

## From the Editor's Corner

While the PEP drive in Cass City is temporarily halted while last minute checks are underway with remaining districts, authorities say that they expect to have enough for the addition to the present park and, hopefully, enough for the new playground in southeast Cass City.

The value to Cass City and the need for more room was easily visible at the park Monday night.

Every nook and cranny of the playground was filled. By actual count there were five different games underway at once. Early in the evening, two Pony League practice games, a Little League game, a Little League practice game and a Minor League game were going all at once.

Later in the evening two Church League softball games were in progress. All this in addition to the picnicking, swimming and organized games held earlier in the evening.

With the PEP drive, the community college and the new school, it seems foolhardy to bring up another project . . . but everytime you drive by it cries for attention.

It's the old dump site on the Cass River that ruins what should be one of Cass City's greatest attractions.

What a park site this would be if and when we get the gumption to clean it up.

I've heard conflicting reports about Expo 67 at Montreal from local residents. One man writes home that there were a lot of visitors, but the exposition wasn't crowded.

Another family returned home and said that they only spent three hours at Expo because of the crowds waiting at the favorite exhibits.

This same source says not to worry about accommodations. We didn't have reservations for Monday night, but there was vacancy after vacancy close-in to the city, he explained.

## Deford Elevator To Close

One of the oldest businesses in the area will close Friday, July 14, when the Frutchey Bean Co. of Deford will close its doors, Mr. and Mrs. Ralph Terry announced this week.

The Deford elevator is one of the oldest in the chain of 24 elevators and warehouses in the present Frutchey chain. It was established in 1904 by the Cass City Grain Co. and operated under this management until 1930 when the company merged and became the Michigan Bean Co.

Three years later the company was reorganized as the present Frutchey Bean Co.

The Deford elevator was started when an old barn was used as the elevator building and twice during its 63-year history was rebuilt following fires.

Frutchey still has the area well saturated with outlets: Besides the one in Cass City, there are Frutchey elevators in New Greenleaf and Kingston.

## Official College Vote Results Told

A Board of Canvassers from the joint intermediate boards of Huron, Tuscola and Sanilac county school districts met Friday in Bad Axe to make official the final election results.

The vote on Proposal I, to set up a community college district, was defeated over-all 6358 to 6754 while Proposal II, authorizing millage for the project, was defeated 5939 to 7230.

Individual county breakdown of the vote was as follows: Proposal I: Huron county, 3070 Yes - 3040 No; Tuscola county, 1587 Yes - 2102 No; Sanilac county, 1701 Yes - 1612 No.

Proposal II: Huron county, 2946 Yes - 3150 No; Tuscola county, 1500 Yes - 2377 No; Sanilac county, 1498 Yes - 1708 No.

## "Baldy" Ellis Succumbs to Heart Ailment

Howard "Baldy" Ellis, a former Cass City businessman, died Thursday from a heart ailment from which he suffered for 10 years.

Before stricken with his heart ailment, "Baldy" was a well-known Cass City civic leader, active in most community endeavors.

He was a former member of the Cass City Gavel Club and active in promoting sports in the community.

HOWARD "BALDY" ELLIS

While he operated his gas station, his business was unofficial headquarters for the youth of the community.

After he became ill he was unable to continue working and a heart operation failed to help enough so that he could work again.

He was stricken while on vacation and died in Blair, Nebraska.

Born in Highland Park, Jan. 13, 1911, the son of Mrs. Clara Ellis and the late Harold Ellis, he married Anne Baranic in Caro April 7, 1933.

After their marriage they lived in Caro until 1942 when

## Report Busy Year At Hills and Dales

Hills and Dales General Hospital is in a healthy financial condition, it was revealed at the annual meeting held Tuesday, June 13, at the hospital.

According to the financial statement, the hospital concluded the fiscal year from March 1966 to March 1967 with a profit of \$28,414.82.

However, members of the board said that the profit will be needed to pay increased costs of operations due to increased wages and other operating costs to be felt during the 1967-68 fiscal year.

The increase will be following a trend, the annual report indicated. Every department in

## Good Things In Bader Family Come in Threes

The best things come in small packages--and three at a time. Just ask Mr. and Mrs. Lloyd Bader, Snover, and they will tell you the same. The Baders became grandparents for the 17th, 18th and 19th times this past week within the span of four days.

On June 15, they became grandparents to Rodney Lee Hallas. He was born in the William Beaumont Hospital, Royal Oak, to Mr. and Mrs. R. Hallas.

June 16 was the Bader's 36th wedding anniversary. It was also the birthday of their number 18 grandchild, a daughter born to Mr. and Mrs. Gerald Auten in Hills and Dales Hospital.

Number 19 came Sunday, Father's Day. She was born to Mr. and Mrs. Dale Bader in Bad Axe's Hubbard Memorial Hospital. Grandparents are Mr. and Mrs. Raymond Wallace, Cass City, and the Baders.

"This is the first time any of our grandchildren, now 11 boys and eight girls, have been born so close together," said grandmother Bader.

the hospital cost more to run in the last fiscal year. Total operating costs were \$649,808.58 as compared to \$532,889.76 the previous year. . . . an increase of nearly \$87,000.

Part of the increased costs were due to an increased patient load. Charles Haythorn, administrator, estimated that the patient load jumped some 10 per cent during the last fiscal year.

The statement also indicated that the hospital is building a healthy reserve against the day when more hospital space will be needed.

The total is \$163,534.88. Some of this money came from donations. . . . principally from donations of stock from the estate of Mrs. A. A. Ricker.

## ELECT DIRECTORS

Three members were re-elected to the board of directors. They were: George Jacoby, B. A. Calka and Mrs. James Champion. Mrs. Champion and Jacoby were members of the first board at the hospital.

Other directors are: James Bauer, M. B. Auten, Alex Ross, Willis Campbell, Mrs. Sherwood Rice Jr., and Archie McLachlan.

## Disposal Plant Operation Brings Safety Award

The Village of Cass City has earned an Award of Honor for outstanding safety performance at the Cass City waste treatment plant during 1964 through 1966.

Presented by the Michigan Water Pollution Control Association, the award is a top safety honor given in recognition of three consecutive years of work without a lost-time injury at the Cass City plant.

MARY C. WOLAK overcame the crippling effects of polio to teach herself the fundamentals of organ playing. Practicing daily since age 15, Mary is the organist at Wilmot St. Michael's and has been since her father first volunteered her for the job in 1937.

## For 30 Years, Despite Handicap Self-Taught Organist Never Misses A Beat

Mary C. Wolak began to play the organ at 15. She taught herself.

Thirty years ago, she began playing the church organ for St. Michael's in Wilmot. She still plays it today, every weekday morning, Saturday and Sunday. And, she practices faithfully several hours every day.

The amazing thing is that Mary does all this with the aid of crutches and a wrist brace--she has had polio since she was one year old.

Born in Detroit, April 8, 1909, Mary is the daughter of Catherine Wolak and the late Zigmund Wolak. She and her parents, who immigrated from Poland and were married in Detroit, moved to the area in 1918 and bought a farm two miles southwest of Wilmot. She now lives there with her mother and her brother

Henry's family.

No one in Mary's family was too musically inclined and no one played the organ or piano. "My father and uncle would occasionally play the violin," recalled Mary, "but that was just for their own pleasure." Because of this, she was somewhat surprised when, after mentioning her interest in instruments, her dad brought home an old pump organ for her to learn on.

