

## Grant Officials Adjust to Change

Arnold Schweitzer

Editor's note: This is the last in a series of articles about township supervisors and clerks in the Cass City area.

By Mary Basing  
Relentless change is one big factor in local township life. Township officials, many having held their jobs for 20 or 30 years, are forced to adjust to changes in board personnel, recording, new laws and redistribution of school and road districts.

Gillies Brown, 57, unmarried, 30 years clerk of Grant Township, in Huron County, has seen the change in school districts in his township.

"We originally had seven school districts," he said. "Now Nos. 3 and 5 are the only ones still going independently. Two of the others are in the Cass City School District and three are in the Owen-Gage District."

Brown has worked with five supervisors since he was appointed to take his father's place as clerk on Feb. 27, 1931, after the latter's death.

The clerkship work is practically the same as that in other townships, Brown said. Grant Township is more or less like other townships, he added.

It depends on Elkland and Gagetown Fire Departments for fire protection. There is a small cemetery and the board meets whenever something comes up.

"I'm paid by the day," Brown said. "I guess it's about \$300 or better a year."

Brown said it was "hard to say" whether he will run for reelection. He didn't say why.

Brown works with a township board that includes Ephraim Knight, treasurer, Bruce Ricker and Howard Irwin, trustees, and Arnold Schweitzer, supervisor.

Schweitzer said he had an average knowledge of supervisor's duties before he was appointed to fill a vacancy last December. As yet he has not done the overwhelming job of spreading the tax roll. That comes this fall.

"I think my wife will help me," he said with a grin. "She can work on copying the books."

The 47-year-old supervisor was raised in Oliver and moved to Grant in 1946. As a farmer he is active in national, state and local farm organizations.

He is vice-president of the Production Credit Board of Sandusky, past president of the Holstein Association, active with the Dairy Herd Improvement Association, a Farm Bureau member for years and attendant of five or six special meetings a year.

"I have had no trouble so far," Schweitzer said. "The only problem is finding time enough to do everything."

Schweitzer owns a 250-acre farm and works an additional 50 acres. He commented on the help he has so far received from other township supervisors in his county.

"I had known quite a few of the supervisors before I joined them. They've been very good to help me and explain things. One man spent half a day at the house showing me what to do."

## Putnams Receive \$4,500 in Rail Damage Suit

An out-of-court agreement between the New York Central Railroad and Rosa and Eli Putnam resulted in damages of \$4,000 to Mrs. Putnam and \$500 to Mr. Putnam for injuries sustained in an auto-train crash on Kirk Road, south of M-46.

The pair was suing the railroad because they claimed the train was traveling at an excessive rate of speed and that the vision at the crossing was obscured by brush and weeds. The accident occurred Oct. 16, 1957. The Putnams had asked damages of \$150,000.

The case was being tried by a Tuscola County jury Wednesday, Oct. 4, before Judge T. C. Quinn when the agreement was reached. Serving on the jury were: Virginia Bowman, Mary Vargo, Robert Rubisch, Marjorie Kramer, Claude Beagle, Walter Lande, John Burns, William Hyatt, Clarence Hacker, Jo Anne Buchenger, Louis Horwath and Lee Bublitz.

Other cases  
Two other cases were heard Wednesday. George Sylvester Jr., who pleaded guilty to indecent liberties with a minor girl in Kingstons township, was placed on probation and ordered to pay a fine and costs of \$100 each.

He was ordered to live with Mr. and Mrs. Wallace Brown of Mio where he will finish his high school education.

Richard Allen Blackwell, placed on probation previously, was brought into court for probation violation. The case was dismissed.

Commer Auctions  
Saturday, Oct. 14—Mrs. Eleanor Keller will sell cattle and machinery at the farm, seven miles east, one mile south and a half mile east of Cass City.

Saturday, Oct. 14—Charles Hull will hold a personal property auction at the place, four miles east, seven miles south, two miles east and three-quarters of a mile south of Cass City.

Saturday, Oct. 14—Lyle and Anson Pool will have a dairy auction on the premises, one block west and one block south of Harper elevator, North Branch.

Wednesday, Oct. 18—Leverett Barnes will sell cattle and machinery at the farm, six miles east, three miles north and a half mile east of Cass City.

Wednesday, Oct. 18—Stanley Solen will auction his herd of dairy cattle and dairy equipment at the place, two miles south, one mile east and a half mile south of Clifford.

Saturday, Oct. 21—Laurence Fischer will sell cattle, milking equipment and swine at the farm, three miles east and one and three-quarters miles north of Marlette.

Saturday, Oct. 21—Jack Shafer has scheduled a household furniture auction at the home on Congress Street in Caro.

PERT LITTLE Christine Rich looks at an ordinary library book in which she can look at the pictures. For her own studies she uses a book with very large print to overcome a sight handicap. (Chronicle photo.)

## Christine 'Rich' Despite Handicap

When you see young Christine Rich, 8, on the street it's hard to tell that she is a handicapped child.

But the black haired girl with the ready smile can see just enough to get around... a condition that started with a premature birth.

Specifically, doctors say that Christine has no sight in her right eye and only 20 per cent vision in her left.

Her condition has been a financial drain on her parents, Mr. and Mrs. Calvin Rich. Crissy attends a special school for the handicapped in Flint.

Last year the cost of attending was borne by the parents who borrowed money from Catholic Charities for the purpose.

This year the family is receiving aid from a State program of aid to handicapped children.

It costs more to send Crissy to school, but that's the only difference in her home life. Christine gets no special favors (and wants none) from the rest of her family because of her affliction. One of six children, she participates in all of the activities of the neighborhood... even plays ball although she can't see to hit.

At the present time, because she is receiving religious instruction at St. Pancratius Church, Crissy comes home every week end from Flint.

After the instruction is over, it will be every other week end in Cass City for the young student. Despite this absence from home, the youngster thinks "school is swell" and looks forward to each day's studies.

Now she is studying from books with extra large print, but her parents say that she will probably start learning Braille in the near future.

All of this makes very little impression on Christine who seems to like school in Flint and playing in Cass City equally well. It is probably natural that she should. She moved to Cass City with her parents from Flint when Mr. Rich secured a job with General Insulated Wire.

Members of her family include three sisters, Cindy, 5, Sharon, 3, and Bernadine, 1, and two brothers, Gary, 10, and Harold, 7.

## Test Dayton Township Ruling In Circuit Court

Dayton Township was brought into court Tuesday afternoon to show cause why it should not allow the Select Land Development Co. to develop lots at Shay Lake. The case is being heard by Judge T. C. Quinn in Tuscola County Circuit Court.

The company had been denied the right to sell the lots by the township on the basis that 50-foot lots are not large enough to establish proper septic tank waste disposal.

The officials claim that a sewer system is needed.

Members of the development company, Ardin Thompson, W. P. Fisher and E. Wosnick, were to have presented their case Wednesday afternoon.

In a previous hearing, the men claimed that the township was discriminating against them because they were selling the land to Negroes.

## Charter Night Slated For Women's Club

Charter night for the newly-formed Cass City Business and Professional Women's Club will be Saturday, November 4, at the New Gordon Hotel.

Twenty-two members attended the regular dinner meeting of the club Wednesday, Oct. 4, when Mrs. Marian Douglas talked to the group on the United Nations. She illustrated her speech with a chart and slides of the UN buildings.

Mrs. Charles Berry and Miss Helen Higgins, both members of the Caro Business and Professional Women's Club, were guests at the meeting.

## Slate Orthopedic Clinic Nov. 7 At Hospital

An orthopedic field clinic, conducted by the Michigan Crippled Children Commission, will be held at Hills and Dales Hospital, Cass City, Nov. 7.

