

Evergreen to Spend \$39,000

Voters in the Evergreen Township Unit School District will be asked to approve a \$39,000 addition to the school at a special election slated Oct. 19.

The money is expected to purchase two 27x28-foot classrooms and eliminate overcrowding at the facility. Some \$8,500 of the funds requested will be used to bring the school up to the standards set by the State fire marshal, Otis Dorland, secretary of the board, said this week.

Some of this work has already been completed. It includes painting with a fire-proof paint and the placing of acoustical tile.

Other work demanded by the fire marshal is a barrier at least three feet high to separate the gym from the corridor, Dorland said.

The cost of the addition, it will cost property owners two and a half mills on the state's equalized valuation for nine years. This is equivalent to about

\$6.25 per \$1,000 of the county's valuation (the amount that appears on tax statements.)

The plan calls for the use of one of the new rooms immediately for teaching. The other room will be used for storage until the district's growing population makes it necessary to use the storage room for teaching purposes.

School authorities pointed out that the second room can be constructed for only a little more than the cost of one room alone.

When you consider, Dorland said, that the present school is only about 10 years old and was thought to have been plenty large enough to allow for expansion when built, you can see the purpose of building the room for storage when making an addition.

The addition is designed to go on the west side of the present building and the rooms are designed to match the present construction of the building.

Plant Accident

Youth Severs Fingers

Grant Roy lost all four fingers of his right hand in an accident Friday at Bassett Manufacturing Co. of Cass City.

Dr. H. T. Donahue, who treated the accident victim, said that a press cut all four fingers below the knuckles and forced the amputation of the fingers at the knuckles. The thumb was unhurt.

The accident occurred when Roy was working on a press. He was attempting to remove a piece of metal with his fingers instead of a pair of tongs provided for the purpose to speed the operation of the press.

The press accidentally tripped, causing the accident.

Band Boosters to Meet at School

Band Director Ronald J. Walker announced that there will be a Band Boosters meeting Thursday, Sept. 26, at 8 p. m. for all band members and parents at the band room at Cass City School.

Following an important business meeting, a film of the University of Michigan's annual band day will be shown.

Local students will participate in the program Saturday. Following the meeting refreshments will be served.

Rotary Plans for Employee Clinic

A clinic for employees of businesses in Cass City is being planned by the Cass City Rotary Club. It is designed to show the proper way to treat customers in stores and other related data.

Members of the committee are John Scandalios, Bill Kritzman, Dick Erla, Gerald Priesskorn and Tom Proctor.

3 Attend School Meeting at Vassar

Three members of the Cass City School Board were among some 50 members of the County School Board Association to attend a dinner meeting at Vassar High School Thursday, Sept. 19.

Highlight of the meeting was a discussion of school laws by Mrs. Trueant, an attorney.

Attending from Cass City were Elwyn Helwig, Bill Ruhl and Mrs. Geraldine Priesskorn.

Apple Cider Time at Johnson's Mill Is Unique

Every year along about the middle of September when the leaves begin to turn and the apples begin to fall, a small tin-covered building just west of Snover shakes off the dust of several months of disuse and becomes, at least for two or three days of the week, a beehive of activity.

It is also the time when a 43-year-old Snover resident carries on a tradition that has been part of his family history for at least 50 years.

The man is Eldon Johnson and the tradition is the operation of a hand-turned cider mill, the only one of its kind in the area, the Thumb and perhaps in the State. Johnson, who has operated the mill independently since 1948,

specializes in custom pressing and also sells cider for all social functions such as parties, church gatherings, Halloween and private use.

What makes the mill so unique is that Johnson still operates it in much the same way his father did and his grandfather before him. Aside from an electric motor on the grinder, everything is done by hand.

"My grandfather had the original mill in a blacksmith shop some 50 years ago," Johnson explains. "It was moved to our farm in 1932 and in 1948 I moved it here," he continued, referring to the three-acre site where he and his 71-year-old mother live just outside Snover.

"Old-fashioned Way" "It's exactly the same except for the motor on the grinder... the original motor was an old upright gasoline engine. It's really the old-fashioned way."

The only two other mills Johnson knows of are at Bach and Brockway, but he was quick to explain, both are hydraulic operated.

"I think you get better cider from a hand press than from a hydraulic," he defended.

He explained the complete process, beginning with a hypothetical bunch of apples brought in by a customer. The apples are dropped into a chute which feeds them into the grinder where they are ground into a pulp.

The pulp drops into a shallow concrete tank from where it is scoop-shoveled into cloth covered trays under the press.

Three to four trays are put under the press at one time and a heavy wooden frame is put on top. Several other short pieces of timber are added to bring the pile closer to the two jacks which provide the pressing power.

Johnson described the jacks as "10-ton jacks, perhaps more." The jacks are hand-screwed down, pushing the heavy frame down through the cloth-covered frames.

The resulting juice runs down a V-shaped trough into a 22½ gallon wooden barrel. "You wouldn't want to use metal," Johnson explained. "the acid would corrode it." That's why the tank is also of concrete. Besides, unless it was stainless steel, it would affect the taste.

From the wooden tub, the cider is filtered and bottled. Just how much cider has been put through the press in one three-month season, Johnson isn't sure. On one peak occasion, he and a helper turned out 22 50-gallon barrels

or 1,100 gallons in one day!

The inside of the building is a freshly painted white and light blue. It is kept as clean and sanitary as possible because, as Johnson explained, "it has to be inspected every now and then."

What apples make the best cider? Johnson, who had just turned out a batch of Snow Apple cider, advocated "a mixture of apples."

"Snow Apples and Northern Spy Apples are the best... most of the later apples. There is a regular cider apple but you don't see much of them anymore. They were small and very juicy."

For his own sales, Johnson

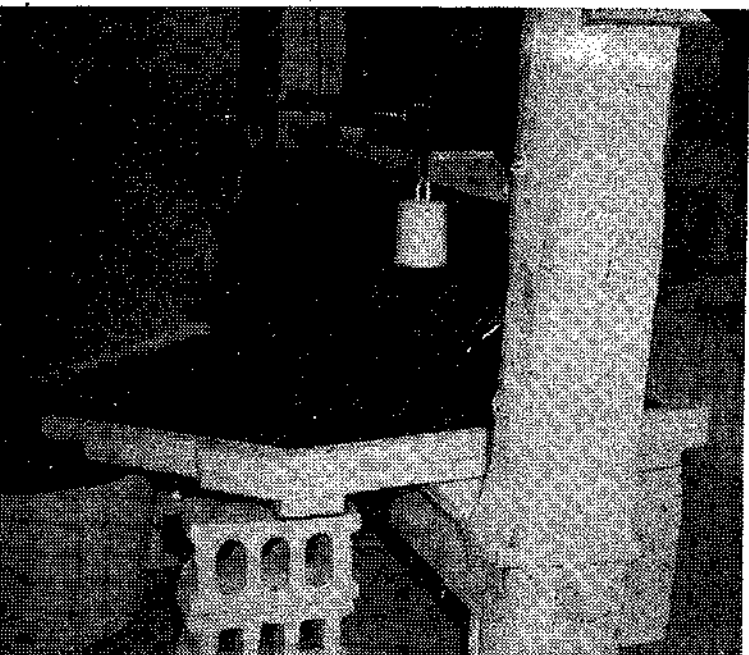

uses apples purchased from a local orchard.

