

## Classes in Store Rooms?

# OVERCROWDING THREATENS SCHOOL

Because of overcrowded conditions in Cass City's elementary school, some kindergarten and first grade students face the bleak outlook of classes in storage rooms, on stage or, if available, in church basements next year.

Mrs. Paul Murray, elementary principal, laid the problem of the bulging elementary population before the Board of Education Monday night in a meeting that seemed to be geared to the one possible solution, a new high school.

Student population in the Willis Campbell Elementary School this year jumped a staggering 52 students from 610 to 662, Mrs. Murray told the board.

Since 1951, over-all enrollment has risen from 431 to the current 662 students.

### "Army Coming"

"There's an army coming and I'm quite concerned with what we're going to do with it," she said.

Most urgently needed next school year will be a morning kindergarten and a first grade room. Also needed will be two more teachers.

By shuffling around rooms and putting more students into each room, Mrs. Murray suggested that one class could be put in an existing store room and another class could be put on the elementary stage.

Board members, in an effort to keep the children out of the store room, suggested using available church basements as was done in the past. For a two-year period in 1950, an elementary class met in the EUB Church basement.

Under Mrs. Murray's plan, one kindergarten class

would be put on the stage and the first grade would go into the store room which would be fitted with windows.

Mrs. Murray lamented the fact that "we have 14 children in a big, bright special education room and that we have to put 22 students into a store room."

### Mixed Emotions

Using churches was met with mixed emotions by the board.

Elwyn Helwig asserted that "I'd rather have my child in a church basement than in a storeroom."

Mildly opposed to the idea was William Ruhl who remarked, "I can't see where the kids will benefit." He felt it would be bad for the children because it would remove them from school surroundings and other children.

"It isn't going to be temporary," he charged. "As things are now, it will be a good three years before anything can be done."

Board members agreed finally to checking with area churches, particularly the Catholic Church which has a relatively unused building that was the old church, and to request another special education room that would be used as a regular room until needed for special education.

Two new teachers, a first grade teacher and a combination fifth and sixth grade teacher, will also be hired.

### Architects Visit

Representatives from two area architectural firms were present and gave background of their companies as well as opinions on the suggested site just north of the existing high school.

President Horace Bulen restricted the men to short

talks after explaining that the work of obtaining a new high school is still in the elementary stage.

The two firms were Spence and Smith, Saginaw, and Sedgewick-Sellers, Flint.

Spence and Smith have been architects for several Saginaw high schools and are currently working for three Saginaw-area boards of education.

Sedgewick-Sellers are the architects for the Cass City Hospital addition.

Both firms concluded that the site north of the school would be better than building directly to the east and disrupting already existing athletic facilities.

Building a new high school, of course, would take care of much of the elementary overcrowding. Grades five through eight, and possibly grade four, would be moved into the existing school.

### Summer School

A six-week summer school for students having trouble in reading and mathematics was suggested by Mrs. Murray after she commented on the success of last year's four-week reading course.

Mrs. Murray suggested two reading classes and one arithmetic. Charge for the course would be \$2.00 per week.

The board commented that their sentiment was definitely with the summer program but that they couldn't take action on Mrs. Murray's request until a concrete program was offered.

### Uniforms

Band Director Ronald Walker showed board members

a sample of a band uniform similar to the type to be purchased for the Cass City band.

Board, administration and Band Booster representatives met and opened bids for the uniforms last week. Of the four companies bidding, only one was represented.

The board decided not to release the bids until they could meet with the other representatives. Named to represent the board in the talks were Mrs. Gerald Prieskorn and Don Koepfgen.

### Other Business

In other business, the board approved a motion that the elementary school be appraised by K. L. Flynn and Associates at an initial cost of \$150 with an annual renewal charge of \$22.50.

A request by Richard Dehmel, Rt. 3, Caro, that his property be set into the Caro District was denied, mainly because it would create an island.

Dehmel gave no reason for the request and board members were to check with him to see if denial should be continued.

A petition by Orion Cardew, shop teacher, that he be reimbursed for services during summer vacation was denied.

Representatives of the Teachers Club are to be invited to the next board meeting to discuss a proposed teacher retirement plan.

A motion that teachers who have previously broken contracts after signing with the school not be rehired into the system was passed.

## From the Editor's Corner

Cass City lost a good councilman this week when Harold Guinther was defeated by Dr. D. E. Rawson in what sticker campaign directors called a protest vote over the cutting of trees in the village.

While he was on the council I sometimes disagreed with Harold, but found him interested, alert, conscientious and willing to be "counted" on controversial issues. As a village trustee he was as good as most and better than many.

The merits of Dr. Rawson have, of course, long since been proven in a long and distinguished career in public affairs, including the presidency of the Chamber of Commerce and meritorious work as secretary of the Cass City School Board.

We understand that the council is going to check with the village planner before proceeding with the controversial project. Interested residents could do worse than to compliment the council on being willing to back off from a commitment and call in expert advice before resuming a program already started.

Sometimes you lose when you win. Don Cummings, 30, won a series of bets from Howard Bacon and Lee Hartel and Friday they paid off at Martin's Restaurant. The pair bought Don three meals and a hamburger to square accounts and insisted that they be eaten at once. . . . Cummings did it.

At seven o'clock in the morning, too.

Pat (Yaroch) Bario, a former summertime trainee at the Chronicle, has had a varied career in newspapering since she worked here.

The Kinde gal, who worked for both Detroit dailies and then went to Italy to work and get married, now serves as press secretary for Sen. Philip A. Hart.

The other day she was slugged and robbed by two men as she was descending in an elevator in Washington, D. C.

She was punched two or three times in the face and her handbag with about \$10 in it was snatched.

Working at the Chronicle was never like this.

Dick Hendrick, who bustles around town during every spare moment from his job for General Telephone promoting the Cass Theatre, is proud as a peacock that he wrangled the Clay-Liston fight for the theatre this week end.

First showing outside of the metropolitan area, Dick boasts.

## Still Time to Join First Aid Course

There's still time to take part in the State Police sponsored First Aid course being held each Thursday at 7:00 p.m. at Hills and Dales General Hospital.

The first class was held last Thursday with eleven persons attending. Including tonight's session, four more classes remain.

## Wilson Accepts Essexville Post

Wayne "Speed" Wilson announced this week that he has accepted an offer to coach at the new Essexville High School and has resigned as athletic director in Cass City.

Wilson said that he was reluctant to leave the community and the boys he has worked with at the school.

Wayne Wilson

During his two years in Cass City, Wilson's cage team won 14 and lost 18 games in the regular season and won once while losing twice in tournament play.

However, the genial mentor took over a green team and showed steady improvement. In ant to leave the community and the boys he has worked with at the school.

## Area Men Named To Exchange Advisory Board

Four Cass City area men were elected to a nine-man Michigan Livestock Exchange advisory board Saturday at the MLE auction yard at Cass City.

Three men from each of the three surrounding counties, Huron, Tuscola and Sanilac, were named to the individual board.

Representing Tuscola County are: Alfred Goodall, Cass City, president; John Graham, Caro, vice-president, and James Milligan, Cass City, secretary.

On the Sanilac board are: Don Caister, Marlette, president; Grant Brown, Cass City, vice-president, and Milford Robinson, Cass City, secretary.

Named to the Huron county group are: Ed Oescher, Bay Port, president; Bob McGree, Bad Axe, vice-president, and Bob Armbruster, Pigeon, secretary.

The three groups will hold meetings throughout the year and will offer operational suggestions for the Cass City yard.

The new officers will also be delegates to the 42nd annual MLE meeting Saturday, Mar. 14, at the Jack Tar Hotel in Lansing.

Featured speaker at Saturday's session was Ike Walton, MLE general manager. He guaranteed a fair price level on the local floor by explaining that the yards are operating under the Packers and Stockyards act and that a representative of the MLE would be at ringside at all times supporting the market.

## Chronicle and Farm Dealers Present Section

Cass City area farm implement and supply dealers are making their bid for the farm dollar this week by offering pre-spring specials in the first annual Chronicle Spring Farm Supply edition.

Participating in the edition are area implement dealers, fertilizer dealers, farm building suppliers and firms handling miscellaneous farm needs.

"This section is geared to helping the farmer get ready early for spring planting and carries related stories and pictures.

Participating are: Farm Produce and Frutchey Bean elevators, Agricor, Rabideau Motors, Forster Farm Supply, Bay Area Equipment, Caro Farmers' Co-op, O'Brien Tire Shop, Marshall Implement Co., Shelter Farm Equipment, Gambles and Croft-Clara Lumber Co.

Also taking part in the edition are: Fuelgas Co., Michigan Livestock Exchange, V-G Chemical Co., Turnbull Machinery, Mac & Leo and The Federal Land Bank Association.

## Cass City Paired With Au Gres

Village Clerk H. L. "Bill" Bridges announced this week that word has been received from the Michigan Week mayor's exchange committee in Lansing that Cass City will exchange this year with Au Gres.

Originally, Cass City was to have traded mayors with Lowell for the one-day event which will take place Monday, May 18. Lowell, however, announced that it did not wish to participate this year.

Au Gres is located approximately 40 miles north of Bay City on U.S. 23, near Lake Huron.

## Stickers Win for Rawson

ONE OF MANY TO cast ballots at the village election Monday was Dr. William Selby who voted at noon. A late afternoon surge of voters set a new record for a regular election in the village. (Chronicle photo)

THREE CASS CITY girls narrowly escaped death Saturday night when their car crossed the center line on M-81 at the intersection of Cedar Run Road and was struck by this car driven by Glenn Phelps, 16, Cass City. Hurt in the crash were Carol Turner, 16, driver of the other car, her sister, Deborah, and Jane Gretz. Phelps was also injured. (Chronicle photo)

## Four Hurt in Crash

Four Cass City young people are reportedly "doing nicely," following a two-car, head-on crash Saturday night at the intersection of M-81 and Cedar Run Road, west of Cass City.

