

Wilson Outlines Athletic Plan

"While we are wallowing around in an athletic program that was designed 10 or more years ago, the teams we compete against have been revamping their systems in leaps and bounds". Athletic Director Wayne Speed Wilson explained to the Cass City Board of Education in a prepared pamphlet outlining the problems of his department at the school.

Wilson explained the problem and then proposed changes that he felt were necessary to bring the program to a par with other area schools.

He said that better utilization of present facilities, new equipment and more part-time coaches were vital to a sound athletic program.

He said that new uniforms were needed in football, baseball and track and that there were not enough bats, balls or bases on hand for the baseball program.

He pointed out the paradox of Cass City's excellent track facilities (so fine that two large state meets are held here) and Cass City's track team competing in uniforms that "should have been tossed out three years ago."

Facility Use
Wilson asks that both the high school gym and the elementary gym be used more than they presently are. He suggested that the varsity could work after school one week and in the evening the following week and the junior varsity alternate practice sessions with the varsity. The plan would enable the teams to practice on the full court instead of half court.

Wilson said that Freshman basketball could be taught during the school day and Junior High practices held in the elementary gym every night after school.

Only two things are needed, Wilson said, to make it a usable gym. The baskets should be raised to the proper heights and showers installed in the available space.

He also suggested that the high school gym be opened all day Saturday and a couple of hours on Sunday afternoons during the winter months.

Coaches Needed

The program needs two more part-time coaches. "The day is over when we must question the faculty to find out who might like to be a coach for that particular year. We must hire men schooled in athletics, who know what they are doing and who have a definite love for the sport."

"Some of the best academic teaching in the state is done by coaches," Wilson said.

The coaches would handle Junior High and Junior Varsity in football. In basketball they would switch to the Freshman and Junior High teams. During spring sports one of the men would handle Junior High track and the other the Junior Varsity baseball team.

In the Thumb B League, in which Cass City competes, schools have programs that start in the fifth grade and continue until graduation. Without a revamping of the program in Cass City "the day or season is not too far away when we will become the doormat of the conference in which we compete," Wilson concluded.

\$5,500 for Equipment Okayed

School Grants Pay Raises

Cass City High School will spend \$5,500 for athletic equipment next year. The money was authorized by the Cass City Board of Education after the critical condition of the department was outlined to the board Monday night by Athletic Director Wayne "Speed" Wilson and Coach Orie Lemanski.

In addition, the board approved extra pay for the coaches and gave raises to most of the system's "non-teaching" employees. The board was also brought up-to-date on the school's \$1,605,252 insurance policy.

In an hour and 15 minute presentation, Wilson and Lemanski outlined equipment needs in football, basketball, track and baseball.

Wilson charged that old, sub-standard equipment was destroying player morale and jeopardizing the safety of the students.

He also asserted that by giving the teams better uniforms and equipment, much would be done for morale and would go a long way to making better teams.

In explaining the safety factor, he pointed out that junior varsity helmets are not "protective enough." Unless something is done, he commented, "we shouldn't let that particular phase (junior varsity) of the program continue."

"We need equipment for young men," he charged, "no more 'B' grade equipment."

With the purchase of new equipment, the materials now in use will be rotated down, high school to junior varsity, junior varsity to freshmen, freshmen to junior high.

Perhaps Wilson's strongest argument was his calculation that game receipts, with four football home games scheduled and seven home basketball games, would be in the neighborhood of \$5,000.

He suggested an adult price of \$1.00 and 50 cents for visiting students. He suggested, also, a popcorn concession and charging for junior high games, as methods of bringing up game receipts.

In summing up, Wilson remarked, "We both (the coaches) realize athletics are not first... academics are. Athletics, however, are an important part of the school. Our boys always put up a good fight... we should do as much as possible to help them fight better."

Grant Pay

The coaches prefaced their equipment request with a pay request for junior high and freshman coaching. Wilson asked \$150 for junior high coaching and Lemanski sought \$75 for freshman coaching.

There is no junior high coach this year. However, the supplemental pay schedule allows \$400 for a junior high coach. Both coaches received part of the money for coaching junior high football.

The board voted to give Wilson \$100 and Lemanski \$50.

Increase Insurance

An additional \$100,000 cover-

age was ordered on the high school building after the board heard a report from Ed Doerr, school insurance agent.

Currently, the school carries an \$800,000 maximum replacement cost policy on the main building. Doerr explained that in the event of a total loss, the insurance company would pay up to \$800,000 to replace the building.

Any cost over that would have to be defrayed by the system and in the event replacement cost was less than \$800,000, the school would not receive the balance.

Doerr reported that the \$800,000 was a "minimum" allowed on replacement in order for the policy to go through and that it would probably cost much more to build a complete new school.

Question Honors Value

Principal Arthur Holmberg reported that most state schools are doing away with the naming of a valedictorian and salutatorian and asked the board's opinion on similar action at Cass City.

He explained that sometimes there is such a small margin between the grade points of the second person and the third person that two much significance is placed on that difference.

He suggested that Cass City, as is done elsewhere, name a top percentage of the class for honors. The matter was tabled.

Executive Sessions

James Milligan, board member, read a letter from the State Board of Education explaining the local board's position on secret ballot and closed meetings. Milligan wrote the department. Concluded on page four.

Sentence Curtis For Aiding in Recent Jail Break

BULLETIN: Jerry Curtis, 17-year-old Deford youth, accused of aiding in an escape attempt from the county jail, was given an 18-month probation sentence with the first 60 days in jail, during a Circuit Court session Wednesday in Caro. He was also fined \$100 and ordered to pay costs of \$50.00. After the 60 days, his release will depend on whether or not he has a job.

Arraignment of Steve Hrabec, Cass City, was completed Wednesday, Mar. 6, during a circuit court session in which Hrabec pleaded guilty to assault with great bodily harm less than murder. He appeared before Circuit Court Judge Timothy Quinn.

Hrabec, currently on bond and living with a daughter in Madison Heights, was continued on bond and will be sentenced Wednesday, Mar. 27. He is charged with attacking his wife with a hammer last November. Mrs. Hrabec recovered.

In other court news, Louis Cook Jr., convicted of writing a \$2,023.86 check with insufficient funds, was given a three year probationary term and ordered to pay a \$500 fine and costs of \$100. The money will be remitted if he lives up to the probationary terms.

Cook wrote the check against the State Bank of Vassar on January 18.

Charles Gray, on probation for the breaking and entering of the North Grove Inn in August, 1961, satisfactorily completed his one-year probation and was allowed to withdraw his plea of guilty. The bar is owned by Steve Orto, former Cass City chief of police.

On other fronts, Jerry Curtis, Deford, being held for aiding in an escape attempt, was to have been sentenced Wednesday.

Curtis smuggled seven hack saw blades to Louis Cook and convicted murderer Glen McDonald. Cook was apprehended as he tried to saw his way out.

ROCKY REWARD—Stan Asher looks over some of the countless rock samples he has found, been given or bought over several years of collecting. In his hand is a

piece of galena, a lead ore, originally valued at about \$600. The rock figured in a get-rich-quick scheme that failed. His collection includes rock samples from 15 different countries. (Chronicle photo)

Curiosity Key to Becoming A Rock Collector—Asher

Rock collecting for "fun and profit" is rock hunting mostly for fun and unless a collector has a strong sense of curiosity, it can soon stop being fun.

Stanley Asher, co-manager of Thumb Appliance, is a rock collector who ran out of curiosity and as a result, his rock-filled basement is in no further danger of running out of space.

"I've reached a saturation point," Stan explains as the reason for giving up the collecting he began as a "kid." "I wanted most to see what a rough diamond looked like and when I satisfied myself, I lost interest."

One compartment of Asher's basement is lined with shelves full of rock samples from 15 different countries, accumulated steadily until about five years ago.

His collection contains samples of such exotic stones as India Tiger Eye, Mexican "crazy legs," gold ore and pure gold samples, Petoskey stones, Oregon agates, jade, fossils, copper, oil stone, rough diamonds, several different semiprecious stones, geodes and galena and numerous unidentified samples.

Asher is full of anecdotes about rock collecting experiences, but perhaps the most heart-rending was a discovery that nearly made him rich.

A friend gave Asher a round rock about half the size of a volleyball. He kept it around the basement for quite awhile and finally broke it open.

The inside was semibright

gray-blue with a distinct cubic cleavage. He thought nothing of it and soon forgot about it.

A geologist friend from Detroit visited him and Asher gave him a piece of the rock to test. "When he returned," Asher tells, "he asked me where I'd found it. It was galena, a lead ore, and if there was a large enough quantity, both he and I would be rich."

