

## A "Merry Chase"

### Youngster Eludes Police Twice

A 14-year-old Kingston area youth gave a good impression of a junior-sized escape artist and literally led county deputies a "merry chase" Monday before he was finally lodged in Bay City Detention Home.

His apprehension culminated a six-day period over which he had stolen a car, driven it several hundred miles, was captured, escaped, captured, escaped again and was finally caught and detained.

Tuesday, Oct. 8, the boy, a ward of the Tuscola County Probate Court, broke into William Schwaderer's Standard Service station in Kingston and took the keys to a car which he and a sister drove to Unidilla where another sister lived. State police picked the youth up at the sister's home and he admitted the theft of the car. A Tuscola county deputy picked the boy up and took him to the Flint Detention Home.

Monday, the youngster escaped from the Flint Home, stole a bicycle and rode it to Mayville where he was apprehended by two Tuscola deputies after a chase. The boy was spotted by the deputies, acting on a tip from an area woman, while he was making a telephone call in a service station.

Arrangements were made for his transfer to the Bay City Home and as he left the Tuscola County Jail with two deputies, he escaped again.

The deputies gave chase and caught the youth hiding behind the hedge of a nearby house. He was taken to Bay City without further incident.

FROM THESE QUEEN CANDIDATES will come the Cass City homecoming queen Friday night. Students voted for eight candidates to select the final three candidates. The queen will be announced Friday night and will be either Sandy Copeland, Pam Dillon or Ann Starmann. Other students to help form the queen's court will be Barbara Bustabante and Barbara Beecher. ## From the Editor's Corner

The Cass City Rotary Club, which sponsors the Boy Scouts in Cass City, doesn't know much about the details of the program . . . and Tuesday the members' ignorance paid off for local Scouts.

Under the direction of Keith McConkey, members were asked questions concerning the local program . . . and when they didn't know the answer, paid a small fine.

Several dollars went into the "kitty" and the money was turned over to the Scouts at the conclusion of the program.

Helping to enlighten members after the quiz were Scoutmaster Jim Ware and Assistant Scoutmaster Jim Husa.

First returns from the Elkland-Novesta Townships Community Chest have been favorable, Chairman Willis Campbell said. An area canvassed by Mrs. Carl Crow was up \$25. Jerry Stilson's area netted \$4.50 more and the territory handled by Mason Wilson netted \$11 more than the previous year.

"This doesn't mean that the drive will be easy," Campbell cautioned, "but it is encouraging."

Seeking funds for the Chest is at best a thankless job and local residents can really help by being prepared when the solicitor calls.

A little cooperation will enable the solicitors to do their volunteer work with a minimum of effort and enable the drive to be successfully concluded on schedule.

It will be almost like Christmas vacation next week at Cass City Schools. No school Monday (pneumonia season), or Thursday and Friday (the annual fall Regional 11 Teachers' Conference at Saginaw.)

Residents are reminded that the open house at the St. Pancratius Church is scheduled Sunday afternoon and is open to all residents.

It seems strange that a school that is progressive enough to experiment with educational television (of which we heartily approve) is lax enough not to have a junior high athletic program (of which we don't approve).

We have been informed that other schools in the Thumb B Conference have junior high programs. In our opinion, Cass City should either get the program or get out of the league.

## Employees Nix Union of Plant

Workers at Bassett Manufacturing Co. in Cass City turned down representation by the United Steel Workers Union Tuesday in an election conducted by the National Labor Relations Board.

The vote was 10 against and four in favor. Fourteen of the 19 employees at the company participated in the election.

## CMU Educational TV Set for Cass City Elementary School

By Dave Kraft

Cass City area students, at least those in some of the elementary grades addicted to television watching may soon be able to leave home during a commercial, arrive at school and take up where they left off.

The only difference is that Captain Kangaroo and Jungle Adventure will give way to instruction in art, biology and other educational subjects.

School board members gave the school administration authorization to proceed as they see necessary in setting up an educational television series after hearing a half-hour talk by one of two Central Michigan University representatives during Monday night's regular school board meeting.

The representative, Mr. Atkins, outlined the program, gave some background and explained the cost.

In brief, the program for the rest of the year will cost the school a flat \$500 "experimental rate," plus an estimated \$140 for each 23-inch TV set purchased from local dealers. Next year, if the program is continued, it will cost \$1.10 per membership child of the district, kindergarten through grade 12, or in Cass City's case, about \$1,400 plus any additional TV sets.

Atkins reported that when the program began 10 years ago, 11 school districts participated with broadcasts over two stations. Currently, 245 systems are participating and the series is broadcast over four stations.

"In three or four years," Atkins explained, "most schools will be using TV in classrooms extensively as aids. The students see a well presented lesson through facilities which include models, authorities, demonstrations . . . things impossible to

bring into the average classroom."

He stressed the fact that the TV in the classroom was merely an aid to the teacher's program. "What is televised is determined by the classes and teachers who use us," he stated. Each system is represented at summer meetings which set up the teaching programs.

The classes are televised five mornings a week on subjects ranging from first grade art to 12th grade economics. Teachers are given coordinating material, program outlines, curricular material and philosophy.

"Bootlegging" schools which attempt to use the programs, telecast locally over channels 5 and 12, could not use the programs effectively, Atkins explained, because they would not receive the above materials.

Principal Arthur Holmberg explained that because of the late date in starting the program it would probably be confined to some of the elementary grades.

**Athletics Hit**  
Junior High athletics, a recurring board meeting topic, received more attention but little action when a member of the five person audience asked why no junior high athletics were offered.

In answer to the question put by Bill Bliss, Cass City, the board pointed out that there was no one qualified to teach junior high athletics and that time and space were also hard to find.

One possible teaching solution was Doug Webster, Central Michigan extern teacher currently teaching seventh grade reading and speech and math assistant.

Holmberg reported that a basketball program may be set up under his guidance since Webster would not be returning to Central until later in the

## Following Favorable Vote

### Gas Pipe Line Work Starts

Crews are already working in Cass City to meet the self-imposed Dec. 1 deadline of Southeastern Michigan Gas Co. to bring natural gas to the village following Monday's favorable vote granting the company a 30-year franchise.

The vote was 256 "yes" and 77 "no" with two ballots spoiled. A spirited campaign by fuel dealers resulted in a heavy vote in the community.

Several qualified observers felt that the pre-election activities resulted in a closer election. Natural gas was approved by a margin of less than four to one. A similar ballot in Bad Axe was approved by a margin of about 15 to one.

At a meeting with the council Tuesday night, approval of Southeastern's plan for installation of gas lines in the village was secured.

A six-inch "belt line" pipe will go around the edge of the community and the remainder of the lines will be two-inch, Jim Shaw, district manager, explained.

Whenever possible, the Van Ess Construction Company's crews will place the lines in the alleys, Shaw said. If this is not feasible, they will be run on the street.

Work is now in progress clearing the right-of-way for the belt line to come to the community from Marlette. With favorable weather, it is possible that the work will be completed

in the village before the Dec. 1 target date.

**Other Votes**  
Other franchise votes are slated in the townships where the belt line will travel from Marlette.

The first will be Evergreen township Wednesday, Oct. 23. Greenleaf township will vote Tuesday, Oct. 29, and Elkland township, Monday, Oct. 28.

The results of the township elections will not affect gas service in Cass City. The lines are run on right-of-way agreements. The franchises are sought by the company so that they can sell gas to the homes and businesses along the line.

Without a franchise, no one outside of the village limits could be serviced.

## Better Education Aim of New School Group

An estimated 30 parents and teachers met Tuesday night at the elementary school in a preliminary session designed to set up a parent-teacher organization.

