Double fatality ups traffic toll to 29

Mrs. Mary Russell of Unionville is recovering from injuries suffered in a two-car crash Friday in which Mrs. Mary Lou Baker, 43, and her daughter, Mrs. Sherry Oaks, 22, both of Unionville, were killed.

Mrs. Russell was admitted to Caro Community Hospital where she suffered multiple bruises and a broken rib. Her

husband was treated and released.

The accident occurred at the corner of Graf and Hoppe Roads when the Baker car crashed into the car driven by Mrs. Russell.

The double fatality brought Tuscola county's total to 29 for the year. Last year a record 48 died in traffic mishaps.

Graf and Hoppe Roads is an open intersection about a mile and a half southeast of Unionville.

Mrs. Baker was the mother of 10 children, six at home, and Mrs. Oaks had two children.

Mrs. Baker's husband, Alvin, is in St. Luke's Hospital, Saginaw, recovering from injuries suffered in a motorcycle accident this summer.

Both vehicles were headed west at about 7:15 p.m. The tractor was driven by Alan Kretzschmer, 13, Owendale, who was uninjured.

Hunt told investigating officers that the tractor and beet machine were without lights.

The front of the Hunt car and the beet machine were damaged in the mishap.

The only other accident reported to Tuscola County Sheriff's Department occurred Friday night. Mrs. Bertha Hildinger, 65, of Cass City was driving on M-81 in Elmwood township when her car struck a deer.

Mrs. Hildinger was headed northeast on M-81 at about 11:30 p.m. when the deer darted in front of her car.

The front and left side of Mrs. Hildinger's car were damaged.

In Circuit Court

Reduced charges bring guilty pleas

Two persons who were arrested on issuing bad checks in Cass City have pleaded guilty to reduced charges as a result of an effort to clean up an overcrowded criminal docket in Tuscola County Circuit Court.

Assistant Attorney General Leo Maki appeared before Judge Norman A. Baguley and eight criminal cases were disposed of by reduction of charges and guilty pleas Tuesday.

Jerry Bland, 19, of the Caro area had been charged with uttering and publishing a bad

check in connection with the alleged passing of a forged check at Kritzman's in Cass City late last year. Bland pleaded guilty to a reduced charge of obtaining money under false pretenses with intent to defraud and he will be sentenced Nov. 23, following a pre-sentence investigation.

Rose Marie Mucha, formerly of the Cass City area, had been charged with passing bad checks at a series of Cass City business houses some months ago. She pleaded nolle contendere or "no contest" to a reduced charge of obtaining money under false pretenses and will be sentenced by Judge Baguley Dec. 7, following a pre-sentence investigation.

Edward W. Baer, 18, of Decker entered a plea of guilty to a charge of being a disorderly person, and was sentenced to pay a \$50 fine, \$150 court costs by the end of October or face 30 days in jail. From other areas, Ronald Fritz, 23, and his brother Edwin, 18, both of Unionville, pleaded guilty to a charge of removing property from a vacant building and will be sentenced Nov. 23.

Seek bonds for bridge repair

Tuscola County's Road Commission is mulling a million dollar move toward construction of 19 new bridges in the county. The plans were outlined in the appearance of County Road Commission Engineer Robert Wellington and Clerk Orville Keitlinger before the county commissioners late last week.

The plans call for approval of \$1 million in revenue bonds, to be paid for over a 15-year period by a portion of the county's expected gas and weight tax revenues from the state.

None of the revenue to pay off the bonds is expected to come from the one-mill tax approved in the August primary election.

For newly-weds

Power quest has happy ending

When a pair of newlyweds, Mr. and Mrs. Ron Speirs of East Akron Road, Cass City, returned from their honeymoon Wednesday, chances are they found their new trailer home bright, warm and comfortable. Especially bright.

The saga of securing electricity for the couple started Aug. 19 when Speirs applied for service from Thumb Electric Co-op in Ubyly (REA).

The trailer is located in "no man's land" between REA and Detroit Edison service area. Since it is closest to REA, this utility is responsible.

But Speirs' father, Robert, who sold him a plot of land he owns down the road from his own home, is serviced by Detroit Edison.

It appeared that way to the distraught about-to-be-married new homeowners.

But with the deadline fast approaching, REA went to work. Francis Hund, REA troubleshooter, reported after investigation that there really wasn't much to be concerned about.

It looks as if the right-of-way matter will be cleared up without trouble, Hund said, and we'll have electricity out there before the honeymooners get home.

Hund was right. Tuesday the needed utility poles were placed and the wires strung as all the legal hurdles were surmounted in a flurry of last minute REA activity.

As we were saying, Wednesday promises to be a bright day for the new Speirs family...but it took a little extra last minute effort by all concerned to make it so.

Open house set to mark education week

Cass City High School will hold an open house Tuesday, Oct. 27, starting at 7:30 p.m. in conjunction with American Education Week, Russell Richards, principal, announced this week.

The high school building will be open and teachers will be present, Richards said. There will be no formal program, but interested persons are invited to come in, look over the building and discuss school problems, Richards noted.

CINDY STRICKLAND capped four years as a member of the queen's court when she was named home-coming queen Friday. Last year's queen, Jill Auten, places the crown on her successor and Principal Russell Richards presents the students' choice with flowers.

FROM THE Editor's Corner

The hottest issue facing voters Tuesday, Nov. 3, will be whether or not to approve parochial and both sides present convincing arguments in active campaigns.

At the Michigan-Michigan State football game Saturday, scads of volunteers were deluging the 100,000 fans with pro and con messages about Proposal C.

In contrast, two other proposals have received scant attention. They have gone mostly unknown even though the issue of whether or not to authorize a \$100 million bond issue for low cost housing and lowering the voting age to 18 are changes of significance.

The pivotal parochial question is whether or not the passage of the amendment to prohibit public aid to non-public schools and students will ban auxiliary help already established: health care, driver education, library service and others.

The opponents of parochial aid say that the new law will not eliminate these services, those in favor say it will.

Probably, the truth is that the issue will be decided by ruling of the higher courts. Perhaps swayed by personal convictions, qualified persons have said it will and equally qualified persons have said it will not.

Locally, Proposal C has less significance than it once had. Since St. Agatha in Gageton closed, the closest parochial school in the area is at Ubyly.

Important practical considerations about Proposal C will be to decide what to do with the students if private schools are forced to close. How the cost of educating extra students and providing needed space for these students can be handled.

Or if parochial remains legal, how to limit duplication of services and costly handouts to systems of lesser caliber.

It's doubtful if anyone knows the answer...can predict what will happen.

Basically, public funds for the support of private schools goes against the grain. It lessens the traditional division between church and state.

The trouble is the amendment goes too far, doesn't make clear just what will happen to the system as we now know it.

