Staebler Raps Gov. Romney

Congressman Neil Staebler accused Gov. George Romney of "showmanship rather than leadership" in a Thumb press meeting held in Cass City Saturday noon.

The candidate for the Democratic nomination for governor went on to say that Romney had promised to clear up the mess in Lansing, but had succeeded only in creating a bigger one.

Staebler indicated that he intended to make education one of the primary issues of the campaign, saying that no noticeable progress had been made in that direction and citing statistics that showed that 58 per cent of

school money comes from local sources and 42 per cent from State sources. He pointed out that the amount paid locally, primarily by property taxes, has steadily increased while the percentage paid by the State had decreased.

Staebler said that Michigan needs fiscal reform and the way to get it was to start with the campaign for election.

You must be close to the legislature to make your plans, work, he said.

Staebler indicated that he would attempt to identify himself closely with the Democratic party when he said that he would appear with other Democratic candidates throughout the state.

When programs are in the coming campaign, I will use the word "we", he said, to indicate that it is not only my program, but the program of the Democratic party.

According to Staebler, Michigan residents can look for a spirited, intensive campaign this fall. President Johnson has already scheduled a visit to the State June 26 and will be back at least once and perhaps twice before the election.

Michigan has become an important pivotal state nationally, Staebler explained.

From the Editor's Corner

The Cass City Centennial Committee announced this week that a Bob-Lo trip by train and boat has been scheduled June 17.

From Cass City the cost is \$6.50 for adults and \$3.25 for children six to 14. There is no charge for children five and under. Tickets are on sale at many Cass City stores. All profits will be used to help pay centennial costs.

It sometimes takes a visitor to see the advantages that are often overlooked by residents.

Cass City's visiting mayor was impressed by the village, as were exchange mayors in the years before him.

We judge this, not by the expected laudatory speeches, but by the interest in the community and the unspoken admiration for many of the village's finer facilities.

According to President Lee Rabideau, Cass City has been in an excellent position as compared to the communities he visited the last two years.

Cass City has lagged in just one important facility when compared to Athens this year and Reading last year... its school building. Both of the communities visited had spanking new buildings for students.

79 Seniors to Make Trip

Cass City High School seniors are apparently becoming more interested in traveling than their counterparts of a few years ago, as 79 of this year's 99 seniors prepare for their annual senior trip Tuesday through Thursday, May 26-28.

Robert Stickle, one of the two senior class sponsors, attributed this year's increase in interest to the fact that one of the highlights of the trip will be the New York World's Fair.

He reports that of a comparable class two years ago, only 59 students attended.

The trip will cost a total of \$93.50 per student. Fortunately, students start planning for the trip when they enter high school and aside from \$10.00 per year Concluded on page three.

Lee Rabideau Likes Athens; Lowell Hoag Lauds Cass City

"Athens is a very nice little town", Village President Lee Rabideau reported Tuesday when he returned from the Michigan Week exchange program.

The community of 1,000 persons near Battle Creek has a spanking new gym, a tax rate similar to Cass City's and streets almost as wide as Cass City's, Rabideau said.

Like Cass City, Athens has a State highway running through the community, Rabideau said. A few years ago they went to parallel parking and the State has built a new road through the town.

I was very impressed with the cleanliness of the community, he continued.

One problem that perplexes the village is water. They were running in the red with water supply to the village and there was not enough money to buy new meters to replace the antiquated ones in use.

So the village switched to a flat rate for everyone. It's \$2 per month for every outlet, regardless of the amount of water used. There are no sewers in Athens and sewage disposal is by septic tank.

Representing Cass City at Athens, besides President Rabideau and his wife, were Councilman and Mrs. Bernard Freiburger.

The two men were given a handmade Indian basket made at a nearby Indian reservation and a half gallon of pure maple syrup manufactured from sap gathered from the village's trees.

"You should be proud of your excellent community and especially of your very fine hospital facilities", visiting Mayor Lowell Hoag said Monday at a noonday luncheon at Cass City Hotel.

Hoag was speaking to a combined Rotary-Zonta meeting where members of the village council and Chamber of Commerce were special guests.

He was impressed with the wide streets and said later, after touring the industrial section, that Cass City was in an enviable position for future growth.

In honor of the visiting mayor three grade students from the Cass City School talked briefly about Michigan. Joan Eskilisen talked of the State's recreation. Mike Klinkman's topic was the history of Michigan and Steve Selby told of the natural resources.

Hoag was accompanied by his wife and Mr. and Mrs. Degrice, also of Athens. Hoag received a calendar-clock and Degrice a pen and pencil set. The wives were presented with flowers.

General chairman for the event was Dick Erla, who acted as toastmaster. Erla is also Michigan Week chairman for Cass City.

In the afternoon the visiting ladies were entertained at a tea while the men toured the village.

The day was concluded with a social hour at the Erla home.

400 Tour New Hospital Addition At Open House

An estimated 400 persons toured the new addition of the Cass City Hospital Sunday afternoon during an open house sponsored by the hospital auxiliary.

Tours of the new facility were given by the 34-member auxiliary and refreshments were served all during the event.

Joe Weiler, hospital administrator, reported that he considered the event a success and offered his thanks to the auxiliary and those who attended.

Although the addition is not completed, Weiler speculated that the obstetrics ward would be available for occupancy within two weeks.

The new unit will eventually offer space for intensive care and medical care, wards, a new laboratory, emergency room, X-ray room and a new central sterilizing section.

When completed, rooms in the \$200,000 addition will bring the hospital's capacity to 47 rooms.

Guernsey New SCA President

Vic Guernsey, Walbro Corporation official, was named president of the Cass City School-Community Association during a business meeting preceding a tour of the school's vocational departments Tuesday night.

Guernsey will replace Jack Esau as president of the organization, formed early last winter. Others elected include: Dr. Marion Hostetler, Presbyterian Church, vice-president; Mrs. Robert Benkelman, secretary, and Mrs. Walter Walpole, treasurer.

Guernsey, in reporting on the session, explained that it was the last meeting of the year. Plans call for a joint meeting sometime this summer of the SCA committee and officers and the Cass City school board.

The meeting will be held after Donald Crouse, new superintendent, arrives and will center around the SCA's proper role for the coming year. Guernsey stated that the group hopes it will be assigned to help formulate plans for a new school building.

Tuesday night's tour dealt with lesser known facets of the various vocational departments. Nearly every unit demonstrated new vocations.

For example, Mrs. Thomas Jackson's home economics department has been studying furniture refinishing and Mrs. William Wallace's art classes are learning to make real jewelry.

Other departments visited were Lyle Clarke's agriculture class and farm shop, Orion Cardew's general shop and drafting classes and Richard Carroll's commerce room.

Vocational education is primarily for the 50 per cent of the students who do not intend to go on to college.

Jury Awards \$2,000 In \$86,000 Suit

A Saginaw area couple were granted \$2,000 in an \$86,000 civil jury suit heard three days last week in Circuit Court in Caro.

Granted the money for "permanent injuries" suffered in an automobile accident Nov. 16, 1962, on Bray Road, a half mile south of Ormes Road, were William and Rose Hope.

They charged that a car driven by Judy VanLue and owned by Jean P. Sovey, both of Kalamazoo, was being driven in a reckless manner when it slammed into the rear of a tractor driven by Hope. Both women were named in the suit.

Hope sought \$57,500 in damages and his wife sought \$28,500.

Members of the jury were: Norman Bruggeman, Lyle Curry, Eva Erb, Mrs. Clayton George, Mrs. George Hall, Walter Laude, William Martus, Arlene McKay, Burton Morrison, Mrs. Vincent Sattleberg, Lois Uhl and Clark Zinnecker.

Circuit Court Judge Richard Smith, Bay City, presided over the session held Thursday, Friday and Saturday, May 14-16.

Two Mayville youths were placed on two-year probation by Circuit Court Judge Timothy Quinn Wednesday, May 13, for the theft of a television set from a Juniata township woman.

Sentenced were Virgil Cooper and Harry Robinson. Each was also ordered to pay fines of \$100 and costs of \$50.00, all at the rate of \$10 per month, plus one-half of the restitution.

The pair entered the home of Mrs. Mary Miceli on April 12 and took the set which they later sold.

Thomas J. Davis, Caro, was sentenced 7½ to 15 years in Jackson State Prison for breaking into Bell-Greig Motors, Inc.,

Feb. 8. Davis, who has a long list of arrests, admitted taking part in a number of other area break-ins. He took a car from the Bell-Greig break-in.

A motion to set aside a conviction for driving under the influence of liquor was granted to Isaac H. Albrant, Caro.

Albrant was arrested on Oct. 16, 1963, and appeared to have been drinking. He was later brought before a Vassar justice of the peace and convicted.

Concluded on page three.

Set Tax Hearing

Tuscola County Tax Allocation Board members issued a preliminary order Monday offering their recommendations for the 15-mill split and set May 26 as the date of the first hearing on the final order. The hearing will be held at 1:30 p.m. in the supervisors' rooms.

The following split was recommended: nine mills to schools, 4.2 mills to the county, 1.65 to the townships and .15 to the Intermediate School District.

