

## Deputies Quit In Pay Hassle

Two Tuscola County deputy officials resigned Thursday as a direct result of the County Board of Supervisors' failure to give them what they considered was a sufficient pay raise.

Quitting their posts were Mrs. Muriel Lapp, county deputy treasurer, and Mrs. Muriel Sanford, deputy county clerk.

Mrs. Sanford walked off her job with her resignation. Mrs. Lapp has made her resignation effective as of Dec. 1.

Mrs. Lapp had been with the treasurer's office for the past 17 years. Mrs. Sanford, whom Archie Hicks, county clerk, called an "efficient worker," joined the clerk's office a year ago.

Both were lost to the county when the supervisors took action Thursday afternoon to raise the pay for the county's elected administrative officers and county employees.

In effect, the board voted 15-7 on a compromise motion of Howard Clement, Koylon Supervisor, to hike all salaries by only one half of the amount recommended by the board's salary committee.

The salary committee had recommended that deputies be paid a starting salary of \$4,000, which would be raised to a top level of \$4,600 in two years.

Before the raise, deputies were receiving \$3,700 starting and \$4,200 top.

The action by the board of supervisors now has set the new scale at \$3,850 starting salary, to be raised to \$4,400 in two years.

"You've got to be careful what you say, the starting salaries are," the County Clerk said Monday. "We will have to take it up again. The figures just don't jibe."

The reaction of the two resign-

## Pay Raise Stops Gas Strike

The 86 day strike of members of Teamsters Union Local 839 against the Southeastern Michigan Gas Company ended Monday as field service men and field engineers returned to work.

The strike was brought to an end Saturday with the signing of a new contract between the company and the local union which bargains for 80 gas company employees.

Under the terms of the new contract, the employees will get a 28 cent per hour raise over the next three years.

This package will be delivered as a 14 cent raise this year, effective as of Oct. 31, another seven cent raise on Oct. 31, 1965, and the final seven cent increase on Oct. 31, 1966.

The wage increase represents a big reduction from Local 339's original demand and a slight increase from the company's final offer.

## New Life To Be Given To Old Hall

A goodly number of township residents have endorsed the idea of Elkland Township getting "a heart."

At a special meeting on Oct. 28, a large turnout of residents voiced unanimous approval of the township board leasing the town hall to the Elkland Cultural Center, Inc. (ECCI).

This is a non-profit organization interested in founding a center for town activities.

It is the ECCI's plan to restore the town hall and make it the heart of township activities.

Now made up of a three member board, the corporation promises to expand to a greater membership in the near future.

The ECCI petitioned the town board to call the special meeting to take up the matter of the board leasing the hall to the corporation.

Between 80 and 85 residents turned out for the meeting to hear the ECCI's proposals and to ask questions of what the corporation has in mind.

"We're lucky when we get 12 people at the regular town meeting," Elkland's supervisor, Edward Golding, said of the turnout.

ing deputies at the board's unwillingness to go the distance with the salary committee's recommendation was mirrored in the faces and comments of other employees.

In one office, there were tears. The board's action came late in the second day of salary discussions during which the board found itself hamstrung by a near equal division between those who favored the recommendations and those against them.

After long and heated discussion Thursday morning, opponents of the proposed salary schedule defeated it by a close 13-12 margin.

Opposition to the recommendations generally came from supervisors from townships with low assessed value for their tax base.

However, there were two supervisors who voted against the recommendations because they felt they were too low.

Those favoring the committee's schedule stressed the fact that, for its size and wealth, Tuscola paid it employees much less than did other counties of equal size and wealth.

## Prankster Patrol Keeps Town Quiet

It was all quiet on the Halloween front in Cass City Saturday night.

Maybe householders got desperate to find something to pass out to the greedy hands of the countless little ones who came calling at their doors early in the evening.

But, by way of harmful pranks, none were reported.

"It was the quietest Halloween since I have been here," Police Chief Carl Palmateer said.

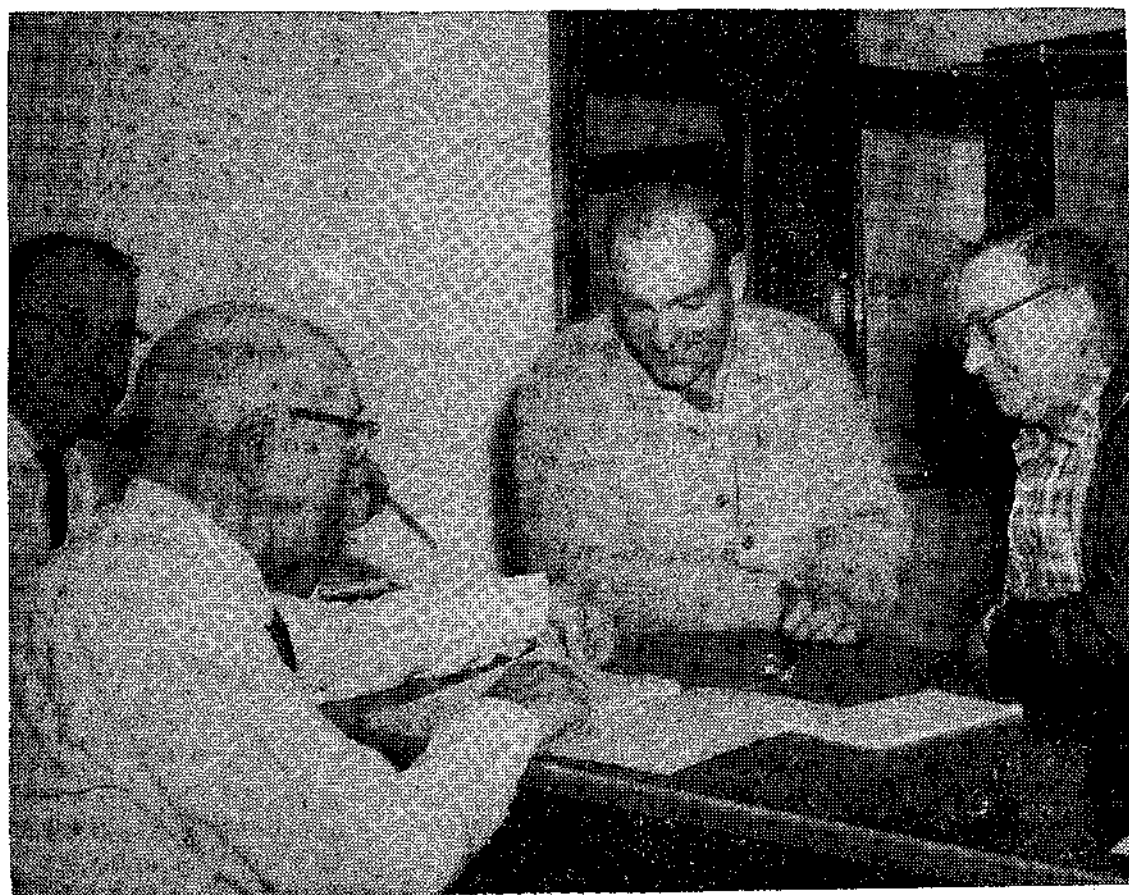

It wasn't that pranksters weren't looking for the chance for action.

"One carload of youngsters hung around the streets until 6:30 in the morning," the Chief said.

Chief Palmateer credited the quietness to the five car patrol which roamed the streets from 7 p.m. Saturday night until shortly after 6:30 a.m.

In addition to the Chief, Patrolman William McKinley manned a patrol car.

"I also had three cars with citizen-band radios. They deserve credit for the lack of trouble," the Chief said.

EARLY IN Tuscola ballot counting, Novesta precinct showed up at the county courthouse to turn in its tabulations. Here Gail Parrott, Novesta Supervisor, (left facing camera) and Henry Rock, township clerk, stand by as Freeland Sugden (county drains) reads the results to tabulators. That's County Clerk Archie Hicks in the background. Parrott, Rock, Sugden and Hicks were all re-elected.

## From the Editor's Corner

The meeting Tuesday of the Cass City Community School Association will provide school taxpayers with a good opportunity to hear about the new high school.

