In village and Elkland township

Master planners poised to review area land use

The Cass City Village Council voted Tuesday night to hire Vilican and Lehman, planning consultants, to update the master plan for the village at a cost of \$4,500.

The planning firm is the same one that devised and implemented the first Master Plan for the village in 1959.

The same planners are also assisting Elkland Township in its planning program. Supervisor Maynard McConkey said that Vilican and Lehman had presented the town board with two options and that the concensus appeared to be that one. would be adopted at the board's

June 8 meeting. The odds are that it will be

a land use study at a cost of \$750. A complete zoning program with public notices and everything but advertising and lawver's fees was also offered at a cost of \$3,750. Regardless of what plan is

adopted by the township, it should dovetail nicely with the village's plan and provide compatible land planning for the area.

completed. Vilican and Lehman said that their updating would include a Other business concerning review of zoning regulations and the village was also handled laws concerning subdivisions. Tuesday. Ordinances would be reviewed

cording to the letter of intent

from the planners to the village. The actual cost will be on an

hourly basis ranging from \$20

to \$35 per hour depending on

and the company would be pre-POLICE DEPARTMENT sent for public hearings. For the \$4,500 the village could Bids for a police tower were expect about four meetings, ac-

reviewed from three local dealers. Because it was not clear whether installation was included, contracts will not be let, until clarification of specifications.

The tower will be used as part of a bay station in Cass City for improved communications. Total project will be about \$830 with \$500 coming from Federal funds.

Cass City's Police force will be expanded from a three-man

CASS CITY CHRONICLE

unit to add a fourth man on part-time basis. The part-timer will fill in while the police regulars attend a class in Caro for 25 weeks.

After this period his status will be reviewed, but it is likely that he will be retained to furnish Cass City with two-men patrols on Friday and Saturday nights.

The council also voted to purchase a Plymouth police special for the department for \$2,834. Gary Christner, a member of the police committee, suggested that the present police car be kept as a standby unit. Previously the cars have been sold. The last unit sold for \$1.028.

Discussion indicated that the Tuscola County Sheriff's Department helps out in emergency and has even loaned a car when the village vehicle was out of commission.

No definite decision was reached about selling or keeping the car.

It was revealed that Detroit Edison would install new mercury vapor lights (now installed on Main Street) throughout the village if requested. How-

ever, the light increases electricity costs 15 per cent.

Within 3 to 5 years they will be installed, anyway, Edison officials said, but with a request this schedule could be advanced.

The council voted not to request early replacement to save an estimated \$1,000 yearly.

The assessment roll for curb and gutter on South Oak and East Church was presented for review. Property owners will be billed at the rate of \$2,77 per running foot. Payment can be made over a three-year period with a five per cent interest charge.

VOLUME 64, NUMBER 6

CASS CITY, MICHIGAN-THURSDAY, MAY 28, 1970

\$22,566 pending

SECTION A SIXTEEN PAGES Fifteen Cents

The youth and the establishment met in an open meeting in Bad Axe last week to discuss ways of beefing up activities for youth in the community.

Among the concensus suggestions were that the town should have a swimming pool, more and better use of the city park, more use of the school gyms and a recreation department in the city.

Superficially, at least, we look good by comparison.

In this community we have a swimming pool, we have a recreation commission and the recreational park is used to capacity most summer nights. Critics could say with some justification that the pool is now too small and the recreation program desperately needs the park addition land that is not yet available for general use. But by comparison thisses the by comparison things look good in Cass City.

Our school gyms are being used more than ever before in the evenings thanks to Coach Fred Hurlburt who donates a couple of nights a week to seeing that they are.

has always been the feel

State grant for park receives DNR approval

The first step in a long camaign for money for the Cass City Recreational Park from the Recreation Bond Fund Program has been successful.

Councilman Dr. D. E. Rawson who ramrodded the fund request through channels for the village recently received a letter an-

Natural Resources had approved his request and recommended to the Legislature that \$22,566 be available for expansion of Cass City Recrea-

tional Park. Cass City's project is one in a list submitted to the Legis-

Dr. Lowell Eklund to Raymond D. Schofield, grants-in-aid supervisor for the DNR, says in his letter, "Any project agreement negoaddress Senior class

Dr. Lowell Eklund, dean of continuing education at Oakland University, will be the principal speaker at graduation exercises Thursday, June 4, at 8 p.m. in the Cass City High School gymnasium.

Dr. Eklund is a native of holds a BS degree from Michigan State and Masters and Doctorate in political science from Syracuse University.

nouncing that the Department of lature May 8 for approval. It is expected that there will be little trouble in receiving the okay of solons.

What could be a major stumbling block is the selling of the bonds to raise the actual funds. Many experts feel that selling bonds will be difficult in today's

tight money market. tiated before bonds are sold must be signed subject to the future availablity of recreation bond funds."

Activities at the park occupied much of the discussion time of trustees at the regular meeting of the council Tuesday night at the Municipal Building. Members of the Gavel Club asked what project they could start to improve the wooded section of the park addition.

haps if we closed the park at night with chains at both entrances our law enforcement officials could keep it under

control, he said. Police Chief Gene Wilson asked about an ordinance for closing the park, but added that closing and opening the park morning and night would be no

problem. Other trustees were not sure of what the proper action should be and the decision was tabled for a month while Althaver checked with the village lawyer and trustees ponder a decision. Meanwhile, Park Director Tom Spencer announced plans for swimming lessons to be offered at the Cass City pool this summer.

Scheduled is an ambitious program that includes 14 individual lessons from qualified Red Cross instructors, Classes will be offered starting with beginning swimming and will extend through various levels

ing here that the ideal situation would be to open the gyms every night as long as enough adults or kids showed up to make the program worthwhile.

But with school money so difficult to come by, it's unlikely that funds could be found to pay teachers for working after supper which is the only feasible way that this type program could be operated.

