## Annual Meeting Of Development Corporation Set

The annual meeting of the Cass City Development Corporation will be held at the Cass City Municipal Building Tuesday, Feb. 20, at 8 p.m.

At the meeting trustees whose terms expire will be elected and the activities of the corporation during the year reviewed.

The board includes Clifford Croft, Herbert Ludlow, James Gross, Luke Tuckey, J. V. Riley and Harry Little.

Stockholders in the corporation include many area residents. The company is a non-profit organization devoted to promoting Cass City with its major emphasis on securing and helping industry in the community.

Some 25 businessmen in Cass City, members of the Chamber of Commerce, reviewed the business conditions in Cass City and appointed committees to implement decisions. The action was taken Tuesday night at a meeting at Ann's Home Restaurant.

Topics ranged from new street lighting to police protection and from the annual home-coming to Friday night openings.

The group is in favor of new lights similar to the type in Caro. Cost of these lights would be for the increased power only. Estimates ran about \$1,000 yearly for Main Street only and about \$1,600 for Main Street and the adjoining alleys.

Retailers felt that a credit union would be advantageous to local business. Appointed to investigate were B. A. Calka, Gerald Frieskorn, Harry Little, Harold Asher and C. M. Wallace.

Sidewalks in Cass City need attention, the merchants present said. Appointed to see what can be done were Bill Hunter, Irv Parsch and Bill Kritzman.

New store fronts is an area that requires attention. Dick Erla said that he could have one of the men in Davison, where a good deal was accomplished, talk about the program completed there.

### Send Questionnaire

Area shoppers will not be neglected by the Chamber. To find out just what area residents would like to see, a questionnaire will be distributed. Handling this phase of the work will be Tom Jackson, Cliff Croft, and Gilbert Albee.

In other business, the group went on record as favoring more police protection in early morning hours, discussed the annual Cass City Home-coming and Friday night openings.

The businessmen also felt that it would be advantageous to have many of the stores now closed Thursday afternoon to be open these hours.

The meeting was sparked by the retail division of the Chamber. Members are Keith McConkey, Mr. Kritzman and Mr. Albee.

## Local Accidents Investigated by Sheriff's Office

Two Cass City accidents were investigated by Sheriff's Deputy Hugh Marr during the past week, according to Sheriff's Department records.

The first accident happened Saturday, Feb. 10, at the intersection of Houghton and West streets when cars driven by Richard Cliff, Cass City, and Cornelius Michels, Cass City, collided. Wesley Perry, also of Cass City, was an occupant in the Michels' car.

West Street was also the scene of the second accident when a car driven by Louis Crocker, Cass City, pulled from the alley and struck another driven by Tim Anthes, Deford. The accident reportedly took place near the Ford Garage. Nelie Anthes was an occupant in the Anthes vehicle at the time of the accident.

THE QUESTION of money to operate Cass City Schools brought voters to the polls Saturday in record numbers... most of them to vote against more funds for operating.

Over 1000 electors were at the polls, some waiting over an hour to cast their ballots. The final tally was 650 against and 368 in favor of the millage.

## In Cass City Primary

# Eleven Seek Nine Open Village Seats

With 11 candidates eyeing nine open seats in Cass City government, village voters will have a wide range of experience and background to choose from when they step to the polls Monday, Feb. 19.

The polls will be open from 8 a.m. to 8:00 p.m. at the Municipal Building.

Two of the six men seeking council posts have previous experience while the others vie for seats as newcomers to the political scene. Two newcomers are also seeking the assessor's post.

### President

A. N. Bigelow, a veteran political figure on the local scene, is seeking the president's post left vacant by outgoing President C. R. Hunt. Bigelow, a hardware store owner, boasts eight years on the council and 13 years as village treasurer. A lifelong Cass City resident, he has been treasurer of the Gavel Club and Chamber of Commerce secretary. For the past year, and on one other occasion, he has been president pro tem. Bigelow has declared himself for the position because he "felt whoever is elected to the position should have, at one time or other, been a member of the council."

### Trustees

Five men are vying for the three open council positions. They are Jim Seals, Fred Auten, B. A. Calka, Harold Guinther and Jim Shagena.

Shagena, a local fruit dealer for the past three years, has never held a civic office. The father of four children, all in school, he stated that he was asked by a number of persons to seek a council seat, adding, "I knew there was a vacancy and I felt it was my duty to try to fill it."

Fred Auten, Cass City State Bank vice-president, while having never held a public office, has been active in a number of civic groups. He has been Chamber of Commerce president, Community Club president and treasurer, Presbyterian Church Board of Directors president for three years and trustee for six years, Boy Scout treasurer for 13 years and county Boy Scout finance chairman for three years. The

father of two children, he is seeking a council post because he had been asked to run by a number of persons.

Calka, another incumbent, has been a councilman for the past two years. A real estate broker for the past number of years, he is a member of the Village Planning Commission, on the Lions Club Board of Directors and president of the church clergy. He has four daughters, all at home, and has been in Cass City for 15 years. He is seeking re-election after having been asked to run because of his experience. He concludes, too, that "it would be a waste of experience to be on the council for two years and then to quit just when getting oriented."

Harold Guinther is seeking a trustee position for the second time, having lost last year by one vote. A Wesley's Milk Company employee, he is an Elkland township fire department captain and a Mason. A Cass City resident for the past 22 years, he has three children, all in school. "Local businessmen have asked me to run... I have no bones to pick, I just believe in good village government," are his reasons for seeking the post.

Seals, Cass City High School guidance counselor, is president of the Gavel Club. A resident since 1954, he has two children. He is seeking the office because he feels "members of the Council or any public office should have no interests that might affect any decisions they may make." He also stated that he felt the non-business population should be better represented.

### Assessor

Two local men are courting the assessor's post. They are Mac O'Dell, a Cass City real estate salesman, and Charles Newsa, an assistant buyer and salesman for Eria Food Center.

O'Dell has been a resident of the village since 1941, except for a seven-year period when he lived in Caseville and North Branch. He states that he has contemplated entering local politics for some time, but a coronary shortly after he returned to Cass City had previously limited his activity. While in Case-

ville, he was a missionary pastor for two years and established a church there. He has three children, two in school and one in the Army.

Newsa is active in village civic and sports programs. He is a member of the American Legion, secretary of the Lions Club, a member of the athletic association of the Merchant's Basketball League and a member of the St. Pancratius Holy Name Society. A Cass City resident for the past three years, he has a daughter in school. A World War II veteran, he studied business administration at Michigan State University. He is basing his qualifications for the office on past and present business experience in his present position and as a store owner in Saginaw. "Taxes are a major problem," he states, "and if elected I will review the situation and attempt to equalize assessments."

