

Insurance for Students?

School Board Studies Plan

Cass City Schools students may or may not be given the opportunity to purchase individual school insurance, depending on the replies Supt. Willis Campbell receives from the company offering the policy.

Campbell presented the policy to the Cass City Board of Education Monday night at its regular meeting. Before offering the policy to the students, the Board instructed Campbell to find out if the company is nonassessable and if a certain percentage of the student body is required to enroll in the plan.

Nonresident Tuition Rates Lower This Year

Tuition fees for nonresident students attending Cass City High School will be about \$14.00 lower this year, School Board members were told Monday night at the regular meeting.

Kindergarten through sixth grade tuition has been set at \$140.55 and seventh through 12th grade tuition is \$153.31. Last year the figures were \$154.62 and \$167.20, respectively, for the two groups.

Supt. Willis Campbell attributed the decrease to last year's austerity budget. Because the school didn't spend as much, it didn't receive as much state aid per student.

Although complete figures on the number of tuition students attending school this year were not available, Campbell estimated there were a few more than the 161 last year.

The formula used to arrive at nonresident tuition this year is as follows:

Kindergarten - Sixth	
Per capita cost	\$291.84
25 per cent increase	72.91
	\$364.55
Less State Aid	224.00
Tuition	\$140.55

Final Sugar Beet Payment Sent to Area Farmers

Gilbert Smith, manager of the Caro plant of the Michigan Sugar Co., announced that the final payment for the 1961 sugar beet crop is in the mail. The third payment amounts to 7923 a ton and totals \$129,800 to growers serviced by the plant, Smith said.

The payment brought the total per ton to \$12,252.3, lower than the previous year when sugar content was greater.

1962 Crop
Meanwhile, Smith said, 28,000 tons of the estimated 150,000-ton crop was processed at the Caro plant during the first week of the current harvest.

The total tonnage will be down from last year's 163,000 tons, Smith said, because of the reduction in the number of acres planted this year.

A bright note for farmers, Smith said, is that a test taken Oct. 6 revealed sugar content of the beets was 15.44, just two per cent higher than last year. The amount of sugar in the beets helps determine the amount paid per ton to farmers.

Sugar beets in the area served by the Caro plant is big business. Last year over \$2,000,000 worth was handled.

No Injuries Reported in Five Area Accidents

Five minor accidents, involving area persons, but with no reported injuries, were investigated during the past week by village and county police.

Police Chief Carl Palmateer was kept busy Monday afternoon when he was called to investigate two accidents at 2:00 p.m. and 4:20 p.m. Although the cars involved suffered minor damage, no injuries were reported.

The first accident took place when a car driven by Janet Warner, 21, backed out of a driveway at 4423 Koenig Road and struck a car driven by Mrs. Mark Tuckey, 20, Cass City.

The front end of the Tuckey vehicle was damaged. Robert C. Warner, one, was an occupant in the Warner car.

The second accident occurred when a parked car owned by Sister Mary Jean Annette, 34, Clawson, was struck on Seeger Street by a dump truck driven by Garrison Stine, 45, Cass City.

According to Palmateer's report, Stine backed across the street and struck the parked car, damaging the left front fender. In the truck with Stine was Ed Schwartz, 33, Cass City.

Gagetown Accident

A combination of heavy fog and falling asleep at the wheel caused an accident early Sunday morning near the south village limits of Gagetown.

According to a report filed by Deputy Paul Berry, James Wilson, 30, Gagetown, was approaching Gagetown at 12:50 a.m. in a heavy fog and collided with a parked car owned by Clarence Becker, Allen Park.

Wilson told Berry that he must have dozed off just before the accident.

More From Village

Two accidents resulting in damage to four automobiles but no injuries to the drivers were investigated by Patrolman William McKinley over the week end.

Saturday afternoon, cars driven by J. B. Wright, 55, Clio, and Bernice C. Rutkowski, 26, Tyre, collided at the intersection of Oak and Pine streets. The right front fender and door of the Rutkowski vehicle were damaged and the front bumper and hood of the Wright car were damaged.

Heavy fog was blamed in a two-car rear-end collision late Friday evening, a half mile south of Cass City.

Involved in the accident were Olga Luskavitz, 46, Cass City, and Donna Marie Morse, 25, Snover. According to McKinley, Mrs. Luskavitz was driving at a slow speed on South Cemetery Road because of the fog and Mrs. Morse failed to see her in time to avoid the collision.

Damaged in the collision were the right front fender, hood, door and radiator of the Morse car and the trunk and rear bumper of the Luskavitz vehicle.

SHAGGY DOG STORY—Cass City High School sophomores wolfed down the first prize during Friday's annual Homecoming Parade with this huge colorful dog float. "Bury Their Bones" was the theme. Second place went to the junior class and their animated steam iron float. The pretty young lady in the upper left-hand corner is

Suzanne Barnes, 1962 Homecoming Queen. Suzanne, the daughter of Mr. and Mrs. Andrew Barnes Jr., was crowned during half-time ceremonies at the Cass City-Bad Axe game. Members of her court were Amelie Claus, Kathy VanVliet, Sandy Copeland and Ann Starmann. (Chronicle photo)

Student Progress To Be Keynote at Band Concert

Parents of beginning band members will be given an opportunity to see how their children are progressing at a Band Booster sponsored concert in the high school auditorium Tuesday, Oct. 23, at 7:30 p.m., according to Richard Case, director.

