## Area Youths Win State FFA Degrees

Russell Barriger

Bill Miller

Two Cass City High School agriculture students and Superintendent Willis Campbell were to have received State Farmer awards at the 35th State Future Farmer Convention being held this week in East Lansing. The convention started Tuesday and ends today (Thursday).

Recommended to receive the State Farmer degrees are Russell Barriger, son of Mr. and Mrs. Cecil Barriger, Unionville, and Bill Miller, son of Mr. and Mrs. Gerald Miller, also of Unionville. Campbell's degree is honorary and will also be given to other vo-ag instructors and leaders "who have made outstanding contributions toward Michigan FFA," Campbell, who was the Thumb's first vo-ag instructor, was to have received his award Wednesday at 2:00 p.m. He began teaching vo-ag at Cass City in 1921.

Miller and Barriger, both seniors, have been active in the local FFA chapter and have carried extensive crop and livestock projects.

Barriger is currently secretary of the local club and lists as past projects, swine, beans, sugar beets and clover seed crops. Miller is FFA regional treasurer and vice-president of the Cass City chapter. His projects have included hay, sugar, corn, oats and registered dairy heifers.

Both boys were to have received their degrees Wednesday also.

Two other Cass City youths, Mark Battel, sophomore, and Dave Parrott, junior, are the official delegates named by the chapter to attend the three day convention at the State Fair.

## Science Fair Begins 2-Day Run Saturday

### From the Editor's Corner

And Monday we were about ready to remove our snow tires for the year.

Periodically in Cass City a discussion of off-street parking comes up. We've always maintained that parking that wasn't nearly adjacent to the store was virtually useless in Cass City.

We read in the Bay City Times where a survey made in Bay City disclosed that shoppers in that community are reluctant to walk more than 350 feet to shop. The smaller the town, the less distance a shopper will travel.

We understand that the parking lot between Oak and Seeger, south of Main, is going to be made usable. The lot, owned by Jim Gross, will be surfaced in a cooperative venture with benefiting stores and the barn in front of the property is now being removed.

While this lot will help the participating stores, it will be of little, if any, benefit to stores in other sections of the business district.

If you've been struggling with the new dial system, as most of us have, you'll be happy to know that it could have been worse.

Most communities received a letter-numeral system for dial.

## Bids Range Over Million Dollars On River Project

Twenty-three bids ranging from \$679,819 to one and a half million dollars were submitted Friday, Mar. 15, on the proposed 27-mile improvement project of the Cass River, according to the Sanilac County Drain Commissioner.

Three close low bids have delayed acceptance of any one contractor but a joint committee from Sanilac and Lapeer counties and the State Soil Conservation Service were to have picked one of the low bids sometime today. The chief delay in picking the low bid was due to the difficulty in fixing a meeting date.

A complete list of bidders was not available because of the three close bids; however, a complete list will be made public after the final choice.

Sanilac and Lapeer counties are to share 20 per cent of the cost of the project. An early estimate set their portion at about \$436,000 with the remaining 80 per cent to be paid by the State Soil Conservation Service. Twenty per cent of the lowest bid would be \$135,963.

The work will include deepening and widening of 25 miles in Sanilac and two miles of river in Lapeer. Affected will be approximately 220 drop-inlets serving a 90,000-acre drainage district.

It is expected that the work will have very little effect on the water level in Tuscola county. Work on the project will begin about two miles east of M-53.

## Absentee Ballot Deadline Mar. 30

Area voters planning to be out of their voting districts during the Biennial Spring Election Monday, April 1, are being reminded by County Clerk Archie Hicks that the deadline for application for absentee ballots is 2:00 p.m. Saturday, March 30.

Hicks reported that absentee ballots are now in the hands of county township clerks and may be picked up any time up to the March 30 deadline.

Absentee ballots must be postmarked no later than midnight, election day.

Hicks also announced that an election worker's school of instruction will be held Thursday, March 21, at 2:00 p.m. in the court house.

## Chamber Elects Mrs. Bauer to President's Post

Members of the Chamber of Commerce Board elected the first woman ever to lead the organization Tuesday night when they named Mrs. James Bauer president for 1963-64.

The new officers, together with the new board members, will be introduced at the annual banquet set for Tuesday, April 9.

Other officers elected Tuesday were Bill Kritzman, vice-president; Cliff Ferguson, secretary; and Kenneth Einsinger, treasurer.

New members of the board, elected by a ballot vote of the membership, are Tom Proctor, Mrs. Mary Leeson and Jim Ware.

Other Business

In other business Tuesday, the board voted to no longer pass out signs closing stores when a resident dies. Opening and closing for these occasions will be the decision of the individual stores, board members said.

## After Lapse of One Year

## Home-coming Back Again

After an absence of one year, Cass City will again stage its annual Home-coming.

The board voted to sponsor the event again this summer after the membership indicated by a four-vote majority that they would like to have the event again in Cass City. The official tally was 26-22.

The Home-coming was originally staged 14 years ago as a method of "showing appreciation to area shoppers for their business."

For this reason, the event was staged all free and the policy continued through the 12 years the home-coming was held.

Since the celebration got bigger each year, the costs mounted and many members felt that it was costing the Chamber too much for the benefit derived.

Last year, after a poll of the members, the event was dropped from the Chamber schedule of events.

Although it declined in popularity with sponsors, residents were flocking to the village for the traditional one-day event in larger numbers than ever when the event was discontinued.

## Warm Weather Brings Trouble for Village Crew

Warm weather experienced the end of February and early March drove temperatures up the mercury, giving area residents their first taste of spring that was supposed to be just around the corner.

While the mercury went up, the frostline went down, freezing water pipes throughout the village and giving the village crew the most trouble calls in recent winters.

William Schram, department of public works head, reported in an interview this week that during the two-week period, the crew received an estimated 30 calls from residents with frozen pipes.

He also reported that for the first time, ice backed up so far that it froze in the main pipes. Since the main pipes are Transite, a cement-asbestos composition, they would not carry electricity and it was necessary to replace them.

## Palmateer Finishes Police Classes

Cass City Chief of Police Carl Palmateer was awarded a diploma Wednesday night, Mar. 13, marking the culmination of a 30-hour police course sponsored by the Saginaw Valley Law Enforcement Association. The course was held twice weekly at the Bay City Court House.

The course covered nearly every phase of police work including larceny, homicide, narcotics and firearms, night stick and handcuff procedures.

Instructing the classes were FBI agents, state police and other law enforcement officials. An estimated 55 area policemen attended the classes.

It was the second such class for Palmateer who participated last summer in a similar Michigan State University class given for sheriff's deputies from the five surrounding counties.

## Saginaw Crash Injures Area Girl

A Cass City area girl received severe head cuts and bruises Friday, Mar. 15, when the car she was riding in collided with a gas truck in Saginaw.

Injured was Betty Jean Spaulding, daughter of Mr. and Mrs. Cleo Spaulding, Elmwood. She is a student nurse at Saginaw General Hospital. Miss Jackie Meyer, a student nurse, also suffered cuts and bruises.

Miss Spaulding was taken to Saginaw General Hospital where minor surgery was performed. She was released Sunday to her residence at Anderson Hall, where she is recovering.

In other accident news Patrolman William McKinley investigated a minor accident Sunday when cars driven by Garry Randall, 18, and James S. Phelps, 19, both of Cass City, collided at the intersection of Seeger and Main streets.

According to McKinley's report, Randall was slowing down for the light and Phelps, making a right turn, struck Randall's vehicle in the right rear corner. Phelps' car suffered a broken left headlight and Randall's car was damaged on the right rear fender, back-up light and tail light.

A Cass City man was an occupant in a vehicle Thursday, Mar. 14, that struck and killed a deer on M-81 near Walker Road. According to Sheriff Hugh Marr, a car driven by Kenneth O. Weiderhold, 36, Linden, hit the deer when it jumped into the path of the car.

Riding with Weiderhold were Clinton Vader, 75, Cass City, and May Weiderhold, 44, and Donna Weiderhold, eight, both of Linden.

## Blame False Alarm On Violent Storm

A violent sleet and rain storm accompanied by high winds Tuesday was blamed for a false fire alarm at about 2:00 p.m.

A check with Tuscola County Sheriff Hugh Marr's office, Caro, revealed that his office, which controls the fire whistle, had not sounded the alarm.

