As little as three weeks set to cover present walks with bituminous concrete (a high grade asphalt).. Today the picture has changed with some affected persons advocating concrete walks and others adopting a wait and see attitude.

A trip by two councilmen and Village Engineer William Schram to Caro resulted in a recommendation against asphalt by the county seat village engineer.

Davison, which has asphalt walks, reportedly likes them. Advocates of concrete say that asphalt will not be level. but will have pockets in which water will gather. ## Claim Hardship In Denial of Land Transfer

ship" was the reason given by Tuscola County Deputy Superintendent of Schools, Dale Abke, in regard to the recent denial of the transfer of seven parcels of land from the Thane School District to the Cass City District.

The denial was made by the Tri-County School Board at a session held recently in Bad Axe. The board also denied the transfer of two parcels of land from the Owen-Gage district to Cass

Abke explained that "if the transfer was made now, it would create a hardship for those left in the district that want to operate the school for another year."

The whole transfer move centers around an earlier announcement of the Caro district that it would no longer accept high school students from surrounding

districts unless they annexed. At the Thane district annual meeting, members voted that

those wishing to transfer could do so before the district was set over into Caro.

Caro has since stated that they will take the Thane district high school students for one more year. Cass City Superintendent Wil-

lis Campbell, in an interview, stated, "We would like very much to have them and the people want to come here . . . they should be privileged to go where they want Because of the denial, those in

Thane district wishing to transfer will have to wait another year. "After that," Abke stated, "there is the possibility that they will transfer . . . the district will have to vote on annexation before

another year." In regard to the denial of the two parcels from Owen-Gage dis-Ttrict, Abke explained that the board wanted to keep a straight boundary line between the two districts and that the transfer would have created a "peninsula" into the Owen-Gage district.

In Hospital Drive Appointment of the cochairmen of the Memorial Founders Committee in the Cass City Hospital building fund campaign was announced today. They are Dr. J. H. Ballard and Dr. K. I.

In making the announcement, Almer Krueger, president of the Board of Trustees, stated that the Memorial Founders Committee would be the first committee to begin solicitation.

He added, "The Memorial Founders program affords an opportunity to create in the proposed new wing a living memorial dedicated to service.

"Each memorial room will have a plaque bearing the name of the donor or the name of the one in whose memory the room is given.

"Memorial Founders gifts which create memorial rooms may be given by an individual, a family, or corporation. A memorial room may be secured by a pledge which can be paid over a threeyear period.

"Those interested in learning about memorial opportunities in the proposed new wing should contact either Dr. Ballard or Dr. MacRae. Information about the memorial program can also be obtained by contacting the campaign office located at the Cass

City Hospital." Other committees in the drive are now being organized. Meetings are being held to acquaint those interested with the plans of

the campaign. The first training meeting for volunteer workers is being held at the campaign office today (Thursday) at 8 p.m. Anyone interested in working in the drive is invited to the meeting.

# Injuries Fatal For Youth Hurt In Maneuvers

Funeral arrangements are being made for a 19-year-old Cass City youth who died Tuesday morning from injuries suffered during Army-Air Force maneuvers near Bennettsville, S. C.

Dead is Pvt. John Jezewski, 19, son of Mr. and Mrs. Walter Jezewski, Cass City. His parents were with him at a Bennettsville hospital when he died Tuesday at 12:30 a.m.

He suffered a skull fracture late last week when struck by a truck during the joint maneuvers. According to his father, Jezew-

ski was with a group trying to stop an "enemy" jeep during the guerilla maneuvers. The driver of the jeep, instead of surrendering, threw a tear gas grenade and as Jezewski rolled away from it, he was struck in the head by the bumper of the truck.

His parents received word last Friday that their son was still unconscious and they left Saturday to be with him.

Jezewski, a 1961 Cass City High School graduate, was the band drum major for three years before graduating. He was active in Youth Fellowship at the Salem EUB Church.

Surviving, besides his parents, are: a brother, James, Cass City, and maternal grandfather, William Joos, Cass City.

The body is scheduled to arrive at Little's Funeral Home today (Thursday) and a military funeral will be held.