This clinic is for children up to 21 years of age who have, or are suspected of having, difficulty with bones, joints or muscles; also, for children who have been treated for an orthopedic condition in the past and need periodic observation throughout their growing years. An examination by an orthopedic specialist, including x-rays and recommendations for treatment, will be provided without charge.

Attendance at the clinic is by appointment only and is limited to children who are not under active care of an orthopedic specialist. Anyone interested in attending this clinic or desiring more information about it may contact the Sanilac County Health Department at the Courthouse in Sandusky before Oct. 20.

The entire pack meets monthly and the dens (of six Cub Scouts each) meet weekly. The Cub Scout program, sponsored by the Gavel Club, is under the leadership of Scoutmaster Clyde Wells.

## Cub Scout Year to Start Monday Eve

The Cub Scout program will begin for the 1961-62 season with a Pack meeting Monday, Oct. 16, at the Elementary School gym at 7:00 p.m. The meeting, at which each boy must be accompanied by at least one parent, will last an hour.

This is the time for enrollment and reorganization of dens. New Cubs are welcome. Anyone from eight years old (by Nov. 1) through 10 is invited to participate with his parents in this scouting program.

Mr. Zinnecker received a gold lapel pin for his field audit about "The Role of the Field Auditor in a Public Utility."

Mr. Zinnecker is a 1955 graduate of Cass City High School.

## Thursday-Friday-Saturday Bargains Galore In Harvest Sale

The biggest bargain event of the fall will be held this week end in Cass City as 25 local merchants are offering specials on a wide variety of items for a Harvest Sale event.

Included are wanted seasonal clothing items, notions, meats, groceries, furniture, appliances and hunting supplies and equipment.

Another feature of the sale will be free movies for all Saturday afternoon. Doors open at 2 p.m. at the Cass Theatre.

Stores participating in the event are:  
Federated Store  
Sommers' Bakery  
Hunter's 5c to \$1.00

They were issued on the Cass City Bank of I. B. Auten (forerunner to the Cass City State Bank) by the late H. F. Lenzner. We've saved one of the checks. This one was written May 11, 1909. It's available for inspection.

The branch drivers' license bureau in Cass City will start new hours when deputies make their regular visit Saturday. The office at the Municipal Building will open at 9:30 a.m. and close at 12 noon.

Lack of business has forced abandonment of the afternoon hours.

It used to be that Labor Day marked the end of the bulk tourist trade for Northern Michigan. But that's no longer true. Several persons who were on the road Sunday evening on US-23 near Standish reported the traffic was bumper to bumper... the heaviest they have seen it all summer.

## New Name for SOS Committee

It has a new name, but it's still the same committee with the same aims.

At a meeting Monday evening, members of the former SOS committee decided to change the name to the Citizens Committee for Better Schools.

The group's next meeting will be Monday, Oct. 16, at the school at 7:30 p.m.

## Tuesday Rites for Patrick A. Kelly

Patrick Kelly was found dead in the home of Patrick Graham of Cass City Saturday afternoon where he evidently took his own life.

Members of the Tuscola County Sheriff's Department said that the victim had been shot in the heart at close range with a 12-gauge shotgun.

Sheriff's deputies William Putnam and Hugh Marr, who investigated, said that the gun had been braced against a doveperch and the single shell in the gun discharged by shoving the trigger with the handle of a broom.

Mass for Mr. Kelly of Novesta township was held at St. Pancratius Church at 9 a.m. Tuesday when the Rev. Fr. Arnold Messing officiated.

He was born at Sault Ste. Marie, Sept. 6, 1906, and came to this area in 1945 from Detroit. His parents were the late Mr. and Mrs. John Kelly.

Mr. Kelly was a locomotive fireman for the Grand Trunk Railroad. He served in the United States Army from 1942-45. He was a member of the Knights of Columbus and also of the Brotherhood of Locomotive Engineers.

Rosary services were held at Little's Funeral Home Monday evening with prayer services at the funeral home at 8:30 a.m. Tuesday. Committal services were under the auspices of Tri-County.

## Final Payment For Beets Sent To Area Farmers

Gilbert Smith, manager of the Caro plant of the Michigan Sugar Company, this week announced that the final payment for the 1960 crop beets has been sent to growers. It amounted to \$2,79 cents and brings the total payment for the '60 crop to \$14,017.9.

The crop was a low yield (14 tons to acre) but the price was \$3.22 per ton more than the previous year when a bumper 18 tons to the acre was recorded.

Delay Harvest  
Smith says that if it is at all possible farmers should delay harvesting their beets. Sugar content in the crop so far has been low (13.55). If the beets stay in the ground until we get some frosty nights and sunny days, the sugar content should improve, he explained.

Although the sugar content has been low, the tonnage has been good. Deliveries to the plant have averaged about 16 tons to the acre.

Observe Safety Rules to Prevent Damaging Fires  
It's getting dry again, warns Thomas Bower, forest fire officer of the Michigan Department of Conservation at Caro.

With the fall frosts and the lack of rain, woods are becoming fire hazards. Mr. Bower says that observance of tested fire safety rules will prevent the loss of valuable timber and buildings.

Hunters should be extra careful with campfires and cigarettes. Motorists should use ash trays for both matches and cigarettes.

Farmers and other landowners are reminded that a permit is needed before burning brush and grass.

They are available in this area from Elkland Township Fire Chief Al Avery or from the Conservation Department at Caro.

## Supervisors Set County Tax Rate

Supervisors set the mill rate for county taxes at four and a half mills in the opening days of their busy October session which started Monday at the Courthouse in Caro.

The mill rate is down from the 5.5 that the county raised last year, but an increase in valuation will more than offset the reduction. County taxes will increase slightly.

The situation corresponds with the previous year when the mill rate fell from six to 5.5, but actual taxes increased.

Deny Claim  
Acting on an opinion by Prosecutor James Epskamp, supervisors denied a claim by Eugene Doyte of Vassar township for damages to cattle by a dog.

Mr. Doyte said that the dog chased four of his cows causing them to abort and demanded payment for the calves.

The board also again authorized \$400 for bee inspection in Tuscola County. Since the inspection program started, infected swarms of bees have dropped to less than a quarter of one per cent of the bees in the county.

ONE OF THE HIGHLIGHTS of a fabulous European trip for Mrs. Jake Tekieli and Mrs. Angeline Kwasigroch of Chicago, formerly of Cass City, was a visit to a convent in Rome where Mrs. Tekieli visited her sister who is a nun. The visitors spent 11 days in the Vatican City and Italy before moving on to Poland for an extended 28-day visit. Mrs. Tekieli reports that the Poles are getting their feet back on the ground after suffering the consequences of World War II. Mrs. Tekieli has a sister and a niece in Poland. Mrs. Tekieli was born in Poland in 1907. Now a naturalized citizen, she has been in the States for sometime. She came to Cass City with her late husband 16 years ago from Detroit. ## Hawks Lose Heartbreaker in Home Opener With Sandusky

Cass City lost a heartbreaker to Sandusky Friday night at Cass City Recreational Park as two errors ruined a staunch defensive effort that held the visitors to just 92 yards on the ground.

The Redskins drew first blood midway in the second quarter after a scoreless first quarter when neither team was able to muster an offense.

The drive started on the Cass City 49 after a fumble by Larry Robinson was recovered by Sandusky.

The visitors moved for a first down in three plays for a first on the Hawk 30-yard line.

Bob Laeder took a hand off in a dive play through the center of the line. He caught Mike Karr, the defensive line backer, shifting to the outside and went all the way without being touched.