Mrs. Gerald Priekorn, school board member and one of the originators of the meeting, described the proposed organization as a "parent-teacher organization to work with the school board and administration to further school relations and provide better education."

Committees were set up to prepare for the organization's first meeting Nov. 12. The time and place will be announced later.

Featured speaker at the November meeting will be Dr. Joseph Thompson, MSU educator. Dr. Thompson will be remembered for the program he provided at last year's Chamber of Commerce banquet.

The committees are slated to meet Oct. 29 in the elementary school library at 8:00 p.m. to coordinate plans for the November meeting.

Mrs. Priekorn stressed that all parents and interested persons wishing to attend the meetings or work on the committees may do so.

Whether or not the group will be affiliated with the regular PTA will be determined at one of the meetings.

## UNICEF Slates Annual Drive

Children from several Cass City churches will make their annual pre-Halloween canvass of the village in costume Wednesday, Oct. 30, from 6-7:00 p.m. to raise money for UNICEF.

A meeting will be held Monday evening, Oct. 28, at 7:00 p.m. in the lounge of the Methodist Church during which helpers will get maps for their assigned territories. Election of officers for the local UNICEF organization will also be held.

In charge of this year's canvass are Mrs. Fred Neitzel, Mrs. K. I. MacRae and Mrs. Don Kaufman. Children participating in the event will meet Oct. 30 at the Scout rooms at 6:00 p.m. in costume. Treats for the workers will be served following the canvass.

Five churches are taking part in the drive. Their duties include: Methodist Church, publicity; Presbyterian Church, literature; Salem EUB Church, maps; St. Pancratius Catholic Church, treats, and Good Shepherd Lutheran Church, canisters and tags. Each church is providing three adult and three youth helpers.

## Boiler Purchased

A bid from Ken Eisinger, Fuel-gas, of \$452.40 for a new boiler for the showers was approved. Turned down was a bid from Detroit Edison of \$1,600 and an alternate bid of \$1,000.

Eisinger's bid includes a 100-gallon tank with a 336-gallon per hour recovery which would cost approximately \$17.00 flat rate per month to operate.

The Detroit Edison bid was for a 700-gallon tank with an estimated 88 gallon per hour recovery or the alternate which would use the existing 700-gallon tank with the same recovery. Estimated cost would be about \$33.75 per month.

## Sign Approved

A bid of \$185 from Champion Advertising for a sign on the elementary school was approved. The sign, in six-inch aluminum letters, will read "The Willis Campbell Elementary School."

## Name Jaycee Speaker

G. Merritt Martin of Saline, president of Michigan Jaycees, will be the keynote speaker for the Jaycee Fall District meeting at Cass City Saturday, Oct. 19.

A member of the Jaycees since 1957, Martin served as president of his local chapter in 1960. He

G. Merritt Martin

became State Vice-president in 1961 and served as a National Director in 1962. He became president of Michigan Jaycees in June of 1963.

He is a member of Saline Planning Commission and Community Fair Board.

An estimated 150 persons are expected to attend the District 15 meeting at Cass City High School which starts at 7:30 p.m. The district includes communities in Sanilac, Huron, Tuscola, St. Clair, Lapeer and Macomb counties.

In Cass City, the Jaycees have staged such community improvement activities as the Halloween party, Easter egg hunt and seat belt sale.

## Two Area Cars Damaged in Crash

Two area cars received rear-end damage in an automobile accident investigated Tuesday afternoon by Cass City police.

The accident occurred when a car driven by Mrs. Joseph Benkelman backed into the rear of a parked car owned by Francis E. VanHorn, Deford, on Oak Street.

Letitia VanHorn was in the car when the accident happened. The VanHorn car suffered trunk lid and bumper damage and the Benkelman car was damaged on the left rear corner.

## Evergreen Slates Bond Issue Vote

Evergreen voters will decide the fate of a two-room addition to the Evergreen Township Unit School Saturday when they will decide whether or not to bond themselves for \$39,000 for the project.

A special election will be held at the school and the polls will be open from 8 a.m. to 5 p.m. The project has been under consideration for better than a year and has been discussed at several school meetings.

Concluded on page three.

## Order LaPeer to Pay Auto Damages

A Cass City man was ordered to pay for damages resulting from an automobile accident last December following a non-jury hearing Tuesday, Oct. 8, in Circuit Court in Caro.

Jack LaPeer, Cass City, was ordered to pay \$732.37 to Roy Baslock, Vassar. Baslock and State Farm Insurance charged LaPeer with automobile negligence in the accident which occurred when LaPeer reportedly made a left turn in front of and across Baslock's path last December 25, near the Cass City village limits.

In other court action Wednesday, Oct. 9, Paul Schenk, Wayne, arraigned for carrying a concealed weapon, entered a plea of guilty. His bond was continued and a presentence investigation was ordered with sentencing to be on Nov. 6. Schenk was arrested in Freemont township by State Police for having a .22 caliber pistol in his car without a permit.

Kenneth Huff, Reese, was given a four-year probationary sentence and ordered to pay costs of \$100 and restitution of \$400.98 after his conviction of stealing

brass, copper and bronze scrap from Vassar Manufacturing Company.

Sentencing of Delbert Woodruff, Flint, was set for Oct. 30, after he pleaded guilty to breaking and entering in the nighttime. A presentence investigation was also ordered and bond was set at \$500. Woodruff broke into the home of Mrs. Althea Hawkins, Kingston township, on June 6.

Howard Keller, Hurds Corner, entered a plea of guilty when he was arraigned on a breaking and entering in the daytime and sentencing was set for Oct. 30. A presentence investigation was ordered. Keller broke into the home of John Vogy, Dayton township, on Sept. 11.

Mr. and Mrs. Lawrence F. Roestel

Following a wedding trip to Niagara Falls, Mr. and Mrs. Lawrence F. Roestel are making their home at Pigeon.

Mrs. Roestel is the former Pamela Jean Hurd, daughter of Mr. and Mrs. Leslie Hurd of Gagetown. Mr. and Mrs. Walter Roestel of Pigeon are the groom's parents.

The couple were married Sept. 7 in a double-ring, candlelight ceremony performed by the Rev. Marvin McCallum in the Pigeon Methodist Church. The bride's father gave her in marriage.

She wore a gown of pure silk organza over taffeta fashioned with wristpoint sleeves, a bateau neckline and a fitted bodice enhanced with Chantilly lace, iridescent and seed pearls. A Chantilly lace panel complemented her floor-length, modified sheath skirt, which fell to a chapel

train. A matching Bianchi Rose headpiece with pearl trim held her bouffant veil of imported silk illusion and she carried a bouquet of white Fuji mums with white rosebuds.

Miss Jacqueline Pelton of Cass City was maid of honor. Bridesmaids were Miss Sharada Hurd, the bride's sister, and Miss Rhea Roestel, the groom's sister. Miss Mae Roestel, also the groom's sister, was junior bridesmaid.

The bride's attendants were identically gowned in Biarritz blue silk faille dresses with elbow-length sleeves, scoop necklines, fitted bodices and bell-shaped, street-length skirts with matching floor-length overskirts. They wore matching rose petal head-dresses with pearl trim and bouffant veils. Their flowers were white and blue mums. The attendants' ensembles were fashioned by the bride's mother.

Flower girl was Lori Wright, cousin of the bride, and ring bearer was Kent Christner, the groom's nephew.

Donald Roestel, the groom's cousin, was best man. Groomsmen were Gary Steinman and Larry Moss, cousins of the groom and bride, respectively. Ushers were Duane Hurd and Leon Roestel, brothers of the bride and groom.