"He also told me that the sample, before it had been broken, was worth about \$600. I wouldn't tell him where I got it because I wanted to protect my friend's interests."

Asher's only problem was that his friend had had the rock so long that he couldn't remember where he'd found it.

During this interview, he gave the reporter a deep yellow Oregon agate as a good luck stone, a tradition with rock collectors. This brought to mind an incident involving former Cass City football coach Mike Yedinak.

"He'd just come to town and was having a bad year," says Stan. "I gave him a good luck stone and sure enough, he started winning ball games. After that, you couldn't get it away from him."

At the peak of his collecting, Asher made bracelets, tie clasps and other jewelry for friends and relatives. The process involved various polishing stages carried out over a 21-day period.

Next, the stone has to be cut to shape on a diamond saw, polished further and then set on the setting. A semibright stone is

called a baroque and a finished stone is a cabochon.

Would he recommend it as a hobby? "I'd advise it for anyone," he remarked.

The one drawback, he pointed out, was that if really interested in it, it is time consuming. "I'd get lost down here and spend hours," tells Stan.

He reports that it isn't too expensive. The biggest outlay, the cutting saw and tumbler unit, costs about \$75.00.

Most of Asher's rocks were found on hunting trips. "I used to hunt a lot... after awhile, I was doing more rock hunting than game hunting."

One thing outstanding about Asher's collection is his original method of displaying some of his rocks. As an appliance dealer, he had access to a record display case that was unsuitable because it allowed the records to warp.

He inserted ceiling tiles in the record slots and attached discarded records. To these, he added white plastic tile squares and then glued on the rocks. The result is a distinctive, unusual display. (See picture.)

Asher's urge to see an uncut diamond was satisfied when a friend of a friend of a friend exported some from South Africa for him.

He received four small squares about the size of large pinheads at a cost of \$5.00 apiece!

"It's a lot of foolishness, but a lot of fun," he philosophized. He also added that he may start collecting again.

Hawks Upset Redskins; Bow To Vassar in Tourney Finals

Picture on page three.

Cass City pulled the upset of the season Friday night in the second round of the District basketball tourney at Caro when they came from behind to top the Redskins, 54-53. The Hawks were unable to pull two giant upsets in a row and fell to Vassar in the finals Saturday night, 56-43.

It looked as if the Hawks were going to be bumped from the tournament trail in their first game as Sandusky opened up a lead in the first period and added to it in the second.

Cass City had trouble finding the range in the opening period and Sandusky was little better from the field. Each team made only three field goals in the opening canto, but the Redskins were hot from the charity circle.

Paced by Jack Doerr who canned six of eight, they hit nine of 11 free throws. At the end of the quarter, Sandusky was in front 15-9.

The rangy Redskins whipped in 18 points in the second period and the Hawks netted 14 and Cass City trailed by 10 points, 33-23, at the intermission.

The Hawks found the range in the third period and Sandusky lost its touch. Featuring balanced

scoring, Cass City kept chipping away at the Redskins margin.

Champion hit a couple from the field, Roger Karr netted two from outside and Walt Hempton earned four of his five points in the third quarter as Cass City caught fire. And the Redskins, who had been deadly in the first half from the free throw line, suddenly lost their touch. In the hectic third quarter they converted just two of 10 tries.

At the end of the third period the Hawks had pulled even.

But Sandusky immediately moved ahead again to start the final quarter and Cass City was unable to go ahead until there was only about two minutes left.

They protected their lead and with 14 seconds left were in front by three. Sandusky scored to pull within a point, but time ran out just as they were scoring.

The victory was a team effort. Coach Wayne Wilson used nine players and all figured in the scoring. Karr with 16 was high for Cass City. Retherford hit for 12 and Champion had nine. Jack Doerr and Rick Cramer had 11 each for the losers.

Head-on Crash Kills Two

Funeral services were held Saturday, Mar. 9, for two area men killed Wednesday, Mar. 6, in a head-on truck-car collision shortly before noon, a mile and a half north of Bach.

Killed in the crash were Paul Carolan, 32, Gagetown, driver of the car, and Rolla Kretzschmer, 50, Owendale, an occupant. Richard Burdon, 53, Gagetown, driver of the truck, suffered leg injuries.

Burdon was still at Hills and Dales Hospital Wednesday morning.

According to a report by Sheriff Merritt R. McBride, Carolan, blinded by snow blown from roadside drifts, was driving north on the wrong side of the Bay Port Road.

Burdon, traveling south in his bulk milk truck, reportedly tried to avoid the accident but the high drifts kept him from pulling off the road far enough.

Carolan's car was literally leveled in the crash and Burdon's truck was knocked on its side.

Assisting McBride in the investigation were his deputies, Prosecuting Attorney John Schabel, Bad Axe, and Coroner James Colgan, Elkton.

Carolan, born in Elmwood township Sept. 14, 1930, was the son of Mr. and Mrs. Arthur Carolan of Gagetown. He married the former Evelyn Finkbeiner of Owendale Oct. 25, 1958. They lived on a farm near Gagetown.

He was a member of the Knights of Columbus Council of Caro, and St. Agatha Church.

Surviving, besides his wife and parents, are: two sons, Craig and Kirk, both at home; a sister, Mrs. Eugene Watterworth of Caseville, and one brother, Gary of Gagetown.

Rev. Fr. Frank McLaughlin, St. Agatha Church, officiated at the services held at the church and interment was in the church cemetery. Rosary was recited at Hunter's Funeral Home Friday evening.

Services for Kretzschmer were held at the Evangelical United Brethren Church, Owendale, with Rev. Fred Werth, Owendale Methodist Church pastor, officiating.

Born Dec. 20, 1912, in Brookfield township, Huron county, Kretzschmer was married to the former Carol Rapson, Bad Axe.

Surviving, besides his wife, are three daughters, Mrs. Kay Adams of Laguna Beach, Calif., Mrs. Ruth Dunn of Flint and Mrs. Dana Martin of Long Beach, Calif., and two sons, Rolla Jr., Luke Air Force Base, Arizona, and Lawrence, United States Navy, Norfolk, Va.

Also surviving are five grandchildren; five brothers, Russell of Lapeer and William, Lloyd, Roland and Omer, all of Owendale, and three sisters, Mrs. Nick Alexander of Cass City, Mrs. Ed Good of Gagetown and Mrs. Norman Emery of Inkster.

Interment was in Williamston Cemetery.

From the Editor's Corner

Local 4-H members were around town Tuesday afternoon with cupcakes decorated with the 4-H emblem. Distributing the "tokens of appreciation" were five members of the Cass City Livestock Club under the direction of their leaders, Art Battel and Alfred Goodall.

Ten of the cupcakes disappeared at the Chronicle office. They were distributed by grinning Frances and Duane DeLong and much appreciated by the crew.

In Sebewaing, liquor by the glass was approved Monday by a substantial majority. On the same day, a similar proposal in Deckerville was turned down, also by a substantial majority.

There has been some off-the-cuff discussion that Cass City might approve liquor by the glass now. Despite the change in the population of the community in the last decade, it is our opinion that Cass City would follow Deckerville rather than Sebewaing.

The Cass City School Board has learned that it's legal to have "secret ballots" at the school. We trust that the board will use this device sparingly, if at all.

About the only time we imagine that board members would want to use this device is on controversial issues.

And it is on these issues that members should be willing to "stand up and be counted" so that the taxpayers know how they are conducting their affairs.

"Dragsters" Fined In Justice Court

Two area youths were fined Thursday, Mar. 7, after they were caught by Deputy Sheriff Carl Palmateer just as they were to start a drag race on M-81, west of Cass City.

The pair, Donald Graham, 20, Caro, and Harold Cook, 21, rural Cass City, pleaded guilty before Justice Reva Little and paid fines and costs of \$9.30 each.

Both youths admitted to Palmateer that they were planning to drag.

Earlier, on March 2, William J. Linderman, rural Cass City, pleaded guilty to a speeding charge and paid fine and costs of \$24.30.

Linderman was ticketed late in February for driving 55 miles an hour in the village.

John Haire paid \$10.00 fine and \$4.30 court costs to Justice Reva Little in Cass City after he pleaded guilty of travelling 55 miles per hour in a 45-mile-per-hour speed zone in Almer township, east of Caro.

Third of a Series

Thought For Lent

This is the third of the "Lift for Lent" series, inspirational reminders that we are in the midst of a great holy season marked by all Christian bodies. This third in the series is from the pen and the mind of the pastor of St. Pancratius Roman Catholic Church, the Rev. Fr. Arnold Messing.