While all bands will be featured and the concert, the first of the year, is free, the session is designed primarily for band parents.

A short business meeting and refreshments will follow the concert.

In other band business, Case termed the band's attendance at the Michigan State University Band Day, Saturday, as "a tremendous experience."

The Cass City Band was given the rare distinction of being the first to play during the pregame session. At half-time the local band and 37 other bands from around the State gave a massed performance.

To attend the invitational meet, the 42 members of the Cass City band left Cass City by bus at 4:45 a.m. Saturday morning. Col. Howard, director of the United States Air Force Band, directed the massed bands.

Link Bay City Men To Area Burglaries

Bay City State Police, after months of investigation, have reportedly linked two Bay City men with two burglaries and an attempted break-in in Cass City over the 1962 New Year holiday.

The suspects are Bernard Horning, 28, and William LaPage, 24.

They have reportedly admitted to breaking into Auten Motors and Bulen Motors and to attempting to break into the Foodtown IGA which was then located

Hospital Drive Ends Tonight With Banquet

The Cass City Hospital Building Fund Drive definitely ends today (Thursday) Almer Krueger, president of the Board of Trustees, stated this week.

As of Monday, Oct. 8, the amount reported was \$60,500, leaving \$14,500 to be raised.

Krueger added, "In view of the excellent progress made to date and because of the generous gifts from the many friends of the Cass City Hospital, it will be a great disappointment to many if our goal is not reached by the Oct. 11 final report meeting.

"If there are those who have not yet been solicited for a three-year pledge, we hope that they will immediately phone the campaign office so that arrangements may be made for a volunteer campaign helper to call to Concluded on page two.

Clean-up in Final Phase

"The external beauty or image of a particular town reflects the internal character of the people of that town," Fr. Arnold Messing told an assembly of Clean-up Campaign committee members and Rotarians Tuesday at a luncheon at the New Gordon Hotel. The meeting was held in conjunction with the regular Rotary meeting.

Fr. Messing was the featured speaker at the official clean-up campaign kickoff. The program also included reports from various heads of clean-up committees.

"I believe we can show, through our efforts, that the people of Cass City are a conscientious people . . ." Father Messing continued. "Most important," he added, "is that we do it for ourselves (the community) . . . for the sake of all of us living here."

Mrs. James Bauer, general chairman for the campaign, reminded the group that one of the final major activities of the program, pickup of rubbish, was slated for today (Thursday) and Friday.

Pickup of the rubbish will be done by crews under the direction of the Department of Public Works and the Rotary and Gavel Clubs. Residents are asked to have the debris piled in front of their homes.

Whether or not the campaign was a success will be determined when the executive committee of the Chamber of Commerce makes a tour of the village Saturday.

Reports were given Tuesday by Edith Little, publicity; Keith McConkey, retail division; Curt Hunt, village president; Richard Palm, Hills and Dales administrator, and Willis Campbell, school coordinator.

Hunt told the group that councilmen had been appointed to inspect the various alleys in town to be sure that they were properly taken care of. The appointments were made Monday night at a special council meeting.

In other clean-up campaign news, an undetermined number of persons lined Cass City's Main Street Friday to watch a short but enthusiastic Clean-up parade.

Featured in the parade were Boy Scouts, Cass City High School Band, various clean-up cars and floats, new cars and students.

The preceding Thursday, Mrs. Richard Erla, Chamber president, Police Chief Carl Palmateer, Robert Stickle, driver training instructor, and Mrs. George Murray and Dave Kraft, essay judges, were featured in a school program.

Palmateer and Stickle spoke on various aspects of automobile and bicycle safety. The pair applied reflectorized tapes, free of charge, Saturday to those bicycles brought to the school in the morning.

Linda Brown, daughter of Mr. and Mrs. Dale Brown, Cass City, was named clean-up queen.

Essay winners were Shirley Freye and Lynn Haire. Miss Freye received a wristwatch and Miss Haire was awarded a camera.

Village Council in Special Session

A special village council meeting was held Monday evening in the Municipal Building.

At the meeting, the village was divided into sections and councilmen drew to determine which area of the village they would inspect to see that the clean-up, fix-up campaign was properly handled.

A request by Richard Erla for a SDD (liquor take-out) license, tabled at the regular meeting, was denied by a three to two vote.

Lose to Bad Axe, 33-0

Hawks Seek First Win at Sandusky

It was a sad homecoming as Bad Axe toyed with the Hawks Friday and steam rolled for a 33-0 victory at Cass City Recreational Park.

It was no contest from the opening whistle as Bad Axe scored twice in the first six minutes and seemed able to move the ball almost at will.

Undoubtedly, the Hawks have faced the best . . . how well they will do against the rest will start to be determined Friday at Sandusky when they meet the Redskins, one of the weaker teams in the league.

Perhaps if the team could find out just how it feels to score they might get started along the victory trail. Every team in the league has scored against the Redskins and Cass City figures to do so also.

