Crash Injures Craigs

Mrs. Arthur Craig is in "fair" condition at a Saginaw hospital today following an accident Sunday afternoon when cars driven by Arthur Craig, 74, and Delano Charles Wisenbach, 43, collided at the corner of Elmwood and Colwood roads.

Also severely injured in the crash was Mr. Craig, He is Evergreen township supervisor. Wisenbach, his wife and four children all suffered minor injuries. 5

The extent of Mrs. Craig's injuries was not revealed, but she was first taken to Caro Community Hospital and then to the Saginaw hospital.

Craig reported to the Toscala County Sheriff's Department that he failed to see the stop sign at the Colwood corner as he was traveling west on Elmwood road. "I didn't see the stop sign or the other car," he said. The Craig car skidded 74 feet following the cresh and rolled over on its top.

The Wisenbach vehicle skidded 71 feet prior to the impact and 33 feet following the crash, police said.

Both cars were totally wrecked. Demo Released

CASS CITY CHRONICLE

VOLUME 57, NUMBER 33

THURSDAY, NOVEMBER 28, 1963

The Cass City Chamber of Commerce is again sponsoring free Saturday Jafternoon movies during the Christmas shopping season. The free shows will start Saturday, Nov. 30, and continue the following three Saturdays. Each of the four shows starts at 2 p. m.

Each of the shows is a special engagement arranged for the Chamber by the theatre management. The Nov. 30 feature is "Bobbikins," starring Shirley Jones. Each of the shows is a "family" feature.

The retailers who are sponsoring the event suggest that parents leave the children to enjoy themselves while they Christmas shop in leisure.

Following "Bobbikins", will be "The Greatest Show On Earth" on Dec. 7. The Dec. 14 feature is a Tarzan opus and the final show, Dec. 21, will be an all-ear-

toon show. The four features have been selected for free viewing and will not be shown with the theater's regular features. However, Dick Hendrick, manager, said that "The Greatest Show On Earth" will be held over and shown Satarday night as a late show, one time only, after the regular fea-

Village Reaction Mirrors Snock, Grief of Nation

Shock, disbelief, agony and frustration of an entire nation were mirrored in the faces and actions of Cass City and area residents Friday and Saturday following the tragic, wasteful assassination of President John F. Kennesly.

Mr. Kennedy was cut down by an assassin's bullet Friday, almost as if in answer to his often repeated inaugural address remark, "Ask not what your country can do for you, but what you can do for your country."

In Cass City, an abrupt. bush settled over the village as word of the president's death spread. Business dropped to almost

nil and foot and automobile traific venished as residents turned to their radios and television sets to learn the detalls. The few persons on the

street were preocupied expressions as though deep in thought. "Fant it awful," "I can't

believe it." "Impossible" wers the only remarks some could musting Others expressed frustration at being muchle to do onything. At Cass City High School the reaction was "for the

most part, one of disbelief." Principal Arthur Holmberg reported, "The students were shocked . . . they found it very difficult to believe." "We made no official an-

nouncement . . . they found out

mostly from their teachers. I stood by the door when school was dismissed and at least a half a dozen students asked 'Is it really true?' "

Charles Ellis, Owendale-Gagetown principal, reported open displays of emotion by some of the students at the announcement that the presidept had been shot and later by some Catholic students upon hearing last rites had been administered.

Area schools were closed Monday in tribute to the memory of the late Presi-

At Walbro Products, Lambert Althaver, Walbro executive, cited the general reaction as "amazement and disbelieff." When asked what effeet the news had on production, he stated, "I'm sure it effected as somewhat, but we can't measure it specifically. The news came close to anithing time and it would be hard to say."

General Insulated Wire Works reported "a general shock . . . disbelief" among the vorkers. Walbro closed its show at 11:00 Monday for the rest of the day and General Insulated allowed workers from 12:00 to 4:00 Monday to attend special services if they

Many members of village Protestant churches attended the special hour of prayer offered at the Presbyterian Church Monday from 12:00 to 1:00 p.m. Sponsored by the Council of Churches, the hour featured organ music and an opportunity for meditation