The meeting is scheduled for 8 p.m. in the elementary school. There should be a lot of interest. The proposed structure, which will have to be paid for by school district taxpayers, is an expensive investment.

As always happens when planning is in its early stages there is a lot of static in the public's mind about what the school board intends to do in this matter of the new high school.

It isn't so much that the school board won't say or doesn't know, as it is that, before this, no one has sat down with the general taxpayer and told him what's afoot.

Tuesday night will be such an occasion as Superintendent Donald Crouse will address the meeting on current school board thinking about the proposed high school.

It's about time that the school board did just that, as well as possibly find out what the taxpayers themselves are thinking about the matter.

## Set Elkland's Tax Bill at \$236,882.44

Elkland Township taxpayers have been billed \$236,882.44 in 1964 taxes by the County Board of Supervisors. This is a \$8,747.55 increase over the 1963 tax bill.

The 1964 tax bill was authorized by the board of supervisors as its final action in the on-again, off-again, three-week long October session which adjourned Thursday afternoon.

The Elkland tax bill was contained in the 1964 tax-spread package for the county which was presented to the supervisors by Alton Reavy, Almer supervisor and chairman of the board's Ways and Means committee.

In terms of actual dollars and cents to Elkland taxpayers, this bill means an increase of 48 cents per \$1,000 in assessed valuation over 1963.

Taxpayers will pay \$29.65 per \$1,000 assessed value for 1964, as compared to \$29.17 per \$1,000 in 1963, Edward Golding, Elkland Supervisor, said.

The total Tuscola tax bill is \$3,889,796.62 for all phases of operations within the county from cleaning drains to buying special education and library facilities.

This is \$309,835.22 over 1963 taxes and \$408,643.98 over the recent low-tax bill of 2.9 million in 1962.

Combining to increase Elkland's taxes are the increases in assessments in the past year and the fact that the county is undertaking to build a new, expensive jail.

As established by the assessors, the township's assessed valuation this year is \$7,902,500. Converted by the state equalized board for tax purposes, this translates to \$11,111,025 in equalized value.

The assessed value of the Elkland community is up by \$185,400 over last year, and up \$291,211 in equalized value, Golding said.

For the county as a whole, the equalized value is up by two million dollars, represented primarily by new buildings appearing for the first time on the tax rolls.

In Elkland, the increase in value was realized primarily through the construction of the new plant to house the Bassett Manufacturing Company on Garfield Street in Cass City, and in new housing, Golding said.

In addition to the regular fixed operating charges, the county this year will undertake the construction - to be started in the spring - of a new jail.

The county this year is billing Tuscola's 23 townships a total of \$178,805.17 for the new jail.

## County Went as Nation Went; Johnson-Romney Split Ticket

The majority of Tuscola voters, like the majority of voters across the nation, went Democratic Tuesday in electing Lyndon B. Johnson as president of the United States.

It was the first time in anyone's memory that Tuscola County has gone Democratic and that includes the two depression elections when Democratic stock was at an all time high.

Be that as it may, Tuscola Republicans maintained their affection for all things GOP after having made their move to keep Barry Goldwater and his "brand of conservatism" out of office.

In down-the-line voting on all partisan elections, Tuscola reported GOP majorities from Governor to surveyor.

Support for the Johnson-Humphrey ticket from this GOP stronghold was not unexpected, nor, in light of the stunning Democratic victory Tuesday, was it unusual in

a GOP stronghold. For across the nation, the day went to the Democrats.

One result is that Governor Romney may pocket the leadership of the shattered Republican forces.

These were the two paramount features of the election for Michigan voters in the voting which saw record numbers turn out to landslide Johnson into office.

As elsewhere in the state, Tuscola voters split their ticket in giving Johnson and Romney victory.

Other major highlights in Tuesday elections were:

With six precincts not reported, the indicated defeat of incumbent Probate Judge Henderson Graham at the hands of C. Bates Willis.

The failure of R. Allison Green to win the office of Secretary of State, thus ending his political career for the moment.

Circuit Court Judge Timothy Quinn being in fourth place in a six way race to represent the second district on the new State Court of Appeals. However, many votes were still uncounted at press time.

And finally, the return to office of all GOP county officials with majorities such as to indicate that Tuscola Republicans had voted only for a Democratic president.

In Michigan, the highlight of the national election was the fact

that Johnson came out of this state with a million vote lead over the Goldwater ticket.

This was the greatest majority enjoyed by a presidential candidate from Michigan since this state supported Calvin Coolidge in 1924.

It was part of the national tidal surge that led the Johnson-Humphrey ticket to its record smashing victory and caused great hurt to the GOP.

A vital feature of the state election was Governor Romney's very real personal victory in gaining re-election to a two-year term.

### "Republican Hero"

Pointing out that Michigan is a tough state to crack open with split-ticket voting, political commentators said that Romney was "perhaps the Republican hero of the election."

He was immediately cast as the possible leader of the moderate Republicans in their predicted battle for party control with the Goldwater forces.

Having run as a non-Goldwater Republican, Romney has come out of the election smelling like a rose to these moderates.

His victory was credited to this non-alignment with Goldwater and to Michigan's current prosperity which features money in the state treasury and unemployment at a low not seen since 1955.

As it affects Elkland Township, other national and state figures elected to office were Senator Philip Hart (D); Representative, 8th district, James Harvey (R); State Senator Frank D. Beadle (R), and 78th District Representative Roy L. Spencer (R), all incumbents.

### Non-partisan Ballots

In non-partisan voting for the Court of Appeals, Tuscola overwhelmingly supported Judge Quinn. However, he was trailing the third place contender Louis D. McGregor by 10,000 votes as the election returns dwindled.

Thomas Kavanagh led this race with some 261,000 votes followed by Francis O'Brien with 234,000 votes.

Willis took the lead at the start over Graham in the bitter contest for County Probate Judge. He held the lead throughout the night. With six precincts not reported, Willis stood a substantial 1,800 votes ahead of the incumbent.

Although Tuscola went GOP for the secretary of state and the attorney general, voters elsewhere returned incumbents James Hare and Frank Kelley to these posts.

There were no upsets in the county court house. Down the line, the incumbents were swept back into office. For voting in the Elkland area and the county, refer to the charts.

In reading the charts remember that the total county figure is minus the votes from six precincts which had not yet reported to the county courthouse at 9:30 a.m. Wednesday. NP stands for non-partisan.

## Hunter Posts "Overwhelming" Lead for Clerk

R. M. Hunter of Third Street was overwhelmingly elected as Elkland Township Clerk in the only contested township election Tuesday.

Hunter, who was appointed as the township clerk in August, received an unofficial count of 555 write in votes to take the election.

His only announced competition for the office, Willis Campbell, received 148 write in votes.

James Gross received one write in vote and Harold Perry received two write in votes.

A write in vote became necessary when the late Township Clerk, Charles Patterson, died after filing for the primary. Hunter announced his candidacy a few weeks before the election, while Campbell did not appear on the scene until the week before Nov. 3.

Voting for the other township offices, all uncontested, ran: Edward Golding, supervisor, 1,106; Delbert Profit, Treasurer, 1,170; and Albert Gallagher, Trustee, 1,148 votes.

Hunter termed the turnout at Elkland township's two precincts as very good.

Hunter estimated that 82 per cent of the township's 1,620 registered voters cast their ballots on Tuesday.

## Book on CIA Among New Library Books

"The Invisible Government," a book which sets out to describe the operations of the Central Intelligence Agency and its power within this nation's government, is one of the ten new books acquired by the library.

A companion non-fiction work made available last week to patrons of the Cass City-Elkland Library is "The Growth and Decline of the Cuban Republic,"

by Cuba's one-time president, Juan Batista.

Two new autobiographical works include "My Autobiography" by Charles Chaplin, famed film artist and comic of the silent screen.

The controversial Dr. Stephen Sheppard also has written his story in "My Brother's Keeper."

Spellbinder Agatha Christie's latest mystery, "The Clocks," is one of three mysteries added to the library's shelves.

Three new novels round out the recent additions. They are "The Inner Room," by Vera Randal; "Not a Cloud in the Sky," by Josephine Lawrence, and "The Exact and Very Strange Truth," by Ben Piazza.