Least lovely of holy seasons, Lent comes upon us just about the time spring starts to burst forth. In fact, the very word "Lent" originally meant "spring", and it is, of course, no coincidence that the word "spring" has to do with all sorts of energetic activity. Now, while nature begins to stir, the Church summons us to bestir ourselves, too.

The key, then, to Lent is exertion. This is, par excellence, the time for asceticism — which is simply a noble, "Greekish" term for exercise. If, as we are told, fifty-mile hikes are good for the body, a forty-day spurt of effort for the soul is quite in order during this spiritual spring. If the President is concerned about our physical fitness and has sent out a call to action, then we should expect the Church to be concerned about our spiritual fit-

ness and the subsequent call to action. Thus we might think of Lent as the Church's spiritual fitness program, helping us to become stronger and healthier Christians.

In order to do this, many spiritual exercises have been suggested. Among them are some "don'ts." Fasting, abstaining and acts of mortification have their place. If a boy wants to play football he soon realizes that here is a direct relationship between "don't" and success. "Don't" eat sweets or smoke during the season; they'll knock you flat on the first play of the year. "Don't" clip or trip; the referee will put you out of the game. "Don't" miss practice; you won't be in the game Friday night, etc. So, in our spiritual training, we should accept generously practice of fasting, after the example of Christ, be they imposed or voluntary.

But Lent is more a season of "do" than of "don't." Just as the first requirement for physical fitness is a proper diet, likewise a healthy diet is necessary in our spiritual training. Thus we should read, listen to and meditate on the Word of God more frequently; attend faithfully Church services; make a more generous effort in daily prayer and the practice of good works. Or in the words of St. Paul, "Put on the Lord Jesus Christ."

Spring, I mean, Lent is here; it is time to swing into action.

LUXURY CAR: RIDES, RESPONDS AND LOOKS
LIKE IT OUGHT TO COST A RANSOM

You're looking at our Impala Super Sport Convertible which, along with its cousin the Sport Coupe, absolutely embarrasses higher priced cars.

That special trim and those front bucket seats merely hint at the comforts you find built into every Impala Super Sport.

Performance? It's remarkable, an understatement we can afford when there are 7 engines to choose from. One of which is the popular 340-hp Turbo-Fire 409", a wizard in traffic and a joy on the open road. And others all the way up to 425 hp*.

If you want an extra flourish or two, mull over extra-cost options like floor-shift four-

speed manual or Powerglide transmission, Positraction, fade-resistant sintered-metallic brake linings, and a tachometer to relay what's cooking up front.

Just before you rush off to your Chevrolet dealer, may we remind you that both Impala Super Sports offer the new Comfortall steering wheel*. You adjust it to suit your driving style, flick it out of the way for easy entry and exit.

All three Chevrolet series—Biscayne, Bel Air and Impala—deserve a long look. Super Sports demand it.

Super Sport equipment* available on both Impala Convertible and Sport Coupe.

*Optional at extra cost.

Tuscola County Prime Area for Beaver Trappers

Trapping beaver is making money the "hard way" but if you like to do it, Tuscola and Huron counties are among the best in the state.

In fact, there are so many of the dam builders here that they are becoming a nuisance.

For this reason, the state will allow eight to a trapper in the current season that opens Mar. 20 and closes April 5. Nowhere in Michigan can you legally bag more.

The situation is not so good for other trappers. In some areas, three others can be taken, but in Huron and Tuscola counties the other is protected.

Trapping licenses can be purchased from conservation offices in Caseville, Caro or Imlay City. Licenses will be sold until 5 p.m. opening day of the season.

Trappers receive about \$15 for mature pelts and kits' pelts are worth \$4 or \$5.

Girl Scouts Slate Annual Cookie Sale

Cass City Girl Scouts are slated to begin their annual cookie sale Saturday, March 16, in connection with the closing of National Girl Scout Week, Mar. 10-16.

Troop 150 will sell cookies at Rabideau Motors Saturday, and Troop 113 will sell at Ryland and Gue Plumbing. Both troops will conduct a door to door campaign.

Displays centering around Girl Scouting's 51st birthday and the 1963 theme "Serve the Future," have been set up in the windows of the former Hulien Store and at Ryland and Gue.

Little Interest in Village Elections

Little interest was shown in Cass City and Gagetown elections Monday as uncontested slates were elected without opposition. In Cass City, 91 persons made it to the polls, while in Gagetown, 85 persons cast their ballots.

By comparison, in Cass City last year, 160 persons cast their ballots with 136 persons voting.

Willits Terms Tax Collection Progress "Very Good" So Far

County tax returns, although about one per cent below 1962 returns, are generally "very good," according to Arthur Willits, county treasurer.

Two area townships, Elkland and Elmwood, have turned in their taxes with Elkland reporting a 97.7 per cent return for the highest in the county of those turned in.

Elkland, with a total roll of \$210,522.09, has collected \$205,811.29. Still on the roll is \$4,710.80.

Elmwood reported a 97.36 per cent return with \$97,883.27 collected. Still to be collected is \$2,642.82 of the total roll of \$100,326.09.

Complete tax returns will be announced by March 21, Willits reported.

A check with last year's returns for the same period showed that Elkland had 97.07 per cent of its returns in while Elmwood had collected 95.8 per cent of its taxes.

Last year, however, more of the county's townships had reported their tax collections by this time.

in Gagetown.

Cass City
Lee Rabideau, village president candidate, polled 86 votes. Jerome Root Jr., Lambert Althaver and Barney Freiburger, trustee candidates, polled 87, 84 and 90 votes, respectively, with Mac O'Dell, assessor, receiving 88 votes.

Harry L. Bridges, clerk-treasurer candidate, received 89 votes for clerk and 86 votes for treasurer.

Gagetown
Gagetown officers, slated to be installed Wednesday, Mar. 20, include: William Downing, president, 79 votes; Miss Mary Ann Tenczer, clerk, 81 votes; Ed Fischer, treasurer, 80 votes, and Clarence David, assessor, 82 votes.

Council candidates elected were: Orlo Wood, 78 votes; William Burroughs, 78 votes, and Walter Zuraw, 80 votes.

Former Pastor Here Accepts New Post

The Rev. Wendling Hastings, DD, pastor of the Cass City Presbyterian Church 1939-42, has been named pastor of the Trinity Presbyterian Church in Topeka, Kan.

The appointment brings Dr. Hastings back to the pulpit after an absence of over a year due to illness.

After leaving Cass City, Dr. Hastings worked for his Doctor's degree and was the pastor at the Fort Street and Grosse Ile Presbyterian churches.

His present address is 4825 West 20th, Topeka, Kan.

BPW Schedules Pay Card Party

The regular March dinner meeting of the Business and Professional Women's Club was held at the New Gordon Hotel on March 6.

After dinner, a "Surprise Program" was presented by Mrs. Marjorie Dickinson. Each club member was handed a typic and given three minutes to talk extemporaneously on the subject.

At the end of the program the "surprise" was returned when the club members presented "pink and blue" shower gifts to Mrs. Dickinson.

During the business meeting many routine matters were discharged. The main business of the evening was the preparation for the "Pay to Play Card Party."

Schedule Fox Hunt by Radio

Caro radio station WKYO will broadcast a fox call at 9:15 Saturday morning in an attempt to lure fox to hunters' guns. The call resembles a wounded rabbit, authorities claim, and is said to attract fox within hearing distance.

Nimrods need a small game license, a gun and transistor radio to attempt the experiment.

It is suggested that hunters approach a preselected spot upwind, remain concealed and motionless and turn the volume up for the six minutes the call is expected to be sounded.

CASS CITY SNARED this rebound when Walter Hempton, No. 42, tipped the ball to Ed Retherford, but Vassar got more than their share as they won the district title Saturday, 56-43.

Other Hawks in the picture are Ron Randall, at left, and Jim Champion, No. 10. Vassar's big three, Dave Suprenant (51), Jim Colosky (43) and Al Murphy (31) are also pictured. Paul Fox (11) watches the action from the back court.

Band at Festival

Cass City High School's band received a III over-all rating at the District Band Festival Saturday at Elkton, according to Richard Case, director.

In the two areas of performance, the band received a II in sight reading and a III in performing required and selected numbers.

Attending the festival were all Class B and C schools in the Thumb and B and C schools from Flint, Bay City, Saginaw and Channing areas.

In other music news, the 25-member junior high band is

slated to leave by bus Saturday at noon for the Junior High Band and Orchestra Festival at Flint-Bendle, Flint. They will perform at 2:50 p.m. The program is open to the public.