Caro and Elkland township firemen fought a losing battle Monday against high winds that fanned flames in a fire which destroyed farm buildings, livestock, machinery and stored cropsat the Frank Satchell farm, Ellington.

Monday's Fire

Winds whipped the flames through the farm's main barn, two-year-old milking parlor and pole barn, hampering joint efforts of the two departments to control the blaze.

Lost in the inferno were 15 head of young cattle, a tractor, a hammermill, milking equipment and an estimated 6,000 bales of hay, 3,000 bales of straw and 3,000 bushels of oats.

Estimated damage was tentatively set at between \$60-75,000, according to Al Avery, Elkland township fire department chief. The loss is partially insured.

The blaze is believed to have been started by the exhaust of a tractor being used to grind corn. Approximately 15 head of young stock were driven from the blazing barn before it was completely engulfed by flames. Firemen attempted to keep the flames from spreading to adjacent

buildings, but the strong winds blew the flames onto the pole barn, some yards away from the main barn. Satchell, his wife and four youngsters were in Detroit at the time of the fire and were notified

### **Owendale Beauty Huron County**

Bean Queen

An 18-year-old Owendale beauty was picked from a field of 15 contestants to be the 1962 Huron County Bean queen Friday, Aug. 10, at the 94th annual Huron County Fair.

Crowned before the grandstand crowd by last year's queen was Marsha LaFave, 18, daughter of Mr. and Mrs. Murl LaFave, Owendale. Miss Rachel Rink. Port Hope, 1961 Huron Bean Queen, placed the crown.

Standing a graceful five feet, six inches, the green-eyed miss jokingly told the audience that her name, LaFave, means "the bean" in French.

Marsha LaFave

She also told the crowd that Marian and Margery LaFave, two distant twin cousins, were selected as twin Huron County bean queens in 1936. Margery is now Mrs. Sherwood Rice Jr., Gagetown, and Marian is Mrs. William Schafer, Washington, D.

Miss LaFave, a June graduate Owendale-Gagetown High School, will be a freshman at Central Michigan University this fall. She was awarded a fouryear State Board of Education grant last June and will seek a secondary teaching certificate in mathematics.

Other candidates for the title were: Kay Krohn, Donna Heck and Carolyn Schuback, all of Elkton; Patricia Leppek, Filion; April Fluegge and Linda Meliendorf, both of Owendale; Carol Reithel, Unionville; Gloria Murdock, Bay Port; Kay Glaza, Ubly; Mary Ann Block, Ruth; Marilyn Haag and Rhea Roestel, both of Pigeon; Mary Jane Booms, Harbor Beach, and Colleen DesJardin. # Something you should think about if you're about to buy a truck:

If all trucks were built the same way, cost the same to keep up, were worth the same at trade-in . . . then probably the price tag would be your only concern. It can't be, of course, because some trucks have more quality than others. And marks of quality are the real keys to low cost.

Chevrolet trucks, for example, have double-wall construction, which gives bodies and cabs more strength. Cabs are insulated against heat, cold and noise. A big part of road shock, which shortens truck life, is damped out by Chevrolet's suspension system; it also makes riding in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress between them.

Value such as this has induced more people to invest in Chevrolet trucks every year since 1937.

> This can be a good time to buy a modern new Chevrolet truck

Late summer traditionally is the season for all-around savings on a new Chevrolet truck . . . selection is still good . . . deliveries are prompt . . . and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make way for next year's models. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time.

The common sense in a man's head is often crowded out by too much money in his pocket.

It's easy to blame a tree or telephone pole for a car accident, but remember that neither has ever lost a case in court.

THE WONDERFUL FUTURE

The combustion engine has been a wonderful boon to mankind for 40 years. It has changed our way of life. While making possible large cities it has bridged the gap between country and city. Yet within our lifetime the combustion engine with its pistons may be

What may doom the gasoline engine is a form of power of the early 1900's. That was the electric car, run on batteries and possessed by the wealthy. The new electric car will draw its power from chemical fuel cells.