Recovering at Hills and Dales General Hospital are Carol Ann Turner, 16, driver of one car; her sister, Deborah, and Jane Gretz, all of Cass City, and Glenn R. Phelps, 16, also of Cass City, driver of the other car.

Dr. H. T. Donahue, attending physician, reported that the patients are "doing nicely and should be able to go home in three or four more days."

All four suffered multiple injuries. Carol Turner suffered a fractured right knee cap, bruised eye, laceration of the eye lid, a

puncture near her nose and a fractured nose. Deborah suffered a fractured left upper arm, dislocated left ankle, fractured nose, loss of lower front teeth and a lacerated chin.

Jane Gretz suffered a fractured jaw, lacerations on the left leg, and bruises. Phelps suffered a fractured left ankle and bruises on the head and neck.

The accident happened, according to sheriff's deputies, when Miss Turner made a right turn onto M-81 from Cedar Run Road and crossed the center line in front of Phelps. Both cars were demolished.

In other accident news, Stanley Szarapski, 33, Cass City, suffered face and mouth injuries early Sunday morning when he lost control of his car on Garfield Street and struck a cement abutment.

Szarapski told Police Chief Carl Palmateer that he dropped a cigarette on the floor and when he bent to retrieve it, his sleeve caught on the turn signal of his car. No injuries were reported for Marilyn Hover, an occupant.

## Board Names "Dollar-A-Year" Men at Meeting

In compliance with the new constitution, Cass City Board of Education members named four Cass City men to a school elections board of canvassers Monday night.

Named were Democrats Bob Stickle, four year term, and Thomas Jackson, two year term. Republicans named were Dick Wallace, four years, and Bill O'Dell, two years.

Compensation was set at \$1.00 per election. The school election this year will be held June 8.

Named election inspectors were Earl Harris, Mrs. A. N. Bigelow, Mrs. Lewis Bishop, Gillies Brown and Mrs. Archie McLachlan.

A village truck being backed by Ed Anthes, Cass City, struck a car being driven by Dean Hullen, 16, Cass City, Saturday morning at the intersection of Main and Brooker streets.

Hullen's car stalled behind the truck at the intersection and was hit in the left rear corner.

## Scouts Complete 10-Mile Hike

Several scouts completed a 10-mile hike Saturday as they progressed toward a merit badge for completing 50 miles of hiking.

The four cooked a meal outside as one of the requirements for the badge. On the hike were Bruce Eshelman, Tom Moore, Joe Hillaker, Robbie Bridges, Ron Cody, Jim Husa Jr., Mark Husa and Tom Guinther.

## Science Fair Exhibits to be Open to Public

Cass City High School Principal Arthur Holmberg, on the behalf of local students, has extended an invitation to area residents to visit the Cass City Science Fair exhibits Saturday and Sunday, Mar. 14-15, between 2:00 and 5:00 p.m.

Approximately 100 junior high and some 50 senior high students will have exhibits on display, covering seven different divisions. The divisions include: mathematics, chemistry, physics, zoology, botany, medicine and health and earth and space science.

Judging will take place Saturday morning and blue ribbon winners may exhibit their entries in the Thumb B Science Fair at Uby High School on March 21-22.

Top prizes in the Thumb B competition are a trip to the National Science Fair in Baltimore for the first place boy and girl.

## Training Course At Area Schools To Help Band

An instrumental program at the Deford and Evergreen schools was inaugurated by Cass City Band Director Ronald Walker about a month ago and is expected to yield dividends in a better band in future years.

About a third of the students at Cass City High School come from Deford and Evergreen schools and furnishing training at the grade level there has been a major problem, Walker said.

An unsuccessful attempt to solve the problem was made last year. This year Walker received permission from the school board to leave the school early to contact students in Deford and Evergreen before they were dismissed.

Working with the sanction of the Deford and Evergreen boards, the facilities of the two schools were opened and the instrumental program started.

With the help of Chuck Iseler, assistant conductor of the Senior Band, each of the schools is contacted three times weekly. All expenses are paid by individuals.

Students in the two schools are now practicing on two flutes, seven clarinets, one alto sax, three cornets and a trombone with a total estimated investment by parents of \$1,500.

## Altar Society to Purchase New Sacramental Cloths

St. Pancratius Altar Society members voted to purchase new altar and communion cloths at a meeting held recently at the church. Approximately 35 members attended.

Business included tentative plans for a bake sale by Group II, work on plans for the coming dedication of the new church, and attendance at the Thumb Deamery April 1.

The program for the evening was the continuation of the book, "It's Paul Who Writes," Mrs. Russell Ayres and Mrs. Alden Asher were the readers.

Marguerite Pawlowski was a guest and coffee was served by Mrs. Cliff Demco.

## Senior Girls Guests At BPW Meeting

Twenty members of the Business and Professional Women's club and 19 guests attended the dinner meeting of the club held March 4 at the local hotel. Eighteen of the guests were senior class girls who expect to further their education to enter the business or professional field.

Miss Betty Jo Agar welcomed the guests. Mrs. Leota Anthes, program chairman, presented recorded interviews with a dozen or so women who are prominent in the business and professional field, mostly in Washington, D.C.

Patricia Wagner presided over the business meeting. Sept. 27 was set as the date for the district fall conference to be held in Cass City. Two new members were accepted by ballot for club membership.

## Hawks Lose Heartbreaker

Cass City came within one point and seven seconds of repeating last year's upset Class B District Tourney victory over Sandusky Friday as they lost a heartbreaker to the Thumb B League champions, 74-73.

The Hawks led most of the way in a nip and tuck battle and were three points ahead with about 50 seconds left to play. Doug Gorringer was fouled with a one-and-one situation that was hotly disputed by Cass City and a technical was called on the Hawks' bench. Gorringer connected on two free throws to move Sandusky to just a point behind.

Taking the ball out of bounds after the technical the Redskins scored to move a point ahead with 35 seconds left. The Hawks charged down the floor and took a shot that missed. But Jim Knoblet gobbled in the rebound and tucked it in for two points to send Cass City back into a one-point lead.

Seconds later Sandusky came back and scored on a jumper from the side of the free throw circle to move ahead with seven seconds left on the clock.

Cass City took the ball and hurried down the floor, only to have a pass go astray to end any chance for victory.

### Fouls Hurt

Although Cass City lost in the final seconds, foul trouble probably enabled the Redskins to stay within challenging distance in the final seconds.

Cass City lost Dave Stine,

Marv Irer, Walt Hempton and Ed Retherford via five fouls. Besides losing key players, Cass City also gave up a raft of points as the winners were deadly from the charity circle.

The whistle tooting refs called 33 infractions against Cass City. The Redskins converted 32 of 46 attempts. Cass City had only 15 tries from the free throw line and hit on seven of them.

Cass City had little trouble outscoring Sandusky from the field . . . collecting 83 field goals as compared to 21 for the Redskins.

### Early Lead

Cass City charged into an early lead in the first quarter. They ran up a margin as the game opened and held it at the end of the period, leading 20-10. Sandusky came roaring back in the second period. They scored 27 points while the Hawks were netting 18 and at the half it was anybody's game with Cass City in front 38-37.

The two teams played on even terms throughout the third quarter to set the stage for the last minute heroics that decided the game.

Cass City exhibited divided scoring with seven players chalking up points. Ed Retherford led the Hawks with 16 points. Others in double figures were: Stine (12), Irer (11), Hempton (10) and Knoblet (11).

After defeating the Hawks Friday, the Redskins had a comparatively easy time defeating Caro for the district title.

### The box score:

Cass City Chronicle  
Cass City, Mich.  
To The Editor:

In my opinion, keen interest in village elections is very desirable, but highly vindictive slip campaigns serve only to undermine the morale of the entire council. It can only be supposed that in future elections, it will be even more difficult to persuade in-

dependent thinking and conscientious people to seek village offices.

Yours truly,  
Evelyn MacRae

### Mrs. L. DeBoer WSC Guest Speaker

Mrs. Lilia DeBoer of Caro was guest speaker Tuesday afternoon when the Woman's Study Club met with Mrs. Ernest Croft. Fifteen members heard Mrs. DeBoer tell of work with the Veterans Administration and also of Red Cross work in Tuscola county.

The sum of \$14.00 was donated to the arthritis foundation.

Members were reminded of the seven o'clock dessert meeting March 18 at Martin's Restaurant when they and guests have an opportunity to see a film of the World's Fair opening in April in New York City.

The next club meeting will be at the home of Mrs. Ronald Keegan and Mrs. Keith McConkey will have the program.

### Hobby Club Meets At Campbell Home

Twenty-two women attended the Hobby Club meeting Monday evening at the home of Mrs. Willis Campbell. Assisting her with the dessert were the Misses Katherine Crane and Muriel Addison, Mrs. Frederick Pinney and Mrs. Clifford Croft.

The following officers were elected for the coming year: president, Mrs. Harold Perry; secretary-treasurer, Mrs. K. I. MacRae; publicity chairman, Miss Caroline Garety, and program chairman, Mrs. Pinney.

Miss Helen Higgins of Caro presented the Detroit Edison film on the New York World's Fair.

Mr. and Mrs. Floyd Reid

Mr. and Mrs. Floyd Reid, formerly of Cass City, celebrated their 50th wedding anniversary at a surprise party held recently in Zephyrhills, Fla.

Floyd Reid and Miss Grace Ball were married Feb. 25, 1914, in Cass City. After a Niagara Falls honeymoon, the couple returned to Cass City. Mr. Reid is a retired contractor.

The couple are Presbyterians and both are members of the Zephyrhills Tourist Club. They first started spending their winters at Zephyrhills in 1958.

The Reids have two sons, Donald, Cass City, and Raymond, Detroit; a daughter, Mrs. Leonard Peltier, Detroit, and 13 grandchildren.