District Next for Forensic Winners

Winners of Cass City High School's intra-mural forensic contest, held Tuesday afternoon, will be eligible to attend the district contest, according to Miss Evelyn Shields, forensics director. The date for the district contest will be announced later.

Winners included: original oratory - Judy Quick, first, and Tom Ellis, second; extemporaneous speech - Bob Milligan, first, and Tom Craig, second, and interpretative reading - Patty Rogers, first, and Bob Rabideau, second.

Other winners were: humorous reading - Richard Hartwick, first, and Bonnie Kennedy, second, and declamation - Joyce Seeley, first.

Is Backache Kidney Trouble?

By Dr. E. P. Lockwood
Many people have the idea that backache is caused by a kidney ailment and they take something

to purge the kidney but many times the backache is persistent even after such measures are taken. In reality very few backaches are caused by the kidneys for only in rare kidney diseases is there any pain whatever in the back.

Pain or backache between the hips and in the lower part of the back is caused by pressure on spinal nerves caused by a misplaced spinal joint, and to be permanently rid of the persistent, nagging backache, the cause of the weakness must be dealt with. A man, aged 30, consulted a local scientific chiropractor recently about a backache he had experienced four years. Thorough Chiropractic examination revealed decided curvature of the spine, pinching vital nerves in lower back, which was basic cause of pain.

The spine was straightened by painless Chiropractic adjustments. Patient noticed relief the second day and at the end of 8 weeks patient was dismissed with all backache gone.

Remember that few backaches are caused by kidneys but are basically caused by misplaced spinal joints and your Chiropractor specializes in correction of these conditions.

(One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. E. P. Lockwood whose office is located at Cass City, Tel. 872-2765). Adv.

BULEN TALKS Cars

IT'S CHEAPER TO BUY OFF THE SHELF
As anyone who has been reading the newspaper these days knows, the auto industry is undergoing a boom. In case you haven't had time for the news columns you might have found out the same thing by having to wait three to six weeks for a new car delivery.

Where everyone is getting all the money or why they're spending so much of it buying new cars is something that puzzles most of us. (It must really confuse the Communists who had it figured that Capitalism would be down the drain about now.)

Anyway, if you are one of the exploited workers who are getting sick of your old car and want to step into a new one then you would do better to seriously consider one that the dealer has in stock.

The variety of options such as color, trim, transmissions, seats, etc. are fantastic. The industry could literally produce a million cars and not have any two alike! Ask any dealer and he'll tell you it's enough to give him 'optionitis'.

Anticipating the most popular features and extras from past years, we order showroom and display models for immediate delivery.

There are two big advantages to buying these cars "off the shelf": you get your car immediately with no waiting and we are in a position to give you a better deal on your old car because it will be available for sale now without additional depreciation.

Come in now and look at what we have. If you do want to order from the factory it is far better to do so early in the model run.

STATE FARM
Mutual Automobile Insurance Company
Home Office: Bloomington, Illinois

SERVICE ANYWHERE in the United States is a keynote of STATE FARM INSURANCE and Wrayburn Krohn, State Farm agent, points to a map listing the number of agents in each state. It was this wide coverage that helped State Farm Mutual to become, in 1962, the first auto insurer in history to report more than a half-billion dollars of earned auto insurance premiums in a single year.

Wrayburn Krohn boasts 15 years of experience as a direct agent for State Farm, the world's largest writer of Auto Insurance since 1940.

The company offers complete insurance facilities for auto, fire, life and liability insurance.

The next time you're in the neighborhood, drop in and let State Farm help you select the policy that's right for you.

SCHOOL BOARD

Continued from page one.

after a spectator at a recent meeting claimed that ballot vote was illegal and that the public should be allowed to see how the board votes. The closed session question arose when a Chronicle reporter was asked to leave at a January session while the board discussed an administrator.

The State board's letter explained that "school laws are silent on voting procedures" and that it was a "matter to be decided by the board."

The letter also explained that school boards may hold "executive sessions" to discuss salaries and school personnel but that any action taken must be at a regular meeting of the board.

Salaries Hiked

Salaries for "non-teaching" employees were raised in most cases by the board.

Bus drivers were given a \$5.00 per month raise, moving their base pay from \$110 to \$115 per month. With 14 bus drivers, the raise will cost the system an additional \$70 per month. In granting the raise, the board commended the drivers on helping to cut bus operating costs by better maintenance.

Other raises included \$100 per year for the head secretary and three to five cent raises for secretaries on hourly pay scales. The janitors received a \$100 per year raise and the school nurse was granted an additional \$50.00.

The board voted to hold its meeting on the second Tuesday of each month for the remainder of the year. The next meeting will be Tuesday, April 9.

DISTRICT TOURNEY

Continued from page one.

But Vassar refused to crack under the pressure. With veterans Al Murphy, Dave Suprenant and Jim Colosky showing the way, they hit 16 points and clamped down hard on defense.

By the end of the period they had upped their lead to 10 points. The Hawks were unable to muster another scoring threat and Vassar won the coveted crown going away.

Cass City had nine players in the scoring column, but not one reached double figures. Champion led with nine points, all made in the first half. Murphy had 18 points, Suprenant 15 points and Jim Colosky 10 points for the Vulcans.

High School Cagers In Benefit Tonight

Coach Wayne Speed Wilson is attempting to send 10 undergraduates to a basketball clinic in the east this summer and has been working several weeks trying to raise the money for the project.

Already pledged or on hand is enough money to send over half of the boys this summer. Grants from interested firms and persons, proceeds on the sale of popcorn and help from parents have been received.

The next project will be benefit basketball games tonight (Thursday) at Cass City High School.

A triple header has been carded and folks attending will be help-

ing the boys and will get a chance to see interesting contests.

The first game will pit the seventh against the eighth grade at 6:30 p.m. Following this game the freshmen will play the 10th graders at 7:30 and the 11th grade will play the 12th starting at 8:45.

Boys participating will be restricted to students who were on the various teams during the year.

There could be some interesting contests. For instance, the game between the seniors and juniors could be a dandy.

The Juniors could field a squad that includes Walter Hempton, Dave Stine, Marv Irrer, Ron Randall and Milt Sherrard. Pitted against these varsity players will be a team that includes Roger Karr, Dennis and Dean Rienstra, Roger Parker and Jerry Ross.

All of these boys were on the varsity squad this year and the outcome of the game is very much in doubt.

The Sophomore-Freshman game does not figure to be as close. With Sophomores Jim Champion, Ed Retherford and Jim Knoblet playing, the Sophomores should have no trouble winning.

For the contests a special rate of 25 cents for students and 50 cents for adults has been set.

Zontians Look

For Old Clothes

The Cass City Zonta Club is again looking for donations of clothing or articles of any kind to be sold at the organization's annual rummage sale Mar. 22-23.

Sale proceeds are used to help finance the club's program of aid to future nurses. One student helped by the Zontians has now completed her course.

Articles to be donated will be picked up by members. Interested persons should call Mrs. Harry Little.

Plans for the event were formulated at a special meeting of the board of directors Monday night at the home of Mrs. Marie Krueger, president.

Advertise it in the Chronicle.

General Cable Cops City Loop Play-off Crown

General Cable walked off with the play-off championship of the City Basketball League as they topped Snover Thursday night in a nip and tuck battle, 60-58.

In the consolation bracket the same evening, Mac and Leo edged Fuelgas, 45-39, for runner-up honors.

The tourney opened Thursday, Feb. 28, when three games were carded.

Kingston lost to Walbro on a forfeit when they were forced to use an ineligible player. Snover measured Fuelgas 69-45, while Cable notched the first of its three victories with a win over Mac and Leo, 73-56.

The Wiremen notched their second win as the tourney went into its second day Tuesday, Mar. 5. This time they knocked off Walbro in a low scoring, tight contest, 38-36.

Snover and Fuelgas drew bytes in the second round action. Mac & Leo advanced to the finals of the losers' bracket when Kingston forfeited its second game of the tourney.

The decisive game of the tourney was played on the opening night when Cable measured Mac and Leo, the regular season champions.

Lack of any bench (literally) was a prime reason for the Gasmen's defeat. Two of their best players fouled out (Bob Holcomb and Don Root) and their team finished the game with just three players.

AREA ACCIDENTS

Concluded from page one.

dale. Riding with Keilitz were Sue Kellum and Robert Kellum, both of Caro.

In other accident news, Bad Axe state police reported that three area persons were taken to Cass City Hospital Saturday for treatment of injuries sustained when the car in which they were riding snapped a tie-rod and went into a ditch.

The accident happened on Cass City road about one-half mile east of M-53.

