# Snover Merchants Hail Opening of New Bank

Snover merchants hailed the opening of the branch of the Kingston State Bank last week and were unanimously of the opinion that the community's first bank since the bank holiday closed the previous facility was bound to help business.

"I've felt the effects of the bank already," said Larry Davis of the L. E. Davis and Son service station on the main four corners in the community. It's been especially noticeable in the paint sales, he added.

"It's just wonderful," said Harvey Kotesky, as he busily stacked away groceries for a customer at his store.

## Hold Final Rites For Crash Victims

Funeral services were held Saturday for two persons fatally injured in a two-car crash Wednesday, Jan. 18, four miles north of Marlette on M-53.

Rites for Mrs. Arlene Tait, 38, were held at Drayton Center Church and burial was in Caro cemetery.

Funeral services for Mrs. Charlotte Bewernitz, 41, were held at the Kingston Methodist Church and burial was in Kingston cemetery. Also injured in the crash were Howard C. Bewernitz Jr., 45, driver of one car, and Mrs. Tait's son, Kim, 3, and Mr. and Mrs. Arthur Harnick, both 71, of Kingston. Bewernitz is in critical condition at Saginaw General Hospital.

State Police said that Mrs. Tait was apparently making a left turn off M-53 onto Cooper Road when the Bewernitz car, behind her and traveling in the same direction, collided with the side of her car.

Fred Hirsch, one of the oldtimers in the village who runs a gas station, can recall the old bank and, of course, is delighted that another institution has opened in the same building that housed the previous bank.

"There was no reason for the old bank to close either," he said. "It was sound . . . run by Slesner, but when it closed for the holiday it just never did reopen.

"But it did pay off 99 cents on every dollar to the depositors . . . it was a good bank."

Neither Hirsch nor anyone else in town available for interview is quite sure just how old the previous bank was. I know it was going strong when I was a boy, around 1914, Hirsch said . . . and it has a tiny air hole in the vault.

My dad put it there one time when there was a scare going around about people being locked inside and smothering. I held the chisel while he hammered.

The old vault is not the only memento of the previous bank. Charles Chard, 41, manager of the branch, found some note forms used by the old bank in one of the cabinets of the building.

The forms had remained in the building throughout the more than 30 years the bank building had been used for other purposes.

**Grand Opening**  
To prepare for the opening of the new branch, the building was renovated and now boasts a modern decor.

So that area persons can see the changes and acquaint themselves with the facilities, a grand opening has been scheduled Thursday, Friday and Saturday, Chard said.

At this time prizes and gifts will be given to callers who visit the

facility. Although banking will be a new experience for Chard, he should know most of the customers whom he serves.

Charles Chard

He is a lifelong resident of the area. Born in neighboring Decker, he farmed in the Snover area until the farm was taken over by his son-in-law, Bernard Boyne.

Besides his married daughter, Chard has three other children, Dennis, 18, Janice, 15, and Richard, 12.

The first official day of business for the new bank was Jan. 16. Bank officials were pleasantly surprised at the number of deposits received in the first day of business and believe that the decision to open the branch is a sound one.

The bank was established after over a year of study and preparation, according to Cashier Terry Lantz of the Kingston Bank who supervised the establishment of the facility.

Assisting with the operation of the bank will be Mrs. Lois Billet.

THE LITTLE RABBIT was presented to Lloyd Finkbeiner for his work in one of the lead roles of "Harvey" last year with the Tuscola Players. The Finkbeiners say that acting is time consuming, but lots of fun. (Chronicle photo)

## Finkbeiners Find it Fun

# Amateur Acting Attracts Cass City Pair to Theater Group

You'll find nearly every age and occupation among the amateur thespians who are members of the Tuscola County Players. And if you picture these people as a group of Greenwich Village types with pointed beards and heads to match you haven't seen this dedicated group in action recently.

The membership includes oldsters like Guy Landon of Cass City, now well into his seventies, and youngsters as young as nine years old.

Most of them join because they are bit by the acting bug and because they have the time to devote to rehearsals.

At least that's the case with the Lloyd Finkbeiners. Now in their early fifties with both children gone, the Finkbeiners joined because they love the stage and because their family responsibilities are over. They have free time to spare.

Actually, it's Lloyd Finkbeiner who is the actor in the family . . . his wife has acquired her interest through her husband.

Finkbeiner's interest in the stage goes back to high school days when he appeared in several

## Spencer Named To House's Tax Committee

Rep. Roy L. Spencer, who last week was elected Associate Speaker of the House of Representatives, today was appointed to the House Taxation Committee. Spencer's appointment was announced by House Speaker Robert E. Waldron.

Taxation is not a new field for Spencer. His record shows years of experience in dealings with general taxes. He has served on all bi-partisan House committees dealing with taxation. Spencer said of his appointment, "I am proud to have been named a member of this committee. I have already proposed a fiscal reform program based on a state income tax and plan to introduce this bill when the Legislature reconvenes next Wednesday."

House Speaker Waldron called on the Taxation Committee to begin to focus their full attention on the problems of fiscal reform.

## Rotary Votes to Help Firemen Purchase Van

The Cass City Rotary Club Tuesday voted to help form a boosters' club for the Elkland Township Fire Department in an effort to help the department secure a new van.

The club will have booster tickets printed and will sell them to anyone interested in helping raise the money for the new equipment.

The van project is one of several under study by the club and another project in the recreational field is expected to be adopted.

school productions. After graduation he was in several one-act skits staged by the PTA and a member of the dramatic club of Gageton.

Acting took a good deal of his time during 1934-39. But it was about this time that he got married and his career abruptly terminated.

With Mrs. Finkbeiner teaching school and two children to rear, there wasn't enough time for acting. But now both of the Finkbeiners' children are grown. A son Bill, 23, lives at Drayton Plains and a daughter, Mrs. Peth Holland, 21, makes her home in Sebewaing.

With the kids gone it was natural to drift back into theatre work when the Players formed in Caro. The Finkbeiners could devote the average of three nights a week for six weeks that it takes to produce a play.

While Mrs. Finkbeiner has never appeared in a play, Lloyd had one of the three lead roles in "Harvey", one of the two three-act plays presented by the group.

**Named President**

Because of his interest, Finkbeiner was named president of the group at a recent election. Other officers are: vice-president, John Porterfield, Caro; secretary-treasurer, Mrs. Doronaea Kiteuen, and board of directors, Howard Bell, Bill Touchette, Barbara Porterfield, Jae Kitchen and Finkbeiner.

In an amateur acting group there are really two problems . . . the first, of course, is producing as good a performance as possible and the second is the harder, but more mundane, problem of finding a place to rehearse and keeping the finances on an even keel.

Our major problem now is that we lack a theatre, the Finkbeiners said. We have to rehearse in people's homes, which is never too satisfactory.

The group has about \$500 in the bank, put away towards the day when a building of their own can be secured. But it looks as if this goal is a long way off.

When the Players organized, membership was \$10 per family. It was reduced to \$5 and discussion is under way to make it just \$2 in the future.

We are lowering the dues in an attempt to interest more persons

in joining, Finkbeiner said. We know that there are lots of people around who would like to act, if we could only find them. We want every one of these persons to join, he said.

But these problems have not dampened the ardor of the Finkbeiners or the rest of the group in Caro. They have scheduled a spring production, "You Can't Take It With You", a comedy by Moss Hart and George S. Kaufman.

Finkbeiner is sure to be very active in the production one way or another . . . and there has been some talk of drafting Mrs. Finkbeiner as the play's director.

It looks as if there will be very little idle time at the Finkbeiners this spring.

## Clinics Scheduled for Control of Measles

Sauk county is participating in the all-out drive to eliminate measles in Michigan and has scheduled immunization clinics at five selected sites throughout the county.

The sites include Maple Valley School, Carsonville Community School, Minden City School, Evergreen Township Unit School and Snover School.