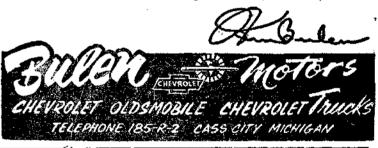

Sixty private and government research groups are working on fuel cells and a major car maker says they are at the same stage as the piston engine in the Wright Brothers' first flight. Experimental fuel cell cars are now operating,

but cost and practicality prevent mass production. They operate largely on waste substances, silently converting them to energy of which 80 per cent can be used to move the car. Top energy-use conversion of piston engines is less than 30 per cent.

Fuel cells could be contained in all parts of the car's body - floors, doors and roof - thus revolutionizing style.

If fuel cells ever relegate piston engines to the Valhalla of buggy whips it will take more than 15 years to reach mass proportions. We hope, meanwhile, to stay around servicing the old gas burners and their owners with the same virtues that change never puts out of style. That's reliable service rendered with sincere enthusiasm and with what we pride ourselves is a measure of integrity. 25th Anniversary Celebration!!!!

Please come in and let us say "Thank You" for keeping us in business for these 25 years. Have a cup of coffee (or a Coke) on us.

Mrs. Paul Burdon

The marriage of Miss Barbara E. Irrer, daughter of Mr. and Mrs. Howard Irrer, Gagetown, and Paul R. Burdon, son of Mrs. Joyce Burdon, Gagetown, took place Saturday, July 28, in St. Agatha's Church, Gagetown.

McCrea-O'Kelly 33rd Reunion at Reese

Fifty members of the McCrea-O'Kelly families met at the home of Mr. and Mrs. Nick Keller, Reese, for the 33rd annual reunion Sunday, Aug. 5.

Officers elected for the coming year were: Mrs. Clarence Parmenter, president; May Kennedy, secretary; Walter Kennedy, treasurer, and Maude Blades, reporter. Mrs. Kathrine Fisher was elected honorary president

Delbert Gracy of Pontiac and the Walter Kennedy family, AuGres, drove the greatest dis-.

Mrs. Kathrine Fisher, 83, was the oldest member of the Mc-Crea-O'Kellys. She is the daughter of the late Mr. and Mrs. Daniel McCrea. The youngest was the great-grandson of Mr. and Mrs. Rollo Hall.

Walter Kennedy, a member of the O'Kelly family, is the greatgrandson of the late Mrs. Elizabeth O'Kelly Campbell McCrea.

Mrs. Maude Blades, granddaughter of the late Daniel Mc-Crea of Almer township and daughter of the late Mr. and Mrs. James S. McCrea, Cass City, was the oldest McCrea present. The youngest McCrea was the son of Mr. and Mrs. Gary Parsell.

Five generations of the Mc-Crea-O'Kelly clan, four generations of the late Daniel McCrea family, two generations of the late John McCrea of Caro and three generations of the O'Kelly clan were present.

The family of the late James McCrea of Gagetown was not represented. There are four grandsons and one granddaughter, the children of his son, the late George McCrea, Gagetown. Sam Blades was the oldest

member present. The meeting for 1963 will be at the home of Mr. and Mrs. Clarence Parmenter, Caro. Members attended from Pontiac, Flint, AuGres, Cass City,

PLAY-OFF CHAMPIONS-You never know what will happen in Little League play. The Tigers, season-long league leaders, were knocked off in the first game. The Yankees turned the trick and went on to cop the postseason classic.

Sparking the team to victory were, front row, left to right: Jim Golding, Kenny Hayes, John Zawlinski, John Golding, Marin Zawlinski, Harvey Francis and Billy

Second row: Jim Tuckey, David Bliss, Harold Douglas, Scott Tuckey, Terry Hile and David Sherrard.

Third row: Bill Bliss, Robert Hile and Milt Connolly, team coaches.

# Yanks Upset Tigers; Play-off Champions

In as wild a windup as even the most ardent fan could expect, the Yankees won the play-off crown in the Cass City Little

League by topping the Cubs, 9-8. The Yanks posted an eightrun margin early in the game and it looked as if they were going to waltz to victory over the

But walks, hits and errors enabled the Cubs to bounce back to tie the score in the fifth.

But the rally was in vain as Dave Sherrard walked and later

scored the winning run for the Yanks.