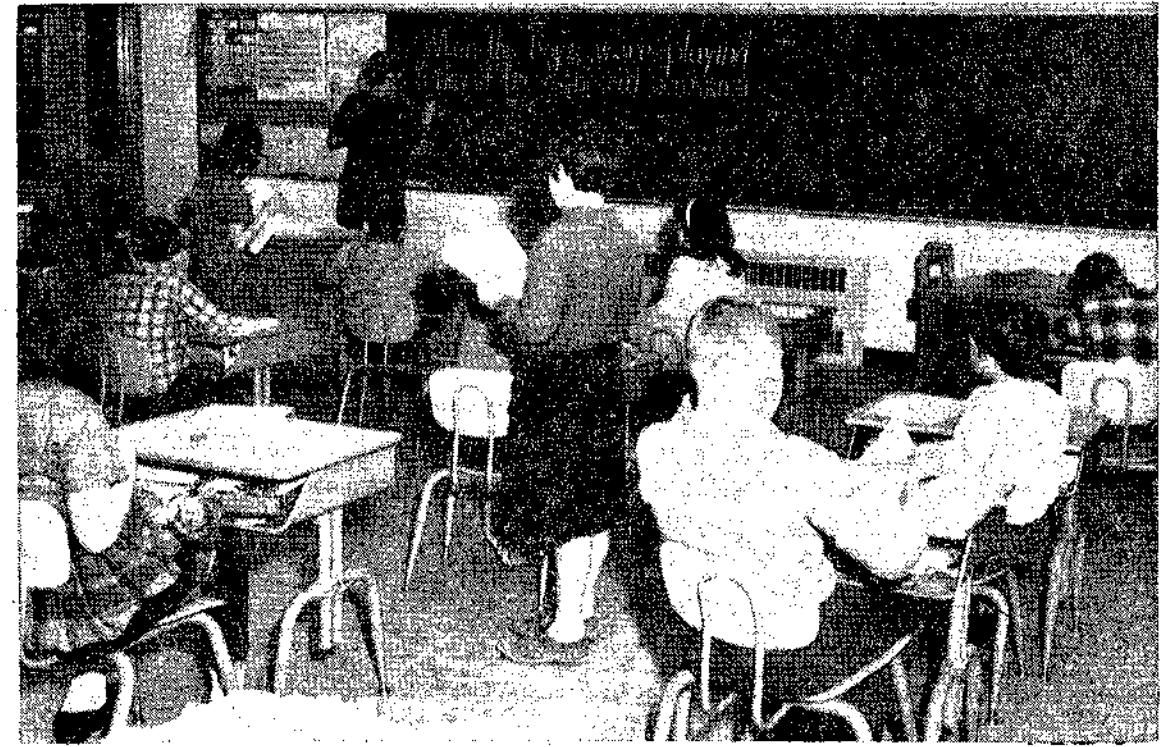

Marr concluded that the violent storm had shorted the wires, causing the alarm to blow.

## Police Search for Stolen Vehicle

Police are still searching for the culprit or culprits who stole a car belonging to a night shift worker at General Insulated Wire Works Saturday.

The car, a 1957 white and salmon two-door Chevrolet, was owned by Thomas Little, Cass City. Little discovered the car missing from the General Cable parking lot Saturday morning when he finished work.

Anyone knowing the whereabouts of the car, bearing the license plate TM-7140, is urged to contact Police Chief Carl Palmateer.

**SPECIAL EDUCATION**—Cass City Public Schools opened its first special education room last fall, transferring later from the high school art room to this newly built special education room. The class

met minor opposition from some parents at the beginning but has since proved itself an aid to the children. Mrs. Lois Binder, teacher, puts a lesson on the board for the 15 members of the class. (Chronicle photo)

## Special Education Newest Aid For "Non-Average" Student

The Special Education room at Cass City Elementary School is a large, airy, unconfined room lined with windows on one side with the remaining three walls plastered with pictures and projects of the students.

There are 15 seats in the room, occupied by 15 students who could not, for one reason or another, handle the learning routine of the regular classroom.

To some, these children are problem children; to others, they are mentally handicapped, and to still others, they are ignorant. To Mrs. Lois Binder, special education teacher, they are "special children with special problems."

Cass City Public Schools began its experiment in special education last fall with classes being held in the high school art room while the new special education room was under construction near the west entrance of the elementary school. They moved into the new room during Christmas vacation. The room is one of eight located throughout the county at Caro, Akron-Fairgrove, Vassar,

Mayville and Millington.

Students for the classes are picked through IQ tests and how they function in the classroom, whether or not they do their work, cooperate or have an urge to learn.

Most of the children, according to Mrs. Binder, suffer from "emotionalism," caused by lack of security, or home problems. Others have speech defects, while still others have birth injuries.

Contributing to these problems, or perhaps caused by them, is the fact that most of the children have a 50-70 intelligence quotient (IQ).

The children range from seven to 12 years old and cover grades two through seven. According to Mrs. Binder, they are the highest group or "Type A," the retarded group, but still educable.

By way of comparison, she explained that Type B, such as those at Tuscola County School for Retarded Children, Caro, are trainable, but are noneducable.

In teaching the children, Mrs. Binder stresses sight reading and phonics. "I teach them to speak, read and write... things a child has to know to be able to get along with his fellow man," Mrs. Binder explained.

"We have to prepare these youngsters to go out into the world," she continued. "... the children need a lot more attention than I can give them."

She also stresses manners. "I tell them that since we are special people, we have to be especially careful," she says.

Mrs. Binder looks deceptively like a grandmother-turned-teacher. There is nothing grandmotherly about her handling of the students.

She treats them with the same firmness and understanding necessary in handling most rambunctious children.

In regard to discipline, she states, "I take whatever action I think is necessary."

Her philosophy about special education is simple: "I was going to go into social work but special education is a greater work... these children have their whole lives ahead of them."

Some parents, Mrs. Binder relates, vigorously opposed the plan when they learned that their children had been selected for the class.

Later on they became aware

that the class was helping the children, she tells. "The child, for the first time had friends... for the first time was as good as the next person in the classroom."

"It shouldn't be assumed that this is the last step," Mrs. Binder asserts. From special education, although she doesn't expect any of the present class to leave for the next year or so, the students will go into the regular classroom, based on ability. The majority, she says, will go through the 12th grade.

Mrs. Binder concluded by explaining that special education should not be a stigma. "Special Education" is for the non-average child, whether he is high or low in intelligence or physically or mentally handicapped.

## Cass City Man Jailed, Fined for Drunk Driving

Driving under the influence of intoxicating liquor cost a rural Cass City man his driver's license, \$50.00 and five days in the county jail Monday when he appeared before Justice Reva Little.

George J. Hyvonen, 58, Route 3, Cass City, pleaded guilty to the charge Monday. He was arrested Sunday evening by Patrolman William McKinley on the complaint of a resident.

Hyvonen was ordered to pay a \$50.00 fine, court costs of \$7.25 and sentenced to serve five days in jail. He was to serve an additional 15 days if the fine and costs are not paid.

He surrendered his operator's license to the court.

## Switch Hours At Library

After several weeks of deliberation the board of the Cass City and Elkland township library has decided to switch evening opening hours from Saturday nights to Friday nights.

The switch starts April 5 and conforms with the hours that business places are open. Hours will be 7 to 9 p.m.

## Bounty A-OK Say Hunters

Ask any fox hunter about removing the bounty on his favorite game animal and he'll be quick to tell you what he wants done... and George Rolston is no exception.

Rolston, who lives northeast of Cass City, says that the State should take the bounty off the pups and leave it on the mature fox.

A farmer can spot a den and dig up eight or nine pups and collect \$5 each. For fox hunters to collect that much takes a lot of time for a good many persons.

Despite more hunters than ever and a bounty for years, nearly all fox hunters agree that there are more fox today than ever before.

Fox hunters say that fox deplete the pheasant and rabbit population and that hunting them helps other hunters.

When asked if removing the bounty would stop fox hunting, Rolston said no, but that it would curtail it a great deal.

Any fox hunter will tell you that fox hunting is a sport and that no one breaks even from bounty payments.

There are some 15 or 16 area residents in the group that hunts with Rolston and they have accounted for 24 fox.

Many of the hunters maintain two dogs. Among them are Howard Hill, Leonard Copeland, Harold Copeland and Angus McLachlan.