Soloist for the wedding was Eldred Kelley and Mrs. Marvin McCallum was organist.

The bride's mother wore an apricot satin sheath with cocoa accessories and the groom's mother chose a dress of cocoa and white with brown accessories. Both wore corsages of mint green mums.

A reception was held at the Pigeon VFW Hall following the ceremony.

## Prenatal Classes Scheduled Again

Hills and Dales General Hospital will hold prenatal classes again beginning Tuesday evening, Oct. 22, provided enough Cass City area expectant mothers show interest in the program.

The classes will be held each Tuesday from 8:00 to 9:30 p. m. in the hospital meeting room for four sessions.

Mrs. James Champion, RN, will be the instructor.

## Cosmetologists Hold All Day Session

The Thumb Unit of Cosmetologists, with representatives from all areas of the Thumb, held an all-day clinic and meeting in Cass City Monday.

The group met at Helen's Beauty Salon where the newest hair fashions were discussed and demonstrated. Mrs. Helen Cummins of Port Huron, an instructor in charge of the Port Huron School of Beauty Culture and a member of the board of directors of the National Association of Cosmetology Schools, conducted the demonstrations.

Also present was Mrs. Doris Mann of Port Huron, who assisted with the clinic.

Current styles are short this year with maximum length in the crown area, members learned.

The "up" line is said to be popular for evening wear and is adaptable for daytime wear as well.

The "down" line gives a gay carefree elegance. Both styles require brushing from the scalp out and give a youthful glow, Mrs. Cummins said.

The "Dandy Do" is the current favorite of the Michigan Coiffure Group. Twenty-six members attended the meeting.

A lunch was served at the New Gordon Hotel.

## ENGAGED

Marguerite Ann Munro

Mr. and Mrs. Leslie C. Munro of Gagetown, announce the engagement of their daughter, Marguerite Ann, of Clarkston to Max E. Kreger, son of Mr. and Mrs. Arthur Kreger of Sandusky.

Both are graduates of Central Michigan University.

A December 28 wedding is planned.

The wheel of fortune turns many a successful fellow's head.

The Want Ads Are Newsy Too.

Mr. and Mrs. James Smithson

The Rev. Arnold Messing officiated at the nuptial mass in St. Pancratius Church Sept. 21 when Miss Joann Zawilinski became the bride of James Smithson.

The bride is the daughter of Mr. and Mrs. John Zawilinski of Cass City and Mr. and Mrs. Roy Smithson are the parents of the groom.

Guests were seated by Robert Harbec and Charles Hartwick. Vocal and organ music were provided by Brother Joe. Serving the wedding mass were Alan Zawilinski, brother of the bride, and Michael Zawilinski, a cousin.

Maid of honor was Miss Lorraine Mika of Cass City. Bridesmaid was Miss Chesterine Kloc and Linda Zawilinski, sister of the bride, was junior bridesmaid.

The groom was attended by Leonard Ziemba and Ronald Patera.

The bride, given in marriage by her father, chose a gown of silk mist taffeta and Chantilly lace. The fitted bodice of the gown featured wristpoint sleeves and a scalloped Sabrina neckline encrusted with iridescent and seed pearls. Chantilly lace appliques on silk taffeta complemented her full-length skirt which fell to a chapel train. A crown of Italian crystals held her veil of silk illusion. Her flowers were a cascade arrangement of pink sensation roses and white pompons.

The bridesmaids wore identical street-length gowns of lilac taffeta with detachable overskirts. Their flowers were deep purple pompons tied with white. The junior bridesmaid wore a gown of light blue taffeta with a white overskirt. Her flowers were white pompons tied with blue.

For her daughter's wedding, Mrs. Zawilinski wore a navy blue suit with red and white accessories. Mrs. Smithson chose a dress of Copenhagen blue with which she wore white accessories. Mrs. Mary Peters, maternal grandmother of the bride, wore a green print dress of silk. All had corsages of white pompons.

Mr. and Mrs. Aussie Smithson, grandparents of the groom, unable to attend the wedding, were visited by the bridal couple before they left on their wedding trip which took them to Wisconsin, Illinois and the Upper Peninsula.

A reception for the newlyweds was held in the American Legion Hall, Cass City, and was attended by 250 relatives and friends.

Mr. and Mrs. Smithson are making their home on Houghton street.

## Alex Milligan, 84, Dies in Hospital

Alex S. Milligan, 84, died Monday, Oct. 14, in Hills and Dales Hospital where he had been a patient for one day.

Born in Dumfries, Scotland, July 19, 1879, he was the son of the late Mr. and Mrs. James Milligan. He came to the United States in 1900.

He married Miss Mary Brown in Dumfries March 14, 1912, and they returned to make their home on a farm in Elkland township. Mrs. Milligan died in June of 1957.

He was a member of the Cass City Presbyterian Church.

He is survived by two daughters, Mrs. Harold (Marion) Oatley of Allen Park and Mrs. Leonard (Marjorie) Karr of Gagetown; one son, James A. Milligan of Cass City; one brother,

Walter Milligan of Detroit, and nine grandchildren.

Funeral services will be held at Little's Funeral Home at 2 p. m. Thursday. Dr. M. Hostetter, Presbyterian pastor, will officiate. Burial will be in Elkland cemetery.

### EVERGREEN TO VOTE

Continued from page one.

The rooms will be 27x28 feet each, according to present plans. One will be utilized to alleviate crowding and the other will be devoted to storage until expanding school populations make it necessary to convert it to classroom work.

Adding two rooms now is much cheaper than adding rooms one at a time at two different intervals, members of the board said.

## BULEN TALKS Cars

HOW IS YOUR GAS MILEAGE?

For reasons that only a psychologist could figure out, some automobile owners have a tendency to "go off the deep end" a little when it comes to the subject of gas mileage.

In one case we heard of recently, a driver repeatedly amazed his dealer with stories that he was getting 40 miles per gallon and better on a model that averaged 18. Since this went on for months, the dealer was beginning to believe his story that the manufacturer must have installed a new secret economy device in the car as an experiment.

The dealer passed the story on to the factory representative and shortly thereafter a factory man called at the motorist's home to interview him. It happened that he was out at the time and the factory man talked to his wife who told him confidentially that she sometimes used the car in her husband's absence and refilled the tank so he wouldn't be any the wiser.

Then there was the opposite type of case where a motorist claimed continually that all he could get was 5 miles per gallon from his new car. A little detective work revealed that his teenage son disconnected the speedometer for the same reason the housewife put gas in the tank.

Seriously though, if you feel that your gas mileage leaves something to be desired, many conditions could cause it. Bring your car in and we'll test it. If adjustments are required, we can make them. If not, you'll at least relieve your mind.

Baskets of bronze and yellow mums, palms and candelabra graced the First Presbyterian Church, Cass City, when Carol Sue Fuester and Kurtis Charles Comer exchanged wedding vows Saturday evening, Oct. 5. Dr. M. S. Hostetter officiated at the double-ring, candlelight ceremony at 8 p.m. before 250 guests.

Roger Parrish was organist and Dean Sanford was vocalist.

The bride is the daughter of Mr. and Mrs. Elmer Fuester of Decker. The groom's parents are Mr. and Mrs. Chester Comer of Elkhardt, Ind.

The bride's chapel-length gown was of silk organza over crystal white taffeta with Chantilly lace applique. The basque bodice featured a scalloped scoop neckline enhanced with Chantilly lace, sequins and seed pearls. Her fingertip veil of French illusion was caught to a Swedish crown of seed pearls. She carried a crescent bouquet of white mums centered with a white orchid and lily of the valley.