### Clerk-Treasurer

Mrs. Wilma Fry, a lifelong Cass City resident, is seeking reelection to the Village clerk and treasurer posts she has held since 1947. She has two daughters, both married.

Also seeking re-election to the Library Board are Esther McCullough and Avis Binkelman.

## Local Man Injured In Fall on Ice

William Franklin, 75, of rural Cass City, was admitted to Hills and Dales General Hospital Saturday for treatment of head injuries sustained when he fell on the ice while walking at the intersection of Ale and Houghton streets.

## Juniors in Annual Selling Campaign

Cass City High School's Juniors are in the midst of the annual sale of magazines and the Chronicle. Proceeds from their efforts are used to help finance the annual senior trip of the class.

Each year much of the necessary funds are raised through the sale.

# Gross Resigns School Post

Board of Education Secretary James Gross, eight-year veteran, resigned Monday night, telling fellow board members that he felt "at this time that the personal safety of our students 'could' be affected by a continued and forced austerity program."

His resignation came on the heels of Saturday's 2-1 defeat by school voters of the proposed three-mill levy for operating expenses. (See picture.)

Gross' full statement read: "Regretfully, I would like to submit my resignation from the Cass City Board of Education, effective at once. In doing this, I would like to state, first, that I am 100 per cent behind the Board, the administration and the teachers.

"Second, that any action that the Board has taken since I have been a member has had my 100 per cent backing.

"I do feel at this time that the personal safety of our students 'could' be affected by a continued and forced austerity program.

"The majority has spoken and again I say, regretfully, for peace of mind, I cannot serve on the Cass City Board at this time."

The Board, "with deep regret," moved to accept Gross' resignation.

The resignation reflected the entire Board's feelings at the outcome of the election. One member voiced the opinion that perhaps the only thing to do was to "run a decent school and run

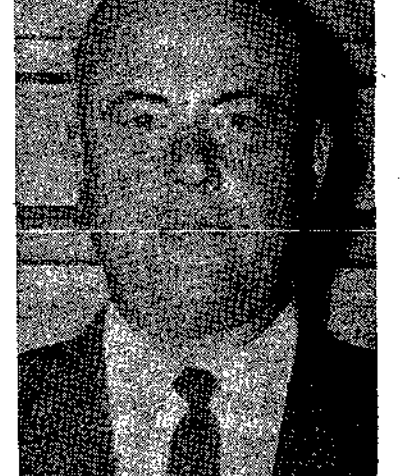

it in the red."

Another remarked, "I think we've honestly tried to run a middle of the road program... and haven't made anybody happy."

No mention was made of any further cut in spending. Likewise, it was doubted that any new or previously cut subjects or activities could feasibly be added.

In other business, a request for buses to take band members to band festivals at Flushing, Elkton-Pigeon-Bay Port and to Beecher, Flint, brought another rush of resentment at the election outcome by both a board member and a spectator.

The spectator remarked that student groups and organizations should be given "equal rights..."

James Gross

athletics, band, FFA, and so forth, should be treated the same."

"I'm tired of pinching pennies... saying one group can do something and another can't!" exclaimed one board member.

A motion that buses be used for some school functions with the approval of the administration was passed.

Along other fronts, the board voted to enforce a state law requiring that all students entering a school for the first time be vaccinated. They also moved to pay a bank loan at the Cass City State Bank and to apply for a special education room for Cass City Public Schools.

At present, the school has an almost 100 per cent vaccination record on the elementary level, except for 36 students. Of these students, 20 are in the process of obtaining shots, 14 cannot take them for religious or other reasons and two were ill.

The board moved to pay a \$12,500 loan at the Cass City State Bank using a portion of the \$17,250 just received as the balance of the school's State Aid payment.

Application to the Tuscola County School Board for a special education room at Cass City was approved by the board.

The Board is scheduled to meet with Cass City teachers Monday night, Feb. 19, to discuss the signing of teacher contracts for the coming year.

### Uncle Tim From Tyre Sez:

Dear Mister Editor: The feller that runs the country store announced Saturday night he'd appreciate getting his two-bits worth into the conversation for a change. As a general rule he don't take no part with the fellers solving the world problems ever week, but Saturday night he was chomping at the bit about spending all his time keeping store records for the tax agencies.

He claims things is worse now than they was back when the OPA was regulating prices. He recollected that back in 1946 when the OPA removed price ceilings on cowbells, bullrings, horseshoes and cocktail shakers, he wrote 'em that he didn't have no cocktail shakers. They told him to git some.

He said things has went from there to worse and today he don't know whether the tax folks owns his business or he owns it. All he knows for shore, he claims, is that he waits on a customer now and then when he can find time from tending his tax books.

He allowed as how he was voting agin all candidates in the next election and aimed to shoot the first one that tried to leave any cards or literature in his store. He claimed the only political propagandier ever left at his store that was worth reading was a handbill a feller running for Sheriff come by and left him about 30 years ago. It seems a drunk printer was trying to set a patent medicine ad and the handbill at the same time. He got the handbill out of a bottom drawer and read it to the fellers:

"I wish to announce to the voters of this county that fer 25 years I have suffered from asthma and lumbago on the Democratic ticket and thought they was no cure fer me until I heard of the office of county Sheriff, for which my doctor advised me to run.

"I have never held county office, but have been troubled with nervousness and handshaking, so feel I am well qualified. I was

operated on 2 months ago fer appendicitis, so feel I am cut out fer the duties required. I have had 14 teeth pulled to see if it would help me pull in the votes. I have gained 40 pounds and hundreds of votes and am feeling like a new man.

"While it has been impossible fer me to see all the voters personal, I will say that this has been a Godsend to me and I will appreciate your vote and 2 bottles of your magic tonic."

Ed Doolittle said the storekeeper made him recollect the country editor that run the paper over in his county when Ed was a boy. According to Ed, the paper come out occasional and sometimes oftener. It come out only when the editor got riled up about somepun.

Yours truly, Uncle Tim

## Present School Facts, Says Noted School Authority

By Elmer E. White Michigan Press Association If parents know the facts about problems of higher education, the state will take the right steps to solve them. The decisions will then be based on sound information. That was the message of Dr. John A. Hannah, MSU president, to newspapers of the state at the annual convention of the Michigan Press Association.