Not losing any time, Mary remembers she picked up some old music books and began to teach herself the fundamentals of organ playing. She worked at the organ everyday for hours. "My parents never complained about the noise," said Mary. Taking this as an encouragement in itself, she continued to practice and practice.

The attack of polio had weakened Mary's right shoulder to the point where she had no strength in her arm. It also left her without the use of her right leg, something that caused a momentary problem when it came to working the old pump organ. Mary worked her way around that obstacle by pumping with her left leg while someone else operated the right peddle.

At one time, Mary considered taking lessons but gave this up because her disability would allow her to play only with her left hand. Knowing of no one who would teach a disabled

person, Mary continued to practice and to learn on her own.

By the time Fr. Michael Kujawa came from Sandusky in 1937 to start the mission in Wilmot, Mary's organ had been replaced by a piano and she had worked out a system that enabled her to use her right hand. At first she would rest her wrist on the handbar of her crutch. She found this to be just the right height, placing her hand level with the keyboard. Now a specially constructed brace performs the same function.

Mary's father seemed to be the chief "silent" promoter of his daughter's playing. When the parishioners of the new mission needed an organist, Mary was volunteered--by her father. Although she could play only the melody, Fr. Kujawa said it would be acceptable.

## Sign Friday for Swimming Lessons

Swimming lessons will be offered again this year three mornings weekly, it was announced by Recreation Director John Bloss.

Children interested in the program are asked to register at 9 a. m. Friday morning at the pool.

The program will be under the supervision of pool director Dexter Johnson.

## Minor Injuries in 3 Area Accidents

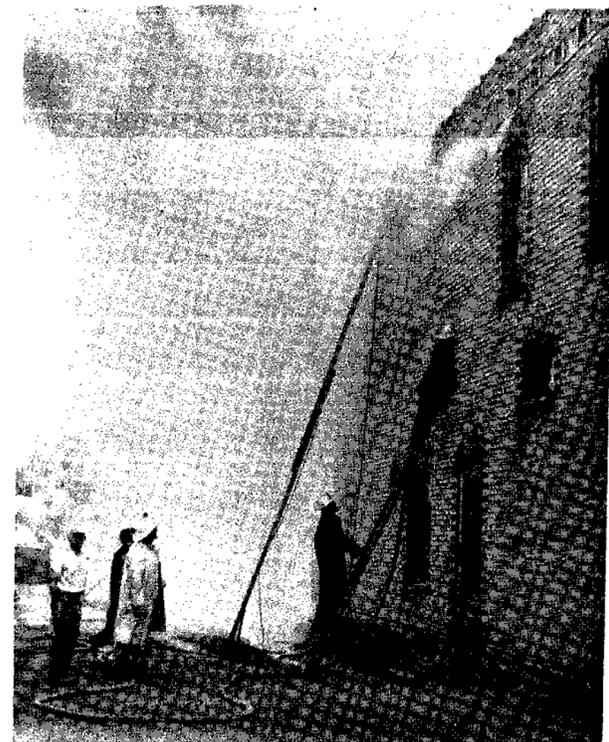

Three separate accidents in the area last week involved a total of seven Cass City residents. No serious injuries were reported.

Michael B. O'Dell, 24, of Cass City, sought treatment for cuts and bruises received when he rolled his motor bike Friday north of Gagetown. O'Dell was headed north on Walsh Road when the bike hit loose gravel, causing him to lose control. The bike received light damages.

No tickets were issued Saturday when cars driven by David Charles Dearing, 25, of Cass City and Ferris Dean Ware, 35, of Cass City collided on River Road, one quarter mile west of Cemetery Road. The Dearing car was headed east at 25 miles per hour and the Ware car headed west at the same rate of speed. Dearing,

according to sheriff's reports, said he was over the middle of the road. Occupants in the Dearing car were Donald Hocking, 18, and Kelly Sue Dearing, 4. Neither were injured. No tickets were issued.

Linda Ann Freiberger, 19, of Cass City, was ticketed for failure to yield the right of way, following a minor damage accident on Saturday. According to investigating officer James Jezewski, Miss Freiberger was heading east on the alley behind Oliver Farm Machinery when, failing to yield the right of way, she pulled onto Oak St. where her car and one driven by Edward Arthur Wendell, 18, of Cass City, collided. The Freiberger car received a damaged front end and the Wendell car received damage to the right front fender. Neither driver was injured.

At the beginning . . . . .

. . . . . and after the blaze was over.

FIREMEN QUICKLY were at the scene when fire broke out at Walt's Bar, but the departments from several Thumb communities were unable to save either the building or the bar. Mrs. Celia Zuraw, owner of the business and upstairs apartment in Gagetown, was injured in the blaze.

# \$30,000 Blaze Highlights Rash of Fires

A rash of fires hit the Cass City area last week including a \$30,000 blaze which destroyed Walt's Tavern in Gagetown.

Firemen from four area stations battled the blaze at Gagetown which burned for more than five hours Thursday, destroying the brick structure. In addition to 10 firemen, a tanker and pumper from the Elkland Township Fire Department, equipment from Caro and Owendale was called shortly after 10 a. m. to give mutual aid to the Gagetown department.

The cause of the fire, according to sheriff's officials, was a toaster left plugged in

located in the rear living quarters of the building.

Damage estimated at \$30,000 was confined to the rear of the building as firemen poured some 75,000 gallons of water on the blazing structure. Tuscola county road commission tankers provided an assist to the firemen.

Tavern owner Mrs. Cecelia Zuraw was admitted to the Hills and Dales Hospital suffering from smoke inhalation and shock. Her condition is listed as good. Her teenage son, asleep in the upstairs of the building when the fire was reported, escaped injury.

## CAR FIRE

A fire Thursday morning at the corner of Leach and Garfield did a reported \$200 damage to a car owned by Alton O'Connor, Cass City. A broken gas line which threw gas on the manifold was blamed for the fire.

## HILLS AND DALES HOSPITAL

The fire department was summoned Friday to Hills and Dales Hospital when a fire broke out in the electrical room. The fire was believed to have oc-

curred when the hospital switched from its auxiliary to regular power, causing an overload. Fire was limited to the switchboard and little damage was done.

## SATURDAY FIRES

The fire department was called three times Saturday, all fires resulting in little damage.

A 9:50 a. m. fire run was made to the corner of Ale and Garfield when a faulty carburetor caused a fire in the car owned by Bruno Zawilinski, Cass City. Burned wiring was

reported to be the only damage.

The second run of the day was made to Schneebarger's TV Sales and Service at approximately 3:10 p. m. Clarence "Bud" Schneebarger attributes the little damage done by the electrical fire to the quick response and work of the Elkland Township Fire Department.

A 10:30 p. m. call resulted in the fire department being summoned to Grimm's Drive-In at the corner of M-53 and M-81. Little damage was caused by the fire in the fluorescent light.

## I BET YOU DIDN'T KNOW

By H. M. Bulen

Everybody knows Babe Ruth made more home runs in his career than any other player in history. . . But, how many fans know who made the most singles in history, the most doubles and the most triples in history? . . . Three different men hold these records. . . The man who made the most singles in a career was Ty Cobb with 3,052. . . Record for most doubles is held by Tris Speaker who made 793. . . And the man who made more triples in a career was Wahoo Sam Crawford who made 312.

