Tineke van Eerde's First Thanksgiving

When the Leslie Place family also arrived at their Thanksgiving table this year, one of the new arrivals was on hand. Tineke van Eerde, 17, of Overveen, Netherlands, is Cass City's most recent foreign exchange student. Staying with the Leslie Place family, she will celebrate her first Thanksgiving in this country.

"We have nothing comparable to Thanksgiving in our country," she said.

"We have St. Martin's Day and a feast called 'Feest van de Kroon,' but that is in late November, not quite this year.

Mrs. Craig and her husband, Artie, were driving east on U.S. 23 near Charles, Michigan, when the car hit a horse-drawn buggy.

But Santa gets a lot of mail these days and he can't take time to look at these pictures if they have been seven or less inches wide and three inches or less deep. What we need is that they be printed in a manner that will be entitled to us.

Therefore, for the first time this year, we are going to do something about this. We have set up a meter at no charge.

The Michigan Department of Business Administration has announced that the meter will be used for the collection of the following fees:

- A fee of $1 per pound of pressure

Youth Changes Plea

A plea of "guilty except as to amount" was entered in a personal品性 pending a Titanium trial in a Gage- city Court. Attorney Neeb filed Wednesday, Nov. 28, in Cass. The plea was entered for Louise Desormeaux, along with two other youths, with the agreement of a stay in an adult court by Areo. West, lawyer, on Oct. 17.

The plea was entered on a charge of third-degree larceny and possession of a stolen vehicle. Desormeaux, 16, of Cass City, was arrested last month after police stopped a car driven by her and another boy.

Desormeaux and her companion were seen on camera surveillance tapes of a local business.

At the start of the program to determine the need for capital items and to assess the financial condition of the Tuscola County Farm Families, we worked closely with the consumer and the consumer dollar. We were able to gather a great deal of information from the consumer dollar, and we were also able to see the impact of the consumer dollar on the local economy. We found that many small businesses were suffering and that there was a need for capital investments. We were able to gather a great deal of information from the consumer dollar, and we were also able to see the impact of the consumer dollar on the local economy. We found that many small businesses were suffering and that there was a need for capital investments.
The program will feature Carmen Laffite, a Cuban woman, who demonstrates techniques with flowers and foliage.

In addition, welcome cocktails will be served during the opening ceremony, which will be held on Cass City High School's field. Details will be announced at a later date. Please contact Mrs. Hoxey for more information.

Today's train of thought could be: "We must never fear to follow our dreams, even if they seem impossible at first."

---

The program is sponsored by the Cass County Historical Society and the Cass City Library.

---

The program is supported by local businesses, including Cass City's own Pioneer Bank, which has generously donated $5,000 towards the event. We would like to thank all our sponsors for their contributions.

---

The program is made possible by the generous support of our community, which has come together to make this event a success.

---

The program is dedicated to the memory of Mr. and Mrs. L. S. Hoxey, who have made significant contributions to the arts in Cass City.

---

The program is inspired by the story of Carmen Laffite, a Cuban woman who has overcome numerous obstacles to become a successful florist. Her example serves as a reminder that we can achieve our dreams if we are willing to work hard and believe in ourselves.

---

The program is supported by the Cass City Arts Council, which provides grants to local artists and organizations.

The program is funded, in part, by a grant from the National Endowment for the Arts.
Bishop Urges Early Christmas Mailing

Percy A. Lewis, Bishop of the Episcopal Diocese of Michigan, issued his annual plea for prompt mailing of Christmas cards and gifts.

Bishop Lewis reminded his congregation to mail Christmas cards and gifts as early as possible to avoid the December 10 deadline for delivery in winter.

He also cautioned that persons should check the mailing addresses of those they plan to send cards to, especially those in remote areas.

Bishop Lewis said, "The post office has a supply of Christmas mailing labels that include the date December 10. You should make sure your card is mailed by December 10 to avoid the possibility of late delivery."

Five Years Ago
A poster for the Cass City school, it was reported, was received at the City Hall, encouraging a higher tone for the elementary grades in the county by the work of the village school teachers.

Ten Years Ago
A fisherman at the outlet of the Village Creek was surprised to find a fish of unusual size, a large black bass with a long, slender body. It was estimated that the fish weighed over 100 pounds and measured over 3 feet in length.

B. H. Stewart, who was forced to leave his home in Cass City during the summer months due to high temperatures, is now residing in a small cottage near the lake. He is planning to spend the winter months in his native town.

Pete Rose, of the Cass City High School football team, was arrested for possession of a firearm and was sentenced to 6 months in jail. The incident occurred during a practice session.

A financial report through May shows that the village has spent only $57,139.81 of its budget, believed this was good for the economy.
