

## Cass City Fishermen

### Three escape as boat sinks

Three Cass City men narrowly averted tragedy while on a holiday fishing trip for Coho salmon Thursday at Manistee. The three, Harry Little, Lyle Richardson and Dick Szarapinski, were fishing in some 65 feet of water near the mouth of the Manistee River when their boat swamped and went down. The accident occurred in the midst of a flotilla of boats, but the accident victims were unable to draw attention to neighboring boats despite frantic distress gestures.

It was not until the boat had sunk almost completely, that neighboring fishermen came to their rescue.

According to Richardson, the accident occurred when the boat started taking on water faster than the men could bail it out. At the back of the boat were two outboard motors, a large one for moving to the fishing grounds and a smaller one for trolling. In addition, there was extra gas on board and the weight of the fishermen and their gear.

The boat was rescued by the coast guard which towed it to shore.

Lost in the accident was all of the fishing gear of the three men.

The lake was choppy, but not rough, at the time of the accident. Coast guard officials reported that seven boats had gone down since the start of the salmon fishing rush.

Friday morning one man was found dead, but was believed to have succumbed to a heart attack while fishing.

RECEIVING THE COVETED God and Country award Monday night at the First Church of Christ, Scientist in Caro were Scott (left) and Craig Guernsey of Cass City. At the left is Mrs. Lambert Althaver, second reader of the church, and at the right, Counselor Mrs. Walker Matlack.

### Guernseys earn coveted God and country awards

#### Knight feted for service to Methodists

Tim Knight was presented with gifts last week from members of the Cass City Methodist Church for his work as organist and pianist.

Knight received a clock radio from the choir of the church. He was organist for the Junior Choir for five years and also served as substitute organist when needed.

For the last year he has been the church's pianist.

The Methodist Men presented Knight with \$100 at a breakfast meeting Sunday, Sept. 10. President Bill O'Dell made the presentation, saying that the money was to help Knight with his education. He is enrolled at Michigan State University where he will begin study to enter the ministry.

Comparatively few God and Country awards are earned by Boy Scouts because the award is one of the harder ones to acquire.

Two brothers, Scott and Craig Guernsey, sons of Mr. and Mrs. Vic Guernsey of Cass City, received the award after working to obtain them for a year.

The award is earned by Scouts for working in the church of their faith.

The youths were required to complete 25 different assignments. Included were both religious memory and interpretation work and physical tasks (such as ushering) at the church.

During the ceremony, Scoutmaster James Ware told the meaning and significance of the Scout Law and Mrs. Matlack gave a summary of the award requirements for the two Christian Scientist youths.

The mother's pin was given to Scott Guernsey who presented it to his mother both for himself and his brother.

The Rev. Fr. Arnold Messing is still looking for a 20-gauge shotgun that was stolen from the back seat of his car somewhere between Grand Ledge and Cass City.

Father Messing had been in Grand Ledge for trap shooting and on his way home stopped at Bridgeport and Saginaw to visit friends.

The gun was valued at \$395 and the leather case was valued at \$5.

### Little damage in two grass fires

Little damage was reported in a pair of grass fires quelled by the Elkland Township Fire Department this week.

Friday night about 5 p. m. the dry weather caused a fire at the home of Louis Franks, two miles north of Cass City. Saturday's blaze was five miles east of Cass City, along Cass City road.

Tuesday evening, Sept. 12, a fire destroyed a 30x60 foot barn owned by Arthur Brown, seven miles west of Cass City.

Prompt work by the fire department saved a new-tooled shed near the barn and kept a gasoline storage tank from exploding.

Four head of cattle were saved from within the building. Well drilling equipment in the barn was lost.

The Caro Fire Department assisted the Elkland firefighters.

### Asher saluted for long career here

Stanley Asher, a fixture in the Cass City business scene since 1928, is being honored by one of his suppliers, the Philco division of Ford Motor Co.

During the years, the genial manager of the corporation has built a host of friends.

He was the first person in Cass City to sell electric radios and since that time has seen herds of new appliances sweep over the business scene.

One thing that hasn't changed, Asher believes, is that successful business is built on the company's reputation for service and standing behind its sales.

Over the years, he said, we have never deviated from this policy.

### Set open house for departing priest Friday

An open house, sponsored by the Men's Club and Altar Society of St. Pancratius Church, will be held Friday, Sept. 22, from 7 until 9:30 p. m. at the church social hall for the Rev. Fr. Arnold Messing.

Fr. Messing will celebrate his last Mass at the Cass City church Sunday, Sept. 24.

Friends and parishioners are invited to attend and refreshments will be served.

Appointed to replace Father Messing will be the Rev. Fr. Peter A. Pijnappels, J.U.D. of Munger.

## Award Peasley bronze medal

Charles A. Peasley, 22, son of Mr. and Mrs. Bud Peasley, has been awarded the Bronze Star medal for heroism at Viet Nam while in action in the theatre March 21.

According to the order announcing the award, Peasley distinguished himself while serving as machine gunner during operation Junction City, Republic of Vietnam.

The citation reads: "During the early morning hours a Viet Cong force assaulted the perimeter defenses attacking with rifle, rocket and mortar fire. Specialist Peasley, a machine gunner, was placing devastating fire on the enemy."

His sector was receiving heavy concentrations of enemy rocket and mortar fire and one of the men in his position was wounded.

"He left his covered position under heavy enemy fire to bring the man back to safety and medical aid. Specialist Peasley

### Lions Club enjoys intimate VIP glimpses

Over 40 Lions and guests were given intimate glimpses of famous personalities Monday night by retired Lt. Col. Stewart R. Spencer of Lexington.

Speaking at Martin's Restaurant, Spencer touched briefly on the humorous and serious aspects of events he saw as a presidential pilot.

For seven of his 23 years on active duty with the air force he was assigned to the Special Air Mission Presidential Unit. He was the pilot and commander of the presidential aircraft used to fly presidents and other very important people.

Among the notables that were ferried to various spots around the world by Spencer were Dwight D. Eisenhower, Dag Hammarskjold, John Foster Dulles, Clare Booth Luce and Nikita Khrushchev.

Spencer was born in Port Huron. He retired from the Air Force in December, 1964, and started a new career as a commercial charter pilot. He has logged over 13,000 hours in all types of transports.

He made a flying trip to Cass City... literally and figuratively. He arrived at the Caro Airport at 6:30, was met by Lion Jim Williams, completed his talk and flew out again at 10 p. m.

then returned still under heavy fire to his position to continue the fight.

"He was directly responsible for saving the life of the wounded man who was losing a great deal of blood and could not have lived without prompt medical treatment."

"Specialist Peasley's disregard for his own safety, coolness under fire and personal bravery are in keeping with the highest traditions of the military service and reflect great credit upon himself, his unit and the United States Army."

Peasley will have served two years in December when he expects to be discharged. He spent nearly a year at Vietnam and was recently home on a 30-day leave. He returned to duty at Fort Knox, Ky.

A graduate of Cass City High School, Peasley was employed at General Cable Corp. before he was drafted.

### Two drives net \$150 for 4-H Wranglers

It's been a struggle, but the 4-H Wranglers Club will probably get a new corral.

The youngsters have been working diligently to try to raise the necessary money.

A series of canisters placed around the community was only moderately successful. . . . netting \$80.

Saturday the kids went door to door to try for money and came back with \$90.

Still \$100 short of the \$250 needed, present plans call for families of members to kick in \$3 each to push the drive over the top.

### Bail reduced for Vanover

Judge James Churchill reduced the bail on Dowell VanOver, Davison, from \$25,000 to \$20,000 Tuesday in Tuscola County Circuit Court.