Do you know there was once a man who lost over 5-million dollars on five sports events! . . . He was a famous man, too -- the tea magnate Sir Thomas Lipton. . . He tried five times to win the America's Cup yacht races. . . When he entered his last race, in 1930, it was esti-mated he had spent more than 5-million dollars to build and to race his yachts. . . And, sad to say, he not only spent all that money -- but he never won a race!

Do you know who originated the overlapping grip used by most golfers in the world. . . It was Harry Vardon of Britain who was one of the top golfers in the late 1800s and early 1900s. . . Vardon is the only man to win the British Open six times.

# Edison lowers the cost of electric living

Lowered two ways. By free installation of major electric appliances. And by another reduction of electric rates.

Now, when you buy a new electric clothes dryer, Edison pays for installation, exclusive of venting. Your new electric range will be installed free, too, as long as these appliances are installed on Edison lines in homes up to and including four-family residences.

New electric water heaters of approved capacity are also installed free. And you'll get one of the lowest electric water heating rates ever offered.

If your home's heated by electricity, you get added savings. Your rate's been lowered again. This time, 10% over the previous rate; altogether, a 30.5% reduction in eight years.

Like to live the good life? Do it with electricity. Costs less than ever.

## IT SEEMS TO ME

# Migrant Stores To Aid Summer Help

By Rev. R. J. Searls

We just received a 'newsletter' about the Huron-Tuscola Migrant Mission, seeking to serve the farm laborers that are shipped in every summer to help Michigan's farmers. New this year are two men hired by the Migrant Mission who will attempt to reach the Migrants by speaking their language. Money for this new venture comes largely from opening 'migrant stores' where good, used, clean clothing can be purchased at a very nominal fee. More information may be found by talking with Keith McConkey. Gifts of clothing, toys, bedding, books, and household articles may be donated. After needed repairs are made these items are sold at a nominal fee. The Migrant Mission is an established program in our area, and needs our help for this and succeeding years. Or so, "It Seems To Me!"

cate that it was little more than the village dive! Now, of course, it has a sign outside but there is little more to recommend it at night. I talked about the need to get the front of the restaurant lighted up, with Pat Martin who has owned it for nearly five years. The basic reason that they do not light the front of the restaurant, Pat told me, was that kids knocked the external lights out faster than he could put them in! I'll bet that if he mounted two floodlights on his sign post, he would make more sales than the cost of the floodlights. Or, so it Seems To Me!

On April 30, 1967, the American Friends Service Committee celebrated its 50th Anniversary. Founded by the Society of Friends (Quakers) in 1917 to provide an alternative to military service during World War I, the AFSC immediately began that program of relief, healing, rehabilitation that has distinguished it for the past half-century. In every threat of international strife, it has met the clamor of hunger, thirst, and temporary housing. In 1947, it, along with its British counterparts, received the Nobel peace prize, the only American organization to be so honored. Never has help been limited by taking sides in any conflict in order to meet someone's basic needs. All that have needs are cared for.

We salute the AFSC on its 50th anniversary! Or so "It Seems To Me."

A middle-aged woman lost her balance and fell out of the window and into a garbage can. A Chinaman passing by remarked; "Americans vely wasteful. That woman good for ten years yet."

Mike: "Where've you been?"  
Mike: "In a phone booth talking to my girl, but someone wanted to use the phone, so we had to get out."

The very first night as a resident of Cass City, I wanted a cup of coffee and drove past the cafe's I had noticed in the day light! Closed! Closed! Bush's seemed to be the only place open, and the lack of floodlights did little to indi-

Double Ring Rites Unite Fox-Kennedy

Miss Katherine Lynne Fox and Mr. Charles Walter Kennedy were united in marriage in a double ring ceremony at the First Methodist Church of Caro Saturday, June 3. Rev. Paul Cargoy read the rites for the couple before an altar decorated with candelabra and baskets of white lilies, yellow mums and white gladioli.

The bride is the daughter of Mrs. Freeman Fox of Vassar and the late Mr. Fox and the granddaughter of Mrs. Neil Fletcher of Cass City. Parents of the bridegroom are Mr. and Mrs. Arthur Kennedy of Caro.

Mrs. Arlington Hoffman, Cass City, sang "One Hand, One Heart" and "O Perfect Love", accompanied by Mrs. Frank Hunt, organist.

Given in marriage by her brother, Robert Fox, Vassar, the bride chose a street-length white lace gown which featured a boat neckline, fitted bodice and a full skirt with an over lay of lace at the back. She wore a string of pearls and a shoulder length bouffant veil. She carried a bouquet of yellow roses and lilies of the valley.

Judy Fox attended her sister as bridesmaid and chose a mint green gown of chiffon over taffeta with a matching headpiece. Her bouquet was of pink carnations.

Pat Fox served as best man and ushers were Gary Kennedy, brother of the bridegroom, and Brian Fox, brother of the bride.

The mother of the bride chose a blue and white suit and the bridegroom's mother wore a green and yellow print. They both wore corsages of pink tea roses. The bride's grandmother wore a green print dress with pink carnations corsage.

A reception following the ceremony was held in the church dining room. The wedding cake was baked by the bridegroom's mother and decorated by the bride's brother, Freeman Fox Jr., Vassar. Serving at the reception were Gayle Fox and Linda Merrill of Vassar and Laurel Kennedy of Caro.

The couple are making their home in Vassar. Charles is a graduate of Caro High School and Lynne was graduated from Vassar High School.

**Electronic Voting Saves Both Time and Money**

When will you vote electronically? Several workable systems exist. The law has been changed to utilize the advantages; all it takes is the decision by your local voting authority.

Small, electronic voting devices can replace the conventional voting machine. A computer card is positioned in a voting "booklet" and voters read the booklet much as they do items on a voting machine. Votes are cast by punching the card in each appropriate square. Punches are made either with a sharp stylus or, depending on the model, by pushing a button.

After the polls close, election inspectors seal the "ballots" in a container and deliver them to a central computing center for tabulation. This system is already in general use in nine states and has been used successfully by Midland, Michigan in that city's last four elections.

Legislation to allow Michigan communities to adopt electronic voting was sponsored in 1965 by Rep. Russell H. Strange, (R-Mt. Pleasant) chairman of the House Elections Committee. Strange has made an extensive study into the system and is convinced that it is a superior method for many communities, especially those which are growing rapidly.

Strange, Rep. Phillip D. Pittenger (R-Lansing), a member of the elections committee, and Bernard Apol, state deputy director of elections from the Secretary of State's office, closely observed the Midland

system. \*\*\*\*

The advantages of such a process are in savings of time and money. The electronic voting devices sell for under \$200. Conventional voting machines cost almost \$2,000. Storage costs are exceedingly small when compared to voting machines. Midland's city clerk said that 80 electronic recorders can be stored in the space needed for one voting machine. Because of its low cost and ease of handling, more polling stations can be set up. This eliminates long lines of voters. Costs of moving and setting up the device are practically nil.

The computer gives vote tallies quickly. In Midland, for example, 12,000 ballots were tallied in 16 minutes. And people like the system. A random sampling of 160 voters who used the device in Midland showed only one person dissatisfied.

\*\*\*\* Widespread use of the electronic method probably won't take place until after the 1968 Presidential election. Most municipalities would rather introduce a new system of voting during local elections with smaller turnouts.