Dr. Hannah, also a Con-Con delegate, complimented newspapers on the outstanding job they are doing in relaying news of the convention to the public.

He invited editors to apply the same detailed coverage to the needs of college education so that the people of Michigan will be aware of the knotty situation.

Most people do not realize, the educator pointed out, that right now, when colleges are jammed with students and refusing many applicants, the number of high school students has been on the downgrade. The baby boom that started at World War II's end won't hit the college level until 1964. Then the wave of students will really swamp colleges.

Dr. Hannah urged newspapers to concern themselves with this problem; to stimulate interest about it in their communities. Facilities simply do not exist to care for the youngsters who will be coming along, he warned. If they are to come into being, the wheels will have to start to turn very soon, he stated.

Problems of financing college education are among the most difficult facing legislators and there is a good deal of soul searching about how they should be solved.

Rep. Lester J. Allen, rural Ithaca Republican, has proposed a "compulsory contribution" upon alumni of state supported institutions. He would require each student to sign a note before he graduated for \$1,200, payable over a 12-year period.

"Tuition must be kept low if the principle of state-supported institutions is to be maintained," Allen said. "Now, too few alumni contribute to the continuing support of their alma mater."

Disregarding the philosophical soundness of this idea, a tremendous factor against it involves the fact that students under 21 cannot legally make such commitments. This would automatically eliminate young people who wanted an education but whose parents would not or could not take on such obligation.

Mobile units of the State Police and State Highway Departments will soon bear a new emblem depicting the ability of the personnel driving the vehicles.

State Police Commissioner Joseph A. Childs reports the

### CASS CITY HOSPITAL

Born Feb. 11 to Mr. and Mrs. Alexander Dicks of Cass City, a boy.

Born Feb. 12 to Mr. and Mrs. Gerald Vandemark of Kingston, a boy.

Other patients in the hospital Tuesday forenoon included: Vicki Wagner, Kenneth Russell, Earl Reifel, Charles Gilbirds and Mrs. Nellie Willson of Cass City; Mrs. Olive Rocheleau and Mrs. Mamie Britt of Gagetown; Charles and David Holder of Vassar; LaVonne Armstead of Argyle; Durward Duckwitz of Snover; Mrs. Minnie Harris of Kingston, and Marian Pulzer of Tyre.

Patients recently discharged were: Eunice Tazwell of Deckerville; Mrs. George Buniack and baby of Caro; Lee Dickinson of Cass City; Brian Mallory of Kingston; Paul Hilborn of Snover; Mrs. Neola Webb of Elkton; Georgiana Rawley of Oxford, and Mrs. Winnifred Luedesdorf of Gagetown.

American Red Cross has started issuing decals to be placed on the 428 State Police squad cars and 200 Highway Department trucks. The "Emergency First Aid" decals to be attached to the left rear of the vehicles indicate the personnel in the mobile units are fully qualified to offer expert help in emergencies.

Evan Thompson, Lansing representative for the Red Cross, said Michigan was the first state to get the special designating emblems for two agencies.

"The Michigan State Police is the only state police or highway patrol unit in the United States whose members are 100 per cent trained in first aid," he said. "The Highway Department is the first state unit of its kind, also, to qualify mobile units for this rating."

Secretary of State branch offices in several sections of the state are again offering special "community service" on license plate sales.

Before the March 1 deadline for the purchase of 1962 plates, some 471 communities will have been given the "doorstep" service which was initiated in 1958.

The itinerant sales project carries a staff of a branch office to towns and villages which do not have a full-time auto licensing branch.

"This program is made possible each year by the willingness of our fee managers to put in extra evening and week-end hours to bring license services to the outlying community instead of asking the people to drive extra miles to the branch office," said Secretary of State James M. Hare.

The "one-night stands" are usually held in community halls, schools, churches, stores or garages. The fee manager providing the service does not receive anything extra for it, Hare said.

Cost to the purchaser of the license is the same as if he bought the plates from a full-time office.

Ready access to a person's blood type can often mean the

difference between the life or death of an accident victim, Secretary of State James M. Hare points out.

Although there is no state law requiring it, Michigan driver's licenses have a line on the back where a motorist's blood type can be recorded.

"During recent weeks, several doctors have suggested that licensed drivers should attempt to determine their blood type and record it on their driver's license," Hare said.

Red Cross officials told Hare they tell every blood donor what type of blood he has but they do not have facilities to provide this service for non-donors. Most private physicians, however, can provide a patient with this information.

### Lactation Average Announced for Local Holstein Herd

The registered Holstein herd of Vernon, Clare and Richard Carpenter, Cass City, has completed 29 production records averaging 13,852 pounds of milk and 489 pounds of butterfat for a new lactation average for the herd.

The announcement was made by the Holstein-Friesian Association of America and was based on tests made by Michigan State University as part of the official herd testing programs of the national Holstein organization.

In lactation averages are calculated on the commonly employed two-milkings per day, 305 days, mature equivalent basis.

Here's what QUALITY has done:

At last count there were 1,499,927 Chevrolet trucks over 10 years old still working—424,381 more than any other make.

## 1962 CHEVROLET JOBMASTER TRUCKS built better...work longer!

When Chevrolet builds a truck, it builds a quality truck. This policy makes sense. Chevrolet trucks work a long time... cost less than many other makes to operate and maintain over the years... consistently bring a higher trade-in price... and, as a result, are bought by more people.

We invite you to come in and examine this quality closely and to take a 1962 demonstrator out for a good long test drive. Note the cab comfort, the good visibility, the smooth ride, the solid feel of its quality. Compare Chevrolet truck features with those of other makes. Then decide which are your wisest investment. We're sure it will be Chevrolet's.

Note how this Chevrolet cab roof is made of two sheets of metal, instead of one, with a layer of felt in between as insulation against cold, heat and noise.

A Chevrolet truck tailgate is sturdier because it has double-wall construction and strong steel chains in tough rubber casing to support it.

Quality independent front suspension fights road shock more effectively than other types—provides more protection for the truck, load and driver.

The standard 225-cu.-in. 6-cylinder Chevrolet truck engine has worked more miles than any other. There are nine more engines to choose from.

## ENGAGED

## Local Persons on Redevelopment Act Committees

Alice DesJardins

Mr. and Mrs. Truman DesJardins of Marlette announce the engagement of their daughter, Alice, to James A. Baumbach, son of Mr. and Mrs. Oscar Baumbach of Waukesha, Wisconsin.