The order differs from last year in that .04 mills was taken from the county and given to the Intermediate School District.

Both supervisors and county schools have indicated their approval of a tax freeze at the limits approved Monday, which prompted Chairman J. Arthur Haley, Vassar, to remark that the pronouncements of the freeze amounted to ill-advised pressure on the tax board.

The board arrived at the present allocation at their third meeting of the year.

"ECHOES OF SPRING"—is not the name of this quartet. As a matter of fact, when this picture was taken these four girls hadn't decided on a title for their newly-formed group. They will premiere during the annual Cass City High School Choral Music Department's concert, "Echoes of Spring", tonight (Thursday) at 8:00 p.m. in the auditorium. They are, left to right: Ruth Ann Severance, Sandra Fleming, Ruth Freeman and Joy Turner. (Chronicle photo)

Walbro Announces Expansion and Realignment of Key Company Posts

Neil M. Hurry, vice-president sales, for the Carburetor and Autopulse Divisions, Walbro Corporation, will assume new duties upon his early return from an extended health leave, F. R. Stevenson, executive vice-president, announced.

Hurry will take charge of public relations, promotion and coordination of sales service to all OEM and after-market customers, Stevenson said. This will add Dupree Products Corp., wholly-owned Walbro subsidiary, to the carburetor and fuel pump enterprises comprising Hurry's responsibilities heretofore.

C. Clark Boylan, formerly Walbro after-market sales manager, becomes manager of original equipment sales. Victor M. Guernsey, who has handled advertising, export and sales of-

rice administration, becomes after-market sales manager, while John A. Esau moves from personnel to become administrative assistant-sales.

The realignment, Stevenson said, is designed to meet expanding interest evident in the Walbro line, especially OEM fuel pump and carburetor applications and new adaptations of plastic gasoline tanks and air cleaners in the small engine field.

John A. Mickey, a plastic development engineer with Ford Motor Company for more than 30 years, joins Walbro Corporation, according to an announcement by Floyd R. Stevenson, Executive Vice-President. Mickey will be General Manager of the plastics molding subsidiary, Arjay Manufacturing Company,

Vassar, Michigan. For the present, his headquarters will be at Cass City.

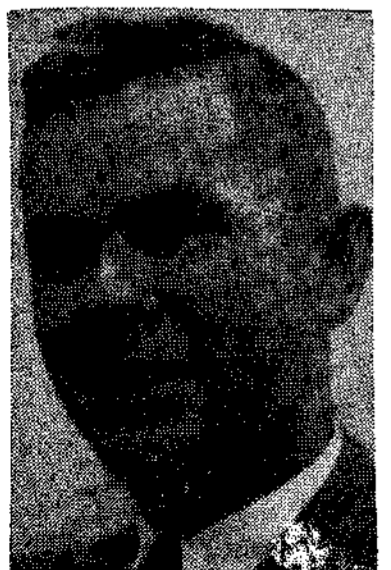

Under Mickey, the Arjay organization and operations will be strengthened and expanded. No changes are contemplated in the existing Arjay staff.

A graduate of Wayne State University School of Industrial Management, he has devoted his entire professional life to plastics, with emphasis on research and development and tooling. He is widely experienced throughout the entire spectrum of non-metallic materials, processes and uses. He was closely associated with the late Henry Ford when he conducted his pioneering experiments with plastic molding powder derived from the soybean in the

early 1930's. During his Ford years, he also attended the Henry Ford Trade School.

Mickey has also been active in civic affairs and with technical groups. He has taught plastics technology at Henry Ford Community College. He is a charter member of the Society of Plastics Engineers and a past director. He has made important contributions in the field of proper plastics applications to other technical organizations, among them the American Society of Testing Materials, American Society of Tool and Manufacturing Engineers, Society of the Plastics Industry and Society of Automotive Engineers. During World War II, he developed molding techniques and formulations which resulted in patents for aircraft engine distributors.

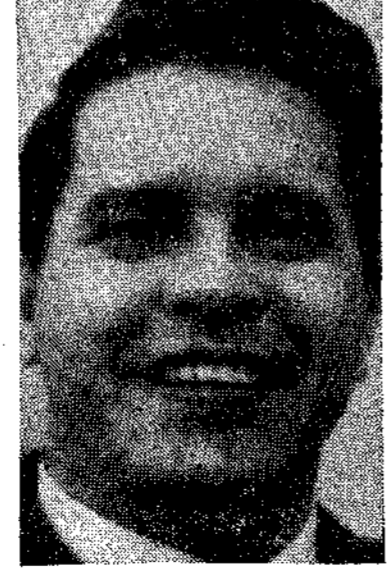

He lives in Berkley, Michigan, with Mrs. Mickey.

Area Crashes Result in Tickets, Injuries

Eight persons escaped injury in a two-car collision Sunday on Cemetery Road and Rossman Roads, near Kingston, according to Tuscola county sheriff's deputies.

Deputy Lee Morrison reported that cars driven by Richard T. Ladd, 40, Mayville, and Allen N. Zimmerman, 19, Gagetown, collided at the open intersection.

Riding with Ladd were his two sons, Allen, and Bruce. In the Zimmerman vehicle were William Zimmerman, 33, and Bill Karr, 16, both of Gagetown, Clyde Castle, 28, Standish, and Donald Simpson, 27, Fort Madison, Iowa.

Ticket Driver
A Gagetown man was ticketed in one of four accidents investigated by Cass City Police Chief Carl Palmateer Wednesday, May 13.

Alvin Beach, 35, was ticketed for failure to yield the right of way after his car collided with a second car driven by Mrs. Frances LaRue, 43, Bay City, as Beach attempted to turn onto

Church Street at the intersection with Weaver St. Riding with Mrs. LaRue when the 11:00 a.m. accident occurred were her son, Timmy, eight, and Julie Elliott, seven, Cass City.

Backing Accident
Forty-five minutes later, Palmateer investigated an accident caused when a car being backed from the Main Street curb by Janis Sealey, 21, Cass City, struck a car driven by Mrs. Irene Doerr, 35, Cass City.

Miss Sealey told Palmateer that she failed to see the Doerr vehicle because of a third car setting in the street. The driver of the third car had reportedly motioned to Miss Sealey to back out.

Injured Slightly
Two Cass City drivers were injured slightly in an accident early that afternoon on Cemetery Road at the entrance of the Walnut Trailer Park.

Shaken up in the accident were Marilyn Tye, 23, and Charles Creason, 28.

north, reportedly struck Creason's car when he made a left turn in front of her into the Park driveway.

Later in the afternoon, Mrs. Betty Ackerman, 23, Cass City, lost control of her car at the intersection of Schwegler and Cass City roads and it went into a ditch.

Mrs. Ackerman told Palmateer that she was attempting to turn

onto Schwegler Road and her car skidded on wet pavement.

Three Hurt
Three Port Austin persons were injured Friday, May 15, when their car struck a parked car owned by Bruce MacRae, Cass City, in Bad Axe.

Treated at Hubbard Hospital for minor injuries were Mrs. Clara Knoblock, 24, Mrs. Floyd

Band Boosters Slate 2nd Sale

Following the old adage that "nothing succeeds like success," Cass City Band Boosters will hold a second rummage sale Friday and Saturday at the old IGA store after collecting \$300 at a similar sale this past week end.

Actual proceeds totaled \$300.76, bringing the current fund for new uniforms to about \$2,100. The goal for the fund is \$2,400. The new uniforms are expected to arrive within a week.

Although the sale was considered a success, Band Booster officials speculate that the \$300 will just about take care of the expense of sending the band to a five-day camp at Okequoec near Rogers City.

Ronald Walker, band director, reports that the camp will be held from August 30 to September 4 and, if successful, may become an annual event. A similar camp was held three years ago.

Band members will be charged \$5.00 each and the remainder of the expenses will be paid by the Band Boosters.

Several parents and seniors will be accompanying the group to act as counselors and chaperones.

Lots of people know they talk too much, they don't seem to know there's a remedy.

Behind every unsuccessful man there's usually a woman who has plenty to wear.

LUCKY LINDA—Linda Hicks, daughter of Mr. and Mrs. Gerald Hicks, Deford, just happened to be the 100,000th person to buy a lunch at the Cass City Elementary Cafeteria for the 1963-64 school year and because she was in the right spot at the right time, Supt. Willis Campbell announced that she would be given a free lunch to celebrate the event. Campbell announced that there have been over 100,000 lunches served each year since the cafeteria opened nine years ago and that the one millionth lunch will be served sometime near the middle of next year.

CIRCUIT COURT

Concluded from page one.

Albrant told the court Wednesday that he had taken a newly purchased prescription and it had made him drowsy and that he had had nothing to drink.

Gail E. Bennett, Caro, was denied a motion to dismiss a complaint charging reckless driving. He was arrested Feb. 9 near Caro, after driving at high speeds on M-24 and M-46.

In other court news, Kenneth Rosenstangel, Route 1, Gagetown, filed for divorce Wednesday, May 13, charging his wife, Linda, with extreme cruelty. The couple were married July 1, 1963.

Deford News

Farm Bureau—The Deford Farm Bureau group met at the Kenneth Churchill home Thursday night. Discussion Leader Kenneth Churchill led the topic, "Farm Bureau Accent on Youth."