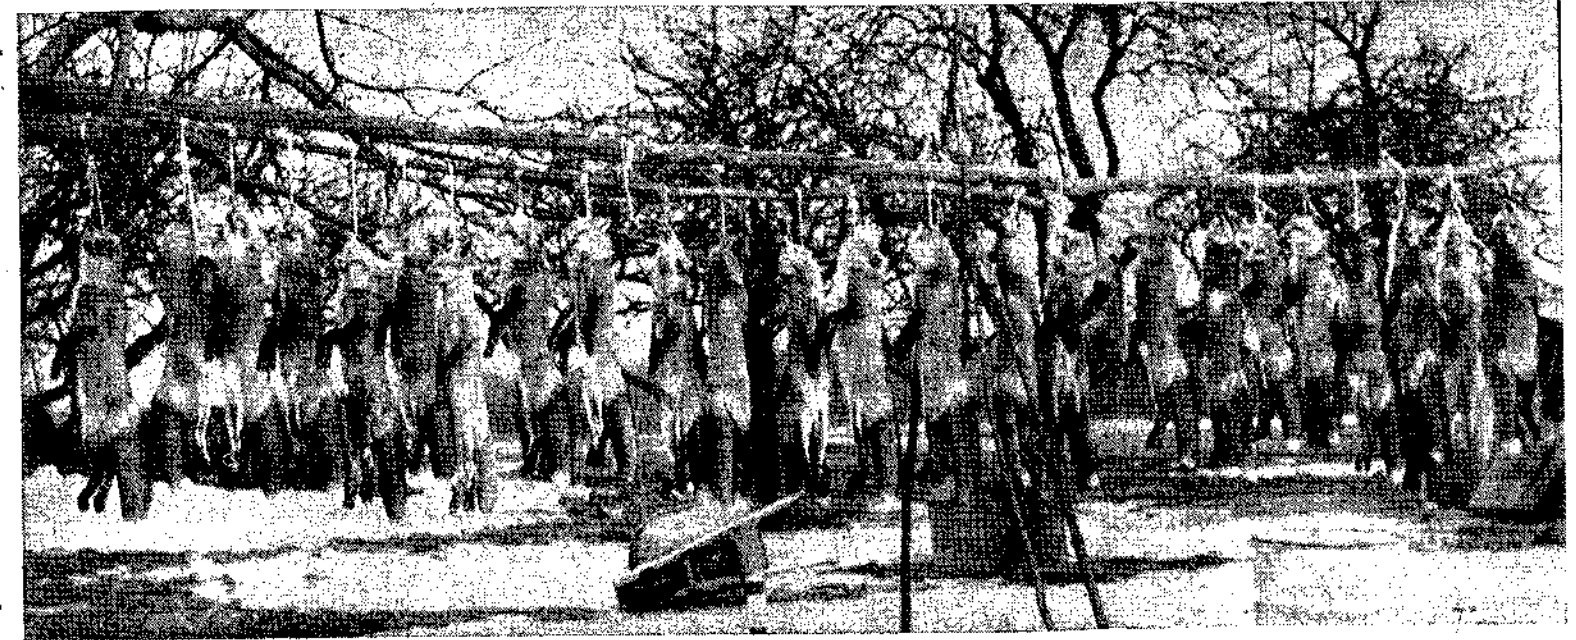

The group hunts just about any time conditions are right... a new light snow is ideal, they say.

Like any hunting, luck varies. One week stands as a high point in the season. During a six-day span the hunters bagged 13 fox.

We got two on Friday, Saturday and Sunday; three on Monday, and two on Tuesday and Wednesday, Rolston recalled.

However, hunters aren't always that lucky, nor do they normally hunt that often. About two or three times a week, weather permitting, is about our average, Rolston concluded.

TO THE VOTERS of Novesta Township: I am a candidate for the office of Township Clerk on the Democratic ticket. Your support in the April election will be greatly appreciated. Francis A. Smentek. 3-21-2

AFTER NEARLY A season of hunting, a group of 15 or 16 hunters have bagged these 25 fox which will be bountied at the end of the year for \$5 each. George Rol-

ston, who has the fox hanging in his yard, says that the bounty does not begin to cover the cost, but helps to defray expenses incurred in the sport. (See story.)

Stickie Outlines New-Con for Lions

Robert Stickie, Cass City High School government teacher, outlined the basic changes in the new proposed constitution at a Lions Club meeting Monday night at Martin's Restaurant.

Stickie warned that "party politics shouldn't play a part" in the vote for the constitution. He explained that the constitution should be considered a "package" and that the final decision should be made on the unit, not on one or two individual points.

He also listed controversial sections of the new bill. The constitution will be voted on at the Spring Biennial Election Monday, April 1.

Joe Chesny, Pinconning, candidate for the District 11-D governorship, outlined his experience and the duties of the local club in such an election. He was accompanied by Bob Jewell, also of Pinconning.

Lloyd Bryant, reporting on the scheduled "Womanless Wedding" show the club will be giving April 25-26 with the Rotary Club, announced that a ticket sales contest between the clubs had been set. The club left with the most tickets will take the winning club members and their wives to dinner.

Rehearsals for the show will be Tuesday and Wednesday, April 23-24, at the high school at 7:00 p.m.

Superstition Topic for Talk At WSC Tuesday

Superstitions was the discussion topic at the Cass City Woman's Study Club Tuesday afternoon at the home of Mrs. B. F. Benkelman Jr.

Leading a talk about origins and meanings of superstitions was Mrs. Harold Perry. She told why numbers three and seven are considered lucky and 13 unlucky.

She said many superstitions exist about the moon and explained how superstitions led to Salem witchcraft murders.

The 18 members present answered roll call by telling their pet superstitions.

A joint evening meeting with Gagetown will be held next at the home of Mrs. Margaret Haire and Mrs. Sadie Rolison. The Gagetown club will furnish the program.

Council Proceedings

In accordance with requirements of the Cass City Village Charter, a meeting of the Council was held on Thursday, March 14, 1963, at 5:00 o'clock p.m. All members were present except Mr. Seals.

ORDINANCE No. 57

An Ordinance To Establish Water and Sewer Charges and Regulations Covering the Same Within the Village of Cass City and Areas Adjacent Thereto.

The Village of Cass City Ordains:

1. A deposit of \$10.00 shall be required from new subscribers to be held without interest to insure collection of a final charge in case of cancellation of service; or, if not cancelled, to be refunded to the depositor after three years time if credit investigation warrants.
2. The turn-on charge for water service shall be \$3.00.
3. The quarterly charge for water and sewer facilities shall be subject to a 10 per cent delinquency penalty applicable if unpaid after 30 days from end of the period billed therefore and the water service shall be shut off after 60 days from the end of said period for as long as the charge remains unpaid; a 10 day notice of intention to turn water off shall be sent to the delinquent subscriber.
4. A landlord shall be held responsible for the payment of the water and sewer charge incurred by his tenant inasmuch as such charge will become a lien against the property and such charge may be assessed on the tax roll. It shall be the responsibility of a landlord to inform the Village Clerk when a tenancy begins and when it terminates.
5. Charges for water and/or sewer service to any area beyond the limits of the Village shall be 150% of the rate for the service within the Village limits. The deposit fee as established in paragraph one shall be \$15.00. All other regulations as contained herein shall apply the same.
6. For residential service only, for any billing period in which there is no water or sewerage usage there shall be no charge; in any billing period in which there is at least 15 days of usage the established rates shall be applied; in any billing period in which there is less than 15 days of usage said usage shall be accounted for in the following period to be billed:
7. All persons or firms using water for purposes in which the water does not become polluted, may discharge such water to the storm sewer instead of the sanitary sewer by paying for necessary meters and the installation of same for measuring such water and the charges for connecting into the storm sewer system.
8. This ordinance shall become effective commencing April 1, 1963.

Passed, adopted and approved at a regular meeting of the Common Council of the Village of Cass City on the 14th day of March, 1963.

42-Member Male Cast Picked for Lion-Rotary Show

History will repeat itself for a third time, at least on a theatrical level, when the jointly sponsored Lion-Rotary "Womanless Wedding" is presented Thursday and Friday, April 25-26, at the high school. Curtain time will be 8:00 p.m.

The play, with variations, has been given twice before by the Rotary club, the first time 34 years ago in 1929.

Mrs. James Bauer, program director, has announced that the 42-member, all-male cast has been selected. To be featured in the cast will be Lion and Rotary members, members of other clubs and organizations, high school students and villagers-at-large.

The present show will be an up-dated version of the earlier programs, complete with facsimiles of present-day notables such as the Kennedys, Castro and others.

Mrs. Bauer described the show as a "family-type program." She remarked that the up-dated script and the improbable parts assigned to the cast are sure to make it just as funny as past productions.

In other facts of the program, advertising teams from each club are slated to call on village and area merchants for program advertising. The following men were appointed to contact the merchants: Harry Little, Cliff Ferguson, Cliff Ryan, Dr. William Selby, Gerald Priekorn, Pete Rienstra, Ed Cantile and Paul Alfano.

Proceeds from the project will be divided between the two clubs.

On Sunday, April 14, the band will take part in a Jaycee sponsored Easter Parade and on April 18, they will give a concert at the Caro State Hospital.

They'll receive a breather until May 11 when they will take part in a junior high festival at Elkton. Harold Walters, world renowned composer and director, will direct the festival which will feature bands from all over the Thumb. The bands will play individually and en masse.

They will round out the season with the Spring Concert May 16, and Baccalaureate exercises June 2.