The issue comes down to whether or not voting in the amendment is worth the risk of forcing many private schools to close and shoving their stu-

Cass City cafeteria boss tells how it's done

For 14 years now, Mrs. Mona Phillips has been preparing noon lunch for school children and she still enjoys it. Enjoys preparing the food, enjoys the association with the kids.

To hear Mrs. Phillips tell it, all kids are wonderful. What a fine group we have here in Cass City, the matronly chief of the Cass City School cafeteria said Tuesday...just like the wonderful bunch I had when I cooked in Deford.

For Mrs. Phillips the kids haven't changed, but the met-

hods have...and not always for the better.

It isn't our fault, or the fault of the school, Mrs. Phillips stressed, that the food isn't quite as tasty now as it was when I cooked in Deford.

It's simply a matter of numbers. It's just impossible, the cheerful Mrs. Phillips feels, to cook as well for a large group as it is for a small one.

In Deford we were able to make homemade soup, she confided, and I knew the kids personally... what they liked, what

they didn't.

That's impossible when we are feeding 900 to 900 daily, she said, but we still manage homemade cookies and other items that add up to tastetreats for students and teachers.

By most standards, the five-member staff at the school is producing a well-rounded, tasty meal. Beautiful... (unless you happen to have been spoiled by the lunches for formerly provided.)

Evergreen and Darby School in Caro have lunches prepared in Cass City and snap them up,

New owners at dairy store

Announcement was made this week of a change of ownership at the Quaker Maid Dairy Store which opened this summer as the Ku-Ku-Kow.

Gerald and Don Stillson have purchased the business from the former owner and made several changes.

One is the addition of a game room that features pool table and non-gambling pin ball machines. Another is the enlargement of the stock of cold meats and groceries, Stillson said.

The same system is used at Deford but residents there complain...they remember it as it was.

We cook the meals for these schools the same day it is used, Mrs. Phillips said, and they have the same food we have here in Cass City.

The tray system of pre-prepared and chilled food that is warmed in ovens at the various grade schools was established to keep cafeteria costs in line. Mrs. Phillips has been in

FACE UP
Remember, never put off until tomorrow all the things you planned to do yesterday.

Mr. and Mrs. Randon S. Doerr

St. Peter's Lutheran Church at Unionville was the scene of a late afternoon wedding Saturday, Oct. 10, when Miss Jean Russell became the bride of

Randon Scott Doerr. Pastor Clyde Spacht married the couple in a five o'clock ceremony when the church was decorated with arrangements of blue and white autumn flowers. The bride wore her mother's wedding dress of ice blue satin, trimmed with ivory lace, which had a long train. Her illusion veil was held by a matching lace headpiece.

Miss Joan Russell of Unionville, the bride's sister, was maid of honor. Bridesmaid were Miss Jill Stilson of Cass City, Patty Doerr, sister of the groom, and Gayle Dillon of Lansing, sister of the bride. They wore A-line royal blue crushed velvet gowns.

Dave Asher of Cass City was best man. Groomsman were Cas Paciesny of Cass City and John Franks and Peter Franks, both of Rochester.

Wynne Dillon and Edward Doerr Jr., brothers of the couple, ushered.

Mr. and Mrs. Donald Russell of Unionville and Mr. and Mrs. Edward Doerr of Cass City are the couple's parents.

A reception for 150 guests followed at the church and they left on a wedding trip to Canada. The newlyweds are making their home at 6265 Pine St., Cass City. He is employed in Marlette and she is a licensed beautician.

LITTLE FAULTS
It's a chain of events that tend to show up the weak link in any man's character.

FINAL COUNTDOWN
About the time a man gets to the place where he can live on velvet, Mother Nature is likely to call him on the carpet.

Law enforcement has made great strides in this country since the vulgar old days when G-men gunned down James Cagney and George Raft.

You youngsters probably don't even recognize the term "G-men." That's short for "Government men." That's what they used to call the FBI back in the 1920's, before Erem Zimbalist Jr. was born and Ed Sullivan was the only thing to watch Sunday nights.

Those were the bootlegging days when Hoover was young but certainly not gay. G-men had just been issued guns and they lost no time in rat-tat-tatting themselves a rugged reputation. They were tough and they scared the crooks. They were nice to have around if you expected John Dillinger for dinner.

That was yesterday. Today's FBI man is ever-ready to have tea with Queen Elizabeth. He's a college grad with a degree in horticultural criminology. He's dressed fit to pallbear and he's so polite he never points his gun without first announcing he's from the FBI (This gentle-

Present Gibbs Bronze Star for Vietnam service

Army Sergeant Ronald C. Gibbs, 20, son of Mr. and Mrs. Melvin E. Gibbs, Unionville, recently received the Bronze Star Medal in Vietnam.

He was presented the Bronze Star Medal for distinguishing himself through meritorious service in connection with military operations against hostile forces in Vietnam. The medal, adopted in 1944, recognizes outstanding achievement.

Sgt. Gibbs received the award while assigned as a rifleman in Company E, 1st Battalion, 8th Cavalry, 1st Cavalry Division (Airmobile).

He entered the Army in November 1968 and received basic training at Ft. Knox, Ky. The Sergeant is a 1968 graduate of Unionville High School. His wife, Linda, lives in Sebewaing.

mainly gesture admittedly gives the criminal a headstart but so what? The FBI knows that fleeing crooks always end up on the top or water towers and where can they go from there?)

A present issue of Life magazine showed the modern FBI man in action. The story was about Attorney General Mitchell's wife Martha, the Washington hostess with the mostest mouth. Two of the pictures showed how the FBI helped Martha solve some crucial problems of state.

Martha needed to iron a dress to wear later to an important reception. She also needed a loose thread snipped from the back of the dress she was wearing. She obviously needed the FBI. And, fortunately, an FBI agent was present, guarding Martha against Communists.

The pictures show the agent maneuvering the hand-iron with incredible dexterity and capturing the wayward thread through intense concentration. Professional criminologists were probably fascinated to note that the agent wore horn rimmed glasses for ironing, but took them off for snipping.

It is typical that Life didn't give the FBI agent's name. He was identified only by occupation. The FBI is made up of selfless men who want no personal glory for their marvelous achievements. They want only to protect you taxpayers, you people who pay their salaries, from wrinkled dresses and loose threads.

If an ordinary, glory-mad maid had been pictured ironing that dress, she would probably have demanded that Life print her name. But there was no maid around that day.

She was probably out fighting the Mafia. Somebody has to.

Mrs. Wotton feted by Job's Daughters

The regular meeting of Job's Daughters, Cass City Bethel 77, was held Thursday, Oct. 15, at 7 p.m. with initiation of two members into the Bethel, Miss Diana Seddon and Cheryl Smtun of Kingston.

A surprise was held for past Bethel guardian and present director of music, Mrs. Lucille Wotton. Mrs. Wotton had been Guardian of the Bethel for seven years. She has been Grand 4th Messenger, Grand Sunshine Committee member and this year is Grand Councillor for the Grand Council of the State of Michigan.