The surprise party was held at a restaurant in nearby Lakeland, Fla., and about 20 couples attended. The couple also received presents, flowers and congratulations from neighbors and Michigan friends and relatives.

Mr. and Mrs. Edgar Schenk of Vassar, former area residents, will celebrate their 50th wedding anniversary Sunday, March 15, at an open house at the Farm Bureau Building in Bad Axe. The affair will be held from 2 until 5 p.m.

Mrs. Schenk is the former Nellie Finkbeiner of Gagetown. She and Mr. Schenk were married March 18, 1914, at Caro. They are the parents of 10 children: Kenneth of Caro, Paul and Aletha, both of Detroit, Army of Flint, Ruth, Gerald and Clare, all of Vassar, Harold of Memphis, Mich., Ila of Washington, Mich., and Lila of Bad Axe.

They also have 34 grandchildren and seven great-grandchildren.

## Arraign Deford Man for Forgery

A presentence investigation was ordered for a Deford man Wednesday, Mar. 4, after he pleaded guilty to a forgery charge when arraigned before Circuit Court Judge Timothy Quinn in Caro.

The investigation was ordered for Albert R. Hutchinson, 29, for April 1.

Although he wrote a number of checks, Hutchinson is being charged specifically with writing a \$150 check Wednesday, Feb. 26, on an account in the Vassar State Bank belonging to Phyllis Montel, Beacon Restaurant owner, Fostoria.

James Bedell, on parole for the Oct. 4, 1962, breaking and entering of Burkel's Service Station, Caro, was ordered to make restitution of \$125.00 after he admitted breaking his parole.

Bedell broke his parole by admitting after his arrest recently in Vassar, that he had committed larceny.

John W. Wilkins, 17, Silverwood, was put on 16 months probation and ordered to pay fine and costs of \$100 for breaking into the People's Oil and Gas warehouse Oct. 9, 1963, in Fremont township.

He was also ordered to make restitution of \$87.18 to the firm's owner, John Lynch.

## 3 Visit Masonic Home at Alma

Members of the Decker OES visited a member who now lives in the Masonic Home at Alma and returned impressed with the care and activities at the home, Mrs. Iva Rockwell, Worthy Matron, reported.

Visiting were: Mrs. Rockwell, Associate Matron Mrs. Catherine Fox and Conductress Mrs. Lola Chippi.

The organization's Ruth project was carried out by Mrs. Frances Krause.

At the March 3 meeting, Mrs. Millie Wilson received an honorary life membership. A vase of pink roses and ivy was presented to Mrs. Wilson by the Worthy Matron.

A chicken supper will be held April 19 and Friends' night May 9, it was announced. A short Easter service will be included in the regular April 7 meeting.

Some people are anxious to get money because they think it will enable them to get more.

### COST OF GIVING

The man who resolved the first of the year to pay his bills monthly began to stagger about Feb. 1.

## Ellington Church Slates Evangelists

The Ellington Church of the Nazarene will conduct a series of evangelistic services, March 11-22.

Evangelist James Krauss of Ohio and Jack Bierce, baritone soloist and song leader, have been engaged for the campaign.

Krauss, a graduate of Olivet College, is noted as an evangelist and Bible teacher.

Thousands of Mr. Bierce's LP sacred recordings have been placed in homes throughout the nation.

The public is cordially invited to attend the services beginning at 7:45 nightly. The Ellington Church is located on the corner of East Caro Road and Dutcher.

# Cass City Area Social and Personal News Items

Marsha Ball went from Hills and Dales Hospital to her home Monday afternoon.

Mr. and Mrs. Dale Rabideau and family returned to Cass City Tuesday, March 3, after spending two months in Florida.

Mr. and Mrs. Bruce Wentworth and family and William Patch Sr. spent Sunday at the William Patch home in Harrison. Mrs. Patch Sr. returned home with them.

It was incorrectly listed in the Chronicle last week that a cow belonging to Hubert Root escaped from his truck at the intersection of Main and Seeger streets. The cow was owned by Clayton Root and Hubert Root was not connected with the incident.

Boutell Ranch, West Branch, purchased the champion and top selling Angus female for \$2,900 at the State Show and Sale at East Lansing recently. Hugh Milligan, son of Mr. and Mrs. James Milligan, is herdsman in charge of cattle at the Boutell Ranch.

Twenty-five were present Sunday at the Mitchell Holik home for a surprise birthday celebration for Mrs. Holik. Her birthday was Friday, March 6. Those present were Mr. and Mrs. Lawrence Holik and children, Mr. and Mrs. Bud Schneberger and family and Mrs. Olga Marshall and two daughters, all of Cass City. Mr. and Mrs. Lyle Holik and family of Caro and Michael Holik of Lake Orion. Unable to attend, the affair were Mrs. Bob Bond of East Lansing and Lee Holik of Niles. A cooperative dinner was served.

## Thought For Lent

Rev. Richard Spencer

During this Lenten season our minds and hearts are turned toward Calvary. Special significance is given to the thought of self-denial. Perhaps too many of us have failed to comprehend all that true-discipleship entails. Jesus said in Luke 14:33 "The man who will not take up his cross and follow in My footsteps cannot be my disciple." (Phillips translation)

In these verses Jesus is saying that God is the owner of all that we have. We are merely stewards of our time, talents and of all our material possessions. Hence, we see true discipleship involves not merely sacrifices that are seasonal. Jesus said, "If any man will come after Me, let him deny himself, and take up his cross daily, and follow Me." (Luke 9:23)

This brings us to our thought of Surplus or Sacrifice. Too many times we feel we are bearing our cross and meeting our Christian obligations to our fellowmen by giving our surplus to the Salvation Army, Goodwill Industries, CARE or some other worthy organization.

If we effectively promote Christianity to all the world, we must fulfill our commitment to Christ of true sacrifice. This involves a cost. King David, when offered a gift to present to God said, "I will not sacrifice to the Lord that which cost me nothing, but I will pay the full price." (II Samuel 24:24)

Paul's exhortation to the Christians was "I beseech you therefore brethren, by the mercies of God, that ye present your bodies a living sacrifice, holy, acceptable unto God, which is your reasonable service." (Romans 12:1)

As we look to Christ, our divine example, sacrificing Himself on the cross, let us remember the words of Charles Wesley:

It costs you nothing to stop and think, but it could be expensive if you don't.

## THE FOLLY OF PRIVATE DEALS

As anyone who has tried will tell you, attempting to sell your old car privately and then buying a new one without a trade can make you wish you hadn't.

Here are some of the steps a owner must go through to accomplish this complicated task:

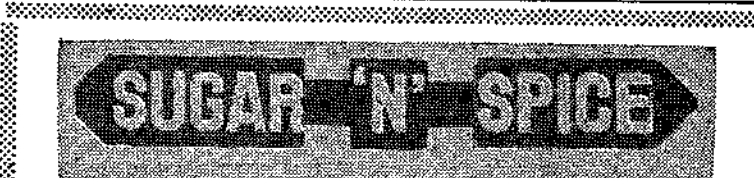

Firstly, he must advertise his car in a newspaper where he will find that his ad won't begin to compete with those of dealers. If he is lucky and it does get him results, then he must generally be forever on call waiting for the right prospect to come along.

When he does find a buyer, he runs into real price resistance. Private buyers expect to buy from an individual for substantially less. That's usually why they answer such ads in the first place. In addition, the seller can offer no guarantees or service after delivery and the buyer knows that all future faults with the car become his responsibility.

Since better than three-quarters of all buyers have a car to trade, the chances are good that the buyer himself will have a car that will stand in the way of the deal. If the transaction passes this hurdle, then the problem of finance arises. Again, better than 70 per cent of all cars are sold on terms, and the chances are good that the prospective buyer will wish to buy this way.

It is to overcome all these problems, of course, that car dealers exist. You will be farther ahead if you find a reputable one and trade your car with him. If you should deal with us, you will be availing yourself of honest treatment, reliable service and fair dealings as a matter of course.

## 'n' EVERYTHING NICE

By John Sommers

Every week I wonder what I'm going to write about, as is the case today, then I start and wonder how I'm going to get it all in this small space. Tuesday, March 17, is ST. PATRICK'S DAY - starting Saturday we will be giving all our friends a shamrock to wear and Tuesday our special will of course, be IRISH BREAD, what else! Some twenty odd years ago Dad decided to formulate a bread that had a crustyness and the FULL-flavor of yeast and wheat - he believed that these qualities were what people wanted in a bread. He must have been right judging from the response. People tell us "it's the best homemade bread I ever ate, just like mother's," and "wish we could get this where we live." We have people who make special trips up here from Detroit to carry back enough

for their whole block, and one old couple who buy a month's supply for the freezer because they can't get out often. We had an Italian (from the old country) call IRISH BREAD the best Italian bread he ever ate, many people call it HOMELAND BREAD. Whether you call it ITALIAN, HOMEMADE, or IRISH BREAD we feature it daily and will know what you mean. It is unchanged from the original and it is with great pride and pleasure that we can continue to bring you the same enjoyment year after year.

We've got some very special plans for April 8rd and 4th and some special treats for this week-end but we are out of space.

REMEMBER, IRISH BREAD is available only at Sommers Bakery, Home of Irish Bread.

## WSWS Circles in Regular Meetings

The WSWS Martha Carie met in Salem EUB Church March 4 for an all-day meeting. A cooperative dinner at noon was served to 24 guests of Mrs. R. E. Betts at the meeting were Mrs. John Parker, Mrs. Wesley Howland and Mrs. Knopf of Rockford.

For the program, Mrs. Betts and Mrs. David Loomis presented a playlet, "Witnessing." Others taking part were Mrs. Ray Silvernail, Mrs. Hugh Connolly, Mrs. Lena Schwegler and Mrs. Alma Seeger. A filmstrip was also shown.

Work was also done on a quilt and on cancer pads.

The next meeting will be April 1 at the church.