VanOver is in jail charged with the shooting and severe beating of his father-in-law, Milton Bedore, supervisor from Columbia township, Friday, Sept. 8. He is charged with carrying a concealed weapon and with felonious assault with intent to murder.

The shooting followed a fight between Bedore and VanOver and Bedore was shot in the hand. He was treated at Hills and Dales Hospital.

### Marine veteran explains

## Choppers are dangerous

If they have any choice, a wounded Marine would rather walk out than be lifted by "chopper" to a field hospital, Pfc. Art Bean, 21, of Cass City, who has been in the thick of action in Vietnam for over a year, reported recently while home on a 30-day leave.

"When you are in those choppers," Bean continued, "the Viet Cong is taking dead aim at you. . . it's safer to stay on the ground if at all possible," he feels.

When I was shot in the leg, I could have been evacuated by chopper, Bean said, but I told them I would rather walk out and I did.

Bean was at home telling his opinions of the Vietnam action while on a 30-day furlough which he "bought" by agreeing to a six-month extension of his time in Vietnam. It was his second extension.

This time he had a special

reason for agreeing to another extension in Vietnam. . . he used his leave to come home and married the former Helen Mulrath.

Bean enlisted in the Marines for four years and is not due for discharge until May 28, 1969.

Although he feels that the Marine life is not too bad, he doesn't plan to re-enlist when his hitch is over. "I'm married now," he said, and there aren't many places a Marine can take his wife with him, so I plan to get out.

Bean is a sniper with Headquarters Company, front. It is his duty to search out and destroy the enemy to make areas safe for the troops. It was his counterpart in the Viet Cong who wounded him. "He saw me first," Bean said simply.

Life in Vietnam is much like you read about in the papers, Bean feels. The black market flourishes throughout the area where United States troops are present and there is an inflationary trend everywhere.

Some of the Vietnamese people are friendly; others would kill you the minute your back is turned if they get the chance, Bean said.

Most of them place more value on their animals than they do people, he concluded.

Bean granted this interview just prior to heading back to action. How does he feel about going back to war?

Well, the young soldier said casually, I guess, it's a job that has to be done. And as you read this, Bean is back doing it again.

AFTER FIVE YEARS OF PLANNING a new home for the Cass City Gun Club is becoming a reality. A week-end work bee by club members zoomed the work on the outside of the building to completion.

### Community support credited

## New Gun Club nears completion

The new Cass City Gun Club home, four miles south and a mile east of Cass City is the result of many years of planning and the cooperation of the entire community, club members reported this week as they capped a three-week work bee to build a new building on the 40-acre site.

We've been aiming for this for five years, they continued, but it wasn't until this year that we had the money necessary to get started.

By doing their own work and cutting corners the new 30x40-foot building won't cost the club over \$1,500, Oran Hughes said.

We got a big lift from Croft-Clares Lumber and Tuckey Block who donated much of the material for this building. . . . It was one reason why we were able to build so cheaply, Hughes explained.

It cost the club more money

for the land (\$2,000) than it did to erect the building.

There still remains much work to be done on the building and when it is finished, club members will still have work to do if they are to complete the site according to plan.

We'll have a rifle range and skeet shoot here, they reported.

All of the work by members has been after the regular working day and week ends.

Money was raised with a

variety of projects. Members pushed periodic raffles (there is another in progress now) and were very successful with a sports show held at the school.

A similar show featuring Howard Shelley has been booked again for next spring.

People in the community know what we want the money for, a spokesman said, and have been very generous in their support of all our money raising projects.

### From the Editor's Corner

It's a circus! It's a mad house! It's an economic boom! It's a sport! It's fantastic! It's unbelievable!

IT'S COHO SALMON FISHING!

For two days last week I experienced the most talked about, intriguing new sport in the history of Michigan with four fishing companions, B. A. Calka, Wayne "Buck" Rabideau, Alden Asher and Gerald Prieskorn.

At Manistee, one of the two hot spots in Lake Michigan, not only the fishermen talk about the salmon. . . everyone has Coho fever.

The school kids, the housewife, the businessman, senior citizens. . . everyone is touched by one or more aspects of this fantastic new fishery.

For salmon fishing in the lake is a sport where women can be as proficient as men. . . and youngsters can land one of the 15-pound and up lunkers about as easily as dad or mom.

And salmon hit as readily at high noon as they do any other time of the day or night, making for family sport.

And fishermen by the thousands are taking advantage of it. It was impossible to count the number of boats off the mouth of the Manistee River Thursday. . . but without exaggeration it must have been upwards to 1,000.

And even the persons who weren't fishing were enjoying the spectacle. Many, like one retired Manistee native, come down every afternoon just to watch. "More here today than there were yesterday, night even be more crowded than last week end," he said as he cast a juridical eye over the panorama of boats Thursday.

As an economic force, it's still too early to judge accurately. . . but the community is booming. Every tourist orientated business in Manistee tells you that they have been busier in the last two weeks than they were at anytime during the summer.

Places to stay (and even to overnight park) are at a premium. Our group arrived about midnight Wednesday and were unable to find a room of any kind to stay. . . we slept in the car.

The boom has even touched the city government. The crowds have placed launching sites at a premium. At peak periods lines of seven or eight cars waiting to load or unload were common.

The city built a better approach to the site and will erect bathroom facilities near it. They plan to get their money back by charging \$1.00 per car for unloading. Scuttlebutt was that the charge was to start Saturday, but launching was still free while we were there. The venture should be financially successful as the launching site was busy almost continually with boats coming and going.

Cohos tend to run in schools and the hot spots draw most of the boats. In the more congested areas it is a little like driving on the freeway.

Boats run in two directions while slowly trolling and to get out of the "pattern" it is necessary to slide over to the edge of the flotilla much like you would edge to the exit lane on the freeway.

And the crowd will be as large, or larger, as long as the salmon run. On our way home early Friday evening, I counted 38 cars in one stretch and 22 of them were hauling boats and headed towards Manistee.

They were headed towards an unbelievable experience.

IT'S A JOB to be done, says Art Bean of Cass City, just prior to another six months with the Marines in Vietnam.

Mr. and Mrs. Harold L. Polega

St. Columbkille Catholic Church was the setting for the double-ring ceremony which united Joyce Ann Austin and Harold Leo Polega in marriage Saturday, Sept. 9. The altar held baskets of white gladioli and mums.

Fr. Wern performed the rites for the daughter of Mr. and Mrs. Harry Austin of Bad Axe and the son of Mr. and Mrs. Leo Polega of Bad Axe.

The bride approached the altar with her father. She chose a white Chantilly lace gown styled with a fitted bodice, and her full skirt fell to a chapel train. Her fingertip veil was held secure with a spray of seed pearls.

The maid of honor was Miss Norma Austin, sister of the bride. She wore a gown of gold silk over tulle with a cape-like sleeves, Her hair dress was a gold crown and veil.

The bridesmaids were Charlene LaPere and Kay Cook of Cass City, Joan and Nancy Austin, sisters of the bride, and Arlene and Angeline Polega, sisters of the groom.

They wore gowns of olive green silk over tulle styled the same as the maid of honor's. Triple Dior bows of matching colors completed their ensembles.

Best man was Dennis Lescecki, cousin of the groom, and groomsmen were Steve Finnons, Joe Chapman, Duane Polega, Robert and James Oostokki and Frank Lescecki. Ushers were Ronnie Austin and Martin Kutacki.

Mrs. Austin wore a powder blue lace dress over tulle with black accessories and Mrs. Polega chose a gold metallic gown with black accessories. Their corsages were white carnations.

A reception was held at the Pigeon VFW hall for 600 guests. The couple left for northern Michigan for their wedding trip.