Mrs. Wotton was honored with original poems and gifts. A cake, in the form of a cross, was made by Mrs. Audrey Cummins and decorated by Miss Ruth Cummins, past honored queen.

Guests were from Caro, Marlette, Owendale, Kingston, Gagetown and Millington.

Another special attraction of the evening was a stork shower for Past Honored Queen Dorothy Tracy Caverly.

The next meeting will be Thursday, Oct. 22, the arts and craft evening under the direction of Mrs. J. Alexander of Millington.

The group will officiate at the Lighted Cross ceremony Saturday, Oct. 24, when Mrs. Carol Tracy Furness will be installed as Worthy Matron of Echo Chapter, 337, Cass City, at the Tyler Masonic Temple.

Cass City Job's Daughters will also be guests of Decker Chapter OES for the Lighted Cross ceremony at their annual installation, Oct. 28 at the Decker Masonic Temple.

There is little relationship between the cost and the pleasure of a vacation.

Mr. and Mrs. Grant L. Merchant

In a candlelight service Saturday, Oct. 10, Vickie Lynn Parker and Grant L. Merchant exchanged wedding vows at the RLDS Church in Owendale. Lewis Gemmill performed the 7:30 p.m. service.

Parents of the newlyweds are Mr. and Mrs. Clarence Merchant of Cass City and Mr. and Mrs. Donald Parker of Owendale.

Denice Parker of Owendale was her sister's maid of honor. Bridesmaids were Mrs. Donald Merchant of Cass City and Miss Diane Powell of Elkton. Beckie Parker was junior bridesmaid, also a sister of

the bride.

Donald Merchant, brother of the groom, was best man, Mark Battel and Duane DeLong, both of Cass City, were groomsmen. Junior groomsmen was Bill Shagene of Cass City.

Ushering guests were Robert Stewart of Saginaw and Francis DeLong of Cass City.

A reception for 350 guests was held at the Sebewaing VFW Hall, after which the couple left for the Upper Peninsula on their wedding trip.

They are making their home in Owendale. She is a student at Delta College and he is employed in Sebewaing.

EXTENSION

The Shabbona Extension Group will meet Monday evening, Oct. 26, at 8 p.m. at the Evergreen Community Hall, instead of the home of Mrs. Lloyd Bader as previously reported.

Reports of the county tour will be given by Mrs. Gordon Ferguson and Mrs. LeRoy Sefton. Making Christmas wreaths of pine cones will be demonstrated by Mrs. Paul Murray.

WOMEN'S DEPARTMENT

The Women's Department of the RLDS Church met Thursday afternoon with Mrs. Gerald Miller at Caro.

Mrs. Bruce Kritzman, women's leader, presided. Mrs. James Doerr had charge of the worship service and Mrs. Dean Smith gave a reading.

Roll call was "Hints on Raising Children." It was answered by 11 members and a visitor. A playlet was presented by Mrs. Kritzman, Mrs. Don Smith and Marie Meredith.

The lesson on "Our Wastelands," by Deane Edwards, was taught by Mrs. Howard Gregg.

The next bake sale is to be in November at the annex with Miss Meredith and Mrs. Floyd McIntosh in charge.

Election of officers was held. Mrs. Kritzman was elected leader at the branch business meeting. Mrs. Don Smith was elected associate leader, Mrs. Dean Smith, secretary, and Miss Meredith, treasurer, and Mrs. Gregg, teacher, with Mrs. Maude Holcomb, assistant teacher.

Lunch was served by the hostess, assisted by Mrs. Dean Smith.

The Nov. 19 meeting will be at the home of Mrs. Robert Sawdon at Deford.

Mr. and Mrs. George McKee and family of Lapeer were Sunday afternoon callers of Mr. and Mrs. Laurence Hyatt and family.

James and the Misses Mary and Sandy Wheeler were Sunday guests of Mr. and Mrs. DeWayne Kyser at Shepherd.

WCS

The WCS of the United Methodist Church met Wednesday evening, Oct. 14, with Mrs. Clair Auslander. Seventeen members and a visitor attended.

Mrs. Robert Bader presided and Mrs. Alvin Burk had charge of the worship service. Prayer was by the Rev. Stephen Chapko. The group read Psalm 116 in unison.

The lesson, Medicine and Religion, was taught by Mrs. Arthur Severance. Mrs. Arlington Gray read "At the Place of the Sea" and Mrs. Bader read My Daily Creed and Substitute.

Final plans for the harvest dinner were discussed.

The committees are: Mrs. Bader, general chairman; Mrs. Lloyd Bader and Mrs. Clair Auslander, kitchen; Mrs. Arthur Caister and Mrs. Gene Chapin, dining room; Mrs. Russell Smith and Mrs. Leslie Severance, decorations; Mrs. Burk and Mrs. Arthur Severance, publicity; and Mrs. Ralph Smith, tickets.

The Nov. 11 meeting will be with Mrs. Arlington Gray and the lesson by Mrs. Ralph Smith.

The Bad Axe school system is going for volume in its hot lunch program. The board there recently reduced the cost of hot lunches from 30¢ to 25¢ in the grades and intermediate school and from 40¢ to 35¢ in the high school.

Cass City district students in the grades pay 40¢ and in the remainder of the school, 45¢. Teachers pay 80¢. Bad Axe was able to reduce its lunch cost because a recent evaluation revealed that the program was making money at the old rate.

Lunch with a service rep from Southeastern Michigan Gas Co. revealed that there soon will be a new gas furnace on the market that will need no electricity at all.

The motor on the unit will be operated by a gas operated generator. The rep says it costs nothing extra to operate because it uses the same gas used for heating.

I've had an experimental unit in my home for four years, he said, without any trouble.

Now if Southeastern could only figure out how to get enough gas to satisfy their customers....but that's another story.

After next Thursday, Bob Buttery, district manager for General Telephone, will be a full-fledged veteran of the company. Thursday's the date that Gen-Tel holds its annual bash for Thumb publishers and it will be the first for Bob as manager of the Cass City district.

Buttery naively says he's looking forward to it.

Chief Justice John R. Dethmers was in the office last week in connection with his campaign for re-election to the Michigan Supreme Court.

Dethmers faces formidable opposition from John E. Swanson and G. Miennen Williams, well-known as former governors. Most persons aren't aware of his record as an outstanding juror. Over the years he's proven again and again that he votes the law, not party policy, when political issues come before him.

He's endorsed by the GOP but he is a justice first, a politician second.

We have too few like him on our courts. Michigan people would be well served if he is re-elected.