Mary WSWS Circle

Thirteen women attended the WSWS Mary Circle meeting Thursday evening at the home of Mrs. Ralph Gauer.

The program was presented by Mrs. Betts and Mrs. Loomis. The playlet, "Witnessing," was combined with the showing of a film.

Miss Helen Hower presided over the business meeting. Members are to bring materials to the April meeting to make kits for the use of leprosy patients.

A gift check from Mrs. Carl Mantey of Fairgrove is to be divided between the Martha and Mary Circles.

Dessert refreshments were served by Mrs. Gauer and the assistant hostess, Mrs. Charles Tuckey.

CASS CITY, MICHIGAN THURSDAY, MARCH 12, 1964

## Baguley Ends Decade of Progress

The Tuscola County Social Welfare Department organization Irl Baguley leaves behind when he retires April 10 will bear little resemblance to the department

he accepted when he took over the reins nearly a decade ago. When Baguley, now 65, assumed his duties as department director on December 7, 1954, he

inherited, besides the regular Social Welfare Department responsibilities, the County Hospital and the County Farm. Since then, the hospital has

grown from a drab, ramshackle, out-sized home with a 58-patient capacity to its present Nursing Home in a modern building capable of handling 123 persons.

The farm faded out of the county picture in 1956 when it was taken over by the Board of Supervisors and was leased out. "When I took over here, the department had financial problems," Baguley commented. "I'm happy to say that I'm leaving it with a surplus."

The surplus he referred to was some \$79,000 saved in operating costs over the last few years which, Baguley explains, he would like to see used to build a new wing on the home.

Baguley announced his resignation at the February supervisors session after handing in his annual report. He and Mrs. Baguley will leave later for a two-month tour of Europe.

### Surplus Program

Baguley is also proud of the department's surplus food program which he established.

"We now distribute food to over 600 low income families in the county. There was a lot of opposition to the program, but I feel that we're doing a great deal to stamp out malnutrition. When you stamp out malnutrition, you cut county-paid hospital expenses."

When Baguley quits his post, he will take with him the friendship of the many Cass City persons who are patients at the home or are employed there.

Although his post does not allow too much personal contact with the home patients, he reports that he has made a number of friends among the patients and employees.

"My job has been in an administrative capacity, but you still have to have the human touch here."

### "Only One Facet"

"The home is only one facet of our work," he explained. "There are three other departments just as important." The three other departments include direct relief, general hospital care and surplus food distribution.

Baguley, in giving some background on the Home, explained that the former county hospital, 94 years old and the oldest county convalescent home in the state, was originally an infirmary which housed those too poor to live where they were.

Forty per cent of the "patients" were under 18 and they sometimes included babies and whole families. The first entry

in the hospital's files were for a 10-year-old boy.

"Originally, they worked the farm with people from the infirmary," Baguley reports. "They did this up until about 25 years ago."

The hospital was drab with brown walls, brown shades, brown furniture and lacked any attempt at cheerfulness.

### Picture Changed

"The whole picture has changed," Baguley asserts.

Now the rooms are cheerful, painted in bright colors and furnished with comfortable furniture. With 65 employees, there is about one employee for every two patients so they are well cared for.

Still the hospital has problems. Baguley charges that the department is "very anxious to enlarge the hospital by a 40 to 50-patient addition. It's entirely too small for the load."

"Last year we had 13 persons whom we would term critical, waiting to get in. There are at least six cases in private homes in the county now that should be here and four or five waiting to come in," he stated.

He pointed out that if the current Medicare Plan is adopted, the problem will become more acute.

### Patients Happy

Even though Baguley is dissatisfied, the patients seem content.

Mrs. Lucy McLeod, 88, a patient at the hospital since December, 1959, reported, "I like it here very much. Of course it isn't home, but..."

"We get 24-hour service, good food... what more do we want?" she concluded.

Mrs. McLeod, originally from Cass City, is amazingly quick-witted and aware of what is going on around her.

Mrs. Joe Gruber Sr., Cass City, a patient along with her husband, commented, "We like it fine. Joe has felt a lot better since we came. He hasn't had a bad attack of asthma since we got here."

Although much has been done since Baguley took over the post of director, he was quick to point out that "nothing would have been possible without a good Welfare Board and Board of Supervisors."

He also attributed much of the surplus in finances to his help. "We've had a lot of good help in the home, and the girls in the office I wouldn't want to trade for anything."

Baguley explained his success in the post with, "I've been an administrator all my life." He operated a retail grocery business from 1934 to 1946.

Originally from Tawas City, he came to the county in 1920 with a railroad company and for a number of years was the firm's auditor.

He has been active in club and civic affairs. He served for 36 years on the Library Board, 15 years on the Caro Community Hospital board of trustees and was a director on the Caro board of commerce. He is a past president of Rotary, a past master of the Caro Masons, past commander of the American Legion and an elder in the Presbyterian Church.

He has also held various positions in other clubs and organizations.

### Wroubel Stationed

Harold J. Wroubel, aviation structural mechanic third class, USN, son of Mr. and Mrs. Floyd Wroubel of Tyre, is serving with the Airborne Early Warning Barrier Squadron, Pacific Midway Detachment, located on Midway Island in the Western Pacific.

The squadron maintains an around-the-clock watch on the Northern Pacific from Midway to

### At Pacific Base

the Aleutians and from the Aleutians to Hawaii. The watch is designed to prevent a sneak attack on the continental United States.

A man takes a wife to be his partner, but sometimes she turns out to be the whole firm.

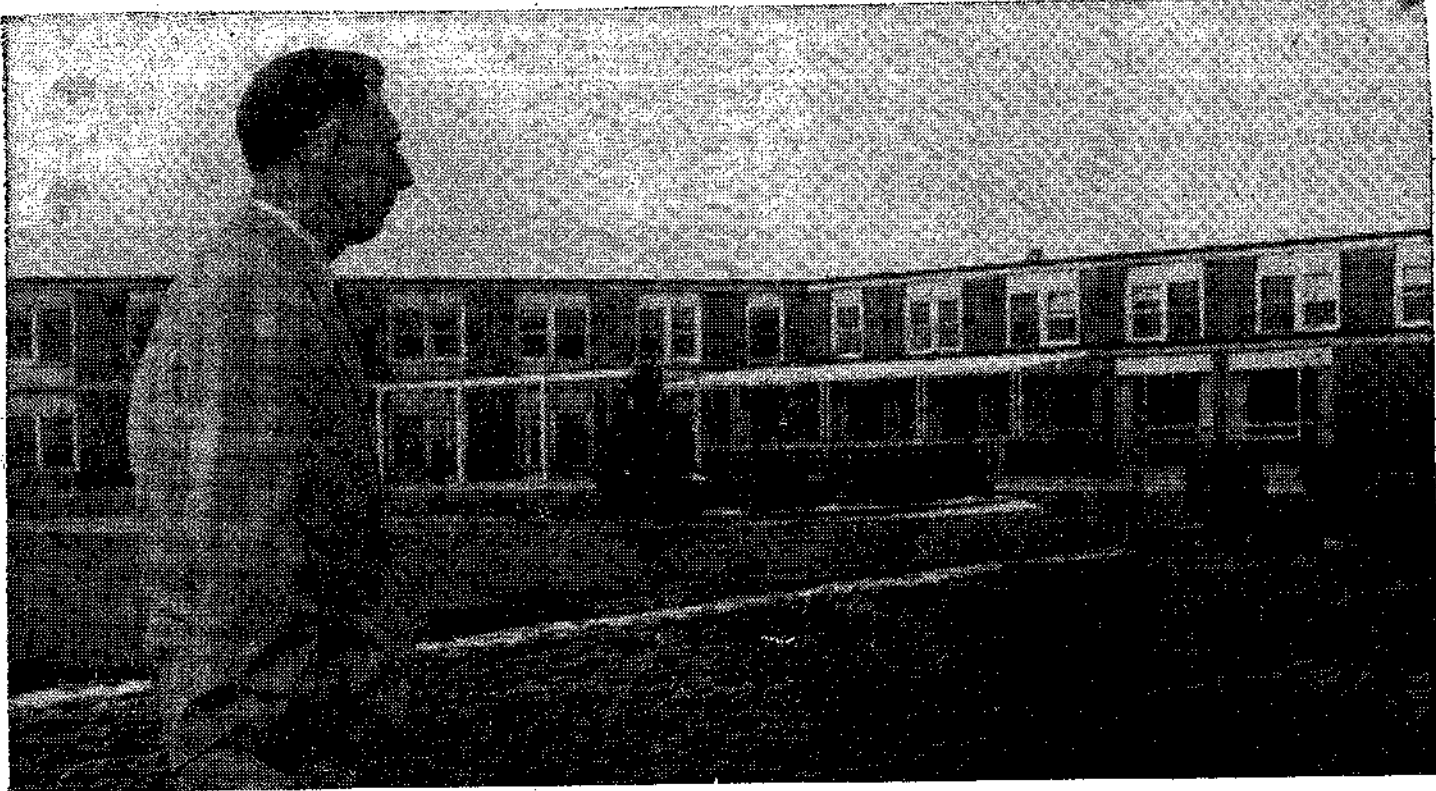

Good government is the product of a well-informed citizenry.

"RIGHT HERE"—Ben Scribner, 61, Wilmet, shows Baguley the symptoms of a chest ailment. Scribner, who entered the hospital Jan. 22, is the Cass City area's latest patient at the home, while Vincent Hartman, 77, Deford, a patient since April, 1955, has been there the longest. Listening to the conversation is Mrs. Emma Keilitz, 78, Cass City. (Chronicle photo)

GOSSIP SESSION—Baguley, right, exchanges a few words with Mrs. Lucy McLeod, 88, Cass City. Mrs. McLeod, a patient at the County Nursing Home for the past five years, is the oldest Cass City patient. Listening in are Collin Bingham, 85, Gagetown, in wheel chair, and Ernest Rudy, 66, Cass City, on window sill. (Chronicle photo)

ONE MONTH FROM NOW, Irl Baguley, 65, like the Tuscola County Hospital and County Farm, will be a part of the history of the Tuscola County Social Welfare Department. Baguley retires April 10 after nearly a decade as department director.