In discussion of Michigan Week, it was noted that for 1963 Michigan was in first place with these items: pickling cucumbers, field beans, hothouse rhubarb and red tart cherries. Second-place items were blueberries and plums.

A potluck lunch was served at the close of the meeting.

The Deford Good Neighbor Club will meet at the Deford School Tuesday, May 26, at 8:00 o'clock. The project at this meeting will be making artificial flowers. Everyone is to bring glue and scissors. Hostesses will be Mrs. Lowe, Mrs. Lottie Langmaid and Mrs. Kenneth Monte.

The Deford 4-H Club met Thursday, May 14, at the Gordon Holcomb home when they chose a name for the club, Eager Beavers. Nine members were present. The project at this meeting was freezing rhubarb. Each member took a bag home ready to freeze. A business meeting was held after the project work and refreshments were served. The club will go to Caro to the Edison freezing demonstration Friday, May 29.

Girl Scout Hike Set for May 23

Persistent rain kept Junior Girl Scouts of Troop 113, Cass City, from holding a backyard barbecue Saturday at the home of Mr. and Mrs. Edward Golding Jr. and the girls were forced to hold it in the Golding garage.

Taking part in the activities were: Susan Bills, Anne Bulen, Barbara Crow, Jean Cummings, Yvonne Erla, Mary Golding, Sharon Hartel, Betty Hostetler, Jacqueline Husa, Andrea Morse, Marva Morse, Louann Repshinska, Patty Sawicki, Sherry Schneberger, Lois Wark, Helen Whittaker, Kathy Urban and Gwen Bills. Miss Bills brought a birthday cake in celebration of her 11th birthday. Mona Calka was a guest.

Golding assisted the girls in making charcoal burners for future camping.

The next troop meeting will be held Friday, May 22, so that the girls working on badges may display their work. A hike is planned for Saturday, May 23, according to Mrs. James Husa, leader.

AREA ACCIDENTS

Knoblock, 69, and Brian Knoblock, five weeks old.

Bad Axe Police estimated damage to both cars at \$500 each.

Late Reports

Two previously unreported accidents were investigated by Patrolman William McKinley on May 8 and 10.

In the first accident, a car driven by Kenneth Crawford, 17, backed from the curb near the intersection of Leach and Main streets into a passing car driven by Thomas Flannery, 17, Decker. Riding with Crawford was Kenneth Hurd, 17, Cass City.

The May 10 accident occurred at the same intersection when a car driven by Richard Wozniak, 21, Detroit, turned onto Main Street and struck a car driven by Michael Bustamante, 22, Cass City. Both cars were damaged.

A car driven by Judy A. McPhail, 20, Cass City, made a wide turn off Seeger Street onto Pine Street Friday, May 15, and struck a car driven west on Pine by Harry C. Hales, 39, Saginaw, according to a report filed by Palmateer. Both cars were damaged.

BULEN TALKS Cars

WHAT IS SALES RESISTANCE?

Literally dozens of books are written each year on the art of selling for salesmen - most of them earning handsome profits for their authors.

How useful they are, it seems to me, depends on how adept the salesman is at sidestepping their usual complicated formulas and gaining out of them one of the basic things that makes any real difference to his success - a stimulus to his enthusiasm.

With a little thought you will realize that the real heart of sales resistance - the customer's state of mind that stands between the salesman and a sale - is simply lack of sufficient confidence. While temporary advantage may be achieved by high pressure and fast verbal footwork, the only lasting way a dealership and its salesmen can be successful is to gain ever greater customer confidence.

How is this done? As any successful businessman will tell you it isn't done overnight, but it is always done the same way: by DESERVING confidence.

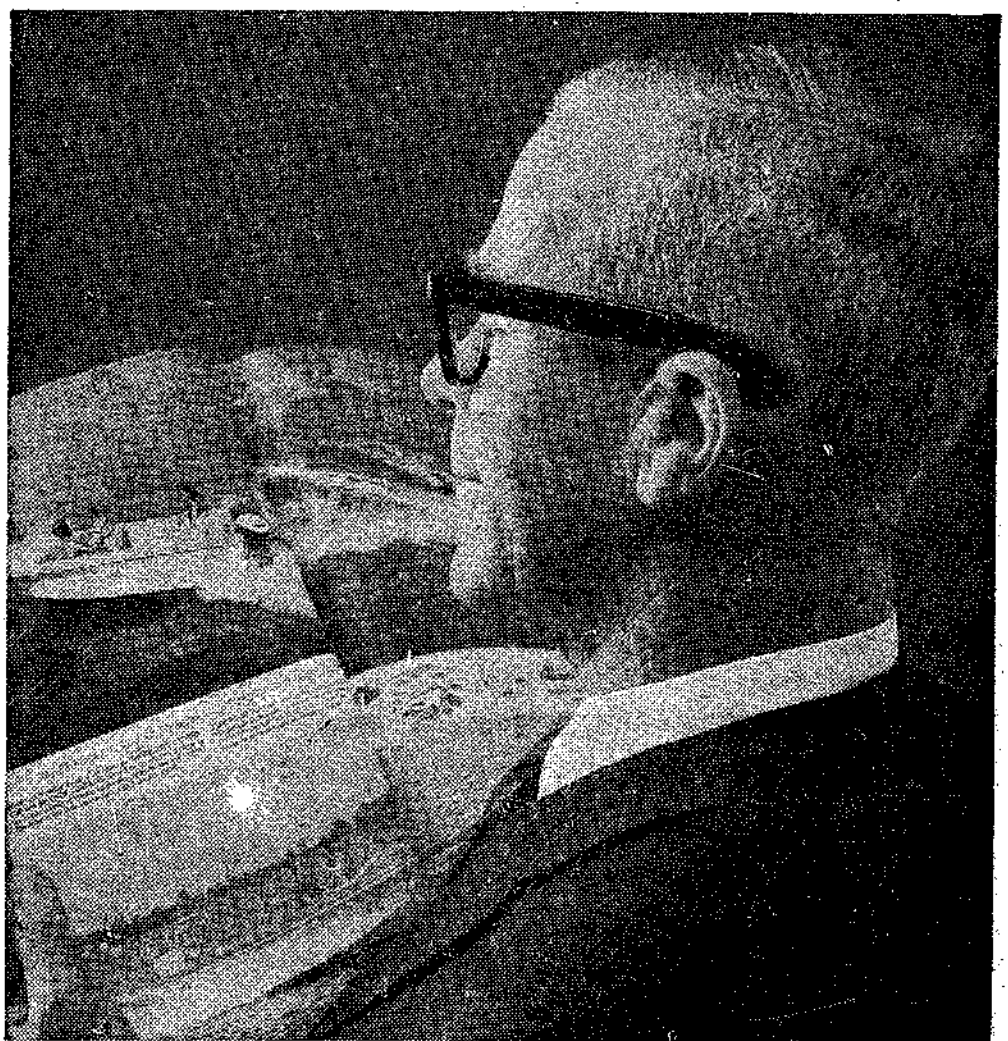

It is really self-evident that every time a business can render a service or handle a sale in a manner that wins the customer's good will, it is planting a seed of confidence that will bear fruit in more sales at a later date.

That is our selfish motive in making our new and used car guarantees mean something and our service result in satisfaction. It turns buyers into customers.

One of a series of reports by this newspaper and the Print Advertising Association on the advantages of print media.

Don't you read before you buy?

Most people generally do. Not only do they read; they cut out and show ads to their family and friends; they clip coupons for information and samples.

When people see an advertisement in print, they can compare designs... features... and prices of nationally known products and services. (And people do compare before they buy.)

Advertising in print is a handy thing. You

can always check back; the message is still there even if your attention is distracted. When you add it up, print advertising—the kind you read in this newspaper—makes sense. And because it measures up to the buying habits of most consumers, print makes sales.

Acting as hostess for the affair was the Woman's Study Club. Guests of honor were Mrs. Lowell Hoag and Mrs. Degris of Athens. Mrs. Hoag is the wife of the Athens mayor.

Mrs. Frederick Pinney was the chairman for the tea and the reception committee, Mrs. Harold Perry, Mrs. Ronald Keegan, Mrs. Earl Harris and Mrs. Esther McCullough, had charge of arrangements.

Mrs. Ben Benkelman, club president, greeted and introduced the ladies attending the tea.

Church Loop Heads To Meet Friday

An eight-team Church Softball League has been formed and the schedule calls for the first game to be played at 7 p.m. June 8. Games are scheduled on Monday, Tuesday and Friday of each week through mid-August with rain-out games set for Saturday.

There will be a meeting of all managers at 7:30 p.m. Friday at the Methodist Church.

Farmers can find out what their labor and management was worth on the farm last year by deducting from the gross income all cash operating expenses, depreciation, labor other than operator and five per cent interest on total investment in farm business, according to Michigan State University agricultural economists. The resulting figure is the wages.

Farmers who apply more than the recommended dosage of weed killers may find their next year's crop affected. A Michigan State University scientist has found that overdoses remain close to the surface.