The clinic at Evergreen will be Thursday, Feb. 2, from 9:30 to 11:30 a. m. and at Snover School from 1:30 to 3:30 p. m.

There is no charge for the vaccine. A parent or guardian must come to the school to answer a questionnaire. Children with colds or fevers cannot take the vaccine.

## Day Care Center Slates Annual Meet

The first annual meeting of the board of directors of Tuscola County Day Care Center has been set for Monday, Jan. 30, at 8 p. m. at the Center on Van Geisen Road, Caro.

Election of officers and directors will be held and the annual report presented. The public is urged to attend, Arnold Krummner, president, said.

One of the members of the board is Mrs. Richard Drews of Cass City.

## Sentence Due Monday

# Shields Is Guilty

Judge James Churchill found Milton Shields of Bay City guilty on charges of assault with the attempt to kill and murder and assault with the intent to commit rape Tuesday in Tuscola County Circuit Court.

The judge rendered his decision shortly after the hearing of testimony was completed late Tuesday afternoon.

Shields was arrested after the body of a Bay City girl was found nude and slashed 32 times near

Vanderbilt Park at Quanicassaw. The only witness for Shields was his wife who testified as to his character. Shields did not take the stand.

Judge Churchill ordered a pre-sentence investigation and the date for sentencing has tentatively been set for Monday, Jan. 30.

If this proves to be impossible, the sentence will be passed early in March.

Shields is in custody in the Tuscola County Jail.

# County Okays Deficit Budget

The cost of operating Tuscola county will continue its upward spiral in 1967, according to the budget adopted by the county Friday at the courthouse.

Again in 1967 the board anticipates operating in the red with expenditures exceeding anticipated revenues by \$48,960.

Expenses in 1966 were \$23,223.61 over income and dipped into surplus funds the county had on hand from previous years.

Total expenses in the county for 1966 were \$732,972.64 and the final budget approved was \$800,579, trimmed down from the \$1,039,608 requested from the various offices.

The budget represents an all time high for general fund expenditure in Tuscola county.

A public hearing on the budget will be held February 6 at 10:30 a. m. in the courthouse at which time the public may ask questions regarding the budget or offer opinions.

The general fund is the central operating fund of the county. While it does not include all the money that is spent for county operation, it generally reflects the financial condition of the county since it is the "day-to-day" fund from which county government must operate.

The general fund begins the new year with about a \$40,000 balance - about two-thirds of what the balance was at the start of 1966. Added departments, programs and broadened county services account for the anticipated general fund deficit.

Income in the new year is expected to be only slightly more than in the past year. In their budget, the board said it expects to collect \$563,944 in property taxes - about \$8,000 more than last year. It also hopes to collect \$35,000 in delinquent taxes which is about \$3,000 more than this past year. Other income sources, including fees and reimbursements from other agencies for services performed by county departments will bring in about \$111,850 - about \$10,000 less than last year.

The total income, therefore will be in the neighborhood of about \$710,094 - less than a thousand dollars more than this past year. Adding the year-end balance to this, give the general fund about \$750,631 to work with.

**Expenses**  
The budget committee this year received spending requests of \$1,059,605 from county departments. This amount was pared down to \$800,579 - a figure which is still \$67,607 more than the total general fund spending last year.

The biggest budget request came from the county road commission. The body, feeling the pinch for

road building funds, had requested \$231,400 from the general fund. The budget committee eliminated this request entirely. In 1964, the county general fund made a \$68,200 grant and in 1965 a \$30,000 grant to the road commission to assist it in a signing and bridge-building program. The commission was granted nothing in 1966.

Second highest request came from the Social Welfare Department. It requested \$140,000. This was trimmed to \$130,000, the same as in 1965. In 1964, it was granted \$125,000 and in 1965, \$156,000. The department has been taking a portion of each year's grant and hauling it in a building fund for the eventual addition of another wing to the county nursing home.

In the past few years, general fund grants to the welfare department have helped build up a building fund of more than \$100,000.

Third largest request came from the sheriff department. The budget committee entered the full \$96,645 requested by the sheriff. This is an \$8,294 increase over actual spending by the department last year and reflects the costs of operating the new county jail.

Several new departments, the health department and equalization department, were granted substantial increases over their 1966 operation which was, in both cases, for only a part of the year. The health department was granted its \$31,637 request, which

## Grant Gageton Okay for Loan

Senator Philip A. Hart telegraphed officials in Gageton Wednesday morning that preliminary approval for a loan of \$119,000 from the Farmers Home Administration had been received.

The loan will be used to improve the water system and paid for with village revenue bonds.

## From the Editor's Corner

Members of the Cass City TOPS Club (take off pounds sensibly) are packing themselves to the acid test sponsoring a bake sale at Ryland and Guc's.

As a veteran weight-watcher, I'd hate to subject myself to this temptation while on a diet.

Good luck girls.

I'm innocent, but who will believe it? About two months ago I "volunteered" to be one of three judges in the Cass City Lions Peace Essay Contest.

I received six essays, without names, to judge and ranked them according to my best judgement and promptly forgot the whole thing.

Last week end Ron Keegan, Lions president, strolled in and said, "Congratulations, your daughter won the essay contest".

Guip. Another faux pas.

A word for the defense: Keegan said that I ranked my daughter second in the contest and only the higher ranking by the other two judges, Arthur Holmberg and Mrs. George Murray, won the contest for her.

Honest.

Rumor has it that three buildings in the downtown area will be filled in the near future. Supposedly, one will house a beauty shop, another a slot car race track and the third, a photo studio.

If these speculations turn into fact, the downtown area of the community will be in its best shape in many years.

Nothing adds to the appearance of a progressive community more than having all of its stores filled with businesses.

The proposed additions would leave just one building in the primary area still empty.

A school patrolman in Caro that we noticed Tuesday afternoon has been given a belt and hat that are brilliant fluorescent orange.

Although he was not on the corner, but standing back out of the wind near a building, the color caught my eye as I drove past.

Certainly for safety, it beats anything that has been used before. It would make any patrol boy or girl clearly visible to the motorists and I would think be something worthwhile considering in Cass City.

THE SKI BUG BITES persons of all ages and walks of life. The ardent advocates in Cass City include Lynn Atwell, Cass City's premier skier with a host of trophies and the Rev. Richard Eyer, who displays his first award . . . a third place finish in a students' class at Boyne Mountain. (Chronicle photo)

# Cass Cityans Turn to Slopes

Everywhere you look these days more and more skiing enthusiasts are appearing and the interest is growing by leaps and bounds in Cass City.

Cass City's premier skier is Lynn Atwell who has advanced under her father's tutelage to a point where she ranks with the best young skiers in the State.

Just 14 years old, Miss Atwell has a mantle full of medals and trophies she has collected in meets throughout the State and the region.

According to a story in the Detroit News, only a mistake kept her from winning an important high school trophy at Mt. Holly Saturday.

A freshman at Cass City, Miss Atwell finished second to Penny Fulton, a Walled Lake senior, even though she recorded the fastest run for girls at the meet. On her first run, her time was 26.4, but she stopped on her second run because she thought she missed a gate and her time jumped to 27.3 seconds. Her combined total was 54.2 as compared to 53.3 for the winner.

With teams at Caro and Vassar and a small team in Cass City, the sport is growing for high school students.

But the ski bug has bitten persons of all ages and professions. In Cass City, two of the more ardent advocates are Father Ar-

nold Messing, pastor of St. Pancratius Church, and the Rev. Richard Eyer, pastor at the Good Shepherd Lutheran Church.

Both spend as much time as possible at the sport.

Recently, Eyer had a week's vacation and he promptly packed his skis and related equipment and headed for Boyne Mountain where he attended a ski school where he spent six hours a day on the slopes in combined instruction and practice.

His efforts were rewarded when he won a third place trophy in a contest among students. Oddly enough, he said, in a contest among the various instructors at the lodge, his instructor also finished third.