The cider pressing season starts, Johnson reported, around the middle of September and runs through the first of December, or, "until the weather gets too cold to run the press."

Cider pressed for selling is always fresh and untreated, Johnson remarked. "We never have much left over because we never make too much ahead."

"A lot of people freeze it and others can it. The canned cider will last two to three years but the frozen stuff is good only for about a year."

Concluded on page two.

WHAT MAKES THIS cider mill of Eldon Johnson's of Snover unique is that it is still almost exclusively a hand operation. Only the electric motor on the grinder runs with power. (Chronicle photo)

THE FIRST CURB AND GUTTER to be completed on streets other than Main and Seeger was finished Monday on Gar-

field street. It took a crew from B & M Construction just four days to finish the work at a bid price of \$1.89 per lineal foot. Total cost was about \$5,000.

Interest Grows in Curb and Gutter In Cass City

The first curb and gutter erected off the two main traffic arteries in Cass City (Seeger and Main streets) has been erected on Garfield from Seeger to Ale.

Its completion has aroused a rash of interest in similar programs by other property owners.

Residents on Third street have expressed an interest in curb and gutter if payment terms can be lengthened over a longer period.

West Main street property owners submitted a petition asking for curb and gutter.

Village Mourns Loss of Audley Kinnaird Saturday

Cass City lost one of its pioneer residents and a respected business leader Saturday evening when Audley Kinnaird, 71, died at St. Joseph Hospital in Flint.

Mr. Kinnaird suffered a heart attack while driving, and succumbed after four days in the hospital. He had been in ill health for four years prior to his death.

He was born in Elkland township Dec. 21, 1891, the son of the late Mr. and Mrs. Hugh Kinnaird.

He served overseas in World War I as a member of the medical corps. He started his business career as a clerk for MacGregor and Townsend shoe store.

During the depression he left

Okay "Golf Ball" Type Water Tower

The Village Council authorized a "golf ball" type water tower as part of its new water works program, paying some \$3,000 more for the unit than one of a similar capacity with four legs would cost.

Primary reason for the purchase of the "golf ball" type unit is that it is much more attractive than the type currently serving the community. An added plus for the unit, trustees feel, is that maintenance will be easier.

The type authorized will cost the village and the Federal government, which shares 50 percent of the cost, \$48,000. The four-legged type is priced at about \$45,000.

In line with a better looking tower, the village has plans for a better looking area. The tower site in the five acres purchased recently in the northwest section of the village will be landscaped, seeded, fenced and locked and

Village to Hire Sewer Cleaning

Storm sewers should be in better condition this fall. President Lee Rabideau announced at Tuesday night's council meeting at the Municipal Building that a concern specializing in this work will be hired to clean the drains.

The village has a storm cleaning machine, but President Rabideau said that the unit is too small for efficient work.

kept as attractive as possible, the council promises.

Sell Two Lots

There is enough land for 16 lots in the five acres purchased by the village, if they were subdivided. Two of these lots, each 66x132 feet, have been authorized to be sold to Dr. William Selby and Robert Stickle for \$300 each.

The land is adjacent to each of these home owners' property and directly in back of their property. They are not suitable as building lots for any other person.

Schneeberger to Expand TV Sales; Close Fruit Store

A change in the Cass City business scene was reported this week when Russell Schneeberger announced that he is going out of the fruit business.

Schneeberger said that the growing television sales and service business operated under the direction of his brother, Clarence "Bud" Schneeberger, resulted in the decision. He is holding a going-out-of-business sale this week.

The entire building on East Main Street will be devoted to the sale and service of television. Russell Schneeberger will work in a sales capacity in the television business.

Park Parallel Looms Again

The problem of parking on Main Street that has brought sharp disagreement between the Cass City Village Council and Main Street merchants in past years is again plaguing the council.

Tuesday night at the regular meeting of trustees at the municipal building a request for curb and gutter on West Main Street by a group of residents who live on the street sparked a discussion of parallel parking on Main Street in Cass City.

The problem today is the same as it was several years ago when merchants sharply protested the change from angle to parallel parking.

If money for badly needed drainage on West Main and for curb and gutter is to come from the State, the village must sign away any control of parking on the street, says Village Engineer William Schram, or the State will not participate.

In addition, control of the street belongs to the State Highway Department, Schram explained, and any new construction must have the approval of the department.

Not a Surprise

Most close observers of the business scene will not be surprised at the state's position and some have taken steps to help the parking problem in Cass City.

Since the last parking problem meeting in the village, a lot has been established between Oak and Seeger, south of Main, and between Oak and Seeger, north of Main.

Limited parking has been established on other spots in the alleys adjacent to Main Street.

A representative of the State Highway Department is due in Cass City Thursday to talk to Schram, but he has not stated the purpose of his discussion.

An attempt will be made to see if a representative of the department can be in the community to explain the department's position on the parking problem.

The department exercises control over the highway because it is a State trunkline (M-81) and the village incurs no expenses in its maintenance.

Representatives of the Main Street property owners who attended the meeting were Harry Little, Kenneth Copeland, Jim Champion, B. A. Calka, Leo Ware and Robert Gross.

Dehmel Heads Tax Hearing Set In Cass City

Outstate Michigan's response to Gov. George Romney's fiscal reform program is being studied at hearings in House and Senate committees, and the Thumb area will have its chance to hear more about the proposal at a House hearing in Cass City High School Auditorium at 8 p. m., Tuesday, October 1. All persons are invited to attend.

State Senator Arthur Dehmel of Unionville is helping arrange hearings in the east half of Michigan, to acquaint residents with the issues and proposals involved in the governor's fiscal plan.

"This is the first comprehensive tax program ever presented by any governor, and is major legislation as far as the citizens of Michigan are concerned," Senator Dehmel said. Purpose of the hearings around the state is to inform the general public of what the Governor's program will do in equalizing the tax burden and make it more fair for all concerned, the Senator concluded.

"I hope that these hearings will attract many people, because only then can they realize the full importance of the Governor's program and what it will mean to the people and to the State of Michigan," the Senator said.

Members of the House Taxation Committee include James Folks of Jackson chairman, Gilbert Bursely of Ann Arbor, Robert Waldron of Detroit, Russell Strange of Clare, Harry Demasso of Battle Creek, Martin Butth of Grand Rapids, Gordon Rockwell of Flint, Charles Davis of Onondaga, David Upton of St. Joseph, George Montgomery and Hiram McNeely of Detroit, Gilbert Wales of Stambaugh and William Boos of Saginaw. A representative of the Governor's office and another from the Revenue Department will attend the Cass City hearing.

From the Editor's Corner

The Dave Krafts, who, as most folks know, are the parents of a three-month-old boy, won an appropriate prize in a free drawing last week end at the IGA Foodliner... they took home a football.

While speaking of the grocery business, it's pleasing to report that practically all of the groceries in Cass City are reporting banner years.

The move of IGA to the outskirts has helped the smaller independents in town, they say, and IGA and Erla's both are happy with business. The upgrading and the variety offered by local groceries has undoubtedly slowed the tide of shoppers buying in Caro markets.