NOTICE OF MORTGAGE SALE

Default having been made in the conditions of that certain mortgage dated April 15, 1964, executed by O. Keith Riley and Elizabeth D. Riley, as his wife and in her own right, as mortgagors, to The Federal Land Bank of Saint Paul, a body corporate, of St. Paul, Minnesota, as mortgagee, filed for record in the office of the Register of Deeds of Tuscola County, Michigan, on April 20, 1964, and recorded in Liber 233 of Mortgages on page 613-615 thereof, which mortgage was reamortized by written agreement dated May 7, 1968 and recorded May 10, 1968 in Liber No. 248 of Mortgages, page 470, in the office of the Register of Deeds of Tuscola County, Michigan,

NOTICE IS HEREBY GIVEN THAT said mortgage will be foreclosed pursuant to power of sale therein granted and the property therein described as follows:

The Northwest Quarter of the Northwest Quarter, Section Seventeen (17), Township Twelve (12) North, Range Nine (9) East;

lying within the County of Tuscola, State of Michigan, or so much thereof as may be necessary to pay the debt for which said mortgage is security, together with the legal costs and charges of sale, including attorney fees allowed by law, and also any sums which may be paid by the undersigned to protect its interest in the premises, will be sold at public auction to the highest bidder for cash by the Sheriff of said County at the outer front door of the Court House in the City of Caro in said County and State, (that being the place of holding the Circuit Court for the County in which said mortgage premises are located) on Tuesday, January 5, 1971, at ten o'clock A. M., subject to the right of redemption within one year from said date of sale. There is due and payable at the date of this Notice upon the debt secured by said mortgage, the sum of \$11,758.35.

Wool sewing contest slated

District 7, including Arenac, Bay, Huron, Sanilac, and Tuscola counties will present the annual Make It Yourself with Wool Fashion Show Nov. 21, at the Kawawlin Community Church, Kawawlin, to select two winners to compete in the State Contest.

The contest is co-sponsored annually by the Michigan Auxiliary to the National Wool Growers Association and The American Wool Council.

There is still time for girls to enter the contest. Girls between the ages of 10 and 21 are eligible and must select fabric, (made of 100% wool loomed in America) patterns and accessories and construct their own garments which they will model.

Entry forms may be obtained by contacting District 7 Director, Mrs. Raymond Bragiel, 2184 S. Fraser Road, Kawawlin.

WCTU district holds annual meet

The 90th annual meeting of the 8th district of the Women's Christian Temperance Union was held Oct. 13 and 14 at the Mizpah Missionary church.

Mrs. Otis Miller, district president, opened the meeting. Guest speaker Tuesday evening was Rev. Richard Merrell of Flint, evangelist and youth worker. Others participating in the program were Wayne Whittaker, Rev. Richard Culp, Gary and Jerry Bitterling, who provided guitar music, and Miss Stone, who spoke of her experiences at the YTC camp at Caseville.

Wednesday morning, Rev. James Kinney presented devotions and Mrs. Miller gave the president's address. A potluck dinner was held at noon.

Guest speaker for the afternoon session was Mrs. George Perkins of Royal Oak, who spoke on the misuse of drugs. Also taking part in the meeting were Mrs. E. Baldwin and Rev. and Mrs. Charles Husted of Snover, who presented special music.

The meeting was dismissed when the group formed a "friendship circle" and sang a hymn.

The purpose of the WCTU is "for the protection of the home, the abolition of liquor traffic, and for the triumph of Christ's golden rule in custom and in law," according to Mrs. Leveret Barnes, reporter for the group.

Plan snowmobiling projects for 4-H

Snowmobiling is one of the many new 4-H project areas to be discussed at several informational meetings set up in Tuscola county. Special invitations to parents and students were sent out by way of the 4th and 5th grades in Vassar, Reese and Caro. All interested youth 9 to 19 years of age and their parents are invited to attend these meetings.

The meeting in Vassar was held October 20, the meeting in Reese is scheduled for October 22 at 8:00 p.m. in the Gulliver room, and the meeting in Caro is scheduled for November 9 in the McComb multi-purpose room.

If any youth or adults wish more information, please contact the Extension 4-H Office, Civil Defense Center, Caro, or phone 673-3161.

Uncle Tim From Tyre Says:

Dear Mister Editor:

Did you see where this town in North Carolina was having trouble with their sewage treating plant? They dumped vanillin flavoring in the sewage at the plant, so what didn't get treated at least would smell nice to folks that live downstream.

The fellers was discussing this kind of thing during the session at the country store Saturday night. They was agreed the town was trying to help out folks that probable would rather smell vanillin than plain sewage, but they was talking about how vanillin flavored you know what is a good example of how things ain't always what they seem.

Clem Webster said younguns are special aware of this situation when they're raised up with their eyes glued to the TV. On the one hand, allowed Clem, they won't believe nothing unless it's on TV. On the other

hand, they see a nun fly or a gal fix supper jest by wiggling her nose on TV and they don't know whuther to believe anything anywhere.

Zeke Grubb's preacher set in on part of the session, and he observed that he was having a real problem with his younguns. He said they watch the gangster movies on TV and then the news comes on and they see buildings burning and people tearing up towns and they can't figger what's real and what ain't.

Clem said back afore TV people figgered if it was in the papers, it was so. We was brought up to trust the printed word, Clem said, and most of us still do. There is somepun about seeing a picture on a screen that tells us we're jest looking at part of the hole event, Clem went on, but when we read about it we think we are getting it all.

What got the fellers on TV was this survey Ed Doolittle had saw in the paper where these reporters ask nearly 2,000 people if they really believed man walked on the moon like they saw on TV. It was found that a lot of grown people couldn't believe what they saw, and they had pritty good reasons fer their doubts. Some figgered the moon landing TV show was staged in a desert.

Zeke's preacher said a little learning still is a dangerous thing, but, sad to say, ignorance ain't bliss. The less a feller knows the more doubts he has about everthing, the preacher allowed, and the more he knows the more he knows he don't know.

Personal, Mister Editor, I am part disagreed with the affirmation of faith. Minute for mission was given by Bob Fischer and the offertory prayer by Donald Reid.

Men conduct church service

Men's Sunday was observed Oct. 18 in the First Presbyterian Church with the entire morning worship service in charge of men of the congregation.

Participating were Gaylord LaPeer, who gave the call to worship, James A. Milligan with the prayer of illumination and Neil Hurry, who directed the men's choir.

The sermon on "Joyful Living" was given by Orion Cardew. Alfred Goodall led in the affirmation of faith. Minute for mission was given by Bob Fischer and the offertory prayer by Donald Reid.

Greeters were Dave Ackerman and son Scott and seating the congregation were Dr. K. Ivan MacRae, Gerald Whittaker, Clarence Merchant and Elmer Fuester.

Yours truly,
Uncle Tim

THE CASS CITY Chamber of Commerce staged its third annual penny hunt in connection with Harvest Sale Days and it proved as popular as ever. The small fry lined up early to dig around and come up with their share of \$100 worth of pennies Saturday. Big thrills came when one of several half dollars was turned up while the penny search was on.