## NOTICE OF PUBLIC HEARING

A public hearing on the 1967 budget for Tuscola County will be held in the supervisors room at the courthouse, Caro, Michigan, on Monday, February 6, 1967, at 10:30 a.m. By authority of the Board of Supervisors.

Archie Hicks  
 Tuscola County Clerk  
 1-26-2

Mr. and Mrs. Robert J. Watkins

Miss Nancy May Walmsley of Clio and Robert John Watkins of Flint, formerly of Caro, were married at the Novesta Baptist Church Friday, Dec. 23. The Rev. George Harmon of Decker performed the evening rites. Betty Jo Agar was soloist and was accompanied by Don Greenleaf.

The bride's parents are Mr. and Mrs. Harold Francis of Deford and the bridegroom is the son of the late Mrs. Hazel Watkins of Caro. Given in marriage by her stepfather, the bride chose a floor-

length gown which fell to a chapel train enhanced by long fitted sleeves and a white velvet bodice with a gathered effect with lace. She wore a shoulder-length bouffant veil secured to a pearl headpiece. She carried an arrangement of white carnations, red roses and holly in a long spray.

Mrs. Marlene Milner of Mayville and Miss Pat Francis of Deford, sisters of the bride, were her attendants. They chose floor-length blue velvet sheaths fashioned with Empire waists and long sleeves. They carried bouquets of white feathered mums.

Best man was Cal Urban and groomsmen was Frank Hodges, both of Caro. Ushers were William Watkins, brother of the bridegroom of Caro, and Harvey Francis, the bride's brother.

A reception followed in the church basement with guests from Lapeer, Bay City, Flint, Imlay City, Clio, Detroit, Mt. Morris and Groesse Pointe Woods.

The couple are making their home in Clio.

## Services Thursday For Mrs. Smithson

Mrs. Elsie Smithson, 78, died Tuesday, Jan. 24, at Stevens Nursing Home in Cass City. She had been a patient there for three years.

Born in Alberta, Canada, Feb. 22, 1888, she was the daughter of the late Mr. and Mrs. Nathaniel Winger. She and Ausey Smithson were married in Cass City in 1905. Her husband died Feb. 9, 1966.

Survivors include four daughters, Mrs. Joy Smith of Thousand Oaks, Calif., Mrs. Clarence Ewald of Cass City, Mrs. Carl Vader of Flint and Mrs. Bernard O'Dell of Detroit, and two sons, Roy and Earnest, both of Cass City. Mrs. Smithson is also survived by 22 grandchildren and 33 great-grandchildren.

Funeral services will be held Thursday at 2 p. m. at Little's Funeral Home. The Rev. Richard Canfield, pastor of the First Baptist Church, will officiate at the final service.

Burial will be in Elkland cemetery.

## Zontians Plan Several Club Projects

The operation of the Elkland Township Fire Department was explained to members of the Zonta Club of Cass City Tuesday, Jan. 17, at the New Gordon Hotel.

Featured on the fire safety program were Chief Neason and Sgt. John Voss of the Michigan State Police, Bay City Fire Marshal Division.

After a film was shown explaining the training of firemen and their duties, statistics concerning fires were presented.

Willy reported on the Elkland Township Fire Department. He said that there were 18 volunteer firemen, three auxiliary and one fire police. Two trucks serve to townships and works through the Tuscola County Sheriff's Department.

### Club Projects

The club is planning another work night to make hospital gowns for the projects S.S. Hope Ship at the home of Mrs. Evelyn Wells. About 70 gowns will be sent in time for the departure of the ship for Cartagena, Colombia, the first of February. The gowns are made from white or pastel men's dress shirts.

The annual Antique Show will be

held at the St. Pancratius Social Hall Friday and Saturday, Jan. 17-18. Mrs. Wells is chairman. Seven dealers from various communities will be present for the show.

A nominating committee for 1967 officers was named. It includes: Chairman Esther McCullough, Mildred McConkey and Marie Krueger.

## Men's & Usher Clubs

### In Combined Meet

A combined meeting of the St. Pancratius men's club and the Usher's Club was held Monday, Jan. 23, at 8:00 at the social hall. Sixteen members were present.

Fr. Arnold Messing suggested the clubs' project for the year to be aluminum siding on the rectory and members voted to accept the project.

Barry Hedley was elected president of the Usher's Club. Slides were shown on the various denominations of religion.

Following the meeting refreshments were served.

## Hills and Dales Aux. Installs Officers

At the installation ceremony conducted by Mrs. George Murray during the Jan. 23 meeting of Hills and Dales Auxiliary, the president's gavel was presented to the new president, Mrs. Frederick B. Auten.

Other new officers installed were president-elect, Mrs. H. T. Donahue, and vice-president, Mrs. James Champion. Red roses were presented to the new leaders by the retiring president, Mrs. Neil Hurry.

Treasurer Mrs. Clark Boylan read the annual financial report which showed the sources of revenue, from coke machine to bridge marathon, which enable the Auxiliary to purchase such equipment as the defibrillator at \$2,197, an isolette, two croupettes and two sewing machines, as well as many other items.

An invitation to the farewell tea Feb. 15 for Mr. and Mrs. Richard Palm was extended to the members by the hospital staff.

# Even the ash tray rides smoother in Chevrolets

When you're down at your dealer's trying out a new Chevrolet, be sure you pull out the ash tray. Notice how nice and easy it glides, never hanging up or even scraping. The reason is, it rides on ball bearings. Four shiny little ball bearings. (Take the tray all the way out and you'll see them.) You say you don't even smoke? Then look at it this way. That ash tray is a symbol of the way we make cars: Paying extra attention to the little things as well as the big ones, as a way of making extra sure your '67 Chevrolet gives you

**SPORTS FANS!**  
**I BET YOU DIDN'T KNOW**  
By H. M. Bulea

Here's one I bet you didn't know... You'd think if a baseball player were standing on a base, there would be no way for him to be put out... But there is one way... Do you know what it is?... A player is out if he is hit with a batted ball, even though he is standing on a base.

In a recent column, we mentioned the record for the biggest salt water fish ever caught... Now, do you know what the record is for fresh water fishing... The official record, based on fish caught by rod and reel, was a white sturgeon, hooked by William Cravens in the Snake River in Idaho in 1956... The fish weighed 369 pounds and measured 111 inches.

Here's one that's hard to believe... But it's true... Two of the greatest pro basketball players of our time, Bob Cousy and Bob Pettit FAILED to make their high school basketball teams... Both were cut from their squads in their underclass days!... It seems incredible, but it's been verified by the NBA... And it proves again that truth is sometimes stranger than fiction.

Mr. and Mrs. Lee E. Cummins

Miss Darlene Marie Brady and Lee Edgar Cummins exchanged wedding vows in St. Pancratius church at 12 o'clock Saturday, Dec. 31. Rev. Arnold Messing performed the ceremony and the bride's father gave her in marriage.  
Mr. and Mrs. William P. Brady of Cass City and Mr. and Mrs. Edgar Cummins, also of Cass City, are parents of the couple.  
The bride chose a floor-length, bouffant gown of lace featuring four tiers of sequin-trimmed ruffles, long, tapered sleeves and a Sabrina neckline trimmed with sequins and seed pearls. A removable lace overskirt and train fastened at the shoulder. Her bouffant veil was held by a combination petal and crown headpiece and she carried white roses. She wore a single pearl on a chain, a gift from the groom.  
Miss Laurie Carpenter of Wyandotte, cousin of the bride, was maid of honor. Bridesmaids were Miss Marlene Brady of Trenton, Mich., sister of the bride, and Mrs. Leroy Vahovick of DeWitt, Mich., sister of the groom.  
The bridal attendants wore floor-length gowns with light blue satin bodices and dark blue velvet skirts. Their veils were secured by blue satin bows and they wore wrist corsages of blue carnations.  
Miss Elaine Cummins, sister of the groom, and Miss Brenda Vahovick, niece of the groom, were flower girls and wore gowns similar to the bride's.  
Paul Beckett of Cass City was best man. Ushers were Pat Beckett of Cass City and Leroy Vahovick of DeWitt brother-in-law of the groom.  
Ring bearer was Bill Major of River Rouge, nephew of the bride.  
The bride's mother wore a gold metallic dress with green accessories and the groom's mother wore an aqua brocade dress. Both wore corsages of yellow roses.  
A wedding breakfast was held in Arbeiter Hall, Sebewaing, with a reception in the evening.  
Mr. and Mrs. Cummins took a wedding trip into northern Michigan and are now living in Saginaw.