Have Everything
Judged on the basis of their performance against Cass City, the Hatchets this year have everything . . . backfield speed and power, a hefty mobile line and adequate reserve strength.

The Hatchets rolled to a marker with the opening kickoff. Sticking on the ground all the way they scored in a march that covered 58 yards. Mike DeChane

capped the drive with a nine-yard jaunt to pay dirt.

Cass City fumbled on its own 37 and a moment later Lynn Somerfeld went to the one-yard line from where Ron Yagerman plunged over.

Bad Axe made it 20 to nothing in the second period with a pass from DeChane to Mervin Nelson good for 20 yards.

The score mounted to 27-0 in the third quarter as Al Hass capped a drive with a plunge from two yards out. Final marker was netted by DeChane as he went 60 yards with a punt return.

Cass City was unable to run against the Bad Axe defensive unit. They went to the air and completed four of 14 tries and had three first downs. Bad Axe had 10 first downs and completed two of six passes.

Nothing has gone right for Cass City this year, including the weather. For the third straight week playing conditions were miserable. On the preceding two Fridays rain hampered play. Against Bad Axe, it was fog that was so bad at times that it was hard for the fans on the sidelines to see the players.

Grant \$2,000 for Retarded

Tuscola County Supervisors moved to appropriate \$2,000 to the Tuscola County Retarded Children's Association during the opening days of their week-long October meeting which began Monday in Caro.

In granting the money, the board acted on a motion made by J. Arthur Haley, Vassar City supervisor. The school, serving 18 retarded children from throughout the county, is operated solely through donations. It's being operated at the old Carpenter School, two miles northwest of Caro.

Dr. Norman Westlund, Saginaw Valley Child Guidance clinic, came before the supervisors to ask for funds to cover the treatment of mentally disturbed children from the county by the clinic.

The board granted \$250 of a \$300 request. Last year, 26 county children received services from the clinic.

The Adult Mental Health Clinic of Saginaw, operating an adult program similar to the child clinic, asked for and received a \$1,875 appropriation. The same amount was granted last year.

The same allocations as last year were also granted for Soldier and Sailor Relief and for State bee hive inspection.

Soldier and Sailor Relief received \$800 and \$400 was granted for bee hive inspection. The bee hive inspection has been responsible for a steep cut-back in disease in county apiaries.

First Return Encouraging for '62 Chest Drive

The first envelope has been returned in the current Community Chest drive, Supt. Willis Campbell, drive chairman, announced this week and it shows a healthy boost in the amount collected.

Last year's drive from this area netted \$25. This year the total was \$41. Mrs. Cliff Demo was the solicitor.

Naturally, drive authorities do not expect results like this throughout the area, but they do urge solicitors to make and complete their calls as soon as possible. This year Community Chest President Paul Alfano has set Oct. 19 as the target date to complete the drive in Elkland and Novesta townships.

There has been no increase in quota which remains at \$7,000, much of which is spent locally.

From the Editor's Corner

Saturday was a beautiful day, but we hardly think it was as nice as two young fellows we saw near the expressway at Saginaw thought it was.

The boys, about 13 and 14 years old, were in swimming trunks and splashing around on a homemade raft in a roadside drainage pond.

We checked and double checked the figures on the school story last week but we should have checked again; For 20 per cent of \$906,016 is \$181,203.20 and that's how much the Cass City district was increased in valuation . . . not \$18,120, as was pointed out to us several times.

Sometimes as I sit in back of this typewriter trying to think of good interesting items for this column, I feel like chucking the whole thing to Dave Kraft who

SEATBELTS DONATED—Cass City Jaycees, in conjunction with their current Seatbelt Clinic drive, donated two sets of seatbelts for the village police car Monday. Police Chief Carl Palmateer is shown ac-

Rev. Braid Speaks To WSC Tuesday

Twenty-four of the 30 members of the Cass City Woman's Study Club attended the regular meeting of the organization Tuesday afternoon at the home of Mrs. John Sandham.

The Rev. James Braid, pastor of the Cass City Methodist Church, was the guest speaker and talked about a book, "The Unfolding Drama of the Bible."

He explained God's purpose in creation of humanity and said that the foundation of the religion was the Bible.

"With the Bible and no churches, Christianity would continue," he explained, "but with no Bible the churches and Christianity would be lost."

In the business meeting, Mrs. Sam Blades reported on the district meeting at Port Huron and plans for a benefit tea were completed.

Beware of the fellow who has an ax to grind—he may expect you to turn the grindstone. As a rule when a man gives himself away there is very little sacrifice involved.

EDITOR'S CORNER

Concluded from page one. seems to bat his column out effortlessly each week.

Despite the new freeway that extends from Bay City, via Clare, to Gaylord, old US-23 from Bay City to Standish was busier this Sunday than at any time we've seen it this summer.

More and more folks, it appears, are waiting until after Labor Day for a trip to the Northland. Many believe that now when the leaves are turning and the land is a blaze of color is the most beautiful time of the year.

Personally, we like it best in the spring. Nothing's finer than the first budding trees and a warm spring day after a long hard winter full of snow.