Merchants reported that the Harvest Sale attracted shoppers in near record numbers.

The sale was managed by Keith McConkey and Mike Weaver.

Your action man in Lansing keeps in touch back home

Rep. Roy Spencer doesn't go on junkets. He comes back home to the district every week end to meet with the officials and the voters. He keeps in touch with the problems back home and he takes care of those problems. He's a representative who hasn't forgotten who he represents.

And when he's in Lansing, he's making a record we folks back home can be proud of. Look over these highlights of his past 10 years as our state representative:

- Honored by capitol newsmen as "an outstanding leader."
- Honorary degree Michigan Practical Nurses Association.
- Distinguished Service Award - Michigan Hospital Association.
- Honorary lay membership - Osteopathic physicians and surgeons of Michigan.
- Award of Merit - Michigan Agricultural Conference.
- Endorsement by organizations ranging from the Detroit Board of Commerce to the Teamsters Union.
- Cited by Official Michigan Magazine as a "skilled legislator who gets on well with both political parties."
- Recognized statewide for his efforts to bring equality in education and in school taxes.

-Supported by Michigan Farm Bureau for his efforts to assess agricultural land on agricultural use.

-Won an extra circuit judge and an extra district judge for Lapeer and Tuscola counties.

-Introduced and secured passage of amendments to the state income tax which return over \$45 million additional money every year to the counties, townships, cities and villages.

-Co-authored this year's school aid act which will bring an increase of over \$1 million a year to the schools of his 78th district.

Without extra aid, additional property taxes would have been levied, or school programs reduced.

Let's keep Roy Spencer as our Action Man in Lansing.

 Many Americans may be unknowingly susceptible to the dangers of obesity because they rely on weight standards that may be too high, according to a Michigan State University nutritionist.
 Dr. Olaf Mickelsen, professor of human nutrition and foods, pointed out that, using current American weight standards, insurance figures suggest that individuals who are 10 per cent below the normal weight for their height and build have a lower incidence of most chronic disease and live longer than their "normal weight brothers."
 "Fifty years ago a thin person was considered a bad insurance risk because he was very susceptible to tuberculosis," Mickelsen said.
 "Today, tuberculosis has been largely conquered so the lean individual is readily offered insurance whereas the overweight person may be charged an extra premium."
 Additional evidence that to stay thin is to stay healthy comes from recent laboratory experiments with rats.
 Dr. Mickelsen said lean rats had fewer and less severe forms of upper respiratory infections. However, after being allowed to eat at will for three weeks, the lungs of the formerly lean rats resembled those of their normal weight littermates.
 "There is something associated with the sufficiency of food which impairs the health of these animals," he concluded.
 Mickelsen said the best way to attack obesity is prevention, and treatment should start with the young since "studies indicate that when both parents are overweight, their children have an 80 per cent chance of being obese."

BETTER HEALTH

Children can have high blood pressure

BY DR. WALTER C. ALVAREZ

About 1918, in San Francisco, I was asked by the doctors of the draft board to examine a large group of young men who had evaded the draft. I soon discovered that a high percentage of them had hypertension (high blood pressure, a rare finding for youngsters) and were not in good health. That seemed to be at least one reason why they had evad-

ed the draft. The fact that such young men were suffering from a disease that we doctors had assumed came only with old age surprised me, and I became interested in finding out whether high blood pressure was generally more common in young people than we thought. To make this kind of study, I needed to find out what the blood pressure was for a large number of young people who were considered normally healthy. To do this, I bought blood-pressure measuring devices for a number of the physical education teachers in the schools of San Francisco and taught them how to take the blood pressure of their students. Soon they were reporting to me that they were finding a number of school children with definite hypertension. One lad with a systolic pressure of 180 mms. (the normal was perhaps 110) had a father with a marked hypertension. This led me to wonder whether a tendency to high blood pressure was hereditary.

For many years after that, from 1919 to 1927, I tried to find someone to help me to breed hypertension into and out of two varieties of rats. I wanted to study the disease in rats because if I could show that it was decidedly hereditary in rats, I would strengthen my idea that it is often hereditary in man. Unfortunately, I was not able to persuade anyone to start the necessary study.

Accordingly, I am pleased to find in a July, 1970 issue of Medical World News, a report by Dr. R. A. Love, Upton, New York, that at last, such work has been done with the results I expected from my studies years ago. That is, that one strain of rats is genetically predisposed to the development of hypertension after having been given certain treatments such as the adding of salt to the diet or the giving of hormones, or manipulating the kidneys, and another strain of rats is resistant to high blood pressure when given the same treatments.

What this means to human beings is that when a father has high blood pressure, his son should be aware that he may have a tendency also to develop the disease and should start early in his life living in such a way as to cut down on his chances of developing high blood pressure. I have found hypertension to be hereditary among many of my patients.

There is a National Foundation for Sudden Infant Death, Inc., at 1501 Broadway, New York, N. Y. 10036.

Dr. Alvarez discusses the symptoms, treatments and accompanying phenomenon of high blood pressure in his booklet, "High Blood Pressure," which can be yours by simply sending 25 cents and a stamped, self-addressed envelope along with your request for the booklet to Dr. Walter C. Alvarez, Dept. CCC, Box 957, Des Moines, Iowa 50304.

SUDDEN INFANT DEATH SYNDROME

As I have said here before, there is a peculiar disease which every year in the United States kills from 10,000 to 15,000 infants. I just received a folder of facts about this terrible and heartbreaking disease. The doctors at the Children's Orthopedic Hospital and Medical Center in Seattle, Wash. have been doing good research on this subject for some time.

A curious fact is that this is a disease that seldom occurs before the first few weeks and seldom after the first few months of life. So far, no way has been found of foreseeing the coming of the disease, or of preventing it. The important point that the writers of this booklet feel is that it is not due to suffocation or aspiration or regurgitation. Sometimes, the infant may seem to have had a cold, but in many cases, the child has been entirely happy prior to his sudden death.

Parents should feel easier to know that experts feel there is no suffering for the child, and death occurs within seconds, usually during sleep. The very important point is

Be An In-The-Know Hunter

1. KNOW YOUR GUN-GIVE IT A COMPLETE SAFETY CHECK, MAKING SURE ITS CLEAN AND IN TOP SHOOTING ORDER, BEFORE YOU GO AFIELD.

2. KNOW YOUR HUNTING PARTNER-PICK OUT A HUNTING BUDDY WHO SHARES YOUR COMMON SENSE FOR ALWAYS PLAYING IT SAFE AND FOR BEING A GOOD SPORT IN OBSERVING MICHIGAN'S HUNTING RULES. ITS NOT COOL TO BE A HOT-SHOT HUNTER.