**Tell Lions Contest Winner**  
Lynn Haire of Cass City, a 16-year-old student at Cass City High School, will represent the Cass City Lions Club as its entry in Lions International's \$50,000 Peace Essay Contest.  
Miss Haire won the right from six entries to enter the district level judging en route to the grand prize.  
A total of \$50,000 in awards will be made, including a first prize of \$25,000 in educational or career-assistant grant and eight semi-finalist awards of \$1,000.  
Her essay was selected by a panel of three judges who judged each essay without knowing who had written it. The judges were Arthur Holmberg, Mrs. George Murray and John Haire.  
If Miss Haire succeeds in district 11-D at Saginaw March 1, she will move into the world division level of competition.  
The award and a gift from the Cass City Lions Club will be presented at the 50th anniversary banquet of the club slated at a later date.

Face Lakers Friday

Hawks Split two Cage Tilts

A rangy well balanced North Branch basketball team staged a last half rally to defeat Cass City Tuesday night 77-66.

Erratic shooting by Cass City and superior rebounding by North Branch proved to be the difference in the game.

North Branch hit 31 of 69 tries from the field for 45 per cent while Cass City netted just 24 of 71 for 34 per cent.

The Branchers also rebounded better than the Hawks. They snared 47 while Cass City picked up 33 on the offensive and defensive boards.

Despite the final score, it was anybody's game through the first half. North Branch led at the intermission by just two points, 33-31. But the Hawk's offense faltered in the final two periods and the winners walked off with the win.

Jim Walters with 20 points and Dave Asher with 18 points led the Hawks offensively.

The Junior Varsity was defeated by the North Branch JV's, 52-38.

**Sandusky Game**  
Cass City rolled to an easy victory over helpless, cellar-dwelling Sandusky Friday night, 64-51, in a game that was not nearly as close as the final score indicates.

The Hawks rolled to a commanding 32-8 halftime lead and Coach John Oswald coasted to victory using every player dressed for the game.

Despite the one-sided win, Coach Oswald said that he felt it was a sloppily played game and the team was not nearly as sharp as it should have been.

Among the brighter spots in the team's performance was the re-

bounding. The Hawks snagged 48 defensive and 22 offensive rebounds as compared to a total of 36 rebounds for the host team.

Neither team was able to hit the hoop with any kind of consistency in the opening quarter. The Hawks netted just eight points and the Redskins stayed on their heels with seven points.

The second quarter turned the game into a rout as Sandusky must have had its poorest scoring quarter in a decade. The Redskins made just one foul shot in the entire period.

The Hawks snapped back to normal point production with 24 points and led at the intermission, 32-8.

Despite the bad quarter, the Redskins ended the evening with an average shooting night of 38 per cent. Cass City hit a better-than-average 42 per cent from the field.

Cass City continued to outscore Sandusky in the third period with an 18-13 margin, but Sandusky recouped much of the margin by posting a 30-14 edge in the final quarter against the Hawk reserves.

The win shoved the Hawks' record in the Thumb B Conference to five wins and three losses. Although it isn't likely that they will be able to overhaul the high-flying Tigers, who are undefeated, there is still a chance that they can end up in second place in the league.

To move up to this lofty spot in the loop they will have to handle the Lakers away from home Friday night.

In the first round, the Lakers administered the only one-sided loss that Cass City has suffered this year.

It is not likely that the game will be as one-sided Friday, but judging by the results of the first round, the Lakers will rank as slight favorites.

To win against the Lakers, the Hawks will have to come up with more help for Dave Asher in the scoring and rebounding departments.

Against Sandusky, Asher scored 26 points and collected 17 rebounds. No other player on the team scored more than 10 points.

or snagged half as many rebounds. An improved effort will be a must, if the Lakers are to be beaten, most observers feel.

Cass City lost the Junior Varsity game to the Sandusky JV's in the preliminary, 62-48.

Eighth, Ninth Grade Cagers Post Victories

For the first time this year the Cass City eighth and ninth grades scored a pair of victories. The Freshmen defeated Bad Axe and the eighth grade stopped Deford Thursday.

The eighth grade game was close all the way. Cass City trailed most of the way, but pulled the game out of the fire with a last quarter rally.

Deford led at the half, 15-13, and at the three-quarter mark, 20-19.

Rob Alexander scored 16 points for Cass City and John Zawilinski added six. Clinton Warner and Kim Hopper shared scoring honors for Deford with nine points each.

**Ninth Grade**  
The Cass City Frosh scored consistently throughout the game to hold a narrow lead all four quarters. Coach John Bifoss said that the team handled the ball well and the rebounding was good in spots. Dave Milligan scored 21 points. Marty Zawilinski had nine points and Bob King and Bruce LeValley, eight points each.

Larry Carder netted 22 for Bad Axe.

The Rev. and Mrs. George Harmon of Decker were honored at an open house Saturday, Jan. 21, at the Novesta Baptist Church, of which Mr. Harmon is pastor. The couple marked their 25th wedding anniversary Jan. 18.

Among the 100 guests attending were Mrs. Harmon's parents, Mr. and Mrs. Robert Willemin of Centerville. Others were from Rockford, Three Rivers and Mendon, Mich.

A highlight of the reception was a tape recording played, sent by the Harmons' son and his wife, who are in Paris, France. They were presented a set of china by area guests.

The couple were married by the Rev. Claude Snook Jan. 18, 1942, in Kalamazoo. Mrs. Harmon is the former Doris May Willemin.

Mr. and Mrs. Ernest Teller of Caro, the Harmons' daughter and son-in-law, were hosts at the celebration.

# The Good Old Days

By Dan Marlowe

Each generation consistently puts down its elders. My hair felt a good deal more gray the other day after a conversation with a young acquaintance who informed me that he was going dancing that evening. "No jukebox, either," he said proudly. "Live orchestra."

"How many pieces?" I asked idly. He shrugged. "4 or 5, I guess." "And how many people will be at the dance?"

"Probably 30 or 40 of us."

I should have known better, but I couldn't resist. "What would you think about 40 and 50 piece orchestras and 2,000 people on the dance floor?"

His level stare was intended to put me in my place. "You've got to be kiddin'."

But if you were rocked in a pre-World War I cradle as I was, you know I'm not kidding. When we went dancing in the '30's and '40's, it was in state armories and open-air ballrooms, and it was to the beat of the Big Bands: Tommy Dorsey, Duke Ellington, Tony Pastor, Glenn Miller, Charlie Spivak, Alvino Rey, Artie Shaw, Sammy Kaye, Benny Goodman, Charlie Barnett, Lionel Hampton, Claude Thornhill. Those were BANDS.

And they all had theme songs that were known from Maine to Baja California by the youth of that era. How many of the following theme songs can you match up with the band leaders listed above? Flying Home, Snowfall, Goodbye, Make Believe Ballroom, Nightmare, Swing and Sway, Stardreams, Nighty Night, Blossoms, Moonlight Serenade, I'm Gettin' Sentimental Over You, Take the "A" Train.

In 1936, Freddie Martin was playing These Foolish Things Remind Me Of You and Eddy Duchin was playing Moon Over Miami. In '37 it was Hal Kemp playing The Dipsy Doodle and Guy Lombardo playing That Old Feeling. In '38 Larry Clinton was playing I Double Dare You and Jan Savitt was playing You Go To My Head. In '39 it was Tommy Dorsey with Music Maestro, Please and Benny Goodman with Be My Bist Du Schoen. In '40 it was Bunny Berigan playing Moonlight and Shadows, and Shep Fields and his Rippling Rhythm Orchestra (hi, there, Lawrence Welk!) playing Goodnight, My Love.