Mrs. Robert Wright, the bride's sister, was matron of honor. She wore a rust colored sheath dress of taffeta with a bouffant floor-length overskirt. Her headpiece was a rust cabbage rose with veil and she carried a bouquet of bronze and yellow mums and wheat.

Bridesmaids were Miss Ann Johnson of Cass City and Miss

Norma Rice of Elkhardt. Their ensembles were similar to the matron of honor's but Miss Johnson wore antique gold and Miss Rice, moss green.

Brenda Comer, the groom's niece, wore a floor-length dress of white chiffon with a matching crown. She carried a basket of bronze and yellow mums and wheat.

Steven Comer of Elkhardt, the groom's nephew, was ring bearer. Walter B. Wolschlag of Elkhardt was best man. Gilbert Stamp and Stanley Hess, both of Elkhardt, were groomsmen. Ushers were the bride's brothers-in-law, Carl Kirchner of Cass City and Lester O'Dell of Decker, and the groom's brothers, Jack Comer and Harold Comer, both of Elkhardt.

Mrs. Fuester wore a sheath dress of candlelight beige brocade with green and brown accessories. The groom's mother wore a green knit sheath with brown accessories. Their corsages were bronze cymbidium orchids.

Hostesses at the reception held in the church parlors were Miss Agnes Milligan and Mrs. George Davy. The bride's sisters, Mrs. Carl Kirchner and Mrs. Lester O'Dell, poured and the wedding cake was cut and served by the groom's sisters-in-law, Mrs. Jack Comer and Mrs. Harold Comer.

Following a wedding trip into Upper Michigan, the newlyweds are living at 1701½ S. Main St., Elkhardt, Ind.

The bride is a graduate of Cass City High School and Elkhardt University and is employed by Associates Loan Co. The groom, a graduate of Elkhardt High School, is employed by Adams and Westlake Co.

### Insomnia

By Dr. E. P. Lockwood  
"If I could only sleep!" This statement is sufficient most of the time to stamp a case of "insomnia" and with it all the train of other symptoms that follow.

Basically insomnia is a condition which prevents the nervous system from relaxing. Organic trouble has been frequently blamed and usually enters into the complex but when vitality has been restored to the nerves and sufficient pressure removed to permit them to relax, sleep follows that is natural and refreshing.

While several pressures on nerves can produce insomnia, the usual case has many and the condition is one of long standing. The general health is usually affected since insomnia produces a type of nervous exhaustion which prevents proper organ action.

By correction of the cause, the effects disappear and prove to be secondary. Chiropractic has assisted nature in restoring healthful rest to hundreds who were threatened with taking something because they could not sleep unless under the influence of opiates.

One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. E. P. Lockwood whose office is located at Cass City, Tel. 872-2765). Adv.

## Hatchets' Speed Power too Much for Cass City 38-6

It was Home-coming time at Bad Axe Friday and the Hatchets celebrated by chopping up the Cass City Red Hawks, 38-6, with bruising power and blinding team speed.

Even though the outcome of the game was never seriously in doubt, this year's Hawk squad looked better than last year's squad which was shut out by the 1962 Hatchet powerhouse.

For Cass City was able to move the ball against the Bad Axe defense. The Hawks picked up 10 first downs while Bad Axe had 14. But Bad Axe had the ability to score from any part of the field as Gary Peckham and Dick DeChane were a threat to go for a touchdown everytime they got the ball.

The Hatchets, ranked the number one team in the state in one grid poll, scored from nearly every point in the field.

The first marker came the first time they received the ball. Bad Axe marched 59 yards and Lynn Sommerfeld scored on an 11-yard jaunt through the middle.

Neither team could mount much of an offense after the initial score until midway in the second period when the Hatchets capped a 23-yard drive with a pass from Pat Lynch to Peckham to make the score 13-0 at the half.

The air route was used for the next touchdown for the Hatchets. Early in the third quarter, Lynch passed to Larry Fredericks in a play that covered 29 yards to pay dirt.

Drive Nullified

A promising Cass City drive was nullified by a pass interception. The Hawks collected a pair of first downs and moved to the Hatchet 20-yard line only to have a pass intercepted by Peckham who raced down the sidelines for 90 yards and another Bad Axe marker.

In the fourth period, the Hatchets scored on a long run by Dick DeChane. The fleet halfback got past the line of scrimmage and rambled for 45 yards for the marker.

Although beaten, the Hawks did not give up. They scored their only touchdown of the game on the next series of plays.

Starting on their own 54 yard line they moved steadily down field with Walt Hempton picking up the final eight yards in the drive.

The Hatchets got that one back on the next kick-off. Peckham took the punt on his own 20 and raced 80 yards to complete the scoring for the night.

Hempton was all-everything for Cass City. He was the leading ground gainer with 84 yards in 14 carries and the leading pass receiver with three receptions good for 64 yards. He was also an effective passer as he completed three of four good for 47 yards.

On defense he was credited by Coach Oarie Lemanski with 34 tackles.

The statistics:

	BA	CC
First downs	14	10
Yds. running	247	136
Yds. passing	114	103
Passes attempted	11	11
Passes completed	7	6
Passes intercepted	1	0
Fumbles lost	2	2
Punts	3	5
Yds. pen.	112	105

Sandusky Game

The Hawks' next game will be at Cass City Recreational Park against Sandusky. It will be Home-coming time for Cass City. The Hawks will be the underdogs for the game. The Redskins have played at a 500 clip this year with two wins and two defeats. Cass City has lost two and tied two in Thumb B Conference competition.

**Swine Producers May Cut Back 1964 Production**  
Hog producers hold the key to prices expected during the last half of 1964.  
"It all depends on their decision as to how many sows to breed this fall," says John Ferris, agricultural economist at Michigan State University. "Lower hog prices and higher corn prices should influence some farmers to cut back or stay out of hogs altogether."  
The result would be a reduction in the 1964 spring pig crop and the number of porkers heading for market during the last half of 1964. Latest surveys show that hog producers are planning a one per cent reduction in sows farrowing from December through February.  
"This isn't a significant reduction but does point to a further cutback in sows to farrow in the March to May period," says Ferris. "It is difficult to say how much farrowings might be reduced, but it should be enough to give us a little stronger market on hogs in the last half of 1964 than we are now experiencing."

## New Filing Bill Irks Supervisors

A bill requiring double and in duplicate filing of all financial documents on personal property, effective January 1, 1964, prompted Tuscola county supervisors to draft a resolution voicing their opposition to the ruling Monday during the first meeting of their week-long October session.

Annual reports from two county officers, a subdivision hassle and discussion of pending legislation also highlighted the first two days of the session.

The bill which aroused the supervisors is the new Uniform Commercial Code which requires, among other things, that financial documents on personal property be filed at both the Register of Deeds office and with the Secretary of State's office and in duplicate.

Register of Deeds William Profit explained, "We don't have anything against the code itself... we should have one. We're just against the duplicate filing."

The resolution drafted by the supervisors, to be sent to Governor Romney, made clear their opposition and asked for an extension of the effective date. If the extension is granted, Profit reported, the bill, which was passed in 1962, can be brought before the next Legislature and the duplicate filing may be changed.

### Annual Reports

Drain Commissioner Freeland Sugden was one of two county employees to submit annual reports. He reported that his department had completed 17 new drains had sprayed 17 others or 88.5 miles.

Total drain assessments for 1968 amounted to \$176,779.24, of which \$49,277.23 was in County-at-large tax.

The other report was from Lila DeBoer, Tuscola County Veterans Council. In brief, her report stated that her office had been adjudicated new compensations amounting to \$7,092 per year and had secured new pensions for vets totaling \$30,976.08.