3. KNOW YOUR TARGET-NEVER DRAW AIM OR RELEASE THAT SAFETY UNTIL YOU'RE ABSOLUTELY SURE THAT YOUR TARGET IS FAIR. GAME. HELP KEEP YOURSELF FROM BEING SOME OTHER HUNTERS MISTAKE BY WEARING BRIGHT CLOTHING, SUCH AS HUNTERS' ORANGE.

The points above are aimed specifically at young hunters but, of course, they are also important things for seasoned sportsmen to remember. Youths have already been wounded by several small game hunting accidents in northern Michigan this season because they didn't know their weapons or their targets. Those mishaps underscore the need for youths from 12 through 16 to gain more accident-preventing know-how under Michigan's new mandatory program of hunter safety training which has been mobilized statewide by the Department of Natural Resources.

AROUND THE FARM Bumper corn crop brings elevator lines BY DON KEBLER

Last week I witnessed something I heretofore hardly believed possible in Tuscola county.

I saw trucks and wagons loaded with ear and shelled corn lined up at one of our large county elevators. There must have been at least thirty vehicles all told.

There were three reasons for this line-up. A break in the harvest weather sent many harvesters into the fields at once, delays in moving grain from full storages and, an increased acreage in corn this year.

I have not witnessed this spectacle since leaving Illinois in 1955 to join Tuscola County's Extension staff. I liked what I saw for several reasons.

There are other reasons for liking what I saw.

Increased corn acreage helps to reduce bean acreage. This could have some real advantages in helping to control total bean production to consumption. The production of more corn could give many acres of bean land a rest and, a chance to reduce bean disease organisms in infested soils.

It proved to me and many others that Tuscola county need not take a back seat in its ability to produce good corn crops. It proved that corn has a real place and an economic role in Tuscola county agriculture. It proved that many cash grain producers who have not raised corn for years can adjust their crop rotations and labor use to include corn production in their operation. It proved that corn can be a highly competitive economic cash crop for Tuscola county farmers.

Tuscola county is strategically located for nearby corn use markets. For the past three

years Tuscola county corn has been purchased by dairy, beef, hog and poultry operations in Huron, Sanilac, Tuscola, Genesee and Lapeer counties.

Corn in a rotation certainly will increase soil organic matter levels, improve soil structure, tilth and drainage. Corn in a rotation gives us a real chance to accomplish a longer range weed control program more successfully.

Beef and hog feeding operations have expanded in Huron, Tuscola and Sanilac counties. Poultry operations have expanded in Tuscola and Huron counties to the place where Huron ranks first and Tuscola county third in the number of laying hens per county in Michigan.

I think all farmers able to produce high return corn crops can agree to these advantages regardless of whatever disadvantages there may be.

dents into an already overburdened school system.

Right now I lean towards taking the risk and voting "yes", but I'm not firmly convinced this is the wisest course.

The way the amendment is written, the voter does not have a true choice.

It's a question of choosing between two extremes when, I suspect, a majority would join me and vote emphatically to retain the middle of the road course if this alternative were available.

The honesty of a man's cries for justice is proven by his attitude toward others.

MRS. MONA PHILLIPS HAPPY IN JOB

Continued from page one

Cass City for three years now and is happy about the whole thing. Her work day starts at 6 a.m. and is over at 2 p.m.

Everyday she sees that she gets to help prepare the hot dish and then fills in with the remainder of the 6-woman staff where needed.

Without our modern pressure cookers, big steam tables and spacious sinks, we couldn't manage to serve the meals we do, Mrs. Phillips explained.

We cook turkeys in our steam kettles in about two hours, and we can cook enough birds for all the children at one time, she said.

And turkey or chicken with mashed potatoes rank high on the preferred list of the students. Right under barbecues, hamburgs, and hot dogs.

On the days these items are featured, upwards of 900 students eat noon-day lunch. But when the kids' no-nos are offered...tuna casseroles, egg salad sandwiches or potato salad...attendance drops off as much as a couple of hundred students.

What happens, Mrs. Phillips says, is that the students turn to the canteens for prepared sandwiches rather than eat what the school menu offers.

Mrs. Phillips says proudly that except for hot dogs, hamburgs and barbecues for which seconds are paid, the children can eat as much as they want.

While complaints about the hot lunch program persist, the administration generally agrees that they are less than they were.

Besides Mrs. Phillips' talent as a cook it probably stems from the attention she devotes to the job.

Her husband died 10 years ago and her only daughter, Mrs. Tom (Alice) Ellis, lives in East Lansing.

That leaves Mrs. Phillips lots of time to think about menus, about cooking, about ways of pleasing her "wonderful kids" at lunch time. She uses it well.

Research firm recommends higher state income tax

A private research firm took a long look at state government's financial condition and came to the conclusion the state has "overloaded the circuits."

It further concludes that the only way out of the current situation is a hefty tax increase. "About the only solution available next year, short of employing the untried concept of reducing costs and putting the lid on spending, will be to insert larger capacity fuses--higher income tax rates," the report by the Citizens Research Council said.

The council's annual budget report said the state's \$1.7 billion spending level authorized for fiscal 1970-71 will eat up nearly all of the budget surplus on hand at the close of the last fiscal year.

"Appropriations for fiscal year 1971 outstrip expected income and nearly consume the estimated \$63.7 million surplus of June 30," the report said. "Assuming revenue estimates hold up, fiscal year 1971 would

close with a cumulative surplus of just under \$2 million."

The report said a \$2 million surplus comes "too close for comfort" by barely complying with a constitutional mandate that annual appropriations must not exceed available resources. And it says a "deteriorating budgetary outlook" puts even that much of a surplus in question, since actual tax collections for fiscal 1970 fell \$26.4 million below original estimates.

Other factors which the council feels foreshadow an income tax hike are:

--State spending leaped 87 per cent, or \$701 million, in the fiscal period 1967 to 1971 and increased concentration on such new programs as drug, crime and pollution control are likely to accelerate the spending spiral.

--New features built into state school aid bills increasing available funds for construction, vocational education, transport-

ation and per pupil grants could increase state payments to local districts by \$280 million in fiscal 1972. If the Legislature moves to replace local school property taxes with a statewide levy it could cost the state anywhere from \$200 million to \$480 million per year extra.

WOMEN WIN ANOTHER

The women's lib movement scored a victory of sorts recently in the Michigan courts. A woman attorney from Detroit, Miss Sue Weisenfeld, secured a letter from Supreme Court Chief Justice Thomas Brennan saying it's okay with him if women lawyers wear pants suits in court.

Miss Weisenfeld had written to Brennan asking his opinion of pants suits and asking him, in his capacity as chief justice, to write an "official letter" on the matter.

Brennan replied: "I find nothing inappropriate about trouser suits for women lawyers appearing in the Supreme Court or any other court in the state. They have achieved wide acceptance among women of good taste in both business and social circles, and would not in these times be looked upon as mere sportswear."