Driving the car was Anthony Kolter, 46, Snover. Occupants injured in the crash were: Carolyn DeBeau, 19, Decker, Edward Kolter, 32, Snover, and Patricia Kolter, 39, also of Snover.

Dreaming of lost opportunities leaves none for the future.

In the court of public opinion a man usually decides the case in his favor.

Enthusiasm is a necessity in any endeavor, but it always loses its value when it reaches the point of recklessness.

They also have 25 grandchildren and two great grandchildren.

Little's—Douglas Announce Merger

Announcement of the merger of Little's Funeral Home and Douglas Funeral Home early this week brought to a close the 46-year history of one of Cass City's oldest businesses.

Mrs. Earl Douglas made public Monday the sale of her funeral home to Harry Little, owner of Little's Funeral Home, effective immediately.

Mrs. Douglas stated that since the death of her husband in 1960, the "continuance" of the funeral home has become too great a responsibility.

Earl Douglas started the business in 1927, moving it to its present location in 1930. The couple also owned a furniture store for some time in the village.

Mrs. Douglas will continue, at least temporarily, to live at the funeral home.

In a statement, Mrs. Douglas said, "I will never be able to express in words what the loyalty of the people of Cass City has meant to me these past two and a half years. I feel very strongly that this one funeral home will very adequately serve the community and I am grateful that Edith and Harry Little feel the same way."

"I sincerely hope that all my friends will continue to show their loyalty by calling Little's Funeral Home when in need of an ambulance or funeral service."

Operation of the funeral homes will continue from Little's, which recently underwent an expansion and remodeling program. To insure better service, calls going to Douglas Funeral Home will be rerouted to Little's.

Make your own decisions—some folks take desperate chances because they have nothing to lose.

Why Would He Speak In A Strange Tongue?

By the Rev. Robert J. Searls

From Lutherans in Minnesota and the Dakotas come recent reports of "speaking in tongues." This was a New Testament day's experience when people became saturated with the Holy Spirit. (I Corinthians 12:28) John Marvin, editor of the MICHIGAN CHRISTIAN CENTURY, suggests that before we condemn or praise them we ought to reflect on three questions: 1. It is not an experience necessary to becoming aware of the presence of The Holy Spirit. 2. We who are in the evangelical tradition believe that every Christian should have a religious experience but we do not demand that each experience be identical. 3. Why would God speak to us in a strange language?

We trust that some will care to dispute this, but I think John Marvin guides us along the right path.

The Supreme Court almost daily is handing down judgments

concerning religious instruction or the lack of it. We do not know where it will all end but, "What is really on trial," suggests CHRISTIANITY TODAY, "is the spiritual conscience and commitment of every individual citizen." These rulings will be far-reaching.

Comments that magazine, editorially: "What the Supreme Court debate really constitutes... is a call to every American family to determine what convictions are of utmost priority, and to establish these in the life of the home. A spiritual witness that radiates to the community and to the nation from this initiate center will have greater transforming power... than any alternative."

With Church mergers (really denomination mergers) being reported almost everywhere in America, a point often ignored is, "What happens to mission field churches, schools and hospitals which look to churches in America as a parent?" On February 26 the UPI reported that a joint committee of Anglicans is working on the merger details that would bring Methodists back into the fold they left 219 years ago! Do non-Methodists know that this denomination was first a break-off of Methodists from Anglicans and exported them to the colonies where it has long been a major force and (interestingly enough) helped support English Methodism. The committee has been working since July, 1956, and 19 of its conferees (out of 23) believe that union of the two denominations can be accomplished in two stages beginning in 1965. Can the grandmother church go into oblivion? Or is it really going to go home?

One by-product of the space age is a space station, orbiting (according to the plan) up to five years while astronauts and supplies are ferried to and from earth by smaller spaceships. Still several years away, these stations will help determine how long astronauts and equipment can exist under weightless conditions and point already to the need of such stations as soon as possible to experiment with creation of an artificial gravity. (Imagine romance under these conditions: "Leave the rocket at Station Two tonight, Jr., Daddy's coming home!")

Gambling is increasing. Despite the Churches' and enforcement agencies' wishes. So says an article, "Christians and The Gambling Mania," in a recent CHRISTIAN CENTURY (February 27).

Say devotees of the quick way to get rid of the pay check, "Gambling is merely amusement." "All life is a gamble." "Gambling is instinctive with human beings." (Can you imagine Christ as a gambler?) "Gambling should be legalized as a means of providing revenue for the state." "Gambling is an effective means for the financial support of churches and private charities."

All of these sound valid until we read of other nations whose moral fibre was first dulled with legal gambling. Read the article by Lycurgus M. Starkey Jr. (What did his Dad have against him to pass on a name like that?)

Epitaph for a Postal clerk: Here lies, neatly wrapped in sod, Henry Hawkins, c/o God. On the Day of Resurrection, May be opened for inspection.

Or: When young, I had to struggle so to shun temptation. Lately, though, The problem's easing up -- you see, Temptation's started shunning me.

The first appeared in the NEW YORKER magazine and was the work of the pen of X. J. Kennedy, while the second is by Richard Wheeler, from THE POSTAL CLERK magazine.

Koepfgen's Herd Tops DHIA in February Tests

The grade Holstein herd of Don Koepfgen of Cass City was high herd last month, leading the list of 44 herds which produced an average of 39 pounds or more butterfat for the month. His herd produced an average of 60 pounds butterfat and 1613 pounds milk, according to Alfred Ballweg, county extension director. Other dairymen whose herds averaged 43 pounds fat or over were Lloyd Walz, Vassar; Ronald Hampshire, Deford; Grover Laurie and Son, Cass City; Gerald Miller, Unionville; Charles Crittenden, Kingston; John Graham and Sons,

Caro; Henry Hohman, Vassar; Dolan Sweeney, Uby; Quibro Farm, Caro; Mrs. Joyce Burdon, Gagetown; Clarence Merchant, Cass City; Maynard McConkey, Cass City; Howard Loomis and Sons, Gagetown; Blaylock and Rupprecht, Vassar; Leonard Titus, Mayville; and Alvin Frahm, Frankenmuth.

In the 305-day records class a registered Holstein cow, Pluto, owned by Clarence Merchant of Cass City took first place honors with the production of 746 pounds butterfat. In second place in this class is a registered Holstein cow

owned by Howard Loomis and Sons, Gagetown, which produced 711 pounds fat and in third place is a registered Holstein cow owned by Blaylock and Rupprecht, Vassar, with a production of 663 pounds fat. Other dairymen having cows which produced 541 pounds fat or over in this class were Orvil Hayes and Sons, Caro; John Graham and Sons, Caro; Ben Loeffler, Reese; Leonard Titus, Mayville; Edward Golding, Cass City; Dolan Sweeney, Uby; V. J. and Clare Carpenter, Cass City; Henry Hohman, Vassar; Dr. H. T. Donahue, Cass

City; Ronald Opperman, Vassar; Max Cooper, Cass City, and Carl Bauer, Reese.

In the 65-pound cow class, a registered Holstein cow, No. 97, owned by Ronald Opperman, Vassar, took top honors with a production of 113 pounds fat during the month of February. In second place was a registered Holstein cow owned by Carl Bauer of Reese, with 111 pounds fat and in third place is a registered Holstein cow owned by Quibro Farm of Caro, with 102 pounds fat. Other dairymen having cows which produced 83 pounds or over

butterfat were Ben Loeffler, Reese; Lloyd Walz, Vassar; Edward Golding, Cass City; Grover Laurie and Son, Cass City; Bruce Ruggles and Sons, Kingston; John Graham and Sons, Caro; Blaylock & Rupprecht, Vassar, and Orvil Hayes and Sons, Caro.

CONTINUING PURINA RESEARCH

One of the "extras" you get when you feed from the Checkerboard bag

The nutritional needs of livestock and poultry are under continuing study at Purina Research laboratories and farms across the country.

Purina has devoted more than 30 years of practical research to getting answers from birds and animals as to what they need to produce more meat, milk, and eggs at low cost.

Each new Purina Chow or Health Aid we sell has already proved its value in Purina Research Laboratories and at Purina Research Farms. Products carrying the Checkerboard label have proved their worth.

Our servicemen are trained and experienced in handling feeding, management, and sanitation problems. They are in constant touch with new developments in Purina research. You can depend on their help.