In fact, keeping what we have 🔅 may prove to be more than we can handle.

A lot will depend on the outcome of the June 8 vote for 2 1/2 mills for school operating funds.

If this goes down it would appear that the athletic program would be among the first affected. With no money for a program coaches couldn't be expected to stay in Cass City if they can get jobs elsewhere ... and it's probable that they can.

All of this has been reiterated so often that it probably doesn't qualify as news anymore.

There are probably other areas of school activities that will be affected by the June vote that are more important to more parents than the school athletic program.

It is right that this should be so. And because we are talking about athletics here, doesn't mean that we do not agree. Reading, writing and arithmetic comes first.

Under the present coaching regime there is a dedication to winning. There can be an argument against this philosophy. Its saving grace in this community is that the boys have responded by showing a willingness to put out the extra effort necessary to make it so.

But this discipline and effort developed in the boys is not the principal benefit of your tax dollar.

There are several boys on school athletic teams that are spending their time practicing instead of raising hell on the streets. Boys that in schools with indifferent athletic leaders would not be out for teams.

That's one important benefit of a full school program that \$2.50 per \$1,000 valuation will bring.

MIKE PHILLIPS (left) and Jim Kilbourn display the foxes that they found and adopted. So far results have been good,

observances set 8

Three Memorial Day ob servances have been scheduled in the area, headed by the annual Elkland Township parade and

service in Cass City. The program in Cass City will follow traditional lines starting with a parade at 10:30 a.m. Participating will be the Cass City High School Band. Boy Scouts, veterans' groups and others.

Services at the cemetery start at 11 a.m. Jack Esau will be the master of ceremonies. Father Leo Gengier, pastor at St. Pancratius Church, will present the Memorial address.

Presentation of flags will be by Mrs. Ed Schwartz and Miss Cindy McClorey, A representative of the American Legion Auxiliary will place a Memorial wreath and Mrs. Glen McClorey will offer a prayer, Handling the invocation and benediction will be the Rev. Donald Turbin, pastor of Trinity United Metho-

dist Church. Refreshments will be served at the conclusion of the program.

The event was arranged by Elkland Supervisor Maynard McConkey and Gary Jones, village councilman. Councilman Bernard Ross will handle the public address system and chairs, tent and stand were available by Charles made Bigelow.

The second Memorial service Saturday will be at the Novesta Church of Christ, Services there start at 2 p.m. They are a traditional observance at the church.

Another traditional Memorial service will be held Sunday, May 31, at 2 p.m. It will be at Grant Cemetery, Owendale,

Authorities of the Grant Memorial Association say that the usual program will be presented.

Memorial Day Fox adapt easily

to tame living

Jim Kilbourn, 15, and Mike Phillips, 15, both of Deford, expect to know whether or not it is possible to tame wild foxes to become household pets. The boys found the foxes at

two different times when they were about six weeks old and brought them home. So far they have been little different than a pair of puppies purchased from a kennel,

The foxes are playful and friendly. They are beginning to respond to command and they have shown no inclination to bite. The families feed them table scraps and other foods commonly eaten by dogs.

The foxes seem to have been

So far there have been no signs of conflict. The Phillips say that their young pet is much different than another fox they caught. This one was slightly older and never did tame. It would

bite anyone coming near and one day became untied and vanished. The two boys are anxiously

waiting to see if similar traits occur in their adopted pets. Jim is the son of Mr. and Mrs. Harold Kilbourn and Mike, the son of Mr. and Mrs. Ron Phillips.

well adopted in another way.

They are pets in the homes of

fox hunters who keep fox hounds,

THIS MOTORCYCLE WAS broken into three pieces in a crash Wednesday, May 20.

In a varied career, Dr. Eklund spent 15 years in the regular army serving in combat in the Pacific and on the Army General Staff at the Pentagon, He retired from active duty as a Lietuenant Colonel. He is now a member of the Army Reserves.

He joined the MSU staff in 1954 and became a part of the staff at Oakland when it was organized in 1958.

He is the author of many articles for professional publications and serves on many boards in Oakland County.

He was one of three Americans to attend an international conference in London to discuss "Protest and Dissent in the Affluent Society: Problems of Higher Education.'

Meanwhile, plans for baccalaureate services have been completed. They will be held Sunday, May 31, at 8 p.m. at Cass City High School.

The complete program appears on page six, section two of this issue.

PATIENTS DISCHARGED DOW ING THE WEEK ENDING MAY 24 WERE: Day, while the conclusion Sunday morning, May 31, The Rev. Eddie Jones of Royal Oak will be the speaker. His Oak will be the speaker. His program consists of choruses and "Gospel magic" for the children, dramatic readings with musical backgrounds, and evangelistic Biblical messages. Before entering full time evangelism seven years ago, Mr. Jones pastored the Midland Missionary Church. He has served on the crusade staff of evan-

gelists with Youth For Christ International. Rev. James Kidney, pastor of the local church, extended a welcome to the public to attend

the meetings.

There's more than sugar in Michigan's MIRACLE

BEET Sure, it produces sugar . . . 170,000 tons in the past season . . . a tribute to the progressive sugarbeet growers in Michigan's Saginaw Valley, working hand in hand with the state's two processing companies. But that's only the beginning. The 1,431,339 tons of sugarbeets harvested in 1969 yielded much more than its principal product—sugar.

In cash, the crop and its final products added up to \$42.9 million. Much of that money has already been plowed back into Michigan's economic cycle. Millions of dollars for payrolls, farm equipment, consumer goods, and in processor supplies. And, as always, in taxes paid to local and state government units . . . over \$600,000 from the two Michigan processing companies alone. In short, the

sugarbeet produces economic sweetening for our state, as well as flavor sweetening for our table, with Big Chief and Pioneer -Michigan Made Pure Sugar! Tall accomplishments from a humble sugarbeet . . . a miracle which repeats itself each year.