Patrons are reminded that the library is open 28 hours each week, from 2 to 5:30 p.m. daily and also from 7 until 9 p.m. Friday evening.

## Time Out . . .

Time Out for SOME THOUGHTS ABOUT TIME

Do you ever say, when asked to help with soliciting for Community Chest or to help serve table for your Church's big dinner, "I'm sorry, I'd like to help but I just do not have the time." Well, we're not in the business of manufacturing time. However, with the help of a good watch or clock purchased from us, you just might organize your time to better advantage, thus finding some odds and ends of time where you might fit in the Community Chest or the Church dinner.

The lunch included a birthday cake. Mr. Morell received many nice gifts.

Mr. and Mrs. William Anker visited Mrs. Herbert Green at Allen Park and Mrs. William Malcek at Trenton last Thursday.

Officers of Echo chapter OES will meet in the Masonic hall Tuesday evening, Nov. 10, at 8 p.m. for a practice.

Mrs. Laura Robinson and Mrs. Carl Wright visited Mrs. Robinson's sister, Mrs. Isabell Stevens, near Vassar Wednesday evening, Oct. 28.

Mrs. Pete Rienstra, Mrs. Dean Rabideau and Mrs. Loren Trathen attended a shower for Nancy Moody at the Clifford Sowden home in Yale. Miss Moody is to marry William Sowden of Yale.

Leland Fulcher of Saginaw and Leonard Fulcher of Lansing visited their grandparents, Mr. and Mrs. Charles Freshney, Monday.

Correction: A story in last week's Chronicle on the election inspectors bearing the name of Alger Freiburger should have read Bernard Freiburger.

Three couples who were marking silver wedding anniversaries were honored at a party in the Masonic hall in Gagetown Oct. 28, given by Gifford chapter OES. Honored guests were Mr. and Mrs. Howard Helwig, Mr. and Mrs. Fred Withey and Mr. and Mrs. Charles Mayer. About 40 were present. Cards and a lunch were enjoyed. The honored guests were presented with china plates decorated in silver.

# Hawks Snare 6-0 Victory Over 'Skins

Friday's football game may be the answer to the physicist's question of what happens when an irresistible force meets an immovable object.

The irresistible force wins, and wins by the one and only touchdown made in over two hours of grueling linebuckling, end-skirting, penalty-ridden play.

The irresistible force proved to be the Cass City Red Hawks who banged and beat on an immovable Sandusky line for two and a half quarters before punching a hole to score the winning touchdown.

Out in mid-field, the Hawks were irresistible. They moved the ball at will through center, off tackle, over the guards - just so long as it was in mid-field.

But when the Cass City eleven neared the Redskins' goal line, Sandusky treated them like the Sioux did Custer.

Time after time in the first half, the Red Hawks carried the ball deep into Redskin territory. Three times all that stood between the Hawks and a tally were ten yards and eight, big, 210-pound-plus Redskins in the forward line.

Enough to stop the Hawks in their tracks.

The break came in an exchange of fumbleball in the third quarter.

Sparked by a 33 yard run by

Carl Weippert, right halfback, the Hawks had come down again out of mid-field to the Redskins' 13 yard line. And there they lost the ball on a fumble.

The Redskins pounded the ball back up the field to drop it to the Hawks on the Sandusky 35.

In five plays, the Hawks managed to do what they hadn't done before. Move the big immovable Sandusky line back to its one-yard line.

From here, Ed Retherford churned through on a quarterback sneak for the game's only score. The try for extra point failed.

Late in the fourth quarter, the Redskins mounted their only serious threat to the Hawks.

Coming down the field from their own 31-yard line, the Sandusky lads pummeled their way to within six yards of the Cass City goal.

Here the Hawks reversed themselves and became the immovable object and the Redskin drive ran out of steam.

Having tucked this close victory under their belt, all the Hawks have to do now to win third place in the Thumb B championship is whip Vassar.

Vassar, which started out glowingly this season, now has claimed the third slot with its record of four wins and three losses to Cass City's 3-2-1 record.

The Hawks just might have to make do Friday without Quarterback Retherford calling the game.

The Cass City Quarterback strained his ankle during the tough Sandusky scrimmage and might not be able to play Friday, Coach Orie Lemanski said.

## James Huffs to Reside in Florida

Mr. and Mrs. Charles Porter of Leesburg, Fla., announce the marriage of their daughter, Lorraine, to James R. Huff, son of Mr. and Mrs. Norman Huff, former residents of Cass City.

They will make their home in Leesburg.

## WSC Meeting

Miss Gertrude McWebb narrated a slide presentation of how to use paints in home interior decoration at the Tuesday afternoon meeting of the Woman's Study Club.

The club met in the home of Mrs. E. L. Schwaderer.

The next meeting will be held at the home of Mrs. Ella Croft on Nov. 17.

## Chamber Slates Centennial Meet

Chamber of Commerce President William Kritzman has announced that a meeting to discuss the forthcoming 1965 Centennial will be held for Cass City merchants Tuesday night, Nov. 10, at 8:00 p.m.

Open only to Cass City merchants, whether chamber members or not, the session will be held at the Municipal Building.

## New Greenleaf UM Church in Convention

The New Greenleaf United Missionary Church's annual Missionary Convention will be held Nov. 10, 12 and 15. Two fields of the mission work of the United Missionary Church will be represented. Dr. John Erb will tell of the medical missionary work in Nigeria, Africa. He will speak Tuesday evening, Nov. 10, at 8 p.m.

The Rev. Joe Jones will represent the work in Japan where he, his wife and family have worked for 10 years. Mr. Jones is to speak Thursday, Nov. 12, at 8 p.m.

Mrs. Jones will speak in the regular morning worship service Sunday, Nov. 15, at 10 a.m.

To close the convention, the Rev. Virgil Pollock, a builder and preacher in Nigeria, will speak at 8 p.m. Sunday, Nov. 15. There will be some pictures shown.

The public is invited to the convention.

## Outlines Political Scene for Lions

Cass City Lions were given a condensed but detailed look at the candidates and issues of Tuesday's election by Robert Stickie, government teacher, at their meeting Monday night at Martin's.

Stickie listed the results of national polls and speculated what the final outcome of the election would mean to both presidential aspirants.

He stressed the importance of voting, commenting, "It's strange that some persons will lay down their lives to defend Democracy but won't walk a block to preserve it."

The club wound up its Broom Sale in a final one-man push by club president Alger Freiburger. Total sales came to \$1,089.45 with an approximate net of \$543.

Freiburger announced that his main goal for the year is to bring the club's 22 membership up to 26 members.

Allan Witherspoon was named to head a committee to check on a request for donations for the purchase of junior high football helmets and Peter Rienstra was appointed to contact local businessmen for the placement of Lions sponsored gumball machines.

The club also approved the setting up of a convention fund.

## ENGAGED

Mr. and Mrs. Clarence Rumpitz of Ubyly announce the engagement of their daughter Marie to Gerald Grifka, son of Mr. and Mrs. Mike Grifka, also of Ubyly.

Marie is a 1960 graduate of Ubyly High School and is employed by General Cable Corp. in Cass City. Gerald is a 1956 graduate of Ubyly High School and is presently employed by the Nestle's Plant in Ubyly.

A January wedding is planned.

## Two Fined for Highway Drinking

Two area men were fined \$75 and charged with \$6.25 in costs each after they pleaded guilty to drinking on the highway.

They were Roger Peters, 21, of 5032 Schwegler Road, Cass City, and Raymond Root, 21, of Gagetown. They were arrested on the charge by deputy sheriffs Saturday night.

Ronald D. Parrish, 19, of 4381 Brooker Street, Cass City, was also fined \$75 and charged \$6.25 in costs after pleading guilty to the charge of being a minor in possession of alcohol.

Parrish was arrested by deputies on Sunday. All appeared before Indianfields Township Justice Frank Rolka on the charges Monday.

## Local Lumber Men, Wives Attend Meet

Four Croft-Clara Lumber, Inc., officials and their wives attended the three-day "HWI" Merchandise Show last week in Fort Wayne, Ind.

Attending from Cass City were Mr. and Mrs. Cliff Croft, Mr. and Mrs. Elwyn Helwig, Mr. and Mrs. Orville Mallory and Mr. and Mrs. William Repshinski.