Her office also clothed 525 school children during the year at about \$50 per child and about 80 adults were also clothed. Also secured was hospitalization for 48 veterans.

### Subdivision Dispute

Clerk Archie Hicks read a communique from Attorney Douglas Williams requesting County Prosecutor James Epskamp to correct or vacate a plat in the Pine Crest Acres subdivision in Almer township or to transfer it to circuit court.

Three subdivision residents, two of them businesses, are requesting the move. When platting of the subdivision, located at the intersection of Deckerville Rd. and M-81, was originally begun, it was all residential.

The first plat, however, was not completed and when the final plat was recently done, the original plat was used. The businesses came into being between the two platting.

The supervisors turned the matter over to a special zoning committee for recommendation. The move prompted Supervisor Alton Reavey to request his removal from the study because he is Almer township supervisor. Supervisor Ed Golding was appointed in his place.

### Candidates

Candidates for a County Board

of Canvassers, in compliance with the new House Bill 600, were named from a list of names submitted by the county's two party committees.

The supervisors will elect one out of three names from each party for each term sometime Thursday.

Candidates were: two-year term - Milford Culbert, Howard Hodges and Melvin P. Otto, all Democrats, and Alfred Goodall, Fred Richard and Edgar A. Ross, all Republicans. Four-year term - Kenneth McLaren, Sally Patnaude and Leon VanSteenhouse, all Democrats, and Cecil Baker, Robert Haines and J. C. Kirk, all Republicans.

The election of a replacement for Elmer Haines, Vassar, to the Welfare Commission is slated for Thursday at 10:30 a.m. In other welfare news, the commission was to have appeared before the board Wednesday to submit budget requests for the coming year.

### Green Reports

Rep. Allison Green appeared before the board asking them to advise him on their position on two bills before the special session of the Legislature.

House Bill 20 and Senate Bill 1024, which seeks a county assessor instead of local assessors, were the two bills discussed.

Speaker at Novesta Baptist Church

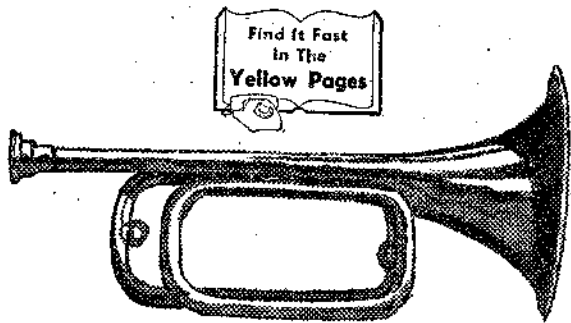

Rev. Ray Johnson

Missionary work with an Ivory Coast, West Africa, native tribe will be the subject of a talk to be made by Rev. Ray Johnson Sunday, Oct. 20, at the Novesta Baptist Church. He will speak at the 11:00 a.m. and 7:30 p.m. services.

Johnson has been working among the people of the Senfo tribe for about 12 years. The recent conversion of 15 Senfo sorcerers will be one topic of Johnson's program.

Before beginning missionary work with the Conservative Baptist Foreign Mission Society of Wheaton, Ill., Johnson was graduated from Northwestern Bible School and Seminary, Minneapolis, Minn., and from Augsburg College, Minneapolis.

## Something About Guns

### SHOTGUNS

To test how well you "fit" your shotgun, set up a wrapping paper target with a black spot in a 30-inch circle. Stand off 40 yards, bring your gun up quickly as you would at a bird, and fire. Try this several times. If the pattern of shot consistently hits the target too high, your stock is probably too straight; if too low, there is probably too much drop in the stock. If shooting consistently too far left or right, any one of several problems may be troubling you and it will be best to consult a competent gunsmith.

**CHOKE SETTINGS:** Improved Cylinder chokes set a shotgun barrel so that it places 35-45% of the shot in a 30-inch circle at 40 yards. A Modified Choke puts 45-55% in the circle, and a Full Choke puts 65-75% of the shot in the circle.

A good all-around shotgun is any standard 12-gauge modified choke model. This will throw enough shot when hunting ducks or geese, but in a lighter load will be good for any upland game species. Remember that a 20-gauge shotgun fires its charge as far and as fast as a comparable load in either a 16-gauge or 12-gauge shotgun, but it doesn't throw as much shot, so at any given distance the pattern for the 20-gauge will be that much thinner.

Chokes fit single-barrel shotguns. On doubles, the right tube usually is a modified choke; the left, a full choke.

### RIFLES

Most deer rifles used in Michigan range from .243 to .35 caliber, with the average close to .30. An old standard is the short-length .30-30 carbine, shooting a "brush-cutter" soft-nosed 170 grain bullet. Fast, light bullets defect in hitting twigs.

To "target" your rifle, or correct its aim, SIMPLY MOVE THE REAR SIGHT THE DIRECTION YOU WANT THE BULLET TO MOVE. For example, if your bullet keeps hitting the target too far to the left, move the rear sight to the right; if hitting too high, lower the rear sight, etc. Scopes are marked R, L, etc.

Each sight has its own advantages and disadvantages, so it's best to view all three before buying one.

Use Long-Rifle hollow point bullets when hunting squirrels or varmints with a .22 caliber rifle. This rifle is at best poor for most other game.

### Good Records Vital for Top Management, Survey Reveals

The success of any business is knowing when, why and where to make changes, and to make these changes, reports Don R. Kebler, county extension agent, agriculture.

Commercial farming is no exception to this rule as can well be verified by the successful farm account cooperators. These account cooperators do not attribute their success to luck or happenstance. They spent many hours in studying their farm business and improving their management abilities.

They keep and, more importantly, use a good set of accurate records to strengthen their management knowledge. They also compare their operational business with the annual business analysis report compiled from other like enterprise records each year.

When they find a weak spot in their operation, they endeavor to strengthen it by adapting good sound agricultural facts to their needs.

How successful are these over 30 Tuscola county farm account cooperators? The average income received on their farming investments was 7.88 per cent for the 1962 year. Operational-wise, dairy averaged 8.7 per cent, cash crop-livestock averaged 8.0 per cent and cash crop averaged 6.6 per cent. Only 18 per cent of these cooperators earned less than 3.5

per cent interest on their investment. These earned an average of 2.0 per cent. Eight operations earned over 10.0 per cent with the highest earning 19.3 per cent return on its investment.

How is this per cent interest or rate earned on investment computed? Subtract from the total cash income: (1) total expenses, (2) family labor, (3) value of operators' labor at \$2,650. To the remainder, add increases or subtract decreases in inventory for the year. Multiply this answer by 100 and divide by the total investment for the year.

This is the easiest and quickest method to use to show a farm operator if his operation is on a solid foundation and making him a good return for the investment. Operations continually falling below 3.5 per cent earned annually are in danger and adjustments are needed.

These account cooperators had an average investment in 1962 of about \$119,000. So their average return on investment amounted to nearly 8.000. Four years ago the average investment was \$90,000 so their farming investments have increased by an average of 2 per cent each year.

What special tools and information are these cooperators using? None that any farm operator cannot use or have, remarks Kebler. They are enrolled in the MSU record keeping business analysis

program developed and perfected by the agricultural economics department. Their records and annual business analysis helps them greatly to secure the credit needed to put their management decisions into action, and without this credit, many cooperators could not have developed their operations.

So the cornerstones to a sound good income returning farm operation are farm records, good management and credit.

Beginning on January 1, 1964, Michigan State University agricultural economics department is availing this farm record keeping and business analysis program to all farmers in Michigan. Until this time, it was limited to only a few farmers. This program is called TELFARM, which stands for "Today's Electronic Farm Records For Management".

