Purdy, Sheurer Hospital, Pigeon; Mrs. Jerome Rocheleau, Hubbard Memorial, Bad Axe; Miss Nellie O'Rourke Ford Hospital, Detroit; Patrick Zuraw, Hills and Dales, Cass City; Grace McEachin, Cass City Hospital.

The March meeting of the St. Agatha's Altar Society was held Wednesday evening in the parish hall. President, Mrs. Peter Leitnerman, opened the meeting. Minutes of the previous meeting were read and the financial report was given. Plans were made for Achievement day dinner to be held in St. Agatha's dining-hall April 29. Co-captains Mrs. Harlan Hobart and Mrs. Lee Dillon served coffee. The next meeting will be held Wednesday, April 19.

Mr. and Mrs. Francis Hunter, Nancy and Diane of Detroit, were week-end guests of his mother; Mrs. C. P. Hunter and other relatives.

Mr. and Mrs. Larry Cummings went to Bay City Sunday to visit her father John Hubbel who is a patient in Bay City General Hospital.

Mr. and Mrs. Harry Comment spent the week end in Pontiac where they visited his mother, Mrs. Frank Comment at the home of Mrs. Lucille Dobbs and at the home of Mr. and Mrs. Lewis Groppan.

Mr. and Mrs. Frank Lumbard went to Detroit Saturday to visit Mr. and Mrs. Walter VanderEyke until Tuesday.

Mr. and Mrs. John MacLay left Monday to spend the week in Flint and Detroit with their daughter in Flint and sons in Detroit.

Workshop for 4-H Service Club

Twenty Tuscola County 4-H Service club members were guests of the Genesee County Service Club Recreation Workshop.

According to Karen Noble, club reporter, 4-H Service club members from Saginaw and Sanilac Counties also joined in the event. Nominees selected for State 4-H Service Club are Janet Albrecht, Reese; Larry Campbell, Caro; Marie Krauss, Unionville; Robert Schnell, Vassar; and Adeline Oseguera, Unionville.

Joint plans with the 4-H Mother's Club are being made to hold a youth dance at the Wilber Memorial Building on April 22. All county 4-H members are invited. A donation of 25 cents per person will be collected in the remodeling of the Wilber Memorial Building.

Plans for the April 20, Service Club meeting centers around a slide talk on Germany. Guest speaker will be Miss Elaine Ellis of Marlette. Miss Ellis toured Germany for three months last summer as a member of the Christian Youth Movement. A barbecue will be held after the meeting.

Sam Adams and Richard Foster served refreshments at the March meeting.

Don't waste time thinking what you would do if you had your life to live over—get busy and improve what is left of it.

Self-deception is a very serious fault—a man may think he's fox, but it won't keep the wolf from the door.

the sauerbraten and the weiner schnitzel.

Last Thursday, I spied my first robin. How good it was to see this familiar harbinger of spring. Earlier in the morning while feeding the cats, I heard a pair of robins serenading each other down by the river - but it was not until later, en route to Cass City, that I saw the robin perched on a roadside fence.

Speaking of birds, a few nights ago while listening to a musical program on the radio, an interesting record was played. The recording was made by the Ornithology Department of Cornell University and has bird calls with an orchestral background and a narrator who names the birds and gives a quaint interpretation of the birds' songs. I enjoyed it.

Jean Paul Richter wrote, "A scholar knows nothing of boredom." While I fall short of being a scholar, I am seldom bored . . . for I love to read and my biggest trouble lies in not being able to find all the time I'd like for reading. I often wonder if I shall be able to learn all the things I'd like to learn in the short time I shall have on good old terra firma. When I hear someone talk about being bored it is difficult for me to be sympathetic. There are so many things to do (that need to be done) and so many books (good ones) to be read - how can one possibly say, "I ain't got nothin' to do"?

It was Addison who wrote "Reading is to the mind what exercise is to the body." But since I must confess to not always reading the best books and occasionally enjoying a good pie of fiction. I like to think of a quotation from Swift: "When I am reading a book, whether wise or silly, it seems to me to be alive and talking to me."

Everyone has certain likes and dislikes and oftentimes it's of little use to try to change them. Grocery shopping a few days ago, I came to the cracker section where I began to search for my favorite brand; the store clerk came by and in response to my request for the missing brand, told me (in a few well-chosen words) a cracker is a cracker. Well, sobeit - but some crackers I like and some I don't particularly care for . . . and when I'm paying for 'em, I want the kind I like. But enough about such a dry subject.

a step ahead of tomorrow...