And the vocalists were merely wonderful: Sinatra, Clyde Rogers, Martha Tilton, Billy Williams, Carmen Lombardo, Edythe Wright, Bea Wain, Helen Forrest, Harriet Hilliard, now Mrs. Ozzie Nelson, Carlotta Dale, Yvonne King, Lew Sherwood, and Ray Eberle.

For the next few years the country was otherwise engaged, but in the mid-40's people were dancing to Vaughn Munroe's There, I've Said It Again; to Hal McIntyre's Sentimental Journey; to Abe Lyman's For Me And My Gal; and to Enric Madriguera's Brazil.

As well as to such catchy numbers as It's Been A Long, Long Time; Symphony; It Had To Be You; Blue Rain; You Always Hurt The One You Love; Poinciana; There Goes That Song Again; Pink Cocktail For A Blue Lady; and All Or Nothing At All.

Yes, sir; I had all I could do to keep from telling my young friend how sorry I felt for his underprivileged generation.

## J. S. Biens Observe 50th Anniversary

Friday, Jan. 20, marked the 50th wedding anniversary of Mr. and Mrs. J. Stanley Bien of Lansing. They were married in 1916 at Kalamazoo and have lived in Lansing since their marriage.

They have two daughters, Mrs. Robert F. Block of Lansing and Mrs. E. W. Peet Jr. of Atlanta, Ga., and five grandchildren.

Mr. Bien formerly lived in Cass City with his mother and two brothers and graduated from Cass City High School in 1911. He has been an employee of the State of Michigan for some 32 years and at the time of his retirement in 1963 he was director of the state purchasing board.

A reception honoring the couple and hosted by their daughters is scheduled for June 18 at Central Methodist Church, Lansing.

Several dinner parties were given for them last week by friends in Lansing to celebrate the event.

## Letters to Editor

January 24, 1967

To the Editor,  
It was about five years ago (last Wednesday) that I bought a new hockey stick because the ice skating was so good in Cass City, and I like hockey.

So I beg to differ with you on this question of building an ice skating rink in this area. In my opinion only two ingredients are necessary for building a good rink, viz., water and cold weather. Of course, the water must come first in the form of snow, about six inches of it. After that one has only to build about a two foot wall of snow around the area to be flooded, wet down the snow within the area on a cold night, you know so that it is soggy, and you have a good foundation. After that if the area is flooded about three consecutive nights (cold ones) to fill in the low spots I think we're ready for a face off.

In other words, may I suggest that weather is a bigger factor than gravel, unless the area is more gravelly now than it used to be.

Thank you from one who has not yet thrown in the hose,  
Fr. Messing

Mr. Editor,  
We think the community of Cass City should give the memory of the late Hollis Seelye some much deserved recognition. Hollis was a very quiet, honest and sincere man. In this day most are striking for higher wages with often the resulting product inferior. Hollis said many times no man is worth what many carpenters and other laborers were striking for. He also said most common people cannot afford such high prices. You find so few who are more interested in the quality of work they do, than the wage they make.

Hollis, as any one that ever hired him will say, was. He came to do the job when he said he would, he was superior in his work, and you never had to worry about endless trips to town for material or coffee. Hollis just didn't work that way.

Hollis was always very proud of his work and he well could be. Cass City has lost a very good carpenter and person. We will miss him.

## COUNTY BUDGET

Concluded from page one.

reflects an anticipated spending of \$10,166 more than last year. The equalization department requested \$20,000 and was cut back to \$16,000 - still an increase of about \$7,889 over last year.

The cost of drains-at-large for

the new year will be up. The account, last year spent \$30,350. This year it will be about \$12,354 more for a total of \$42,704.

The remainder of the departmental requests reflect slight increases for the most part. A table accompanying this story outlines the preliminary budget on which hearings will be held this coming month.

This is how the county board of supervisors expects General Fund spending will run in 1967. The General Fund expenses listed here will leave the county with a deficit for the first time in several years.

## State Maps Nearly Ready for Delivery

The 1967 Official Michigan Highway Map will be off the press soon, the State Highway Commission reported today. Commission Chairman Ardale W. Ferguson of Benton Harbor said the new map will be ready for distribution about mid-February.

The cover of this year's map honors the University of Michigan on its 150th anniversary and the Mackinac Bridge on its 10th anniversary.

A photo of the University of Michigan's Burton Carillon Tower appears on the front cover of the map while a night-time picture of "Big Mac" appears on the back cover.

Ferguson said hundreds of changes have been made on this year's map, many the result of new freeways and other highways that have been opened to traffic during the past year. Michigan now has nearly 1,300 miles of freeways.

Copies of the map are available free of cost by writing - on a postcard, please - to: MAPS, State Highway Commission, Lansing, Michigan 48926.

## BOOK REVIEW

### An Exciting and Lengthy Novel . . .

By Rev. R. J. Searis

Capable of Honor, by Allen Drury is the third in what is supposed to be four books on the maelstrom of life in official Washington. The first of these, Advise and Consent, was reviewed at the time it came out. Neither the library or myself purchased the second book, A Shade of Difference, and I did not read it. Capable of Honor was published in time for the Christmas shoppers and the fourth and final volume has not been published; perhaps we can anticipate its arrival in time for next Christmas.

The reader should keep in mind that there has been another novel published very similar in subject matter and even in style. I refer, of course, to The Man by Irving Wallace, reviewed in this column about a year ago. Failure to realize this will bring unmeasured confusion to the reader's mind.

I remember that in my review of Advise and Consent, I said that the book was too long and that it would be very helpful if the publisher would include a cast of characters which would aid the reader in keeping his mind as unconfused as possible. Well, I can report only modest success. This novel is over-long (581 pages) but has been broken into four parts around which the tale is woven. I still believe that Allen Drury would strengthen his position as one of the leading novelists in our country today, if he would wield the red pencil to the end of trimming the unnecessary fat from the overweight book.

However, this book does contain a cast of characters, much like the one's used in a play program. I found myself using it with regularity, especially to identify a character in terms of his role in the previous book.

This book's major tale has to do with the nominating convention of the party then in power. A second main theme has to do with American foreign policy. All through both of these runs the character of an ambitious columnist named Walter Dobius. The very real ability of this man, dedicated to the news profession, begins to expand into slanting the news on behalf of the men who want the nominations that would eventually destroy our much-beleaguered democracy.

From the story of this man, Drury takes off on a serious discussion of the newsmen who do so much to mold their hearers and readers. "How justifiably, or from another position, how irresponsibly, do American press, television and radio attempt to interfere with, and control, the political process and the foreign policy of the nation?" And "How much do Walter Dobius and his colleagues of press, television, and radio influence America's policies and what is their right to do so?" Around these questions the book is ori-

### Farm Bureau Meeting—

Fifteen members of the North Elmwood Farm Bureau met Sunday, Jan. 15, at the home of Mr. and Mrs. Jack Laurie. The group enjoyed a belated Christmas dinner, with the turkey that was awarded them at the annual Farm Bureau meeting held in Caro in October.

The discussion topic was the Owen-Gage building program, led by Richard Ziehn.

Cards were played and prizes awarded to Mr. and Mrs. Harold Koch and Patrick Goslin.

The February meeting will be

held Monday, Feb. 13, at the home of Mr. and Mrs. Keith Goslin.

Mr. and Mrs. Elery Sontag spent Saturday in Sebawaing with his sister, Mr. and Mrs. Frank Ludwig. The occasion was the celebration of the 92nd birthday of Mrs. George Sontag, which was Friday. She is Elery Sontag and Mrs. Ludwig's mother. Ice cream and birthday cake were served.