Cass City took the kick-off and battled the Redskins and the clock to tie the score at the half.

The drive started on their own 40. Going to the air, the Hawks covered the distance in 10 plays. Two passes from Quarterback Roger Karr to Dick Creason covered 24 yards in the drive.

The Hawks moved to the Sandusky 13-yard line with time remaining for just two more plays in the half.

Roger Karr stepped back and tossed a strike to End Bill Hutchinson for the score. The kick was missed and the two teams were tied at the half 6-6.

After a scoreless third quarter, it looked as if the game might end in a tie as both teams were unable to start anything that remotely resembled a sustained drive.

The first eight minutes of the final period was a repetition of the third period.

After an exchange of punts, Sandusky took over on their own 20 with a little over five minutes left in the game. They rolled for a first down on their own 31.

Winning Marker  
With a second down and long yardage to go, Warren Teets took a short pass in the right flat and got behind Dick Creason and went 60 yards for the game-winning touchdown. The kick was good.

For a while it looked as if the Hawks were going to rally again. Concluded from page eight.

**Guest Speaker at 2 Services Sunday**

The guest speaker in the First Baptist Church of Cass City, Sunday, Oct. 15, will be Dr. Paul R. Jackson, National Representative of the 1,000 churches which are members of the General Association of Regular Baptist Churches.

Dr. Jackson is past president of the Baptist Bible Seminary, Johnson City, New York. The Cass City pastor, Rev. Richard Canfield, graduated from this school in 1952 while Dr. Jackson was the president.

Dr. Jackson will speak in both the morning and evening services. The public is invited to both meetings.

**Help Your Sport**

It's been said before and is worth saying again: "Ask the farmer first" before setting foot on his hunting lands during the small game season in Michigan. Chances are you'll be pleasantly surprised at how far a little courtesy will go. About 75 percent of more than 550 farmers contacted under a recent Conservation Department survey gave the "O.K." to hunt on their lands. The road to cementing good farmer-hunter relations is, of course, a two-way street. Hunters who trespass or toss safety and respect for the farmer's livestock and property to the winds also often throw away their chances for places to hunt in future years.

FROM THE FILES OF THE CHRONICLE

**Five Years Ago**

Reid J. Kirk, 73, prominent Tuscola County resident from Fairgrove and retired mail carrier, died Thursday evening, Oct. 4, at St. Luke's Hospital in Saginaw.

Cass City Floral this week announced its grand opening at its new location at 4391 Leach Street.

Behind the brilliant running of Sophomore Forrest Walpole, the Cass City Red Hawks roared to a 27-13 victory over Croswell-Lexington Friday night at the Cass City Recreational Park.

Four automobiles, each with a driver and visitor, visited the homes of Presbyterian high school age students Sunday to bring them to a "come-as-you-are" meeting sponsored by the Presbyterian Westminster Youth group.

**Ten Years Ago**

The Cass City High School took the first step toward picking a queen for the home-coming game with Caro, Nov. 12, when they selected the 10 top girls from 33 candidates Wednesday morning

at the school. The students selected the following girls to remain in the race for the coveted honor of becoming the queen for 1951: Joan Green, Bonnie Benkelman, Gail Lester, Wannalee Morrell, Mary McClorey, Mona Lee Howell, Doris Root, Eunice Smith, Arlene Willis and Joan Holmberg.

Barbara Howarth, Cass City sophomore at Michigan State College, was Tapped for Tower Guard membership.

Robert Hodge, Snover, a member of the Germania Silver Stars 4-H Club attended the International Dairy Exposition at Indianapolis, October 8-10.

The Children's Society of Christian Service of the Methodist Church held their first meeting Tuesday afternoon and elected officers for the year. Results of the election were: Connie Gesho, secretary; Harold Patterson, treasurer; Ann Marie Lorentzen, pianist.

**Twenty-five Years Ago**

Jason Kitchen has taught in the rural schools of this section of the Thumb of Michigan for 23 years and remembers over 400 of the pupils who have come under his instruction in that period of time. Of this number, 48 later attended the high school at Cass City and graduated from that institution. Others of his rural pupils attended other high schools. From the Greenleaf school which Mr. Kitchen taught for years, 14 of the 17 pupils who finished the eighth grade under his tutelage completed their high school courses here, two of them being valedictorians of their classes. Mr. Kitchen is now employed as instructor of the Fox school, 1 1/2 miles north of Decker, with 44 pupils.

Harriet Drouillard, a pupil of the second grade, will keep an "eagle eye" out for stray pocket-books and billfolds after an experience she had last week. She found a billfold containing \$5, and in answer to a liner in the Chronicle, she brought it to this office. It had been lost by a Deford young man and the loser left \$2 as a reward to the youthful finder. She sensibly invested the amount of the reward in a twin sweater set.

Thirty-five Years Ago William Spurgeon was 86 years old Saturday, Oct. 9, and about eight o'clock that evening was surprised by a group of his relatives who came to his home on West street, bringing with them baskets filled with delicious things to eat.

Methodists at Cass City are planning improvements to the church property at Cass City. The horse sheds, seldom used in late years, will be removed by Walter S. Schell, who was the successful bidder for these buildings. A garage will be built at the rear of the parsonage and a new furnace is being installed in the church.

The Cass City Community Club opened the 1926-27 season on Monday night with the largest number in attendance at a banquet in the history of the organization. F. A. Bigelow was in charge of the community singing, with Mrs. Bigelow at the organ. Speakers were Claude Mitchell, Walter Mann, Willis Campbell, Robert Warner, the Rev. Ira Carago and Leon Cope, speaker from the Redpath chautauqua circuits.

One doesn't need a garage for those little foreign cars -- just the box they came in.

**Sex Research to Aid Dairymen**

Research on controlling the sex of dairy animals is in preliminary stages at the Michigan State University Agricultural Experiment Station, according to H. D. Hafs, MSU dairy researcher.

For those interested in dairy cattle, sex control would make it possible to guarantee that a cow will give birth to a heifer (or to a bull if so desired). In the geneticist's language, this would allow us to double the selection pressure in our dairy herds, he says.

"Once it became known that the sex of an offspring is determined by the type of sperm cell which fertilizes the egg, several new methods of sex control were tested."

One method was originated by a lady scientist, Dr. V. N. Schreder, in 1932, and has been further developed by Dr. M. J. Gordon of the MSU dairy department.

During the past year, Gordon attempted to separate bull sperm through the method of electrophoresis. In this method, sperm in a carefully controlled solution are separated by positive and negative electrodes.

A group of 172 cows was inseminated with the separated sperm. Only nine of the cows had calves, but the sex of seven calves was accurately predicted, Hafs reports.

It is hoped that further research will improve the fertility of separated sperm so that the sex ratio of the offspring from these matings may be more accurately predicted, he says.

I see by the papers where a woman filed for divorce because her husband was careless about his appearance. He hadn't shown up in nearly two years.