Thought For Lent

Fourth in a Series

The Rev. Fred Johnson lives outside of the limits of our village where he is a United Methodist pastor. He serves two churches, having been there nearly three years.

LENTEN MEDITATION

By Fred Johnson

The driving force of a good conscience, reinforced by a Christian heritage and made real by personal experience should cause us to enter the Lenten season with deep gratitude to God for a suffering Savior who sweat, and it were, great drops of blood, cried, "Father if this cup may not pass from me except I drink it, thy will be done;" then became obedient even unto death for us while we were yet sinners.

As I meditate on these things three necessities come to my mind. First: Reality. Reality is inescapable. We must face it fairly and squarely to find any real satisfaction. He that cometh to God must believe that he is Jesus said, "I am the truth." What you think or what I think does not change the truth. Someone has said there are five ways to face suffering: Curse God and die; pity yourself; grin and bear it; deny that there is any; or, accept it as a fact and face it. Jesus accepted it as a fact and faced it. Wherefore God hath highly exalted him and given him a name which is above every name, that at the name of Jesus every knee should bow.

If you want a truck that does its work without yelling for attention all the time, buy a "new reliable" Chevrolet.

You have to take care of it; it's a machine. But this isn't a full-time activity. The clear idea is that the truck works for you, not vice versa.

The way to build such a truck is to put more quality into it. For example, Chevrolet doesn't build one type of suspension system for all sizes of trucks. Chevrolet designs suspension systems to

Mrs. Robert T. McComb

Miss JoAnn Burns and Robert T. McComb were married Saturday evening, March 9, at Shabbona Methodist Church. The Rev. Joseph Shaw officiated at the double-ring, candlelight service before a setting of palms, baskets of white gladioli and mums and candelabra.

The bride is the daughter of Mr. and Mrs. Robert Burns of Shabbona and the groom's parents are Mr. and Mrs. Fay McComb of Cass City.

Given in marriage by her father, the bride wore a beau de sole floor-length gown with long wristpoint sleeves. The fitted bodice was designed with a Sabrina neckline edged with beads and sequins and encircled with rose appliques. The skirt was fashioned with a front panel of rose appliques, scattered designs of beads and sequins, and a large cabbage rose at the V-shaped waistline in back. The gown was made by the bride's mother. Her imported set veil was held in place by a crown trimmed with seed pearls. She carried a white gladioli bouquet with a removable corsage.

Matron of honor was Mrs. Robert Rumsel of Saginaw, sister of the groom, and bridesmaid was Mary Sue Burns, the bride's sister. They wore identical shrimp colored, chiffon over taffeta, street-length dresses with short sleeves and full skirts, elbow length gloves and matching headbands. Each carried a shrimp colored gladioli bouquet.

The groom's attendants were his brother-in-law, Robert Rumsel of Saginaw, and Jack Burns, brother of the bride.

Elaine Stoutenburg, Cass City, the bride's cousin, was flower girl and wore a white nylon dress with twining rosebuds and carried a floral nosegay.

Steven Collins, Pigeon, the groom's cousin, was ring bearer. Ushers were Robert Bader of Shabbona and Dennis Collins of Pigeon, cousins of the bride and groom, respectively.

Mrs. Burns chose a navy tunic dress. Her corsage was light blue mums. Mrs. McComb wore a blue sheath dress with a light blue mum corsage.

Larry Retherford of Deford was soloist and sang "Because" and "The Lord's Prayer," accompanied by Mrs. Ernest Bul-

## Date Changed for Bishop's Company Live Appearance

The scheduled appearance of the Bishop's Company play repertoire has been changed from April 8 to April 30, according to Vic Guernsey, member of a committee assigned to promote the program.

At a meeting Tuesday night, it was decided to attempt to raise the \$300 guarantee through \$5.00 or more advance donations. Donations will be collected following the plays also.

The Bishop's Company made its first appearance in the village last year. This year, the company will present two plays "Winnie-the-Pooh" for children at 4:00 p.m. and "The Devil and Daniel Webster" for adults at 8:00 p.m.

Persons wishing to give advance donations may contact Mrs. Gerald Prieskorn, the Rev. John Fish, the Rev. James Braid, or Guernsey.

## FOXY

The new bride may not have been so dumb—she wanted to know how to fry stool pigeons.

## Area Women on Winter Honor Roll At Northeastern

Three Cass City area women have been named to the Winter Term Honor Roll at the Northeastern School of Commerce, Bay City, according to a report from Louis Bork, director.

Miss Kennedy and Miss Field are both enrolled in secretarial courses. A course was not listed for Mrs. Britt.

## Neuritis and Sciatica

By Dr. E. P. Lockwood

Neuritis is a painful inflammation of a nerve, with impairment of power and sensation to the parts supplied by the nerve. The term is most frequently employed when there is an involvement of nerves going to either arm. Sciatica is a neuritis of the sciatic nerve, one of the longest nerves in the body, extending from the small of the back down the entire length of the legs. It is extremely painful and frequently renders the patient bedridden.

Of all conditions which respond to Chiropractic, it may be said the neuritis responds most readily to adjustments. The reason is that most cases of neuritis result from a disturbance of body mechanics and displacements of spinal vertebrae creating irritation of the involved nerve.

Any sufferer from neuritis should avail himself of Chiropractic without delay.

(One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. E. P. Lockwood, whose office is located at Cass City, Tel. 872-2765.)

## BULEN TALKS CARS

### IT'S INCOME TAX TIME AGAIN

If you use your car only for pleasure and personal driving you can't deduct a portion of the operating expenses and depreciation as business users can, but there are still many deductions you should be aware of.

This is the time when you receive an additional benefit for purchasing on a time payment plan. The interest applied to the payments made within the year is deductible.

So are state and local taxes applied when you bought your car, your annual registration fee, driver's license and property tax. If your car was stolen or damaged in an accident and the loss wasn't covered by insurance, then that loss is deductible.

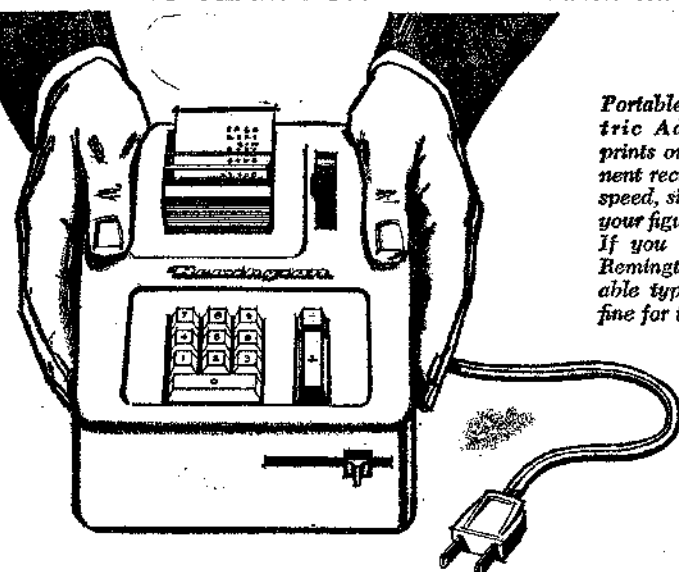

Federal taxes at the time you purchased your car or that you paid on gas and oil are of course not deductible, but state and local taxes are, providing they are accompanied by proof in the form of sales slips etc.

The Internal Revenue Service is scrupulously fair and they want only the money they are entitled to. They can often be exceptionally thorough in their checking, so if there is serious doubt about some item it would be a wise investment to spend a few dollars for the help of a competent tax counsel to set you straight. Especially if business and personal use are combined.

and later switched to the all numerical system that Cass City uses and that every exchange will have in the not too distant future. Studies have indicated that more people complain . . . and make fewer mistakes . . . with all number dialing than they did with letter-numerals.

Cass City seems to be off the beaten path for candidates in the spring election. GOP candidate teams are slated in Huron, Sanilac and Tuscola counties, but not in Cass City, according to a release from the GOP State Central Committee.

Candidates will be in Caro most of Friday in a program that includes a luncheon at the Hotel Montague. Bad Axe will be the headquarters where the team that will visit six counties will hold a breakfast meeting before launching the day's political campaign.

You'll find three "first robin" stories in this issue of the Chronicle. The reason (besides hoping for the end of a long hard winter) is that one report went to Editor Dave Kraft, one to Society Editor Melva Gunther and the other to this writer.

## Services Held for William Rondo, 74

Funeral services were held Wednesday in Caro for William Rondo, 74, Standish, following his death at his home Sunday afternoon. Death was attributed to self-inflicted gunshot wounds, according to the Arenac County coroner. Rondo had been under a doctor's care for despondency for the past three years.