The chief justice added some words of praise for Miss Weisenfeld's approach.

She had said, "I realize that I could proceed on the assumption that I have the right to wear what I consider appropriate, but if possible I prefer to avoid either argument or embarrassment."

Replied Brennan: "Your thoughtful and respectful letter is an example of the kind of concern for courtroom decorum which all lawyers should have, and you should be commended for your good judgement and discretion."

ONE FOR THE ROAD You can't believe eye stinging smog By Dan Marlowe

Los Angeles, California: I hadn't been in Los Angeles since 1957 until last week. The change is unbelievable, and most of the change can be attributed to one word: smog. I've been reading about Los Angeles smog, as you've been reading about Los Angeles smog, but no amount of reading prepares one adequately for the reality.

For the entire six days I visited the city and its suburbs visibility averaged only one mile. The smog is an eye-stinging, low-lying combination of pollutants which blankets the area. It's no accident that the legislation aimed at forcing the automotive industry to control car emissions by 1975 first originated in the Los Angeles City Council.

Los Angeles probably has the highest density in the world of the two smog-producing primary factors; industry and automobiles. Off-shore producing oil wells add to on-shore processing plants' pollutants contribution. But the prime factor is undoubtedly that California beast of all burden, the automobile.

There is a very good reason for this. Driving from border to border of the Los Angeles city area, one can travel 44 miles. Workers pour into downtown Los Angeles to work each day in much the same manner they do in New York's Manhattan, but with this major difference: in New York public transportation carries a large share of these workers. Not so in Los Angeles. Public transportation in Los Angeles is perhaps the poorest in any major city. Distances to be covered are only one reason for this unpleasant truth. A bus trip from city limit to city limit in parts of the city can take close to half a day. To get to work on time, the worker drives his car, and that brings us to the second of Los Angeles' principal artifacts, the freeways.

Like the smog, the freeways are much maligned, but Los Angeles couldn't function without them. The concentration of automobiles upon them during the hours from 7:00 to 9:00 a.m. and 3:30 to 6:00 p.m. is fantastic. The newer freeways are 8-lane, four in each direction, and even then traffic crawls along bumper-to-bumper on highways with a 65 mph posted speed limit.

The freeways funnel the workers cross-town to their jobs, avoiding taxing municipal arteries until the worker is only blocks away from the job. The concentration of traffic on the freeways in the mornings, in particular, results (in certain temperature - humidity combinations) in a visible combined emission which envelops the city.

Los Angeles is caught in a vicious circle: automobiles create smog, but without automobiles Los Angeles would wither.

The strongest impression that remained with me after my visit is that if anything ever happened to the freeways, Los Angeles would slowly grind to a halt.

WSC hears Indian problem traced

Mrs. John Zinnecker presented a program tracing the history of the North American Indian at the regular meeting of the Woman's Study Club Tuesday, Oct. 13, at the home of Mrs. Ernest Croft.

She traced the Indians' origin from their migration across the Bering Straits from Siberia to Alaska.

She said that Indians developed a great civilization with homes built suitable for their environment. The Incas of Peru developed a kingdom of 6 million persons.

She pointed out that the Indians are the most mistreated of minority groups and still are attempting to get the money owed them from the white man.

In the business session, Mrs. Raymond McCullough and Mrs. Donald McAleer were appointed delegates to the East Central district at St. Clair.

Members were asked to aid in moving books at the library.

Tuscola County's Board of Commissioners launched into their month of October financial sessions at the end of last week with some committee meetings and at least one committee of the whole meeting this week. The board handled routine matters last Tuesday and Wednesday and broke into groups Thursday and Friday with the salary and employee relations committee of Edward Golding of Cass City, Donald Graf of Columbia Township and Floyd

Ducker of Mayville concentrating on the knotty problem of salaries for 1971. They met with representatives of the employee association who are asking for a substantial increase. Charles Woodcock of Vassar and John Loomis of Arbel Township are going over the department budgets for the coming year. Theoretically all of the answers to financial questions must be settled and action completed before the month of October ends. Earlier in the week the board of commissioners took several actions:

They renamed Kenneth Priestly of Vassar to a five-year term on the County Library Board. Named Grover Laurie of Gagetown to a six-year term on the road commission. Named Lambert Althaver of Cass City, Ervin Dean of Millington and Ralph Hartman of Caro to new terms of 3-years each on the county planning commission. The board of commissioners referred to their financial committee the requests of the planning commission and the soil

conservation department to be included in the county 1971 budget and they approved payment of \$500 to the soil conservation department for the past year. Former Cass City resident and present Indianfields township commissioner William Tuckey will attend the Michigan employees retirement system meeting in Traverse City this fall and Charles Woodcock of Vassar will attend the East Central Tourist Association Meeting in Frankenthum Oct. 22 with the board allocating \$420 into the tourist association.

It's Credit Union week

Local members of the Cass City Federal Credit Union this week called attention to the state-wide observance of credit union week.

In Cass City the non-profit organization provides a service for members by furnishing loans and providing a place for

member investment, local sponsors say. The local credit unit is an offshoot of a credit union started at General Cable. Authorities stress that the unit is now no longer restricted to Cable employees. It is open to any qualified person, they said.

Ag conference set in Caro

Governor William G. Milliken announced an agricultural conference to be held in Caro at the Caro High School Cafeteria, 301 Hooper Street, Oct. 28, from 6:30 p.m. until 9:30 p.m. The Task Force was created to make a systematic attempt to find out what problems are faced by Michigan Agriculture and what can best be done to meet these problems. The conference in Caro, one of a series of 15 being held over the State, will permit anyone engaged in agriculture to communicate to the Governor and state government their needs, problems, and suggestions for action.

All citizens engaged in or interested in agriculture are invited to participate in the conference. Each person who wishes to will have an opportunity to speak to the Task Force sub-committee chairing the conference. The information gathered in these conferences will be the basis of the final report and recommendations which the Task Force will make to the Governor Dec. 1.

The board has voted "no", so the next charge will be discrimination against children and parents.

Mr. Horne, it was your discriminate choice to locate Walnut Park within the 1 1/2 mile limit. Consider your reasons and I suspect they outweigh your complaint to the board.

Mr. LeBlanc, it was your discriminate choice to live in Walnut Park.

The state, board, or taxpayers had nothing to do with your choice. "Your discriminate choice."

I read a line something, like this a short time ago:

It is alright to talk and think, but try the process in reverse.

Respectfully,
S. G. Frederick

EDITOR'S NOTE: Mr. Horne never stated that he would file

charges of discrimination. Mr. LeBlanc made this statement at the first meeting with the school board.

Harvey to visit Thursday

James Harvey, Eighth District Congressman, will be in Cass City Thursday between 10 and 10:30 a.m. in an extension of his regular "office" calls to each county.