Deer in Southern Michigan

Southern Michigan's deer herd is in the midst of a population explosion which has jumped its numbers to nearly 40,000 animals, with much of the increase occurring since 1950. Whitetails are found in all 34 counties south of Highway M-20 with highest populations located in Montcalm, Gratiot, Saginaw, Barry, Calhoun, and Kalamazoo counties. Primarily because of excellent food conditions, which have boosted production to a high level, southern Michigan's deer population is increasing at an estimated rate of about 14 percent each year. The region's deer herd, under present hunting regulations and range conditions, is expected to continue its rapid growth. It may number 60,000 animals by 1965, and 100,000 by 1970. Likely places for seeing deer include the Gratiot-Saginaw state game area where the above pictures were taken, Barry state game area, Waterloo recreation area in Jackson and Washtenaw counties, and Fort Custer recreation area near Battle Creek.—Mich. Dept. of Conservation

Uncle Tim From Tyre Sez:

Dear Mister Editor:

I'm real much obliged to that subscriber for sending in the letter to you about Ed Doolittle and the fellers at the country store trying to trim our Senators and House members to half what we now got. He makes a good point there when he says the Constitution calls for two Senators. He has also got a good point when he says they ain't nobody allowed to mess with the United States Constitution but Jack, Bobby and Earl Warren. And he has got a extra good point when he warns that if we mess with the matter we're liable to have the FBI getting us out of bed at three in the morning for questioning. But all the fellers was agreed they was willing to take a chance on all three items if we could get the Senators cut down from two to one.

And this subscriber's idea to reduce the 50 states down to about 12 is the most forward thinking I have saw since Harry built that front porch onto the White House. Gitting rid of the graft in 38 states and just confining the under the table and in the public trough boys to 12 states would save the taxpayers several billion dollars a year.

Ed was even willing to split the 38 states we git rid of half Republican and half Democrat. And fer a Republican like Ed who claims it was a Democrat that tricked Adam into eating the apple, this is a major compromise.

Incidental, some of the fellers was of the opinion this subscriber that sent in this letter was a real thinker and maybe we better find out more about him and maybe run him fer the Congress next time around. Clem Webster allowed as how we could run him on a 12 States and one Senator platform, add a couple planks about cutting taxes and increasing benefits and make him a winner. Clem says the theory the old Indian had of making the blanket longer by cutting off one end and sewing it to the other end was now good, solid Harvard thinking in Washington and our candidate would be running in the latest style.

Bug Hookum was lamenting that the great trouble in Washington today is because they don't let things simmer and soak fer a spell afore they take action. Bug claims some bright feller will wake up in the morning at the White House with a new remedy fer what ails us and afore dark it is on the agenda in the Congress. About the only aging it gets, allows Clem, is while it's traveling from the White House to the Capitol.

FORESIGHT

Try to predict future trends and forget the past—no one ever backed into prosperity.

EASY WAY OUT

Traveling the straight and narrow path is difficult for those looking for short-cuts.

HEART-FELT

Character is built on what a man thinks—not on what other people think he thinks.

Zeke Grubb said it reminded him of the moonshiner that was taking a load of liquor to town. Him and his old lady was setting up in the truck seat and they was driving mighty slow. His old lady ask him if he was driving so slow on account of being afraid of the law. "Naw," he replied, "I just want to age it some."

Yours truly,
Uncle Tim

1st 2nd 3rd 4th 5th! In the test that tears 'em apart...the Daytona "500"... Ford durability conquered the field!

Score another big win for Ford—this time at Daytona, February 24! The Daytona "500" is one of the toughest tests of automotive machinery. The twisting, turning, acceleration and braking a car gets in a little over 3 hours and 15 minutes at Daytona easily equals the wear and tear of 2 or 3 years' normal driving. And over 70,000 spectators saw dramatic proof of the stamina and durability built into the '63 1/2 Super Torque Ford. Outperforming competitive cars in a field of 50, Fords finished 1st, 2nd, 3rd, 4th and 5th! Daytona was open competition, too—not a "private" test arranged by one car builder to favor his car's strong points. Never before has one make dominated so completely a major U.S. 500-mile track event. Ford's 5-in-a-line victory at Daytona stands as a spectacular demonstration of total performance!

Dignitaries Visit Decker OES

Decker Chapter OES was honored by a visit from Mrs. Alice Volink, Associate Grand Conduress; Mrs. Helen R. Heath, Grand Adah, and Mrs. Blythe F. Parks, Grand Ruth, of the Grand OES Chapter of Michigan, at the regular March meeting. Each was presented a violet corsage.

Other honored guests included: Mrs. Ruby Briley, Past Grand Adah; Mrs. Shiri Morse, Past Grand Chaplain, and Mrs. Sadie Randall, Grand Committee Member of Counseling; two Worthy Matrons; Sanilac County Club; Huron and Thumb Association officers.

Worthy Matron Violet Phetteplace welcomed 67 members and guests attending from Roseville, Holly, Flint, Caro, Croswell, Port Sanilac, Sandusky, Uby, Decker, Kingston, Bad Axe and Mayville.

A large basket of yellow mums and red roses was placed in the East and the Twenty-third Psalm read. The chapter was draped in loving memory of Mrs. Amy McLaren for her years of fraternal service.

An invitation to attend Sandusky Friend's Night April 9 was read. Conductress Catherine Fox, Associate Conductress Lola Chippi and Warder Patricia Chard are to serve as guest officers. An invitation from Swartz Creek Chapter for Worthy Patron Basil Morse and Mrs. Morse to take part in a special meeting March 15 was accepted.

The Worthy Patron reported a net profit of \$88.15 on his project. The Worthy Matron reported 24 shut-ins were remembered Valentine's Day with yellow roses, yellow corsages or cards, carrying out the project of the Thumb Association, which was financed by a bake sale.

Refreshments were served by a committee from tables decorated with floral arrangements of yellow roses and candles. Cakes were decorated with the word Ruth.

Decker Chapter's April meeting will be held the first Monday

Cancer Film Viewed By Legion Auxiliary

Twenty-nine persons attended the March meeting of the American Legion Auxiliary held Monday evening in the Legion Hall. Mrs. Vern McConnell presided over the business meeting following the formal opening.

Mrs. Albert Keller Jr. Caro, reported on the Seventh District Association meeting held Sunday at Yale.

The Unit will provide seven handkerchiefs and Mother's Day cards to be sent in April to the VA hospital in Saginaw.

Mrs. William Donnelly, junior activities chairman, announced that the junior members will have charge of the April meeting which will include a White Elephant Sale.

Several guests were present, including Ralph Pickett, Swartz Creek, field representative for the American Cancer Society, and Mrs. Don Lorentzen, dressings chairman for the Tuscola county chapter of the Cancer Society.

Pickett showed two films on cancer and distributed literature.

Jello, cookies and coffee were served by the following committee: Mrs. Glen McClorey, Mrs. Cass Bartnik, Mrs. Edward Schwartz and Mrs. Eva Bair, at the close of the meeting. Tables were decorated in keeping with St. Patrick's day.

The door prize went to Mrs. Philip McComb.

Kill time if you wish, but be sure you are killing your own time.

KOMMENTS BY KRAFT

Something Else to Worry About

By Dave Kraft

And still the money pours in. At the end of last week, faithful readers intent on helping me in my quest for \$20,000 had sent me the sum total of 61 cents.

Since then, overwhelming contributions have jumped it to 78 cents, leaving me just \$19,999.22 short of my goal. Oh well, the harder the battle the sweeter the victory, provided you don't lose.

Actually, one of the contributions came in last week, but it was too late to be counted among my first contributions. It was from Ottomar Sting, Gagetown.

He wrote: "Dear Dave Kraft: We have followed your family fortunes and adventures for a long time, and with a great deal of pleasure, and want to let you know our hearts bleed when we contemplate your financial status, as outlined in your last week's column. We were torn with grief that one of our fellow men should have to withstand such destitution, poverty and, generally speaking, a total lack of all the worldly goods that \$20,000 would buy."

"Just to prove that all men are not callous and tight-fisted, and unwilling to help a friend in an emergency, I am enclosing a little something to make a start on that \$20,000 fund. Take heart, Dave, this weather can't last much longer and when it warms up, the holes in your soles won't be so important."

He sent me a penny in one of those aluminum horseshoes that says, "Keep me and never go broke." The horseshoe looked vaguely like the horse had put up a fight when Ottomar took it away from him. The penny was a 1947 issue and on the reverse side of the horseshoe was written "Knowlton's General Store, Owendale."

Another penny came in from the Rev. Melvin Vender, vacationing in Eustis, Fla. He wrote: "Dear Dave: From one of your 20,000 x 100 friends en route home. Saw your heart-rending appeal in the Chronicle at a friend's in Eustis. Mel Vender."