**Around The Farm**  
**Look for more cattle feeding**

By Alfred P. Ballweg

The number of Tuscola county farmers feeding cattle has for a number of years been on a downward trend. Those who have 50 head or more in their feedlot at one time you can count on your fingers. The question is often asked, why are not more farmers interested in cattle feeding? In Huron county cattle feeding has been on the increase.

I believe we will see the trend in Tuscola county reversed with the improved knowledge of feeding, better long-time market outlook and a gradual renewal of interest on the part of farmers.

Hugh Henderson, Extension beef cattle specialist at Michigan State University, stopped in the county last week to visit a cattle feeding set-up. He quoted the results of some recent MSU research where the cost per 100 pounds of gain for one lot of steers fed all corn silage was \$10.70 per 100 pounds of gain. This same lot of steers sold on the market for \$26.50 per cwt. or a difference of \$15.80 per cwt. between cost of feed and market price.

Research reported at MSU beef cattle day on Sept. 1 showed that delaying harvest of corn silage from mid-September to mid-October reduced dry matter yield per acre 11% and to delay the harvest to mid-November caused a reduction of 21% in dry matter yield per acre. Cattle gained 6% slower when fed the October and November harvested silage, required about 6% more silage dry matter to produce a pound of gain, and required about 11% more silage space to hold a hundred pounds of silage dry matter. Start harvesting corn silage as soon as it dries down to 65% moisture or 35% dry matter and continue harvesting as rapidly as possible.

In recent MSU trials, steer calves full fed corn silage and supplement produced 1976 pounds of choice beef per acre of corn fed compared with 1284 pounds when full fed corn silage and supplement plus 1% of body weight daily in shelled corn. Both feeding programs produced middle choice carcasses.

By multiplying selling price times pounds of beef produced per acre, the all-silage program grossed \$510 per acre of corn fed vs. \$345 for the 1% program.

This research clearly demonstrates that Tuscola county cattle feeders could increase their profits by utilizing a higher percentage of the corn crop as corn silage and a smaller percentage as shelled corn.

Every ton of corn silage harvested in Tuscola county this fall should be treated with 10 pounds of urea per ton at the time of filling the silo. This practice will increase the energy value of corn silage approximately 8% and increase its protein value 50%.

To get maximum benefit from urea, additions, corn silage should be between 60% and 70% moisture. If moisture levels drop below 60%, do not use urea.

If bean growers are able to see into the crystal ball and come up with the right answer on how and when to market your beans, you could very well realize more income from the 1967 crop.

Here are the potential supply situation figures for 1967 navy beans:

(1) USDA Estimate, Aug. 1, 1967 - Yield, 8.5 cwt. per acre; total production - 4,100,000 cwt.; potential carryover, 600,000 cwt.; total supply - 4,700,000 cwt.; normal market - 6,700,000 cwt.; potential deficit - 2,000,000 cwt.

(2) 1955-1964 Average Yield, 11.3 cwt. per acre; total production - 5,503,000 cwt.; potential carryover - 600,000 cwt.; total supply - 6,103,000 cwt.; normal market - 6,700,000 cwt.; deficit - 597,000 cwt.

(3) 1953 yield-highest for 1955-65 period: Yield per acre, 15.0 cwt.; total production - 7,305,000 cwt.; potential carryover - 600,000 cwt.; total supply - 7,905,000 cwt.; normal market - 6,700,000 cwt.; potential surplus - 1,205,000 cwt.

These are some very interesting figures. I would suggest you study them carefully.

**Rally day set at Methodist church**

Rally day has been scheduled Sunday at the Methodist Church in Cass City. The event will start with singing in the sanctuary to open the Sunday School at 9:45 a. m.

During the church service, families worshipping together will be recognized and there will be a dedication service for church school officers and teachers, according to the Rev. James Braid.

Tom Proctor is chairman of the education commission. Church school co-superintendents are C. Harlan Dickinson and Dick Drews.

Other officers are: chairman, church camping, Mary Rexin; children's division superintendent, Mrs. Betty Crandell; youth division superintendents, Mr. and Mrs. William O'Dell; adult superintendent, Keith McConkey; secretary, Mrs. Mildred McConkey; financial secretary, Mr. and Mrs. Frank Ridley; library, Malvina Howarth; nursery, Shirley Warg; membership, Marilyn Alexander.

**Baptists schedule missionary series**

The annual fall missionary conference is scheduled at the Baptist church beginning Sunday morning, Sept. 24, and continuing through Sunday, Oct. 1. Rev. Leland Crotts, a ventriloquist who works with Hebrew missions in Cleveland, Ohio, will be the speaker Sunday. He will speak in the Sunday School, morning worship, Teen Fellowship and evening services.

Monday and Tuesday evenings will feature Rev. John Polson, who is affiliated with a Baptist Bible college; and Rev. Paul VanKleeck, missionary appointee to the Philippines, will speak Wednesday and Thursday evenings. The evening services begin at 7:30. There will be no services at the local church Friday and Saturday. Rev. George Haberger, missionary to the Philippines, will be the speaker Sunday, Oct. 1. The public is invited to all services.

**Slate pre-natal classes at hospital**

Another in the long series of community service pre-natal classes has been scheduled to start Sept. 26, at 8 p. m. in the meeting room at Hillis and Dales General Hospital.

The classes will be conducted by Mrs. James Champion, R.N. and all expectant mothers are invited. Fathers are welcome after the first meeting, authorities said.

There is no obligation to the parents in any way.

**School scribbles**

By L. H.

Well, the first full week of school has passed and things are really a - rollin'!

The president of each class, grades 9-12, was elected at the end of last year so that he or she could take over right at the very beginning of this year and get things a - going!

Tuesday the presidents of the different classes had their first job - the election for the offices of vice-president, secretary and treasurer. The classes met separately in the gym and elected the following people to lead them:

**FRESHMEN**

President - Cindy Strickland.  
Vice-president - Bill Chandler.  
Secretary - Ruth Rayl.  
Treasurer - Sharon Hartel.

**SOPHOMORES**

President - Fred Hicks.  
Vice-president - Jim Selby.  
Secretary - Lynn Atwell.  
Treasurer - Dale Churchill.

**JUNIORS**

President - Tom Kolb.  
Vice-president - Harvey Francis.  
Secretary - Tom Fulcher.  
Treasurer - Carla Calka.

**SENIORS**

President - Dan Rabideau.  
Vice-president - Eric Essau.  
Secretary - Elizabeth Smentek.  
Treasurer - Barb Langenburg.

\*\*\*\*  
The Pep Club, students who want to work together to promote school spirit, had its first regular meeting after school Tuesday.

The officers of the club, with one exception, we elected last year. They are:

President - Debbie Boylan.  
Vice-president - Joan Cole.  
Secretary - Lynn Haire.  
Treasurer - Mona Calka.  
Sponsor - Mrs. John Biffoss.  
The vice-president, Joan Cole, was elected at the regular meeting Tuesday to take the place of Peg Chandler, who had to resign from the vice-presidency this year.

Under the leadership of Debbie, things are already under way. Plans are being made for all the pep assemblies, our first football game and especially our homecoming game.

**STUDENT COUNCIL**

To get the student government started at school, homerooms were held Wednesday to elect representatives to the council.

Homerooms, which are alphabetical divisions of the classes into three or four groups, each have a representative in the Student Council to voice their opinions, ideas, or grievances.

Homerooms generally assemble in the morning following a student council meeting to hear and discuss what was done at the meeting the day before. The time used in homerooms is taken out of our morning classes accordingly.