Area Catholics observed a High Mass Monday morning with full services including the absolution prayer and a catafalque in the center aisle. All but a few seats in some of the pews were occupied. Fr. Arnold Messing re-

ported that in general local parishioners felt the same shock and grief as the rest of the nation. "Ali were hit very hard. People who called did so just for consolation . . , they couldn't stand to live with themselves without talking about it . . . discussing it. They all felt very badly." Cass City businesses

closed from noon Monday until 2:00 in a special observance. Plags have been flown since Saturday at half-stuff. One Cass City businessman, in reflecting on the succession of events, first the President's assassination and then the murder of his accused slayer, Lee Oswald stated Monday, "It would seem that Lyndon Johnson has become the presi-

Area Couple Speak **Vows Saturday**

Miss Bertha Schafer and Charles Roggenbuck of Snover were married Saturday, Nov. 23, in St. Joseph's Catholic Church, Sandusky. The 11:00 a.m. ceremony was performed by Fr. Angelus Корр.

The bride is the daughter of Alfred A. Schafer of Lansing. The groom is the son of Mr. and Mrs. Leo Roggenbuck of Harbor Beach.

The bride chose a gown with imported scalloped lace Sabrina neckline and bodice, slim cathedral sleeves and dome-shaped skirt with a peau taffeta chapel train. A matching looped peau taffeta headpiece with pearlized petal drops held her bouffant

Emphasis at the shop is switching from

wood to metal working. (Chronicle photo)

The lathe is the second to operate in the class. The new lathe is more durable than the first lathe purchased and is capable of turning out work up to 11 inches in diameter.

Cardew describes it as medium priced. It represents an investment to school district taxpayers of about \$1,800.

Start of Change

Supt. Willis Campbell and Cardew expect the lathe to be the first of a gradual switch in emphasis of shop work. "We have been working primarily in wood in the shop," Cardew said, "and we are moving towards more and more metal work."

The reason for the change, of course, is the plants who need men trained in metal. There is no longer a crying demand for wood workers in industry.

Youth Changes Plea

A plea of "nolle prosequi" was entered in a year-old case pending against a Vassar youth at a Circuit Court session held Wednesday, Nov. 20, in Caro.

The plea was entered for James Stanley, charged, along with two wother youths, with breaking and entering a store owned by Arza Webb, Vassar, on Oct. 2, 1962.

He was placed on probation and ordered to pay costs and restitution amounting to \$115.00 over the year. An original plea of guilty was withdrawn and the polle prosequi (no prosecute) was entered after Stanley had complied with the conditions of his probation.

In other court news, Ruth Jeffery, Kingston, was granted temporary support of \$15.00 per week plus attorney fees in a divorce suit brought against her by her husband, Richard.

Jeffery charged extreme and repeated cruelty. The couple were married March 21, 1959, in Deckerville.

Buck Luck

Harold Easton downed a back three miles east and a mile and a half south of Cass City at 9 a.m. Saturday.

The deer was unusual in that half of its rack was missing. The other half had six points on a large rack. Arthur and Richard Easten drove the deer in front of their brother's sights.

Dorus Klinkman shot an eightpoint buck at Red Oak, Nov. 20.

Pat Binder missed out on a prize in the Leonard fishing contest when he failed to enter his trophy sized perch. but he will not let the same thing happen in the deer season.

Binder had his entry from Copeland Brothers Service ready and Monday morning at 7:55 he bagged a trophy sized buck. Can't tell if it will win, but if I don't it won't be because I didn't try, Binder reported.

Hunting 10 miles south of Cass City, he shot a buck that weighed 193 pounds dressed, It had 11 points with a 16-inch spread between antlers.

Binder shot a buck in the same spot last year.

Play Frankenmuth Tuesday

Hawk Cagers Set To Open Season

The Cass City Red Hawks will lift the curtain on the 1963-64 basketball season Tuesday when they take to the road to play the Frankenmuth Eagles.

Coach Wayne Wilson said that a scrimmage game with Akron-Fairgrove Friday showed the need for plenty of work on offense for the squad.

"We looked terrible with the ball," Wilson said, "dribbled too much and couldn't seem to find the bucket. Fairgrove has a tall team, a zone defense and we didn't shoot enough from out-

side to loosen up their defense."
On defense, Wilson said, the squad looked a little better. The Hawks have been stressing defense in early season workouts.

Despite their poor showing in the scrimmage, Wilson felt that the squad was probably a little ahead of the pace it showed in pre-season workouts last year. The reason for this is probably

that the Hawks are fielding a veteran team. Last year, several of the boys were playing their first varsity contest.