Farm Bureau Ladies Marriage Licenses Plan for Banquet

The Tuscola County Farm Bureau Women met Oct. 5 at the Farm Bureau Center in Caro with 31 present.

Reports were heard on district camp held at Skinner Lake where 12 from this county spent two days last month.

Mrs. Earl Taggett, Caro, spoke briefly on the November election and sample ballots were discussed and studied.

During the business meeting, conducted by Mrs. Clare Carpenter, chairman, plans were made for the county annual meeting and banquet to be held Oct. 16 at the Caro school cafeteria.

Members were urged to attend the annual meeting of the Michigan Farm Bureau women Nov. 7-8-9 at Michigan State University.

Mrs. Clare Carpenter installed Mrs. Walter Moderow, Reese, as the new secretary of the committee. Mrs. Gail Parrott, Cass City, who has served the past two years as secretary, was given a gift of appreciation by the group.

The next meeting will be held Nov. 2 at the Farm Bureau Center in Caro when a special program will be presented.

Keep up your courage and your courage will keep you up.

WSC Tea Tuesday To Aid Girlstown

Tuesday, Oct. 16, a tea will be held at the home of Mrs. Chester Graham to raise funds for projects sponsored by the Cass City Woman's Study Club.

One of the chief beneficiaries of the tea will be Girlstown, a project of the Federated Women's Clubs of Michigan.

The project is supported entirely by the Federation with the exception of money received from parents of girls who are able to assist in the program. Michigan club women formed Girlstown (Loch Rio) in 1958 in Belleville. It cares for nine girls, 10 years old or over. The girls must have normal intelligence and be sufficiently stable to attend public school. The small number enables the girls to receive individual attention.

Loch Rio is open to girls of all faiths and the girls attend the church and youth groups of their choice. Girlstown provides "therapeutically designed living experience with homelike atmosphere." It also provides training guidance and counseling for girls with emotional problems not so severe as to require full time psychiatric treatment.

Its ultimate purpose is to enable girls to live a happy and purposeful life. Authorities attempt to serve each district of the Michigan State Federation of Women's Clubs.

David VanOmmen sang "O Promise Me" and the "Wedding Prayer." He was accompanied by Miss Pearl Manner.

The bride, given in marriage by her father, chose a floor-length gown of silk organza featuring French appliqued taffeta medallions around the neck and cap sleeves. The bouffant skirt had appliqued scrolls extending to the hem. The gown was highlighted by a bustle bow at the waist and the fingertip veil of imported illusion fell from a crystal and pearl Swedish crown. She carried a bouquet of yellow roses, white carnations and ivy.

For her daughter's wedding, Mrs. McNeely chose a coffee sheath with brown accessories and a corsage of yellow roses and white carnations. The groom's mother wore a navy print dress with red accessories and a corsage of yellow roses and white carnations.

Alan Field, cousin of the groom, Larry Mannes and Jerry Skaggs, both of Holland, attended the groom. The ushers were Jim DeWeerd and John Kaiger, also of Holland.

SPEECHLESS WOMEN

As everyone knows who has heard those corny jokes about how much women talk, women have a reputation in some male circles for talking a lot more than men.

Be that as it may, there is one exception where women draw a blank when it comes to a varied vocabulary. That's when it comes to describing what's wrong with their cars.

For the benefit of women who know just as much as men but simply lack a few technical terms to describe things, here is some seasonal assistance:

It's been a tough winter on cars and chances are your car is likely to need an IGNITION OVERHAUL. That's simply a check of the electrical system. The BATTERY under the hood is the source of all the power, which it supplies to your SPARK PLUGS, which in turn fire the gasoline in the PISTONS of the engine.

There are other parts to this system - GENERATOR, POINTS, COIL AND STARTER. If your car doesn't start with the snap it did after your last tune-up, bring it in and we'll be happy to perform a thorough inspection of your entire electrical system. We won't charge you for it and we'll be pleased to explain anything you don't understand.

Our service department exists only to satisfy REAL service needs. If your car doesn't need service, our mechanics will be the first to tell you. If it does, AND YOU WISH TO GET IT DONE IN OUR GARAGE, we'll do it economically and guarantee our work.

Wilson Organizes Flag Football Here

Coach Wayne Wilson announced this week that a "flag" football league has been organized for boys in the fifth, sixth, seventh and eighth grades. Flag football eliminates tackling and "tackles" are made by pulling a cloth marker from the back pocket of the runner.

There are four teams in the league. Three games have been played.

Colts-Browns
Carl Weippert led the Colts to an easy opening victory, 24-6, with touchdown runs of 40, 25, 30 and 45 yards. Lone score for the Browns came on a 40-yard pass from John Maharg to Allen Zawilinski, who ran the last 20 yards for the touchdown.

The Packers scored on a pass from Jim Walters to Phil Gray. The same combination clicked for the extra point.

Colts-Lions
Behind the running of Carl Weippert, who scored two touchdowns with punt returns of 65 and 60 yards, the Colts coasted to their second victory in as many starts, 24-12. Area Man Waives Extradition on Neglect Charge

A Cass City area man waived extradition Wednesday, Oct. 3, and agreed to return to Indiana to answer charges of neglect of a minor, during his appearance before Circuit Court Judge Timothy Quinn in Caro.