PIONEER CHIEF SUGAR PURE SUGI

MRS. MABEL BAILEY eyes retirement with no regrets.

Open house set

Old ways are best says retiring teacher

retirement finally comes for Mabel Bailey, 69, after 30 years of teaching she will not be at a loss for things to do

In fact she has the first year of leisure mapped. It's a simple plan. Mrs. Bailey has 11 children and she will spend a month with each of them and a month in Florida...and presto!, the year will be gone.

Despite her many years teaching grade school children, Mrs. Bailey says that she won't feel many pangs when she dismisses her final class on her final day in Evergreen next month.

In fact, she says, I've thought about it so long that now I have my heart set on it.

Mrs. Bailey came to Evergreen Township unit school in 1953 when it was first built and has been a part of the svstem feaching

she does Evergreen. Her long and capable service will be recognized at an open And isn't that the way it should be? house at Evergreen Monday,

Residents of Evergreen have a high regard for Mrs. Bailey. She has been allowed to teach by special dispensation of the school board for four years after the normal retirement age of 65.

June 1, from 7 to 9 p.m.

The regard for Mrs. Bailey is returned by the teacher. She feels that Evergreen as part of Cass City district is not as good as Evergreen when it was run as an individual school district. We were all a big family,

then, she feels, and we didn't have to respond to orders from "outside." We took orders from our own principal, no one else.

Not only was the old school organization better, Mrs. Bailey believes, but so were some of the old feaching

CASS CITY CHRONICLE-THURSDAY, MAY 28, 1970

Diamond champs undefeated

Hawks wallop Bad Axe in Thumb B final

Cass City High School won the undisputed title in Thumb B Conference baseball this spring the way that champions should...by winning the last game of the season Thursday against Bad Axe, 15-0.

The Hawks may have backed

the victory they kept their Conference record unblemished and added the first Thumb B title trophy to the school's trophy case in a decade.

The team's usual strong pitching and good fielding were keys in the Bad Axe win as into the title anyway, but with they were in every victory this

Hawks sixth in **Thumb B** track

Frankenmuth continued its dominance of Thumb B Conference athletics last Wednesday as they added the track title to the football and basketball togas added earlier in the school year,

But it took a brilliant individual performance by Rick List to beat Laker High, The Eagles finished with 63 points and the Lakers were next with 57 1/2.

List was presented the Clare McDurmon Award as the outstanding individual at the meet. He set new Thumb B records in the high hurdles (:15.5) and the high jump (5 feet, 11 3/8 inches).

Cass City finished sixth with 32 points, trailing Vassar, 49 points, Caro, 47 1/2 points, and Bad Axe, 34 1/2 points. They were ahead of Sandusky, 21 1/2 points, and Marlette, 13 points.

Cass City was paced by Jim Selby who captured the mile (4:41.2) and ran in the mile relay where Cass City was fourth in 3:40.9. Others on the team were Craig Guernsey, D. Vollmer, H. Fredericks.

Other Cass City points were earned by Scott Guernsey (19 feet, 9 inches) third in the long jump, and Craig Guernsey (2.07) fourth in the half mile.

The Lakers were pushed to second by Larry Schulze who won both the 100 and 220-yard dashes. In the 100, he set a new record of :9.95 and in the 220, his 22 second flat tied the league record.

The Laker 880-relay team also set a record (1:33.6) as did Vassar's Schelp in the pole vault (12 feet, 6 inches.) Coach Bob Watson said that

an encouraging factor for Cass City in track was that only one boy on the squad was a Senior. He's Jim Selby and he will be missed as the outstanding point winner on the team.

But Watson said that there are many Freshmen who showed marked improvement during the last half of the season and a fine Junior High team waiting in the wings.

Watson lamented the lack of a potential dash man but still feels that the future is bright for Cass City.

year. An added plus for the Hawks against the Hatchets was a 14-hit attack that made a run-away of the game.

Five of the starters collected two hits in the victory. Gene Salas, Bruce Eshelman, John Smentek, John Wencley and Rob Alexander all fattened their batting averages.

Kim Hopper started on the mound for the Hawks. He pitched 4 2/3 innings when Alexander was called on to pitch to one man in the inning.

Hopper then returned to the mound and pitched all but the final out when Alexander returned to the rubber and the final out was registered.

The Hawks had the game fairly well sewed up going into the last inning.

In their half of the seventh they ended their banner season in appropriate fashion by scoring seven times.

After the game the boys celebrated their victory by throwing the coaches and everyone else within reach into the shower and eating a pizza together at a local restaurant.

During the game, Kip Hopper, catcher, was hit on the head. He finished the game, but later suffered from nausea and a headache.

Starr loses barn in fire Monday

Fire destroyed a 36x50 foot barn on Wheeler Road, two and a half miles northwest of Argyle, Monday night.

About 600 bales of hay were lost in the barn. The loss was estimated at \$10,000. Edward Starr of Leonard

owns the farm.

PAGE THREE **Rabbit tracks** By John Haire (And anyone else he can get to help)

Not complaining, just explaining was Bruce Holcomb when he came in with a water bill from 25 years ago and one from this year.

The quarter payment a quarter century ago was \$2.84. His most recent fill was \$14.66. ; Inflation can't account for this increase without taking into

consideration the high cost of protecting our environment, Half of the cost of water these days is for sewage control., there wasn't even a sewage plant in 1945. The Holcomby

also used a third more water in '70 than they did in '45, The reason I'm not complaining about today's bill, says

Bruce, is because I can remember distinctly that Pd been with Nestles in Cass City for four years then and had worked my way up to a darn good salary: 65 cents per hour.

Last year Jim Wynes left the coaching ranks at Cass City to become principal at Maple Valley Schools, near Vermontville. He was in town Saturday and evidently is taking to administration like a duck to water.