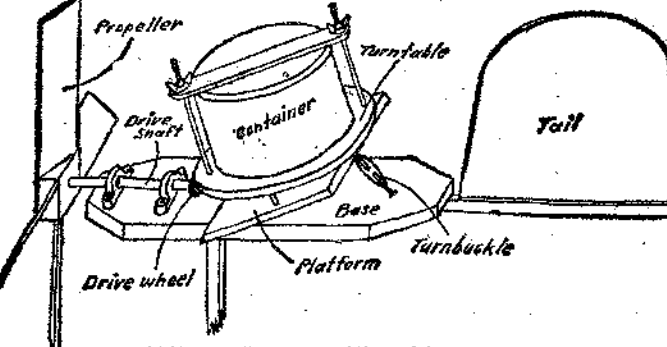

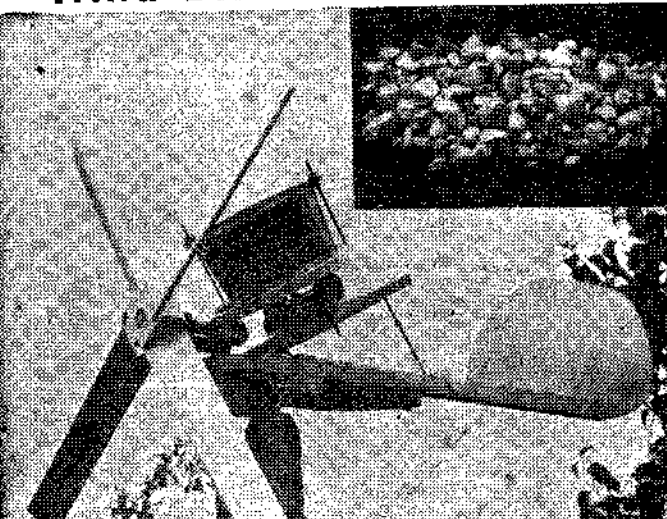

This program will allow each cooperator a choice of ten reporting options so he can gear the program to his individual farming needs.

Present cooperators and new interested operators will be meeting in November to go over the TELFARM program and sign up for the coming year.

Persons interested in enrolling in the program are invited to visit the Cooperative Extension Service office in Caro, remarks Kebler.

### Wind-Driven Rock Tumbler

Here's just the thing for hobbyists who want to bring out the best in rocks they've collected. It's called the wind-driven rock tumbler, an inexpensive device which can be constructed with odds and ends from the home workshop. The homemade model shown above cost only 67 cents. This tumbler is also simple to use; it is loaded with stones and grinding powders and left to do its job with operating costs being as free as the breeze. It can be mounted on roof tops, fence posts, or clothes poles. Detailed plans for building and using this tumbler may be obtained by sending a postcard or letter with your name and address to: Wind-Driven Tumbler, Michigan Conservation Magazine, Lansing, Michigan, 48926.

VOLUME 57, NUMBER 27

CASS CITY, MICHIGAN THURSDAY, OCTOBER 17, 1963

## Junior Wranglers Slate Hay Ride

Cass City Junior Wranglers have set Saturday, Oct. 19, as the date for a hay ride. The date was approved at the club's regular meeting Thursday, Oct. 10, at the High School.

The hay ride will be held at Beverly Harbec's home, six miles east and one and a quarter miles north of Cass City. Members may invite guests.

During the meeting, members were quizzed on safety rules, the 4-H pledge, and on the parts and defects of horses. Reports and 4-H stories were handed in for credit for the year.

Members also received money awarded for showing their horses at the 4-H fair held in Caro recently.

COMMENTS BY KRAFT

## Howdy! Like MacArthur I Have Returned

By Dave Kraft

Howdy! Like Douglas MacArthur to the Philippines, I, to Cass City, have returned! My return has been almost as awkward as that sentence.

When I quit this column, it was in a vale of falling tears and nose-blowing. After I got done wiping my eyes and my nose, I was sure I heard an audible sigh of relief.

But, being as inconsiderate as I am, I decided to come back anyway. The response to my return

has been varied. I've greeted everyone with "I'm Back!"

The merchants have replied with: "Who cares?" "So what?" "Good grief!" and, just plain silence.

Most of the readers have responded with: "Who's that nut?"

Fame is a fleeting thing, I know, and I didn't expect a national celebration, but gee whiz.

A lot has happened since I last talked with you. Probably among the most important was my wife's winning an authentic Red Grange football at the IGA Store.

There were several things that we were in dire need of and a Red Grange football, just happened to be one of them. Now my wife has something to kick around besides me.

I know you won't believe this, but she's just as mean as she ever was. She's so mean that they tore up her life membership in "Cosa Nostra."

My daughter Sally is, of course, growing like the proverbial weed. As she grows, so does her vocabulary. Everything sounds like she's been reading an abridged dictionary of four-lettered Anglo-Saxonisms.

Sally celebrates her second birthday next Tuesday. I know where there's a 12-gauge automatic shotgun that she's just been dying to buy and good old dad will probably break down and get it for her.

Matt, my son, will also celebrate his birthday on that day... his third-month birthday. And what do we have for Mathew's birthday? Well, it will be either a new typewriter or a new camera.

You should see that boy of mine... ours. He's only two months and three weeks old and he weighs 15 pounds! I expect that by the time he's two years old he'll weigh as much as I do. He may not be as tall, but he'll weigh as much.

Of course, his mom is kinda heavy, too, so I should have anticipated it.

We gave our dog away. Johnny Brewton wanted him and my wife kept threatening to feed me to him. Besides that, he kept getting loose and chasing cars. I figured it was best to get rid of him before he caught one.

Cass City has certainly changed. So progressive! Two water tanks instead of one and on top of that, natural gas. There are all kinds of smart remarks I could make about natural gas, but you've probably thought of them already.

All in all, I'm glad to be back. I expect to hear from some of you now and again to help me stay on the right track. Fall's here and winter is coming and we should be able to get into all kinds of trouble together.

I'll see you next week.

## Mrs. Don DeLong Elected Chairman Of 4-H Mothers

The Tuscola County 4-H Mothers Club elected Mrs. Don DeLong of Cass City as chairman of the organization at their regular monthly meeting Oct. 7, according to Ed E. Schrader, county extension agent in 4-H club work. Mr. and Mrs. DeLong have five children in 4-H club work. They are members of the Needles and Kettles and Cass City Livestock clubs. The DeLongs are dairy farmers near Cass City.

Other officers elected include Mrs. Ralph Bodeis of Mayville, vice-chairman; Mrs. Earl Koch of Millington, secretary, and Mrs. T. K. Schmidt of Unionville, treasurer.

The 4-H Mothers Club is an important part of the 4-H program, providing leadership and financial aid to the 45 clubs throughout the county, Schrader continued.

The club meets the first Monday of December, February, April, June, August and October. All mothers of 4-H members are expected to attend these meetings.

## MSU Publishes 4-H Leaders' Guide

The 230 4-H club leaders in Tuscola county will no longer wonder what they are supposed to teach their 4-H members, according to Ed E. Schrader, county extension agent in 4-H club work. Michigan State University has been a pioneer in publishing a leaders' guide that specifies the items a 4-H member should learn, according to his age and interest.

Another new feature of the leaders' guide is the listing of various activities leaders can conduct to provide the learning experience. This is not a requirement guide, but rather a guide to help the 4-H leaders to build a program that will provide a unique learning experience for their members.

Michigan has been a leader in the adult leader program. With this new publication, the job of teaching the various projects will be made easier, Schrader continued.

The 4-H leaders will meet Nov. 5 at the 4-H Club building to hear more of this new publication and learn how it will be incorporated into the county 4-H program this fall.