The purpose of the show, which started Sunday, Oct. 25, was to acquaint member dealers with new products. Over 200 manufacturers displayed more than 5,000 items.

## Two Fined for Having Gun in Car

Two youths were fined \$25 and costs of \$7.30 Monday in Justice Reva Little's court on charges involving the conservation department.

Phillip J. Mathewson, 20, of rural Cass City was deemed guilty of the charge of possessing a loaded gun in a car. His companion, Randy E. Dohring, 18, of Snover, was guilty of transporting a loaded gun.

The two youths were arrested Saturday on the Bay City-Forestville Road by the state police who, in turn, called the conservation officer.

## Investigate Ten Accidents in Oct.

The Cass City police investigated one personal injury accident and nine property accidents during a 29-day period in October.

According to Chief of Police Carl Palmateer, he and Patrolman William McKinley patrolled 3,083 miles from Sept. 29 to Oct. 27.

During this time they gave out four traffic summonses, six parking summonses, made 15 county assists, policed one fire and answered 96 calls.

The two officers chalked up a total of 422 hours worked during this interval, Chief Palmateer stated in his report to the Village Council.

## Marriage Licenses

While the county clerk's office was busy with the elections, it still had time to issue five marriage licenses last week. They were:

Herman H. Walker, 65, of Millington and Helen Stephen, 50, of Millington.

Robert L. Kribs, 35, of Vassar and Edith Marie Reeve, 30, of Caro.

Michael E. Nunn, 20, of Tuscola and Connie Ann Baldwin, 17, of Mayville.

John C. Ryan, 19, of Akron and Gloria May Miller, 16, of Fairgrove.

Robert E. Bishop, 20, of Caro and Jacqueline Kay Ranke, 19, of Caro.

## More Promotions Told at Walbro

More Walbro Corporation promotion announcements were made this week by company officials, following by a week similar announcements for one of the firm's subsidiaries.

This week's promotions to supervisory positions were given to Patrick Kendall, Gordon Ware and Alton O'Connor.

Kendall, with Walbro since October, 1955, was promoted to Product Development Engineer at Walbro's Dupree Products Division.

Ware was named foreman of the final assembly department. He joined the Walbro staff in November, 1957.

O'Connor, whose promotion was announced last week, was promoted to chief engineer, electric fuel pumps, Autopulse Division.

Officials stated that the promotions were in keeping with the company's "policy of promoting from within the ranks whenever possible."

All three men are taking part in Walbro's Educational Improvement Plan. The plan includes week-long management development courses at Wittenberg University, Springfield, Ohio, or manufacturing related night courses offered at General Motors Institute, Delta College or University of Detroit.

## TAX BILL

Concluded from page one.

Elkland's share, exceeded only by Indianfield and Denmark, which rank first and second in assessed valuation, will be \$13,883.78.

The greater part of the tax monies from Elkland will go to pay for the following: county operations, \$46,661; nursing home, \$9,033; special education, \$7,986; township operations \$7,222; intermediate school board, \$15,097; general school, \$100,230; school debt, \$29,282; and school operations, \$18,750.

The only radical change in the millage rates used to calculate the Elkland tax bill was in the township receiving one mill less than in 1963.

This year's rate in Elkland was .65 mills, while last year the township had a 1.65 mill rate, Golding said.

The tax bills in surrounding townships also went up this year. Ellington has a bill of \$54,136.02, up \$5,741.04; Elmwood, \$118,208.01, up \$16,127.31, and Novesta, \$58,093.03, up \$3,763.06. Taxes collected from these tax bills will be used to pay for 1965 operations.

The county budgeting of its tax income will take place in January, Archie Hicks, county clerk, said.

## "WETS"

Concluded from page one.

Hardcore dry areas in the past elections - such as Caro and Cass City have proven to be - this year failed to trim the bar opening proposition by as great a majority as in the past.

Elkland's two precincts voted 802 against opening to 525 for opening bars on Sunday, a 277 majority.

In Indianfield, bar opening lost by only 109 votes, according to unofficial figures.

In past years, these communities have turned down the issue by over 400 votes each.

But by far the biggest factor in the passage of the proposition this year was the heavy vote cast in western townships in the county for open bars on Sunday.

For instance, the wets came out of Denmark with a 500 vote margin, and out of Tuscola with a 527 vote margin. Vassar and Arbela both gave them 200 or better vote margins.

When will it be possible to get a beer in a bar on Sunday?

As soon as the board of canvassers has certified the election and made the victory official. (At the rate ballots were counted Wednesday morning don't hold your breath for that beer.)

## Millage Freeze

On two other propositions facing Tuscola voters Tuesday, the majority favored freezing millage for county units which operate on taxes.

This proposition, which sets millage for county taxes at a permanent 4.20 mills and general school millage at nine mills, was favored by both county authorities and school boards.

Massachusetts Ballot However county voters - as did the majority of Michigan voters - turned down the proposition known as the "Massachusetts Ballot."

The proposition sought to end straight ticket voting on the ballot.

Analysts had expected the proposition to be defeated. It was not easily understood by the electorate and had led to a great deal of controversy which tended to frighten voters away from making any sort of change to the voting procedure.

## It Was a Long Day's Night for Election Officials

Tuscola County voters sure faced a long ballot Tuesday. And did it take time to tally up!

Why two per cent of Alaska's vote was in before the first precinct in the county reported its results to the county court-house.

Huntley and Brinkley had wrapped up the election all across the nation, yawned and gone to bed before four precincts were counted.

And at 9:30 a.m. Wednesday, county officials were still standing around waiting for the results from six precincts.

## Sanilac's 2nd Polio Sugar Cube Nov. 8

It is time for the second feeding of oral polio vaccine and it will be available in Sanilac county on Sunday, Nov. 8, at the following locations: Brown City High School, Crosswell High School, Deckerville High School, Marlette High School, Sandusky High School and Minden City Village Hall.

Hours of the clinic will be posted in each locality (either 11:00 - 5:00 p.m. or 12:00 - 5:00 p.m.)

## Annual Boys-Girls Bike Contest on At Woods Drug

Tom Proctor, Woods Rexall Drug owner, is reminding Cass City area youngsters that there is just over a week left in the annual Boys' and Girls' contest.

Top prizes in the contest are two new bicycles. Twelve other prizes are also offered to entrants.

Any area youngster, 16 or under, may pick up contest rules and a nomination blank at the drug store.

The annual contest ends Saturday, Nov. 14.

Sec. 6 WHEN EFFECTIVE The Uniform Traffic Code will be in effect in this governmental unit Twenty (20) days after the passage of this ordinance.

Adopted by the Village Council of the Village of Gagetown this 2nd day of November, 1964.

William Downing Village President Dorothy Beahy Village Clerk 11-5-1

## Prank Fire

Cass City firemen slipped quietly out of town early Sunday morning to attend to a fire set out in the middle of M-53 by Hal-loween pranksters.

Local law officers called the fire department when they discovered a burning pile of corn in the middle of the road about four miles east and two miles north of Cass City.

The fire department decided to send its tanker and pumper to the fire without the usual fanfare of sirens and bells so as not to trigger off a chain reaction among pranksters such as occurred at Elkton.

"We knew what it was before we went out," Fire Chief Nelson Willy said. "We knew it was pranksters."

Fifteen regular and volunteer firemen and three auxiliaries joined in the mission.

Chief Willy calculated that pranksters had set a shock of corn on fire. It was smudging when the fire trucks arrived.

"We soaked it down and washed it off the road," the Chief said. Elkton was not so lucky. There, some 20 men and boys, in a disturbance described as a near riot, set fires in the streets late Saturday night and threw tomatoes and bottles at police.

Ten law officers, including state police and deputy sheriffs, were brought in to put down the disturbance.

More on County Pay Hassle

The Tuscola County Board of Supervisors isn't out of the woods yet as far as setting up a new salary schedule for county elected officials and employees.

Archie Hicks, County Clerk, has promised to "put them in the pan" when Supervisors convene Monday at the county courthouse for this month's session.

The problem facing the board stems from the adoption on Oct. 29 of a new salary scale. (See story)

At that time the board simply set salary increases for all posts involved at one-half the amount recommended by the board's salary committee for each post.