Starting Team

Wilson said that four of the five starting positions against Frankenmuth are about set. It's likely that Jim Knoblet, Walter Hempton, Jim Champion and Ed Retherford will be on the floor for the opening whistle. The fifth starter is anybody's guess.

Three boys have the inside track now. They are Gary Stine, Milt Sherrard and Mary Irrer. Practices between now and game time will probably decide the issue.

The Eagles were also rans in Thumb B Conference competition last year, but Wilson regards them as genuine dark horses in the race for the cage title this

They have three regulars back from last season and their junior varsity was the best in the loop. I expect them to be tough . . . it should be a good game.

League Outlook

dusky is rated as one of the teams to beat. With a veteran team and plenty of height, this could be the year the Redskins win their first title.

The Lakers are always tough in basketball and Coach Ed Wolford will probably field another strong team. Bad Axe last year never lived up to its advance billing. But with a new coach and height and speed, they could round into a force to be reckoned with before tournament time in March.

Last year's defending champions, Vassar, lost heavily by graduation and do not figure

Judging by last year's results, Caro and Mariette do not figure to be of championship caliber this year. Cass City and Frankenmuth are both dark horses ... their showing in the league will depend on the rate of development of younger players.

DRUGS AND DRIVING

Got a cold? Be careful. The remedy you take for it could cost your life unless you use some precaution.

Medical and police authorities are beginning to suspect a wellknown component of cold and hay fever remedies - antihistimine - as the hidden cause of accidents where the driver suddenly is overcome by drowsiness and falters or falls asleep at the wheel, Antitussive, another common drug found in

cough mixtures, has a generally depressive effect, since its job is to act as a sedative for cough irritations. Used beyond recommended doses, . it dangerously reduces the general awareness of drivers in situations where they must be keenly

mended dosages of cold and hay fever remedies or any pain killer. And if they continue to feel drowsiness and blurred vision following their use, they should consult a doctor.

What's Ahead for Tuscola County Farm Families?

when 80 acres of farm land made a good living for its owner and family, relates Don Kebler, county extension agent in agriculture. Even 20 years ago this was so, but since this time consolidation of two, three or more of these 80's was necessary to keep a farm operator in business.

Nor was it too long ago when the food and fiber produced was readily consumed and no sur-pluses occurred. Then consumer demand returned to the farm operator a much larger percentage of the consumer food and fiber dollar.

Most of us have seen these trends and all have experienced the most recent era of the costincome squeeze. Each year farm operators are receiving less of the consumer dollar for their goods and the 1964 prediction is for a still lesser return from the consumer dollar to go to the

The profits from these operations will be made on the basis of small returns on each unit of production and any phase of the farm operation that does not support its weight will be eliminated for one that will.

I have been retained by Bernard Swick and Gladys Swick, husband and wife, of Caro, Michigan, Robert Putnam and Dorothy Putnam, husband and wife, of Caro, Michigan, and Mr. and Mrs. Robert Mullin, of Caro, Michigan, all of whom are owners of property and were owners of property prior to the time of the dedication of the platted area and who did not join in as proprietors of the plat, yet find themselves in the peculiar position of having their property included in the Pine Crest Acres Subdivision, contrary to their wishes.

It is my understanding that there is other property that is also involved in this subdivision, although, in fact, the owner thereof has not joined in the dedication along with the other proprietors named above. I do not, however, represent this other party.

My Clients do not wish to have their property included in this subdivision.

My Clients do not wish to have their property included in this subdivision.

Under the so-called Plat Act, being Act 172 of the Public Acts of 1929, as amended, and specifically Section 59 thereof, being M. S. A. 26.489, the Circuit Courts for the several counties are authorized and empowered on application to alter, vacate, correct or revise any plat upon application of the review of said plat, or the Prosecuting Attorney of any County of the State, when such Prosecuting Attorney shall be directed to make an application by the Board of Supervisors of his County when a plat has been or shall be recorded without having been properly executed or acknowledged, or for any couse, legal and valid assessment of taxes cannot be made upon the lots situated within the plat.

I hereby make request on behalf of my clients that the Board of Supervisors direct the Prosecuting Attorney for Tuscola County to make application to the Circuit Court for Tuscola County to alter or vacate, to correct or revise the plat of Pine Crest Acres Subdivision.