Unequaled success in bargaining, modern marketing techniques, and outstanding membership support have won Michigan Milk Producers Association a nation wide reputation as a co-operative that gets results. Solid, economic results that dairy farmers see every month in their milk checks.

Combining the strength and resources of more than 13,000 dairy farmers into one strong, united organization, MMPA gives its members an effective voice in the marketing of their product. It is, in fact, as valuable to members in the marketing of milk as a herd of good cows is in producing milk.

Measured in terms of services, guarantees, stable market or negotiated premiums, dairy farmers have learned that it doesn't cost to belong to MMPA—it pays.

No organization, however, can rest on its reputation or its past record. It must plan beyond the needs of today... strive to grow and improve its services... maintain its leadership.

Continuously, boldly, MMPA searches for new and better ways to market milk... to stay a step ahead of tomorrow.

Dear Editor:
I, a Chronicle reader, read in one of the issues about an article on Cass City wanting to build on to their school, because they needed more room. It wasn't big enough for them, but it would be if they didn't try to haul in all the district schools they can get a hold of. They are not only after some of the country schools but all of them. Including the Deford School which is a new school itself. If they would be satisfied with what they have they wouldn't need new rooms built on, also wouldn't need so much money all the time. Even in Country Schools teachers take more time with their pupils. People should be satisfied with what they have.

Attending the public policy tour at Michigan State University recently were Tuscola County farmers. They included, from left: Art Mauch, Bob Bevins of MSU; Allan Houghtaling, Reese; Russell LeValley, Glenn Harrington, Akron; Henry Gruber, Reese; Clayton Witkovsky, Caro; Fred Black Jr., Fairgrove, and Dick Orban, Unionville.

Name Ubyly Pair State Farmers

Larry Sweeney, son of Mr. and Mrs. Dolan Sweeney of Ubyly, and Conrad Gliniecki, son of Mr. and Mrs. August Gliniecki, were awarded the State Farmer Degree last week at the annual FFA convention at Michigan State University. The degree is the highest given in the state and is awarded to about two per cent of the membership. Larry has been active in chapter affairs at Ubyly, serving as secretary and chairman of several chapter committees. He was a member of the district demonstration and has attended the regional camp and national convention. His farm program includes swine, a half of 53 feeder pigs, corn, barley and wheat.

Conrad has served as chapter reporter and participated in many phases of his local chapter's activities. He attended the national convention as a representative of the Ubyly Chapter last fall. Conrad's farming program includes 11 swine, seven dairy cattle, hay, corn, oats and beans.

Ubyly FFA Slates Annual Banquet

Norman Brown, Bath, former national secretary of the Future Farmers of America Chapter, will be the guest speaker at the annual Ubyly High School FFA banquet Tuesday at 7:30 p.m. at the high school gym.

A highlight of the meeting will be the presentation of honorary farmer degrees to Marcus J. Tenbusch and Clemens Kubacki, both of Ubyly. Other awards will be presented to outstanding members.

Paul Sweeney is chapter president and John L. Tyrrell and Carroll H. Wamhoff, chapter advisers.

Marriage Licenses

Marriage licenses issued or applied for in Tuscola county this week were:

Owen Linus Quinn, 23, of Tyre and Roseario Leyva, 19, of Gage-town.

Gene Ernest Jacot, 19, of Kingston and Nina Mae Hunsucker, 18, of Kingston.

Rolland Lee Foste, 20, of Millington and Marjorie Lou Martin, 20, of Vassar.

Programs for Handicapped

The state of Michigan has provided three programs through legislative enactment to meet the needs of mentally handicapped children of school age.

These programs, for purposes of identification, have been termed the Type A, B, and C programs for the mentally handicapped.

The Type A program provides

ORDER FOR PUBLICATION
Sale or Mortgage of Real Estate State of Michigan. The Probate Court for the County of Tuscola.

In the Matter of the Estate of Clarence Campbell, Mentally Incompetent.

At a session of said Court, held on March 8th, 1961.

Present, Honorable Henderson Graham, Judge of Probate.