While on the subject of business, we'll blow our own horn a bit. During last week's anniversary sale at IGA, a page and a half was used in the Chronicle and 2,000 four-page color bills sent out. Judging by the returns of the door prize coupons, the Chronicle "out-pulled" the mailer by about six to one, Harry Lenda reports.

We have found a sample of hops grown in the Cass City area. It was brought in too late for any details, but we'll find out all about it and report next week.

My wife and I have had a bet going for the last couple of years about reduction in Federal taxes. I read the papers and listen to the experts and remark that taxes will be reduced.

She reads the same articles and listens to the same TV commentators and says they won't... immediately after hearing the President and all the Democrats and Republicans pitch for a reduction.

Now it's beginning to look as if she will win this year's dollar, too. All of which doesn't prove very much except that women are astute politicians and that it never pays to bet with your wife.

Over the past 13 years that we have been in Cass City we have been to several college football games where the Cass City Band has participated.

We have never been able to distinguish them from the mass of bands that assemble for band day. We hope we are more successful when the band plays at U of M at Ann Arbor this Saturday... but we aren't too hopeful.

But whether or not the home town performers can be singled out, the massed bands make an impressive sight for those lucky enough to see it.

Ninth Physician Admitted to Active Hospital Staff

Dr. Donald Charles MacNeil, D. O., from Sandusky, has been admitted to the active staff at Hills and Dales General Hospital.

Administrator Richard Palm said that his application was approved by the board of directors at its regular meeting Monday night at the hospital.

Dr. MacNeil is married and has five children.

His admittance brings the number of doctors on the active staff to nine.

Shop at Home Series Brings Vital Facts to Residents

The advantages to shopping at home whenever possible are again being called to the attention of area residents in the annual "Shop At Home" series in the Chronicle.

The advertisement is again slated to run once a month for six months and tells of the advantages that residents receive in shopping in Cass City as well as the benefits to the merchants.

Officers Elected, Quota Set

Community Chest Girds for Drive

The board of directors of the Elkland-Novesta Townships Community Chest fired the opening salvo in their campaign to raise funds, Saturday in a meeting at the municipal building.

The board re-elected Paul Alfano president of the board. Other officers are: George Getchel, vice-president; Donna Palm, secretary, and Mrs. Julia Murray, treasurer.

Council Ready to Buy New Grader; Orders New Truck

The village is on the verge of buying a new grader to replace the 1937 model that has served the community for the last five years.

Village President Lee Rabideau and Village Engineer William Schram were to have gone to Detroit Wednesday to look at a reconditioned Caterpillar grader that is expected to cost in the neighborhood of \$4,000 to \$5,000.

President Rabideau explained that the present grader is inadequate and badly in need of repair. He said that it is now out of commission and that the hydraulic system needs overhauling.

The new grader will be reconditioned and guaranteed. It is a 1953 model. The present grader has a 13-foot blade and the new unit will be equipped with a 10-foot blade.

Schram explained that the smaller blade has many advantages in village work... including working behind the curb when construction is in progress.

The new unit also has tandem wheels and four-wheel drive.

Also in the works for the street department is a new truck. A Ford has been ordered and is expected within 30 days.

When the newest purchases have been completed, the village will have completed its most ambitious new equipment program in history. Earlier this year a backhoe was purchased.

Crippled Children Service Available

Hills and Dales Hospital Administrator Richard S. Palm announced this week that interviews will be conducted by J. Perry Noonan of the Michigan Crippled Children's Commission for persons wishing the services of the commission.

Persons interested should contact the hospital for appointment, Palm said.

Sheriff Plans First Annual Roundup

The Tuscola County Sheriff's Posse will hold a first annual Round-up Sunday, Oct. 6, at 1 p. m. at the Tuscola County Fair Grounds, Sheriff Hugh Marr reported this week.

There will be 17 different events with prizes awarded in each, Marr said. Complete details will be released next week.

KINNAIRD DEATH

Continued from page one.

Cass City for the only time in his life when he went to Flint to build houses with James Proctor. He returned to Cass City and became associated with ST&H Oil Co. where he worked until he retired several years ago. He married Mrs. Pearl Townsend in Flint Aug. 18, 1922. Mr. Kinnaird was a member of the Methodist Church. He had served as chairman of the board and lay leader and was a member of the financial board for many years. He led the drive to remodel the church a few years ago. He is survived by his wife. A sister preceded him in death. Funeral services were held at Little's Funeral Home Tuesday. The Rev. James Braid, pastor of the Cass City Methodist Church, officiated. Burial was in Elkland Cemetery.

Men's capacities have never been measured; nor are we to judge of what he can do by any precedents, so little has been tried.

Beauty Tips

By Helen

The new official hair fashion and trend for fall is the "dandy." The new makeup colors now being shown have more allure than anything seen in some time. You've noticed rich, bright shades in nail lacquers and lipsticks... very feminine shades with a suggestion of silver. For evening eye makeup, anything appears to be right if it looks right, although daytime eye makeup still requires neutral treatment. Let us show you what the bewitching new mode in makeup can do for you this fall. You'll be delighted with the new hair styles too... at Helen's Beauty Salon, 6469 Main street in Cass City. HOUSEHOLD TIP: Clean furnace filters with your vacuum by placing window screen over them. The vacuum slides easily and doesn't displace the fibers.

Mr. and Mrs. Robert Steigman

Candelabra, palms and white gladioli decorated the First Presbyterian Church in Cass City for the 7:00 o'clock wedding ceremony Saturday, Sept. 14, in which Miss Dorothy Kay Anthes and Robert S. Steigman were married. Dr. M. S. Hostetler performed the double-ring ceremony. The bride is the daughter of Mr. and Mrs. Kenneth D. Anthes of Cass City. The groom is the son of Mr. and Mrs. Stanley Steigman of Lansing.

Given in marriage by her father, the bride wore a gown of unpolished satin featuring a Chantilly lace bodice with a Sabrina neckline studded with sequins, and wristpoint sleeves. The floor-length gown fell into a chapel train. A pearl and crystal crown held her fingertip veil. She carried a colonial bouquet of a sterling silver rose surrounded by carnations and Fuji anums, accented with pearls and ivy.

Mrs. Julia Foote of Argyle, friend of the bride, was matron of honor. She wore a blue street-length sheath gown featuring a scoop neckline, brief cap sleeves and a full overskirt. Her matching floral crown held a circular veil. She carried a colonial bouquet of a sterling silver rose surrounded by carnations and ivy. Serving as best man was Robert Bayley of Lansing, friend of the groom. Ushers were James Foote of Argyle and Robert Kerr of Lansing.

Vocalist was Douglas Avery of Cass City. He was accompanied at the organ by Roger Parrish, also of Cass City.

The bride's mother wore an aqua sheath of embroidered silk organza over taffeta, with beige accessories. The bridegroom's

mother wore a blue flowered sheath with a blue nylon overskirt, with matching accessories. They both wore corsages of sterling silver roses and carnations.

A reception was held at the church immediately following the ceremony. About 150 guests attended from Dearborn, Clawson, Warren, Lansing, Ishpeming, Traverse City, Pontiac, Richmond, Memphis, Pigeon, Elkton, Bad Axe, Gaytown, Caro, Deford and Cass City.