I further request on behalf of my clients that I be advised by the Board of Supervisors upon adjournment of its next session or during the holding thereof of the decision of the Board with respect to this request.

Bishop Urges Early Christmas Mailing

THE PRESENT RESERVED AND A

为科·(第2)(2017年)。2017年,2017年, May the to the state of the same

Postmaster Lewis Bishop this week issued his annual plea for patrons to mail early for Christmas. It is almost certain, Bishop said, that 1963 will set an all-time record for volume of Christmas cards and gifts mailed.

Bishop offered these tips for assuring prompt delivery of all items in time for Christmas:

Check over your Christmas card and gift lists very carefully. Be certain each address is complete with full name, street and number, city, state, zone and Zip code number.

Stock up, on sturdy packing materials for your gift packages, including beavy wrapping paper, corrugated cartons, strong

cord and paper adhesive tape. Buy postage stamps now. Why not use the colorful new fivecent Christmas Tree stamps on

your card? The post office has a supply of free labels again this year. One reads "All for local delivery" and

Sorting your cards into these groups, with addresses facing one way will insure fast delivery.

You should be sure that your full name and address are on all Christmas card envelopes and shipping labels. Be doubly sure to include your Zip code number in your return address.

Bishop cautions that persons should schedule Christmas mailings so that all cards and gift packages going to distant points be mailed by Dec. 10.

Mail with area destinations should be mailed at least a week before Christmas.

In other postal news, Bishop announced that the departure time for carriers will be set back onc hour Dec. 1 for delivery in winter months.

Several months ago departure was advanced an hour with the intention of reverting to the original departure time during the

Kroswek Stresses CD Education

Approximately 30 Zontians and guests attended the regular dinner meeting Tuesday, Nov. 19, at the New Gordon Hotel in Cass · 大學 大學 --

Mrs. Evelyn Wells, chairman of the Safety committee, introduced the speaker, Frank C. Kroswek, director of Tuscola County Civil Defense program.

He told what is being accomplished in Civil Defense in Tuscola County and of the education of the people along this line. Kroswek has been with the department since 1961 and in full time capacity since 1962.

"Civil Defense," he said. "is one of our biggest jobs as it is hard to put across. People just think it can't happen here." A missile travels at the speed of 18,000 miles per hour. Since the time limit is so great a factor in Tuscola County, it is set up on an "everybody for their own protection" basis which is why educating the people of the need of civil defense is so important.

A question and answer period followed the film.

At the business meeting committee reports were given.

A Christmas party will be held for club members at the home of Mrs. Helen Stevens with a 6:30 p.m. potluck dinner Tuesday, December 10. A draw bag of Christmas gifts will be part of the entertainment.

The annual Christmas party for Senior Citizens will be held at the New Gordon Hotel Sunday, December 8, from 2:30 to 4:30 p.m.

The next regular meeting will be held December 17 with installation of new members.

> Thirty-one were present Nov. 19 when the Woman's Study Club met with Mrs. C. U. Haire and Mrs. L. B. Rolison. The group included several guests.

Miss Muriel Addison introduced the program speaker, Mrs. Harry Striffler of Birmingham, Mich.

Mrs.. Striffler presented a travelogue and displayed many unusual articles she purchased in many parts of the world. With the story of her visit to various countries, colored prints were shown. Mrs. Striffler made this four-month trip by freighter during the past year, hence the title of her travelogue, "Porthole View of the World."

Gifts presented to her sistersin-law, Mrs. John Sandham, Mrs. Lillian MacPhail and Mrs. William Moreton of Detroit, included a picture of Cedars of Lebanon, a silk scarf from Hong Kong and a prayer book. All of the women were present for the meeting.

There was a question period at the close of Mrs. Striffler's

Mr. and Mrs. William Wetters

Suprenant, in Detroit.

I see by the papers where the Cuvernment has added 4,750 more jolks to the payroll.

First off, the Post Office Department had to git 2,972 more workers to handle this new Zip business. I reckon this would come under the head of zipping up the zipper and unzipping the taxpayer. I was reading in the papers where one Washington column writer claims this new system ain't no improvement over the old zone system. He allowed as how we needed the Zip about like his saddle horse needed a pair of bedroom shoes. Personal, Mister Editor, I don't know about such matters. I'm just telling you what the man

Then the Department of Agriculture took on 884 more employees. It seems it's going to take a heap more typers, clerks and book keepers to keep track of the wheat crop now that the farmers has took the controls games at the second meeting of off this item.