Notice is Hereby Given, That all persons interested in said estate are directed to appear before said Probate Court on April 6th, 1961, at ten a.m. to show cause why a license should not be granted to Lawrence Campbell, guardian of said estate, to sell or mortgage the interest of said estate in certain real estate described in his petition, for the purpose of maintaining ward.

It is Ordered, that notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Cass City Chronicle, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by registered mail, return receipt demanded, at least fourteen (14) days prior to such hearing, or by personal service at least five (5) days prior to such hearing.

classrooms for children who are mentally handicapped but potentially socially competent. These classes meet daily, five days a week, are taught by a certified teacher of the mentally handicapped under a program approved by the Superintendent of Public Instruction. These pupils may be integrated with those in regular classes in such activities as art, music, gym, shop, etc.

Type B classes are provided for pupils who are mentally handicapped to the degree that they may be only partially socially competent. They may, with training, become at least partially self-supporting.

The Type C program provides programs for the mentally handicapped serve those pupils who can be integrated into classes for the non-handicapped. The teacher-consultant counsels with pupils, teacher, parents and others in securing and maintaining the best possible educational adjustment.

The Type C program provides opportunities for the child to develop social competency to his fullest potential by giving the teacher assistance in understanding how he can help the pupil in his total development, and by giving assistance to the child through counseling and special help at periodic intervals in

dividually or in small groups. This procedure supplements the child's regular classroom activity while he is a member of a regular classroom group.

The program also helps the family to understand the child's potentials and how they may assist in his development and achievement.

The teacher-consultant in the Type C program is a specially trained teacher of the mentally handicapped who understands child development, the characteristics of the mentally handicapped child, the instrumental program for the mentally handicapped, and has skills in working individually or with groups of children and with teachers and parents.

The teacher-consultant works with the child, the teacher, the parents, the school staff, and the community.

This is one of a series of articles on Special Education. An article on Identification of the Mentally Handicapped Child will appear next week.

Government Will Share Cost When Owners Plant Trees

Reforestation of idle, sub-marginal and sandy land should be a major conservation practice this spring according to District Forester Allen Boelter. A good supply of most kinds of trees is available and the government will share the cost of a reforestation program, so there is no reason for putting off planting, he advises.

Some estimates are that by the year 2,000 wood consumption will double. Trees planted now will barely be merchantable then, so a stepped-up reforestation program cannot begin too soon.

The fact that one may not live to see his trees become saw logs should be of little concern. Rather, he should realize that the land increases in value the minute the trees are planted and continues to increase with each year's growth, Boelter explained. He also pointed out that the big trees we see today were small during someone else's life, and we should always plan and plant for the future.

Those interested in a tree planting program, but unsure of what and how to plant are urged to contact Boelter at the Merrill Building in Saginaw. Application forms for ordering trees from the Conservation Department are available from his office or the Cooperative Extension Service in the courthouse.

Community and Financing Are Both Important in Securing Industry

By Elmer E. White
Michigan Press Association

There's much in the news lately about legislation to bolster Michigan's position in the struggle to create jobs through industrial development. There are only two ways to bring this about: hold and expand existing payrolls; bring in new factories in competition with other areas. Work and luck play important roles in this effort.

Most professionals in the plant location field would probably agree that the search for new locations really matches community against community rather than state against state. This means that, in addition to the valuable financing plans a state might offer, the community itself is mighty important.

When a business is to be located, the executives usually contact (or are contacted by) the state Economic Development Department, many community leaders and utility representatives. Often they consult "plant locating consultants." The resulting deliberations are often hectic and much less logical than one would

think to be the case when all these interested people are working.

A \$35 million installation in Montague illustrates the point. Hooker Electro-Chemical was trying hard to find a suitable location on the shores of Lake Michigan. Everybody seemed to be in the act, but nothing was being decided. A local plumber wrote Hooker a letter stating emphatically that he knew there were many subterranean salt deposits nearby and wondered why the plant didn't locate there. Company officials checked, found the letter correct and the factory was built.

A mistake discovered by a member of the Economic Development Department is credited with saving another industry for Michigan. A consulting service recommended an Indiana location over one in Kalamazoo, the deciding factor being a wage and tax differential. The economic Development staff man felt sure the consultant's figures were wrong. To prove it he worked several days at the MSU Library collecting and sifting information. Then he found the mistake! Some hur-

ried phone calls set up appointments in Chicago where the figures could be disproven. As a result the plant now operates in Kalamazoo.