Both are currently attending graduate school at Michigan State University, East Lansing. The bride-elect plans to graduate in June with her Master's Degree in Guidance and Counseling and Mr. Baumbach will continue at the university as a graduate assistant while working toward his Ph.D. in Chemistry.

The couple plan to be married May 19 in Warren.

Five Cass City persons and five area persons have been named to various committees appointed to proceed with the development of an overall economic plan for Tuscola county. The appointments came at a Rural Area Development meeting held recently at the Tuscola County Courthouse.

The first meeting of these committees was to have been held last evening, Wednesday, in the Court Room, Caro, beginning at 7:45 p. m.

The five Cass City persons and the committees they were appointed to are: Clarence Merchant, agriculture; W. E. Walpole, industry; Ed Baker, business; Ken Baur, labor, and Mrs. Grover Laurie, women's extension groups.

The area persons and their committees are: Harlan Hobart, Gageton, agriculture, and the following Kingston persons: Bruce Ruggles, agriculture; Allison Green, industry; Jack Wash, business; John Barden, labor, and Arvin Wingert, education.

Approximately 60 other county residents were also named to the committees.

Present at the initial meeting were village presidents, mayors, businessmen, representatives of local development groups and the Board of Supervisors.

The meeting was called because the Area Redevelopment Act, passed May 1, 1961, designated Tuscola county as eligible for financial assistance in area development. The purpose of the act is to help communities that want to provide job opportunities and improve the general economy by reducing unemployment.

## Altar Society Told Civic Responsibilities

Mrs. George Murray reported on the February 4th Thumb Deaconry meeting of the Caro Council of the League of Catholic Women at the regular monthly meeting of the St. Pancratius Rosary Altar Society held Monday.

Guest speaker at the Caro meeting was Bishop Woznicki who outlined "The Catholic Woman's Role in Church and Civic Affairs."

Fr. Arnold Messing presented a report written by Mrs. Irving Clasenman which explained the work of the National Council of Catholic Women. According to the report, the three main functions of the NCCW on a parish level are prayer, study and action.

The result of the report was the naming of Mrs. Clasenman to head a study group. Assisting her will be Mrs. John Sommers and Mrs. H. O. Paul Jr.

Guests for the evening were Mrs. Clarence Eria, Mrs. Herbert Rutkoski and Mrs. Daniel Hennessey. Refreshments were served by Mrs. Richard Sugden, Mrs. Robert Rabideau, Mrs. Gerald Kerbyson and Mrs. Peter Kloc.

## Extend Farm Bureau Membership Drive

John Koepf, roll call manager for Tuscola County Farm Bureau, said that weather conditions have slowed the annual drive for members and that the county now stands at 94 per cent of its goal.

Because of the weather the drive in the county is being extended and prospective members will be contacted.

## BULEN TALKS CARS

**THE DURABLE FIRE ENGINE**

The world's largest fire engine factory, as you might imagine, uses a lot of red paint. About 6,000 gallons of it are delivered every year to the American LaFrance Co. at Elmira, N. Y., which must be a wonderful place for goggle-eyed boys. It's the factory that turns out almost half of the 1,200 fire engines made annually in the United States.

Red is the most popular color for fire engines, of course, but a lot of other shades are used too, for cities that want something different. White is the second most popular color, then green. LaFrance has also made fire trucks in black, blue, chocolate and elegant gold. And there was one famous truck that was ordered in a shade of lilac (Must have been a female majority on THAT town council).

How fast can a fire engine go? Well, the big 275 horsepower, 12 cylinder LaFrance aerial truck ladder will pull its tremendous load at 92 miles per hour. Most newer models, however, have a governor on them limiting speed to 65.

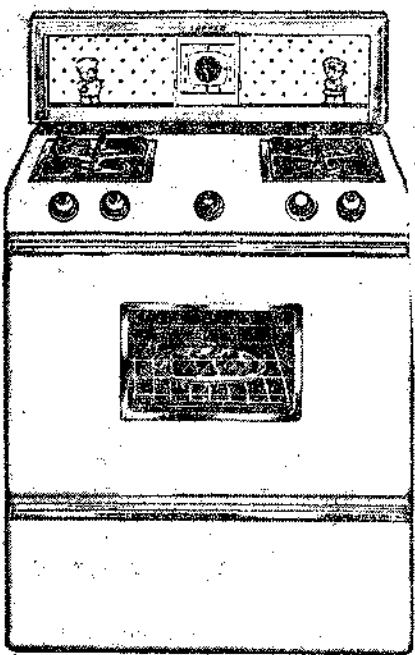

Fire engines are durable pieces of machinery that are maintained in top condition. LaFrance estimates that at least 15,000 of its 20,000 motor-driven fire trucks are still in use. It made its first gasoline fire truck in 1910 and it's still in service.

Used car buyers are always prepared to pay premium prices for cars in "fire engine" shape. That's why care and conscientious servicing of your car will pay you back in superior re-sale value as well as "fire engine" performance.

## Local Scout Wins Top Rifle Award

Larry Seale, 15-year-old son of Mr. and Mrs. James Seale, Cass City, was recently awarded the National Rifle Association's "Distinguished Expert Award", the highest honor in the junior category.  
 Seale, the only person in his category in the Thumb to win the honor, is a four-year member of the Cass City Junior Rifle Club founded by Bill McKinley.  
 In order to receive the award, he had to make a perfect score firing from sitting, kneeling, prone and off-hand positions.  
 The score was racked up over the past year.

## Student Exchange Program Explained To Woman's Club

The February 8 meeting of the Cass City Junior Woman's Club was held at the home of Mrs. Robert Ryland. Mrs. Russell Ayres was cohostess for the meeting.  
 Guests were Mrs. Richard Palm and Mrs. Jack Martin.  
 Bill Eberline Jr. spoke on the part the club could play in helping financially with the foreign exchange student.  
 Members voted to have a "guest night" in March when the meeting will be at the home of Mrs. Rodney Krueger.  
 Mrs. Don Erla, Mrs. Marvin Hauck, Mrs. Dan Erla and Mrs. Ryland were named to a bake sale committee.  
 Mrs. C. M. Wallace gave an interesting talk on gardening with special emphasis on the care of roses.  
 Due to the illness of the club president, Mrs. Russell Ayres, Vice-President Mrs. Rodney Krueger presided over the meeting.

## Uniform Distress Signal Adopted

A RAISED HOOD and a white cloth tied to the car door handle has been adopted as the uniform distress signal for motorists who must make an emergency stop on a freeway. Michigan State Highway Commissioner John C. Mackie and State Police Trooper Billie Kelley demonstrate the distress signals on a freeway near Lansing. The policy, adopted by the nation's state highway departments, urges motorists who make emergency stops on freeways to stay in their vehicles until help arrives.