Uncle Tim From Tyre Sez:

Dear Mister Editor:

Ed Doolittle brung up a item at the country store Saturday night that has got all the fellers a little confused and disturbed. It ain't uncommon fer some of the fellers to git confused. Fer instant, Josh Clodhopper thinks Andrew Jackson and Andrew Johnson was the same President, but it ain't often they was disturbed.

But Ed had a item he had cut out of one of them Government pamphlets that was mighty upsetting. It said the average American 70 years old had spent six years eating, 11 years working, eight years amusing himself, 24 years sleeping, 5 years bathing and dressing, four years talking and one year in church.

Ed pointed out they was a gap in there of 11 years and he figured the gap run to 96,360 hours. The question that was put on the agenda at the session Saturday night was what happened to them 96,360 hours.

This is to report, Mister Editor, that opinion was divided in the matter. Clem Webster allowed as how them Government officials never was too good at adding and subtracting and it was in line with a heap of the arithmetic coming out of Washington. Zeke Grubb claimed them 96,360 hours was spent filling out Government forms and tax returns and they was ashamed to mention it. Personal, I think Bug Hookum had the best guess. Bug allowed as how a feller 70 years old had probable spent 96,360 hours listening to his old lady pour out her words of wisdom and that them fingers was compiled by some female Government worker and she just left out them 11 years on purpose. If you have any ideas on the matter, Mister Editor, the fellers would be glad to hear from you.

And speaking of Government pamphlets, Zeke Grubb reported he had saw where the U. S. Health Department had warned agin taking too many vitamin pills fer the annual Spring tonic. Zeke can recollect back to the Old Frontier when barber shops stayed open till midnight Saturday nights and he claims sulphur and molasses was a good Spring tonic in them days and was bet-

ter than vitamins today.
Clem said he was reading a piece in the papers where one feller claimed vitamin pills was like the four-way hair tonic a doctor perscribed fer a baldheaded patient. The first pill grewed hair overnight but left him with a weak heart. The second pill cured his heart but made his teeth git loose. The third pill tightened up his teeth real good but left him blind in one eye. The fourth pill cured up his blind eye but made him bald-headed again. On motion by Zeke, seconded by Clem, it was voted to stick with sulphur and molasses.

Yours truly,
Uncle Tim

Hawks Surprise Champions at Regional Meet

A brilliant individual effort by Walter Hempton, Cass City's athlete of the year, in the Class B-Regional track meet sparked the Hawks to an upset victory Saturday at Cass City Recreation Park.

The versatile Hempton won both hurdle events and the high jump as Cass City won 35 points to edge runner-up Bad Axe by two points.

Others in the order of finish were: Saginaw Buena Vista and Vassar, 31 each; Marietta, 20; Caro, 15; Sandusky, 12; Crosswell-Lexington, 6; Carrollton, 5; North Branch, 2; and Saginaw SS Peter and Paul, 2.

Thumb B Conference teams did well in the regionals. Friday, Frankenmuth walked off with top honors in the C meet with 25 points, to narrowly nip Akron-Fairgrove by a single point.

Unionville won its seventh straight regional in Class D by running away from the field with 44½ points to second place Arenac-Eastern's 26 points.

Cass City qualified five men for the State finals Saturday. Competing will be Larry Groombridge, Hempton, Dale McIntosh, Cass Pascieczny and Ed Retherford.

Besides the 15 points won by Hempton, the Hawks picked up points in the following events: Pascieczny finished second in the mile run; Groombridge was first in the pole vault with a jump of 10 feet, 10 inches; Retherford was third in the 880-yard run, and the Hawks finished second in the mile run.

Marriage Licenses

The following persons applied for marriage licenses at the county clerk's office, Caro, during the past week.

Wayne A. Leix, 21, Millington, and Cheryl J. Adler, 18, Millington.

Larry Stratton, 18, Mayville, and Judy Mae York, 18, Mayville.

Frank A. Schreyer, 26, Hollywood, Fla., and Anne Marie Dehm, 21, Unionville.

Liner Locates Roving Rabbit

A Chronicle liner in last week's issue brought "rabbit" results for Barbara Parker, daughter of Mr. and Mrs. Wayne Parker, Cass City.

Barbara's ad read: "LOST—Brown and white pet rabbit. If found, phone 872-3112 or 6645 7th St."

By 5:00 p.m. the day the paper came out, Henry Nowland called Barbara to tell her that her bunny was safe and sound at his house. Nowland said it was obvious that the roving rabbit was somebody's pet and if he hadn't found the liner in that issue, he would have run one the next week.

Whether you want to find a rabbit or sell one, Chronicle liners serving the Cass City area will do it faster than any other method.

Hempton Cass City School's Athlete of the Year

Athletic awards and special recognition to outstanding athletes and others connected with the Cass City High School athletic program highlighted the Second Annual Sports Banquet Wednesday night, May 13, at the school.

The coveted athlete-of-the-year award was won by Walter Hempton, whose name will be placed on a large trophy. The presentation was made by Principal Arthur Holmberg.

Hempton richly deserved the award as an outstanding performer in four sports. He was all conference in football; a three-year regular in basketball; the

top hitter on the baseball team, and a consistent winner in track. He holds the record in the high jump at 6 feet, 3 inches.

Thumb B All-Conference squad awards were presented to Jim Champion, a junior, and to Hempton. Champion was named all-conference in basketball and Hempton was named to both football and basketball all-conference squads.

Toastmaster Robert Stickle found himself "speechless for the first time in my life," after he was presented a framed certificate and picture for his service to the athletic program during

the past few years. He was given the award by Coach Wayne Wilson.

On the lighter side, former Caro Coach Don Stamatz presented two gag awards to Willis Campbell, retiring superintendent, and Coach Wilson.

Stamatz started Campbell's award by giving him a basket of vegetables which were reportedly thrown at Campbell and a basketball team nearly 40 years ago at a Caro game. Campbell, at one time, was a Cass City coach.

Also presented to Campbell and his wife was a life-time pass to all sports activities in the Thumb

B Conference.

Coach Wilson accepted on behalf of his dog, Clyde, a large bone. Stamatz contended that Wilson was not feeding his dog a proper diet.

Revealed at the banquet were the boys who will captain the various teams in the 1964-65 season.

The football cocaptains are Ed Retherford and Jim Knoblet. Retherford will also head the basketball quintet.

Jim Champion and Knoblet will be at the helm of the baseball team while the track captain is Cass Pascieczny.

Letter Winners

For the first time this year each senior letter winner was presented with a trophy for one of the sports in which he earned a letter.

Athletes are presented with a letter for the first time they qualify on a varsity team. The second award for varsity competition is a tack-on pin and the third letter is a lapel pin.

Two freshmen were awarded varsity letters. They were Dean Stine and Carl Weippert.

Sophomore athletes to earn varsity awards were: Arthur Bean, Wayne Copeland, James

Crane, Duane DeLong, Richard Hartwick, Jerry Knoblet, Robert Rabideau, Rick Ruhl, David Schember and Rick Turner.

Juniors to earn awards were: Donald Ball, Robert Bliss, Champion, Larry Groombridge, George Kloc, Knoblet, Melvin Laming, Cass Pascieczny, Retherford and Greg Thompson.

Seniors honored were: Dave Bullock, Thomas Ellis, Donald Englehart, Hempton, Marvin Irwin, Myron Karr, Dale McIntosh, Dave Parrott, Ronald Randall, Milton Sherrard, David Stine, Richard Stroupe, James Turner and Samuel Wells.

THE COVETED athlete-of-the-year award at Cass City High School was presented to Walter Hempton, right, by Principal Arthur Holmberg Wednesday night, May 13, at the second annual Sports Banquet. (Chronicle photo)

Mrs. A. Freiburger Dem. Delegate

Tuscola County Democrats named delegates and alternates to the State Convention at a meeting held Wednesday night, May 13, at the Courthouse, Caro. The State Convention is June 12-13 in

Lansing. Delegates are: Melvin J. Stewart, county chairman, and Lee E. Blackmer, both of Vassar; Howard Hodges and Fred Irish, both of Akron; Mrs. Sandra Wiederhold of Caro, Mrs. Alger Freiburger of Cass City, Dr. Charles Quinn of Millington and Leon VanSteenhouse of Unionville.

Alternates are: Leslie Banks of Arbel, Mrs. Elizabeth Sherman and Asa Pelton, both of Akron, Lyle Thornton of Postville, Milford Culbert of Fairgrove, Donald Bass of Kingston, Robert Buchinger of Reese and M. J. Hill of Wisner.

The convention endorsed former Gov. John B. Swainson for national committeeman and Neil Staebler for governor.