And the Treasury Department put on 894 more workers in July when the new budget went into effect. But the piece in the papers announced this was just normal percedure, that the higher the public debt gits, the more workers it takes to handle the figgers. It was also announced the

Guvernment research agencies wasn't spending but \$14 billion this year. I was reading in another piece in the papers where the 1963 farm crop fer the whole nation will come to about \$14 billion. It could be that them Congressmen was trying to balance the research program agin the farm crop. If so, that's the first time the word "balance" has come up in this session of the Congress.

I was reciting these figgers to the fellers at the country store Saturday night and the results was the usual split decision. Clem Webster, that crossed the New Frontier ahead of Kennedy, claimed all this was good fer the country, kept employment high. Ed Doolittle allowed as how we wasn't gitting no place when high employment called fer higher prices.

They ain't no compermize between Clem and Ed in politics. I recollect back under Truman when the papers had a little item about operating on a high priced cow to remove a 10-penny nail at one of them Guvernment stock-breeding farms. A lot of this and that went on in the

papers about the matter and it was put on the agenda at the country store one Saturday night.

Clem argued the country didn't even have no prize cows till the Democrats took over under Franklin Roosevelt. Farthermore, allowed Clem, a 10-penny nail now and then might be good fer a cow - make her milk rich with iron. But Ed wanted a investigation to see which one of them Democrats was throwing away good Guvernment nails.

Has Funeral Flurry Touched Soft Spot?

By the Rev. Robert J. Searls

IT SEEMS TO ME

My heart cries out against progress sometimes. I had watched Father Messing personally trying to put in a nice lawn in front of the St. Pancratius new church building. Then came the gas company crews and tore it all up. I trust that by the time these words are published the pipe-line company will have taken care of that lawn as they have others.

Harry Little came to see me when he saw that a review of THE AMERICAN WAY OF DEATH was to appear in my column; like other morticians, he was concerned about the book and what implications it leaves. He knew how I felt about some of the local funerals; he has appeared before the local preachers' meetings on several occasions. He talked quite frankly and revealed his income for the previous year -- less than one-half of that mentioned in the book. But the material which he left does his cause more harm than Miss Mitford. Neither Miss Mitford nor her husband has been proved to min daced sympathies politically. That kind of charge

Along with John Fish, I headed the effort (successful) to create and finance a hospital chapel for Hills and Dales Hospital. To be fair to donors to the cause, I requested Robert Keating to audit the account and if everything was all right to close it. The final balance was eliminated by ordering more of the information leaflets given to all in-coming patients, and the balance of the fund was then given to the hospital to cover costs of mainten-

makes me wonder if maybe she

Or, so it seems to me.

Did you realize that the old familiar Gospel songs are now the thing in certain. New York night clubs? This is spreading across the nation's bistros. A Harlem night spot, the "Sweet Chariot," started the trend and its waitresses ("angels") even have wire halos. Gospel records go like hot cakes, of course.

The Rev. John Hall Fish was in that crowd of 8,000 demonstrators that marched to the offices of the Chicago school board hoping to bring pressure to bear on Superintendent Benjamin Wil-

lis to practice a little more Christianity in race relationships among the students in that city's school children.

I would much rather see a statue of a politician than to see the man. They at least know enough not to open their mouths. Or, so it seems to me.

The Methodists are discussing mergers with several groups. The most recent merger talks would bring into the Methodist fold three Negro Churches with roots in Methodism.

Methodist Bishop L. S. Wicke recently told a gathering: "Most of us belong to the Party of Silence, accepting the indignities and injustices visited upon some of our fellows without qualm or protest." He said more, much more, but that ought to silence even the proudest Christian for a time; or so it seems to me.

Still talking merger are the Presbyterian, Episcopalean, United Church of Christ and Methodist Churches; but while union is at least a decade away yet, has touched us in a tender spot. the four are sponsoring together a Protestant college in Hawaii. There has been no college in our sponsorship, fiftieth state, under Protestant

Did you know that there are 10 US and Canadian volunteer doctors working under the Congo Protestant Relief Agency? Five of the wives are Registered Nurses and are working with their doctor-husbands. These doctors have given up their home practice for a period of from six months to two years. This sacrifice is a strong example for us, or so it seems to me.