He is shown taking a long look at the Nursing Home he helped to bring to the county. After his retirement, he and his wife will leave on a two-month tour of Europe. (Chronicle photo)

COFFEE TIME—Baguley stops for a break with Mrs. Dora Miller, Caro, administrative assistant, (dark dress) in the home's kitchen. Mrs. Rose Froede, Kingston, pours, while Miss Phyllis Smith, Ellington, looks on. (Chronicle photo)

RECENT CASS CITY admissions to the home, Mr. and Mrs. Joe Gruber Sr., receive some attention from Baguley. Mrs. Vilas McNeil, chief nurse, right, is another of the many Cass City area persons employed at the home. Mrs. McNeil was employed at Pleasant Home Hospital in Cass City before going to the home.

# Personal News and Notes from Gagetown

**Bridal Shower—**  
A bridal shower honoring Patricia Comment, daughter of Mr. and Mrs. Eugene Comment, was given at St. Agatha's hall Sunday afternoon, March 8, by her aunts, Mrs. Douglas Comment and Mrs. William Bliss of Cass City.

Fifty relatives and friends were present.  
The table, from which a desert lunch was served, was decorated in pink and white.  
For entertainment bingo was played. The bride-elect received many gifts.

A May wedding is planned.

**Parent-Teachers Club—**  
The Owen-Gage Parent-Teachers Club held a meeting Thursday, Feb. 27, in the Gagetown school with 40 members present.

The annual fish supper to be held Friday, March 20, in the school was discussed and committees appointed. Mrs. Leonard Kary and Thomas Laurie are chairmen.

Mrs. Thomas Laurie and Mrs. Elmer Simmons served coffee and donuts.

The next meeting is scheduled

for Thursday, March 26.

Members of the Owen-Gage schools band will go to Saginaw Saturday to play in the district competition which will be held in the Weber high school.

Ike Swisher of Indianapolis, Ind., visited Saturday at the Albert and Amasa Anthes Jr. homes. He is an employee of the Arcadia Fertilizer Company and a former resident of Cass City.

Mr. and Mrs. Peter Fila and Linda of Detroit were visitors Saturday of Mr. and Mrs. Albert Anthes.

Mr. and Mrs. Violis Pine and Mr. and Mrs. Muriel LaFave attended the builders show Friday, Feb. 28, held in Cobo Hall, Detroit, and also visited Mr. and Mrs. William Meyer of Oak Park.

The Viking basketball team of St. Agatha, Gagetown, closed the season by playing the public school team Saturday, Feb. 29, and won by a score of 45 to 30. Paul Leyva scored 30 points. The Vikings won 16 games while losing only three.

**Home Extension Club—**  
Mrs. Jerome Rocheleau enter-

tained nine members of the North Elmwood Home Extension Club at her home Thursday evening.

Mrs. Leo Patnaude and Mrs. Harry Comment, leaders, gave talks on food and people in our lives. They told that many foreign countries have not enough food and no farm equipment. Mrs. Roy LaFave was nominated as woman of the year.

The hostess served refreshments.

The next meeting will be in the afternoon Monday, March 30, at the home of Mrs. Oscar Nixon.

Mrs. Julia Sutton and Mrs. Toni Erwin of Flint were visitors at the John Mackay home Sunday.

Mr. and Mrs. Arthur Freeman accompanied Mr. and Mrs. Frank Freeman to Drayton Plains where they spent Sunday with Mr. and Mrs. Bert Bain. ## Organize New 4-H Club at Mayville

A new 4-H club, still unnamed, was recently organized by Mr. and Mrs. Robert Dennis and Mrs. Maurice White of Mayville. It is a project type club, offering only the light horse and pony projects. This will make seven such clubs in Tuscola County with 150 Saddle Horse projects. Many of the Saddle Club members are urban boys and girls and have their horse or pony as a hobby.

Tuscola County continues to have a strong 4-H program. Many honors have been won throughout the state by 4-H members from Tuscola County.

Fenton Loss of Millington is the County-wide Saddle project chairman.

## 4-H Leaders Visit Bad Axe

Key leaders from Tuscola County Farm Bureau spent a day at the Farm Bureau Center in Bad Axe comparing work and devising ideas for the betterment of their individual communities.

Some 50 representatives from membership, information, service and executive committees attended the March 6 meet from Huron, Sanilac, Lapeer, St. Clair, Macomb and Tuscola counties.

Mr. and Mrs. John Koepf, Mrs. Clare Carpenter, Mr. and Mrs. Riner Knoblet and Alfred Goodall of Cass City and Mr. and Mrs. Jack Laurie of Gagetown were present.

A general informational program was featured in the morning session as well as evaluation of membership in each county.

Mrs. Carpenter spoke on current legislative activities in Washington.

The afternoon discussion groups were led by staff personnel from Michigan Farm Bureau. Assisting were Clarence Prentice, Melvin Woell, Roger Foerche and

announced. Robert Armbruster, Huron county, will serve as the alternate representative from District 6.

**VILLAGE OF CASS CITY COUNCIL MEETING**

A special meeting of the Council of the Village of Cass City was held on Tuesday, March 3, 1964, at 7:00 o'clock p.m. All members were present.

Mr. F. B. Auten was appointed acting secretary.

Purpose of the meeting was to hear any interested persons prior to the adoption of the budget for the year 1964. President Rabideau called for a discussion of the proposed budget but no one in attendance expressed a desire to discuss it.

A delegation of ladies representing the Zonta Club, various other women's clubs, and interested citizens were in attendance.

President Rabideau explained the Council's action in preparation for installation of curb and gutter off Main Street.

A member of the delegation requested each council member to express his views concerning the removal of trees in connection with the curb and gutter program. Each member expressed an opinion to the effect that the over-all program involved is of prime importance to the Village, and that in order to carry out the program, the trees must be removed. The delegation thanked the council and was excused from the meeting.

A request by a women's club for use of the scout room each Tuesday evening will be investigated.

Motion by Guinther seconded by Freiburger that the budget for the year 1964 be adopted as follows:

Beginning Balance	\$ 83,940.00
Anticipated revenue	142,000.00

## Uncle Tim From Tyre Sez:

Dear Mister Editor:

About once ever 15 years I go through my private papers. I keep 'em in a shoe box under the head of my bed and they were mostly little items I have clipped from the newspapers. I was taking inventory in these matters last night and come across Tom Clark's story about the conversation the ole farmer had with his mule named Bill. It was wrote about 20 years ago and I think this space age generation ought to read it. It goes like this:

"Bill, you was just a mule, the son of a jackass, and I am a man made in the image of God. Yet here we work hitched up together year after year. I often wonder if you work fer me or I work fer you. I think it is a partnership between a mule and a fool, fer surely I work as hard as you, if not harder. Plowing and cultivating we cover the same distance, but you do it on four legs and I on two, therefore, I do twict as much as you.

"Soon we will be preparing fer a corn crop. When the corn is harvested I give one-third to the landlord fer being so kind as to let me use a small speck of God's earth. One third goes to you, the rest is mine. You eat all your part, while I divide mine among seven children, six hens, two ducks and a storekeeper. If we both need shoes, you get 'em.

"You only help to plow and cultivate the ground and I alone must cut, shock and husk the corn, while you look over the pasture fence and heehaw at me. All fall and most of the winter the whole family from baby up picks cotton to help raise enough money to pay taxes and buy a new set of harness and pay the mortgage on you. Not a thing, you ornery cuss, do you have to do. I even have to do the worrying about the mortgage on your tough, ungrateful hide.

"About the only time I am your better is on election day, fer I can vote and you can't. After election I realize that I was as big a jackass as your papa.

"And that ain't all, Bill, when

you are dead, that's supposed to be the end of you. But me? The preacher tells me that when I die I may go to hell forever. That is, Bill, if I don't do just as they say. And most of what they say keeps me from gitting any fun out of life.

"Tell me, Bill, considering these things, how can you keep a straight face and still look so dumb and solemn?"

That conversation, Mister Editor, belongs to a age that is dead and gone. But when I was a boy it was a picture of life that was as real as crab grass. Sometimes, when I get to complaining about everthing going automatic and computer crazy, I stop and think about the farmer and ole Bill and I'm glad the good old days has gone forever.

Yours truly,  
Uncle Tim

# New low rate for all-electric living cuts cost of electric heat as much as 20%

This new reduced rate is already saving money for hundreds of users. Who else may qualify for the lower rate? You can, if your home is equipped with electric heat throughout and if your appliances operate only by electricity. In other words, if yours is an "All-Electric Home." The new rate lowers the cost of electric heat by as much as 20%—gives you more reason than ever to enjoy modern all-electric living.

## IT SEEMS TO ME Contributions Grow In Cuban Churches

By the Rev. Robert J. Searls

Dr. Eugene Carson Blake, the well-known leader in the Presbyterian Church, was recently presented with the John F. Kennedy award by the Catholic Interracial Council of Chicago. The top official of the United Presbyterian Church in the nation, he is also a past president of the National Council of Churches. A thousand Chicagoans demonstrated their appreciation of his leadership in many church activities (including offering himself for arrest last year in a civil rights demonstration in Baltimore) by paying \$25 a plate to honor Dr. Blake.

70,000 Cuban refugees have been relocated, and another 100,000 are ready (as of October 1, last), according to a statement of John F. Thomas, director of the program sponsored by the federal government. Approximately 10,000 children came unaccompanied by either parent, although about half have since been reunited with their families. Church groups have stepped in as the government has curtailed activity in this field; and all concerned can feel happy over their activities in this field; or, so it seems to me.