Personnel from the State 4-H office at Michigan State University, specialists from various MSU departments, county extension agents and 4-H leaders have all contributed their knowledge in publishing the new guide. It is ready for distribution from the Extension office, Schrader concluded.

## Honor Mrs. Knapp At Convention

Mrs. Alfred J. Knapp of Cass City was honored as the oldest living past president of the Michigan Federation of Women's Clubs Friday at a luncheon held at the Lutheran Church in Cass City.

The luncheon was one of a series of meetings and banquets held in Cass City as part of the East Central District two-day convention in the community.

The event attracted record crowds, highlighted by the 175 persons who attended the Thursday night banquet.

The Thursday evening meeting was held at Cass City High School and was featured by an address by Miss Virginia Eicholtz of Dow Chemical Co., Midland. Other meetings were held in the Methodist and Presbyterian churches.

At the luncheon honoring Mrs. Knapp, several Federation members recalled their associations with her.

Mrs. Sherwood Rice Jr. told of Mrs. Knapp's help when she was Tuscola county president. Mrs. A. R. Schlichter recalled events at the district level and Mrs. Fred Cross told of her experiences with the honored guest at the State level. She told of humorous as well as serious occasions during their association together.

Mrs. Knapp thanked the guest speakers for their remarks and told how rewarding club work has

## Alex Verbias Dies After Long Illness

Final services for Alex Verbias, 83, of Cass City were held Monday at Little's Funeral Home following his death Friday, Oct. 11, at his home after a four-year illness.

Born April 12, 1880, in Hungary, he married Miss Agnes Balla in Hungary May 15, 1906. The couple came from Hungary to Ohio in 1912. In 1916 they moved to Deford where he lived until seven years ago when he came to Cass City to retire. Mrs. Verbias died May 1, 1946.

In December, 1947, he married Mrs. Susie Nagy in East Chicago.

Surviving, besides his wife, are: two sons, Paul Verbias, Pontiac, and William Verbias, Davison; two sisters, Mrs. Ester Mate, Detroit, and a sister in Hungary, and three stepsons, Paul Nagy, New York, Gabriel Nagy, Plainsfield, New Jersey, and Andrew Nagy, New Brunswick, New Jersey. Also surviving are two grandchildren and two great-grandchildren.

Dr. Marion Hostetler, Cass City Presbyterian Church pastor, officiated and interment was in Novesta Cemetery.

## THE HEART-BEET OF MICHIGAN

As one of the state's leading agricultural enterprises, the Michigan beet sugar industry last year contributed over \$25,000,000 to the economic growth of Michigan. With advanced technology and planting methods the farmers of Michigan will realize even greater returns in the future. But it doesn't stop there. As the beet sugar industry prospers so does Michigan and the scores of communities that lie in and around the beet producing areas. It's our way of saying thank you for buying the finest sugar in all the world... MICHIGAN MADE PURE SUGAR.

**Reschedule ASC County Convention**

The Tuscola ASC County convention will be held at the County ASCS office Oct. 30 at 7:30 p.m.

Delegates from all townships in the county will meet to name a county committee consisting of a chairman, vice-chairman, regular member and two alternates.

The convention was previously arranged for Sept. 26, but due to incomplete elections in two townships it had to be postponed.

It takes more than a loud voice to camouflage a shaky argument.

## Highway Slaughter Showing Increase Month by Month

Elmer E. White  
Michigan Press Association  
More Deaths

Every month this year, with the possible exception of September, has shown an increase in the slaughter on Michigan's highways, State Police Commissioner Joseph A. Childs reports.

September could be an exception, only if delayed reports are low, Childs said. Preliminary reports to the Department at East Lansing indicated 146 persons died in highway traffic accidents during the month, but delayed reports usually boost the preliminary figures somewhat.

During the same month of 1962, Childs said 170 persons were killed.

The preliminary report at the end of August showed an apparent drop, but the delayed notations of deaths boosted the figure and posted an increase over the comparable period of 1962.

The eighth month increase gave State Police an alarming forecast for the full year total, Childs said. Last year's death toll was 1,571.

The possibility remains strong that Michigan motorists will record the highest roadway death toll since 1,746 persons were killed seven years ago.

Childs said this possibility loomed heavy in view of the fact that the next few months of early darkness and hazardous weather are usually a high hazard period of the year.

### Programs Working

Two federal programs initiated within the last few years have been very meaningful to Michigan's unemployed workers, according to Superintendent of Public Instruction Lynn M. Bartlett.

Bartlett has had a part in administering the Area Redevelopment Act and Manpower Development and Training Act provisions in the state. Both are jointly administered by Bartlett's office and the Michigan Employment Security Commission.

The Department of Public Instruction is responsible for setting up and supervising the training phases of the programs. MESCC identifies the type of training courses which would be useful, selects trainees from its unemployment rolls, administers subsistence payments, and seeks employment for the trainees on completion of the program courses.

Since August, 1962, Bartlett said Michigan has been involved in 85 projects under MDTA. These have or are currently providing retraining to over 8,000 unemployed workers. Job placement of trainees under this program has been estimated at between 75 and 80 per cent, he said.

The number of ARA projects in Michigan since the first was offered in May, 1962, totals 48. Bartlett's records showed about

2,000 persons gained retraining under these projects.

In the current fiscal year alone, 21 new projects have been approved for Michigan under the two programs. These included training for out-of-work, out-of-school youth and adults for employment as police station house clerks, technician assistants, data processors, clerical workers, medical care aides, bricklayers, practical nurses, meat cutters, floral designers, mechanics and welders, forest aides, auto body repairmen and similar occupations.

### Program Continues

The tradition of the Michigan Tuberculosis and Respiratory Disease Association will be maintained this year.

Association officials note that Mrs. Lenore Romney, wife of the governor, has accepted the title of honorary chairman for the 1963 Christmas Seal campaign.

Mrs. Romney qualified her acceptance, however, by saying that demands on her time would limit the number of personal appearances she could be expected to make. This same qualification has been true in the last two years.

The Association attempts each year to designate an honorary chairman a woman of renown in Michigan.

Last year Mrs. Lila Masson, Redford Township resident who

gained the title of "Mrs. America" for 1962, held the position. The previous year, Michigan's First Lady, Mrs. Alice Swainson, accepted the title.

A similar tradition exists throughout the nation. Ann Landers, syndicated columnist whose advice appears in 83 Michigan daily papers, was named national honorary chairman of the Christmas Seal campaign.

### Few Pills on Bills

The greater part of the bill you pay for hospital care goes for payroll, according to the Michigan Hospital Association.

H. Allan Barth, executive director of the association, said patient care expenditures in Michigan last year totaled more than \$510 million as compared to just over \$478 million the previous year. More than two-thirds of both expenditure figures went for payroll, he said.

It may not be new to some people, but Barth noted that the average cost for one day's hospital care in Michigan has more than doubled in the last 10 years. A decade ago, Barth said, the average cost for each day was \$19.22.

Now this average is over \$40 per day. This sharp increase is a direct reflection of the steadily rising payroll cost, Barth said.

Mirrors are troublesome—they sometimes cast reflections on a man's best friend.

## Methodist Laymen's Sunday

A special Men's Choir will offer the anthem this Sunday when Cass City Methodists observe Laymen's Sunday, according to a report from Rev. James Braid, Methodist pastor.

Lay Leader John Marshall will preside and the scripture will be read by Harold Guinther. The rest of the service will include the morning prayer by Keith McConkey, and discussion of "What

the Church Means to Me" by Arlington Hoffman, Wayne Wilson and Del Rawson.