Will your community make the conversion? Ask your local election officials. \*\*\*\*

**RETARDATION PROGRAMS**

Michigan leads the nation in two important programs of treating the mentally retarded: specialized training of "trainable retarded" people for employment by private industry and the establishment of "day care centers" for the severely mentally retarded.

Almost 300 people have been placed in a wide variety of jobs throughout the state during the first 20 months of the trainable retarded program. Jobs vary in scope according to the capacity of the handicapped. It has been found that performance in some jobs exceeds that of the non-retarded.

According to Dr. V. A. Stehman, acting director of the Department of Mental Health, the major problem confronting such a program is finding suitable housing for retarded within the communities. Jobs are plentiful. "To help adjust to life away from an institution, the retarded person needs a place to stay that includes supervision, guidance and someone to talk to," say department officials.

The "ideal situation" is a home where two to eight retarded people live with an older couple capable of providing supervision. Approved homes are leased by the department with payments based upon the number of beds available. Each home must pass inspection by local fire and health inspectors and social workers from the department.

There are currently 18 homes, in ten Michigan cities, which serve as residences for persons participating in the program. \*\*\*\*

Day care centers ease the load of mental institutions and bring treatment to more of the state's severely mentally retarded. During 1963-64, only 12 children attended one day care

center. By July 1 of this year, more than 900 retarded children will be enrolled in 37 day care centers throughout the state.

Under day care programs, children live at home and spend the day at the center. This system allows maximum treatment and development of skills to more children but keeps costs to a minimum.

More use is being made of outpatient facilities and community clinics in treating mentally retarded adults. Improvements and increased service in the fields of mental illness and community mental health services have also developed.

\*\*\*\* Dr. William H. Anderson, Columbia, Missouri, is the new director of the department succeeding Dr. Robert A. Kimmich. Kimmich resigned last November after serving for 2-1/2 years. Anderson assumes his responsibilities July 1.

**5 Minor Justice Cases**

Five persons came before Justice of the Peace Hugh Connolly last week paying a total of \$45 in fines and \$30 in costs.

David Lee McPhail, 20, Owendale, was ticketed by patrolman Jezewski for failure to yield the right of way. He paid a fine of \$15 and costs of \$5.

State Police ticketed Norbert Otto Kramel, 71, of Sebawaing for disregarding a stop sign. Kramel paid a fine of \$5 and costs of \$5.

Deputy sheriff Charles ticketed Daniel Herman Woern, 18, of Fairgrove for speeding 80 miles per hour in the daytime. Failing to answer the summons, he was brought into court on a warrant, paying a fine of \$15 and costs of \$10.

Jean Mable Spencer, 32, Cass City, was ticketed by state police for failure to transfer auto registration. She paid a fine of \$5 and costs of \$5.

Fred Benjamin Periso, 42, Cass City, was ticketed by state police for driving with defective brakes. He paid a fine and costs of \$10.

**Two Area Students At Music Camp**

Two area students are scheduled to attend Central Michigan University's annual high school music camp which got underway Sunday with 230 Michigan high school musicians enrolled.

The two-week camp consists of concentrated study and performance in band, orchestra and chorus under the direction of a camp staff of 27 members. Camp coordinator is Dr. Rex Hewlett, member of the CMU music faculty.

Attending from Cass City High School is Carolyn Fry, 12th grade, and from Owen-Gage High, Rebecca Good, 11th grade.

The students will attend music theory and literature classes and take private lessons in all areas of performance. Rehearsals will be conducted daily, culminating in camp concerts by the two bands, orchestra and chorus.

### Foreign Pupils To Visit Again

Two hundred foreign students from the University of Michigan and Michigan State University will spend the 4th of July week end with member families of The Christian Rural Hospitality Council, according to William Lutz, director. Six or eight communities will probably be involved.

Students from Ann Arbor will come by chartered bus Saturday morning, July 1, and return to the campus on the late afternoon or evening of July 4. Students from East Lansing will travel by University bus on about the same schedule. Member families who might be interested in hosting foreign guests at this time may contact their local community chairman or Mr. Lutz at 327 South Division Street, Ann Arbor, 48108.

The headquarters of The Christian Rural Hospitality Council moves this week Wednesday to Ann Arbor. It will be located in the office of the Protestant Foundation for International Students at University of Michigan. The telephone number is 313-662-5529.

### McCallum Injured In Gun Accident

William McCallum Jr., 34, of Owendale was injured Friday when a pellet rifle accidentally discharged, causing a pellet to enter his right arm.

McCallum, who is paralyzed from the waist down, was hunting crows from his wheelchair at the time of the mishap.

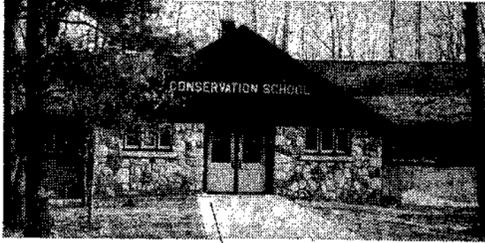

He was taken to Scheurer Hospital, Pigeon, where the pellet was removed.

Huron county undersheriff Robert Swackhamer investigated.

DOUG PARTRIDGE was handed a \$25 check from Standard Oil for winning a contest sponsored by the company for driveway sales personnel. Partridge works for L & S Service. Presenting the check is Tony Zakrajsek, sales representative.

### Conservation's ABC's for Teachers

It's sign-up time for Michigan educators who plan to attend the 1967 Teachers' Conservation School at Higgins Lake this summer. The school, with its broad look into the wonderful world of natural resources, will again background teachers so they can link conservation with other subjects in their regular classrooms. Of special interest to school administrators and board members is a new seminar set for July 23-29 which will go beyond the standard course of instruction. It will spotlight federal aid programs for cost-sharing education and offer professional know-how for establishing outdoor "classrooms" or "laboratories" on school sites. Regular week-long classes for teachers at Higgins Lake will be held July 9-15, July 16-22, July 30-August 5, August 13-19, and August 20-26. For more details about these sessions, scholarships, and college credits, write to: Teachers' Conservation School, Michigan Department of Conservation, 408 Kalamazoo Plaza, Lansing, Michigan 48914

### Area Holstein Completes Testing

Betheldale Regal Sharon, a three-year-old registered Holstein cow owned by Vernon J. Clare J., Robert J. and Richard J. Carpenter, Cass City, has produced a record of 16,270 lbs. of milk and 564 lbs. of butterfat in 305 days. Production, weighing and testing operations were supervised by Michigan State University in cooperation with the official breed improvement programs of the Holstein-Friesian Association of America.

This level of production may be compared to the average U. S. dairy cow's estimated annual output of 8,513 lbs. of milk containing 315 lbs. of butterfat.