Born April 19, 1888, in the Thumb area, he married the former Rena Rusko in Caro on March 28, 1919.

He owned and operated a farm in the Caro area until he moved to Sterling in 1942, where he

owned and operated a milk route. He retired and moved to Standish in 1949.

Rondo was a member of the Community Methodist Church, Standish; a member of the Senior Citizens Club; a World War I veteran and a member of the World War I Veterans' Barracks. Surviving, besides his wife, are two sons, Dale of Bay City and Carlton of Caro; two daughters, Mrs. Lorayne Hurd of Bay City and Mrs. Wilma Tuttle of Saginaw; one brother, Floyd of Pontiac, and a sister, Mrs. Jay Hartley of Caro. Also surviving are seven grandchildren.

Rev. Robert Secrist officiated and interment was in Elmwood Cemetery, Caro.

## First Robin Makes Debut Followed By Rain, Sleet

Melting snow, rain and warmer temperatures are sure signs that spring is coming to the area, but the most definite sign of spring was reported to the Chronicle this week by Miss Agnes Milligan, manager of Hunter's Variety Store.

Miss Milligan reported the first robin of the season. She saw the bird Sunday at her farm residence northeast of Cass City.

By way of verification, she reported that the bird was also seen by her father and nephew.

The bird was something of a false prophet considering Tuesday's sleet, freezing rain and low temperatures.

## Hospital Bids Opening Slated

Bids on the proposed addition to the Cass City Hospital are slated to be opened tonight (Thursday) at 7:00 p.m. in the elementary gym, according to Morris Jones, member of the board.

The drawings of the new addition have been available for local contractors since March 4, Jones reported.

The project will be financed through monies raised in a recent campaign.

## SHABBONA

Shabbona Extension group will meet next Tuesday evening at the community hall.

## VILLAGE TROUBLE

to uncover them to thaw them. Cost of the thawing was partially paid by residents, but Schram estimated that two-thirds or about \$200 would have to be paid by the village.

Surface drains throughout the village caused little trouble primarily because there has been little thawing and then refreezing during the winter.

He estimated that only about six surface drains had to be thawed.

### Methodists Slate 3rd Lenten Dinner

The Methodist Church will hold its third Lenten Family Night Dinner and Program, Wednesday, March 27, beginning at 6:45 p.m. The evening's activities will include a smorgasbord dinner in Fellowship Hall and a special program in the sanctuary beginning at 7:30.

There will be hymn singing, special music by the Junior Choir and an inspirational Lenten message by the Rev. William J. Richards, pastor of First Methodist Church, Clarkston.

Richards is the son of the late William Richards who served as pastor of the Cass City church in 1920-1922. He is a graduate of Garrett Biblical Institute and served pastorates at Westlawn Methodist Church and Woodmere Methodist Church, Detroit, before going to Clarkston in 1956.

The community is invited to the service.

Cosponsors for the evening are the Adult Bible Class and the Couple's Klub.

### Use Caution to Prevent Poisoning

"I feel that it is important," Tom Proctor said this week when discussing national poison prevention week (Mar. 17-23).

Proctor joins with 120,000 other pharmacists in the nation to push the 2nd annual observance of the week.

Facts suggest that poisoning is a serious problem. Each year some 600 children under five die as a result of accidental poisoning. The Public Health Service reports that such accidents involve 500,000 children annually.

Two-thirds of these cases were due to negligent storage of internal medicines.

It is necessary, druggists say, at all times to keep household products and medicines out of the reach and sight of children, in their original container and properly labeled. Remember to refer to medicines by their proper names . . . never call medicine candy.

Any local druggist will be happy to give tips on proper handling of household health necessities.

### Police Find Body Of Area Man in Trailer House

Funeral arrangements are pending for a 62-year-old rural Cass City man found dead Monday night in the trailer house he occupied alone on M53.

Bad Axe State Troopers James H. Tagonson and Milton Wolner found the body of Martin Berkas Kovacs in bed in his trailer after neighbors reported that they had not seen him during the day.

Sanilac County Coroner Henry Hacker, Sandusky, reported Kovacs died of a heart attack. Hacker estimated Kovacs had been dead for about 14 hours before he was discovered.

The body was removed to Little's Funeral Home, Cass City, where funeral arrangements were to have been completed Wednesday afternoon.

### Badges Given to 10 Girl Scouts at Court of Awards

Ten members of Girl Scout Troop 113, Cass City, received various badge awards at a troop Court of Awards Wednesday, Mar. 13, in the Scout Rooms, according to Mrs. Arthur Dewey, leader.

Those receiving awards and their badge classifications include: Kay Spencer, cooking, drawing and painting; Lynn Atwell, second class and skiing; Sally Geiger, second class and cooking; Mary Ayres, cooking and child care; and Brenda Wagner, cooking.

Others given award badges were: Pamela Dobbs, musician; Lynn Haire, swimming, skating, camp craft and games out of doors; Yvonne Fillion, second class; Linda Brown, cooking; and Carol Benkelman, homemaking.

The court was opened with flag ceremonies and the Girl Scout promise and laws.

Following the awards, refreshments were served by Mrs. Willard Dobbs, Mrs. Dale Brown and Mrs. Stuart Atwell.

Courts of Awards will be held every four weeks until the troop disbands for summer, Mrs. Dewey reported. Parents are invited to attend each court.

### Jr. Women Name 1963-64 Candidates

The monthly meeting of the Junior Woman's Club was held Thursday evening, March 14, at the home of Mrs. Richard Case with Mrs. Richard Eria as cohostess. Mrs. James Seals presided over the meeting and Mrs. Dwayne Peters was a guest.

A sewing contest was announced by Mrs. Donald Eria. There will be cash prizes and the emphasis is on "home leisure clothes."

Plans were made for a club outing which will be dinner in Saginaw May 1.

Mrs. Calvin MacRae offered the following amendments to the club constitution: 1. A member may apply for Associate Membership if she has held office, had five years of active membership and is over 35 years of age. 2. Associate members shall be exempt from active work and entitled to all privileges of the club except voting and holding office. 3. Associate members shall be assessed an additional \$1.00 per year. 4. An auditing committee of three shall examine the books of the treasurer and the annual report of the treasurer.

Mrs. Dave Kraft and Mrs. Robert Ryland were elected delegates to the state convention. Mrs. Richard Eria will prepare a written report of club activities for display at the spring convention.

Mrs. Rodney Krueger presented the following nominations for officers to be elected at the April meeting: president, Mrs. Daniel Eria; first vice-president, Mrs. Robert Ryland; second vice-president, Mrs. Jack Smith; Mrs. Richard Eria and Mrs. Richard Case; recording secretary, Mrs. Dave Kraft; Mrs. Fred Belanger and Mrs. Jerry Shea; treasurer, Mrs. Carl Palmateer; Mrs. Oliver Voyer and Mrs. William Wallace; corresponding secretary, Mrs. Dale Damm; Mrs. Charles Warner and Mrs. James Ellis.

Mrs. Krueger presented Mrs. Erwin Binder, special education teacher in the elementary school, as the speaker for the evening. Mrs. Binder talked concerning her work with 15 children who range in ages from seven, through 12 years. She pointed out that these children are very emotional and aggressive in their actions and need special attention and care

which are not possible for grade teachers with large groups to give them. Mrs. Binder said in part, "Our goal is to help a pupil develop good personal habits, a good social attitude, to acquire social skills and to guide them in development according to interest, aptitudes and abilities in preparing them for community living." Mrs. Binder says this class needs to feel important and needs to love the teacher. She emphasized the importance of keeping your word to them and of being firm with them but cheerful and kind.

A White Elephant sale auctioned by Mrs. Kraft was a success.

Refreshments were served with a St. Patrick's Day motif.

Nail down loose talk — it will save many reputations.

It's surprising how many men are saved by the hard work that they think is killing them.

### Honor Oatleys for Scouting

The Harold Oatley family of Allen Park, formerly of Cass City, has been named Scouting's First Family for 1963 by the Detroit Area Council of the Boy Scouts of America.

Oatley has been active in scouting for 32 years. He is credited by local authorities as one of the men responsible for establishing scouting in Cass City on the high plateau that it enjoys today. His wife is the former Marian Milligan of Cass City. Oatley was the assistant principal at Cass City while he lived in the community.

His varied work in scouting includes 17 years as scoutmaster and assistant scoutmaster for three different troops. He also has been assistant district commissioner, district commissioner, explorer advisor, assistant camp director and camp director.

Mrs. Oatley works with Girl Scouts and all four of the Oatley children are active in scouting. They are: Jon, 13; Brian, 12; Ellen, 10, and Colin, 9.

The family took part in the Scout Week proclamation ceremony held in the office of Detroit's Mayor Jerome P. Cavanagh in February.