Signed for one year when he left here, the school board recently granted him a two-year contract at a salary higher than he requested.

Wynes also remarked that the editor of the paper there was not giving complete coverage of the school news nothing like the complete coverage you give at the Chronicle, he said, It's seldom that we get a chance to pass on a remark like this and you can see we don't let the opportunity pass unnoticed.

Walt Turner says that the horse business is slow these days ... feels that many of his customers are in debt for snowmobiles

In a way this perked up my day a little. Misery loves company.

You see, we have a horse ... or rather my younger daughter has a horse and I'm stuck with it.

"Red" gets ridden just often enough so that I can't sell him without becoming Dracula, Frankenstein and Mr. Hyde, all rolled into one.

Red has been ridden only once or twice since last fall and he goes placidly on eating oats and requiring care at the rate of \$25 per month.

About the only time that Red is not placid is when you approach him with a saddle. He never gives up the life of leisure without a fight. While all the rest of the horses in the field come towards you at a gallop, Red stays just about an arm's length away ... moving away when you move up.

The local 4-H club is the real culprit. Just before fair time and during the horse show periods, the club generates so much interest in riding that the gelding gets a real workout. And it's the interest generated here that is the excuse that keeps me from selling him when he returns to the barn for another freeloading 10 months.

first and second grades.

SPORTS FANS!

By H. M. Bulen

Did you know that nobody has ever been able to win the Indianapolis 500 mile auto race three years in a row? ... Several men in history have won it twice in a row, but nobody has ever won three straight ... Closest anyone ever came to that feat was Wilbur Shaw who finished first in 1937, second in 1938, and first in 1939 and 1940.

Here's a quiz for you on the Indianapolis 500 mile race ... Mario Andretti won the race last year, but can you name the winners the previous five years to that ... Here they are ... Bobby Unser won in 1968, A. J. Foyt in 1967, Graham Hill in 1966, Jim Clark in 1965 and A. J. Foyt in 1964.

Here's an oddity from baseball...From the time major league baseball started, in 1876, until 1946--a total of 70 years-not one big league pennant race ever finished with two teams being tied for first place at the end of a season, but in only 16 years from 1946 to 1962, oddly enough, FIVE different pennant races wound up in ties, the National League in 1946-51-59-62, and the American League in 1948.

CHEVROLET-OLDSMOBILE 6617 Main Phone 872-2750 Copyright

methods. Mrs. Bailey reluctantly uses the television for art and music instruction. She hasn't much use for tape presentations, records, copying machines.

School is school," she says, "and today there is too much emphasis on books and equipment. I taught from the blackboard and didn't even have any textbooks.'

It's important that the community is behind the teacher, she says, And in Evergreen the parents have always been real good ... they take an interest in education and the kids are easy to teach because of it, she explained. When Mrs. Bailey retires it

will actually mark the end of her second career.

It's likely that the veteran teacher did not feel that she would spend 30 years in the when she first classroom entered it.

She graduated from Cass City High School in 1921 and attended Tuscola County Normal before starting to teach five grades at Watrousville. She taught until she married

in 1923. She was away from the school room until 1941 when she returned to rural schools in Sanilac county.

Mrs. Bailey taught at various country schools until 1953 when she came to Evergreen, Her husband died in 1957.

Despite teaching and raising a family, Mrs. Bailey found time to continue her education. She earned her Bachelor of Arts degree from Eastern Michigan University at Ypsilanti in 1960 when she was 59 years old.

While many of the educational innovations have found scant favor with Mrs. Bailey, she looks with approval on the teacher's union,

She regards the MEA as a natural step in the evolution of education

But she is not overly concerned. Retirement now is a few days away and the young-looking Mrs. Bailey is looking forward, not backward.

Her plans for the days away from the schoolroom are complete. It is likely that Evergreen will miss her more than

Arraign 3 on

criminal charges

Judge Norman A. Baguley Arraigned three persons on criminal charges in Tuscola County Circuit Court Monday. Two men were charged with the third offense within 10 years of driving under the influence of alcohol. The charge carries maximum sentence of four years in jail.

Leonard J. Hohnke, 43, of Vassar pleaded innocent. His trial date will be set. Lionel Daly, 21, of Mayville pleaded guilty. A pre-sentence

investigation was ordered and sentence will be passed June 8. He was returned to the custody of the sheriff.

-Thomas Brown was sentenced for probation violation. On parole for breaking and enter-Ing Club 24 since 1968, his prowas upped from 40 bation months to 60 months. He was ordered to make payments at the rate of \$25 per month on fines and restitution.

Thursday Judge James Churchill re-sentenced Milton Shields of Bay City. He was sentenced after examination as a criminal psychopath. The original sentence was reaffirmed

tion of society. Shields was sentenced for life for assault with intent to murder and for 8 to 10 years for rape,

Roy Snyder Kitchin of Cass City in the village of Cass City was ticketed for speeding 47 mph in a 35 mile zone (radar),

He paid fine and costs of \$20. Arthur Lewis Smith of Kingston in Koylton Township was ticketed for having no registration plates on vehicle, Paid fine and costs of \$10.

> School officials will be forced to look at the entire package to determine costs as compared to available revenues.

lized our nation becomes the more legal machinery there is Naturally, the added duty payments requested are much hef-

tier than what is now paid. There are more than 30 categories in the schedule presented - most at varying rates.

The head football and basketball coaches want to be paid \$750 yearly up from \$625 this year. Boosts for other coaches are higher percentagewise.

Raises for junior high football and basketball coaches are suggested in the schedule at \$500, up \$125 from the \$275 paid last year.

In addition payments for teachers in new categories were added to the schedule. The teachers are seeking \$500 for coaching junior high track; \$300 for industrial education; \$150 for handling the honor society; \$300 for biology and \$60 for Junior High cheerleading. None of these positions are handled

on an extra pay basis this year.