One Year Later Cherry Now Walks As Bone Is Healing

One year ago Cherry O'Harris was in a cast that extended down from her waist to her ankle on the right leg and to the knee on the left. Today, with the aid of a brace, Cherry walks to school, to the park and plays in the yard with friends. The operation which put Cherry in the body cast was the first of four designed to correct a bone defect resulting from polio at 9 1/2 months. Doctors found the trouble to be in the bone socket of the hip which did not form correctly causing the bone to grow straight instead of twisting. During the first operation, the bone was loosened so it would grow in the right direction. The cast which Cherry was put in as a result of the operation would allow her to lay in only two positions, on her stomach or on her back. Cherry's mother, Mrs. Paul O'Harris, said that she and her husband were told in February that their daughter would need another operation in the summer, this one to correct muscle damage. But when they took her back to Bay City Mercy Hospital, where treatments are being made, doctors found so much improvement in Cherry's condition that they decided to wait one more year for the second operation. "This is the same type of brace Cherry was in before the operation," said her mother, "and we really don't know how long she will have to be in it. But she is walking much better than before and there is no limit as to where she can walk." At the moment it is not known whether or not Cherry will later walk without her brace. Her parents were told, however, that with modern medicine being what it is, anything is possible. In the meantime, Cherry's attitude and spirit are said to be, "real good."

Deford Old Settlers In Annual Reunion

Fifty-one from Ann Arbor, Port Huron, Pontiac, Flint and area towns attended the annual Old Settlers' reunion Saturday at the Deford school. Following a cooperative dinner, a short program was presented. The Rev. David Aitman, pastor of the Novesta Church of Christ, conducted devotions and addressed the group. The eldest person present was Mrs. Carrie Retherford, 92, of Deford. Officers elected for the coming year are: president, Mrs. Mack Little; vice-president, Miss Martha Knoblet; secretary, Mrs. Glenn McClorey; and program committee, Mrs. Irma Hicks of Caro, Mrs. Charlotte Willis of Port Huron and Mrs. Mack Little. The 1968 reunion will be held at the same place the third Saturday in June.

Spoooner Escapes And Is Caught

Cleveland V. Spoooner, 22, of Bad Axe, was apprehended Monday by Huron county deputy sheriff William Gill in Bad Axe after Spoooner had escaped from the Huron county jail Sunday. Spoooner, charged with threatening Sheriff Merritt R. McBride, May 25, with a loaded .22 caliber rifle was being held on \$3,000 bond following circuit court examination. The prisoner walked away from the jail Sunday during visiting hours. He had been allowed into the office part of the building to visit his girlfriend who had probation papers for him to fill out. Spoooner, on probation following an Ohio conviction on a concealed weapons charge, left the building when the deputy began to return other prisoners to their cells. Officers from across the county and a police dog from Bay City were in on the search that ended when Gill located Spoooner in an alley behind Al's Market, Bad Axe. Gill stated that Spoooner was about to run when he confronted him, but gave up when the deputy warned he would shoot to kill. A citizen's telephone tip led to Spoooner's capture.

Electrical Worker Killed in Mishap

Robert Eugene Yontz, 45, of Caro, was electrocuted Friday afternoon as he worked on a light pole located five miles southeast of Kinde. Working with Yontz were Jim MacDonald, Cass City, and Hugh Landra, Saginaw. MacDonald, working on the same pole as Yontz, reported he was climbing down after finishing the job when he saw a bright flash and looked up to see Yontz hanging by his safety belt. A power line attached to the pole carried 7,200 volts. MacDonald and Gates brought Yontz to the ground and administered first aid and external heart massage. He was pronounced dead on arrival at Hubbard Memorial Hospital. Yontz was employed by Hugh Landra Electric, Inc., Saginaw, a sub-contractor for Thumb Electric Co-operative, Inc., Ubley.

CHURCH ORGANIST

concluded from page 1 Thus Mary's career as a church organist began in 1937 and she has continued in this capacity to the present day. During the stays of Fr. Kujawa and Fr. John Bozek, who administered St. Michael's as a mission of Cass City's St. Pancratius, Mary played only Sunday masses. But when Fr. Sigmund Heremski was named first permanent pastor, she began playing daily masses too. Again, it was Mary's father who took her to church every morning until his death in 1953. Since then her brother Henry and his wife have chauffeured her to church every morning of the year. In 1953 the people of St. Michael's moved into their new church. It was complete with a choir loft, a new electric organ and Mary, who with practice had learned to play almost all types of church music. "Mary has been climbing those stairs to the choir loft (a job which takes her about a minute because of her handicap) every day for 14 years," said Fr. Raymond Pilarski, the present pastor of St. Michael's, "...and during those years she has never missed masses - except for severe weather conditions." Actually Mary's attendance record dating back to 1937 is almost perfect. Besides playing at Mass every weekday morning, Saturday and twice on Sunday, Mary has choir practice every week. And if this isn't enough, she continues to practice at home everyday. She also plays for weddings and funerals in Wilmot, Mayville and Cass City. Although she has not taught anyone else to play the organ, she was a great aid in helping the organist at the Mayville church get her start in church music. "Her faithfulness and devotion to church music has bolstered the spirit of the entire congregation," says Fr. Pilarski about his organist. "She has helped the choir and congregation a great deal in changing over from the Latin Mass to the new modern English Mass we are now singing." Mary's activities within the church are not limited to playing the organ. During the year she is busy with her needle making linens for the altars and fancy goods for the church bazaar. In May, she was honored at St. Michael's annual mother and daughter breakfast as spiritual "Mother of the Year." Fr. Pilarski summed up the feelings of many when he said about Mary, "She's a great asset to the church community."

Erla's Cop Pair In Ubley League

Erla's, defending champion in the Ubley Recreational League, played two games last week, winning both. In a game played Tuesday, Erla's took the measure of Carling's of Bad Axe by a score of 2 to 1. In Friday night's game, it was Erla's 12, Nugent's 3. Tuesday night's game was a pitchers' duel from the very beginning, led by the one-hit performance of Erla's Al Bosch. Erla's first run came in the fourth when Wally Hampton singled and was hit in by a Dave Wilson single. Bosch scored Erla's second run in the sixth inning when he reached base with a single and Jerry Hillaker singled. B. Mazure, Carling hurler, scattered four Erla hits. Bosch struck out 11 white Mazure could get to only 3 Erla batters. Friday's game belonged to the batters as Erla's collected 12 runs on 7 hits. Nugent's earned three runs on three hits. Every Erla batter connected for at least one hit with the exception of Hillaker. LaRoche went two for four for the evening. Big scoring came in Erla's fourth inning when Hillaker walked, Wally Hampton doubled Jim Knoblet and Bob Alexander singled and Elwyn Helwig connected for a home run. Helwig struck out six and Dan Erla three for the Erla team. B. Coster, pitching for Nugent's, struck out only four Erla batters. Last week's performances leave Erla's with a spotless two won and no loss record for the new season. MAKE YOUR OWN BEANS Make a brass-cleaning solution by mixing together a tablespoon of salt with half a cup of vinegar and enough flour to make a smooth paste. Apply the mixture with a damp cloth, rubbing well. Rinse with cold water. EASY TO FIX SATURDAY MEAL An easy-to-fix Saturday supper of frank kebabs is good family fare. Fix bowls of 1-inch slices of franks, onions, and dill pickles. Then let each family member "thread" his skewer and place it on the broiling rack. Let one member broil the kebabs and baste with barbecue sauce.

Pirates Win Again

The Pirates stayed in first place in Little League action last week with a 22 to 0 drubbing of the second place Tigers. Pirate pitcher Gary Zellar pitched his team to their sixth victory of the season, striking out 11 and allowing only two hits in the shutout. Tim Brinkman started for the Tigers and was relieved by Bob Ross in the Pirate fifth. David Doerr finished for the Tigers, relieving Ross. Brinkman was given the loss. The Pirates collected 15 hits off Tiger pitching. Big guns were Mike Fredericks, 3 for 4; Paul Bliss, 2 for 3; and Tim Knoblet, 2 for 3. Tiger hitters Randy Wright and Jeff Profit each singled, accounting for the only Tiger hits.