In doing so, they left a number of questions in the air regarding the starting salaries of clerks and deputies.

In its recommendations, the salary committee proposed that clerks and deputies receive periodic pay increases until they reach a specified maximum pay.

However, by simply cutting all recommendations in half, the board upset the periodic pay plan without taking any corrective action.

Thus, deputies were to have gotten a \$150 raise each six months for two years for a total of \$4,500.

The adopted schedule slated \$75 raises every six months for two years for a \$300 raise in four years.

However, the board set the maximum salary at \$4,400. Start-

Bowling Tourney Under Way at Cass City Lanes

There is still time to enter the "Strike Out Muscular Dystrophy Tournament at the Cass City Lanes bowling alley, according to owner Ray Schwiebart.

The 75 per cent handicap tournament, open to all male and female bowlers, started Saturday, Oct. 31, and ends Sunday, Nov. 8.

There will be \$600 in prizes for both men and women with the top area prizes set at \$200, \$100 and \$80 for first, second and third places, respectively.

A perfect game will pay \$1,000 to the winner and if two perfect games are rolled, the winners will share the \$1,000.

Trophies are also to be given and are on display at the alley.

**Coming Auctions**

Saturday, Nov. 7—Etsel Wilcox will hold a dairy auction at the farm one mile east and one half south of Deford or six and one half miles south of Cass City.

Wednesday, Nov. 11—John Reichert will hold a household auction at the place located at 216 West Sherman Street, Caro.

Thursday, Nov. 12—Roy New-some will hold a dairy auction at the place located six miles south and a half mile east of Cass City.

**SCA MEET**

Concluded from page one.

Parents will have an opportunity to meet the new teachers informally during a social hour following the meeting, Arthur Holmberg, High School Principal said.

Donald Crouse, superintendent of school, will discuss the current planning for the proposed new Cass City High School and describe the steps that must be taken in the future by the community in order to get this new facility.

The superintendent will also answer any questions which persons may have regarding the new high school.

The school librarian will also have on display for parents to see, this year's crop of books which are available to Cass City pupils under the "Book Fair" plan.

Some 200 to 300 paper back volumes will be available to students this year in the "Book Fair."

Adults will be able to order any of the books at the Book Fair they may want.

Following the formal program, refreshments will be served.

And for those with questions the meeting will be a time for them to have their questions answered if it is possible to do so at this time.

The School Association should be thanked for taking this important - and none too soon - step of getting the school board and the taxpayers together.

If you have one, why not fly the country's flag on November 11th, which many of us remember as Armistice Day, while others remember as Veterans Day or don't remember at all.

It's a nice gesture. It is at least a reminder that once upon a time there were those who put their life on the line to make this a better world to live in.

**PAY HASSLE**

Elkland Supervisor Edward Golding supported the recommendations because he felt that employees are underpaid.

At the opening of the afternoon session, the board found itself deadlocked in a "we know what we don't want, but we don't know what we do want" situation.

Vassar City's Supervisor, J. Arthur Haley, who had voted against the proposed schedule because he felt it was too low, called for a reconsideration of the morning's vote.

However, his new motion for the adoption of the committee's recommendations did not carry for the second time in a 12-12 deadlocked vote.

At this juncture, Supervisor Clement stood up and offered his "split it down the middle" proposition.

Stepping out of role, Archie Hicks, county clerk, told the board that this compromise would not benefit the county.

He warned the supervisors that they would find themselves with a highly dissatisfied group of employees on their hands. He said the efficiency in county operations would be hurt.

"It will save the county money, if that's what you want," Hicks said, "because deputies will resign and you'll be able to hire people at starting salaries."

However, this warning - borne out by the resignation of two deputies - was unheeded as 15 of the supervisors climbed on the compromise wagon and broke the deadlock.

With Hicks' comment regarding possible change of starting salaries, other salary increases included:

The six elected offices, \$6,100 for a \$400 raise; treasurer and sheriff's clerks, \$3,500 to \$3,975 instead of the recommended \$3,600 to \$4,200;

For eight clerks in other offices, \$2,925 to \$3,575, an increase of \$75 starting to \$225 top, to be reached in five years.

For nine deputy sheriffs, \$5,300 for a \$200 raise instead of a recommended \$400.

Register of Probate, \$4,400; Friend of the Court, \$5,600, and matron in the sheriff's office, \$1,200.

In a special amendment, the board voted greater pay than recommended by the salary committee. These were: superintendent of maintenance, \$4,500; custodian, \$4,000, and caretaker, \$3,500.

No salary provisions were made for two nursing positions and the county Civil Defense director. The future of these posts will be considered by the board at the December meeting.

Also, as part of the package, the board approved five days sick leave (10 days if hospitalized) a year for employees. The salary committee also recommended that the board consider a pension program for employees.

Thursday's board action on salaries was the first raise given county employees and officials in two years. At that time, pay was raised \$300 for elected officers and \$200 for employees, the county clerk said.

**Another Backing Accident on Main**

Another Main Street backing accident took place in Cass City Friday morning.

James P. Guinther, 20, of Cass City, backed out from the curb in front of a car being driven by Robert M. Gage of Deford.

Gage's car struck Guinther's. The right front fender of the Gage car was damaged, as was the left rear end of the Guinther vehicle.

Police Chief Carl Palmateer investigated a minor property damage accident which happened Tuesday afternoon at the intersection of Ale and Main Streets.

S. C. Striffler, 82, of Rt. 1, Cass City, made too wide a right hand turn onto Main Street from Ale, and struck a pickup driven by Dean F. Lowe, 35, of Cass City.

Two teen-age drivers were involved in minor accidents late last week, one in the Kingston area.

Freddie E. Armstrong, 16, of 9782 Maist Street, Clifford, crashed into a parked car belonging to Michael D. Dawson, of 5545 E. Sanilac Road, Kingston, in Kingston Thursday evening.

The accident happened as Armstrong, going south on Main Street in Kingston, tried to drive his vehicle between the parked car and a car driving in the outside lane.

Friday night at the intersection of Elmwood and Cedar Roads, Patrick C. Herhart, 16, 4676 North Huron Road, Cass City, lost control of the car he was driving and ran off the road.

He told deputy sheriffs that his car struck a rock on the shoulder of the road as he was turning south off Elmwood onto Cedar Road. The right front fender of the car was damaged.

**Mercy Calls**

The fire department undertook two missions of mercy last week by delivering water to farmers whose pumps had broken down and whose cattle were thirsty.

The department sent its 1,200 gallon tanker to the farm of Richard Schuette, 5061 South Elkton Road, last Wednesday.

On Monday, the tanker was again sent out, this time to water the cattle of Earl Chambers on the Huron Line Road.

"It's a service we do," Chief Nelson Willy said, "to help farmers who haven't been able to get their pumps fixed in time and have a large herd of cattle to water."

**TOWNSHIP HALL**

Concluded from page one.

Mrs. James Bauer, one of ECCI's members, said that the turnout showed that residents - particularly the women - were interested in the idea of having a place to meet and do things together.

"We feel it is a shame this community doesn't have a central place where people can meet and activities of common interest can be held," Mrs. Bauer said.

Instead, all Elkland has is an old building that has been "cold for years and years," she pointed out.

In her address to the audience, prior to the voting, Mrs. Bauer spelled out how the restored town hall could be used by the community.

It would be a perfect place, she said, for Christmas bazaars and rummage sales, for service club meetings, for Boy Scouts, for Red Cross and Civil Defense gatherings, for shows of special interest, historical displays and a "little theater" for Elkland.

"Anything that would be of interest or importance to the community could use the center," she said.

James Ware described in detail the ECCI's plans for restoring the hall to the way it was in 1880. Among the items he mentioned were a much needed paint job and repairs to the cornices.

These plans call for the expenditure of three times more money than was spent to build the hall in 1880.

"And it will not cost the taxpayers a cent," Mrs. Bauer said.

She reviewed the history of the hall in Elkland, noting that the first brick kiln in the town was used in its construction.

"Mrs. Belle Knapp gave her first public address here as a young girl. And Meredith Auten once played the part of a bridegroom in a 'Tom Thumb' wedding held in the hall," she said.