For their trip to Chicago, the bride wore an aqua print sheath with a matching aqua coat, both of which were made by the bride, black patent accessories and a corsage of white roses. They are living at Holt, Mich.

The bride graduated from Cass City High School and Tri-City Beauty school in Saginaw. She is employed at Fashion Center Beauty Salon in Lansing. The groom graduated from Everett High School in Lansing. He is employed by the Greater Lansing Detective Agency in Lansing and also attends Lansing Community College.

CIDER MILL

Concluded from page one. In closing, Johnson reminisced about the fate of the cider mill. "I suppose it's outmoded now. I wouldn't throw it away... it's an antique... something you don't see anymore. It won't be long until the small orchard is a thing of the past. They are all being bulldozed out." "Most persons wouldn't think it was worth it... but the mill has been in the family so long I just hate to part with it."

Just outside the mill door, on one corner of the building, stands an old, stunted apple tree, its fruit falling unused to the ground, reflecting the fate in store for the small orchard and perhaps in time, the Snover cider mill.

Until that time, if Johnson has his way, long about the middle of September it'll be cider time.

CURB AND GUTTER

Continued from page one. ing that curb and gutter be installed.

Tentative Plan

One of the problems facing trustees in the curb and gutter program is the plight of property owners who are assessed for curb and gutter and find it impossible or highly difficult to make the payment.

To cure the situation, Village Engineer William Schram suggested that an appeal board be established for property owners to come to if a curb and gutter assessment causes an undue hardship.

Trustees feel that the measure has merit and will investigate.

24 Auxiliaries Set For Meeting Here

Among the various dignitaries expected at the district meeting of hospital auxiliaries at Cass City Wednesday, Oct. 2, is the district president, Mrs. William Davison of Port Huron.

Another highlight of the meeting is to be a panel discussion featuring topics concerning problems facing all auxiliaries.

Mrs. Grant Boomer will speak about gift shop and cart and Mrs. Max Dodds will discuss volunteer service. Fund raising will be the topic for Mrs. Davison and Mrs. Ford Boyne will explain public relations. A question and answer period will follow each discussion.

Scheduled in the morning are registration, coffee hour and tour of Hills and Dales Hospital.

Lunch is slated at the Presbyterian Church and will be highlighted by a talk by Frederick A. Traill, Assistant Executive Director, Michigan Association of Hospital Auxiliaries.

Mrs. Willis Campbell is general chairman for the event and says that all auxiliary members are invited to attend. Luncheon reservations are to be made with Mrs. Almer Krueger.

Authorities of the East Central District Council of Michigan

Association of Hospital Auxiliaries expect to have representatives from 24 auxiliaries at the session.

Final Services for Unionville Resident

Funeral services for Orron A. Hambleton, 74, of Unionville were held at a Berkeley funeral home Wednesday, Sept. 18.

Mr. Hambleton, a former resident of Berkeley, died Sunday, Sept. 15, in a Caro nursing home after a three-month illness.

He was born Aug. 18, 1889, in Cleveland, Ohio, and was married Aug. 31, 1957, in Alpena.

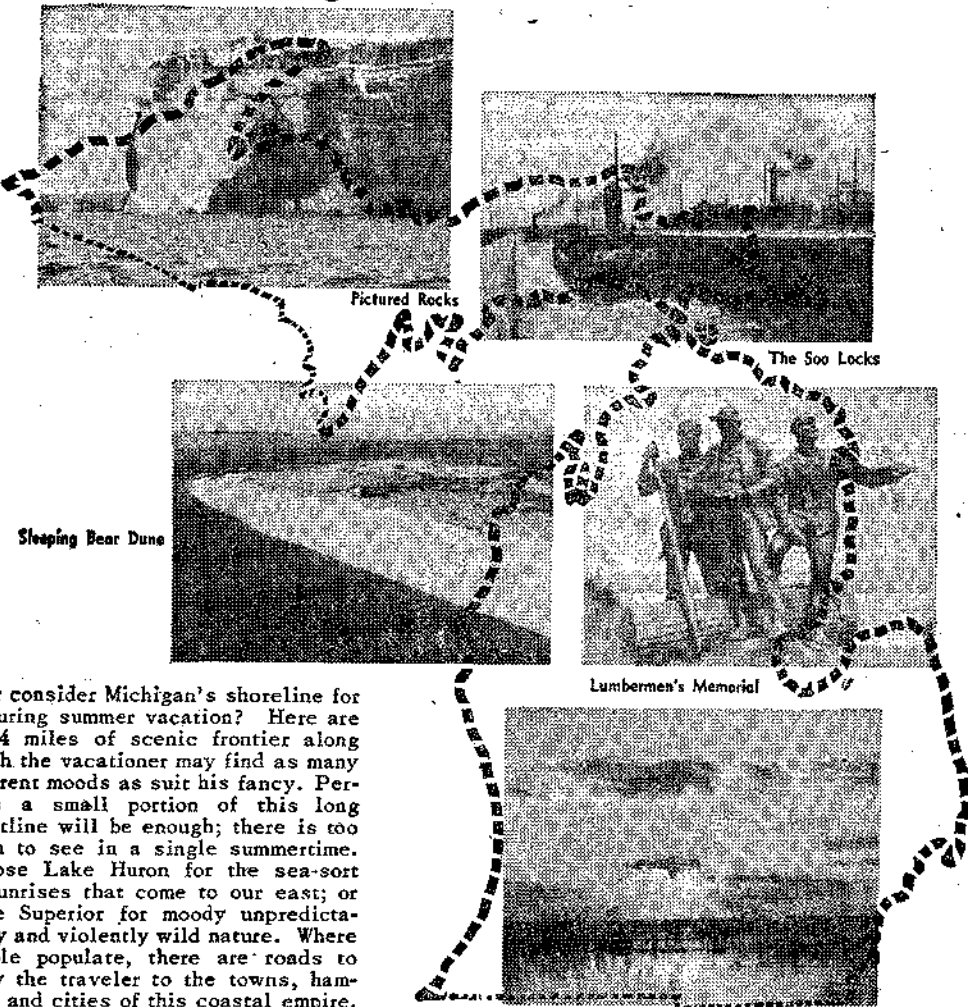

Mr. Hambleton sailed the Great Lakes as a first mate for over 50 years. He served overseas in the Merchant Marines during World War II. He was past noble grand of the Triple Link Lodge, East Detroit.

Surviving, besides his widow Anne, are three stepchildren, one brother and three sisters.

Burial was in Roseland Park Cemetery.

Michigan Shoreline Tour

Ever consider Michigan's shoreline for a touring summer vacation? Here are 2,254 miles of scenic frontier along which the vacationer may find as many different moods as suit his fancy. Perhaps a small portion of this long coastline will be enough; there is too much to see in a single summertime. Choose Lake Huron for the sea-sort of sunrises that come to our east; or Lake Superior for moody unpredictability and violently wild nature. Where people populate, there are roads to carry the traveler to the towns, hamlets, and cities of this coastal empire. Where wilderness is needed, we are still lucky to have unhighwayed expanses along our Superior shore. To find solitude there, the traveler must leave his car and use Shank's Mare or Aluminum Canoe. Michigan's many islands also offer coastal opportunities. Take your pick and find a beach to poke along. The sun is sunnier, the air is airier, and the water is warmer with longer days. Mich. Expect great things from Chevrolet again-for '64

Today...Jet-smooth Luxury '64 CHEVROLET

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year--the Impala Super Sports--with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance--a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delcotron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get--with all the extra-cost options there are to choose from--that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all

four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series--the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all--at your Chevrolet dealer's. Stomach Ulcer

By Dr. E. P. Lockwood

How often have you known some friend who practically had to live on milk and soft foods? His complaint was an ulcerated stomach. The same sufferer may keep a box of baking soda in his pocket ready to use after each meal. Such is the dire straits of the ulcer sufferer. Such a one can hardly eat to live. Such is the agony in one should break his diet.