In other church news, the first of two orientation classes will be held Sunday afternoon at 3:00 for those wishing to join the church.

The second class will meet Thursday, Oct. 24, at 8:30 p.m. and the group will be received into the church on Sunday, Oct. 27. The Membership and Evangelism

Commission, Maynard McConkey, chairman, is planning a coffee hour following the worship hour to welcome the new members.

## Uncle Tim From Tyre Sez:

Dear Mister Editor:

I see by the papers where Senator Symington has popped a question to the Defense Department that calls for an answer. I ain't expecting to git no answer and I reckon he didn't figger on gitting one when he ask it. But it's mighty comforting for the taxpayers back home to know a U. S. Senator can still inquire about such matters without somebody throwing him out of the meeting.

It has been brung out that the United States has now got stockpiled what is equal to 5 tons of TNT for ever human being on earth. This comes to around 15 billion tons. Senator Symington says we got enough nuclear bombs stockpiled to wipe out 2,000 cities of 100,000 population and wine out not onct but 125 times. He says we've got the bombs in storage to destroy every city of any size on earth 125 times.

Now what Senator Symington wants to know is why we keep spending \$2 billion a year to stockpile more and more bombs. It has been hinted by some folks in Washington, brave enough to hint about such matters, that the big reason is the uranium mines has got one of the most powerful lobby organizations ever to operate in the Congress.

As a general rule, Mister Editor, I don't go around with murder in my heart, but I might be willing to help pay fer killing everybody on earth onct, but I'm agin spending \$2 billion a year to kill everybody 125 times. Fer all practical purposes, when a feller is dead onct, he is dead. It looks like our standard stockpiling procedures calls for multiplying our needs by 125 and putting it in the warehouse. And

Senator Symington ain't going to come no closer gitting an answer to his question than Senator Williams did a year ago when he ask what we was doing with that \$9 million worth of Chinese feathers we was keeping in storage.

Outside of this question by Senator Symington, they ain't been much in the papers this week to git a feller shook up any more than usual. They was a couple little items I aim to put on the agenda at the country store Saturday night. Fer instance, I was reading where a milkman in England was listed official in "Bovine Produce Distributor." I'm shore the fellers will have some comment to make on that one.

And I was reading where them Americans that climbed to the top of Mt. Everest reported they found a breed of lamb on the side of the mountain that could run 30 miles a hour. I was just thinking, Mister Editor, that in this day and age it would take a lamb with that speed to keep close enough to Mary to go everywhere that Mary went.

Yours truly,  
Uncle Tim

### T. J. Heron Services Held Tuesday

Funeral services were held Tuesday at Little's Funeral Home for Twilton J. Heron, 86, following his death Saturday at St. Joseph's Hospital in Pontiac. He had been in ill health for the past two weeks.

Born in Listowel, Ont., July 29, 1877, he was the son of the late Mr. and Mrs. Adam Heron. He came to the Cass City area with his parents as a child.

He married Miss Lulu Hart in Cornum August 29, 1900, and the couple made their home in Grant township. They celebrated their golden wedding anniversary in

1950. Mrs. Heron died December 22, 1955.

Mr. Heron attended the Grant Methodist Church.

Surviving, are: a daughter, Mrs. John (Euleta) Leach of Madison Heights; a son, Durwood Heron of Ann Arbor, and a sister, Mrs. Olin Thompson, Owendale. Also surviving are eight grandchildren, and 11 great-grandchildren. A daughter, three brothers and a sister preceded him in death.

The Rev. James Braid, Cass City Methodist Church pastor, officiated and interment was in Grant Cemetery.

# Total Performance Plus Cleana!

Only Leonard Super has this remarkable new ingredient that cleans your carburetor as you drive—and keeps it clean!!!

Last year Leonard brought you America's first Total Performance gasoline—the greatest value in gasoline history. Now we bring you Leonard Super, the only gasoline in Michigan with "Cleana." "Cleana" is Leonard's remarkable new ingredient that actually cleans your carburetor as you drive—and keeps it clean!

As air comes in your carburetor, it constantly deposits dirt. Some crankcase ventilation systems add still more oil-laden deposits. As this contamination builds up in your carburetor, your engine begins to idle rough, it stalls in traffic and gasoline mileage drops.

Leonard Super, with exclusive "Cleana," actually cleans out the dirt—and it keeps your carburetor clean as a whistle. Amazing but true! Just as long as you use Leonard Super with "Cleana," your carburetor will stay clean. Your engine will run better—and gasoline mileage will improve.

Only Leonard Super has "Cleana"—the amazing new ingredient that cleans your carburetor as you drive. A first-class reason why you should patronize your Leonard Community Service Station! You can depend on Leonard!

**IT SEEMS TO ME  
Negro? What Will We  
Do When It Happens?**

By the Rev. Robert J. Searls

"Open Occupancy" is a term being bandied around lately, primarily on the race relations question. John Marvin, editor of Michigan Christian Advocate, defines it this way: "The right of a person to choose where he shall live without regard to his race, religion or nationality is a basic American privilege." (Issue of October 3, 1963.) This of course is not now at stake locally and there is no clearly discernable evidence that there will be in the foreseeable future. But it might happen to our beloved village, and young people go away to school and work in areas where there have been bitter human emotions exposed at this point. I don't know that having a Negro neighbor adjacent to my own home would be especially nice or especially bad. I cannot see where the color of his skin would make my neighborhood any more - or less - desirable. The main thing at the moment is to decide what we are going to do when it happens, and not wait until the last moment when nerves are raw to decide.

Does it matter? I think it does! The average adult living in our nation's capital drank an average of 8.77 gallons of hard liquor last year! No state has ever been close to that mark - and we wonder why our representatives in Congress do so many senseless things!

Justice Goldberg of the US Supreme Court said in an address lately, that while the government must remain neutral toward religion, religious groups face no need to be neutral toward problems of society or government.

St. Mark's Anglican Church in Valleyfield, Quebec, burned down to the ground in a recent winter and the people of the parish set out to get funds to rebuild it, cost: \$140,000. Better than \$20,000 was received from the French-speaking Roman Catholics of their community. The generous Roman Catholics make up about 97 per cent of the populace! Acts like this are paving the way toward reuniting the church. Or, so it seems to me!

Who can stay away from news

broadcasts which show us the Congressional hearings which reveal the "Cosa Nostra," which we are accustomed to by the name of Mafia? Did anyone seriously believe that the organization had disappeared from our nation, Let me remind you that such a thing can exist in our country because there are citizens who want some of the things it can offer. It would be nothing but a curious page in our history if Americans were determined to get rid of it. Or, so it seems to me!

During the month of September, a Church Center was dedicated on the United Nations Plaza, including a chapel, church offices, conference rooms and a lounge. Administered by the National Council of Churches, it was built by the Methodist Church. We can look for great things to appear from this center. I can see no better use of church funds than for world peace.

Did you see the item in the daily press reporting that there is a shortage of babies in Japan? One reason is the availability of easy abortion; over two million abortions occur per year - more than the number of babies born. The unmarried mother has practically disappeared since abortions were legalized. The news release reported that 75 per cent of the women who had abortions were bothered by conscience. After counseling with pregnant unmarried mothers, I am still convinced that the problem is solved best by maintaining a high standard of morality, both through instruction and by example. Or, so it seems to me!

Leaves from my notebook: "Even if a man could understand women, he still wouldn't believe it," says the Wall Street Journal. ... Did you hear about the cannibal who was expelled from school? They caught him buttering up one of his teachers!

Pome department: Happiness, content, health, Are the things that make "true wealth."

Yet it would be rather rash To not include a dash of cash.