During his scouting career, Oatley has seen 20 boys earn Eagle rank, scouting's highest. Oatley is currently principal at Allen Park High School.

The fellow who borrows trouble seldom has smiles to lend.

### NFO Schedules Deford Meeting

Another attempt will be made to form a chapter of the National Farm Organization (NFO) in the area when farmers gather for a meeting slated at Deford school Monday, Mar. 25, at 8:30 p.m.

It will be the second meeting held here, according to NFO authorities. Some 25 interested farmers attended the first meeting.

Melvin P. Zubrad will be the guest speaker for Monday's meeting. Membership in the NFO is restricted to farmers and membership dues are \$25 yearly and members sign for three years when they join.

The nearest NFO chapters at the present time are in Sanilac and Lapeer counties.

The organization is now active in 17 Midwest states. It is most well-known for its attempt to control the beef market by holding beef from the market to secure a higher price.

## Personal News and Notes from Shabbona

### WSCS Meeting—

Shabbona Methodist WSCS met Wednesday afternoon, March 13, with Mrs. Dale Turner. Twelve members answered roll call with their favorite hobby.

Mrs. Nellie Lindsay, spiritual life secretary, read the 13th chapter of St. Mark. Invocation was given and a poem, "He is Coming Soon," by Mrs. Lindsay.

Plans are being made to entertain the Carsonville WSCS May 17, with Mrs. Alan Weeks of Kingston, district spiritual life secretary, as guest speaker.

Secret pals were revealed and names drawn for the coming year.

Plans were made to have family night Friday, Mar. 29, with the Rev. John Roach, Brown City, pastor and evangelist, who uses gospel magic with his message, as guest speaker.

Grace Wheeler gave the lesson on "New Frontiers in Home Missions," taken from an article published in "World Outlook" written by Elsie Severance, who is an English instructor at a mission in Calexico, Calif. She is a

relative of the L. D. Severance family.

Lunch was served by the hostess. April meeting will be at the home of Mrs. Clarence Bullock.

Elder Gordon Grant, president of Eastern Michigan District of RLDS churches, was guest speaker at Shabbona church for Wednesday evening and Sunday morning worship services.

Lillian Dunlap of Caro, Michael Murphy of Cass City and Mrs. Bruce Kritzman spent Friday overnight and Saturday with Mr. and Mrs. William Evo Sr. of Madison Heights. Saturday, with Mrs. Evo and William Evo Jr., they attended children's and juniors' league hockey games at the Gordie Howe Hockeyland arena where Billie and Mark Evo played on league teams.

Mr. and Mrs. Hazen Kritzman spent the week end with Mrs. Clarence Roback of Detroit. Sunday, they visited Clarence Roback, a patient in Providence Hospital, Detroit.

Mrs. Wilford Caister reported seeing a robin on St. Patrick's Day.

Several members from Shabbona extension group attended the Spring Fashion Show March 13 in St. Joseph's Hall, Sandusky, sponsored by the Sanilac County Extension Council. Attending were Mrs. Clark Auslander, Mrs. Dan Masten, Mrs. Charles Hirsch, Mrs. Clair Auslander, Mrs. Eugene Vatter, Mrs. Alvin Burk, Mrs. Lloyd Bader, Mrs. Eugene Chapin, Mrs. Robert Burns and Mary Sue, Mrs. Edward Petteplace, Mrs. Dale Turner and Mrs. Wilfred Turner. Proceeds were to go to Sanilac County School for Retarded Children.

Mrs. Eldon Beachy, Michael and Brenda of Bay Port were Thursday guests at the Wilford Caister home.

The Hay Creek Aid met Thursday at the community hall with a potluck dinner at noon. Mrs. Clair Auslander and Mrs. Clark Auslander were hostesses.

Mrs. Hazen Kritzman was a Monday caller at the home of Mr.

and Mrs. Dean Kritzman and family of Deckerville.

There will be a hymn sing Friday night at the Dale Turner home. Everyone is welcome.

### Farm Bureau—

Shabbona Farm Bureau met Thursday evening, March 14, at the Arlington Gray home. Lynn Spencer presided in the absence of chairman, Milford Robinson. Only six families were present, due to illnesses.

Assistant leader Paul Murray led the discussion on "An Action Program for the New Con Battle."

Mrs. Fred Emigh was acting treasurer in the absence of Mrs. Charles Bond.

The April meeting will be at the Lloyd Bader home.

Mr. and Mrs. Fred Emigh attended funeral services for Mark O'Dell in the Caro Baptist Church Sunday.

### Mark O'Dell Dies After Long Illness

Funeral services for Mark O'Dell, 47, of Caro were held Sunday at 3 p.m. in the Caro Baptist Church of which he was a member and trustee. Rev. Oluf Jensen officiated and burial was in Ellington Cemetery. A prayer service was held at 12:30 in a Caro funeral home before the body was taken to the church. Mr. O'Dell, ill for five months, died Thursday night in his Caro home.

Son of the late Jesse and Charlotte O'Dell, he was born at Wisner, Tuscola county, Jan. 5, 1916. He and Miss Isabelle Hendrick were married near Cass City April 30, 1938.

Surviving are: his wife; four sons, Lester of Decker, David of Caro, Arthur of Owosso and Grant, at home; four grandchildren; one sister, Mrs. Al Swanson of Owosso, and four brothers, Reader of Bay City, Harvey of Whittemore, Quentin of Caro and Mac O'Dell of Cass City.

KOMMENTS BY KRAFT

## I Gave It A Good Hard Push

By Dave Kraft

I don't know whether it's just my adversity to being told what to do or a mental block or just sheer stupidity. Probably the latter.

I had to go into the Federated Store the other day for something. I walked up to the door, read the brass plate that says "push" and gave it a good hard pull.

The stupid thing wouldn't open so my arm automatically and spasmodically jerked it two or three times more before my brain center cleared the message that that "push" doesn't mean pull.

Mrs. Bun Ross was standing just inside the door and to cover up my embarrassment, I said, "You know, I do that every time." "You're not the only one," she said.

I laughed and said, "I suppose not." As I laughed, I walked over to the other door, read the brass plate that says "pull" and gave it a good hard push.

I suppose you're getting tired of hearing about my money problems week after week but I hear about them week after week, so why shouldn't you?

At the end of last week I had acquired 78 cents. To date ... hold on to your chair ... I have received an additional 85 cents! To those of you who may have forgotten, I am in the midst of a push to acquire \$20,000 via contributions from my faithful readers. With the added 85 cents, I have a total of \$1.63 ... just \$19,998.37 from my goal.

I got two of my wildest and funniest contributions last week. One was a drawing of me taken from the picture at the top of this column. The drawing was unsigned, but the envelope was postmarked Midland.

It was darn good and looked just like me. Instead of eyes, the artist used two dimes. Best looking set of glimmers I ever saw. The other wild one came in a small package. At first, I thought it was probably a real bundle of loot. I tore the paper off with shaking fingers. It was a box of tranquilizers with a dime inside.

On the front was the name of the product with this information: "In every illness where anxiety and tension are a problem." That's my problem to a "T."

On the back it read: "Indications - anxiety and tension, muscle spasm and convulsive states." And I thought it was caused by a hitch in my get-along.

Inside was a note that read: "Dave: Here 'tis, another dime towards your \$20,000. I am sending these tranquilizers to use in case you get frustrated when the money isn't pouring in. A faithful reader." The package was postmarked Saginaw.

My biggest single contribution of the week was from my grandmother-in-law, Mrs. Alta Lee of Vassar, ... 50 cents! She manages the two laundramats in Vassar and she swept 40 cents of the money from under the washing machines. Just as she was getting ready to seal the envelope, my father-in-law, Walter Lee, came in and added another dime. They're nice people.

Stan Kirm, mailman and Cass City's answer to the 50-mile hike, gave me a nickel. He'd have given me more but the rest of his money was in his left pocket and I just happened to have a hammerlock on that arm.

Mrs. LeRoy Constla was my next biggest contributor, not in money, but in size. She gave me a souvenir penny from Chicago. It measures three inches in diameter. I may use it for a spare tire on my Metropolitan.

Last week we carried a story announcing a fox call to be broadcast over that nasty word, WKYO, Caro. All you needed was a transistor radio, a gun and a foxhole with a fox in it. Forget it. I have a much better

way and it isn't half as noisy. Clip this column. Find a board, smear it with chicken fat and nail a chicken feather to it.

Take the board, chicken fat and feather out to the nearest fox-hole ... or the farthest, whichever you prefer. Find a soft spot and wait.

The fox will come out of the hole, smell the chicken fat and try to lick it off the board. While he's trying to lick the fat off, the feather will tickle him and he'll laugh himself silly.