TIME TO LAUGH! A girl had started her first job, in a bakery. After she had worked there a week, her mother asked how she was getting along. "Awful. They asked me to take stock of all pastries unsold and I just couldn't spell meringue." "What did you do?" her mother asked. "Well, there were only two left so I ate them."

The Churches of Cuba, most of which have relied on money from the United States, have witnessed (now that such money is prohibited by our government) a tremendous increase in giving by members! Despite difficult living conditions and official discouragement of church activities, giving has risen tremendously. Of course, a large percentage increase can still not indicate much actual money; but it appears that one good thing to come from our 'Shafued' relations with Cuba

will be self-supporting churches, or so it seems to me.

Congratulations to the Methodist Publishing House, marking this year as its 175th year in existence. It is the oldest commercial printing firm in the United States, printing books for the general public, anthems and other music, books for clergymen, and handling church wares, choir robes, film strips and thousands of similar materials for the busy church.

Hats off to the First Baptist Church of Atlanta, Ga., for breaking with tradition and opening its doors to Negroes. This church's membership is several thousands and (according to its minister) has been on the cutting edge of brotherhood, working quietly for interracial justice for some years now. To this, and other Southern Churches, we send grateful congratulations for calm thinking that has led to calm action. Or, so it seems to me!

In another column in this newspaper, you will find special articles for this period of Lent. These are written by six of our clergymen of Cass City who wish to thank Editor Hairé, for the second time, for this opportunity.

Another church merger is in the making. The Presbyterian Church in the US (Southern) and the Reformed Church in America have taken what one report called a 'giant step' to merging their efforts. In only one State do they now 'compete', and when (and if) they do merge, they will serve most of the states in the US. This appears to be a good move, or, so it seems to me!

How far do we condone the sale of obscene literature? The laws that apply are postal law, since freedom of speech (even written speech) is a precious right in our country. Who is the judge of what is a salacious publication? We recognize that what I may feel is trash you may recognize as contributing to the general welfare. No American would do away with free speech, yet, most of us want to keep our children away from all that may do them harm. Recent rulings have fined several firms for using the mails to distribute obscenity. We think this was good judgment. Most parents are relieved this time; but what about the next? Judges are walking a tight rope in their judgments on this issue. Or, so it seems to me!

## Elmwood Extension Studies Food-People

The Elmwood Extension group met at the home of Mrs. George Hartman Tuesday afternoon, March 3, with 10 members present. Roll call was "foods of other nations."

Mrs. Dennis Rocheleau and Mrs. William Goodell presented the lesson, "Food and People," which they illustrated with maps and pictures on a flannel board. They also had charts showing population, food production, malnutrition and nutrition in the countries of the world.

Mrs. William Anker gave a report on "Today's Family," the second in a series of Adventure in Education, which was given in Lapeer.

Mrs. Goodell was chosen woman of the year by the group.

The hostess served refreshments and the next regular meeting will be at the home of Mrs. Tom Laurie March 18.

## Funeral Services Held for Glen Hunt

Funeral services for Glen Hunt were held Saturday afternoon at Zinger Funeral Home, Uby. The Rev. R. E. Betts, pastor of the Salem EUB church, officiated. Burial was in the cemetery at Austin Center.

Mr. Hunt died Wednesday, March 4, in Hills and Dale's General Hospital, where he had been a patient since Feb. 3.

He was born in Austin township Sept. 16, 1889. His parents were the late Mr. and Mrs. Johnston Hunt.

Surviving are two sisters, Mrs. John Gruber of Ortonville and Mrs. James McLure of Pontiac, and seven nieces and nephews.

A dinner was served for relatives at the Tom Gibbard home after the funeral. Persons attended from Royal Oak, Pontiac, Madison Heights, Cass City, Tyre, Freiburg, Uby and Snover.

# Michigan's Adoption Trend Differs from National Rate

By Elmer E. White  
Michigan Press Association  
Baby Demand Down

Adoption activities in Michigan are not following the national trend if the records of one major adoption agency are indicative.

Michigan Children's Aid Society has been noting a period of relatively equal supply and demand. Nationally, records indicate a surplus of children available for adoption.

The Society, a Community Chest organization, places about one third of the children adopted in Michigan annually. During the last few years this third has been around the 500 mark.

Paperwork and personal conferences with prospective parents are a major part of the adoption process.

The Society has offices in Detroit, Ann Arbor, Jackson, Battle Creek, Kalamazoo, Traverse City, Holland, Pontiac, Flint, Alpena, Marquette, St. Joseph, Bay City and Lansing. The staff consists largely of case workers with masters degrees.

Most babies available through the society are born to unwed mothers, notes a spokesman for the organization. The women are referred to the agency by doctors, lawyers, hospitals, courts or clergymen usually.

Prospective parents are carefully screened to determine their ability to provide a good home for a child.

Only couples unable to have children of their own are considered. The agency spokesman said this stipulation tends to keep the parent-child supply and demand more even.

Adoption in Michigan becomes legally final after one year of provisional placement of a child. During this 12-month period, a case worker for Children's Aid Society or other agencies like it visits the home to be sure the pre-placement assessment was valid.

Couples may adopt as many children as the agency feels they can provide for. The recurrence of adoption in one home, however, is sometimes affected by the availability of homes and children.

Community colleges in Michigan would become the central points for administration of vocational-technical training under a plan now promoted by a group of educators.

Michigan Council of Community College Administrators hopes to gain support for its program from other educator groups and ultimately from state officials.

Dr. Max S. Smith, director of Michigan State University's office of community college cooperation, developed and sold the plan to the administrators' council.

Federal funds might be available for such a program under a Congressional act to aid communities which develop vocational-technical training programs.

The idea of putting such programs in the community colleges developed because within a few years every area in the state will be part of a community college

district, Smith said.

Promoters of the idea say that a community college could serve as a vocational center for high schools within its districts in addition to providing such a service to adults in evening programs.

Already on the lawbooks in Michigan is machinery needed to put the program into effect in community colleges, the author of the plan said.

The success of community college administration of the training work is forecast by the fact that many technical education students now in community colleges accept positions even before completing their training, said Smith.

Diabetes Deaths  
Diabetes, a generally controlled

able disease, is claiming too many lives in Michigan, Health Department records show.

During 1962, the latest complete figures available, deaths from diabetes reached an all-time high of 1,908.

"Many of these deaths could have been prevented had the disease been discovered at an early stage when it is most easily controlled," said Dr. John A. Cowan, director of adult health.

No cure for diabetes has been found but early diagnosis, medical supervision, proper diet and insulin or drug therapy can enable most diabetics to live normal lives and have a full life expectancy.

Cowan said an estimated 50,000 people in Michigan have diabetes but only about half this number realize it.

# HIGH SPEED

## Plymouth rocks racing world with sweep in Daytona "500"

According to the record book for stock cars in competition, there is no higher average speed for 500 miles than the 154.334 m.p.h. set by a competition-equipped 1964 Plymouth in winning last month's Daytona "500."

Adding to that glory is the fact that two more 1964 Plymouths finished 2nd and 3rd for a decisive Plymouth sweep. That suggests that Plymouths were not only the swiftest cars in the competition, but that they're built to stay in there all the way.

For the millions of racing fans and high-performance enthusiasts across the country, Plymouth is proud of its "high speed" victory at Daytona.

# YOUR SPEED

## Plymouth beats Ford & Chevrolet in tests of showroom V-8s

This competition was more "your speed." At Plymouth's request, an independent testing company bought and compared showroom models of Plymouth, Ford and Chevrolet.

The cars were comparably equipped standard V-8s—cars people buy. And the tests were of "things people buy a car for"—acceleration, handling, braking, and gas economy.

In test after test, Plymouth accelerated best, handled best, braked best, and got the best gas mileage. This is the kind of competition Plymouth most likes to win. "High speed" or "your speed," these 1964 Plymouths are tough to beat!

## CASS CITY CHRONICLE

VOLUME 57, NUMBER 48

CASS CITY, MICHIGAN THURSDAY, MARCH 12, 1964

### Pulpwood Business Booms in Thumb

Harvesting of pulpwood during the months of January and February coming into the holding yard, located just south of Deford in Tuscola county has shown a marked increase for the months of January and February of this year as compared to the same months of 1963, said Jerry Wilson, local yard superintendent.

#### Delivery Doubles

The amount of pulpwood delivered to the yard during January and February was nearly double that of one year ago. This would indicate, according to information available, that more interest has been shown by people in the Thumb area in the harvesting of pulpwood, especially during the winter months and to help make better use of available labor during the off-season when farm work is not so heavy.

Movement of pulpwood out of the yard to the Scott Paper Company in Detroit has taken place by both rail and truck. Part of the increase in volume, according to Wilson, can be attributed to the fact that the company is buying 100-inch bolts as well as 50-inch. The longer bolts of wood make it easier for handling and loading as well as helps to save on labor.

#### Wide Coverage

The yard is receiving wood from as far away as Midland county. A substantial part of the pulpwood is coming from the immediate area of the yard, particularly Tuscola county. It is also starting to move in now from the Sanilac county area where quantities of pulpwood are available for harvest.

"We like to think in terms of pulpwood harvesting as a year-around operation," said Wilson, "and the yard is prepared to take pulpwood during the spring and summer months the same as during the fall and winter."

#### Unlimited Market

There is an unlimited market or outlet for pulpwood and it is anticipated that the harvesting of

pulpwood in the Thumb area will continue to grow and increase inasmuch as the pulpwood covers a rather substantial area in this part of Michigan.

"It is interesting to note," reports Alfred Ballweg, county extension agent, who made the interview, "that Tuscola county farmers, that is, farmers who may be in the dairy business or cash crop farming, are harvesting pulpwood as well as the professional pulpwood harvester who makes this a year-around income producing occupation."

Then we also have the part-time farmer or factory worker who finds that he can put his spare time to productive use in the harvesting and marketing of pulpwood which in most cases may be in his backyard or nearby in the community in which he lives," he summarized.