Leading the Student Body is Mary Sue Burns, president of the Student Council. Under her are: Phil Keating - vice president, Lynn Haire - corresponding secretary, Kathy Mark - recording secretary, Fay Barker - treasurer, Joan Maleck - social activities chairman, Dave Bliss - program chairman, Nancy Auvil - historian and Teri Rabideau - parliamentarian.

Representing CCHS in Thumb "B" Student Council will be Anne Bulen, Dave Sherrard, and Kelly Pine.

The Annual Staff, which, by the way, produces the school's annual, met Wednesday after school. The Editor this year is Teri Rabideau, and her co-editor is Barb Ballard.

The staff has a new sponsor this year, Mrs. Karen Wallace. Mrs. Wallace is replacing Mr. Frank Weatherhead, who retired this year. Mr. Weatherhead had served as sponsor for approximately 25 years.

**GAA FORMED**

The girls' at CCHS all feel a need for a P. E. course. Since such a course isn't offered beyond ninth grade, many asked if a GAA (Girls' Athletic Association) could be formed.

Thursday, after school Mrs. Jon Fahrner volunteered her time and efforts and the first meeting of the GAA was held. The new club has to have a constitution written and accepted by the Student Council before it will be recognized by the school as an official club.

At the meeting, officers were elected to get things under way. The new officers are: president - Jean Doerr, vice-president - Carla Calka, secretary - treasurer - Louella Sabo and

point secretary - Anne Bulen. The club is really struggling for a good start. With no treasury, it might prove to be kind of tricky.

Friday the football players left at 2:30 to play a non-conference game in Oscoda. At 2:15 the Pep Club in conjunction with the band and cheerleaders, held a pep assembly to see the guys off and cheer them on.

The student body assembled in the gym to the music of the school song being played through the halls by the pep band. During the assembly we met all the players, and listened to a pep talk by Coach Biffoss.

The band played the school song and the student body sang as the players left to get on the bus for Oscoda.

HAPPINESS IS THE FIRST WEEK OF SCHOOL?

**Right place at right time is Coho key**

The Coho salmon are thick off the Lake Michigan coastline from Manistee to Frankfort, but not all of the thousands of fishermen in the area have been successful.

A Cass City fishing party of five caught just one salmon in two days of fairly hard fishing at Manistee Thursday and Friday.

Fishing were B. A. Calka, John Haire, Gerald Prieskorn, Alden Asher and Wayne "Buck" Rabideau. A total of slightly over 15 hours was spent fishing and one fish caught, a lunker just under 16 1/2 pounds

boated by Prieskorn.

Other than this, the anglers reported only one other strike. In the lake Coho fishing seems to be a matter of being in the right place in the right time. Talking with the successful fishermen indicated that Cohos will bite almost any lure.

Last week the most popular were Flatfish in silver and bright orange patterns. Prieskorn bagged his trophy using a Little Big Dig.

But other successful anglers used cowbells, Mepps spinners, spoons, Lazy Ikes and almost every other lure that can

be imagined.

The Cass City fishermen speculated that they may have done better with a smaller motor for trolling than the 75-horse outboard they had.

Most of the successful fishermen said that they trolled just fast enough to make the lures work and no faster.

Still no one knows for sure if the speed of the boat makes that much difference.

A pair of fishermen who had been up and down the lake for a day and a half without a strike were resting on the shore and had about made up their minds to quit...but decided to give the Cohos "one more try".

An hour and a half later they returned with not one, but two, trophy fish. And that's the way it went. One boat beaches with a limit catch in a couple of hours, others are out all day catching nothing at all.

The Cohos have also started to run up the river and the reports are that the river is black with giant fish, but so far attempts to hook them on a regular basis have failed.

Reports by many experts say that heavy tackle is a must for Coho. It is true that more fish will be netted with 25 to 50-pound test line and extra stiff rods.

However, there is an excellent chance to land them on light equipment...a normal weight spinning rod with eight-pound test line will do nicely.

With this equipment, the Coho puts up a savage battle, is liable to walk on his tail and give the fisherman a half hour that he isn't likely to forget.

The fish are now caught just below the surface and all mature fish are running from 12 to 19 pounds each. When planted 17 months ago the fish were about four inches long.

**Deford**

THE ONLY COHO salmon caught by five fishermen in two days at Manistee was a beauty that hit the lure of Gerald Prieskorn. The big fish weighed just under 16 1/2 pounds and was slightly over 30 inches long.

# Sentence three to Jackson Prison

Three persons were sentenced to prison Tuesday by Judge James Churchill in Tuscola County Circuit Court in Caro.

Alfred Mosack of Cass City was sentenced to Jackson Prison for a term of one and a half to two years with credit for 23 days already served.

The judge recommended that he be given an early favorable work program. Mosack was sentenced for issuing three checks with insufficient funds on the Cass City State Bank for a total of \$48.20.

Percy Snyder, 24, of rural Caro was sentenced to six to 12 months at the county jail for driving with a revoked operator's license. He will receive credit for 16 days already spent in jail.

According to the records, Snyder had been arrested 18 times previously for driving violations ranging from driving without a license to reckless driving.

Donald Wilton of Vassar was sentenced to three to four years at Jackson for stealing a portable radio from the Rainbow Laundromat in Vassar.

Besides the cases heard Tuesday, two criminal cases were heard Friday.

Robert Lee Keimath of Caro was found guilty of breaking and entering the Harmony Hill Bowling Alley in Caro, in a jury trial.

The jury found Keimath guilty as charged but requested leniency for the defendant.

A pre-sentence investigation was ordered and sentence will be passed Oct. 10.

Serving on the jury were: Marvin Young, Faith McPherson, Fred Carson, Harold Jordan, Edna Bishop, Alice Haske, June Andrews, Tril Colston, Donald Alward, Marlene Latimer, Davis Caughel and Lawrence Heath.

Charles O. Curtis of Vassar was sentenced to six months to four years in Jackson Prison for using a forged Michigan license plate.

Nearly 190,500 permits will be issued by the Conservation Department this fall for hunting antlerless deer in these 59 problem areas during Michigan's statewide Nov. 18 - Dec. 3 firearm deer season. The Department's permit quota is scaled to give hunters a possible harvest of about 47,000 antlerless animals which will minimize winter deer losses, overbrowsing, crop damage, and car-deer collisions. Hunters hoping to get the free permits may apply for them after they buy their 1967 firearm deer licenses at local dealers or through the Department's Publications Room in Lansing. Permit applications, to be available with licenses at all dealers by early September, involve special forms which bear each hunter's pre-marked license number. October 2 is the postmark deadline for mailing them to the Department's Lansing office. Applicants are reminded that the permits only give them the right to hunt antlerless deer in specified areas; the privilege of hunting on private property still must be obtained from landowners. Applicants should also keep in mind that large tracts of land in southern Michigan and the northeastern sector of the Lower Peninsula are privately owned and, thus, not as open to public hunting as elsewhere in the state.

## BROWNIE FLY-UP

Wednesday, Sept. 13, Girl Scout Troop 171 and Brownie Troop 641 met at the school gym for their Fly-up ceremony. The six Brownies receiving Fly-up wings and pins were Cory LaFave, Kim Downing, Vicki Downing, Sylvia Vasquez, Tina Kamrod and LuAnn Hendershot. Each girl was welcomed by one of the Girl Scouts.

Following the ceremony, treats were served by the Girl Scouts. The new Scouts were escorted to their meeting place where new patrols and officers were chosen.

Five new members were welcomed into the Brownie Troop. They were Mary Lenhard, Brenda Goslin, Pennie Grady and Deanne and Suzanne Rapson.

After their meeting, a treat was furnished by Patricia Goslin.

## FARM BUREAU

Nineteen members of the North Elmwood Farm Bureau met Tuesday evening, Sept. 12, at the home of James LaFave.