Cass City Receives "Last" State Aid

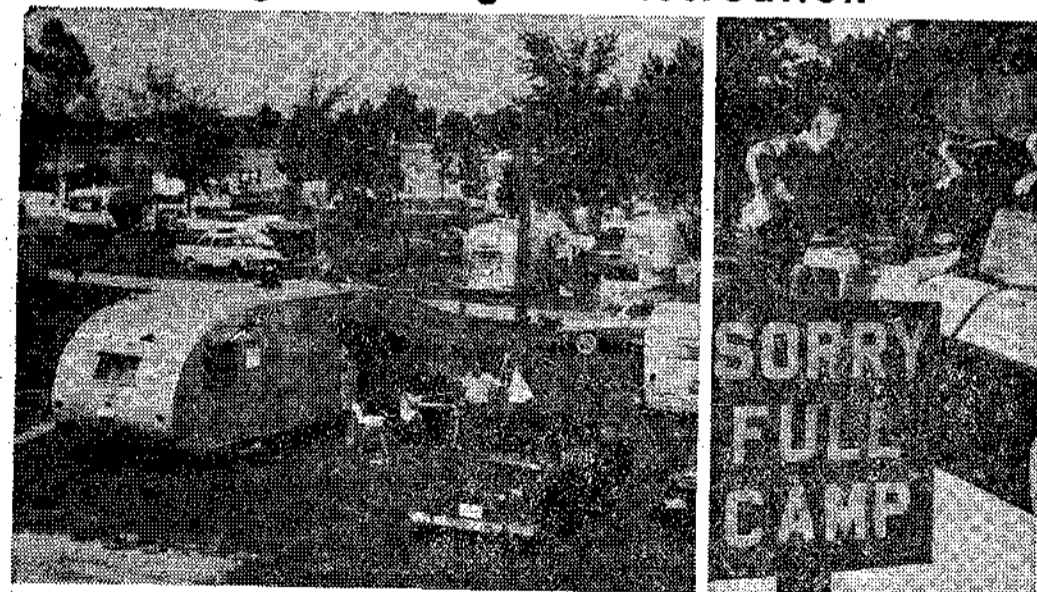

Cass City Public Schools received \$25,398 as its share of what may technically be called the last of money from the Primary School Interest Fund.

According to William A. Scott, Intermediate School District superintendent, the fund, under the new constitution, will cease to exist, although the schools will continue to receive State Aid.

The money received this week was part of \$283,342.08 given to Tuscola county schools. Area schools receiving portions of the money included: Deford Community Schools, \$6,175.20; Kingston Community Schools, \$12,509.76; and Kingston township school \$1,155.36.

Cass City's portion of the money was based on an enrollment of 1,275 students.

Big Challenge in Recreation

Michigan's big push in outdoor recreation has put an all-time premium on land and water. Scenes and signs like these tell the gist of this challenge. In the wake of today's recreation explosion, there looms a rather wide gap between leisure-time demands and present facilities as seen last year when more than 43,000 families had to be turned away from state parks. The state parks bonding program has been a good "starter" in meeting part of the outdoor challenge, but a much bigger effort must be made to answer long-range needs. More work also needs to be done to provide sportsmen in southern Michigan with larger areas for public hunting. As the March National Wildlife Week theme states, "America Needs Outdoor Recreation—Act Now To Provide For The Future."—Mich. Dept. of Conservation

Memorial Day Program Set

Cass City will kick off its annual Memorial Day program Saturday, May 30, with a parade at 10:30 a.m., according to Edward Golding, cochairman of this year's event. Golding is representing Elkland township on the committee and Dr. D. E. Rawson is representing the village.

The parade will form at the Cass City Oil and Gas corner and will travel through the village to the Elkland Cemetery.

Rev. James Braid, Methodist pastor, will give the main address at the 11:00 a.m. cemetery services. Dr. Marion Hostetler, Presbyterian pastor, will give the invocation and benediction.

Taking part in the parade will be the American Legion and Auxiliary, Boy Scouts, Girl Scouts, Cass City High School band and 4-H club members.

CASS CITY CHRONICLE

VOLUME 58, NUMBER 6

CASS CITY, MICHIGAN THURSDAY, MAY 21, 1964

Extend Final Wheat Sign Up to May 22

The 1964 wheat program sign up period has been extended one week, according to Mike Singer, Chairman of the Tuscola Agricultural Stabilization and Conservation County Committee. The new final date is Friday, May 22.

If a producer desires to get price support loans, plus acreage diversion payments and certificates based on his share in the domestic and export market, he needs to sign up on or before May 22 and be a program cooperator.

Poppy Sale to be Held in Cass City

The annual Poppy Days sales will be conducted in Cass City this week by American Legion and Auxiliary members, starting Thursday through Saturday.

When asked to "wear a Poppy" by these volunteer workers, you can show your appreciation to the servicemen and women during wars dating back to 1917.

The red paper flowers are made by hospitalized veterans and they enable local organizations to carry out the work of help and relief to the needy veteran and his family.

Mrs. Leo Tracy is chairman of this year's Poppy Sale when 2,000 Poppies will be offered to the public.

VILLAGE OF CASS CITY COUNCIL MEETING

A special meeting of the Council of the Village of Cass City was held on Monday, May 11, 1964, at 4:00 o'clock p.m. All members were present.

In response to the Advertisement for bids on the Curb and Gutter and Sidewalk construction, only one bid was received. The bid of Tucker and Taylor Construction Company of Clawson, Michigan, was as follows:

Curb and Sidewalk \$3.98 per lineal foot
Sand 2.75 per cubic yard

Motion by Freiburger seconded by Althaver that the bid be accepted subject to approval of the Curb and Gutter rate by the State Highway Department. If the State Highway Department will participate in the cost of curb and gutter, the Village will absorb the difference in cost not to exceed \$.48 per lineal foot. Yes-6. Nay-0. Motion carried.

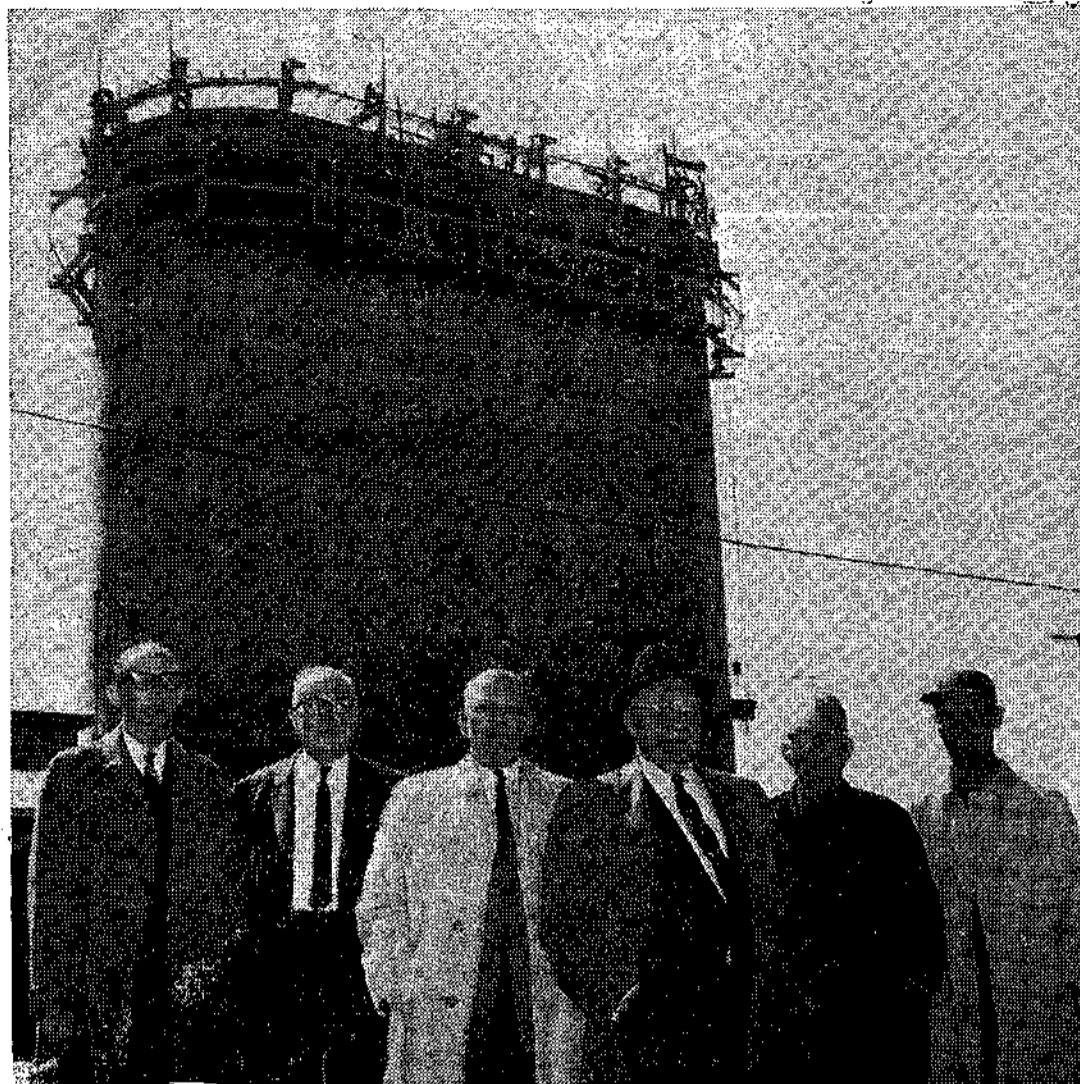

President Rabideau, with the approval of the Council, appointed the following persons to the assessment board:

Mac O'Dell
William Schram
Alvah Hillman

Terms of each to expire with the next election.