The Yanks had seven hits. David Bliss slammed three for three, including a home run, and Jim Tuckey also chipped in a home run for the winners.

Tuckey started on the mound and was relieved by David Sherrard in the second. Ken Hayes took over in the fifth. Tom Dewey and Dennis Stine shared the mound chores for the Cubs. Rick Lorentzen hit a grand slam home run for the losers.

Cubs Pirates

The Cubs got into the finals by topping the Pirates, 9-6. The winners scored six times in the first and were never behind. Dewey started on the mound and was relieved by Jack Selby in the third. Frank Holes hit a home run and two singles to pace the winners. For the losers, Tom Guinther started and was relieved in the first by Mike Murphy. Phil Nichols picked up two for two to pace the Pirates' five-hit attack.

Yankees-Tigers what undoubtedly was the greatest upset of the season, the Yanks moved into the finals by walloping the Tigers, 13-0. The Yanks were the only team to top the Tigers all year and they Auction to End did it twice.

David Bliss was the Tiger tamer as he posted a three-hit job on the mound. He was backed by tremendous Yankee slugging. Ken Hayes had three for three and Harold Douglas, David Bliss and Jim Tuckey had two for four. Tuckey and Bliss also had home

John Maharg continued his outstanding hitting for the losers when he collected two of his team's three hits.

# Baptists Cop Church Title

The Argyle-Cass City Baptist team proved to be the class of the Church Softball League this season as they raced through an undefeated, 9-0, season to annex the regular season crown:

Games this week will decide which eight teams will qualify for the play-offs slated to start Monday and the final regular season standings.

Present plans call for the loop to have its play-off completed by the end of next week. Games are scheduled for Monday, Tuesday and Friday with the championship tilt carded for Saturday

# In Unscheduled **Talent Show**

An unscheduled revival of the Recreation Program Talent Show was held Wednesday afternoon, Aug. 8, at the home of Director Mrs. Richard Case and prizes were awarded to the four competing acts. The talent show, scheduled earlier, had been dropped because of lack of interest and the water carnival was held in its place.

Twenty-five persons saw first prize go to Barbara Ballard and Jean Doerr with a skit on "Drs. Casey and Kildare." Other winners were: Betty and

Lynn Haire and Jean Doerr, second place with "The Montgomerys," a pie throwing act; Brent Gallaway and Bob King, third place with a pantomime of the "Chipmunks," and Linda Brown and Libby Hillaker, fourth with a pantomime of a Haley Mills song.

Mrs. Case also announced the winners of the decathlon. First place winners were: Frank Holes, Kitty Howell, Barbara Ballard and Sharon Eberline.

ners were: Kathy Mark, Joe Mark, Debbie Boylan, Sandra Geiger, Sam Wells and Ed Retherford. Third place winners were: Dick Bassett, Hal Paul and Robbie Alexander.

Thirty-five years of dairy business with one of the largest Jersey herds in the area will end this Saturday when 57 head of registered Jersey cows owned by Mrs. Alfred Fort, Cass City, are sold at auction.

Mr. Fort started the farm 35 years ago, using the milk from five Jersey cows to make ice cream which he sold at his store. The store will have been in the family 43 years next February.

The overflow of milk led to the founding of Fort's Dairy, complete with milk routes. The dairy was sold six years ago to a Caro man and the ice cream manufacturing ended 18 years ago Fort's death.

Mr. Fort came from Casteli-

Dairy equipment and machinery will also be sold at the auction to be held at the farm, four and a half miles north of Cass City. The 120-acre farm will be rented out, Mrs. Fort has announced.

It's getting so I'm almost afraid to turn the television on anymore. Seems like our family can't do anything right.

I stifl use that "greasy kid stuff" and my wife, I find out, uses too many suds "that can clog and slow down your washer."

I can't get that "feel better feeling" because the bubbles tickle my nose and I don't have enough money to be one of the

I refuse to have a "white comet" tearing around the house and I swear if Sophie says "die-lute 'em" once more, I'll make her eat a box of you know what.

I can't "live modern" because I don't smoke cigarettes and I'll be darned if I'm going to get snockered up just to find out if a certain brew is "so light, so right and oh, so refreshing."