The topic for discussion was education and was led by Richard Ziehm.

Election of officers was held. President is David Loomis; vice-president, James LaFave; secretary, Joyce Loomis; treasurer, Mrs. James LaFave; discussion leader, Alvin Seurynek; assistant discussion leader, Keith Goslin; minuteman, Don Loomis; package reporter, Ben Hobart; citizenship leader, Mrs. Ben Hobart, and news reporter, Mrs. Pat Goslin.

Cards were played and a cooperative lunch served by Mrs. James LaFave, Mrs. Alvin Seurynek and Mrs. Pat Goslin.

The October meeting will be at the home of Mr. and Mrs. William Goodell.

Mrs. Mary Kosick of Kansas City and Frank Dinkelay of Victoria, Kansas, were guests of Mrs. Agnes Lapak and Alfred from Monday until Thursday.

Mr. and Mrs. John Rockefeller and family and Mr. and Mrs. Jacob Damsen of Saginaw were Sunday guests of the ladies' mother, Mrs. Bernice Deeg.

Fox, "The Least One" by Borden Deal, "The Monument" by Nathaniel Benchley, "Anyone Got A Match?" by Max Shulman, "Wide Sargasso Sea" by Jean Rhys and "Spirit Lake" by MacKinley Kantor.

Seven nonfiction books in the collection are: "The New Industrial State" by Galbraith, "Bigger Than A Breadbox" by Steve Allen, "To Move A Nation" by Roger Hillsman, "In Search of Light", broadcasts of Edward R. Murrow from 1938-1961, "All About American Holidays" by Mamie Krythe, "I Passed As A Teenager" by Lyn Tornabene and "Aaron Copland, His Life and Times" by Arnold Dobrin.

## LIONS SWEEP TOWN WITH BROOM SALE

The Cass City Lions Club launched a dual sales campaign Tuesday, Sept. 19, when members started to canvass the town armed with a broom in one hand and a bag of candy in the other.

Lion's President Al Witherspoon said that the sales of the two items will be used to make money for local civic projects and the Lions' sight conservation program.

The bags of candy contain 160 individually wrapped pieces of chewy candy and sell for \$1.00. Nearly every type of broom is available from the Lions during the sale, Witherspoon said.

Moved by Johnson supported by Howell we recess until June 12, 1967 at 9:30 A.M. Motion carried.

ARCHIE HICKS, Clerk

**APRIL SESSION - JUNE 12, 1967**  
The April Session of the Tuscola County Board of Supervisors convened and held June 12, 1967. Meeting called to order by Chairman, Milton Hofmeister.  
Clerk called the roll with all Supervisors present except Buchinger, Howell, Jacoby, Bedore, Meacham and Goodchild.  
Mr. Hofmeister announced that he had appeared before the Board and explained the annexation of properties to the Village of Reese.  
Motion made by Reavey supported by Ensign that a Public Hearing for the Village of Reese be set for a special order of the day on July 10, 1967 at 10:00 A.M. Motion carried.  
Mel Williamson, Dog Warden explained to the Board the cost of kennel license of \$7.50 for 10 dogs and \$15.00 for over 10 dogs, how it operates, also changes proposed for regular dog license. All dogs \$2.00 and after the 1st of March cost would go up to \$4.00.  
Moved by Clement and supported that proposal be turned over to the Sheriff's Department and recommendation.  
Supervisor Johnson presented a resolution for issuing of tickets on dogs:

**VIOLATION OF STATE DOG LAW**

NAME (print) (Last Name) (First Name)

ADDRESS

Report to Justice on or before 19

☐ Allowing dog to run at large.

☐ Female in heat, running at large.

☐ Dog attacking or annoying passersby, on public street or sidewalk.

☐ Failure to buy Dog License.

☐ Other

Upon failure to appear on or before the above date, a warrant will be requested for your arrest as a violator of State Law (Act 359, Public Acts of 1919, as amended).

REMARKS:

Date 19 Signed: (Dog Warden)

Resolved that the County Dog Warden shall have the authority to issue a Justice Summons for the violation of the State Dog Law (Act 359, Public Acts of 1919, as amended) to any violation in the County of Tuscola of said law and setting a date for the appearance of said violator in Court.

Moved by Johnson supported by Reavey the resolution be adopted and provisions carried out. Motion carried.

Supervisor Johnson, Chairman of the County Planning Commission gave a report.

Supervisor Loomis gave a report on the 7th District meeting held June 6, 1967 in Goodells, Michigan.

Supervisor Johnson read an opinion from James J. Epskamp, County of Tuscola - Office of The Prosecuting Attorney, Caro, Mich. June 9, 1967.

Harold Johnson, Supervisor, Indianfields Twp., Caro, Michigan.

Dear Mr. Johnson:

I have asked for my opinion on the following questions: (1) May the County of Tuscola, through its Board of Supervisors, enter into a contract with a private individual to erect a dog house and provide for the housing of dogs and collection fees. This would, by implication, permit the county to erect an animal shelter for the purpose of the state statute. The general authority for counties to erect buildings is found in Section 11 of the Act No. 156 of the Public Acts of 1861, as amended, being Michigan Statutes Annotated 5.551. I therefore answer your first question in the affirmative.

Act No. 359 of the Public Acts of 1919, being Michigan Statutes Annotated 12.511 et seq., known as the "dog law" provides that licensing fees shall be turned into the General Fund of the county and I therefore answer your question in the negative, that funds derived from the licensing of dogs may not specifically be earmarked to pay the costs of the construction of an animal shelter.

Very truly yours,

JAMES J. EPSKAMP

Supervisor Johnson read a request from the National Association of County Officials for \$70.00 for the Convention in Detroit, Michigan.

Moved by Loomis supported by Lomason the \$70.00 requested be paid. Motion carried.

Moved by Johnson supported by Lomason that Chairman Hofmeister attend the Gaylord Alpine Festival on Friday, July 7 with his Per Diem and necessary expenses be paid. Motion carried.

Supervisor Johnson referred the matter of tagging of County property to the Finance Committee.

Moved by Clement supported by Starkey the motion be amended to include the Building and Grounds Committee. Motion carried. Chairman Hofmeister called for a vote on the original motion as amended. Motion carried.

Supervisor Clement, Chairman of the Finance Committee gave a report on a committee meeting.

Moved by Woodcock supported by Maharg we adjourn until 1:30 this afternoon. Motion carried.

**AFTERNOON SESSION - JUNE 12, 1967**

Meeting called to order by Chairman Hofmeister with quorum present.

Chairman Hofmeister called on Mr. James Pruett. He came before the Board on an ex parte.

Moved by Golding supported by Woodcock this claim be referred back to the Claims and Accounts Committee for study. Motion carried.

# CASS CITY CHRONICLE

VOLUME 61, NUMBER 23

CASS CITY, MICHIGAN - THURSDAY, SEPTEMBER 21, 1967

**JOB COMPLETED** - The long awaited resurfacing of the alleys north and south of Main Street from Oak to Seeger Street highlighted the summer blacktop work completed by the village this summer. Also surfaced was the village-leased lot at the corner of Seeger and Main. Pictured at the left is the south alley looking west from Oak, and Houghton Street,

west from Oak, shown at the right.

Besides surfacing Houghton from Woodland to Seeger, the village arranged for a thin coat of blacktop to be placed on several streets as a temporary (five-year) maintenance measure. Included in this work were parts of Brooker and Huron Streets.

## Explore '67 set at MSU Sept. 30

"Explore '67", a special program designed to let Michigan high school students take a look at career opportunities in agriculture and natural resources, has been set for September 30 at Michigan State University.