Motion by Althaver that the meeting be adjourned.

H. L. Bridges
Village Clerk

GOING UP - Directors and officials of Wallace and Morley, Saginaw, stand in front of a new, 90,000-bushel, \$170,000 elevator going up at the company's Gagetown division. The two-silo, concrete elevator is expected to be completed and ready to receive grain by July 14. Visiting the site were, left to right: Eugene McClure, engineer; C. H. Runciman Sr. and C. H. Runciman Jr., both directors; E. O. Crawford, president, and Frank and Bill Lenhard, plant managers. (Chronicle photo)

Silos Going Up at Gagetown

Every hour another 11 inches are being added to the \$170,000 two-silo, concrete elevator being built at the Gagetown Elevator, according to Bill Lenhard, plant manager.

Begun late last March, the 90,000-bushel holding silos were to have been completed Sunday and are to be ready to receive grain by July 14.

The elevator is being built in two 12-hour shifts by Borton, Incorporated, Hutchinson, Kan., the same firm that is building the new four-silo elevator at Farm Produce Co. in Cass City. Foreman of the Gagetown job is Marvin Propat.

Coupled with existing elevators at the Gagetown plant, a division of Wallace-Morley, Sag-

inaw, the installation will have a capacity of 162,000 bushels or more than double the present 72,000 bushel capacity.

The work is part of an expansion program going on within the division's 22 plants scattered throughout the county and Thumb. A similar elevator is being built at Colling and storage space is being built at Munger.

The Gagetown unit will handle mainly wheat, beans and corn when completed. The two silos will be 22 feet in diameter and 126 feet high with a 30-foot head house.

Five interstice bins will be located between the two silos. Other features include: 3,000-bushel per hour legs, 3,000-bushel per hour cleaner, corn sheller, 500-bushel per hour continuous flow drier, automatic receiving scales, 10-foot by 30 foot hydraulic platform and truck hoist.

Lenhard has been with the firm since 1939 when he started on a part-time basis. His father, Frank, managed the plant from 1924 until 1960 when he went into semi-retirement.

KOMMENTS BY KRAFT

Like A Guppy in A Salmon School

By Dave Kraft

When they had the All-Sports Banquet the other night, I arrived just as they were getting ready to chow down. I asked Speed Wilson where I should sit and he motioned to one of the tables in the front.

I thought this would be a good spot . . . right up close to the action. I rushed up, got seated and looked down the long line of other persons seated at the table.

They were all freshman, sophomore and junior athletes! Now Dave Kraft at a table full of athletes is like a guppy in a salmon school. Most of the freshmen have more muscle and athletic ability than I ever thought of having.

The period during which I could have been an athlete is now long gone and even when I could have been, I wasn't . . . an athlete, I mean.

Oh, I turned out for track. Got my letter in my senior year by taking a first in the 440. There were only two of us in the race and the other guy had a cast on his leg.

He still might have beaten me, but I broke one of his crutches.

Needless to say, I felt a little out of place and ill-at-ease at being surrounded by so much athletic prowess. This was complicated by the fact that the table with the food was just off to the left of the table at which I was sitting.

Consequently, people getting their food formed a tight little line directly behind me. I didn't mind them resting on my shoulders when the line lagged a little or sampling my food to see how things tasted.

What bothered me was that I couldn't remember whether I'd washed my ears or not. Now ears are situated so that it is absolutely impossible to discreetly cover them up.

In desperation, I slapped my hand to my head, forgetting I had my fork in my hand. Now I have the only ear in town pierced for four earrings.

The program consisted of movies of the 1963 Detroit Lions football games. About half-way through, just like on television, came a commercial . . . by a well-known beer firm.

Of course, I may be wrong but

this hardly seems to be the type of inducement to put before a group of high school athletes. They push health and stamina and good, clean livin' and then put in a half-time word about beer.

Perhaps it was addressed to the nonathlete . . . like me. "If you can't be an athlete, have a beer. If you have enough beers, pretty soon you'll think you're an athlete."

The food was terrific. The parents and cooks are to be commended. I sat next to young Jim Champion. Those of you who know Jim, know he isn't much on eating, but he seemed to be doing all right that night.

Somewhere in this issue, if the pictures turned out, (and at this stage of the game, who knows,) you'll find a shot of the Gagetown elevator.

Did you know that the Gagetown elevator is a division of Wallace-Morley, which is a division of The Wallace Stone Company, which is a division of J. P. Burroughs & Sons, Inc.?

Kinda takes your breath away, doesn't it? Can you imagine what that would look like on a business card?

Rev. Melvin Vender dropped off a poem the other day, concerning a previous article about the rusty village water. In that article, I mentioned that I was becoming so red that I was going to change my name to "Running Bare."

He forwarded the poem with "Dear Running Bare"—Dave Kraft. This will not qualify as a requested "song" in Krafty Comments, but here is what came out of the hopper from a hasty muse upon a rare theme and your new, novel name.

The poem is quite good, but time and space won't allow its reprint here.

He also sent a clipping on mosquitoes. I think it was an attempt to get me to keep my clothes on. The less exposure, the less food area.

The only other alternative is that he was making some reference to me and pest control and I haven't quite figured that out yet.

Slate Services for Archie Russell, 86

Funeral services for Archie Russell, 86, Gagetown, will be held Thursday, May 21, at 1:00 p.m. at the Hunter Funeral Home with the Rev. Fred Werth officiating.

Mr. Russell died Monday at the home of a sister, Mrs. John Evans, after a long illness. Born Feb. 12, 1878, in Ontario, Can., he came to Tuscola county 84 years ago. He was not married.

Surviving, besides Mrs. Evans, are: another sister, Mrs. Alvin

Deneen of Cass City, and a brother, William of rural Gagetown. Also surviving are six nieces and six nephews.

Interment will be in Elmwood Cemetery, Gagetown.

DON'T SCRATCH IT!
Scratching spreads infection, causing MORE pain. Apply quick-drying ITCH-ME-NOT instead. Itching quiets down in minutes and antiseptic action helps speed healing. Five Years Ago

Members of the champion City League team for 1958-59 were: Mrs. E. B. Schwaderer, Mrs. Bernard Freiburger, Mrs. Norris Mellendorf, Mrs. Alvin Guild, Mrs. Arthur Dewey and Mrs. Frank Alward.

Miss Phyllis Copeland, who teaches in the Springfield schools, a suburb of Battle Creek, is one of five teachers in the school who have been given scholarships worth \$100 to apply on summer school this year.

Army Pfc. Eugene G. Kritzman, 19, son of Mr. and Mrs. Grant Kritzman of Snover, recently participated with the 8th Infantry Division's 20th Transportation Battalion in Top Weight, a NATO command post exercise.

Richard Donahue, Cass City, was named vice-president of the directors of the Tuscola county Holstein breeders at their May meeting.

Three Cass City amateur roller skaters, Cheryl Parrish, Christa Dorney and Russel Parrish, are entering the Michigan State Amateur roller skating contest at Rollhaven Skating Arena in Flint May 28 through June 1.

New officers of the Bethel Home Demonstration Group are: Mrs. J. A. Milligan, chairman; Mrs. William Profit, vice-chairman; Mrs. Glen Deneen, secretary-treasurer and reporter, and Mrs. Clare Carpenter, council member.

Led by Parker with 15 points, Cass City won the Thumb B Junior High track meet last week with 52½ points. Vassar was second with 40 3/5 points and Caro was third.

Curtis Hunt was elected chairman of Region VII of the Michigan Municipal League at a meeting held Thursday in Vassar. The region includes cities and villages in Huron, Lapeer, Sanilac, St. Clair and Tuscola counties.

Rev. and Mrs. George Burlew were honored on their silver wedding anniversary with a surprise party Wednesday, May 12, at the Owendale church by members of the Gageton and Owendale Methodist churches.

Tuesday night, May 25, at 8:00, an all-girl concert will be presented at the Cass City High School, featuring the Senior High Girls' Glee Club and the seventh and eighth grade choruses.

Mr. and Mrs. Martin Freeman of Saginaw, former residents of Gageton, celebrated their 50th wedding anniversary Sunday at a cooperative dinner served for the immediate families and an open house Sunday afternoon.

Fred Leeson, son of Mr. and Mrs. Russell Leeson, was elected senior patrol leader at a joint meeting of Cass City's Boy Scout and Explorer units.

Airman 3/c Graydon Agar is spending part of the week with his parents, Mr. and Mrs. Max Agar. He left Wednesday to visit his sisters, Mrs. Gene Sickler and Mrs. Allan Jennex at Grand Rapids on his way to Lowry AFB at Denver, Colo.

The congregation of Salem Evangelical U.B. Church welcome back as pastor for another year, Rev. S. R. Wurtz, who is starting his fifth year here.

Avon Boag and Leslie Townsend left Sunday for a week's fishing in the Upper Peninsula at Naubinway.

Grant Patterson, Erwin Kercher and Charles E. Patterson from here and Bert Harris of Linwood spent Sunday at Grant near Tawas.

Mrs. Mary Garety and Mr. and Mrs. Henry Austin and family went to the airport at Willow Run recently to see Mrs. William McCormick of Noba, Utah, who was flying in a chartered plane to New York, and had a 15-minute layover at the airport.