While he's convulsed with laughter, you walk over, pick up the board and clout him one in the kisser.

What do you use my column for? That's to carry your sandwiches in, in case you have a long wait.

\*\*\*\*\* This is my public service bit for the week! Note -- the library does NOT have a phone. Therefore, the fire number and the library number are no longer the same.

Persons wishing to reach Mrs. Arthur Little, librarian, social editor and all that, may reach her at her home, ... when she is at home. If she isn't home, well, that's the way it goes.

When you dial the fire number to find Mrs. Little, you find, not Mrs. Little, but 18 highly nervous and excitable firemen and members of their families. And the sheriff.

So don't do it anymore. First thing you know, they'll be over here borrowing my tranquilizers and that's out.

\*\*\*\*\* This next request will bring the little white men in the coats but if you can believe I have a serious bone in my body, believe this.

Have you got any bats in your attic, barn or belfry? I know this isn't something one usually likes to admit but I'd like to catch one or two.

I recently read an article which described the bat as an intelligent, highly interesting little mammal.

They hibernate in the winter. So if your place is frequented by bats in the summer, it's a pretty safe bet they're still around. Besides, this makes them easier to catch.

If you think you have bats in your dark recesses, give me a call or drop me a line or something. Just one thing ... don't call my house. You know how my wife is.

## Spencer Completes Missile Exercise

Army Pfc. Stanley M. Spencer, son of Mr. and Mrs. Clarence Spencer of Deford, recently participated with other members of Battery B of the 61st Artillery's 2d Missile Battalion in annual missile practice firing on Okinawa. The four-month exercise ended in February.

The exercise was designed to test the combat efficiency of Spencer's unit which is a major

element of Okinawa's air defense system. The unit is armed with the Nike-Hercules missile.

Spencer, an engineer in Battery B, entered the Army in September of 1961, completed basic training at Fort Knox, Ky., and arrived overseas in February, 1962.

The 20-year-old soldier attended Cass City High School.

## Book Review

## "Inside Story" Is Very Well Told

By the Rev. Robert J. Searls

The book for review this week is in the trend of others in recent weeks. It is a book about politics -- the "inside story" and, in this case, very well told.

It has to do with a national convention -- the Republican one -- of 1960. It is realistic enough to be the "anatomy of a convention" it seems to be. The Republican convention follows the Democratic convention by just a few days in the same city (recognize Chicago, anyone?) with the same girls handing out buttons this week as had handed out buttons for the opposition party the week before. One set of banners has been consigned to the fire and another set unfurled. An insight to the superficialities of such conventions is written for us in the word pictures of two of the models handing out buttons -- one complaining that she had to look at the buttons to be sure of whom it was she was campaigning for, and expressing the wish to have had time to read up (no models read in real life?) on the candidates.

Even the names sound familiar to us. For example, presidential candidates at the convention include Senator Theodore Blair -- who has twice before been a reasonable hopeful. A second candidate is General of the Army Lucas P. Starbuck, a reluctant nom-

inee rather out of his element and misled often by his political advisors whose interest lies more in seeing to it that Blair fails in his bid than that their candidate gets it. The third major contender is Darrell S. Gavin, the young governor of Oregon.

As is usual at conventions of the sort, the real events take place in seemingly innocent meetings, in the countless cocktail parties and in the famed "back rooms." At the end, of course, a candidate is selected, and the challenge and pledge of "party unity" is made.

We are told that writer James Reichley was at one time a reporter and we can believe it. This was good reading and the 400 pages require little of the reader except to stay awake so as to turn the pages -- which is hardly an unpleasant task.

I liked this book and think you will.

HAIL TO THE CHIEF by James Reichley, Houghton Mifflin Company, Boston, 1960 - purchased at Ben Franklin Store (if they are all out, call me and make arrangements to borrow it).

## Uncle Tim From Tyre Sez:

Dear Mister Editor: The fellers at the country store Saturday night was setting around adding up their blessings and subtracting their burdens and I'll have to report they come out about even.

On the blessings side, Ed Doo-

little was giving thanks fer the fact his old lady ain't offered him no advice about nothing in a whole week. Ed reported he was gitting fed up on his old lady trying to give him advice all the time. He allowed as how a feller that could tell the dif-

ference between good and bad advice didn't need neither one, and if he couldn't tell the difference, the advice wouldn't do him no good nohow. Confidential, I think Ed's old lady has been advising him to do a little work around the place fer a change.

And Ed reported he had saw in the papers where a Illinois agriculture expert named George E. Smith has announced official that he has been able to git bumper corn crops by bombardin' corn fields with music sounds. He claims he has increased corn yields from 6 to 10 per cent with music.

In the first place, claims Ed, we got too much corn surplus now and using this music fertilizer was working agin the farm problem. He was of the opinion the Government should start right now barring any farmer from gitting a handout that was growing corn to music.

Zeke Grubb figured that corn growed to music would make fine popcorn and that any growers that was using this new music fertilizer could git the difference between the regular price and the Government handout price by gitting into the popcorn business.

Clem Webster told the fellers he couldn't figger which was worse, using this new music fertilizer or the non-exist fertilizer invented by Billy Sol Estes. This brung up a discussion about whether or not they was ever going to be able to git Billy Sol behind the bars. Ed Doolittle was agin it, said if they put him in jail he'd write a book. Ed allowed as how it was a dangerous thing anyone to put a feller in jail that could read and write. He started out with Alger Hiss and named a long list of fellers that has got famous from writing a book in jail. Ed says throwing some of them smart operators in jail fer a spell is like throwing a rabbit in a briar patch. They love it, come out on the best seller list.

I agree with Ed, Mister Editor, that if they is any chancet Billy Sol will write a book, it would be better fer the Government to let him stay in the non-exist fertilizer business. And I'm solid again any Government aid to farmers growing corn to music.

Yours truly,  
Uncle Tim

Other officers are Mrs. Frederick Pinney, secretary-treasurer, and Miss Caroline

### Gilford Farmer

#### Likes Beet Crop

Vern Dove, Gilford township farmer and sugar beet grower, believes that early planting of sugar beets is a big factor in successful sugar beet production. "As a rule, it is the first crop I plant in the spring," said Vern.

Dove has been growing beets on his farm for 30 years or since 1933. He operates a 200-acre farm and grows about 45 acres of beets each year in a four-year rotation of beets, barley, wheat and beans. In this rotation the ground is plowed in two consecutive years with a seeding used in the wheat. Three hundred pounds of fertilizer are used at planting time with 400 pounds of 10-20-10 sidedressed. Anhydrous ammonia has also been used.

While visiting with Vern about his farming methods and sugar beet production, I asked what advice he had for successful beet production and he said, "not to rip them up if you had at least a 50 per cent stand." Too many fields of beets are dug up when a good crop could still result if the field were given a chance.

According to Alfred Ballweg, county extension director who made the interview, Vern feels that because other crops, like beans, corn, oats, etc., are so low in price sugar beets are a better income crop. Income from one acre of sugar beets is equal to that of three acres of beans, said Vern. He likes the idea of producing a crop not in surplus.

Band spraying with T. C. A. and Endothal have proven very helpful in weed control along with the use of monogerm seed and space planting.

Average yield of beets on the Dove farm during the past three years has been above 16.5 tons per acre.

# Bipartisan Drive Underway in Lansing For Law Aiding Economic Development

By Elmer E. White  
Michigan Press Association  
Loans Can Help

A concentrated bipartisan effort is under way in the Legislature to enact a law to give state backing to economic development projects.

The proposal to create a Greater Michigan Authority would allow loans of up to 30 per cent of the cost of local industrial projects. The Authority would be empowered to lend its funds to community industrial development corporations, with a second mortgage by the local unit as security for the loan.

Dr. Harold T. Smith of the Upjohn Institute at Kalamazoo told House members recently the Authority would provide the type of program "best suited to Michigan's economic needs."

"The Greater Michigan bill in its present form is designed primarily to assist redevelopment of depressed areas having labor surpluses and other unused resources," Smith said.

Economic development activity has been listed by Gov. George Romney as a priority need in the current short session.

Bills similar to this year's Greater Michigan measure have been introduced during the past several years to combat the efforts of some Southern states in drawing industry, some of which has been taken from Michigan.

Smith noted 19 states have some kind of statewide development credit corporation similar to that proposed in the Greater Michigan bill.

Some 125 communities in the state have local industrial development corporations, the Upjohn spokesman said, but they do not have sufficient power without state backing.

"Because Michigan does not have any industrial development tools, it seems especially important that a Michigan industrial authority along the lines of the Greater Michigan Authority, be established."

**Bonding Up**  
Local efforts by school districts to meet the growing needs of the population are seen in a report by Superintendent of Public Instruction Lynn M. Bartlett.