Stanley Keel, reportedly employed at the Thomas Creason farm near Cass City, waived the extradition complaint issued by Indiana police and agreed to return to Kokomo, Ind., to answer the charges.

The complaint charged him with failure to provide a proper home, care, food and clothing for a minor child, Nikki Sue Keel.

A Fairgrove man, charged with forging a \$65.00 check early in August was given a one-year probationary sentence and ordered to pay court costs of \$75.00 and make restitution of \$65.00 when he appeared before Judge Quinn during the same session.

Andrew Gutierrez, Fairgrove, was ordered to make the payments at the rate of \$35.00 per month for the first four months. He reportedly forged the check August 7, in Caro, on the Fairgrove Branch of the State Bank of Caro.

Bond in a paternity case against Vincent Candela, Tuscola, was set at \$200. An unwed Tuscola woman alleged in her complaint that Candela is the father of her daughter born August 5.

IT SEEMS TO ME Have A Careful Look At the Issues First

By the Rev. Robert J. Searls

Three big events transpired for citizens of the United States in one day last week, Wednesday, Oct. 3. One was the continued watch over the University of Mississippi by Federal troops. Second was the thrilling final game of the National League "rubber" game between the Dodgers and the Giants. Thirdly was the space shoot that took Astronaut Schirra on six orbits around the world in a space craft.

One real nice deal was the way the television people had it set up so that you could watch the baseball game and still not lose track of what was happening with Schirra.

Or so it seems to me. The rebellion that centered around "Ole Miss" this last week has not made our relations with other nations any better.

Gov. Barnett seems intent on becoming a leader in a civil war of his own, and on David Brinkley's show on the matter he was perceived as a demagogue of the old school. Every American, except perhaps some citizens of Mississippi, knew that Meredith would eventually be arrested, but before it was accomplished, the white citizens of that great State painted for the world a black picture of our nation.

Do you realize, however, that the "Arkansas rebellion" under Gov. Faubus (who did then just what Barnett is doing now) is past us by two years?

Ralph McGill, a Southern publisher of a great newspaper who also writes a column used by other daily papers (among them the Detroit News), is one of the most widely-read writers. He has lived in the South for some years now and by inclination is a segregationist, but is also sane.

It would take bravery, when you live there and have invested in business there, to urge a careful look at the issues first, before action. And it ought to remind us in the North, that we, too, have our own types of prejudice by race.

Or so it seems to me. One of the most active moves toward Church union recently involves two local churches. I have mentioned it in the past but now allude to one of its problems.

The Churches are the Evangelical and United Brethren (itself the result of a merger) and the Methodist Church. Mr. Sam Wurtz of Cass City will attend the General Conference of the EUB's next month, but the Methodist General Conference (ruling body) is still two years away. The major difference between these two bodies is size - EUB has 750,000 members in the US, while the Methodists reported more than 10,000,000!

The prevailing mood seems to be a desire to merge because it will enlarge the scope of service by the EUB group; a willingness to have them on the part of Methodist leaders.

Locally, the two churches constitute two of the three members in the Cass City Council of Churches.

The Presbyterians will just have to wait for the Blake-Pike proposal to result in concrete proposals for action.

Or so it seems to me. Parochial school boards across the nation (78 per cent of them) seem willing to do their work within the same framework as

Credit Topic at Regular Greenleaf Extension Meeting

The Greenleaf Extension Group met Thursday, Oct. 4, at the home of Mrs. Lynn Spencer. Ten members and one guest were present.

Mrs. Rayford Thorpe, chairman, presided at the meeting. The lesson on "Managing Your Family's Credit" was given by Mrs. Henry McLellan.

Roll call was answered by telling about the best investment made by the member. These answers seldom concerned money.

Mrs. George Fisher Sr. gave a report on the homemakers conference, which she attended in August.

Mrs. Lynn Spencer has been appointed vice-chairman replacing Mrs. Fisher, who is a member of the County Extension Council and therefore cannot hold an office in the club.

District Director Addresses BPW

Mrs. Margaret Busch of Alma, District No. 5 director of the Business and Professional Women's Club, was the featured speaker at the local club's regular meeting Wednesday evening, Oct. 3, at the New Gordon Hotel.

Mrs. Busch reported on a recent BPW meeting in Chicago. She reminded the group that National Business Women's Week (Oct. 7-13) is now in progress.

The club is slated to hold a candy sale soon to raise money for civic service programs scheduled for this year. One of the programs will be the offering of a scholarship award similar to the award given last year.

An estimated 50 persons attended the "Guest Night" meeting.

Cassland Group At Bliss Home

The Cassland Farm Bureau group met Monday evening at the home of Mr. and Mrs. William Bliss.

Mrs. Ed Golding and Mrs. Clara Carpenter reported on the district 6 camp for Farm Bureau women and on the activities of the Tuscola county Farm Bureau women.

Alfred Goodall spoke on the farm program and the farm tax burden.

A general discussion was held on the coming November election and the candidates reviewed. Mrs. Carpenter led the discussion on vital issues which make this the most important election and urged the group to decide on these issues and vote.

A cooperative luncheon was served by the hostess.