# CASS CITY CHRONICLE

VOLUME 61, NUMBER 10

CASS CITY, MICHIGAN - THURSDAY, JUNE 22, 1967

## Kirns Celebrate 45th Anniversary

Rev. and Mrs. Stanley P. Kirn Sr., Cass City, celebrated their 45th wedding anniversary last Sunday with festivities held at their home. Over 100 guests from Mt. Pleasant, Lansing, Bay City, Sebewing and surrounding towns were on hand to greet the Kirns. Mrs. Kirn's mother, now 94, and her sister, both from Cleveland, were also at the celebration given by the Kirns' three children.

Mrs. Kirn, formerly Esther Wehling, was born Oct. 19, 1898, in Chilton, Wisconsin. She and her husband, born in Henderson, May 11, 1898, were married June 22, 1922, at her home in Naperville, Ill. Her father, J. G. Wehling, a retired minister at the time,

performed the ceremony. The Kirns were in China from 1922 to 1926 where Rev. Kirn served as missionary in Yuanling and the Hunan Province. Their oldest son, Stanley Kirn, was born in China. The Kirns have two other children, Marjorie of Flint and John of Geneseo, N. Y. Mr. Kirn retired from the EUB ministry three years ago. They also have five grandchildren.

Punch, cake and coffee were served by Mrs. Arthur Little, Mrs. M. R. Vender, Mrs. John Zinnecker, Miss Muriel Addison, Mrs. Ira Wood and Mrs. Kirn's sister.

Any man's character depends on the quality of his thoughts.

## Hostetler's Hodgepodge

### Flint's Schools Work All Day Long

By Marion Hostetler

I think I'm about to become a statistic. I've often heard about the Nielsen television ratings, which indicate the comparative popularity of the different programs, but until this month I had never been included in their survey.

A few weeks ago Helen received a call from Chicago, asking whether she would be willing to help the TV industry by reporting which programs our family watched during a seven day period. When she agreed to do this, the interviewer asked how many sets we had in working order, and whether they received color or black-and-white.

For each set we were to receive a booklet marked off in quarter-hour segments from Thursday through Wednesday, with columns for recording to which channel the set was tuned, the name of the program being watched, and the age and sex of each person who watched for at least five minutes during that time segment.

And the payoff was that we were to receive the sum of half a dollar for completing and returning the booklet.

I haven't decided yet whether the income tax people would want me to call that money a salary, a tip, a bribe, or a gift.

\*\*\*\*  
Speaking of income tax, did your June payment seem to hurt a little more than it did a year ago? Mine did.

They tell me the average American family will be paying some \$3,300 to Federal, state, and local governments in 1967 . . . and that this represents a 19% increase over 1966. And even that much isn't enough to pay for the costs of the war and the current expenditures of the government. The average American pays taxes amounting to 28% out of each dollar of income. In other words, at least one day out of four you are working for

the government. But of course the government is working for you all the time. Your taxes pay the cop on the beat, the highway contractor, the Marine in Korea, the county clerk, the federal judge, and the fellow who collects the income tax. Many citizens of western Europe pay more than a third of their income in taxes.

It's my guess that most people would agree that we get our money's worth for taxes that are used for educational purposes. But since local educational taxes are just about the only tax over which the individual voter has any control, these are the first to suffer at a time when taxes in general seem to be too high.

"A significant share of the increase in tax collections is attributed to the automatic data processing program introduced in 1962. Since that time, the number of taxpayers reporting income from interest has increased by 45%." You might say those computers in Cincinnati are an automated conscience for the American people.

\*\*\*\*  
C. S. Mott, founder of the Mott Foundation, recently celebrated his 92nd birthday in Flint. And I recently heard his son C. S. Harding Mott tell about the work of the Foundation, of which he is president.

Early in this century, when the auto industry was expanding rapidly, C. S. Mott sold his buggy wheel and axle company to General Motors, and he took his payment in GM stock. Since then he has had more income than he knew what to do with, and he has been using it ever since for community improvement.

At first he concentrated on a recreational program, believing that the problems of Flint could be solved if every boy in town had a chance to be on a baseball team. Later he recognized that adults as well as children have a need for better self-understanding and greater self-sufficiency.

The great breakthrough in adult education came in 1947, when it occurred to somebody that the public school buildings of Flint were unused during the evening hours at the very time when adults were free to study. Until then, as someone said, "the janitors thought the schools belonged to them after 3:30." Now evening classes are offered in any subject that interests a group of people, from fly-tying to calculus. And the people of Flint, having overcome their feeling that a school is a good place to stay away from, proudly support the schools they use all day and all evening.

JOANNE GREENLEE receives the scholarship award presented annually by Walbro Corporation from Lambert Althaver, vice-president of the company. Watching the presentation are the parents, Mr. and Mrs. Elgin Greenlee.

## Present Joanne Greenlee With Walbro Scholarship

Joanne Greenlee, daughter of Mr. and Mrs. Elgin Greenlee, Argyle, has been named recipient of the Walbro Corporation Scholarship for 1967. The announcement was made this week by the committee administering the scholarship fund.

A 1967 graduate of Cass City High School, Joanne was active in a number of clubs and organizations including the Future Homemakers of America and the French Club. She was a member of the annual staff for two years. In her art work, she exhibited at the Flint Institute of Arts and also won

first place in the poster contest sponsored by the Park Expansion Program. Joanne is a member of the National Honor Society.

The Walbro Scholarship fund was established in 1964 to assist worthy graduates of the local high school who are pursuing degree programs at the college and university level. Funds are made available to the school by the corporation and disbursed by the committee which considers academic record, activities, citizenship and financial need. Joanne is the fourth graduate to receive aid from this fund.

## Thumb Tree Group To Meet Saturday

New equipment, renovation of old planting sites using herbicides, shearing (shaping), the workman's compensation law and custom management of Christmas tree plantations will be featured in demonstrations and discussions Saturday, June 24.

The program will start at 10:00 a. m. at the Richville Gun Club, 4 1/2 miles west of M-24 and M-46. The morning program will be devoted to the demonstration of special Christmas tree equipment, including a Vexar bundling machine.

Persons attending are requested to bring their own picnic lunch. A discussion on the requirements of the workman's compensation law will follow lunch.

The use of herbicides on established and renovated old planting sites will be demonstrated at the Ed-Mar Tree Farm at 1:15 p. m., located 2 1/2 miles south of M-46 on M-24.

A shearing (shaping) demonstration and custom management discussion will be held at 2:00 p. m. at the Cleveland Proffer and Edward Korthal plantations - hosts for the day, on M-46.

Christmas tree growers and interested persons are welcome to attend. The demonstration is sponsored by the Thumb of Michigan Tree Growers' Association.

Francis from the Kingston Methodist Church, Kingston, Corporal Francis, 20, was killed in action, June 3, while serving in Vietnam. Rev. Carter Preston, pastor of Reese Methodist Church, and Rev. Sherman Beird, pastor of the Kingston Church, officiated at the church services. A Marine Honor Guard conducted the graveside services held at the Kingston cemetery. He is survived by his parents, Mr. and Mrs. Ray Francis, Reese; two sisters, Mrs. Carl Marker, Saginaw, and Miss Vivian Francis, at home; four brothers, Elmer, Cass City, James and Stuart, both of Saginaw, and Edward of Greenwood, Ind.; and his grandmother, Mrs. Carrie Gasple of Cass City. Remains were in the Harmon Funeral Home, Kingston.