Remember when things were less complicated? Remember when commercials didn't tell you what you do wrong before they told you what to do right? Remember radio?

I cut my teeth on Jack Armstrong, the All-American Boy, and Captain 'Midnight and all I had to worry about was eating enough "Breakfast of Champions" to get my magic space message decoder.

Those were the good old days. From 5:00 to 6:30 p.m., it was just one action-packed adventure after another; then the news and from 7:00 p.m. on until sacktime, more adventure.

Remember the eerie music of the "Green Hornet," the squeaking door on "Suspense" and the machine gun opening of "Gang Busters?" I spent many a wide-eyed night after "Suspense" and dreamed many a dream of claiming the \$1,000 reward for one of the bad guys described on Gang Bust-

# Schedule Annual Crops Tour Aug. 16

Tuscola county's annual farm crops tour will be held today (Thursday) reports Don Kebler, county extension agent in agriculture.

Four stops of interest are arranged to answer some of the present questions in the minds of area farmers.

The first stop at 10 a.m. will be at the bean variety test plots on the Roy and Jim LaFave farm, three and a half miles west of Gagetown. At this time, comparisons of Seaway, Sanilac, Gratiot, Michelite, Michelite 62 and Saginaw varieties will be made.

The second stop will be at the Tom Smith farm, a quarter mile south of Colwood. Clifford Smith applied zinc sulfate as a foliar spray on part of his navy beans. Also, there are test strips where varying amounts of zinc were applied as a spray.

In the afternoon the tour willstart in the Kingston area of the county at 1:30 p.m. Charles Crittenden has a fine field of corn, three miles east of Kingston, where Atrazine 80-W was applied with very good weed and quackgrass control results.

The last stop is at the Ronald Hampshire farm, two miles east and three miles north of Kingston. Replicated corn fertilization plots will be observed. Cooperating on these fertilizer plots is the Kingston Elevator. Ronald also has one of the two county boron test plots on alfalfa, remarks Kebler.

The public is invited to join the tour at any or all of the stops and all can be of real interest. Specialists from Michigan State University will be present to bring up to date the new developments in crops and soils.

Among the foundation's latest plans is an event to be called "Operation Progress: U. P." A series of one-day conferences are scheduled across the Northern Peninsula to discuss ways of development in the future.

Dr. Edgar L. Harden, president of Northern Michigan College at Marquette, was named to head the program.

Scheduled for October, the conferences in a number of U. P. cities will cover key subjects for development of the area. Plans are also under way, through the State Economic Development Department, to gain federal funds for redevelopment projects in the

"Our program will examine the progress the Upper Peninsula has made in recent years and its great potential for progress in the coming years," Harden said. "I am confident it will show the Upper Peninsula to advantage to people outside the area."

Technical improvements in methods of keeping records and cutting costs saved the state \$2.5 million in the fiscal year which ended June 30, according to State Controller Ira Polley.

Polley reported on request from Gov. John B. Swainson that eliminated efforts by staff members, and some elimination of personnel was accomplished during the year through a variety of uses of modern methods and emplovee ideas.

The major savings, he said. came through improved methods of purchasing gasoline and coal; records management; printing of forms: filing system changes, and reproduction systems.

The Controller emphasized the savings did not result in any return of appropriated operating funds. Rather, they cut down costs to meet available funds.

On the other side of the fence, the happiest Democrat politicians I have ever saw was during the depression in the Hoover administration. They was even trying to poison the rabbits to make things worse. I know we got to have politics and chase rabbits fer a living if

the Kennedy administration.

afore we can have free guvernment, and I know we got some mighty good folks in politics, but we need more of that kind to put their shoulder to 'the wheel. Gitting good men to take a interest in politics is like the feller that sets back and enjoys a good roaring fire in the fireplace. He likes the fire but he ain't willing to help cut the logs.