In addition to the pay boosts, the coaches also want increases on a yearly basis for time served in the Cass City system. They are asking for \$50 extra per year for five years for varsity football and basketball coaches and \$25 a year for five years for the remainder of the coaches.

Coaches seek boosts for extra duty pay

Under this schedule head coaches could be paid \$1,000 year extra for coaching after five years,

While serious bargaining on the schedule as proposed has not yet started, three suggested provisions have been cut on agreement by the school union bargaining team.

The athletic director is Robert Stickle, He was included on the list. Since he is in administration and not repre-

sented by the MEA his job was stricken from the master contract schedule,

The coaches had also asked for pay for pre and post-school work at the rate of \$100 per week. This was also removed by agreement because the extra pay is expected to cover it.

Payment for ticket takers, officials and duty people will also not be on the list. Supt. Don Crouse agreed to make a statement about pay scales here so persons hired would know what to expect.

Meanwhile, the major stumbling block to quick settlement of the negotiations continues. It is: how much the top salary payment to teachers will be.

A pseudo schedule was presented by the teachers. It started at \$7,500 and in 10 equal steps of \$500 each stops at

\$12,500 for teachers with a

bachelor's degree. The sche-

dule for a master's degree

teacher was proposed to start

at \$8,000 and increase \$600

yearly to a top of \$14,000.

Deloris Myra Brady of Cass City in the village of Cass City was ticketed for failure to transfer registration plates. She paid fine and costs of \$30. Lawrence R. Blake of Cass City in Elkland Township was ticketed for driving without an operator's license. He was unable to pay fine and costs of \$75, so served 10 days in jail.

tery.

Behind the Counter

Sleep

Some experts are alarmed over the rapid rise in the use of barbiturates by people who are convinced that they can't sleep without being drugged. The main cause of concern: most people are harmed more by their anxiety over the loss of sleep than by the "sleepless" nights.

First of all, not everybody requires eight hours of sleep per night. Our individual needs are different, and our sleeping While at Catholic in Port patterns vary. One man will Huron Anthes compiled a 27-2sleep nine hours a night, while 6 record as Freshman and JV his neighbor does quite well football coach. with six. Just lying awake in Anthes is th bed is almost as good for you as "sound sleep," if you don't

fret about it. Now that scientists can measure the way in which we slumber and dream, it appears that most people are poor judges of their own sleep patterns. You may believe you've "tossed and furned all night," while you've actually slept for hours.

⁹Or we imagine that it takes hours for us to fall asleep, when we actually drop off into a light slumber after only a few min-

Sleep comes in waves; the soundest (and most beneficial) steep occurs in the first three-hour wave, which is probably reflected in the old adage, "An hour of sleep before midnight is, worth two after." But when you retire isn't vital; regularity may be much more important. If it makes way and a strategies and will be concluded Aug. 7. sleep occurs in the first three-If it makes you restless sleepers feel any better, people with high IQs appear to get along with less sleep than others do.

grid post

Tim Anthes, formerly of Cass City, has been appointed new head football coach at Port Huron Catholic High School,

the Rev. C. Peter Dougherty announced Friday, Anthes has been head basketball and track coach at the school. With the addition of the head grid position, he will give up coaching track. Anthes was backfield coach at

Perry High School before hired by Irv Claseman to come to Port Huron to coach basketball.

Anthes is the son of Mr. and Mrs. Ed Anthes of Cass City.

CASS CITY CHRONICLE-THURSDAY, MAY 28, 1970

of Ubly, farmer and lifelong resident of Argyle Township, died Wednesday, May 20, in his home after suffering a heart attack.

Mark Krumenacker

Mr. Krumenacker was born Feb. 12, 1910, in Argyle Township. He and Doris Darr were married June 22, 1947, in Detroit.

He is survived by his widow; two daughters, Mrs. George Lapp of Cass City and Mrs. Robert Hund of Warren; a son, Carl Krumenacker of Warren; eight grandchildren; two brothers, Ernest Krumenacker of Ubly and Emmett Krumenacker of Oxford, and a sister, Mrs. Olive Collister of Argyle.

Funeral services were held at Zinger Funeral Home in Ubly Saturday, May 23. Burial was in the Freiburg cemetery.

Adolph Woelfle succumbs after heart' attack

Adolph Woelfle, 70, died from a heart attack Saturday evening while driving near Sebewaing. A resident of Deford he worked in Cass City for many years as a real estate agent.

Woelfle came to the Mr. Thumb area with his parents, the late Mr. and Mrs. Martin Woelfle, when he was three years old. He has been a member of the local community for 29 years.

He was born in Canada Mar. 1, 1900. He married Miss Olive Bedford in Elkton May 7, 1925. Mr. Woelfle attended the United Missionary Church in Cass City.

He is survived by his wife; one sister, Mrs. Willi (Vianna) Moetteli of Elkton, and a. number of nieces and nephews.

Final rites were held Wed-nesday at 1 p.m. at Little's Funeral Home, The Rev. J. E. Kidney, pastor of the Cass City Missionary Church, officiated. Burial was in Colfax cemetery in Bad Axe.

The students pose before the completed building: front row, from left: Lee Taylor, Henry Sherman, Matt Wasserman, Bob Knowlton and Ken Krueger. Back row: Ray O'Henley, John Luana, Dennis Whittaker, Lee Kilbourn, Gary Wills, Tom Turner, Tim Cooper and Melvin MacFarland.

Michigan Mirror

State office launches fight

against drug abuse

A newly launched fight against solution to the whole drug prodrug abuse in Michigan shifts blem. into high gear.

Dr. Thomas Stachnik takes over as director of the Governor's Office on Drug Abuse, an office created earlier this year by Gov, William G. Milliken.