JOKE: It seems that a midget escaped from Prague behind the Iron Curtain and sought refuge in West Germany. As he crossed the border he asked, "Could you please cache a small Czech?"

Mrs. Little ordinarily decides what books we review on a bimonthly schedule in this column. According to last Sunday's Detroit paper, we find we have reviewed three of the best sellersfiction list and one nonfiction, It, is marvelous to have a librarian like that in a small village, or so it seems to me.

"Let's End the War Over Birth Control" is an article by Father John O'Brien in a recent issue of THE CHRISTIAN CENTURY; it seems to report a loosening of this stricture of Roman Catholic teaching. The article is both capable (Fr. O'Brien is a professor of Theology at Notre Dame) and helpful; or so it seems to me.

Let the record note that I admit to being of the school of thought concerning smoking that says let the smoker smoke if he faces the facts of cancer fully and still wishes to die before his (or her) family wishes. Now, with the initial 'big scare" proving the relation of smoking to lung cancer over and having had time to digest the facts, (among them being the fact that all the big tobacco companies have more than one new brand on the market now) I believe that science and religion go hand in hand in warning against habitual smoking.

better highways save

IIVES Traffic last Labor Day weekend broke all records—yet there was not a single fatality on Michigan's entire freeway system!

Modern highways are already reducing accidents by as much as 75% when compared with the outmoded roads they replace. It is a well-proved fact: Safety-engineered, easy-to-travel roads save lives, No better way has been found to cut accidents.

Yet today, nearly 50% of Michigan's roads and streets are still inadequate! This is no time to stop or curtail the state's great life-saving highway improvement program. The most effective way to further reduce Michigan's traffic toll is to improve these unsafe roads.

Also contributing to improved highway safety are today's modern concrete pavements. Wet or dry, concrete provides dependable skid resistance. Concrete's light color improves night visibility. As an investment, too, concrete is first choice. Its

Personal News from Shabbona

RLDS Women's Department -

Officers for the 1964 year were elected Thursday at the all-day work meeting of the Shabbona RLDS Women's Department in

the church annex. A potluck dinner at noon was served to eight members and four guests, Mrs. Nellie Lindsay, Mrs. Harvey Fleming, Mrs. Clarence Bullock and Grace Wheeler.

A birthday cake, made by Mrs. Wilfred Turner, was served in honor of Mrs. Nellie Lindsay's 83rd birthday, Nov. 21. Mrs. Arlington Gray and Mrs. Ralph Smith came and extended birthday greetings to Mrs. Lindsay.

Work was started on a quilt for Mrs. George Kelly of Decker. The business meeting was held in the afternoon and roll call was

"What I Am Most Thankful For During the Past Year." Mrs. Bruce Kritzman presented

the worship service and read excerpts from the newsletter from Mrs. J. T. Westwood Jr., women's leader, Church Headquarters, Independence, Mo.

"For the Beauty of the Earth" was sung by the group and Maude Holcomb gave the prayer.

The November theme is "In Everything Give Thanks" and the lesson from "Stewards of the Kingdom" was taught by Mrs. Wilfred Turner.

Officers elected for the coming year are Mrs. Howard Gregg, assistant leader; Mrs. Don Smith, secretary; Marie Meredith, treasurer, and Mrs. Wilfred Turner, teacher.

The next meeting will be Dec. 12, an evening meeting at the home of Lillian Dunlap of Caro. There will be a gift exchange.

Mr. and Mrs. Hazen Kritzman left Saturday morning on a trip to Phoenix, Ariz., where they will visit Mr. and Mrs. Merle Kritzman (Esther Caister) and Mr. and Mrs. H. C. Fuller (Marion Kritzman) and Patsy Lee

Mr. and Mrs. Alvin Burk and family attended funeral services Wednesday for Luther Croft at Brown's Funeral Home in Flint. Shabbona Methodist Church held their regular family night Friday evening, beginning with a potluck supper. About 55 were present and a program of local talent was presented.

The Calvarymen Quartet of Flint will be at Shabbona Methodist Church Thursday evening, Dec. 5. The public is invited.

Rosy Fiscal Picture May Have Helped Kill Tax Plan

Michigan Press Association Money Problem

Probably the biggest single factor, other than the sheer presence of partisanship, in the defeat of Gov. George Romney's fiscal reform program was within the Governor's ranks.

It was not an intentional blow. but an unavoidable one.