The causes of ulcers have been many but the main theory is to the effect that there is an excessive secretion of hydrochloric acid which eats away some of the tissues of the stomach wall.

To counteract for the excess acid the average man will take more alkaline food or a "dose of soda," but is this excessive secretion the true cause?

In every phase of life there is always a cause for every effect. It cannot be otherwise... for that is the great law of nature. The cause of almost every body disturbance can be traced to the nervous system for it is the one great director in the body. When ulcers form it is due to a deficient nerve supply to those glands which secrete hydrochloric acid.

Once this spinal block to the life carrying nerves has been released by the skill of the scientifically trained Chiropractor, the ulcers will heal and health will be the result, for the body's functions are once again normal.

One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. E. P. Lockwood whose office is located at Cass City, Tel. 872-2765. Adv.

All that is worth reckoning is what we do, and the best of everything is not too good, but is economy and riches.

The petty economies of the rich are just as amazing as the silly extravagances of the poor.

A FRONT END CHECK

When a mechanic is giving a car a mechanical safety check or trying to eliminate rough riding or handling, he usually concentrates his attention first on the front end mechanism. Yet most motorists haven't the faintest idea what is going on in that critical area of the front wheels.

A "front end check" includes a number of part functions very vital to your safety and comfort: wheel balance, king pins and bushings, steering mechanism, caster, camber and toe-in. Wheel balance is making sure that the weight balance is equal at a given distance from the hub anywhere on the wheel circumference. King pins and bushings are the sockets that hinge the moving arms of the steering assembly at the front wheels. Steering is the complete linkage of steering mechanism parts.

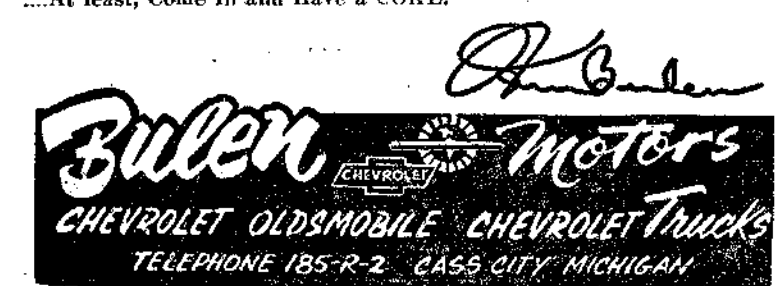

Caster, camber and toe-in usually confuse people unfamiliar with mechanics the most. Caster is the correct setting of the wheels on the hubs to avoid friction. Camber refers to a slant of the wheels outward at the top when the car is unoccupied. When the car is loaded, the weight brings a properly cambered wheel vertical. Toe-in is a degree of angle that brings the front of the tires closer together than the back when they are moving forward.

Incorrect setting in any or all three of these controls will result in excessive tire wear, steering difficulty and safety control. If your front end has not been checked recently, you will be money ahead by attending to it now.

ROBERT E. BETTS, PASTOR

—SALEM E.U.B. CHURCH—

Mr. and Mrs. Eric A. Smith

The Rev. James Braid officiated at the candlelight ceremony in the First Methodist church Saturday evening, Sept. 14, in which Miss Mary Irene Hughes of Cass City and Eric Allen Smith of Decker were married.

The bride is the daughter of Mr. and Mrs. Oran Hughes and Mr. and Mrs. George Smith are the parents of the bridegroom.

The bride was attended by her sister, Miss Judy Hughes, as maid of honor. Bridesmaids were Miss Marilyn Morrell of Cass City, Mrs. Philip Morse of Oxford, sister of the bride, and Miss Cora Smith of Decker, sister of the groom.

Sandra McDonald and Susan Smith of Decker, nieces of the groom, were flower girls. Their dresses were pink and white and they carried white pompons.

John McKenny of Decker, friend of the groom, was best man. Other members of the groom's party were Philip Morse of Oxford, Frank Darling of Roseville, cousin of the bride, and Phillip Smith of Decker. Jessie Groth of Cass City was ring bearer.

The bride's floor-length gown was of Chantilly lace, enhanced by sequins and graced by a scalloped lace hemline. A queen's crown of pearls and crystals held her fingertip veil of silk illusion. Her flowers were an arrangement of red roses and white mums.

The maid of honor wore a blue nylon organza gown and the bridesmaids' gowns were pink nylon organza. Their headpieces, which matched their gowns, were cabbage roses. The maid of honor's flowers were white and blue pompons and the bridesmaids' were white and pink pompons.

Mrs. Hughes chose for her daughter's wedding a dress of beige brocade with matching accessories. The groom's mother wore a teal blue dress with matching accessories. Their cottages were of red roses.

A reception for the couple at Dom Polski hall near Caro following the ceremony was attended by some 350 relatives and friends.

The newlyweds have returned from a Northern Michigan wedding trip and are living at Decker.

Filter Helps Walbro Grow

When you say Walbro to Cass City area residents, most of them will immediately answer "carburetors." And then a good many of them will add that the company also builds fuel pumps and fuel filters. But not many know of another product manufactured by Cass City's young, rapidly expanding industry.

The product is the Ozonaire air filter. The unit is built in the Walbro subsidiary plant at Vassar, Arjay Manufacturing Co., and was designed and promoted by Walbro personnel. Sales and advertising are handled in Cass City.

The product is sold to the public through central distributors, but much of the sales volume is achieved through sales of the filter to other manufacturers.

One of the "original equipment" manufacturers who use the product is the Century Engineering Corporation of Cedar Rapids, Iowa. They have it on an oil fired

portable heater.

These units have found their way back to Cass City, according to Office Sales Manager Vic Guernsey of Walbro, who says that one of the heaters using the Ozonaire filter is on sale at Lechard Damm and Son in Cass City.

Fills Gap

The plastic filters have succeeded in the marketplace because they solve a problem experienced in metal air filters.

The problem, authorities say, is "Blow-by" which results in dirt blowing by the filter and getting into the engine. Because plastic is easier to mold, Walbro was able to eliminate the problem and crack the filter field.

Prices of the Ozonaire filter and conventional metal filters are comparable, Guernsey said. In some applications the plastic is cheaper and in others, metal filters cost less, he explained.

THE TUSCOLA CHAPTER of DeMolay held a public installation of officers at the Masonic Temple in Caro Saturday, Sept. 21. The installing officer was Al Kayner of Bay City, Past Deputy State Master Councillor and Administrator.

Four Area Pupils At Bay City Commerce School

Four students from the Cass City area are among the pupils enrolled for the fall term at Northeastern School of Commerce in Bay City, Louis H. Bork, director, announced this week.