The office began operation with just two persons earlier this year, former Grand Rapids newspaperman Alex Laggis and

ABORTION FIGHT VOWED Legislative supporters of abortion reform legislation, re-

buffed by the state Senate in the efforts, have vowed to take their fight to the people in this year's elections.

at least half a dozen new faces in the next year, and we want to make sure they are on our side," he said. "Those wanting abortion changes will make their voices heard between now and the election. There will be strong campaigns going on to unseat opponents."

Beebe and Bursley, since they

had devoted much of the past

year to coming up with a bill

Betty Tableman, a veteran state employe,

Laggis explained that the office, instead of becoming a separate operation, at first was considered as a possible addition to an existing department or agency,

"But drug abuse is a little bit of everybody's problem," he said. "I suppose it could have gone to Public Health, Mental Health, Corrections or Law Enforcement. But it doesn't really fit in with just one department."

The main purpose of the office, Laggis explains, is to carry the fight against drug abuse by coordinating a massive statewide program aimed at educating Michigan citizens and encouraging and developing community programs.

It already has produced and begun distributing a 30-minute film detailing what other communities are doing about drug abuse.

Laggis also had to sift through reams of booklets and pamphlets about drug abuse published by various sources.

"A lot of this literature is pretty terrible," he said. "Kids who know anything at all about drugs will look at something like this and laugh. They know what it's all about.'

The office also is setting up a speakers' bureau to recommend speakers "who know what they're talking about and how to say it.

"An awful lot of the people who go to schools and communities to speak on drugs now are horribly uninformed," Laggis said.

Laggis thinks community action programs will be the final

Liners produce for Dick Hendrick

Dick Hendrick reported that he used Chronicle liners effectively last week to sell a large size tricycle. It sold by 7 p.m. Wednesday

after the paper was at the newsstands, Hendrick said. He cancelled the ad that had been scheduled to run three times,

Gentlemen, if you think this issue has been laid to rest. you are in for a rude and friawakening," vowed chtening Sen. N. Lorraine Beebe, R-Dearborn, a leading proponent of liberalized abortion laws. Mrs. Beebe, the Senate's only woman member, told her fellow

lawmakers "people, especially

women, do not forget."

the Roman Catholic Church," says Mrs. Beebe. denominations came out in sup-"This is going to be a major port of abortion reform," she issue in the primary and gensaid. "But these people have eral elections, and women have declared war," she said angrily. Sen. Gilbert Bursley, R-Ann Arbor, who was sponsor of the bill which was defeated in the Senate, says reform advocates are "spreading the word" on which seats to go after.

been denied the right to their beliefs by the minority." Mrs. Beebe warned her fellow lawmakers earlier in the session that "hell hath no fury

like a woman scorned." She appears to be proving that.

Hartman and Mrs. Urban Hart-The next meeting will beheld man, both of Detroit, and Mrs. Tuesday, June 16 at the cottage McCormick of of the Little s at Caseville,

Mr. and Mrs. Roland Hartsell were honored Sunday, May 24, for their 53rd wedding anniversary, A dinner was given at the Hartsells' home by their children.

Attending were: Mr. and Mrs. Donald McComb and daughter of Birch Run, Mr. and Mrs. Charles Ashmore and children of Cass City, Mr. and Mrs. Le-land Hartsell and daughter of Caro, Mr. and Mrs. Orville Hartsell and daughter of Che-

saning, Mr. and Mrs. William Hartsell and children of Deford.

Also present were Mr. and Mrs. Roger Ashmore and daughter of Saginaw, Mr. and Mrs. Eron Ducalon and sons of Washington, David Ashmore and daughter of Saginaw, Mr. and Mrs. Larry McComb of Vassar, Mr. and Mrs. David Sleaman and sons of Birch Run, Miss Clare Bauer of Cass City and Tom Fender of Washington.

For instance, I have never seen Bonanza, Not once, Can you imagine? This has been one of the nation's most-watched TV shows for years. Everyone who is anyone knows about Pa Cartwright and his boys on the

things.

Ponderosa. I've read reams about them, I've even heard Pa sing on the Johnny Carson show (Anyone who sings like that

should carry a gun.) But I've never seen a Bonanza show. The reason is simple. By the time I was 12 years old, I'd seen umpteen-thousand cowboy movies. They starred guys like Hoot Gibson, Buck Jones, Ken Maynard and Johnny Mack Brown. They were real men. Then along came Gene Autry and Roy Rogers and the Sons of the Pioneers. They sat around on their horses and sang, for gosh sakes. Can you imagine Buck Jones singing "Rudolph the Red-Nosed Reindeer?"

It was then I swore off cowboys shows for good. I haven't seen one since, Especially I haven't seen Bonanza, no matter how many awards and rating races it wins, I suspect Hoss Cartwright is hiding something under that ridiculous hat and it might be Gene Autry.

"If It Fitz. . ."

I bought a lawn mower. Oh,

A man earns only a few claims

half his size to cut the lawn the boys in our neighborhood needed the money they earned He wants to mow it himself cutting my lawn with their mowand he'd also like to make money ers. And I didn't mind limping cutting neighbors' lawns. This horribly whenever I paid them kid has obviously picked up so they'd understand I'd be doing some weird ideas from his the job myself if it weren't for mother who washes his brain the German shrapnel in my more than his socks.

So anyway, now there's a mower in the family. It cost In the 3rd place, I had no place to keep a lawn mower. \$190, for Lord's sake. And no garage. Which gives my son a Another negative claim to fame claim to fame: the only kid is that I've never owned a in town whose dad makes him garage. A man can't be too sleep with a lawn mower. careful. Every garage I've seen Onward and upward. is full of shovels and saws and drills and hammers and other terrible tools of slavery. I much prefer a carport that converts Perhaps You Have Something into a porch for the summer. If

I can get someone to convert it. And in the last place, I'm lazy. I remember when the selfpropelled mowers became pophave several items that you ular: "You don't even have to no longer need and they're push it," my wife said. "Yes," I answered, "but I'd have to follow it."