### Skunk Problems--And How To Spike'em

**SKUNKS USUALLY FEED ON WASTE, INSECTS, FROGS, TURTLE EGGS, ETC. WELL AWAY FROM DWELLINGS.**

**IF GARAGE IS AVAILABLE THEY WILL NOT PASS UP AN EASY MEAL.**

**BURN OR BURY GARAGE (THIS INCLUDES THE CASE WITH TRACES OF FOOD)**

**BUT....**

**SKUNKS DIGGING HOLES IN YOUR LAWN?**

**THEY'RE JUST AFTER GRUBS. USE INSECTICIDES. NO GRUBS—NO SKUNKS.**

**AN OPEN SPACE BENEATH BUILDINGS IS LIKE A ROOMS AVAILABLE SIGN. SCREEN OR CLOSE OFF ACCESS TO SPACE.**

**LEGAL TO TRAP OR HUNT YEAR-ROUND**

**ILLEGAL TO POSSESS, ALIVE ONE TAKEN FROM WILD IN MICHIGAN**

By and large, the skunk goes his own harmless way in the wild. He generally doesn't bother people and, if anything, does them a good turn by eating mice and pesky insects. Lately, however, he has been making a nuisance of himself in some parts of Michigan: damage complaints against him have nearly doubled since 1956. Also, rabies cases have been on the rise among him and his striped friends. To help curb these problems, skunks were recently placed open to year-round hunting and trapping throughout the state. Mainly because of the rabies factor, it is unlawful to possess live skunks taken from the wild in Michigan. Helpful as the new open season should be, there's no substitute for using an ounce of prevention to discourage problem skunks. Proper disposal of garbage is one good way to keep troubles from starting. Another is to close off open areas under barns and houses where these animals frequently seek lodging. Summer cottages seem particularly attractive to skunks, especially when their owners aren't around. Skunks are known to dig up lawns in looking for food. The solution: Kill grubs and bugs that tempt skunks by treating lawns with insecticides.

### Former Pupil Sends Gift to School

P.O. Box 6007, Broward Hall University of Florida Gainesville, Florida September 20, 1961

Mr. Arthur Holmberg Cass City Public School Cass City, Michigan Dear Mr. Holmberg,

It is regretful that the school has been forced to drop so many college freshman classes. I realize that I am lucky to have been educated in a good northern high school. The citizens of Cass City should not allow this to happen to their school and their children. I owe the school a large debt for the education it gave me. Money can not pay this debt but it can give the same education to other students. Therefore, I hope that

the school board will accept what little I have to offer.

Yours truly,  
Judy Huff

Editor's Note: The money was placed in the scholarship fund.

It's pretty hard to convince the kids that the shortage of teachers is a calamity.

### BULEN TALKS CAR'S

**THE INCREDIBLE PISTON RING**

You don't have to be very old to remember when the number one mechanical fault of used cars (and some new ones) was excessive oil consumption.

The fact that this complaint is seldom heard these days is due largely to the research and efficiency of several firms that produce precision piston rings for the auto makers. Their unsung accomplishments have virtually made the incredibly high efficiency of today's combustion engine possible.

The acceptable standard for rings was to get 600 miles per quart, after the break-in period, for 25,000 miles without engine scuffing or blowing. Now that standard is 1500 to 2000 miles per quart for 50,000 to 100,000 miles in an engine in which pressures, temperatures and speeds have climbed enormously.

Approximately 320 million piston rings are made annually in the United States each year, of which half go into new cars and the remainder into used. Roughly 70 per cent of used cars receive a "ring job" before they are scrapped.

It naturally follows that any engine component as critical as a piston ring requires the highest degree of mechanic skill in installation if the manufactured excellence is not to be wasted. Rings must be fitted to be light-tight around the cylinder, yet slide easily to leave a microscopic film of oil.

A "ring job" is no task for amateurs or do-it-yourself handymen. If your car needs rings, and its general worth justifies the job, take it to a franchised car dealer whose mechanics are equipped and trained to do the job.

**MICHIGAN IS PEOPLE WORKING TOGETHER**

The people of Michigan are brothers at heart. They believe in each other and they believe in the communities and the state in which they live. They think, as people should, that the place where they live is the greatest place on earth, and they work hard to make it so.

In Michigan, groups and communities work together to build their state, in a spirit and a way unsurpassed anywhere. All of this working together is making Michigan a steadily finer place in which to live; in terms of culture, schools, recreation and all-around livability. It is making Michigan an ever greater place for industry; in terms of markets, management skills and labor skills, research facilities, community cooperation and other advantages industry needs.

Help carry Michigan's message to the nation. Clip this ad and mail it to someone in another state with your comment. Let's talk up Michigan and its advantages for industry. Together we can assure a greater future for all of us.

**MICHIGAN IS EVERYTHING FOR INDUSTRY**

## JoAnn Hudson Wed At Sutton Church

At a candlelight ceremony Saturday evening, Sept. 30, at 8 o'clock, Miss JoAnn Hudson, daughter of Mr. and Mrs. Watson Hudson of Cass City, became the bride of Larry D. Johnson, son of Mr. and Mrs. Aldon Johnson of Richmond, Utah.

The wedding took place at the Sutton Methodist Church with the Rev. Royce officiating.

The double-ring ceremony was performed before an altar banked with palms and candelabra.

Given in marriage by her father, the bride chose a sweeping floor-length gown of imported Chantilly lace and tulle. It was decorated with a scalloped neckline trimmed with sequins and tiny star-white pearls. The molded bodice ended in a full bouffant skirt featuring a lace peplum over tiers of ruffled tulle and lace. The gown had long tapering wristpoint sleeves.

A crown of imported iridescent crystals held in place the fingertip illusion veil.

She carried a cascade arrangement of miniature red roses, lilies of the valley and stephanotis with streamers of ivory and ribbon.

Mrs. Perry Hoagg of Snover, the bride's sister, was matron of honor. Miss Kay Hudson of Cass City, also a sister of the bride, and Miss Carolyn Engelhard of Bay Port were bridesmaids.

They wore candy pink nylon sheer ballerina dresses with white lace trim which featured modified scoop necklines, brief sleeves, fitted cummerbunds and full circular skirts. Matching picture hats completed their ensembles. They carried colonial bouquets of miniature pink and white carnations.

Serving the bridegroom as best man was Perry Hoagg of Snover, brother-in-law of the bride. Other attendants were Richard Campbell of Caro and Paul Diehl of Bay City. Ushers were Dr. E. P. Lockwood of Cass City and Keith Beecher of Caro, cousins of the bride.

Mrs. Hudson chose for her daughter's wedding a beige nylon lace sheath dress over beige satin. Her accessories were brown.

She wore a corsage of pink miniature roses. The groom's parents were unable to attend.

Mrs. Harold Sathoff of Caro was organist and Mrs. Ed Wolf of Bay City sang "Because," "Walk Hand in Hand" and "The Lord's Prayer."

A reception in the church parlors followed the ceremony. The room was decorated with pink crepe paper and white bells and featured a three-tiered wedding cake.

When the newlyweds left on their wedding trip to California, the bride was wearing a brown and beige suit with brown accessories.

They will make their home in California.

## Engagement Told To Gagetown Man

Mr. and Mrs. Herman Steele of Riffe, Washington, announce the engagement of their daughter Shirley to Mr. Murray Smith, son of Mr. and Mrs. Millard Smith of Gagetown.

After Murray's discharge from the Army next April, he plans to attend Tacoma Technical Institute for a year before returning to Michigan with his bride.

## Marriage Licenses

Marriage licenses issued in Tuscola County this week were: Edward Periso, 19, of Deford and Shirley Kitzman, 19, of Deford.

Mr. and Mrs. Charles Guinther

The First Presbyterian Church of Cass City was the scene of the wedding of Lynda Kay Benson and Charles Guinther, Saturday, Sept. 30. The Rev. John Fish officiated at the 8 p.m. candlelight ceremony.

Mr. and Mrs. Ralph Chapman and Mr. and Mrs. John Guinther, all of Cass City, are parents of the couple.

Mrs. Charles Hover, the groom's sister, was soloist at the wedding. She sang "Because" and "The Lord's Prayer." Roger Parrish accompanied her.