There were no voiced objections to the ECCI's plans nor to the township board leasing the hall to the cultural group.

Supervisor Golding said that the board would meet with the corporation to sign the lease in the near future.

Mrs. Bauer said that, after the lease has been signed, the corporation will draw up its by-laws and create a six to seven-member board of directors to carry out the rejuvenation of the town hall.

Also serving on the ECCI's board are Horace Bolen and W. E. Walpole.

**County Beet Harvest Looks Good-Smith**

The 1964 beet crop - as far as Tuscola County beet farmers are concerned - is practically all harvested.

Gib Smith, field manager for the Michigan Sugar Company's factory in Caro, reports that nearly 99 per cent of the crop is in.

"It's been a very good year," Smith said of the 1964 crop which has yielded an average of 16 tons of beets an acre.

To date, 188,500 tons have been brought into the company's Caro factory, leaving only some 2,800 tons to be harvested.

Smith said that the sugar content of beets now being processed is averaging around 14.26 per cent.

However, he feels that this will check out to be only 14 per cent when the sugar content of the entire crop is calculated.

"We have sliced 70,000 tons already," he said. "Some of those beets, and others we still have stored contain only 13.8 per cent sugar."

These were harvested and stored in early October when the rains and wet weather had caused the sugar content percentile to drop.

When averaged into the 1964 crop, these beets will bring the content down to 14 per cent, 1.7 per cent lower than the excellent 1963 crop.

Over-all in the Saginaw-Thum area, 90 per cent of the crop is harvested, reports the Farmers and Manufacturers Beet Sugar Association.

The Michigan Sugar Company has received, to date, \$15,000 tons from its 55,000 acre crop.

The company expects an additional 85,000 tons to be harvested during this and next week.

The Monitor Sugar Company growers have harvested 390,000 tons from their 24,000 acre crop.

Last year over 279 million pounds of sugar were produced from the state's 1,125,000 ton crop, an all time production high.

The Beet Association predicts that the 1964 crop gives prospects of another record sugar producing year.

**UFO Drive Kicks Off In Sanilac**

Nine persons from Evergreen Township attended the kick-off meeting Monday of the Sanilac County United Fund drive for 1964.

They included Milford Robinson, a member of the Sanilac County United Fund Board of Directors, and Mrs. Eugene Chapin, township UF chairman.

Also attending as volunteer Evergreen Township solicitors were Miss Marie Meredith, Mrs. Lloyd Bader, Mrs. Bruce Krizman, Mrs. Clair Auslander, Mrs. Robert Burns, Mrs. Arlington Gray and Mrs. J. D. Masten.

Mrs. Robert K. West, executive director of the Michigan Kidney Foundation - a UF Agency - was the principal speaker at the meeting which was held in St. Joseph's Parish Hall, Sandusky.

She introduced to the audience the Ottenbacher twins of Richmond. These twins were the first persons in Michigan to survive a kidney transplant.

Entertainment at the meeting was provided by Jack Rollings, a tenor soloist, and Charles Brickie, Detroit pianist.

Thomas E. Wood, executive director of the United Community Chest of St. Clair County, explained methods of soliciting funds.

\$150 for UNICEF

A total of \$152.67 was contributed by Cass City residents Thursday night to the United Nations Children Emergency Relief Fund (UNICEF) during a special Halloween fund drive.

Some 70 children, from second to sixth grades, joined in on the "trick-or-treat" campaign to raise funds for needy children throughout the world.

The children were assisted during the evening canvassing of Cass City streets by 15 adults.

After the drive, the children repaired to the scout rooms over the library where they were served doughnuts and soda as a reward for their effort.

The doughnuts were contributed by the Konrads and Sommers Bakery.

If any homes were missed during the Thursday night canvass, or if residents weren't home at the time and care to donate to UNICEF, they can do so by sending their contributions to Mrs. Margaret Weippert or Mrs. Helen Jezewski.

UNICEF Trick-or-Treaters up in Gagetown collected \$30.40 during their canvass of Gagetown.

To date, 188,500 tons have been brought into the company's Caro factory, leaving only some 2,800 tons to be harvested.

Smith said that the sugar content of beets now being processed is averaging around 14.26 per cent.

However, he feels that this will check out to be only 14 per cent when the sugar content of the entire crop is calculated.

"We have sliced 70,000 tons already," he said. "Some of those beets, and others we still have stored contain only 13.8 per cent sugar."

These were harvested and stored in early October when the rains and wet weather had caused the sugar content percentile to drop.

When averaged into the 1964 crop, these beets will bring the content down to 14 per cent, 1.7 per cent lower than the excellent 1963 crop.

Over-all in the Saginaw-Thum area, 90 per cent of the crop is harvested, reports the Farmers and Manufacturers Beet Sugar Association.

The Michigan Sugar Company has received, to date, \$15,000 tons from its 55,000 acre crop.

The company expects an additional 85,000 tons to be harvested during this and next week.

The Monitor Sugar Company growers have harvested 390,000 tons from their 24,000 acre crop.

## News and Notes from Deford

### "Nimble Needles"

The Deford Sewing Club met Monday, Oct. 26, at Mrs. Iva Anderson's with 10 members present. They were: Patty Holcomb, Sandra Holcomb, Molly Whysall, Sue Nicol, Sharon Curtis, Shirli Nicol, Pam Kilbourn, Debbie Damm, Jean Daley and Terry Freeman.

Officers elected were: president, Debbie Damm; secretary, Sharon Nicol; treasurer, Molly Whysall, and song leader, Sandra Holcomb.

The club was named the "Nimble Needles."

The first project was making pin cushions, which will be finished at the next meeting. The meetings will be held every other Monday.

### 4-H Meeting

Officers elected at a 4-H meeting held Thursday, Oct. 29, were: Debbie Damm, president; Jean Daley, secretary; Molly Whysall, reporter and treasurer, and Sandra Holcomb, song leader.

Members of the group received and discussed their cooking books. They decided to call the club the "Four Dainty Dishes."

Cookies will be made at the next meeting, to be held Nov. 19 at the home of the club leader, Mrs. Stanley Lagos. Each member is to make a centerpiece. The one judged best will receive a prize.

Refreshments were served.

Mrs. David Parrish and daughter Dawn left Tuesday from Wil-

low Run Airport for Ingrade, France, to join her husband, Pfc. Parrish, at the Army base there.

### Brownie News

Troop 88 held their Halloween party Oct. 26. The best costume prizes went to Charlene Slaughter and Jody Rabideau.

The girls made papier mache masks and Sharon Deering and Sherri Little were first and second prize winners.

The Brownies plan to start their Christmas projects soon.

Mr. and Mrs. Jesse Bruce of Kingston and Mr. and Mrs. Gordon Holcomb attended the state convention of the National Farmers organization in Howell Monday.

Mr. and Mrs. Allan Hartwick and Lynn were Sunday evening visitors at the home of her parents, Mr. and Mrs. Adolph Thom of Peck.

The Rev. and Mrs. Horace Murry of Pontiac visited Mr. and Mrs. Louis Babich Monday.

Mr. and Mrs. Walter Rayl and children of Decker and Mrs. Earl Rayl Sr. called on Miss Leola Childs of Caro Sunday afternoon.

Mr. and Mrs. Cecil Shaver of Mayville called at the Etzel Wilcox home Saturday evening.

Mrs. Lucy Smith of Saginaw was a Saturday caller at the Walter Kelley home.

Mrs. Marion Brown of Pontiac was a Thursday and Friday visitor at the John Chapin home.

**HEIGHT OF ARTISTRY**—Rev. Jerry Helman doesn't profess to be a Van Gogh, but Van Gogh never had to paint the Cass City-Elkland town-ship fire hall, either. Helman, working for Rev. Richard Spencer, who contracted the job, finished painting the building this week. The building's faded red brick is now a dark gray with white trim. (Chronicle photo)

KOMMENTS BY KRAFT

## And the Night Closed in . .

By Dave Kraft

Inasmuch as I'm writing this on Friday, when you read it, the election will be over and the last hurrah will have been yelled and both the winners and the losers will be sobering up.