### Annual Meeting Of Land Bank Set in Village

Stockholders of the Federal Land Bank Association for Tuscola, Sanilac and Huron Counties will hold their annual meeting Wednesday evening, March 18, in the gym of the Willis Campbell Elementary School in Cass City.

Wilson Kirk, manager of the Association, will present the financial statement and a report on loan operations during the past year. Two directors will be elected. Earl C. Lashbrook of the Federal Land Bank will speak and a new farm credit film, "Credit Where Credit is Due", will be shown.

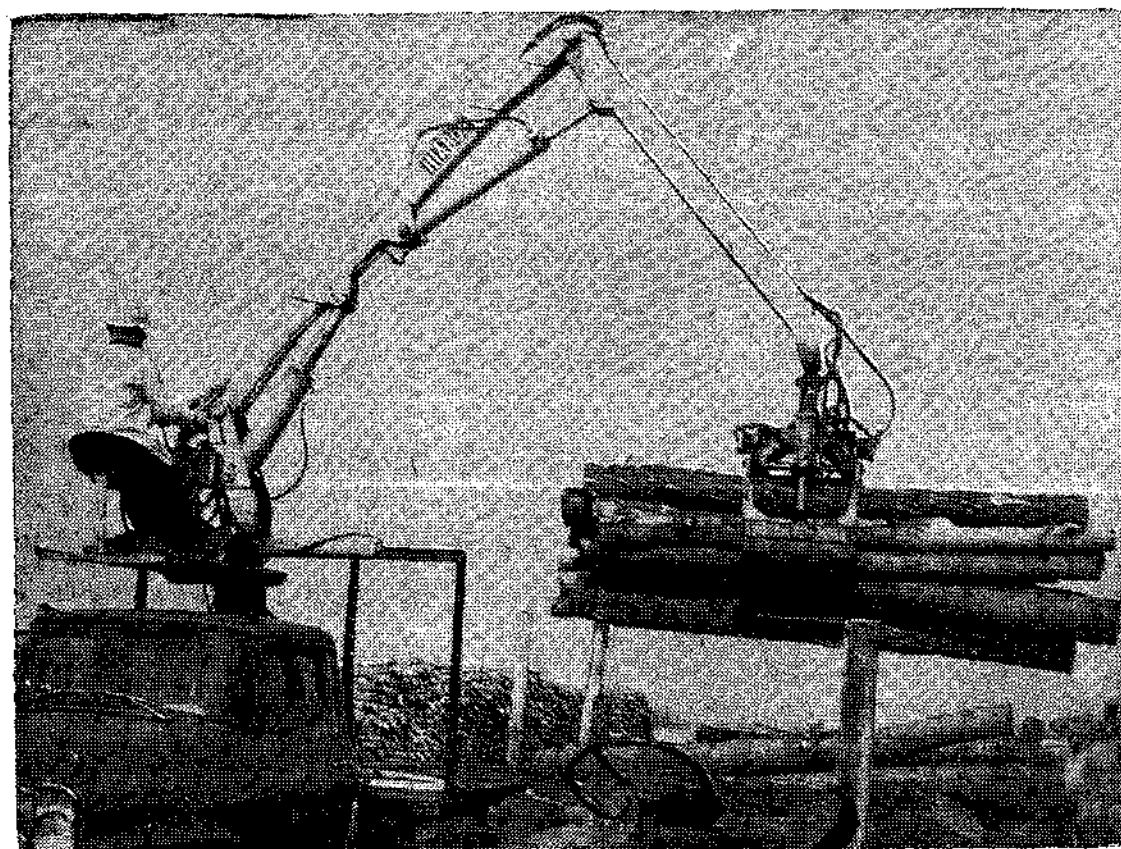

Manager Kirk states that 1963 was the most successful year in the history of the Association. New loan closings for the year totaled \$3,300,000.00. The Association serves over 1400 farmers in the three-county area with 13 million dollars in loans outstanding.

Advertise it in the Chronicle.

A SEA OF PULPWOOD stretches out over several acres at the Scott Paper Company holding yard located south of Deford. Jerry Wilson, supt., estimates the pulp-

wood harvest has doubled in the last year, with a major portion of the wood coming from the Cass City and Tuscola county area. (Chronicle photo)

COMING IN!—Scott Paper Company holding yard superintendent, Jerry Wilson, unloads a wagon load of 100-inch bolts of pulpwood as the wood continues to pour in the yard. Officials were worried last fall that the crop would be small, but a mild winter has helped in the harvest. (Chronicle photo)

GOING OUT!—Workmen swing another load of pulpwood onto a railroad car, prior to shipment to the Scott Paper Company in Detroit. Truck shipments have also been utilized to help clear the yard. (Chronicle photo)

### IH Announces New PLANTER PROCESS

A major breakthrough in row crop planting is claimed by International Harvester Company with their introduction of this new 456 Rotary Valve hill drop corn planter now on display at Shetler Equipment Co., Pigeon. Corn in foreground was planted in conventional way at 3 1/2 m.p.h.; it is 8 to 10 inches tall. The corn in the background was planted the same day at 6 m.p.h., by the same farmer, using the new IH 456 Rotary Valve planter. This corn is 12 to 14 inches high, and has a much closer seed grouping in the hills than does the corn in the foreground. The faster growth is attributed to exclusive seed bed preparation and precision planting available with the 456.

## Design for Off-Season Action

Duck hunters, if you're bored by too many idle hours during the off season, why not try your hand at decoy making? Chances are it will shorten your wait for opening day and add much to your overall enjoyment of duck hunting. Here are a few tips to start you off. Ideally, decoy material should be feather-light, steel-tough, easily worked, buoyant but smooth riding, inexpensive and available. For good measure, it ought to hold paint well. Heads of decoys should be white pine or basswood blocks about two inches thick. Body materials vary more widely. Whatever your choice, the diagram above will serve for planning out the body size and shape for a black or mallard decoy. It is scaled with one-inch squares. A full-size redrawing of this diagram should be used as a pattern for cutting out head and body pieces. For step-by-step instructions on this do-it-yourself project, write to Box 3, Publications Room, Michigan Department of Conservation, Lansing 26, for a free copy of "Making Dabbler Decoys."

## New Fertilizer Plant Slates Open House Here March 25

Cass City's newest fertilizer facility is slated to hold a grand opening Wednesday, Mar. 25, American Agricultural Chemical Company officials announced this week.

The new plant is the Agrico Warehouse located a half block south of M-81 on Doerr Road. Plant manager is Cliff Ryan, former Cass City implement dealer.

Area residents have been invited to visit the plant and inspect new bulk handling and spreading equipment. The plant services include bulk and bag farm fertilizer and anhydrous ammonia nitrogen for side dressing. Lawn and garden fertilizer will also be handled.

Tom Karpovich, Brown City, territorial manager, explained that the new plant has been located in the village to provide convenient and better service for Cass City area farmers.

**New Food Books Available Soon at Extension Offices**

The "why" emphasis in 4-H food and nutrition projects has created an interest in many 4-H members to learn more about food.

New books on nutrition, meal management and food preparation will be available early in March in the county extension offices, says Anita Dean, Extension Specialist in Foods and Nutrition.

The books are "Meal Management," by Faye Kinder, "Principles of Nutrition," by Eva D. Wilson, Katherine H. Fisher and Mary E. Fuqua, "Experimental Study of Foods," by Ruth Griswold, and the USDA Yearbook of Agriculture, "Food."

"All the books are easy to read and understand," says Mrs. Dean, "and they answer many of the common questions confronting 4-Hers today."

I Always Cry  
At A Fish Fry

By Dave Kraft

If you like fish dinners with all the trimmings, be sure to take in the next St. Pancratius fish fry.

If you're HUNGRY and like fish dinners with all the trimmings, don't take in the next St. Pancratius fish fry.

I went to the one they had last Friday in the church hall. Next time I'll send my wife.

I got there at 5:30 p. m. I brought my wife and kids along, just to get them out of the house and so that my wife would stop nagging that I don't take her anywhere.

I left them in the car and went into the hall. "I'll be out in a second," I called naively from the steps. (One hour later I emerged with my fish, much more sophisticated in the intrigue of take-out orders.)

Ron Keegan, ticket seller, greeted me at the door. "Take-outs? Just get in that little line there, Dave."

That "little line" contained 28 persons!

The first half hour wasn't too bad. Some of the persons in line sat on benches along the side. I stood. I should have sat.

At about 31 minutes after I arrived, Tom Ellis and I started making faces at each other. You know the type of faces one makes when he's stood in a line for 31 minutes.

The raised eyebrows, the roll of the eyes, the slight toss of the head, which express "Good grief!"

What made it so excruciatingly painful, aside from the fact that my legs were giving out on me, was that people kept coming in to sit at the tables and they were being served.

Every few minutes the line would part to let a load of fish pass through from the kitchen to the tables.

I tried staring at the people at the tables in the hope that one of them would throw me a morsel. Some of them would look downcast and embarrassed, but they kept right on eating.

I also thought about fainting in front of one of the loads of fish as it came from the kitchen. Perhaps as the waiter bent over my prostrate body, I could snatch a fish. I decided against it. I was afraid I'd lose my place in line.

So I just stood there, feeling my beard getting longer and my patience getting shorter. Once or twice my wife came to the door

of the hall and gave me those looks a wife gives her husband when he keeps her waiting. It was the same kind of look Clay gave Liston just before he opened Liston's left eye.

Finally there were only four persons ahead of me. It's strange, but it seemed that it took those four almost as long to get their orders as it took the 24 that preceded them.

"How many, Dave?" asked Mrs. Buzz Voyer. It took me a few seconds to answer. It seemed that I had been in there long enough for there to have been several additions to my family. Finally I decided on two adults and one child.

They packaged the fish and Mrs. Keegan asked for my tickets. I told her I ate them. She smiled an indulgent smile.