The bride's dress was a floor-length gown of white Chantilly lace over taffeta with lace-formed bodice and sleeves. A pearl headpiece held her illusion veil, Her

## Sponsors and Buyers Feted at Banquet

Over 115 exhibitors, buyers and sponsors turned out for the first 4-H and FFA Annual Livestock Banquet, held at Wilbur Memorial Building. The Banquet was sponsored by the buyers and sponsors over the past seventeen years.

Walter Hecht of Vassar, Chairman of the Livestock Committee, acted as chairman of the banquet. Quentin Ostrander, District Extension Agent in Marketing, Bay City, served as toastmaster. Jim Milligan of Cass City presented the showmanship award and John Battel, also of Cass City, thanked the buyers for their excellent support of the Show and Sale.

Larry Zwerk of Vassar presented the Caro Chamber of Commerce the 4-H Meritorious Service plaque for their support of the show for the past 12 years. In presenting the plaque, Zwerk stated this event plays an important part in the lives of 4-H and FFA members. Zwerk continued that the Chamber of Commerce has invested over \$2,500 in this show since they started sponsoring it.

Quentin Ostrander introduced Frank Fulmer of the Caro Auction Yards, who presented the Commerce took over the job twelve years ago. Mr. Fulmer presented Eugene Palmreuter of Vassar, who had been named by the Livestock Committee to receive the Livestock award.

**Christmas Gifts on Display at Meeting**

Forty-two attended the October meeting of the American Legion Auxiliary Monday evening in the Legion hall. Gifts, purchased by the Auxiliary to be sent to the VA hospital Christmas giftshop, were displayed. \$44.20 was spent on the gifts. Mrs. Vern McConnell presided over the business meeting in which members voted a contribution to the Community Chest drive and to pay \$67.20 in mandatory funds to the Department of Michigan. The money is used for rehabilitation work, child welfare, scholarships, and others. The Unit also voted to pay 50c for each past president of the Unit which goes into a nurses' scholarship fund.

Mrs. Phillip McComb, membership chairman, reports that with a membership quota of 85 for the year, the largest quota ever for the Cass City Unit, 81 memberships have been paid to date.

The next Seventh District meeting will be Nov. 5 at Utica. The November meeting will be held at the Legion hall.

**Rev. Searls Tells Study Club Prison History**

The Rev. R. J. Searls told members of the Cass City Woman's Study Club the underlying philosophy about prisons through the centuries.

Speaking Monday afternoon at the home of Mrs. Adolph Woelfle, he explained that John Howard was the father of modern prison methods and his work in the middle of the 18th century paved the way for today's more Christian and realistic outlook.

Today, he said, the goal is to keep as many persons as possible out of jail under probation. He said that authorities try to have prisoners complete their formal education and to train them in job skills so they can become useful members of society when released.

The meeting was conducted by Miss Muriel Addison, first vice-president of the club. President Mrs. Margaret Haire was absent.

Delegates were named to the Federation of Women's Clubs convention at Marlette Tuesday. They were Mrs. Sam Blades and Miss Hollis McBurney.

The club voted its usual donation to the Community Chest drive. The guest speaker was introduced by Mrs. Herbert Ludlow. Mrs. Paul Allured was a guest.

Quite a bit of indigestion is caused by people having to eat their words.

**Echo Chapter OES Elects New Officers**

Forty-five attended the October meeting of Echo Chapter OES Oct. 4. In the business meeting members voted a \$15.00 contribution to the Community Chest drive.

Five members passed an examination conducted by Worthy Patron Basil Wotton for their proficiency cards.

In the annual reports, Secretary Mrs. G. W. Cook stated the current chapter membership was 197.

Eleven past worthy matrons and one worthy patron were honored and presented with gifts by the worthy matron, Mrs. Wotton. At the close of the meeting all officers were presented with gifts from Mrs. Wotton.

Mr. and Mrs. Arlington Hoffman were elected worthy matron and patron for the coming year. Other officers elected were: associate matron and patron, Mrs. Keith Murphy and Mr. Murphy; secretary, Mrs. G. W. Cook; treasurer, Mrs. Fred Neitzel; conductress, Mrs. Gerald Stilson; and associate conductress, Mrs. James Seals.

The above officers and those to be appointed by the newly elected worthy matron will be installed Oct. 25 in an open installation. The installation dinner will be served in the Methodist Church. There will be a school of instruction for officers Nov. 3.

At the close of the meeting, dessert refreshments were served in the dining room. Tables were decorated with a harvest season and Halloween theme.

**Thumb Deanery in Annual Fall Meet**

The annual fall open meeting of the Thumb Deanery Council of Catholic Women was held Wednesday at SS Peter and Paul Church in Ruth. Among the Thumb Council officers is Vice-president Mrs. Leo Dillon of Gageton.

The Rev. Fr. Isidore J. Mikulski of Caro was the spiritual director at the meeting.

**150 Honor Elmer Fuesters Sunday**

Open house was held Sunday for Mr. and Mrs. Elmer Fuester in honor of their 25th wedding anniversary. Over 150 friends and relatives called at their home in Evergreen township.

Mr. Fuester and the former, Jane Whitfield were married Sept. 19, 1936, in Cass City by the Rev. Paul Allured.

Their four daughters planned the affair Sunday. They are: Mrs. Carl Kirchner, Mrs. Lester O'Dell and Mrs. Robert Wright of Cass City and Carol Fuester of Elkhardt, Ind.

Mrs. Lynn Fuester read a poem written by the Rev. Melvin R. Vender for the occasion.

Mrs. Charles Wright made the anniversary wedding cake.

**IT SEEMS TO ME Write Congressmen They Will Listen!**

By Rev. Robert J. Searls

One of the frustrations of living in times like these is the feeling that we can do nothing, really, about the way things are going. Actually there are several ways you can influence the direction of events of our day.

The first and most effective is letter writing. I am thinking of letters to our Congressmen. Contrary to what you may think, a thoughtful personal letter is carefully read by the men we elect to office. For example, as WWII neared its end, one of the most serious problems facing our nation, I felt, was the future control of atomic energy -- military or civilian? I was a seminary student preaching week ends in Michigan; not yet a registered voter.

But in my concern I wrote a letter to Michigan's great Senator Arthur Vandenberg. This tremendous public servant was then embroiled in, among other things, the organization of the UN. But by return mail I received a four-page reply, reacting point by point to what I had written in my three-page letter.

More than a half a dozen letters were written by both of us before the issue was settled. "Voter-reaction" is what Washington calls this and it is watched with utmost attention.

There are other things you can do, too. You can take part in study groups and projects. Letters to the editor of this or other papers are widely read. Support can be given to UN activities such as the upcoming UNICEF drive by the youngsters who shout "Trick or Treat for UNICEF" and extend a canister. You can join a political party where your voice will be heard. What can you do about world events? Lots.

Or so it seems to me.

Perhaps you missed the story of the English pastor who went without lunch recently. It seems he vowed to fast at luncheon when the attendance at worship fell below 200. The previous Sunday the count revealed only 196. There are a lot of morals that could grow out of this tale of enforced hunger. One might be that crowds are always larger if they are estimated, instead of counted. The old-time flamboyant evangelists knew this well and on many nights preached to 'thousands' of people in churches whose maximum capacity was 500.

My temptation here is to point to one of my local colleagues who has recently lost a dramatic number of pounds, and assume that lowered attendance at worship is the cause.

It seems to me this is one more reason why you should attend church regularly. (Note to editor: please delete this column this week from papers going to Methodists before they blame their cowardice about church on the pastor's weight.)

**Area Women at Federation Meet**

The 38th annual convention of the East Central District, Michigan State Federation of Women's Clubs, was held Tuesday and Wednesday in Marlette.