His gift was twofold. He attached the coin to a piece of paper with bandage tape. I took it home and put it in the medicine cabinet in case of any wife or self-inflicted wounds.

Mrs. Bruce Krizman, the Chronicle's Shabbona correspondent, delivered a dime to the office, reporting it was for the "poor man."

Russ Leeson gave a five-cent stamp. I should have made it clear that stamps were not acceptable. It wasn't bad enough he had to give me a stamp, it was on an envelope addressed to someone else.

I was going to spend all the loot in one reckless, unthinking spree but better I should save it. Maybe the price of money will go up.

I have a new fish! He's black, has protruding eyes (All the better to see you with!) and answers (Almost never!) to the name of "Sharkey."

Dr. and Mrs. Earl Nelson gave him to me just before they left for South Dakota. They did it, not out of friendship but out of retribution.

Final Services Held For Decker Woman

Funeral services were held Monday, March 4, for Mrs. Amy I. McLaren, 84, at the Decker Methodist Church. Mrs. McLaren died March 1 at the Marlette Community Hospital after a brief illness.

Born August 20, 1878, in West Salem, Ohio, she was the daughter of the late Mr. and Mrs. Harman Smith. She came to Michigan at the age of 16 with her parents after living in Ohio and Virginia. She attended the Proctor School near Shabbona.

She married David McLaren on November 13, 1903, in Shabbona. The couple farmed in the Decker area and moved to Decker

in June, 1942. He preceded her in death on February 14, 1955.

Mrs. McLaren was a member of the Decker Methodist Church and a life member of Lodge 438, Decker OES.

Surviving are: three sons, Ray and Grant, both of Decker, and Donald of Davison; five grandchildren, and one brother, Owen Smith, Shabbona.

Rev. Joseph Shaw officiated and interment was in Marlette Cemetery. Graveside services were under the auspices of the Decker OES.

Farm Mechanical Training Offered at MSU

Farm mechanization is increasing the efficiency of food production but it also creates a demand for a new type of technically trained personnel.

There is a need for people who can design, sell and service the equipment currently taking the backache out of many farm jobs, according to Dr. Harold Henneman, director of agricultural short courses at Michigan State University.

With this thought in mind, MSU is offering a new 12-week short course geared to train students in farmstead mechanization starting March 27. Enrollment is open to students who have completed the farm equipment service and sales short course program and others currently involved in planning or installing these systems.

Drying and ventilation, elec-

tricity, sketching and drafting and farmstead systems will be courses taught by members of the MSU agricultural engineering department.

"Graduates will find ready employment with retail farm machinery, elevator and farm supply firms," says Henneman. Manufacturing firms which sell and service farm buildings and equipment also provide job opportunities for students.

Further details and application blanks are available from the short course department, 120 Agricultural Hall, Michigan State University, East Lansing.

FROM THE FILES OF THE CHRONICLE

Five Years Ago

Cecil Brown, general customer serviceman with the Detroit Edison, is retiring after 33 years of work with the company.

The Elkland township fire department was called to the home of Mrs. Malvina Howarth of Cass City Saturday evening. A short circuit in a wall plug was blamed.

Gagetown President Joe Mosack appointed Angus McEachin clerk following the resignation of Harry Kehoe at the installation of officers. Other officers installed include Bud Hull, Bill Lenhard and Sherwood Rice Jr., councilmen; Anna Kehoe, treasurer, and Fred Kinyon, assessor.

Jim Johnson was named to the Thumb B Conference all-star basketball team this week, Coach Irv Clasen announced. It was Johnson's second year for the honor. Fred Leeson was named to the second team and Bob Holcomb and Forrest Walpole received honorable mention.

Pvt. Grant G. McKee, 21, son of Mrs. Lila McKee, Decker, is scheduled to depart from Ft. Benning, Ga., this month for Europe.

Pvt. William F. Zimmer, son of Mr. and Mrs. Vernon Zimmer, Unionville, completed the basic Army administration course recently at Ft. Leonard Wood, Mo.

Charles L. Grady has recently been promoted from Pfc. to specialist third class, it was announced this week.

Ten Years Ago

The Cass City Chapter of the Future Homemakers of America recently elected Connie Bartle and Marybelle Bruce as delegates to the State Convention at East Lansing held Tuesday and Wednesday.

Mr. and Mrs. John Guinther will observe their 35th wedding anniversary with an open house celebration at their home Sunday.

Mrs. Arnold Copeland was elected president of the Craft and Study Club this week. Other officers include: Miss Thelma

Hunt, secretary-treasurer, and Mrs. C. W. Price, program chairman.

James Bauer was elected village president after polling 47 votes. Fifty persons voted in the election.

First Lt. Don C. Anker, son of Mr. and Mrs. William Anker, Cass City, has graduated from the Army Psychological Warfare School at Fort Richardson, Alaska.

Pvt. Albin J. Baer, son of Mr. and Mrs. Alvin Baer of Snover, and Pvt. Donald L. Buehly, son of Mr. and Mrs. Lawrence Buehly, Cass City, are serving in Japan with the 1st Cavalry Division.

Pvt. Dale W. Groth, son of Mr. and Mrs. Robert Groth, Cass City, is taking his basic training at Ft. Belvoir, Va.

Twenty-five Years Ago

Mrs. Thomas Colwell was much delighted Sunday morning to hear her granddaughter, Carolyn Beslock, daughter of Mr. and Mrs. John Beslock, sing "Happy Birthday Dear Grandma" over the telephone from her home in Ann Arbor.

The Rotary Club of Cass City authorized the contribution of \$75 for the Crippled Children's Fund of Tuscola county at the weekly luncheon of the club.

D. E. Turner received a carload of Grade Shorthorn heifers from Germany, Texas, on Wednesday which were seven days and seven hours in making the trip by rail.

Cass City's village election was minus thrills and excitement when but 31 citizens took the trouble to visit the polling place and cast ballots. Elected were: E. B. Schwaderer, president; Cameron M. Wallace, clerk; Andrew N. Bigelow, treasurer; Harry L. Hunt, assessor, and John A. Sandham, Audley H. Kinnaird and Frederick H. Pinney, trustees.

Miss Dora Krapf will leave Cass City Wednesday, March 23, and on March 26 will sail from Boston on a trip to Bermuda, Trinidad and Jamaica. Thirty days will be spent on the water.

"I may not know the mystery picture in the Chronicle this morning," Mrs. A. A. Jones telephoned the Chronicle Friday, "but I know a robin when I see one." She, of course, was referring to the harbinger of spring she sighted in her back yard that morning. Let's hope that spring weather follows closely the robin's visit.

From an ad: "Call 108 for your next permanent. I specialize in permanent waves and do no other beauty work. Charles McCaslin."

Personal News and Notes from Greenleaf

Greenleaf Extension Club—

Greenleaf Extension Club met Thursday, March 7, at the home of Mrs. Doris Mudge. Eleven members were present. Roll call was answered by reciting an original verse.

The lesson, "The Roll of Women in a Changing Community," was given by Mrs. Anson Karr and Mrs. Rayford Thorpe, with discussion of the different prob-

lems between questions.

During the meeting it was voted to send \$10 to the Retarded Children's fund.

The next meeting will be with Mrs. Anson Karr. Roll call will be your favorite spring flower and lesson topic, "Getting Your Money's Worth in Meat," to be given by Mrs. Curtis Cleland.

Lunch was served at the close of the meeting.

Those on the sick list last week were Mrs. George Fisher Sr., Mrs. Henry McLeellan and son Jim and Mrs. Don Seeger.

Mr. and Mrs. Clare Root called on the Clayton Roots Sunday afternoon.

Mr. and Mrs. George Fisher Jr. spent the week end in Detroit. Little George III stayed with his grandparents, Mr. and Mrs. George Fisher Sr., and his older sisters spent the week end with Mr. and Mrs. Arthur Fisher.

Mr. and Mrs. Harold Ballagh and Mr. and Mrs. Gerald Wills at-

tended a CB meeting in Caro, Sunday afternoon.

Wednesday, the Fraser Aid met at the church for dinner and quilting. About 25 were present. The next meeting will be March 20.

Mrs. Anson Karr and Mrs. Rayford Thorpe were callers in Sandusky Tuesday.

George Fisher Sr. attended an all-day business meeting at Frankenmuth Tuesday.

Mrs. Doris Mudge and Mrs. Anson Karr called on their sister, Mrs. Hazel Watkins, near Caro, Saturday afternoon.

Bill Ballagh, who attends school in Highland Park, spent the week end at his home here.