But despite all these sterling reasons for not owning a mower last week I bought one. I got it for my son who said he was embarrassed when I hired boys

We'll bring 'em to your farm!

We believe that the best way to sell New Holland farm machinery is to show it to you as it should be shown. On your farm, doing the work you do . . . you can watch closely, operate the equipment yourself and know for sure that we have the right answers to profitable farming.

NOTICE TO USERS OF VILLAGE WATER SERVICE

During the flushing of the hydrants Wednesday, Thursday, and Friday, June 3, 4, 5, there may be an abundance of crystalized iron (rust) in the water supplied to your area of the village.

This condition does not render the water unfit or harmful for consumption; however, clothing washed in this water will probably become discolored.

Check the color of your water before placing your clothing into it.

The Village is not liable for damage caused by this condition.

Your cooperation will be greatly appreciated.

shelf. The store manager stated that more DDT was being sold this year than the last few years.

against use of D. D. T. in Michigan agriculture. Also, the use

of mercuries this year were

cancelled for treatment of our

certified seeds.

potential from Pollution farming operations, as well as from industry, has increased over time. More inorganic and manufactured substances are being used in agricultural production, resulting in increased concentration of inorganic materials and animal wastes. However, the Federal and State Departments of Agriculture and Soil Conservation Service have for years developed new research for agriculture for less water, soil and air pollution. The soils are one of the best medians for the break down of chemicals that we have today and research is putting these soils to work.

Last summer as my worthy car was traveling down a country road, a young lady was observed pouring several cans of chemical over the bridge into a small stream. She had gathered these chemicals up so they wouldn't be harmful to wildlife in and around her home. The results probably led to many hundreds of dead birds and wild animals. This is one of the many reasons why a group collecting chemicals must be careful where the chemicals are disposed.

Farming activity has contributed to the pollution of our environment. However, most farmers today are using soft pesticides and other chemicals leading for a better life in Tuscola County.

Mrs. Edith N. Pomeroy, a former Unionville resident, died Sunday night, May 24, in a Tampa, Fla., hospital. She had lived in Tampa the last eight

years. The former Edith Nelson, she was born Feb. 24, 1891, in Akron township.

She is survived by five children, Mrs. Charlie Thompson Sr., Leb Pomeroy and Chloris Pomeroy, all of Cass City, Ralph Pomeroy Jr. of Berkley and Mrs. Ray Murphy of Clawson, and a brother, Floyd Nelson of Caro.

Funeral services were scheduled at 2 p.m. Thursday at Diesler Bros. Funeral Home in Unionville.

Burial was to be at Hickory Island cemetery, Unionville.

Farmers throughout the country know that there's real truth in the slogan "Practical in design • dependable in action." We'd like to prove it to you! Call for a free, no obligation, demonstration on your farm.

FROM THE FILES OF THE CHRONICLE

FIVE YEARS AGO

A community college for Huron, Sanilac and Tuscola counties was given an enthusiastic green light by Max S. Smith, director of the office of community college cooperation at Michigan State University.

"It's an honor to be elected and a great thrill to be going," Charles Churchill, 16, a junior at Cass City High School, said when asked about his upcoming trip to England as one of over 6,000 foreign exchange students. The Cass City Band Boosters approved purchases for the school band totaling nearly \$1,000 at the final meeting of the year for the organization. Mrs. Betty Jean Lemke, daughter of Mr. and Mrs. Cleo Spaulding of rural Cass City, will graduate from Saginaw General Hospital School of Nursing.

An estimated 150 persons attended the 50th wedding anniversary of Mr. and Mrs. Walter Kelley of Deford.

TEN YEARS AGO

Fred Knoblet of Cass City lost the sight in one eye when he was attempting to mend an electric wire fence. The wire flipped away from him and struck him in the eye.

Judges for the contest to determine the best poster advertising the Vacation Church School will be Keith McConkey, Lloyd Bryant and Robert Hunter.

twined by a serpent became the symbol of medicine, Hygeia, the goddess of health, is supposed to be the daughter of Aesculapius.

No other doctors to my knowhave had constellations ledge after them but great named physicians have been recognized for unusual accomplishments by nearly every country of the world:

An Arab, Albucasis, was born in Andalusia, Spain. He wrote in Arabic. His al-Tasrif consisted of three books with many illustrations. He emphasized cautery and mentioned a halfhundred diseases which he treated by fire. His obstetric and gynecologic treatises reflected the custom which prevented men from direct examination of a virgin and called for directions to be given to a female assistant.

A Brazilian physician by the name of Alvaro Alvim became a "Martyr to Medicine" because in the experimental work of Xrays he incurred burns on his hands which necessitated their amputation. He continued his work with the aid of prostheses.

You have heard or seen or at various other places he organized the Pasteur Institute in had a doctor thump your chest Saigon. While there a flood or your back. This is called percussion and it became an

ton Saturday. A dinner and reception followed in the church Gerald Wills spent Sunday with hall,

Money, money, money. Sometimes it seems that all people talk about is money. Some hoard it, others let it slip through their fingers. But, whether spender or saver, no one is unmindful of it.

Sometimes it seems as though even in church we hear too much about money. Isn't that the one place where money shouldn't be mentioned at all? No.

It isn't money that is at fault, but our attitude toward it. In earlier times, we gave of our services, trading one thing for another. Today we use money as a medium of exchange. It is the spirit in our use of that exchange, in both our spending and saving, that counts.

So, give to the church of your choice. Give generously, if you can. But even if you can't give - go.