Brownie Scout Troop 641 held their meeting last week Tuesday afternoon in the public school cafeteria. The girls were taught the correct way to set a table and had a demonstration called "Bug in a rug" that showed them what to do if their clothing caught fire. Cathy Hobart furnished a treat.

Mr. and Mrs. Wilbert Koch and family of Unionville spent Sunday afternoon with Mr. and Mrs. Amasa Anthes.

Mrs. Amasa Ondračka took her grandmother, Mrs. Demo of Unionville, to rural Sarasota, Fla., to spend the remaining winter months. Mrs. Ondračka returned Saturday after spending 10 days in Florida.

Mrs. Felix Szymczak of Pinconning spent from Thursday until Friday with her daughter, Mrs. Walter Zuraw.

Bernard Emmons left Tuesday morning for Fort Hood, Texas. He has re-enlisted in the Army for three more years. En route, he was to visit his sister Ruth at Evansville, Ind. Bernard had been home on a 30-day furlough with his family, Mr. and Mrs. Norman Emmons and children.

Wealth and happiness are generally not on speaking terms.

THE SCOUTS worked hard at the Klondike derby Saturday, east of Cass City. Four Cass City Scouts worked with their sled in an effort to win the top prize. They were unsuccessful, (finishing third) but an-

other patrol within the troop did win top honors. From left: Graig Guernsey, Graydon Spencer, John Schwartz and Eldon Stilson. (Chronicle photo)

## Mrs. C. Carpenter At Lansing Meet

Mrs. Clare Carpenter spent Friday, Jan. 20, in Lansing to attend a meeting of the state leaders of women's organizations to formulate plans for the women's participation in the Michigan Week activities.

The group met at the Capitol Park Hotel with Mrs. William Scramlin of Holly, chairman of the Michigan Farm Bureau Women, as chairman of the 1967 program.

### How to Avoid Electronic Speed Traps

By Marion Hostetter

In human life, nothing is ever final. After we developed anti-aircraft missiles, we had to have anti-missile missiles, which called for anti-anti-missile missiles, and so on. All this came to mind when I read about a radar speed-trap detector that you can buy for your car for only \$39.95 . . . postpaid!

It is a little metal box that you can clip to your sunvisor, filled with transistors and such. It is guaranteed to give an audible "beep beep" warning every time you are about to enter a radar zone, in plenty of time to slow down to legal speed. It has "an ingenious dual-band circuit which continuously and simultaneously monitors the only two special microwave frequencies on which radar speed meters and traffic signal controls operate."

My first thought was that the speed-trap people would have to change their frequencies in order to outsmart the people who buy the detectors. On second thought, if the purpose of the speed traps is to make motorists slow down, the radar and the detector cooperate beautifully. But if the purpose of the speed trap is to collect stiff fines from out-of-town motorists, the justice of the peace will have to think up a new kind of trap.

As I said, in human life nothing is final, with the possible exception of death, and a rumor is being circulated to the effect that not even death is final.

A sign in an Ohio town used to say, "Speed limit 30. If you can't read this, ask our judge what it says."

The way radar speed traps alert most drivers' consciences, one could almost say we are living in the era of the electronic conscience.

I must be getting old or something, because I usually find that I have automatically adjusted my driving to whatever speed is posted. In fact, when I drive through Bad Axe residential districts where the posted speed is 40 miles per hour, I have to make an effort to go that fast.

The other day Alex Tyo handed me the following clipping:

A golfer was having a horrible day on the links. When he wasn't slicing, he was hooking.

Finally, on the 13th hole, he flubbed a 2-footer. That did it! He picked up the ball and threw it as far as he could, broke two clubs over his knee, and sat down on the green, a picture of total frustration.

"I've got to give it up! I've got to give it up!" he said over and over.

"Give up golf?" asked his caddy.

"No, The ministry."

I wonder why Alex handed that particular story to me. I'm no golfer.

And why did a reader mail me a clipping about a saloon that has this sign hanging over the bar: "Never drink on an empty wallet!"

She should know that I never have an empty wallet.

Why are church buildings tax-free? If we believed in total separation of church and state, shouldn't the state be impartial and tax church property at the same rate as other property?

The best argument in favor of not taxing such property is that churches and synagogues add something to the well-being of the community . . . and that they may actually increase property values because many people would not want to move into a community that had no churches.

But if churches and clergymen are as valuable as all that, why are clergymen prohibited from voting in school millage elections on the grounds that they do not pay property taxes? If the lawmakers are big-hearted enough to let the clergy live in tax-free houses, why not also make an exception in their favor when it comes to voting? I think most of our clergymen would like to be able to vote for a community college for the Upper Thumb on June 12.

There are two arguments in favor of taxing church property. The first is that churches benefit from government such services as police protection and street maintenance, the same as any other organization. The second is that churches which accept special favors from the government are not quite as free to criticize the government if it is doing wrong.

## Beaver Patrol Wins Derby At Cass City

Cass City's Beaver Patrol won the annual Klondike Derby Saturday at Cass City by edging second place Caro by a single point, 131-136.

There were an estimated 160 Scouts from some 25 patrols attending the event from communities throughout Tuscola and Huron counties.

The way the contest is run, Scoutmaster James Ware of Cass City explained, is that each patrol gets sealed orders with directions at the starting line.

The Scouts then must follow directions by using a compass or map where they travel to simulated Alaskan cities.

Each city presents a problem including first aid, measuring, compass, fire building, knot tying, signaling and cooking.

The boys are graded on how well they solve the problems and the patrol with the most points is the winner.

Members of the winning patrol for Cass City are: Patrol Leader Robbie Alexander, Scott Guernsey, Randy Brown, Tim Stickle, Drew Guernsey, Curt Strickland, Kim Gaspie and Bill Chippi.

## Tuscola Holstein Breeders Elect Officers at Meet

Tuscola county Holstein breeders held their annual meeting Wednesday, Jan. 18, at the courthouse in Caro.

Newly-elected officers are: Donald Loomis of Gagetown, vice-president, and Allen Rohlf of Fairgrove, director.

Re-elected were: president, Ronald Opperman of Vassar; Clare Carpenter of Cass City, secretary-treasurer, and Earl Koch of Milington, director.

The group discussed the district Black and White Show, which was organized last year, then decided to continue with the county show as has been held in previous years. The date for the Tuscola County Black and White Show is July 29 at the fairgrounds, Caro.

Members were reminded to send dues to Carpenter by April.

Mrs. Ann Ross

What's inside a pillow may be of more importance in choosing a decorative cushion than the outside covering, says Mrs. Ann Ross, Thumb Area Extension Home Economist.

Outside covers can change from year to year - color scheme to color scheme but what's inside can determine if that pillow's going to be around for awhile. Check the label to see what's under-cover and then you'll know whether it's a throw away item once the cover is soiled or if it will outlast the cover and many more than you put on it.

Good lasting pillows can be purchased with fillers of feathers, foam or sponge rubber, Kapok, and man-made fibers like Acrilan, Dacron or Orion. But some decorator pillows filled with cotton, rayons and even paper pulp soon lump and mat and cannot be salvaged.

Which you select will probably depend on your taste or pocket-book. If you like a plush soft sinkable feel in your pillow, select down if your budget can stand it. These run as high as \$15 per pillow.

Waterfowl feathers make softer pillows than land fowl feathers. Softest is the goose feather, then duck, then turkey and firmest is chicken. Chicken feather pillows are also the least expensive in the feather pillow line. Life of a good feather pillow is from 15 to 20 years.

Other soft pillows especially good for people who are allergic to feathers are filled with Kapok, a floss from the seed pod of an East Indian tree. With use, this will eventually break down into a dusty powder. The synthetic fibers make soft fluffy filling for pillows, also.

More firm are the foam pillows in either natural or synthetic rubbers. Latex or the natural rubber is superior to synthetic rubber for pillows though varying degrees of quality can be found in either. Rubber filled pillows hold their shape firmly. Other firm pillows are made of combinations of cotton fibers and latex.