Mrs. Sherwood Rice Jr. of Gageton is secretary of the East Central organization.

"Horizons Unlimited" was the theme of the convention which was held in the Marlette Methodist Church. The Sanilac County Federation of Women's Clubs was hostess for the two-day meeting.

More than 200 women attended. Delegate from the Cass City Junior Woman's Club was Mrs. Russell Ayres, president.

Those attending from the Cass City Woman's Study Club were Delegates Mrs. Sam Blades and Miss Hollis McBurney.

The Gageton Woman's Study Club was represented by Delegates Mrs. William Anker and Mrs. Rice.

**KELLY DEATH**

Among the survivors are four sisters, Mrs. Carl Johnson of Elmhurst, Ill., Mrs. Robert Miller of Saginaw, Miss Helen Kelly and Mrs. Harold Asher, both of Cass City. Three brothers surviving are: John of Cass City, Bernard of Battle Creek and Clement of Pontiac.

Burial was in Elkland cemetery.

**Junior Hawks Win**

Cass City's Junior High football team remained undefeated as they powered to a 34-12 victory over Marlette Wednesday, Oct. 4. The win followed a 6-0 decision over Caro the previous week.

A pass from Chuck Roveda to Al Wallace, good for 45 yards, started the scoring parade for Cass City. Roveda plunged for the extra point.

Marlette notched its first marker of the game when they ran the Cass City kick-off all the way for a touchdown. The point was missed and Cass City led 7-6.

Bob Rabideau got that touchdown back late in the initial period when he raced 35 yards off tackle to score. Roveda plunged for the point.

Wallace accounted for the next marker with an 11-yard sprint. When Roveda failed to bull across for the extra point for the only time in the game, Cass City led 20-6.

The air arm accounted for the next marker. Knoblet hit Wallace with the payoff pitch. Roveda plunged for the point.

Marlette scored its second touchdown early in the fourth quarter and Cass City struck for its final marker through the air as Roveda tossed to Wallace. Roveda plunged for the point and the little Hawks came off the field with a 34-12 decision.

Wallace played an outstanding defensive game.

in the dying moments of the game and tie the score.

They took the kick-off to their own 38. Two passes and a run took the ball to the Sandusky 47. Larry Robinson passed for 15 more to Creason and then ran for three yards to overcome a penalty for a first on the Sandusky 20. Two more plays moved the ball to the 11 but time ran out and Cass City lost its second game in three conference starts.

**Defensive Standouts**

Coach Mike Yedinak singled out Roger Karr, corner line backer; Roger Parker, corner line backer and end; Wilbert Goodall, end, and Larry Robinson, middle line backer, for outstanding defensive efforts.

Despite their poor record, the Hawks will reign as favorites when they play Vassar Friday. The Vulcans have beaten only winless Marlette in the conference this year.

**Plan UNICEF Drive Sunday**

A planning meeting for the annual United Nations International Children's Emergency Fund (UNICEF) drive on Halloween was held Sunday at the Methodist Church.

Twelve persons attended the meeting. Cochairmen for the event were named. They are Mrs. Leo Tracy and Mrs. William Schram. Secretary is Mrs. Don Kaufman.

This year the event will be held on Halloween night instead of a day or two previous as has been the custom in recent years. Committee members said that the change was made so that the children would give up their own "trick or treating" for the UNICEF cause.

Children will meet at the secret rooms at 5:30 p.m. Residents will be contacted once during the evening and are asked to leave their porch lights on.

Refreshments will be served following the drive.

**Letter to Editor**

Dear Sir,  
 The other night at a friend's house, she was showing some movies of the Smithsonian Institution. One was of a Mastodon which was found on a farm in Michigan. My uncle, Francis McDonald, found one on his farm a long time ago. I can barely recall any of the details about it. I was just a young child at the time. I was wondering if it could be the same one in the institution?

Would appreciate if you could answer this for me. Also would there be any way I could find any clippings or news items about this I could have for a scrap book I am making for my family.

Thanking you  
 In advance

**Bet You Forgot It's Columbus Day**

By Ilene Warren

Today is Columbus Day. We really don't give it much thought any more, do we? Sometimes we glibly recall the little ditty "In fourteen hundred and ninety-two Columbus sailed the ocean blue" and let it go at that.

However, though we may forget the man, there are nearly four score countries, states, cities and rivers that would remind us of him for they were named in his honor. Even so the poetic name for the United States: Columbia.

Despite adversities and the tide of public opinion that was against him, Columbus, dauntlessly determined and sustained by the con-

...viction that he was divinely led, achieved his goal: He proved to his generation that the world was round and opened the endless sea to subsequent discoveries.

I think it was Shakespeare who wrote "This above all to thine ownself be true." I believe Columbus was.

Two weeks ago in this column, I mentioned a pleasant interlude at the edge of the River Cass. Three people have asked me to let them know the next time I take a trip to the river - they claim they want to go along. Sorry, folks, that makes a picnic. You gotta go alone to get results! That is, if it's serenely you're searching for.

Last week I found a little yellow pansy blooming in the front lawn - apparently a leftover seed from the rock garden I tore out last spring. Brave little posy to bloom in October! On the other hand, my Goldilocks and New Yorker roses were still blooming - so maybe it was just the lovely warm sunshine instead of bravery!

Once before in this column I mentioned my beatnik friend Ike. (She might not be beat to other beatniks but she's beat to me!) Ike works at home - newspaper clippings and typing. This brings in enough to keep some food on the table and pay the rent for her apartment - well, not exactly an apartment. More like one room and share the bath.

Anyway, the last time I visited Ike I was a little irked with her. Among other things it occurred to me that I have rarely seen her in a dress. In fact, not at all recently. Her favorite costume seems to be a pair of faded capri pants and an outsized white sweatshirt with her bare feet thrust into a pair of scuffed, soft-soled ballet slippers.

In her spare time, Ike paints. Now, Ike can really cut up a newspaper and she types up a storm but her painting is... well, it just is. Or maybe I should say "it isn't." On the day I was at Ike's she was painting. That irritated me, too. Finally I blurted out, "Why don't you wear a dress once in awhile, Ike? Don't you own one?"

Ike dabbed a smear of purple on the already lurid canvas, shrugged one shoulder and said, "Like, what's a dress." It wasn't a question.

I studied her. Short black hair - I'm certain she cuts it herself. A smear of violet on her chin. But still, she'd be attractive if she'd work at it a bit. "Look, Ike," I said, "why don't you dress up now and then? Look feminine. How'll you ever attract a man looking like that?" I made a gesture that measured her from head to toe.

Ike didn't even look at me. Just shrugged a shoulder and said, "Like, what's a man."

We've discussed that topic before. Ike once said to me, "How come you married gals develop into such determined matchmakers? Is it that you want everybody to enjoy marital bliss or just misery loves company?"

Well, we wives know the answer to that, don't we!

**Uncle Tim From Tyre Sez:**

Dear Mister Editor:  
 I see by the papers where a Washington column writer is accusing them Congressmen of putting the "fix" on handling the U. S. flag situation. He says members of the Congress get requests ever day from schools and groups all over the country wanting a flag that has once flew over the Capitol.

Last year, for instance, Congressmen distributed 16,013 of these flags. If they changed the Capitol flag ever day they wouldn't be but 365 available ever year. But our Congressmen has figured out a way to keep the constituents happy. They got a special hidden pole and new flags is hauled up and down this pole at the rate of about 50 a day, then each one is mailed with a printed certificate saying it has flew over the Capitol.

This column writer says the demand for these flags has got so big that an extra pole had to be set up last July and the folks handling this department has asked the Congress for more money to buy flags and to hire a extra clerk to handle the paper work.