Outside of politics, the news was a little dull last week. But I did note where them boys in the Pentagon building has done it again. A pay clerk in the Pentagon is now knowed as a "compensation specialist." It looks to me like everbody, as soon as they git to Washington, swallers the dictionary. I recollect hack in 1944, when the OPA reduced the price on cabbage seed, they announced it in a bulletin that took 2.527 words. One of them Washington column writers counted 'em at the time. The Declaration of Independence ain't got but 1.221 words and I'm expecting any day now fer them broom closet boys in the Pentagon to git hold of it and en-

Another item in the papers that caught my eve last week was where the Fair Trade Commission ordered a girdle manufacturer to stop advertising that his girdles "slims you two inches." Their order allowed as how a "girdle can only change the configuration of the body by moving soft tissues up or down." The Guvernment feller that wrote that line must be a first cousin to the feller that changed the name of broom closets in the Pentagon. What he was trying to say was that all a girdle can do is squeeze the fat from hither to yonder.

large it to New Testament size.

And I was reading where the State Department says we have met with them Communists at one level or another 863 times since 1946, that 1,700 hours has been took up in talk at them meetings and about 18 million words used. If you ask me, we're back where we started about 863 meetings ago.

But the item that made me throw my papers away and pick up the Bible was a Bank ad I noted in the Sunday paper. It said: "Start Now To Save Your Next Year's Taxes."

### Name Judges for **Tuscola County Fair**

Agricultural, home economics and 4-H exhibits at the Tuscola County Fair will have some outstanding judges for this year's show, according to Alton Reavey, association secretary.

John Brecheisen of Coldwater will judge the dairy cattle exhibits. William Zurakowski of Bay Port will judge the crops exhibits and Lee Warschefsky, county extension director of Huron county, will judge beef and swine exhibits.

In the sheep division, the judge will be Delmont Chapman of South Rockwood. Jerry Malosh, county extension agent in 4-H club work from Lapeer county, will place the poultry and rabbit

In the horse division, two judges have been secured: James Christiansen of Ionia and C. Edwin Dodge of Mt. Morris.

Other judges whose services have been engaged are: Miss Lilas Frost and Mrs. Clara P. Hay, county extension arouts in home economics in Cenesee county, foods and 4-4 microllaneous exhibits; William Tulloch, Vasser, wometahle gardening; Mrs. Dorothy Pohl, county home economics extension agent from Lancer. enen class continuend miscellenears orbibits. Signed, William S. Ruhl Treasurer Several things happened during the year to affect the financial report of the Cass City Public Schools for the school year of 1961-62.

The attendance was down 43 students and we lost a vote to increase the operating millage from 8.5 mills to 11.5 mills. The State Equalized Valuation for next year will probably increase slightly due to some additional properties from the Thane School District. The present State Equalized Valuation is \$15,053,618. During the past year we have made up a deficit of approximately

\$17,000 and closed the year with a slight balance in our general fund. We did this by reducing our teaching staff and cutting some extracurricular activities for students and faculty. The purchase of some needed equipment was deleted until a more favorable time.

Our per capita cost for 1961-62 was \$291.64 compared with \$287.70 a year ago. This is the basis for figuring tuition. However, because of the increase in the State Aid formula, our non-resident tuition will be down approximately \$14.

The car sometimes balks at starting, so if you hear a loud and incongruous sound some Sunday morning, you may find that it's the Searls family on the way to church - riding on the lawn

I missed church one Sunday last month because I didn't hear the church bells. And when winter comes and the storm windows are on, they'll sound even weaker. Church bells should be loud tude that the Searls family, one enough to invade bedrooms with a persistence that cannot be

S. Morse, who invented the telegraph, sent the first message as well: "What hath God wrought?" Compare it with what we have seen of Telestar communication. Most of it appears to me to be created to make the sender seem the most important entity in the world. Each participant apparently is aware that the whole world is watching and the material transmitted by this wonderful system so far has been little but "patting one's own back."

We have lost the sense divine origin in what we do. Or so "it seems to me,"

Have you ever wondered what becomes of the animals used in laboratories that develop new drugs? The Hearst Press gets upset about this and crusades about it every year or so. And perhaps with some justification.

Representative Martha Griffith, a member of the House of Representatives (Democrat), recently introduced a bill to establish standards for the humane treatment of these animals and to license the scientists using them. Personally, I fail to get excited about this situation until my Misty (a honey-colored cocker) looks up at me with ber big