The four are: Marguerite Hahn, daughter of Mr. and Mrs. Edward Hahn, Cass City, who is enrolled in a secretarial course.

Gary Kelley, son of Mr. and Mrs. Warren Kelley of Cass City. Kelley is enrolled in a junior accounting course.

Karen Powell, daughter of Mr. and Mrs. Sanford Powell, Gagetown, who is studying a secretarial course.

Kathleen Kain, daughter of Mr. and Mrs. Leslie Kain, Gagetown, is enrolled in a clerk-typist course.

Report One Minor Accident in Village

A car owned by Leonard Damm and operated by Mrs. Vira Tropp received minor damage in an accident Wednesday, Sept. 18, on West Main Street.

Howard Loomis of Gagetown was attempting to back from the curb when he struck and damaged the left rear door of the Damm car.

Mrs. Damm was a passenger in the Damm car, Police Chief Carl Palmateer, who investigated, reported.

Mrs. Robert Rickard Dies in Hospital

Graveside services were held for Mrs. Robert (Inez) Rickard of Hazel Park Monday afternoon at the Novesta cemetery. Mrs. Rickard, 65, died Thursday, Sept. 19, in Mt. Carmel Hospital, Detroit.

She was the daughter of Dr. and Mrs. Foote and was born July 11, 1898, at Novesta Corners.

Survivors include her husband; one daughter, Mrs. Stanley (Betty Jane) Dupras of Garden City; two grandchildren, and her mother, Mrs. Millie Pearson.

Economy is half the battle of life; it is not so hard to earn money, as to spend it well.

Tuscola OES Matrons At Gifford Meeting

A miscellaneous program was presented at the September meeting of Gifford Chapter OES.

Sixty persons attended the meeting with 18 Worthy Matrons and Associate Matrons, who have served during the year in Tuscola County.

These officers were guests of Gifford's Worthy Matron. Chapters represented included: Cass City, Caro, Unionville, Mayville, Millington, Kingston, Vassar and Elkton.

At the close of the regular meeting, these guests were escorted to the East by the marshals, Beverly Hartman, and welcomed with a poem and song, "The House of Smiles" by the Bible Degree team and the Worthy Matron. Each guest was presented with a rose, a gift of the Worthy Matron, by the Associate Matron, Mrs. John Marshall. Organist, Mrs. L. Russell, sang a solo, "Smiles."

Mr. and Mrs. Chris Roth, who celebrated their Golden Wedding Sunday, Sept. 22, were also escorted East and presented with a gift from the Chapter.

Mrs. A. Sarosky reported on sick members, Ruth Freeman and Wallace Laurie, who has been a patient at Bay City General Hospital.

The Tuscola County Club will meet at Vassar Sept. 26.

Mrs. Ann Joyce will be installed as Grand Worthy Matron of Grand Chapter in October. Her reception will be held at Savaria Saturday, Nov. 2.

Mr. and Mrs. John Marshall will represent Gifford Chapter as delegates at the Grand Chapter session.

Mrs. Keith Murphy, Worthy Matron of Echo Chapter, presented Mrs. Delbert Profit with a friendship gift at the close of the meeting.

Election of officers will be held at the regular meeting in October.

The dining room was decorated with fall flowers and the dining room committee for July and August served homemade cake and ice cream.

Area Ministers To Help Install Dr. Hostetler

Presbyterian ministers from several area communities are expected to participate in the formal installation Sunday of the Rev. Marion S. Hostetler as pastor of the Cass City Presbyterian Church at 8 p.m.

Presiding at the service will be the Rev. Donald Lomas, pastor of the Bethany Presbyterian Church of Flint and current moderator of the Presbytery of Lake Huron. The invocation will be given by the Rev. Melvin R. Vender, pastor emeritus of the Cass City congregation. Scripture will be read by the Rev. John Osborn of Uby and prayer will be offered by the Rev. Edwin Knopf of Marlette. The Rev. Walter Taylor, pastor of Calvary Presbyterian Church of Flint and stated clerk of the Presbytery, will preach the sermon. The Rev. Lenn Latham of Caro will deliver a charge to the pastor and the Rev. John Meyer of Fairgrove will give a charge to the congregation.

The public is invited to the in-

Dr. M. S. Hostetler

Installation and to a reception which will follow in the church parlors.

Dr. Hostetler will be the 16th pastor of the Cass City church. Others, with dates of installation, have been: N. B. Andrews, 1888; William L. Baker, 1891; Gerrit Huyser, 1892; Albert Torbet, 1899; Edwin H. Bradford, 1904; Arthur O. Knapp, 1909; Samuel H. Edgcombe, 1912; Jesse Willis Hamblin, 1913; William W. Edwards, 1920; William Schnug, 1923; Paul J. Allured, 1926; Wendling Hastings, 1939; Lee Page, 1942; Melvin R. Vender, 1944; and John H. Fish, 1958. Mr. Fish left Cass City in June to enter the graduate school of the University of Chicago.

Area Student Named To Honor Roll

Miss Carol Kennedy has been named to the summer term honor roll at the Northeastern School of Commerce, Bay City.

Miss Kennedy, daughter of Mr. and Mrs. Floyd Kennedy of Decker, is enrolled at Northeastern on a secretarial course.

Advertise it in the Chronicle.

Mr. and Mrs. Dorland Kuntz

The College Park United Brethren Church, Huntington, Ind., was the scene of the double-ring wedding ceremony Aug. 31 at 3 p.m. uniting in marriage Miss Eloise Smith and Dorland Kuntz. The Rev. Paul Lehner, uncle of the bride, officiated before an altar arrangement of white gladioli, aqua tinted mums and potted palms.

Soloist Ed Kuntz, brother of the bridegroom, sang "Because," "Whither Thou Goest" and "The Lord's Prayer" accompanied by Miss Sharon Evans at the organ.

Given in marriage by her father, the bride was attractively attired in a gown of silk organza over taffeta. A scalloped neckline with sequin trim detailed the bodice which was fashioned with long tapering sleeves. A pleated overskirt enhanced the very full skirt which extended into a chapel train. A crystal crown secured the bride's bouffant veil of fingertip length in pure silk illusion. She carried a white Bible topped with an orchid corsage and trailing ivy.

An aqua dæron gown was worn by Miss Sharon Hansen, maid of honor. A small bow at the waistline accented the bell shaped skirt which was topped with a basque bodice, round neckline and

brief sleeves. The bridesmaids, Marjorie Frisch and Jayne Frank, wore identical gowns. Their headpieces were formed of aqua crysanthemums and net. They held a hand bouquet of aqua mums and ivy. Flower girl, Laura Smith, cousin of the bride, was dressed in white nylon and carried a basket of rose petals.

Warren Kuntz served his brother as best man and groomsmen were Dwight Kuntz, another brother, and Royal Saufley. Seating the guests were Gerald Clifford Jr. and James Smith, brothers of the bride. Gary Smith and Marvin Kuntz, brothers of the couple, lighted the candles.

Wedding guests gathered in the church parlors for a reception following the ceremony. Cake and punch were served by Pat Kuntz, June Kuntz, Irene Bush and Mrs. Russell Neterer. Those who assisted at the gift table were Marilyn Smith, Sandy Bowditch and Twila Jackson. Eileen and Linda Smith, the bride's sisters, registered guests.