The 1970 trailer tour will give many area residents an opportunity to meet the congressman and outline problems and individual difficulties. Harvey will go to Kingston from 11 to 11:30 in covering this section of Tuscola County.

Cass City, Michigan 48726

Dear John,

On behalf of the many 4-H leaders, members, and parents in Tuscola county, I would like to take this opportunity to convey to you our sincere thanks for the recent 4-H special and total Extension Staff presentation in your recent issue of the Cass City Chronicle.

If you will please pass on to your newspaper staff and the paid advertisements who made this issue possible, our sincere thanks for a job well done to recognize National 4-H Week.

I hope we can continue to share in future joint activities such as this excellent report to our public. It is the fine support of all the people in Tuscola county who make it possible to have such a fine 4-H youth program that is available to all youth who are interested in "Learning by Doing."

Sincerely yours,

Crawford pleads innocent Monday

David Lorin Crawford of Cass City has entered a plea of innocent to a charge of driving while under the influence of intoxicating liquors. He appeared before Tuscola County District Judge Richard Kern Monday and was placed on \$100 bond. The matter will be set for trial.

Accident victim Albert Lintner buried Wednes.

Funeral services were conducted Wednesday for Albert Lintner, 43, who was accidentally killed by asphyxiation from carbon monoxide poisoning from a faulty exhaust pipe Sunday near Millington.

Lintner was found dead in his car and Coroner Benson Collon ruled death was accidental.

Final rites were held in Zinger Funeral Home, Uby, with the Rev. Maynard Q. Kent, pastor of the Uby United Methodist Church, officiating.

Lintner was a resident of the Argyle area in Sanilac county most of his life. He was born in Austin township, Sanilac county, May 10, 1927.

Surviving are: a son, Ronald, Brown City; two daughters, Kathleen and Diana, both of Decker; his mother, Mrs. Anna Mae Lintner, Snover; a brother, Francis, Cass City, and two sisters, Mrs. Gerald Howard, Cass City, and Mrs. Ralph Shagena, Bad Axe.

Butler new head of Lutheran Church

Frank Butler was named president of the Good Shepherd Lutheran Church of Cass City at a voters' meeting Sunday, Oct. 11.

He was one of several new officers named to various church posts. Vice-president is Hazen Guinther.

Retiring president Peter Zell was named elder. He replaces Earl Grigg whose term has expired. Other elders are John Haire and Al Avery.

Trustees named include Nelson Willy and John Krug. Others are Ron Voss and Gerald Bock.

Re-elected to posts were Aurey Frederick, secretary; Arlan Hartwick, treasurer, and Roger Bock, financial secretary.

For the first time, the Sunday School superintendent was elected instead of appointed. Named was Tom Woody.

**Plans complete
for UNICEF
drive Tuesday**

Residents are reminded that little ghosts and goblins will be visiting area homes Tuesday, Oct. 27, to collect change for the United Nations International Children's Emergency Fund (UNICEF).

It will mark the 14th consecutive year that the campaign has been held here and the money collected has helped needy children in foreign countries.

Volunteers from grades 2 through 6 are asked to meet at the Cultural Center at 6 p.m. They will be given badges and collection boxes for identification.

Teens and adults from various churches will supervise the drive. After the collection refreshments will be served, Mrs. Bruce Gee, publicity chairman, said.

GENE SALAS LOOKS all alone in this picture, but he was finally caught from behind after a long gain. On a similar run in the second half, he went all the way to score.

Lakers next

Salas jaunts 85 yards; Hawks win

Sophomore Gene Salas profited by a lesson learned in the first half and as a result the Cass City Red Hawks capped traditional home-coming festivities last Friday on a bright note by chalking up their second victory in a row, 8-0, over a determined Vassar Vulcan eleven at Cass City Recreational Park.

Salas, who exhibited some clutch running for Cass City, darted around his own left end in the second quarter and broke into the clear on the sidelines.

At about his own 30-yard line he cut back toward the center of the field and was hauled down from behind as the visitors stopped a potential touchdown.

On the first play from scrimmage in the second half, Salas broke through the line into the Vulcan backfield. He shook a tackle by a Vulcan back and darted for the right sidelines.

This time he saw daylight and just kept running until he angled into the end zone for the only touchdown scored by either team all night. The play covered 85 yards.

When Fred Harbec tossed complete to Scott Guernsey for the extra two points, Cass City had its winning margin.

With the victory, Cass City now has an opportunity to win three in a row for the first

time since 1966 and will be favored when they visit the Lakers this Friday.

While the run by Salas chalked up the winning points, give credit to the defense for more than a share of the victory.

In the first period Vassar moved from the Cass City 45 to the five after recovering a fumble only to lose the ball on downs.

In the second quarter, the visitors moved from their own 14 to the Cass City 14 before the drive was halted by the determined Hawk defense.

The defense also set up a couple of scoring opportunities that the offense was unable to take advantage of.

Cass City blocked two Vassar punts, one of which gave them the ball deep in Vulcan territory. The Hawks moved to the six after one blocked punt but were unable to put the ball across.

Actually, Cass City's best sustained drive came in the first quarter. Taking over on their own five-yard line, Cass City moved steadily down the field in 15 plays only to be stopped short of paydirt on the Vassar 14.

Because of his two long runs, Salas posted an enviable per play running average of 10.8

with 162 yards in 15 tries. Reliable Scott Guernsey averaged five yards per carry, picking up 25 yards in five tries.

On defense, Tim Knoblet again led all tacklers with 13. He received able assistance from Kim Hopper who was credited with 11 tackles and Marty LeValley who had nine.

The statistics:

	CC	V
Yards rushing	192	138
Yards passing	3	26
Passes complete	1/5	1/6
Total plays run	45	60
Fumbles lost	1/2	1/1
Yards penalized	25	20
Punts, average	4/30	4/17

CASS CITY WINS IN BATTLE OF FUTURE HAWKS

The fifth and sixth grades tag football teams at Cass City Intermediate School defeated the representatives of Evergreen School Friday, 14-0, at Evergreen.

The game completed the season for the small fry future Hawks.

GENE SALAS was stopped after a short gain in one of the action moments in the first half of the Vassar-Cass City game Friday.

Superintendent's Statement

During the 1969-70 school year, the school's General Fund balanced within \$4,000. The budget was in excess of one million dollars. As residents of the district know, the balanced budget was made possible only by a serious reduction in school curriculum. The reductions included fewer class offerings in the junior and senior high schools and the placing of elementary children on half days for a portion of the school year.

This year (1970-71) the school program is back to normal after the successful passage of operating millages. A full school year will be available to all elementary children and the high school and junior high curriculums have been fully restored. The full school program will be accomplished with an additional operating millage 1/2 mill less than was approved by the voters. The total operating levy this year is 16 mills.