**Hold Final Services For Mrs. J. Spaid**

Mrs. John W. Spaid, 81, former resident of Cass City, died Monday, Jan. 16, at her Huntington Woods home. Funeral services were held Wednesday, Jan. 18, at a funeral home in Royal Oak. The Rev. Thomas Kirkman, pastor of the First Presbyterian Church of Royal Oak, officiated and burial was in Oakview cemetery.

She was born July 5, 1885, in Ohio and married Mr. Spaid in July of 1901 in Ohio. Her husband died in 1932.

Among the survivors are four children: Orra Spaid of Cass City, Mrs. Fulton (Lola) Cooney of

Huntington Woods, Mrs. Roger (Saiva) Crabtree of West Chicago, Ill., and Mrs. Avis Lynch of Owosso; seven grandchildren; nine great-grandchildren, and two sisters, Mrs. Mabel Shouey of Shepherd and Mrs. Esther Eldredge of St. Louis, Mich.

**Baptists Hold Teacher Banquet**

A Teacher Appreciation Banquet was held at the Baptist church Thursday evening, Jan. 19, for Sunday School teachers and their spouses. Twenty-six persons attended.

Master of ceremonies was Ferris Ware, Sunday School superintendent. Dick Shaw gave the invocation. A vocal duet was presented by Mrs. Dick Shaw and Mrs. Stan Guinther.

Guest speaker was Rev. Don Olsen, pastor of the First Baptist church, Bay City.

Rev. Richard Canfield, pastor, presented each teacher with a gift.

**ADJUSTMENT**  
The paradise people look for is not a locality - it is merely a state of mind.

**Officers Installed By Presbyterians**

Several newly-elected officers were installed at the Presbyterian Church Sunday morning by the pastor, Dr. Marion Hostetler. Mrs. B. H. Stammann was ordained as a deacon. Others re-elected to the board of deacons for three-year terms are Mrs. Frank Meiser, Fred Martin and Basil Quick. Ruling elders elected for three-year terms are Dr. Ivan MacRae, Clarence Merchant and James A. Milligan. Re-elected to the board of trustees are Curtis Hunt, Miss Agnes Milligan and Mrs. John Reagh.

Charles Auten was elected corporation resident agent. Continuing in office are Mrs. Meredith Auten, local mission treasurer; Orion Cardev, general mission treasurer; Miss Agnes Milligan, recording treasurer; Mrs. Lora Hillaker, memorial fund treasurer, and Miss Joan Cole, youth treasurer. The congregation voted to participate in the Fifty Million Fund, a nationwide drive to secure capital funds for building and repairing churches, hospitals, schools and other church buildings.

# Letter to Editor

January 23, 1967

Mr. John Heire  
Cass City, Mich.  
Dear John:

In regards to your article on out-door ice skating rink - Your statement that skating on an artificial rink in Cass City is a losing proposition, and "Basically, the trouble is that land area available is mostly gravel and water seeps away at the first thaw and the ice cracks, and skating is lousy".

In the year of 1958 Mr. Jim King, who was on the village council at the time, was in charge of recreation, and also being a member of the Elkland Township Fire Department, asked the help of the firemen to build a skating

rink. The rink was located east of the grade school. It was lighted at night by three light poles which are still standing. The rink was located so that parents could drive up and watch their children and even try the ice themselves as Mr. H. M. Bulen well remembers. We had a skating party in the month of February with almost a hundred or more kids racing for prizes. Mrs. Lillian Yedinak and myself were in charge of the "Ice Capades" and hot chocolate was donated by Basel Bigham, also a fireman.

The reason the skating rink fell through was that a roadway was built on the north and east side which cut the ice rink in half. The east light pole was moved almost to the center and what was left of the rink could be compared to one lane on a bowling alley - it was long, but narrow. The property is still there. At the time I asked to have the skating rink made larger by using the ground to the west to make up for what was taken away from the east side but was told that it belonged to Little League which used it in the summer - Little League now is in another location.

John, all we need is cold weather to harden the water to make ice. As to the plastic that was placed on the tennis courts to hold the water, it did not rip, it was torn and punctured by kids who had no respect for the rink or the effort the Fire Department put into it.

The rink at the tennis courts is too small for large groups, it is alright for little shavers learning to skate.

The first year the tennis court was used, the "Dug Outs" belonging to Little League were used as a wind break for kids to sit down when putting on their skates. They were also wrecked by the kids by kicking the boards off to build fires to keep warm.

Getting back to the old rink which was surrounded by a snow fence, Mrs. Paul Murray did a very good job by laying down the law and keeping the kids off during recess periods.

Give us the old rink, and make it larger, plus cold weather and we'll have a skating rink that will keep our kids outdoors so they can enjoy the winter months in God's Great Outdoors.

Thanking you for listening to me, I am

## Churchman School Slated in April

There will be a School of Churchmanship in Cass City in the month of April, according to the Ministers' Association. The Rev. Dr. Marion Hostetter is in charge of the project.

Patterned after a successful school sponsored by the Cass City Council of Churches in 1961, that organization suggested the shift in sponsorship so that more churches might participate.

## Uncle Tim From Tyre Says:

Dear Mister Editor:

My preacher was always telling the congregation a honest confession was good for the soul and the fellers at the country store Saturday night was shore improving on their soul.

First off, Clem Webster of the Great Society confessed he has got so old he ain't in the mainstream of life no more. Per instant, said Clem, fer all his three score and ten year he has been a distant admirer of the wimmen folks, but he ain't never thought wimmen's knees was one of their strong points. And now, reported Clem, wimmen's knees was in the middle of the mainstream.

Ed Doolittle said what we got now was wimmen what don't want to wear no skirt at all and they was coming as close to it as they could. But here, allowed Ed, was where us old foggies was getting out of the mainstream. While we was lamenting about ugly knees the manufacturers was making a skirt fer ever day in the week from the same material they used to put in one regular frock.

Furthermore, claimed Ed, no sooner did skirts start gitting up in orbit than them fellers in the mainstream started fignering new ways to make money out of it. He said he had saw in the papers where they was coming out with

special leg makeup and knee glamerizers and false tattoos to paste on the kneecap. He predicted afore 1967 was over the TV commercials on tooth paste would be squeezing it on a woman's knee instead of her teeth.

Even the lawyers, said Zeke Grubb, was gitting in the mainstream. He reported he had saw where this young girl got her knee cut in a car wreck and she sued the driver. The court give her \$2,000 in damages and said the reason was skirts was now so high the scar could easy handicap her future.

The storekeeper butted in to say we didn't know the half of it, that they was now putting dresses on the market made out of paper. They was claiming we got throw away towels, plates, table cloths, iron-on patches and that paper dresses was next in the mainstream.

Bug Hookum was lamenting the mainstream has got so wide all a well dressed woman would need in the future was a few rolls of paper and some hevie tape so's she could go to the closet, tear off a yard or two and paste up a frock proper fer the occasion. It was a mighty sad session to see all the fellers admit they was flopping around in shaller water while the rest of the world was out in the mainstream.

Incidental, Mister Editor, the next time you hear a woman say she ain't got nothing to wear, just hand her a copy of your newspaper and tell her to go paste her self up a new outfit.

Yours truly,  
Uncle Tim

## Hollis Seeley Rites Held Saturday

Funeral services for Hollis Seeley were held Saturday at Little's Funeral Home. Rev. Ira Wood, pastor of Salem EUB church, and Rev. Stanley P. Kirn officiated. Burial was in Elkland cemetery. Mr. Seeley died Wednesday, Jan. 18, at Cass City Hospital, where he had been ill for a week.

He was born in Ellington township Feb. 19, 1912. His parents were Mr. and Mrs. Fred Seeley. He married Miss Hazel Hower Sept. 5, 1936, in Dearborn. Following their marriage, they lived in Cass City, where Mr. Seeley was a contractor and builder. He was a member of the Evangelical United Brethren Church in Cass City.