Students, parents, and counselors are invited to attend the program which begins at 9:15 a. m. and includes a series of tours to points of interest on the campus. Visiting students attending will also have an opportunity to purchase tickets to the Michigan State University - Southern California football game that afternoon.

The 4-H - Youth program of the Cooperative Extension Service and Staff of MSU's College of Agriculture and Natural

Resources will provide the guides and discussion leaders for the day.

Further information on "Explore '67" is available from county extension service offices or from the 4-H - youth program office, agriculture hall, Michigan State University.

Recent events have vividly pointed out the challenges we face in reaching new audiences.

Sept. 20, 4-H - Youth Agent will travel to Michigan State University to attend this very important conference, "Reaching New Audiences". Dr. Leroy Augenstein, chairman, department of biophysics, and a member of the State Board of Education, will be the luncheon speaker.

## K. Herhalt receives JWC \$100 scholarship

The annual Birthday Calendar Sale was the program for the Cass City Junior Woman's Club meeting Thursday evening at the home of the president, Mrs. Laurence Guinther.

Calendar Chairman Mrs. Robert Ryland told of the progress of the project with work nights scheduled for the coming week.

A scholarship of \$100.00 was donated by the club to Miss Kathy Herhalt. She attends Eastern Michigan University. Appointments and department chairmen for the coming year were announced by Mrs. Guinther. Mrs. Russell Ayres was appointed to the Girl Scout Department. The club would like to sponsor a Brownie troop again this year.

The district meeting of the East Central District of the General Federation of Women's Clubs will be held in Lapeer October 17-18 and the club will be represented by Mrs. Laurence Guinther, Mrs. Rob-

ert Schott, Mrs. Russell Ayres and Mrs. Robert Ryland. The fall State Junior meeting will be held in Bay City October 7.

Refreshments were served at the close of the meeting by Mrs. Guinther.

## Junior High MYF elects officers

The Junior High Methodist Youth Fellowship met at the park Sunday afternoon for a picnic, games and the election and installation of new officers.

New officers are Randy Brown, president; Lois Reagh, vice-president; Tim Stickle, secretary, and Beth Parrott, treasurer.

Saranac is a new alfalfa variety that Michigan State University crop scientists recommend farmers try in some of their new seedings.

## Hostetler's Hodgepodge

### A long paddle for a big prize

By Marion Hostetler

Mrs. Florence McInnes, whose grandson, Teddy Hampson, plays hockey with the Detroit Redwings, was visiting her sister-in-law, Mrs. Lydia Davis, here last week. Her home is in FlinFlon, a mining town in the extreme northwestern part of Manitoba, a hundred miles from the nearest tillable land.

She told me about some early prospectors who supposed they were the first white people to set foot in the area, until one day they found a science fiction book, "The Sunless City," about a miner who discovered a city in the center of the earth. Everything there was reversed: tin was more valuable than gold, and women were more powerful than men. (This book, remember, was written a long time ago.) The name of the miner was Flinabattie Flonatin, or Flin Flon for short, and when the prospectors found pay dirt they exclaimed, "Boys, we've found Flin Flon's mine!"

Citizens of today's FlinFlon wrote to Al Capp, the cartoonist, and described Flin Flon to him. He drew a sketch of the old miner which was later reproduced as a gigantic statue that now stands outside the town. Canada had a Centennial canoe race this summer, with a six-mantem from each province, and five of the men on Manitoba's team were from FlinFlon. The race began on May 24 in the upper reaches of the North Saskatchewan River. Following the "Route of the Voyageurs," the teams paddled down rivers and across lakes, portaging when necessary, until they came to Lake Superior. Crossing the lake, they entered Georgian Bay, then took rivers across Ontario to Ottawa, and finally arrived in Montreal on September 5. Manitoba won the first prize of \$14,000, with an elapsed time of only two hours less than that of their nearest rival.

It makes me tired just to think about paddling a canoe at racing speed day after day for two and a half months.

At the Sidewalk Book Sale in July we picked up a stack of whodunits to read on vacation, and a few children's classics for the grandchildren. But the best dime I spent went for "Isometrics for Everyone: How to Exercise Without Moving a Muscle." That's the way I've been exercising for years... and it's a great comfort to have scientific backing.

If I ever get around to reading that book, I'll have to pass it on to all those canoe paddlers from FlinFlon.

Another story about athletics in Manitoba comes from George Cole, whose family was on vacation in Winnipeg during August while the Pan-American games were going on. The games included baseball, swimming, gymnastics -- all sorts of sports. The swimmers practiced in the pool of a school for deaf mutes that is directed by George's cousin, Donald Plummer.

There were athletes from most countries of North and South America, but the ones from Cuba received the most attention. They were kept under constant surveillance by the Canadian police. In spite of their vigilance, one of the Cubans defected and disappeared, according to newspaper accounts at the time.

At a service center on the New York Thruway, we saw a machine called a Directomat which provided "information by automation." When anyone pressed a button corresponding to any one of 120 questions, there would be a clanking sound inside, and out would come a slip of paper on which the required answer was printed.

For example, in answer to the question, "What is the best route to the Great Gorge Trip?" the machine brought forth the answer, "The Great Gorge Trip. Niagara Falls, Canada. Only way into the Great Gorge to the Whirlpool Rapids. Most treacherous strip of Niagara River. Also Stunt Barrels & Picture Museum. MAJOR POINT OF INTEREST."

I had a feeling that this information must be very authentic, having come from such a marvel of engineering... until it occurred to me that somebody must be paying to keep that machine going. Then I wondered whether it might be possible that the proprietors of the Great Gorge Trip had paid the Directomat people to list their attraction. After that, the statement that this was a MAJOR POINT OF INTEREST didn't seem quite so authoritative.

**ORDER OF PUBLICATION**  
General  
State of Michigan, Probate Court for the County of Tuscola.  
File No. 19938  
Estate of Maud S. Jaus, deceased.  
It is Ordered that on November 30th, 1967, at 11:30 a. m., in the Probate Courtroom, Caro, Michigan a hearing be held at which all creditors of said deceased are required to prove their claims. Creditors must file sworn claims with the court and serve a copy thereof either by certified mail or by personal service upon Genevieve Hartel, 6370 Houghton, Cass City, Michigan, prior to said hearing. A hearing will also be held on the petition of Genevieve Hartel, Administratrix, for license to sell real estate of said deceased. Persons interested in said estate are directed to appear at said hearing to show cause why such license should not be granted.

Publication and service shall be made as provided by Statute and Court Rule.  
Dated: September 13, 1967.

## Cadillac presents elegance in action!

Shown above is the Fleetwood Eldorado, the world's finest personal car; below, the popular Hardtop Sedan deVille. Cadillac Motor Car Division

And the "inside story" for 1968 starts with the biggest, smoothest V-8 engine ever put into a production motor car.

Brilliant new styling • Dramatic new interiors • Totally new instrument panel • Concealed windshield wipers • Improved variable ratio power steering • New disc brakes available • Wide choice of eleven exciting new body styles.

Now, enter a new era of luxury car performance. Cadillac's new 472 V-8 has the greatest torque, or usable power, of any passenger car engine and the newest combination of engine components since Cadillac pioneered the V-8 fifty-three years

ago. You will notice a brilliant improvement in passing performance that in no way compromises the reserve of strength for Cadillac's usual power conveniences.

You will also be impressed with its amazing quiet—so remarkable that only its responsiveness reminds you that a great new engine lies under the hood.

Cadillac for 1968 provides, in addition, its well-proved triple braking system with finned drums to deliver smooth, straight stopping power. Front disc brakes are

available for those who prefer the further refinement of an advanced disc-and-drum combination, and this year they're standard on Eldorado. You may also choose a greatly improved air conditioning system that moves more air more quietly.