I don't blame our Congressmen for this phony deal. It's us folks back home that puts this burden on our lawmakers that is to blame.

But all the news about our Congressmen this week ain't had. Senator Byrd, who favors running the Government real economic, reports that he saw signs of improvement as the Congress was closing out the session. He said the House Appropriations Committee considered the annual salary of \$6,702 for Chief Justice Warren's chauffeur too high and cut it down to \$6,700.

The main reason we got free-

dom in this country, Mister Editor, is because fellers like me can poke a little fun at the Government and not get put in jail. If a feller in Russia calls Khrushchev a flop-eared jackass he gets shipped off to Siberia. In America a feller can call a official most anything he wants and about all the official can do about it is git him cut off the Soil Bank and raise his taxes.

I ain't got but two acres in the Soil Bank and my taxes is about as high as they can git, so about all I got to worry about is death. And I see where the undertakers in some of the big cities is

trying to take the sting out of that. The papers say they're gitting "hearses in pastel colors" in New York and Chicago. It won't be long now till we git two-toned caskets and tombstones done in technicolor. I tell you, Mister Editor, it's great to live in a country where we got to have three flag poles over the Capitol and where everybody, including the undertakers, is wheeling and dealing by day and working on a better mouse trap by night.

Your truly,  
 Uncle Tim

### Agent's Corner

Frances T. Clark  
County Home Demonstration Agent

As summer gives way to fall, we find that our preferences for food change. With cooler weather and autumn breezes upon us, how does a good old-fashioned stew sound to you?

A tempting meat stew complete with garden fresh tomatoes, onions, carrots, green beans, potatoes, or celery seasoned just right symbolizes the wonderful foods of harvest time. A savory stew is one of the best ways to combine all the bountiful harvest into one meal.

Boneless stew meat is a bargain. It may cost more per pound than some other cuts but the important factor is the number of servings per pound it will make. Since there is no bone and very little fat, you can figure on four generous servings per pound of stew meat.

Favorite meats for stew are: beef, veal and lamb. Beef stew meat is usually cut from the fore quarter and from the breast for veal and lamb. However, the trimmings from other choice cuts are also used. This is one reason stew meat can be economically priced since such small cuts do not have to be discarded; after all, they are all good meat.

The food for the family food stockpile for survival should be at least a two-week supply. Every family should either build up and keep a supply of regular food in the home at all times or assemble and maintain a special two-week stockpile in the fallout shelter.

Stockpile foods should be in cans, jars or tightly sealed paper containers. Select foods that will last for months without refrigeration and can be eaten with little or no cooking.

Take into consideration the needs and preferences of family members. Familiar foods are likely to be more acceptable in times of stress. Whenever possible, choose cans and jars in sizes that will fill your family's needs for only one meal. This is especially desirable for meat, poultry, fish, vegetables, evaporated milk and other foods that deteriorate rapidly after a container is opened.

If your home food freezer is located in your basement or where you would have safe access to it after attack, you might count foods in it as some of your reserve supply.

Food spoilage in a well-filled, well-insulated home freezer does not begin until several days after power goes off. The length of the period before beginning of spoilage depends on the capacity of the freezer. If the capacity is 4 cubic feet, the period is three days; if 12 to 36 cubic feet, 5 days.

### REVENGE

Isn't it odd that the easier a gal is to look at, the harder the fellers stare?

Guess they call 'em window envelopes because they contain bills that give us a pane.

## Gagetown News

Mrs. Elaine Kavorik and William Preior of Detroit spent the week end with her parents, Mr. and Mrs. Henry LaFave.

Friday evening, during the Owen-Gage football game in Owendale (Owen-Gage vs. Kinde North Huron), a home-coming queen was selected. There were eight candidates, two from each high school grade. Those from the senior class were Marsha LaFave and Terry Kehoe. Miss Kehoe was chosen queen. She is the daughter of Mr. and Mrs. Harry Kehoe of Gagetown.

Mr. and Mrs. Lloyd Waters and son William of Detroit spent Saturday with her parents, Mr. and Mrs. Ray Toohey.

Mr. and Mrs. Frank Seurynek are spending a few weeks in Rochester with their daughter, Mr. and Mrs. Charles LaPratt.

Sixteen members of the Gagetown Woman's Study Club met at the home of Mrs. Grover Laurie Monday evening, Oct. 2, and heard Mrs. A. J. Knapp of Cass City give a very interesting talk on parliamentary procedure. This was the first fall meeting. Roll call for the year is current events. Three new members joined the club: Mrs. Richard Ziehm, Mrs. William Goodell and Mrs. Walter Strucinski. The hostess served assorted sandwiches, tea and coffee.

Mr. and Mrs. Elery Sontag received word Saturday that they have a new grandchild, born Friday, a five-pound, 12-ounce son, Mark James, to Mr. and Mrs. James Sontag of Saginaw at St. Mary's Hospital.

Mr. and Mrs. Henry Meyer of Saginaw and Mr. and Mrs. Paul Bartholomy and Mary Ann were Sunday dinner guests of Mr. and Mrs. John Mackay.

Mr. and Mrs. Paul Thiel of Royal Oak spent Saturday with his parents, Mr. and Mrs. Adolph Thiel.

Funeral services were held Monday in St. Agatha's Church for Mrs. Agatha Ragsdale, 66, who died in Detroit last week. She formerly was Agatha Karner and resided with her parents in Gagetown for several years.

Mr. and Mrs. Anthony Repshinska entertained over the week end Mr. and Mrs. John Repshinska and daughter Helene of New Baltimore. Sunday dinner guests were Mr. and Mrs. Frank LaRuche and son Danny of Bay City. Ray Weiler of Detroit spent the first of the week at the Anthony Repshinska home.

Mr. and Mrs. Harry Densmore had as Tuesday guests Mr. and Mrs. Benson Root of Gaylord. Wednesday, Mr. and Mrs. Robert McFarlane of Quanicass were dinner guests. Thursday, Mrs. Maggie Densmore and John Densmore of Quanicass were visitors at the Densmore home.

Mr. and Mrs. Jack Laurie of East Lansing spent the week end with his parents, Mr. and Mrs. Grover Laurie.

Mr. and Mrs. Robert Lichon and family of Saginaw spent Sunday with her mother and family, Mrs. Emmett Phelan.

Both Fred Hemerick and Mrs. Jennie Slack left Thursday for Clearwater, Florida. Mr. Hemerick went by plane and Mrs. Slack and her sister from Bay City motored down.

Mr. and Mrs. Lee Jamieson, and family were supper guests of his brother and family, Mr. and Mrs. Robert Jamieson of Sebewaing.

Mrs. George Purdy, who was a patient in Cass City Hospital for three weeks, was brought, Friday to the home of Mrs. Eva Moore, who will care for her. Mr. Purdy is still a patient in Mercy Hospital in Bay City.

Mrs. Sherwood Rice Jr. attended the convention of the East Central District of the Federation of Women's Clubs held in Marquette Tuesday and Wednesday of this week. Mrs. Rice is secretary of the District.

Mrs. Carl Froulx and family of Detroit and Mr. and Mrs. Charles Froulx and family of Lapeer spent the week end with Mrs. Edward Froulx.

Mrs. Edward Fischer is a patient in Bay City General Hospital.

### Services Held for Arroyo Infant

Lisa Mae Arroyo died in Saginaw General Hospital Sept. 14 where she had been hospitalized for a week. Lisa was born June 16, 1960, and had been ill since birth. The Rev. Fred Johnson officiated at the funeral services which were held at Little's Funeral Home, Sunday, Sept. 17. Burial was in Ellington cemetery. Besides her parents, Mr. and Mrs. Luis Arroyo, survivors include three sisters, Gloria, Lorie and Rebecca; maternal grandparents, Robert Neiman of Cass City and Mrs. Ray Keisner of California; paternal grandparents, Mr. and Mrs. Emilio Arroyo of Puerto Rico, and great-grandmother, Mrs. John Neiman of Cass City.