Bartlett notes that with four months remaining in the current fiscal year, schools have received approval for about \$400,000 more

in bonds than were authorized throughout last year.

At the Superintendent's report, school districts had received authority to issue about \$85.1 million in bonds. Last year the total bonding requests approved was \$84.7 million.

## Agent's Corner

Frances T. Clark  
County Home Demonstration Agent

I am finding out that people today are extremely interested in human relations. One reason, I think, is that we live and work closer together than ever before. We mingle with people so much faster and easier. We come together in crowded schools, in large social groups and in large industrial organizations.

We also live in a more intimate relationship in the family while increasingly the family is more closely associated with other families everywhere. So you see, understanding and getting along with people becomes a major task as well as a challenge.

Below I have some basic principles which may help you in handling your relationships with others. It is a skill which perhaps may be the most essential art that we will need to acquire in the years ahead.

**People, Not Things**  
1. It is people, not things, that are important. We should be concerned with how people feel about each other and how relationships are affected by what we do. We are increasingly aware that it is people that count.

2. Deep human fulfillment comes through significant relationships with other persons. It should be what happens to you in relationships with others that is important to you. You do learn in relationships with other people how to enjoy many experiences on your own, such as music, art or nature.

3. The "people-centered" or developmental family recognizes that all family members have important feelings, needs and desires. What happens to one family member has a bearing on what happens to others, individually and in total.

4. Only by respecting and accepting oneself is a person able to relate positively to others. Many times we hear it said that such and such a person does not like himself very well; maybe that is why others do not like him and he even seems to dislike others. If you do not like yourself, it is difficult to give of yourself to others because you do not have very much to give away.

**Quality, Not Quantity**

1. The quality of parent-child relationships is more important than the amount of time spent together.

2. Relationships change over a period of time and in varying situations. Your relationships either grow and develop or they fall apart. There is no such thing as a status relationship.

3. The family group with which we spend most of our early lives predisposes us favorably or unfavorably toward different people.

4. We can become more creative in solving problems within the family as well as with other people.

On March 14, 15 and 16 I will be holding a re-upholstery workshop in the home of Mrs. Howard Reich, Unionville. The hours are from 9:30 a.m. to 3:30 p.m.

The U. S. Department of Agriculture marketing researchers report that you consumers are getting better potatoes when you buy them already prepackaged, if this prepackaging is done before the potatoes make the trip to market.

The potatoes packaged in consumer units, it seems, make the trip easier than those in the 50-pound bags.

The U. S. Department of Agriculture marketing researchers found that when they compared test shipments of thin-skinned early red potatoes sent from Alabama and Florida to the North Central states, the smaller bags of potatoes were in the better condition. The potatoes in 5 and 10-pound polyethylene mesh bags, five and 10-pound vented poly bags, and 10-pound paper bags with mesh windows came through with less bruising than those shipped in 50-pound burlap and paper bags.

Although potatoes in consumer bags cost the retailer more money, marketing specialists pointed out that they eliminate the cost of repackaging at the grocery store.

So, in the end, potatoes prepackaged at the shipping point probably will not cost the consumer any more, and he certainly gets a better product.

Bartlett called the current year bonding requests "one of the most encouraging signs in Michigan education."

"The new bonding program (started last July) has brought a vigor to public school construction that shows Michigan is definitely starting to make inroads in providing the additional classrooms vital to education in this state," he said.

Current estimates are that Michigan will need about 16,500 new classrooms by 1967. These would replace currently outdated facilities and meet the needs imposed by the growing population.

**Aides Aid**  
In an attempt to meet the needs of hospital employment, the Michigan Department of Health has been sponsoring training programs for nurses' aides since the fall of 1961.

During the less than two years of the programs, Health Commissioner Albert E. Heustis said nearly 700 women have been trained for employment in medical care facilities for the chronically ill and aged. More than 400 of these were not working in medical or allied fields when they took the three-week training course.

Trainees have been encouraged to seek employment in nursing homes, where the needs for help are greatest, but Heustis said 30 per cent of the "graduates" who have found employment are working in general hospitals.

**Teacher's Pay**  
Michigan teachers received another boost in their average pay this year, according to the Michigan Education Association.

Robert Ferguson, MEA field services representative for the Upper Peninsula, notes the average salary for instructional personnel during the current school year is \$6,544. This was a raise of \$249 from the 1961-62 average salary among educators.

First-year teachers also showed

an increase over the starting pay in the fall of the previous year, Ferguson said.

\*\*\*  
The MEA already predicts additional hikes for teachers starting their work this coming fall. Ferguson said if the increases of the past four years continue, this June's graduates of the education schools should receive between \$125 and \$200 more than the teachers who went into the field in the fall of 1962.

Some progress also is noted in the Association's goal of a \$4,800 annual minimum salary.

Ferguson said some 67 Michigan school districts, which employed more than 28,000 teachers, paid a minimum of \$4,800 or better this year.

## AF Recruiter Sets Up Caro Schedule

Technical Sergeant George W. Shead, Air Force recruiter for Tuscola county and surrounding vicinity, has announced that he will be in Caro at the Post Office and the Office of Selective Service each Friday at 9:30 a.m. to interview applicants for enlistment in the U. S. Air Force.

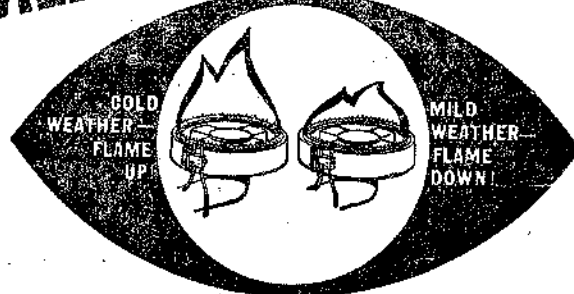

Sgt. Shead also stated that he is available for appointments if the above time is not suitable by leaving name, address and telephone number with either the clerk in the Post Office or to Mrs. Ellwanger in the Selective Service Office.

Sgt. Shead also noted that right now is the best time of the year to enlist. There are more openings now in more job fields than at any time in the last several years and there is no waiting list.

Sgt. Shead warned, however, that this will not last indefinitely, probably only through April and part of May, and that in June the rush will begin and very likely will cause a waiting list.

Silence is always golden—really an unspeakable asset.

# FORD SCORES TRIPLE SUCCESS OVER COMPETITION IN TOTAL PERFORMANCE TESTS!

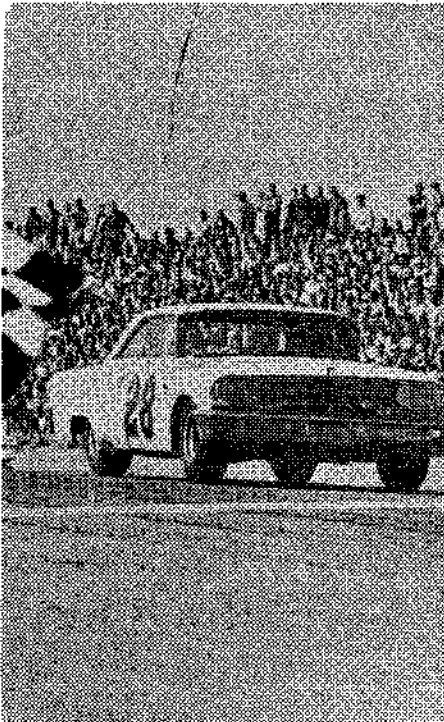

The true measure of total performance is not just speed. It's a feeling of complete ease at the wheel. A feeling of reserve power when you step on the gas... of safety when you brake... of security in the way a car grips the road, takes to corners, responds

to steering. It's a feeling of comfort in the way you sit and see with instruments in easy view, controls in easy reach. Total performance is the mark of engineering excellence that makes every trip on any road a driving pleasure.

**3 Daytona, Fla.**  
February 24

A Super Torque Ford finished first in a field of 44 cars at Riverside. This was not a "private" test but an official NASCAR 500-mile event witnessed by some 50,000 people. The results prove the 83 1/2 Super Torque Ford can take plenty of punishment without punishing the driver. Braking... steering... cornering... depend on Ford to deliver total performance!

A Super Torque Ford piled up winning points in economy, acceleration and braking tests to claim first place in Class I and II (for high-performance V-8's) at the Pure Oil Performance Trials in Daytona. These trials duplicate normal driving conditions as nearly as possible... and proved the practical side of Ford's total performance story.

Super Torque Fords finished 1st, 2nd, 3rd, 4th, and 5th in the annual Daytona "500," outperforming a field of 50 cars. Again in open competition, over 70,000 spectators saw dramatic proof of the stamina and durability built into the 63 1/2 Super Torque Ford. Never before has one make dominated so completely a major U.S. 500-mile track event.