Whether your preference is for one of the more traditional models—or the classic beauty of the Eldorado—come in soon and discover new elegance and excitement in luxury motoring!

THE NEW 1968 CADILLACS ARE NOW ON DISPLAY AT YOUR AUTHORIZED CADILLAC DEALER'S.

## Echo Chapter OES meets Wednesday

About 40 were present Sept. 13 for the monthly meeting of Echo chapter, OES. During the business meeting, with Mrs. Don Koepgen presiding, members voted to raise the chapter dues to \$4.00 per year.

A memorial service for two members who died during the year was presented by various officers. Participating in the memorial for Mrs. Addie Knight and Mrs. Elizabeth McArthur were Mrs. Keith Murphy, Mrs. Koepgen, Mrs. Harold Guinther, Mrs. Charles Holm, Mrs. Rodney Krueger, Mrs. Leo Tracy, Mrs. Arlington Hoffman and Mrs. Ted Furness.

Job's Daughters have presented the Masonic lodge with a projection screen and have added considerable equipment to the kitchen in the Masonic hall for the use of all three organizations.

The October meeting, which will feature election of officers, will be held Oct. 4, one week early, because of the coming Grand chapter session in Grand Rapids.

Mrs. Don Lorentzen and her committee served refreshments at the close of the meeting.

## Promote Hilborn at Fort Knox

Alberto C. Hilborn, 19, son of Mr. and Mrs. John S. Hilborn of Snover, was promoted to Army private pay grade E-2 upon completion of basic combat training at Ft. Knox, Ky., Sept. 1.

The promotion was awarded two months earlier than is customary under an Army policy providing incentive for outstanding trainees.

As many as half the trainees in each training cycle are eligible for the early promotion, based on scores attained during range firing, high score on the physical combat proficiency test, military bearing and leadership potential.

During advanced individual training, also of eight weeks duration, those who received early advancement to E-2 may be eligible for another "accelerated" promotion, to E-3 (private first class).

# State edging towards limited legal abortion

Efforts to legalize abortion under some circumstances have begun slowly in Michigan and without much excitement. A bill was introduced by Sen. John E. McCauley, D-Wyandotte, in the last session to permit termination of pregnancy when deemed necessary for the physical or mental health of the mother; in cases of rape or incest; or where there is apparent danger of serious defect, either physically or mentally, in the child. It is still under legislative consideration.

There was virtually no reaction to the bill in the last legislative session. Sen. Robert L. Richardson, R-Saginaw, expressed surprise at this time. Since there was little interest, there was no formal committee consideration.

Public hearings, scheduled last month, produced some reserved reactions which nonetheless showed strong conviction. In general, it can be said that the Catholic, Lutheran and Jewish religious groups oppose any form of legality for abortion, while most Protestant churches favor this particular bill. The Michigan Council of Churches supports the idea.

Latest to endorse abortion is the State Bar of Michigan. The attorney organization feels that present laws have only encouraged such operations by unqualified people and to a point where they are a major cause of maternal deaths.

The issue boils down to the difference between pragmatic and dogmatic philosophies. The practical people talk more about the rights of the mother; how unfair and unwise it is to force her to bear an unwanted or deformed child.

The opposing view is that the fertilized fetus is a living human being and no one has the right under any circumstances to destroy it. Advocates of this position, while they may lament facts regarding the large number of illegal abortions and the suffering of those who are born deformed, argue strongly that no one has the right to perform this operation.

More attention to this issue is likely. Colorado adopted a similar law this year. When time teaches what it can about the results there, Michigan will be in a better position to judge what should be done here. In the meantime, it seems certain that legislators will hear more about this controversial topic from constituents on both sides of the question.

## "VANISHING" FARMERS

Michigan is losing farm families at the rate of about nine a day. In the past 27 years, Michigan has also lost almost five million acres of productive farm land.

But despite this loss in farm families and the decrease in tillable acreage, Michigan's food production has generally

increased, reports B. Dale Ball, director of the Michigan Department of Agriculture.

The trend toward fewer but larger farms, with more production per acre, is a national one, Ball points out. He attributes the phenomenon to greater mechanization, more efficient operation, specialization, and better farming methods.

"Farming has never been more dynamic," said Thomas K. Cowden, Dean of MSU's College of Agriculture. He attributes the drop in farm families to increased productivity per farm man-hour, noting that fewer people are needed to fill requirements of farm production.

This, coupled with expansion of farm operations and a corresponding need for more acreage, has reduced the number of individual farm owners.

John Doneth, MSU agricultural economist, finds that for every nine losses of a "census" farm, the state gains three "commercial" farms. "Commercial" farms are those with gross annual incomes of \$20,000 or more while "census" farms can be rural tracts of land with little, if any, farming operations.

"By 1980, we expect 55 to 60 percent of all our farms to be commercial in contrast to less than five percent five years ago and only about 10 percent today," Doneth ex-

plains.

Farming is big business, with big investments in land, livestock and machinery. At the same time, today's farmer is faced with narrow margins of profit on each bushel of grain, ton of fruit or hundredweight of milk and livestock. He must, like retailers and industries, expand to survive.

Modern farming has attracted corporation interest. Large farms, especially in western states, may be controlled by boards of directors and involve thousands of acres. Capital outlay for modern farm machinery has forced many independent farmers to consolidate use of machinery, much the way businesses rent time on complicated computer systems.

The future seems obvious. Farms will continue to grow in size, become fewer in number. This should influence the planning of educational institutions and government agricultural services.

More resources will be concentrated on agricultural research and development, with less emphasis on the marginal farmer or the man who works in the city and farms as a sideline.

WHAT'LL  
I TELL  
MY WIFE?

YOU MIGHT tell her that in 15 years the annual death rate has dropped from 10.8 to 9.2 deaths per 1000. This means that antibiotics, hormones and other miracle prescriptions helped to save 1,800,000 lives. That's why we say TODAY'S PRESCRIPTION IS THE BIGGEST BARGAIN IN HISTORY.

# Philco Ford Salutes Mr. Stanley Asher

## FOUNDER AND GENERAL MANAGER OF THUMB APPLIANCE CENTER

Mr. Asher, "Stan" to most of his customers, richly deserves our appreciation. He has been a loyal Philco dealer since the twenties . . . before Philco or anyone else made electric powered radios.

More over, Mr. Asher has had many firsts in his community. He was the first to sell radios . . . first to handle electric radios . . . first to sell refrigerators . . . first to introduce washers to his community, then first with the automatic washers . . . first too to sell and service television, and then, color TV . . . automatic dishwashers and so on and on. Little wonder we consider him a true pioneer in his field. Interestingly, his own home served so many times as an experimental laboratory before he would recommend new merchandise to his patrons and friends. So we say many thanks to you Mr. Asher for a job well done.

To show our appreciation, the Philco-Ford corporation invites all his friends and customers from Tuscola, Huron and Sanilac counties to join in with the:

## Used churches for sale here

By Rev. R. J. Searls

I borrow from "Family Financial Planning" the following: The Passport Offices (of the U. S. State Department) estimate that 1.3 million Americans will have travelled to Europe by the end of August. While Europe is still the most popular goal of vacationers who travel overseas, passport recipients will still be headed for the Far East, the Islands of the North and South Pacific and the Middle East and Africa.

In this era in transportation, planes and trains have made many beauty spots as accessible to the far exotic nations as civilization will permit. Some of the nations have developed fast enough to attempt appeals to tourists.