Little Ann Ballagh was a guest last week end of her grandparents, Mr. and Mrs. Ernest Wills. Dale Mellendorf, who had serious back surgery at St. Luke's Hospital in Saginaw, is expected home the last of this week.

Mr. and Mrs. Rodney Karr and sons, Roger, Mike and Timmy, were Sunday dinner guests of Mr. and Mrs. Clifford Sowden in Yale.

Mr. and Mrs. Arthur Fisher were in Saginaw on business Friday and later called on his uncle, Mr. and Mrs. Nick Reitter.

Saturday supper guests at the John Battel home were Mr. and Mrs. Morris Swenden and Minnie of Caro, Michael Klinkman and Margaret Battel.

Michigan Mirror

Introduce Bill to Repeal Controversial Sunday Closing Act when it Becomes Law

By Elmer E. White
Michigan Press Association
Big "Firsts"

The signing of a bill into law by the Governor is a momentous occasion for varying numbers of people.

When a measure affects the entire state this impact is often lost in the shuffle of the year's activity. When it is a bill aimed at a smaller segment of the population, however, greater note is usually made.

Such was the case this year when Gov. George Romney signed his first bill into law. Romney's signature making the first bill law went onto a measure sponsored by Sen. Farrell Roberts, Pontiac Republican, to alleviate some local problems in the Oakland County area.

For Roberts the signing ceremony was significant because he had accomplished something for his constituents. The Governor used Roberts' pen to note the date of the signing on the measure, which became effective as soon as the date was affixed.

Sen. Milton Zaagman, R-Grand Rapids, also provided the govern-

nor with a pen during the ceremony. The "George" was affixed to the measure with this pen. This was the first bill Zaagman, a freshman Senator, saw go through the legislative process as part of his doing. He chaired the Senate committee which considered it.

And for the governor, who used House Committee Chairman Roy Brigham's pen to sign "Romney" to the measure, it also was a memorable occasion. "I've never signed something that was to become a law," he said. "This is historic for me if not for anybody else."

Backtrack Progress
The controversy had to come. During the 1962 Legislature, many observers commented about the unusual lack of floor debate on the bill which came to be known as the Sunday Closing act.

Former Rep. Chester Wozniak, Hamtramck Democrat who sponsored the legislation and ushered it smoothly through both houses, is no longer in the House.

The law, which allows boards of supervisors to vote against its effectiveness in their county, does not take effect until the end of

this month but already a number of counties have decided not to come under the complicated act.

And now, Rep. Russell H. Strange, R-Clare, has started a move to repeal the law as soon as it is scheduled to take effect.

Designed to please everyone, the measure provided that most stores would have to close one day out of every seven: either Saturday or Sunday.

State administrative officials called it a "nightmare to enforce or administer" since it contained no definite provisions for enforcement.

Exemptions to the seventh-day closing were many as the supporters of the measure attempted to encourage the tourist industry, allow small independent businesses to remain open, and provide for the availability of emergency needs all seven days.

"The passage of the bill last year was surrounded by a great deal of emotional controversy," said Strange in introducing his repealer.

"My proposal to repeal the act is designed to eliminate unnecessary legislative entanglements at the local level of government and clear the air of costly legal and enforcement actions," he said.

At least one group of retail grocers in the Detroit area is planning a court test of the act as soon after it becomes effective.

Check Yourself
Michigan motorists are being urged by the State Police, sheriff's offices, local police departments and service clubs to participate in the annual national vehicle safety check program.

Clinics to be held in May and June in many communities will provide safety checks for motorists largely as a self-protection measure. There were 217 such

safety clinics in the state last year and about 4,000 throughout the nation.

This vehicle inspection includes brakes, lights, steering, turn signals, horn, glass area, windshield wipers, tires, rear view mirrors and exhaust systems.

Michigan's various police agencies attempt to promote motorist participation in the program which is offered nationally to communities in states which do not have vehicle inspection laws.

Aging Process

Gary D. Hansen, the youthful director of Michigan's Commission on Aging, reports substantial progress in the Commission's activities in recent months.

Councils on Aging have been established or are in process of formation in more than half the counties in the state, Hansen said. The Councils are designed as "a clearing house on opportunities and problems of the elderly."

Each of the various councils establishes committees which concentrate on opportunities and problems of Michigan's senior citizens in such areas as housing, transportation, health, pre-retirement education and welfare.

MOVE CAUTIOUSLY
To be successful these days, a man must have the horsepower of an optimist and the emergency brakes of a pessimist.

Final Rites Held For Max Lang, 82

Final rites were held Monday at St. Mary's Catholic Church, Sebewaing, for Max Lang, 82, following his death Thursday, March 7, at Heatherstone Convalescent Hospital, Caro. He had been in ill health for the past two months.

Born Sept. 25, 1880, in Germany, he moved to Huron County from Cleveland, Ohio, 54 years ago. He married the former Rose Letterman in Cleveland on Feb. 21, 1906. Mr. Lang was a farmer.

Surviving, besides his wife, are: two daughters, Mrs. Henry Hoch and Mrs. David Schaefer, both of

Gagetown; four grandchildren, and five great-grandchildren.

Rev. Fr. Thomas Atkins officiated at the services and interment was in St. Mary's Cemetery. Arrangements were by Hunter Funeral Home.

Twelve and a half per cent of the new year is gone and about 80 per cent of the resolutions.

As I do my grocery shopping and see a mother with youngsters with her, I notice that most of these mothers will cringe if her youngsters come near pulling down a towering tier of boxes or bottles. Yet, no matter how closely mother watches, the youngsters sometimes will give a pile of boxes or bottles a push.

Sometimes though, just a single can or jar will be dropped. Or maybe just as likely, the damage of broken boxes or bottles happens in the back storeroom.

But wherever the jar is broken or the box ripped open, it costs the consumer money. And in a year, the total national bill for damaged merchandise is said to run between \$80 and \$50 million.

To find out where most of the damage occurs and what can be done about it is a current project of retail marketing specialists in the U.S. Department of Agriculture.

So far, over 3,000 causes of damage have been found. However, 21 of these account for 70 per cent of the loss. And here's where the marketing specialists are concentrating their efforts.

For example, they now know that nails sticking out of pallets (the wooden platforms on which merchandise is piled in the warehouse) causes 85 per cent of the damage to bagged merchandise. The solution, of course, is better pallets or a different stacking method.

At the store, damage is almost equally divided between that caused by employees and that caused by the customers. Most of the damage, 19 per cent, comes from opening cases improperly. New cutting procedures, developed by U. S. Department of Agriculture, should help reduce this loss in the future.

Another 10 per cent of the damage at retail stores is due to customers, the ones who drop things. The only hope here is for more resilient flooring material in front of displays and in check-out areas.

Your home equipment has five important needs. Those needs are: wise selection, proper installation, sensible use, prompt attention to repairs and good house-keeping.

If your equipment gets these five things, it will assume the biggest part of the job to be done.

A modern appliance is not necessarily a new one. It is "modern" if it lives up to the demands you make on it today. It also is "modern" if it has features that you use.

"Modern" does not always mean the last, up-to-date piece of equipment. Once you buy an appliance, another model comes on the market anyhow.

What is the best brand for you to buy? No doubt you ask yourself this question everytime you plan an appliance purchase.

There really is no one best brand for everyone at any given time. The wonderful situation is that there are so many good brands available.

I would like to recommend choosing the piece of equipment that gives you the kind of service you are seeking and one that is adaptable to your pattern of working. Only then is the brand name an assurance of satisfaction.

Services Held for Miss Leishman, 62

Funeral services for Miss Liza J. Leishman, 62, Caro, were held Saturday in Caro following her death Wednesday, Mar. 6.

Miss Leishman, superintendent of nurses at Tuscola County Nursing Home for several years, was born Oct. 19, 1900, in Elmwood township. She received her training at the University of Michigan School of Nursing with the class of 1923. She held positions at the Oakland County Hospital and the General Hospital at Pontiac. In her early years, she taught in Tuscola county.

Surviving is a brother, Garfield Leishman of Caro.

The Rev. Lenn Latham officiated and interment was in Almer Cemetery.

In the open test that tears 'em apart...the Daytona 500
Ford durability conquered the field
1st, 2nd, 3rd, 4th, and 5th

Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1963½ Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

The box score at the left tells the true story...car endurance that takes brutal punishment and comes back for more.

No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road-grip, the ease of control, the balanced braking... and

all the other things that go into Ford's concept of total performance.

These were the same '63½ Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. They're yours now; get behind the wheel and find out for yourself what total performance means!

FOR 60 YEARS THE SYMBOL OF DURABLE PRODUCTS **Ford** MOTOR COMPANY.