Mr. and Mrs. Ellwood Eastman will entertain the group at the next regular meeting Nov. 12.

Final Tests of Research Must Be on the Farm

The final test of almost any agricultural research needs to be made on the farm and this is exactly what is being done in Tuscola county, as reported by Don R. Kebler, county extension agent in agriculture.

One of the many good examples of this research in action can be seen in the replicated wheat fertilization plots located on eight cooperating farms.

Three years ago these plots were set up by Michigan State University soils and agricultural economics departments. Their goal was to try to determine the amounts of differing plant food nutrients needed for most economical wheat yields.

Each farm plot is divided into four one-acre strips and the farms are located in an area from Fairgrove to west of Unionville.

Besides the replication of experiments followed in the past two years, the plots will be testing the effects of zinc applied in the fertilizer.

Half of the fertilizer used on these zinc test plots was donated by fertilizer companies represented by Robert Schantz, Caro; Richard Shaw, Cass City; Thomas Karpovich, Watrousville; and William Zurawski, Bay Port.

Cooperating farmers are Robert Foster, Fairgrove; Albert Vollmar, Caro; Clarence Wildner, Unionville; Howard Hare and Harold Abke, Unionville; Ralph Rayl and Franklin Turner, Akron; and Bernard Romain, Caro.

NATIONAL PHARMACY WEEK
And A Good Time to Tell You
— OUR CREED —
We Faithfully Pledge ---

- To build a store that will be a credit to the community.
- To foster a fine relationship between the store, its customers, co-workers and suppliers.
- To maintain quality and always sell merchandise at a fair price.
- To consider no transaction closed until the article purchased has rendered satisfaction.
- To understate rather than exaggerate our advertising and selling.
- To measure success only by the service which we are able to render our customers.

National BPW Week in Progress

National Business Women's Week will be observed in Cass City and nationally Oct. 7-13. The announcement was made by Dorothy Muntz, president of the Cass City Business and Professional Women's Club. The club is a member of the National Federation of Business and Professional Women's Clubs, Inc., which sponsors the celebration.

The annual observation is a tribute to all business and professional women throughout the country. National Business Women's Week this year has as its theme, "Leadership - A Dimension in Democracy." The Federation has a membership of 175,000.

Success demands initiative—Nature freezes water, but a man has to cut his own ice.

NARROW-MINDEDNESS
Boil down the opinions of some people and you have nothing left but a few prejudices.

LITTLE CHANGE
Toss your budget away just once—it's surprising what happens when ends don't meet.

UNKNOWN
The things people know seldom hurt them—it's what they suspect that causes the trouble.

CLEAN UP WEEK OCTOBER 8 — 13

PRIZES PRESENTED—Winners of the Chamber of Commerce sponsored clean-up essay contest are presented their prizes by Richard Erla, Chamber president, and Mrs. James Bauer, general chairman. Shirley Freye, daughter of Mr. and Mrs. Rob-

ert Freye, high school category winner, was awarded a watch and Lynn Haire, daughter of Mr. and Mrs. John Haire, elementary winner, received a camera. Miss Freye is a junior and Miss Haire is a sixth grader. (Chronicle photo)

SCOUTING AROUND for things to do, these Cass City Boy Scouts felt the best way to clean-up the village was by doing the job together. The troop led Friday's parade through town. Earlier in the week,

the troop distributed clean-up leaflets throughout the community under the direction of Jim Ware, Scout leader.

"**WOMAN'S WORK** is never done," says the sign, but these five housewives, dressed in cleaning garb, don't seem to mind. The carload of "lady laborers" was a popular part of the clean-up parade, Fri-

day. They are, left to right: Mrs. Howard Bacon, Mrs. Ed Fritz, Mrs. Cliff Ryan, Mrs. Jim Champion and Mrs. Earl Douglas.

ESSAYS—Mrs. George Murray, former English teacher and the wife of a General Cable official, and Dave Kraft, Chronicle news editor, give a last minute going over to some of the many essays entered by Cass City students in a contest held in conjunction with the village-wide clean-up promotion. BY LYNN HAIRE SHIRLEY FREYE

What Clean Up, Fix Up and Paint Up, Means to Cass City Have you ever stopped to think what clean up, fix up and paint up means to Cass City? It means a great deal.

When you go for a ride through the town or country, have you noticed all the paper on the ground, put there by thoughtless people? Are you one of them? If you are change your ways! There are baskets, use them!

When you were riding did you see houses with broken windows, broken fences, or broken stairs? Do you have things like that where you live? If you do, fix them! Also, when you were riding did you see houses that distract from the neighborhood, probably because they need painting? Do you own one of those houses? If you do, get them painted or fixed in places.

Ask yourself, is there anything I can do to help? Yes, definitely! You can help by cleaning up, fixing up, and painting up. Let's make Cass City a better place to live in!

Conscientious Cass Cityites In many towns all around the country, people are starting clean up drives with the beginning of fall weather. Cass City is now a part of this plan.