Twenty-five Years Ago

Dr. R. N. Holsapple, Cass City minister, was named alcohol education director of Michigan Evangelical Churches at state conference at Blissfield last week.

"Have you an extra Chronicle of this week's issue?" inquired a woman shopper Saturday as she stepped into the newspaper office. "I like to get our paper on time each week so I can look over the special items offered by merchants, but this week, in some manner, we failed to receive our Chronicle."

Fast work by 25 WPA workers saved two workmen from serious injuries Thursday morning, May 18, when the two men were caught in a cave-in while they were excavating for sewer lines being installed in Cass City. Trapped were Walter Hoag and Francis Line.

Mr. and Mrs. Fay McComb and daughter have moved to the second floor apartment of the Mrs. Floyd Karr residence on West Pine Street.

The Tyo & Son barbershop has been undergoing spring housecleaning. The interior has been repainted, the upper half of the walls in light gray and the lower half in blue, while a black stripe divides the two. Barber cases have been painted white and floors and mop boards are dark.

Citizens of the Cedar Run School district defeated the proposition to discontinue the eighth grade studies and send students in that division to the Cass City School. Nineteen favored the plan and 30 opposed it.

Mr. and Mrs. Ralph Ward visited at the home of their daughter, Mrs. R. D. Hanby, at Ypsilanti Saturday and Sunday. Donald Hanby, four-year-old son of Mr. and Mrs. Hanby, was injured one day last week when he ran around a parked car in front of a moving automobile.

Mrs. Fred Walker has improved her home on West Church St. with a coat of white paint. The front porch has also been remodeled.

THIRTY-FIVE YEARS AGO

The Pastime Theatre in Cass City, owned and managed for the past three years by F. A. Bliss, has been sold to Elmer Fitzgerald of Saginaw, the new owner taking over the movie playhouse on Sunday. Mr. and Mrs. Fitzgerald have moved into the Cooley residence on West Street.

Clyde Quick has faith in the efficiency of a Chronicle liner as a means to bring buyer and seller together. In Friday's paper, he advertised Early Yellow Dent seed corn for sale at his farm in Novesta township. Monday, he dropped into the Chronicle office to have the advertisement discontinued. He had sold his supply of 60 bushels.

Mrs. Genie Martin of Deford, who has just completed her 10th year as county president of the WCTU, was selected to succeed herself in that position during a convention at Deford Tuesday.

George E., youngest son of Rev. and Mrs. George Hill of Cass City, is a member of the Class of '29 of Albion College. Mr. Hill has specialized in mathematics and education.

H. T. Crandell, in company with Herman Wetzel of Saginaw, spent a few days last week in Canada where he purchased sheep.

Last Wednesday as Eugene Strickland, formerly of Cass City, was moving his household goods from Pontiac to Lakeville by truck, an extra can of gasoline which he carried in his car exploded. Mr. Strickland's lower right leg and right hand and forearm were badly burned. He returned to Pontiac and being too severely injured to continue work, he decided to come to Cass City to visit his father, Bert Strickland. He was accompanied by his wife and Mrs. William Sirdan and daughter of Pontiac. When nearing Leonard, one of the rear tires blew out, causing the machine to slew and crash into a telephone pole. Except for a bad shaking up, no one was hurt.

Mr. John Haire, Editor
Cass City Chronicle
Cass City, Michigan
Dear Editor:

This letter is in regard to last week's article about nonteaching salaries set by the school board.

For their information, my salary does not come out of the general school fund. The cafeteria is self-supporting! We pay for our share of the lights and water, all the bills that pertain to our operation and part of the secretary's salary!

Also, I didn't start out with the maximum pay. It took me nine and one-half years of hard work to reach what I am getting now. I may be paid more than some cafeteria managers, but we are serving more children per cook than what the State says one cook should handle. Also, we are serving them from a much smaller kitchen with a lack of additional equipment, such as baking ovens, and a lack of serving space. This is because the kitchen was set up to serve 325 people and we serve from an average of 547 a day to an average of 661 per day.

So, when Mr. Milligan says

ORDINANCE

LICENSING OF JUNK YARDS
Whereas, Act number 12 of the Public Acts of 1929, for the State of Michigan (19.731 to 19.733, Michigan Statutes Annotated) authorizes townships to provide for the licensing of junk yards and places for dismantling automobiles; the annual license fees and to adopt rules, regulations and conditions for the operation thereof; and

Whereas, the Township Board of the Township of Elmwood, Tuscola County, Michigan, desires to regulate and license junk yards and places for dismantling automobiles; and

Now, Therefore, the Township Board of the Township of Elmwood, Tuscola County, Michigan, in meeting assembled this 7th day of May, 1964, resolves to adopt the following for the licensing of junk yards and junk places and places for the dismantling, wrecking and disposing of automobiles in the Township of Elmwood, except therefrom the Village limits of the Village of Gagetown, namely:

Section 1A. No person, corporation, or other organization, directly or indirectly, or its agents or employees, shall engage in the business of a junk dealer, or establish a junk yard or place for dismantling of automobiles within the corporate limits of the Township of Elmwood, Tuscola County, Michigan, except the corporate limits of the Village of Gagetown, without having first obtained a license therefor from the Township Board.

Section 1B. "Junk" as used in this ordinance, shall be deemed to be any personal property other than clothing, household furnishings and office and/or store fixtures, which is or may be salvaged for re-use, resale, reduction or similar disposition.

Section 2. Applications for such license shall be made in writing to the Township Clerk and be filed with said Clerk. It shall be referred to the Tuscola County Sheriff for investigation as to the moral character and previous record of the applicant. Such applications shall contain the name or names of the applicant, location of the place or places to be operated as a junk yard, or places for the dismantling of automobiles, the names and addresses of the stockholders, if a corporation or organization, or partnership. Said application shall also contain an agreement on the part of the applicant to accept the license, if granted, upon the conditions that it may be suspended or revoked for violation of the regulations of the conduct of the business as may be required by the Township Board. Applicants shall also file with the application the written consent of 60 per cent of the owners of real estate within a radius of 1000 feet of the property where such business is proposed to be conducted.

Section 3. The Township Board shall not issue a license for the operation of a junk yard or place for the accumulation of junk material at any location lying within 500 feet of all highways in Elmwood Township, or within 500 feet of a public park, cemetery, hospital, public school or church. The Township Board may refuse to issue a license until the applicant therefor shall have enclosed such property with a properly painted tight board fence at least eight feet high and erected in such a manner as to obliterate the premises from view, which fence shall be at all times maintained by the licensee.

Section 4. When such licenses have been granted the Township Clerk shall issue the same upon payment of the sum of \$15 dollars.

Section 5. No licensee hereunder shall buy or receive any article or automobile from anyone under the age of twenty-one years without the written permission of the parent or guardian of such minor, nor shall any such licensee or employee receive any article by way of a pledge or pawn.

Section 6. The Township Board may impose as a condition for the granting of a license to operate a junk yard, or place for dismantling of automobiles, that it shall be so conducted as not to create a nuisance by reason of noise or disagreeable odors or fumes, and that no loads of iron or other heavy materials may be unloaded or loaded nor break-up hammer used between six o'clock p.m. until nine o'clock a.m.; that said junk dealers shall not burn rubber or other substances so that the air may be polluted, nor cause to be placed outside of their property lines any second hand articles, used car parts, wheels, tin, iron or material of any kind or nature; and the Township Board shall impose such other regulations and restrictions as may be necessary to prevent the business of the licensee from being conducted in such a manner as to be a nuisance, or a noisy and offensive business, and said Board may rescind such license upon complaint and said junk yard shall cease to operate until said violations are corrected, or upon such terms and conditions as the Township Board in its discretion may determine.

Section 7. Every person who shall, contrary to the provisions of these regulations, fail to comply with the provisions thereof, shall be guilty of a misdemeanor as provided in Section 3 of Act number 12 of the Public Acts of Michigan, for 1929, and amendments thereto.

Section 8. This resolution shall take effect upon the provisions of these regulations, fall to comply with the provisions thereof, shall be guilty of a misdemeanor as provided in Section 3 of Act number 12 of the Public Acts of Michigan, for 1929, and amendments thereto.

How to be a hit

with the misses

The answer, obviously enough, is to become a 1964 Dart owner. For this young-at-heart beauty is winsome—and then some.

Take 1964 Dart styling, for instance. Handsome, dashing, sleek, and far from stuffy. Here's a car anyone could love for looks alone. Inside, leather-grained vinyls are every bit as soft and supple as they appear. And how many other compacts can you name that offer a choice of standard or bucket seats, carpeting, and engines ranging from an Economy Run winning Six, to a sizzling, new 273 cu. in. V8.

So, if you want to be a hit with the misses, see your Dodge Dealer. But hurry, there are bound to be many other fellows with the same idea.

Deadline for Corn Support Is June 1

An announcement by George Schain, office manager of the Tuscola ASCS Committee, reveals that farmers have until June 1 to apply for price support on 1963 crop corn.

Price support may be obtained either in the form of loans or a guarantee to purchase eligible corn after the maturity date of the program, which is July 31.