## Farm Bureau Officials Named At Annual Meet

A new Cass City Farm Bureau Services board member was named and another was re-elected at the annual F.B. meeting at the New Gordon Hotel, Thursday night, Feb. 8.  
 Re-elected to the board was Harland Lounsbury. Clarence Merchant was the new member named to the board.

During the meeting, local Farm Bureau Services Manager Gene King reported on feed and fertilizer volume for the past year and on new merchandise items being handled by the local branch. He also told of improvements and repairs done to the firm's buildings.

Dale Nowlin, district feed representative, and John Groucher, district fertilizer representative, reported on the amount of feed and fertilizer handled by the organization during the past year.  
 Featured speaker of the evening was Dale Warsco, feed specialist, feed department, Farm Bureau Services.

Clark Montague, in charge of direct distribution of petroleum in Tuscola county, reported on the sale of petroleum products in the county.

Farm Bureau Area Supervisor E. L. Crane wound up the meeting with a slide-tape presentation entitled "Farm Bureau in Action."

## Up Thumb's Electric Capacity

Detroit Edison will invest between four and five million dollars in a significant four-year construction program to expand and strengthen the electric power supply in Michigan's Thumb.  
 Harry E. Richards of Caro, manager of Edison's Tuscola District, said that expenditures already have been approved for the building of several new transmission lines and the addition of substations, new transformers and switching equipment.  
 Some existing lines also will be reinforced, and the over-all program will strengthen and further integrate the electrical system throughout the company's northern service area.  
 New alternate supply lines and switching equipment are designed to prevent widespread outages caused by storms or other

damage to the system, Richards reported.  
 Work to Start Immediately  
 First step in the project, which will begin immediately, will be the construction of a new 10-mile-long high-voltage transmission line between Harbor Beach and Port Hope. This will supplement the existing high-voltage loop which runs up through Lapeer and Tuscola counties to Bad Axe in Huron, then back down through Sanilac and St. Clair counties.  
 Also under consideration is a 120,000-volt interconnection with the Consumers Power system in the Tuscola-Lapeer area.  
 If it's true that a fool and his money are soon parted—then tell us how they got together in the first place?  
 Michigan ranks first in the nation in the production of field beans, tart cherries, muskmelons, late celery, cucumbers for pickles and tomatoes for the fresh market.

## Over Ninety Farmers Attending Adult Classes

The adult farmers' classes being held in the Akron school have been attended by over 90 different farmers. Three of these classes have been held since they started on January 8, 1962.  
 Topics discussed so far, reports Don Kebler, county extension agent in agriculture, are: Marketing Orders, Sugar Beet Legislation, Soil Management and Fertilization, New Development in Soils Research for Crop Production, Farm Legislation, Soil Conservation Program and the County Agricultural Conservation Program, New Ways to Market our Farm Surplus, and Economics of Livestock Feeding Operations.  
 The classes will present information on farm financing, record keeping and business analysis Feb. 19, and the last class on Feb. 26 will cover chemical weed control, minimum tillage and labor saving in crop production.  
 Past experience in other areas of the county has shown that the farm financing, record keeping and business analysis presentation was attended and enjoyed by both the husbands and wives.  
 Chairman Roy Hickey mentioned how these classes were organized by a committee of local farmers in cooperation with the County Extension Service. The topics presented were selected by the committee with specialists in their fields presenting the materials.  
 The meetings begin at 8:15 p.m. and last for two hours. They are free to the public.

# Freshmen Cagers Still Undefeated

Cass City Freshmen notched their seventh and eighth win of the season without defeat during the week in games with the Lakers and Sebewaing.

The ninth graders had little trouble downing the Lakers, 87-43, but were extended to the limit before knocking off Sebewaing, 64-49.

Against the Lakers Thursday, Jim Champion pumped in 22 points and Clark Erla swished the nets for 18 points and played a good floor game. Ed Rether-

ford picked up nine points, Knoblet had eight, Paszczyne, five, Roveda, three, and Milligan, two. Against Sebewaing, Monday, Champion collected 24 points and Retherford chipped in 23. Knoblet helped with 13. The game was close to the final minutes with only five or six points separating the two teams.

## HAWKS SPLIT

Concluded from page one.

for the Hawks. Creason played a sparkling defensive game. Larry Dickerson with 14 led Caro.

### Reserves Lose

The Caro Junior Varsity turned the tables on Cass City as they posted a deserved victory over the Hawk JV squad, 43-37.

Friday the Hawks take to the road for a return engagement with Bad Axe. The Huron county five showed surprising strength in a loss to the Lakers and the game is rated a tossup.

Depending on the outcome of the game against Frankenmuth Tuesday, Cass City still has an outside chance of ending tied for second in the league. With a 4-6 record in the league, they still could finish the season with an 8-6 record, although the odds are that they won't.

# Clever Wickes Five Heavy Favorites to Top All-Stars

Cass City basketball fans will see a fine basketball team in action when the Wickes quintet from Saginaw take on a picked group of all-stars from the City Cage League, Saturday at Cass City High School.

If the locals should beat the all-colored visiting quintet, it will rank as a bigger upset than a Cass City victory over the Lakers this season.

For, Wickes is loaded. Leading the team is Webster Kirksey. An all-stater in high school for two years, he was also an all-conference IAC cager at college and played with the Harlem Globetrotters.

He is ably assisted on the Wickes team by Jim Johnson, six-foot, seven-inch center. Both men have been averaging about 15 points a game.

The team has a 6-2 record in the Saginaw Major A Basketball League.

Playing with the all-stars will be picked players from five clubs. From Mac & Leo will come Clare Comment and Don Simmons, Sherman's will send J. D. Alexander and Van Nocker. Walbro

will contribute Dick Hanby and Don Cummings. From Tuckey's the players are Roy Tuckey and Derek Romain and Erla's will be represented by Gene Kloc and Dean Hoag.

# No Surprises in City Cage Action

There were no surprises in the City Cage League Thursday as Walbro turned back Snover, 43-34, Mac and Leo topped Erla's, 62-46, and Tuckey's romped over Sherman's, 69-40.

**Walbro-Snover**  
Walbro went into an early lead over Snover and were never behind. They led 23-19 at the half. Snover closed the gap a little in the third period with a six-point advantage, but the factorymen rallied for a 7-4 margin in the low scoring final period for the victory.