Parents of the couple are Mr. and Mrs. Clifford Smith of Unionville and Mr. and Mrs. Homer Kuntz of Abilene, Kansas.

The mother of the bride wore a light rose silk dress with beige accessories. Mrs. Kuntz chose a pink brocade dress with white accessories and both mothers wore rose corsages.

For traveling, the bride changed into a pink dress and white accessories. After their honeymoon through the mid-western states, they will reside at 1855 Fruit St., Huntington. Both are continuing their college work at Huntington College.

Methodist Rally Day—Promotion Sunday Scheduled

The Cass City Methodist Church will observe rally day and promotion Sunday during the 10 o'clock Sunday school session this Sunday, Sept. 29.

A special program is planned under the direction of Gilbert Albee, church school superin-

tendent.

Boys and girls will receive promotion certificates. Those children going into the fourth grade will be presented a Bible, the Revised Standard Version.

The minister, Rev. James Braid, will give a brief message.

All church school workers and officers will share in a special dedication service at the 11 o'clock worship hour.

Learn to accept defeat gracefully and eventually you'll win a great victory.

GAGETOWN

Kuchta Reunion—

The Kuchta family reunion was held Sunday at the home of Mrs. Joseph Kuchta.

Week-end guests of Mrs. Kuchta were: Mr. and Mrs. Fred Nitz, Sherri, Larry and Trudy of California, Mr. and Mrs. Joseph Kuchta and family, Mr. and Mrs. Paul Kuchta and family and Mr. and Mrs. Edward Vitary and Gerry, all of Detroit.

Fred Nitz spent his school years with Mrs. Kuchta. He graduated from Owendale High School in 1954 and for the past six years has attended Oklahoma College where he received his masters degree in civil engineering.

He and his family will go to Fort Worth, Texas, where he will be employed by General Dynamics.

During the past week visitors of Mrs. Archie Ackerman were: Mrs. Evelyn Beathpath of Maryland, a cousin whom Mrs. Ackerman had not seen in 28 years, George Whidden, also of Maryland, David Whidden of Tampa, Fla., Mr. and Mrs. George Fehrenback of Caro and Mrs. Bernice Deeg.

Carroll Thiel of Pontiac spent Friday and Saturday with his parents, Mr. and Mrs. Adolph Thiel.

Mrs. Gertrude Schwadewer accompanied Mr. and Mrs. Ben Ritter of rural Cass City to Im-lay City Sunday where they were dinner guests of Mr. and Mrs. Harold Hall.

Delos Wood of Toledo, Ohio, spent the week end with his mother, Mrs. Bert Wood, and other relatives.

Mr. and Mrs. Harry Densmore went to Otisville Saturday where they visited her sister and husband, Mr. and Mrs. Valentine Vollmer.

KINGSTON

Mr. and Mrs. Foster Plane and Bobby were week-end guests of Mr. and Mrs. Richard Coppelberger of Ypsilanti.

Mrs. Stanley Moore, Ellen Marie, Wilma Howey, Barbara Turner, Mrs. Raymond Moore and Mrs. Arnold Moore attended a shower honoring Miss Janice Moore of Owosso.

Monday and Tuesday Walter Parrott attended the Postmasters School at MSU in the Union building.

Mrs. Marilyn Ensign and children called on her parents, Mr. and Mrs. Everett Rich of Silverwood.

Mr. and Mrs. Loyd Howey called on her father and wife, Mr. and Mrs. Will D'Arcy of Cass City, Thursday evening.

Mr. and Mrs. Howard Legg of Houghton Lake spent the week end with Mr. and Mrs. Amber Jones.

Mr. and Mrs. Mart Glasford of Liberty, New York, were guests of their aunt, Mrs. J. H. Hunter. Mr. and Mrs. Roy Tetis of Flint were callers at the B. E. Moore home Sunday.

Mr. and Mrs. Don Cook and family of Waterford spent Sunday with her parents, Mr. and Mrs. Amber Jones.

Mr. and Mrs. James Caswell spent the week end at their cabin near Gladwin.

Mrs. Richard King and children of Vassar are spending a few days with her mother, Mrs. Centh Barrons.

Mr. and Mrs. Amber Jones spent a few days with friends and relatives in Royal Oak this week.

Book Review

Another Success for Prolific John O'Hara

By the Rev. Robert J. Searls

It's another success by John O'Hara! Would you believe that his latest book, ELIZABETH APPLETON, is his 23rd, not to mention his five plays? Most of this celebrated writer's books have provided scripts for motion pictures and this book will be no exception. I still own and sometimes re-read his APPOINTMENT IN SAMARRA and find that I have reviewed for this paper and one other at least 10 of this fabulous author's output.

Three hundred and ten pages read as if he just casually sat down at the typewriter and wrote them as he might write home. Were he not an established author, there is no doubt that his publisher would delete enough of the story to print the book with only 250 pages.

Earlier, I predicted that with age his novels would be matured, and be less sex-conscious. This book reflects the truth of both my predictions, without doing any damage to the dynamic content of the book. Its locale is a small college town and much of the book is centered on the problems of this institution. Thus, the title of the book is a woman's name, ELIZABETH APPLETON, who at 21 years of age was married to Professor John Appleton of that college after she was presented to society.

She was somewhat restless in her role, finding it difficult to share the intellectual enthusiasms of her husband or to cherish his friends. But she does a good job of sublimating her preference and giving full time to playing the role of professor's wife, even though finding it so difficult. Her only path from the expected is an illicit love affair with a moneyed and therefore jobless man-about-town. O'Hara does not overdo this episode in her life, nor is it played down unduly.

An interesting character in this novel is Professor Hillenketter, a widower, who is on the gray fringes of morality; accepted because a small college needs someone whose acts are a little on the

unacceptable side to prove that it is liberal enough. The cast of actors in this novel is quite extensive. But their roles relegate most of them to 'bit parts', given the task of rounding out the cast.

Elizabeth works for just one thing - her husband. Her social engagements and her intellectual interests all revolve around her desires for her husband to reach what she is sure is their goal, and maybe their destiny, his appointment to the Presidency of the college. He is dean of the school, having received that designation immediately after his return from service in World War II.

Hillenketter is prominent throughout the novel, and frequently it is through him that the reader is brought up to date. He is assisted in this function by Porter Ditson, whose love affair with Elizabeth we took note of above. His brother, Brice, is an alumnus of the college and married to the daughter of J. W. Framingham. They are proper people, and play a part in the administration of the college.

O'Hara manages to take a thin plot and, by casting his actors with great skill, make a realistic novel come out in the end. I found it a believable story and quite fast to read. This is a new book to the library and I predict it will be widely read.

ELIZABETH APPLETON by John O'Hara, 1963, Random House, N. Y. Available in the Elkland Township and Cass City libraries.

Survey Shows 10 Per Cent of Teachers Change Jobs Yearly

By Elmer E. White
Michigan Press Association
Teacher Changes

Teacher turnover in Michigan runs about 10 per cent annually, according to a survey by the State Department of Public Instruction.

Superintendent Lynn M. Bartlett believes that most teachers who did not return this fall to the jobs they held during the 1962-63 school year went to other school districts.