With the beginning of fall comes newly fallen leaves and windy days. Papers from uncovered trash barrels are blown for several blocks, along with unraked leaves. During this time some towns appear very neat and kept up, while others look like ghost towns reinhabited. One could be safe in saying that the neat and clean town has residents who care about other people's opinions enough to do a good job of cleaning, raking and repairing, not only during clean up week but all year round. You know how a messy, unkept town looks to a visitor or one passing through, because you have probably witnessed one such example. Why should our town be classed as a typical small town with dirty streets and unkept neighborhoods?

When someone mentions Cass City we want a good reaction to our name, not a frown and ugly words in reply.

Not only during clean up week should we be conscious of our houses, yards and streets, but all the time, year round.

Cass City is a town to be proud of. It is not just another typical small town somewhere in the Thumb. Why mask our wide main street, our picturesque side streets with churches, schools and tall houses, under a layer of dirty papers, leaves and bits of garbage?

During clean-up week everyone, no matter how young or old, can do something to help. Young children can easily make a game out of picking up papers and raking leaves.

Buying a litter bag from the Zonta Club and Business and Professional Women's Organization can prove to be a constant reminder to throw a small piece of paper into it, rather than out the car window.

We have something to work with, which is a basically picturesque town. With a little polishing and raking we will let visitors from miles around see and remember. From a little work, we will all benefit greatly.

WE NEED YOUR HELP

PROGRESS REPORT—Wally Zawilinski, right, co-owner of the Cass Tavern, shows Gib Albee, left, and Keith McConkey, center, the renovation being done to the front of the tavern in con-

junction with the fix-up portion of the current campaign. McConkey is head of the Chamber of Commerce Retail Division and Albee is head of a Rotary clean-

up committee. Exterior work is expected to be completed sometime this week. Some interior work is also planned. (Chronicle photo.)

CASS CITY, MICHIGAN THURSDAY, OCTOBER 11, 1962

COMMENTS BY KRAFT

"Tilt Bed and Wench" Sounds Good, But ...

By Dave Kraft

It pays to advertise, it's true, but some of the bargains you're apt to find in the Chronicle liner section are just too good to be true.

Take the liner Cliff Ryan ran last week. It caused a lot of comment around town and raised a couple of questions in my mind.

It read in part: "For Sale—Implement trailer with tilt bed and wench."

Sounds like a pretty good deal. The only trouble is, while you might get by with the trailer and the tilt bed, you'd never get the wench through the door. Especially if you have a wife like mine.

If he keeps offering items like that, he'll have to change Deere to Deere.

This clean-up campaign has gotten entirely out of hand. I mean it's nice that the town is interested in presenting a good front, but why go to extremes.

My wife has me out raking leaves that I hadn't planned to do anything about for at least another month.

I'd also like to explain about that essay contest I helped judge at the school. As you may know, Lynn Haire was the elementary winner. She is also my boss' daughter.

It was pure coincidence. Mrs. George Murray and I read each of the papers carefully.

Then I took them home, put them in the crib with Sally and the one she chewed on the longest was the winner. Really quite simple.

The fact that there were hints that my job would be forfeit if Lynn lost hadn't a thing to do with it, believe me.

Actually, no one was more surprised to learn that she was the winner than I. Besides, she

said she'd sell me her old camera at a price.

The drive has been a real drag on Mrs. Jim Bauer, the general chairman. It's evident in some of her work. She spent considerable time painting "Don't Litter" on the litter cans deposited along Main Street. She forgot to put the apostrophe in "Don't."

At last! I've found a champion I can look up to, a believer in my beliefs — a rat hunter.

Not just a rat hunter of lowly stature like me, but a real true blue blood, higher echelon, top dog, way-up-there rat hunter.

I read about her in a recent Free Press as follows:

"I do wish the public were more rat conscious. (Bravo) Mrs. Kathleen Thornburn, 55, a dedicated rat catcher, made this plaintive observation at the Woman-of-the-Year luncheon in London, where she was the center of attraction.

"I can hardly say it helps me socially." (I have the same trouble.) She said, "but it's the call of the hunt, you know. (You said it, kid.) My father was a naturalist and I collected rats in childhood."

Mrs. Thornburn says she frequently distresses her hostesses by pointing out "as many as 10 rat holes in their homes." (Keep it up lady, a rat's a rat no matter where you find him.)

Her husband, a retired tea planter, keeps himself aloof from rats. (Just like my wife.)

Two years ago the annual extravaganza was shifted from New York to the Motor City to mark the opening of Cobo Hall. This year, Oct. 20-28 it will return to the same 300,000 square feet of display area in downtown Detroit.

Fashion shows, stage performances, a national television program originating daily from Cobo Hall, travel movies and an old car parade highlight the 44th annual display of the modes of travel in the U. S. A.

Sponsors of the show, the Automobile Manufacturers Association, boast the 1962 display will be the most spectacular in the long history of the event. Each auto company has been allocated more space, to allow a more complete display of the new car lines than ever before.

In addition to the daily morning telecast from the arena, an hour-long color broadcast will bring millions of families to the scene on the evening of Oct. 21.

A special concert by the Detroit Symphony Orchestra on Oct. 18 and the appearance of Vice-president Lyndon B. Johnson on Oct. 22 also are expected to attract record-breaking crowds to this year's display.

The beginning of a state-authorized student loan program is under way, according to Superintendent of Public Instruction Lynn M. Bartlett.