First Baptist Courch-Cass Controller Glenn S. Allen Jr., who ran with Romney last year on the state GOP ticket, was forced into disclosing his estimate of the state's fiscal picture at the end of the current fiscal year.

> The picture was so rosy, although Allen was conservative in his estimate, it had adverse effects in the Legislature. Some Republicans, already convinced they did not want an income tax, became more firm in their opposition when the estimate was announced.

At least some Democrats who have favored a similar reform program in past years decided to vote against this one on the basis of Allen's estimate of a \$25 million surplus at the end of June.

For many of the Democrats it was largely a matter of choice: to support a program basically the same as they supported under their own party's administrations. standings. Over the past five or to find enough flaws in it to vote against it and hand Romney his first important defeat.

> Allen had little, if any, choice. If he held back with the figures quite a few more legislators had indicated they could not vote on the program.

> Releasing his estimate, however, confirmed what most legislators thought was true. The \$77 million package of nuisance taxes enacted in 1961 is more than doing its job because Michigan is

continuing to ride the wave of a

All Romney's pleas to "fix the roof before the rains come" were to no avail. The impact of lack of action will probably only be known when the boom wave crests and begins to fall.

Help For Students Leans available to Michigan College students through the Michigan Higher Education Assistance Authority will be sharply increased if the 1964 Legislature

enacts a law to be proposed. Superintendent of Public Instruction Lynn M. Bartlett said the law would raise the guarantee to banks on loans from the present 80 per cent on principal and interest to 100 per cent on principal alone.

Bartlett said this was expected to encourge greater participation in the loan program by banks.

The Authority already has passed the \$500,000 mark in loans guaranteed for college youth in the state. The first loan was approved just over a year ago.

Now 83 banks are involved in a participating agreement with the Authority to extend the loans, but officials hope the percentage guarantee change would enlist many more of the state's 375 banking institutions.

Birth Rate Down

There is a good chance Michigan will record the lull before the storm in birth numbers this

State Health Commissioner Dr. Albert E. Heustis reports that at the three-quarter mark on the calendar year a total of 130,062 births were recorded, for an average of around 14;500 a month.

Projecting this through the last

12-month total of about 173.000 births. If the number this year falls below the 180,000 mark, it will be the lowest number since 1952, Heustis said.

The 1962 report showed 181,-754 new babies were born, That was the fifth consecutive year to

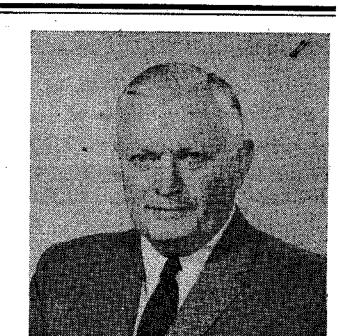

show a decline. Michigan's latest population explosion, high was in 1957 when 208,488 babies were born. The birth rate has been declining steadily since.

· Another peak should come soon, as more and more "war babies' reach the marriage stage.

TO THE FAMILIES WHO OWN THE 1,491,395 ELECTRIC APPLIANCES REPAIRED BY

Nearly one million three hundred thousand of your electric appliances were repaired by Edison in 1962 without extra cost to you. About 200,000 more, for which there was some moderate charge, were also repaired.

Much of the work was done by experienced Edison people. Also capable handicapped people, employed by Goodwill Industries, supported themselves by repairing 182,000 of the appliances you brought in. They, too, are competent and conscientious workers and we are happy to have their participation and assistance.

Edison offers other services that cost nothing extra. These include the exchange of a variety of light bulbs and of fuses and appliance cords. There are advisory services for the homemaker to assist her with lighting, cleaning, laundry and kitchen planning. For the homeowner there's advice on home heating, water heating, wiring, and helpful suggestions about shrub and tree planting near electric lines. Similar types of services are offered to churches, schools, business firms and other establishments.

These services are brought to your attention because many of you may not be taking fullest advantage of them. Perhaps you are new as an Edison customer or perhaps you have just overlooked some of them.

People, moving to other areas, often write back to their friends to say how they miss Edison's extra services. From their comments it seems to us that Detroit Edison is an exception in providing such services without any extra cost to you.

Our Edison service is a broad service. It includes all the items described above, and all the electric energy you need. We like to feel our services are the kind that serve you well, and at a fair and reasonable cost.