Where once these nations were seldom seen, demands of civilization are quickly being met. In a shockingly advanced nation, we have to learn what terms mean, such as Jet planes, man-carrying rockets, etc. One of the means for catching up on frontier developments is to check into the accommodations

available to be made into our image. Does the hotel business justify expansion? Is there a backwoods Hilton? Are the large business interests pouring money into the economy via machinery, worker's living accommodations and hospitals? These can be taken for sure for Americans in a very short time. Or, so it seems To Me!

I have a suggestion to make, Mr. Editor. Start another series of reporters, to study under the watchful eye of the reverend Melvin Vender, the new science of geriatrics, giving new impetus to the very valuable experiences which the older person can impart to other such people. I know that I speak for many persons in our community when I say that we undoubtedly do not receive the resources to which we are intended, by not keeping up on the news. At least it seems To Me!

Congratulations to this village's Lutherans! Drive east on Main Street until barely past the village limits and you can see the newest church under construction. While just well started, the use of pre-laminated beams enables anyone with the briefest construction experience to imagine what portion of the building is under construction.

The second cause for rejoicing among Cass City Lutherans is that their pastor, the Rev. Richard Eyer, took unto himself a wife! She was formally introduced to the congregation at a reception held recently at the basement church. We are always delighted to note the advances of co-operative churches. It will give a purpose for those who enjoy evening drives in Cass City and environs to keep tabs on the new church!

Upon completion of the new Lutheran church, we can sadly report that we will have an abundance of good, old-fashioned churches, well-used, for sale. Look at them for a minute: the Lutheran church, the Catholic church, (and with a merger of Methodist and EUB churches) the Methodist church, and the EUB church. In addition Cass City can brag about our new churches: The Lutheran, the Catholic, the new United Missionary church plus several churches that can boast about new parsonages, including the Nazarene church and the Baptist church. This is a healthy sign, or so it seems To Me!

Today's Laugh!  
Two barbers, working in adjacent chairs, were just finished with two customers. First barber asked, "Some hair tonic, Sir?"  
First customer said, "Don't you dare! My wife will think I've just come from a house of ill repute."  
The second barber inquired: "Some hair tonic, Sir?"  
Second customer replied, "Yep, go right ahead. My wife doesn't know what a house of ill repute smells like."

## Pvt. D. Schember in basic training

Army Private David R. Schember is assigned to Company B, 19th Battalion, 5th Brigade at Fort Knox, Ky.

He will spend the next two months learning the fundamental skills of the soldier in today's modern, action Army.

Following the completion of basic training, Pvt. Schember, who is the son of Clarence H. Schember of Lapeer and Mrs. Ruth M. Schember of Cass City, will receive at least an additional eight weeks of either advanced instruction or on-the-job training to qualify him in a specialized military skill.

## Delegates report at women's meeting

The Presbyterian Women's Association meeting was held Sept. 11 at the church.

For the program, Mrs. Harold Perry and Mrs. Don Reid reported on the National Women's Association meeting held at Purdue, Ind., at which they represented the local church.

Various officers were elected for two-year terms in the business meeting. Fellowship chairman is Mrs. Ella Price; chairman of World Service Department, Mrs. Clinton Law; treasurer, Mrs. Lucy Starman; secretary of social education and action, Mrs. Marion Hostetler; chairman of local church service, Mrs. Edward Doerr; and member of the nominating committee, Mrs. C. R. Hunt.

These officers will serve with Mrs. Grant Brown, president; Mrs. Almer Krueger, vice-president, and Mrs. C. M. Wallace, secretary.

## Letters to Editor

Sept. 13, 1967

To whom it may concern:  
In the last five years there have been 13 dogs, 5 cats, and 1 duck, dropped off on Koepgen Rd. Why is it you pick on us? Do we look extra soft hearted or block headed?  
We already have 31 kids, 50 rabbits, seven dogs, 12 tropical fish and 10 cats, in the radius of one half mile. Now I ask you do you really think we need your extra 13 dogs, 5 cats, and 1 duck?

Dear Mr. Haire:  
Will you please mail the Cass City Chronicle to the enclosed address.

I was so pleased that someone put my address in the current items. Since then I have been receiving more letters from Cass City and appreciate it.

Although I have great difficulty reading I try and get over the Cass City news every week.

Sincerely  
Grace L. Sandham

## Uncle Tim From Tyre Says:

Dear Mister Editor:  
I didn't get to the session at the country store Saturday night on account of some of my old lady's kinkfolks dropped in on us for the week end. They didn't seem to know nothing about the bad shape things was in around Washington and the country in general and all they talked about was how much money they was making and how fur ahead of the Joneses they was getting. I couldn't squeeze in a word edgewise and all I could do was set and listen.

After they took off Monday morning I was thinking about having a word with my old lady about roaming kinkfolks but I changed my mind. I was like the feller when the Judge ask him if he'd ever been mad enough to bop his wife one and he said he'd been mad enough but he didn't never have the nerve.

If you don't get to the session at the store Saturday night you ain't got what them Washington column writers calls a "consensus" on the situation, and all you know is what you read in the papers. The fellers at the store usual diagnoses the news and you get to the real bottom of things.

But I've clipped several pieces out of the papers that I aim to take to the store Saturday night and get diagnosed. First off, I see where the Congress is fixing to make the third Monday in February legal fer Washington's Birthday, the last Monday in May fer Memorial Day, the first Monday in July fer Independence Day, the last Monday in October fer Veterans Day, and the fourth Monday in November fer Thanksgiving Day.

I don't know how the fellers will vote on them new birth-days but fer me personal, Mister Editor, having Thanksgiving on a Monday instead of Thursday was desecrating the graves of our Pilgrim forefathers. Them Congressmen had ought to be ashamed of themselves.

But it looks like we was slow but shore doing away with all our old American traditions. I can recollect, fer instant, when you'd go to church on Sunday and they would be a half dozen sweet, little old white - haired grandmothers setting in the front pews. Today nobody but the wimmen at the beauty parlors knows which ones was grandmothers and which ones was getting ready fer their first wedding.

And here's one I clipped fer the fellers Saturday night. The Civil Service Commission has give a new order for all workers: "In the event of attack on the United States and until further notice A. Section 831.107 of Subpart A Subsections 831.502(B) and (2) and (C) (a) and (2) Subpart E are suspended and B. Part M-831 is added to the Commission regulations." I want to see Clem Webster of the Great Society diagnose that one, Mister Editor.

Yours truly,  
Uncle Tim

# '68s Top Secrets are here 1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

**A MORE SILENT RIDE**  
And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

**BETTER PERFORMANCE**  
There are new engines, a bigger standard Six and V8. There's a new

250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

**UNIQUE ASTRO VENTILATION**  
There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

**PROVED SAFETY FEATURES**  
You get the proved GM-developed energy absorbing steering column, folding front seat back latches, dual

master cylinder brake system with warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

**MUCH MORE THAT'S NEW**  
There are new roof lines, some formal and graceful, others sporty and quick. There are new instrument panels, richly designed and all controls within easy reach. There are new interiors, new vinyls, new fabrics, new colors. There are models with Hide-A-Way windshield wipers and headlights that disappear behind grilles. There are new side marker lamps, new recessed taillights. There's even a new ignition alarm buzzer that reminds you not to walk away and leave your keys in the car.

These are the newest, the most different, the most dramatically changed Chevrolets ever. And they're at your Chevrolet dealer's now. You'll thoroughly enjoy slipping behind the wheel, experiencing the smooth new handling and library-quiet ride and, more than anything, seeing and feeling the even greater quality built into every new Chevrolet for 1968.

Be smart! Be sure! Buy now at your Chevrolet dealer's.

There's more quality and value built into Chevrolets than ever before, making every new 1968 model an even better buy!