Some \$572,000 will soon be available to Michigan students who need money to obtain college educations.

The program is under the jurisdiction of the Michigan Higher Education Assistance Authority created by the 1960 Legislature. No state funds were appropriated for the operation of the Authority, however.

The Authority solicited private funds to start the program this fall and received agreement with a group of Michigan banks for a guaranty program. Under the agreement every \$1 contributed is guaranteed a \$10 loan for a student.

Bartlett said the program set-up provided that each college and university could retain its deposits into the guaranty fund for use by its students.

The largest contribution came recently when the University of Michigan deposited \$50,000 with the Authority, to secure \$500,000 in loans for students at the Ann Arbor institution.

There is risk in buying land you have never seen, according to reports reaching the Consumer Protection Division of the Attorney General's office in Lansing.

A prime example was a mail offer sent to many Michigan residents offering land for sale in Hawaii.

The advertisements indicated the land was on a beautiful estate on "palm-fringed beaches of white sand or glistening black, together with brilliant orchids and crystal clear water." The property was minutes away from the golf course, had an excellent water supply and free transportation.

tion to schools, according to the in Michigan.

A closer look at the offer, according to Atty. Gen. Frank J. Kelley, disclosed a somewhat different picture.

The investigation showed the nearest golf course was 40 miles away. The one-room grammar school 12 miles away and high school 23 miles away were not served by any transportation. The "excellent water supply" was available only by trapping it on the roofs of the houses.

In addition to the variation from the claims, Kelley said the company which mailed the offers was not qualified to do business

The worst of the traffic accidents in Michigan is yet to come with the approach of winter, but one area of vital statistics begins to drop off in the latter part of the year.

This year, the water accident record improved in two areas, but showed an increase in the most important area. Some 210 persons drowned in the various types of water accidents this year, for an increase of nine victims from last year.

The 423 accidents recorded, however, represented a decrease of 62 and a drop of 28 was noted in the number of persons injured.

4-H Leaders to Study at Capital

Three 4-H leaders will be going to Washington, D.C., to study at the National 4-H Center. The leaders are Arnold Zwerk of Vassar, Mrs. Harold Pike of Fairgrove and Mrs. John Wenta of Postoria, according to Ed E. Schrader, County Extension Agent in 4-H Club work.

While in Washington, they will be a part of the inter-state leaders forum which attracts leaders from all over the USA. Michigan is sending 23 leaders to take part in the program.

The Michigan delegation will travel to Washington by bus. The delegates will arrive at the National 4-H Center Oct. 22 for a five-day stay. Miss Dorothy Emmerson of the National 4-H Foundation will be in charge of the study groups.

The Tuscola county delegation is partially sponsored by the 4-H Service Club, the 4-H Council and the 4-H Mother's Club.

Schrader pointed out that this is a chance of a lifetime for 4-H leaders to study at the Center with nationally known 4-H personnel.

Personal News and Notes from Shabbona

Uncle Tim From Tyre Sez:

Dear Mister Editor:

The fellers at the country store Saturday night was speaking with their usual wisdom on all subjects. In the years I been attending the sessions they ain't been a time when they was lost

for the answer to any problem now or in the hereafter. I recollect reading where Daniel Boone claimed that in all his wanderings he was never lost. But even ole Dan'l owned up that they was a couple times when he was bewildered. I can't recollect a time when the fellers at the country store was ever bewildered.

For instant, they was talking Saturday night about that Congressman from Georgia still trying to git the President to set a date ever year for national "Old Folks Day." Ed Doolittle allowed as how it wouldn't work. He claims that the only folks that'll admit they is old would be too old to enjoy the "Day."

Farthermore, said Ed, he don't think we got a "Day" left in the year that ain't been already took. They started out naming a "Week" fer so many things they run out of weeks and got down to a "Day" and anytime now, claims Ed, he's looking fer 'em to start setting aside a "Hour" fer what few items that has been missed with a "Week" or a "Day." All the fellers said they was expecting any time now to git a proclamation from the White House announcing a "New Frontier Hour." Natural, this "Hour" will be fer Democrats only. The Republicans will have to git their own hour.

And speaking of hours, the fellers Saturday night was discussing this campaign the big city workers has got going to git a four-day week. Zeke Grubb predicted the next move would be fer a four-hour day with two hours off fer lunch, plus a increase in wages and more of them "fringe benefits." Zeke allowed as how he wasn't agin the working man, being a 12-hour-a-day worker hisself, but if they keep going in this direction, claims Zeke, he's going to be the only working man left, just him and the fellers that reports fer their pay onet a week.

Moving over to the international scene—as them Washington column writers calls it—the fellers was a little concerned over us fighting so many brush fire wars so fur from home. And Clem Webster reported he had saw where another one of them small nations was asking fer help agin the Chinese Reds. Clem claims our State Department ought to write 'em back that we just got too many ahead of 'em and that they'll have to wait their turn in line. All the fellers was agreed we're going to have to set up a priority system and decide which countries we're going to fight fer first. Bug Hookum allowed as how they wasn't no doubt which countries our State Department would put first, them countries like India that was getting the mostest and doing the leastest fer our side.

Yours truly,
Uncle Tim