**Agent's Corner**

By Mrs. Ann Ross Home Extension Agent

Some teenagers can be classified according to their money management habits as the "treasers," the "hoarders," and the "spenders," says Mrs. Ann Ross, Thumb Extension home economist.

All of these classifications indicate a lack of maturity and understanding when it comes to money.

The "treasers" confuse money with personality and self confidence. They try to buy their way to popularity by constantly buying for all the crowd.

"Hoarders" fear the loss of money and think just possessing money will bring them happiness in their homes. They don't distinguish the difference in being secure and being financially secure. Nor have they realized that money is a tool

to financial security, that is, money works for you, not you work just to have money.

The "spenders" would rather spend now and think later. They can't hang onto a dime. They buy just for buying's sake and sometimes don't want or use their purchase. They don't seem to want the responsibility attached to having money. They have not learned what it means to have a goal -- such as buying a car -- and then planning to save for it.

Young people need guidance with understanding when it comes to money management, Mrs. Ross points out. Otherwise, money may become an obsession with them. It may become of more importance to them than security, love and achievement.

**Mosher Attends Rose Festival**

Radarman 3C Gary L. Mosher, USN, son of Mr. and Mrs. James Mosher of Gagetown, visited Portland, Oregon, during that city's annual Rose Festival, as a crewman aboard the Pacific Fleet destroyer USS Hamner.

Observing the Rose Festival is the way citizens of Portland mark the arrival of spring. This year the Festival ran from June 8-12.

Dating back to 1905, the community celebration includes parades, dances and the appearance of well-known personalities, and the crowning of a Rose Festival Queen.

Ships of the Pacific Fleet have traditionally represented the Navy at Portland's yearly event. This year, 13 Navy ships visited Portland and held "open house" to acquaint the people of the Pacific Northwest with their Navy and its ships.

### Uncle Tim From Tyre Says:

Dear Mister Editor:  
Ed Doolittle come to the country store Saturday night loaded fer bear. He fetched along what he said was the "evidence" in the case.  
Ed reported he had saw in the papers here a while back where the United States had got mad and cut off all foreign aid to Yemen. He told the fellers he got curious about the

matter and tried to find Yemen on a old world map he had in the attic. He said he couldn't find no such country on the map and he couldn't find it in his dictionary. And so, allowed Ed, he done what the Government calls a "research program" on the matter. Only, said Ed, it would have cost the Government \$10,000 and he got it done fer a 5-cent stamp.

### Beef Cattle Day At MSU Sept. 1

Beef cattle feeders and breeders should reserve Sept. 1 for the annual Beef Cattle Day at Michigan State University.  
Alfred Ballweg, Tuscola county Agricultural Agent, says results of more than 20 different cattle feeding experiments conducted during the year at Michigan State University will be revealed.

There will also be discussions of interest to cow-calf production programs at the annual MSU event. Of particular interest this year will be the feeding results with mid-September, mid-October and mid-November harvested corn silage.

The Want Ads are newsy too.

He said he wrote a note to his daughter, the one that lives in the city and calls dinner "lunch," and ask her to see if she could look in some of them fancy books they got in city stores and find out about Yemen.

Friday he got a letter back from his daughter informing him on this matter. He stuck the letter up on the wall behind the cheese box fer all the fellers to read. I copied it down, Mister Editor, to enlighten your ignorance on Yemen. Here's what the letter said:

"Yemen is a small kingdom in Arabia, on the eastern shore of the Red Sea. It is ruled by a religious chief and the capital is Sana, a walled fortress city with eight gates."

Now, reported Ed, this piece in the papers announcing we was cutting off aid to Yemen said we had give them \$42

million from 1959 through 1966, and our quota fer them in 1967 was \$2.4 million.

The point he was making, allowed Ed, was that if we was giving Yemen a total of more'n \$44 million in the last nine year, was they any piece of foreign earth, plowed or unplowed, under God's heavens that wasn't getting some of our tax dollars?

Zeke Grubb said he had a happy thought he would like to add to Ed's fine piece of "research" in this matter. He was of the opinion that, come a month or two, all would be forgiven and we would be friends ont more with Yemen and start hauling that \$2.4 million fer 1967 through them eight gates. He claimed that we have got mad at other countries in past years and cut off their aid but always ended up being buddies again. In fact, said Zeke, he wouldn't be surprised none if we didn't hike the 1967 quota to \$3 million just to show Yemen we still loved 'em and all was forgiven.

In case any of your tax-paying readers, Mister Editor, was figgering on making a world tour this summer, tell 'em to be shore and stop at Yemen. They own part of the place.

Yours truly,  
Uncle Tim

## Down Memory Lane

FROM THE FILES OF THE CHRONICLE

FIVE YEARS AGO

Rev. James C. Braid was appointed at the Detroit Annual Conference at Adrian to replace Rev. Robert Searis as pastor of the First Methodist church in Cass City.

Cass City Lions Club installed these new officers, president B. A. Calka; first vice-president, Paul O'Harris; second vice-president, Pete Rienstra; third vice-president, Harold Jansen; secretary, Charles News, and treasurer, Al Freilburger.

A double-castle set of climbing bars and monkey bars, purchased with the proceeds from the Junior Woman's Club birthday calendar sales, was recently installed at the Cass City Park playground.

Richard McNeil, son of Mr. and Mrs. Roy McNeil, suffered two fractures in his right wrist when the go-cart he was driving was struck by a car.

Announcement was made of the sale of Little's Furniture to Ed Cantile of Pontiac.

Jane Houghton of Kingston returned home from Hills and Dales Hospital after spending five days recuperating from a bicycle accident.

TEN YEARS AGO

Mrs. Frank Beckett Anker was the master of ceremonies when eight members of the 12-member class of the 1917 graduating class at Gagetown Public School held its 40th reunion.

Mr. and Mrs. Hugh Hendricks have been selected as king and queen for the Kingston centennial celebration.

Joan Holmberg was one of the 5,509 graduates at the University of Michigan when she received her degree from the School of Music.

Behind the shutout two-hit pitching of Jack Hool, the Cass City Merchants won their first ball game of the season when they defeated Frankemuth Insurance.

Rev. Earl Crane announced his resignation at the Cass City Church of the Nazarene to accept a charge at Ypsilanti.

The First Presbyterian church in Cass City will mark its 80th anniversary at the morning worship.

Mrs. Arthur Little attended the annual convention of the seventh district association of American Legion Auxiliary at

Utica.

TWENTY-FIVE YEARS AGO

Daniel Kroll, English and speech teacher, and Miss Marjorie Shier, fifth grade teacher, at Cass City Public School have resigned to accept positions in other school systems.

George W. West, for 27 years a member of the Cass City fire department and village president for 11 years, died at his home in Cass City.

Rev. E. M. Gibson has been returned for the fifth year as pastor of the Mennonite Brethren in Christ Churches of the Cass River Circuit, by the state conference.

Mrs. Edward Pinney attended an alumni banquet at Owosso at which she was one of the speakers.