Judy Heronemus Bethel College grad

Miss Judy Heronemus, daughter of Mr. and Mrs. Floyd Heronemus of Decker, was among the 100 seniors who graduated from Bethel College, Mishawaka, Ind., at its 23rd annual commencement excercises Sunday, May 24, in Goodman Auditorium on the

By automobile from Harbor Beach to Washington, D. C. to New York City to San Francisco is 4077 miles, a few of them quite rugged miles There were stops in between

at Columbus, Ohio...Columbia, Missouri....Leavenworth, Kansas....Denver, Colorado...Vernal, Utah. Las Vegas and Reno, Nevada. I had been in most of these

places before, but not recently...and they all shared one thing in common ... CHANGE .. I lived in Washington, D. C. for 13 years, but I get lost driving around it now ... streets that I recall as main arteries have an embarrassing habit of turning into dead ends with freeways and tollways whizzing by at right angles. The best meal I had in New

York City was in the Oyster Bar in Grand Central Station ... the best meal on the road was in Harold's Club. Reno.

Runners-up to the above were The Lobster Restaurant in New York on 45th St. between Sixth and Seventh Avenues, and on the road the Antlers Restaurant in Winnemucca, Nevada.

The trip was enlivened by a tour of the facilities of the Federal Prison at Leavenworth, Kansas...I saw cell blocks containing 6 or 8 bunks to the cell in a wing of the prison built 150 years ago, and cell blocks containing single cells in the newer wings.

I saw the mess hall, the kitchen, the bakery, the butcher shop, the hospital, the factory, the chapel, the auditorium, the library, the school rooms and the data processing room which keeps track of all these operations in a self-contained city of 2200 inmates and 1000 guards and administrative personnel ... a city which for obvious reasons has its power plant and water supply outside the prison walls, I saw more snow on the trip than the Thumb of Michigan ex-

perienced on April 2nd ... mostly in the mountain passes negotiating the Rockies, Loveland Pass on Route 70 at 11,292 feet elevation, and Rabbit Ears Pass on Route 40 at 9,572 feet elevation both were traversed in near-blizzard conditions...and with the snow tires

Uncle Tim From Tyre Says:

Dear Mister Editor:

The older a feller gits, Mister Editor, the more he thinks about doctors and hospital bills. I don't know if it was the years they is carrying or the times they is living in that got the fellers talking about the cost of gitting sick these days, Anyhow, the subject come up and was give a going over Saturday night at the country store.

There was Ed Doolittle, that reported he had saw where hospital bills was going up to \$200 a day by 1975. And in the same paper, Ed allowed, he saw where doctors is treating folks over the telephone. The more you pay the less you git fer yore pains, was Ed's words.

Clem Webster said he would like to point out to old Ed that he ain't saw where a single solttary service or anything else has got cheaper under the Republicans. About the closest

thing to progress in the inflation war he has saw, allowed Democrat Clem, is where the Administration sees rising unemployment as a healthy sign. Ed got back to his report by halfway agreeing with Clem. said that is like defensive driv-He said a feller can't afford to ing, except that instead of looklive, git sick or die in this ing out fer the other driver,

day and time. But Ed said he is going to be powerful sick afore he phones up a doctor fer treatmunt by long distance. According to this piece Ed read, a doctor can set in front of a machine, feed in the patient's report and come up with what ails him.

Anybody that can git a telephone and one of them diagnosing machines second hand can go in business, allowed Ed. You call up and the doctor. tells you to take yore pulse and temperture, breathe deep and cough, stick out yore tung and tell him where you hurt. He reads his machine and tells you to drink plenty of liquids and git plenty of rest. And that'll be \$20, please. A bed in a hospital at \$200 a day will be a bargin when a feller has to

pay good money to examine hisself long distance, was Ed's words. Zeke Grubb was of the mind Ed and Clem was too hard on the doctors. He said all us old fellers has got a sad case of what the experts has started to call "defensive living." Zeke

we is trying to stay one step ahead of old father time. Fer instant, went on Zeke,

when a feller gits too old to fight he learns to put up a betail ter argumunt, That's defensive ~living. Remembering where you left yore teeth and yore bifocal'sis defensive living, writing down what you could keep in yore head easy 30 year ago, and* learning to git through the day without having to bend over and pick up somepun is de-' fensive living, went on Zeke.

Personal speaking, Mister Editor, it looks like Zeke's defensive living is jest doing the best you can with what you got left.

> Yours truly, Uncle Tim

west of Caro, A three-year New plant materials for soil growth of 12 to 15 feet is shown and water conservation use are in the above picture. being constantly searched out, These plants were furnished from all over the world, studied by the Rose Lake Plant Materand propagated by Soil Conserds Center near Lansing. Service. Promising vation plants are then distributed to farms for further observation

This is one of four centers operated by SCS serving the Midwest States, Kellogg explaineđ.

Sam Jackson, SCS Soil Conservationist, has been transferred from Reed City to take over management of the Rose Lake Center. He will be responsible for directing the operations which include information on approximately 1,500 trees, shrubs, grasses and legumes. Jackson is well qualified for this position as he received a Bachelor of Science degree from South Carolina State College, and taught Biology in South Car-Since tha

jurymen. A cooperative lunch was served by the hostess. The June meeting will be with Mr. and Mrs. Alex Wheeler as hosts.

The Women's Department of the RLDS Church met at the church annex for the monthly meeting and the work of the afternoon was quilting.

over by Mrs. Bruce Kritzman, women's leader. The worship service was in charge of Mrs. Don Smith, Roll call was ans-

wered by 12 members to a Scripture or poem about Zion. The lesson from study book, Mission, Mission, Mission, was taught by Mrs. Howard Gregg. The group voted to buy the book, None to Give Away, for the branch library. It was announced the June bake sale at the annex will be in charge of Mrs. Gerald Miller

and Mrs. Voyle Dorman. A lunch was served by Marie Meredith and Mrs. Don Smith. The June 18 meeting will be at 8 p.m. at the home of Lillian