### Check Moisture Before Storing Corn

Farmers should check the moisture content of their ear corn closely before storing it in cribs, Don R. Keblor, county extension agent in agriculture, advises. A moisture level of about 15 per cent is generally considered safe for storage under ordinary conditions. At about 25 per cent, storage can be risky and might result in moldy corn, either this fall or next spring. Keblor warns that an early frost might cause ear corn to appear to be dry, even though it isn't. This makes it doubly necessary to check the moisture content of the kernels. Michigan corn was planted late and has been drying slowly this season. This could result in a lot of wet corn being stored this fall. The following precautions can be taken to prevent molding in the crib. First, store the corn where the wind and air can get at it. Cribs should be placed in an open space where they are not sheltered. On double cribs, keep the doors at the ends open so wind can blow through. Second, put the corn in the crib at several different places at one time. This will scatter the husks and trash and there will be less risk of mold. Last year some cribbed corn looked all right at the edges but when the corn in the center was inspected, much mold and spoilage was observed. So if possible, check into the center areas of the cribbed corn for possible damage.

## Upper Peninsula Not Down and Out

By Elmer E. White  
 Michigan Press Association  
 Michigan's northern peninsula, despite all the talk about its "depressed areas" and "chronic unemployment," is far from down and out.

There are five good reasons why it would be a tragic mistake to write off the area above the Straits of Mackinac as a kind of economic wasteland to be abandoned to a life based to a large degree on governmental rejuvenation programs.

They are tourist trade, mining, farming, forestry and industry. It would be equally foolish, of course, to refuse to recognize the ills that have come to the upper peninsula largely as a result of less demand for the products of its mines and forests and from the emigration of people to the south.

The "proper" view, especially for Michigan citizens who make their homes in the lower peninsula, seems to be that the lovely land up north is something like a post-depression financier.

Things may be a little tough economically right now, but the ability to prosper has not been lost by the current situation.

The decline of mining, a lag in forest-related occupations; the failure to spurt ahead with advancing technology in a host of fields; and the serious blow dealt by the lampry-eel to a profitable fishing industry have hurt the upper peninsula, it is true.

But there are two facts about the area which must be recognized.

First, the great fields of endeavor which brought fabulous wealth to the upper peninsula in the past are not dead. They can be brought back. While mining, forestry, fishing and the like have slipped, they still account for substantial income. Second, there is opportunity for virtually unlimited growth in new areas with farming and tourism most likely to "arrive" as money-makers in the near future.

With a push from the government and help from research and technology in many fields, the upper peninsula's future never looked brighter.

For example, the region's \$25 million a year tourist business is estimated to be only about half its potential.

Farming never did reach the heights of which it is capable in the land above the Straits. New horizons in wood products and related fields, efforts to bring back mining and abundant water and power for industry are a few further reasons for faith and confidence in the upper peninsula.

The whole thing adds up to this: Don't sell Michigan's "northern frontier" short.

A subject for speculation by state revenue recently is how much the 4 per cent sales tax, which replaced the earlier 3 per cent levy on Jan. 1 of this year, hurt the sales of new automobiles in Michigan.

Revenue Commissioner Clarence Lock reports that income from automobile sales taxes has dropped considerably in the last few months.

Lock says lower per-unit collections, because of the lower price of compact cars, has something to do with it.

However, some dealers still insist that the higher tax has hurt

### NOTICE OF MORTGAGE SALE ON FORECLOSURE BY ADVERTISEMENT.

NOTICE OF MORTGAGE SALE. Defaults having been made in the conditions of a certain Mortgage made by Mae Robinson, of Gagetown, Michigan to The Cass City State Bank, a Michigan Corporation, of Cass City, Michigan, dated the 26th day of April 1947, and recorded in the office of the Registrar of Deeds for the County of Tuscola and State of Michigan, on the 29th day of April 1947, in Liber 109 of 30 mortgages, on page 195 of which Mortgage there is claimed to be due at the date of this notice, for principal and interest, the sum of Seven Hundred and 70/100 (\$700.00) Dollars, and the further sum of Fifteen (\$15.00) Dollars, as Attorney's fees, making the whole amount claimed to be due at the date of this notice, to-wit, the sum of Seven Hundred fifteen (\$715.00) Dollars, to which amount will be added at the time of sale all taxes and insurance that may be paid by the said Mortgagee - between the date of this notice and the time of said sale; and no proceedings at law having been instituted to recover the debt now remaining secured by said Mortgage, or any part thereof, whereby the power of sale contained in said Mortgage has become operative.

Now Therefore, Notice is Hereby Given that by virtue of the power of sale contained in said Mortgage and in pursuance of the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises therein described or so much thereof as may be necessary, at public auction, to the highest bidder, at Front door of Court House in the Village of Caro, and County of Tuscola, Michigan, that being the place for holding the Circuit Court in and for said County, on the 8th day of January 1962, at 10 o'clock eastern standard time in the forenoon of said day, and said premises will be sold to pay the amount so as aforesaid then due on said Mortgage together with seven (7) per cent interest, legal costs, Attorney's fees and also any taxes and insurance that said Mortgagee - does pay on or prior to the date of said sale; which said premises are described in said Mortgage as follows, to-wit:

Land situated in the Township of Ellikand, County of Tuscola and State of Michigan, described as follows: The North half (N 1/2) of southwest quarter (SW 1/4) of the northwest quarter (NW 1/4) of Section Eight (8), Township fourteen (14) North, Range eleven (11) East, and containing twenty acres or more or less. The Cass City State Bank, a Michigan Corporation, Mortgagee. Donald E. Maden, Attorney for The Cass City State Bank 6484 Main, Cass City, Michigan 9-28-12

their sales, he says. This particular point is open to conjecture. Lock says, but there is no doubt that the income from sales taxes on autos is down.

The auto sales tax picture, which incidentally ought to improve when labor and management work out their differences on contracts in the industry and when new models start selling briskly, fits into Michigan's overall revenue picture.

This year, total income is being watched more closely than ever by legislators and the administration because of different estimates used in thrashing out the budget for the fiscal year.

Unless income hits the exact mid-point between Gov. John B. Swainson's revenue estimate of \$477.9 million and that used by the legislature, \$466 million, somebody will say "I told you so" from one end of the state to the other.

If revenue for the 1961-62 fiscal year does hit that mid-point, lawmakers and the administration will both say "I told you so."

A courteous relationship between federal government regulation and state law means that trucks in interstate commerce, when used on Michigan trunklines, must have amber turn signals.

Attorney General Paul L. Adams recently came to this conclusion in an opinion written for State Police Commissioner Joseph A. Childs.

Via a nifty course of negative reasoning, Adams arrived at the amber light middle ground between federal and state requirements.

Federal regulations require trucks which are disabled on the highway to flash both turn sig-

nals simultaneously while signal flares, also prescribed in the regulations, are set out and taken in.

But Michigan law prohibits flashing red lights except on certain emergency vehicles.

Under federal regulations, the flashing turn signals may be red, but other colors between red and yellow on the spectrum are not prohibited.

Michigan law does not say anything about flashing lights of a color other than red. Therefore, Adams says, the federal regulations and the state law are not in conflict.

Carrying his reasoning a step further results in the conclusion that trucks on Michigan highways must have amber turn signals.