Walbro featured balanced scoring with Wood leading the way with nine points. G. Schell topped the losers with 10 points.

**Mac & Leo-Erla's**  
A last half rally broke open a tight game between Erla's and Mac & Leo. At the end of the first period the game was tied at 13-all. By halftime the Gasmen had edged into a slender 29-25 lead.

But a four-point advantage in the third period and an eight-point bulge in the final canto salted away Mac & Leo's victory.

Scoring was a two-man show for the winners. Jim Johnson whipped in 24 points and Clare Comment added 17 for the winners. Don Erla kept the Foodmen in the game with 19 markers.

**Tuckey's-Sherman's**  
All three Tuckeys, Roy, Bob and Bill, were on hand for Thursday's game with Sherman's and the result was no contest as they blasted the Restauranters, 69-40.

At the half Tuckey's were in front, 31-15 and at the end of three quarters it was 52-28. Leading in the scoring column for the winners was Bill Tuckey, 19 points, brother Roy, 17 points, and Rossman, 16 points. For the losers J. D. Alexander showed the way with 16 points.

The standings:

Team	W	L	GB
Tuckey's	8	1	-
Sherman's	5	4	3
Mac & Leo	5	4	3
Erla's	4	5	4
Walbro	4	5	4
Snover	1	8	7

# Junior High Wins 55-1 (That's Right)

Cass City eighth grade continued undefeated but were seriously challenged Wednesday, Feb. 7, when they edged out Deford 51-48, the closest that any team has come to the future Hawk cagers this year.

The close battle indicates that there may be more boys coming to Cass City from Deford to help varsity sports in the year to come.

Cass City won the game on clutch foul shooting by Al Wallace in the final minutes of the game. He converted six out of eight tries. He ended with 14 points. Chuck Roveda led all scorers with 18 points and Ruhl netted 12. Sember picked up five points and Knoblet had two.

For Deford it was Ken Nostant, 17 points, Steve Sebo, 14 points, and Arthur Bean, 11 points, who showed the way.

Friday the Junior High was impressive in knocking off Owengate, 40-28. Roveda picked up 12, Wallace, eight, Sember, eight, Knoblet, six, Ruhl, four, and DeLong, two.

**Hard to Believe**  
The Junior High defeated Sebewaing by a margin hard to

believe. The score was 55-1. Sebewaing scored only one point as they were unable to cope with Cass City's full court press. The game was played Monday at Sebewaing.

The entire team figured in the scoring with Wallace, 12 points and Sember, 13 points, landing in double figures.

The next game is Friday when they play Bad Axe here. Tournament play will start Monday night at Marlette.

## Let "Chipper" Fall Where She May

By Dave Kraft

There's a new menace to navigation around the Chronicle office. It is a small brown cyclone answering (sometimes) to the name of "Chip" or "Chipper." Chipper is a three-month-old female boxer puppy.

When the powers that be bought Chipper they neglected to tell her that she was to be a family pet and not a member of the family. Now it's too late. She rules the family with an iron paw and a stubby tail.

She spends her time doing one of three things. She can either be found sleeping under my desk, chewing on an employee's leg or greeting customers.

When she first started sleeping under my desk, I thought it was out of affection. Dogs and small children seem to feel some sort of kinship for me, probably because we have the same mentality level.

I have since discovered that she sleeps under my desk only because it happens to be near the radiator and her love of comfort, and not me, draws her there.

Chip has the nasty habit of greeting all Chronicle customers. This is hard on the customers and whoever is waiting on the counter.

When the door opens, she pads silently from under my desk and around the corner of the counter. By this time, the customer is standing in front of the counter, unaware that he is about to receive the shock of his life.

If it is a woman customer, Chip usually thrusts her cold nose against a bare or stocking leg. The end result is always the same. Eyes wide, jaw drops and the lady in question usually makes a reasonable facsimile of someone trying to high jump a newspaper counter.

On one occasion, it took me a good 10 minutes to talk a hysterical woman off the top of the counter.

She has an affinity for legs, in general. What worries me most, however, is what will happen when she reaches her full growth by the end of next summer or early next fall.

Some lazy afternoon she'll wake up with an all-consuming urge to chew on a leg and I'll be dragged, typewriter and all, under my desk.

The only consolation I have is that the floor is too hard for her to dig a hole to bury me in and even if I'm spread from here to the washroom, at least they'll know I went down fighting.

With the world in such turmoil, it is only natural that the prospect of Queen Elizabeth having a fourth child should cause such a panic. Last week, all the leading papers carried the question, "Is Queen Expecting Fourth Child?"

Two things occurred to me after I read this. One, if the little nipper does arrive, the queen probably knew he was coming and won't be too surprised and secondly, if it is really that important, why not ask the queen. If anybody knows, she should.

The other day, as I rounded the corner of Wood's Drug Store, I noticed a little brown, furry object lying next to the building. It was a bat! In the middle of February! How come?

## Sweeney Cow Tops Monthly DHIA Test

A registered Holstein cow owned by Dolan Sweeney of Uby took first place in the list of cows producing 65 pounds or more butterfat for the month of January, with a production of 116 pounds of milk and 2,840 pounds of butterfat, according to Alfred Ballweg, county extension director. Other dairymen having cows which produced 90 pounds or more butterfat in this class are: Clayton Rohlf and Sons, Fairgrove; Blaylock and Rupprecht, Vassar; George Foster, Fostoria; Jackson Brothers, Caro; Howard Loomis and Sons, Gageton; Grover Laurie, Cass City; Frank Satchell, Caro; H. T. Donahue, Cass City; and Ronald Opperman, Vassar.

In the list of herds averaging 30 pounds or over of butterfat, the herd owned by Leonard Titus, Mayville, stands in first place with an average production of 53 pounds butterfat and 1,806 pounds milk. Tying for second place are the registered Holstein herds owned by Quick Brothers, Caro, and Grover Laurie, Cass City, with an average production of 52 pounds fat. Other dairymen whose herds averaged 40 pounds or over are: Dolan Sweeney, Uby; Ronald Hampshire, Deford; Dorwin Wilkins, Caro; Charles Crittenden, Kingston; Carl Bauer, Reese; Howard Loomis and Sons, Gageton; Don Koepfing, Cass City; Lloyd Walz, Vassar; Max Cooper, Cass City; Lawrence Bublitz,

Fairgrove; Bruce Ruggles and Sons, Kingston; George Foster, Fostoria; John Graham, Caro; J. William Parrott, Cass City; Clinton Blackmore, Vassar.