It's a good thing, too. If the election wasn't over, I'd have really blasted old "Lonesome" George. As Putnam pointed out in the "Editor's Corner" last week, George "blitzed" right through Cass City without stopping.

In preparation for his coming, we had Police Chief Carl Palmateer monitoring his radio so we'd know when George left Bad Axe. I'd like to be able to say that it took considerable graft to get him to do it, but it didn't. As a matter of fact, he wouldn't take an ounce of graft.

Anyhow, Carl called and reported George had left Bad Axe so I loads up the camera and stood with my little nose pressed against the office picture window, watching the traffic go by.

I figured I'd see him go by, run out and get his picture when he stopped and that'd be it.

But he never stopped. He never stopped! He can stop in Bad Axe, Lapeer, Caro and other places, but he can't stop in Cass City. Even when he goes right through it.

He didn't even slow down or blink his lights or thumb his nose. Just "whish" and he was gone.

And the night closed in on me and the rain took the press out of my pants and I had failed. What's Caro and Bad Axe got that Cass City hasn't got? We got people. We got Republicans. We got a news photographer who stands with his nose against the window. What's he want?

Just wait! Two years from now, George may want to go through Cass City again on his way to Caro from Bad Axe and then watch out.

I got some momentary revenge. I voted for the former governor G. Mennen Williams . . . or was that Andy Williams? No matter. His aloofness cost him my vote. If only he'd stopped.

Before all you natural gas users start flocking to Harris-Hampshire Insurance Agency, let me explain that there was a small error in their ad last week.

The ad read: "Buy Brand Names! Aetna Life, Aetna Casualty, Auto Owners, State Mutual, Hartford . . . Continental Gas."

And Continental Gas! You see, it was supposed to have read "Continental Casualty." But the copy was abbreviated, "Continental Gas." It was just a small matter for the proofreader to conclude that it should be "Gas" instead of "Cas."

## Lynn to Train at Boyne Mountain

Cass City's ski ace, Lynn Atwell, 12-year-old daughter of Mr. and Mrs. Stuart Atwell, has been accepted for training at the Region III Alpine Training Camp at Boyne Mountain for a five-day session.

Miss Atwell will take part in training exercises during Dec. 20-24. Skiing competition begins the latter part of January for the championship skier.

Want ads are newsy, too.

## Funeral Held Friday For Adolph Thiel

Funeral services for Adolph C. Thiel, 86, a retired Gagetown farmer, were held Friday in St. Agatha Church in Gagetown.

Rev. Frank McLaughlin, pastor of St. Agatha Church, officiated at the service and burial was in the church's cemetery.

Mr. Thiel died after a short illness on October 27 in his home at 4840 State Street, Gagetown.

Born on Oct. 2, 1878, in Pigeon, he moved to Gagetown 47 years ago. He retired from farming 18 years ago.

He was married to Matilda DuCharme Nov. 17, 1909, at Pinnebog.

Besides his wife he is survived by five sons, Arthur Thiel of St.

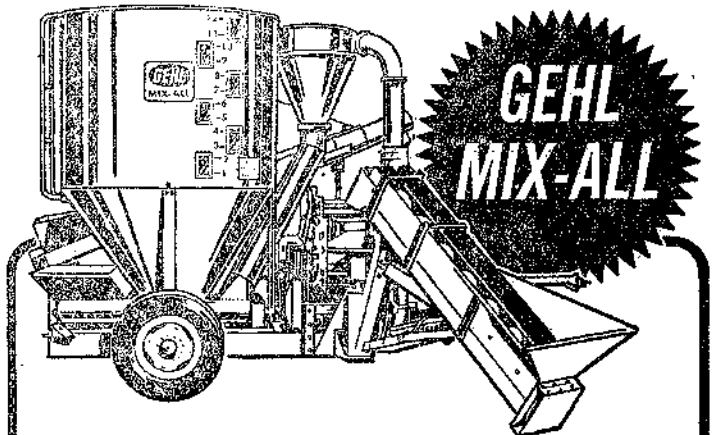

Clair Shores, Leo Thiel of Bad Axe, James Thiel of Detroit, Carroll Thiel of Pontiac and Paul Thiel of Royal Oak.

Four daughters: Mrs. Edward Schwartz of Cass City, Mrs. Joseph Lapak of Detroit and Mrs. Glen Harding and Mrs. Fred Stewart, both of Pontiac.

He is also survived by 45 grandchildren and 21 great-grandchildren.

After middle age a man has to wind up his bad habits or his health will soon run down.

Help push the community wagon along—too many prefer to ride and drag their feet.

## Same Uniform Feedmaking Plus 13 New Features

This is a good time for a Mix-All demonstration! There are 13 new features to show you.

Come on in. You'll see the new auger feeder drive that loads ingredients at hundreds of speeds. See the high-speed unloading transmission that empties 2 tons of feed in 5 minutes. Then, there's the new concentrate hopper at the rear, the calibrated tank, and 9 other new and useful features.

### GRINDS, MIXES, DELIVERS RATIONS

ONE THING GEHL HASN'T CHANGED, though. The Mix-All still grinds and mixes with uniform precision. In the mill, 66 thin, reversible steel hammers cut (not pound) ingredients on a big 507 sq. in. grinding surface. The ration is thoroughly mixed in the 2-ton hopper.

We'd like to prove all this with a demonstration. Why not ask us?

County Board Apportionment Test Could Mean Long Wait

By Elmer E. White  
Michigan Press Association  
Illegal Boards

County boards of supervisors throughout the state have just begun what could be a long wait to determine whether the boards are legally constituted.

A court test of county board apportionment was started in Kent County Circuit Court and has now reached the State Supreme Court. There is every indication it will be carried to the U. S. Supreme Court regardless of the state decision.

Kent Circuit Judge Fred N. Searl ruled in September that the county board in his area was illegally constituted because it failed to reflect the one-man, one-vote factor set down for State Legislatures earlier this year by the U. S. Supreme Court.

Several cases now awaiting decision in the State Supreme Court have been there six months or more. There is no indication this case is being given any preferential treatment in the decision-making process.

Opponents of Searl's ruling, led by County officials, say the population factor does not prevail where county boards are concerned because they are administrative bodies rather than legislative units, as dealt with in the U. S. Supreme Court decision.

The Kent County case could well affect every area where there is a large city accounting for the majority of county population. In most counties of this type, the county boards now have less city members than would be provided under a strict one-man, one-vote basis.

Fewer Vacations

Schools of tomorrow, and particularly high schools, may bring even more changes than scientific advances of the past decade have brought.

Summer-long vacations and seven-hour daily sessions very likely will be just a memory, according to two leading Michigan educators.

Michigan State University President John A. Hannah recently called for high school administrators to consider keeping their doors open 12 months a year.

"The excuses for releasing pupils in the summer months are far less convincing than they were," he said. "And in the light of the amount there is to be taught and the limited time available it is our duty to ask ourselves if we can still afford the luxury of long, lazy summer vacations."

Use of high schools year-round would accomplish little, however, if the extra time was used "merely to expedite the completion of high school education at an earlier age," said Hannah.

Superintendent of Public Instruction Lynn M. Bartlett predicts that a longer school year and extended daily hours will be an accomplished fact within 10 years and that the extra time will be put to good use.

"There is no question in my mind that in 10 years not only will the school year and the school day be significantly longer than today, but also because of the tremendous increase in knowledge and the ever-growing need for more skills and training, our schools will be open on some basis the year around, perhaps on a 10-to-15-hour daily program," he said.

Bartlett notes significantly that 25 per cent of Michigan's secondary schools have lengthened the school day since 1958 and 16 per cent of the elementary schools have taken the same step. Nearly 16 per cent of the schools on both levels have already extended the school year to some degree in the same five-year period.

Protection Problem

It was evident during the recent campaign that security measures were tightened considerably in the many public appearances of President Johnson around the country.

The same was not true in Michigan, where Gov. George Romney has virtually ignored any attempts to keep State Police aides close to him in all public gatherings.

Three State Police men are permanently assigned to the Governor of Michigan on basically a 24-hour guard. Usually only one, but on infrequent occasions two are with him when he attends public functions.

A sharp contrast in acceptance of police protection was noted between Romney and his predecessor, John B. Swainson.