This was the first year the department compiled statistical data on the number of teachers who do not return to the same school system in a succeeding year.

The 10 per cent attrition represented 6,921 teachers.

Analysis of the survey showed 27.2 per cent went to other school districts, another 19.6 per cent retired to rear families, 15.1 per cent retired, 9.4 per cent obtained other employment and 2 per cent died.

The other 26.7 per cent gave up their teaching posts for unknown or miscellaneous reasons, Bartlett said.

The extensive study also showed the number of full time teachers in Michigan reached an all-time high of 65,146 last year.

A rather interesting fact was

ORDER FOR PUBLICATION
General

State of Michigan, The Probate Court for the County of Cass.

In the Matter of the Estate of Albert Seeger, Mentally Incompetent. At a session of said Court, held on September 6th, 1963.

Present, Honorable Timothy C. Quinn, Acting Judge of Probate.

Notice is hereby given. That the petition of Donald Seeger and Leland H. Rabideau, guardians, praying that their annual accounts for 1961 and 1962-1963 be heard and allowed will be heard at the Probate Court on October 10th, 1963, at ten a.m.

It is Ordered, that notice thereof be given by publication of a copy hereof for three weeks consecutively previous to said day of hearing, in the Cass City Chronicle, and that the petitioner cause a copy of this notice to be served upon each known party in interest at his last known address by registered, certified, or ordinary mail (with proof of mailing), or by personal service, at least fourteen (14) days prior to such hearing.

Timothy C. Quinn, Acting Judge of Probate.

also noted in the survey report. Most people think men are a small minority in the teaching ranks.

The study, however, showed there were 21,149 male teachers and 43,997 females. Most of the men were in the secondary schools, with only 5,501 teaching at the elementary level. Men outnumbered women teachers, 15,648 to 11,952, in the secondary system last year.

Water Dangers

The same unfortunate increase in accidents that is being recorded on the highways is taking place on Michigan's waterways, according to the State Police.

A provisional report through mid-September showed 215 persons drowned and 202 persons were injured in 474 accidents. This represented an increase of 13 deaths over last year.

The injuries in the first nine months of the year were higher than the total number hurt in water accidents during all of 1962. However, the department said, the number of accidents which occurred also was higher than the full-year figure of 457 accidents for 1962.

State Police Commissioner Joseph A. Childs noted that water accident deaths and injuries generally show a marked decrease after the Labor Day week end. "Outdoor enthusiasts are reminded, however, that they should exercise due caution in any activity in or near water during the remainder of the year," Childs said.

Water accidents are not confined to summer activities, Childs noted. Three of the victims already recorded this year fell through ice, and some 40 others died when they fell from bridges, banks, docks or piers.

Promote In Minute

Planning for the annual Michigan Week has come to be nearly a year-round job for the organizers of the event.

This is as it was hoped when the annual brag week was initiated a decade ago.

Now a new selling campaign is getting under way, similar to that intended in the planning of Michigan Week promotions.

The group conducting the new effort is headed by A. R. Saunders, executive vice-president of the Michigan Real Estate Association.

Known as the Michigan Minute-men, the new unit hopes to sell the state 365 days a year to attract new industries, tourists and permanent residents.

Working as leaders of the Minutemen are executive secretaries or managers of 12 organizations representing civic, farm, labor, religious, professional and trade associations.

Each of the associations in turn will enlist members of the Minutemen, which derived its name from the volunteer units trained before the Revolutionary War to "fight at a minute's notice."

Green Acres Group In Regular Meet

The Green Acres Farm Bureau group met Sept. 17 at the home of Mr. and Mrs. Ronald Fox.

Mrs. Fox gave the women's committee report on a meeting which Mrs. Olin Bouck attended Sept. 6 at Sandusky. Gerald Wood of Marlette was the guest speaker. His topic was "alcoholism."

Cards were played with the traveling prize going to Olin Bouck. A lunch was served by the hostess.

The October meeting will be held at the home of Mr. and Mrs. August Lindquist.

Uncle Tim From Tyre Sez:

Dear Mister Editor:

I see by the papers where a agency called the National Association of Life Underwriters has spent more'n a year compiling some official figures that is mighty alarming. The handling cost fer ever dollar took in by private charity groups in this country is seven cents on the average. And fer ever dollar the Federal Government collects from taxpayers and uses on our give-away programs, it costs \$3.02 to handle it.

Now you can see right off, Mister Editor, we got to git rid of them private charity groups. If they ain't spending but seven cents to handle a dollar, it's plain that the Government is using a heap more file clerks, typers, office girls, checkers, field snoopers, politicians, Congressmen's kinfolks and public trough experts per dollar to git the cost up to that \$3.02 average. If private charity groups keep competing with the Government in these matters it's going to lead to widespread unemployment in Government circles. I wish you'd write a editorial on this item and send it to our Congressman.

And I was reading another item that was a little upsetting. Senator Williams of Delaware reports the Department of Agriculture last year paid \$1.1 billion to git farmers to take 54 million acres of land out of farm production. On account of this was hard on the lime and fertilizer business, the Government had to help out these fellers with \$208 million.

Then they turned around and leased 5 million acres of Government farm land fer agricultural purposes, gitting \$13 million in rent. Senator Williams says the best he can make out from the figgers, the Depart-

ment of Agriculture is paying farmers not to farm and then paying 'em to farm, all out of the same cash drawer, which is the taxpayer's pocket.

But they was one encouraging story in the news last week. A feller named Thomas Morris that is a assistant to Defense Secretary McNamara has discovered two leaks in the Pentagon. And when things leaks in the Pentagon, Mister Editor, it's a flood. They was using a gold-plated clip to hold tubes in place in them missiles and paying 49 cents a piece fer 'em. It was found a 2-cent clip without the gold plate was just as good and will save \$88,000 a year. Then it was ordered to cut down on the models of screwdrivers from the 526 they was now buying to 235 models, saving \$129,000 a year.

They ain't but one way 526 different models of screwdrivers could git invented, much less sold to the armed forces. They have got a screwdriver lobby in Washington. I wouldn't be surprised none if a investigation wouldn't show that some of them Government officials ain't in the screwdriver business.

Yours truly,

Uncle Tim

Up and Atom Group Names Delegates

The Up and Atom Farm Bureau group held their regular meeting Monday, Sept. 16, at the home of Mr. and Mrs. John Graham. Eight families were present.

Robert Schell was nominated delegate to the Michigan Farm Bureau's annual meeting in Lansing in November and Ernest Beardsley was nominated alternate.

Chloris Pomeroy led the discussion on Justices of the Peace. The next meeting will be held Oct. 21 with Mr. and Mrs. Michael Muz.

Luck may play a part, but success always comes from hard work.

HERE'S HOW TO PUT MORE LIFT IN YOUR DOLLARS

Your shopping dollars do "double duty" when you spend them in hometown stores! They not only buy top value in merchandise, but give a "lift" to the whole life of your community ... help make it a better place for you and your family to live.

Here's how it works: Part of every dollar you spend at home STAYS at home, where it spurs local trade volume, helps maintain local employment, helps finance local business expansion ... helps pay the taxes and provide the contributions that support better community facilities and services for you.

Yes, you get a bonus in better living for yourself and your family on every dollar you spend, when you make it a point to ...