In another instance one of the utilities men carted a prospect all over Southwest Michigan and showed him some of the finest towns in the area. Trouble was, every place he stopped it rained or snowed. Finally, after a few days of dismal outlook, the utilities man surrendered his guest into the hands of a competitor from another utility. That day dawned bright and fair as Nature put her best foot forward. The competitor signed, sealed and delivered the prospect and his plant to the first town where they stopped. You're never going to convince that first professional that there isn't any luck to this business.

A few years ago, a prospect stopped at the offices of the Economic Development Department in Lansing. He was looking for a building in which to house a new industry which he had just assembled. The department's man gave him lists of buildings on three different occasions and the prospect spent about eight weeks traveling around looking at these vacant plants. None of them were quite what he wanted, so he went back to the department for a fourth attempt.

The industrial agent told him that the only remaining building he knew of was right in Owosso that he himself had listed in the department's available plant file. The prospect remarked in utter amazement that he had never thought of this possibility and proceeded, after weeks of searching elsewhere, to move his new industry into his own building.

Professionals in the plant locating field will tell communities to assemble every possible bit of information about their towns. This will help. It is of value to those looking for locations. It will show the community is interested. The utility or state representative can knock himself out trying to sell a community. This helps too.

But luck, the efforts of little people, the unexpected, the whimsical; these too can be the deciding factor.

Pesticides and insecticides can be bad news -- and not just for the bugs.

The Department of Agriculture fights a constant battle to keep farmers from mishandling chemicals that are harmful only to pests if handled properly. It also continually has to warn people who buy treated goods.

Neither job is easy. But the application of pesticides on a large scale, if not handled properly, can

produce more problems than the bugs themselves.

The Conservation Department is also concerned about large scale applications.

Large numbers of fish can be killed by dumping chemicals or washing equipment in a stream. Wildlife, while not as susceptible as fish, can also be killed. At one time, there was conflict between the agriculturists who said the spraying had to be done and some of the conservationists, who were concerned about wildlife.

Cooperation has increased markedly in recent years, however, and while more chemicals are being used, there are fewer incidents that cause conflict.

Uncle Tim From Tyre Sez:

Dear Mister Editor:

My old lady went to town yesterday and got her a new hat for Easter Sunday and she ain't done nothing today but try to decide if it looks better'n the one she wore last Easter. I told her it's a mighty important matter and don't come to no decision without meditation and prayer.

I think wimmen spend half their time trying to decide what to wear and, if you ask me, it's them decisions that finally git 'em in the end. I recollect about the feller that went crazy on his job of sorting potatoes by size, putting the big ones in this bin and the little ones in that bin. It was making them decisions all day long that finally got him.

Maybe they git a little more nervous as they git older, but there's one thing you got to say fer wimmen. They is outlasting the men and is gradual taking over. I see by the census report where five years ago they was 94 men fer ever 100 wimmen, and now they ain't but 90 men fer 100 wimmen. At this rate, in another 50 year men will be as scarce in this country as Republicans in Georgia.

Incidental, talking about Easter hats, I was reading in the papers last week where some feller in Paris that designs wimmen's hats has come up with a new spring model you can use fer food when they git through wearing it. After your old lady wears this hat fer a spell, she can serve it fer dinner, cutting down on the feed bill. Ever little bit helps and I'll take another bought and see if I think we can look at the one my old lady have it fer dinner on V-J Day.

But I reckon, Mister Editor, that the most serious charge you can bring agin the wimmen of today is that they is responsible fer the success of the installment plan in business. A dollar down and a dollar from now on and they tote the stuff home. It used to be a feller could take a nap on Saturday afternoon. Now he sets at the front gate waiting fer the installment collectors to divide up his payroll.

Well, I see by the papers where the Congress is talking about raising the public debt limit again. It don't seem to make no difference, Mister Editor, Democrats or Republicans, the public debt limit keeps climbing. Both sides talk different but they git the same results. I recollect when Hoover come to the White House he sent Coolidge's saddle horse to Ft. Meyer, said it was a "economy" move. When Cal heard about it he grunted and ask if the horse would eat less hay at Ft. Meyer. It looks to me like the Democrats and Republicans eat about the same amount of hay, just move the horse around.

Yours truly,
Uncle Tim

The White Star and Northwest Fairgrove home economics extension groups are starting their clothing construction series.