Schain emphasized that inspection and sampling, as well as completion of documents on farm-stored loans, may be completed after the June 1 final date.

DEMOCRACY

Superior nations are superior because they have chosen leaders, and all the people stand firmly behind them.

IT SEEMS TO ME
What About A Golf Course in Cass City?

By the Rev. Robert J. Searls

I was thinking (in itself dangerous) the other night about things that had not happened in our fair village that at one time seemed sure-fire. For example, while I do not play golf (which means that I would make a good club pro!) a lot of Cass City people do. What, then, ever happened to the local move to start a local golf club? Supposedly some interested local people bought a site to develop into golf links. And, while we are at it, another project was reportedly started by some locally prominent people. That was to

locate in Cass City a Junior College! Not only would that mean that more of the proud graduates of high schools hereabouts would get the benefit of college education, but it would add to our cultural resources. The town businessmen would benefit as well what with new faculty families becoming a permanent part of our community. Maybe the school board could include this as they plan future additions to our present school complex! Or, so it seems to me.

The recent tragic earthquake in Alaska not only levelled homes, but public buildings, stores, commercial buildings of all sorts, plus schools, hospitals and churches. There is news that this rebuilding will have to fit in with a planned scheme, this time, instead of just "growing like Topsy." In the long run, this levelling of buildings may prove to have some results that are beneficial. Meanwhile, the Methodist Church is trying to find at least one million dollars to rebuild churches, schools and hospitals ruined in the shocks.

Have you ever been in an earthquake? I have and I'd much prefer to sit the next one out, thank you. The first time was on a Sunday evening in Seattle. I had just returned to the family apartment after having attended the campus Methodist group's regular meeting. When the brick veneer began going one way and the building frame going a different way, my first thought was that there had been more than spice in the cider we had enjoyed at Wesley Club. Then the curtain pulls and lamp shades began their own movements. We all realized what was happening at about the same time. Newspapers carried instructions the following day that what we ought to have done was to stand under a doorway, letting the frame protect us. On two other occasions I experienced earthquakes; many west coast communities have them quite frequently. Deal me out! Or so it seems to me.

At no time in our history has the conscience of man been tried in so many ways as it has in the current racial unrest. Governor Wallace of Alabama is hailed by some northern people as he flies into their States ahead of Presidential primaries. A minister gets ground to death under the relentless treads of a bulldozer. And countless Negroes bear the imprint of police nightsticks. But if these things are facts for our day, they are matched by gains to be hailed in our nation's struggle for basic human rights for all. Many people in human rights groups have picketed Gov. Wallace in his trips north; the operator of the bulldozer was horrified when he saw the lifeless body of the young minister; and in hundreds of small southern villages the Negro's bruises now have been translated in a new appreciation of the Negro as a citizen. Any thinking person is appalled by the amount of blood that has been required to be shed in the battle for civil rights. Our great-grandchildren will read of this struggle in school, where his friends will be of all races and never appreciate his freedom. Or, so it seems to me!

Ten Area Persons At Legion Meet

Members of the Cass City American Legion and Auxiliary who attended the Seventh District meeting Sunday afternoon at Harbor Beach were Mr. and Mrs. Leo Tracy and daughters, Dorothy and Teresa, Mr. and Mrs. Doris Klinkma, Mr. and Mrs. Vern McConnell, Mrs. Arthur Little and Mrs. Albert Keller Jr. of Caro.

Leo Tracy participated in the memorial service which preceded the separate meetings of the two groups.

About 60 women from 19 units in the district attended the Auxiliary meeting when the Department of Michigan president, Mrs. Edna Claranan of Detroit, spoke.

Mrs. Arthur Little, district Poppy chairman, announced the winners in the Poppy poster contest.

The Cass City Auxiliary received a National citation and the Department president's citation for outstanding work in membership.

Mrs. Keller's endorsement, by the Cass City Unit, for Seventh district president for next year was read by Mrs. Little.

The next district meeting, which will be the annual meeting, will be June 7 at Otter Lake.

Electronic Teaching Sure to Come, Say School Experts

By Elmer E. White
Michigan Press Association
New School Ideas

Schools of the future may be considerably different than the buildings familiar today, say education authorities.

Increased use of television, teaching machines, films and slides and tape recorders will undoubtedly be part of future changes in teaching methods but there also may be more major shifts.

Windowless schools may be a part of the new trend. Studies are under way in several places to determine whether schools without windows help students to concentrate, reports the Michigan Education Association.

Effectiveness of the "team teaching" method could mean school building interiors would be considerably different. This is the method in which a group of specialized teachers take responsibility for a large class.

Team teaching, if adopted on a large scale, would require large rooms for use when the entire class gets together and smaller rooms for specialized small group instruction.

Also in the near future, Michigan and National Education Association officials see possible changes in testing and grading methods.

Outside tests, those initiated by groups outside the local school system which generally measure academic ability, have been under fire by school administrators. These are expected to be reduced or eliminated from use soon.

Strict age grouping in classes and all existing grading systems also are under attack. A growing number of educators say classes should be formed on the basis of ability in each subject.

This same group favors abolishing grades and report cards. Each pupil, they say, should be taught as much and as fast as he can absorb.

Far distant in the future, educators say some of the possibilities include: students studying a foreign land via jet field trips; adjusting the school day and school years to needs of the individual, and disappearance of the school building itself as edu-

cation moves from the classroom to the universe.

More Jobs

Word that Michigan's unemployment situation is constantly improving brings with it predicted change in two other areas. These are population and income growth.

David I. Verway of Michigan State University's Bureau of Business and Economic Research reports that the state's downward trend in population and income may be reversing itself.

The state's population rose seven per cent since 1956 as compared with an 11 per cent growth rate nationally. Employment fell in Michigan during the same period, while the nation's employment rate rose five per cent. Income growth rate here was 16 per cent, less than half the national rate.

All three areas are very closely related, said Verway.

"When job opportunities fail to materialize in an important industry such as manufacturing, many persons in the labor force will be induced to seek employment in a state where conditions are more opportune," he said. "A movement like this, once it begins, can become cumulative."

People moving out of the state, in turn, encourage the decline of taxable income to the government. Fifteen of Michigan's 83 counties showed a decline in taxable income since 1956, Verway said.

Out-migration of the population, the high unemployment rate and lag in the income growth may be changing, the MSU economist said.

Some signs are already show-

ing in the economy. For example, Verway said total personal income between 1961 and 1962 increased slightly faster than it did in the nation.

"This could be a signal that Michigan's adverse growth situation has ended."

Bricks Are Out

Brick highway pavements will soon be just a part of history, highway officials report.

Not so many years ago brick pavements were common in every city and even on a few rural highways. Most of them now have been replaced or at least covered with blacktop in deference to the demand for new and better roads.

The few stretches of brick roads still remaining are all in cities, in very short segments.

When brick pavements were laid it was quite an event, highway records show.

Paving bricks were laid by hand by a squad of men, the skilled members of which could lay the bricks in smooth, straight lines. The bricks used were different from building construction bricks. They were harder, larger and thinner, more like a tile.

The main disadvantage of the brick pavements was that time caused unevenness on the roads. This wasn't very serious, highway officials note, when traffic was light and speeds were low. Today traffic engineers consider smooth pavement one of the biggest assets in promoting safe movement of traffic.

EUB Favors Strong Civil Rights Bill

Two Cass City persons represented the Salem EUB Church membership at an Evangelical United Brethren session in Sebewaing Saturday, during which the group approved a report of the Committee on Christian Social Action after considerable debate. The report deals mainly with the EUB's support of a strong civil rights bill.

One clause recommends "that each local conference commit themselves by vote for open occupancy, equal education, equal employment, equal public accommodations and other privileges of citizenship."

The report also recommended that laymen write letters to members of Congress, asking that they vote for a strong civil rights bill.

Representing the Cass City church at the session were Rev. R. E. Betts, pastor, and Miss Maxine Loney, lay delegate.

Money will buy many things—but it will never buy the still, small voice of conscience.

It's poor business to jump at conclusions unless you're sure the conclusions are there.

OFFICIAL RULES

1. Contest is open to any boy between the ages of 10 and 15 years inclusive. Boys who receive the highest number of votes in each store will win.
2. Vote for your favorite boy by writing his name on the back of any IGA, Carol, Royal Guest or Table King label from your IGA Food Store.
3. Each label constitutes one vote for the boy of your choice. For example, if you purchase six cans of IGA merchandise, three cans of Royal Guest and one Table King product, you would be given 10 votes for your favorite boy by putting his name and address on the back of each label.
4. Votes must be placed in the official ballot box provided in each store. Each store will have the number of boys they are sponsoring posted in the store.
5. IGA Food Stores "Favorite Boy Contest" will start April 13th, 1964 and close June 4th, 1964. All entries must be in by that time. Contest is open to any store owner, their employees, their families, employees of Super Food Services or their immediate families.
6. IGA Food Stores "Favorite Boy Contest" will start April 13th, 1964 and close June 4th, 1964. All entries must be in by that time. Contest is open to any store owner, their employees, their families, employees of Super Food Services or their immediate families.