In the 305-day record class, a registered Holstein cow owned by Ronald Opperman of Vassar produced 660 pounds butterfat, placing first in this class. In second place was a registered Holstein cow owned by Blaylock and Rupprecht, Vassar, with a production of 653 pounds fat. Other dairymen having cows which produced over 500 pounds fat in this class are: George Foster, Fostoria; Clayton Rohlf and Sons, Fairgrove; Ben Loeffler, Reese; Leonard Titus, Mayville; Carl Bauer, Reese; Lawrence Bublitz, Fairgrove; Charles Seddon, Kingston; Alvin Frahm, Frankemuth; Werner List, Vassar; Don Stillson, Cass City; William Parrott, Cass City; Dolan Sweeney; H. T. Donahue, Cass City.

There were a total of 48 herds and 1,728 cows under regular dairy herd improvement testing in January, and a total of 65 herds and 1,743 cows enrolled in owner-sampler testing.

Cass City Chronicle  
Cass City, Mich.

Dear Editor,

I would like to comment on your Editor's Corner Column of Feb. 1 in regard to tax forms. I am the one who should be blamed for the use of the new form, not Mack O'Dell or the village. These are the forms used by the State Tax Commission in the survey they made in the county last year. There were some in the village who couldn't fill out the old forms either so I guess that whichever form is used, some will have trouble.

One of the reasons for the new form is that the depreciation used

for income tax and that used for Property tax is different. As long as the equipment is being used it is taxable, so the law says.

The State Tax Commission sets the value of the Township and they assessed Elkland Township with \$200,000 village personal last year that I could not find. This raised the factor used in figuring the taxes.

I agree with you that taxes both real and personal are hurting a lot of people, but as long as we have the property tax law as it is I guess we will have to live with it. Perhaps something better will come out of the "Con-Con".

I will drop by and see if I can be of any assistance.

Yours truly,  
Ed Golding Sr.

# Varied Agenda for Farm Bureau Ladies

Tuscola County Farm Bureau women met at the Farm Bureau Center in Caro Thursday, Feb. 8. To open the meeting Mrs. Nellie Cooper read a paper on the value of the teaching of American heritage. She stated that it is our responsibility to our families and our country to keep informed on the teaching of the younger generation.

Mrs. Frank Satchell, citizenship chairman, reviewed a report on preserving our American heritage by Don Kinsey. She said

that one out of every third student at MSU is from out of state or out of country because it costs less in Michigan than any other state for college tuition and fees.

Mrs. Eldon Bruce announced a district contest being held for community groups.

Legislative Chairman Mrs. Herman Daenger reviewed several items to be brought before Congress and urged members to write their congressmen to give him their opinion.

Mrs. Carpenter reported from the board on the Tuscola county roads.

The group voted to give a contribution to Sharon Satchell to help with expenses on her trip to Nice, France, this summer with the Lions International band.

Members will serve the Public Relations dinner on Friday, Mar. 9, with Mrs. Satchell as chairman.

Program Chairman Mrs. Earl Taggett submitted for approval a program for the year and set

up committees.

A shower of kitchen items to be placed in the kitchen of the new Farm Bureau building was held.

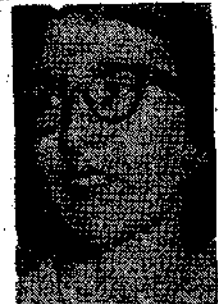

Mrs. Mack Little and Mrs. Clare Carpenter welcomed the group with refreshments.

Those things that come to the man who waits seldom turn out to be the things he's waiting for. If you wish to be perfect, follow the advice that you give others.

## WANDERING WITH WARREN

### Won't You Be My Valentine?

By Ilene Warren

Once upon a time, while attending business college, I played the role of George Washington in a humorous skit. I lay, costumed in a blue colonial uniform, on a table facing toward the audience. During the skit someone said, "It's enough to make George Washington turn over in his grave." And over I turned.

What brought this up? February 14th. I was wondering if a priest of Rome, called Saint Valentine, and a bishop in Umbria, also named Saint Valentine, would "turn over in their graves" if they could know of the meaning now given to the traditional anniversary of their deaths. Both men lived in the third century and both died on the same day: February 14. The festival of these two martyrs was celebrated on this date and somehow it has evolved into a day of card sending, gifts of candy and "won't you be my valentine?"

Of course, there are other legends and explanations. One is that one Saint Valentine went from house to house leaving food for the poor and that the sending of Valentine greetings, sent anonymously at first, developed from this tradition. Chaucer and Shakespeare, on the other hand, refer to the observance of the festival as a celebration in honor of the day in early spring when birds first choose their mates. The custom was to draw lots to decide which young men and young women should be each other's "valentine" during the following year.

I loved Valentine's Day when

I was a kid - and kids nowadays love it, too. Recently, a couple of children were discussing holidays. One of them, Gary, remarked, "Next one will be Easter." "No," corrected Carole, "Valentine's Day is next." Carole goes to school where she will exchange cards with the children in her room just as I used to do in the country one-room school. Miss Burke, my teacher during the sixth and seventh grades, decorated a box one year into which we dropped our valentines. All day long we cast eager glances at the pretty box and could hardly wait for late afternoon to come so that we could have our party. Some of us gave store-bought valentines and some gave handmade cards that had been painstakingly created in art class. In one of the boxes stored in the attic (my packrat tendency) is a box full of valentines received during those wonderful, filled-with-anticipation school years.

As far as I can find out, Valentine's Day is now celebrated only in America - and, from the evidence on display in most stores, shows little sign of disappearing... so, won't YOU be my valentine?

### Area Man Training At Naval Center

A. Ondrajka, son of Mr. and Mrs. John Ondrajka of Gagetown, began recruit training Jan. 19 at the Naval Training Center, Great Lakes, Ill.

The nine-week basic training includes classroom instruction in naval topics, including military etiquette, drill, physical fitness, swimming and survival, first aid, shipboard safety precautions and security duty. A planned recreation program supplements the classroom training.

Throughout the training, recruits receive specialized counseling which assists them in selecting a rating in which to work from more than 65 available job specialties.

### Services Held for Mrs. Walmsley, 79

Funeral services were held Sunday for Mrs. Elizabeth Walmsley, 79, Cass City, at Little's Funeral Home. Mrs. Walmsley died Friday, Feb. 9, at the home of her daughter, Mrs. Lee Crandall, Drayton Plains. She had been ill for the past three years.