On April 5 (Wednesday) Dr. Alice Thorpe, Professor and Head of the Home Management and Child Development Department at Michigan State University, will talk on "The World From White Canvas Shoes."

Dr. Thorpe attended the White House Conference on youth and while in Washington, D. C., she had the opportunity to visit with a majority of the teenagers attending the conference. She will relate, at this meeting, the concerns of these young people and some of the pressures placed on them from pre-school until they become adults. This meeting will be of interest to all persons who have contacts with teenagers, from parents, teachers, counselors, etc. It will be an open meeting and will be held at the Caro Community High School cafeteria at 8 p.m.

From my contacts with Tuscola county women and surveys conducted throughout the state and nation, I find that the favorite hobby of American women today is sewing. About 40 million women and girls find time to use a home sewing machine. Almost every woman is creative, so they find that sewing is a way to express themselves. By combining a pattern, fabric and trimmings, women can create beautiful garments that are original.

Economy may be a consideration, but it is not the main reason for most home sewing today. The estimate has been made that a garment can be made at home for about one-third to one-fourth the price of a similar ready-made one. Quality often can be higher for the same or for less money.

In general, findings for home-made items are better. Thread is color fast and of finer quality. Zippers can be selected in different weights to fit the fabric and garment and beltings are sturdier and will last the life of the garment. The dress trade, in many instances, will skip here and there on quality to meet a cost figure.

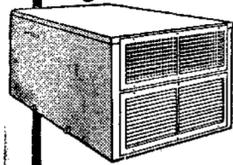

The home seamstress can choose fabric that is colorfast and shrinkage controlled with desirable finishes. She usually can have a style she wants, made in the fabric and color of her choice. When she shops for a ready-made garment, one of these factors often is sacrificed.

Usually the man who tells you how to get rich hasn't the time to tell why he didn't.

FROM THE FILES OF THE CHRONICLE

Five Years Ago

Miss Joanna MacRae, a former resident of Cass City, was one of 250 outstanding women in Detroit honored at a banquet at the Masonic Temple, Tuesday, Mar. 20, and at a celebrity dinner Wednesday, Mar. 21, at the Women's City Club. She was selected as part of a special week for outstanding "Women Who Work in Detroit," Mar. 19-24. Miss MacRae, who has been employed as an accountant in Detroit for 16 years, was once assistant cashier at the Pinney State Bank.

The oldest member of the Presbyterian Church of Cass City, Mrs. Philip Koepfgen of Midland celebrated her 100th birthday Monday. Mrs. Koepfgen sent a gift of \$100 to Rev. Melvin R. Vender, pastor, to be used for special equipment for the church.

Jim Jezewski received a division one rating at the State Solo and Ensemble Festival held at the University of Michigan, Saturday and two other Cass City musicians, Fred Tyo and Ruth Agar, received division two ratings.

Scout Day was observed by the Woman's Study Club when the group met in the social rooms of the Presbyterian Church Wednesday afternoon, Mar. 21. Mrs. E. Croft, Mrs. H. Perry and Mrs. L. Trathen were in charge of the program. Twelve Girl Scouts presented a playlet written by Sheryl Law and directed by Mrs. Robert Cook, their Scout leader. The production was entitled "A Visit to Grandmother" with Virginia Gross and Linda Bigelow taking leading parts. Following the play, Mrs. James Bauer showed colored slides of scenes she had taken during a trip to the Holy Land.

Members of the Cass City High School will hear the Central Michigan College Concert Band, currently on tour in the Thumb, Wednesday at a high school assembly program. One of the members of the band is John Kirm, formerly of Cass City. Kirm plays the trombone with the college band.

The Cass City Village Council appointed various committees for the year at a meeting of the council Tuesday night at the municipal building. On the finance and budget committee this year will be newly elected councilmen, Jim Bauer and Ben Benkholman. Streets and sidewalks will be under the supervision of Jim Gross and Mac McLellan. Gross is also on the building committee, along with Arlan Hartwick. Three men have been appointed to take care of the park. They are Hartwick, Bauer and Curt Hunt. Hunt and McLellan will take care of the village's lights, water and sewers.

Twenty-five Years Ago Carmon Wanner, formerly of Cass City and a son of Allen Wanner, has entered into partnership with William McDaugh and they are doing business at Osmun and Saginaw Streets in Pontiac as the Pontiac Package Coal Co.