Just as I was about to hand the tickets to her, I thought of a good parting shot: "Holy smokes!" I exclaimed, slapping my hand to my forehead in dismay. "I just remembered. This is Friday! I can't eat fish on Friday."

Did you ever see anybody get thrown out of a fish fry?

Actually, the fish were very good and well worth the wait. The cartons were good too, although they did upset my stomach later. You won't believe this, but I was so hungry by the time that I got home that I bit myself three times while I was eating.

I think it's about time I took a stand on this tree thing. I mean about the village cutting them down.

Cut 'em down! Cut-every-tree-in-town-down! Now!

Trees are a nuisance. Trees are ugly. Trees are a hazard.

Trees are a nuisance because they drop their leaves in the fall. Trees are ugly in the winter. Trees are a hazard because they provide sitting places for birds and when people park their cars under trees with birds you know what happens.

Cut the trees down and put up billboards. Let's make this poem, written by someone whose name I've forgotten, come true.

"I think that I shall never see  
A billboard lovely as a tree  
And unless the billboards fall,  
I shall never see a tree at all!"  
Cut the trees down. They've been here for a hundred years . . . now it's time to give the asphalt a chance.

Let's get aroused about this thing. Let's burn the council in effigy. Let's burn 'em period. After all, they were only doing their duty as they see it.

Still, I think those softies who think the trees are beautiful and useful are getting to the council members and us hardies will have to do something about it.

There now. I think that makes my stand on the issue as clear as possible. Did I ever show you my card in the Rabble-rousers Union?

I got my first donation to the SDKTC Fund. It was a check for \$46.60 (Always somebody trying to foul up my bookkeeping . . . I asked for \$25.00!)

It was drawn on the First National Bank and signed "T. Amafoney." One thing I don't understand. What does "Not Valid" mean?

It was accompanied by a note reading, "Dear Dave, have fun camping. An anonymous donor."

Let's keep those donations coming in. Summer's almost here. Besides, we're giving a party soon and I could use the caviar.

Fred MacKay, who gave me all the trouble a while back about my "bandoleer," was over the other day with Fritz Neitzel. Fred asked me to say hello to a couple of his buddies at Fort Belvoir, Va.

I'm sorry Fred, but I can't say hello to Jack Starkey, Pharr, Tex., and Burton Gross, Auburn, Me., without asking Jack, "How far is Pharr?"

Too many people use abuse as a substitute for logic.

Chance to Boost Local Economies

Michigan has a bargain-priced opportunity to lay the groundwork for greater wood use and economic growth in local areas under a three-year survey to be started by the U.S. Forest Service early in 1964. The forest inventory, originally planned to provide information on a statewide scale, can be intensified with state funds to yield much-needed facts and figures on a county-by-county basis. Such a detailed survey would answer questions to promote better industrial planning by communities, and show the way for development of new and existing wood-using firms. The Forest Service will contribute \$321,000 toward the study, reducing Michigan's share of the cost to \$146,000. Conservation Department foresters look upon this figure as a very small investment compared with its potential returns to an industry that already adds more than \$700 million a year to the state's economy. The Department is seeking a legislative appropriation of \$52,000 to launch the first year of this work.—Mich. Dept. of Conservation

Mr. and Mrs. Clair Auslander and Dale made a trip to Shipshewana, Ind., Friday.

Evergreen 7th and 8th grades

and Snover Upper Room played basketball Friday at the Evergreen School. There were two games. The Snover boys won over the Evergreen boys and the Evergreen girls won over the Snover girls.

Mrs. Don Schneider was a substitute teacher for Mr. Campbell in the Snover Upper Room Wednesday.

Mrs. Clark Auslander, Mrs. Robert Burns, Mrs. J. D. Masten and Mrs. Bruce Kritzman attended a meeting at St. Joseph's Parish Hall, Argyle, Monday afternoon on Extension program planning for the 1964-65 year.

Extremists in all walks of life generate more heat than light.

Admit your mistakes or like as not you'll be making another.

NEW STATE BIRD?—This is a portrait of the Kirtland's warbler, which the Michigan Audubon Society hopes will replace the robin as the official state bird. The robin, MAS officials say, has been adopted by several other states. The famous Kirtland's warbler, meanwhile, nests only in Michigan.

# FARMERS: IT'S FERTILIZER TIME

Save Time — Save Money With Our Custom Fertilizer Service

Satisfied Golden Uran Users!

## DON'T WAIT-ORDER NOW

WILL YOU BE READY TO START FARMING WHEN YOUR GROUND IS READY? ORDER YOUR COMPLETE FERTILIZER NEEDS NOW!

### COMPLETE BULK FERTILIZER

AND

### LIQUID NITROGEN FACILITIES

### FOR FAST SERVICE

FOR BIGGER YIELDS and profits, these four Cass City farmers rely on our quick, easy application to spread nitrogen and fertilizer. Farm Produce manager Barney Hoffman, holding placard, shows that aver-

age crop yield can be raised by 10 bushels with Golden Uran. Why not join, left to right, Ken Maharg, Les Profit, Les Muntz and Les Evens as satisfied Golden Uran users.

#### Why Use Arcadian Golden Uran Nitrogen Solution?

GOLDEN URAN IS THE ONLY FERTILIZER THAT OFFERS ALL THREE NITROGEN FORMS NECESSARY FOR BIG YIELDS

**NITRATE:** FAST ACTION—FEEDS THE INFANT PLANT

**AMMONIUM:** INTERMEDIATE—FEEDS PLANT DURING 2nd MONTH GROWTH

**UREA:** SLOW ACTING—FEEDS PLANT DURING 3rd and 4th MONTHS GROWTH

#### DO TWO JOBS AT ONCE!

Keep Weeds Down With  
An Application Of The Amazing New

## ATRAZINE WEED KILLER

WE CAN APPLY THIS POPULAR

### NEW WEED KILLER

While Putting on your preplanting or planting time application of Golden Uran Nitrogen Solution.

#### For Spring Crops In Heavy Soil:

##### Pre-Planting

Application of Golden Uran Leaves Plenty of Time For the Fertilizer To Prepare The Soil For Your Crops

##### Planting Time

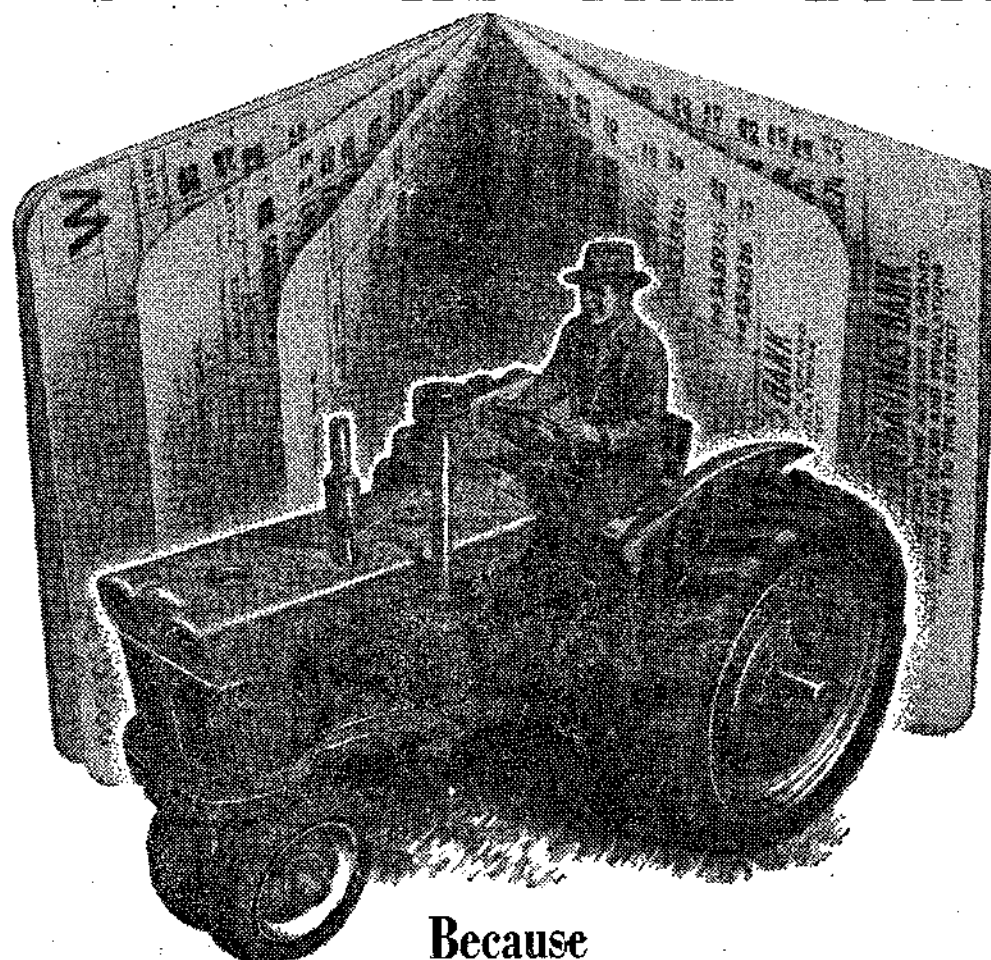

Application of Golden Uran Means Plant Food When You Need It.

##### Wheat

Should Be Fertilized Before It Reaches 8 Inches In Order To Act On Early Growth.

GOLDEN URAN IS LIKE...

## MONEY IN THE BANK

Because

### Golden Uran Will Not Leach!

The Unused Portion Will Remain For The Next Crop.

CORN STALKS, STRAW, ROOTS and other plant refuse are the life of your soil once they are used in combination with an ARCADIAN nitrogen program on your farm. Golden Uran sets up a chemical and biological action to make stalks and straw brittle and easily broken up for easier and cleaner plowing. See us today for recommendations and date for application.