Born in Chatham, Ontario, December 15, 1882, she was the daughter of the late Mr. and Mrs. Ora DeLong. She came to Cass City with her parents while still a child.

She married John Walmsley in Cass City on February 14, 1901, where they made their home following their marriage. Mr. Walmsley died in 1955.

Mrs. Walmsley was a member of the Cass City Baptist Church and was a Gold Star member of the Auxiliary of the Cass City American Legion Tri-County Post No. 507.

Surviving are: three daughters, Mrs. Lee (Charlotte) Crandall, Drayton Plains, Mrs. Floyd (Martha) Clark, Pontiac, and

Mrs. Wayne (Mary) Rabideau, Cass City, and three sons, Andrew, Caro, William, Flint, and Charles, Caseville.

Also surviving are: two brothers, James DeLong, Pontiac, and Maynard, Port Huron; one sister, Mrs. Charlotte Willis, Port Huron; 20 grandchildren and 13 great-grandchildren. Two sons and three daughters preceded her in death.

Rev. Richard Canfield officiated at the services and interment was in the family lot in Elkland Cemetery.

In 1896, "Dorothy Dix" - Mrs. Elizabeth M. Gilmer - began her column of personal advice in a daily newspaper. It was the first popular "advice to the lovelorn" feature in newspapers. Today, most newspapers offer helpful and informative features on personal problems.

Farmers receive about 11 cents from the sale of a 25 cent quart of milk.

## The Citizens Aided Cass City School In Early Years

Shortly after the new high school was constructed in the mid-twenties, the need for gym and stage equipment became apparent. One of the activities utilized to make money to cover the cost of the equipment was the local production of plays. One such endeavor is that depicted below in the copy of the play's program (including the misspelling - or misprinting). Quite an interesting cast illustrating the varied talents of our townspeople!

## Wagon Making An Early Industry

This week's photograph illustrates a nearly-finished product of another early industry in the Cass City area. Wagon making was the occupation of several of the early citizens. In the 1890's Henry Wickware, William A. Anderson and Elias McKim were in the business and some of the other blacksmith shops also made wagons.

Another business, albeit a smaller one, was the Ten Cent Barn operated by James Brackebury. This actually was a livery barn or stable where horses might be left while their owners transacted business in town. Also, it was a place where a horse and buggy could be rented.

Quite an historic document.

Material for the history may be mailed to "Pages From The Past", Box 400, Cass City, or may be left at the bank. All items will be carefully handled, and returned if you wish them.

The home economics extension project leaders will be having their Scandinavian food lesson and smorgasbord on Tuesday and Friday of this week. Section I will meet on Thursday, while Section II will meet on Friday.

The smorgasbord will be held in the basement of the Caro Presbyterian Church. The meeting will be from 12 noon until 3:30 p.m.

I have become very much interested in the amount of food Michigan producers contribute to our daily diet during the winter months.

In the Grand Rapids area growers are using greenhouses to produce out-of-season vegetables for us. They are concentrating their efforts on the production of "Leaf" and "Bibb" lettuce and tomatoes. Each year they produce nearly two million pounds of lettuce and three million pounds of tomatoes, from early October through April.

I have been told that Bibb lettuce is the incen of the lettuce family. Some people compare the taste of Bibb lettuce to that of celery and watercress, and some people even liken it to the taste of sweet butter.

The head of the lettuce is small and cup-shaped and it does not head firmly. The leaves are very tender. The outside leaves are a deep green and the inner leaves are creamy white. This contrast in color adds to the attractiveness and appearance when it is served. So Bibb lettuce is a gourmet's delight and is served as a delicacy. It does have to be treated with respect and care to preserve its very tender leaves. You wash it by dipping the head in a pan of cold water and then dry it very carefully with a towel. If you do not use it right away, store it in the refrigerator in the crisper or in a plastic bag.

The protection of the "glass house" and the fact that growers can carefully control growing conditions accounts for the superiority of these greenhouse grown produce. The growers must control soil fertility and humus, temperature, moisture, humidity, ventilation and light conditions.

Every acre of greenhouse area has about 50,000 square feet of glass; 35,000 tiles; 40,000 feet of pipe; 50,000 board feet of lumber, and about a 100 horsepower boiler capacity.

During a growing season a greenhouse will use about 750,000 gallons of water; 47,000 pounds of mulching material and over 3,000 pounds of commercial fertilizer per acre. Over 200 tons of coal are needed to provide the heat.

We really can be proud of the greenhouse industry in Michigan and the quality foods they supply for our markets.

You place your own reputation in jeopardy every time you attack that of another.

**FROM THE FILES OF THE CHRONICLE**

**Five Years Ago**  
 Cass City Debaters Jack Laurie and Carol Hofmeister were defeated at district eliminations when they defended the negative side against Warren. The debate was held at the Flint Mandeville School with 90 schools participating.

Cass City High School staged a last half rally to overpower Vassar Friday night in a Thumb "B" Conference game at Vassar, 61-42. Scoring was evenly divided among four players for Cass City. Meininger and Hanby each picked up 14 points, Johnson netted 12 points and Martus, 11.

Mrs. Jay Dearing was elected president of the Cass City Community Choir Sunday, Feb. 5. Also elected as members of the board of directors were George Dillman, John Sommers, Harry Miller and Betty Agar.

Announcement was made this week of the sale of Cass City Floral to Mr. and Mrs. Warren Kelley, Deford. The sale was concluded Monday and includes the showroom, greenhouse and adjoining home formerly owned and operated by Mr. and Mrs. George Clara.

James Milligan was elected vice-president of the Michigan Shorthorn Breeders' Association at an election held recently at East Lansing.

Rev. Melvin Vender, Presbyterian pastor, will officiate Sunday over the installation of the following officers: James Seals, Chester Muntz, Clifford Martin and E. G. Golding, all deacons; Arthur Holmberg, Donald MacLachlan and Edward Golding Sr., all Elders, and Mrs. E. B. Schwaderer, Robert Richards, Harry Little and John Bayley, trustees.

**Ten Years Ago**  
 A group of neighbors gathered recently at the home of Alvah Hillman to organize a new Farm Bureau Community Club. The following officers were elected: Alvah Hillman, chairman; J. William Parrott, vice-chairman; Mrs. Betty McVety, secretary and treasurer; Gail Parrott, minuteman, and Mr. Koepf, discussion leader.

Mr. and Mrs. George Holshoe were surprised on their fifth wedding anniversary, Saturday, Feb. 9, when a group of friends honored them with a surprise party.