Surviving are his wife; two daughters, Miss Sherryl Seeley and Miss Janis Seeley, both of Cass City, and a son, Charles Seeley of Belleville. Also surviving are three sisters, Mrs. Ralph Price of Caro, Mrs. Edward Anthes of Deford and Mrs. John Anderson of Birmingham; four brothers, Clark, Oscar, Earney and Alfred, all of Cass City, and one grandchild, Chris Seeley.

Sanitation rules and regulations recommended by the Thumb District Health Department approved and adopted by the Boards of Supervisors of Lapeer and Tuscola Counties.

The new ordinance establishes control over: (1) disposal of sewage, garbage and rubbish; (2) building use; (3) land subdivision and (4) food sanitation.

It was drawn up by the Thumb District Health Department which has jurisdiction in Lapeer and Tuscola Counties. It will go into effect 30 days after advertisement of its passage.

Among the requirements of the ordinance are inspection of sanitary facilities for all new construction, inspection of public food service establishments and licensing of septic tank installers.

Penalty for violation of the ordinance is 90 days in jail and/or a fine of up to \$100. Copies of the code will be available at the Thumb District Health Department, 147 W. Lincoln, Caro, Michigan, or at the County Clerk's office in the Court House.

Effective Date February 1, 1967.

Signed,  
**Archie Hicks**  
Tuscola County Clerk

### Autumn Olive Shrub Adapted to Mich.

A new publication by the USDA Soil Conservation Service, describing a new plant that will attract wildlife, conserve soil and beautify odd areas was announced today by Wilbur Kellogg, Work Unit Conservationist assisting the Tuscola Soil Conservation District.

The publication, "Autumn Olive", concerns Cardinal Autumn Olive -- a new strain of autumn olive developed by Soil Conservation Service plant materials specialists and noted for its hardiness, yield and growth under a wide range of soil and climatic conditions. It is well adapted to Michigan. Autumn Olive is a wide-spreading shrub, often growing as high as 16 to 18 feet.

It bears yellow, trumpet-shaped flowers in the spring and red berries in the fall. The berries are a favorite food of many birds and many persist on the plant into the winter. Autumn Olive branches provide excellent nesting sites for songbirds, Kellogg explained.

Copies of this publication may be obtained from the Soil Conservation Service, 852 S. Hooper St. Caro.

## Do Hub Caps Have Psychology?

By Rev. R. J. Searls

I am threatening to write a book about the psychology of hub caps. Ours is the only nation, I am sure, where the buyers of sports cars buy special hub caps that go with the racy build of the cars. But then, afraid (rightly) that someone might steal the sports caps, take them off the cars, going about town without any hub caps at all. Doesn't this all seem silly? So, It Seems To Me.

LAUGH!

Three clergymen were discussing the manner in which they divided their Sunday collections. Said the first: "I draw a line. Throw all the money up. That which falls to the right of the line I give to the Lord, and that which falls to the left of the line I keep for myself." Said the second divine: "Why, I draw a circle instead. I, too, throw the money up and that which falls outside the circle I keep for myself." The third minister said: "My method's simpler. I just throw all the money up in the air and I figure that whatever the Lord wants he will take while it's up there."

### Mrs. B. Freiburger Speaker at AAUW

"Was It Worth It?", an evaluation of the Cass City summer program under the federal Title I program, was the subject of a program given by Mrs. Bernard Freiburger for the January meeting of the American Association of University Women. Mrs. Freiburger, principal of Deford School, served as director of the Title I program.

The AAUW group met at the home of Mrs. Edward Scollon with Mrs. Stanley Kirn, cohostess. Miss Linda Isbister is a new member and Mrs. Forrest Walpole was a guest.

Mrs. Ed Baker announced the following nominating committee: Chairman Mrs. Richard Drews, Mrs. D. E. Rawson and Mrs. Delbert Profit.

Cass City Chronicle  
Cass City, Michigan  
Dear Mr. Haire,

My parents, Mr. and Mrs. Morton H. Orr, and I have been reading with interest your articles on English walnut trees.

Dad has two English walnut trees in his yard which are approximately forty years old and have been bearing fruit for a number of years now. These trees grew from seedlings transplanted from the garden of Miss Nellie Bigelow. They froze back several times and grew up from the roots before they started bearing. They have yielded up to one-half bushel nuts each. This past year the trees bore several hundred nuts.

Sincerely,  
Winnifred Orr Bauman

### New-Member Drive Set for Farm Bureau

The Board of Directors of Tuscola County Farm Bureau met Tuesday evening, Jan. 17, at the Farm Bureau Center in Caro.

Plans for the new member campaign to be held during the month of February were discussed. Headed by Jack Laurie of Cass City, chairman of the membership committee, the drive will kick off Feb. 6 at the Farm Bureau Center.

Duane Sugden of Mayville, regional representative, reported the annual legislative seminar is scheduled Feb. 15 for Thumb area members. Farmers will meet with legislators to discuss key issues and visit the legislature in session.

Sugden also discussed several programs now in the pilot stage, which will soon be offered to members. Among them are record-keeping, farm management, labor procurement and others.

Appointed by the state organization, Clifton Lotter of Silverwood will serve on a special community group study committee, to make recommendations on the future of community Farm Bureaus.

Tuscola County President John R. Graham of Caro met recently with the Michigan Farm Bureau Relationship committee at Lansing, representing the Thumb district. This group serves as a liaison between county and state membership.

It's the unlooked for things that are apt to cause trouble for those who watchfully wait.

Day Care Center Helping Retarded

**Local Care**  
Severely retarded youngsters refused admission to schools are rapidly finding relief in local day care centers being opened throughout the state.

Started at Port Huron in the fall of 1963 under auspices of the State Mental Health Department, the day care program now includes 34 centers, including 11 opened in the past six months.

Most of the centers are located in the southern half of the lower Peninsula, but there are now 10 centers north of the Bay-Oceana county line. Another four are scheduled to be opened before July.

**Quiet Death**  
A good strong draft may not be the most comfortable thing to bear in a house, car or fishing shanty, but under certain circumstances it can be a lifesaver.

Each year, particularly in winter, needless deaths are recorded in Michigan. The source is carbon monoxide poisoning. What most people forget is that carbon monoxide is present whenever there is combustion of any kind: canned heat, gas refrigeration, furnace, auto engine.

This new facet of mental health care was introduced with the idea of relieving parents of the 24-hour care burden required with severely retarded children and still offering an alternative to full-time institutional commitment.

Some 650 children are presently enrolled in the various centers. All of them are excluded from local school programs.

A few children enrolled in the earliest center operations have gained enough learning and skills to move into public school special education classes.

"To protect against it requires adequate ventilation," says State Health Director Dr. Albert E. Heustis. "By adequate ventilation, I don't mean having the window open a crack. I mean a good strong draft."

Aside from faulty heating systems in homes or house trailers, the most frequent monoxide accidents involve parked cars, and the people who sit in parked cars most often are young people.

Mental health officials note the need remains high for additional day care centers throughout the state. Those presently in use are operating at or near capacity levels.

"I don't suppose it would do any good to try to discourage young people from sitting in parked cars," said Dr. Heustis. "They are going to do it anyway, but if we can convince them not to turn on the car motor when it becomes too cold they would go home instead of to a hospital or morgue."

It is estimated that with the new centers planned through June, enrollment will be more than 1,000.

Also entering the mental health care picture this year will be the first adult activity centers, designed to provide programs for retarded adults who lack ability to hold a job or participate in existing training programs.

The first of these opened in January in Macomb county. Six others are planned this year.

Stick to the facts always - act on principle, not on opinion.

**Complex Question**  
Important questions in 1966, it would seem, will result in different answers depending on the personal or professional view of the experts. Take the question of the best way to save lives through traffic safety measures, for example.

Talk to the Secretary of State. He administers driver licensing laws. He will say that a major improvement could be noted if the enforcement was tougher in these laws.