Frank Dodge, a former Cass City boy, has been engaged as superintendent of schools at Decatur.

I. S. Berman of Kingston left for California where he will make his home.

The Misses Nina and Gertrude McWebb, who have been teaching in Cleveland, Ohio, came to visit their mother, Mrs. Sarah McWebb.

A knitted garment should always be blocked before a zipper is inserted. After blocking, facing the edges with tape will help you achieve evenly stretched sewing and prevent stretching.

### Alfalfa Acreage for Haylage Increases

The sight of dirty cattle grazing in "belly-deep" alfalfa in Michigan may never completely vanish, but it is certainly going out of style, according to Alfred Ballweg, County Extension Agricultural Agent.

The agricultural authority points to a survey made by C. Ray Hoglund, MSU agricultural economist, that shows alfalfa crop grazing dropped by 50 per cent between 1960-1965 on a sample of 182 southern Michigan farms.

Hoglund found that the percentage of alfalfa acreage utilized for haylage was three to four times higher in 1965 than in 1960.

The county agricultural agent says more farmers are using a combination of corn silage, haylage and green chop forage feeding and keeping cattle confined to dry lot the year around. In general, as the herd size increases, the number of days cattle are grazed is reduced.

Dairymen using haylage are advised to cut early -- when

the crop is just starting to bloom. The value of the early crop haylage as a milk producer will more than offset the extra tonnage obtained by waiting until the crop is more mature, the agent reminded.

Dairymen are also advised by the agent to cut haylage fine, not more than one-quarter inch, so it will pack in the silo and cause few air pockets, which tend to start spoilage.

Don't expect happiness to come to you-go out into the world and create your own.

One For The Road
Game's The Same
But Names Are Not
By Dan Marlowe

I was reading the plaint of
a sociologist the other day--
I think it was in The Satur-
day Review--about the disap-
pearance of the good oldfash-
ioned nicknames among school-
boys.

"Where today are the pun-
gent nicknames of the '20's
and '30's?" demanded this
earnest seeker after knowledge.
"Do you know a boy called
Skinny today? One called
Whitey? Slim? Shorty? Pinhead?
Peewee?"

While I don't have the close
connection with schoolboys
these days that would permit
me to check out the matter
empirically, superficial in-
vestigation assures me that the
man is right. Where indeed are
the Reds, the Stubs, the Four-
eyes, and the Docs of yester-
year, to name just a few of
the less esoteric?

Upon reflection, it seems to
me that the youth of today is
singularly unimaginative in the
nicknames it bestows; that it
is in fact strangulating upon
the gray flannel conformity at-
tendant upon the conferral of
nice-sounding nicknames like
Ronnie, Jeff, Rick, Carlie, Bob-
by, and other run-of-the-mill
youthful pseudonyms.

I went to school with boys
named Splicker McGurn and
Jigger Moran and Sheeny Cur-
ran, and the nicknames some-
how suited them. There were
Yarby Foley and Cute Higgins
and Mudhorse Dumas and Sleepy
McManus. I can see them all
clearly, while I have to strug-
gle to recall any interesting
Toms, Dicks, Harrys, or Char-
lies. A nickname was a badge
in those days, to be worn proud-
ly. It was usually won--or lost
--early, often in some boyhood
contest, and it stuck for life.

Thinking back, I don't re-
member the given names of
any of the above examples.
I must have known them once,
but it's the nicknames that en-
dure in memory. I played base-
ball with boys called Buzzy
Ware and Tansy West and Beano
Newcomb and Bottles Carr,
and football with Chuck DeMaio
and Duck Buttimer and Busness
Carey and Ace Hargreaves.
Those were nicknames that
meant something, satisfying
mouthfuls all, and no pallid-
sounding Johnnies or Joey's or
Billys need apply.

I remember something else
from those days, too. The girls
rarely had nicknames, but the
given names were apt to be
Helen and Rose and Gertrude
and Thelma and Mary and Ruth
and Alice and Olive. Nowadays
it's Jennifer and Stephanie and
Mellisande and Adrienne and
Beverly and Daphne and Geor-
gina and Wendolyn, to say nothing
of diminutives like Terri
and Randi and Sandy and Cindy.

No question about it, the
games may be the same but
the names are different.

EUB Church Plans
Dedication Service

A service of dedication will
be conducted in Salem Evangeli-
cal United Brethren Church,
Cass City, Sunday, June 25,
at 11 a. m. when the renewed
and refurbished sanctuary of
the church will be consecrated
to divine worship.

The Rev. Garrison H. Kel-
lerman, newly-elected confer-
ence superintendent, will de-
liver the dedicatory sermon
and lead in the service of conse-
cration. He will be assisted by
the Rev. Robert Betts of
Owosso, a former pastor, under
whose leadership the project
was initiated.

The new arrangement in-
volves a change in the direction
of seating from east to south,
a new chancel, new chancel
furniture, pews, carpeting,
cross, lighting effects, dossal
curtain, refinished floor, etc.

George Dillman, chairman of
the church building and im-
provement committee, has
supervised the development of
the project.

A potluck dinner will follow
the service at 1 p. m.

Toothpicks will help you hold
two cake layers together after
they have been filled and
frosted. The picks should, of
course, be removed before
serving.

OES Meeting
Held Wednesday

Echo chapter OES met in
the Masonic hall Wednesday
evening, June 14.

The charter was draped in
memory of two members who
died recently, Mrs. Elizabeth
McArthur and Mrs. Adeline
Knight.

A meeting of the past matrons
club was announced for June
22 at the home of Mrs. G.
William Cook.

Members are considering a
raise in chapter dues and voted
to dispense with July and Aug-
ust meetings.

The worthy matron, Mrs. Don
Koeppgen, had 13 past worthy
matrons and four past worthy
patrons presented in the East
and honor was paid to them.

At the close of the meeting,
a musical program directed
by Mrs. Keith Murphy was pre-
sented. Taking part were Randy
Hoffman, Kris Murphy, Sheila
and Sheryl Guc, Nancy, Susan
and Linda Koeppgen.

Refreshments were served in
the dining room.

Zonta Club Meets
At Little's Cabin

The Zonta club met at the
Little's cabin in Caseville for
the June dinner meeting and
social party. Twenty members
and guests were present and
potluck dinner was served.

In the business meeting, the
club voted to give \$50 toward
the fund for "Youth For Under-
standing" for the exchange stu-
dent from Denmark who will
be attending high school here
this fall. This is sponsored by
the student council.

Mildred McConkey, Evelyn
Wells and Isabelle Seeley will
be the Zonta committee for the
quarterly birthday party for
birthdays of the patients at
the Tuscola County Medical
Care Facility in Caro whose
birthdays fall in April, May
and June. The party will be
given in June.

The next meeting will be
held in September.

Joseph P. McHale
Ordained as Priest

Fr. Joseph P. McHale, son
of Harold A. McHale and the
late Mrs. McHale, was ordained
into the priesthood of the Cath-
olic church on June 3. Born
June 29, 1941, in Detroit, he
attended Visitation High School,
Sacred Heart Seminary and St.
John's Provincial Seminary.
His first solemn Mass was
June 4, in St. Agnes'.

Fr. McHale is the grandson
of Mrs. Hattie Lockman Mc-
Hale and the late Arthur Mc-
Hale of Novi and the great-
grandson of the late Anthony
McHale, Gagetown.