Swainson, because of a war injury which required him to wear artificial legs, was glad to have his State Police aide and local officers near him constantly to clear his path.

In contrast, Romney is prone to wander into the thick of crowds where it is virtually impossible for one person to stay by his side.

Should a serious threat to Michigan's chief executive arise, it is presumed future governors would be required to accept close security protection in much the same manner as the President of the United States.

PROMOTIONS—In keeping with the policy of promoting from within the ranks, whenever possible, Walbro Corporation announced this week the promotion of these three employees. They are, left to right: Alton O'Connor, Gordon Ware and Patrick Kendall. See story this issue for details. (Chronicle photo)

## Uncle Tim From Tyre Sez:

Dear Mister Editor:

I was reading a piece by one of them Washington column writers where the Government has spent \$5,280 to get a book wrote and printed for babysetters. I bring this item up at the country store Saturday night and all the fellers was agreed that baby-setting has got to be a important matter amongst this generation of parents, but they was curious how anybody could think up \$5,280 worth on babysetting. This column writer said they was for sale and to send 25 cents to the Superintendent of Documents, Washington 25, D.C.

Ed Doolittle took up a collection and he was gitting our order off immediate for this book. I'll give you the latest in baby-setting, Mister Editor, just as soon as we git this volume and it can be digested by our scholars at the store.

Bug Hookum was lamenting we was living in a age when everything was a big deal, from \$5,280 worth of babysetting to \$8,750 worth of tax money on how to kill house flies. For instant, Bug said he was reading the other day where the telephone folks has announced a invention where if two people was talking and wanted to git a third feller on the line, they could press a button and dial his number and all three of them could talk. Bug claimed he could recollect 50 years ago when you could call a neighbor on the party line and git 10 listening in, and you didn't have to press no button.

Josh Clodhopper reported he had saw where the U. S. Depart-

ment of Public Health estimated Americans took 16 billion aspirin tablets in 1963. Josh was of the opinion if things didn't slow down the figger would git to 20 billion in a couple more years.

Zeke Grubb allowed as how he was just taking it on the chin and wasn't messing with no aspirin. He told the fellers that the harder he worked the be-hinder he got but they was a few corners he could cut and he was saving 'em fer a rainy day. For instant, he reported he painted his house in 1958 and they raised the tax valuation on his 'prop-erty five per cent, and in 1962 he painted his barn and they hiked it another five per cent. First off, he said, he had throwed his paint brush away to avoid the evils of temptation, and furthermore if things come to the worst he would just take the roof off'n the barn and git 'em to lower him back 10 per cent. He said he aimed to walk the last long mile on this earth even-steven if he had to tare the place down and blackmail his Congressman into gitting him one of them free Army tents they give to folks in a disaster area.

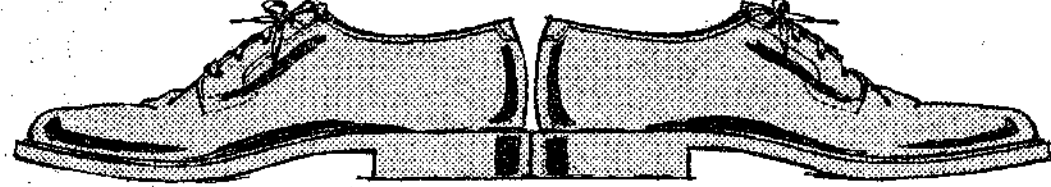

Personal, Mister Editor, I think Zeke is trying to do it the hard way. I aim to keep on taking a few aspirins to deaden as many Government pains as possible.

Yours truly,  
Uncle Tim

## COUNCIL PROCEEDINGS

November 2, 1964  
A regular meeting of the Council of the Village of Cass City was held on October 27, 1964 at 7:00 o'clock at the Municipal Bldg. All members were present. Minutes of the September regular meeting were read and approved as read.

The committee of Seals and Freiburger reported no action taken on the tree ordinance. Detroit Edison has said that they will aid in securing trees, and have offered to plan a program with movie and literature on the proper planting and selection.

With the general approval of the Council the deadline for submitting bids for a heating plant at the Municipal Bldg. was extended to Friday, October 30, at 5:00 p. m. As the specifications available did not include wiring and piping work, this work will be priced separately. The completion date for the installation of the heating system will be December 15th.

The Committee investigating employee retirement plans reported no progress.

A walkie talkie for use by Chief Palmateer has been ordered with a delivery date of November 21, 1964.

It was reported that the warning device at the railroad tracks on M-81 has been installed. The Village's share for the signs facing on Nestle Street will be approximately \$300.00.

Mr. Root reported no decision has been reached on plans for enlarging the present office facilities at the municipal bldg. The Planning Commission has recommended a different type bldg.

No decision was reached in the rewiring of the concession stand on the East side of the football field in the park.

With the general approval of the council it was decided that the village would pay for the replacement of glass at the broadcasting booth on the football field if the school would pay for the installation of the glass.

Bids on the garage addition to the Municipal bldg. were opened. A motion was made by Mr. Rawson and seconded to accept the low bid of \$2,528.93 made by Dean Lowe of Cass City. Yea-6. Nay-0. Motion carried.

The Planning Commission made several long-range recommendations to the Council regarding village streets, including the recommendation that the east side of Weaver Street be posted as No Parking. These recommendations were given to the Street Committee of Rawson and Root for study.

Motion made by Seals and seconded by Freiburger to accept the recommendation made by the Planning Commission that a storm sewer be installed from the existing sewer on Pine St. South one-half block to the alley and Leach St. then East to a proper place for drainage. This storm sewer will be a drainage outlet for the Cass City Hospital parking lot. Yea-6. Nay-0. Motion carried.

The Zoning Board of Appeals announced it had taken the following action: (1) It granted Leo Miller a bldg. permit to erect a garage to within 2 ft. of his lot line, and (2) it authorized Dean Lowe to continue the construction of the house on Ale St. within the 6 foot side lot line of the property.

The tax books were turned over to the County Treasurer's office. Total taxes \$57,396.30, amt. collected \$57,114.20. Balance uncollected \$282.10.

A letter from the Michigan Municipal League was received requesting a donation of \$5.00 for continued support. Council Authorized payment.

A letter was received from the Cass City Chamber of Commerce requesting that the blacktopping of the alleys and the curb and gutter program for the streets off Main St. Be completed by Spring so as not to conflict with the Centennial. The Michigan Curb and Gutter Construction Co. of Plymouth, Mich. has indicated it would return in the spring to curb and gutter streets selected by the Council at the cost of \$1.85 per lineal foot.

The street committee has been asked to study the need for a weight limit on Garfield to discourage traffic coming in from the East side.

Temporary patch blacktopping of the sidewalks on Leach and West Streets was approved by the Council.

Motion by Seals and seconded that bills OK'd by the finance committee be paid. Yea-6. Nay-0. Motion carried.

Motion made that the meeting be adjourned.

## Philathea Class Holds Masquerade

Twenty-two members of the Philathea class of the Baptist Sunday School attended a masquerade party at the church Tuesday evening, Oct. 27.

Veron Gingrich led group singing and Mrs. Richard Canfield presented the devotions. Ferris Ware conducted the business meeting.

Miss Carol English, Mrs. Bill Ewald and Mrs. Elwyn Heilig were in charge of games.

Bill Ewald, Mrs. Glen Vermilya and Miss Mary Hanby formed the decorating committee.

Donuts, cider and coffee were served.

## Extension Leaders to Study Investments

Home Economics Extension Group leaders of Tuscola county will meet Tuesday, Nov. 10, at 1:30 p.m. at the Wilber Memorial 4-H Building in Caro. Lucille Ketchum, extension specialist, will discuss various ways of investing family savings to build family financial security. The advantage and costs of home ownership will be considered.

The leaders will discuss kinds of investments for families. Should our family invest in securities? Should we put our savings into government bonds? What part does life insurance play in family investment programs? What are the advantages and disadvantages of annuities?

The extension members' interest in investments reflects a growing interest in this subject among women all across the country. The increasing financial holdings of women plus the need for more careful planning for family security and for retirement seem to be the reasons that have stimulated such an interest.
